### Councilman Sees New Engine on Flight To Buffalo, New York

Councilman Mark H. Martin, accompanied by Mrs. Martin, was due home last night from Buffalo, N. Y., where they went by plane Monday morning, and where Mr. Martin inspected an engine at an engine factory.

The couple also made a side trip Tuesday afternoon to Niagara Falls and the Canadian side of the national boundary.

The trip was one of several the councilman is making to see engine installations before the city council opens bids for an addition to the municipal plant on February 17.

"The manufacturer wanted to pay the bill for my inspection trip, without any obligation on the part of the city," Martin said Monday before he left for up-state New York. "But we thought it might not look too good when the opening time comes, I am spending my own money."

Martin indicated three or four other trips to see the newest in power plants will be made, including one to Clayton, N. Mex., El Centro and Vernon, and possibly Denton in Texas.

He prevailed on Mrs. Martin to make the trip with him by promising the side trip to Niagara Falls and Canada.

### Public Power People Meeting in National Conventions at Dallas

Floydada has had several representatives in Dallas this week, attending national conventions in allied lines of public power.

Among these is J. D. Parks, superintendent of the Floydada Light and Power Division, who is president of the Texas Public Power Association. In addition to attending the meetings of the association he is representing the 79 city members of the Texas Municipal League and the TPPA on the national conference committee, sessions of which were held Tuesday morning and afternoon.

City Council at its last meeting approved the absence of the superintendent for the period of the convention and voted \$50 toward defraying his expenses there.

Lighthouse Rural Electric Cooperative is well-represented in the Dallas conclave, where the National Rural Electric Cooperative Association has been holding its sessions.

Manager Melvin Henry and Mrs. Henry, and Directors John B. Smithman, Roy Hale, Bill Smith, and O. E. Williamson; and their wives, are attending the last-named meeting.

### 4-H Adult Leaders Will Meet Monday

Assistant County Agent Lynn Pittard announced this week that a record training meeting of adult leaders of Floyd County 4-H Club boys and girls will be held Monday morning of next week, February 10, in the Council Room of the court house.

Both men and women leaders are expected to be present.

Pittard will go over record keeping with the men of the group and Joan Chesser, assistant Home Demonstration Agent of Hale county, has promised to be present and talk to the women adult leaders.

Pittard said that any parents who are interested in helping their children with their 4-H records are invited to listen in at the meeting.

### Another Pneumonia Attack

SI Medley is in Pitts Hospital wrestling again with pneumonia. He was admitted last Friday for treatment and has hopes of returning home by the week-end. He is feeling much better at this time.

Medley was in the hospital in September suffering from pneumonia. The current attack is not diagnosed as seriously as the previous one.

### Bad Men in Stinnett Jail Break Overpower Former Floyd Sheriff

Deputy Earl Cooper, former sheriff of Floydada, was reported not injured following a scuffle with three prisoners in the Stinnett jail early Sunday morning.

Reports said Cooper had entered the jail cell with breakfast for the trio when one jumped him from behind a shower curtain.

During the melee one of the men slipped to the jail kitchen and returned with a butcher knife, which was used to subdue Cooper. One of the men then went to the adjoining living quarters and forced Mrs. Cooper to hand over the cell keys. Then Cooper and his wife were locked in empty cells.

The prisoners escaped in Cooper's 1937 model car after taking a .32 caliber pistol found in the living quarters and a .38 caliber from the glove compartment of the car.

Shouts from Cooper and his wife attracted a passerby about 30 minutes after the trio sped away.

The car is equipped with two-way radio and the prisoners listened in on a conversation of peace officers about road blocks and plans for the re-capture, according to reports of the escape reaching Floydada.

The Cooper family has been in Stinnett for several months, the former Floyd County man accepting a job as deputy sheriff of Hutchinson County last spring after he had completed his term as sheriff.

## Questionnaire On Paving Sent Property Owners

"Will you pave and curb your street?" Is the question asked Floydada citizens today, as each owner of property in Floydada receives a paving questionnaire in today's mail from the City Council of Floydada.

