Two-Day Storm Leaves Little Damage In Floyd County; No Major Injuries

Floyd County was wind-whipped from early Saturday night to the wee small hours of Monday in a 36-hour storm period that added a half inch of moisture to the March total in the form of sleet and snow.

The scene during the late hours Saturday and the early hours of Sunday. The van was an off-white color and could not be seen in the madly swirling snow. The patrolman and the driver had a real task keeping traffic from whipping into the wreck.

Lowest temperature recorded was 27 degrees early Sunday. Spitting snow turned into a heavy fall for three hours about noon Sunday but the drops melted as they fell. Farmers estimated a half-inch of moisture was added by the snow flurry which was general.

HOLES IN THE DOUGHNUT

Do you know why doughnuts have holes in the middle? It all came about because of a boy.

His name was Hanson Gregory, and he lived in New England in the early days. His mother made cookies for him and fried them in grease. He loved to eat them, but his hands got very greasy when he handled them, and he noticed that the center of the cookie was not cooked like the other part. The center was soft and doughy and uncooked.

He suggested to his mother that she just cut a hole in the center of the cookies before cooking them, and then all of the cookie would be nicely cooked. She did so, and soon the neighbors all cooked their cookies with a hole in the center.

And this is how the hole came to be in the doughnut.

Dual System Confuses Many

The dual system of voting now the law in Texas is confusing to some voters of Floyd County evidently. This statement is borne out in the experience of Democratic Chairman Ben P. Ayres who has directed several primary elections in the past six years here.

Ayres has pointed out that instructions for voting are at the top of each ballot right under the words "Official Ballot," and that each way of voting is outlined clearly. Many voters evidently fail to read the instructions.

If you vote by using an X in the box opposite the candidate you favor then you do nothing else to the front of the ballot.

There will be only one mark on the face of your ballot—the X that you make in the box of the candidate you favor.

But if you vote by the old Texas style—that is, scratch or mark out all those names on the ticket except the one for which you want to cast your ballot—be careful to do this.

If you leave more than one name on the ballot unscratched, then the election judge has no way of knowing which candidate you favor and your ballot cannot be counted.

On all ballots you sign your name on the reverse side of the number coupon which you tear out and deposit in a separate box from that in which the ballot is deposited.

Sample ballots are available in limited number for study by interested voters. They may be seen at the county clerk's office.

Tracksters Go To Hale Center Meet Saturday

The Whirlwind track team will go to Hale Center Saturday for their last invitational outing of the season. The following Saturday they will be at the district meet at Lubbock and that will wind up the season for all but those who qualify for regional competition.

The Hale Center affair is likely to draw 30 teams and will offer rugged competition. No information was available in Floydada as to just what teams would be entered, but if it is the usual lot of AA and A schools then most will be expecting Canyon, Lockney, Stinnett, Matador or Abernathy to be the pace setter. If Littlefield, Levelland or Plainview show up for the meet then there would be some reshuffling among the leading contenders.

Track fans as well as the teams are hoping for some better weather than they had last Saturday at Lockney. At the Longhorn meet low temperatures coupled with blowing snow put the damper on enthusiasm and seriously hampered all events.

Coach Preston Watson hopes to have his entire track team at Hale Center with the exception of Ronnie Downing who is out of town with student council activities. His absence will weaken the team in hurdle events as well as in broad jump and in the mile relay which he sometimes enters.

The Floydada Whirlwinds track team showed some improvement last week when they scored 15 points in the Longhorn relays at Lockney Saturday. The "Winds" finished in sixth place in the big field of entrants.

Lockney ran away with the meet using their speedy dash men Jerry Williams and Nelson Wofford and miler Bill Mussen for most of their points. The Longhorns scored 31 to take first place, Stinnett took second with 23 points with strength in both relays accounting for much of this.

Matador's weight men Alvin Elliott, Garland Cartwright and Richard Stafford brought their team in third with 20 1/3 points in discus, shot put and jumping events, Al-

Mize Is Reopening The Tastee Freez

George Mize announced this week he will re-open the Tastee Freez on April 1. This popular north highway 70 drive in has been closed for the past two months because of cold weather.

Mize has been busy this week getting things straightened up and getting his crew together for the opening. Tastee Freez specializes in malts, shakes, hamburgers, cheeseburgers and all types of soft drinks and short orders.

Longer and warmer days will bring a rush to the drive ins where folks can enjoy drinks and snacks in the privacy of their own car.

Stanley Grant who is ordinarily one of the better 440 dash men in the area did not qualify in this event and was not in the finals.

Whirlwinds placed in the meet were:

Stanley Grant fourth in 230 yard dash;

Jerry Patterson fourth in 440 yard dash;

Bill Patterson fourth in 120 yard high hurdles;

Jerry Patterson, Bill Patterson, Buttons Beedy and Stanley Grant second in mile relay;

Ronnie Downing second in broad jump;

Charles Odgen tie for first in high jump.

Times and distances were bad in all events though three records were broken. Matador hung up new marks in the shot and discus and Lockney's Gene Handley topped the old broad jump mark.

"Well, take it back to its father," said the boy's parent, determined to maintain authority.

"It hasn't got a father, either," said Johnnie. "It hasn't got any thing but an old lamp."

Ways Vegetable Growing Might Be Profitable

(By L. A. Marshall)

Last October I planted onion sets in my garden. The idea was to see if I might raise our own onions without any pretension. They came through the winter. Now pencil size I have transplanted them. We will see if they make fruit stems or seed and get an idea whether plant raising on the plants is profitable.

If irrigation water is scarce or might be scarce in the future that means we must sell it for all it's worth per acre. That water is worth \$500 per acre and when we sell it for \$50 to \$100 we are losing money. There are so many things we can raise—certified seed, field and vegetable, and vegetable seed.

