# Ends Growing Season for Cotton, Maize

## Fire Dept. Sponsors Show Friday Night

Floydada Volunteer Fire Department is sponsoring a Hypnotic Marvels show Friday night that they think will be a ringer.

## British Queen Writes Junior High Class 8B

Members of the class 8B in Floydada Junior High were elated last week when they received a letter from Britain's Queen Elizabeth.

## Graves Says Schools Almost Normal Again

I. T. Graves reported this week that local schools are nearly back to normal after being hit the past two weeks with flu.

## Relatives Attend M. F. Shaw Rites

Funeral rites for Mack F. Shaw, 64, of Amarillo, were held Tuesday afternoon at 4 o'clock in Blackburn-Shaw Funeral home.

## Oil Test Delay May Be Due To Boggy Prairies

Baker Taylor Drilling Company, due to move a rig in and test two horizons in the abandoned Ralph Abbey oil test, 21 miles northeast of Floydada, had not started operations as late as Tuesday afternoon.

## Whirlwinds Are Favored To Win Over Post Team Friday Night

The Floydada Whirlwinds are expected to be favorites in the game Friday night at Post, but the coach is not expecting any easy time with the Antelopes.

# Gay Hallowe'en Seen; City Braces for Vandals

The City of Floydada should be well protected tonight (Thursday) against vandalism as the yearly Hallowe'en pranks go on the prowl.

Police Commissioner Bill Halle gave the nod to the plans being made.

On the list of deputized officers will be J. D. Hart, Elvis Warren, Winfred Payne, Melvin Terrell, Connie Deaver, A. G. Tyler and Floyd Sue.

Hallowe'en festivities will begin this afternoon at 5:00 with a "Downtown Hallowe'en Parade" which is to be led by the Jr. High School Band under the direction of its supervisor, Maurice Jones.

High School having won the highest number of points.

# THE FLOYD COUNTY HESPERIAN

VOL. LXIII No. 41 Floydada, Floyd County, Texas, Thursday, October 31, 1957 5 Cents 14 Pages Today

## Setting Up Two Census Bureau Local Divisions

For Census purposes Floyd County has been divided into two Census County Divisions, the Lockney Division and the Floydada Division.

In a joint program with the State of Texas and each of its counties, the Bureau of the Census is establishing areas, known as "Census County Divisions," for use in statistical reporting.

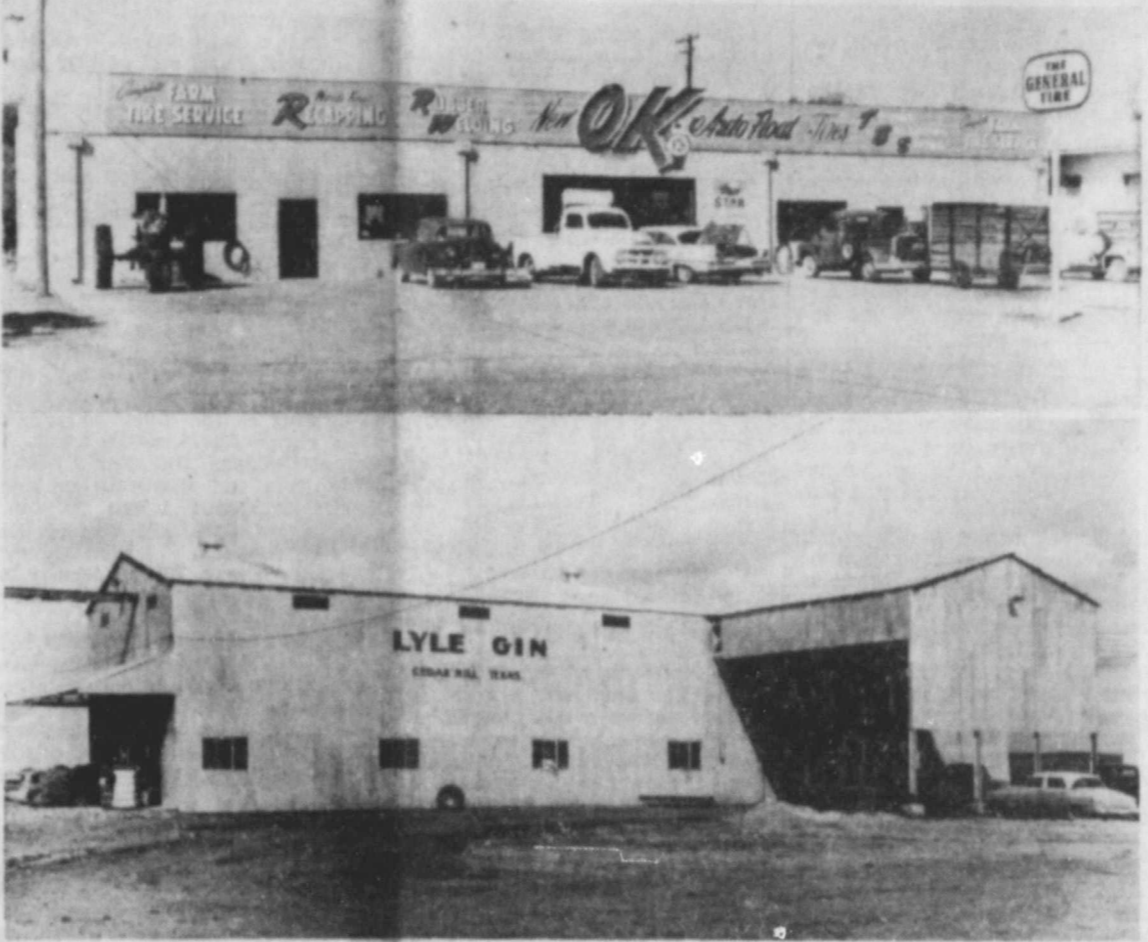

The proposed Census County Divisions should be particularly useful for local administrative purposes.

## City And County Reach Agreement

City of Floydada and County of Floyd have come to a working agreement on the operation of the city's fire fighting equipment outside the city limits of Floydada.

## Wilson Grain Co. Operating Kimbell On North Wall St.

Wilson Grain Company with headquarters in Rule, Texas, has leased the Kimbell Elevator in Floydada and now has the grain handling plant in operation.

More industry for Floyd County is evidenced by the above pictures. At top is shown the new home of OK Welders on South Main Floydada. The recently completed building gives the Floydada area one of the most complete tire service and sales establishments in West Texas.

## Highway Death In Briscoe Set For Grand Jury Probe

The 110th District grand jury for Briscoe County this morning is due to begin probing the death of 20-year-old Benjamin Wayne Bearden, of Brownfield, whose body was taken to Briscoe County Hospital about 8:30 Friday night.

Bearden was pronounced dead upon arrival.

The death was announced as an accident, but authorities Saturday arrested Bunch, a one-legged 33-year-old ex-Marine veteran of World War II, now teacher of agriculture in Silverton High School, and charged him with murder with malice.

The autopsy at which it was established that Bearden had been shot four times was held Saturday afternoon at Methodist Hospital in Lubbock where the body was stopped enroute to Lamesa for burial.

## City Delivery Service Ordered For West Jackson and Ross Sts.

Floydada Post Office and the mail service is news this week with reports on an extension in the city delivery service, bird hunting stamps and Christmas mailing rules for overseas.

By Airmail - Dec. 1 to Dec. 10; Size and Weight Limitations By surface mails - 70 pounds is the maximum weight except that a limit not to exceed 50 pounds applies to certain overseas destinations.

## Carthel Opens Garage & Farm Chemical Store

Carthel Garage and Farm Chemical will open Monday November 4 in the former location of Deik Pontiac on North Highway 70.

