

Pioneers Choose Bert Bobbitt 1958 President

Colorful Crowd Enjoys Events of Reunion Day

Floyd County Pioneers Association Tuesday elected Bert Bobbitt of Lone Star as their president for the 1958 reunion succeeding Buck Sams, chose Jack Henry as vice president and re-elected Mrs. Maud E Hollums secretary and George L. Fawver treasurer.

The weather man gave the Old Settlers a special dispensation. It was a cool, pleasant, rain-less day, with no tornado scares.

Embree H. Foster, Amarillo attorney, whose school days were spent at Lockney and who still numbers many friends in Floyd County, was the speaker for the day. Foster reminisced of the "good old days," touched somewhat on politics and told the pioneers their country, once the ranchman's paradise, is due to become highly industrialized.

Evidence of the forthcoming industrialization is already at hand in the giant industrial plants which have begun to dot the area, he said.

Judge Foster was presented to the audience by John B. Stapleton, who was named to serve as master of ceremonies during the day. Mrs. Foster accompanied her husband to Floydada for the occasion.

"I'd like to be asked again sometime to address Floyd County pioneers and I hope touching on politics does not disqualify me," he said. He is a Democrat of the old school, he declared.

For five months Judge Foster has been in Austin watching developments in the legislative halls.

Registration for the annual gathering totaled 500 persons, many of them of the 50-year vintage. Good badges were more in evidence than either the blue or the white, denoting fewer years of residence.

Dinner was served on the court house lawn.

The parade was a good one, but not so colorful as last year's event. Bad weather since Easter, with no promise of a good day, which the weather man actually produced, kept many clubs and commercial floats from being entered.

George L. Fawver and Bert Bobbitt headed the parade on horseback, with the proud Floydada High School Whirlwind band following behind the official car bearing pioneer officials.

Floydada Junior High School and Lockney Senior High School also had good bands in the line of the parade, and color was also added by the Lorenzo and the Petersburg riding clubs.

Mrs. Lon V. Smith presented the memorial list, one of the longest in the history of the organization.

Speakers who responded to call during the afternoon included Mrs. Della Pearson Wooten, of Modesto, California, Mrs. Mae Bennett Bryant of Fountain, Colorado, Judge C. E. Hamilton of Madsen, Judge E. C. Nelson of Amarillo, Mrs. Pearl Fagan, Mrs. L. M. Hones, Rev. Joe Willson, Mrs. J. J. Spikes, A. B. Muncy, Mrs. Maud Hollums, and Tom McLain.

The formal afternoon closed with the youngsters doing their square dances, after which the old-timers soon organized for the annual dance which lasted far into the evening on the outdoor pavilion.

Memorial lists, prize winners lists and registrations appear on other pages in this issue of The Hesperian.

Directors chosen for the ensuing year are R. C. Scott, Glad Snodgrass, Buck Sams, Omer Parrish, A. T. Swepton, C. L. Anderson, Ham Smith, Tom McLain, R. I. Bennett, Skeet Thornton, Homer Steen, Lee Noble, Duncan Hollums, John B. Stapleton, Billy B. Henry and Albert King.

Soil Bank Contracts Are Still In Effect

Contracts on soil conservation reserves (five and 10-year contracts) are still in effect and the land owners are expected to seed their grass, Thos. J. Hutchins, secretary of the ASC office noted this week.

There has been no change in the law governing contracts already in effect, Hutchins pointed out.

Hutchins also said that plow up on excess wheat acreage had been extended to include Friday, May 31, due to the wet fields. Nearly 200 wheat growers had been unable to get into their fields to effect compliance earlier in the month and a good many of them apparently will not be able to do so by tomorrow night.

Silverton's Mayor Expresses City's Gratitude

While Charles Bedford at the First National Bank was still receiving donations this week to the fund for rehabilitation at Silverton, the mayor of that city, Spencer Long, forwarded a word of thanks to the people of Floydada and other Floyd County communities for their generosity.

"Your generosity has been overwhelming and we give our heartfelt thanks to everyone who participated in our aid.

"We trust that it will never become necessary that we return your kind acts because of such a calamity as visited our community. It is a heartbreaking experience.

"Our best wishes and thanks go to people of your area.

Sincerely,
Spencer Long
Mayor, City of Silverton.

An additional \$146.96 had been dispatched to Silverton for the relief fund there Tuesday noon, Chas. Bedford, vice president of the First National Bank said. Last week the local fund raised through voluntary donations of the bank was \$1,403.83, making the total Tuesday \$1,650.79, including previous report.

The list of donors for the week to Tuesday included Missie & Bond, D. I. Bolding, First Christian Church, C. R. Woodson, Frank Probasco, May M. Garrett, J. P. Moss, W. A. Campbell, King's Variety Store, Andrews Ward School.

The list has not been closed, Bedford said. Any other funds donated will be forwarded without delay.

In addition to the donations channeled through the bank numerous other church and community funds were forwarded to the stricken city, where 22 lives were lost and more than 60 injured. Close to \$300,000 in property damage was done.

Baseball Today In All Leagues Is On Schedule

All leagues of Floydada boys baseball are scheduled to see action today (Thursday) if the weatherman okays the starting schedule.

In the two little league circuits it will be the Tigers vs. the Braves in the opener and the Cardinals vs. the Giants in the night-cap.

Opening games will be played starting at 6:30 in these leagues and all will be played at the new Sherrill Field.

In the pony league it will be First National Bank vs. Lighthouse Electric at the rodeo grounds starting at 8:00 p.m.

Friday evening's schedule will see the Red Sox take on the Tigers and the Dodgers battle the Indians in the little league while Farm Bureau will play VPW in the pony bracket.

As the season gets going there will be games on Monday, Tuesday, Thursday, and Friday evenings. The little league group will play double headers on most nights with single games in the pony league.

There is still much to be done on the playing fields as weather has held up work of getting them in top shape. Work crews did get up some back stop wire at the new field and also got some weeds cut last Thursday night.

League President Russ Wheeler said this week that volunteers had been very nice to help out and he especially wanted to express appreciation to J. D. Parks, city electrical department superintendent, who had assisted them greatly in many phases of the work, both in planning and carrying through with the park building and upkeep and with the lighting problems.

Those who are able to help out in completing the baseball fields during odd hours may contact George Sherrill or Russ Wheeler and find out what is to be done. All help will be appreciated and all jobs can be finished in a very short time.

Road Workers Get Increase In Pay

Thirteen Floyd County road workers all got an adjustment upward of their salaries at the regular meeting of the Commissioners Court this month.

The record shows seven now drawing \$275 per month, two \$287 per month, one \$266.50, one \$256.50, one \$235 and one \$240.

The raises average out at about \$10 per month, some slightly more, some less.

WATER FALL Surplus Water Cascades Into Canyon Gorge

Floyd County on the high plains of Texas is not the home of Minnesota nor yet the land of the sky blue water, but it has a water fall just the same, has had for several days and likely will for several more.

The water fall pictured in adjoining column is in the massive pasture immediately east of the Floydada Country Club and the water from it flows across the country club grounds just north of No. 3 Golf Green to reach White River in Blanco Canyon.

The fall is 60 feet high or more. Water for it comes from a lake half a mile away where State Highway Maintenance Foreman Sanford Weber has two pumps going in an attempt to uncover Highway 62 and Farm Road 54 at their junction, six miles south of Floydada.