There is a practically new melon on the market only a few years old called the "Charleston Grey." It is planted certified seed or could be the melon and a crop of seed after the melon got ship. I would help \$50 to \$100 acres if they were early. It would be smart for the groups of vegetable growers to get together and build a large processing plant with cold storage and quick transport. There are a number in the progress of vegetable processing. Possibly not enough time left for it this year but time to get set for next year.

Dallas bulletin quotes grape selling around \$1.50 with \$2 to \$3 on heavy buds. Texas wax variety \$1.25 to \$1.50 per 50 pound sack. That extra dollar per sack looks good even if the average per acre is only half.

The Detroit market bulletin says Texas grapes are selling in Detroit at \$1.30 against Michigan yellow grapes at \$1.25.

Detroit gas part of their fresh vegetables from China and Chile, tomatoes, horehounds, etc. Texas cabbage three-fourths bushel crates bring \$4.75. Thirty-six cantaloupes bringing \$14.

As A Farm Woman Thinks

(Nelle Witt Sparks)

Through the clear, balmy, bliss-scented air the broadcast warning came to us: "Hard cold is on the way. Go gather in with care. Whatever you would keep or pink and gold. All that is blossoming will die tonight. Nothing but sleep this so-called coming Spring. From killing with its swift, invisible blight. All hope of fruit on peach and apple trees." Manly we gather jonquils, violets, Japanese, geraniums, one spray Apple blossoms, thinking of the debt.

We gazed on the apple crop to see. We gather what we can of spring to keep. And being farmer folk, we do not weep.

— Jane Merchant

Hope the above poem does not apply to this year but in every year past it would have been right. Mr. Sparks never did like for us to pull our fruit blossoms from the trees, but if a cold breeze seemed as the way I would go out and gather the early white of the peach, the fragrant plum blossoms and enjoy them for a few days. All this windy cold Saturday afternoon.

Five Deadlines Noted For March, Early April

Here are five deadlines to observe within the early future, one of them, in fact, tomorrow, Friday.

March 26 is the last day for absentee voting for the United States Senate.

March 30 is the deadline for buying 1937 auto license plates.

And April 15 carries a triple threat. It is the last day for state and inspection stickers, the last day to sign up on the Soil Bank program and the last day to file income tax returns.

Sunday morning, March 24, 1937. This date could be changed and fit nicely a March day in years I have known on the Plains of West Texas. The wind still howls but this morning the fair lady is not down by the seaside sitting sand nor on the Plains sitting sand. She is busy sitting snow and I know her fingers are frozen.

Whether the snow is falling here or drifting from Prussia and Austria, I do not know. It scurries like a thick white veil down the pavements and across the lawns. Bits of it hide under and by the trees and shrubs only to be rooted off by the high wind and made go traveling again.

The oldtimer sits in his chair and with a weather eye looks out and says "We always have winter on the Plains some time of year or another and March has always been one of our worst months." But of late Spring arrived last week. She put on her pink silk dress of peach blossoms tied a wreath of white while pear and plum blossoms in her hair and for a corsage. She wreathed them with green rose leaves.

Stunningly she handed to some golden jonquils and covered some bushes with the delightful japonica red flowers. We believed in her set out some tender young ones. She was almost gone surely there was not a beg of buds up her pretty little dress. Maybe it is not her fault, the winter cold blew out of the north, crossed the mountains and the prairie, unobscured, driven on by a furious wind.

Now this morning our windows are crossed glass like the ones we used to see long ago. We turn the fire higher, glad we do not have a bunch of little chickens as we used to have in this kind of weather, sprawling with a number of milk cows, speckling legs to be fed, chickens that lost their sense in the snow.

Did you ever try to milk a shivering cow covered with frozen snow, and as you leaned near her the snow would melt and drip down your hands and run up your arms? Even down your neck? You bet would be a frozen mass, scarcely able to stand and walk on as you carried the heavy buckets to the house.

Why, I ask myself, can't you sit quietly in the home by the fire and enjoy just being able to not do anything? But another I fight the wind and snow again in memory wrapped up so much I looked like the Mr. Fox in Fife in the song. I wipe the frozen tears from my face, put one hand and then the other inside my dress to keep them from freezing off.

(By Ann Barnett)

Mrs. Jimmy Barnett was honored with a miscellaneous shower on Thursday afternoon, between the hours of 3 and 5, in the home of Mrs. R. L. Tillison of the Wake Community.

Mrs. Tillison greeted the guests and presented them to the honoree and the groom's mother, Mrs. Truman Barnett. The hostess presented the new bride with a white corsage corsage.

A centerpiece of blue and white carnations decorated the serving table which was laid with a white cut work cloth over blue. Refreshments of punch and cookies decorated in tiny white and blue flowers were served.

Hostesses for the occasion were Mrs. R. L. Tillison, Harold Rodgers, Alvin Mrs. Mackay, Jack Mayes, Leo Reddick, C. F. Fleming, D. D. Thompson, Harold Hines, R. W. Fryson, Pearl Anderson, L. Atkinson and Frank Ray.

The hostesses presented Mrs. Barnett with a set of cook wear, approximately 75 registered or sent gifts.

Last night I had a funny pain And to the Doc I flew Said he, "That comes from overwork. There's nothing I can do. You need a month of quiet rest." He added with a smile "You'd better drop your golf and try The office for a while."