## Mrs. Surginer's Illness Fatal; Rites Pending

Funeral arrangements were pending yesterday at Harmon Funeral Home for Mrs. I. C. Surginer, 70, who died at 12:50 a. m. in Peoples Hospital Wednesday.

Mrs. Surginer had been ill for some time and had been on the critical list for two weeks.

Her only child, Leslie Surginer of Arlington, Virginia, visited with her here two weeks ago.

Born Lena Mae Snodgrass September 3, 1886, she was married to Carr Surginer December 25, 1901, in Murry, Texas. She has been a member of the Methodist Church since the age of 12.

## Three-Way Switch In Jobs Is Made

Miss Ima Jean Noland has been named deputy county clerk of Floyd County and began work Monday at the clerk's office.

The vacancy in the high school faculty came about when Mrs. Bob Copeland, who had served the school for six years, resigned.

Bob Copelands Have New Son Mr. and Mrs. Bob Copeland are parents of a young son the couple adopted last Friday.

The Copelands are very proud of the youngster and excited over his arrival home. They have been looking for more than two years toward the adoption of a child but when the word arrived last Friday they could hardly believe it.

## November 9 Is 4-H Award Day

Final plans were made Tuesday afternoon at a 4-H Adult Leaders meeting in the Council room of the court house for the 4-H Clubs Annual Awards Banquet.

The Awards Banquet is scheduled for the night of November 9, at 7:00 p. m. in the High School Cafeteria. Awards will be presented by Assistant County agent, Lynn Pittard, Mrs. Lynn Miller, chairman, and other 4-H club leaders will be in charge of the evening's program.

Approximately 37 boys and girls will receive awards and those turning in records for the year will receive year pins. Mrs. Miller is asking that one woman from each Home Demonstration Club be at the banquet to help and call her at her home, those who can participate.

All 4-H members, their parents, adult leaders, their husbands and wives, commissioners, district agents, and other dignitaries are being invited to attend the banquet, Mrs. Miller said.

Attending the round table discussion on Tuesday were Lynn Pittard, Mrs. Lynn Miller, Mrs. Monroe Schulz and Mrs. Sherwood Ramsey from Harmony, Mrs. Henry Bollman from Lockney, Mrs. T. C. Hollums Sand Hill and Mrs. W. W. Trapp, Floydada.

INJURED HAND RESULTS FROM POPCORN MACHINE MISHAP Mrs. Lewis Norman had a painful injury at the Norman 5c to 8c store Friday afternoon when her hand was pulled into a popcorn machine by suction. Three fingers and part of her hand were mashed.

Mrs. Chil McClure and Del visited Mr. and Mrs. Clifford Helms Wednesday night.

Mr. and Mrs. Chil McClure spent Thursday night with Mr. and Mrs. Clifford Crabtree of Lubbock. Over the week end Mrs. Jean Lan-

## Mrs. Olin Miller Acclaimed For Flower Artistry

PLAINVIEW—A photograph of a strikingly beautiful arrangement, created by a Plainview florist, Mrs. Olin S. Miller, was used as the cover for a nationally distributed magazine, "Art in Flowers," on the September issue. The magazine is one of the most elite for the florist profession.

The particular arrangement used by the magazine was made by Mrs. Miller as the centerpiece for the table at a reception honoring her parents, Mr. and Mrs. M. B. Duke of Tulsa, on their 60th wedding anniversary in November of last year.

The magazine describes the arrangement, under the title "Cover Story", as a study in pink. Pink carnations, pink delight roses, pink periwinkle grapes, and spiral eucalyptus sprayed white and dusted with silver, with leatherleaf fern for filler, were arranged in a pink porcelain pedestal vase and flanked by pink tapered in pink and white cherub candleholders.

Mrs. Miller's artistic arrangements have attracted frequent notice from the editors of "Art in Flowers." This is the sixth time her work has been published in the magazine but the first time it has made the front cover.

Mrs. Miller's professional work began about nine years ago, building from a rose bush in her yard

and 25 cents worth of ribbon. She made a corsage for a friend which drew so many compliments and requests from other friends that she decided she might as well go into business. For a time she used flowers from her own yard, but as the business grew and orders increased, the home garden failed to furnish sufficient blooms.

Mrs. Miller has had art training, and at one time taught private lessons to a group of pupils at Floydada. She was the first superintendent of the art department at the Hale County Fair, and has since served a number of times in this capacity.

Recognition of her work in a magazine as widely distributed and highly esteemed by the profession as "Art in Flowers" is a distinct honor for the Plainview florist.

**Reservations Are In Order for The Tech Ex Banquet**

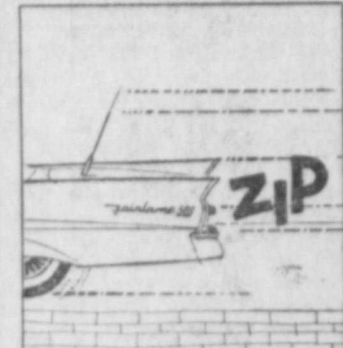

Mrs. J. S. Hale Jr., said this week that those planning to attend the banquet for Texas Tech ex-students should notify her or Mrs. K. E. Probasco at Lockney by Friday, Nov. 1.

The banquet is planned for Monday night, November 4 in the Floydada High School Cafeteria. Plates will be \$1.50.

Speaker for the evening will be L. C. Walker, executive secretary of the Ex-Students Association.

J. S. Hale Jr., president of the county organization, said husbands and wives of exes are cordially invited to attend.

# THREE PRONGED PROBE Why Is 'Blame For Everything' Laid at Door of Legislature?

(By Vern Sanford  
Texas Press Association)

AUSTIN—It's time for a showdown, says the Senate investigating committee.

Our Texas Legislature has gotten a black eye, the committee feels, and it wants to find out why. So the committee's chairman, Sen. Charles Herring of Austin, "There's been a tendency on the part of the public to blame the Legislature for everything that happens."

He attributed this to: (1) Acts of a few lawmakers who discredited the entire branch, (2) loose and irresponsible talk and (3) a tendency of other state agencies to blame the Legislature in an attempt to cover up their own shortcomings and "even deviation of duty."

Herring promised a three-pronged attack against these sources of discredit. Grand juries and the legislators themselves have already done "able work" in the first area, said Herring.

In its "loose talk" attack the committee called on the carpet Riggs Sheppard of Honda, manager of the Medina Electric Cooperatives, Inc. Riggs said the Texas Co-Op magazine misquoted him in saying he's been "told to see old so-and-so and he'll get your bill introduced for \$300." He said a national magazine article on alleged corruption in Texas triggered his remark.

In the third phase of its operation, presumably designed to show that state agencies have fallen down on their jobs, the committee begins by subpoenaing three insurance executives.

First on the stand was Largent Parks, president of Preferred Life of Dallas. Parks was custody questioned about State Insurance Board charges that he owes the insurance firm some \$194,000. Senate committee questioning emphasized that Parks firm had been given a routine examination last March and another special examination in June, but that the report had never been made public.

Also subpoenaed were Pierre Brooks and Lester Hill of National Bankers Life in Dallas.

**FEDERAL FORCE DENOUNCED**  
Despite difficulties among themselves, pro-segregation representatives pushed through a strongly worded resolution against enforced integration.

By a vote of 112 to 24, House members criticized President Eisenhower's action at Little Rock. It did not, said the resolution, "reflect constitutional government deriving its powers from the consent of the governed."

Further, it asked the President not to send troops to Texas to enforce "modern sociological concepts" or interfere with "the constitutional right of the State of Texas to provide, operate, and discipline the

## Floydada Drivers Become Aware Of Radar Patrolling

Floydada residents who drove to the Abernathy-Floydada Football game are still talking about the radar set-up that hampered late starters and slowed down fast drivers.