Saturday when this picture was made there was still 32 to 35 inches of water covering the roads. The two lake pumps are pushing approximately 2,000 gallons of water per minute up the grade from the lake a distance of probably 1,800 feet, toward the canyon.

From that point gravity carries the stream about 100 feet down the right of way to a ravine in the massive land. Thence it travels with increasing speed about a quarter of a mile to keep its date with the rocky escarpment of the canyon.

It seems probable the two pumps will be kept going another two weeks, barring further rainfall, before the water level goes below the roadway.

The attempt of the maintenance men is not only to re-open the route to travel but as well to save pavement across the lake.

At mid-afternoon, when Floydada was reported located squarely in the teeth of an approaching tornado, people scamped to cellars, took to the highways and found convenient basements. The court house basement accommodated about 100 and the Queens had 60 standees in their newly re-done underground home.

Some who wanted to get out where they could watch the show went west, while others went east and south for the same purpose.

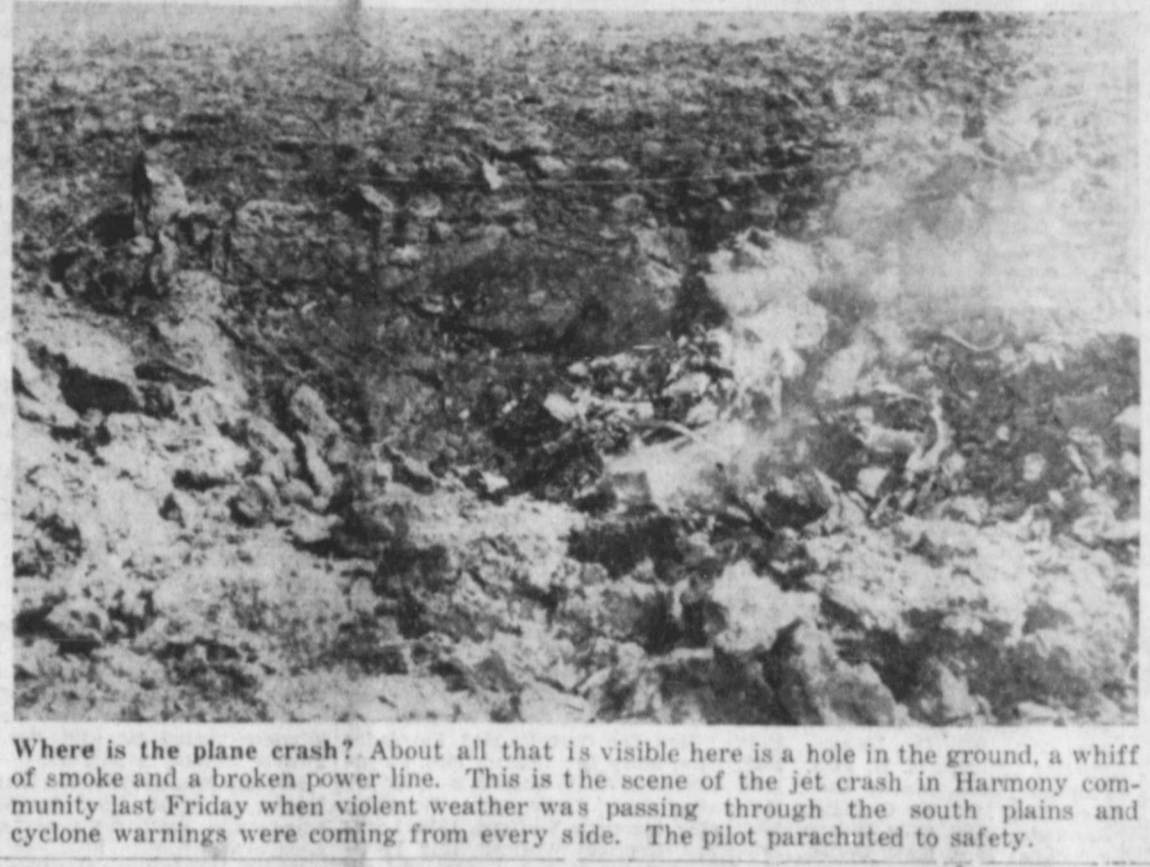

At the height of the storm less than a half a dozen retail establishments had their doors open and most of the working personnel did not return to work until the next morning.

While most were in the cellar a report came in from the Harmony community and Almon heard an explosion and saw smoke rising from the ground near the Donald Finkner farm home at about 2:25 p.m. Some at first believed this to be another tornado funnel as did Mrs. Finkner and Mrs. Roy Hale. Mrs. Hale said she headed for the cellar with her family.

Hal Scott was about the first to the scene of the wreck and he got to the phone and called the radio station in Plainview to sound the alarm. Gayno Scott called into Floydada with the news at about the same time.

Sheriff Walter Hollums and his staff were in the Sand Hill community at the time looking for the pilot. Mrs. Fred Gross had reported seeing a chute descending in that area. Whist word reached them of the crash site they went to the scene and guarded the wreckage until the military took over at about 4:00 p.m. The highway patrol was also at the scene and all had radio contact with the outside.

News reports from Lockney said the pilot, Lt. Col. H. C. Daniel of Reese Air Force Base was safe there in the hospital. He was bruised and

Where is the plane crash? About all that is visible here is a hole in the ground, a whiff of smoke and a broken power line. This is the scene of the jet crash in Harmony community last Friday when violent weather was passing through the south plains and cyclone warnings were coming from every side. The pilot parachuted to safety.

Day Of Storm Threat Makes Jittery Friday In Floydada

Friday May 24 was a jittery one for Floyd County residents as tornado reports were coming from every direction. The storm did extensive damage at Oton and Tahoka and also hit west of Ralls where at least ten farm homes or other buildings were destroyed. No injury, however, as ample warning was being sounded from every sector.

Reports from Oton placed the number of homes destroyed there as high as sixty, and at Tahoka five homes destroyed and seventy damaged. Hale Center, Plainview and other south plains towns also were reporting severe storms.

Early in the afternoon the weather bureau was reporting an area of severe weather for most of the south plains of Texas and Floydada it appeared would be right in the middle of things. As clouds began to build up the tension mounted and many local residents began to seek shelter before 2:00 p.m.

The height of the excitement seemed to be just before 3:00 when the twisters were reported from the Ralls area and headed for Floydada.

Local residents chose various and sundry places to hide or run from the wrath of the storm clouds.

A list of names of all war dead whose bodies are in Floyd County soil was read. Notices had been sent to all gold star mothers of the Memorial Day plans.

The color guard was made up of Deb Hodge, Randall King, Leon Anderson, L. B. Stewart. Firing squad was Jim Word, Fred Cardinal, W. J. Adams, Kenneth Bishop, Bobby Bishop, Don Daniels, David Rape, Buck Marrison, Ed Wester.

TEMPERATURE READINGS

High temperature in Floydada for the week was recorded on Saturday with a reading of 94.

Low temperature was recorded on Saturday morning with a reading of 52.

Yesterday's reading at 3 o'clock was 82 and low for the day was 59.

Nothing New under the sun? Well, at least this is different. It is the water fall cascading into Blanco Canyon from a lake a half a mile away. Water is being pumped over a hill to uncover a stretch of Highway 62. Seeing the sight here are Kenneth and Ronnie Rimmer, sons of staff man Kenneth Rimmer. They offer a comparison as to height of the falls and volume of the stream.