**ANOTHER CRIME IS
 CHARGED TO SMOG**
 LOS ANGELES — Smog, the bane
 of city folks around the world, has
 another indictment against it. It's
 tough on clothes.
 This is indicated by research con-
 ducted at UCLA by textile chemist
 Rita Landry.
 The home economics instructor
 reports that smog—the Los Angeles
 variety at least—makes fabrics lose
 their strength, causes dye colors to
 fade and sometimes changes the
 color of the fabric.
 Miss Landry tested 17 different
 fabrics at two exposure stations—
 one located in a "heavy" smog area
 downtown, the other in a "light"
 smog area at the city's edge. Fabrics
 were also tested in an artificial smog
 chamber.
 She found that there seems to be
 a definite relationship between
 smog's effect on clothing and the
 density of air pollution as measured
 by the Los Angeles County's Air Pol-
 lution Control District.

Library Assembled at Andrews Ward to Open Monday Morning

Valiant efforts of volunteer workers carried on for several weeks under the direction of Mrs. J. H. Barnard will be rewarded Monday when the Andrews Ward Library will be opened for the use of the school children.

Mrs. W. R. Daniel, vice president of Andrews Ward PTA, sponsoring the library, said this week that the volunteers had given more than 1,000 working hours to revitalize the library, with more than 1,200 books accessioned, along with 300 easy reading books, back issues of magazines and state adopted texts.

In the library are assembled all the room books, which could be salvaged and repaired for use. The mending job represented work on several hundred books which were in bad repair. Some books were

found damaged beyond use.

For several years circumstances have prevented the development of a library at the school and more recently other demands have been heavy on the income of the school district, so that funds have been extremely limited for the library.

Mrs. Daniel cited among these demands the expanded building program, greater operating and maintenance expenses and such highly desirable activities as the music program, speech therapy, visual aid and the special educational program for exceptional children.

These, she said, left little funds to be budgeted for a library, either for maintenance or buying.

Teachers will direct the library work and the PTA is being careful not to usurp teacher-pupil relations, but the library does need to be maintained and the Association has pledged clerical help for this purpose until the end of the school year.

The PTA is asking support of the public to service the library and to make possible more books, badly needed. Mrs. Daniel illustrated the serious need for library funds by pointing to the fact that there is not an encyclopedia, new or old, in the school, and other reference work are sadly lacking.

Cash donations will be used, first about \$80 for clerical help. All over this amount for library books.

These books will be chosen by the principal and teachers of the school. Mrs. Ralph Thayer will be the clerical aid employed.

Checks should be made payable to Andrews Ward Library, W. P. Nicholson, principal of the school, or to Mrs. Ruth Wheeler, treasurer of the PTA.

Evaluation of the library facilities at Junior High School indicate that school also has similar problems to those enumerated at Andrews Ward, Mrs. Daniel said.

Parents or donors who desire to help with funds for the Junior High library should send their remittances to Principal A. W. Coltharp.

Clark's Cleaners Add New Service

Clark's Cleaners in Floydada has added a new service for their dry cleaning and laundry business. This week L. L. Clark announced pick up and delivery service had been added for the convenience of their customers.

Clark's have enjoyed a steady growth in the cleaning business here. Several years ago they moved to their present quarters when they became too cramped at a west California street location.

Only a few months ago they added laundry service to their established dry cleaning and the new pick up and delivery is geared to serve customers in both of these lines of cleaning. Now dry cleaning and laundry is as close as your telephone.

125 Enjoy AF&AM Program, Supper

One hundred twenty five were present Tuesday night when the Masonic Lodge in Floydada held open house for member families. The group enjoyed a fried chicken supper and also a very nice program.

Elbert Reeves, former state representative from Matador, spoke on the American heritage and the duties and responsibilities of citizens of a democracy. Katie Gayle and Cherry Rucker brought vocal numbers and Roger Trapp played the piano.

The program was an annual George Washington's birthday affair which had been postponed from the February date because of the heavy lodge schedule at that time.

DOWNING FAMILY GRATEFUL FOR SYMPATHY EXPRESSIONS

We want our Floydada friends to know how much we appreciate their many expressions of sympathy in our bereavement. Your help and thoughtfulness have touched us deeply.

This, we think, would be a good time to add a postscript saying what a delight it has been to live in this community, to be so kindly received.

As the evidence of your esteem continues to grow we are humbly thankful that our lot has been cast among you.

Sincerely,
 The Gordon Downing Family.

Jr. Stock Show Dates in 1958 March 10-11-12

The Floyd County Junior Livestock Association met Tuesday night in the district court room and discussed plans for another year.

The date for next year's show was set for Monday, Tuesday, and Wednesday, March 10, 11, and 12. This is moving the show date one day earlier in the week and allows for a Wednesday afternoon auction.

Some changes were made in the rules and regulations. Each exhibitor will be limited to only two entries in the fat single classes, and each will be allowed only one steer, two barrows, and two weathers in the auction sale.

All animals will have to be at the show barn by 3:00 p. m. Monday, March 10, and remain until 11:30 a. m. March 12. Any animal removed from the barn during this time will be disqualified. Sifting will begin at 3:00 p. m. on March 12. The dividing point on dry lot steers was moved from 850 pounds to 900 pounds.

There will be an election to fill the vacancies created by the expiring terms of some of the show directors. The date and details of this will be announced soon. As soon as new directors are elected the board of directors will reorganize and elect officers for the 1958 show year.

Doyle Mount is the president and serving with him are Chester Mitchell, vice president and R. L. Knox, secretary-treasurer.

The association wishes to recognize several others not named before who gave great aid in making the show a success. These are Wilkyski Implement Company which added another \$1 per hundred to the price paid for all hogs which were slaughtered at the show, Fuqua Farm Supply for donating all ribbons for the show, and First National Bank, Floydada, Bob Muncy Elevator, and Builders Mart who donated or loaned \$100 or more to complete the show barn.

