Agent To Meeting

Right-of-Way Bonds Will Be Aggressively Supported Locally

The Civic Improvements Committee chairman of the Floydada Chamber of Commerce yesterday told The Hesperian that the right-of-way bond election set for November 5 will be aggressively supported by her committee.

News that the Commissioners Court was due to call another election on the issue was one of the principal matters of discussion when the committee held a scheduled session Tuesday afternoon. Other matters which the committee has had under routine planning will be laid aside or the present, she said.

"My committee was unanimous that the most important progressive move we can make right now is to put our efforts behind the improvement of the highways," she said. "We will publicize the election in every proper way we can."

New Vegetable Grower Organization Formed By Dougherty Farmers

A new vegetable grower organization has been formed in the county, announced this week from Dougherty says.

At that place eight farmers have formed the Dougherty Growers and Marketing Association with the avowed purpose of getting into the vegetable business next spring, probably with onions as their only first year crop effort.

Dorris Jones, president of the newly-organized association, said that one of their first undertakings is likely to be to provide a labor camp at Dougherty to afford quarters for a backlog of available labor.

ENDS CANTALOUPE HARVEST

According to Cecil Nalk, sales agent for Trautman Bros. at Lockney, who had 329 acres of cantaloupes on the Leslie Ferguson farm north of Lockney, the harvest of the crop has been completed.

Floydada Will Be Represented In Sessions of City Planners

Floydada's Electric Superintendent, J. D. Parks, will attend the 21st annual meeting of the Municipal Utilities League in San Antonio opening Sunday and continuing through Tuesday.

Grain Movement Slow; Some Cotton is Ginned

Grain elevator operators are finding grain that is being delivered this week much too green and heavy with moisture. However a few loads brought in have turned out fairly well.

Starks Green brought a full load into the Davis Grain Company Tuesday and it was said to be in good shape, the drier so far. Samples delivered to the same elevator by W. B. Cates tested too much

moisture, so he has postponed heading another week.

Barwise Elevator reported some samples brought in but all were too wet.

O. S. Harvey of McAdoo delivered a load to Producers Elevator at Dougherty. It checked out 13 per cent moisture.

If it stays dry another week or so

the air, pulling will be delayed for the early morning pickers, but a speed up in the next two to three weeks is expected.

Bohannon Gin received five bales on Tuesday, two from the R. R. Ferguson farm, two from the L. D. Simpson farm and one from W. H. Simpson, Jr. Mr. Ferguson delivered the first Floyd county bale to Bohannon Monday of last week.

All ginners could not be contacted, but most are said to have ginned a bale or two and are looking for more this week.

Scott Gin received two bales Tuesday, one from Bill Sisson and the other from R. C. Bullock. Mr. Bullock was to have three more bales to the gin by mid-afternoon. His bale weighed in at 1900 pounds of seed cotton and he got 570 lbs of lint.

With the moisture presently in

Rotary Visitor Wednesday Is Feted by Club

Morris Higley, Childrens publisher, who is governor of the 573rd District of Rotary International, was feted by the official family of the club here Tuesday evening and Wednesday, and his wife was the recipient of courtesies likewise from wives of the club's members.

The district governor was in Floydada for his official visit to the club and inquiry into its well-being.

Tuesday evening prior to the official club assembly held at 7:30 o'clock a group of the club officials and their wives had Mr. and Mrs. Higley as guests at a barbecue held at the Floydada Country Club house.

Wednesday morning Mrs. Higley was guest at a coffee arranged to give club wives an opportunity to meet her at the home of Mrs. J. M. Willison, Jr.

At noon club wives had her as honored guest at a luncheon given at the Commercial Hotel Coffee Shop.

The Tuesday night club assembly was attended by a majority of the club directors and committee chairmen. A complete report on activities of the various committees was placed in the hands of the district governor during the session.

Yesterday Mr. Higley made his official address to the club.

The great joy of the trip to the Rotary International meeting this spring afforded him and a repeat of some of the great experiences he and his wife and 15-year-old daughter had in Europe was the burden of the visiting dignitary's talk at the club's high noon meeting. It is great to be a Rotarian when one is away from home, he declared.

During their visit to Floydada the district governor and Mrs. Higley were guests in the home of the club president, Mr. and Mrs. Gordon L. Downing.

One hundred forty-five members of Floydada Rotary Club, their wives, members of the public school faculty and school board, together with their spouses, were present for the annual dinner and program last Thursday night.

The event, specially arranged to give members of the club an opportunity to meet faculty members and do them honor, has become a tradition in the club. The Wednesday noon-day luncheon was passed up for the night affair. It was held in the high school cafeteria.

Kelley King, high school son of Mr. and Mrs. M. W. King Jr., entertained as a prelude to the dinner with organ music.

Delbert Downing, the inimitable Midland Chamber of Commerce tycoon, was speaker for the occasion. His remarks were addressed to the teachers present with overtones for their hosts.

He magnified the work of the teachers and the dignity of their calling.

MRS. GEORGE WEAST IS ILL

Mrs. George Weast of South Plains is reported to be in poor condition this week in the Lockney General Hospital suffering from a severe case of encephalitis. This is the third case reported in Lockney this year.

WHIRLWIND BAND WINS FIRST PRIZE IN PARADE

The Floydada Whirlwind Band won first place marching honors in Class AA in the fair parade in Lubbock Monday.

A total of 27 area bands participated in the activities which started off the week long Panhandle South Plains Fair.

Four bands placed first and four second in classes B, A, AA, AAA.

The Whirlwinds under the direction of Maurice Jones, were jubilant over their success, an honor won by the band for the first time.

Student Council of Floydada High School is off to a good start this year. Indications are that it will play an important part in the student life of the school year 1957-58, under the leadership of Ronnie Downing (second from right) president. Vice president is Silas Duncan Jr., extreme right. Whirlwinds Meet Paducah Friday Night on Wester Field

Another long time rival of the Whirlwinds, the Paducah Dragons, will come to town Friday for a football game on Wester Field. The contest will get underway at 8:00 p. m.

Though a little of the luster may be gone from the game this year it is still expected to draw a big crowd. The 1957 Dragons have not won a single ball game. They have fallen before three class AA teams, Childress, Quanah, and Electra, in their first outings of the season.

Records seem to mean little in a Floydada - Paducah game however. It was in 1953 when the Green and White won their last ball game over the Cottle County boys and that by the skin of their teeth.

In '54 the Dragon powerhouse that went into the state playoffs all but swept the local field.

In '55 it was a scoreless deadlock played in Floydada and last season a 20 - 20 tie in Paducah.

Coach Ray Isaacs Dragons can lead a team that is equal to if not heavier than the Whirlwinds. They have good speed and have been playing very rough opposition this year. True they did lose to Electra '56 - 6 last Friday while Floydada was journeying to Ralls for another "easy one."

The 1957 Dragons have two linemen that weigh in above 200 pounds and several others that can beat 180. They still have 195 pound Tommy Goodgame in the backfield along with some pretty fast boys and they have some tall rangy ends. Before the season opened Paducah fans were expecting a better team and a better season than last year, and this same opinion was voiced by their coach in news reports.

The Whirlwinds are not happy after their defeat last week, but at the same time they do not consider the season is over just because they got beat. Sickness is still the big drawback for the Winds.

Last week half of the backfield had little contact scrimmage due to the flu and one or two others were out entirely with it. Saturday the team got flu shots in an effort to control the virus, but early this week Ranny Vickers and Bill Patterson appeared to be coming down and were given special attention in an effort to head off the attack.

Coach Watson said the boys were

working hard this week to try and get going again. Much of the Ralls game was filmed and it has been shown and studied to try and iron out the weak spots. Team spirit appears to be good and with a let up from the flu the boys should get going again.

The Paducah - Floydada game should be an interesting one. The school bands will be on the field and in the stands to lend color to the contest. This is the last inter-sectional game for Floydada which enjoys an open date next week and then starts district play two weeks from Friday.

THE BIGGEST WATERDOG

A water dog, the size of which must certainly be some kind of a record, was found by Commissioner Bill McNeill at his place Monday morning.

The reptile, if such he is, measured nine and 7-eighths inches long and five and 7-eighths inches in diameter.

Mr. McNeill and the reporter who saw the water dog were agreed they had never before viewed one so huge.

The called meeting was to discuss a better grain sorghum market according to Ewald Quebe, of Plainview, president of the Floyd County Grain Sorghum Producers Association.

Better markets for grain sorghum is needed, said Bill Nelson of Amarillo. Maize is not only locally consumed any longer but is a national crop, and farmers must have a larger market. Mr. Nelson further stated in a talk to the gathering.

Many materials are produced from grain sorghum and there isn't enough grain to fill the necessity of the industrial manufacturers, Quebe said.

