

Bigger and Better County Fair Opening Today

Parade Is Set For 3 O'Clock This Afternoon

No doubt about it, Floyd County's annual fair opening this morning will be bigger and better than ever. The time-worn claim will be fully realized this week-end as Floyd County farmers parade the produce of their fertile fields, their arts and crafts from their homes and their champion herd of cattle, sheep and swine.

The huge building and grounds, just outside the city limits at Lockney, abandoned as an oil mill, is being re-made into a civic center. It was a hum of activity yesterday as the final cleanup of the premises was completed for the three days ending Saturday night.

Yesterday the clean up squad, including many of the officials who have already given much time to the project this spring and summer, together with volunteers, were putting the premises for the fair into shape and in good condition.

Their enthusiasm was whipped up by the reports which indicate that the sum total of exhibits will be greater than ever before and that the additional fact that every available foot of exhibit space is being spoken for by commercial exhibitors.

Only fly in the ointment as of yesterday was the possibility that President Charles Boedeker, who has labored long and hard for the fair may not be able to attend after all.

Tuesday night Boedeker flew to Dallas where his wife is in a hospital and was due to have an operation Wednesday morning at 9 o'clock. Only if her condition proves good and he is able to catch a way home after he determines she is doing well will Mr. Boedeker be able to return for part of the fair.

This morning the confusion of entering exhibits in the various departments of the fair has had sway, but this afternoon by 3 o'clock when the first fan fare of opening day will be heard, the annual parade will be held.

The parade will be featured by two of the area's high school bands, The Floydada Whirlwind Band and the Lockney Longhorn Band will be in the line of march, which will form promptly at 3 o'clock.

All the officers and directors were out of their usual places of work Wednesday while they gave their time to the fair. Among these were Jake B. Watson and Sam Puckett from local circles.

Here are some of the things that will greet fair visitors this week-end: A live stock show, that will include a beef cattle show, an Aberdeen Angus field day and show, a baby beef steer show, a swine show, a sheep show including open classes as well as fat lambs.

Community exhibits with six communities competing—entered being Dougherty, Sand Hill, Harmony, Aiken, Lockney and Lone Star.

Individual agricultural exhibits featuring 75 various kinds of field crops and vegetables as well as all kinds of fruits.

And in the women's department a textile show, a Nation-Wide Cribbage Contest, and a show of canned fruits and veg-

Mrs. J. J. Spikes Has Broken Hip

Mrs. J. J. Spikes, who has been writing for The Hesperian for many years, a column, "As a Farm Woman Thinks", will have to let her pen have a rest for at least a few days.

She was hospitalized Thursday afternoon at St. Mary's hospital in Lubbock with a fractured right hip bone and had an operation to remedy the break Friday morning there.

Dr. L. W. Spikes, her physician son, said his mother tripped on a door mat at Trade Winds Cafe in Ralls Thursday afternoon about 1 o'clock and broke the hip bone.

Dr. Spikes said his mother stood the operation fine and was in good spirits the first of the week. He thought the doctor would have her in a wheel chair shortly and may permit Dr. Spikes to take her home to his private hospital this week.

It will be three months, Dr. Spikes estimated, before Mrs. Spikes can put any weight on the injured limb.

Legion Installs New Officers

Members of the American Legion had their regular meeting and breakfast with installation of officers Monday morning at the hall.

Tournament For Club Golfers Begins Saturday

Floydada Country Club's annual golf tournament, open to members only, will be staged beginning Saturday.

Entry fee of \$3 along with qualifying score must be turned in not later than tomorrow, Friday, September 13.

Pairings will be posted Saturday morning at the Pro Shop in the club house. First round matches must be played by Tuesday, (Sept. 17) second rounds by Sunday, Sept. 22, third matches by the 28th and the finals by September 29.

Trophies will be presented to Flight Winners, Runnersup, Consolation Winners and Runnersup.

Plans for the event were announced Tuesday morning following a meeting of the club directors Monday night. Claude Weatherabee, club secretary, said the tournament will be match play in 16-man flights. All the golf events of the season today have been open to the public, whereas these matches are scheduled for club members only.

Entries may be made today or tomorrow by mail to Floydada Country Club, Box 1004, in person to David Ramirez, at the Pro-Shop at the club house, or to Gene Collins Jr. at the First National Bank.

Women Golfers Meet

Mrs. Doyle Moore, president of the Women's Golf Association of Floydada Country Club, announced this week the group will hold their regular third Thursday meeting on September 19.

A covered dish luncheon will be served at noon and business matters discussed. Plans are to be made for the coming ladies tournament for members of the club to be held on September 26, 27 and 28.

All members are urged to be present and keep the tournament date in mind also.

Whirlwinds Go To Olton Friday For Game At Mustang's Field

The rampaging Floydada Whirlwinds will journey to Olton tomorrow night to play the Mustangs of that city in the second gridiron contest of the year for both clubs.

The clash is scheduled for 8:00 p. m. in the Mustangs home corral. Chief concern of the Winds backers, and probably the coaches too, is the fact that they are being tabbed as slight favorites in the game.

Last week they took the field as decided underdogs and upset their highly regarded opponent, Wellington, who came to town a little too confident.

This time the tables are turned and conditions are ideal for the green and white to get fed with the same spoon they used on the big Skyrocket team a week ago.

Coach Joe Turner's Mustangs are well coached. They have always played good football against the locals and last year took home a 34-13 victory over the Winds. They started the season with 12 returning lettermen in the fold and five of them weigh more than 180 pounds.

Last week the Wildhorses lost a 19-0 game to Abernathy in the rain. Scouts report that fumbles hurt the Olton cause greatly in that contest.

Big guns for Olton were James Ray Hyatt, qb, 160; Arno Hall, lb, 190; Ronnie Dennis, rb, 135; Jack Roy Straw, fb, 150; in the line were ends Don Edwards, 190, and John Paul Jones, 165; tackles C. Billingsley, 185 and Billy King, 185; guards Kent Woosenraft, 185 and James Carson, 185; center John Mysinger, 265.

Against these boys in a defensive line-up for Floydada would probably go ends Buford Beedy and Ranny Vickers, tackles Ed Whitehead and Dale Lawson, middle guard was still unnamed with Don Vickers in the hospital this week, outside line backers Billy Gilliland and Edward Hartman, inside linebackers, Grant Cooper and Danny Shipley, and defensive halfbacks Bill Patterson and Frank Potts.

Of course injuries or sickness could change all this by game time or other boys might earn a starting role in this week's workouts. Don Vickers has been suffering from an attack of what doctors fear to be encephalitis. Bobby Christian went home Tuesday apparently with a case of flu.

Early this week it appeared that injuries from the Wellington game were much lighter than would be expected and might not hamper the boys by this week-end. The offensive punch of the team could be much sharper if a few more of the boys regained top strength and fully recovered from some minor injuries which have hampered them for several days.

The Whirlwind coaches were well pleased with the performance of their charges in last Friday's game, they told the Quarterback Club Monday night. They have shown the film of the game to the team and have been going over mistakes with the boys in an effort to smooth out their attack.

Coach Watson said that he expects a very tough game with Olton, but believes the team realizes that they have their work cut-out for them.

The Whirlwind Band, cheer leaders, a large portion of the student cheering section, along with a big following of fans are expected to follow the team to Olton.

Plane Crash; Pilot Unhurt

Pete Poteet, spraying service pilot for Aerial Sprayers Inc., walked away unscathed from a completely demolished plane near Lockney Friday.

The J-3 sub Poteet was piloting was loaded to capacity with parathion and DDT. The plane stalled on takeoff from the storage air port located near Highway 70 southeast of Lockney, then crashed a half a mile further, narrowly missing a highway.

Other workers rushed to the scene and met Poteet walking away from the scene. Minutes later the plane caught fire and was completely destroyed.

Lions Announce Annual Blind Shops Caravan Sale Saturday

The Floydada Lions Club will sponsor the annual sale of Brooms for the Texas Blind Shops Caravan Saturday, Sept. 14.

The Caravan will be located on the square and the proceeds from the sale will be used for Lions Club projects and the local boy scouts.

The Texas Blind Shops Caravan features the best in top quality Corn Brooms, attractive Door Mats, Ironing Board Covers and Pad Combinations. Mops and many other household items, dish cloths, cup towels, pot holders, dust cloths and clothes pin bags.

For business firms they feature heavier merchandise, warehouse mops and brooms, 18 inch and 24 inch floor brush, 18 inch and 24 inch garage brush.

All products are manufactured by Texas Blind Workmen in Blind Shops or Lighthouses, which are non-profit organizations and their only means of distribution is through the Texas Lions Clubs, who have taken this as a state-wide project to aid their blind.

There will be a house to house canvass beginning Saturday afternoon from the Courthouse Square at 2:00 p. m. by the Floydada Lions Club and some 30 to 40 Boy Scouts.

If your home or business is missed by these workers please call at the Courthouse square and your order will be delivered.

Grain Men Making Ready For History Making Crop

Floyd County grain men are viewing the coming maize harvest with optimism. Though there is much of the dry land acreage that has been in need of rain for several days, and some of the irrigated crop that is running a little short of water, the outlook is still for a much better than average crop.

Some say it will be the biggest maize harvest in the history of the county.

Much depends on the frost date and weather conditions until that time but it appears to be almost certain there will be plenty of dry land milo that will harvest as much 1000 pounds to the acre and more than 2000 pounds will not be uncommon on the irrigated crop. Where hybrid seed was used and chemical fertilizers along with heavy application of water the production prospects are for a very heavy yield.

A trickle of grain has begun to come in from the high dry spots which matured quickly, but for the most part it will be October before the combines are really rolling.

Producers Elevator at Dougherty caught a first load from Homer Farmer last week and Henry Edwards Elevator got a load from J. C. Martin. Most other points in the county were expecting some early patches to start moving soon but no rush for several weeks.

Lon Davis Elevator caught a run from a 40-acre field delivered by Buren Cates beginning last Wednesday which gives an inkling of what may happen. The crop was averaging 3,600 to 3,700 pounds per acre, tested 58 pounds to the bushel and had a moisture content of 13.5 per cent.

There are early fields of maize here and there all over the county that will move before frost date.

Grain men have been busy for some time preparing for the big push and many have been emptying out bins and shipping as fast as they could to head off any bottlenecks they could as to storage space and box cars for shipping to terminal points.

To illustrate Poole Grain Company has emptied their bins of 30 carloads of grain in the past 10 days.

The county is also getting a lot of additional storage from new construction that is underway. At South Plains Harvest Queen Elevator has under construction a steel walled building 105 feet wide and 301 feet long which will give them a million bushels of new storage space. Dock Jones is manager of

Mrs. J. B. Claiborne Steadily Improving

Mrs. J. B. Claiborne is said to be steadily improving this week in the Lubbock Methodist Hospital where she was transferred Friday of last week from the Price-Black Hospital in Lamesa.

Mrs. Claiborne is at the bed side of his wife and Mrs. J. G. Wood, of Floydada, mother of the injured woman, is with the Claiborne children in Lamesa.

Mrs. Claiborne was seriously injured in a car-truck crash near Lamesa Aug. 23. Mr. Claiborne received slight injuries while Mrs. Claiborne received 10 fractured ribs, a puncture and partially collapsed lung, shattered collar bone and a fractured skull.

Rosson Twins Will Study at Stephens

Mr. and Mrs. R. B. Rosson took their twin daughters, Gaye and Gayle, to Amarillo Monday where they boarded the Stephens College special train for Columbia, Mo. The girls will begin their first year of college there.

Mrs. Rosson left Amarillo at the same time for Greenville, South Carolina, where she will visit with a son, Lt. Barry Rosson and Mrs. Rosson.

L. Rosson is stationed at Don-Don Air Force Base at Greenville, but has been in the hospital suffering from pleural deflexion. Word was received here before Mrs. Rosson's departure that their son was improving and would be able to spend the weekend at home.

R. B. Rosson plans to journey to Greenville the latter part of next week.

Chuck Day Having Bout With Fever

Chuck Day, proprietor of Chuck's Market in the veterans' hospital in Amarillo this week, where he is undergoing observation for a fever of unknown origin, which hit him about two weeks ago.

Mrs. Day is holding down the fort at the market in the absence of her husband. She said this week that Chuck contracted a fever while he was in service. This, presumably, is a recurrence of the fever he had then which was also of unknown origin.

To Name District Queen Thursday

Miss Kay Golden, 1957 Floyd County Farm Bureau Queen and daughter of Mr. and Mrs. Oscar Golden of Aiken, will be in Lubbock next Thursday, September 19, competing for the title of District Farm Bureau queen.

Ceremonies are to be held in the O. L. Slaton High School with a tea in the afternoon for the girls in the Lubbock Hotel.

Miss Golden won over 12 contestants in Floyd County. She is sponsored by Lockney Rotary Club.

Winner of district will travel to the state convention of the Farm Bureau to compete for State honors.

