### IEWS AND COMMENT

**Out-Size Automobiles** sitting at homes without paving, curbs or gutters remind one that Floydada residents must take pride in the car they ride in away from home but not so much pride in the surroundings in which it idles at home. Floydada is far behind the procession in paved streets, especially curb and gutter installations. To have that kind of a town we'd like to have people to move to and make their home the new-looker should have something more convincing than we offer. Take an objective view yourself. Is Floydada the kind of a town you'd like to move to or from?

City of Floydada is said to be considering an ordinance that would give the authorities the right to cut weeds (that supposedly harbor mosquitoes and certainly do not add to the attractiveness of the surroundings) on lots neglected by the owner. Whether or not the city has such authority unless it has a home rule charter, the property owner owes something to the people he expects to build a city and make his vacant lots show him a profit.

**Remember, the mosquito** that bites you may be the one that you hoped he wasn't. If he's got that virus in his stinger and leaves a trace of it with you, pray for good health enough to ward off the effects of it. Doctors do not know yet what to do about encephalitis.

**Another New Thing.** Farmers of the high plains are going to find the best and cheapest way to drain away the surface water from their lakes back into the underground sands. We are sure of this because they found the way when a new and reasonable way had to be found to kill weeds in fields of small row crops without covering them up. The farmer built himself a go-devil, also a rotary hoe. He found a way to get weight into his tractor wheels without buying heavy wheel lugs of steel or concrete. It was simple to fill the big tractor wheels with water that cost nothing and was easily disposable. Highly expensive installations may turn out to be necessary for re-charge wells. It is also quite possible there is a reasonably inexpensive way. Hundreds are studying the problem, with the encouragement and cooperation of the High Plains Underground Water Conservation District. It is now definite there is no need ever for the Ogallala sands to run out of water for irrigation.

**How to adjust to the new plan** by which the federal and state governments have a hand in paying for right-of-way for highways will be a problem for the people who have assumed that roads are built for the people to use. In an Arizona newspaper we read that stockmen along 66 are concerned because there will be many miles of road with no access. Ranchers' corrals and holding pens are being isolated. Cities and towns in New Mexico and Arizona also are wondering how much they will have to rebuild to get to make use of the highway for a livelihood. Any number of cities make a living serving the tourist traveler — and conversely, the traveler would be in a sad way if there were no conveniences along the way.

**The Sinningest City.** Although Dallas and Fort Worth rate high as centers of Organized Sin, the state's outstanding community in this respect must be booming Houston. A friend the other day said that in the Bayou City gangland does not mind your refusing to take their money but when it becomes important enough you either accept or skeepdiddle or they "take you out."

**A Sane Man's Will.** Trying to right all the wrongs the U. S. Supreme Court has come up with this lulu: They set aside the provisions of a sane man's will disposing of his property 125 years ago. So long as the court only set aside the provisions of a treaty that robbed Texas, cut the ground out from under the local school authorities in answer to race hysteria, and did a few other such things as setting the price on a widow woman's natural gas at the well on her own farm, it seemed to be all right with the majority of the people. Now, however, there are stirrings in Congress. How will the people and the country be protected from the mental vagaries of a Supreme Court?

**Describing a Pretty Girl.** "Men walked into lamp posts and women tugged at coat sleeves of their husbands."

#### PROOF

A pretty young lady presented a check at the bank window for cashing. The teller examined it quickly, and asked, "Can you identify yourself?"

Whereupon the young lady dipped into her purse and pulled out a mirror. She glanced into it for a moment, and then looked up and said, "Yes, it's me all right."

### Motley County Field Spreading

Despite setbacks with a couple of tests that were abandoned as dry holes, the Motley County oil field, adjacent to Roaring Springs, continues to grow in interest. Last week three drilling rigs were in operation and should have interesting developments this week. There are two producing wells already delivering oil by way of large transport trucks. The two producing wells had gas flares going and all in all the area has begun to take on an air of busy-ness that is heartening to residents.

Of the two dry holes so far one was a five-mile step-out that really didn't count so far as the Roaring Springs pool is concerned, but the other, Pan-Am's No. 1 H. L. Eger which came a cropper, was only a mile from the first producer, the Fred E. Brandon.

But the A. W. Payne No. 1 of the same company was entered on the books as rateable at 112-barrels.

A test immediately south of the Fred E. Brandon discovery, being made on the O. C. Campbell land by Pan-Am, is attracting more than ordinary attention, according to the Matador Tribune, because of a new drilling method being used.

In this new process giant air compressors take the place of the conventional water pumps in drills. Air instead of water is forced down the drill stem under pressure, forcing the dust cut by the drill bit to the surface.

One of the tests that was to be started last week was by Sinclair Oil Company on Stearns estate land. The rig was due to start making hole at mid-week. But the event of that "brought a wave of confidence" among the home people, was the announcement that Ennis Moss, former mayor of Roaring Springs, is going to drill a wildcat well.

Moss' success story has been phenomenal. He is the inventor of the Moss Lint Cleaner, a device for cleaning cotton that is used by ginners wherever cotton is produced. His company manufactures the cleaner and their gross has run into the millions.

Before he invented the new cleaner Moss' name had a way of being associated with successful ventures. Moss' lease is one mile southeast of Roaring Springs townsite, on the Ollie Scott land. At mid-week his drilling permit had already been issued and he had contracted with Western Drilling Company to make the test, which will be known as the No. 1 Ollie Scott.

### Floyd County 14 Years Ago

(Taken from the files of the Hesperian, issue dated July 8, 1943.)

Rain that covered more than half of Floyd County with beneficial moisture, more than filled the bill for the area below the caplock in and around Fairmount and Somer Saturday afternoon, washing out roads, devastating fields of growing crops and doing damage to creek crossings.

The bridge below Fairmount school house was washed out and members of the Commissioners Court were in the area most of the day July 5, studying the problems presented by the damage at the crossing and to roads in the section. The rain was estimated up to water-sput proportions in a limited area.

Judge Alton B. Chapman of the 110th Judicial district of Texas is the newly-elected president of the state judiciary body, which held its annual meeting in Houston the latter part of last week.

Mrs. C. B. Lyles and Mrs. E. E. Clensitt were honored with a birthday dinner Sunday at the home

of Mr. and Mrs. E. J. Barker. Miss Oena Taylor became the bride of Sergeant Ruell E. Norris, Tuesday night, June 29, at 9:30 o'clock, at the home of the groom's sister, Mr. and Mrs. Weldon Seigler. Elder Lloyd Denison officiated. Their only attendant was Miss Oena Nell Taylor, sister of the bride, and Mr. and Mrs. Weldon Seigler.

The thermometer hit a high for the year yesterday afternoon between six and seven o'clock when Texas Gas Company recorded a high of 101 degrees. Reading at 9 a. m. today was 75 degrees.