Little League Names Officers

Floydada Little League enthusiasts met Tuesday night at the court house for an important business session.

Named as officers for the coming year were Rush Wheeler, president, Don Barrow, vice-president, Jack Kasmah, secretary, and W. P. Patrick, treasurer.

The group delegated authority to the above officers to select a governing board of directors to serve with them in handling all Little League problems.

All boys participating in the program and it was estimated the cost of this would be \$1.50 for each one insured. The expense of this accident insurance is to be paid from the general fund, but officials pointed out the need for all parents who are able to contribute at least enough to insure their boys who will be playing.

All boys who are to play Little League ball this year will have to have a birth certificate. Those who plan to play and do not have these certificates should get them as soon as possible.

Work at the Little League field is coming along as well as can be expected, considering the weather. Some aid has come in for financing of the field lights, but it appears there is need for about \$300 more to see this completed. Contributions can be left at the bank or turned in to any of the officers of this association. When completed the Little League field and organization in Floydada will be a model one. Nothing is being left undone that would hamper the boys in their playing or hurt the appearance of the field.

Mrs. J. W. Lanier, who is in an Amarillo hospital convalescing following an eye operation, has been doing nicely, according to report, and is due to return home in a short time. Mr. Lanier is in Amarillo with her this mid-week.

MAURICE PHIL

Twins Together Again; at Air Base as Instructors

Floydada people who remember the Steen twins in their up-to-date, military uniforms, associated with "Traffic in the Air" magazine, will be glad to see them again. Maurice and Phil Steen, Floydada, Texas, April 1, 1957, will be seen at the Air Base as they are being assigned to the Denver during World War II days and orders came through for them to be separated.

They journeyed to the barber shop and had their hair cut just alike and went up to protest being separated. Their story and appearance proved to the better nature of the person in charge of the orders and the boys got to stay together. This same procedure worked in Arizona.

Lady Luck finally let go of the boys and during the later years of the war Maurice was shipped to the Port of Embarkation without Phil, the War ended while Maurice was waiting to be shipped over-seas. After being discharged from the Army both boys went to College with Phil graduating from University of Texas and Maurice graduating from

West Texas State College. Being air minded and still in the reserves, Phil and Maurice were recalled to service in 1951. Maurice was sent to Korea and served with the Mesquite Squadron for eight or nine months. Phil did lots of talking to go too, but Uncle Sam needed him State Side and served him well in Texas and New Mexico.

The Steen twins are married to home town (Floydada) girls with Phil living in San Antonio and Maurice living in Hondo, both have two children.

They are together again, working and playing. Working as Instructors at HAB; playing together in both their hobbies which are flying model planes and soft ball.

News of Broadway

(By Mrs. T. E. Thornhill)

BROADWAY, March 25—Neighbors haven't been having some terrible weather, to be Spring. Of course we never know what to expect in West Texas. The blizzard has been so awful up in North West Texas.

Mr. and Mrs. Ben Beckham, Mrs. Colene Thompson, Monica and Rodney and Mrs. D. D. Thornhill attended a pre-bridal shower honoring Miss Donna June White of Lubbock on Friday night of last week. Miss White is the bride-elect of Jerry Adams of Muleshoe.

Mr. and Mrs. A. L. Winegar and Georgia Ann and Mrs. Lizzie Winegar were Friday night callers in the home of your reporter and family.

We had quite a few visitors during our revival services last week. We truly hope that each received a wonderful blessing from being in the services.

Arvis Moore got a good four inch irrigation well and we were so happy for him until we turned on our wind mill and it wouldn't pump a drop!

Mr. and Mrs. Ronald McClure, Rhonda and Brenda, and Joe Moore braved Sunday's storm and spent the day with Mr. and Mrs. Hoyt McClure and Duane.

Homebuilders Meet With Mrs. Walker

The Homebuilders Home Demonstration Club met Friday, March 22 at 2:30 p.m. in the home of Mrs. John Walker, 320 West Jeffie Street.

Mrs. W. W. Trapp, president, presided over the meeting. Mrs. O. G. Mayfield gave the financial report and it was approved by the club members. Mrs. D. T. Mayo gave the council report of the March 16 meeting.

To help the club funds, members brought plainly wrapped packages amounting to \$1 to be bought at the next meeting from a grab bag.

The program topic for the afternoon was on "Gardens." Mrs. O. G. Mayfield gave a talk on "Care of a Garden." Mrs. D. T. Mayo spoke on "Chrysanthemum Success and Mrs. W. W. Trapp talked on "Flowers for Background and Borders." Mrs. Elmer Norrell closed the program with "Notes on Civil Defense."

Those present were Mesdames Elmer Norrell, O. G. Mayfield, Raymond Williams, Don Evans, Harmon Roberts, L. L. Sawyer, D. T. Mayo, B. A. Robertson, W. W. Trapp, D. D. Shipley and the hostess, Mrs. Walker.

Mr. and Mrs. Ben Beckham, Mrs. Colene Thompson, Monica and Rodney, were Sunday night visitors with Mr. and Mrs. D. D. Thornhill.

Mr. and Mrs. Grady Howard went over to the Conda Starrett on Thursday evening of last week but finding no one home they came back by and visited awhile with the F. E. Thornhills. Mary Ann told us that Mr. and Mrs. Conda Starrett had gone to Post that day. Mary Ann and Cheryl Starrett and Mrs. Colene Thompson and Rodney were also callers of the Thornhills that evening.

Ben Beckham was a Friday afternoon caller in the J. M. Bennett home.

Miss Mary Ann Starrett is driving a new Chevrolet pick-up.