Several Floydada drivers were stopped and warned but there were no reports of any tickets given. Some were stopped who were breaking the speed limit five miles an hour and were told to keep down to 34 miles an hour.

"The radar car was un-noticed until you were even with it," Floydada said. It was parked on the curve of the Lubbock highway.

One accident was reported among those going to the game from Floydada. But Huckabee, accompanied by Mr. and Mrs. Lindsey Graham, was involved in a two-car collision just east of the Tucco Power Plant, six miles from Abernathy.

A 1930 Chevy carrying Latin American turned left off the highway in front of the 1937 Chevy belonging to Huckabee. His car rammed into the back of the other vehicle. No one was injured.

Huckabee said his car received considerable damage.

## South Plains News

(By Mrs. Murray Julian)

**SOUTH PLAINS, Oct. 28** — 55 more rain fell here on Thursday during the night, and school buses, which had not run on Monday and Tuesday, but did make their rounds on Wednesday and Thursday, again found the rural roads impossible to travel on Friday morning. Frost on Saturday and Sunday mornings made the roads even worse. Fields are muddy, which will mean again again mud, and also some cotton pickers were working on Monday, the gins are not too busy this Monday.

Letting harvest on the W. M. Stanforth farm began on Saturday and going through Sunday saw hundreds of crates of beautiful, crisp lettuce cut, packed and shipped during this time.

Mr. and Mrs. Skeet Thornton who are vacationing in Hot Springs, Arkansas, are expected to arrive this week. They have reported some good fishing at the popular resort where they have been staying the past few weeks.

Mrs. F. M. McClure and Mrs. S. D. Kinneburgh spent the day in Lubbock Wednesday of last week.

We are indeed sorry to learn of the death of S. H. Whitaker, who was a former teacher in the South Plains schools. We do not have any details about his passing, but we understand his services were read in Canyon on Sunday, and that he was interred there.

Mr. and Mrs. John B. Smithman left last Sunday afternoon for Corpus Christi, Tex., where they went to see her folks near Portland, and were with them until the end of the week. They could not get into the fields at this time because of wet weather. They report her folks as well.

Mrs. J. H. Barnard of Barwise will be at the school auditorium on Friday, November 1, at 2:30 p. m., for a book review in connection with the regular P-TA program. Everyone please attend as Mrs. Barnard is a most talented speaker, and this is an opportunity to hear a wonderful review.

Mr. and Mrs. Fred Marble are home since last week, and Fred has finished his stay in the armed forces. He has been stationed at the Aberdeen Proving Grounds, in Maryland, and now will be engaged in farming with his brothers at South Plains.

Mrs. Slim Reeves and daughter, Mrs. Ted Bell of Floydada, were guests at the home of Mrs. M. S. Cole Boswell, on Saturday morning between the hours of 11:30 and 12:00 in Turkey at a coffee which honored the U. S. senator's wife, Mrs. Ralph W. Yarborough, and Mrs. R. D. Randolph, Democratic National Committee woman.

Sunday, October 27, was Navy Day, and the parents here who have a son in the navy were Mrs. and Mrs. Fred Fortenberry, their son, Elmo, is still overseas in Japan. He hopes to be home and through with his foreign assignment by Christmas.

Womens Missionary Union met at the church on Monday afternoon for Bible study under Mrs. Karr who led the group in studying "The Jewish Maid" taken from "Soul Winning Experiences in the Bible." Mrs. Julian presided over the meeting in Mrs. Wood's stead. Those taking part in the lesson were Mrs. Bryn Karr, John Smithman, Murray Julian, Slim Reeves, Larry Paus, Paul Snodgrass, Grigsby Milton, Shelby Calahan, and Sylvie Kinneburgh.

The Gin Cafe, in connection with the E. L. Morrison Cotton Gin in South Plains, open for business, and has been in operation for the past two weeks. The new cafe is especially fine for the workers at the gin and for the construction workers at the Graham-Home storage house which is being built.

Mr. and Mrs. H. C. Franks report that school in Plonot will be closed the remainder of this week because of so many children out with the flu. They also said that attendance was very small at the dedication services with dinner on the grounds at the First Baptist Church held last Sunday in Plonot, because so many people are down with the flu, or colds.

The Lyle Gin, which was built last summer near the J. D. Webb and the Ortho Sanders farms, is now in operation, and a new dwelling house has been erected on the Cedar Hill road in connection with the gin.

Mr. and Mrs. W. H. Simmons and Ronnie from Truett arrived on Friday evening to be house guests of her sister, Mrs. and Mrs. S. D. Kinneburgh and girls until Sunday afternoon. Mrs. Simmons and Ronnie were visitors at the Kinneburghs' services with the Kinneburghs home at Sunday dinner with Mr. and

## SOIL CONSERVATION DISTRICT NEWS

**OUR SOIL ★ OUR STRENGTH**

Cooperators in the Floyd County Soil Conservation District who have land in the wheat acreage reserve have an excellent opportunity to put a cover crop on their land.

With the moisture we have received recently now is late but time to seed such cover crops as vetch, Austrian winter peas, Madrid clover or a combination of vetch and rye. These legumes are adapted to all soils within the district and do an excellent job in conditioning the soil and preventing damage from wind and water erosion.

Farmers who have a hard pan developed in their soil can eliminate this problem effectively with Madrid clover. This clover is deep fibrous rooted legume that readily opens up the sub-soil to allow water to penetrate to a lower depth than a shallow rooted legume can.

This method of breaking up a hard pan is much more effective than any type of mechanical operation known today. SCS technicians point out that mechanical methods cost the farmer whereas by using a growing crop will make the farmer money.

While it is not required to put any type of cover on acreage reserve land it is a practice that is strongly recommended to conserve moisture and prevent erosion. Cover crops help build up the humus content in the soil.

Without humus the ability of the soil to take water is greatly reduced which in turn accounts for decreased yields and crops suffering from water during the critical growing period. Originally our soil had approximately 3 percent humus in it.

It has been estimated that 0.25 percent is taken out from the production of one crop.

It takes about twenty tons of green weight per acre to increase the humus content of soil approximately 0.15 percent. It is very important to include cover crop in your crop rotation at least one year in six on dry land and more often on irrigated land.

The following farmers have indicated they intend to plant a cover crop this year: Arnold Dietrich, Orville Newbery, Carl Smith, J. D. Colston and B. C. Cates.

Recent work has been completed in the district on the following farms: J. T. Huckabay, 90 acres land leveling; Mal Darboe, 40 acres land leveling; Lattie Decker, 75 acres land leveling; Carl Lemons, 12 acres bench leveling; Dorsey Baker, shaping three waterways, 5 acres.

Other jobs are in the process of completion on underground pipeline construction and diversion terrace construction.

## Sand Hill Craft Meeting Is Held

Visitors for the craft meeting at the Sand Hill Home Demonstration club October 15 were Mrs. M. S. Rowland, M. A. Barton, C. B. Anderson, R. C. Bullock, H. W. Weaver, Monroe Schulz and Mrs. Hilary Shurbet.

Mrs. Lewis Jurcak of Plainview gave the instruction for the Dresden painting. Work started at 10 a. m. Mrs. Bill Stringer, hostess for the occasion assisted by Mrs. C. B. Carmack and Mrs. R. L. Bullock, served luncheon.

Mrs. J. T. Spears conducted a short business meeting at 2:30 p. m. Mrs. Ed Noel resigned as president and Mrs. Lynn Miller was elected to presidency for the coming year.

Plans were started for a Thanksgiving gathering and Mrs. Bill Stringer and Mrs. Hollie McLain were appointed to plan the menu.

Members voted to have Mrs. Jurcak with the club again on November 15 for an all day meeting and each member is asked to bring a sack lunch.

The craft meeting ended with visitors and twelve members carrying home a lovely piece of art to brighten their homes.

