

Vegetable Growers Expanding Local Facilities

Crop Progress Reported Good Thruout County

Hurry up construction of a new vegetable shed in Floydada to accommodate what Floydada Growers and Marketing Association expects to be a largely increased run of vegetables this season, highlights activities in this fast developing industry in Floyd County this week.

Digging for shed foundations on the Quannah, Acme & Pacific right-of-way, started last week-end, was halted Monday when it was learned that Pioneer Gas Company lines crossed the site and had to case their lines before the building could go up.

Work was due to be resumed yesterday. The building will be 50 by 100 feet with a 15-foot dock. Probable cost will be \$20,000.

New processing machinery to be installed includes an onion and potato cleaning and grading machine, and a machine for vegetables that are to be finished wet.

The association is retaining their lease on the QA&P vegetable shed which they used last year on the Quannah right-of-way. The new plant will be an added facility.

President Kenneth Probasco and Secretary-treasurer W. H. Simpson, Jr. were not available for a report on the new venture, but one member said that the new plant is likely to be needed shortly.

Onions have progressed very well in the past week and it is probable the association will handle some of the crop by July 1.

Onion markets are encouraging, with no big producing areas to come into competition with the plains country. Down-state vegetable operations have been tremendously hampered by rains. What onions are being harvested in the blacklands are on a salvage basis, according to report.

Bill G. Rodgers said A & M marketing experts expect a brisk demand for plains onions, whereas the spring outlook was for a far greater supply than the demand would take at a reasonable price.

The potato outlook is not as encouraging but the first potatoes will be lower maturing than the onion crop.

Floydada Growers and Marketing Association will have a larger variety of vegetables to handle this year than last. Their members are growing about 300 acres of onion, 200 acres of potatoes, 100 acres of cabbage, 250 or 300 acres of carrots (just now being put into the ground).

Also smaller acreages of tomatoes, peppers, cucumbers, beans, egg plant, squash, cantaloupe and blackeye peas. Total acreage represented by the 13-member association and growers who have contracted with them to handle their crops will run about 1,250 acres.

For the whole county the picture is somewhat like this, according to a rough estimate made by County Agent Bill G. Rodgers:

About 1,200 acres of onions, 200 acres of potatoes, 500 acres of cantaloupe, 500 acres of carrots, 600 acres of lettuce, 450 acres of cabbage, 400 acres of peppers and 600 acres of tomatoes.

New Dead Line On Wheat Plow Up Is June 15

The final date on which 1957 excess wheat can be destroyed is Saturday, June 15, the state office of ASC has notified the county committee. Thomas J. Hutchins, local office manager said this week.

Wheat men who have wheat yet to destroy should notify the office, he said, so that the land can be measured. The acreage will have to be checked in any event, before marketing cards can be issued.

Other news on the wheat front includes a requirement that farmers who have not seeded wheat in three years and who wish an allotment have until July 1 to file their applications.

Even farmers who have plowed 15 acres or less of the 1957 crop must have marketing cards before they can put their wheat on the market. This calls for measurement of the land.

Wheat Reserve Checks Will Be Issued In June

Good news this week for the wheat growers who put some or all their land in the Soil Bank for the 1957 Acreage Reserve.

They are to be paid in June instead of having to wait until September or October.

Thos. J. Hutchins, manager of the County ASC office, said the county committee had been notified by the State ASC office to begin making payments and have them all paid off by June 30.

June 30 is the end of the USDA fiscal year and this may have some bearing on the early payment of the reserve moneys. However, Hutchins did not so indicate.

"We will pay approximately a half million dollars to 500 wheat growers who put land in the Soil Bank for 1957," Mr. Hutchins said. This represents an average of \$1,000 apiece.

The contracts with the wheat growers call for payment in the fall. The new order will give the farmer his money 90 to 120 days earlier than he anticipated.

The rental fee for wheat land in the reserve ranged from \$9.00 to \$13.20 per acre.

The office is being put on the job of checking the records and issuing checks at once, the office manager said.

Set New Date For Mosquito Control Meet

A new date for the mosquito control meeting in Floydada has been set, this new date being Thursday night, June 27.

The two-week postponement of the meeting which was set for tonight (June 13) was occasioned by the inability of D. W. Power, the state sanitation engineer, to be present on that date.

Mr. Power was in Floydada early in March for a meeting with interested persons but there was confusion as to the place for the meeting and attendance was extremely disappointing.

QA & P Veepee Will Address Lion Meeting

June 20 has been designated as "Industry Day" for the Floydada Lions Club.

Mitchell Parrish, program chairman for the day, will present W. L. Richardson, executive vice president of the Q. A. & P. Railway, in a program of suggestions on action committees may take to stimulate industrial development.

The meeting is open to anyone who would like to hear the industry program. Meal tickets for the noon meeting at the Legion Hall are on sale from Lions Club President Gene Collins, Jr., at the First National Bank, Mitchell Parrish at Beall Brothers Department Store, and the Chamber of Commerce office.

City and County officials, members of the two Chamber of Commerce Industry Committees and the Chamber of Commerce Board of Directors will also attend the meeting.

Summer Recreation Events Are Announced for Saturday Night

For the first in a series of summer party nights for Floydada Grade School and High School students will open on Saturday night with a hobo party for eighth graders of the community.

The parties are part of the summer recreation plans of the Chamber of Commerce recreation committee. Mrs. J. D. Parks is recreation coordinator for the committee.

Saturday night's party for September eighth graders students will be held at 7:30 p.m. at Napoleon park. Sponsors for the night will be Mr. and Mrs. Lynn Miller, Mr. and Mrs. Don Barrow, and Mr. and Mrs. W. W. Trapp.

"Dress hobo and bring a hobo lunch," party sponsors advise eighth graders. Drinks will be furnished for the hobo lunch.

Sherrill Field Will Be Dedicated Friday Night

There will be a dedication program for the baseball field in southwest Floydada Friday night. The diamond which is the home of the Texas and National League circuits of the local Little League will be presented to the city and officially named and dedicated.

The field was built starting last year near the close of the baseball season. It is on park property belonging to the city and during the program all facilities which have been put there by Little League and other organizations and individuals will be formally presented to the City of Floydada.

Also the field which has been named Sherrill Field by League officials will be formally named and George Sherrill will be recognized for his efforts toward making the project possible.

The dedication will be by Tom Condon, pastor of the Presbyterian Church.

All players of all League teams will be present in uniform and will be recognized in teams along with their coaches and trainers.

The program will be between the first and second games Friday at about 8:00 p. m. The game schedule calls for Red Sox vs. Tigers in the opener and Dodgers vs. Giants in the night cap.

Rush Wheeler, president of the League, urges all to come out Friday and see what Floydada has for their youth. Though the ball park is not entirely finished most of the work has been done and it is a very attractive layout.

The event is timed with National Flag Day to make it serve a double purpose. Also it comes on national Little League Foundation Day.

The observance in Floydada will coincide with those of 4,500 local leagues in the United States and Canada where special ceremonies in conjunction with regularly scheduled games will be held.

It is anticipated that the Little League Foundation will make possible expanded leadership training and essential research to cope with the influx of thousands of youngsters who will be coming to the program each year.

Brand New Way of maintaining roads was introduced in Floyd County last week when ditch diggers were hired to make this 2500-foot cut in an effort to drain water off of the intersection of U. S. Highway 62 and FM 54, six miles south of Floydada. The same tactics are being employed to drain the "Moss Lake" nearer the right of way and was carrying a volume estimated at 3,000 gallons per minute to Blanco Canyon's rim.

Normal Operations Resumed In County As Waters Recede

Many Floyd County residents, as well as public agencies, have water problems this week, despite the pretty weather and the great help from Old Sol in lowering water levels around.

The biggest single problem has been splashing on the Highway Department's maintenance force. They have had one or more problems on every road, their least difficulty being on Highway 70, which has been clear except for the Saturday of the big rain and the Sunday following, when they were troubled with running water near Alken for a time.

The lake immediately north of Floydada on this route did not give trouble this time.

Sanford Webber, highway department maintenance foreman for this district gave The Hesperian a rundown on road conditions as of yesterday:

The Plomot road is open with a detour around the lake immediately east of Cedar Hill;

The Lone Star road north from Lockney is again passable without difficulty;

The lake immediately west of Floydada is again passable with some of the pavement showing;

The people in the vicinity of Lakeview are traveling the Lakeview road but through traffic is being re-routed. Webber thinks the pavement will be lost that is under water on this route.

Churches Plan Joint Summer Evening Worship

Two Floydada churches will combine their Sunday night church services for the coming summer months.

The two congregations, the First Christian Church and the First Methodist church have voted to hold joint Sunday night services through August according to an announcement made this week by Rev. W. D. Reeves, pastor of the First Christian Church, and Rev. Tilden B. Armstrong, pastor of the First Methodist Church.

The new series of services will open at 7:00 p.m. on Sunday night at the First Christian Church with Rev. W. D. Reeves in charge. Services will alternate between the two churches.

Special music, sermons, and other activities have been planned for the summer months the announcement said.

Country Club Shareholders Meet Tonight

Floydada Country Club will hold its annual meeting tonight (Thursday June 13) at 8:00 p.m. Shareholders will gather at the clubhouse where officers will go over the financial statement and discuss club business.

Also on the docket will be the election of three directors. Those with expiring terms are Tate Jones, Alva Sparks, and Fred Zimmerman. J. Carry over directors include Suck Hickerson, now serving as president, Lane Decker, vice-president, Claude Weatherbee, secretary, and Lon Davis, Jr.

Most popular route to the club grounds now is over dirt road leaving town at the Blue Goose Station in southeast Floydada and proceeding south some six miles to where the road turns west at the rim of the canyon. From this point it is two miles to where you come to the Rails highway where it enters Blanco canyon. The road is all dirt and in excellent condition.

Baseball Rolls Into High Gear On Two Fronts

Baseball in Floydada will be rolling into high gear this week if weather permits the boys to catch up on all make-up games. In the Pony League it will be double headers both tonight and again tomorrow night as VFW and First National are booked for a twin bill June 13 and Farm Bureau and Lighthouse play two games June 14, at the Rodeo diamond.

At Sherrill Field it will be the Tigers vs. the Braves in the first game tonight (June 13) and the Indians vs. the Cardinals in the nightcap. Friday the Red Sox and Tigers lead off followed by the Dodgers and Giants.

On Monday it will be First National vs. Farm Bureau, Cardinals against Dodgers and a make up contest.

Tuesday will see Lighthouse play VFW, Red Sox play Braves, and Giants take on Indians.

Last week there were several games played and one incomplete game finished as play was doubled up at the Pony League park on Thursday and Friday.

Thursday VFW pounded Lighthouse 20-5 with Danny Hernandez the winning pitcher and D. L. Herron the losing hurler. The Giants downed the Indians 7 to 6 in the National League game.

Friday First National outlasted Farm Bureau 22-11 with Junior Martinez pitching for the winners and Clarence Richardson doing mound chores for the losers. The tie of 6-6 between First National and Lighthouse was finished starting with the fifth inning and Lighthouse won 7-5. Freddy Morren was winning hurler and Martinez was loser.

Also on the Friday schedule the Braves mauled the White Sox 15-2.

(See Baseball Rolls back page)

Seismograph Crew Moving In Today

According to reports this week Floydada will be the headquarters for a 12-man seismograph crew for at least the next few months.

O. M. Watson, Jr., secretary of the Floydada Chamber of Commerce said Tuesday he had been contacted on the matter and was expecting personnel to start arriving today.

Fine Saddle is Prize Won by Lakeview Lad

Ronnie Flenniken, son of Mr. and Mrs. T. W. Flenniken of Lakeview, is home this week from Fort Worth where he competed for prizes in a junior rodeo staged by the Fort Worth Horse Shoe Club.

His all round performance in the flag race, barrel race, keg race and reining contest won for him a genuinely good man's size saddle.

His mother said Ronnie and his pony Baldy, both performed well. The Flenniken family spent Saturday and Sunday in Fort Worth.

Ronnie also won a saddle two years ago in the Horse Shoe Club's rodeo, riding as a nine-year-old.

Lions To Entertain With Magic Program

Floydada Lions Club will have their annual kids day program today at the American Legion Hall. Billy B. Henry is program chairman for the day and is expecting some 40 guests at the noon luncheon meeting.

The Lions and their children and other invited youngsters will be entertained by Tom Tilson of Matador who will bring his well-known acts of magic for the group.

The club will hold their installation of officers program on June 27 when all newly elected officers will take over for the coming year.

Seismograph Crew Moving In Today

According to reports this week Floydada will be the headquarters for a 12-man seismograph crew for at least the next few months.

O. M. Watson, Jr., secretary of the Floydada Chamber of Commerce said Tuesday he had been contacted on the matter and was expecting personnel to start arriving today.

J. W. Gilbreath at the Humble station also has talked with officials of the crew and is expecting them to move in.

Chas. Viney Batting .500 In Navy League

Charles Viney, son of Mr. and Mrs. C. M. Viney of this city, stationed with the United States Navy in San Diego, Calif., has been given high recognition as center on the Navy TraPac baseball team in San Diego.

The TraPac team, known for their good team support, holds first place with six straight wins in the Anchorage League.

In a news clipping sent Mrs. Viney by Charles, it stated, "The loss of Steve Amato's big stick and 727 batting average, due to graduation, lays the slugger's title at Charles Viney's door. Viney, class 10, has hit two homers in three games and has an average of .500."

Charles entered the United States Navy in July of 1956 and is in the school of Sonar training in San Diego.

Harvest Next Belief

Permanent lay-off of a guest speaker Friday night of the U. S. subject will be "Supplementing the Program."

Harvest in the area is expected to be good. The weather is favorable for the crop.

SOCIETY

Order Of Rainbow Nancy Lee Coats, For Girls Installs Assembly Officers Kenneth Swanner Took Vows Sunday

The installation service for new officers of the Floydada Assembly No. 235, Order of Rainbow for Girls, was held the afternoon of June 3, at the Masonic Hall in Floydada.

Miss Kay Golden, daughter of Mr. and Mrs. Oscar Golden of Lockney, was installed as Worthy Advisor. Serving as installing officer was Nancy Tomlinson, Canyon. The other installing officers were Gayle Rucker, Marshall; Charlyne Brown, Chaplain; Sunny Lawson, Recorder; Mrs. Gail Hickerson, Pianist.

The line officers installed were Barbara Smith, Worthy Associate Advisor; Nancy Watson, Charity; Mary Cogdell, Hope; Betty Graham, Faith.

The appointed officers were: Judy Jackson, Recorder; Julie Daniels, Treasurer; Martha Meek, Chaplain; Lois Ann Glover, Drill Leader; Pat Hill, Love; Jan Dempsey, Religion; Janet Brown, Nature; Jo Ellen Jackson, Immortality; Nita Cagle, Fidelity; Pat Drysdale, Patriotism; Genetta Price, Service; Josie Rendon, Confidential Observer; Susie Hess, Outer Observer; Mary Ann Odum, Musician; Mar Owen Lackey, Choir Director.

Following the installation, cookies and punch were served by Mrs. Oscar Golden, Mrs. Connie O'Brien and Mrs. Floyd Tomlinson of Canyon, from a table centered with an arrangement of red roses. A crystal punch service and red napkins engraved in silver completed the table décor.

Miss Golden presented each of her installing officers, her Mother Advisor and her mother with a white gardenia corsage.

Couple Will Wed Here On July 21

Mr. and Mrs. E. I. Durham, 227 West Kentucky Street, announce the engagement and approaching marriage of their daughter, Sue, to Herbert D. Irwin, son of the late Mr. and Mrs. F. C. Irwin of the Fairview Community.

Wedding vows will be exchanged July 21 at 3 p. m. in the Chapel of the First Baptist Church.

Mrs. Hayes O'Neal and children, Vicky and Boyce, are expected to return home within the next several days from a two weeks vacation and visit with her brother, C. L. Maddox of Santa Ana, Calif.

Ray Jones: "I was born at Emma, We moved up on Crawford Drive in 1900. One of my school teachers was Pink L. Parrish."

The average weight of the human brain is 48 ounces.

MRS. KENNETH ALEXANDER SWANNER (Former Miss Nancy Lee Coats)

Following the ceremony a reception was given in honor of the couple in the church parlor by Mrs. C. L. Adams. The bride's table was laid with a lace cloth over blue and centered with the attendant's bouquets. The crystal and silver appointments completed the table décor.

For a wedding trip to points in New Mexico, Mrs. Swanner chose a powder blue dress with black accessories for traveling.