Mrs. Kelton Winegar came over Friday but even though she had sent us word she was coming we missed her. We took the men's lunch over to the gin where they were working and came back by and visited with Mrs. S. P. Fox for awhile. So Mrs. Winegar gave us up and left.

After church Monday night of last week Mr. and Mrs. J. C. Joplin visited with Mrs. S. P. Fox.

Mr. and Mrs. M. R. Givens, Preston and Mickey visited awhile on Monday night of last week with Mr. and Mrs. S. P. Starrett, Sammy and Cheryl in Crosbyton.

Mrs. A. D. Whalen visited with the M. R. Givens Monday of last week.

On Sunday night Mrs. J. C. McCracken and Mrs. Clara Dean were happily surprised to find some 20 people at their home when they returned from church. It seems the gang went one road and the ladies the other from the church house.

Mr. and Mrs. A. L. Rathel and Jerry Lynn of Lorenzo attended church services Tuesday night and visited with the Harold Truels after church.

Gene Halcomb of Crosbyton spent Tuesday night of last week with Don Wall.

We rejoice with the Beckhams in the return of their grandson, Lonnie White, who is home again after nearly three years in services with about the last 30 months spent in Japan. Mr. and Mrs. Ben Beckham, Mrs. Colene Thompson and children went to Lubbock with the Calfin Beckhams last Tuesday to meet Lonnie.

Mrs. D. D. Thornhill visited with Mrs. Conda Starrett on Tuesday evening of last week. The ladies got so busy sewing, Mrs. Thornhill almost forgot to come home or so it seemed.

Tommy Thornhill and Teddy Givens were among the seventh graders who enjoyed a skating party at Lubbock on Monday night of last week. The class was taken to Lubbock on a school bus and were a tired bunch of kids when they got home.

THE FLOYD COUNTY HESPERIAN

VIEWS AND COMMENT

This is the last week before the special general election. In four or five days we'll know whom we have for senator. The man with the biggest vote polled vote should win and we reason that this will be Judge Yarbrough, who is still sacrificing himself. In the last primary it appeared as if that he had Mr. Daniel beat for governor and it is a little squib we assigned ourselves to it a week before the election. But the judge is too good for us, even as a winner. He and his friends leave the impression that it is somehow inward if one does not vote for him and thus lead off the candidate, who has an untidy desire for office for the office sake.

All the counties around about went for Judge Yarbrough before and there is every reason to believe they may do the same this time. He should also make a record in Floyd and other counties on the high plains and thus leave this area with a good, good vote, better than any of his opponents. Since he has labor backing in the big cities there is no other way to figure it than to call it Yarbrough with a shoe on.

We had to take Lyndon Johnson back in the days when we thought Mr. Stevenson would have made the state an outstanding senator. It turns out that Lyndon is one of the biggest wheels in Washington, despite his brief tenure there. Mayhap the judge will be equally as good.

In the Floydada vote for city officials on the same day it will be impossible to all practical intents for the voters to make a serious mistake. We have our preferences but we think the city's affairs will be in good hands regardless. We think it is most wise that the retiring council devised a way to get the terms of office staggered once more. We think it was a mistake that this was not done earlier.

More than likely the citizens and taxpayers will become impatient with the new council the same as with the old. There are too many things to be done with what they will have to do with. The growing pains are too numerous. The town is over bursting at the seams. It is getting bigger and the problems of its government and management more complex. It is up to its eyes in business. It takes good administration to get along with people in a business way and enforce local laws at one and the same time.

"Money Making Scheme." The newspaper man's good government bills in the legislature are not faring too well. And a money making scheme the newspapers hatched up is the worst that is going the rounds. The legislature is made up of candidates by the nature of things, and must every legislature in some at one or more newspapers. Since they think as they do that the bills will help the newspapers, forgetting the value to good

Coop Buys Gin In West Lockney

The Farmers' organization of Lockney, organized to own and operate a Cooperative gin here, has bought an existing plant, the State Gin, owned by E. C. Stone of Post and North State of Lockney. It was announced last week. The State plant is located in the western edge of the city limits. It is a 5-60 plant, equipped with Mass last cleaner, and dryer. According to the report the cooperative will take over the plant about April 15 along with the gin plant and all of the new gear gets title to 24 acres of land. Leroy Duffman a president of the new coop gin organization, Jack Hinkley, a secretary-treasurer, these two with J. E. Bell, T. E. Kellum and Loyd Whitner constitute the board of directors.

Since most efforts in any town are largely matters of promotion nearly every plan devised calls for newspaper publicity. The newspaperman goes for this in a big way. But often a good scheme fails by the wayside because somebody thinks it is "just a money making scheme for the newspaper." You hear it time and again. We mention this fact because we can't understand why the narrator should mind the newspaperman the dog catcher or anybody else holding money. Some of it don't but you definitely have to aim that way, even the man who creates the doubt. We submit that the more people in your town who make money the better off you'll be.

Rain in February, rain and snow in March. An unusual thing for any year on the high plains. Enough of that and we'll have a season in the ground when spring arrives. Maybe our weather is getting back in the groove. Your little peach buds all got killed Sunday? Or Monday?

The T. I. N. E. truck which flipped over on the icy curve on the caprock east of Floydada Saturday night is a reminder that the biggest single loss of the highway through Floydada is this very outfit. We are told, and are ready to believe it, that their trucks are timed thirty minutes apart around the clock, day and night. Their contract with the government must be a tremendous one. This is the first mishap in this area out of many thousand passings, in the several years they have operated through the county.

Rog prices in 1937 will be well above the early 1936 level, and except for seasonal fluctuations, should continue higher than last year's prices, says John G. McHaney, extension economist. Little hope, however, is held for any major upturn in either cattle or sheep prices during the year.