L. G. WITHERS REGAINING STRENGTH AFTER ATTACK

L. G. Withers announced this week that his cafe is now open for business after two weeks of remodeling.

Mr. Withers expects to be back on the job this coming week after having to take it easy following a heart attack.

Mrs. Withers and J. A. Fawver Jr., have been taking care of the business during Mr. Withers' absence.

Lockney School Enrollment

Enrollment at the Lockney school system has reached 977 students this year.

It was announced of this number 244 are in High School, 200 in Junior High, 59 in the colored school and 472 in the new C. N. Townsend grade school.

Plans For Soil Tour September 20 Include New Farm Projects

State Senator Andy Roers, of Childress will be the Lions Club speaker at the Soil Conservation noon-day barbecue-dinner Friday of next week at Paymaster Farm headquarters.

Following a custom of years standing the Paymaster Farms and Floydada Chamber of Commerce will be joint hosts for the members of the caravan making the tour.

George Spears, president of the Lions Club, will preside at the ceremonies at which the plaque will be presented to the year's outstanding soil conservation farmer of Floyd County, to be chosen by the Board of Supervisors of the Soil District.

Rotary Summer Visitor Makes Farewell Talk

Yesterday Abdellif Bennis, of Casa Blanca, Morocco, who has been spending the summer in Floydada, addressed Floydada Rotary Club at high noon.

It was a farewell sort of talk to many friends he has made in the brief summer he has been here. Floydada Rotary Club sponsored Bennis' visit to the United States.

His membership enjoyed his stay here greatly and he said also his stay in the community has been a great experience.

If his plans work out he will leave this week-end, spend a short time in St. Louis and the national capital and visit the Moroccan embassy before he sails for home. He also hopes to visit UN before departing.

Bennis is an agricultural student in a French agricultural school near Paris, and aspires to be an agricultural engineer. The cereals and live stock are his greatest interest in farming. He will resume his studies with the opening of school in November.

"Bennis has fitted into the community life very nicely," said Club President Gordon L. Downing this week. Club members have furnished him with a sample of most all the kinds of activities they engage in, and he has been "right in" for it all.

One of the latest was a trip to the gulf coast with Bob Roason, where the pair did some deep sea fishing.

Bennis' "home" has been at the Conner Odessa, Conner having volunteered the use of his name as the individual responsible for Bennis' welfare while on his trip to the southwest.

According to the plan Bennis will sail next mid-week or slightly later. Gordon Downing said.

The club president said the Casa Blanca Rotary Club will be told of

JONES FAMILY IN AMARILLO

The Enos T. Jones family are now making their home in Amarillo, a note changing address for the Hesperian, reveals.

In the note Mr. Jones relates that he is now working as an attorney for the United States Department of the Interior there in Amarillo. He offices in the old Post Office Building. Mrs. Jones is teaching in Amarillo High School.

The Hesperian has followed the family since their departure first to Austin and later to Round Rock, and now to Amarillo.

which they are reporting to the Soil District Board.

These are likely to be included on the tour.

The L. H. Dorrell farm, four miles east where the viewers will see Blue Panic Grass in the first and fifth year of usage on the farm;

The J. F. Pundt conservation reserve land, where sweeping love grass, blue gramma and buffalo grass plantings have been made this year;

Also a farm where the terraces have been built so as to retain all of the water on the land, allowing none of it to drain into the lake.

This is viewed as an unusual accomplishment considering flood conditions that have prevailed at times this season.

The caravan of sightseers also are likely to be shown a vegetable crop or two enroute to the Paymaster Farm headquarters where the crowd will be fed and the noon-day program held. Other interesting stops are in the planning.

The caravan is to form at the agricultural building in Floydada and depart promptly at 9 o'clock, according to present plans.

Walker Pecos

Texas Tech's all-time record of a heart attack in Pecos, occurring in Pecos.

was held Tuesday in the Pecos Funeral home in the evening.

Following a custom of years standing the Paymaster Farms and Floydada Chamber of Commerce will be joint hosts for the members of the caravan making the tour.

George Spears, president of the Lions Club, will preside at the ceremonies at which the plaque will be presented to the year's outstanding soil conservation farmer of Floyd County, to be chosen by the Board of Supervisors of the Soil District.

The Soil tour this year, according to the plans being made up by the Board of Supervisors of the Soil District, will take the caravan east and north of Floydada into a region where numerous interesting grass and soil bank experiments are being carried on.

Cecil Lewis, of the service, and Aubrey Dalrymple, conservationist of the Conservation Work Unit, exploring for interesting soil practices, this week have come upon three or four likely stops.

Walker is the biggest player in Tech's history, who has played in Tech since he was a freshman in high school. He received that honor in 1928.

made the wife, Marjorie Helen Marie, and all of the Pecos family, Mrs. W. A. Walker, the sister, Mrs. W. W. Vernon, two brothers, and a daughter of Floydada, Mrs. M. J. Mission, Texas.

QA & P Building Switch Mileage

Quannah, Acme & Pacific Railway Company will soon put into use an added switch track 4,000 feet long that will accommodate 90-odd railway cars in their Floydada yard.

The new switch ties in with the present installation at Crockett and South Eleventh Street and extends eastward to a point about a half mile east of the Lakeview road. It ties in with the exchange track also.

The addition is principally to expedite transcontinental freight, Bob Medfen, agent of the Quannah Route, said.

Print Rice's local maintenance gang has been augmented by an extra gang of about 15 men in laying the additional switch.

Unofficially it is said the Santa Fe Railway Company is planning a similar installation in their industrial yards.

George Perkins Is Buried At Dublin

George Perkins, 79, of Lockney, and a native of England, died in a Wichita Falls rest home Tuesday, September 10. Mr. Perkins had been in ill health for many years.

He made his home with a brother in Lockney prior to his illness. He was a refrigeration engineer and became a citizen of this country in 1918.

Survivors include two brothers, Frank Perkins of Lockney; Joe Perkins of Houston and one sister, Mrs. J. N. Childers of Dallas.

The body was taken overland to Dublin, Texas, Wednesday by Carter Funeral Home where graveside services were held. Burial was in the family plot at Dublin.

Mrs. Ruby Carmack, of Fresno, Calif., is here for an extended visit with her father and mother, Mr. and Mrs. W. H. Owens and other relatives.

'Whirl' Has Color And Advertising

The "Whirl," Senior High School paper, is coming out in color this semester and promises to be even better than before.

Janice Smith is editor with Kenneth Barker as art editor, Kelly King, advertising manager and Jerry Cardinal as business manager. Society editors are Addie Adkins, Pat Hickerson and Dick Galloway; sport editors are Olea Adams and Johnny Fred Brown.

The Whirl is published weekly by students at Floydada High School. Their advisor is Billy Jack Eady. It is carrying ads this year, another innovation.

Sand Hill News

(By Mrs. James Jeffress)

SAND HILL, Sept. 9 — The big talk in the community this week is the fair. Whose got this? and Where can we find that? These are the questions being asked in our community. With all the different crops in our prosperous community, a good community exhibit shouldn't be too hard to get ready by Thursday morning.

Yes, Thursday morning is the first day of the Floyd County Fair in Lockney and everyone is real happy about it, so let's all help make it one of the best.

The Sand Hill Club met Wednesday afternoon in the home of Mrs. Arion Miller in Floydada. There were 14 present for the meeting. The next meeting will be September 18 at the club room. Mrs. Roy Teague will be hostess and this is the club's regular Pollyanna Day. Let's all remember to attend and bring our gifts.

The Sand Hill Baptist Church had their monthly business meeting Wednesday evening with M. B. Swanner in charge. Rev. Ed Williams of Plainview gave the devotional and it was announced he would have charge of Sunday's services.

The nominating committee had already elected the new teachers for the coming year and their names were presented and voted on. They are as follows: M. B. Swanner, Sunday School superintendent; June Jeffress, secretary; Mrs. Joe Earp, Women's teacher; Mrs. M. B. Swanner, young married women's teacher; Ed Noel, young married men's teacher; Mrs. J. M. Williams, Juniors; Mrs. Molly Stringer, primaries; Mrs. Dale Stringer, Beginners. The men's teacher has not been appointed at this time. Lawrence Baird was elected training union director. J. M. Williams, secretary; Mrs. J. T. Spears, junior teacher; Mr. and Mrs. Joe Earp, young peoples sponsors and Mrs. Dale Stringer, beginners.

Classes receiving banners this month in Sunday School and Training Union were the Beginners with Mrs. Dale Stringer as teacher, and the Juniors with Mrs. J. T. Spears as teacher.

Miss Pearl Baird, daughter of Mr. and Mrs. Olen Baird and Johnny Tims of Crossroads, New Mexico, was united in marriage Sunday at 4 p. m. in the Sand Hill Baptist church.

FARMER'S FAVORITE — First Miss Rural Electrification of Texas is crowned after selection during Seventeenth Annual Membership Meeting of Texas Electric Cooperatives, Inc., in San Antonio August 29-30. She's Sydney Slack of Perryton, seventeen-year-old high school senior. State Senator Andy Rogers of Childress places crown on Miss Slack before 525 rural electric leaders at statewide gathering.

Mrs. Monroe Schulz and family had as their guest last Thursday, her mother, Mrs. E. H. Foerster of Lubbock. Mr. Foerster returned home Sunday.

Mrs. W. R. Billington's condition is some improved this week. Visiting her this week was her mother, Mrs. Glenn of Plainview. Visitors in the home Saturday afternoon were Mrs. William Mayo and her mother, Mrs. Curtis.

Jim Holmes accompanied his brother, John and his mother to Oklahoma over the weekend where they enjoyed visiting relatives.

Mr. and Mrs. Ed Williams and children of Plainview were Sunday dinner guests in the home of Mr. and Mrs. J. M. Williams and Judy.

Mr. and Mrs. Roy Smitherman and family of Abernathy were Sunday guests in the home of her sister, Mr. and Mrs. Monroe Schulz and family.

Mr. and Mrs. James Jeffress had as their guests Sunday afternoon Mr. and Mrs. H. F. Jackson, Jim

Jeffress of Silverton and Mrs. Dolly Kelly of Lockney.

The football season opened with a bang Friday night as being with Floydada and Lockney bringing home the scores. Although the weather was pretty dreary in Hale Center, the Lockney team did very well and so did Floydada.

Mr. and Mrs. Jess Starkey and family spent the weekend in Flo- noot, visiting relatives.

Mr. and Mrs. W. R. Billington spent Sunday at Dimmitt visiting in the home of her brother, Mr. and Mrs. Adrain Glenn. On their return-trip they stopped in Plainview and visited in the home of their daughter, Mr. and Mrs. Ross Yandell and family.

Mr. and Mrs. Roy Slater of Littlefield were visitors in the home of Mr. and Mrs. J. M. Williams and family in the Providence Community Tuesday evening.

(Received too late for Sept. 8 issue)

SAND HILL, Sept. 3 — The showers have been rather few and far between this week. One tenth of an inch fell Wednesday night. Quite a few in the community continue to water cotton this week even though it is the first of September.

The vegetables continue to move to market this week with the cantaloupe leading them all. The lettuce heads that have been planted recently are beginning to show up this week.

Mrs. M. B. Swanner, along with several other hostesses entertained with a bridal shower Thursday afternoon for Miss Annie Thomas. Numerous gifts were brought and sent during the afternoon. Miss Thomas is the bride-elect of Gene Odell of Big Spring. They are to be married September 14.

The W.M.U. of the Sand Hill Baptist church voted to meet only twice a month. The next meeting will be September 9th in the home of Mrs. Dale Stringer. This will be the Mission program and all of the ladies of the church are urged to come to the meeting.

Our deepest sympathy goes out to Mr. and Mrs. Rafe Ferguson, formerly of this community, and all the other relatives of Bill Ferguson who was killed in a car wreck Saturday. May God be with them in their hour of sorrow.

Mr. and Mrs. Edward Baird and family were guests in the home of Mr. and Mrs. Monroe Schulz and family Saturday night.

Pearl Baird is New Bride

Miss Pearl Baird, daughter of Mr. and Mrs. Olen Baird and Johnny Tims of Crossroads, New Mexico, was united in marriage Sunday at 4 p. m. in the Sand Hill Baptist church.

Bro. E. O. Adams of Aiken read the double ring ceremony. Miss Nancy Jenkins was bridesmaid and Mrs. Bobby Tims of Crossroads was best man. Candle lighters were Ernest and Lawrence Baird. Other attendants were Judy Williams and Molly Stringer.

The reception was given in the home of Mr. and Mrs. J. M. Williams.

The couple left Sunday afternoon on their honeymoon and will make their home in New Mexico where Johnny will attend college in Fortale. He will also pastor a church at Cross Roads, N. Mex.

Sunday dinner guests in the home of Mr. and Mrs. James Jeffress and family were Brother Joe Peterson of Plainview and Norma Sue Holloma.

Mr. and Mrs. M. B. Swanner left Sunday afternoon for Lubbock to visit in the home of their son, Mr. and Mrs. Ken Swanner. On Monday the two Swanner families planned to go on to Carlsbad, N. Mex., and go through the cavern.