Lake Owners Can Re-Stock Waters Senators Report

The long-dry tanks and ponds of Texas farms and ranches -- most of which are now filled with water from recent rains -- can be restocked with game fish -- Senators Ralph Yarborough and Lyndon Johnson have announced.

The two Texas senators said they had been informed by the U. S. Fish and Wildlife Service that "fish for restocking are available and orders can be filled without delay."

This is the procedure for securing fish, as outlined to the Texas senators by the Fish and Wildlife Service:

1. The land owner makes application for the fish from the federal fish hatchery nearest him. There are five federal hatcheries in Texas, at Austin, Fort Worth, San Marcos, Burnet and Uvalde.
2. The application is sent by the hatchery to a regional office at Albuquerque, N. M., for processing.
3. Upon application approval, the fish are delivered.

SOIL CONSERVATION DISTRICT NEWS

The Floyd County Soil Conservation District board of supervisors urges anyone who plan to plant grass on the land put into the Conservation Reserve, to contact the soil conservation service office in the agriculture building in Floydada.

The three approved grasses to plant without a cover crop are Blue Panic, Weeping Love and Sargolmum. Grasses are to be planted in rows, which can vary from 20 to 40 inches wide. These two grasses must be planted in rows to do any good, as they have a tendency to become root bound. For best results they should have a chisel or small sweep run in the middle at least once a year after the first year.

Weeping Love grass can be drilled or planted in rows. It will do well either way.

All three of these are considered tall grasses and well adapted to dry land. The Weeping Love and Blue Panic will vary from two to four feet tall, while the Sargolmum is four feet or better under dry land conditions. Some advantages that will be received are increased organic matter, soil conditioning and improved cover for wildlife or small game.

The seed makes fair food for quail which can be improved by planting the turn rows and bar ditches in a small grain or grain sorghums and left standing for bird food.

The best planting dates for these grasses are from April to July. If they are planted at a later date the possibility for winter killing is greater.

If anyone desires further information on planting, handling or the growth characteristics of these grasses they can contact any of the SCS personnel in Floydada at the SCS office.

Spur Citizens Vote To Lease Electric Plant

Residents of the city of Spur voted last Saturday, May 18, to lease out their municipal light system to West Texas Utilities Company.

According to reports the city will receive some \$22,500 annually for the next 40 years under the lease arrangement.

The vote was 281 for to 128 against the lease proposal.

A similar proposal was defeated in 1954. In 1955 the matter almost came to a vote again, but instead another bond issue of \$150,000 was voted and the city council purchased a new Enterprise engine and generator to rejuvenate their power plant.

Local citizens who had been following the situation at Spur through news reports in the Texas Spur, the weekly paper there, say the engine turned out to be a headache and could not be profitably operated.

City fathers seeking a solution to the problem found they could not continue without calling on the citizens of the city for more money and chose to recommend the lease proposal offered by the utility company.

The lease payments will bring in some \$1,875.00 monthly according to a report of agreement with the utilities company.

This amount, it is assumed, would retire outstanding bonds through recent news releases did not state this nor the amount of the bonded indebtedness of the light system.

Reese McNeill is mayor of the city of Spur.

Scout Troop 57 Sending 15 To National Jamboree

Boy Scout officials report excellent progress in preparing the site at historic Valley Forge, Pennsylvania, for the National Jamboree to be held July 12 to 18.

The jamboree campers will be at least twelve years old, holding Second Class rank or higher. The jamboree is a self-sustaining enterprise made possible by the fifty dollar jamboree fee paid by each participant.

The South Plains Council is sending approximately 300 boys which will be the largest delegation at the jamboree. Floydada has 15 boys going which is the best representation in Texas.

The following scouts from Floydada Scout Troop No. 57 scheduled to make the trip are Don Garret, Fred Zimmerman III, Clifford Jones, Charles Holland, George Parris, Van Stovall, Kern Cooper, Hal Dean Haines, Jimmy Kassarh, Darrell Lindsey, James Elza, Bill Henry, Larry Mayo, Mike Matiser, Ricky Holland and Eddie Parks.

The leaders for the group are James Word and Jewel Elza.

TOMORROW LAST DAY
If you've forgotten to make the transfer of a scholastic from your district to another for this school year, don't forget that tomorrow is the last day of May and the last day to make the transfer.

School authorities call attention

The Floyd County Hesperian, Floydada, Texas, Thursday, May 20, 1957

to the fact that failure to make transfers results in requirement to pay tuition and also affects the allowance for transportation. Children whose grades are not taught in their home districts are required to be transferred. There are no "automatic" transfers, said County Superintendent Clarence Guffee.

Lewis, Wash., arrived home last Friday for an 18 day leave with his parents. Mr. and Mrs. Hesse Phillips, Phillips entered the service last June and will return to Ft. Lewis following his furlough.

Owen Martin and son, Larry, of Marietta, Okla., and Nux Martin, of Gainesville, were here the first of the week, guests of their brother, M. H. Martin and Mrs. Martin.

News of Harmony

(By Mrs. Mather Carr)

HARMONY, May 27 — We were so happy to learn that Rosa Baird was brought home Monday from Methodist Hospital where he had been a patient for quite some time following a fall from the elevator over at Barwise, but so sorry to hear that he had to be taken back to the hospital and undergo surgery for appendicitis, we sure do hope and pray little Rosa will soon be well and back home again.

Mr. and Mrs. Floyd Trowbridge visited in the Mather Carr home Monday night.

Mrs. Marvin Smith, Mrs. Joyce Davis, Mrs. Chloana Williams and Mrs. Mather Carr attended the officers training school Tuesday at

St. Johns Methodist Church at Plainview. Mrs. Williams and Mrs. Carr visited with Mrs. Sim Burrows while in Plainview.

Sue Williams was a hostess Tuesday night to a surprise birthday party for Leon Williams.

Sue Williams spent Thursday night with Judy Wilson in the Center community.

Club met Thursday morning at 9:30. There were only eight members present, the president, Mrs. Ted Rutherford, Mmes. Walter Hauskeper, H. B. Johnson, announcer and Ronnie Downing, Floydada, and Harry McDaniel, Petersburg, timekeepers.

Our community and surrounding families were, surely disturbed by tornado warnings and the plane crash Friday. The plane crashed and burned about 150 or 200 yards east of Donald Finkler's home in the lane leading to the house from the public road, one mile south of Carr's Chapel Church. People came from everywhere around — Plainview, Floydada, Petersburg, Lockney and surrounding communities to view the remains of the plane, but when officers reached the site all were stopped at the road. The Lubbock air men were still there Sunday picking particles of the plane, but one thing about the crash no one was injured. The pilot was the only one in the plane and he bailed out and several neighbors saw him as the wind carried him into the Sand Hill community and led him down just west of the Ted Rutherford farm. The last report we had was that he was in fair condition with bruises and minor injuries.

Mr. and Mrs. Ted Rutherford visited over the week-end in Abilene with Mrs. Rutherford's parents, Mr. and Mrs. Elery Smith.

Jimmie Hale and Sue Williams were among the ones who enjoyed a picnic at Paladuro Canyon Friday. This was the newest staff of Floydada High School.

We attended the rehearsal of the style show for the Old Settlers Friday at Mrs. Sam Hale's in Floydada.