### Lockney Numbers Will Have Prefix Oldfield July 7

Telephone numbers at Lockney will be changed over from four digits to five digits beginning July 7.

The hour for the change will be 1:01 a. m.

The prefix word for the Lockney exchange has been announced as Oldfield.

Corn acreage in the U. S. exceeds that of wheat, oats, barley, rye, and rice combined.

## Lyles-McNeill Vows Repeated June 22 In Home Ceremony

Troy Lee McNeill and his bride, the former Miss Betty Jo Liles, are at home east of Floydada, following their wedding, Saturday, June 22, at the home of the bride's parents in Childress.

Rev. Tilden B. Armstrong, minister of the First Methodist Church of Floydada, performed the double-ring ceremony at 8 p. m.

The couple stood on a white rug before the fireplace to repeat their wedding vows. The mantle was decorated with a fan of white gladiolus flanked by candelabras with white tapers and Emerald green palms.

Parents of the couple are Mr. and Mrs. J. H. Liles, Northfield Route, Childress, and Mr. and Mrs. Bill McNeill of Floydada.

Miss Barbara McNeill of Floydada, the groom's sister, played a prelude of wedding selections and the traditional wedding march.

Mrs. Edwin Liles of Amarillo, sister-in-law of the bride, was matron-of-honor. She wore a ballerina length dress of red silk shantung fashioned with short sleeves and a full skirt. Her corsage was of white carnations.

The bride, given in marriage by her father, chose for her wedding a ballerina length gown of white lace over white tulle. The gown featured an oval neckline and short sleeves. The gown was fashioned princess style with a full skirt. Her lace veil was attached to a small lace covered hat, bound with seed pearls.

She carried a white Bible topped with baby red garnet rosebuds surrounded by a garland of white tea-scented carnations and tied with satin streamers. The bride carried out the traditional something old, new, borrowed and blue in her ensemble.

Fred Cardinal of Floydada, cousin of the groom, attended as best man. Butch Liles, brother of the

## Hostesses Honor Bride With Shower Friday Evening

Mrs. Troy Lee McNeill, nee Miss Betty Jo Liles, was honored with a miscellaneous shower Friday evening, between the hours of 7:30 and 9:00 o'clock, in the home of Mrs. O. G. Glassmoyer, 711 West California Street.

Guests were greeted by Mrs. Glassmoyer and presented to the honoree, her mother, Mrs. J. H. Liles of Childress and the bridegroom's mother, Mrs. Bill McNeill of this city.

The bride-elect's chosen colors of brown and yellow were carried out in house and table decorations. Covered with a brown cloth the serving table was centered with golden wheat, a yellow floral arrangement and love birds.

Assisting with hospitalities were Mesdames Jack McInoche, Howard Drysdale, John B. Timm, L. H. Blum, Helen Solomon, Winnie Dwyon, E. M. Rutherford, Claude Ring, Jim Morrison, H. N. Powell, Jim Harper, Maurice Campbell, Bill Colston, A. H. Kreis, Howe Hines, Orland Howard, C. A. Caffee and Beulah Olive.

The Young Ladies Sunday School class invited the Young Men's class on a picnic Saturday night at McKenzie park in Lubbock. A supper of sandwiches, potato chips, ice cream, and cookies were enjoyed by Bro. and Mrs. E. O. Adams and sons, Mr. and Mrs. James Jeffrey and family, Ernest and Lawrence Baird, Nancy Jenkins, Darrell May, Wanda Coffee, Dimples Thomas, Judy Williams, Sarah Carey and Molly and Billy Stringer.

## Sand Hill News

(By Mrs. James Jeffrey)  
(To Late for Last Week)

SAND HILL, June 24 — Rain measurements Saturday night were from 2 inches to a trace in the community. Pounding hail hit the Pleasant Valley Community, reaching into the north part of the Sand Hill Community, damaging crops up to a hundred percent. All the lakes and draws were running bank to bank Sunday morning. One of the most severe electrical storms ever witnessed occurred during the night.

Mrs. Ed Noel entertained with a ice cream supper in her home Friday night, honoring her husband, Ed, and son, Johnny, on their birthdays which happen to be the same day. Those present for the occasion were Mr. and Mrs. J. T. Spears, Bro. and Mrs. E. O. Adams, Mr. and Mrs. M. B. Swanner, Mr. and Mrs. J. M. Williams and Mr. and Mrs. Tom Thomas.

The Young Ladies Sunday School class invited the Young Men's class on a picnic Saturday night at McKenzie park in Lubbock. A supper of sandwiches, potato chips, ice cream, and cookies were enjoyed by Bro. and Mrs. E. O. Adams and sons, Mr. and Mrs. James Jeffrey and family, Ernest and Lawrence Baird, Nancy Jenkins, Darrell May, Wanda Coffee, Dimples Thomas, Judy Williams, Sarah Carey and Molly and Billy Stringer.

Female yard lovers are a special breed. On the plus side, they keep themselves active and trim. They get lots of sunshine vitamins and stay out of earshot of the telephone for hours on end. In the minus column are leather-heaven skin, battered hands, often a neglected house and the feeling that they look a sight most of the time.

Women's reasons for turning to yard work are as varied as the results they produce with their labors. Some simply use it as an excuse to live out of doors dressed in helter and skelter, they are less concerned with roots and flowers than they are with an even tan. These girls are usually blessed either with a green-thumb husband or a good yard man who is amiable about taking orders from the lady of the house.

Other feminine gardeners may not even like the sun. They want results. Outfitted in slacks or jeans, long-sleeved shirt, pagoda straw hat and heavy gloves, they work with a will to raise rare plants. One woman in our town who has the very prettiest yard of all is actually allergic to the sun. But with her, a beautiful yard is a necessity. It is her best means of self-expression. So, clothed in dark garments from head to foot, she spends her hours in the yard.

As for ourselves, we were born with two brown thumbs and couldn't make a careless weed grow unless the rains came to help us along. We like our exercise mild—in the early morning or late afternoon, when the shadows offer a haven for lazy folks. But if the world had to depend for its blossoms on the likes of us,

## 'Things To Do' Before School For Your Child

AUSTIN — Although summer has hardly started in Texas, school days are practically around the corner and it is time that mothers should start thinking about getting ready for school again.

Special consideration should be given to the thousands of Texas youngsters who will be starting school for the first time.

Most school districts have certain requirements which must be met before a child may be entered in school. Foremost in nearly every school is proof of birth.

If you do not have a copy of your child's birth certificate, a certified copy may be obtained from the Texas State Department of Health for a one dollar fee.

Write to the Bureau of Vital Statistics, Texas State Department of Health, Austin, Texas. Be certain to include the child's name, birth date and birth place, and the name of his parents. Also, enclose \$1.00 cash (at your own risk) or money order. Do it now and avoid the rush.