Mrs. Swanner, a graduate of Shallowater High School, attended Draughon's Business College, Lubbock, and is presently employed as a secretary in Lubbock.

Swanner is a graduate of Floydada High School and attended Draughon's Business College, Lubbock. He is presently employed by T. I. M. E. Freight Lines in Lubbock, where the couple will make their home.

Parkey-Higgins Vows Repeated at Portales

Miss Gladys Parkey, daughter of Mr. and Mrs. D. J. Parkey, 621 West Kentucky Street, and Richard Higgins of Farmingdale, S. D., were united in marriage, Thursday, May 30, at the Central Christian Church in Portales, N. M.

Rev. Dwight W. Gladcup, pastor of the church, read the double-ring ceremony.

The bride chose for her wedding a mauve cotton street-length princess style dress accented by a fitted jacket trimmed in white pique. She wore a white lace picture hat and her other accessories were white.

Attending the couple were Raymond Barnes of Portales, N. M., and Mrs. L. Ione Gladcup.

After the wedding trip to points of New Mexico, the couple are making their home at 1906 8th Ave. in Canyon, Tex.

Higgins is employed with the Amarillo Smelter and Mrs. Higgins is working for the AQHA Magazine in Amarillo.

CARD OF THANKS

I want to thank everybody for their letters, get well cards and flowers received while I was in the hospital.

Mrs. W. E. Oden.

Keith and Giddalene Denison, children of Mr. and Mrs. Gilmer Denison of Lubbock, are visitors in the home of their grandparents, Mr. and Mrs. C. W. Denison.

Be Wise And Buy Like Walt Ad.

Outboard Motors Make Changes

The man who buys this year's outboard motor will get the best that engineering science has been able to build up to this date. All manufacturers have come out with new lines each one increasing horsepower substantially.

Major manufacturers like Evinrude, Johnson, Bucaiser, Scott-Atwater, Mercury, Champion, Oliver and West Bend have added such equipment as electric starters, generators and other factors to improve the product.

An attempt to list all these features here would take up more space than is available. If you want to check the different features of these motors, they are listed in all of the February issues of the major outdoors publications. They include Sports Afield, Field and Stream, Outdoor Life and the Fisherman. If you own a motor or if you are planning to get one, it would be well to obtain one of these February issues and had onto it.

Boren's Hdwe and Furniture on North Side, Floydada, takes pleasure in ANNOUNCING

A. W. Coltharp will spend the summer working in the area for our store, offering his aid to the people in the selection of

CARPETING, FURNITURE and Home Appliances

Please look for him to come to see you before the summer is over. Meanwhile, those who would like to discuss Furnishing, Carpeting or Appliance needs with him may call him at YU 3-2873, or at the Store, No. YU 3-3556.

BOREN HDWE & FURNITURE

Says Subsidies For Merchants May Be Needed

BARBON PARK, Mass., June 6 — Skyrocketing labor costs have forced employers to resort to unprecedented technological research. This research is teaching employers that they can get on without many routine workers. Even with the present high employment level, this should sound a warning note to high school and college graduates.

Push Buttons VS. Men

Out of electronics has come the basis for vast new developments in automation. A simple example of what I mean is the "electric eye" which opens doors at the proper moment without being actually touched by anybody. Another illustration is the record-changer and turntable on our phonographs, including the "automatic" stopping device. Of a more complicated nature are guided missiles that can chase and overtake an airplane without any human guidance.

This same principle of electronics is being applied today to operation of a manufacturing plant by a dozen employees, in contrast to the several hundred formerly needed. And remember that these can be women as well as men since their chief duty will be merely to press push buttons. Labor in general is not aware of the vast extent of the changes ahead. Employers, it is true, will always need human help, but not for a great many present-day jobs. Their requirements will turn more and more toward the intelligence and judgment of graduates with a high I. Q.

New Approach To Warfare

Russia has always thought in terms of massed troops to overrun Europe when the time seemed ripe for an attack. However, with the "Five Nations of Europe" learning to use nuclear weapons, wars are swiftly moving onto a push-button basis. The great masses of Russia, China and the Moslem nations will be only a nuisance to clutter up a battlefield under such conditions. Premier Khrushchev recognizes this, and that's why he is so eager to remain neutral. Electronics and the atom will cause tremendous changes not only in warfare, but in education! I envy our young people who are to graduate this month. They will see far more opportunities than we oldersters had. I wish the schools and colleges would wake up to these changes. Better pension off the professors who can teach only the orthodox old-fashioned courses, instead of forcing these courses on our young people so that they can get a degree.

Character Will Tell

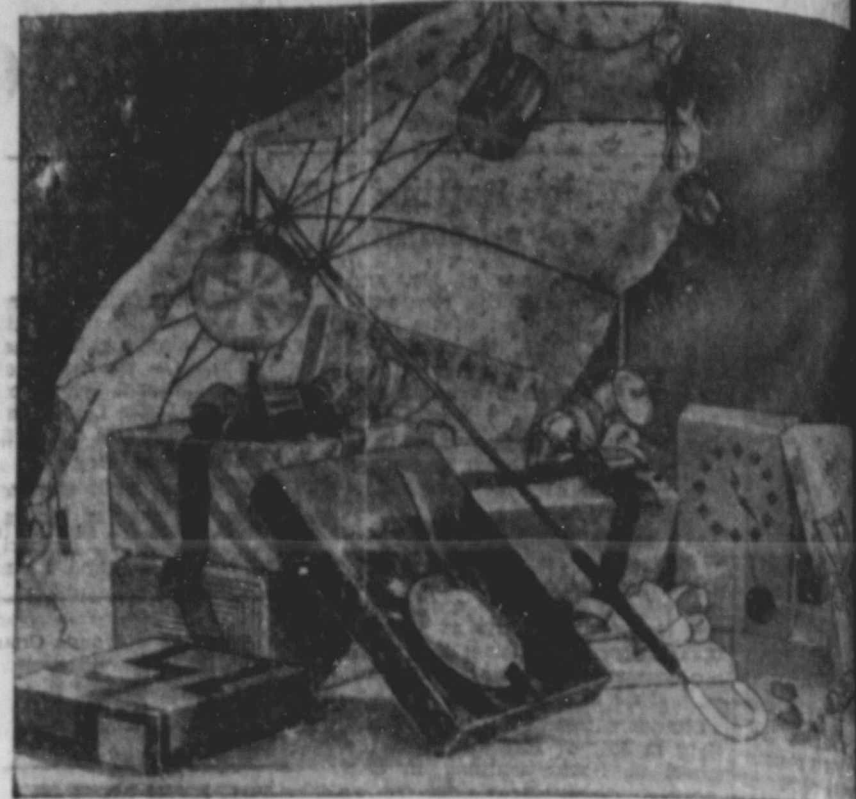

I predict that the above changes will mean that young graduates will need good character more than ever before. Better training in homes, churches, and schools will be absolutely essential in the new electronic push-button age. We are the young people who take evening courses now to prepare them for the better jobs ahead. The typical salesgirl is in the process of becoming obsolete. Before long she will be replaced 60% by self-service counters, 15% by push-button vending machines, and 25% by highly paid, intelligent salesmen whose job will be to secure new customers. New qualifications are a must for the June graduates who hope to get good jobs. The field of advertising and selling is still in its infancy, and marvelous opportunities exist for those willing to train properly for it.

What The Changes Mean

(1) Manual and routine labor will gradually become obsolete.
(2) Those who cannot readily learn new skills will be kept on at reduced hours, but with the same take-home pay. This will boost the Do-it-yourself industries!
(3) Only the serious and intelligent employees will get raises. There will be no limit on salaries for those with the necessary character, brains, initiative and loyalty.

(4) Our great problem will not be to raise crops, build homes, or manufacture goods, but to get people to buy. Hence, instead of subsidizing farmers, we may eventually subsidize merchants and salesmen.
(5) I advise young men to become expert machinists instead of lawyers, trained outside salesmen instead of inside pencil-pushers, and after graduation to attend night school to prepare for the NEW AGE.

The milk production of a cow is reduced more rapidly by too little water than by anything else.

PRETTY AND PRACTICAL is this "Steel Shower" setting. Children hung from the ribs of a brigh umbrella give a clue to the useful. Clever, too, are designs cut out and glued to gift packages (like the clock in above picture), telling the bride what's inside.

Rather Play Golf Than Sleep? — Join Army. Go Alaska

PORT RICHARDSON, Alaska — Around-the-clock golfing is one of the believe-it-or-not attractions of life for military and civilian personnel working at this Army headquarters and at nearby Elmendorf Air Force Base.

There's a joker to it, though. The season is short if the hours are not. While it is hoped that the weather will permit opening the course next week, last year play couldn't get under way until June 22, the time of year when it's light enough to play all night long. During most of the summer season inveterate golfers give up

about 11 p. m. but can resume the game about 2 a. m.

Fort Richardson is America's northernmost course with grass greens and its narrow fairways flanked by heavily wooded forests make it a challenge to the longest and straightest hitters.

Experts or duffers, about 150 of them pay the each week-end evening hours of play during the day.

Only about 100 adult population in the State is named.

ROW CROPS NEED NITROGEN!

APPLY PHILLIPS 66 AMMONIUM NITRATE NOW

Corn and other row crops need plenty of nitrogen to return bigger yields and profits at lower unit production costs. Phillips 66 Ammonium Nitrate contains a guaranteed 33.5% nitrogen. Half is quick-acting nitrate nitrogen for fast, healthy growth right from the start and half is ammonia nitrogen to provide long-lasting continued plant feeding.

This high quality fertilizer promotes stronger deeper root systems which make better use of available subsoil moisture to help you beat the drought. And it helps increase the protein content of grain and feed crops which put more money in your pocket.

ter, Mr. and Mrs. Don Cornwell and Jan, Billy also enjoyed a visit with Bobby Welborn who is stationed at El Paso. She made the trip with Bobby's parents and they were marooned over near McGoy, due to lakes over the roads.

Mr. and Mrs. J. T. Spears and family spent last week in Lampasas visiting in the home of his parents, Mr. and Mrs. Verlon Spears, Johnny and Janis remained in Lampasas for a few days visiting their grandparents.

We are happy to report that Ross Baird is home from the Methodist Hospital in Lubbock. Ross has been in the hospital for over a month and we know he is happy to be home again.

Mrs. Rafe Ferguson, formerly of the Community and now of Floydada, underwent surgery in the Plainview Hospital last Tuesday. Her condition is much improved. We are all hoping she will have a speedy recovery and is able to be back home real soon.

Miss Mary Starkey is in Amarillo this week visiting in the home of her grandparents.

Ken Swanner, son of Mr. and Mrs. M. B. Swanner, and Nancy Coats of Lubbock were united in marriage Sunday, Mr. and Mrs. Swanner attended the wedding. Also Mr. and Mrs. Kirk Slater, Jr., of Ralls attended.

James Jeffress continues to improve after having surgery last Thursday week in the Lockney Hospital.

Visiting in the James Jeffress home Monday and Tuesday night were Mr. and Mrs. J. R. Turner and family of Providence, Mr. and Mrs. Shafe Weaver and family of Silverton and Mr. and Mrs. Monroe Schulz and family.

The Sand Hill Baptist Church started their vacation Bible School Monday after postponing for a week. Forty-three children enrolled Monday morning with some changes made in the school. Bro. E. O. Adams is Superintendent, Mrs. Ed Noel is teaching the Intermediates, Mrs. J. M. Williams and Nancy Jenkins have charge of the Juniors, Mrs. Chuck Holmes and Pearl Baird have charge of the Primaries and Mrs. Grover Coffee and Dimples Thomas are in charge of the Beginners. The school will run for eight days.

Sunday visitors in the home of Mr. and Mrs. James Jeffress were Mrs. C. H. Jones of Midland, Mr. and Mrs. Johnny Stakes and family of Crane, Mrs. Gene Ridelhuber and children of Lubbock, Mrs. Sophie Lane, Pine Bluff, Ark., Jim Jeffress Silverton, Mrs. Doby Kelly of Lockney, Mr. and Mrs. William Mayo, Jim Holmes, Mr. and Mrs. W. R. Billington and Mr. and Mrs. H. F. Jackson.

Jim Holmes and Billy Gail and Granny Holmes were Sunday dinner guests in the home of Grandmother and Lloyd Cates.

Sunday dinner guests in the home of Mr. and Mrs. Orba Miller and Lyle were Mr. and Mrs. Orion Miller and family of Floydada, Bill Miller, Veri Miller, Mr. and Mrs. Walter Knight, Mrs. Cora Pace of Floydada, Bro. and Mrs. Roy Hazleton of Gunter, Tex., Mr. and Mrs. Robert Hays and Ronnie, and Mr. and Mrs. Barney Mason all of Plainview.

Lynn Miller made a business trip to Amarillo Monday.

Mr. and Mrs. Joe Fisher and sons of Lubbock spent the week-end in Floydada visiting her parents, Mr. and Mrs. J. H. Tribble.

Mr. and Mrs. B. W. Snell and children of Lubbock visited Sunday with his parents, Mr. and Mrs. Will Snell and other relatives of Floydada.

Rodgers Again Is Named Dept. Head South Plains Fair

A Floydada man has been appointed department superintendent of the Panhandle South Plains Fair, to be held Sept. 23-28 at Lubbock, Fair President R. E. "Bob" Gee announced this week.

William G. Rodgers, Floyd County Agricultural Agent, will be in charge of the Aberdeen-Angus Cattle department of the fair's livestock show. A veteran of three years work in this department, Rodgers was an official of the regional fair during the 1955 expansion program that provided a new cattle barn, swine judging arena and additions to the swine building.

"We are fortunate to have a man of Mr. Rodgers' ability to take charge of the Aberdeen-Angus department," Gee said.

Rodgers, who has been a resident of Floyd County for four years, is a member of the Floydada Chamber of Commerce, Rotary Club and Masonic Lodge No. 712.

He and his wife Doris and three-year-old son Jay Tom live at 528 West Lee Street.

Chevy Adds 4-Wheel Drive

This new four-wheel drive Chevrolet truck plows through hub-deep mud with power and traction to spare. (Note the offset front drive axle under the bumper at the left.) Designed for difficult off-road operations on steep grades, rough terrain, and in deep sand and mud, this all-wheel drive unit now is in production. It is available in 12 models including the suburban carryall; 1/2-ton, 3/4-ton and 1-ton pickup; 1-ton panel; 3/4-ton and 1-ton stake.

Lakeview News

(By Mrs. Verlon Wright)

LAKEVIEW, June 10 — Mr. O. K. Cluster visited Mrs. W. J. Rhodes in Floydada Sunday morning.

Mr. and Mrs. Roy Fawver visited Thursday night with Mr. and Mrs. R. H. Peel.

Royce Absher of the U. S. Army and previously stationed in Massachusetts, is visiting his parents on a 30 day furlough. He and his parents, Mr. and Mrs. C. L. Absher, and little brother Tommy visited their daughter and sister, Mrs. Jimmy Price, and family Sunday. Royce is expected to leave for the Hawaiian Islands after his visit home.

Mr. and Mrs. Earl Spears and Larry joined the spectators Sunday afternoon at the Warner Johnson Lake. (I'm sure there'd have been more of us out, if we had known there was boating, and water skiing, etc. to be enjoyed in this locality.)

Choice Smith, and a group of friends were there, as well as Howard Bushop, and Tony Soto, and others.

Mrs. W. C. Wright, Mrs. Charlie Wright and daughters were in Plainview Tuesday.

Mr. and Mrs. Howard G. Bishop and Mike were Sunday dinner guests of Mr. and Mrs. Harve Thomas.

Mr. and Mrs. Holt Bishop served an out-door supper Thursday to Mr. and Mrs. Jimmy Pegram, and daughter, Mr. and Mrs. Louis Pyle and family and Mr. and Mrs. W. H. Bunch and Rodney.

Mr. and Mrs. Holt Bishop were Sunday dinner guests of Mr. and Mrs. Jimmy Pegram and daughter, Mr. and Mrs. Frank Breed visited Thursday with Mr. and Mrs. B. L. Breed.

Mr. and Mrs. Odell Breed visited Mr. and Mrs. Harold Bertrand Friday night.

Mr. and Mrs. W. H. Hambright and Mr. and Mrs. Billy Joe Hambright and Kathie, and Mr. and Mrs. Gordon Hambright and Craig, visited Mr. and Mrs. Odell Breed and children Sunday.

Ann Hammonds has been sick this week.

Mr. and Mrs. F. B. Estep visited Mr. and Mrs. Alfred Brock in Roaring Springs Thursday.