The oils and instant starches in grain are favorably used in industries. If they call for a huge amount of the grain, their need can not be supplied on such short notice, therefore a much larger market is needed, the group was told.

Elevator men were asked to consult the farmers when their grain is delivered asking for two pounds out of every 1000 to further the research and improve the market product. It is not compulsory for the farmers to do this, but if each will give two pounds it can be deducted at the final settlement at the end of the year, Mr. Nelson said.

Mr. Quebe said the elevator men would be more or less a collecting agency for the research fund and they should be recommended for their cooperation.

Mr. Nelson is with the National Grain Sorghum research foundation.

Quebe is the president of Floyd County Grain Sorghum Growers and Tom Porter is vice president.

The Bond Vote In 1954-55 On Roads Question

The calling of an election for November 5 by the Commissioners Court yesterday to purchase right-of-way for improved cardinal roads through the county gives rise to a question of what change may have taken place in the attitude of taxpayers in the county in the period since 1955 when the last vote was taken. A majority of approximately 59 per cent for and 41 per cent against was recorded in that election.

In the November, 1954, election when a bond issue of \$325,000 was sought the vote was 774 for and 584 against, and in the March, 1955, election the vote was 957 for, 703 against, when \$300,000 bonds was at issue.

In those two elections all four Floydada boxes gave the proposals heavy majorities, as did Almon, Sand Hill, and Harmony. Starkey gave a strong majority for the issue in the 1954 election and a tie vote in 1955, while McCoy voted against the bonds in both elections 9 - 4. These boxes are in Precinct One.

Majorities against the bond issue in both 1954 and 1955 were recorded in East Lockney, Providence, Lone Star, and West Lockney, while Starley favored the issue in the 1954 election 14 - 7 and voted against it 19 to 10 in the second. These boxes are in Precinct Two.

In precinct three the three boxes, Cedar, South Plains and Goodnight returned heavy majorities against the issue in both elections. Goodnight voting 14 - 0 against in the 1955 count.

In Precinct Four Fairview and Baker gave overwhelming majorities against the road bonds in both 1954 and 1955. Lakeview favored the bonds in 1954 and opposed by a slight majority in 1955. Dougherty gave the bonds a big majority in 1954 and an overwhelming majority in 1955.

Footballers Given Anti-Flu Vaccine

Forty-four Floydada football boys were given virus flu vaccine Saturday morning by Dr. A. E. Guthrie. This was not the Asian flu type serum, Dr. Guthrie said, but a serum warding off flu that pops up in winter months.

Several of the football squad have been ill with a flu but not enough to put them off their feet. The shots they receive were for prevention, he said.

The Asian flu serum is expected momentarily in Floydada but the precise time is not yet known.

Seek Funds For Cardinal Roads Right-Of-Way

Yesterday morning the Commissioners Court of Floyd County called for a vote of the taxpayers on a proposal to provide funds for right-of-way for a new paving program offered by the State Highway Department on 45 miles of cardinal highways through the county.

The election is set for Tuesday, November 5, the same date on which a state-wide election will be held to pass on three proposed constitutional amendments.

The formal action of the court came as no surprise, since the body has had a study of the probable cost of the right-of-way under way for a month or more, making a minute survey of the land and improvements that would be taken or damaged. The aid of the highway department has been given the court informally in the study.

The court has come up with the figure of \$294,000 as the probable cost of half of the right-of-way, which the county would have to bear. The State Highway Department, under the new statute, is due to bear half of the cost, which the court estimates will be \$588,000.

As proposed by the State Highway Department the land needed would include:

Right-of-way for four-lane pavement from the city limits of Floydada on Highway 70 to the Hale County line, a distance of 18 miles; Right-of-way for four-lane pavement for three miles from the city limits of Floydada to FM579, on Highway 207, and a 42-foot slab the remaining eight miles to the Crosby County line, a total of 11 miles;

Right-of-way for a four-lane pavement from the city limits of Floydada on Highway 70 for four miles east to FM661, and a 42-foot slab the remaining 12 1/2 miles to the Motley County line.

Width required for the four-lane pavement would be 280 feet except where the right-of-way parallels and is adjacent to a railroad where the highway department's requirement is 230 feet width.

For the 42-foot slab the requirement is 190 feet width.

While the election had been decided upon by the Commissioners they asked for and obtained petitions for calling the election which were filed with the court Tuesday afternoon and Wednesday morning.

The court's action came after repeated urging by the highway department, which months ago declared itself ready to begin work at once on Highway 207 from the Crosby County line to Floydada as well as from the Hale County line to Floydada. Failure of the county to provide right-of-way for road construction has delayed the highway department's program in this county since the summer of 1954.

The department has no paving program for Highway 70 east from Floydada to the Motley County line at this time considering the other two projects more pressing. The suggestion that right-of-way be provided at the same time for the route east is to make it possible for the department to program its construction work eastward in the county without delay when the project becomes feasible financially.

While the petitions ask the court to call the election for a bond issue in the amount of \$294,000, bearing interest at a rate not to exceed 5 per cent interest and for a period not to exceed 25 years, the court is said to expect to obtain the money at a rate not to exceed 4 per cent and to make the bonds run for a period of 20 years. It was said informally by members of the court this week.

The proposition as presented in the petitions circulated the past week reads verbatim as follows: "Whether or not the bonds of Floyd County, Texas, shall be issued under Article III, Section 52 of the Constitution in the amount of \$294,000."

Vacuum Cooler Being Installed

The foundation for the Lockney Vegetable Growers vacuum vegetable cooler has been completed, the cooler tube has arrived, and indications are that the unit will be ready for lettuce harvest by the first of October.

The unit is located just south of the Santa Fe railroad tracks.

When harvest begins, the lettuce will be cut, washed and packed in bins, trucked to the cooler where a load can be cooled in 15 to 20 minutes. After the cooling process the lettuce will be loaded in refrigerator cars.

The cooler which can handle around 15 rail cars a day is much faster than the crushed ice method, it was said.

The vegetable growers who have 300 acres of lettuce include Hubert Frizzell, Elmer Thornton, Joe Taylor, Hugh Marble, Bruce and Bill Whitlock, Lloyd Readimer, John W. Moody, Bill Stanforth, R. R. Ferguson and Bob Walker.

An estimated 700 acres of lettuce will be harvested.

Things are looking up for Jess Patterson in the corn line as is evident from this picture made last week-end as he admired a 12-foot stalk with 10 good ears. He calls it Tennessee hybrid. His other crops on the near Floydada acreage also couldn't be better. (Photo by James Huggins)

WOMEN'S SOCIETY

Ex-Members Are Special Guests of Club At Anniversary Coffee

The 1922 Study Club opened their first meeting of the year with an anniversary coffee celebrating their "35th" year of club work.

The serving table was laid with a beautiful cut work cloth from China belonging to Mrs. Wilson Kimble, a gift from her nephew. The centerpiece was made of yellow chrysanthemums interspersed with greenery and the numerals "35" placed at the back of the arrangement. Crystal candle holders with yellow candles completed the decoration.

Mrs. Harry J. Koenen presided at the coffee service.

All ex-members of the club had been invited from near and far.

Mrs. Lon Smith served as first president of the 1922 Study club and had charge of the morning program held in the First Methodist church. She, with all charter members, was dressed in keeping with the early twenties enacting the first meeting of the club on September 7th, 1922.

Mrs. W. C. Grigsby, a charter member, gave an outline of the first year. She mentioned the city library, one of the club's first great accomplishments. The work and the struggle that brought it into being, paying a tribute to the late Mrs. A. P. McKinney, her untiring efforts, her zeal and her inspiration that kept the library going through the depression.

Other accomplishments of the club back in the twenties was scholarship fund which helped many a boy and girl go to college, the organization of the 1929 Study club, an annual community Christmas tree and the start of the Floydada Garden club.

Mrs. Koenen asked club members

to stand in silent tribute while Mrs. J. B. Jenkins read the names of deceased members.

Mrs. Kenneth Bain outlined the programs of the new year books.

Mrs. Joe Wilson offered her resignation which was accepted with regret.

Members stood and repeated the club collect in unison and adjourned for visiting and reminiscing.

Members present were Meses. Kenneth Bain, J. H. Barnard, P. W. Bell, J. D. Colville, W. H. Henderson, J. B. Jenkins, Eld Johnson, Wilson Kimble, Harry J. Koenen, E. J. Morehead, Lon V. Smith, E. F. Stovall, J. V. Daniel, W. O. Tye, J. M. Wilson, and Mrs. Joe Wilson.