Mr. and Mrs. J. H. Barnard and daughter, Barbara, returned home Sunday from Corpus Christi where they visited from Wednesday until the week end with another daughter and family, Commander and Mrs. M. W. Vineyard of the U. S. Navy.

## Cultivated Grass As A Money Crop

That commodity is cultivated grass.

A few farmers have been reaping large profits from grass as a feed crop. Indian grass grown on a farm near Motion produced 12,500 pounds of seed on 14 acres which sold for \$1.25 a pound in 1935.

Two acres of Blackwell switch grass in Hockley county thrashed 400 pounds of seed at \$1.25 per pound, grossing \$500 an acre.

These and other trial plots, point up the fact that grasses may soon become an important part of every crop rotation. Although the price of \$1.25 per pound will not hold up long with successive good crops, these few sighted farmers gambled on grass and it has paid off handsomely.

In spite of the high prices, the growers had no trouble selling all the seed raised. From a total of around 800 acres in grass seed production in the Panhandle during 1936, the acreage is expected to increase by leaps and bounds.

Most growers agree that the price of seed will nose dive after a few more big crops. This may be a "left-handed" blessing for all concerned, however.

At present, the cost of buying and broadcasting this seed on over-grazed rangeland can run as high as \$15 per acre. For many ranchers today, this cost is prohibitive. Cheaper seed of good quality will be in

## Cotton and Grain Sorghums Are Major Money-Makers in the Texas Panhandle

Cotton and grain sorghums are major money-makers in the Texas Panhandle but a third commodity looms on the horizon whose possibilities are just now being explored.

Mr. and Mrs. Frank McClure left here Friday morning to go to Snyder, and pick up her mother, Mrs. B. W. Newman, then to go on to Dallas. There they were to visit her sister Mrs. Leonard Davis, whose son, Roy Davis was to be married on Friday night at 7:30 and whose wedding they all were to attend. They left the next day for Houston to spend this week with their son, Mr. and Mrs. Donald McClure and son.

Home Demonstration Club members met on Wednesday afternoon in the home of Mrs. Sim Reeves with Mrs. Bill Beedy assisting as hostess. Roll call by Mrs. Fortenberry was answered with "How I Rate on Weight!" Mrs. Wood presided at the business meeting in the absence of Mrs. Smithman.

Mrs. Milton brought news of the Oct. 19 council meeting, while Mrs. Parks was in charge of the demonstration in which she showed how to make Christmas toys, table decorations of several kinds, and several members learned how to knit.

Celebrating birthdays at this time were Mrs. Milton, Mrs. Beedy and Mrs. Ernest Smithman.

Mrs. Reeves and Mrs. Beedy served refreshments of sandwiches, coffee, hot chocolate, orange cake nuts and candies to Mrs. Fred Fortenberry, L. T. Wood, Murry Julian, Bryan Karr, Ernest Smithman, Grigsby Milton, Bryant Higginbotham, E. L. Morrison, Arby Mulder, Early Pritchett, John Key West, Jones Kinshaw, and I. H. Parks.

Remember that on Nov. 13, at the South Plains Church a religious program will be held and guests are invited. Hostesses will be Mrs. Paul Snodgrass, Bryan Karr and Larry Paus.

On November 6, at 10 a. m. there will be an all day meeting at the home of Mrs. Murray Julian with Mrs. Roy Bledsoe assisting as hostess. A covered dish luncheon will be served at noon, and every lady will bring her favorite hobby of sewing, etc. at which to work during the day.

Mr. and Mrs. Thomas Pierce, Steve, Stanley and Beverly left Fri-

even greater demand than at current price levels however.

Some growers have proved that grass will fit into money-making rotations. A farmer may grow a seed crop and get several months' grazing as well. He can graze the grass in summer, pull off the livestock and make a seed crop. Or he can make a crop, water heavily and have good grazing all through the winter.

Most plots of grass were in the irrigated sections of the High Plains. The growers plant the grass seed in a small ridge, cover it very shallow and irrigate. Previously, plantings in the bottom of furrows proved only moderately successful since even light rains would wash the dirt and bury the seed too deeply.

Grass farming is sound, profitable, and will bring the soil back to its original fertility. The days of fabulous profits may be numbered but the prediction is that grass will spread year by year over many parts of the country as a money crop.

## COURT HOUSE

In 110th District Court

Cases filed:  
Joe Roach vs. Betty Roach, suit for divorce;  
Divorces granted:  
Johnny Joy Billrey vs. Clarence Ray Billrey, decree also giving plaintiff custody of 11 year old son;  
Loree Thornton vs. Hollis Thornton.

In County Court

State vs. M. T. Fisher, plea of guilty to charge of aggravated assault, \$100 fine and court costs assessed.

**Servis LF "Gyro-57" STALK SHREDDER**

A 3-pt. lift-type shredder with all advantages... automatic level position of blades, complete cutting height control from tractor seat (8-inch to 19-inch), close quarter cutting, and ruggedness for years and years of tough cutting service.

Intermeshed stationary and rotating blades (a patented Servis feature) make equipment ideal for cutting all underbrush, stalks, pastures and other tough material for easy soil-enriching plowing-under.

Feetrol against stump damage.

# LEAN, LOW LINES SPARK CHEVROLET BEAUTY

Chevrolet stylists have taken full advantage of nine inches in added length to mold low, fleet beauty into their 1958 models, as shown by this view of the Bel Air sport sedan. Strong eye-appeal is found in the modish grille, the dual headlamps and low, flat hood. Notable also is an unusual Sculpturamic styling which supplies an air of distinction. A new engine, new frame and two new suspension systems are only a few of the major chassis advances. Station Wagon, Bel Air, Biscayne and Delray Series are offered.

## News of Harmony

**HARMONY, Oct. 28**—Mrs. Frank Akin was very sick with flu last week but is better and able to be out. R. B. Gary has not been doing so well since surgery for several days but is better and out of the hospital at the home of his daughter, Reda Mae Gary in Lubbock.

Mr. and Mrs. Carriek Snodgrass returned home Tuesday from Oklahoma City where Carriek was receiving treatment. He is greatly improved.

Club met Thursday in the club

room with Mrs. Truman Dunavant, vice president presiding and Mrs. Oen Baird as hostess.

The Women's Society of Christian Service met Friday in the M. D. Ramsey home. It was an all-day meeting with luncheon at the noon hour, observing the Week of Prayer. The president, Mrs. Marvin Smith, had charge. Each one present had a part on the program. There were five members present, and Mr. Ramsey, who seemed to enjoy the meeting as much as the members did.

Mr. and Mrs. Wesley Carr and sons were in Lubbock Sunday

day with Mr. and Mrs. Charlie Bailey.

Mr. and Mrs. Chloma Williams

**Dr. O. R. McINTOSH**  
OPTOMETRIST

OFFICE 211 SOUTH MAIN ST.,  
Phone YU3-3460 — Floydada, Texas

The Floyd County Hesperian, Floydada, Texas, Thursday, October 31, 1957

Bro. Gates left last Monday for Kansas for his wife, who had been visiting for several weeks with her daughter, Mrs. Tommie Bandy. He found his wife ill in bed and they were not able to make the return trip home until the last of the week.

We appreciate Oliver Allen calling us and telling us he could not come by our mail box last week and to leave our news in a box on the pavement. Thanks, Oliver, again.

Mr. and Mrs. Walter Hanna, with all the other hunters who went with them, came in Wednesday and were glad to get home as it rained on them so much of the time. But they brought back 19 deer. Pretty good, I say, even though it was so disagreeable.

Quarterly Conference for Carr's Chapel will be held Sunday, November 3, at the chapel. Rev. Kirk will

preach at the 11 o'clock hour and dinner will be served at the church. Following the dinner conference will be held. Let everyone remember this and try to be present for this service or services.

