## Cotton Marketing Quota Vote Set For Dec. 10

December 10 is the date set for the cotton producers of the nation to vote on marketing quotas to be in effect on the 1958 cotton crop.

The marketing quota vote must be proclaimed and a national acreage allotment set for upland cotton whenever he finds that the total supply exceeds the normal supply.

Marketing quotas operate through acreage allotments. A grower who exceeds the cotton acreage allotment for his farm under a cotton marketing quota program will be subject to a marketing quota penalty of 50 percent of parity on the farm's excess production.

Growers who do not exceed their cotton allotments may market free of penalty all of the 1958 cotton production from their farms.

## Approval Given Practices Urged By Committee

The Great Plains Conservation Program in Floyd County is ready to roll. Approval by the State Program Committee of a list of soil-stabilizing, moisture-saving practices for the county was announced by Aubrey W. Dalrymple, who as leader of the Soil Conservation Service staff, is chairman of the Floyd County Program Committee.

Also approved were the rates at which the federal government will share in the cost of installing practices. These rates, based on average cost of the work in this county, range from 50 to 80 percent of the total cost of installing each practice.

Dalrymple said that the approval of practices and cost-share rates clears the way for final applications. The purpose of the Great Plains Conservation Program, Dalrymple explained, is to develop an agriculture that resists the weather extremes that are a constant hazard in the Plains area.

Indications are that several farmers and ranchers in this county are ready to take advantage of this chance for real help in getting a conservation plan on their farms or ranches.

Members of the County Program Committee, in addition to Chairman Dalrymple are: Brent L. Bred, Chairman of Floyd County ASC Committee and Jack Kassahn, Supervisor of the Farmers Home Administration.

## Son Of George Griggs Passes At Tucumcari

The only surviving son of the late Mr. and Mrs. George Griggs, early Floyd county settler, died at his home in Tucumcari Thursday. He was James M. Griggs, 84, a pioneer resident and rancher of Quay County and the brother of the only remaining member of the family, Mrs. Mary Davis of Floydada.

## Phone Service Assured South Plains People

Southwestern Bell Telephone Company will give telephone service to South Plains beginning sometime in the first quarter of 1958.

Thirty-two of a list of 44 residents of South Plains and the South Plains district are on the list to get the service, 12 dropping out in the extreme north and northeast areas of the school district, due to construction costs higher than they were willing to pay.

Telephone engineers have repeatedly turned thumbs down on the proposal because of the excessive cost of construction in comparison with the number of stations which could be connected.

the year, however, when rabbit hunting is at its best. There was a time when the cotton fall was recognized as a very delectable bit of meat. It still is in many states. However, rabbits always have been so plentiful in Texas that we take them as a matter of course.  
Rabbit meat, fried like chicken, is a strong rival for taste and food value.

There is a big crop of rabbits this year. In fact the crop is so big that a tremendous rabbit hunt now is being planned for the Panhandle area, for sometime about mid-January. We'll have more about that later.

Most of us remember rabbit killing as boys, when we used 22 caliber rifles. The 22 still is an ideal gun for shooting rabbits, where there is plenty of room to shoot and care is used.

With the present-day automatics and rifles with scopes this type of rabbit shooting is lots of fun.  
However, when hunting with such equipment all the rabbits should be shot through the left eye. Any good rabbit hunter would count a body shot the same as a miss.

Of course, back in the early days there wasn't much fear of tularemia, or rabbit fever. By using care in handling a rabbit, however, there is no danger. Also, if a rabbit has the energy to run it isn't a sick rabbit.

**Those Little Bass**  
Have you been out to a lake lately to see how fast the young bass are growing?

For several months we've been watching these little fellows. They come in close to docks and chase the little minnows and forage for other food.

The little rascals, spawned his spring, already have reached legal size. This applies both to black and white bass. In about two more months most of them will be from 10 to 12 inches long.

All of which means that you'd better have your equipment ready for next spring's fishing. It's bound to be good.

**Old English Lures**  
One of the most ingenious fellows we've run across lately is Doug English at Corpus Christi. For several years Doug has been making Old English lures, which have been very fine for coastal fishing.

Then he started out with other ideas, also in the plastic line. Now he turns out beautiful and efficient fish stringers, life preservers, and even ornaments for earrings, all from his plastic material. In addition he makes those plug shaped tie clasps which men wear with cowboy shirts.

Incidentally, it's reported that his plugs are just as good for fresh water fishing as for salt water fishing.

## Cub Pack Meeting Held Monday Night

Cub master George Bickley presided Monday night at the monthly pack meeting and business session of the Cub Scouts, in the music room at Andrews Ward.

Achievement pins for the month were on display and skits were presented by Den 1 and 2. Den 3 had charge of the flag ceremony. Games were played and a song fest was enjoyed by the boys as well as their parents.

Two new members, Danny Daniel and Howard Gidden, took their oaths, and were placed in Den 3 and Den 1, respectively.

Following a business session the group adjourned with the next meeting planned for sometime in December when the Dens will meet for their annual Christmas party.

## JUNIOR HIGH PTS ASSN. TO MEET MONDAY NIGHT

The Floydada Jr. High School Parent-Teacher-Student Association will meet Monday night, December 2 from 7:30 to 9:00 o'clock in the Jr. High School Auditorium.

Once again the P. T. S. A. urges the students and their parents to be present and to take part in the activities of this their organization.

Appearing on the program will be Mrs. Henry Barber, Rev. H. DeWitt Seago, and the Jr. High School Chorus under the direction of Mrs. L. H. Christensen.

Following the meeting refreshments will be served by parents of eighth grade members.

## November Snow Envelops Area

A four-inch November snow, accompanying a record-breaking 24-hour period of cold Thursday night to Saturday morning, added another layer of top moisture to fields and range lands. Since that time tractors have gone into grain fields only during hours of night or early morning cold when ice would hold up the weight.