Brother Gates preached a good sermon Sunday morning at the chapel. The service was called off Sunday night on account of the bacalaureate for Floydada High School as several wanted to attend. The Gates had dinner in the Mather Carr home.

Mather Carr, wife and Horace visited Miss Anna Carr and Mrs. Mattie Heard and Velma Sunday evening.

Mr. and Mrs. Wesley Carr and sons, Bill, and Don Ray Ramsey visited in Dumont Sunday with Mrs. Carr's relatives.

Mr. and Mrs. Marion Tucker and children, Mr. and Mrs. Chloana Williams and Bill visited Mr. and Mrs. Joe Dinn and Mrs. G. L. Snodgrass Sunday in the Methodist Hospital Lubbock. They reported they were all improving.

Mr. and Mrs. Joyce Davis were host and hostess to a surprise birthday dinner Sunday for Mrs. Marvin Smith. Mr. and Mrs. Smith and Judy attended, as did the host and hostess and their lone daughter, Jean, also Mrs. Buddy Smith attended.

City May Send Three Firemen To A&M School

City Council of Floydada in a called session Friday night adopted a resolution which declares, "Members of Floydada Fire Department are not required to answer fire calls outside of the city limits and if such call is answered it will be done at the risk of members."

Adoption of the resolution was made pending possible negotiations with the county by the cities of Floydada and Lockney. Calls by city fire departments have been made as a matter of common courtesy by city firemen for a number of years. But a matter of liability of the city and the members of the council personally for damage or injury had raised a serious question in minds of councilmen, not only here but throughout the region. A tragic incident at Dumas triggered the discussions among councilmen.

In other actions taken by the council it was voted to make it possible for three members of the fire department to attend the fire school at A & M College July 21-26. Jeff Hart will make the trip, whether or not others go. He will take the fire marshal's course. Property owners get a reduction in fire risk rates, according to the number of firemen who attend the school.

The council entered a minute indicating that vacation time becomes effective for city employees after they have been in city employ for a year. The council also indicated that city employees who desire to work during their regular vacation period may continue at work at double pay, if they so elect.

One employee, O. F. Smith, new hireman with the electric department, was given a raise at the meeting.

A brief study of the fire permits for construction and portable buildings in the fire zone was also made by the council.

Mr. and Mrs. Kenneth Ring, Janice and Elaine, visited relatives in Denver, Colorado over the week-end.

Kene Covington, of the U. S. Navy, a home on a leave. His leave will expire June 9.

Lynn Johnson and his friend, Josby McCrenn of Tech, were guests of Lynn's cousin, Mrs. Bundy Jambell over the week-end. Lynn will spend his summer vacation at Houston.

Mr. and Mrs. Bill Colston and Mr. and Mrs. Sam Fowler of Floydada were Sunday guests of Mr. and Mrs. Maurice Campbell.

Recently Mrs. J. G. Cage accompanied her daughter, Mrs. R. C. Hay of Lubbock to Munday and visited relatives. On their return, Mrs. Hay was overnight guest of her parents.

Jim Powell accompanied a group from the First Christian Church to Ceta, Glynn Camp Saturday and Sunday.

Mrs. H. N. Provelt is leaving Wednesday for Shreveport, Louisiana, where she will be joined by her daughter, Heien and family for a tour of the southern states. They plan to spend several days in the Smoky Mountains of Tennessee.

While Mrs. Powell is on vacation Dorothy Jones will be on duty at the post office.

Sunday callers in the home of Mr. and Mrs. G. W. Smith were Roy Smith of Morton, Mr. and Mrs. Fred Bettey of Floydada, Mr. and Mrs. Shelby Cook of Amarillo and Mrs. Ann Sowell and children of Floydada.

Dougherty News

(By Mrs. W. J. Rose)

DOUGHERTY, May 27. — Who remembers when a remark about bad weather brought a look of astonishment and the reply, "Bad weather? Surely you don't call this bad?" The implication being that back in the good old days we really had bad weather. It seems to me even the most loyal old timer might admit the weather of Friday, May 24, was fair to middlin' bad.

Our community received rain and wind. A few people report damage to trees. Debris, mostly tar paper, was dumped on the Hinton farm. Evidently the debris had been carried aloft from the tornado area in neighboring communities.

The storm cellar is much in demand, and any home featuring a cellar has its popularity rating raised. A friend who has a cellar with concrete walls, roof, electric lights, etc., estimates that on a "do it yourself" basis such a cellar can be built for approximately \$100.

The date of close of school activities had to be changed because of the weather. The operetta and play were presented Monday evening. A large crowd was present for this excellent program.

The school picnic was held on Saturday at Roaring Springs. A basket lunch was served at noon. Swimming, wading and ball playing were the diversions of the day.

Because of the postponement and adverse weather forecast the crowd at the picnic was somewhat smaller than usual.

Mr. and Mrs. R. H. Crawford invite neighbors and friends of the bride and groom to attend the wedding of their daughter, Beth to A. C. Pratt at 8 o'clock p.m., June 3, at the Dougherty Baptist Church.

House guests of Mr. and Mrs. Bill Norman are her mother, Mrs. W. L. Rieks of Lubbock, and their daughter, Mrs. Kinney and her sons, Norman and Laird of Ardmore, Okla.

Mr. and Mrs. Tom Boyd of Amarillo were guests in the home of Mr. and Mrs. Bill Poole and Mr. and Mrs. Ned Bradley Sunday. Thursday Mrs. Boyd and son Bill, a Tech student, will emplane for Santa Barbara, Calif. to attend the graduation of another son, Tom Brooks from West Mont College.

Mr. and Mrs. Ned Bradley spent several days recently visiting in Dallas.

Mr. and Mrs. Weims Norman were business visitors to Amarillo Tuesday.

Clarence Luttrall Pays Mother Visit On Journey West

Mr. and Mrs. Clarence Luttrall, of Tampa, were in Floydada the first of the week, visiting Mr. Luttrall's mother, Mrs. John Luttrall.

The couple and their little daughter are enroute to California and left Tuesday.

Luttrall gave one local business man quite a surprise when he walked into the Glad Snodgrass men's Store and asked to pay a bill that he made in 1925. "I have been bragging that I didn't owe anybody anything for several years," Luttrall told the merchant. "It just dawned on me after I got to Floydada that I still owed one debt -- for a bill I made before I left school."

Luttrall was a youngster in Floydada. He went into wrestling after he left here, made a big name and lots of money.

Later he was terribly sick for a year or more. He has made a comeback since 1949. At this time he is wrestling promoter at Tampa, and furnishes talent for 10 or 15 sports arenas in that area.

Mrs. Elton Goen presided at the guest register.

The refreshment table was laid with a cut worked linen cloth and centered with an arrangement of yellow and brown iris. Mrs. Jack Henry and Mrs. Burl Holt of Lockney presided at the table.

Others assisting with hospitalities were Mesdames Aaron Carthel, A. L. Barker, Dorris Jones, Jim Word, Gene Lawson, Virgie Shaw, W. S. Simmons, Pea Whitfill, Claude Hammonds, John Stapleton, A. V. Stewart and George Sherrill.

The hostesses presented Mrs. Grundy with a gift of cooking ware.

Feminism is dead, says a female doctor of philosophy, and few will mourn its passing.

We aren't just sure, because feminism can be defined two ways. If she means storming for women's rights, we'll not mourn it either. But if she means feminine characteristics, we hate to see them go.