Mr. and Mrs. F. B. Estep and Bill, Rev. and Mrs. Norman Blake and Mrs. T. F. Anderson were Sunday dinner guests of Mr. and Mrs. Roy Fawver.

Mr. and Mrs. A. M. Battey and Mr. and Mrs. Henry Willis were Sunday dinner guests of Mr. and Mrs. Wayne Battey.

We appreciate the trouble Mrs. Harriett Brummett and Dr. Jack Jordan went to, to bring the Movie on Heart Disease and the discussion afterwards to the people of Lakeview Friday night. (Personally I'm a bit disappointed they didn't find more people interested.)

Mrs. Cecil Johnson arrived in Lubbock Tuesday of last week from her home in Missouri to visit her daughter and other relatives, and to attend to some business.

Mrs. Cecil Johnson spent Friday night with Mr. and Mrs. R. L. Johnson and was Saturday dinner guest of Mr. and Mrs. Warner Johnson.

Mr. and Mrs. J. K. Bradshaw of Lorenzo visited Sunday with Mr. and Mrs. Warner Johnson.

Mrs. Cecil Johnson spent Saturday night with Mr. and Mrs. V. D. Wheelless in Crosbyton.

Mr. and Mrs. Bobby Johnson of Ralls visited Sunday with Mr. and Mrs. R. L. Johnson and Charles.

Mrs. Hamilton and a grandson, of Van Buren, Ark., returned home with her son Raymond last week for a visit here.

Mrs. Raymond Hamilton and son Larry stopped over last week in Oklahoma City, and didn't get home until Thursday. Larry went through the hayfever and allergy clinic there.

Mrs. L. D. Goughly and Linda visited Mrs. Buri Daniel and family Wednesday afternoon.

Mr. and Mrs. J. V. Porterfield of Petersburg, and Jamie and Cynthia Edwards, visited Thursday with Mr. and Mrs. W. Earl Edwards.

Mr. and Mrs. Plukie Smith attended the funeral last week of Mrs. Hollis in Slaton.

Jerry Bob Harrison and Gerri Floyd were married last Saturday night. Mr. and Mrs. Harrison made a trip to Ruidoso, N. M. Congratulations, Mr. and Mrs. Harrison.

Mr. and Mrs. Earl Edwards, Jr., made a trip to Lubbock Thursday.

Mrs. R. L. Nichols was Sunday dinner guests of Mr. and Mrs. Joe Anderson and family in Lockney.

Mrs. Claud Nichols and daughter, Claudia, arrived in Lockney last Friday to visit her parents, Mr. and Mrs. Joe Anderson.

Mrs. Claud Nichols and Claudia spent Sunday night with Mrs. R. L. Nichols, and Claudia remained with her grandmother Nichols for a long visit.

Mr. and Mrs. Carlton Fawver and family visited Mr. and Mrs. L. J. Goughly Sunday afternoon.

Leota and Billy Daniel were Sunday dinner guests of Bobby and Linda Goughly.

Mr. and Mrs. Jack Johnson visited

Whirl Staffers Recognized In IL Journalism

Billy Jack Eudy, Floydada High School commercial teacher and sponsor of the school newspaper, "The Whirl," received word this week that "The Whirl" staff, received a second place achievement award in the State Intercollegiate League Journalism Contest, held the last of May in Austin.

This contest is held each year so papers published by high school journalism students throughout Texas can be judged and given honors for their outstanding work.

The certificate given to the Floydada school was in recognition of their outstanding achievement and progress in journalism.

Other honors received this year by the group include a first place certificate at the South Plains Journalism meeting, held each year at Texas Technological, Lubbock, and a school trophy received at the Panhandle Press Association in Canyon. "The Whirl" staff received a distinguished merit award in 1956-56.

Miss Carolyn Williams, editor of the Whirl for 1956-57 received a second place silver medal in the state editorial contest in Conference 3-A. The winning editorial was "Protecting Our School Building."

Eudy assisted the paper staff the first semester of the school year and at mid-term turned the work over to them. Miss Janice Smith will be the editor for 1957-58.

Mr. and Mrs. Buel Neff while Sunday afternoon.

Mary Lynn Nixon spent Saturday night with Patricia Neff.

Mr. and Mrs. James L. Nichols visited Sunday with Mr. and Mrs. W. E. Oden in Floydada.

Mrs. Roy Fawver visited Mrs. R. H. Peel Monday afternoon.

Mr. and Mrs. R. H. Peel attended the funeral of Tom O'Brien in Friona last Friday.

Mr. and Mrs. Buel Neff visited Mr. and Mrs. Verlon Wright Thursday afternoon.

Mr. and Mrs. W. C. Wright were Sunday dinner guests of Mr. and Mrs. Verlon Wright.

Word has been received this week by the Floydada friends of Mrs. A. J. Cline of Mart, Texas, former resident of Floydada, that she had major surgery last Friday in Hillcrest Memorial Hospital, Waco. She is reported to be in good condition.

Kent Covington returned to New York, N. Y., Sunday after a two weeks leave from the United States Navy with his parents, Mr. and Mrs. P. M. Covington of the Dougherty Community. Kent has just completed his basic training.

Mr. and Mrs. E. W. Turner of the Pleasant Valley Community moved to Lubbock last Thursday. Mr. Turner will operate a parking lot in Lubbock.

KITCHEN AND FIELD NEWS

From Lighthouse Electric Co-operative Inc. by Nancy Morckel and Claude Weathersbee Electric-Station Advisors.

Mr. and Mrs. A. T. Swepton, of the Hillcrest Community were co-op visitors one morning last week. They told us that coming to Floydada now-a-days means a one hundred thirty mile trip, which is normally thirty-six miles from their home to Floydada and back home again. Mrs. Swepton said they had gotten twenty three inches of rain where they live since Easter.

Waldo Baxter, with the U. S. Navy, left on Friday morning for his station in California. He had been here for about two weeks visiting his parents, other relatives and friends. He felt he was particularly fortunate in getting to come home at this time as his friend Kent Covington was also home on leave. They entered the Service at the same time but didn't get to stay together very long.

The following note came recently: "I'd like to say thanks again to the linemen who came over last Saturday in the pouring rain and restored our electricity even though we were the only ones without service. We're very grateful to them. Sincerely, Mrs. S. M. True, Jr."

Thank you, Mrs. True, for such a nice note. It was thoughtful of you to write us, and we really appreciate it.

Carl Lewis is on the sick list this week.

Mr. and Mrs. Ed Pollan went to Dallas Wednesday to take their baby to the hospital. They returned home Sunday.

Mr. and Mrs. Ross Alexander and family have moved back to Floydada from Lubbock. Their son Jackie Alexander started work at the co-op for the summer on Monday morning.

Jonelle Fawver enjoyed a visit with Mrs. Arthur Colston while they were at Diversion Lake last week.

The Rogers family enjoyed a family reunion last Sunday at the home of Mr. and Mrs. J. N. Richardson. Attending were: Mr. and Mrs. Bruce Burrows and family of Ota, Kansas; Mr. and Mrs. J. D. Rainer and family of Wichita Falls, Texas; Mr. and Mrs. Bryon Powell and boys of Ralla; Mr. and Mrs. Parnell Powell and boys; Mr. and Mrs. Fred Lambert, Opal Rogers and Wiley Rogers. Those unable to attend were D. F. Rogers and family of Lubbock; Kenneth Rogers and his family of Sherman, Texas and Mrs. L. A. Shipley and her family of Hamer, N. M.

Water enthusiasts enjoying boat riding and surf board riding on the lakes Sunday afternoon were Mr. and Mrs. Red Gregor, Mr. and Mrs. Loy Lee Trice and Corkey Outler and son Larry.

Summer time employees at the Lighthouse starting work Monday morning were: Paul Hurlington, Jackie Henry, J. E. Walker, Carol Outhrie, and Jackie Alexander mentioned above.

E. J. Maricotte of Idalou came Sunday for his wife and daughter who have been spending the past two weeks with Mr. and Mrs. Buck Maricotte and boys.

Mrs. C. A. Cumble, and Mrs. R. T. Jones, Neida and Linda Sue were co-op visitors last Thursday. Mrs. R. T. Jones, Neida and Linda Sue and Gene left for their home at Midland, South Dakota, on Friday morning. They had been here for two weeks visiting her mother, Mrs. Cumble, other relatives and friends. She said they like their home in South Dakota and have made a lot of nice friends since they have been there, but they still miss their Texas friends.

Mr. and Mrs. Gene Miller and baby Marty came by for a visit one morning last week. Catherine was formerly billing clerk at the co-op; she will be remembered as Catherine Appling of Mr. Blanco. Little Marty is about five months old—it was the first time we had seen him—he is a darling baby.

Bill Shannon, Hale County Farm Bureau Agent, was a co-op visitor on Tuesday morning.

Bob Copeland, Chairman of the Health and Safety Committee of the Floydada Chamber of Commerce, asks that we make mention in our letters and bulletins two important events that are coming up in Floydada this week in June: The free chest X-ray, on Monday, June 24, 8:30 a.m. to 3:30 p.m. which will be held at the Bishop Motor Co., 114 West California St. The X-rays are free, and the reports are confidential.

The other is a meeting to be held on Thursday, June 27, 8:00 p.m. at the Floyd county court house on mosquito control. This program will be presented by the Texas Health Department suggesting action which may be taken to control mosquitoes in the county, and I feel sure will be of interest to all of us.

Reason for Steaming or Blanching the Vegetables You Put into Your Freezer: Blanching or steaming is considered to be the most important step in preparation of vegetables for freezing. Blanching or steaming retards the action of enzymes. These enzymes help in the growth and ripening of vegetables, but unless they are stopped before freezing, they will cause loss of vitamins, color, texture and flavor. Blanching time varies with each variety of vegetable and also with the size of each. Consult your freezer guide Extension Service Bulletin, or the U. S. Dept. of Agri. bulletin for the proper preparation and timing. If you follow the directions carefully you will be assured of quality products with a maximum amount of food value.

The persons hardest to convince they are of retirement age are the children at bedtime.

Next time you think your electric bill is too high, just stop and count up the number of things electricity does for you in the home, and on the farm.

South Plains News

(By Mrs. Murray Julian)

SOUTH PLAINS, June 12.—This is a busy week for everyone in our community including the children. For Vacation Bible School is in progress at the Baptist Church from 8:30 until 11:30 each day, with commencement exercises on Friday night at the church. Every farmer is in his fields from daylight until dark, getting cotton and maize replanted, and reworking the fields which were ravaged by hard, heavy rains, and much erosion caused by the lakes which have overrun many of the farmer's fields. Everybody hopes for drying weather and for the lakes to go down so as to make it easier to get to the

B. F. McIntosh Jr. Moved to Wichita

DALLAS June 8.—The transfer of Benjamin F. McIntosh, field representative for U. S. Steel's Oil Well Supply Division, from Sherman, Tex., to Wichita Falls, was announced today by William Miskimins, central midwest area manager of the division. McIntosh was employed by "Oilwell" in 1933 at Graham, Tex. In 1933 he was transferred to Gainesville, Tex., where he was appointed field representative in 1934. The next year he was transferred to Sherman.

A native of Texas, he served in the United States Navy during World War II. He received the Bachelor of Science degree from Texas A&M College, College Station.

W. M. Stanforth sprayed their onion acreage after the hail battered the field in the storm of last week. Most of the wheat in our vicinity has straightened up after the rains have lessened, but there was hail damage in places.

Rev. and Mrs. Larry Faus and Vassie Beth returned home from Chicago last Friday, and coming here by way of Silverton to go to the Sim Reeves home to give up baby. Faus, they found they were unable to get home, and had to backtrack 58 miles to get here, a distance of 7 miles.

Miss Bonnie Upton, Miss Virginia Taylor, and Don Probasco, from South Plains were part of the wedding party at Floydada on Monday night, June 7, at 8 o'clock in the First Baptist Church when Miss Beulah Crawford became the bride of A. C. Pratt. Bonnie was maid of honor and Don served as best man, while Virginia assisted in the hospitalities.

Mr. and Mrs. Grigby Milton, Barbara, Darla and Donita went to Lubbock to keep a dental appointment on Wednesday. Their car had to be pulled to the highway by tractor, and they had quite a time getting out, but by night the roads were fairly well dried, except where the deep ruts made driving hazardous. The Miltons were accompanied to Lubbock by John L. West, who was staying here with the John Key Westa, and will visit with his daughter, Mr. and Mrs. Ian Moore.

Mr. and Mrs. Syvin Kinnibrugh, Marilyn and Beth, and Mr. and Mrs. Thomas Pierce, Beverly, Stanley and Steve, spent Thursday in Lubbock where they enjoyed a picnic dinner of fried chicken at Mackenzie Park, and the Piers remained at Lubbock to spend the night with relatives, Mr. and Mrs. Raymond Pierce and family.

Mrs. Loy Deavenport, leader for the 4-H Club girls, and June Marble, 4-H Club delegate from Floyd County, left this Monday for Colorado Springs where they will stay until Thursday attending the state 4-H Roundup. They will register on Tuesday, and the theme of the meeting will be "Person to Person," endeavoring to install better relations between countries. The 4-H girls and Mrs. Deavenport attended a food demonstration given by Mrs. Morckel at the REA kitchen on May 31.

Mrs. Virgil Joiner, from Midland was a house guest in the home of Mr. and Mrs. Murray Julian and boys from Saturday until Tuesday afternoon. She visited friends in Floydada on Tuesday afternoon, and Sunday she was a visitor at the South Plains Baptist Church for the morning and night services with the Juliens. Her son, Gordon, is attending summer school at Texas Tech in Lubbock.

Mr. and Mrs. Shelby Calahan and children had as visitors in their home on Wednesday Mr. and Mrs. Syvin Kinnibrugh and girls, who spent the day in their home.

Walter Wood resigned as song leader of the Baptist Church on Sunday morning after many years of faithful service, and Mrs. Don Probasco was chosen to fill his place. It was good to have a fine attendance in church both morning and night on Sunday, for the weather has made it impossible to get to the church for such a long time. Rev. Faus gave an interesting account of his trip to the Southern Convention in Chicago, and reported a wonderful time, with a few days of good fishing afterwards in the lakes of Wisconsin.

Last Tuesday night in Lockney a group of grown-ups and children from our vicinity gathered at the skating rink to enjoy an evening of skating. Several families and their friends attended.

Mr. and Mrs. E. D. Kinnibrugh and girls visited in Lakeview on Friday with Mr. and Mrs. Clifford Helms, Bonnie and Judy.

Mrs. Rex and Mrs. John Smitherman and Mrs. Garvin Beedy brought refreshments to the church on Monday morning to serve to Rev. and Mrs. Faus, the teachers, and Vacation Bible School students.

We are sorry to learn of the illness of Early Prichett. He was taken ill on Monday of this week, and is in Peoples Hospital in Floydada with a case of pneumonia. We sincerely hope he is able to come home soon, especially at this crucial time of planting.

Mr. and Mrs. Frank McCure left this Tuesday morning for Houston, Texas, where they plan to visit for some time with their son, Mr. and Mrs. Don McCure, and baby son. They took their granddaughter D'Ann back as far as her home in Crosbyton, and went by way of Snyder where they plan to spend the night with her mother, Mrs. R. W. Newman.

Mr. and Mrs. George West left home Tuesday of last week for Roswell, N. M., where they spent the night with Mr. and Mrs. Bud Gold-ton, and they all went on the next day to the West cabin at Ruidoso to spend a few days. They also planned to spend some time in Truth or Consequences, N. M., while gone.

were the honoree, Walt Wood, and James Prichett, Jimmie Upton, Bill Beddoe, Bruce Julian, Jerry, Beth and Johnny Calahan, Barbara Sue Milton, Gary Morrison, Bud Higginbotham, Marilyn Kinnibrugh, Yvonne Karr, Katherine Mulder, Allen Adams and Dwight Teeple.

McCoy News

(By Carleta Reeves)

McCOY, June 10.—Due to muddy roads and water over the highways, we did not have church on Sunday, June 12. The rains have been nice, but we could use some pretty weather now, as the weeds are really growing fast.

Mrs. Donald Gartlin and son visited last Wednesday and Thursday with Mr. and Mrs. Carl Reeves and girls.

Mr. and Mrs. Otto Payne of San Antonio visited with Mr. and Mrs. Claude Payne and D. P.

Misses Carleta Reeves and Marguerite Dunn of Center visited last week in the home of Carleta's aunt, Mrs. Alton Chiddix and Mr. Chiddix.

Adrian Helms left Sunday, June 2, for Odessa where he will be employed with Gulf Oil Company.