Sunshine since Sunday is drying the ground very slowly and most fields were still bogs Tuesday.

A few cotton pulling crews were padding through mud Tuesday in an effort to gather cotton.

Farmers were really singing the blues over the week-end, but sunshine this week has raised spirits materially.

**Temperature Readings**  
Temperatures zoomed to a low of 2 degrees above zero early Saturday morning after the blanket of snow on Thursday afternoon and night.

Early morning readings have stayed slightly below the freezing mark since that time with the high day time reading Tuesday noon at 65 degrees.

Weathermen have predicted no moisture for the next few days, but a cool front is expected to lower temperatures again.

**THANKSGIVING DAY AGAIN—WE HAVE SO MUCH TO BE THANKFUL FOR!**  
The pilgrims were a hardy group; landing on strange soil with little more than fortitude and courage to keep them alive. In the matter of material possessions, they were poor—yet through hope, sheer determination and a profound belief in God, they celebrated their newfound security on the first Thanksgiving.

More than three centuries later the dream of our forefathers is still with us—and we as Americans, have cause to take stock of our blessings, too. We would like to join with you this Thanksgiving in a prayer for the security of our United States, and the fervent hope that it will remain with us always.

# Lockney, Matador, Ralls Teams In Thick Of State FB Play-Offs

Floydada is surrounded by bi-district football champions for the first time in history.

Matador's rampaging Matadors are bowling over all opposition and last week won their bi-district clash with Groom 41 - 0. The Motley County boys play in the class B bracket which only goes to a regional champion, and this may be the only thing that will stop their fine season. Some fans believe they could go all the way.

The Matadors have defeated several teams of higher classification this year including a win over class AA Spur. Their regional game is with Whiteface and is to be played at 2 p. m. Thursday (Thanksgiving Day) in Plainview.

The Ralls Jackrabbits playing in the class A division won their bi-district game from Friona 21 - 12. The Jackrabbits also have a very fine team which this year won from class AA Floydada and Post. Their

## Life-Time Income To Be Awarded In Plymouth Contest

Financial independence for life, in the form of \$500 per month for the lifetime of the recipient, is the grand prize in a novel national contest announced today by Plymouth division of Chrysler Corporation.

488 other prizes will include new 1958 Plymouths.

Plymouth officials point out that the \$500 a month for life grand prize could result in the largest prize in contest history.

The contest, which promotes Plymouth's new "Money Ahead" theme, will be divided into nine separate weekly segments, with weekly prizes in addition to the grand prize.

Any person 21 years of age or older may enter the unique contest at any Plymouth dealership. Contestants obtain entry form at the dealership, take them home and work out a scrambled word puzzle. Then, in 25 words or less, contestants complete the sentence "I'd be money ahead in a 1958 Plymouth because..."

The contest started Monday, November 25, and the first weekly contest closes December 1.

## News of Harmony

HARMONY, Nov. 25—Mr. and Mrs. S. J. Burrows of Plainview were guests in the Mather Carr home Monday.

Mr. and Mrs. M. D. Rainey were business visitors in Lubbock Tuesday.

Mrs. Phil H. Gates has been ill all week with bronchial pneumonia, but is improving this week-end.

Mr. and Mrs. Carrick Snodgrass spent several days in Duncan, Okla., with relative's. They returned home on the week-end.

Mrs. Lynn Davis and Jean were visitors in the Mather Carr home Thursday.

Mr. and Mrs. Floyd Trowbridge spent several days in Amarillo with their son, W. C. and wife, helping them get moved into their new home. W. C. and wife have made their home in Dallas for the past several months and have moved to Amarillo where he is engaged in the insurance business.

Mr. and Mrs. Wesley Carr and son attended the Band Concert in Lubbock Thursday night. Their son is in the band and there are others in the community who belong and may have attended. This was a pretty bitter night to be out as it was snowing and cold.

Mr. and Mrs. Marvin Smith, Tommy and Judy, attended the housewarming of Mrs. Smith's sister in Plainview Saturday night.

Mrs. Carl Reeves has purchased a home in Plainview and plans to make that her home since the passing of her husband, Carl Reeves, some few weeks ago.

Mr. and Mrs. W. W. Edwards, Mr. and Mrs. Wesley Carr and Bill were guests in the Everett Miller home Sunday night.

Mr. and Mrs. Jack Lawrence and three children came in Sunday from Mt. Vernon to the home of Mr. Lawrence's uncle, Mr. and Mrs. Raymond Stanton. Mr. Lawrence plans to locate somewhere on the plains and maybe on the Stanton

## County Agent Center News Letter

(By Cecil Lewis, County Agent)

The Great Plains Conservation Program is in effect. To those who are interested application forms are available at County Agent, A. S. C. and S. C. S. offices.

This program is designed to cover your entire farm on needed land use changes, needed cropping and grazing systems, and needed soil and water conservation practices in proper combination.

To be eligible for this program you must be an owner and operator with control for the period needed to carry out these programs.

You are responsible for making your own plan of operations for your farm. You can get help from the local Soil Conservation Service in making your plan. The minimum period for participation is 3 years and the maximum is 10 years. You are to set up a time schedule for carrying out these practices.

Cost sharing will include installing pep, establishing permanent cover and other items. Cost share will be the same as the payment on Agriculture Conservation Payments and will supplement these payments. There is no limitation as to how much money one farm can cost.

For further information contact the County Agent, A. S. C. or S. C. S. personnel.

If you are planning on building some new farm buildings, a new method of construction has been developed. Concrete tilt-up construction is the new method and it is durable yet low in cost. For a bulletin describing this operation, a discussion of time, labor and materials required, come to County agent's office and ask for "Concrete Tilt-Up Construction."