Mr. and Mrs. Zant Scott visited R. B. Gary in Lubbock Sunday evening.

Glenn Pool's father, who has been ill so long and was thought to be improved, is not so well now, after an attack of the flu which has gone hard with him.

Carl Kerveas, who is ill in a Plainview Hospital and has been for a long time, is no better. Carl is a brother-in-law of Marvin Smith, who sat up with him Sunday night.

Mrs. Lloyd Watts and sons of Plainview visited with her sister and family, Mr. and Mrs. Bud Turner Saturday night.

## IEWS AND COMMENT

**Well, It Happened.** The first visit of Jack Frost came on the morning of October 26. This department had announced it for the 27th and thus gets credit for a miss. Some of our garden sass customers in particular lost their late tomatoes. Oh, well, there ought to be plenty of chow chow on most shelves from last year. We also do not mourn chow chow a la moderna as much of a loss from the kitchen pantry. The women and their daughters nowadays don't make it right anyhow. They read Betty Crocker and her kind who write for people who are housed in gingerbread houses, one-room shacks high up in the sky. If only we could dictate the reading habits of our maize-fed plains gals! They'd learn less, doubtless, but they'd cook better.

**Era of Cynicism.** When the history of this period in our local, state and national history is written it must surely reflect the current cynicism. A state of mind must exist which is reflected in the articles that appear in newspapers and periodicals that reach offices and homes of the country. The talk of public men, even many legislators, leave you in doubtful state of mind. Is there self-seeking in every act and deed of our men in authority? Writers, straining to be sophisticated, wind up their articles so as to leave the reader with a bad taste in his mouth. More often no definite charge of corruption or self-seeking is made, but the finger is pointed at possibilities that the public man's utterances are not wholly sincere or may be double talk intended to hide the real truth from the people. We do not hold with these. We think there are good men in the places of trust. The loose talk and looser writing are not helping the country, nor preparing the people for the hard days which may be ahead.

For instance writers in the national magazines have been abusing Texas bitterly. They have done the state a great disservice. National periodicals in particular send men to Texas to find things wrong and write about them. It is an axiom that you find the kind of people you are looking for. Likely the fad was started several years ago, when men of the muckraking type began making such a hit by smearing men who were high in public trust, either in private or public capacity. Itchy fingers made others follow suit. Now it is accepted as the way. This putrid matter is no longer accepted by some reputable journals. The journals in turn get credit for having "sold out" because they refuse to accept the half-facts and the insinuations and pay for them.

**Like In Soviet Russia?** A piece of immortal Americana, Stephen Foster's "Old Black Joe", loved and sung by many millions of Americans for generations, has been banned from certain air networks. It contains racially offensive phrases, say the executives. And recently it was announced that the New York City Board of Education has taken

"The Adventures of Huckleberry Finn" from its approved textbook list for grade and junior high schools. This Mark Twain novel is rated as one of the all-time great. It is even high on the short list of genuine classics. The New York Times, which reported all the bad it could about Little Rock (and none of the good, so far as we are informed) says the Huckleberry Finn book was banned it was held to contain racially offensive material. Carried to its logical conclusion such a trend will ban all literary and musical materials which happen to offend Jew or gentile, white, black, yellow, protestant or catholic, business, labor leader, office holder, and so on. Then we can all live in the "cultural" vacuum, such as the Communist espouses like that of the Dark Ages.

Liberties are taken with many historical chronologies in stories that appear currently. In their eagerness to entertain authors and singers emasculate such bawdy house songs as Franky and Johnny. The other day we saw a story in which Jean Lafitte and Jim Bowie were hobnobbing in a saloon with Sam Houston standing on the outside looking in for his chance to join the pair. The fact that historically such a thing could not happen jarred the story writer not a bit. It worried us somewhat because it all goes back to Texas history—and relates it in such a way to make it look factual although it cast reflections on both Bowie and Houston. But the same entertainers must not use Huck Finn as nor permit Old Black Joe to go down in history.

**How many electric appliances do you own?** Let's see—toaster . . . mixer . . . I'll bet you can think of a dozen or more. We Americans use more electric appliances today than ever before, and new ones are constantly appearing on the market. But while you're using electricity, do you respect it? You should, because the misuse of electricity is a common cause of home fires! So use electricity wisely by taking these precautions. First, look for the Underwriters' Laboratories "UL" label when buying electric appliances and cords. Second, don't overload your circuits, or use oversize fuses. Third, have a qualified electrician make all your electrical repairs. By following these simple steps, you may prevent a costly fire!

**The Wholesale Catalogs.** How to get something for less than the regular price is one of the current activities of the populace. The "wholesale catalog" is in vogue. All so similar in their make-up, with the same "secret" code. May be the result of spiraling prices of merchandise. People accept higher income as richly deserved. They hate to pay the fiddler when he plays a tune that wheedles out of their pockets more money for some one else, possibly not so deserving. So they are easy prey for the come on of the "wholesale price." People are all alike and so are the catalogs that fill the mails.

## Methodists Bid 7-Year Pastor Fond Farewell

The First Methodist Church Sunday night held a family night program and supper and a farewell gathering in honor of its pastor, Rev. Tilden B. Armstrong and family.

Those attending the affair were addressed by guest speaker, Rev. Per Algot Knutson, who is a missionary in Kambini, Portuguese East Africa.

Ernest Carter had charge of the evening's program.

Members of the church presented Rev. and Mrs. Armstrong with a gift of a suit each and furnished the moving van that transported their furniture and belongings to Andrews.

The event closed out a seven-year pastorate, during which many close ties had been knitted between the pastor, his family, and the congregation.

The Youth department of the church presented a pulpit chair for the new sanctuary as a memorial of the Armstrong family.

Following choir practice Wednesday night of last week, Mrs. Armstrong was presented ear clips and a matching bracelet in memento from members of the choir.

The Andrews First Methodist Church was in the midst of a victory celebration when Rev. and Mrs. Tilden Armstrong reached that city, the couple reported.

The new pastor for the local Methodist Church is Rev. H. DeWitt Seago who has pastored the Forrest Heights Church at Lubbock for the past five years. He, with his wife and four children, moved into the parsonage here Tuesday of this week.

Rev. Seago will hold his first service Sunday morning.

## Center News

(By Mary Dunn)

**CENTER, Oct. 28**—Mr. and Mrs. J. E. Green are visiting Mr. and Mrs. Don Green at Big Spring. They will continue their trip to Baytown where they will visit Mr. and Mrs. Doc Ryan and children.

Mrs. Clifford Carpenter and boys of Halls and Mr. and Mrs. Elio Pivetti spent Sunday with Mrs. W. M. Jackson.

Mr. and Mrs. Garvin Beedy of

South Plains spent Sunday with her parents, Mr. and Mrs. Leo Frizell.

Mr. and Mrs. J. D. Welborn and girls spent Sunday with Mr. and Mrs. James Welborn at Canyon.

Mr. and Mrs. Floyd Montgomery had lunch Saturday with the Frank Dunn family.

Margaret Dunn spent the week end at home. She accompanied the Frank Dunns back to Lubbock Sunday. They visited Mr. and Mrs. Jimmie Dunn and Debbie who were ill with flu. Joe Lee Dunn was ill the first part of the week because of flu.

Mr. and Mrs. Shirley Irwin and children visited Saturday night with Mr. and Mrs. Therman Perry and Jan.

Mrs. Tom Noland visited Mrs. Paul Williams at Plainview Friday. Mr. and Mrs. Tom Noland visited Wednesday with Mr. and Mrs. J.

O. Warren. Mrs. Jo Richard Noland spent Tuesday with Mr. and Mrs. Tom Noland and Ina Jean.

We would like to see everyone in

church Sunday. This week Brian Clammons will preach for us. There was no church Sunday of last week due to the rain and muddy roads. Go to Church Sunday.