The questionnaire with eight questions which are to be answered by property owners and returned to the council will guide city officials in planning a summer paving program for the community.

The council asks in the questionnaire if property owners are interested in curbing and paving their street and how they want to pay for it.

If a city-wide paving program can be worked out, the council hopes to find a way for property owners to pay for their paving over a three to five year period.

The estimated cost of paving a thirty foot street with curb and gutter is \$3.50 per foot per side.

A mechanics lien on the property could be signed at 7% interest if it was estimated.

In the letter signed by Mayor J. M. Wilson Jr., the council points out that two paving plans have been under consideration. Residents can either continue to pave on the small scale of the past projects or they can combine their efforts into a city-wide paving program which will make possible a lower paving cost, give the city a better engineered drainage map, and provide an opportunity for property owners to pay for their paving over a period of several years.

"Each property owner is urged to answer the questions which apply to their property and drop the questionnaire in the mail by February 17," Mayor Wilson said. "Council members want to plan the paving program the way Floydada residents tell them through this survey."

At the council's request, the civic

improvements committee of the Chamber of Commerce prepared the questionnaire for mailing.

Early this week a committee composed of Mrs. Dorris Jones, Orvis Phillips, Mrs. Alma Holmes, Sam Fowler, Mrs. Tom Snead, Claud Weathersbee, and O. M. Watson Jr., addressed, folded and sealed the one thousand and fifty-five questionnaires for mailing so that property owners would receive them today.

## Few Customers See Collector On Night Vigil

If all the "overs" and "unders" who are eligible to vote in Floyd County elections without a poll tax this year, came out and voted, and all who paid poll taxes and got exemptions also turned out Floyd County would likely have a total voting strength of 3,001.

The figures, estimating the overs and unders at 15 per cent of the paid poll taxes and exemptions, would be 2,986.

To keep the figures from being less than 3,000 and not come out exactly on three noughts, the reporter tacked on 15 to make the count come out at the figure of 3,001.

Actual voting strength of the county might be, probably is, higher, since the per cent of overs is quite considerable.

Persons who have passed the 60-year-old mark, are entitled to exemption from poll tax payments and, in a county of the population of Floyd, are not required to obtain certificates of exemption.

Poll tax receipts issued numbered 2,552. Forty-four obtained exemptions.

County Assessor-Collector T. T. Hamilton kept "open house" until the clock struck 12 Friday night to comply with the law which gives taxpayers until 12 midnight January 31, to make poll tax payments. It "paid off" for six late comers.

Hamilton said he issued one receipt at 9 o'clock, one at 9:30, one at 10, one at 10:30, and two at 11:30. The last two had come in home after a trip. The came nearly 20 miles to get their tax receipts, the collector said. He did not give the names.

## Tax Collections Equal Last Year, Hamilton Reports

If, as appears evident, many Floyd County people are not particularly interested in whether or not they pay a poll tax and vote, they at least have made a good record for taxpaying otherwise.

Yesterday Assessor-Collector Hamilton said that property owners met 94.5 per cent of the total taxes on the 1967 rolls on January 31, which compares with 94.6 per cent on January 31 a year ago.

Actually in dollars and cents the collections this year on January 31 exceed collections last year on the same date by \$61.50, Hamilton said.

When collections began last October Hamilton thought he was making a somewhat optimistic guess at 90 per cent collections. "And we're settled for that," he grinned.

## J. E. Burns Dies Of Heart Attack; Rites Held Monday

Funeral service for John Ambros Burns, 64, long time resident of Floydada, was held Monday morning at 10 o'clock in the Assembly of God Church with the Rev. L. L. Walker officiating, assisted by Rev. H. E. Smith, former pastor of church, now of Bonham. Burial was in Floydada Cemetery under the direction of Harmon Funeral Home.