Ho, ho! Some people don't have much to say. The only trouble is you have to wait so long to find it out. —News, Gowrie, Iowa

Did you ever see it fall... That when you get the house straight, your hair combed and a fresh dress on by 10 a. m., nobody comes near you? But if you're crowding the noon hour in a trumpy business, trying to finish cleaning the kitchen stove, with hair flying in all directions, Mrs. So-and-So, the new neighbor, appears looking crisp to return your pie plate?

That you can have forty-seven good lunches in a row, but just let the ladies get low noon meal looks like a pigmy's last day, and the spouse calls at a quarter of twelve.

Guess who's sitting right here in my office? John Jones. Remember? From college? I'm bringing him to lunch. I promised you wouldn't go to any trouble.

The last time this happened at our house it pretty nearly capsize the boat.

It would be the day before the weekly visit to the grocery store. We had in the stove one small pork chop spiced — not much spiced. The package of tomatoes, thank goodness, could be divided by three. We had planned baked sweet potatoes, only one of the two in the refrigerator was badly damaged, so there was one. The lettuce made three small salads and luckily there were biscuits. We're great on desserts, but that day we decided we wouldn't need one.

With the two men sitting in the living room, we started frantically consulting the emergency shelf. We opened some homemade, reliable — which would have been fine if there had been any meat to serve it on. We found a jar of plum pudding that had been there for ages — no time to make hard sauce or steam it. We opened a jar of guava jelly.

About all we got out of the experience besides a red-faced husband and a deflated ego, was a vow never, never to get caught short again, so help us!

South Plains News

(by Mrs. Murray Julian)

SOUTH PLAINS, March 25.—The week end of March 23 will be long remembered here as the time of the big blizzard in the Panhandle. Although we were on the fringe of the worst of the storm, whirling snow and howling winds kept up throughout Saturday afternoon, and into Sunday night, with no let up in the winds, even after the snow had abated. Everyone here kept close to their homes, and cared for their livestock, but otherwise waited out the storm. Monday morning by bus time, there was little snow left except a few drifts that melted away during the day.

Bonnie Upton came home on Friday afternoon from WTSC at Canyon to spend the week end with her folks, Mr. and Mrs. Raymond Upton. Due to the blizzard, which was really bad in Canyon, Bonnie didn't go back to college until Tuesday, because roads in that area were blocked going in and out the city.

There were no church services on Sunday at either the morning or night services due to the weather, and as our community had about three fourths inch of rain on Wednesday, not many were able to be out for prayer meeting that night. A gentle drizzle began falling about 7 o'clock that morning, and all day showers fell at intervals.

Mrs. John Key West spent Friday at the hospital in Lubbock with John L. West. Her brother, Mr. and Mrs. B. D. Dorsey of Lubbock brought her home that night and stayed the night here with the Wests.

Mr. and Mrs. Frank McClure went to Crosbyton to spend the day on Wednesday with their daughter, Mr. and Mrs. Don McClure and girls. On Thursday they went to Silverton to visit with old friends, Mr. and Mrs. R. M. Harvery.

Mr. and Mrs. Shelby Calahan and Randy spent the rainy day of Wednesday with Mr. and Mrs. Sylvan Kinnibrugh, and on Thursday Mrs. Kinnibrugh went to the Calahan home to spend the day sewing.

to the Lockney Hospital where an appendectomy was performed. Dennis is doing fine this Monday, and will soon get to come home.

Mr. and Mrs. Sylvan Kinnibrugh, Marilyn and Beth left on Saturday morning for Truscott and Vera to visit her mother, and his folks. Hearings of the blizzard in Amarillo, they came home early Sunday afternoon, reporting dust and wind storms down that way until they got as far as Matador, where they encountered the snow and wind.

Tickets are now on sale for the annual spring style show to be given in Floydada on April 1, by the 1956 Study Club. Tickets are 75 and 25 cents, and a small radio will be given as a door prize. Nine stores will have about 30 adults and several children as models. Mrs. J. D. Webb from here will be one of the models for the affair.

Virginia Taylor, president of the Floydada chapter of the FFA, will go to Dallas for the State FFA convention on April 26-27, with chosen delegate Wren Patterson, or alternate Anella Thurston.

Mr. and Mrs. Grigsby Milton and girls went to Amarillo early Saturday morning to see his mother, Mrs. Milton and Lillian. His sister, Lillian, from Alabama, is now in Amarillo staying with the folks, and will be there while Mrs. Milton is ill. The Miltons reported the weather was worse when they drove up to Amarillo than when they came home in the afternoon. As the full force of the storm hadn't hit this far, and going up they faced the wind.

Mr. and Mrs. Early Pritchett and baby son visited all day Wednesday in Plainview with his parents, Mr. and Mrs. H. H. Stevenson. Kendis Julian went to Lubbock with about 29 member of the Floydada Whirlwind Band on Saturday afternoon to the showing of the United States Navy Band. Afterwards they all went to see the Automobile Show at the coliseum. They were invited to go as guests of the Band Boosters Club.

Funeral services for Mrs. Mary Anna Gilly, 72, of Lockney, were held on Friday at 2:30 in the First Baptist Church with Rev. H. M. Reeves of the Plainview Assembly of God Church conducting the services. Burial was in the Floydada cemetery by the side of her husband who preceded her in death a few years ago. Her son, Cliff Gilly is one of the mail carriers for the South Plains area, and with his wife has been in service here for a good many years. Among those who were present at the services from here were Mr. and Mrs. R. G. Dunlap, Mr. and Mrs. Bryant Higginbotham, Mr. and Mrs. Fred Fortenberry, Mr. and Mrs. Truman Bradshaw, Mr. and Mrs. Leighton Teeple, P. M. Smitherman and John Key West.