Mrs. W. R. Billington returned home Monday after spending a week in the Crum Clinic. For the past few days she has been staying in the home of her daughter,

Mr. and Mrs. Ross Yandell in Plainview. Mrs. Billington is feeling some better.

Bobby Tims and Loretta Bilkey of Cross Roads, N. Mex. spent the week end visiting in the home of Mr. and Mrs. Olen Baird and family.

Quite a few from the community attended the wedding of Miss Beuna at the City Park Church of Christ in Floydada. Some of those attending were Mr. and Mrs. H. F. Jackson, Mr. and Mrs. Tom Thomas and Mr. and Mrs. Lynn Miller.

Let's all remember the Fair is less than two weeks away and start making plans to attend and start thinking about what we have that we might enter in the exhibits. Let's help make this the best Floyd County Fair we have had.

Mr. and Mrs. J. M. Williams attended church services at Lone Star Sunday night.

Bro. Joe Peterson of Plainview conducted church services Sunday. The church has not called a pastor as yet, but hope to be able to in the near future. The attendance still continues to be very good each Sunday.

The Brotherhood of the Sand Hill Baptist church met Monday night with the president, Mr. J. T. Spears in charge. The men voted to send Mr. Spears to Oklahoma City to the Brotherhood meeting. Those present were James Jeffress, M. B. Swanner, Harvie McCredie, Dale Stringer, Hollis Malin, Silson Stringer, J. M. Williams, Mr. May, Grover Earl, Grover Coffee and Ed Noel.

The next meeting will be October 2. After the meeting all present enjoyed home-made ice cream.

Center News

(by Mrs. J. E. Green)

CENTER, Sept. 10 — Today is cloudy and cool, looks like it might rain.

Sunday was a good day. We had Bro. and Mrs. Hodges with us again. He preached at both services.

Other visitors in church Sunday were Mr. and Mrs. Garvin Beedy and children of South Plains, Mr. and Mrs. Odell Thompson and children of Petersburg, Jerry Hodges and Maude Williams of Plainview.

Visitors in the Frank Dunn home Sunday afternoon were Mr. and Mrs. Floyd Montgomery of Plainview and Mr. and Mrs. Ross.

Sunday dinner guests of Mr. and Mrs. Leo Prussell were Bro. and Mrs. Hodges and Jerry and Miss McWilliams, also the Odell Thompson family. Mrs. Thompson is the former Dorothy Anderson. The Garvin Beedys dined in town and visited her parents, the Leo Prussells in the afternoon.

Mrs. W. M. Jackson had for her guests over the weekend her daughter and family, Mr. and Mrs. Orbin Carroll, Sue Lynn, Larry and Kent of Amarillo.

Mrs. Jackson is visiting this week with her son, Fern Jackson and family in Kermit.

Johnny Warren preached Sunday at Estacado.

Mr. and Mrs. Nolan Arney spent the weekend at Childress where they took home Mr. Arney's father, who has been here visiting his son and family for a few days.

Mr. and Mrs. Ross went to Roswell Tuesday taking home their daughter, Mrs. Don Craig and children, who had spent the Labor day weekend with them. They returned by way of Baileyboro Wednesday

Three Millionth Girl Scout

Surprised to find out she is the three millionth Girl Scout in the United States, 12-year-old Janice Brewer of St. Louis, Mo., holds the form indicating she has been officially registered as a member of Girl Scouts of the U.S.A. National-wide Girl Scout membership has tripled since 1944 but many girls, like Janice, must wait to become Girl Scouts because there is a shortage of adult troop leaders.

Venturing Spirit in Vegetable Men

do not lend themselves so well to the well-being of the public." He urged more money be spent to research and marketing, finding out what the customer wants and the kind of a package he wants it in.

The commissioner's visit to Floydada was also the occasion for several other interested specialists and men of allied interests to come here. Among these were:

- Russell H. Koontz, Chief of Weights and Measures, Texas Department of Agriculture;
- Leland A. Turner, Asst. Agriculture Agent, Santa Fe Railway, Amarillo;
- Leroy Saul, Representative 89 District of Texas;
- Joe Cole, Texas A. and M. Vegetable specialist;
- Durwood Speights, Horticultural Marketing Specialist for Floyd, Hale, Lamb and Bailey Counties;
- S. J. Henderson, Traffic representative, Q. A. and P. Railway, Quanah;
- S. M. Blashuk, Traffic manager, Q. A. and P. Railway, Quanah;
- Bill Day, Texas Employment Commission, Plainview.

A "new approach" to Texas and the nation's farm problems was proposed by Commissioner White. He said the key to future agricultural wealth and progress lies with greater crop diversification and abandonment of the old "one crop" system.

"The South Plains and Panhandle area of Texas is one of our richest agricultural regions because this change has taken place," he said. "The growth of this area can be attributed to the spirit of youth and a willingness to try new things."

Citing Floyd county as an example, White pointed out that the gradual rise of truck crops, grain sorghums and other crops as an answer to wheat and cotton allotments has helped increase the county's income by more than \$6 million in four short years.

"In 1952, Floyd county's total income was slightly more than \$10 million. Last year, this figure, backed by a more diverse agricultural economy, exceeded a whopping \$16 million.

"This increase of one-third in income show what we can do if we take a new approach to agriculture and develop new crops, new markets and new products in an area," said White.

Farming is different now. You don't just go out and plant a few seeds, pray for rain, gamble on a crop and hope for a market. We can continue to break production records on our old crops—produce more and more—but without a market for these goods we're like a ship without a sail.

The rise in importance of cantaloupes as a "diversion crop" in Texas was cited by the commissioner. Cantaloupe production has tripled in the state in the last five years and the crop now brings in approximately \$10 million annually.

White said his goal as an agricultural official in the state was to

work for an expanded market research program.

"We must develop and test new crops for the state. If we depend on two or three cash crops alone, then we leave ourselves exposed to the dangers of over-production and its attendant economic crisis."

White said Floyd county's diversity of crops has given the area a choice spot in the state's agricultural future. Sound management, expanded markets and greater research is our new guarantee for successful and profitable farming, he added.

Mr. White was introduced by District Attorney John B. Stapleton.

The welcome to Floydada for the address and to the cantaloupe festival which followed was given by City Attorney Richard P. Shovall on behalf of Mayor James M. Willson Jr., who was absent from the city.

Floydada High School Whirlwind Band pleased the gathering on the court house lawn with a 45-minute concert of popular music prior to the commissioner's address.

Tour of farms and installations was reversed by the light rains which fell the previous night. First stop was at the Lockney Vegetable Growers packing sheds, followed by stops which gave all an opportunity to see 12 different types of vegetables in various stages of growth or maturity. The stops included:

- Gene Bloyce farm, carrots, lettuce;
- Chuck Holmes farm, lettuce, cabbage;
- Arion Miller farm, squash, cucumbers, lettuce, cantaloupes;
- Ferguson and Kimble farm, cabbage, pumpkins, peppers, lettuce, carrots, cantaloupes, cucumbers, cashews;
- L. D. Simpson farm, beans, peas, squash and miscellaneous vegetables;
- W. H. Simpson Jr. farm, tomatoes, peppers, carrots, cantaloupes.

KITCHEN AND ★★ FIELD NEWS

With school time here again and our fall activities starting off with a bang the busy homemaker is constantly finding herself in need of something to serve with a cup of coffee or tea for this committee meeting, or that club meeting—or maybe just a snack when the children get home from school. Whatever the occasion may be some good homemade cookies can be the answer to your question. "What shall I have?"

Cookies are such hospitable little bits—I don't know of any thing we do that brings such a big reward in cheer and satisfaction as the batches of good home-made cookies we make.

To assure success in your cookie making follow these five rules carefully—

1. Read the recipe through very carefully so you will know just what you are going to do.
2. Assemble the ingredients called for in the recipe.
3. Get out the utensils you will need.
4. Pre-heat your oven.

TEXAS TECH COACHES—Among the former standout college footballers now coaching the Texas Tech Red Raiders are (in front) Beattie Feathers (Tennessee), left, and DeWitt Weaver (Tennessee), head coach and athletic director, and (second row, from the left) Joe Moss (Maryland), Tom Hamm (Tulsa), Red Phillips (Texas Tech), Eud Sherrad (Tennessee), and Junior Arterburn (Texas Tech).

5. Measure the ingredients very carefully, and mix and bake as directed in your recipe.

There are different kind of cookies—

- Rolled cookies;
 - Refrigerator cookies;
 - Bar cookies;
 - Drop cookies and then we might say molded cookies.
- Always cool cookies before storing them.
- Soft cookies should be kept in air tight containers.
- Slices of apple or a slice of bread, or an orange help to mellow and moisten some kinds of cookies. (If the fruit is used be sure to change frequently, so the fruit will not mold.) If you have an electric oven set the temperature for the designated time—once your recipe is tried out—it is not necessary to open the door only to remove the cookies.

DO NOT OVERBAKE YOUR COOKIES—A lot of cookies are ruined by overbaking. Cookies are very versatile—you can always fit them to the occasion. I think every home should have a cookie jar, for whether it is a party or just a hungry boy or girl a cookie seems to really "hit the spot". As yet I haven't decided whether cookies were made for little boys or whether little boys were made for cookies.

Cookies either baked or un-baked store nicely in the freezer.

Here are two cookie recipes that are among the favorites at our house:

OATMEAL CRISPIES:

- 1 cup shortening,
 - 1 cup brown sugar,
 - 1 cup granulated sugar,
 - 2 beaten eggs,
 - 1 teaspoon vanilla extract,
 - 1 1/2 cups flour,
 - 1 teaspoon salt,
 - 1 teaspoon soda,
 - 3 cups quick-cooking oatmeal,
 - 1/2 cup chopped nuts.
- Cream shortening, sugars, eggs and vanilla. Add sifted dry ingredients. Mix in oatmeal and nuts.

Roll into balls about the size of a walnut and bake on ungreased cookie sheet in 350 degree oven about 14 minutes or until done.

GINGER CRISPS

- 2 cups sifted all-purpose flour
- 1 teaspoon soda
- 1 teaspoon cinnamon
- 1/2 teaspoon ground cloves
- 1 1/2 teaspoons ginger
- 1/2 teaspoon salt
- 2/3 cup lard
- 1 cup sugar
- 1 egg
- 1/2 cup molasses
- 1/2 cup chopped nuts
- 1/2 cup sugar for rolling the balls of dough in before baking.

Mix and roll dough into balls about the size of walnuts; dip the balls of dough in sugar and place on cookie sheet about 2 inches apart (do not flatten) and bake in a moderate oven, 350 degrees about 15 minutes.

Troy Watson of Lubbock, Job Training and Safety Instructor with A. & M. College Extension Service was here Monday morning for his regular lesson on safety he brings monthly to the linemen.

Another pleasant visitor in our midst was Norris Davis of Austin. He works for Texas Electric Cooperatives during the summer and teaches at the University of Texas during the winter.

Mr. and Mrs. Red Gregory visited Sunday afternoon and evening with her aunt Mrs. Pauline Williams and Mr. and Mrs. Walter Hodson in Lorenzo.

Guests in the Wiley Rogers home on Sunday were her sister and husband, Mr. and Mrs. Carl Day of Paducah. Her father, J. W. Clary, also of Paducah, spent three days with them last week.

Julia Baker is on vacation this week.

Mr. and Mrs. Jackie Duke and Lana and Mr. and Mrs. Edward Baird and children spent Sunday at Roaring Springs.

Mr. and Mrs. Wayne Todd of Littlefield spent the week-end with her brother and his family—Mr. and Mrs. Buck Marricco and boys.

Mr. and Mrs. Nolan Arney and Steve spent last week with his parents Mr. and Mrs. H. T. Arney and his sister Beth at Paris, Texas. Mr. Arney, Nolan's father accompanied them home and spent a few days in their home.

Mr. and Mrs. Norrell, a member of

the Homebuilders Home Demonstration Club, accompanied me to Crockett County last Wednesday where she gave the program for the Wake Club that met in the home of Mrs. George U. Griffin.

Her demonstration "How do You Score On Your Accessories?" was well given and very interesting. The women in the neighboring county appreciated very much her bringing this program.

Another feature of the afternoon was a pink and blue shower for Mrs. George Griffin.

A demonstration was given last Thursday for the Big Four Demonstration Club on "Foods For Your Freezer and how to Prepare Them" at the home of Mrs. G. H. Fowler. More than thirty ladies attended this meeting.

Something to think about: One kilowatt hour can cost as little as 1 1/2 cents—yet, a 100 watt light bulb will burn for 100 hours on this amount of electricity.

State Women's Federation President Is Honored Guest at

Mrs. A. J. House On Tour of State Addressing Clubs

Mrs. A. J. House, president of the Texas Federation of Women's Clubs, was guest speaker Monday night at the Floydada Study Clubs Federation Tea held in the chapel of the First Baptist Church.

Clubs represented at the Tea were the 1922, 1929, 1934, 1950 and the 1956.