Mr. Burns died at 2:30 Friday afternoon in Pitts Hospital after suffering a heart attack. Reports were that he had left Bishop Motor Co., where he was employed, by car and was enroute to his home when he was stricken. Witnesses said he lost control of the car and it went through the drive at the bus station, hitting a brick stand, but doing no damage.

His son, Leroy, also employed by Bishop Motor, was summoned and he took his father to the hospital.

Mr. Burns had been an employee of Bishops for seven years.

He was born February 13, 1893, in Garza County, Texas, and was married to Laura Painter June 17, 1914, the family came to Floydada from Denton County in 1928.

Survivors include the wife, one son, Leroy Burns, Floydada, three daughters, Mrs. Dorothy Jordan, Oklahoma City, Okla., Mrs. Johnny Faye Drake, Woodland, Calif., and Mrs. Bonell Waldrop, Delano, Calif., stepmother, Mrs. Mary Burns of Midland, ten grandchildren, three sisters, Mrs. Leslie Ross, and Mrs. Lillian Humphrey of Delano, Calif., and Mrs. Albin Wilson of near Los Angeles; also a half brother, Charles Davidson of Poteau, Okla.

Pallbearers were Dave Summers, Odie Milligan, A. G. Tyler, Emory Robertson, Joe Giles and Lyndell Roberts.

Honorary pallbearers were Doyle Jackson, Henry Russell, J. B. Bishop, David Kirk, Winfred Payne and Connie Dever.

## PCG Meeting Friday Night

Notice that the annual meeting of the Floyd County unit of the Plains Cotton Growers Association will be held Friday night was being issued this week by the directors for this county, Lester Carter and E. J. Foster of Lockney.

The date is February 7, and the meeting place will be the Lockney High School Auditorium, the hour 7 o'clock.

Directors for the meeting will be elected at this time. Also reports on activities and future plans will be given.

Cotton producers and men in allied businesses are invited to attend.

## W. D. Hollums Death Follows Brief Illness

William Douglas Hollums, 45, of Lubbock, a native of Floydada, was pronounced dead on arrival at the Methodist Hospital in Lubbock Saturday afternoon following a sudden heart attack.

He was with his nine-year-old daughter, Sarah, at a miniature golf course when he became ill and went to his car. He had almost expired when his plight was noted by an attendant. He had only a slight pulse when he reached Methodist Hospital.

Funeral rites were conducted at 3 o'clock Monday afternoon in the City Park Church of Christ of Floydada with Minister Geo. W. Stevens, of the Broadway Church of Christ, Lubbock, officiating, assisted by Gordon L. Downing, minister of the Floydada church.

Interment was in Floydada cemetery under the direction of Harmon Funeral Home.

Born in Floydada July 12, 1912, Mr. Hollums attended Floydada schools and was a veteran of World War II.

He was married to Evelyn Fields daughter of Mr. and Mrs. W. H. Fields, of Lockney, on August 14, 1933.

Mr. Hollums early business life was with the Arthur B. Ducah Abstract Company, and as an employee of American Railway Express. Later he made his career in the oil business.

## Thomas Toliver of Plainview, Announces For Representative

Thomas Toliver of Plainview has announced that he is a candidate for representative of the 89th Legislative District.

The district includes Hale, Floyd, Swisher, and Briscoe Counties.

Toliver is a life-long resident of this area, having been born and reared at Plainview.

"Knowing the problems and wishes of the people in this area, I am confident that I can serve them ably and I will keep in touch with them so as to look after their interests in the Legislature if they choose me to represent them," Toliver said.

"Being a farmer most of my life, I appreciate as much as anyone the tremendous value of the Plains underground water and if I go to the Legislature that resource will be one of my foremost interests at all times," the candidate said.

Toliver who is nearing his thirties attended Plainview public schools and graduated from high school there. He studied in the University of Texas Law School for a year before going into the U. S. Army for a two-year hitch. Upon being discharged last fall, he re-entered the Texas U. S. Law School and will be in the University until the spring session is concluded.

Toliver and his wife will return to Plainview upon the close of the University semester the latter part of May and devote full time to his campaign.