Visitors were Mrs. Claud Tatum and Mrs. J. U. Borum of Lubbock, Mrs. Anna Sims of Plainview, Mrs. M. L. Kinsler of Altus, Oklahoma; Mrs. W. C. Grigsby of Snyder. Attending from Floydada were Meses. J. C. Wester, Pearl Fagan, Tom Shaw, A. E. Guthrie and Mrs. Luther Fry.

The smiling woman who drives a beautiful car, keeps her hair neatly manicured and her costume the latest in fashion, we size up as the most interesting person in town. Yet once we know her, she is as likely to prove vain, spoiled or empty-headed as exciting and glamorous. The plain, mask-faced woman wearing English walkers and no makeup we put down as a dud, only to find on better acquaintance she has a subtle personality.

We sat by one such at lunch the other day. We had known -- or thought we had -- for years. And if anyone had described her as interesting, we would have either denied it outright or wisecracked with deadly intention. Yet a chance remark brought out two angles to her character that were as delightful as they were astonishing.

She said her mother always called her a daredevil. While we were still gaping at this ridiculous description, she proceeded to prove it by tales of slipping into the prospector at an Easter pageant in Mexico; of riding cog trains in the Swiss Alps; and of persuading a Portuguese prince to pose for snapshots before his own palace gate.

We've always wondered what she did with her time and money. Well, we found out. She takes delinquent boys under her wing. So far she has saved three of them from the reformatory. The current one, she said looked hopeless -- a bad family history. But now, after several patient months, she sees progress. As she talked, her usually expressionless face lighted up as though she had hit the \$1,000 jackpot. She's sure she's figured wrong!

So often we "figure" people without quite enough information.

Racial Stress Topic at WSCS Ruth Circle

The Ruth Circle of the Women's Society of Christian Service met September 22 in the parlor of the First Methodist church. Fourteen members were present.

Following the business session, Mrs. Jack McIntosh led an open discussion on the subject, racial stress, both past and present.

At the next meeting, Oct. 9, the discussion will deal specifically with the integration problem which will be led by Mrs. Jack Jordan and Mrs. Lawrence Davis.

Everyone interested is invited to attend.

PINK AND BLUE SHOWER COMPLIMENTS MRS. GALLOWAY

A pink and blue shower honoring Mrs. Herman Galloway, the former Pat Patterson, was given September 12 in the home of Mrs. Duane Stephens.

Angel food squares topped with candy pink and blue booties and lime punch was served those attending. Forty guests were present or sent gifts.

Hostesses for the occasion presented Mrs. Galloway with a baby shower. They were Meses Jerry Bob Harrison, Jackie Jarrett, Duane Stephens, Bill Hardin, J. G. Pruitt, Girdle Campbell, Bill Tye, W. H. Bunch, Darrell Robbins, Virgil Warren, Gordon Hambricht and Mrs. W. H. Nelson.

YEAR OLD HAS BIRTHDAY PARTY ON SEPTEMBER 18

David Reese, son of Mr. and Mrs. Reese Grubbs, was honored September 18, in the home of his parents in Lubbock, with a party honoring him on his first birthday.

A birthday cake decorated with candy clowns and ice cream was served to Mr. and Mrs. Bill Grubbs, Billy Wayne and Paul David of Plainview, Mr. and Mrs. Herbert May, Carolyn, Rusty and Freddie, Mrs. Paula Barton and Chris, Mrs. Myrt Hodge, Cindy and Pam, Mrs. Frank Capshaw and Cindy, Mrs. Alma Monk and Rosanne, Meses Jessie Gibson, and Mickey Kennamer, and Mr. and Mrs. Walter Simmons all of Lubbock.

Attending from Floydada were Mrs. Jack Cantrell and Mike, Mr. and Mrs. Dub Hodge and Mark, Mr. and Mrs. M. R. Grubbs and Mrs. J. T. Hucksbay.

PEOPLES HOSPITAL NOTES

Patients in Peoples Hospital this week are all in good condition. They are Bob Smith, Darwin Ashlock, Phil Horton, T. J. Campbell, Mrs. E. A. Hopkins, R. I. Teeple, J. T. Myrick Jr., V. C. Haggood, N. A. Armstrong, T. M. Noland, Mrs. Arturo Cortez, Baby David Gallant, Mrs. W. T. Branson and Mrs. Neil Dertrand.

Band Boosters Discuss Plans For Fair Trip

The Band Boosters Club held a regular meeting Monday night in the Band Hall to discuss further plans for the Whirlwind Band's trip to Dallas, and the progress on ticket sales to the Lee Grabel show.

Proceeds from the show will enable the Band to journey to the State Fair where they will appear in the Cotton Bowl.

Aurice Jones, band director, opened the meeting and announced that the Whirls had won first place in Class AA at Lubbock, an honor that hasn't been received by the Band before.

J. W. Reue reported on the ticket sales to the Lee Grabel show, which will be presented in Floydada, Oct. 3. Mrs. Ralph Cogdell, the club's reporter, said they are hoping for a full house on the night of entertainment.

Plans were discussed on the Band trip to Dallas. Members and their adult leaders will leave about 10 a. m. with a stop at Vernon for lunch, and arrive at Dallas around about 5 p. m.

For the Floydada-Paducah game here Friday night, Mr. and Mrs. Billy Grundy will be in charge of the concession stand.

At the club's next meeting Monday night, September 30, further plans will be discussed on the Dallas trip and another ticket sales report on the Grabel Show will be given.

Bailey County Girl Named District Queen

Miss La Von Copley of Bailey County was chosen District II Farm Bureau Queen in the contest held at Lubbock Thursday night. Alternate was Miss Nancy Page of Hockley County. The two were chosen from 11 contestants from area counties who competed for the title at a judging held in the O. E. Stalon High school.

The district queen will enter the state contest at Dallas in November. State winner will go to the national contest held at Chicago in December.

Miss Kay Golden, Floyd County Farm Bureau queen, from Aiken, was chosen queen here in the local contest, over 11 other Floyd county misses.

Approximately 400 persons were in the audience at the district contest at Lubbock.

Fair Prize Winners

The 1937 Panhandle South Plains Fair at Lubbock got under way Monday of this week.

Many Floydada persons have exhibits with several winning money and ribbons.

On Monday, the Floydada Whirlwind Band won first place in Class AA during the parade in downtown Lubbock.

With three more days of judging on various exhibits to go, more winners will be announced.

On Tuesday the following Floydada winners were announced:

In the youth division, oil painting, Eric Christensen and Rex Lackey.

Textiles: Mrs. J. H. Buchanan, crochet; fashion accessories, Mrs. A. H. Kreis; Place mats and pot holders, Mrs. J. H. Buchanan.

Tatting winners included Mrs. C. A. Caffee of Dougherty, who won three places for a handkerchief, unattached specimen and other articles.

In agriculture exhibits, Ray Nell Bearden was a third place winner on best barley and first place winner on cantaloupes and bell peppers.

Mr. and Mrs. Z. A. Burgett spent the week-end in San Antonio with their son Kenneth and wife. Kenneth had major surgery on September 14 and again on September 23. A call to the hospital Monday said he had gone through the operation successfully that day.

Mrs. Paul Haines of College Station visited earlier in the week here with the Walton Hale family. Mrs. Haines had been to Lamar, Colorado, where she visited her son, Lamar Haines and family. Lamar is land man with an oil company in Colorado.

Water containing only a small percentage of potassium cyanide will dissolve silver and gold.

Cyclone winds have been known to whirl at a rate of 200 to 300 miles per hour.

River deltas are so called because their triangular shape resembles the Greek letter, Delta.

The word "democracy," is Greek in origin, means literally "rule of the people."

The first blood transfusion, according to record, was given to Pope Innocent VIII in 1492.

If sold for the value of its chemical elements, the human body would be worth about \$8 cents.

Dougherty News

(by Mrs. S. J. Ross)

DOUGHERTY, Sept. 24—Lon Emert, has the distinction of winning the first bale of cotton for the 1937 season at the Dougherty Gin. It came in soon after the noon hour on Monday, Sept. 23. He brought 1820 lbs. seed cotton and received 415 lbs. lint and 780 lbs. Seed. It was harvested by Latin-American laborers. Emert had a 17-acre patch of earlier cotton and went over approximately half this acreage to get the bale. It is estimated that another bale is open.

The Dougherty Gin under management and ownership of R. D. Holly, is completely overhauled and ready for the ginning season. The gin gave a premium price of 50 cents per pound for their first bale.

Tommy Emert, brother to Lon, has brought the first bale the past two seasons.

Game night at the school was attended by 65 or 70 who report a most enjoyable evening. There were six tables of "42". Mrs. Johnny Cates won the prize for high score. The children's entertainment was under the supervision of Meses McIntosh, Emert, Hinton and Hines. Mrs. Emert and Mrs. Crawford served seven gallons of ice cream and 11 cakes.