# Mr. Grain Sorghum Producer

A serious problem for grain sorghum producers has developed. A market with a continuously expanding production for exceeding the present makes it imperative that the farmer himself take some action to rectify the situation. You will agree that for a more prosperous agriculture area, the market for sorghum must be expanded and more favorable legislation enacted.

The Grain Sorghum Producers Association is attempting to improve the "picture" for grain sorghum producers through an expanded program of **SEARCH, MARKET DEVELOPMENT and LEGISLATION.** There is now a culture economist experienced in grain marketing on the Association staff to develop these activities.

We urge you to support this program by requesting your local elevator to deduct **TWO POUNDS OF GRAIN** out of each 1,000 pounds you deliver and to the account of the Grain Sorghum Producers association in your name.

Every grain elevator in Floyd County has agreed to deduct the grain on your permission as their contribution to this program.

# JOIN YOUR NEIGHBOR

Mrs. J. R. Neece of Los Angeles, Calif. spent Saturday night with her sister Mrs. S. G. Appling and family. Joe Appling accompanied her to Lubbock to catch the train Sunday morning for her home.

Cotton leaves are turning brown after a week of rain and drizzle climaxed by the season's killing frost. Now we are hoping for clear weather so we may see some feed and cotton harvested.

Marge Turner was brought from Lubbock Thursday and admitted to Pitis Hospital here suffering with flu. She was released Saturday and returned to her studies at Droughness Monday.

**DISTRICT QUEEN TO COMPETE IN STATE CONTEST NOV 13**

Pretty Miss LaVon Copley of Bailey County will represent 17 counties in this area in the finals of the Texas Farm Bureau queen contest Nov. 13 at the Baker Hotel in Dallas. She will compete against 12 other lovely Farm Bureau district queens.

LaVon was chosen District 2 queen in a contest held Sept. 19 at Lubbock. A striking brunette with blue-green eyes and olive complexion, she is the daughter of Mr. and Mrs. A. W. Copley of Muleshoe. LaVon is now a freshman at North Texas State College, Denton, where she is majoring in music with religious education as her minor.

Fred March and Randall Jones, both students at Texas Tech, were home over the week end visiting their parents.