Not long ago, we chaperoned some girls at a supper where the "winners" could dress as they pleased, and the "losers" had to wear formal evening dresses. So, while the losers looked lovely, the winners appeared in the weirdest assortment of garbs—jeans, turtleneck pants, skirts and sweaters, wrinkled cottons. They wore tennis shoes, loafers, or those atrocities known as flats which girls nowadays love to shuffle along in.

The well-turned ankle, the trimly dressed, attractive young thing is almost a thing of the past. If she gets into such togs on rare occasions, it is with the explanation that she'll sure be glad to get home and put on something comfortable.

We aren't one to sit around and pine for the good old days, but darned if we don't think young women used to have a better idea of what was a suitable feminine attire. High heels or half-heels and hose make a girl's feet and ankles look mighty pretty. Straight skirts and blouses, soft hair-dos are mighty neat.

Not since the roaring twenties have we seen such queer get-ups as teenaged girls wear these days! With their stiffened petticoats under full cotton skirts, their little short jackets made full at the bottom to go over these puffed-out frocks, their boyish haircuts and inevitable flats, they resemble wading ducks, or parachutists coming down for an uncertain landing.

So if "feminism" means feminine characteristics, for land's sakes let's revive it before too late.

As A Farm Woman Thinks

(By Nellie Witt Spikes)

"It is not raining rain to me, it is raining violets" thus sang the poet and as we went along the highway from Floydada to Vernon we thought it had rained flowers of every color and hue. Miles of gallardias, (we like the name of Indian Blanket the best for this gay flower,) miles of white daisies and white flowers that might have been verbenas. (We needed Maude Hollums along as she is an authority on West Texas wild flowers.)

The highway was bordered at times with blue spiderwort, then with purple flowers. We drove slowly, each fine pleasure and delight, yellow buttercups, white primroses, they were all there, claiming our attention. We got out of the car and stood knee deep in the beauty and fragrance.

We visited at Crowell with Jack Spikes and his wife, who is a sister of Mrs. Jim Melton of Ralls. Jack is a cousin's son of Mr. Spikes. Then at the end of our journey we found the sweetest flower of all, the beautiful flower of "love". Mr. Spikes sister's children welcomed us — Mrs. Annabelle Huffman, Mrs. May Kimbrow and husband Henry and Guy Parschall and his wife, Claudia. Hours we spent in each friendly home.

Guy took us out to visit his farm. We saw the land edged with yellow buttercups, yellow as the gold of the sun, miles of buttercups with their silken parasols. We saw the beauty of purple vetch climbing tall at stalks, holding out their panicles if coming grain.

We saw shelter belts of pine, of spruce and elm . . . we saw wheat

tall and proud of its heavy grain . . . good rich land we saw in the valley west of Vernon. The fields were almost dry enough to plant, the next day all would be in the fields . . . but the next morning the lightning flashed and the thunder gave its warning of the coming downpour and the farmers sat at their windows patiently waiting for the next dry-up.

We turned south at Crowwell and saw the red hills and green cedar that has kept watch so long . . . we saw the hills covered with yellow daisies as we left Guthrie, hills of yellow gold in the bright sun after the rain.

Home looked good to us. We found the roses in full bloom, the fields were drying out . . . but the next day there was a thick fog, almost a drizzle. In the afternoon it cleared somewhat but a black cloud was headed towards Ralls. The fire whistle blew its warning and the citizens took to shelter.

When the people of the Savage neighborhood came out of their cellars their houses and all they had were gone. The houses seemed as one of the farmers said, to just explode. It was a hard thing to take, all possessions gone in a few seconds time, keepsakes of a lifetime, cars, television, deep freezers, washing machines and things which had been bought with years of hard labor.

We drove along the path the tornado had taken, saw the houses gone, all gone for the people we at first thought. But we saw men and boys in the fields picking up the sticks that once made comfortable homes, pieces of tin which once had made barn shelter for stock and grain . . . we saw kindness and one man was helping another in his time of bitter need . . . we saw courage . . . we saw hope . . . we heard thanks to the good Father above for His mercies . . .

We saw a pick up of Latin-Americans drive away from the Red Cross with boxes of clothing, food and household equipment. One of the big boys was singing . . . We found the people had faith, hope and love these things a tornado could not destroy roaring down and sucking up the water from a lake, reeking houses and making them into match sticks, twisting antennas . . . killing chickens, cows and even many people at other places.

No the citizens of West Texas tornado areas did not lose "everything they possessed". They lost the material possessions but they did not lose the "things of the Spirit".

Carroll and Bryan Potts of Miami are visiting their grandparents, Mr. and Mrs. T. T. Hamilton of this city, while their parents, Rev. and Mrs. Clifford Potts attend the Baptist Convention in Chicago.

Rev. and Mrs. Potts and children spent Thursday night with her parents. The Potts and daughter, Ruth Elaine, left early Friday for Chicago. On their return trip home they will stop at Mayo Brothers for Ruth Elaine to go through the clinic.

IEWS AND COMMENT

Today Is Memorial Day. Despite the efforts of the service men's organizations, its observance as a tribute to the dead of our wars seems to lack the spirit of a former day. Perhaps it is that so many great battles have more recently come and gone that the minds of the people blur into forgetfulness, a sort of retreat from the bigness of what war has come to mean. Memorial Day grew out of the sharp nation-wide mourning that followed the Battle of Shiloh. There have been so many more Shilohs in recent years that one has blurred into another. No one enormously sad, glorious sentiment to which to tie.

Postmaster Edward Wester has a heartening report on the good work done by two of the Floydada postal employees in recent examinations on their ability to "case" mail for dispatch. Congratulations are in order, of course. This picture is in contrast with the overall postal service, however, which by common report is becoming a little more wretched year by year, despite the fact that the cost of the service to the public has almost doubled since about the beginning of World War II. And where conditions were bad 15 years ago they are still bad. As for instance, getting a letter from Floydada to Ralls, Crosbyton, McAdoo, Flomot, Quitaque, Cone, even Plainview, Lubbock or Amarillo, unless you know how to hit the right dispatch.

Another illustration of poor mail service after the mail leaves—or before it gets to—the Floydada office was given the other day when the highway between Matador and Paducah was covered with water. Every other cargo and all the buses made their schedules on slightly slower time by going around the water. Uncle Sam's mail was water bound. There was water over the road and the mail couldn't come through.

Eighteen Per Cent is the rate of increase, which, on the whole, the Congress is now about ready to give the Postal Department, or turned the other way round, about to take from the people. Assuming this to be correct, as reported out of Washington, the postal increases contemplated would cost Floydada postal patrons about \$7,000 per year more than they are now paying.

Superior roadways and commercial development lie ahead, says a brochure on prospects for business. Note they tie the two together. And the public ties the two together, too, so that the community which wants to get in on "commercial development" will also have to get in on "superior roadways." What railroads once meant good roads mean in this decade.

The Old Settlers yesterday had quite a switch from their usual routine of weather. Such weather as we have had since Easter and had still with us on Founders Day is not duplicated often on the plains.