A large number of our citizens are attending the South Plains Fair this week.

Sunday, Mr. and Mrs. W. S. Poole entertained their son, Dr. Warren Poole and family of Lubbock, with a birthday dinner honoring Dr.

Warren. The serving table was attractively decorated with an imported cut work cloth and an original and unique centerpiece made of pictures of the honoree from infancy to the present. These were entwined with mums. Gifts from the entire family were concealed in the arrangement.

Instead of the traditional birthday cake a pie adorned with the adequate number of candles was served. Melissa lighted the candles and Dr. Poole cut and served the pie.

The doctor's children especially enjoyed the parade of pictures, seeing daddy as a cowboy, as a tractor driver and seeing him as a school boy was a real treat. The Poole children are David, Daryl, and Melissa.

Wednesday night, Mr. and Mrs. Wait Holly of Dickens visited their son R. D. and Juanita. This group accompanied by Mr. and Mrs. Bill

Smith visited the church of the Holy Trinity in Bovina, a town in the northwestern part of the county. Mr. and Mrs. Christi of Bovina, guests to the Mr. and Mrs. Smith.

Regular County Country Club matches were held on the new links. W. D. at Park

Ralls Rolls Over Floydada As Jackrabbits Use Power, Speed

The rapid Ralls Rabbits hit quickly Friday night to score 9 points in the first period and go on to win 18-6 over the desperate Floydada Whirlwinds.

The win by Ralls was considered a major upset by most of the fans present, but was no fluke as Ralls dominated every part of the game.

Dwayne Slaton was leading ground gainer for the night as he racked up a net of 65 yards from scrimmage on 17 carries. High man for Floydada was Gary Huckabay who went 44 yards on 13 jaunts.

Ralls dominated the statistics as well as the score as they ran for a total of 173 yards from the line of scrimmage, passed for 53 yards on two completions in five attempts, made four penetrations of the Winds' 20 yard line and collected a total of 12 first downs.

Floydada on the other hand made a net of 77 yards from the line of scrimmage, passed for 33 yards on two completions in 13 attempts, made two twenty yard line penetrations and collected six first downs.

Opening the game Ralls kicked off and Frank Potts took the ball on the five returning it to the 19 where he was brought down. On the first play from scrimmage, Downing started wide to his left as if to pass and was nailed behind the goal line for a safety.

As the ball was brought out to the 20 Bill Patterson punted to R. P. Surratt on the Rabbit 35 and he returned it to the Floydada 47. The Jackrabbits made nine yards and were held for downs on the 38 where the ball went over to Floydada.

The Whirlwinds were unable to go and a fumbled ball gave Ralls possession on the Floydada 34. From this point they made first down yardage on the 13 yard line and had advanced the ball to the eight before Dwayne Slaton went around the Whirlwinds right end to score. James Boyston kicked the point with Edwin Moore holding and Ralls had enough points to win the ball game, holding a 9-0 lead.

The remainder of the first period was mostly defense with neither

side seriously threatening. Ranny Vickers made a good run back of the kickoff carrying from his 10 to the 31. The Winds advanced to the Rabbit 48 and were forced to punt with Huckabay kicking the ball dead on the Ralls 16.

Ralls made little yardage before being faced with a punt situation on their 38. Edward Hartman turned in one of the fine tackles which caught a Rabbit short of the line of scrimmage on an end sweep. Ocie Forbes punted from his 38 to Frank Potts on the Floydada 15 and he ran it back to the Ralls 38 looking like for a time he would go all the way. As the period ended Ralls held and took over on their 39.

The second quarter saw mostly defense again but was spiced with some thrills. A intercepted pass by Frank Potts gave Floydada the ball one time but they could not go. Ralls gambled on fourth down and were held at their own 39 at one point and Floydada drove in to the 8 before losing the ball. A short time later Edwin Moore intercepted a Downing pass to Beedy on the Rabbit 19 and ran it to the 38. At the intermission Ralls owned the ball on their 45 yard line.

The third quarter was a rock 'em sock 'em affair for both sides with but one first down made in the entire quarter and that by Ralls when the Whirlwinds drew a 15 yard penalty. Many good tackles were turned in with Dale Lawson hitting the ball carrier hard on the Rabbit 33 setting up one punt situation and Bill Gilliland catching Slaton short of the line on another drive which also forced Ralls to punt.

Opening the final stanza Ralls put on their best drive of the night but failed to score. As the period opened they owned the ball 3rd and 7 on their 32. Feature run of the drive was by Ralls quarter back David Wheeler who faked a handoff to his left side and then rolled out to his right, circling end for 41 yards.

The Jackrabbits drove in to near the five but fourth down found them on the 11 after the Winds left

side crashed to smear another attempted sweep.

The relief was very brief however as Ocie Forbes snatched a Potts pass on the 25 and ran it over for a Rabbit score. Boyston concerted and Ralls was ahead 16-0.

The Whirlwind score came soon after. Ralls kicked off to Ranny Vickers on the 15 and he ran it out to the 46. After a nine yard pass to Huckabay, Downing hit Potts and he powered the remaining distance to the goal. The scoring play covered 43 yards. Huckabay's kick failed and the scoring was over at 16-6 favoring the Rabbits.

The Whirlwinds tried an onside kick that almost worked, but the Jackrabbits got possession at mid field and had a drive in progress as the game ended.

Fortenberry Is Awarded Plaque On Farm Tour

The 45-mile soil tour last Friday, staged under the sponsorship of the Floyd County Soil Conservation District supervisors, drew about the same number for the caravan of the look-see trip as in former years, Floydada Chamber of Commerce and Paymaster Farm feeding slightly more than 250 farmers, business men and PFA boys at the noon stop at Paymaster headquarters.

Eddie Fortenberry of Barwie was named as the outstanding conservation farmer of the county by Floydada Lions Club president Geo. W. Spears at the noon-day stop. Fortenberry was presented the club's plaque for his good work.

State Senator Andy Rogers, of Childress, in his address at the noon-day program, said that while Texas had been slow to get a real soil and water conservation program under way the prospects are brightening now.

The difficulty of getting all the people of as big a state as Texas to join in a water conservation program has been the main stumbling block in previous years, he said. The senator said the people of the plains have got to recognize the fact that the people in the heavily populated lower areas of the state have us greatly out-voted.

To get favorable attention for water problems that seriously confront us in West Texas we need to get together with the other portions of the state and support a program that will benefit them as well.

Texas is one of the few states in which the farmer owns the water under his soil, he said.

The senator was presented by J. M. Wilson Jr. On the trip through the county

one of the demonstrations of unusual interest was the "soil profile." It was especially interesting to the juniors in the party. With a special boring machine the soil was penetrated to a depth of about five feet and a cross-section of the soil, the subsoil and deeper earth removed.

Paul Cooper's cotton pruning experiment north of Lockney drew much interest. Cooper pruned a considerable acreage and left a considerable acreage unpruned, including check plots. Apparently the experiment is going to pay. He did the pruning about August 1, cutting off about four inches of the top of the plants with revolving blades fitted on a four-row tool bar.

At Paymaster Farm cotton fertilization experiments were shown, as well as grain sorghum varieties being tested. The farm is shipping a carload of millet seed, too. This is a good crop for the plains, it is said, but the market can be glutted easily and a farmer needs to know where he is going to dispose of the crop before he plants it, the tourists were told.

Other farms visited were the L. H. Dorrell place east of Floydada, the J. F. Punt place northeast, the W. B. Wilson farm north of Fairview and the Dunlap-Baker lake terracing project northwest of Cedar, and the Lorin Rhodes farm north of Lockney.

Besides terracing, grain sorghum varieties under irrigation and dry land, grasses on conservation reserve land, double row planting of soybeans and grain sorghums, there was also a demonstration of cowpeas interplanted with grain sorghum.

What Eddie Fortenberry has done in the past year to receive the praise of the soil district and his contemporary farmers was told by President Geo. W. Spears of Floydada Lions Club in the following words:

"Eddie Fortenberry farms a half section for Raymond Meriwether two miles northwest of Barwie. This place is not ideal for irrigation due to a draw that runs through it, but Eddie has done an excellent job of operating under these conditions.

"Until last year he operated two places for Mr. Meriwether in the Cedar Hill Community where he did some outstanding conservation farming.

"Due to grass seed shortages over the county, SCS personnel urged farmers to plant some grasses for seed production under irrigation. Eddie was one of the farmers who became interested in this new venture although it was quite expensive to get into.

"He planted 20 acres of Blackwell switchgrass, 20 acres of Indiangrass, and 20 acres of En Reno Sideoats grass. He obtained a good stand on each grass and has had excellent growth. However, he had some difficulty with weed problems due to rainy weather this spring.