Mr. and Mrs. T. J. Whitley of Floydada visited Thursday in the home of Mr. and Mrs. Claude Payne and spent Thursday night in the Carl Reeves home. Other visitors in the Reeves home were Tommy Smith and Billy Rivers of Petersburg.

Mr. and Mrs. Harvey Dale Tardy of Lubbock visited Tuesday and Wednesday with Mr. and Mrs. Harvey Tardy and Nell.

Mr. and Mrs. Harvey Tardy visited with Mrs. W. W. Smith and Thelma on Wednesday.

Mrs. C. C. Price and Mr. and Mrs. E. H. Truitt of Idalou visited Charley Rhodes of Snyder who is ill.

A reunion for the children of Mrs. L. C. Harris of Flomot was held last Sunday at the home of Mr. and Mrs. C. C. Price and family. There was 31 present for the occasion.

We had a nice crowd out for church and Sunday School. Bro. and Mrs. Ken Carter and family were dinner guests in the home of Mr. and Mrs. J. Hearn Hodges and family. Other guests in the Hodges home were Mr. and Mrs. Charles Hartwell and Charis and Billie Jo Smith and family.

Mrs. E. H. Truitt and Jean and Mrs. Dewayne Starling visited Friday with Mr. and Mrs. C. C. Price and family.

Mr. and Mrs. Oscar Payne of Lubbock visited Mr. and Mrs. Claude Payne on Sunday evening. Granddad Payne returned home with them for a few days visit.

Laticia Stephens and Bobby Reeves visited in the C. C. Price home on Sunday.

Mrs. A. G. Eubanks visited with Mrs. A. L. Sparks Sunday evening.

Margaret Dunn of Center spent Sunday night with Carleta Reeves, Mr. and Mrs. Harvey Tardy visited Sunday afternoon in the home of Mr. and Mrs. P. D. Helms.

Vacation Bible School began on Monday, June 10, Saturday, June 8, was registration day with 49 present. Mrs. Lu Hodges is principal of the school. All children are invited to attend.

On Monday, June 10, we had 65 in Bible School. Come on kiddies to Bible School.

Mr. and Mrs. Draper Evans have their daughter and three grandchildren with them this week. They live in Midland.

Mr. and Mrs. Robert Smith visited Sunday with Mrs. Smith's parents of Olton, Mr. and Mrs. A. Curry.

'Others Get Well — So Can You'

When a person suffering from allergy is familiar with the various products which contain substances to which he is allergic, by avoiding contact with them, it minimizes his disturbance; however, in as much as there IS A CAUSE FOR SUCH SENSITIVITY TO ALLERGENS, once the cause is located and corrected, allergic tendencies are eliminated for good.

Why should certain persons develop sensitivity to a product while another, living under the same conditions does not. Chiropractic unlike medicine, teaches that this unknown factor is found within, and that the resistance or susceptibility of the individual must be measured in terms of vitality or resistance. The measure of one's health only equals the supply of nerve impulse.

Example: Woman, age 37. Had rash break out over entire body for past 2 years. Has been treated in past with shots, pills, ointments and etc. Came to our clinic to try chiropractic. Examination revealed area of nerves pinched from a spinal bone misalignment. We told patient we could not treat rash but we would correct spinal misalignment which would free the spinal nerves from pressure. This would, in turn, raise resistance of body to normal so body could react normally to any irritants. Upon correcting misalignment with chiropractic care, case responded 100%. Was free of rash within 3 months and rash has never returned since.

While other professions are concerned with changing the environment to suit the weakened body, chiropractic is concerned with strengthening the body to suit the environment. He adjusts the misaligned vertebra, removes all pressure from nerve fibers, permits free and uninterrupted flow of mental impulse current from brain to affected parts, resulting in normal expression and normal function.

Patzer Chiropractic Clinic

Commencement This Mid-Week For VBS Pupils

The First Methodist Church will close their Vacation Bible School series tomorrow (Friday) evening with open house from 7 until 9 p.m. in the educational building of the church.

The handwork done by the children in each department will be on display to parents, friends and relatives during this time.

An average attendance of 80 has been recorded for each day during the two weeks with a total of 26 workers conducting the series of education, inspiration and recreation.

Mrs. Greer Christian is general superintendent for the school and Mrs. Guy Ginn is refreshment chairman.

Vacation Bible School commencement exercises were conducted last night at 8 o'clock at the First Baptist Church with each child in the 12 departments participating in a short departmental program. Two hundred and thirty-eight attendance diplomas were presented at the occasion.

Following the exercises the work done by the children during the eight days was displayed in their rooms.

Mrs. Ed Bowles was general superintendent for the school and department superintendents were:

- Nursery, Mrs. Emory Robertson;
- Beginner I, Mrs. O. G. Mayfield;
- Beginner II, Mrs. R. L. Kendrick;
- Primary I, Mrs. R. G. Dunlap;
- Primary II, Mrs. Claude Weatherabee;
- Primary III, Mrs. C. C. Huckabee;
- Junior I, Mrs. Floyd Boren;
- Junior II, Mrs. Doyle Moore;
- Intermediate, Mrs. A. J. Goway;
- Study topics for the department with activities based around the subject were:
- Nursery, "Loving and Pleading Jesus";
- Beginner, "Learning Gods Ways with Bible Children";
- Primary, "Boats of the Bible";
- Junior, "A Journey with Jesus";
- Intermediate, "Parables of the Bible".

Refreshments were served each morning by the various adult Sunday School classes of the First Baptist Church.

A mission offering was taken each morning and will be sent to the church missionaries, Rev. and Mrs. Lonnie Doyle, to help promote their work in Brazil.

Vacation Church School at the First Christian Church came to a close on Wednesday, June 12, after eight sessions of study fellowship and worship. The colorful and interesting theme, "Jesus Calls," was a challenge to both teachers and pupils as they worked out the ways in which we are called to serve and obey.

The Church School included four departments, Nursery, Beginner, Primary and Junior. The intermediates have met separately and prior to the regular school. This enabled teen-agers to attend their sessions and workers also in the regular church school.

Mrs. Sam Spence, general superintendent, has announced an average daily attendance of 58 children and 19 workers. There were 70 children enrolled in all; 38 were in perfect attendance; 14 missed only one day because of muddy roads at the beginning.

Song services for the school were under the direction of Rev. and Mrs. W. D. Reeves. A colored movie of the preparation, operation and closing assembly has been filmed by the assistant principal, Mrs. Kinder Farris, and David Kirk.

Wednesday night at 7:30 p.m., the rooms were on view for open house before the closing program at 8:00. Parents came in large groups to see their children's accomplishments and to hear their parts on the program.

Following the flag procession into the sanctuary at 8:00, the audience joined in the pledges and song service. The superintendent, Mrs. Sam A. Spence, welcomed the people and gave the attendance totals. She also thanked all those who had contributed extra time in serving refreshments, those who had furnished refreshments every day, and David Kirk for the hours spent in filming the church school.

The offering this year was taken for missions in Mexico. Tommy Farris, dressed in sombrero and serape made the appeal for missions as a little Mexican boy. Pedro. The offering was taken by Stephen Pyffe, Todd Wester, Skipper Brown, and Terry Amburn. Carolyn Emert gave the offertory prayer.

The program was under the direction of Mrs. Farris. The Nursery and Beginner Departments had special songs. The Primary boys and girls gave the daily theme of their classes and Bible verses to illustrate the theme.

The playlet, "And They Heard Him Not" by the Juniors and Intermediates was woven around a daily incident in the life of Christ. A crowd of people heard about Jesus wanted him to give them more food. When Jesus offered them the bread of life and eternal salvation, the crowd didn't understand and turned away. Only Peter, James and John remained.

The cast included: Frank Barrow, James; Jimmy Barrow, John; Anthony Hill, Peter; George Farris, Jesus; Melinda Goen, Elizabeth; Sue Edmonds, First Woman; Kay Asher, Rebecca.

The crowd included these Juniors, Jimmy Asher, Charles Brown, Gary Jarnagin, Diane Edmonds, Nita Jo Dorrell, Sue Schulz, Sue Warren, Frances Van Wickel and Susanne Badgett.

Municipal Pool Opened; Today Is Splash Day

Floydada's municipal swimming pool was opened yesterday for the season and Floydada Fire Department announced that today is "Splash Day" at the pool.

Earlier opening of the pool had been delayed by needed arrangements for keeping the pool in good sanitary condition, but the public had not missed their swimming to any extent due to the unusual weather.

Fire Chief Leroy Burns made the following announcements relative to the pool:

The hours will be 1 o'clock to 9 o'clock daily; Admission will be 25 cents and 50 cents;

Lee Roy Terrell will be manager of the pool and concessions;

A life guard will be on duty while the pool is in operation.

Burns also said that the first class for swimmers will begin Monday, June 17. The lesson hours will be 10 a.m. to 11 a.m. and the charge for the lessons will be \$3 per person.

Farmers Pumping Lake Water Thru Irrigation Wells

After the presentation of certificates by Rev. Reeves, the assembly was dismissed by the Sunday School Superintendent, Don Barrow.

Allen White, editor of "Cross Section," the High Plains Water District organ, on a visit to Floydada last mid-week, reported that numerous farmers in the district are making use of centrifugal pumps and pipe to take water out of their lakes and discharge it into the underground sand formations.

"In this way, if the farmer already has his pipe, the expense of saving and storing the lake water is not high, and they look on it as good insurance for later on."

Mr. White said the gas company did not get their installation completed at the lake west of Petersburg in time to put into operation before the big rains came. Accordingly it is "away out in the lake" at this time and is covered up by the water.

All that could be seen of the installation last mid-week was the top of the pump head, Mr. White said.

Mrs. Wanda Baker of Dallas is spending the summer months visiting her father, N. A. Armstrong of this city and her daughter and family, Mrs. E. A. Van Netter of Lubbock.

Miller Warehouse To Be Built Soon

A new location and warehouse is in the offing for the Floydada plant of Miller and Miller Motor Freight Lines, it was indicated last week-end, unofficially.

The company's decision to begin at the earliest possible date on the new warehouse had something to do with the heavy rains of the period since Easter. It has been difficult for the big vans to get to the warehouse area.

Last week one of their big vans was located down-town and was fitted up to use for storage for current local freight shipments.

RUFFUS KELLEY GRAVELLY ILL

Ruffus Kelley, farmer in the Aiken community, and for many years a resident of the Starkey community, is in serious condition in a Lubbock hospital.

Kelley is suffering from a number of complications and doctors have not encouraged the family to expect an early recovery for him.

Mrs. Kelley, sister of Mrs. Charles Hartsell, sisters of Mrs. Kelley, and Mrs. Malvin Jarboe, niece of Mr. Kelley are among those spending some time with the patient. Mrs. Kelley has been at her husband's bedside since he was admitted to the hospital a week ago.

The name, United States of America, originated when it was written into the Declaration of Independence.

Mrs. Brummett Is Leaving for New Field July First

Mrs. Harriette Brummett has resigned as Home Demonstration Agent of Floyd County, and is transferring to Bailey County effective July 1.

The prospective change up was told the Commissioners Court by Mrs. Aubrey W. Russell, District Agent, in a letter under date of June 5, delivered to Judge J. D. McBrien.

Mrs. Brummett asked for a county having a lighter load of 4-H clubs to meet. Mrs. Russell said.

A replacement for Mrs. Brummett is promised "as soon as possible to do so," by Mrs. Russell.

PEOPLES HOSPITAL NEWS

Patients in Peoples Hospital reported in good condition are Early Pritchett, Mrs. E. A. Hopkins, V. C. Hagood, N. A. Armstrong, T. M. Holland, Miss Darlene Willis, Mrs. W. T. Branson, Mrs. Ire Baker, Mrs. R. L. Norrell, Mrs. John Delgado, Baby twin girls Mata, Baby Girl Delgado, Baby Boy Norrell and Baby Boy Baker.

Mrs. Lula Brown of Clifton and daughter, Mrs. Max Buckholtz of Dallas, visited last Wednesday with Mrs. Brown's brother and wife, Mr. and Mrs. Will Snell. They also visited with her niece, Mrs. Roy L. Hale and family.

NOTICE! To WHEAT GROWERS

The Floyd County Wheat Loan Rate Has Been Announced at \$2.01 per bushel. However, the Department of Agriculture has revised the U. S. Wheat Standards Effective June 15.

These new and revised Standards will concern most wheat grading factors and will therefore affect the sale price of your wheat or its Eligibility for the Government Loan.

The New regulations mean, in every-day language, that the farmer will be allowed about half the trash and cracked grains that he has been allowed heretofore.

Due to these much stricter limitations on wheat grading, imposed by the Department of Agriculture, we feel you would be interested in several of the more important ones which will directly affect you.

- (1) A reduction in the limits of total Foreign Material to 1/2 per cent, 1 per cent, 2 per cent, and 3 per cent in Grades 1, 2, 3, and 4 respectively, compared with 1 per cent, 2 per cent, 3 per cent, and 5 per cent now permitted.
- (2) A reduction in Shrunken and Broken Kernels in Nos. 1 and 2 to 5 per cent and in No.3 to 8 per cent. Present tolerances are 7 per cent for No. 1 and 2, and 10 per cent for No. 3.

Cotton Yields Compared For Varying Dates

Last year cotton planted as late as June 30 made three-fourths of a bale per acre in tests run by the Lubbock Experiment Station, according to figures released by County Agent Bill G. Rogers, in a statement designed to give cotton farmers the benefit of the experience tables run on cotton planted from April 13 (very early) to June 30 (very late.)

Moreover the length of the June 30 fiber was 9-tenths of an inch, compared with 92-hundredths to 1.01 inches for other plantings. The cotton graded low middling.

All the acreage put into the tests had good pre-planting irrigation but the June 30 cotton had no summer irrigation, whereas the cotton planted prior to June all had two to three irrigations during the summer.

The cotton on the tested acreage planted on May 15 made the highest yield, with 764 pounds. Cotton planted before that time and afterwards as well did not yield quite so well.

All plantings were harvested about three weeks after frost with a strip-her harvester. The report says that watering was managed not to produce the highest yields but to assure maximum fiber development.

The plantings were made on land and managed by what may be considered average conditions on the high plains in 1936.

Here are the planting dates, the yield lint per acre, number of summer irrigations and the classes graded for each of the dates tested:

- April 13 yield 680 pounds lint with three summer irrigations, grading strict low middling.
- April 20, yield 744 pounds lint with three summer irrigations, grading strict low middling.
- May 4, yield 742 pounds with three summer irrigations, classing strict low middling.
- May 15 yield 764 pounds lint cotton with two-summer irrigations, classing strict low middling.
- May 23, yield 676 pounds of lint cotton with two summer irrigations, classing strict low middling.
- June 1, yield of 845 pounds of lint cotton with one summer irrigation, grading strict low middling.
- June 11, yield of 513 pounds of lint cotton, with one summer irrigation, grading strict low middling.
- June 15, yield of 513 pounds of lint cotton, with one summer irriga-

tion, grading strict low middling. June 22, yield of 402 pounds of lint cotton, with no summer irrigation, grading strict low middling; June 30, yield of 378 pounds of lint cotton with no summer irrigations, grade low middling.

The report concludes that from the standpoint of growing conditions in the area and from plant response to these conditions, cotton planted at the station as late as June 15 usually is more profitably to the grower than the production of any other crops at present market prices.

Council Breaks Meeting Record

City Council of Floydada Tuesday night made a new record in elapsed time for a regular meeting. They began their session at 7 o'clock and at 8:30 were adjourning.

They talked of many things in that hour and a half, but took little action that required recording.

Accounts ordered paid totaled \$5,464.84.

The meeting coming on the heels of account paying day for water, sewer and light bills the council could not be furnished a list of delinquents. City Secretary Norman said the figures are down from last month.

Reports to the council included the following:

The city's mower is in operation but is making little showing against the calls that are coming in from all parts of town.

The fogger has covered parts of the city and is still ready to go. Additional areas will be covered as condition of dirt streets will permit.

The sanitary crew got away behind while the alleys were covered by water and may be sometime getting back on schedule. Alleys are filling up with weeds and brush.

The city has been unable to interest anybody in making up the delinquent tax roll, for which abstractors, real estate agents and attorneys are strongly urging.

With rolls dating back to 1941, to be searched a certificate as to taxes paid has doubtful value, they claim. The council has no answer to date in their talks with the Commissioners Court on an arrangement for calls to areas outside the city limits. Mayors J. M. Wilson Jr. of Floydada, and J. E. Cox, of Lockney, discussed the situation with the court the first of the week. The court took the matter under advisement.