Every child should have a pre-school health examination. Height, weight, posture, vision and hearing should be checked. Often school beginners' problems can be traced to faulty vision and hearing.

Have your dentist go over your child's teeth again. With the excitement and challenge of school, the physical — and emotional — demands are made on him and to get the most out of school, he needs to be physically ready for it.

With school come more chances for exposure to communicable diseases. This isn't the school's fault — it's because your child is becoming a part of a bigger world.

To help prevent illness, check up on immunizations, especially your school district's requirements. See that your child is still protected against diphtheria, whooping cough, tetanus, smallpox, and by all means have his polio series started if you have not already done so.

Going to school will be all new to your child. It means new children, a new place, new adults, new

## Two Service Men Surprise Parents At Home-Coming

Elton Turner, son of Mr. and Mrs. V. D. Turner, and Johnny West, son of Mr. and Mrs. John Key West, arrived in Floydada last Thursday morning following a two year stay with the United States Army.

The boys received their discharges in Seattle, Wash. the first of the week. They were met in Plainview on Thursday by Johnny's sister, Mrs. Kenneth Bean, who did not tell their family they were in Plainview and that she was going after them. Their home-coming was a big surprise to their parents.

Elton and Johnny served 15 months of overseas duty during their stay in the army.

## Hostesses Honor Bride With Shower Friday Evening

### GLOYNA GETTING TWO WEEKS TRAINING AT FORT HOOD

FORT HOOD, TEX. — Fred L. Gloyna 21, son of Mr. and Mrs. C. A. Gloyna, Route 2, Lockney, Tex., is receiving two weeks of ROTC summer training at Fort Hood, Tex., with members of the Texas Technological College cadet program.

Cadet Gloyna, a civil engineering major at the college, is scheduled to complete the training July 3.

Gloyna is a 1934 graduate of Lockney High School.

Also in summer training camp is cadet Billy J. Spray, son of Mr. and Mrs. Agie L. Spray, Route 1, Matador, Tex., West Texas State College cadet.

Cadet Spray is a mathematics major at the college.

He is a 1934 graduate of Matador High School.

His wife, Sylvia, lives at 1904 Eighth Ave., Canyon.

# Baseball Hits Home Stretch As Leagues Schedule July 4 Games

Baseball in Floydada is getting as hot as the summer weather. All clubs are getting for the home stretch of their short schedule.

The Pony League is pushing to make a playoff date in Lubbock by July 26, but must pare a week of play from their present schedule or make it up with double headers.

As the cards read now fans will find three games on tap this evening (July 4). White Sox vs Tigers and Indians vs Cardinals at Sherrill Field, while at the Rodeo Grounds it is VFW vs First National.

Friday play pits White Sox against Braves, Giants against Dodgers, and Lighthouse against Farm Bureau.

Monday it will be Cardinals to battle Dodgers and First National to battle Farm Bureau.

Tuesday play matches White Sox with Red Sox, Giants with Indians, and Lighthouse with VFW.

The past week saw undefeated VFW lose its first game, but easily retain its lead; the Indians nose out the Giants for the National League lead by downing that club 11-4; and the Braves maintain their lead in the Texas circuit, through the Red Sox are breathing down their necks.

In games played June 27 it was the Braves 14 and the Tigers 15 as the luckless bengals fell one short of upsetting the league leaders. In the finale the rampaging Indians knocked off the Giants and took over the number one spot in a 11 to 4 contest. Lighthouse Electric handed high flying VFW its first defeat of the season by a 7-3 count.

Friday night games were Red Sox 23 - Tigers 12 in a slug fest; Dodgers 12 - Cardinals 4; and Farm Bureau 24 - First National 3.

Play through last Friday night showed the unofficial team standings to be:

Pony League:		
Team	W	L
VFW	8	1
Farm Bureau	4	4
Lighthouse	4	5
First National	1	7

National League:		
Team	W	L
Indians	6	2
Giants	2	2
Cardinals	2	3
Dodgers	1	6

Texas League:		
Team	W	L
Braves	6	1
Red Sox	5	2
White Sox	1	4
Tigers	1	6

# Estelline Aunt of Raymond Irby Is Claimed Saturday

Funeral service for Mrs. Ralph H. McCollough, 69, a resident of Estelline for 50 years and aunt of Raymond Irby of this city, was conducted Sunday afternoon at 3:30 o'clock in the First Baptist Church of Estelline. Rev. Joe Allison, pastor, officiated. Burial was made in Estelline Cemetery under the direction of Spicer Funeral Home of Memphis. Mrs. McCollough passed early Saturday morning in Childers General Hospital following a short illness.

Survivors include her husband; a half-sister, Mrs. Lena Mitchell of Perryton; three step-brothers, O. C. Edwards of Houston, Earl Edwards of Edmondson; and two step-sisters, Mrs. Ruby Bumpas of Plainview and Mrs. Lucile Couch of Clinton.

Mr. and Mrs. Irby accompanied by Mr. and Mrs. Troy Irby and the family of Houston attended the final rites Sunday afternoon.

# Plains Scouts

(Continued from first page) city boys of the northeast and have a library of tales of the southwest to tell their city cousins. Their camp is being well planned and they are overlooking no bet to make the most of the trip. One article they are taking is a special washing machine to make quick work of the dirty socks and clothes that must be put to use while away.

The group left Floydada at 8:15 a. m. Tuesday, July 2 and the first day made stops at Cactus, Texas, Dodge City, Kansas, where they visited boot hill cemetery, and Larned, Kansas, where they were to spend the night at the football field with meals to be served at the Methodist and Presbyterian churches in that city.

Wednesday, July 3, the itinerary called for stops at Emporia, Kansas, Kansas City, Missouri, and Moberly, Missouri, where they spent the night at the city park.

On July 4, (today) the Scouts schedule called for Hannibal, Mo., Springfield, Ill. and Gary Ind., at Hannibal they were to see the Tom Sawyer cave and at Springfield the home of Abraham Lincoln. The overnight stay was scheduled for Gary in a park in that city.

Friday, July 5, the group is to go to Toledo, Ohio, and then to Ypsilanti, Mich., where they will stay all night.

On the next day most of the time will be spent in the Green Village in Detroit where they will visit the Ford museum and later they will go to Hamilton, Ontario, in Canada where they will spend the night at the Y. M. C. A.

On Sunday, July 7, the Scouts will see Niagara Falls and will attend church at the resort and then in the late afternoon continue on to Courtland, N. Y., where they will spend the night in a park.

Monday the group will be in and around New York City where they will see many of the sights and plan to see a major league ball game. They will sleep in the Waldorf Astoria. The following day they will go to Valley Forge, Pa.