"The switchgrass has been banded and the sideoats will soon be ready for harvest. The grasses look like they will make excellent yields for first year grass."

"Eddie also has done extensive Johnson Grass control by spot oiling and plowing summer fallowed wheat land. He has this year implemented all his grain sorghum with weepers (90 acres) and has practiced crop residue management on all his 55 acres of wheatland.

"The Soil Conservation Service has found Fortenberry very cooperative and interested in new things that might improve his farming methods and way of life. He is 100 per cent sold on conservation farming."

Originally the dollar was subdivided into halves, dimes, and cents; there were no quarters.

The flag of the 11 Confederate States of America was known as the "Stars and Bars."

Mr. Blanco News

(By Mrs. J. R. Williams)

MT. BLANCO, Sept. 23.—Wednesday afternoon the Mt. Blanco club met in the home of Mrs. Holt Bishop. It was the first meeting since last May. Mrs. Nancy Morckel of Floydada gave a demonstration on fruit whips. She made a prune, apricot and a raspberry whip. These along with an assortment of crackers, cookies and punch were served to Mrs. Morckel, Mrs. Buchanan, Mrs. H. A. Notice of Election

THE STATE OF TEXAS: COUNTY OF FLOYD: TO THE RESIDENT, QUALIFIED ELECTORS OF THE COUNTY OF FLOYD, TEXAS, WHO OWN TAXABLE PROPERTY IN SAID COUNTY AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held in Floyd County, Texas on the 5th day of November, 1937, on the proposition and at the place more particularly set forth in the election order passed by the Commissioners' Court on the 25th day of September, 1937, which is as follows:

AN ORDER CALLING AN ELECTION ON THE PROPOSITION OF THE ISSUANCE OF \$294,000.00 ROAD BONDS AND THE LEVY OF A TAX IN PAYMENT THEREOF.

WHEREAS, there has been presented for the consideration of the Court a Petition signed by T. B. Mitchell and 109 other persons praying that an election be held in Floyd County on the proposition of the issuance of Road Bonds of said County in the amount of \$294,000.00 and the levy of a tax in payment thereof; and

WHEREAS, the Court has found that said Petition is signed by more than fifty (50) of the resident qualified property taxpaying electors of

Floyd County owning taxable property in said County and who have duly rendered the same for taxation; and

WHEREAS, the amount of bonds to be issued will not exceed one-fourth of the assessed valuation of the real property of said Floyd County;

IT IS THEREFORE ORDERED, ADJUDGED AND DECREED BY THE COMMISSIONERS' COURT OF FLOYD COUNTY, TEXAS:

1. That an election be held in said County on the 5th day of November, 1937, which is not less than thirty (30) days from the date of this order to determine:

"Whether or not the bonds of Floyd County, Texas, shall be issued under Article III, Section 52 of the Constitution in the amount of \$294,000.00, bearing interest at a rate not to exceed 5% per annum, and maturing at such time as may be fixed by the Commissioners' Court, serially or otherwise, in not to exceed Twenty-Five (25) years from the date thereof; for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes or in aid thereof throughout Floyd County, Texas; and whether or not ad valorem taxes shall be levied annually on all taxable property in said County sufficient to pay the annual interest on said bonds and provide a sinking fund sufficient to pay the bonds at their maturity. The proceeds from the bond issue may be used for the purchase of right-of-way in the following projects:

1. For the purchase of right-of-way for widening U. S. Highway No. 70 in Floyd County, Texas, from the Motley County Line to the Hale County Line.

2. For the purchase of right-of-way for widening U. S. Highway No. 62 in Floyd County, Texas, from the City of Floydada to the Crosby County Line.

3. That said election shall be held in the several precincts of Chapter 3, Title 22, Revised Statutes of 1925, as amended by Chapter 18, Acts of the First Called Session of the 39th Legislature.

4. All persons who are legally qualified electors of this State and of this County, and who are resident, qualified property taxpaying electors of this County, owning taxable property in said County and who have duly rendered the same for taxation, shall be entitled to vote at said election, and all electors shall vote in the election precinct of their residence.

5. The ballots of said election shall have written or printed there on the following:

"FOR THE ISSUANCE OF ROAD BONDS AND THE LEVYING OF AN AD VALOREM TAX IN PAYMENT THEREOF" "AGAINST THE ISSUANCE OF ROAD BONDS AND THE LEVYING OF AN AD VALOREM TAX IN PAYMENT THEREOF"

6. The said election shall be held in the several polling places in Floyd County, Texas, and the election officials shall be the same as those appointed to hold the Constitutional Amendment Election on the same date; the polling places being as follows:

In Precinct No. 1 at Lighthouse Electric Office Southwest Floydada.

In Precinct No. 2 at Starkey Club House, Starkey.

"MIRACLE" WORK SHOP

By Dr. Keith C. Patzer

There are some who deny the existence of "miracles", others who maintain that the age of "miracles" has passed, but the truth is that all existence is a "miracle" and one of Innate's own miracle workshops carries on daily and hourly, within your own body.

You eat common food and at once digestion and absorption begin to take place. From the time food enters the mouth a chemical process of digestion begins and food is broken down into different elements. Some elements are eliminated as waste or poison, other elements are filtered, refined and transformed into body structures—muscle and bone, hair, skin, and nails—and no mistake is made in its distribution where it is needed.

Consider glands. The liver, which is the largest, daily secretes several pints of bile essential in process of digestion. The pancreas produces pure insulin, vital in breaking down and utilizing blood sugar but it does more, it secretes a vital digestive enzyme as well. Then consider the kidneys rich miles to tubules serving as a filtering and refining plant vital to existence.

Breed Elected ASC Chairman

B. L. Breed, of Lakeview, was elected chairman of the Floyd County Agricultural Stabilization Conservation Committee by the county convention of "community" chairmen Wednesday morning.

With him were named J. B. Robertson, of Allmon, as vice chairman, and Henry Schacht of Lockney as third member.

First alternate member is G. B. Johnston Jr., of Lockney, and second alternate Bryan Karr of South Plains.

The convention of community chairmen organized by naming Greer Christian their chairman and Wayne Battey was chosen secretary.

Breed will be serving his second year as county chairman, the other two ASC committeemen being new members.

Pocket Knife, Ice Pick Brigade Take To Band Vehicles

Several cars belonging to Floydada families had their tires cut with pocket knives and punctured with ice picks Friday night at the High School.

A. E. Baker, principal of High School, said he understood most of the vehicles belonged to the band members.

The cars were parked in the school parking area and left there while the band members journeyed to Ball for the Floydada-Ralls football game. When the group returned they found that persons or a person had ruined tires on at least six cars.

Roy Hale's car of the Harmony community was one that was damaged and that of Band director Maurice Jones was another.

The matter is under investigation by officers.

Vocational Nurses School Opening Is Set For Sept. 30

There are many employment opportunities for vocational nurses in hospitals, clinics, doctor's offices, homes, industrial plants, and convalescent homes, said Mrs. Wynona Lusk, director of the School of Vocational Nursing, which will open classes on September 30 at Lockney General Hospital.

Mrs. Lusk is available for personal interviews all of this week, said Mrs. Effie Sherman, manager of the hospital. Mrs. Lusk will discuss with applicants the entrance requirements and the possibilities for a pleasant and profitable career as a vocational nurse.

Watson Re-Named FNFLA Director

Annual stockholders meeting of the Floydada National Farm Loan Association was held Saturday afternoon, September 21, at 7 o'clock in the American Legion Hall.

Zant Scott gave the invocation followed by the presidential welcome of Raymond Rucker.

Jake B. Watson, secretary-treasurer, gave a financial report for the year and Rucker gave the loan report.

Election of a director was held and O. M. Watson was elected to succeed himself.

Refreshments were enjoyed by those attending and a drawing was held at the close of the meeting.

Following the annual session a directors organizational meeting and election was held. All present officers were re-elected to office. They are Raymond Rucker, president; Genard Field, vice president; Jake Watson secretary-treasurer, and Mrs. Jo. V. Bingham vice secretary-treasurer.

FLOYDADA COUPLE ATTEND LAWTON RITES FOR MOTHER

Mr. and Mrs. Joe March, and Mr. and Mrs. Arch March of Lubbock, returned home Monday night from Lawton, Oklahoma, where they attended funeral service for Mrs. A. M. March, 85, who died Saturday.

Service was held in the Lawton Funeral Chapel.

Mrs. March died seventeen years to the day after husband was buried.

Survivors include stepsons, Joe of Floydada, John of Lawton, stepdaughters, Mrs. Kay Richbels, San Francisco, California; Mrs. Jane Johnston, Napa, California; and Mrs. Ruth Molloy of San Antonio.