Tractor Training for Floyd County's 4-H club members will be the theme of a two-day school December 3-4 at Amarillo.

Adult Leaders attending this school will be given instructions in various subjects to enable them to return to Floyd County and teach the same to local 4-H club members.

Time and place of the annual Floyd County 4-H Tractor School has not been set but will be some time next spring.

Several Awards will be made to 4-H club boys who show greatest skills in tractor maintenance and operation. The state winner will be awarded an all-expense trip to Chicago and will be eligible to compete for one of 12 college Scholarships. Medals will be given to county winners.

## Study Tax Forms and Save on Income

Most folks don't worry about how much income tax they owe until it's too late to do something about it.

Cash basis farmers, businessmen, and even individuals can affect the amount of tax they pay during the year on a small scale the same as a lot of big corporations do. The corporations simply plan their business to make a sale during this year or next, or on the other hand, to incur an expense for this year or the next.

Since most taxpayers are on a cash basis, it may not cost you very much to pay the preacher a lot more for the rest of the year than you ordinarily would if you have a lot of income or are going to itemize your tax deductions for the year.

On the other hand, you may want to wait until January 1, and just give the preacher enough to get by on until next year since you can better afford a tax contribution for the next tax year than you can for this one.

It is certainly worth thinking about from not only paying the preacher angle, but from all income and expense angles.

A study of your tax instructions may be advisable.

Mr. and Mrs. Johnnie Collins and children will visit this week-end in Stratford with her parents, Mr. and Mrs. L. L. Grimes.

Mr. and Mrs. Andrew Smith Jr. and children of Portales, N. M. were guests this past week-end with Mrs. Smith's sister, Mrs. Donald Barrow and family.

### South Plains Public Service Fleet Safety Award

IN THE PICTURE: Travis Aaron, safety supervisor for Southwestern Public Service Company, presents the National Safety Council's first place award in the Public Utility Truck Division to the company's division manager in Plainview, J. M. Collins and to Charles Stimson, left, safety and personnel supervisor for the division.

and living in the parsonage there for the past four weeks.

Kendis Julian was home with his parents, Mr. and Mrs. Murray Julian over the past week end. He returned Sunday night to WTS&C in Canyon. Bonnie Upton was also home on Saturday night from Canyon, visiting with her folks Mr. and Mrs. Raymond Upton.

Mr. and Mrs. Frank McClure went to Silverton on Sunday afternoon to visit and spend the evening with Mr. and Mrs. Willie Weast.

**Pink and Blue Shower**  
Mrs. Fred Marble was feted on Friday afternoon at a pink and blue shower in the home of Mrs. Frank McClure at three o'clock.

Mrs. Ernest Smitherman registered the guests. As they arrived they were greeted by Mrs. McClure, Mrs. Marble and mother, Mrs. W. O. Tye and Mrs. H. L. Marble.

The serving table was decorated in a pink and white color scheme, with a white linen cloth used along with a center arrangement of a tree laden with little miniature baskets made of fragile egg shells, tinted and trimmed with ribbons, and filled with little baby dolls. The whole arrangement stood beside a stark, and pink candles lighted the whole scene.

Mrs. Beedy served white cake squares on which the ABC's were written, and Miss Juanel Wood presided at the punch bowl where

pink punch was served.

Hostesses for the occasion were Mrs. Frank McClure, John Key West, Sim Reeves, Harry Hartman, Raymond Reeves, Raymond Upton, George Weast, L. H. Parks, L. T. Wood, Albert Stewart, Bill Beedy and Ernest Smitherman.

The hostess' gift to Mrs. Marble was a folding high chair, and many friends, neighbors and relatives presented gifts during the afternoon.

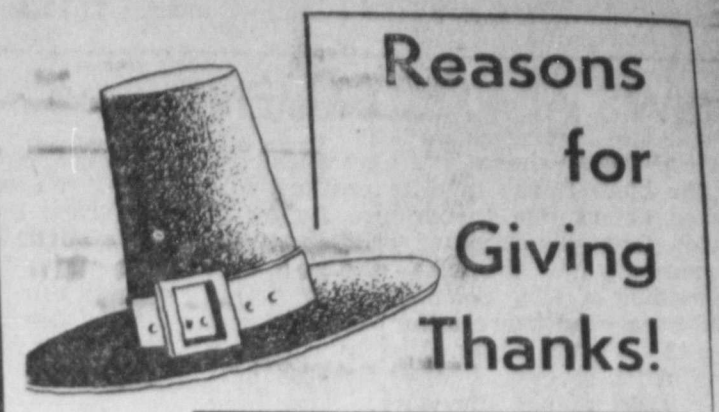

Mr. and Mrs. Murray Julian, Bruce and Kendis, accompanied by Miss Janis Roberts of Floydada plan to leave on Wednesday at noon for Denver, Colo., where they will spend the Thanksgiving holidays with Mrs. Julian's sister and family, Mr. and Mrs. Otis Sandusky, Kay and Kent. They plan to be home on Sunday evening.

Mr. and Mrs. Grigsby Milton and girls went to Amarillo on Saturday to spend the day. They visited with Mrs. Milton and Linnie, and attended to some other business matters. They report the snow was much less up that way than here at home.

Dr. and Mrs. Andrew McCulley and children will enjoy Thanksgiving dinner with their parents, Mr. and Mrs. J. W. McCulley at Canyon. Other guests in the home will be daughter, Mary Ruth McCulley of Amarillo.

### South Plains News

(By Mrs. Murray Julian)

**SOUTH PLAINS, Nov. 25**—School will be dismissed on Wednesday at South Plains for the Thanksgiving holidays, and will resume work again on Monday morning, December 2. Friday was an enforced holiday here on account of the big snow fall.

Despite the freezing temperatures and snow which was really swirling around on Thursday evening, the Floydada Whirlwind Band with many members from here, went to Lubbock for the marching contest, and won a first division rating with Abernathy in the class AA competition.