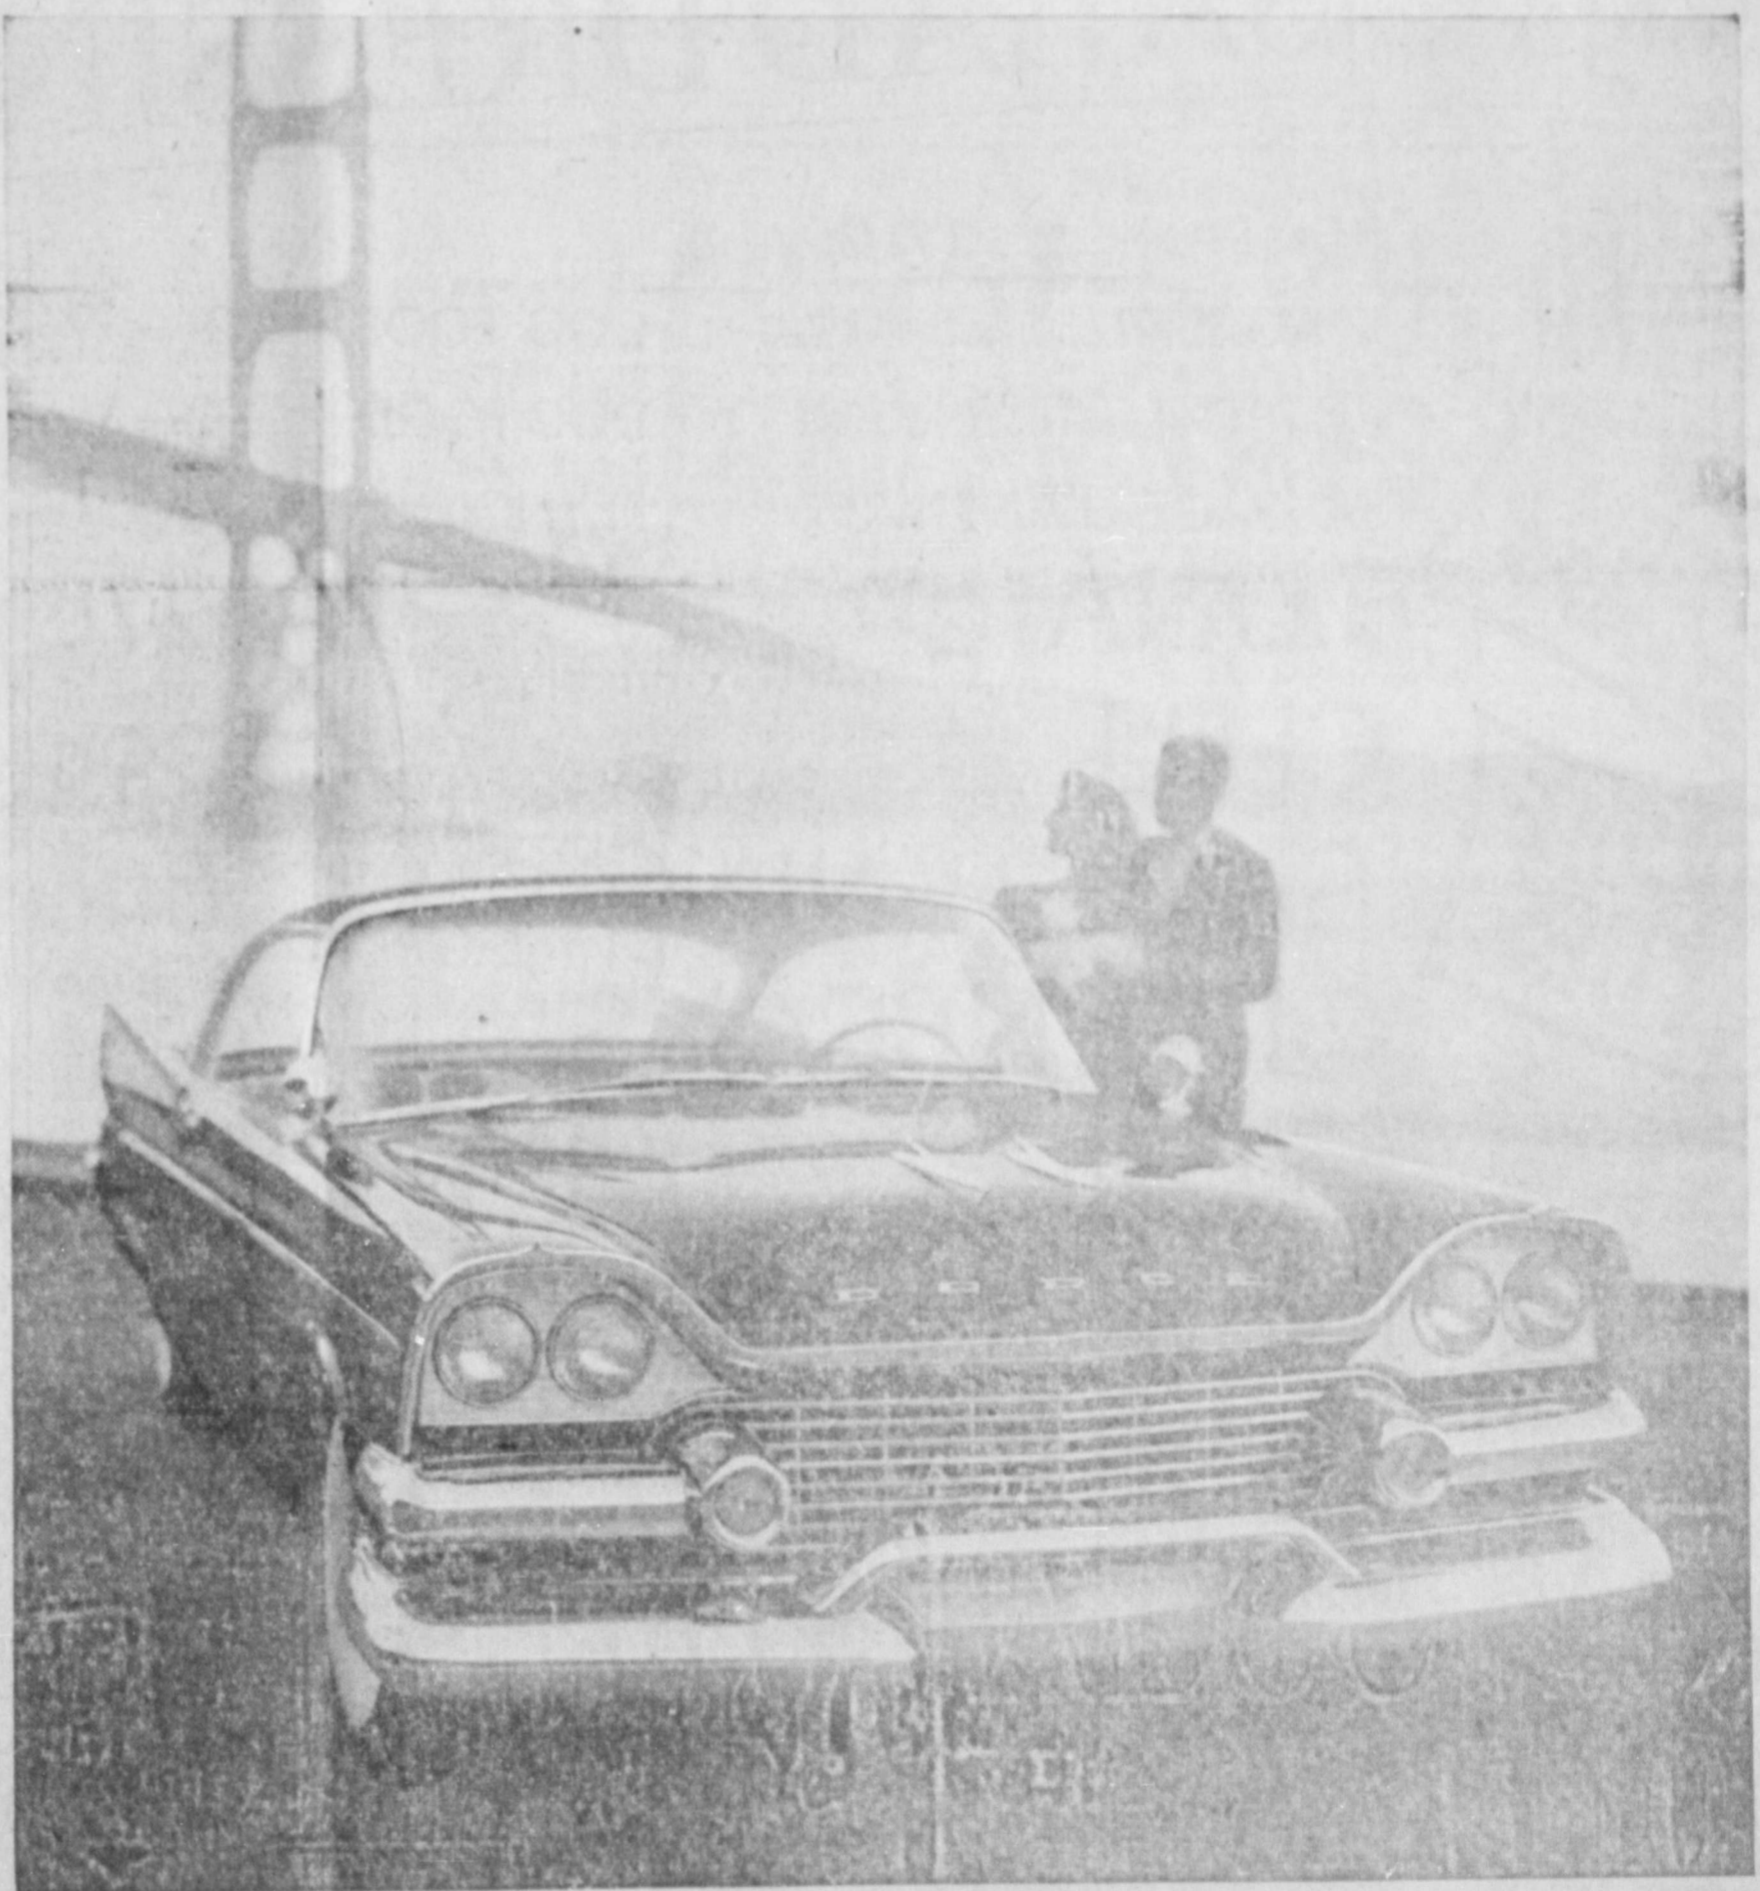

**CHANGE TO SHAMROCK 10 W-30 MOTOR OIL NOW AND PROTECT THE LIFE OF YOUR CAR'S ENGINE AND BATTERY.**

The development of Shamrock 10W-30 Motor Oil is based on the fact that the typical passenger car engine operates most of its useful life in the temperature zone between the cold start and normal operating temperatures. All oils thicken as temperature decreases. The difference between Shamrock 10W-30 and conventional oil is that it thickens less at low temperature. The effect on your car's performance is important. When you change to Shamrock 10W-30, the improvements you'll notice immediately are: (1) that even on the coldest mornings the engine will turn over quickly and easily, and (2) a marked increase in gasoline mileage. These advantages are the most obvious, but not necessarily the most important. Frictional wear in the engine takes place at a very high rate during the first few strokes when starting an engine with little or no lubricant on the cylinder walls. 10W-30 reduces this wear, flowing quickly, replenishing the oil film. At high temperatures a thicker lubricant does a better job of keeping metal surfaces apart. Accordingly, 10W-30 being thick at high temperatures gives your engine full protection at this end of the temperature range, too. With Shamrock 10W-30 in the crankcase you will: (1) extend the life of your car's engine, (2) extend the life of your battery, (3) increase gasoline mileage and (4) reduce the octane requirement. We don't claim miracles for it, but you probably will.

lane 500, with an overall length of 207 inches, and the Custom, Custom 300 and the station wagon, measuring 202 inches.

The external appearance of the new car features Ford's sculptured-in-metal treatment in which styling lines are molded into the sheet metal itself.

The new distinctive styling is emphasized in front view of the massive wrap-around one-piece bumper with anodized aluminum "jet intake" grille, dual headlights, and Power Flow hood. New sheet metal treatment incorporates redesigned front fenders, a new roof with seven front-to-rear flutes or grooves, and trunk lid and rear quarter panel innovations.

From the rear, the 1958 Ford is distinctive with a "V" sculptured trunk lid flaring into twin safety oval taillights.

Ford introduces the newest and most modern v-8 overhead valve engines in its 1958 line—the 332 and 352 cubic inch displacement engines. The result of more than 25 years' sales and engineering leadership in v-8 engines, these engines combine new highs of efficiency and durability and economy with the added time and cost savings of quick service accessibility.

The new 332 cubic inch engine, which will be standard on the Fairlane, Fairlane 500 and station wagon series, is available as an extra cost option in the Custom and Custom 300 series. The 352 cubic inch engine is an extra high performance option on the Fairlane, Fairlane 500 and the station wagon series. The economical "Mileage Maker" six is available for most models and the 292 cubic inch v-8 engine is standard on the Custom and Custom 300 series.