BY STORES 'Harvest Days' All-Out Drive To Be Staged

Campaigning to win friends and influence people to buy in Floydada, local retailers in all lines are joining in a four-day event they are naming Harvest Day Values, which will be featured in The Hesperian and Radio Station KFLD broadcasts next week.

The event will cover Friday and Saturday of next week, and the following Monday and Tuesday.

The Hesperian's coverage will be augmented by several thousand copies. Pledges the Retail Trades Committee of the Chamber of Commerce already has in hand estimates that at least 40 and quite probably 50 different retail and service establishments will have a part in the event. Dan Hagood, chairman of the committee, is confident the idea is going to create wide-spread interest.

"The four day period to be a high-volume time in all the stores of Floydada," Hagood said. "Every man is going after all the business he can get. But we're trying to grow together to make the whole town a better place, one people will like to call their shopping headquarters."

For its part in the big campaign The Hesperian will do the biggest job of newspaper printing and mailing in its history and has of necessity advanced the deadline for advertising copy a full two days.

Retail Sales Short Course

Dan Hagood, chairman of the commerce retail trades committee, announced this week that arrangements have been made with the University of Texas for a Retail Sales Short Course to be held in Floydada on July 15, 16, 17 and 18.

The short course, "The better you sell, the more you sell," will feature four two and a half hour sessions on how to sell merchandise, ideas and services.

Arthur M. Brown, retail training specialist at the University of Texas division of extension, will be the instructor.

A fee of \$2.00 will be the charge for the course, Hagood said. Registration is limited to twenty-five area residents.

Floydada Boys Say Boys State Was a Thriller

Ronnie Downing and Denis Whitfill, who returned home from Austin Tuesday night were unanimous in declaring the event the greatest experience in their lives to date.

Denis did not go in for politics and wound up a member of the Board of Pardons and Paroles, an appointive job, but Downing hit the ground running for office. He aimed high, got beat for governor but won the lieutenant governor's job.

Also in addition to an engraved gavel denoting his service as lieutenant governor and president of the state senate, Ronnie came home on crutches, a memento of a Wednesday night basketball game accident. He has a pulled knee cartilage which will take some time to heal. "I didn't get hit or anything," he said, explaining the accident. "I pivoted in the game and when I did the knee went out. I spent the night in the hospital." The doctor thinks the knee will come around all right.

There were 539 boys on the campus.

Ronnie's high office also got him an honor that comes along the latter part of July. As a guest of the American Legion he will fly to the campus of the University of Maryland to attend Boys' Nation. Ninety-six boys all will be "senators" during their stay there. University of Maryland is about 20 miles out from the nation's capital. He suspects the most of their stay there will be spent in sight-seeing. One other boy, Wesley Gilpin of Houston will make this trip. Gilpin was elected governor of Boys' State.

Both Ronnie and Denis were juniors the past year in Floydada High School. They had good records, both scholastically and in activities of the student body. Both will be members of the student council next term, Downing as president.

In addition to his school work Denis is a part time announcer at Radio Station KFLD. Boys State lads were hosts to the girls of Girls' State at a function Monday night which closed the week of activities.

Tomnie Flenniken has returned home from Abilene, where he was a student the past year at Hardin-Simmons U. He is a son of Mr. and Mrs. T. W. Flenniken of Lakeview.

Leslie Taking New Post With Pioneer July 1

In a shift of forces of the Pioneer Natural Gas company, one additional executive post is being set up at Floydada, the place to be filled by veteran Roy Leslie, who will assume the job of Irrigation Inspector beginning July 1.

Leslie will be succeeded as district manager by Ralph Mardis, who comes to Floydada from Muleshoe. Meanwhile R. Q. Botkin, who has been one of Leslie's assistants here for two years, has moved to Muleshoe with his family and will succeed Mardis as manager there.

Leslie will continue to office in the company's Floydada headquarters but will have no connection with the affairs of the domestic or industrial users in Floydada nor the other towns under the jurisdiction of the office here.

Leslie will spend all of his time with the irrigation customers in an area that will cover portions of Floyd, Hale, Lubbock, Crosby and Briscoe Counties. Pioneer has miles of service lines running to hundreds of wells in this and adjoining counties. Leslie has a long record of service with the company, 13 years of which have been as manager of Floydada District.

Servicing these customers, watching pressures and volume of gas so as to assure maximum service to irrigated farms will take all of his time. Mardis was in Floydada two weeks ago looking over the local set-up, he is in process of moving his family here to be settled and ready to tackle his new job when the first of the month rolls around.

Mrs. Roxie Kent is leaving this morning to spend the summer with her daughter, Mrs. Mable Love, whose home is in Mattewan, Michigan.

Punch-Card Style E Bonds Planned

The Treasury Department, beginning next October 1, will issue Series E Savings Bonds in punch-card form, at an annual saving of \$500,000 a year in printing costs.

The punch-card bonds will closely resemble the present paper-type bonds and will have the same printable matter on both sides as now. But while the present paper-type bonds are 7-8 by 4-1/4 inches in size, the punch-card bonds will be 7-3/4 by 3 1/4 inches.

Present stocks of the paper-type E bond forms will be used until stocks are depleted, probably by the end of September, or for residues of paper-type bonds.

General approval was expressed by bond buyers, volunteer bond salesmen, financial institutions and others consulted by the Treasury when the money-saving change to card-type bonds was proposed several months ago.

The punch-card bonds will make possible the use of electronic data processing machines for certain Savings Bonds procedures in the Bureau of the Public Debt, and installation of such machines is now being arranged for. Some business firms and others issuing bonds under the payroll savings plan will also be able to realize economies in handling the new bonds.

Tips on Bindweed

College Station, June — Bindweed can put cotton farmers in a real bind. This rapidly spreading menace will completely dominate infested field sites with a deep-rooted persistence unless properly treated.

Before you declare war on bindweed, knowledge of a few basic facts are essential. It has arrow-shaped leaves and small, white bell-shaped flowers, making it relatively easy to identify. Sometimes called the "most feared weed in Texas," it is rather common in wheat growing regions. However, it is widely scattered in many other areas.

Fred Elliott, Extension Cotton Specialist, says small spots of bindweed can be controlled in cotton with "Kuron" and kerosene. START IMMEDIATELY, the specialist urges, destroy the crop in bindweed spots if necessary. On 1/4-acre-kerosene to the foliage and crowns of or-less spots, apply 1-1/2 to three gallons "Kuron" mixed in 100 gallons undiluted in or close to cotton.

Spray below eight inches for best results, using a five pound-per-square-inch pressure or less. Spray surviving plants the next day and leave the soil undisturbed for remainder of the season. Treat any new bindweed at emergence for two seasons, Elliott adds.

The specialist figures 100 percent control from two or more treatments will cost 50 cents per acre in the first year, and \$1.00 in the second year.

Watch for bindweed early years and spray many times to prevent spots the following year.

CAUTION: When the spot treatment method for bindweed is used, the cotton should not be planted in the same spot until after the bindweed has been treated with "Kuron" - oil manure agent can provide "Veto" cotton meaning "I bet"

Viewpoint On Kitchen Will Be Aired Tuesday

Miss Bernice Strawn

Miss Strawn will also make appearances in Amarillo and Midland under the sponsorship of Pioneer Natural Gas Company.

Texas State Fair that year. So great was the interest in this All-Gas kitchen for handicapped women that it was reproduced in a trailer and toured the country for over a year.

No stranger to the Southwest Miss Strawn once served as a home economist for the U. S. Department of Agriculture in this region, and for several years she was a member of the faculty at Oklahoma A & M College.

During her current tour, Miss Strawn will also make appearances in Amarillo and Midland under the sponsorship of Pioneer Natural Gas Company.

News of Broadway

(By Mrs. T. E. Thornhill)

BROADWAY, June 16 — To the family of J. W. Stout Sr. we wish to extend our very deepest sympathy. May God be near and comfort you in these dark days. Mr. Stout slipped quietly away in his sleep Thursday morning and what a comfort it is to all to know he was ready to go when Jesus called him home to rest. The Stout family were members of our community for many years.

On this sunshiny Monday morning we can see tractors going in every direction. The ground is still very wet and the farmers are hunting out the high spots and getting the cotton seed in the ground. I doubt if they get to plant their cotton where they would like to.

Mr. and Mrs. T. E. Thornhill accompanied her parents, Mr. and Mrs. R. M. Spence of Floydada, to the Kilton Winegars Sunday to spend the day. Others who were Sunday dinner guests in the Winegar home were Mr. and Mrs. Robert Harrell and Delores of Gladewater, Mr. and Mrs. W. T. Winegar, Travis, Tressa, Barbara, Kenneth and Richard of Levelland, Mr. and Mrs. M. A. Winegar, Marshall Roy, Mary Sue and Max of Lubbock, Mr. and Mrs. A. L. Winegar, Harvey, Robert and Georgia Ann and Mrs. Lizzie Winegar.

Afternoon callers were Mr. and Mrs. Homer Smith and Bessie of Dimmitt, Junior and David Long, Tulsa, Okla., Mrs. Jimmy Darwin, Paul and John and Mrs. Jessie Lewis, all of Ft. Worth, Mr. and Mrs. Ben Beckham and Mr. and Mrs. D. D. Thornhill.

Mr. and Mrs. Conda Starrett were Sunday morning callers in the D. D. Thornhill home.

Bob Norris and Tommy Thornhill visited with the Berry boys awhile Saturday night.

Mrs. Eugenia McNeil is spending the summer with her parents and sister, Mr. and Mrs. J. W. Stewart and Shirley and is finishing her degree at Texas Tech.

Having received a letter from our son, Donald W. Thornhill, who is stationed in Germany, stated that a buddy, Bill Hodges of Roaring Springs, had been awarded the Soldier of the Month Award for the Battalion and CCC. The boys are with the 3rd A. D. 42nd TK. BN.

After quite a bit of difficulty the ladies and youngsters made it to the church for Bible School Monday, but then they decided to postpone it for the rest of the week until dryer weather.

Mrs. M. R. Givens and Teddy were Wednesday evening callers in the home of Mrs. D. D. Thornhill.

It has been a long long time since we have seen the roads cut up like they were last week. But we

have been very fortunate to get only good soaking rains. So many have had their homes destroyed by water and tornadoes, how we hope the turbulent weather is over.

The Thornhills received word last week that Walt Arns has passed away in Seymour on Tuesday evening. Thursday Mrs. D. D. Thornhill accompanied Mr. and Mrs. T. E. Thornhill to attend the final rites.

Mrs. J. C. McCracken has had as her house guests for the past several days, Mrs. Jimmy Darwin, Paul and John and Miss Jessie Lewis, all of Fort Worth.

Mr. and Mrs. Ben Beckham were Friday overnight guests of her brother and family, the Ross Lomenicks of Hereford. They stopped in Dimmitt enroute to Hereford and visited the Homer Smiths.

Mr. and Mrs. A. D. Whalen accompanied Mr. and Mrs. Harold Whalen of Odessa to Fort Worth Friday to attend funeral services for a sister-in-law of Mr. Whalen's.

Mrs. Maude Berry of Hillsboro, mother of Cecil Berry, has been visiting in the Berry home the past two weeks.

Bob Norris of Big Spring spent the week-end with the Thornhills.

Mrs. Maude Berry spent Friday visiting in the home of Mr. and Mrs. J. M. Bennett. Afternoon callers were Miss Betty Berry, Mrs. D. D. and Mrs. T. E. Thornhill.

Mr. and Mrs. A. L. Winegar and children were Friday supper guests with Mr. and Mrs. D. D. Thornhill.

There was a community picnic at the park Friday night honoring Mr. and Mrs. C. F. Flemings and Wayne. The Flemings were presented a gift from the community.

Mr. and Mrs. Hoyt McClure and Duane, Mrs. Ronald McClure and Rhonda were among those attending the wedding of Jimmy Frinch and Sally Boyd in the Crosbyton Baptist Church Friday night. To this young couple we wish many years of happy married life.

Mrs. Hoyt McClure attended the pre-bridal shower for Peggy Siegler, bride-elect of R. W. Griffin, on Saturday evening of last week in the home of Mrs. S. C. Depauw.

Mr. and Mrs. Hoyt McClure and Duane had as their Sunday dinner guests, Mr. and Mrs. Ronald McClure, Rhonda and Brenda.

Mr. and Mrs. J. M. Bennett took a little spin around the country Sunday evening. Bet they saw some healthy weeds, then they stopped by the Cecil Berry home for a visit.

Mrs. Cecil Berry is on the sick list. We hope she will soon be feeling much better.

During last week Mrs. C. H. Moore of Crosbyton had her children as her guests. They are Mr. and Mrs. Ola Moore, Mr. and Mrs. W. H. Rathel, Mr. and Mrs. Arvis Moore and children, Mr. and Mrs. Reed L. Moore and boys of near Ralls, Mrs. C. F. Flemings and grandbaby, Debra Mosses.

Mrs. Moore spent some four weeks visiting relatives in Arkansas, returning home Sunday night of last week. Frank Knox Moore, a grandson of the Mt. Blanco Community, spent Friday night with her.

Little Miss Brenda McClure spent Thursday with her grandparents, Mr. and Mrs. Hoyt McClure, while her parents and sister, Rhonda, made a business trip to Lubbock, Mrs. Weldon McClure was also a Thursday caller.

MEECE HAS ASSIGNMENT WITH ARTILLERY IN GERMANY

AUGSBURG, GERMANY — Army Sgt. James D. Meece, whose wife, Tressa, lives in Matador, Texas, recently participated in a field training exercise with the 11th Airborne Division in Germany.

Meece, assigned to Battery C of the division's 320th Artillery, entered the Army in January 1956 and completed basic training at Fort Campbell, Ky.

The 21-year-old soldier, whose mother, Mrs. Mary Goolsby, lives on Route 2, Chickasha, Okla., is a 1954 graduate of Plomot High School.

Dr. and Mrs. James Wester and Garland, were week-end visitors in the home of his parents, Mr. and Mrs. J. C. Wester, and her mother, Mrs. Carl Gordon.

Trine Starnes

City Park Church Gospel Meeting To Begin Sunday

Trine Starnes, Waco evangelist, who was here last year with the City Park Church of Christ to preach a series of evangelistic sermons, will repeat again this year, beginning Sunday, June 16, and continuing through Sunday, June 23.

Minister of the church, Gordon Downing, made the announcement this week of plans for the forthcoming series of services and expressed the hope that many will attend.

The week-day services will be held at 7 o'clock in the morning and at 8:30 in the evening. Sunday hours will be 10:45 a.m. and 6 p.m.

Three of the series of worship hours will have been designated for next week. On Tuesday, June 18, the lesson will be on Woman's Work in the Church. On June 21 a service designed especially for young people will be held and on June 22 a service designed especially for parents is scheduled.

Mr. and Mrs. Bob Smith spent the week-end at White Sands, N. M., where they were guests of their daughter's family, the Phil Merrys.

Jones Is Retiring As Superintendent

Don Jones, who came to Texas in 1917 and has been identified with crop experiments in West Texas ever since, will retire on July 1, according to announcement made last week.

He has been superintendent of the Lubbock Experiment Station for 32 years and his name has been associated with such agricultural advances as new cotton varieties, grain sorghum advancement and mechanical harvesting.

His successor at the station had not been named last week-end.

MRS. PROBASCO APPRECIATES THOUGHTFULNESS OF FRIENDS

I want to thank the Old Settlers dinner committee for the very nice plate lunch they sent me at the Potts Hospital on Old Settlers Day. I also want to thank those who sent or brought flowers, came to visit, or sent "get well" cards. May God bless every one of you.

Mrs. Charlie Probasco.

A dead person may vote, legally, if he mails an absentee ballot and then dies before election day.

VIEWES AND COMMENT

Unfinished Storm Cellars dot the city's area. While the scare of turbulence was at its highest many a cellar was begun in haste. Few of them were completed before the rain clouds flooded the south plains, making low spots out of high ones. The cellar holes for the most part are standing in water, the walls partially crumbled into mud. There have been no scares in the past week and the ardor for underground cover has abated greatly. There'll still be holes in many a backyard next spring that "something is going to be done about" pretty soon.

Nine hundred Texas lawyers may not be allowed to practice their profession in Texas unless they come across with their union dues. This is reported out of Austin where it is said the delinquency of attorneys in meeting their annual fees is beginning to become irksome. The State Bar reportedly suggests that the judges of the courts might be charged with the task of enforcing the collection of dues. Thus when an attorney rises to represent a client the trial judge would look over his specks and ask to see the lawyer's card. No card, no law suit. What would be the Latin for that?