Band Hill News

(By Mrs. James Jeffress)

(Too late for last week)

SANDHILL, Sept. 17 - Everyone was wondering if it was going to rain Saturday night after the further blow into the community.

We were lucky too and the weather was warmed up this week. An early frost would ruin most of the cotton as it is so late, but it continues to mature and with a little help from the weather man some fields will make two bales to the acre.

Another fair has come and gone. Although it was not as big as the one last year it was nice. The Sand Hill community won second on Community exhibits again this year.

Mrs. T. C. Hollums was in charge of the exhibits and did a good job. Quite a few in the community won ribbons, Janice Miller, Beverly Jeffress, Mrs. Walter Knight, Monroe Schulz and James Jeffress were among the few. With a little more interest shown from the community, Floyd County could have a big fair everyone would be proud of.

Those assisting in preparing the community exhibits were Joyce Spears, Gentie Hollums, Ethel Carmack, Leona Miller, Ruth Noel, June Jeffress and Irene Miller. We would like to thank everyone for the things donated for the booth.

Mr. and Mrs. Joe Eamp left last week for Colorado to spend a few days vacationing. From all reports from them it was plenty cold in Colorado while they were there.

Mr. and Mrs. T. C. Hollums spent the week end in Abilene, visiting with his brother, Mr. and Mrs. Will Hollums. Norma Sue Hollums spent the week end in Floydada with Nancy Campbell.

Jim Jeffress of Silverton has been in the home of his son this week recovering from a light case of encephalitis. Mr. Jeffress was in the Silverton hospital until he moved to the James Jeffress home Saturday. His condition is some improved this week.

Mr. and Mrs. Homer Mell and family of Happy Union were dinner guests in the home of her sister, Mrs. Monroe Schulz and family Sunday.

Mrs. Olin Baird suffered a painful accident last week when a careless weed hit her in the eye leaving some of the stickers. She was under the care of a Lockney doctor all week but reported her eye was improving.

Bro. Tommy Cox of Aiken was in charge of church services Sunday. The attendance was smaller than usual.

Sunday dinner guests in the home of Mr. and Mrs. M. H. Swanson were Bro. and Mrs. Tommy Cox of Aiken.

Week end visitors in the home of Mr. and Mrs. J. M. Williams were her sister, Mrs. C. W. Cowan and Mr. Cowan of Cleburne. Grandma McKibben returned back home with them after spending several weeks visiting the Cowans.

Mrs. Rose Yansell and children spent the week end in the home of her parents, Mr. and Mrs. Wayne Billington. Mrs. Billington accompanied them back to Plainview on Monday.

Jim Holmes spent the week end at Pookum Kingdom fishing. He reported catching a few fish and an enjoyable trip.

Billy Gail Holmes spent the week end with Mr. and Mrs. Nolan Arney and family in Floydada.

Mrs. Dolly Kelly of Lockney was visiting in the James Jeffress home Sunday.

Visiting in the home of Mr. and Mrs. William Mayo Thursday were Mr. and Mrs. Roy Slater of Brownfield, also Mrs. Mattie Baird, Mrs. Wayne Billington, Mrs. James Jeffress and Grandma Cates. The ladies enjoyed an old-fashioned quilting party.

Mr. and Mrs. Rafe Ferguson visited in the home of Mr. and Mrs. Gene Ferguson Sunday.

WMO met Monday afternoon at 8 o'clock.

Mr. and Mrs. Jess Starkey and family spent the week end in Amarillo visiting relatives. They returned home Sunday night.

Leona Durham left this week for South Dakota, where he will be the next few days on business.

W. R. Billington and James Jeffress made a business trip to Amarillo Thursday, while they were in the home of Mr. and Mrs. John McCain.

"Dede O'Shea" by Peggy Goodwin is a heartwarming story of a very real girl whose yearnings to express herself and make her mark on the world will be recognized by everyone who is, or ever has been, eleven years old. Dede throws stones, imagines spoons under the bed, likes cream cheese and jelly sandwiches with a side dish of baked beans for breakfast, longs to be fourteen and have a figure. She is in fact a Penrod-in-shorts and pigtail. Peggy Goodwin is also the author of "Gentle" and "Take Care of My Little Girl."

The new revised edition of The Man and The Book Nobody Knows by Bruce Barton has recorded what he has discovered for himself of the Bible. In so doing he reveals to hundreds of thousands that the greatest life ever lived and the greatest book ever written may be rediscovered in every generation.

Be Sure Gas Tax Refund Claims Are True and Correct

COLLEGE STATION. — Farmers and ranchmen are reminded by C. H. Bates, extension farm management specialist, that September 30 is the deadline for submitting applications for a refund of the Federal tax on gasoline used for farming purposes since July 1, 1956.

Farm operators who have not filed a claim may obtain Form 2340 the reporting form - from local county agricultural agents or Internal Revenue Service offices.

Bates points out that claims will be checked for accuracy and claimants, therefore, should be certain that figures are correct. Sufficient records should also be kept to verify the claim, he adds. Claims should be submitted to the same district Internal Revenue office to which income tax returns are sent.

The legislation which makes possible the refund was passed by Congress in the spring of 1956.

VIEWES AND COMMENT

The Camel's Nose. The camel has put his head under the driver's tent several times in the past few years, and now he's going to have the old man sitting out in the cold while the humped critter enjoys the warmth of the tent's folds. Thus we metaphorize on the way the federal government is rooting state government's into the status of provinces and gradually building up the fear of the FBI in the lives of average citizens. All in the name of humanity. No longer the sovereign state, with limited powers delegated to the federal government. The idea has been fit, bled and died over for a long time. Finally the militant minorities have a strangle hold. Having successfully finagled with other things, disastrously, it now comes about that a new set of do gooders are tinkering seriously with the right to bear arms.

There is a parallel in present events and in those that immediately preceded the big bust of 1929 and 1930, which is noticeable. The cut being made by the government in reducing expenditures may have some effect toward a downward trend of business. That parallel is in the heavy production for "foreign aid" now spent with big producers with whole cities of population engaged in the production, on the payroll. This four or five billion dollar annual program has been paid for out of taxes, or mostly so. In 1929 the public, all unawares, was paying for the heavy exports that were going to foreign lands on credit. When government and business awoke to the fact that these were not going to be paid and the American public was holding the sack the panic was frightening. The country's economy went into a tail spin then. There are good reasons to believe that this present give-away will be halted in time and tapered off so as not to make such impact as that former one did.

One thing for sure, the old folks won't suffer like they did in that other crazy fright, should another come. In fact, a pretty fair depression, so long as it did not break the government, would be a big help to people who are depending on Social Security checks and Old Age Benefit remittances. Their checks would go a lot further and they'd live higher on the hog, as the saying goes, than they are now.

Do you ever leave your young children home alone? It's a very dangerous practice! In many fires in which children have died, the youngsters had been left alone in the house. So get someone to stay with your children whenever you go out. Keep your family safe!

For Eager Beavers. If you're the type that likes to get your debts behind you the very first possible date a triple chance is offered you Tuesday of next week. You can pay your city school, and county and state taxes on that date.

Are You Busy? Foolish question to ask most people on the high plains as they prepare for the imminent harvest and do other things as well. But being too busy to tend to the things that pack a deadline wallop is just too busy. As for instance nearly every farm operator in the country—we might say every—has a gas tax refund coming up that carries a deadline. Some people can buy the baby some new shoes, others get the wife a fall outfit, and others, possibly, a new pick-up with their refund money. The last go-round is September 30. Have the time or do without the refund.

Maize Standing Still. If you see a pensive acting farmer this is the key to what makes him act that way: He has a field of grain sorghum that doesn't seem any riper today than it looked two weeks ago. Cool days, cold nights, you know, in late September.

The Tech Investigation. Reports have it that the representatives of the college teachers' union are over at Tech this week, checking up on the firing of three professors. The board that fired them is the most nearly representative body the citizen has at the college level. It was named by the governor who was elected by the people. Going to be mighty tough on the school, they say, if the "verdict" is "against" the board.

Fair-Sized Rain. Story in the public prints this week says an eight and a half inch rain fell at San Antonio over the week-end. Pretty fair shower to fall on a lot of house-tops and run off on to paved streets. It should have filled up the depressions thereabout pretty well.

The Northern Lights. The Monday night show by the Aurora Borealis was noted by some people who had forgotten there was such a thing, they are so rare in the plains country of Texas. Since they are noiseless, it is not improbable that the Northern Lights often put on their show without being seen generally.