From July 10 through 19 they will be at the camp of the National Jamboree but will be taking side trips to include seeing Philadelphia, Independence Hall, Washington, D. C., and many other interesting places.

Starting home on July 19 the group will travel through Wilmington, Delaware, Fredericksburg, Virginia, and then spend the night at Fort DuRoi in Williamsburg, Virginia.

July 20 will see them in Jamestown, Virginia, Rocky Mount, North Carolina, Stateville, North Carolina, and spend the night at the ball park in Statesville, North Carolina.

The next day will see them through the Smoky Mountains to Nashville, Tennessee, and on to Jackson, Tennessee, where they will spend the night in the Army.

July 22 will be spent between Jackson and Paris, Texas, where the last night away from home will be spent. To write to the scouts while they are away mail to boys name, Troop 29 Section 12, Boy Scouts of America, National Jamboree, Valley Forge, Pennsylvania. All of the local group will use this designation and not their regular home troop number.

# Building Records

(Continued from Page One) which was issued in January. The May list also includes a \$14,000 residence by T. L. Holland Jr., on Lots 1 and 2, Block 12, Western Addition Annex, and a \$20,000 residence for Dr. Jack G. Jordan on Lots 18, 19 and 20 in Block 1, Western Addition.

June saw the beginning of the \$1,000 marketing shed which will house the Floydada Grocers and Marketing Association's new grading equipment on the Q & P right-of-way, between Blocks 123 and 124; also:

The new warehouse and offices of Miller and Miller Motor Freight Lines, on Lots 12 and 13, in one-half block off Highway 70, listed T 85,900; and

Two new residences, one for George W. Hodges in Western Addition Annex at \$8,000, and another for Edell Moore on West Missouri, Lots 7 and 8, Block 87, at \$11,000, replacing an older house which has been removed.

Figures by months for 1957: January permits . . . \$27,250; February permits . . . \$38,750; March permits . . . \$35,200; April permits . . . \$15,000; May permits . . . \$52,300; June permits . . . \$36,000.

Total, six months, \$203,500.

R. E. Waggoner is going to try the life of a town farmer for awhile. He has contracted his Floyd County land at Fairview to the Soil Bank for 10 years. He also farms west of Plainview. Recently the family moved to that city from the farm. Mr. Waggoner reported Monday. "We'll see how it goes to live in town and farm in the country," he said.

Bald eagles are so named because of the effect of the white feathers on their heads.

# Cone Wrestles With Problem Of Swelling Lake

If Floyd County people think they have had a problem wrestling with "overgrown" lakes they should take a look at "Cone Lake," which put a part of the businesses of that city out of business for weeks. Traffic was only resumed last week after unusual measures were taken.

While Floydada was cut off from the south this side of the Crosby County line the Cone lake made passage on the highway and F. M. road through that city an impossibility. The people there reclaimed a service station, a gin, church yards and several residences which had been surrounded by water.

Here is the way they went about relieving the situation that resulted from the April, May and June rains: Highway 69 running through the town is undergoing repairs, and high water halted all work. Efforts to pump the lake down were in vain. Commissioner Jack Henry contacted the road contractor and State Highway Department. It was agreed the contractor would dig a 3600 foot ditch from 19 to 18 feet deep to drain the lake into Catfish draw. Marshall Formby, chairman of the Texas Highway Commission gave his consent. The state pays for an 18-inch drain and Crosby county fills the ditch when the tide is laid.

It lowered the lake enough so put it about two feet below the roadbed of Highway 62, and take it completely out of Cone.

Highway Maintenance Foreman Sanford Webber said traffic on the road was resumed last week, and traffic has been re-opened on the Floyd County side of the line through the lake at the intersection of Highway 62 and FM 54, he said. This despite the fact that the Floyd County lake still had three inches of water over the roadbed as late as Tuesday.

The dry land wheat is still to be heard from. It is several days from maturity. Weather conditions over the week-end were not favored by the wheat. The extreme heat may have shriveled some of the grain. Since this late crop is in various stages of maturity the final outcome also may vary largely.

At Barwise the elevator reported most of the wheat excellent test. All the Omancho and Wichita sent through as No. 2 hard winter wheat. Concho, a new variety, seemed to have been damaged more from the wet season, Tom Snead said.

At South Plains the story generally is one of good wheat and good yields and favorable harvesting conditions.

Harring hail, wheat will be moving sporadically for another two weeks, as late crops mature.

For the most part farmers who used excess acreage for planting barley instead of a row crop found the practice a profitable one. A few fields were disappointing but yields reported ran as high as 85 bushels per acre. Some of the barley was light weight.

GALLOWAY IS PRIZE WINNER

Wylie Butane Company reports that Al Galloway, Floydada, was the winner of the door prize offered at their office for customers who registered during the Harvest Sales Day.

The prize was 500 gallons of butane delivered to the farm or residence of the patron.

At Boren Furniture and Appliance Store where a Frigidaire Electric Clothes Dryer was given away during the Harvest of Values Sale the winner drawn was Mrs. P. M. Covington of Dougherty.

# Crusher Started Up On Allmon Road Job

A lake in the edge of Crosby county may cause some delay on the construction of the Allmon F-M road but this will be only temporary, says Resident Sam A. Fowler of the State Highway Department Tuesday.

Fowler said the dirt moving began June 1.

A crusher to use for caliche base was started up Tuesday.

The contract covers 5.88 miles of road, of which 3.83 miles is in Floyd and 2.05 in Crosby county. It will connect FM 84 in southwest Floyd County, at Allmon, with FM No. 378 in northwest Crosby County north of Lorezo.

Kerr & Middleton have the paving contract at \$70,549.82 for the finished job, Mr. Fowler said.

Advertise for it in Hesperian.

# Notary Public Appointee List Is a Long One

Notaries public in Floyd County who have qualified and have been issued commissions for the year ending June 1, 1958, is a long one as appended below.

Notaries are named biennially on odd years, the new rules being that the name of the applicant be certified to the Secretary of state by the county clerk.

Formerly the legislature had to approve the appointments. Oath of office and bond for faithful performance of duty are required.

Following (alphabetically arranged) have filed oaths and bonds with the county clerk:

Tommie Assiter, Ben P. Ayres, D. G. Ayres, Floydada;

R. D. Bocus, T. C. Billrey, Roy Bledsoe, Lockney; Kenneth Bain, Kenneth Bain Jr., J. E. Bishop, Rex R. Brown, W. Ed Brown, Floydada;

Bobbie L. Casey, Vencel Casey, William B. Collins, J. H. Cooper, Mary Cooper, J. D. Copeland, J. E. Cox, Lockney; A. C. Carthel, Lydia

# Baker News

(By Mrs. J. B. Colston) BAKER, July 1. -- My, this is a busy week-- people cutting wheat, working cotton and maize, and some are still planting maize. We have called our meeting at the community center for Friday, July 7, off. Everyone is so busy working we will have our meeting at a later date.