We like this about the Farm Bureau. The organization sets itself up to represent a very considerable segment of the American farm population. In order to do so it must be actually representative. And the only way to be representative is to have your membership charged with the responsibility of choosing officers but also making decisions and setting policies. Policies are evolved out of the minds of individuals and become official by being adopted — by majority vote — at annual county, state and national conventions. We do not know the solution to the mounting farm problems. We doubt if anyone does have the whole answer. For this reason we could not say the Farm Bureau is on or off the right track. But their methods of representation are correct in direct contrast to the union idea as expressed by Dave Beck recently. Mr. Beck said that "truck drivers and bottle washers should not be allowed to make decisions affecting union policy."

Water All Around. The High Plains Water District, taking the lead in experiments to get water from the lakes into the underground storage against the need in the next dry spell, has solved a number of problems, including silting. Many of our dry land lakes are taking up farm land for which the producers had other plans. Many thousand acres are in this category. Watch for the ingenuity of the farmers to result in continually improved methods of returning water to the sand formations under the leadership of the water district. Watch also for many more re-charge wells to be put down. The idea is too good to go unused.

RedCross Needs. Tornadoes, floods disaster on every side, have been met resolutely by the American Red Cross. The organization was in Floydada for a short time last mid-week checking up and aiding local authorities to relieve suffering. They were in Silverton in May and will be there a good while as they attempt to alleviate the lot of injured, sick and the losers of home and property. They have been in a score of other places in Texas and all around the southwest. They have over spent and are desperately in need of money to carry on. If you have been somewhat doubtful about the Red Cross (from something you've heard probably) better forget it and pitch in and help. The Red Cross is the only organization we have that is big enough to meet disasters, one after another. The reason the organization is big enough is because people like you will forget their prejudices and help this official messenger of mercy do its job well.

Elaborate Motel Profitable. A motel with rather elaborate outlay would pay off on a good site adjacent to Floydada. That's the story we hear from a source which says it would not adversely affect any present set-up to a material extent and would be an added accommodation which the town needs for the through traffic which now passes up Floydada. Many towns on well patronized highways get a great deal of their income and make a considerable number of their jobs from the services they render the traveling public. A really good motel, we have in mind.

The Wheat Harvest. Samples of three-mesh heads of wheat this week is a reminder that, barring hail, there'll be more wheat harvested in Floyd County than might be expected by the casual observer with a dry winter in the background. Usual harvest beginning date is already past. Grain men say there'll be some barley harvested before the first wheat gets to the elevator and that harvesting machines will enter some fields of wheat next week.

Of the many problems the April, May and June floods in Texas made, the most spectacular affecting more people is in the loss of roads and bridges. Nowadays to involve a man's traveling habits and desires is to get him vexed. The highway department, probably already as busy as bees, has the added burden of millions in damaged roads and lost bridges, to say nothing of such small matters as roads covered with water as in Floyd County. The highway department is attacking the problem in an aggressive manner. Many of the smaller losses have already been covered and the big ones will be undertaken with vigor, the people are told. The Highway Department is one function of the state that has a reputation of getting things done.

Fillmore Price Passing Takes Long Resident

Funeral service for Fillmore M. Price, 72, was conducted last Thursday afternoon at 3 o'clock in the First Baptist Church of this city with Rev. Ed Bowles, pastor, officiating, assisted by Rev. W. D. Reeves, pastor of the First Christian Church.

Burial was made in Floydada Cemetery under the direction of Harmon Funeral Home.

Mr. Price passed last Wednesday morning at 5:10 o'clock in Pitts Hospital, following an illness of several months.

Fillmore M. Price was born Jan. 21, 1871, in Smithville, Ark. He was married to Miss Alice Kate Hodges, Dec. 6, 1894 in Melbourne, Ark. The couple moved to Floyd County in 1906 residing in the Lakeview Community. They moved to Floydada in 1916 after his retirement from the farm.

He was a member of the First Baptist Church.

Survivors include his wife; one son, Claude S. Price, Floydada; two daughters, Mrs. Vernon Shaw, Dallas, and Mrs. Robert Benick, Fairfax, Okla.; six grandchildren; and two sisters, Mrs. Hattie P. Baker, Lubbock; and Mrs. W. R. Bilbrey, Lovington, N. M.

Palbearers were Arthur Price, Everett Price, Harvey Price, Phillip Price Jr., Jeff Price and Lloyd Price.

Out-of-town relatives attending final rites for Fillmore M. Price last Thursday afternoon at the First Baptist Church of this city were Dr. and Mrs. Vernon Shaw, Dallas; Mrs. Robert Benick and son, Bobby, Fairfax, Okla.; Mrs. Hattie P. Baker, Lubbock; Mr. and Mrs. W. R. Bilbrey, Lovington, N. M.; Mr. and Mrs. Everett Price, Amarillo, Okla.; Mr. and Mrs. O. S. Noyes, Enid, Okla.; Mr. and Mrs. Everett Price, Clovis, N. M.; Mr. and Mrs. Harvey Price, Odessa; Mr. and Mrs. Phillip Price, Jr., Joplin, Mo.; Mr. and Mrs. Marvin Davis and children, Houston; Mr. and Mrs. Lloyd Price, Lovington, N. M.; Mrs. Webb Long, Mrs. P. V. Price, Amarillo; and Mrs. Willie Beedy, Lubbock.

moved from Floydada. The past week has been marked by the election of officers for the ensuing 12-month period by the Masonic bodies and the Order of the Eastern Star.

Floyd County 14 Years Ago

(Taken from the files of the Hesperian, issue dated June 17, 1943.)

With fast increasing tempo the small grain harvest, with wheat predominating, got under way in Floyd County in the past week. The crop this year is indicated as the most uniformly good all over the county of any crop in several years.

Only weather of the week to slow down operations in the fields came Tuesday afternoon when showers struck through an area across the middle and west sections. Temperatures have been mild generally.

Annual meeting of the stockholders of the Floydada Country Club was held Tuesday night at 8:30 at the county court room when directors were chosen to serve another year. Only one new director was chosen. Lee Rushing will take the place of John McCleskey, who has

Miss Ann Sweetson was elected worthy matron of the Order of Eastern Star Thursday night at the regular monthly meeting. Election was conducted by Mrs. Betty Tye, Mrs. Dujon Asstier is the retiring matron.

Miss Mattie Pearl Turner of Fort Worth spent Sunday and Sunday night of last week with her parents, Mr. and Mrs. J. B. Turner.

HALF-MINUTE INTERVIEWS

Jack Kassahn: "In our operations the profits from hogs and alfalfa the past few years have been higher than the profits from cotton."

Card of Thanks

We are deeply grateful to our friends who administered in any way to our loved one during his illness. For the beautiful service, floral offerings and other kindnesses, we are deeply grateful. God's richest blessings on each of you.

The Family of F. M. Price
 Visitors in the home of Mrs. W. C. Sims, 400 West Missouri Street, this week include Francis Glen Hardy of Refugio, Mrs. Glynn Callihene and Mrs. Etta Henry both of Victoria and Mrs. H. L. Newberry and sons of Tula.

Approach Screw-Problem

release of 500 males per square mile each week for four months. This will require a total of about 2,000,000 lab-reared flies a week when operations reach their peak in the area to be treated, which is 40 by 50 miles.

The screw-worm is the larvae, or maggot, of the fly *Callitroga hominivora* which develop from eggs laid on open wounds on animals. The screw-worm has been known to exist in Texas since 1842, probably coming up from Mexico.

Because of heavy Mexican infestation which migrates northward through Texas, the time eradication measure being tested in Florida presently would not be too effective in the Southwest.

However, if tests should prove successful in the Southeastern project, Texas cattlemen can look forward to a time when the ever-present screw-worm problem is relieved.

News of Harmony

(By Mrs. Mather Carr)

HARMONY, June 10 — Everett Miller was in Lubbock Friday for a check-up. He is to go back Friday and may have to undergo surgery. He is feeling fine at the present.

Mrs. Ted Rutherford and grandchildren, Hunter Marcus and Joy Latham visited in the Everett Miller and Mather Carr homes Friday.

Denver Tunnel Being Re-Made Into Deep Cut

Quitaque — The famous Ft. Worth and Denver Tunnel, that was famed far and wide when originally dug in 1926 and 1927, will be no more within the near future.

W. A. Bartsch, foreman of the construction crew in charge, stated that it should take about three months to complete their task, which is to "remove the top".

When the job is finished the tunnel will be history and a gap 95 feet deep will show trains to pass through unobstructed.

At the present time, the construction crews, working for Allhands and Briley Construction Co. of Dallas have taken about 18 feet of dirt and rock from the top of the tunnel without disrupting train service.

A slight cave-in on the east end caused about an hour's delay in operations last week while the dirt and gravel could be removed. It was apparently caused by years of settling and shifting dirt, and the recent rains which loosened the mass enough to topple it into the tunnel. Bartsch said that his boss, Mr. Briley, was here last week inspecting the progress of the project and just missed being trapped by the

COURT HOUSE

Friday Evening Ceremony Unites Kay Callaway and Elton L. Brian

Nuptial vows were solemnized Friday evening at 8 o'clock for Miss Patricia Kay Callaway, daughter of Mr. and Mrs. T. L. Callaway, 822 West Grover Street, and Rev. Elton L. (Speck) Brian, son of Mrs. A. A. Brian of San Antonio and the late Dr. A. A. Brian.

Dr. R. Earl Allen, pastor of the Rosen Heights Baptist Church of Ft. Worth, former pastor of Floydada, read the double-ring service in the First Baptist Church of this city.

Mrs. Rand Dyer, sister of the bridegroom, organist, played pre-ceremony selections as the guests assembled and the traditional marches. She accompanied Al Brian, brother of the groom of Childress, as he sang "I Love You Truly", "Because", and "The Lord's Prayer".

Given in marriage by Mr. Callaway, the bride was attired in a waist-length dress of white nylon embroidered lace over satin. The fitted bodice, featured a low sweetheart neckline and short sleeves. Her billowing skirt was fashioned with four tiers of lace and emphasized by crinolines worn underneath.

Short white gloves and a veil of silk illusion joined to a coronet of pearls completed her ensemble. She carried a bouquet of pink roses and stephanotis, fixed in garlands and tied with love knots. The arrangement topped a rose-colored Bible.

Attending the bride as matron-of-honor, Mrs. Delbert W. Templeton of Lubbock wore a pink dotted swiss dress styled with a fitted bodice accented with matching chiffon arranged in a criss-cross effect in

front. A large bow from the center back extended to the hemline of the bouffant skirt. Her headdress was a bandeau of pink flowers and she carried a white fan accented with pink carnations.

Bridesmaids were Miss Ann Ryala and Miss Jane Dapson, cousins of the groom, of Lubbock. Junior bridesmaids were Miss Judy Teal, Lubbock, and Miss Dana Walding, Floydada, cousins of the bride.

They wore identical dresses of pink dotted swiss styled with fitted bodices accented with tight-fitting cummerbunds. They wore headdresses of pink flowers and carried white fans accented with pink carnations.

Miss Sheryl Callaway, sister of the bride, and Robert Teal, cousin of the bride of Lubbock, were candle-lighters. Miss Callaway wore a pink dotted swiss dress and a wristlet corsage. Mike Bishop, cousin of the bride of Floydada, was ring bearer.

Ronald Adams of Brownwood was best man. Ushers and groomsmen were Rand Dyer, San Antonio, Bob Miller, Ralls, Claude Cone, Plainview and Henry Sellers, El Paso.

Following the ceremony the bridal party was honored with a reception in Fellowship Hall. The bridal table was laid with a lace cloth over pink and centered with the attendant's bouquets. The wedding cake was served by Mrs. Al Brian of Childress and punch was served by Mrs. Winston Brown of Lubbock. Pink tapers and crystal appointments completed the table decor.

Miss Gay Lynn Callaway presided at the guests register.

MRS. ELTON LEE BRIAN
(Miss Patricia Kay Callaway)

For the wedding trip, Mrs. Brian chose a pink linen sheath dress topped by a cape for traveling. A white lace hat and white accessories completed her attire. She wore a deep-pink rose corsage from her bridal bouquet.

Mrs. Brian is a '37 graduate of Floydada High School. Rev. Brian, a '33 graduate of Brownwood High School is associate pastor of the First Baptist Church, Tahoka, and a senior student at Wayland College, Plainview.

The couple will make their home in Tahoka following their trip through the southwestern states.

Out-of-town guests included Rev. and Mrs. Clifford Harris, Mr. and Mrs. Biggerstaff, of Tahoka; Mr. and Mrs. Roy Dapson, Mr. and Mrs. Ben Dapson, of Lubbock; and Mr. and Mrs. Alvin Ryala, Welford Community, near Lubbock.

Pottery Shower Compliments Miss Floyd Wednesday

Miss Jerri Floyd was named honoree at a pottery shower Wednesday, June 9, from 5 until 7 p. m., at the home of Mrs. Larry White, 421 West Lee Street.

Approximately 30 guests were greeted by Mrs. White and presented to the honoree.

The refreshment table was laid with a lace cloth centered with a dress boat arrangement featuring green carnations and green and white candles. Miss Darlean Laminack and Miss Sallie Jo Redd presided at the table.

Hostesses for the occasion were Misses Jaynette Marquis, Darlean Laminack, Sallie Jo Redd, LaJuana Womack and Mrs. Larry White.

Fame is not as awesome as it once was.

Through newspaper stories about the great and the near-great, we learn how many children each noted person has, his pet dog's name, the endearing terms he applies to his wife and how many divorces he has been through.

Picture magazines, radio and television interviews add more intimate knowledge. And with all this, we tend to look on famous persons as oddities rather than as great men -- to feel amused by them rather than inspired.

It was with some surprise that we witnessed real greatness in action a few weeks ago. One of the world's best-known living pianists, Arthur Rubenstein, touring the Southwest, was booked for a concert in this college town.

As he walked out on the huge stage of the city's new auditorium, he seemed a little old man; nothing more. The great gray curtain behind him, the huge concert grand in the center of the stage, the vastness of the empty orchestra pit, the large restless audience out beyond -- altogether he seemed pitted against hopeless odds.

He sat down at the piano and waited for silence. Presently, he began to play. It was Bach; then Beethoven; then Schumann and Chopin -- music to impress

rather than to entertain the average uninformed listener. But as he moved through those difficult numbers, his nimble sensitive fingers made them vital and meaningful. He lifted the curious above their own level of musical understanding. The applause was warm and genuine! He sensed that, too, and among us we had a wonderful evening.

True greatness needs no advance build-up, rarely makes itself felt through pomp and arrogance. Real fame is earned excellence, achieved by hard work. It is expressed through simplicity and dignity; and sincere response to those whom it inspires.

Margie Lee Jones Wm. Meldon Smith Wed At Crosbyton

Miss Margie Lee Jones, daughter of Mrs. Jim Jones of the Starkey Community, became the bride of Wilton Meldon Smith, son of Mr. and Mrs. C. C. Smith of Crosbyton, in a double-ring ceremony read at 3 p. m. Wednesday, June 9, in the home of Mr. and Mrs. J. C. Reed of Crosbyton.

Officiating was the Rev. Virgil Chron, pastor of the First Baptist Church, Crosbyton.

The bride chose for her wedding a street-length dress of white dacron and silk, fashioned with a fitted bodice and a full skirt. Lace accented the front of the bodice, and cuffs set with rhinestones accented the short sleeves.

The bride wore white accessories and carried atop a white Bible a bouquet of red roses tied with satin streamers.

Attending the couple were Miss Frances Ashton, Floydada, and Raymond Johnston, Crosbyton.

For a brief wedding trip, Mrs. Smith chose a two-piece suit of beige cotton for traveling. She wore a corsage of rosebuds.

A 1940 graduate of Floydada High School, the bride has been employed in the Floyd County tax collector's office for the past six years.

Smith spent four years in the United States Navy and is currently engaged in farming near Crosbyton, where the couple will make their home.

Wake News

(By Ann Barnett)

Sunnyside Women Met With Mrs. Guffee On Friday

The Sunnyside Home Demonstration club met Friday, June 7, at 2:30 p. m. with Mrs. Homer Guffee, 421 West California Street, as hostess.

The president, Mrs. Herschel Hammonds, presided over the meeting. Roll call was answered with "My Favorite Accessory".

Mrs. Hammonds was elected as a delegate to attend the state T. H. D. A. meeting in Houston, July 31-Aug. 3 at a recent Floyd County T. H. D. A. meeting.