Having read Professor Abernethy's speech keynoting the Democrats of Texas rally at Austin a fortnight ago and having gotten reports of the actions taken there, we'd take a line-backed oath that the DOT was mislabeled when it got "liberal" as a monicker. The Tech professor made a speech that was as conservative as any conservative Democrat could make. His side lost last fall, he thought they were counted out unfairly, he insisted that the wrong be righted and he and his cohorts would pretty well see to it that come 1958 they'd be in the saddle. And the make-up of the delegation! The Floyd County quintet who went to Austin are so conservative in their backgrounds! The only thing they have in common with the big city slickers is that they are mad, their feelings are hurt. Prof. Abernethy refers to the trick that was pulled on them in Fort Worth last fall at the Democratic Convention as "something new that has grown up in Texas politics," or words to that effect. The professor could have read back to the days of Jim Hogg, even the Old Alcalde, and saved himself the embarrassment of later facing that sentence in his speech. So far as we know, and we believe we know, the winners have always kicked the losers in the teeth at Texas Democratic conventions. We don't think it will ever be any other way, until human nature makes an about face.

One or two other things the newspapers did not record and the delegates did not come home saying anything about: The DOT sat down on the labor leaders who tried to make a play to turn the convention into labor baiters first, Democrats second. They also refused to let themselves be put off balance over the NAACP hassle. But they did do two things. They let some of their best material for generals be made sergeants and they let the big town boys take the ball away from the country folks.

Now that we have worked the first four months of the year for Uncle Sam we can begin trying to lay away something for ourselves. Leastwise that is the calculation that comes up in the week's budget of news and views. January, February, March and April and most of the month of May went down a rat hole so far as a citizen was concerned trying to get ahead and provide for his family. It may be that the nation is in such dire perils that all the high jinks is a necessity. If so, the people should be let in on the reasons.

After all, remember, gasoline and oil pay 70 per cent of the expenses of the State of Texas. Those who complain that oil people throw their weight around too much at Austin might contemplate the fact that they pay rather dearly for the privilege. And though, we'll say, they pass it on—this tax—is there anybody in any industry who does not either pass on their expenses or go broke?

Postal Clerks Score Perfect Exam Records

Postmaster Edward Wester is elated over the perfect records two Floydada postal clerks have made in two consecutive annual examinations bearing on the dispatch of the mails, report on the last of which he has just received.

The examinations were taken by Kyle Glover, clerk, and Doyle Turner, substitute clerk. This is a required examination at all first and second class post offices for all clerks regularly assigned to the distribution of mail and all substitute clerks in the same category.

The clerks are required to make case separations of all railway and highway post office lines and routes with division to conform with the separation necessary and proper in the actual distribution of mail. The postmaster reports:

"Last year Clerk Kyle Glover and Substitute Clerk Doyle Turner were required to take Case Examination-section 'C' Texas. Section 'C' has about 750 towns and divided in 44 separations, from this office stand point.

"This section covers the south part of Texas and along the coast. When reporting for exam, the clerks are to attain a passing grade of 95 from 100 representative cards of that Section. A grade of less than 95 percent in accuracy or more than five cards misthrown results in failure.

They are given eight minutes to complete the exam, which will average over 12 cards a minute.

On this exam both clerks had a perfect score. Kyle Glover completed his exam in two minutes and fifteen seconds, averaging over 40 per minute. Doyle Turner completed his in three minutes, average of 34 per minute.

This year they were assigned Section "A" Texas, which has about 850 cards or towns, and 38 separations from this office. They were examined by Otis M. McClain, Superintendent of Mail at Plainview, again this year and returned with perfect scores.

Kyle Glover completed his exam in three minutes, averaging 34 per minute. Doyle Turner finished in three and one-half minutes averaging 29 per minute.

"Mr. McClain speaks very highly of the Floydada Clerks," said Wester. "In making his report of the examinations to District Transportation Manager, Fort Worth, Texas, he stated, 'These men are to be commended for their diligence in preparation for these examinations. There was no hesitancy on the part of either of them, on any of their cards.'"

"I think they should be congratulated on their achievement. It could only be obtained through long hours of study, and only their families will realize how hard and long some of those hours were as they were preparing that Floydada might have the best postal service they could possibly render."

Fair Approved For Contest Of Crocheters Entries

Floyd County Fair has been approved again for the National Crochet Contest. It was announced this week.

The board of directors, who applied for approval, have been notified of the rules and advised that work shown in the Floyd County Fair will be considered for the grand national prizes.

Judges at the fair on September 12 to 14 will award National Crochet Contest blue ribbons to the best piece in each of 18 classifications and a gold loving cup to the entry chosen "best of fair".

These preliminary awards qualify the entries for the national judging in New York City, where a group of the country's leading needlework authorities will make the final decisions.

Cash awards will be made there to the first three national prize winners in each classification, and 20 additional valuable prizes will be awarded the honorable mention winner. Additional prize money is to be awarded eligible entries that are also original designs.

The grand national champion will receive a free trip to New York

City and Bermuda for two plus \$1,000 in cash.

The teen-age girls and men's champions will each receive a free trip to New York for two plus \$500 in cash.

The 16 classifications in the contest are: Tablecloths, Bedspreads, Luncheon Cloths, Centerpieces, Buffet and Vanity Sets, Chair Sets, Dollies, Scarves and Wall Panels, Pot Holders and Hot Plate Mats, Place Mats and Sets, Other Household Accessories, Edgings and Insertions, Fashion Accessories, Ladies Over 65, Men Only and Teen-Age Girls.

There are only three Contest rules to follow in order to be eligible for the many valuable National prizes... entries must be crocheted of mercerized crochet cotton in any size thread up to 100, be completed since January 1, 1957 and be awarded a Nationwide Crochet Contest blue ribbon at a Fair featuring the Contest.

Orphaned By Tornado Of Lone Star Recovering

Pat and Linda were in the tornado which struck their farm home 18 miles west of Lockney, Wednesday, May 15, and are both recovering from their injuries. Linda, age ten, suffered no broken bones but was badly battered over her entire body. She was unconscious when found. Pat, age ten, suffered no broken bones but was badly battered over his entire body. He is in Lockney General Hospital. He suffered two scalp wounds, one of them serious, facial cuts and bruises and probably more than 100 cuts, bruises and lacerations over his entire body. He was found wandering about the place soon after the tornado and was able to lead rescuers to his sister and body of his mother, who was killed in the disaster. He suffered a light concussion. First to reach the scene was W. D. (Doc) Peugh, a neighbor, and his family. They were in a pickup and trying to escape the storm when they saw the Puckett house disintegrate. They immediately went to the aid of the family, bringing the two children in to the Lockney General Hospital for treatment. Thomas Marr, local rural carrier, A. J. Jester and a highway patrolman went in Marr's 4-wheel drive jeep out after Mrs. Puckett's body, arriving back in town sometime after midnight. Mr. Puckett was in New Mexico on business when the tornado struck. Some 40 or 50 men of the neighborhood were reported to have gathered at the Puckett place Thursday morning to clean up the debris and salvage anything that could be found.

Former Pastor In Floydada Is Brief Visitor

Dr. R. A. Renfer who left Floydada in 1942 to enter the chaplaincy of the U. S. Army, spent a brief rest here this week with R. Fred Brown and other friends.
Rev. Renfer is doing nicely. He and his wife had two children when they left Floydada and now have a third, born while he was overseas. Their home now is in Dallas, where he is a professor of church history and missions at Dallas Theological Seminary.
"All my family are taking examinations in school this week," Rev. Renfer said. "Mrs. Renfer, who decided to go back to school is applying for a degree as master of arts at SMU and is taking exams. Our daughter, Nancy Marie, is a sophomore student at that school and is taking exams. "Randy Jr. is a junior at Highland Park High School and is taking exams, and Patsy, our youngest, is finishing the seventh grade at Junior High. She's taking exams."
"I thought it would be a good time, while I had a few days away from school."
Renfer said the wounds he sustained while with the army in Italy do not bother him a great deal, in fact little. He was so badly wounded, according to the reports that drifted back home, he was hardly expected to pull through.
While a resident of Floydada Mr. Renfer was pastor of the Cumberland Presbyterian Church. He and Fred Brown, his host in Floydada, have a common interest in the study of ancient religions, and have maintained occasional correspondence several years, exchanging books and comments.
Brown and his guest gave the reporter only a minute. They were headed for the farm to set a plow, said Mr. Brown.