Mr. and Mrs. Floyd Anderson, working Springs late Sunday afternoon. Martha Sue and Ted went swimming.

Mr. and Mrs. Ted Ferguson, Connie and Joyce Ann, enjoyed ice cream with Mr. and Mrs. Kenneth Willis, Brenda and Karen, after church Sunday night.

Mr. and Mrs. Otis Anderson, Elaine and Connie, went swimming at Plainview Sunday.

Mrs. Grace Hart of Amarillo and Mrs. Emma Tooty of Odell, sisters of Mrs. Glad Fawver visited from Monday until Thursday with the Fawvers and Floyd Bradfords.

Will and Lee Slinor visited with Teresa Colston Wednesday. Onca Hamilton was also a visitor with the J. B. Colstons.

Mr. and Mrs. Otis Anderson attended the funeral service of Mr. W. O. Dennings at Ralls Wednesday.

Mrs. Dennings was a resident of Floydada. Elaine and Connie Anderson visited with their aunt, Mrs. Jack Parkey while Otis and Dorothy Miss attended the funeral.

Mr. and Mrs. Floyd Bradford, Connie and Dannie visited Mr. and Mrs. C. L. Bradford, Houston and Daisy Sunday night.

Mr. and Mrs. Richard Stovall and their grandsons, Mike and Steve Anderson visited Sunday afternoon with Mr. and Mrs. Floyd Anderson, Martha Sue and Ted.

Mr. and Mrs. Otis Anderson and family were in Lubbock on business Tuesday.

Friday morning Mrs. Clifford Potts, Jo Anne and Ruth Elaine visited in the J. B. Colston home.

Mr. and Mrs. Odell Thompson and family of Petersburg and Mrs. A. W. Anderson enjoyed ice cream Sunday night with the Otis Anderson family.

Advertise for it in Hesperian.

# SOIL CONSERVATION DISTRICT NEWS

Wise management of this year's wheat stubble can mean the difference between profit and loss on next year's crop. Stubble mulch tillage, which leaves the wheat straw on top of the ground, has proved the best way to handle stubble in this area. This practice is recommended by the Floyd County Soil Conservation District for all wheatland in the District.

Leaving stubble on the surface protects the land from erosion by wind and water. More moisture is stored for the following crop because each bit of stubble acts as a miniature dam when rain comes, slowing the water and allowing it to soak into the ground instead of running into a lake.

Evaporation losses are less on stubble mulched land, and having the residues on top will catch more snow in the winter. In addition, the physical condition or "tilth" of the soil is better on stubble mulched land, an important factor in this area of heavy soils.

Extensive research in the Texas Panhandle has shown that wheat yields can be boosted 15% and more when stubble mulching is practiced, as compared with use of the one-way plow. The difference in net profit can be even greater, because land that is stubble mulched needs less plowing to control weeds. The most important difference of all is in the degree of soil protection provided by leaving the wheat stubble on top of the ground.

Several types of implements to accomplish stubble mulch tillage are available. These implements usually

feet east and west of J. D. Burleson Survey; \$2.75 revenue stamps.

## Installs Officers Of Auxiliary

Women's Fellowship installed officers at a special session last night at the church. Members present to participate in the business session were: Mrs. J. W. Stewart, president; Mrs. J. C. Lewis, secretary; Mrs. J. B. Grubbs, treasurer; Mrs. W. J. Williams, president; Mrs. Victoria Meador, worship leader; Mrs. Farris Kinder, Farris; Mrs. A. V. Stewart.

## Compliment Miss Kennamer At Pre-Nuptial Shower

Miss Texe Ann Kennamer, bride-elect of Ray Lucas of Dumas, was complimented with a miscellaneous shower last Thursday evening, from 8 until 7 o'clock in the Homer Steen home, 129 West Olive Street.

Guests were greeted by Mrs. Steen and presented to the honoree, her mother, Mrs. H. G. Kennamer, the prospective bridegroom's mother, Mrs. Leslie D. Lucas of Dumas, his sister, Linda Lucas of Dumas and Mrs. Artell Albers of Dumas.

The refreshment table was laid with a white linen cloth and centered with a crystal punch bowl surrounded with an arrangement of roses. Miss Sonja Beth Wilson and Mrs. Robert Ward presided at the table.

Guests were registered by Miss Fontaine Fowler.

Hostesses were Mesdames David Lewis, Fred Zimmerman Jr., Homer Steen, Reese Grubbs Jr., Billy Grundy, Woodrow Wilson, Troye W. Stansell, Pike Hanna, G. C. Hillburn, Edd Holmes and Mrs. Roe Jones.

Chief monetary unit of Denmark is the krone, worth about 26 1/2 cents.

## Pre-Bridal Shower W. S. C. S. Met Honors Sue Durham Tuesday Morning

Miss Sue Durham, bride-elect of Herbert Irwin, was honored with a miscellaneous shower, June 28, between the hours of 4 and 6 o'clock in the parlor of the First Baptist Church.

Guests were greeted by the honoree and her mother, Mrs. E. T. Durham.

Miss Barbara McAda and Mrs. Bobby Durham registered the guests.

Miss Rena Willis and Miss Mary Jo Smith served refreshments from an attractive lace covered table. Floral arrangements of daisies, thistles blue and white, the brides chosen colors, and crystal appointments completed the setting.

Hostesses for the occasion were Mesdames J. D. McBrien, Myrl Hardin, Ralph Johnson, Byron Kattner, H. C. Love, O. G. Mayfield, C. M. Meredith, J. F. Pasterson, E. M. Rutherford, V. D. Turner, Wade Warren, Oscar Warren, Henry Willis, T. S. Brown, W. S. Simmons, Jess Patterson, Doyle Mount, R. A. Dyson, H. F. Pratt, R. L. Kendrick, A. C. Pratt, C. T. Hammonds, Duncan Hollums and Robert Day.

The hostesses presented Sue with a set of flint ware.

## 4-H Program At Harmony Club

"What Everyone is Talking About" was the roll call Harmony Club members answered with when they met in their regular meeting, June 27, in the club room. The 4-H girls and their sponsors were hostesses for the meeting and also furnished the program.

Mrs. Don Finkner acted as chairman in the absence of the chairman, Mrs. Ted Rutherford. Mrs. Zant Scott gave the council report.

Following the business session, Patricia Tucker, president of the 4-H club acted as mistress of ceremonies. She led the group in the 4-H motto and pledge.

Melda Jo Ramsey gave a demonstration on making and using a "Buddy Burner." She showed how to use a No. 10 can and a coffee can for the burner and she then prepared and cooked a "Hunter's Stew."