Mrs. S. J. Latta and Mrs. Homer Guffee were elected to attend an Upholstery and Carpet Cleaning training meeting on June 11.

Mrs. Harriette Brummett, home demonstration agent, gave a demonstration on "How Do You Score On Your Accessories?"

Those present were Mesdames Will Snell, Harriette Brummett, W. H. Betnel, Roy Curry, Glynn Callhene of Victoria, W. H. Hilton, H. D. Hammonds, Etta Henry of Victoria, H. L. Newberry of Tulsa and the hostess, Mrs. Guffee.

The next meeting will be June 21 with Mrs. Ernest Kendrick. An auction sale will be held at the next meeting.

RETURNS FROM HENRIETTA VISIT WITH NEW GRANDSON

Mrs. Lester Britton and James Earl returned home Sunday from Henrietta, after a four weeks visit with her daughter and family, Mr. and Mrs. Johnny Bryant and new baby son.

The baby was born June 3, at 8:39 p. m., in Wichita General Hospital, Wichita Falls. The young man weighed seven pounds and six and three-fourth ounces. He has been named Russell Dean.

Paternal grandmother is Mrs. G. L. Bryant Sr. and maternal grandparents are Mr. and Mrs. Lester Britton, all of this city. Mrs. Bryant is visiting this week with her son and family.

in Plainview on Friday night with her parents, Mr. and Mrs. R. C. Mangum.

Mr. and Mrs. E. W. Walls visited Thursday night with Mr. and Mrs. Dean Walls and boys.

Herbert and Marshall Irwin of Plainview visited Saturday in the Shirley Irwin home.

Mr. and Mrs. Edell DuBois visited Sunday with Mr. and Mrs. Bud DuBois and children. Mr. and Mrs. Bill DuBois of Craig were there also. The Bud DuBois moved to Lubbock on Sunday.

Visiting in the E. W. Walls home Sunday were their sons and families, Mr. and Mrs. Dean Walls, Larry and Ray and Mr. and Mrs. Doyle Walls and Brenda of Floydada. Also Alberta Hinckley.

Mr. and Mrs. Walton Wilson were Sunday dinner guests of Mrs. W. B. Wilson.

Judy Wilson visited Sunday in the Lee Burton home.

Mrs. E. W. Walls was in Plainview on Friday shopping.

Mr. and Mrs. Winifred Payne and children of Floydada visited Sunday with Mr. and Mrs. Cecil Payne.

Mrs. C. W. Payne visited Mrs. Jim Stewart on Monday.

Mrs. Cecil Payne visited Mrs. C. W. Payne Monday evening.

Mr. and Mrs. L. B. Cozby, Sr., and Mr. and Mrs. Don Branson and Steven went to Lubbock Tuesday on business. From there they went to Snyder where they visited Don's parents, Mr. and Mrs. Bart Branson and family. They returned Wednesday by way of Plainview where they visited Mr. and Mrs. Grady Reeves and boys.

Mr. and Mrs. Don Branson and Steven visited Thursday night with Mr. and Mrs. Kenneth Willis and children of Baker.

J. C. Bullard was a dinner guest of Mr. and Mrs. L. B. Cozby, Sr. on Thursday.

HOLD REUNION AT SNYDER

Visitors in the home of Mrs. J. E. Horton, 327 West Georgia Street, last week were Mr. and Mrs. Windsor, Bakerfield, Calif., R. L. Windsor, San Jose, Calif. and Mrs. Ruth Winthrop, San Francisco, Calif.

The group attended a family reunion at Snyder on Sunday, June 2.

EXCEPT ONE Federal Judge Holds Against Cotton Growers

LOCKNEY — Judge Joseph B. Dooley, judge of the United States District Court at Lubbock, has ruled against all plaintiffs with one exception in the suit brought by a number of Floyd County cotton farmers against the acreage review committee in federal court. The exception is Rene Yeary of the Liberty Community.

The suit was based upon the contention that the Floyd County ASC committee did not take into consideration the unusual crop year in 1955, and thus did not allot cotton acreage in the proper way according to regulations. The judgment granted this to be true in the case of Mr. Yeary but denied the petition of all other plaintiffs in the matter.

The judgment said in part, "As to the plaintiff, Rene Yeary, the Court is of the opinion that the appeal should be sustained upon the holding that in fixing his cotton acreage deduction should have been only 81 acres instead of 148 acres, and the resulting final allotment would be 50 acres plus."

Since the suit was based upon the contention that the 1955 wheat crop was a failure in Floyd County and therefore the wheat acreage should not have been counted against 1956 cotton allotments, as regulations say, attorney for the plaintiffs, G. H. Nelson of Lubbock could not explain to those involved in the suit why the Court would allow the contention in one case and deny it in the others, but advised them that he did not think it would be profitable to appeal the case further. No further appeal is planned, according to Horton Howell of Sterey, chairman of the committee.

Fairview News

(By Mrs. Therman Perry)

FAIRVIEW, June 10 — The fields are about dry, and everyone is planting cotton for the second time. There are a few patches that will do to leave.

Church was well attended Sunday altho some had to go several extra miles around lakes to get there.

Mrs. W. B. Wilson, Mrs. Walton Wilson and Judy and Mrs. Alkert Mize helped Mr. and Mrs. Billy Tye Friday and Saturday to get moved into their new home.

Mrs. Billy Tye and Jimmy spent Friday night in the home of her mother, Mrs. W. B. Wilson while Jane stayed with Judy Wilson.

Mr. and Mrs. Chil McClure and Del had to leave their home for a few days because of high water. The water did not get into their house, but was all around the house several inches deep. They visited in Lockney and Lubbock with relatives.

Mr. and Mrs. Shirley Irwin and children and Mr. and Mrs. Chil McClure and Del visited Wednesday night with Mr. and Mrs. Therman Perry and Jan.

Visiting Sunday in the Perry home were Mr. and Mrs. L. B. Cozby, Sr., and Sunday evening Mr. and Mrs. Shirley Irwin and children were supper guests.

Mrs. W. W. Baxter and Mr. and Mrs. Roy Baxter of Floydada spent the week-end in Tahoka with Mr. and Mrs. Ray Hopkins and boys.

Mrs. Lee Burgett visited Saturday with Mrs. W. T. Branson in the People's Hospital.

Mr. and Mrs. Roy McCarter and children of Canyon visited Sunday with her brother and family, Mr. and Mrs. Shirley Irwin. Also visiting in the Irwin home were Mr. and Mrs. Sherman Irwin and daughter of Floydada.

Mr. and Mrs. Dean Walls and boys returned home on Wednesday after spending several days in Oklahoma visiting with relatives. They visited

venient time for her hospitalization. Mr. and Mrs. Jay Wikerson announce the birth of a daughter born Saturday, May 8, at Peoples Hospital in Floydada. She weighed six pounds and two ounces and has been named Phyllis.

Cecilia Langley was the week-end guest of her sister, Mrs. Bob Covington and family.

Jan Cates is a guest at Ceta Glenn Camp, this week.

Mr. and Mrs. Johnny Cates and daughters attended the rodeo at Plainview last Thursday evening.

Mr. and Mrs. A. C. Pratt returned from Santa Fe, N. M., Friday and are at home in a modern new two-bedroom house in the Campbell Community.

Mr. and Mrs. Dale G. Smith returned from Ruidoso, N. M., and are at home on the Smith farm on the Floydada-Matador, highway.

Mrs. Louis Caffee, Marc and Nancy, visited in the home of Mr. and Mrs. C. A. Caffee last week. Louie came and visited with his parents over the week-end. He and his family returned to Albuquerque, Sunday.

Among those calling on Mrs. Louie Caffee while she was a guest of her parents-in-law were Mr. and Mrs. Aylene Williams and Mrs. Dunk Bishop.

Friends have received cards from Mrs. H. N. Powell reporting her vacation trip is progressing nicely. She describes her tour through Mammoth Cave as being especially interesting.

Betty Liles of Childress and Doris Jean Harkins of Crosbyton are house guests in the Bill McNeill home.

Mr. and Mrs. Tate Jones visited relatives in Clovis, N. M., during the week-end.

Mr. and Mrs. Roy Crawford, Jacques and Jim attended the wedding of Margie Jones and Brownie Smith at Crosbyton Wednesday.

Mrs. A. T. Emert visited in Texline last week.

Mr. and Mrs. Jesse Glover visited in Amarillo Sunday. Their granddaughter, Donna Lynn Wyatt returned home with them.

Mrs. Welms Norman and children visited her parents at Plainview Sunday.

Mrs. J. W. Graham visited her daughter, Mrs. Ted Allen, at Rails Sunday. The Allens have just built a modern three-bedroom home and moved in Saturday.

Mr. and Mrs. Roy Smith of Levelland, Roy Smith of Morton and Mrs. R. C. Smith of Lakview were callers in the G. W. Smith home Sunday.

Sunday guests in the home of Mr. and Mrs. Bill McNeill were Mr. and Mrs. Roe Jones and Mr. and Mrs. Jew Harkins.

Mr. and Mrs. Bill Singletary of San Diego, Calif., are visiting relatives and friends in this vicinity. They were guests of Mr. and Mrs. Bill McNeill Sunday evening.

R. D. Holly, Bob Covington and Jesse Pernel enjoyed a fishing trip at Possum Kingdom last week.

Mr. and Mrs. Hubert Ring of Colby, Kansas, were house guests of his parents, Mr. and Mrs. Claud Ring Friday to Sunday. On Saturday evening the Rings entertained with a barbeque supper. Guests present were Messrs. and Mesdames, Johnny Holt, Henry Hinton, Kenneth Poole, Kenneth Ring, Hubert Ring and Troy Lee McNeill.

Rev. Ewell Crawford and Mrs. Crawford of Ft. Worth and Mrs. Clayton Hicks and John of Bell were recent visitors in the S. M. Crawford home. While here they visited in Lubbock and Amarillo.

Saturday evening Mr. and Mrs. T. B. Armstrong, Keith and Glynnell were dinner guests of Mr. and Mrs. S. J. McIntosh.

Kent Covington left Sunday to return to camp after a leave. His sister, Mrs. Warden Mays, and family of Big Spring, visited in the home of their parents, Mr. and Mrs. F. M. Covington while Kent was home.

Mr. and Mrs. Jim Morrison, Mrs. Harlon Cage and Nita attended the wedding of Bessie Mae Morrison at Killeen Sunday afternoon. Nita was a member of her aunt's bridal party.

Bill Ross visited Mr. and Mrs. James Ross in Lubbock Wednesday through Saturday.

Wheat Is Antieth

Wheat farmers want more support for the 1958 crop, as well as whether quotas and penalties on "excess" wheat are used for the crop.

All wheat growers are eligible to vote in the June 20 referendum who will share in the commercial wheat area on which the wheat acreage to be harvested, plus any acreage to be placed in the Soil Bank wheat Acreage Reserve will be more than 15 acres.

Ballots in the referendum may be cast at local polling places which have been announced in Floyd County.

Shrauner urges all eligible wheat growers to vote and suggests if they have questions regarding wheat marketing quotas, that they get in touch with their local county ASC office.

Dougherty News

(By Mrs. W. J. Ross)

DOUGHERTY, June 10 — The farm activity is in high gear with favorable weather conditions.

Mr. and Mrs. W. S. Poole visited Mrs. Alice Walker at the Methodist Memorial Hospital at Lubbock Sunday. Mrs. Walker is the mother of Mrs. Warren Poole. She is recovering from knee surgery which had been postponed until this time, as Mrs. Walker is House Mother at a fraternity house at Oklahoma A&M College. Between terms is a con-

Highlights And Sidelights From the State Capitol

(By Vern Sanford Texas Press Association)

AUSTIN, Tex. — Though still four months off, Gov. Daniel's plan for a special legislative session in the fall is already generating lively discussion around the Capitol.

There is sentiment both for and against. A "memorandum" was reportedly circulated asking persons to write the governor and ask him not to call the special session. It predicted the bills the governor wants would fare no better than before. A long-time House member was believed to be the author of the memorandum.

But if the session is held, Rep. Tony Koriath of Sherman says he hopes the governor will submit small loan regulation as an emergency measure. Koriath's "loan shark" control bill died in committee last session.

NEW "STATES" FORMED

While Texas lawmakers take a break, some probable leaders of the future are trying their hands at government in Austin.

They are nearly 1,000 high school students from over Texas who came to the Capital City for Boys State and Girls State. Texas Department of the American Legion and the Legion Auxiliary sponsor the "states" annually as citizenship laboratories for outstanding youngsters.

Participants hear talks by top officials from the governor down, then form political parties, nominate candidates and elect officials of their own.

Aim is to give the students a first-hand understanding of politics and government.

ROAD BUILDING SPEED-UP — Texas State Highway Commission is moving swiftly to take advantage of new laws designed to speed up highway construction.

A meeting of the Commission and key personnel was to be held in Houston this week. Objective: to hasten the day when heavy traffic can move safely and smoothly along multi-laned super-highways with no crossroads.

Principal legislative changes are (1) provision for the state to go 50-50 with cities and counties on land buying costs and (2) new au-

thority for the state to obtain land for and have control of super-roads through cities.

Goal for 1970, according to Highway Engineer D. C. Greer, is 900 miles of expressways linking Texas population centers.

First of the new laws means car and truck owners will pay 10 per cent more for their next license plates. Second means state will set speed limits on state highways through towns — no local speed traps.

But one "speed up" law failed. Legislature decided against raising present 60-miles-per-hour limit, no matter how good the road.

TOUGHER FOR TEENS — Law enforcement officers will, in effect, have a new hickory stick for teenage troublemakers after Aug. 22.

New laws to go into effect then provide:

1. Youngsters 14 and over can be fined \$100 for speeding, DWI or driving without a license.

2. Parents will be liable up to \$500 for property damage by minor children.

3. Drivers licenses for youngsters under 16 will be harder to get. Department of Public Safety, rather than local county judge, will have say-so.

4. A special "license" will be needed for driving motor bikes and scooters.

Taking a more optimistic view of the same subject were the more than 100 experts, educators and parents at Austin for the Texas PTA's youth development workshop.

Today's youth seems to be "ailing along" they opined, but suggested more interest by fathers might help. **AT LEAST IT'S WET** — More and more rain and less and less crops is the farm report from many parts of the state.

Besides flood damage, losses are expected to mount high from wind, hail, rust and insects. And continued heavy rains have washed out more fields, delayed much-needed work in others.

Any more rain will mean complete loss of North Texas grain crops, according to observers. U. S. Dept. of Agriculture reported weather too wet and cool for cotton in all areas but South Texas.

Even so, the stored-up moisture makes farmers generally hopeful. With some clear weather now, some say they might yet get the best crops in years.

For ranchers outlook is even better. HU Country Hereford Association reported record-breaking sales as grass grows higher, cattle fatter.

BUILDING BOGS DOWN — Continuous rain has brought construction to a "virtual standstill" in many parts of Texas this year.

Building authorizations for the first four months of '57 were one per cent higher than last year, reports the Bureau of Business Research. But actual construction was 4 per cent less due to the weather.

Increase in the authorization totals was attributed to higher costs rather than more building.

BUSINESS ACTIVITY UP — Almost all indicators show Texas business moving slowly, but steadily, ahead of what it was in 1956.

University Bureau of Business Research reported April, 1957, was 6 per cent better than April 1956. Retail trade was up 8 per cent over last year with family clothing stores

showing the biggest jump — 39 per cent.

Bureau analysts foresee "good" retailing for the rest of the year, but with "fierce competition" and a "ruthless squeeze on profits and margins."

SHORT SNORTS — Virgil T. Seaberry of Eastland has been elected president of the State Bar of Texas, according to Austin headquarters. He will take office at the bar's annual convention in Fort Worth in July.

First high state official to announce for the 1958 elections is Railroad Commission Chairman Olin Culberson. He has been on the Commission since 1941.

Cotton planting deadlines have been extended until June 20 for farmers in 69 East and Central Texas counties. Agriculture Commr. John White said the extension was "against my better judgment" as far as pink bollworm control is concerned, but that farmers should not be deprived of a good cash crop.

Baker News

(By Mrs. J. B. Colston)

BAKER, June 10 — We are sure thankful to see the sun shining for a few days. The men folk are really busy getting their ground ready to plant cotton.

We have some attending Vacation Bible School. They are Doris Fawver, Brenda Willis, Connie Ferguson, Will and Lee Sinor and Teresa Colston. Mrs. Sinor and Mrs. Colston are workers in the school. They are all attending at the First Baptist Church. If I have overlooked anyone, I am sorry.

Mr. and Mrs. Malvin Jarboe have been spending quite a lot of time lately with Mrs. Jarboe's uncle, Rufus Kelly, who is in the hospital at Lubbock.