Johnson Urges Flood Control Appropriation

Senator Lyndon B. Johnson said in a statewide radio broadcast Sunday that he never regretted any vote he has cast for a dam or a flood control work.

"If this is a 'pork barrel' appropriation this country needs more pork," he declared.

Senator Johnson pointed out that even during the recent devastating floods in Texas some Eastern newspapers were editorializing against what they called 'pork barrel' projects.

"What are these 'pork barrel' projects? They are the dams and flood control works that prevent flood waters from sweeping away men, women and children. They are the irrigation projects that store waters against times of drought."

The Senator added that the efforts of Congress to cut the President's \$71.8 billion budget are directed at eliminating waste so there will be money to spend for essentials.

Pointing out that for years he has been a strong advocate of an adequate defense system, Senator Johnson said, "The real issue before us is not whether we will have an adequate defense. It is whether we are getting full value for our defense dollar and whether there are ways and means of being economical."

"There is much more involved than economy. Our people look to their Government to be not only prudent but efficient as well."

The elimination of waste is a job that can be done, he declared, adding: "Congress has shown that the budget can be cut without de-

South Plains News

(By Mrs. Murray Julian)

SOUTH PLAINS, May 27—Turbulent weather cancelled plans for the last of school picnic for the school children on Friday, May 24. Tornadoes were reported for Plainview, and everyone was glad the decision to stay at home was made. Rainfall varied on Friday from a slight shower in the eastern part to half inch in the South Plains area. Some farmers here have fields that are dry, and they have their cotton planted while others have fields that are very wet, and cotton still to get in the ground. Wheat prospects look very good, and vegetables, such as potatoes and onions here look extremely flourishing.

Mr. and Mrs. Ceyhas Fortenberry had dinner on Sunday with Mr. and Mrs. Fred Fortenberry here, and on Monday guests in the Fortenberry home were the Rev. and Mrs. James J. Patch and children, formerly of Sterley, now of Hermleigh, where he is pastor at the Methodist Church. They were on their way to the Methodist Conference at Amarillo and Mrs. A. P. Sanders from the Sterley Church is going to attend the Conference in Amarillo this week.

Mr. and Mrs. Bill Harper of McAllen, Texas, are expected to visit here this week, and will attend the Old Settlers Day in Floydada on Tuesday, and will go to Amarillo to visit their daughter, Mrs. Walter Brown and family.

Eighth Grade Graduation exercises Through a gate festooned with red roses, seven boys and girls stepped forth to accept their diplomas from South Plains Principal, J. M. Williams, on Thursday night, May 23. He spoke to them of their right to walk through the gate to open fields of higher education, and in the new competition they should put out all their efforts to make a success of their lives. Eddie Parks was valedictorian, and Bary Kinslow, salutatorian of the class. Jo Ann Newton and Eulalia Sanders gave piano selections, and using gates as their themes, Eddie Parks, Bary Kinslow, Eulalia Sanders, David Taylor, and Sherlene Teeple gave

the class history and predictions for their futures. After the ceremony, Mr. Williams presented perfect attendance certificates to Barbara Sue Milton, Sue Wilson, Yvonne Karr, Eulalia Sanders and Jimmie Prichett, for the school year 1936-37.

Rev. and Mrs. Larry Paus and Vassie Beth left immediately after church services on Sunday morning for Chicago, Illinois, where they will visit his relatives and friends, as his former home was near Chicago. Elton Karr and Ronald Ledbetter of Silverton will assist in the pupils on Sunday, June 2, with a speaker that morning from the United Texas Dye.

Lewis Bradford Randolph, 50, passed away on Sunday afternoon, May 26, at 5:30 o'clock to Pita Hospital following a heart attack. He had been in ill health for a number of years, and was living the past few months with a sister, Mrs. W. B. Wilson in the Fairview Community. With Mr. Randolph, Mrs. Wilson had been visiting here in the home of her daughter and family, Mr. and Mrs. Bill Beedy, and was on the way home, where he became ill. Funeral services were held on Monday at 3:00 P. M. with the Rev. Joe Wilson, a retired Baptist minister, and the Rev. Mr. Hinckley, of the Fairview Baptist Church officiating. Burial was in the Lockney cemetery. We extend our sympathy to Mrs. Beedy and family.

Mr. and Mrs. I. H. Parks, Mr. and Mrs. James Kinslow, and Mr. and Mrs. Leighton Teeple started Saturday morning at nine for Carlsbad, New Mexico, where they were taking the eighth grade graduates for their class trip. Near Lubbock the road patrol stopped the Teeples because of the illness of his father, R. I. Teeple of Floydada, so they turned back home. The others continued, and on Sunday morning with the 9 o'clock group, they went through the Carlsbad Caravans, and returned home on Sunday night. Those who went included Bary Kinslow, Sherlene Teeple, Jo Ann Newton, Eddie Parks, and Eulalia Sanders, the sponsors, and Dwight Teeple and J. Frank Parks.

Officially, Texas is in the historical story comes months when take effect. It's a reaction to determine how will survive the past five re-approval pay and in-lawmakers proposed for a \$200- help local gov- last-minute amend- and issue to buy in federal reg- one allows assign pupils other requires before schools registration of integration or un-

tional by the attorney general. He said it would violate freedom of speech and press. Other House-passed bills died on the vine after repeated Senate filibusters made it apparent it would take all summer to get them through.

OFFICIAL REFORM — Passed a code of ethics bill prohibiting state officials and employees from engaging in outside activity "in conflict with the public interest." A sprinkling of officials already have filed statements of their private interest with the secretary of state as stipulated in the law. A lobbyist registration bill died when the House and Senate couldn't iron out differences. A host of others proposed as reforms were ditched earlier.

TEACHER PAY — Legislators, with Gov. Price Daniel's help, found after raking and scraping, enough money to give each public school teacher a \$399 a year raise. It meant recalling two other money bills, one to pay off some old bonds and one to refund taxes paid under an unconstitutional law. Situation was tense when Comptroller Robert S. Calvert first ruled the state's kitty was \$13,000,000 short of enough to cover.

INSURANCE — Passed a host of laws bringing a whole new system headed by new men into the battle-scarred Insurance Commission. Deadlock over a full-time or part-time board was finally compromised with a full-time board for one year, part-time thereafter. Policy-making board members will get \$15,000 a year when working full time. Added to set-up will be a full-time \$30,000-a-year Commissioner of Insurance who will be top administrator.

Stemming mostly from the multi-million-dollar ICT and US Trust failures, several other bills were

passed placing stricter requirements and limitations on insurance company officials. However, the legislators fell flat on their faces when it came to requiring publication of financial statements by insurance companies. The bill never got out of the House Committee on Insurance. So only those companies that want the public to know will print them.