Bill Beedy visited his brother, George Beedy, near Plainview on Wednesday and found him able to be around some, with the aid of a cane, or holding on to a chair, and he can move his fingers more each day. Neighbors are glad to find him improving in health day by day.

Sleet and driving snow started to fall here on Thursday afternoon about five and kept up through the night and into Friday with more snow out here than any place around. Some of the farmers who were cutting grain, cut on, until darkness and snow drove them indoors. They are trying to get into the fields and combine some, while the fields are frozen. Over six, and around eight inches of snow fell in some parts of our vicinity. There are still some big drifts left over the east part of our community on this Monday morning.

**Church Services and Dates**  
Thanksgiving services will be held at the Baptist Church on Wednesday evening at 7:30.  
Remember on December 1, that the Annual Childrens' Homes offering will be taken. There are four of them among which the money will be divided.  
The heating unit is repaired at the church, but due to the bad roads and cold weather only 40 attended Sunday morning services, with around 25 at night. Hymn night will

be held at Quitaque Baptist Church on December 2, with theme "Our Baptist Heritage".

Mr. and Mrs. Murray Julian and Bruce went to Post Saturday morning to have dinner and visit during the afternoon with Mr. and Mrs. Richard Althof, Carolyn and Harold, of Roscoe. Mrs. Althof had spent the week before in Columbus, Georgia, visiting with her daughter and husband Mr. and Mrs. Terry Julian.

Mr. and Mrs. Sylvan Kinnibrugh were not able to get their combine in readiness for the trip home from Frisco on Tuesday, consequently they were not home until Thursday afternoon. They report her mother, Mrs. J. R. Spivey, as much improved in health.

Mr. and Mrs. Albert Scribner, of Olton, were guests in the home of Mr. and Mrs. Grigsby Milton and girls on Sunday, November 24, where they enjoyed dinner together, and the Scribners helped the Miltons to celebrate their 19th wedding anniversary.

**CARE PACKAGES TO GERMANY**  
Womens Missionary Union was held Monday afternoon at the church with Mrs. L. T. Wood presiding over the meeting. Members voted to send Thanksgiving CARE packages at Thanksgiving to the displaced persons in Germany, whom they have been remembering the past few years.

"A Man Called Peter" was studied under the direction of Mrs. Karr in the Bible study period. Present for the afternoon were: Mmes. L. T. Wood, Bryan Karr, Walter Wood, Thomas Pierce, Sim Reeves, Dock Jones, Murray Julian, John Smitherman, Larry Faus, Shelby Calahan, and Grigsby Milton.

GA met at 4 o'clock at the school house with counselors, Mmes. Pierce and Julian. Junior girls present to study on GA steps were Beverly Pierce, Barbara Sue Milton, Beth Calahan, and Kathy Mulder.

WMU will meet on December 2, for Royal Service at the church.  
**Shower for Bride Elect**  
Mrs. John Key West will be hostess for a pre-nuptial bridal shower honoring Miss Louise Pritchett at her home on the Silverton Highway on December 3, from three to five o'clock. Miss Pritchett will be wedded on December 14, to Robert Olin Turner of Floydada, at a home wedding in the home of her parents, Mr. and Mrs. E. P. Pritchett.

**Favorable Telephone Report**  
An important telephone meeting was held at the school house in South Plains at 8 o'clock on Tuesday night. Bell Telephone officials met with those in the southeastern and northern part of our area, and although the original cost of having the telephones installed would be quite considerable, they did speak in a favorable vein as to getting telephone service soon.

Mr. and Mrs. H. S. Calahan Jr. were hosts on Sunday after church to Mr. and Mrs. Don Probasco and Mr. and Mrs. Sylvan Kinnibrugh, Marilyn and Beth, who had dinner and spent the afternoon visiting the neighbors.

Mr. and Mrs. Fred Fortenberry went to Tulla on Saturday to spend the day. They went first to Vigo Park and got her sister, Mrs. Elvin Hutson and family, and went into Tulla where they had dinner with their mother, Mrs. N. C. McCain. They reported very little snow there in comparison with the snow fall here.

**To Marry Thanksgiving Day**  
Miss Bonnie Upton and Karl Craig will be wedded this Thanksgiving Day, November 28, at the Joseph A. Hill Chapel in Canyon, where they are both attending college. Many friends, neighbors and their parents will be in Canyon for the event which will take place at three o'clock in the afternoon.

Skeet Thornton went deer hunting in South Texas over the weekend, returning home on Tuesday. Mrs. Thornton was visiting with her children while Skeet was away.

Katherine Mulder went to the Pitts Hospital on Sunday suffering with an attack of the flu. Since she is to be a member of the wedding party of Miss Bonnie Upton on Thursday, we are hoping she will be out and able to attend. She is to be allowed to go home on Tuesday, since she is doing fine, from the hospital reports.

Wednesday afternoon from 1:30 to 5:30 Women's Missionary Union members and guests met at the church for a mission book review, which was a book on Africa and missionary work there. "Continents in Commotion" was given by Mrs. Murry Julian.

During intermission hot coffee and cookies were served by Mrs. Shelby Calahan, Mrs. John Smith-

## VIEWES AND COMMENT

**Spirit of Thanksgiving.** In a time when singing the blues is the favorite pastime, to a marked extent due to our own failure to provide from abundance of past times for the rainy day now at hand — at such a time a re-reading of King Solomon's prose poems would be a good exercise for the mind and heart this Thanksgiving. Also, a re-reading of authentic records of the first Thanksgiving Day at old Plymouth. Something about reading calms the nerves and builds up a reserve against the blows of adversity. A bulwark of determination to re-shape our ways against the "next time," (which always does come about) will be greatly aided by a period of calm meditation of the really great things for which one needs to be thankful in his own personal life.