Barbara Schulz and Janet Holmes gave a demonstration especially suitable for hot summer weather. They prepared "Ambrosia" and "Lemon Boats."

Beth Scott presented a pantomime entitled "Wait a Little Longer."

Some new ideas on "Frozen Foods" was given by Sue Williams, and Patricia Tucker then conducted recreation.

The girls served delicious refreshments of Hunter's Stew, Potato Snax Ambrosia, Lemon Boats, cookies, and punch to the following members:

Mesdames: Elmer Williams, Glenn Pool, Marion Tucker, Don Finkner, Mather Carr, R. B. Gary, Sherwood Ramsey, Monroe Schulz, J. R. Holmes and Chloma Williams.

4-H members and children present were: Patsy Tucker, Melda Jo Ramsey, Beth Scott, Sue Williams, Janet Holmes, Barbara Schulz, Nita Karen Scott, Donna Schulz, Don Ray Ramsey, Larry Scott and Patsy Schulz.

Mrs. Schulz and Mrs. Ramsey are 4-H sponsors.

The next meeting will be July 11, at 2:30 p.m. in the club room.

## McCoy News

(By Carleta Reeves)

McCoy, July 1 — Monday, June 21, the WMU met at 2 p.m. After a short business meeting the ministerial relief program was given by Mesdames P. D. Helms, Marie Tardy, F. F. Stephens and Lucille Reeves. Our next meeting will be Bible Study. All ladies are urged to attend.

Mrs. A. L. Sparks visited Mrs. P. D. Helms Tuesday evening.

Mrs. Carl Reeves and Mrs. Claud Payne made a business trip to Plainview Monday morning.

Mr. and Mrs. Willis Lee Payne of Austin visited Tuesday with Mr. and Mrs. Claud Payne and Mrs. D. F. Payne returned home with them for a visit.

La Nell Tardy and Patricia Martin visited Tuesday night with Carleta and Bobby Reeves.

Mrs. Lee Hodges and children are visiting with relatives in Wichita Falls.

Mr. and Mrs. Clarence Reddy, Mr. and Mrs. O. L. Bearden and Mr. and Mrs. John Fowler visited over the week-end in N. M.

Mrs. C. P. Huckabay spent Friday night with Mr. and Mrs. Carl Reeves and girls.

Mrs. Claud Payne and Lucille Reeves visited Mrs. F. F. Stephens Friday evening.

We had a good crowd for church Sunday. Bro. Carter and family are moving to Amarillo Monday. We are going to miss them very much.

Jerry Walker of Floydada is visiting a few days with Bobby Reeves.

La Nell Tardy, Genetta and Loretta Price and Verna Pate along with other members of the Rainbow girls left for Dallas, Sunday afternoon.

Mrs. F. F. Stephens entered a Lubbock hospital for surgery. We hope she has a speedy recovery.

Mrs. Leona Farsythe and daughter Sandra of Marshall, Tex., are visiting this week with relatives here in Floyd County. She visited Saturday night and Sunday with Mr. and Mrs. Charles Hartsell and Charlotte Leona is a former resident of our community.

Carleta Reeves is visiting her aunt and uncle, Mr. and Mrs. Chiddix of Plainview for a few days.

Betty Sue Wallace spent Sunday night with Laticia Stephens.

Ronnie Eubanks of Plainview is visiting with his grandparents this summer, Mr. and Mrs. F. F. Stephens and Mr. and Mrs. A. G. Eubanks.

Visitors in the Darven Wallace home Sunday night after services were Mr. and Mrs. Billie Joe Smith and family, Mr. and Mrs. Charles Hartsell and Bro. and Mrs. Ken Carter and family.

Mr. and Mrs. Carl Reeves visited Mr. and Mrs. T. J. Whitely Saturday night, also Mr. and Mrs. C. Foster of Floydada.

Mr. and Mrs. Dub Eubanks of Lubbock are the proud parents of a baby girl born Sunday. She has been named Judy Diana. Another new grandbaby is the little son of Mr. and Mrs. Clifford Helms of Lakeview. His grandparents are Mr. and Mrs. P. D. Helms of our community and Mr. Giles of Clovis, N. M. Congratulations!

Miss La Nell Tardy visited last week in the home of Mr. and Mrs. Virgil Martin and girls of Hale Center. Patricia Martin returned home with La Nell for a short visit.

## Fred Lambert Is New Fire Chief

Fred Lambert, a veteran with the city's volunteer fire department was elected chief at the annual meeting of the members held Monday night at the fire hall. He succeeds Leroy Burns.

Elvis Warren was elected first assistant chief filling a vacancy due to the resignation of E. G. Turner. Winfred Payne was re-elected second assistant to the chief.

Chosen captain of Company No. 1 was Floyd Sue and captain of Company No. 2 A. G. Tyler. The latter was re-elected secretary of the department.

The department has 17 members on the roster at this time, with 20 members and a chief the membership limit, reports City Fire Marshal Jeff Hart.

## Center News

(By Mrs. J. E. Green)

CENTER, July 1.—We have really had hot weather since last Friday. Imagine — 105 degrees on June 30! But up to then we'd had pleasant weather. Any way aren't the hot days good on wheat harvest?

Bro. Aubry Howell, Wayland College, preached two good sermons Sunday and Sunday night. He and his wife and baby dined with Mr. and Mrs. Leo Frizzell.

Mr. and Mrs. Jimmy Dunn and baby Debbie spent over the week-end with his parents, Mr. and Mrs. Frank Dunn, and the children.

Mr. and Mrs. J. D. Welborn and girls, Donna and JoAnne, and Mrs. Nolan Arney spent the week-end visiting at LeFors with Mrs. Welborn's mother and other relatives.

Mrs. W. A. Latta and Mrs. Anthony Latta and the children called at the J. E. Green home Friday afternoon.

Mrs. K. J. Matthews and Mrs. Bill Coggins of Berger spent Tuesday night at the Green house.

Mr. and Mrs. Green called at the Walter Sims home Friday afternoon.

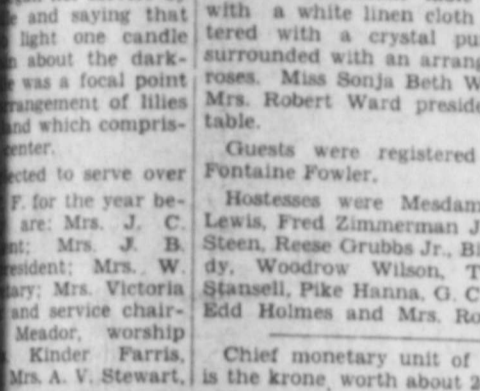

Mrs. Doc Ryman accompanied Doc to Lubbock Monday where she went shopping while he attended classes.