In the receiving line were the new presidents of all five clubs, Mrs. Harry J. Koenen, 1922; Mrs. O. G. Glassmoyer, 1929; Mrs. L. L. Clark Jr., 1934; Mrs. Tom Snead, 1950; and Mrs. Bob Copeland, 1956.

The serving table was covered with brown linen cloth centered with a silver service with an arrangement of brown wood roses. Streamers of brown satin fell from the center piece with the name of each Study Club embossed in silver.

Tea, coffee, nuts, mints and finger square sandwiches were served throughout the evening.

Mrs. Bob Copeland furnished organ selections during the tea.

Introduced and made welcome by Mrs. Tom Snead, Mrs. House spoke on the departments of work in the federation, the care of the home and children and the achievements of the Federation.

The need was stressed by Mrs. House, for all clubs to use as their topic at one time or another, "Religion of the World". This was the topic of the 1950 Study club last year.

Mrs. House asked that a course not be presented her and instead give that amount to the Dorothy Harrell fund. Beside this fund the Federated clubs give scholarship for three women girls each year.

Following her talk, Mrs. House passed out sheets of music of the Texas Federated song that she composed and had published. The audience joined in song as she accompanied them at the piano.

A busy and active person, Mrs. House arrived fully prepared for the tea after being guest speaker at five other towns the same day.

Serving the Federation in many capacities for the past thirty five years, she will leave the presidency this year after serving her full term of two years.

Serving on the decorating committee with Mrs. John Hoffman were Mrs. W. H. Simpson Jr., Mrs. Johnny Roberts and Mrs. R. E. Fry.

Mrs. Travis Jones headed the food committee assisted by Mrs. Kenneth Bishop, M. J. McNeill, and Mrs. J. D. McBrien.

Serving were Mrs. Fred Conner, Mrs. J. D. Webb, Mrs. Jimmy Wilson Jr., and Mrs. Tate Jones.

The dish committee consisted of Mrs. C. W. Donahon, Sam Puckett, Bill Shurbert and Mrs. W. F. Patrick.

Lyndell Spears was home recently visiting his parents, Mr. and Mrs. W. M. Spears. Lyndell was enroute from Washington D. C., to his home office in Dallas where he is with the U. S. Army Auditing Agency.

Mrs. O. G. Glassmoyer entertained Tuesday morning with a coffee honoring her daughter, Miss DeWine Glassmoyer of Midland and Miss Dorothy Rushing of Houston.

Mrs. George Mize and Mrs. Preston Watson served from a table covered with a brown and white linen cloth with arrangements of yellow flowers throughout the house.

Thirty guests registered between the hours of 9:30 a. m. and 11 a. m. The two girls have been here visiting their parents, Mr. and Mrs. O. G. Glassmoyer and Mr. and Mrs. Lee Rushing. The first part of their vacation was spent at points of interest in Colorado.

Miss Glassmoyer is with Humble Oil Co., Midland, and Miss Rushing with the Episcopal Church at Houston.

Several women from Floydada are attending a training school in Plainview this week for leaders of Brownie Scouts and Girl Scouts.

The meetings are being held at the Girl Scout house in Plainview, thru Friday of this week and Tuesday and Thursday of next week from 9:30 until 3:30 o'clock. They are open to any mothers who are interested.

Leaders attending from Floydada are: Mrs. Bruce Bishop, Mrs. Woodrow Wilson, and Mrs. Zant Scott. Assistant leaders are Mrs. Jim Wilson Jr., Mrs. Gilbert Pawver, and Mrs. J. D. Parks.

Richard P. Stovall returned home Wednesday from San Houston State College at Huntsville where he had been attending the Board of Regent meeting. Mr. Stovall, accompanied by his son, Franklin, flew from Plainview Tuesday.

Mrs. Beula Olive is on an extended visit with a son, W. T. McRay and family in Sacramento, California. Mrs. Olive's plans are indefinite as to where she will make her home, but she plans to spend the remainder of the year in California with a probability of a visit to Floydada in the near future.

Mrs. W. A. Amburn is in Prisms this week where she is visiting a daughter, Mrs. Leon Hart and family and a granddaughter, Mrs. Milburn Bennett and Mr. Bennett.

A bright pink postcard in the mailbox promises social success, if not fame and fortune. Somebody's "Course for Women in Personal Development" can help us with modeling, walking, sitting, standing; make-up and fashions; conversation, entertaining, how to get along with men; manners; remembering names and introductions and acknowledgments; finances. And as if this isn't enough to get in 10 easy lessons, it adds: "How to be a more interesting woman."

We can use help in all these ways, and a few others: how to get along with women, children and animals, particularly barking dogs and cats that catch birds; the diplomatic approach to a stubborn jar lid or leaky faucet; the right time to make a telephone call. But we wonder if anybody can teach us in 30 hours what we haven't learned in 365 days a year for about a half-century.

We'd like to have a chat with the guy who sent the card. Does he charge more, for instance, if a woman is already old enough to know but hasn't learned? When, if ever, is it too late to improve personality? Would corrective make-up show how to disguise gray hairs, lines around the mouth, a sagging chin? How is he going to teach finances if he gets an inexperienced bride, a wage-earner, a millionaire's wife and a pauper all in the same class?

Although the post card didn't say how much the course would cost, we're sure it's worth the money, because these are the lessons from life that don't come easy. Regretfully, we pass up this bright pink promise of a rosy future. The truth is we're so busy doing things the way we now do them that we haven't time for a course in self-improvement.

Double Ring Ceremony Unites Helen Jameson and J.L. Shoemaker III

Miss Helen Jameson, daughter of Mr. and Mrs. A. J. Jameson of the McCoy community, was united in marriage to James Lloyd Shoemaker III, in a double ring ceremony August 31, in Lubbock.

Mrs. James Lloyd Shoemaker Jr., of O'Donnell is mother of the bridegroom.

Vows were exchanged in the home of Rev. E. H. Crandell, who performed the ceremony.

Exotic Design In Gardenias

Perhaps one of the most difficult flowers for the layman, from an arrangement point of view, is the gardenia, says Alyn Wayne, official stylist for the Florists' Telegraph Delivery Association. People usually float them in a shallow crystal bowl because they simply don't know what else to do with them. Ask your florist to demonstrate them with a little practice, you will see how easy it is to run a wire through the base of the flower, leaving enough for a long stem, and then wrap with tulle. Now that you have made a stem, you are free to arrange them in many graceful designs. Adding a few decorative leaves to give shape, and cover the wires; remember to keep your fingers away from the petals as much as possible. Alyn Wayne advises working on cotton—and that gardenias get their moisture through the petals, not through the stems, so spray them occasionally and keep them away from direct heat.

Vows Are Exchanged By Norma Jean Moore and Joe Berry Meador

MATADOR—Marriage vows were exchanged Sunday, Sept. 8, at 3 p.m. by Miss Norma Jean Moore, of Floydada and Joe Berry Meador, of Balis, in a ceremony performed in Lubbock in the home of Mr. and Mrs. Jack D. Williamson.

Minister Lewis Garnett of the Emma Church of Christ, Balis, officiated.

Mrs. Garnett attended the bride, as matron of honor. Mr. Williamson served as best man.

A floral arrangement in pink and turquoise, before a bank of white gladioli and greenery, flanked by candles in candelabra, formed the back ground for the service.

For her wedding, the bride wore an Edith Head original ivory suit, with white accessories. She is the daughter of the late Judge and Mrs. Frank L. Moore, and was reared in Floydada, where she graduated from high school.

Mr. Meador, the son of Joe Meador, Matador, was reared here and graduated from Matador High School. He is a veteran of World War II and has his degree in journalism from Texas Technological College, Lubbock, where he was a prominent figure on the campus. For the past three years he has been employed as manager of the Balis Chamber of Commerce.

A reception followed the ceremony for the bride party, relatives and close friends who were present. These included the bridegroom's father and two sisters, Joe Meador, Matador, Mrs. G. N. Wilson, Lubbock, and Mrs. C. E. Woolery, Levelland, Roscoe Lee, Matador, and Mr. and Mrs. Frank Hotelling, Lubbock.

After spending the week end in Levelland, as guests of Mr. and Mrs. Woolery, the couple are at home in Balis.

LITTLE BOYS, PLAYING WITH MATCHES FIND OUT WHAT THEY ARE MADE FOR

Two five-year-olds let their curiosity about fire get the best of them Saturday noon of last week.

With matches they carried from their homes they set fire to two Negro shacks in northeast Floydada. Both were destroyed.

Fire Marshall Jeff Hart said the little lads didn't know what made them do it. One said he set a fire in three places in a two room shack, the other set his fire in two places in a one-room shack.

The buildings are said to belong to Luther Harris, a Wavahachie Negro. There was no insurance on either.

State Women's Federation President Is Honored Guest at

Mrs. A. J. House On Tour of State Addressing Clubs

Mrs. A. J. House, president of the Texas Federation of Women's clubs, was guest speaker Monday night at the Floydada Study Club Federation Tea held in the chapel of the First Baptist Church.

Clubs represented at the Tea were the 1922, 1929, 1934, 1950 and the 1956.

In the receiving line were the new presidents of all five clubs, Mrs. Betty J. Koenen, 1922; Mrs. O. G. Glassmoyer, 1929; Mrs. L. L. Clark Jr., 1934; Mrs. Tom Sneed, council for the president of the 1950 Study club in absence of Mrs. Lon Davis Jr., and Mrs. Chuck Holmes, 1956.

The serving table was covered with brown linen cloth centered with a silver service with an arrangement of brown wood roses. Streamers of brown satin fell from the center piece with the name of each Study Club embossed in silver. Tea, coffee, nuts, mints and finger square sandwiches were served those attending.

Mrs. Bob Copeland furnished organ selections during the tea. Introduced and made welcome by Mrs. Tom Sneed, Mrs. House spoke on the departments of work in the federation, the care of the home and children and the achievements of the Federation.

The need was stressed by Mrs. House, for all clubs to use as their topic at one time or another, "Religion of the World". This was the topic of the 1950 Study club last year.

Mrs. House asked that a corsage not be presented her and instead give that amount to the Dorothy Harrell fund. Beside this fund the Federated clubs give scholarship for three oriental girls each year.

Following her talk, Mrs. House passed out sheets of music of the Texas Federated song that she composed and had published. The audience joined in song as she accompanied them at the piano.

A busy and active person, Mrs. House arrived fully prepared for the tea after being guest speaker at five other towns the same day.

Serving the Federation in many capacities for the past thirty six years, she will leave the presidency this year after serving her full term of two years.

Serving on the decorating committee with Mrs. John Hoffman were Mrs. W. H. Simpson Jr., Mrs. Johnny Roberts and Mrs. R. E. Fry.

Mrs. Travis Jones headed the food committee assisted by Mrs. Kenneth Bishop, M. J. McNeill, and Mrs. J. D. McBrien.

Serving were Mrs. Fred Cerner, Mrs. J. D. Webb, Mrs. Jimmy Wilson Jr., and Mrs. Tate Jones. The dish committee consisted of Mrs. C. W. Donatson, Sam Puckett, Bill Shurbert and Mrs. W. F. Patrick.

Lyndell Spears was home recently visiting his parents, Mr. and Mrs. W. M. Spears. Lyndell was enroute from Washington D. C. to his home office in Dallas where he is with the U. S. Army Auditing Agency.

A bright pink postcard in the mailbox promises social success, if not fame and fortune. Somebody's "Course for Women in Personal Development" can help us with modeling, walking, sitting, standing; make-up and fashions; conversation, entertaining, how to get along with men; remembering names and introductions and acknowledgments; finances. And as if this isn't enough to get in 10 easy lessons, it adds, "How to be a more interesting woman."

We can use help in all these ways, and a few others: how to get along with women, children and animals, particularly barking dogs and cats that catch birds; the diplomatic approach to a stubborn jar lid or leaky faucet; the right time to make a telephone call. But we wonder if anybody can teach us in 30 hours what we haven't learned in 365 days a year for about a half-century.

We'd like to have a chat with the guy who sent the card. Does he charge more, for instance, if a woman is already old enough to know but hasn't learned? When, if ever, will it last to improve personality? Would corrective make-up show how to disguise gray hairs, lines around the mouth, a sagging chin? How is he going to teach finances if he gets an inexperienced bride, a wage-earner, a millionaire's wife and a pauper all in the same class?

Although the post card didn't say how much the course would cost, we're sure it's worth the money, because these are the lessons from life that don't come easy. Regretfully, we pass up this bright pink promise of a rosy future. The truth is we're so busy doing things the way we now do them that we haven't time for a course in self-improvement.

Double Ring Ceremony Unites Helen Jameson and J.L. Shoemaker III

Miss Helen Jameson, daughter of Mr. and Mrs. A. J. Jameson of the McCoy community, was united in marriage to James Lloyd Shoemaker III, in a double ring ceremony August 31, in Lubbock.

LITTLE BOYS, PLAYING WITH MATCHES FIND OUT WHAT THEY ARE MADE FOR

Two five-year-olds let their curiosity about fire get the best of them Saturday noon of last week.