**The Texas State-wide Water Planning Bill,** passed by the first called session of the legislature, is being hailed as one of the great achievements in the history of the state. We have not seen a copy of the bill and also the courts have not interpreted it, but if it is what we think it is, Texas can now catch up with a real water conservation and flood control program.

**Pretty Fair Record.** While critics have leveled a good many charges at Texas' Governor Price Daniel, record of the first year of his administration indicates that he knows well enough how to get along with the legislature to get things done. All but four of the recommendations of the governor (and the party platform adopted last year in Fort Worth) were enacted by the regular session of the legislature. And the four which were not passed in regular session have now been made into law by the first called session. That is quite an unusual accomplishment. The governor has a few bitter critics and many have been lukewarm toward him. But a good record is a good record by whomsoever it may be made.

From compromise and things half done.  
Keep me with stern and stubborn pride;  
And when at last the fight is won,  
God, keep me still unsatisfied.  
—Louis Untermeyer.

We feel squeamish every time we get another "news release" from a big insurance company (New York and Hartford, Philadelphia and around) bragging about how much long-term money they have loaned to Texas farmers and ranchers. We'd rather not read that kind of news. When the record gets full of borrowings it often means the borrowers are in a tight.

**Thirty Years Late.** The garbage disposal racket, which is being uncovered in the nation's biggest city, is only a part of the gun swinging terrorism in which areas of that city have been captive for many a day. We recall years and years ago a country poultry dealer thought he was going to sell on the New York market and make a pot of money. The goons never did allow him to get to the place to sell. He was well told quickly, he reported when he got home. How many millions the people of New York paid tribute for hating hens alone for the "right" not to have any competition in their poultry markets will never be known. But they are casual and complacent about it, or have been in times past.

**To Prevent Evaporation.** It may not have any value in practice to know that a certain solution, harmless to man and beast, as well as to water fowl, has been found which cuts down evaporation on open lakes by 45 per cent. The cost is guess-timated at half a cent a thousand gallons. That might be too much money. If it is not a fellow could insure himself plenty of lake water for next summer's irrigation with considerable ease. Something would be wrong with it, of course, but it reads good.

**Home fires are on the increase!** Last year, the number of homes damaged or destroyed by fire totalled over 294,000—nearly 3,000 more than the year before. Don't let your home become part of the mounting toll. Check it for fire hazards today—and keep safety rules in mind always!

The best known safety device is about nine inches above your shoulder, says a recent safety bulletin.

## \$100 Million Loss In Cotton Fields

The long awaited rains came to Texas this year — and came again, and again, and again. Now that blessing has become a kind of curse in many cotton areas of Texas. Ill-timed fall rains on the unharvested cotton have caused a crop quality loss conservatively estimated as over \$100 million. Cotton farmers in the rain-soaked areas are suffering economically now almost as much as they did during the drought — particularly in central and East Texas. Many of them made their first cotton crop in several years, only to see it slowly ruin in the rain. In early November, an estimated 1 1/2 to 1 million bales remained unpicked in Texas fields. The pickers could not get in the muddy rows to gather the cotton.

## District Convention Of Area Churches Is Held at Littlefield

Rev. and Mrs. W. D. Reaves and Glen Amburn were among the Floydada people attending the District Convention of the First Christian Churches at Littlefield Sunday.

A number of laymen and ministers were on the program and business session. Mr. Amburn gave a scripture following the registration beginning at 3 p. m., and the welcome address.

A sack supper was held at 6:30 p. m. with the host church at Littlefield serving drinks and dessert.

## Grade Change For Potatoes New Proposal

First important changes in United States standards for potatoes in 25 years have been proposed by the U. S. Department of Agriculture.

Primarily, the changes would "tighten" the standards of four wholesale grades, while dropping the U. S. Fancy designation which is little used.

Revised U. S. Extra No. 1 grade would provide the basis for wholesale trading of premium pack potatoes. Tolerances for defects would be reduced also in the U. S. No. 1 and 2 grades.

Together, the changes would reflect modern marketing practices, and help provide the higher quality and better looking potatoes that consumers now expect.

## Freedom of the Press, Here and Now

Everywhere that a tyrant's heel has ground most brutally, there has sprung up an "underground" movement. And its heart always is a printing press. For the urge that dwells deep in a freedom-loving people to know the truth is hard to kill. In fact it cannot be killed — not even by the best-organized despotism in history.

The many stories of underground presses that have come down through the ages of trial and error by many dictators is an inspiration to the men and women of America's press.

We know that the truth can actually be printed and circulated under the very heel of a tyrant's boot. But a far better way of keeping people informed is through their own free press which operates not in some dark cellar, but on main street, right next door to the grocer, the postoffice, the drug store. To preserve that freedom is the first obligation of the American people and the American Press. It is our only hope of maintaining our cherished freedoms.

## Why use two when one will do?

You'll do better to protect your motor with this one all-weather oil than to change from heavy oil to light oil according to the season.

Users of Trop-Artic\* All-Weather Motor Oil never have to worry about using different grades of oil at different seasons of the year. TROP-ARTIC is a light oil and heavy oil in one (grades 10W through 30). Furthermore, it lubricates and protects your motor far better than any of the old-fashioned "single grade" oils.