Don Clark Green of Big Spring was home Sunday and attended church with the family as usual.

We hope our church family and anybody in the community will soon be caught up with work and not be too tired to attend church both morning and evening. So come and bring somebody with you.

We want to catch up on W. M. U. too.

## KITCHEN AND FIELD NEWS

From Lighthouse Electric Co-operative Inc. by Nancy Morkel and Claude Weatherbee Electrician Advisors.

Tony Watson, Lubbock, Job Training and Safety Instructor with M. College Extension Service, was at the Lighthouse on Monday morning for his regular safety meeting. He was accompanied by Kenneth Rogers another employee of the Extension Service Job Training and Safety Department.

Mrs. Paul Huntington and daughter went to Brady Sunday to spend a week with relatives.

Mrs. W. O. Baker spent the week-end in Lamesa with her sister and her family, Mr. and Mrs. W. L. Hallmark and girls.

Mrs. Leland Woodward and Cathy of Lamesa and Mack Cooper of Lubbock spent Wednesday night and Thursday in Floydada with relatives.

Mr. and Mrs. Bob Norrell and family spent the week-end in Brownfield with his parents. His grandfather, R. N. Norrell of Paris, Tex., was also a guest in Brownfield.

Mrs. A. E. Guthrie, Aubrey, Carroll and Suzanne spent the week-

end in Dallas where they attended the wedding of their niece and cousin, Carolyn Brown, Aubrey and Carroll were ushers and Suzanne was a flower girl in the wedding.

Mr. and Mrs. Buck Marrick and boys spent the week-end in Littlefield as guests of Mr. and Mrs. Wayne Todd and family.

The Floyd County Fair Association, Board of Directors and others interested in the Floyd County Fair met at the Hotel Coffee Shop in Lockney, last Thursday night to make further plans for the fourth Floyd County Fair, which will be held September 12, 13, and 14, at the cotton oil mill building, where it was held last year, near Lockney. Make your plans now to participate in the 1957 Floyd County Fair. The catalog will be out the press soon—bigger and better than ever before—with lots of prizes and added attractions.

Mr. and Mrs. S. L. West and daughter of Sulphur, Okla., are here this week visiting her brother and his family, Mr. and Mrs. Shorty Neff, also other relatives.

Mrs. J. W. Womack and children were by to see us on Monday morning. Mrs. Womack will be remembered by many as Helen Ring of Dougherty. They have been living in Denver, Colo., for some time but are moving back to Dallas soon. So nice to see Helen again after several years

The Floyd County Hesperian, Floydada, Texas, Thursday, July 4 1957 and to meet her family, two sons and a daughter. She expressed her thanks for the co-op cook book and said she uses it and enjoys it all the time.

Mrs. Anthony Latta and Mrs. Gene Brown were among the Crosby County visitors Tuesday morning in the co-op office.

So many requests are coming in now for "Old Fashioned Ice Cream," so I am going to give you a recipe:

To make one gallon of ice cream: Boil 1 pint of milk with 2 1/2 cups sugar and pour over 6 whole eggs beaten. Let cool. Add 1 tablespoon vanilla. Pour this mixture into the freezer, add 1 pint of cream; then finish filling the freezer can to within 3 or 4 inches of the top with milk. Freeze and serve or store in your food freezer until needed.

## New Texas Egg Law

The Texas egg law, which becomes effective in a few weeks, will have probably a more far-reaching impact on the citizens of Texas as a whole than any agricultural legislation of recent times.

Although regulations will extend only to certain areas of the egg industry itself, the effect of the law will be felt not only by producers and other industry men, but by consumers as well. And the effect felt will be a good one.

What the law actually does is to stop misrepresentation of inferior eggs as quality merchandise and to place emphasis on accurate product labeling of quality eggs and a better product for consumers.

This is accomplished through a system of egg grading which requires all eggs offered for sale to consumers through retail outlets to be accurately labeled according to size, grade and condition of freshness.

Small producers are protected. Hereafter, labeling of eggs as to grade and condition was a free and

open affair with no recourse available even in the most flagrant violations. The new standards require that no egg below actual "A" quality be sold or advertised as fresh, selected, infertile, cage, or any word of similar import.

Producers of eggs who sell only the production of their own flocks are exempt from provisions of the act unless they claim some kind of grade. If producers choose to claim a grade, their eggs must conform completely with provisions of the law.

The act becomes effective August 22. Deadline for obtaining licenses (by retailers, dealers, wholesalers and processors) is October 23. Actual enforcement of violations which carry fines up to \$1,000, will start after February 17, 1958.

(NEXT WEEK: A complete summary of the Texas Egg Law.)

## KERWIN BAXTER IS FATHER OF A SON BORN JUNE 27

Mr. and Mrs. Kerwin Baxter of Santa Anna are the parents of a son born Thursday, June 27, at 3:07 p. m. in Brownwood Hospital, Brownwood, Texas. The young man weighed nine pounds and 10 ounces. He has been named Joe Roy.

Maternal grandparents are Mr. and Mrs. Herman Walton of Guthrie and paternal grandparents are Mr. and Mrs. Cecil Baxter of this city. Paternal great-grandparents are Mr. and Mrs. W. W. Baxter and Mr. and Mrs. C. B. Lyles, all of Floydada.

Joe Roy's father is employed with the Santa Anna Lumber Company and is a student at Howard-Payne College, Brownwood. The mother and new son are reported to be doing just fine.

## Highlights And Sidelights From the State Capitol

(By Vern Sanford, Texas Press Association)

AUSTIN, Tex. — State Highway Patrolmen are on the lookout for dangerous drivers.

Ten Texans are scheduled to die on the highways during the holidays, according to Homer Garrison Jr., representative of Public Safety Director. Twelve died on July 4 last year. DPS fatality predictions usually are frighteningly accurate. However, state law enforcement officers are doing their best to cut the traffic toll and thereby prove themselves wrong in their estimates.

Gov. Price Daniel has made a personal appeal to Texans to join together to "curb the senseless slaughter on our streets and highways."

Colonel Garrison reports 120 extra units will be added to the patrol for the holiday "Operation Death-watch." Their job will be to spot the speeders, drunken or reckless drivers and take them off the roads before accidents occur.

Texas Safety Association has joined in the push for better citizenship on the highways. TSA says last year's traffic accidents in Texas cost \$275,000,000 took 2,611 lives and injured another 113,000 persons.

GRAND JURY DIGS IN — Travis County grand jury touched off a rash of speculation by issuing summons to a new group of witnesses.

What they found out about the affairs of the bankrupt ICT Insurance Co. of Dallas and former Ins. Comm. Chmn. J. Byron Saunders will not be known until later in the summer when the jury reports.