AND THESE, TOO — Aside from the big issues, scores of not-so-major laws will cause Texans to change their way of doing things. Here are a few:

"Scratched Ballot" is the only legal way to vote in future elections. No more choice between scratching and checking.

Texas Woman's University at Denton, once Texas State College for Women and before that, CIA, will be the nation's first in that category. Women have a right to change their minds, reasoned solons. Besides, there were hundreds of cute little coeds around, a "lobbyin'."

State Judges, both district and appellate, will get raises of about \$3,000 a year apiece.

City Officials can be elected for four instead of two years if voters okay a proposed constitutional amendment. Individual cities would then have to adopt the four-year plan.

Flooded Lampasas and wind-swept Silverton will get \$40,000 to help rebuild public property under an emergency bill.

Price Daniel family will get a better roof over its head. Money was authorized to repair the Mansion ceiling that collapsed recently, just missing the governor.

Texas archives will get a brand new building. Shunting of historical documents from barns to basements to quonset huts in past years had brought a hue and cry from civic groups.

Auto license tags will cost 10 per cent more. Highway Department is to use the extra funds to share 50-50 with cities and counties, the cost of right-of-way for new roads. Previously cities and counties have had to bear all land costs.

Governor's signature is still pending on many bills, of course, but vetoes are not expected on any of the above.

In addition, this legislature, as others, passed literally hundreds of "local and uncontested" bills. These are ground out in batches, usually without anyone but the author knowing what they do or why.

NEW FORCE — Future office-seekers will have a new force to reckon with — the Democrats of Texas. D.O.T., a new name for the old Liberal-Loyalist wing of the party, has set itself two goals — to gain control of the party machinery in

Texas and to put its adherents in control of state government.

Some 1,500 delegates from 106 counties attended the organizing rally in Austin. Mrs. R. D. Randolph Yalborough flew down from Washington to speak.

D.O.T. is frowned on by Governor Daniel and Executive Committee Chairman Jim Lindsey. D.O.T. charges them with "usurping" party control at the Fort Worth convention.

SHORT SHORTS — Texas Railroad Commission has cut the June oil allowance to 3,434,618 barrels a day on a 15-day production pattern. It's a big come-down from March's all-time high — 3,733,054 on an 18-day pattern.

Sen. Carlos Ashley of Llano will be president pro tempore of the Senate for the interval between sessions. He succeeds Sen. Otis Lock of Lufkin. Before adjourning, the Senate confirmed three appointments by Governor Daniel to the Texas Prison Board. They are Lewis Mordyke of Amarillo, Jack Vaughn of Dallas, and J. M. Windham of Livingston. Appointed and confirmed for the State Board for Hospitals and Special Schools are George W. Pirtle of Tyler, French Robertson of Abilene, Nat Goldsmith of San Antonio and Howard Telepsen of Houston. James D. Sartwell of Houston goes on the Board of Public Welfare.

Crosby Official Under Indictment

Six indictments charging felony theft of public funds were returned last week against Roy W. Karr, 46, 72nd District Court for Crosby County.

Karr was Commissioner of Precinct No. 2, a post which he has resigned.

The indictments allege that by false pretense more than \$10,000 in checks on Commissioners Precinct No. 2 were feloniously cashed. The Commissioner made bond of \$1,500 on each of the six indictments.

R. C. Wood is the new member of the Crosby County Commissioners Court, named last week to succeed Roy W. Karr, resigned.

Mr. Wood will represent Precinct No. 2.

Mr. and Mrs. C. N. Battey and Mr. and Mrs. Thomas Warren and children visited over the week-end in Hobbs with Mr. and Mrs. Bob Aldredge and children. They also visited ashle Saturday afternoon with Mr. Aldredge's parents, Mr. and Mrs. L. H. Aldredge in Denver City.

Local Scouters Attend Annual Scout Council

A dozen couples of Floydada Scouters were present for the annual South Plains banquet held Monday night at the Students Union building on the campus of Texas Tech.

And all Floydada representatives on the Council were re-elected to their posts. J. M. Wilson Sr. was re-elected national council representative and Gayle Mayo and J. M. Wilson Jr. were re-elected members-at-large of the South Plains Council.

Two hundred and twenty-five heard Dan Thornton, a former Texan, now of Colorado and a former governor of that state, tell of the economic soundness of the Boy Scout program. He was introduced by Dr. J. Davis Armistead, president of the South Plains Council.

The Floydada couple who attended the banquet were Mr. and Mrs. J. M. Wilson Sr., Mr. and Mrs. Gayle Mayo, Mr. and Mrs. J. E. Elms, Mr. and Mrs. Jack Henry, and Mr. and Mrs. J. M. Wilson Jr.

Haynes District was recognized with a plaque for the highest efficiency in its leadership program.

Social Security Freeze Can Be Made By Vets

Disabled Veterans who fail to apply for Social Security Disability Protection before June 30, may find they have lost their rights to Social Security Disability payments at age 50, and rights to Old-Age and Survivors Insurance Payments for themselves or their families in the future.

When a veteran becomes disabled and unable to work, there is a gap in his social security record, that will cause his future social security benefits to be reduced or completely lost. If he applies to have his record frozen, the gap in his record will not come against him in figuring his social security benefits at age 50 or the benefits to his family in case of his death.

If an eligible veteran applies before June 30, his record can be frozen as of the time of his disability. This applies to veterans of world war II and the Korean Campaign.

Veterans may contact the district office of the Social Security Administration, 2878 34th Street, Lubbock, Texas, or D. G. Ayres, County Service Office, Floyd County, Texas in

(By Mrs. T. E. Thornhill)

BROADWAY, MAY 27 — Boys and girls Friday, May 31 is Bible School registration day at Pansy Bible School starts Monday morning. All who attend will really enjoy it.

The Rev. Donnie Siegler preached at the 11 o'clock hour Sunday morning. We certainly enjoyed hearing Donnie, of course it is with pride our church listens to one of its own boys. Donnie is the son of Mr. and Mrs. Weidon Siegler of the Wake Community.

This Monday morning is so still and warm and every one is very busy trying to get their planters and seed all ready to start as soon as the ground is anything like dry enough.

After the boys received their report cards Friday morning of last week, Mr. and Mrs. M. R. Givens, Teddy Preston and Mickey and Mrs. J. C. McCracken drove on over to Lubbock and were visiting in the S. H. Starrett home when they began to get the tornado alerts so they outran the cloud home.

Mrs. D. D. Thornhill was a Monday afternoon visitor with Mrs. Conda Starrett.

Did you ever hear of a table that would fall down when just three people were standing on it? Well, that is exactly what happened on Wednesday evening of last week while we were helping paper the kitchen down at the Ben Beckhams, but luckily we all three were able to get up and continue with our work. We do feel sorry for the Beckhams tho — not having a dinette table to eat from in the kitchen.

Wednesday afternoon visitors with Mrs. M. R. Givens and boys were Mrs. D. D. Thornhill and Mrs. A. D. Whalen.

Mr. and Mrs. R. E. Smith of Crosbyton were over at the field on Thursday of last week in a brand spanking new Pontiac.

Tuesday night callers in the D. D. Thornhill home were Mr. and Mrs. Conda Starrett, Mr. and Mrs. Ben Beckham, Mrs. Colene Thompson, Monica and Rodney, Mr. and Mrs. T. E. Thornhill and Tommy.