Wayne Adams celebrated his fifteenth birthday on Saturday night in the home of his parents and brothers, who live on the Carl Daniel farm. Due to the stormy weather, many were unable to attend, but those who came enjoyed refreshments. Spending the night with Wayne were Price Pritchett and Frank Jones.

Mrs. Fred Fortenberry and Mrs. Jones Kinkow went to Floydada on this Monday, March 25, to attend the all day Community Clinic or Program Planning Clinic, as representatives of the Home Demonstration Club. The clinic was held at the council room of the court house, and speakers from Texas Tech were in charge of the meeting. Mrs. Fortenberry is president of the Sterley Methodist WSCS.

Mrs. John Smitherman and Mrs. L. T. Wood will go to Leveland on Wednesday for the THDA meeting which will be held at the Community building in the park there. This is the District II meeting.

J. Ronald Taylor and Price Pritchett of the Floydada FFA judging team went up near Plainview on Saturday to take part in a livestock judging contest.

Mrs. Bill Beedy will be hostess on Thursday at 2:30 to members of the Home Demonstration Club with Mrs. Bryant Higginbotham assisting as hostess.

Many from here enjoyed the 1-act plays which were held in Floydada at the high school on Friday afternoon and evening. Virginia Taylor again had the honor of being named to the all-Star cast, and will go to State with the play cast members of "I Remember Mama". We are all proud of her fine acting.

and of all those in the cast. Mrs. J. D. Webb was hostess at her home on the Silverton Highway to the sewing class last Tuesday. Members of the Home Demonstration Club making dresses and present that day were Mmes. Lloyd Deavenport, Sylvan Kinnibrugh, John Key West, Shelby Calahan, Murray Julian and L. T. VOTE TUESDAY APRIL 2 FOR RALPH YARBOROUGH FOR U. S. SENATOR LAST NAME ON THE BALLOT BUT TOP NAME IN THE RETURNS

When his opponents point to Yarborough's past defeats, remember that Lincoln was defeated 7 out of 9 times for public office before his election to the presidency, because he would not sacrifice his principles for political expediency.

With Texas politics dominated for the past five years by the most powerful and corrupt political machine in history, now foundering on the rocks of exposed corruption, Yarborough has gained more honor in defeat than his opponents in victory, for he has almost alone in public life fought machine and now stands vindicated—Governor Daniel, who defeated Yarborough by only 3000 votes (less than one-tenth of one percent), in 1956, admits that the corruption in Austin yet to be exposed will sicken you — now he tells you.

You don't need a Republican nor an Eisenhower Democrat in the Senate, not unless you believe it proper to dish out 200 million bucks to King Saud for upkeep of his 300 brothers and sisters, his slaves, his fleets of Cadillacs, and his 90 (count 'em) wives, while doling out a miserly 76 million for drought stricken American farmers and ranchers, most of whom can't hardly afford one wife.

There are other good Democrats in the race, but Yarborough is the only good Democrat with a chance to win. Don't waste your vote!

Highlights And Sidelights From the State Capitol

AUSTIN—Legislative digins into the affairs of ICT Insurance Co has reached the pick-and-shovel stage. Previous sensation-a-day pace would hardly be maintained. In prospect now is an exhaustive turning over of every detail of the bankrupt company's financial history. Goal is to discover if crash was due to any violations of law or lack of adequate laws or enforcement.

One possibility for fresh sensations would be the return of Ben-Jack Cagle, former manager of the company. Cagle is in South America. He said he would be glad to talk with the committee, but was busy right now and couldn't get away.

Cagle's successors at ICT have accused him of squandering the company's funds in numerous bizarre promotional schemes.

Recent disclosures from testimony:

(1) Former Insurance Commission Chairman J. Byron Saunders received some \$7,000 from ICT Discount Corp. in monthly checks

be investigated by a special Dallas County grand jury.

Governor Stevenson said the original founders of the company sold some of their stock through the company at a tremendous profit and retained the money themselves. None of these people is in authority now, he said, and the firm had used for recovery of the money. "It will go a long way to get things straightened out," he said.

Stevenson also told stockholders the company's future solvency requires it to get loose from a commitment to take over assets of American Atlas Ins. Co. from the state receiver. Federal tax liens against American Atlas were discovered after the deal was made.

Another Insurance Commission order gives Legal Security Life of Dallas until April 15 to clear up charges it falsified its books to show assets in excess of their true value.

CONFUSED HISTORY—House treasury investigators are having some going with the Texas Naturopathic Association.

Efforts to uncover details of the TNA's past legislative activities have been repeatedly balked by faculty members and lack of records.

On the committee's recommendation the House formally censured ex-Rep. James E. Cox of Cotulla. Cox has been indicted on charges of agreeing to accept a bribe from the TNA.

Panel then turned its attention to reports of a fund raised by the Naturopaths to "educate" the Legislature in 1956. Fund was variously estimated from \$3,000 to \$50,000.

But only hazy and conflicting testimony was received. No records were kept, said a former office secretary.

Traced by it all, the committee prepared contempt charges against a Dallas naturopath, Dr. Robert Spears, for refusing to answer questions about his background.

OIL DOWN AGAIN—Texas' big gush of oil production was short-lived. Europe couldn't use it after all.

Texas Railroad Commission cut the April allowable by 234,719 barrels a day. It is to be at 2,564,695 barrels a day on a 16-day producing pattern. This puts things back about as they were in February before the big jump to 18 producing days in March.