Colorful ex-Ranger Manuel T. (Lone Wolf) Gonzales was the headliner witness. Gonzales once was vice-president of a Ben Jack Cages enterprise, making prize-money alarms for women to summon help. He said he had nothing to do with ICT, also managed by Cage.

Others called to testify were Mrs. Mae Swaidner of Dallas, longtime secretary to Saunders; Paul B. Kelly of Austin, personal friend of Saunders; and Dick Mallard, Tyler CPA who asked to bring Saunders' financial records.

CAGE PROMISES TO RETURN — Meanwhile, Ben Jack Cage, kingpin of the controversy, announced from Brazil that he'll come back to Texas "in about a month" and straighten everything out.

Cage, former manager of ICT, is under indictment in Dallas for embezzlement of the firm's funds. Governor Daniel had tried to get Cage forcibly returned to Texas for trial, but found the U. S. has no extradition treaty with Brazil.

Cage terms the Texas talk "hysteria," blames his successors at ICT for the company's collapse. But, he said, he plans to set up a corporation under which 75 per cent of his earnings for the rest of his life will go to repay ICT shareholders, hence, heralding "clean slate" Insurance Commission is finally a reality.

NEW LOOK LAUNCHED — Texas' "New Look" was officially launched with the appointment of Assistant State Auditor William A. Harrison as Commissioner of Insurance. Under the reorganization law passed by the last legislature, the commissioner is to be a \$20,000-a-year executive who will run the de-

partment. Although it will be one of the highest-paid posts in state government, Harrison is serving without pay. Though oversight of the legislature neglected to make the commissioner's salary effective until Sept. 1, Harrison, who was named "temporarily" until September, is reportedly serving "on faith" that the Legislature will make some adjustment when it next meets.

TEACHER MONEY ASSURED — Teachers, who've had state officials scraping and scrambling for months, are now apparently assured of receiving their \$399 a year raise beginning next fall.

Atty. Gen. Will Wilson ruled that \$4,000,000 can be made available for this purpose on Aug. 22. A bill authorizing transfer of this amount from the permanent school endowment fund becomes effective 90 days after adjournment, said Wilson.

Earlier, doubts had been raised whether signing of the bill would permit the transfer before the end of this fiscal year, Aug. 31.

FIRST WITH THE WORST — Coast of Texas' severe weather damage in 1957 will probably top \$100,000,000, says William L. McGill. Official total is already more than \$91,000,000.

McGill, director of Texas Civil Defense and Disaster Relief Headquarters, said this year has brought the "most far-reaching and widespread destruction the state ever has known."

Texas always has had the "dubious distinction" of leading the nation in catastrophes he said, recalling the Galveston Flood, New London school explosion, and the Texas City disaster.

But 1957, he recounted, brought, in just four months, 120 tornadoes that hit the ground; major floods in 13 river basins; and, for good measure, the worst blizzard in history in the Panhandle.

As McGill spoke at a statewide Civil Defense Advisory Council conference in Austin, hurricane warnings were posted on the Gulf Coast. "That," said McGill, "is all we need."

HIGHWAY PLANS EXPLAINED — State Highway Engineer D. C. Greer is trying to soothe riled East Texans who learned that a proposed new interstate highway would bypass them.

Plans show that "Interstate 2," designed to extend from Shreveport, La., to El Paso, would miss both Wood and Upshur Counties.

Greer promised that present U. S. Highway 80, which runs through those areas, will be improved to a 4-lane artery. It will serve the purposes of the area better than the controlled-access interstate road which does not permit easy cross-traffic, said Greer.

SHORT SNORTS — State Supreme Court paid tribute to its "walking dictionary," Legal Secretary Francis J. Renz, who retired after 38 years service with the high court.

Maria Ruth Alejandro of San Antonio and Glenn Lightfoot of Oholson were certified by the governor's office as Texas' nominees for the Young American Medal for bravery. Both are credited with heroic rescues at the risk of their own lives.

No point in trying to avoid being fingerprinted, Atty. Gen. Will Wilson has ruled officers may use "reasonable necessary" force to fingerprint a person legally arrested.

Employment by new Texas businesses dropped 2,656 during May, reports the Texas Employment Com-

## Cloud Seeding May Some Day Whip Tornadoes

WASHINGTON. — A pioneer researcher into the means of modifying weather by cloud seeding and other scientific techniques believes it may become possible to change atmospheric conditions which produce tornadoes so that the death-dealing storms do not develop.

Senator Ralph Yarborough of Texas and Vincent J. Schaefer, director of research for the Minitalpa (co) Foundation Inc. of Schenectady, N. Y., told a special senate subcommittee on weather modification of the tornado-avoiding possibility. Sen. Yarborough is a member of the subcommittee.

The Texas Democrat reported Schaefer told the subcommittee fundamental research into tornado-generating conditions is now being carried out by the U. S. Weather Bureau's severe local storm warning center at Kansas City.

Schaefer, Sen. Yarborough said, carried out the historic 1946 experiment into seeding clouds with dry ice over eastern New York and western Massachusetts — the first such U. S. test.

Sen. Yarborough said he wished to emphasize that breaking up of severe storm-producing conditions is still a "good many tomorrows away" and not yet an absolute probability. Still, he said, Schaefer's testimony before the subcommittee offers much hope.

The pertinent Schaefer testimony cited by Sen. Yarborough: "The number still was considered fairly stable — 107 new firms hiring 1,652 people.

"I would rather hope that our efforts, and that of those who follow us in this field will be directed more toward attempts to moderate or even prevent disastrous weather such as severe hail and thunderstorms, persistent droughts or excessive rains, death-dealing tornadoes and hurricanes and similar phenomena, some of which result from the organized build-up of excessive amounts of latent energy which, when triggered off, cause such things as torrential rain, damaging hail, severe wind or forest fires induced by lightning.

"... I find myself increasingly optimistic over the future of our attempts to exercise some degree of control over localized weather phenomena."

DON'T BUY ANY CAR BEFORE YOU DRIVE A CHEVY... ITS BEST SHOWROOM IS THE ROAD.

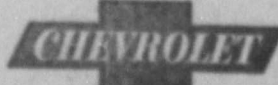

Beauty in motion—Chevrolet Bel Air Sport Sedan with Body by Fisher.

## Here's why Chevy's best showroom is the road!

Because Chevrolet's sleek good looks, its advanced features, are only part of the story. The big bonus is its remarkable roadability, the crisp precision handling that has posted an entirely new standard for cars in every price class. There are reasons for this, of course; Chevrolet's balanced weight distribution that takes

excessive loads off the front wheels, the wide stance of outrigger rear springs, Ball-Race steering, spherical-joint front suspension. Sure, you can admire the sculptured lines in the showroom. But Chevy's a car specifically designed for beautiful motion—you have to travel in this one to know just how terrific it is. Try it, this week!