With matches they carried from their homes they set fire to two Negro shacks in northeast Floydada. Both were destroyed.

Fire Marshall Jeff Hart said the little lads didn't know what made them do it. One said he set a fire in three places in a two room shack, the other set his fire in two places in a one-room shack.

The buildings are said to belong to Luther Harris, a Waxahachie Negro. There was no insurance on either.

Truck Load of Beans Has Unhappy Landing

The home of Mr. and Mrs. O. B. LaFrance of Oton was not damaged Saturday when a truck hit a slick spot on the highway and skidded into their yard. When the truck was brought to a stop it was against the LaFrance house.

Mr. and Mrs. LaFrance are former residents of Floydada.

The truck was heavily damaged and the accident resulted in other violence when a trucking company official and a neighbor of the LaFrance's engaged in a fistfight.

The truck official was fined \$20 in an Oton justice of the peace court.

Owned by a Plainview trucking firm, the truck trailer was loaded with beans.

The two big guns in West Texas State's powerful ground attack last year will be back in action this fall. Ron Mills (top), White Deer halfback, was the team's top rusher with 559 yards and was named "most valuable player" in the Tangerine Bowl Jan. 1. Charlie Sanders, Gruber fullback, made All-Border Conference star leading the league in scoring with 72 points. Together, they gained 1095 net yards and scored 129 points.

That's A Woman Driver for You

"Don't throw it out" has become the byword of vacationing motorists who take pride in keeping the nation's parks and countryside beautiful. Women drivers are setting an example by encouraging the family to use a new travelling waste basket, the car litter bag.

The re-usable litter bag measures 12 inches wide and 12 inches deep. Made of red or green vinyl plastic, it is leakproof and washable. Twin sets of metal rings provide for quick installation under any car instrument panel, robe rail, front door or window cranks. The metal rings snap open just as quickly for disposal at station breaks or wayside litter barrels. A thin piece of wood sealed in the top of the bag keeps the bag in position during motion.

The homemaker taking the children picnicking, for a ride in the country or on a beach party finds the car litter bag serves as a firm reminder of the rules of the road.

STUDY TIME—DO'S AND DON'TS

The Perfect Picture of Study Two Things Wrong Here

IN YOUR first days back to school, before you learn anything else, learn how to study. These words of wisdom are not only approved by educators, but they will be recognized immediately by all students as having the ring of good, common sense.

There are right and wrong ways to study, as Jeannie Beacham, Hollywood starlet, Chicago beauty queen and recent high school graduate, demonstrates in the pictures.

The picture at the desk shows the proper way to study. The room should be well ventilated and there should be as few distractions as possible. The phonograph Jeannie has beside her is played only when she takes a break between study subjects. If the phonograph would be otherwise distracting, it should be removed.

The student's position should not be too comfortable, but it should not be strained. But the lighting is very important according to the Bureau Company research service and should be directed into the work area. The student should not be studying in a room with a window that is directly in front of him. The light should be from the side.

Jeannie is violating two common-sense rules for studying. The light is very poor—in fact the book is in a shadow—and she is too comfortably ensconced in an easy chair.

Good study demands concentration and it is up to the student to discipline himself. Get the right amount of sleep, don't overeat, consider study as an adventure in learning, it also helps if the student uses the same desk or table in the same place in his home night after night as it will be easy to get set for studying and it will be easier to keep the mind from wandering.

Remember the related things that go with study.

September Is Better Breakfast Month

WHY EAT A GOOD BREAKFAST?

BE A BETTER BREAKFAST BOOSTER

JOHN SKIPPED BREAKFAST.... **...SUSAN ATE BREAKFAST**

Nation-wide surveys on breakfast-eating habits report that:

- 4 out of 5 school-age children
- 2 out of 3 teen-age girls
- 1 out of 3 teen-age boys
- 1 out of 2 adults

... SKIP OR SKIMP BREAKFAST

Why Eat a Good Breakfast?

The answer to this question is based on six years of research conducted by the College of Medicine at the State University of Iowa. Seventy subjects, 12 to 63 years of age participated in the research. The research demonstrated that:

A good breakfast is essential for maximum efficiency, both physical and mental, during the late morning hours, and that a basic cereal and milk breakfast is a sound one.

A basic breakfast, defined as providing one-fourth of the caloric requirement and one-fourth of the daily protein allowance is superior in maintaining efficiency in the late morning hours, when compared either with a larger or smaller morning meal.

The omission of breakfast by school boys resulted in poorer attitudes towards school work and in lower grades.

Start now during **SEPTEMBER BETTER BREAKFAST MONTH** to re-establish the breakfast habit for the school and work days ahead. Start each day with a light, modern cereal and milk breakfast of fruit, cereal, milk, bread and butter.

Texas Egg Law Is Discussed By Com. White

Most complaint about Texas' new egg law is being heard from those who will be the least affected, said Commissioner of Agriculture John C. White in Floydada Saturday.

The commissioner was here for a talk at the vegetable festival. In a somewhat informal interview he was asked about numerous affairs about which his department of the state government is interesting itself.

About the egg law he said that egg production is now a specialist's job. The average person who sells eggs for a small money will not be affected by the law in any way. Such a person will not be required to obtain a license nor make any reports. He will sell his eggs in the usual way as eggs, without any guarantee as to size, quality or freshness.

The commissioner said the egg law was amended 17 times after it was introduced on the floor of the legislature. The department is still studying some of its provisions. On the whole he expects it to be worthwhile in protection to the public.

"Eggs" he said, "are even more perishable than milk. Even if they are produced right they must have care and attention immediately to maintain quality."

The commissioner said the egg law will make it possible for a producer of good eggs to get a premium for his product, but he will have to have a product that will stand up to the label under which it is sold.

For a time he expects most dealers will sell their eggs as "ungraded" until they get the feel of the new law and the ways in which it can be used in egg marketing.

The commissioner said the Weights and Measures Division of his department has one of its biggest loads to carry. Not only are all retailers scales subject to inspection by his department but also all the gin and elevator scales throughout the state, running into the thousands.

JOHN GREEN HOSPITALIZED
John Green, caretaker for the Floyd County Court House, is said to be resting comfortably at home this week following an illness of virus. Mr. Green is also receiving medical treatment on his hand, injured when he stumbled and fell in the back yard of his home.

The Chisholm Trail was named for Jesse Chisholm, Tennessee-born pioneer scout and trader.

Win the Race with A Steady Pace

It was a wise old tortoise who taught the cocksure hare that a race can be won at a slow pace, if that pace is steady. This fable also applies to weight-worriers. The race toward an ideal weight is not won by a spurt or two.

How the steady pace pays off has been pointed up by Dr. Herbert Pollack of New York University's Medical School. From exercise studies, he observed that walking a mile at a slow gait uses up about the same amount of energy as walking the same distance at a faster clip. Instead of running like a hare, therefore, one can plod along like a tortoise and still burn energy. Even without cutting calories, 10 pounds a year can be lost simply by walking a mile every day.

When excess fat is recognized as stored energy waiting to be used, then the value of regular physical activity becomes apparent. The tortoise way of daily exercise is steady, but not vigorous. Applying his method to one's daily activities can lead to success in controlling weight.

Small differences in daily habits add up. Spending one more minute a day sitting rather than standing, for example, is enough to cause a 10- to 15-pound weight gain in many years, even though one eats no more food than usual. To walk part of the way to work instead of riding, to climb a flight or two of stairs instead of using the elevator—these acts, wherever you are, forms of exercise whittle the waistline and use stored-up energy. In contrast, the overweight individual may want to cut down on these activities.

The weight-worrier with pounds to lose will find that the "Eat and Grow Slim" plan—to eat less and exercise more—is paced for him. He can achieve his desired weight while eating the foods he likes and needs each day, such as: enriched and whole grain breads and cereals, meat or an alternate, milk, fruits and vegetables.

800-Foot Test Below Redbeds Fails of Mark

Exploration for deep supply of usable water has been completed at a test well located in the Almon community five and one-half miles east of Petersburg in Floyd County on the Marvin Shurbet farm.

It was drilled 500 feet into the red-bed, where solid casing was cemented by Halliburton. It was then deepened to 800 feet and 300 feet of perforated casing set there.

Halliburton ran an electric log on the bottom 300 feet. All of the top water was sealed off. A six inch pump was set at 480 feet.

All of the water from this depth was too highly mineralized for irrigation. More analyses are being run. The water stood at 290 feet of surface level. The temperature is 4 degrees warmer than the water above the red-bed.

"This does not condemn all of the high plains deep water because we do have some good water in various locations in quantity for irrigation and where the water level is higher," said Marvin Shurbet, president of High Plains Water District.

"We feel that this was a very thorough test," he said. "It was disappointing, but we just as well face the facts. It certainly proves one thing -- that we need to make better use of the water we have, recharge the sands with all available lake water, and absolutely stop waste."

"These are musts if we expect to prolong the economy of our country."

This test was sponsored by Pioneer Natural Gas, Southwestern Public Service, First State Bank of Petersburg, United Motors, Petersburg, Paymaster Farms, Floyd County, Johnny Fullingim, Charles Schuler, Tee B. Haynes, J. D. Fox, Clarence Thorpe, Wiencke Gin and Marvin Shurbet.

County Fair

(Continued from first page)

A culinary show, and a frozen foods show.

Youth is not being neglected. Expected for the fair is a full range of exhibits from the youth of the county.

A big area in the building proper will be taken up by the art department with adult and children's divisions.

Also the crafts, in leather, cloth, fabrics and metals are included.

And perhaps one of the most interesting exhibits will be in the Gower show, which is a department all its own, with a possible total of 35 types of flowers in competition, 10 types of arrangements, and nine kinds of pot plants.

Tonight's program at the fair will feature the big sing song led by Joe Reeves to be housed in a huge tent on the grounds, beginning at 7:30 o'clock.

This event has created widespread interest throughout this portion of the state. At least nine singing quartets and many singers will be present definitely. It will be an evening long remembered it now appears.

On the same evening and during intermissions the maid of cotton style show will be held, with girls of the Home Ec Department of Lockney High School modeling an all-cotton array of garments under the direction of Mrs. Quentin Adams.

The style show feature will be repeated Saturday night.

Judging will get underway Friday in the live stock department. Swine will be judged at 9 a. m., sheep at 10 a. m., and beef cattle at 11.

In the agricultural department judging begins at 2 p. m. on Thursday. Thursday afternoon will also be judging time in the culinary department and in most other divisions of the fair.

Friday night the early hours of the show will be given over to the football game at the high school stadium, when Lockney Longhorns will be pitted against Dimmitt High. Following the game a fireworks display will be held at the fair grounds. Included in the sky pictures will be the American flag.

Saturday evening the Maverick Club of Amarillo will give their famous tumbling act and this will be followed by the repeat Maid of Cotton wardrobe style show.

The square dance for all ages will be staged on a special floor that

A Sweet Swine Miss... Tiny Juanita Perceby, child star of Holiday on Ice of 1957, gives a charming portrayal of a little Tyrolean girl in Holiday In The Alps, an entrancing Alpine number with surprise effects of bells and yodeling, one of the featured presentations of the all-star, two-and-one-half-hour extravaganza to be given daily at the Tri-State Fair in Amarillo, September 16-21.

will be laid in the big tent on the grounds Saturday night.

Committeemen and women who attended Monday night's planning meeting for the fair included:

Doyle Mount, Mrs. Harry Morckel, Sam Puckett, Willis Reynolds, Chikama Williams, Joe Parrish, R. L. Knox, Chester Mitchell, Mrs. R. B. Holt, Mrs. John Smithers, Raymond Rucker, Shirley Irwin and Mrs. R. H. Tinsley.

As well as County Agent Cecil Lewis, Assistant County Agent Lynn Pittard, E. C. Mitchell, Mrs. Chesler Mitchell, Mrs. Zant Scott, Mrs. G. E. Tannahill, Mrs. Chloa Williams, Mrs. W. D. Nance, Mrs. Guy Sams, Mrs. Helmut Quebe, Mrs. F. L. Montadon, Mrs. E. B. Chesnut, Mrs. Jake B. Watson, Mrs. I. H. Parks, Mrs. Kelton Shaw, Mrs. G. V. Smith, Mrs. B. A. Robertson, and Mrs. Frank Robertson.

Mrs. Harry Morckel, who helped to final the plans for the fair said that scores of workers not here mentioned have had a part in the work preceding the fair.

Mr. and Mrs. Joe March are due home tonight or tomorrow from Oklahoma City, where they have been guests for nearly a week in the home of their daughter, Mrs. T. C. McGill and her husband. The Floydada couple greeted a new grandson on their arrival at the McGill home. The baby was born on September 3.

Bond was forfeited Wednesday of last week in the case of the State of Texas vs. Alfredo Garcia charged with illegal possession of narcotics. Sureties on his \$2,500 bond are residents of Victoria. The case was set for 10 o'clock but the defendant only made appearance in the afternoon after the jury had been dismissed.