Major oil companies had strongly urged increased production on the commission. But after three weeks under the higher pattern, they were unanimous in asking a cutback.

News of the lower allowable brought uneasiness to Legislators. They had been counting on high oil production to bring in the increased revenue to pay over their record spending program without new taxes.

State Comptroller Robert S. Calvert had forecast an extra \$100,000,000 for the next biennium. After the Railroad Commission order, Calvert said he was not changing that forecast yet. It included some leeway for fluctuation in oil revenue, he said.

LIMITED SALES APPROVED—Bill to prohibit limiting of sales for below-cost items is back. Senate State Affairs Committee approved the measure sponsored by Sen. A. M. Alden Jr.

A similar measure passed in 1955 was outlawed by courts because it applied only to groceries. Alden's bill applies to all retailers.

A record crowd attended the committee meeting. Bill is generally favored by smaller grocers who contend it is necessary to prevent big chains' usurping all the business with drastic price cutting.

RESPECT SENIORS—Texas Research League announced it has accepted the Insurance Commission's request to survey its activities and offer suggestions for more efficient operation. A bill to make parents liable up to \$500 for a minor child's property damage is un-constitutional, ruled Atty. Gen. Will Wilson.

Former Congressman Brady Gentry of Tyler was appointed Highway Commission chairman by Gov. Price Daniel. Gentry previously headed the Commission from 1953-55.

Texas highway deaths during 1956 hit a record-breaking 2,811, reported the Dept. of Public Safety in closing its statistical books for the past year. More discouraging, the number of deaths per miles traveled also inched up.

Court of Criminal Appeals upheld the conviction of George H. Part for threatening to take a human life. A Jim Wells County

Bracero Housing Rules Revised

Except for the requirement of 300 cubic feet of space for each worker, the plain farmer representatives who have been in Washington in consultation with the U. S. Department of Labor, have gotten practically everything they asked for in the way of modifying the housing rules for braceros this coming season.

The rules as first announced practically outlawed the employment of Mexican nationals in 1957, and Plains Cotton Growers and other farm organizations promptly entered protest. The growers got about 90 per cent of the changes they asked for, one report states.

Among the important points covered in the conversation with the Department of Labor were: Duties of the workers to obey rules and respect property, and the right of an appeal for re-inspection to a regional office or to Washington, if necessary.

The rule as to amount of space for each worker may force some changes by farmers in their bracero houses, one grower who went to Washington, said on his return.

Cheryl's Chatter (about events at Floydada High)

How about this spring weather we've been having? Spring began with snow, in which a lot of freshmen had the pleasure of being thoroughly rolled!

Last Friday night "I Remember Mama" won first in the district contest played in the high school auditorium. Vanda Carter was named best actress and Joe Smalley best actor. Virginia Taylor, Mari Cagell, and Dick Galloway were named to the all-star cast. Next the play will enter regional competition at Lubbock. If they win — Austin and state meet!

Keith Armstrong, Ronnie Downing, Sutt Nelson Snow Drop Dunn, and Miss Swepston left Wednesday for Texas Student Council Association Convention in Galveston, Tex.

Well, the Seniors have changed their minds again! We're leaving for some dude ranch near Colorado Springs May 16. The seniors will be gone four days—everyone seems ready to be looking forward to it!

In their meeting Monday, the Student Council selected Martha Anderson as Citizen of the Month. Congratulations!

Also, three teachers, Mr. Baker, Mrs. Patterson, and Mr. Barber, and three students to be chosen by Keith Armstrong, E. C. President, will set up the qualifications for Departmental recognition. This is to recognize the students who have done outstanding work in any department as English, Agriculture, Business, Speech, or Science.

Tomorrow is "Howdy" day if I'm not mistaken! Everyone be real friendly because each home room is to choose the "Howdies" person in their room and the Student Body will vote for THE "Howdies" person in school. Quite an honor!

Have you noticed? Don Colley getting "seconds" in the cafeteria? Kay Callaway's hay fever? The Baylor "prudes" getting their phys-

ical? Playboy magazine? "Little Darlin'"? Only 36 days of school left! Only 36 for the seniors! Yes! Robert Hise is tough as a boot? The "fish" are going to print their edition of the "Whirl"? The Band Banquet is to be April 18? Who wears a bath tub chain around her neck? That D'Lene Witkowski and Virginia Taylor are going to West Texas next year? Randall Jones, Norman Davis and Kendra Jullien, too! Vanda's cat, Ruffie, as Uncle Klizabeth in the play? Clarence's radio request for "Blue Monday"? Jazz Tye and Gleda Adams as doormen in the cafeteria?

Couples seen around the halls of FIBUS and everywhere have been Janis Roberts and Kendra Julian, Marjorie Burleson and Joe Noland, Sue Finniken and Mack Shurber, Fleeta Carthel and Grant Cooper, D'Lene Witkowski and Rusty Tinnin, Bethel Wilson and Larry Glassmeyer, Kay Callaway and Speck Brian (stranded at Tahoka), Virginia Taylor and Delbert Peugh, Sun Nelson and Norman Davis, Kay of Lawson and Gary Huckabay, Kay Robertson and Weldon Pruitt, Jeanell Wood and James Teague, Donita Milton and Arlis Powell, Billie Goode and David Blair, Ann Jones and David Mount, Laverne Trimble and Stanley Grant, Sue McClung and Henry Self, Jerri Walker and Richard Graves, Darlean Johnson and Ray Walker, Sue Kendrick and Billy Gilliland, Jerry Floyd and Jerry Bob Harrison, Jaynette Marquez and Max Harrison, Judy Jackson and Bill Orman, De Anne Newberry and Rex Jones, — well, that's plenty for this week!

Cheryl