We Don't Understand. The way of people is beyond understanding. Once upon a time the Floyd County Fair (back in the iron age) flourished like the green bay tree. Then the baneful influence of the bigger regional fairs began to be felt. The farm folks began to laugh at the relatively puny local efforts, and finally laughed the Floyd County Fair into the limbo of things forgotten. Now a resurgence of the fair spirit has the farm people by the ears. They think the big fairs are fine and good but they want their own. Thus the cycle has been run. The resurgence possibly is due to the fact that the idea is farm-born, managed like a farmer wants it managed, or something like that. Townpeople are included in the planning only for what help they can give in the clutches.

Highlights And Sidelights From the State Capitol

By Vern Sanford
Texas Press Association

AUSTIN —"Tickets" for Texas 1958 political hot: go on sale next week. Poll taxes, \$1.75 each, can be bought from Oct. 1 until Jan. 31.

Holders of the small white tax receipts not only can watch, but participate in the semi-annual struggle to decide who'll be "top dog" for the next two years. In the ring will be contenders for the offices now held by U. S. Sen. Ralph Yarborough, Gov. Price Daniel, Lt. Gov. Ben Ranney, and so on down the line.

"Ticket" holders also can attend their Democratic Party precinct conventions next May, where the first round of a fight for party control will be staged.

Assuming you have \$1.75 paying a poll tax shouldn't be hard. Dozens of groups -- Jayvees, labor unions, Women Voters, etc. -- plan massive drives. Most voters probably will be able to find a poll tax selling booth within blocks.

Exact number of potential voters is not known, of course. But some civic leaders hope as many as three million persons will pay poll taxes. Previous record is 2,410,185 for 1956, a presidential election year.

Another peak is expected in 1960 when census projections show more than 5 1/2 million should be eligible to vote in Texas.

OIL QUOTAS SAG — Lean days are ahead for Texas' top industry.

After three months on an all-time low producing pattern of 13 days, the Railroad Commission cut the October production to 12 days. Daily allowable will be 2,964,062 barrels.

Major oil buyers at the Commission hearing indicated that any more production would result in an oversupply.

For a state heavily dependent on oil tax revenue and already faced with fiscal problems, the oil cut means tough times for the state budgeters.

MORE TAXES, SAYS BOARD — Even before the oil slash, the Legislative Budget Board had some hard facts to share with Texas taxpayers.

By 1958, says the Board the average Texan will pay 64 cents of each dollar he earns, in state taxes. This is compared to 53 cents per dollar in '57.

It's the inevitable result of a billion-dollar-a-year budget, says the fiscal experts. They attribute the soaring expense to inflation and citizen demand for more government services.

As to paying for it, the Board says "All taxes ultimately come from the individual. There's no one else to pay them."

On the brighter side, State Comptroller Robert S. Calvert reported the state started the new fiscal year this fall in the black. Calvert's report showed Texas took in approxi-

ately \$100,000,000 more than it spent up to Aug. 31.

"BUG" ON THE LOOSE — In schools, colleges, offices -- even jails -- over Texas, thousands of people are ailed.

Nearly three thousand cases, with flu-like symptoms, have been reported to the State Health Department. Finding out whether it's Asian flu requires special tests. Health Department offices are swamped with specimens and requests for tests.

Whatever the disease, it meant that football games and other school activities had to be called off in a number of areas.

So far, only a dribble of Asian flu vaccine has come to Texas.

Dr. Henry Halle, Health Commissioner urges these precautions for the general public:

1. Stay away from crowds.
2. Drink plenty of liquids -- water and fruit juices.
3. Go to bed at the first sign of symptoms. (Symptoms are fever, chills, headache, sore throat and aching back and limbs).

DEMOS HAVE CHOICE — In some areas people contributing to the Oct. 11-12 Dollars for Democrats drive can choose where they want their money to go.

One set of fund-seekers will be working at the behest of the official Texas organization, the State Democratic Executive Committee. In accordance with a formula set up by national officials, they will keep two-thirds of what they collect for Texas work, send one-third to national headquarters.

Workers for the liberal-minded Democrats of Texas, at odds with official party leaders, say they'll turn no money over to the state office. All DOT collections are to go to national.

PUSH FOR WATER — Activity toward a statewide water development program moves forward.

Members of the governor's citizens water planning committee are receiving information kits. Material is to be used in a campaign for adoption of the \$200,000,000 water bond amendment.

Governor Daniel also announced the three representatives who'll be in charge of getting water planning legislation through the House during the special session. They are Reps. W. N. (Bill) Woolsey of Corpus Christi, Rep. Leroy Saul of

Kress and Rep. Bill Shaw of Portney.

At the third annual Water for Texas conference at College Station, (406 Gilchrist, conference founder, called creation of one central water agency as the state's greatest need.

MORE APPOINTMENTS — Governor Daniel's appointment list grows. Recent additions to state government.

A. H. (Kerry) Knapka of San Antonio to the building and loan section of the State Finance Commission.

E. L. Jackson of Cisco and John E. McKelvey of Electra to the State Veterans Affairs Commission.

Joe C. Carrington of Austin to the Commission on Alcoholism.

John E. Lowe of Vidor, B. B. Rabb of Point and Carroll Swearingen of Quitman to the Sabine River Authority.

Raphael Wilson of Austin and Dr. Paul C. Witt of Abilene to the Board of Examiners in Basic Sciences.

Mrs. Marie Hudson of Austin to the Firemen's Pension Commission.

COAST-TO-COAST ECONOMY RUN PROVES IT-- CHEVY COSTS LESS TO DRIVE!

Test run from Los Angeles to New York by the three leading low-priced cars showed Chevrolet costs less to operate, with up to 17% greater fuel economy!

When fuel and operating costs for cars are officially checked from Los Angeles to New York, that's an economy comparison! And what happened?

In certified NATA* findings, Chevy delivered up to 17% greater fuel economy, and lower total cost for the trip--proof that Chevrolet costs least to operate of the three leading low-priced cars that were tested! But that's not surprising. You expect Chevrolet engines to wring extra miles out of a gallon of gas--just as you expect finer craftsmanship in the way a Chevy is built. Better see your Chevrolet dealer soon!

Burlap Linings For Irrigation Canals

A number of Texas farmers may be able to profit from a newly-developed asphalt and burlap material designed for use as an irrigation ditch lining.

Already in limited use and expected to be on the market next year, the new lining process consists of two layers of specially treated burlap sandwiched between three layers of a special asphalt material. Developers claim the new development will lower lining costs by forty-five percent below concrete, used

to prevent seepage of water flowing through canals on its way from the reservoir to the farm.

Without linings, as much as a third of the irrigation water is often lost.

Another possibility for the new burlap inner-liner is its similar use as a seepage-preventer in artificial tanks and ponds. However, it might meet fairly stiff competition here with another more natural type of sealing agent already in use.

Some Texas farmers and ranchers are calking their leaky tanks with a special type of dirt which, when mixed with porous soil, produces a hard, seep-proof bottom. The big disadvantage here is that the water has to be emptied and the soil dried completely before this transformation can take place.

On the other side of the water-revention problem -- evaporation -- other Texans are using a chemical "cover" of "fatty alcohols" which, when applied to reservoir surfaces, hold evaporation to a minimum.

All of these developments, and others as well, are at least worth a fair try in the constant search for answers to our water problems.

Lakeview News

(By Mrs. Verlon Wright)

LAKEVIEW, Sept. 23 — Mr. and Mrs. P. J. Wilkes recently returned from a visit in Medford, Oregon, with their son, Roy, his wife and children. Mr. and Mrs. Wilkes reported a grand time, and the fishing was wonderful.

Mr. and Mrs. P. J. Wilkes, Mr. and Mrs. Louis Pyle and family, and Mr. and Mrs. Milton Harrison and family enjoyed a Bar-b-que supper last Friday night with Mr. and Mrs. Weldon Hammonds and children.

Mrs. George Davis and Mrs. C. E. Gafford of Crowell visited in Lakeview last Saturday.

Mr. and Mrs. R. L. Bennett and Mr. and Mrs. Flukie Smith took Choise Smith to Canyon last Sunday. They all enjoyed lunch in Amarillo, before leaving him. Choise is a room mate of Norman Davis and near neighbors of Bill Smith and Bill Orman. All four Floyd county boys are enrolled in college at Canyon this fall.

There are always a lot of special activities for young people about to enter college, so Choise was no exception. Mrs. E. H. Brown served a fish fry at their home in his honor. Present were: Mr. and Mrs. Owen Keith Crump and son, Mr. and Mrs. Edmon Brown and son, and Mr. and Mrs. Billy Joe Hambricht and daughter, and Mr. and Mrs. Flukie Smith and daughter.

Choise also celebrated his 19th birthday recently. He and his parents had lunch at Underwoods in Lubbock and visited his grandmothers, Mrs. R. B. Smith and Mrs. Bird Oats, in the afternoon.