Bond was forfeited Wednesday of last week in the case of the State of Texas vs. Alfredo Garcia charged with illegal possession of narcotics. Sureties on his \$2,500 bond are residents of Victoria. The case was set for 10 o'clock but the defendant only made appearance in the afternoon after the jury had been dismissed.

Farmers Elect Committeemen For ASC Work

Floyd County farmers who are participating in the ASC program have elected the nine sets of "Community Committeemen" who will serve them the ensuing year in their contacts with the government acreage allotment, soil conservation and conservation practices programs.

Voting was finished last week and the official canvass was made by a board composed of W. B. Eakin, Connie Bearden, James Price and T. W. Batley, on Monday.

The county committee will be chosen on Wednesday, Sept. 25, when the nine community chairmen meet in convention at the agriculture building in Floydada. They are to convene at 9 o'clock and will choose three members of the board, one of their own number. The board, after election, will take office for 12 months beginning October 1.

Here are the selections made in the voting, as canvassed by the board Monday, first named being chairman of his "community," second the vice chairman, and third regular member, arranged on the basis of first, second and third place standings in the vote:

A. Paul Cooper, Charlie Boedeker, Chester Carthel;
B. Eugene Gilly, Grigsby Milton, R. G. Dunlap;
C. V. H. Kellison, Tom Duval, Alvin Wilson;
D. Fred Dorman, Burl Holt, W. B. Cates;

E. Cecil Baxter, Lindsey Graham, Carl Smith;
F. C. M. Perry, Chloa Williams, Milton Evans;
G. Harry G. Christian, John P. Moss, Hyward G. Gregory;

H. Charles Hartzell, Olin M. Bryant, H. A. Tardy;
I. Wayne Batley, Fate Gresham, Olin Anderson.

Encephalitis Case Diagnosed Monday

Floydada has reported its first case of encephalitis for this season. Don Wayne Vickers, 15 year old sophomore and son of Mr. and Mrs. J. R. Vickers, became ill Sunday with what was first thought to be

flu, however later diagnoses indicated it to be sleeping sickness. Don's condition on Wednesday was reported to be improving.

A case at Lockney is not improving. Medical authorities there said the victim, Joe Phillips, 39 year old stock broker, had been ill for three weeks and was taken to the Lockney General Hospital Saturday when his condition became worse.

Quirk Is Showing Steady Recovery

George Quirk, who was seriously injured in an auto mishap Labor Day weekend, is said to be steadily improving this week in the Northwest Texas Hospital in Amarillo.

His mother, Mrs. T. W. Quirk, who visited him Sunday, said he was in good spirits and anxious to return home. However doctors there say surgery will not be performed on his fractured hip until the end of the week and if things go all right he may come home next week.

Quirk suffered a fractured hip, a blow on the head and numerous cuts and bruises, in the accident that took the life of Bill Ferguson and injured Harold Brown. Brown was returned home from the hospital Monday of last week.

The U. S. Capitol building has a floor area of 14 acres.

CHEVROLET PICKUP CLIMBS PIKES PEAK THE HARD WAY ...OFF THE ROAD!

An off-the-road run up Pikes Peak was called impossible by people who know the mountain well. But a production Chevrolet pickup actually did it ... to prove its pulling power and ruggedness!

All the way to the top without using the road! Here the truck scales high boulder pile near the 14,110-foot summit.

Steep grade near timberline—a rugged test of power. The power and torque of Chevrolet's famous Thriimaster 6 proved more than a match for the most difficult grades.

Miles of loose boulders and thinning air offer extreme challenge. Yet the big Chevy engine never faltered; it performed flawlessly mile after mile, all the way up the mountain!

Final effort achieves summit! Pickup conquers Pikes Peak ... shows why Chevrolet trucks are famous for staying and saving on tough jobs! Talk trucks with your Chevrolet dealer.

FRANK POTTS Senior Whirlwind Back — Weight 165

Favored Wellington 6 In Gridiron Opener

Floydada was as violent as the wind on Friday afternoon. The game was a high winded affair at the Wellington stadium. The Whirlwinds, as they are called, were probably the best team in the state. They were in the first period until after the first period when they were never in. The game was a high winded affair at the Wellington stadium. The Whirlwinds, as they are called, were probably the best team in the state. They were in the first period until after the first period when they were never in.

down on the Wellington four before suffering a series of reverses that robbed them of a score. With Wellington on the attack near midfield they attempted what appeared to be a lateral. Grant Cooper was rushing the Rocket backs and as the ball came squirting by him latched on to the pig skin and ran it over the goal. The play was called back however, and Floydada had a first down on the Wellington 37.

Early in the final the Winds had advanced from the 37 to the 1 and Frank Potts hit through his left side for the winning score. The attempted run for point again floundered and the scoring was over at 12-6.

As the period ran out and the rain started to fall the Floydada boys began to gain more confidence. Ranny Vickers, Don Vickers, Grant Cooper, Edward Hartman and Buttons Beedy all got in for some fine tackles that caught Rocket runners short of the line of scrimmage.

Don Vickers blocked a Rocket punt on their 30 and Bill Patterson fell on the ball on the visitors 25. The drive died however when Floydada fumbled on the 18.

The Rocket's last offensive effort failed and Wilkins chose to kick from his own 16 to get out of a tight spot and attempt to take advantage of the strong wind. The ball carried to the Floydada 30. The Winds made running yardage and ran out the clock before the Rockets had possession again.

In the statistics it was ball hawking that leaned in favor of the locals. The green and white recovered 6 of 7 Wellington fumbles and saved 4 of 5 of their own. This put them over 10 out of 13 of the games bobbles.

Floydada owned the ball inside the visitors 20 yard line on 5 different occasions while Wellington penetrated the Floydada 20 two times. Floydada made 14 first downs to 4 for Wellington. The Winds were penalized 15 yards and the Rockets 31 yards.

Floydada had a net of 71 yards rushing and Wellington 29 yards, (losses were deducted in both cases.) Downing completed 5 of 17 passes for 97 yards, Wilkins hit 3 of 5 for 85 yards.

Receivers for Floydada were Beedy for 13 yards and 5 yards, Huckabay for 30 yards, Patterson for 37 yards, and Cooper for 12 yards.

Receivers for Wellington were Jerry Elbert for 65 yards, Carroll Nunneley for 12 yards, and Donnie Moore 8 yards.

Team effort by Floydada was credited for the win. All the boys seeing action gave very fine performances. Starting or seeing service for Floydada were Edward Hartman, Bill Chilliland, Danny Shipley, Gary Huckabay, Ronnie Downing, Bill Patterson, Don Vickers, Vaughn Ginn, Grant Cooper, Ranny Vickers, Frank Potts, Dale Lawson, Edward Whitehead and Buttons Beedy.

These zippy mornings make our weather predictions—that is about the frost date—look as though they had been taken out of the calendar for the wrong year. Perhaps it is that we feel as though somebody has to do something for the fellow who has been watering his cotton in September. On the other hand all the signs we have been used to say late October for the hard frost or freeze. We are hoping for a gradual tightening down, that there'll be some nippy mornings along and somewhat temper the cotton bolls, burning out the sap by degrees. We have confidence. Remember The Hesperian is the Old Reliable. Many a Floyd County gardener has relied on our superb forecasting service for years on end with great success!

Out In Arizona. In the western State of Arizona where dwell the Indian maidens, they had an unusual August, a month in which rains fell intermittently throughout the whole 31 days. They had nearly five inches of rain in northern Arizona along Highway 66. From The Painted Desert comes the story of flowers in abundant blossom. The Indian Paintbrush, yellow buckwheat, globe mallow, blue gilia, evening primrose, four o'clocks and the purple locoweed. Riot of beauty in an unusual setting. Which reminds us that along with the passing of the burro, so common here once upon a time, has also gone the locoweed, which used to make grazing cattle and horses do queer things in the early spring. Civilization, as we call it, just naturally has eaten the range growth in to the ground.

Also from the desert country comes the plaint of the businessman who lives along Highway 66 that is soon to be federalized so completely that local needs are going to be disregarded, with new locations, new access roads, everything different. The thriving business that now stands and waits on the tourist trade, one gloomy prophet says, 12 years hence will be cut off and out of business. And the cattleman who has used 66 to get his cattle to town from his ranch will journey a far piece from his loading pens to find a new point of access to the main artery. In Arizona they are getting up in arms against the ways of the bureaucrats.

Speaking of highways and highway troubles, Floyd County seems stalled on a high center on its road program. For more than two years the highway department has been ready and willing to do cardinal road building, and has been nudging the county on the unpaved gap to Quitaque. What kind of a plan the Commissioners Court is going to come up with is a matter that is being anticipated with considerable interest in most quarters. The Quitaque Road is one the department would have a contractor on now if right-of-way troubles had been gotten out of the way this spring. It is of utmost importance to be moving along on this job, in our opinion.

As regards the main highways, 70 and 62 which should now be near completion instead of remaining yet a bone of contention, The Hesperian views with concern the eventual outcome. The Commissioners Court, which has recorded two elections—both about 60 - 40 for — is said to be counting the cost of providing right-of-way for a considerably toned down program, pointing toward another election. After some more confusion, some more waiting and some name-calling the people are likely to be of about the same opinion still—sixty per cent for, 40 per cent against. The only obvious way out is the one which has been available to the court all along—that is, paying for the right-of-way, piece meal, as they obtain it, turning the highway department loose and getting some roads built. The county also needs other roads which will hang fire as long as these present problems are in the way. But you can't do something and do nothing at one and the same time.

People have called for economy in federal government. Results have been cockeyed to some extent. One result has been a period of austerity in defense programs, at least in the southwest, where training for reserve military power has been cut deeply. Military and naval men as well as air force people say that numerous cuts are making material changes in their plans. Training for active reservists especially has been axed. Meanwhile, if we can believe reports, some of the bureaucrats with more political power have not only not been cut but have actually increased their outlay. We note the number of federal employees at this time is 30,000 higher than it was a year ago. The number of federal employes has reached a figure of nearly two and a half million.

Escape from high federal taxes, to some extent, has been effected by entirely legitimate gimmicks employed by people who enjoy large enough incomes to afford good tax accounting experts. But many small business men and workers have been unable to get income into shape so they could do anything but just take it. Accordingly the heavy burden of the tremendous tax load is gradually drifting on to the backs of the lower income citizens. It is an axiom of things as they are that to him who hath shall be given and to him who hath not even that which he hath shall be taken away. So that really a battle for lower income taxes is a battle for the small taxpayer.

Senator Ralph Yarborough grabbed two planks from under our feet in a statement the other day. He came out flatly for reduced taxes and a \$32 million federal grant in aid to Texas farmers whose land has been buffeted by drought and flood.

It takes as much energy to wish as it does to plan.

Post Schedules Busy Four Days of Celebration

POST—The schedule of events has been announced for Post's Golden Jubilee, September 14, 15, 16 and 17, with a visit by Mrs. Merriweather Post; presentation of "Caprock Cavalcade"; addresses by Dr. W. R. White, president of Baylor University, and Dr. D. M. Wiggins, Lubbock banker, and a mammoth street parade among the highlights.

A street dance and presentation of the Jubilee Queen and her court will be held Friday night as a prelude to the four-day celebration.

Saturday afternoon's opening parade is set for 3 o'clock and will include area riding groups, high school bands, floats, and other units.

The first performance of "Caprock Cavalcade" with a cast of 350 will be presented at 8 o'clock Saturday night at Post Stampede Arena. The spectacle will depict the highlights of Post and Garza County history. Also on the program Saturday night is the coronation of the queen.

Sunday will be "Faith of Our Fathers Day", with Dr. White speaker at a public worship service at the rodeo arena at 8 p. m. Earlier in the day, a Post delegation will go to Lubbock to greet Mrs. Merriweather Post, daughter of C. W. Post, the town's founder.

Monday will be "Pioneer Day" and will include a checker and domino tournament, barbecue, Indian dances, pioneer awards ceremony, fiddler's contest, etc. The second performance of "Caprock Cavalcade" will be at 8 o'clock, followed by the second in a series of three fireworks displays, also at the rodeo arena.

Square dances will be held Saturday, Monday and Tuesday nights on the rodeo dance slab.

Tuesday, which is "Belles and Brush Day", will feature judging of beads and Jubilee Belle costumes in the afternoon on the courthouse lawn. Another highlight will be dedication of the site of a statue of C. W. Post. Dedicatory address will be by Dr. Wiggins, and Mrs. Post will unveil the site.

The celebration will be concluded Tuesday night with final presentation of "Caprock Cavalcade," fireworks display and square dance.

Floyd Baptists Meet at Matador Friday Morning

The Floyd Baptist Association will hold their forty-first annual session in the First Baptist Church at Matador Friday, September 13.

The morning message at 9:30 will be brought by Dr. Luther Peak of the State Executive Board of Dallas. Rev. T. B. Allen of Falls will bring the annual session talk at 11:40 a. m. and lunch will follow at 12:00.

Records and reports will be read and at 3:30 p. m., Rev. Maple Avery of the Leveland Baptist Church will bring the closing message.