Mrs. J. T. Britton, mother of Mrs. Olen Lyles, is visiting with the Lyles family.

Mr. and Mrs. Herman Galloway visited Mr. and Mrs. H. Nelson and Dax Sunday night.

Mr. and Mrs. Otis Anderson and family attended the wedding of Margie Jones and Brownie Smith Wednesday. Margie is Mrs. Anderson's sister.

Thelma and Doris Fawver visited in the J. B. Colston home Thursday afternoon. Byron and Carroll Potts were also visitors.

Mr. and Mrs. Clarence Mason and Betty Sue of Plainview visited Mr. and Mrs. Grady Mason Sunday.

Mr. and Mrs. Floyd Bradford and Donnie visited Mr. and Mrs. Bob Logan and son of Plainview Sunday.

Vickie Jarboe and Elaine Anderson spent Friday night with Doris Fawver.

Mr. and Mrs. J. D. Rainer and family of Wichita Falls visited Mr. and Mrs. Olen Lyles and boys Sunday afternoon. Mrs. Rainer is Mrs. Lyles' sister.

Wednesday night Mr. and Mrs. Otis Anderson and girls ate supper with the Floyd Anderson family.

Mr. and Mrs. Bill Thomas were dinner guests of the R. L. Neil family Sunday. Sunday afternoon they all visited with Mrs. J. H. Farmer.

Mr. and Mrs. Curtis Sinor and boys were Sunday dinner guests of the G. L. Fawvers.

Mr. and Mrs. Malvin Jarboe entertained their daughter, Vickie, on her birthday with a skating party

Dunns End Five Weeks in Hospital

Mr. and Mrs. Joe Dunn were returned to their home, 838 West Mississippi Street, by ambulance last Thursday afternoon from Methodist Hospital, Lubbock.

Mr. and Mrs. Dunn were victims of a two-car collision on May 8 approximately two miles north-east of Lubbock on the Idalou Highway in a blinding rain storm. Snow Drop to be doing fine and can be up some during the day in a wheelchair.

Mrs. Dunn received a broken leg

Saturday. Those helping Vickie celebrate were, Carolyn and Gene Franklin, Tommy and Gary Lyles, Conley Bradford, Doris Fawver and Elaine Anderson.

Mr. and Mrs. Floyd Anderson, Martha Sue and Ted, visited with Mr. and Mrs. Jim Hart of Hereford.

Mr. and Mrs. Grady Mason visited Mr. and Mrs. Claud Fawver Friday night.

Mr. and Mrs. Otis Anderson and Connie enjoyed Saturday night with Mr. and Mrs. G. L. Fawver.

Dorothy Anderson and Connie visited Saturday afternoon with Barbara Willis.

Saturday morning visitors in the J. B. Colston home were Rev. and Mrs. Clifford Potts and family of Miami. Mrs. Potts is Mrs. Colston's sister. Saturday afternoon visitors were Peggy Ferguson, Connie and Joyce Ann, Mrs. W. P. Wall and Oneca Hamilton.

Sunday Mr. and Mrs. Otis Anderson, Elaine and Connie, attended church and spent the day with Mr. and Mrs. Asaie Watson and family of Spar. Mrs. Watson is Otis' sister.

Claud and G. L. Fawver were in Ft. Worth on business the first of the week.

Conley Bradford spent Saturday night with Tommy and Gary Lyles.

OLDSMOBILE
GEARED TO SOUTHWESTERN LIVING

"He sure knows how to pick 'em"

Bridesmaid: You mean Lucille... or are you talking about their Oldsmobile?
Best Man: Both! But I was really looking at their car. What a beauty!
Bridesmaid: They sure are a lucky couple.
Best Man: And smart, too. That Olds costs less than you'd think. It has style that stay in style. They get real comfort... a wonderful ride... and the big Rocket Engine...
Bridesmaid: She looked so lovely...
Best Man: They'll really find out how smart they are to own an Olds at trade-in time. Why, an Olds brings a better price than lots of the most expensive cars, even after a couple of years of use.
Bridesmaid: You know what I wish? I wish that someday...
Best Man: That you can own an Olds? Don't waste your wishes. Let's take a ride in my Golden Rocket RR. Maybe your dreams'll come true sooner than you expect.

Public Service Company

planted in the South Plains except as a late planted hybrid.

TX 601 (MS Kafir X TX 04 (Martin and Plainsman))

For farmers who like Martin, this hybrid will be readily accepted. It is dry headed and easy to combine. It has a harder seed than other hybrids. It has neither been the highest yielding nor the lowest. It has the most consistent yield record of all hybrids. It is well adapted to the North and South Plains for dryland or irrigated. It has performed well on sandy soils, but not as well as RS 610. It has the second best standability record of all hybrids.

RS 610 (MS Kafir X 7078)

Has one of the best yield records of all hybrids tested to date. It is semidry headed and has good exertion. It has yielded well under sandy conditions, especially in the Brownfield sandy soils. Because of this, it is usually recommended for the sandy soils under both dryland and irrigation. RS 610 has one very important problem in that it does not stand. The results of the Uniform Hybrid Test of last year indicated an average of 26 percent lodging. Most of the lodging is the result of thin stands and growth under good conditions and then suffering from lack of water.

TX 611 (MS Kafir X TX 74 (Milanó & Waxy Kafir))

This hybrid closely resembles Combine Kafir 60 in appearance and growth habits. It is very dry headed and has the best standability of all hybrids released this year. Its performance has been best under dryland on the North Plains. It does not appear to be too well adapted to sandy soils. On Pullman and Amarillo soils it does well under dryland conditions and in areas where water is limited. The stalk of this hybrid is somewhat sweet.

TX 620 (MS Kafir X TX 07 (Red Combine type))

This hybrid also has a very high yield record, particularly under good fertile soil and adequate irrigation water. Under these conditions it is the highest yielding of all hybrids. Some farmers do not like the tall growth of this hybrid. It is dry headed and easy to combine.

RS 650 (MS Kafir & Plainsman)

This hybrid has a fair yield record, but has not been tested long enough to really have adequate information available. It appears better adapted to states north of this area. It has performed fairly well in the Rolling Plains. It would be difficult to recommend it to any area south of Lubbock. After this year we will be in a better position to make definite recommendations on this hybrid.

TX 660 (MS Kafir X Caprock)

This hybrid is similar to 620 except that it is green headed and slightly later in maturity. It has an outstanding yield record. Unfortunately seed stocks are not available.

Some hybrids dry faster than other hybrids. RS 610, RS 650, and Texas 660 are semi-green headed and require more time to dry than the other four hybrids. Since many farmers are accustomed to Martin, they may be discontented with a green headed hybrid. There are advantages to both dry headed and green headed sorghum, and only the farmer will determine which he will grow.

Set Stage For July 6-7 Home Coming Events

Quitaque — Flomot is all excited this week, making plans for their Homecoming, to be held on Saturday and Sunday, July 6th and 7th.

A real old fashioned western style meal will be served this year by White's Catering Service at noon on Sunday, July 7.

The Flomot Home Demonstration Club will have a food booth at the school house from 10:00 a. m. to 8:00 p. m.

The program committee, composed of Ralph Stapleton, Bernice Gates, Oma Lee George, Hattie Jones, and J. L. Speer, have arranged for a fine program to start at 8 p. m. Saturday, which will be followed by a social hour. Free sandwiches and drinks will be served, the food committee announced. They are Crabill Jones, Mr. and Mrs. Harmon Mosley, Mr. and Mrs. Raio Martin, Mrs. Ike Reed, and Elizabeth McDonald.

Visitors will have an opportunity to attend church before the program starts at 11:15 on Sunday, in the school gymnasium, announced the arrangements committee, composed of Bernice Gates, Mr. and Mrs. C. C. Jones, Mrs. J. L. Speer, Mr. and Mrs. Ralph Stapleton, Mr. and Mrs. Herb Martin, Mr. and Mrs. John Jones.

The Registration committee, consisting of Wilson Bourland, Alna Monk, Wilburn Martin, Raymond Speer, M. C. Jones, Joyce Bynum, Melva Jo Shelton and Frances Jones urge visitors to come early and stay late. An abundance of "Good Old West Texas Hospitality" and plenty of food are awaiting the big day.

Mar Ross, Christen Gilbert, June Ross, Sylvia Lee Martin and Nova Dale Martin, making up the Decorating committee, are anxiously awaiting the arrival of July 6 and 7 so they can show off their handiwork.

The Placement committee, Rose Turner, Lillie Tanner, Bertie Gunn, Edith Washington, Effie Speer and Teak Stapleton, along with the Nominating Committee — Elize Jones, Winfred Joe Webb, Geneva Martin, Ralph Stapleton, and Oma Lee George, are also looking forward to an enjoyable two days, at Homecoming time.

The Punksy Committee composed of Herb Martin, D. M. Gilbert, Raymond Martin, Sam Ross, John Jones, Wendell Morris and Alfred Martin, are just waiting.

The stage is set for one of the best Homecomings ever for Flomot Exes.

Tribute Is Paid 'My Aunt Daltis'

(Ed. Note: There are many heroes whose lives are cast in the mold of devotion to the welfare and happiness of others, often their desperate need. In this category, whose lives have been reshaped by the need of those around them is Miss Daltis Rea, of Fort Worth, former resident of Floydada and teacher. A niece writes a paean of praise for her aunt. It is presented herewith.)

(By Betty Gasparek)

She came to spend her summer with us — (this one woman that I am thinking of).

And she tried to mold within us, — as she felt she must, to some degree or fashion, — a little culture which a worried, harassed mother, could never find time to do.

She was a lovely and lively spirit that taught us many things. (And I'm sure we often tormented her: as we made her efforts seem so futile.)

But, none the less, she embodied within us, a vision of a much wider scope of living. And this one thing alone, brought within its richness a greater gain in our lives.

She was always a great sport, too, — and let me confide to you, — that great sport could always fill every situation, with warmth and understanding, which we ourselves could never have attained.

She had a fine sense of humor too, by which she sought to meet unrelenting moments of gloom — made us laugh in spite of ourselves. So, for those moments, too we are very grateful.

And I suspect, she had a certain technique, that she employed in dealing with all the resentments of a selfish brood of kids; For she had a certain way of subduing, that which she saw within us, that was hateful.

And in my solemn moments, it is my great pleasure to know, that as far back as my time goes, I was well aware of the beauty that penetrated the depths of her soul. It seems to me, that she was always perfectly attuned to the key of God's harmony, for how else could she come to be the lovely person that she is.

Her kindness and generosity are unmeasurable, as are the depths of her soul. She, herself, can never know all the loveliness that she has sowed in so many hearts, that seem so unsympathetic, ungrateful and cold, but God knows: and He know.

too. That yet, time will come to let that love (that was fostered by the generosity and richness of her heart) — melt the hearts of all those who know her; to let them find A reverberation of Devine Love that flowed through her for all man kind. Then in true humility, they will know the deepest kind of gratitude. And her love will forever thrive in hearts, who long after her will live to envelop fuller expansion of herself, than she can ever know she has left.

Archie Huckabee Is In School For Bank Officers

Archie E. Huckabee, Assistant Vice President of the Lubbock National Bank, Lubbock, Texas, is a member of the class of bank officers who will enter The Graduate School of Banking at its annual summer session in June. The sessions will be held at Rutgers — The State University, New Brunswick, New Jersey, June 10 through June 22.

Mr. Huckabee is one of over 1,650 bankers who will attend the two-week session of the School, which is sponsored by the American Bankers Association. The student body — from 46 states, the District of Columbia, Puerto Rico, and Cuba — represents a capacity enrollment.

To qualify for graduation, Mr. Huckabee must attend similar summer sessions again in 1958 and 1959. In addition, he must complete two years of extension work at home and will be required to write a thesis

The Floyd County Hesperian, Floydada, Texas, Thursday, June 13, 1957 based upon original research in some phase of finance.

Mr. Huckabee taught an A. I. B. course last year in Lubbock and he is immediate past President of the Hub Lions Club.

TRAVEL TIPS

June's here. Summer is in the air. Now's the time for fishing trips, honeymoons, week-end jaunts, and full-fledged vacations. Summer also is the time when Long Distance service can come in extra handy. Just a call or two to relatives or friends, to the hotel or fishing lodge, and all the details of your vacation are quickly worked out.

Traveling by car, you make the most of each day's driving conditions by calling ahead for reservations. And you can change your time table as you go along. Long Distance helps in arranging those spur-of-the-moment week-end jaunts, too. A couple of calls, a few hours notice, and you're on your way.

And when you do take off, cross-country or just for the week-end, let the "worriers" at home know you're okay — by Long Distance. Wherever you go, you're never far from a phone.

WATCH OUT FOR KIDS In the telephone business we pay a lot of attention to safety and safety training. Every year at this time there's a special reminder for telephone drivers: "School's out. Watch out for kids." I repeat the reminder here because it's so important, and because it seems to apply equally to everyone who drives. Telephone drivers are anxious to join with all of you in doing everything possible to make this an extra safe summer. Maybe the best way to do this is to use a heavy foot on the brake and a light one on the gas pedal, especially near playgrounds and in residential areas. You have our pledge to drive safely — this summer and all year long.

LET DAD RELAX For one reason or another, I always end up with the "telephone answering job" when I'm home evenings. Happens all the time. Wife's tired. Kids are busy, or in bed. It's up to me to answer all calls. If the man of the house is in the same fix, why not make it easy for him? See to it there's a telephone near his favorite evening relaxing spot. Then he can just reach — instead of run — when the phone rings. Father's Day is coming up, June 16. We'd be glad to work with you on arranging a gift telephone for him. Just call us at the telephone business office. The number is YU 3-2891. We'll take it from there. The price for an additional telephone is only 1.00 a month, plus installation.

SEE YOUR AUTHORIZED Pontiac DEALER TRADING'S TERRIFIC RIGHT NOW!

WHY re-enlist in the small-car army?

READ THIS STARTLING FACT 5 out of 10 Smaller Cars wear a Pontiac Price Tag —yet none gives you Any of Pontiac's Advantages

PONTIAC GIVES YOU UP TO 8.9% MORE SOLID CAR PER DOLLAR! Not one of the smaller cars can give you the heavy-duty construction, the road-hugging heft and solid security that surround you in every Pontiac. Yet Pontiac's the nimblest heavyweight you ever managed—and your Pontiac dealer can show you more than six dozen advanced-engineering reasons why! Pontiac has gone all out to make this genuine big car the best behaved beauty that you ever had the pleasure of bossing. You'll find Pontiac's exclusive Precision-Touch Controls make steering and braking the surest, easiest you've ever experienced! Park it, cruise it, try it in stop-and-go traffic... this is driving the smaller jobs can't duplicate.

PONTIAC GIVES YOU 4 TO 7 INCHES MORE WHEELBASE! The small cars extend bumpers and fenders to look big—but Pontiac puts the extra length where it counts—between the wheels! Pontiac's longer stride brackets the bumps instead of riding on them. And this extra length shows up inside, too, in stretch-out space for six footers. Add to Pontiac's bonus in length its all-new suspension system and you have an exclusive Level-Line Ride no car at any price can surpass... and a built-in sense of direction and security that will spoil you for the smaller cars forever!

PONTIAC'S PERFORMANCE TOPS THE BEST THE SMALL CARS CAN OFFER—BY A WIDE MARGIN! Not one of the smaller cars can measure up to Pontiac Performance. Whether you judge a power plant by engineering statistics or on-the-road performance, Pontiac's Strato-Streak V-8 stands head and shoulders above anything in the low-price field. Your Pontiac dealer will be happy to show you a complete facts-and-figures comparison—then an eye-opening test drive in traffic or out on the highway will supply all the heart-lifting proof you need that Pontiac has separated the men from the boys when it comes to performance!

—AND PONTIAC HAS ALWAYS BEEN FAMOUS AS ONE OF AMERICA'S TOP TRADE-INS! Maybe it comes as a surprise to you that so much more car can be yours at the same price you've seen on the smaller cars. But there's the fact! And Pontiac is a wonderful investment, too! As you know, it has always commanded a top trade-in. So why not step out of the small-car class and into a Pontiac... there's nothing in your way. Your Pontiac dealer has the keys and an eye-opening offer waiting for you right now! So why not look and feel like a million—instead of a million others?

NOW! If you want the ultimate in both economy and extraordinary performance, new Tri-Power Carburetion is available at extra cost on even the lowest priced Pontiac model! It's America's newest power advance and exclusively Pontiac's at so low a cost!

dad sez...