The reason is that TROP-ARTIC never gets too thick or too thin. In a cold engine it flows quickly for easy starting. In a hot engine it retains the "body" necessary to prevent wear. It reduces friction to save you gasoline. It keeps your engine clean. Compared to old-fashioned oils it can even double engine life. Get TROP-ARTIC All-Weather Motor Oil today from your Phillips 66 Dealer. \*A trademark PHILLIPS PETROLEUM COMPANY

A law passed by Congress in 1853 requires the federal government to respect the states' "historic boundaries."  
 Gov. Price Daniel called on the Legislature to protest to President Eisenhower concerning Brownell's action. Daniel, who co-sponsored the 1953 tidelands bill, read a letter from the President which said, in effect, that he would continue to honor Texas' claim.  
 House immediately passed a resolution in keeping with the governor's request.  
 Daniel said that Brownell "added insult to injury" by asking in his suit that Texas be required to pay the federal government money received from leases on tidelands beyond a three mile limit. This would amount to more than \$26,000,000 which the state has suited away in the public school fund.  
 House also passed a resolution asking Congress to call a constitutional convention. Purpose would be to draft amendments limiting the power of the federal government where it infringes on state powers.  
**LAKE STUDY PROMISED**—Governor Daniel promised advocates of free use of rural lakes that they will have their inning.  
 A number of legislators from rural areas have tried during the special sessions to change the law which limits water in small (200 acre feet or less) farm ponds to livestock and domestic use. Freedom to use the water for irrigation is sought.  
 Present law requires a special permit from the State Water Board to gain irrigation privileges. Farmers say getting such permits is complicated and too expensive.  
 But spokesmen for cities and downstream users vigorously oppose a change. They fear wholesale irrigation would dry up the streams leaving no water for them.  
 Governor Daniel said he would not submit this issue for the special

session which "is dragging enough as it is." But he promised a study of the problem with a view, perhaps, to making permits easier to get.  
**INSURANCE QUIZ**—Senate investigating committee continued to put Insurance Department employees on the carpet to determine how well that agency is carrying out its functions.  
 Asst. Comm. Paul Connor took full responsibility for a three-month delay in action on a critical report concerning Preferre Life of Dallas. It was handled as quickly as possible "under the circumstances," said Connor. He pointed out the department was in a period of reorganization at the time and that it received hundreds of such reports.  
 T. W. Goad, for 17 years a department examiner, testified that examiners' morale was at an all-time low. He attributed this to (1) legislative cutting of examiners' per diem pay and (2) hostility from companies which feel state charges for an examination are too high.  
**COST OF CRIME**—Board of corrections adopted a 1958 budget of \$4,045,720 to take care of the all-time-high state prison population.  
 However, only \$1,025,829 of this comes from tax money. The rest is earned by the various farming and manufacturing enterprises operated by inmates.  
 Number behind bars has climbed to an average of 9,726 this year compared to 4,987 in 1947.  
**MORE MONEY FOR TEXAS**—Texans have been getting richer faster than the average U. S. citizens in the past 27 years.  
 University of Texas Bureau of average income increased 447 per cent. from 1929-57. U. S. average increased 279 per cent.  
 But there's a less rosy side. Last year Texas per capita income still hadn't caught up with the national average. It was \$1,686 compared to \$1,940.  
 Also, drought and farm depression have slowed Texas' rate of increase in incomes. However, said the Bureau report, some improvement in the farm incomes is expected this year.  
**RURAL ROADS SUPPORTED**—Governor Daniel had more words of encouragement for farmers at the Texas Farm Bureau convention.  
 "There'll be no let-up on the building of rural roads during this administration," he told delegates. Bureau delegates were concerned

with recent suggestions that farm-to-market system is getting a disproportionate share of road money and should be curtailed.  
**SHORT SNORTS**—Another Travis County grand jury is underway. State Auditor C. H. Caviness was called in to brief jurors on any possible irregularity that should be investigated. . . . A new law prohibiting optometrists from quoting prices in ads is invalid, says the attorney general. Opinion said the law was improperly drawn and therefore void. . . . Funeral services were held in Austin for former State Supreme Court Justice John H. Sharp, 83. Judge Shrap was appointed to the court by Gov. Dan Moody in 1929. . . . George Parr gained at least a brief respite in his court battles after the Court of Criminal Appeals reversed a conviction for misappropriating school funds. Parr had been sentenced to five years in a New Braunfels district court. He also has been convicted in a federal court of using the mails to defraud a school district. . . . Sputnik means "we will do what we have been doing, except a little more of it," says State Civil Defense Director William L. McGill. Texas will stress preparing emergency governments to function in the event of disaster, he said. . . . More than 50,000 Texas families are now receiving food from the government's surplus stocks, reports the U. S. Department of Agriculture. Much of it goes to children via the school lunch program.  
**MRS. CARR WILL MAKE HOME IN CALIFORNIA WITH NIECE**  
 Mrs. Della Carr left Tuesday to make her home with her niece, Mrs. Horace Bradford in Manteca, California. Mrs. Bradford has been here the past two weeks assisting Mrs. Carr in disposing of her home and furniture.  
 Mrs. Carr came to Floydada from Knox County, Texas, in 1910 and made her home in the Harmony community until 1945 and then moved into Floydada. Her husband passed away in 1946.  
 Mr. and Mrs. G. E. Bond and Kennison of Amarillo will be guests of Mr. and Mrs. Hollis R. Bond on Thanksgiving.  
 Mrs. Lillie Harris and Mrs. Nattie Campsey of Electra were guests Tuesday night in the home of Mrs. W. O. Jones.