R. J. McLaughlin, Dies At Age 86

Robert James McLaughlin, 86, of Plainview, a former pioneer resident of Floyd County, died Friday morning at Plainview in Plainview Hospital and Clinic. He had been in ill health for several years.

Funeral service was conducted Monday morning at 10 o'clock in the

First Presbyterian Church at Plainview. Officiating were Dr. Frank Travis, pastor of the church, and Dr. G. K. Rogers of Houston. Burial was in Plainview Memorial Park under the direction of the Lemons Funeral Home.

Mr. McLaughlin, a retired farmer, resided at 326 Beach St. He and Mrs. McLaughlin moved to Plainview in 1943 from the Providence community in Floyd County where they had resided for almost thirty years.

He was a member of the Plainview First Presbyterian Church.

Born August 25, 1871, in Sparta, Illinois, he and Mrs. McLaughlin moved from Illinois to Floyd County in 1915.

Survivors include the wife, one daughter, Mrs. J. F. Starkey, Clovis, N. M., two sons, Harold and Wyatt McLaughlin of Lockney; one brother, Murray McLaughlin, and one

sister, Mrs. W. W. Blair, both of Kell, Ill.

Ten grandchildren and eighteen great grandchildren survive.

Mr. and Mrs. J. C. Jarrett and family of Dallas visited his parents, Mr. and Mrs. Chick Jarrett and family and brother, Mr. and Mrs. Corley E. Jarrett and sons and other relatives and friends on Labor Day weekend.

Mr. and Mrs. James Teafattler of Floydada are parents of a baby girl born in Lockney General Hospital on August 22. The little lady has been named Esti Marie. She weighed seven pounds, two ounces at birth.

Mrs. M. F. Dillard is back home after an extended visit with her sons, Delbert Dillard and family in Oklahoma City, and Herman Dillard and family at Post, Tex.

 Died April 12, 1957

Precious Brother, how we miss you,
 Since you've crossed "The Great Divide",
 But we trust you're now with Jesus,
 Evermore there to abide.
 Freed from all your pain and suffering,
 Safe within the Master's fold,
 You have gone to join the ransomed,
 Where we'll never more grow old.
 You so bravely bore your suffering,
 Through those long and painful years,
 Home at last, now with the Savior,
 He, who drives away all tears.
 Through with all life's disappointments,
 With its turmoil and its strife,
 Anchored safely in the haven,
 For a better, happier life.
 Savior give us grace and guidance,
 To be worthy of that home,
 Where we'll meet our old friends and loved ones
 When we gather 'round that throne."

Mrs. Hennessee Loses Sister In Tennessee Who Passed Sept. 2

Mrs. Mollie Crook, 75, sister of Mrs. V. W. Hennessee, passed away at her home in Sparta, Tennessee, following a heart attack September 2.

She is survived by one brother, Ernest Banly of Sparta, four sisters, Mrs. Fred Miller, Sparta, Tenn.; Mrs. Harvy Bullock, Cookersville, Tenn.; and Mrs. W. B. Miller, Irene, Texas.

This is the second death in the family within six months. Another brother, Otus Sullivan Banly died April 12 of this year.

The following was composed by Mrs. Crook before her death in memory of her brother:

In Memory of Otus Sullivan Banly
 Born March 30, 1885
 Died April 12, 1957

Precious Brother, how we miss you,
 Since you've crossed "The Great Divide",
 But we trust you're now with Jesus,
 Evermore there to abide.
 Freed from all your pain and suffering,
 Safe within the Master's fold,
 You have gone to join the ransomed,
 Where we'll never more grow old.
 You so bravely bore your suffering,
 Through those long and painful years,
 Home at last, now with the Savior,
 He, who drives away all tears.
 Through with all life's disappointments,
 With its turmoil and its strife,
 Anchored safely in the haven,
 For a better, happier life.
 Savior give us grace and guidance,
 To be worthy of that home,
 Where we'll meet our old friends and loved ones
 When we gather 'round that throne."

Greatest Need Of Scouting IS Larger Number Of Boys

One Hundred new scouting units was announced as the goal of the South Plains Council, Boy Scouts of America, fall "Together Organization Plan" by Dr. J. Davis Armstrong, council president, and Murrell Tripp, council together plan chairman.

Two Thousand new cubs, boy scouts and explorers are expected to be recruited into these new scout units and units now active in the 20 counties making up the South Plains Council.

Working with chairman Tripp will be district together chairman from

each of the six districts of the council. Longhorn district—David Casey, Lubbock; Arrowhead district, J. W. "Andy" Anderson, Lubbock; Haynes district, C. H. Janeway, Plainview; Quanaa Parker district, R. B. Snel, Lamesa; Comanche Trail district, John Thomas, Ralls; George White district, Cecil Hill, Spade.

The steps which each district will carry out are: Selection of a list of prospective new sponsoring institutions. Selection and recruiting of organizers and commissioners to contact the possible new sponsors; Training these men in organization

methods. Actual efforts of these men to secure commitment and attendance of a representative group at the "Together Banquet" to be held in September or October.

President Armstrong commented "the greatest need of scouting at present is to reach a larger number of boys and we need 100 more scout units to do the job."

News of Harmony

(By Mrs. Mather Carr)

HARMONY, Sept. 9—The women's society for Christian Service met Tuesday in the home of Mrs. Marvin Smith. It was a regular monthly session, with the president, Mrs. Smith, presiding. Mrs. Sherwood Ramsey and Mrs. M. D. Ramsey gave the program. Members present were Mrs. Gates, Mrs. R. O. Morris, Mrs. M. D. and Mrs. Sherwood Ramsey, Mrs. Chloma Williams, Mrs. Joyce Davis, Mrs. Mather Carr and the hostess. The hostess served refreshments to all present, including four children.

Mrs. R. O. Morris, Mrs. Chloma Williams and Mrs. Mather Carr attended the WPCS seminar at Plainview Thursday.

Mr. and Mrs. William Carr, of Oklahoma City, were dinner guests Friday in the Mather Carr home.

Mr. and Mrs. Joyce Davis and Jean left Friday for Pecos Kingdom for several days fishing. They were accompanied by the Johnnie Brittons and the Armstrong families of Petersburg.

Beth and Nita Karen Scott are ill with sore throats.

Several attended the speaking and cantaloupe festival in Floydada Saturday.

M. D. Ramsey was ill Saturday

with a heart ailment but was much better Saturday night and Sunday.

Mr. and Mrs. Bill Morris and daughter of Blanco, Mr. and Mrs. Bill Edwards, Mr. and Mrs. Chloma Williams and Horace Carr were visitors Saturday night in the Everett Miller home.

Mr. and Mrs. Everett Miller attended a birthday supper Thursday night of Everett's step-brother, Lawrence Stone, of Lubbock.

Mr. and Mrs. Marvin Smith were host and hostess Sunday honoring his mother with a birthday dinner. Those attending the dinner were Mrs. Smith's mother, Mrs. O. P. Huckabay and Mr. Huckabay, Mr. and Mrs. Henry Reeves and Vicki, Mr. and Mrs. Ronnie Evans and son Ray, all of Floydada, Mr. and Mrs. Carl Chidix, Mr. and Mrs. Wayne Thompson and Etta of Plainview, Mr. and Mrs. Melvin Reeves and son Gary, Mrs. Don Carlen and son Gary Don of Hale Center, and Mrs. Buddy Smith of Lubbock, and Tommy and Judy Smith and the hosts.

Glen Pool's father has been very low the first of the week but had gotten a little better.

Mr. and Mrs. Floyd Trosbridge visited several days last week in Fort Worth, Dallas and fishing on the Brazos. In Fort Worth they visited with his sister, Mrs. Alvin Oglesby and family and in Dallas with their son, Dub Trosbridge and wife.

(Delayed from issue of Sept. 5)

HARMONY, Sept. 2—Our first meeting has come and gone, we had a good meeting, the services at night were only on Sundays. The visible results will long be remembered.

M. D. Ramsey, 71, was converted and came into the church as well as Judy Smith and Bill Carr, Bro. Gates did some old fashioned preaching which we all needed.

We were happy to have Elden B. Armstrong from Floydada with us for two services. He brought a very good message Saturday night.

We had several guests from out of town, such as Mrs. Adde May Kees, Spade, Mr. and Mrs. L. A. Williams, Amarillo; Mr. and Mrs. Tom Hancock and children, Odessa; Mrs. Sallie Hennessey, Floydada; Mr. and Mrs. Bill Finkner and son, Petersburg; Mr. and Mrs. Frank Aiken, Mr. and Mrs. Bruce Davis and children and Martha Smithy.

We welcome visitors to our church at any time and again we are thankful for the services held through the week.

Mrs. Zant Scott was ill for several days with flu. She was also suffering from a sprained ankle.

Mr. and Mrs. Joe Smith and daughter, Brenda spent the week end with Joe's parents, Mr. and Mrs. Marvin Smith. Mrs. Joe Smith and Brenda attended services at the chapel Sunday.

Mr. and Mrs. Elmer Williams and son, Leon, Mr. and Mrs. H. Nelson and son, Dirk, of near Floydada and Sue Williams enjoyed a Sunday picnic at the Plainview Park.

Mrs. Reda Mae Gary of Lubbock visited in the home of her parents, Mr. and Mrs. R. B. Garry Sunday.

Mr. and Mrs. Everett Miller visited in Lubbock Sunday evening with Everett's father, Harry Miller and Mrs. Miller. He reported Mr. and Mrs. Miller's condition about the same. Mrs. Miller seemed somewhat improved.

Visitors in the Everett Miller home Sunday were Mr. and Mrs. Carrick Snodgrass, Mr. and Mrs. Wesley Carr, Charles and Bill and Mr. and Mrs. Mather Carr and Horace.

Mr. and Mrs. Donald Finkner attended the Fulkerson reunion Sunday which was held in the Plainview park.

Dinner guests Sunday in the M. D. Ramsey home were Mr. and Mrs. Tom Runchie and children of Odessa, Mr. and Mrs. Bill Finkner of Petersburg and Mr. and Mrs. Sher-

Texas Mesquite Curse or Cure?

One of the most astounding developments to come of agriculture research in recent years has been the discovery that common Texas mesquite wood can be made useful as an edible roughage for cattle.

During the past two decades, Texas farmers and ranchers have been fighting a common enemy in the die-hard mesquite which has spread in abundant growth from the Rio Grande Valley northward.

In an effort to reclaim the countless acres of grassland all but lost to dense undergrowth of mesquite brush, a number of eradication measures have been applied, varying from oil treatment to mechanical uprooting.

Then, just a few years ago, someone got the idea of grinding some tender mesquite into meal and analyzing the product chemically to determine its food value. The analysis showed that mesquite meal had a higher protein, fiber and calcium content than cottonseed hulls. Another essential nutrient not present in many dry roughages, Vitamin A, was also found in the mesquite meal. Fat and carbohydrate content was slightly lower than in usual roughages.

In subsequent feeding tests at the Spur, Texas, Agricultural Experiment Station, the mesquite meal was mixed with other concentrates plus the important addition of molasses which served to give the feed moisture, sweetness, and a more desirable odor. In every instance, cattle fed on mesquite meal not only suffered no ill effects but gained weight in similar ratio to cattle fed on other roughages.

This does not mean that all other meals and roughages should be thrown out in favor of mesquite, but wood Ramsey and children.

Mrs. L. A. Williams of Amarillo was a visitor in the Mather Carr home Friday evening. Mr. and Mrs. Williams spent Thursday night in the home of their son, Chloma and family.

Rev. and Mrs. Gates were dinner guests Sunday in the Frank Aiken home.

Mr. and Mrs. Bill Tucker received a message Sunday night of the death of Mrs. Tucker's grandmother, Mrs. S. S. Falls of Stephenville. Mrs. Falls was the stepmother of Mrs. Emmett Foster of Hart, Mrs. Falls had been invalid for four years and had been in very poor health the past two months. Funeral rites for Mrs. Falls were held at Leona's Funeral Home in Plainview, Monday afternoon. Mr. and Mrs. Tucker and children attend the service.

District Alleges Waste of Water

The High Plains Undergrround Water Conservation District No. 1 filed a law suit recently involving the waste of irrigation water. The suit names as defendant, Eldon L. Jones, a Lubbock County farmer, and seeks a permanent injunction to prevent the further waste of water from the land that he operates.

On Saturday, August 31, a hearing was held in Judge Robert Beane's 140th District Court in an effort to obtain a temporary court order which would enjoin the defendant from allowing irrigation water to escape from his land until the case is tried. The temporary order was issued by the Court.

The case is not only the first agricultural waste case in the history of the High Plains Water District, but it is also the first to be filed under the present ground-water laws of the State of Texas.

It does mean that mesquite may prove to be a dependable source of rough feed during time of drought when feeds are scarce and high in price.

In the trail feeding periods, it was found that branches and stems with alkali bark provided better feed than larger, dryer tree parts. Also, freshly-ground wood proved more palatable than dry wood and fresh supplies were ground weekly.