Mr. and Mrs. Coy Nixon of Lubbock were guests Sunday of Mr. and Mrs. W. A. Lovell.

A NEW AND EXPANDED LINE OF STATION WAGONS BY FORD, producer of the most popular wagons, is offered for 1958. New to the line is the six-passenger Fordor Ranch Wagon (above), one of Ford's six new models built on body shells entirely separate from the Ford passenger cars. Ford spent \$185,000,000 on changes, including safety dual headlights, new jet intake grille and massive bumper, sculptured metal treatment throughout the car's exterior, and twin safety taillights as well as a completely new power train from engine to axle, all-new Cruise-O-Matic drive and optional Ford-Aire suspension. The 1958 Fords will be displayed at all Ford dealerships beginning November 7.

**CHAT with PAT**

We've got the S-T-E-A-M, steam, steam to tie the Antelopes right up to the "Hitching Post", come Friday nite!

Most of the kids are well and back in school (lively as ever).

Some girls were real lucky and got to go to the West Texas State College Homecoming. They were Joy Sparks with Laron Fulton, Judy Jackson with Bill Orman, Kay Robertson with Don Sparks, and Suzie Nelson with Norman Davis. I understand they had a good time.

Attention all Youth! Thursday nite (Hallowe'en) from 5:30 to 7:30 the Youth of Floydada will be Trick or Treat for CROP. This money will help to feed the hungry people of the world. Last year according to the size of our town, Floydada was rated among the top ones in the state of Texas. Come on all boys and girls and take part in a wonderful deed helping others. You can always have your own fun after 7:30. Meet at the Methodist Church, see you at 5:30, O. K.?

Mr. Foster is in the hospital. We hope that he is soon well and back at school. We Miss You.

Have you noticed Danny Shipley calling girls and pretending he is somebody else; Addie and Mae Bell writing notes (long); Wayland's surprise birthday party; Ann Word had a surprise birthday party too; Linda Hammond's ability to do everything well; Jodie Reue's good taste of music (not pop but opera); Nancy Watson had on four pair of britches under her band suit Friday night, (the girl could barely pick her feet up); Woody's interest in Lockney, (it isn't the football team); Kelly's crush on Sue Flenniken; Grace Anne is wearing a ring; it is Elvins; Buttons has a horse named Trouble.

While driving around Floydada's "Little White Way", I saw the following couples. Glenda Morgan and Dale Lawson, Addie Adkins and Edwin Childs, Shirley Gregory and Donnie Taylor, Annella Thurston and Kearney Edmiston, Davis Blair and Billie Goode, Sue Flenniken and Kelly King, Fleeta Cartmel and Elton Ginn, Freda Smith and Bob Desney, Carolyn Cates and Dale Brown, Marisue Burlison and Frank Potts, Mae Bell Johnson and Johnny Fred Brown (new steadies), Sandra Roe and Grant Cooper, Mary Cogdell and Bobby Christian, Sue Kendrick and Ramme Vickers, Nelda McCarey and Danny Shipley, Sonja Guffee and Hal Hines, Donita Milton and Arlis Powell.

Judy Jackson and Bill Orman, Judy Wilson and Harvey Allen, Carol Lawson and Gary Hucksbay, Darlene Johnson and Ray Walker, Suzie Nelson and Norman Davis, Jane Tye and Weldon Pruitt, Kay Robertson and Don Sparks, Vaughn Ginn and Linda Welborn, Joy Sparks and Laron Fulton, Lois Ann Glover and Gary Swayer, Beth Scott and Douglas Walding, Sue McClung and Henry Self, Snow Drop Dumm and Kearney Edmiston, Gay Nell Boothe and Bobby Christian.

It's about time to sign off but for pity sakes be especially good tonight. Because it's Hallowe'en. (Boo-Boo) Happy Hallowe'en, don't let the

ole goblin catch you doing anything mean!  
Ole Goblin (ha)  
PAT  
Mr. and Mrs. Dane Clark, students of McMurry College, were week end guests of their parents, Mr. and Mrs. L. L. Clark Jr. and Mr. and Mrs. Clark Harris of Lockney.

**Officers Chosen By Dougherty Club**

The Dougherty Home Demonstration club met in the home of Mrs. Howard Drysdale on Wednesday, October 15, for an all day craft meeting. Knitting, sewing and huck weaving were the main projects. A delicious covered dish dinner was served at the noon hour.

At 2 p. m., the regular meeting time Mrs. Johnnie Cates, president, called the meeting to order and roll call was answered with "Something I Would Like To Make".

The following officers were elected for the coming year. Mrs. Johnnie Cates, president; Mrs. Mac Ward, secretary; Mrs. Robert Ward, vice president; and Mrs. G. W. Smith, council delegate.

Games were played and directed by Mrs. Mac Ward with prizes going to Mrs. Dale Smith and Mrs. R. J. Overstreet. Attendance prize was won by Mrs. C. A. Caffee.

G. W. Smith, Johnnie Cates, C. A. Caffee, Robert Ward, R. J. Overstreet, Ned Bradley and the hostess, Mrs. Howard Drysdale.  
The next meeting will be at the home of Mrs. Bill Smith on Nov. 8.  
Grapefruits are so-called because they sometimes grow in clusters.

58 FORD  
COMING  
NOV. 7

Nothing newer

**AROUND THE WORLD**

has been proved around the world in the most dramatic and exciting test ever given a new car by public announcement.

The world was used as a test for the 58 Ford. The car drove through England, France, Switzerland, Yugoslavia, Greece, Turkey, Iran, India, Pakistan, India, Malaya, Cambodia, Vietnam, and back to the place it started—Michigan, U.S.A.

powered over the great ranges of three continents: the Alps to the Himalayas and the Tiber. It crossed the great rivers of the Thames, the Seine, the Tiber, the Tigris, the Euphrates, the Ganges.

stood at Buckingham Palace, the Champs Elysees to the Arc de Triomphe, and paused at the Eiffel Tower at the great Paris salons "sculptured in steel" styling was by the most style-conscious in the world.

The 58 Ford rode smoothly down the rugged, beautiful seacoast of Tito's country, to a festival in Dubrovnik, and into Greece to Athens, where this newest classic met such ancient classics as the Parthenon and the Temple of Poseidon.

Into Turkey; and the 58 Ford passed the great white lacework palaces of the Sultans along the Bosphorus and the Golden Horn. Then the Ford went where few but nomads travel, up into the hot days and chill nights of the ancient mountains of Afghanistan. And thence along the route Alexander the Great followed with his chariots to cross the historic Indus river.

On and on the Ford moved, down into the heat of mysterious India, through New Delhi to the Taj Mahal, and to the great pink palace of the Maharajah of Jaipur.

This great new car met the challenge of the monsoons—rains that for centuries have stopped all road movement throughout Indo-China, but didn't stop the 58 Ford. It drove on to Penang in Malaya, and then north to Bangkok.

Further on came Saigon, the Paris of the Orient, at the farthest tip of Southeast Asia. Finally, it powered across the great Rockies and plains of North America and back, at long last, to Detroit, Michigan.

The 58 Ford : : has been proved and approved around the world. A natural question arises. Why did Ford go to such great lengths with its 1958 model? Why spend so much money and time and go through all the problems of negotiations, customs, border transit, diplomacy in so many countries?

The answer: in the competitive automobile market of today, only the best in all-around value can survive. And this round-the-world test is the most decisive possible demonstration of the best.

The 1958 Ford is value: hard-dollar value. It is also style, power, performance, and a dozen great new features. But above all, it is value.

This is the car you've been waiting for. See it November 7—there's nothing newer in the world than the 58 Ford!