Mrs. Flukie Smith served a Mexican supper to a group of friends for Choise and Donna Letta Denning of Floydada, Donna Letta is a student in Denton now.

Mrs. Tommy O'Neal visited her parents Mr. and Mrs. Hillary Polvadore and son last week.

Mr. and Mrs. T. W. Fleniken moved their son and his wife, Mr. and Mrs. Tommy Fleniken, recently to Lake Charles, La. where they will attend college this year.

Truitt Richardson spent last Tuesday night with Wesley Johnson.

Mr. and Mrs. Loye Tedder of Houston visited Mr. and Mrs. Raymond Hamilton last week.

Mr. and Mrs. Andy Hamilton of Lubbock visited Mr. and Mrs. Raymond Hamilton and family last Sunday.

Mr. and Mrs. Maxie McKnight and family visited in the home of her parents, Mr. and Mrs. W. Earl Edwards, the night of the Wellington Floydada Ball game.

Mr. and Mrs. Warner Johnson and family visited Sunday after church with Mr. and Mrs. Wayne Russell in Floydada. Mr. and Mrs. Clarence McCanness and son also visited in the afternoon.

Mr. and Mrs. David Nichols of Tucson, Arizona, visited R. L. Nichols and other relatives last week.

Mr. and Mrs. Bert Battey and Mr. and Mrs. Orvil Newberry and Dale visited Mr. and Mrs. W. H. Bunch on Sunday afternoon.

Mr. and Mrs. Orvil Newberry and Dale were Sunday dinner guest of Mr. and Mrs. Bert Battey.

Al C. Darrell Bunch, of Big Spr-

ing, spent last week end with his parents, Mr. and Mrs. W. H. Bunch and Rodney.

Mr. and Mrs. Warner Johnson found themselves in an amusing situation last Sunday. I'm sure many of you have had similar ones.

When they returned home after visiting friends all afternoon they found a note from Mr. and Mrs. Vernon Wheelless of Crosbyton saying they had tried to find them at home on two different occasions, and believed it only fair that they (the Johnsons) make the next effort to visit Mr. and Mrs. Johnson.

Mr. and Mrs. Johnson decided to do just that, and that night found Mr. and Mrs. Vernon Wheelless gone from home. However, Mr. and Mrs. Johnson visited awhile with his nephew, Jimmy, who happened to be home. They watched home movies.

Mr. and Mrs. Milton Rennolds of Lubbock have a new son born last Monday night at West Texas Hospital, and named Danny. Danny weighed a little over eight pounds. He has one sister.

Mr. and Mrs. Earl Spears went to Lubbock last Wednesday to see their new grandson, Danny Rennolds. Mrs. Spears remained for several days to take care of his little sister.

Louis Pyle made a business trip to Plainview Friday.

Mr. and Mrs. Holt Bishop, Jimmy Peggam and daughter, and Mr. and Mrs. Weldon Hammonds and family were guests at a fish fry in the home of Mr. and Mrs. Louis Pyle Monday night of last week.

Mr. and Mrs. Louis Pyle and family and Mr. and Mrs. William Bertrand and family had spent the week end fishing at Lake Stamford.

Jack Wisdom and a friend, both of Thalia visited with Mr. and Mrs. Louis Pyle Wednesday night.

Mr. and Mrs. Weldon Hammonds, and family and Mr. and Mrs. Louis Pyle and family spent from Friday to Sunday visiting relatives in Crowell and Thalia.

Mr. and Mrs. Warner Johnson and family met their daughter and son-in-law, Mr. and Mrs. Carl Brock, of Waco, at Lake Stamford Saturday for a week end of fishing and visiting.

Mr. and Mrs. James Lee Nichols and family and Mr. and Mrs. Dick Nichols and Billy, and Dorothy Barrett of Plainview visited with Mrs. R. L. Nichols last Sunday afternoon.

News of Harmony
(by Mrs. Mather Carr)

HARMONY, Sept. 23.—There was a painting class at the community center Wednesday of last week with Mrs. Zant Scott as hostess. Several attended the affair Mrs. Jurack of Ploverview was instructor.

The Women's Society of Christian Service met Tuesday in the home of Mrs. Chloma Williams with Mrs. Williams as hostess, and bringing the first lesson on our study on Japan. She had the house decorated with Japanese articles and a table laid with Japanese reading matter.

She gave an interesting program on the study, including slides shown of Japan belonging to the Women of Amarillo, and Donald Finkner, Mrs. Bill Finkner of Petersburg was a guest and operated the projector. Mrs. R. G. Morris prepared the worship center, which was attractive and worshipful.

There were eight members attending as follows: Mmes Joyce Davis, R. G. Morris, Phil Gates, M. D. and Sherwood Ramsey, Marvin Smith, Mather Carr, the hostess, Mrs. Williams, and guests, Mrs. Finkner and Jean Davis. Refreshments were enjoyed by all.

The community center club met Thursday night for their regular monthly meeting with Roy Hale's committee as hosts. They included Roy, Everett Miller, Riley Holmes, Thurman Dupavant, Mrs. Cecil Stanton and Mrs. Mather Carr. The meeting was called to order by the president, Glenn Poole. After the business session dominoes were played and refreshments were served. Most of the folks enjoyed visiting.

Several attended the football game Friday night at Ralls between the Floydada Whirlwinds and the Ralls Jackrabbits. Floydada lost this game for the first time this year.

Several attended the Federal Land Bank meeting in Floydada Saturday evening, Ted Rutherford, Zant Scott and Mrs. Mather Carr were lucky prize winners.

Mr. and Mrs. Carrick Snodgrass spent the weekend in Canadian visiting with Mr. and Mrs. Reed and family. The Reeds are parents of the Snodgrass' son-in-law, Charlie Reed.

Mr. and Mrs. Everett Miller had a surprise Saturday night when Mr. and Mrs. Wesley Carr and Bill, Mr. and Mrs. Chloma Williams and Mr. and Mrs. Mather Carr and Horace went over and took ice cream and cake to help celebrate the Miller's birthday, which was Thursday and Friday. They also received gifts.

Mrs. G. L. Snodgrass was taken to Lubbock Wednesday to the doctor for a check-up. She is about the same but doing pretty good and able to set up and watch TV.

Mr. and Mrs. Donald Tucker and children of Meadow spent the weekend with his brother, Bill Tucker and family. Barbara and Freddie Tucker attended services Sunday morning at the Chapel.

Rev. Gates preached Sunday morning at the Chapel and Lorin Leibfried of Floydada spoke Sunday night on his trip to Mt. Sequoia at Fayetteville, Ark. He made a good report and it was enjoyed by all. Mrs. Gates was not present as Bro. Gates brother who makes his home with the Gates' was not feeling well.

Addie Mae Keen, who is a nurse at Matador, spent Tuesday night with Mrs. Phil Gates and the ladies drove to Lubbock Wednesday to do some shopping.

Mrs. Buddy Smith of Lubbock is spending a few days in the home of her in laws, Mr. and Mrs. Marvin Smith. She also worked a few days at reteneburg while here.

Beverly Smith was a guest in church Sunday. She was also a guest of Nita Karen Scott.

Mr. and Mrs. R. C. Davis and daughters of Amherst were visitors Sunday afternoon in the M. D. Ramsey home. Mrs. Davis is the former Mary Edna Finkner and is a granddaughter of the Ramsey's. Mather Carr is not feeling well this week.

Donnie Taylor, Joy Sparks and Laron Fulton, Sue Williams and Leon Williams, Martha Saithee and Elmer Dean Williams, Sharron Edmiston and Don Colley.

Don't forget the After Game Party Friday Night at First Christian Church.

Joel: James Teague: "Whisper those three little words that make me walk on air."
Janet Wood: "Go Hang yourself." That's all for this week.
Bye now.

Silverton Man Is Killed in Crash

Funeral service for a former Silverton man, Joe Ned Vardell, 21, was held in the First Baptist Church at Silverton Tuesday.

Vardell was found dead early Sunday morning by a passing motorist near his overturned car on U. S. Highway 96 one mile west of Silverton. Deputies said it was apparent the car had rolled over several times throwing Vardell out.

He had been working in a smelting plant in Amarillo since his discharge from service in June.

Survivors include the mother, Mrs. Ann Williams, Silverton; one brother, Ted of Amarillo, a half-brother, a stepbrother and one step-sister.

WEEK END VISITORS

Mr. and Mrs. Reese Grubbs Jr. and David of Lubbock visited over the week end with their parents, Mr. and Mrs. J. T. Huckabay and Mr. and Mrs. M. R. Grubbs.

Mr. Grubbs is with DeKalb Agriculture Association, Oil Division, and Mrs. Grubbs with Nunn Electric at Lubbock.