## Warm Springs Is Not Solely For Paralysis

Dear Editor:  
 Recently in a newspaper clipping in a Texas newspaper, we saw a reference to the Gonzales Polio Clinic. Rather frequently we have noted the use of the name: The Gonzales Warm Spring Polio Foundation.  
 This points up a common misconception among Texans, one which we earnestly hope you will help us correct by publishing this letter. The hospital's name is the Gonzales Warm Springs Rehabilitation Foundation; it was formerly the Gonzales Warm Springs Foundation for Crippled Children.  
 While our patient load has been predominantly polio, the Foundation for many years has treated other crippling conditions. Today, as the Salk vaccine is proving its effectiveness, the emphasis is definitely shifting to no-polio cases -- auto and other accident victims and those handicapped by other crippling diseases.  
 Of course, there is much yet to be done for polio victims. And while Warm Springs has no official connection with the March of Dimes, we can wholeheartedly substantiate their campaign appeal for funds to continue this vital work.  
 However, the point we at the Warm Springs Foundation wish to make is simply that the NON-POLIO cases treated -- and there are more all the time -- do NOT have a source of financial assistance such as the March of Dimes. This means that Warm Springs' own welfare program needs more and more voluntary contributions so that it may continue to provide this service.  
 No crippled child who can be helped is ever denied admission for financial reasons at the Foundation. Now crippled adults, too, can receive treatment on a welfare basis -- another phase of the operation which calls for more funds.  
 We will be pleased to provide more details to anyone sending an

Inquiry to Warm Springs, P. O. Box 95, Gonzales, Texas.  
 Sincerely,  
 Walter H. Richter  
 Director of Public Relations

## Pre-Thanksgiving Luncheon Held By Study Club Group

Members of the 1922 Study club and their guests enjoyed a pre-Thanksgiving turkey dinner at the sanctuary of the First Christian Church where a musical program was rendered by local talent. Mrs. Lon Smith gave the scripture and devotional.

Following the typical Thanksgiving dinner the group adjourned to the sanctuary of the First Christian Church where a musical program was rendered by local talent. Mrs. Lon Smith gave the scripture and devotional.

Decorative Ideas For Holidays Are Presented at Club

Guest day was observed by members of the 1922 Study club Thursday, Nov. 21 in the home of Mrs. Tate Jones with Mrs. W. H. Bethel as co-hostess.

The program was presented by Lewis Pattillo of Lubbock who is with a florist shop there.

He gave an interesting demonstration on Christmas ideas for home decoration, some that could be made at home in a simple form and others which could be made up for florist. Various materials for Christmas decorations were on display. He gave explanations on certain decorations.

Mr. Pattillo was introduced by Mrs. Tate Jones.

During the business session at which the president, Mrs. O. G. Glassmoyer presided, the club voted to send Christmas gifts to the mental institution at Wichita Falls instead of club members exchanging gifts.

Guests and members present at the meeting were Meses. S. J. Latta, J. B. Bishop, B. A. Rebertson, Harry Keonen, C. A. Caffee, A. H. Kreis, R. E. Fry, J. D. McBrien, Clarence

# ELECTRICAL CHECK

YOUR HOME NOW!

DO FUSES BLOW WHEN YOU ARE IRONING AND THE REFRIGERATOR COMES ON? DO THE LIGHTS DIM AND THE TV BLINK WHEN CHILDREN PLUG IN THE ELECTRIC TOASTER? DO YOUR APPLIANCES SEEM SLUGGISH?

## Then You May Be Starving Them To Death

Your appliances demand a steady diet of electricity. They can't do a good job unless they are getting enough power.

The homes of today have more lights, more appliances, and need more circuits than those of days gone by.

If your wiring is old and out of date, then chances are your appliances suffering from mal nutrition... and will be easy prey for any other "disease" that comes along.

Don't take chances with this valuable home equipment... it can save your life of those appliances... and it can be a fire hazard to overload your system continually.

If you are building or rewiring look ahead to the demands of tomorrow. Make your system adequate for these needs.

If you are in doubt about your wiring, call the city light plant and have the system checked. If you need more circuits or a larger entrance, get an electrician.

## YOUR CITY LIGHT & POWER DEPT.

Floydada, Texas

the benefit. I consider either of these a selfish standpoint.

Then I began to think why I and many others boasted for it. One thing with me I think this will be a more convenient and safer way of travel and I believe it will boost land values in our county, induce other counties to improve their roads, all causing more people to pass through our county, spending money with our business places and seeing -- our part of the world.

Also I believe as we co-operate with the highway people they will feel more favorable to us and we have a better chance for more farm to market roads in isolated parts.

So perhaps you and I who have tried to boost for this road improvement were not clear of selfishness ourselves.

I would get some consolation out of improvement of our town, county and country if I never receive a dollar in benefit, just by trying to help others now and in the years to come.

I notice there is a move being started toward street paving in Floydada. This is something very badly needed. I live on an unpaved street. Muddy when it rains. All other times each car picks up dust which the wind carries in to our homes.

I would have been glad any time to have tried to raise money to pave my part on strip paving but much more so from curb to curb.

There is another thing that I have noticed. The abundant rains have brought abundance of weeds. These are an eye sore to our town and a fire hazard also.

Yours for a cleaner, safer town and county.

# CHAT with PAT

A big "hello" to all you people -- Wasn't the snow just super that we had last week -- we got to miss one day, of school!

Of course, snow or no snow could keep our football boys from Fort Worth. Two buses pulled out slowly Friday morning at 6 o'clock filled with 54 excited boys and the coaches. This included the A and B team. The reason for the treat to "Cow Town" was because of the past season. They got to see the T. C. U. and Rice game and returned to "Fludditty" in the wee hours of Saturday night.

Nothing can stop that Whirlwind Band! This was proved Thursday night. They stomped and slide right on through the snow and came up with a first division in marching contest held at Lubbock.

All of the kids were running down the halls Wednesday with pen, pencil, paper and drawn faces heading for the next class and the next test. But we can relax now because this six weeks is over with and what is done is done.

Guess What!! Boren's Furniture now have all of the top hit records. No more trips to Plainview and Lubbock.

Have you noticed Sandra Wright's new hair do; the band not marching; the sad girls while the boys were gone; Suzie and Sandra's red hands; where there is Sharon there is Johnny; Judy and Harvey still have stars in their eyes; Price's new car or should we say Elfa's; all of the snow; Santa will be here; some of the girls trying to go on diets; Johnny Fred is very good at boxing; our basketball teams winning; Lois Ann Glover and Gary Sawyer are going steady; Beth Scott and Douglas Wadding in the halls together lately; the picture taken of Billie Gail and La Juana on the bus.