In order to prepare mesquite as a cattle roughage, a wood chipping machine costing about \$1,200 delivered in Texas, a heavy-duty hammer mill, and a molasses mixer are needed.

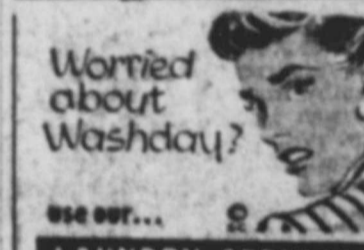

MR. AND MRS. SANDERS HAVE BEEN HOSTS TO KINSMEN

Mrs. Irwin Williams, Mrs. Ody Thornton, Mrs. Beulah Wood and son, Gerald, have been the guests of Mr. and Mrs. W. M. Sanders, and Mrs. R. L. Pierce, and also Mr. and Mrs. Otho Sanders of South Plains.

Mrs. Williams and Mrs. Thornton are sisters of Mr. Sanders and Mrs. Pierce, and Mrs. Wood is their niece. In addition to the above mentioned guests, Mr. and Mrs. Sanders were hosts on Sunday to their son's family, Mr. and Mrs. O. B. Sanders and daughter, Verita, from Hereford, and their daughter, Mrs. Lorin Leibfried, and Mr. Leibfried of this city.

The out of town guests returned to their homes at Reno and Springtown, Texas, on Monday.

Mr. and Mrs. Bud Turner, Mark and Vance, Mr. and Mrs. S. D. Medley, Danny and Debbie, enjoyed an outing at Plainview Park Sunday afternoon and visited with Mrs. Turner's sister, Mrs. Lloyd Watts and family.

In an individual letter to each member, the governor outlined the session goals: (1) a lobby registration bill, (2) a bill requiring registration of those who represent others before state agencies, (3) a bill setting up a study on how to prevent spread of crime and (4) legislation to develop a state master water plan.

No new taxes will be needed to finance any of these projects, or the session itself, the governor's letter contended.

Best guesses are that, barring stringent opposition from the lawmakers themselves, the session will be called for Oct. 15.

NAMED TO TAX COMMISSION

Three business experts from over the state will join with lawmakers in making a thorough study of the state and local tax structure.

Named by Governor Daniel to the Texas Tax Study Commission are Dr. John R. Stockton, Austin, director of the University of Texas Bureau of Business Research; John McKee of Dallas, executive in the Ford Motor Co.'s Dallas plant; Hugh Loewenstern Sr., Amarillo real estate dealer.

Three senators and three representatives also will serve on the Commission.

NEW MAP AVAILABLE—A new map, loaded with historical and geographic information about Texas has just been published by the General Land Office.

Copies are available without charge. Schools are expected to find it particularly useful.

Markings include the lakes, moun-

tains, rivers, dams, reservoirs, offshore tidelands, state-owned lands, old cattle trails and stagecoach routes.

RETAIL SALES UP—Retail sales in Texas during July increased two per cent over June, nine per cent over July of last year.

Latest figures from the University of Texas Bureau of Business Research show Austin merchants out in front compared with other cities. Their increases: seven per cent over June, 12 per cent over a year ago.

Other leaders: San Antonio, up 10 per cent from '66; Dallas and Houston, each up nine per cent; El Paso, seven per cent; Fort Worth, two per cent.

THERE'LL BE A WAIT—Owners of land in the path of new state highways face a delay before getting their money for it.

Under new law state pays half the cost of right of way buying for state roads. But since the money is to come from higher automobile license fees, the state won't have it until next year after people buy new plates.

In the most recent group of road building projects authorized by the State Highway Commission, it was expressly stated that money for land buying would not be available until after March, 1968.

NO LENIENCY FOR DWIs—Motorists who lose their drivers licenses for drunken driving needn't expect to get them back before the suspension period is over.

State Board of Pardons and Paroles said it is no longer even making recommendations for early return for licenses. Governor Daniel, who must approve the recommendations, has made it clear, said the board, that he doesn't favor leniency for DWI cases.

Law takes away license for six months on first conviction, a year on second conviction.

MORE MONEY FOR SCHOOLS—State aid to Texas public schools has been raised \$2 per pupil. It's now at a record-breaking \$50 per child.

State Board of Education upped the allocation after State Comptroller Robert S. Calvert reported a revenue estimate nearly \$4 million higher than his previous estimate.

Present outlook is that the state's bill for educating its 1,923,849 pupils will be a whopping \$36,116,108.

SHORT SHORTS—Most of Texas' farmers and ranchers will go into the winter with the best supply of hay and feed in years, reports the U. S. Dept. of Agriculture.

Surge of back-to-school activities may push the number of Texas jobholders to the three million mark, says the Texas Employment Commission. July total was 2,998,000. School payrolls are expected to add 20,000 more and provide more business for retail and service industries.

Leon R. Graham, member of the Texas Education Agency staff, has been advanced to the post of assistant commissioner of education for administration. He replaces Bascom B. Hayes who resigned to become superintendent of the Brazosport School District.

Choosing a site of the new state archives building has been delayed, reports Rep. Vernon J. Stewart, chairman of the selection committee. Legislature authorized the building last session, but provided

no money to survey property for a site.

Walton Wise of Tyler will serve as chairman for Texas observance of United Nations Day, the governor's office announced.

CHAT with PAT

Howdy Do!

One week has gone by at dear old F. H. S. The first few days were rather confusing because everyone was trying to get their schedules arranged like they wanted them. The poor fish were running around like chickens with their heads cut off! Now everything has calmed back down to normal and we're all ready to study! Ha.

The enrollment is 320 students this year. Nineteen of these students are from other schools. The new faculty members are: Mr. Adams (English 2), Mrs. Adams (English 3), Mrs. Martin (English 1 and Basketball), and Mrs. Pitcock (Home Economics).

We had class meetings last Wednesday and the following were elected as officers for the coming year of '67-68:

Senior Class, Mike Badgett, President, James Teague, Vice-president, Janis Roberts, Secretary, Vaughn Ginn, Treasurer, and Billie Goode, Reporter.

Junior Class, Tommie Copeland, President, Bill Patterson, Vice President, Karen Goen, Secretary, Jerry Solomon, Treasurer and Gles Adams, Reporter.

Sophomore Class, Henry Self, President, Hal Rines, Vice President, Pleeta Cartmel, Secretary, and Carolyn Cates, Reporter.

Freshman Class, Ray Walker, President, Larry Orman, Vice President, Beth Scott, Secretary, Wayne Cage, Treasurer, Mary Alice Withers, Reporter.

Have you noticed - - - Keith Reeves' hidden talent (dramma); how pretty the Cheerleaders hair looked at the after game party; that Sandra and Bobby are still hitting it off big; We beat Wellington; some of the crazy sentences the Typing I class writes. (Here is one: She jag a gut instead of she has a fur), the School spirit; Linda Hammonds wild hair-do; Ray Walker's wind-shield wipers won't work; the new students; Larry Coltharp's glasses; Sharon Edmiston's new boot shoes; and the friendly freshmen.

Some of the dates seen around the halls of F. H. S. and the "drag" have been; Jane Tye and Weldon Pruitt, Judy Wilson and Joe Noland, Judy Jackson and Bill Orman, Leora King and Mike Shurbet, Marisue Burleson and Keith Armstrong, Freda Smith and Kearney Edmiston, Keith Reeves and Sue Flenniken, Sonja Guffee and Don Garrett, Carolyn Cates and Dale Brown.

Pleeta Cartmel and Buttons Beedy, Juanel Wood and James Teague, Sue McClung and Henry Self, Nelda McCary and Larry Irby, Nedra Jarrett and Eddie Childs, Ann Word and Charles Carr, Linda Welborn and Vaughn Ginn, Joy Sparks and Laron Fulton, Sue Williams and Leon Williams, Donita Milton and Arlis Powell, Carrol Lawson and Gary Huckabay, Gaynell Boothe and Harvey Allen, Sandra Roe and Bobby Christian, Sue Nelson and Norman Davis, Sharon Edmiston and Roger Trapp.

Janis Roberts and Kendis Julian, Brenda Moran and Dale Lawson, Pat Allen and Jerry Battey, Shirley Gregory and Donnie Taylor, Darlene Johnston and Ray Walker, Edwina Overstreet and Ronnie Downing, D'Lene Witkowski and Waldo Baxter, Sherre Darden and Glen Parkey, Vanda Carter and Carrol Guthrie, Sonja Wilson and Larry Glassmoyer, Darlene Lammack and Elton Turner, Virginia Stewart and Benny Handley.

Boy, one happy crew was Friday night when we beat Wellington 12 to 6. It was a wonderful game and now that we have come across and beaten one of the roughest teams we feel like we can go all the way.

Everyone enjoyed the after game party at the First Baptist Church. We play Oton this Friday night at Oton. Let's all go to Oton and watch the Winds win!!!

Joke: Ray Walker, who is a "fish" and puzzled over girls, was talking to Kern Cooper. "I've walked her to school three times, I've carried her books and twice I've bought her sodas. Now do you think I ought to kiss her?"

Kern thought and said, "Now you've done enough for her."

Matador Man New Area Field Man For Farm Bureau

Frank Price is now serving 19 county Farm Bureau organizations in this area as field representative for the Texas Farm Bureau.

Price, who makes his headquarters at Matador, acts as liaison between the state farm organization and the county units. Serving in an educational capacity, he advises and assists county leaders and committees on such activities as county office procedures, service-to-member programs and membership acquisition.

Counties in his area include Floyd, Motley, Cottle, Hardeman, Foard, Knox, King, Dickens, Crosby, Lubbock, Hockley, Cochran, Yoakum, Terry, Lynn, Stonewall, Haskell, Scurry and Fisher.

A graduate of Texas A. and M. College, the FFB field representative has been employed with the Soil Conservation Service, the Matador Farm Loan Association, and operates his own 310-acre farm near Matador.

Price is one of 12 area field representatives for the Texas Farm Bureau. The state organization has its headquarters at Waco.

WCS Group Has Meeting Tuesday

The Women's Society of Christian Service of the First Methodist Church met Tuesday morning at 10 o'clock in the church parlor for their regular monthly meeting.

Nineteen were present for the executive committee meeting at 9:30 and the monthly meeting at 10 o'clock. Mrs. G. T. Arwine presided at the meeting where two of the members children were presented with honorary baby membership certificates of the Women's Society of Christian Service. The children were Annette Jordan, daughter of Dr. and Mrs. Jack O. Jordan, and Sara Jane Willson, daughter of Mr. and Mrs. Jimmie Willson Jr.

The program leader was Mrs. Jack

McIntosh. Those participating in the program were Mrs. Jimmie Willson Jr., A. L. Wylie Jr., Howard Gregory, J. A. Colston and Norman Davis.

The worship center consisted of the theme "Let's Join Hands." One large church and three small churches encircled a Bible beside which stood a world globe. Mrs. McIntosh explained the scene as the big church and the little churches working toward the same goal and people from all races were working toward the same goal. She ended by saying "Let's all join hands and work together."

Mr. and Mrs. F. A. Smith spent last week with Mr. and Mrs. A. N. Taylor at Kopperl. Mrs. Taylor is a sister of Mr. Smith. They were also visiting Mr. and Mrs. Fred M. Bishop and family, of Mesquite. Mrs. Bishop is the Smith's daughter.

Lakeview News

By (Mrs. Warner Johnson)

LAKEVIEW, September 10.—The weather is so cold. This morning is partly cloudy and misting rain a little.

The little baby daughter of Mr. and Mrs. Earl Edwards Jr. is a patient in the Crosbyton Hospital. She has been very ill with some kind of new virus. She is reported to be some better this morning. We certainly hope little Marilyn will be home soon.

Misses Rhonda and Brenda McClure visited awhile on Friday night of last week with their grandparents, Mr. and Mrs. Hoyt McClure.

Sunday afternoon visitors with Mr. and Mrs. Hoyt McClure were Mr. and Mrs. Keith McClure of Tulsa.

Guess What? Duane McClure is sporting a brand new Pontiac. Thought he knew that when anyone got a new car, they were supposed to take their neighbors for a spin.

Some of these days we are going to get a lawn mower like Arvis Moore has. Never saw a job look so easy as when he mows the lawn.

We were all very happy for the football team at Crosbyton last Friday night. When they won the game at O'Donnell. Keep up the good work boys. We are all behind you.

Mrs. Hoyt McClure was among those attending the wedding of Miss Tommye Nell Pennington and John C. Foster Saturday night at the Church of Christ in Crosbyton.

POOLE GRAIN CO.

AT DOUGHERTY, TEXAS IS ALL SET FOR MAIZE HARVEST SEASON

We do not know at present if marketing conditions will be that you will want to sell your grain or place it in storage loan... But we do know that we will be in a position to give you the best deal possible in either case and we are anxious to see you.

Our Dougherty plant at present has upward of 100,000 bushels of storage available and we have terminal storage connections that are almost unlimited.

Come by our office and talk over your harvest plans. We will be glad to help you in any way we can.