Couples seen riding around in the snow were Jerry Walker and Keith Reeves, Addi Adkins and Eddie Childs, Gaynell Boothe and Kearney Edmiston, Edwin Overstreet and Kent Covington, Joellen Jackson and Jackie Myrick, De Ann Newberry and Rex Jones, Carol Lawson and Gary Huchabay, Jane Tye and Weldon Pruitt, La Juana Womack and Wayland Richardson, Billie Gail and Danny Shipley, Joy Sparks and Laron Fulton, Lois Ann Glover and Gary Sawyer (new steadies), Marisue Burleson and Frank Potts, Carolyn Cates and Dale Brown, Donita Milton and Arlis Powell, Fleeta Carthel and Alton Ginn, Judy Wilson and Harvey Allen, Leora King and Joe Nolan, Judy Jackson and Bill Orman, Linda Welborn and Vaughn Ginn, Kathryn Seago and Pat Ginn, Carolyn Seago and Randy Hollums, Pat Allen and Jerry Battey, Sharon Edmiston and Johnny Witkowski, Nelda McCary and Eddie Childs, Sandra Roe and Grant Cooper, Linda Mor-

gan and Dale Lawson, Randy Ring and Joe Edid Viney, Sherrie Gregory and Donnie Taylor, Elfa Womack and Price Pritchett.

Just think -- 2 days vacation this week. Happy Thanksgiving and don't eat to much. Bye Bye, PAT

## News of Broadway

(By Mrs. T. E. Thornhill)

BROADWAY, Nov. 25 -- Sunday School attendance was very good Sunday considering the bad weather and so much sickness in the community. Everyone present enjoyed the special song by Brenda Marley, accompanied at the piano by her mother. She is the daughter of Mr. and Mrs. A. R. Marley. It is always such a joy to see the youngsters in our community take part in the Lord's work.

Among those who were quite ill over the week-end where Mrs. Richard Suddieth who was confined to the Crosbyton Hospital with pneumonia. Also Mrs. C. H. Moore, mother of Ola Moore, and Mrs. W. H. Rathel and Arlys Moore have been quite ill, and (Aunt Dodie) Mrs. H. R. Starrett was taken to the Crosbyton Hospital Sunday afternoon. We surely hope for all a swift recovery.

Mrs. Elvis Marley accompanied by Mrs. M. R. Givens visited Mrs. Beddie Wall in the Methodist Hospital in Lubbock on Tuesday of last week. At the last report Mrs. Wall was slowly improving.

Mr. and Mrs. Ben Beckham were Lubbock shoppers on Monday of last week. On their way home they stopped for a visit with his sister, Mrs. Joe Bishop of Lubbock.

Say! was the snow as much a surprise to others as it was to us? We had never seen a snow like this in November, but wasn't it lovely? but oh so cold. By sundown Sunday night most of it was gone. Every-time the weather does different, we wonder if this spell will clear the weather up for awhile.

The intermediates of the Sunday School had their Thanksgiving party at the church on Tuesday night of last week. They all report a very enjoyable time. Their teacher is Mrs. Harold Truell.

The ladies Sunday School class had planned a Thanksgiving dinner for last Saturday night in the home of Mr. and Mrs. Ola Moore, but the snow and sickness messed up their plans.

Mickey Givens visited with his aunt and uncle the D. D. Thornhills on Tuesday of last week. Mrs. T. E. Thornhill visited with Mrs. Richard Gossett in Crosbyton on Monday afternoon of last week. Billy Don Berry of McAdoo visited his grandmother, Mrs. Cecil Berry, Saturday while his parents, Mr. and Mrs. Donnie Berry attended a funeral.

Mr. and Mrs. D. D. Thornhill enjoyed a hamburger supper and games of 42 in the Ben Beckham home on Friday night of last week. L. R. Rainbolt and children, Mar- cia, Doug, and Jan, were Sunday

dinner guests of the T. E. Thornhills. Mrs. Hoyt McClure was among those attending the District WMU meeting at the Trinity Baptist Church in Lubbock on Wednesday of last week.

Mrs. R. E. Smith of Crosbyton was a caller in the T. E. Thornhill home on Thursday of last week. On Friday she and Mrs. Homer Smith and Bessie, of Dimmitt, all went to Ft. Worth to visit in the homes of Mr. and Mrs. Paris Percer and Dixie, and Mr. and Mrs. Dewey Parsons and Toney. Mrs. Homer Smith came down with the flu. We hope she will be feeling better soon and be able to return home.

E. K. Richardson of Egan visited last week in the Willard Richardson and A. D. Walen homes. Mr. and Mrs. J. M. Bennett has as visitors week before last, Mrs. Trezie Peacock and Mrs. Howard Mayfield on Monday, the D. D.

Thornhill on Tuesday night, Mr. and Mrs. Claborn Marsh and baby daughter, Marcella. Then last week callers were Mrs. Maude Berry and Mrs. Cecil Berry on Monday. Mrs. Maude Berry spent the day while Mrs. Cecil Berry only visited a short while in the morning. Tuesday Mr. and Mrs. Dick McDuff visited in the afternoon, and Wednesday Mr. and Mrs. J. H. Martin.

Mr. and Mrs. Dick McClure attended the Thanksgiving Supper at the Club Cafe in Crosbyton for the young married peoples Sunday School class of the First Baptist Church.

Friday Mr. and Mrs. Ronald McClure and girls split the snow and came over to the Hoyt McClures and spent the day.

Sunday visitors with Mr. and Mrs. Ben Beckham, and Mrs. Colene Thompson and children were Mr. and Mrs. Calvin Beckham and Barbara Kay of Lubbock.