The present incumbent representative is not seeking re-election to the legislature.

## New Quiz Body Votes Fourteen Bills In a Day

The "February" grand jury of the 110th District Court for Floyd County, empaneled Monday morning, returned 14 indictments into open court late the same day.

Eleven of the indictments alleged forgery and passing forged instruments, one charged possession of narcotics, one charged theft over \$50 and one burglary.

Arrests had been made on nine of the 14 true bills returned. Arrests had not been made Monday night on four of the forgery and passing instruments and the theft charge.

The new grand jury, which serves until August, is composed of seven men and five women. Guy W. Ginn was appointed foreman by Judge L. D. Ratliff. Other members are: Roy Fawver, Malvin Jarboe, Mrs. Wallace King, William E. Brown, Mrs. R. E. Fry, Bill Beedy, Jack Stansell, Mrs. C. J. Taylor, Mrs. Henry Hodel, Lester Carter and Mrs. E. W. Walls.

Five men are involved in the nine cases on which arrests had been made Monday afternoon. The names of the defendants in the other five cases will not be given out until after arrests have been made. It was said by court attaches.

**Jack Kultgen**, left, business executive of Waco, has been elected president of the board of directors of the Brazos River authority. He succeeds Herbert S. Hilburn, right editor and publisher, who has been a member of the board since 1935 and its president since 1953.

## Ginners Asking For Show Down On Arbitrary "Zoning" Practice

Practically every gin in Floyd County is due to be represented at a conference this morning at 10 o'clock with a representative of the Cotton Classing Division of the Department of Agriculture, out of Washington, D. C., when formal protest will be made of the "zoning" practices of the Lubbock Cotton Classing Office.

They will be backed up by many farmers who view "zoning" as an unfair method of reaching the value of a sample of cotton. The practice has cost farmers of this county, they believe, many thousands of dollars.

The conference is due to be held at the cotton classing office. It will take the form of a monster protest meeting, if the cotton raisers have their way.

Yesterday Doyle Mount, one of the cotton growers who voiced displeasure with the arbitrary downgrading of the Floyd county staple, said also that the classifications on "wasty" and "barky" cotton also would be brought up.

Floyd is one of several counties designated as in the "north zone" and staple from this area is downgraded arbitrarily but cotton from this county which is graded from a gin outside of the "north zone" is not penalized.

The ginners and cotton growers are to insist on getting their cotton graded on the basis of the individual bale and its merits as to staple and fibre length.

The protest meeting this morning was sparked by Lester Pearson, manager of the Allmon Gin, who was displeased with what he termed arbitrary methods employed by the Lubbock classing office. He attempted to get a re-grade out of the Memphis, Tenn., office. Failing in this he appealed to the Washington office handling the cotton classing operations.

The promise to have a showdown on the claim of arbitrary discrimination followed.

Ginners from 50 or 100 communities in Floyd, Hale and other "north" counties are due to be represented and to have the backing of their farmer customers.

A preliminary meeting of the protesting ginners and farmers was to have been held last night at the Allmon Gin in southwest Floyd County.

Late yesterday it appeared that the idea of making the protest in numbers was catching on like wild fire and that many farmers are to join the ginners in backing up their protest with samples which they deem to have been unfairly downgraded.

## Crucial Basketball Contests Loom For Dist. 2AA Crown

The Post Antelopes come to town tomorrow night (Feb. 7) for a pair of basketball games the first starting at 7:00 p. m. The Antelopes downed both the Floydada boys and girls when the teams met in mid-January and the contests this time should be interesting ones.

Post is the only team in the district holding a win over the Floydada boys and the locals will be out to prove it was all a mistake. Post has a much improved ball club since early season when the "Winds" defeated them by nearly 50 points in the Crosby tournament.

On Tuesday night the Spur Bulldogs will be playing in Floydada and then next Friday Floydada will go to Tahoka for their big clash with Tahoka's Bulldogs. This game will wind up the regular season and barring ties will name a district champion in the boys' division.

It now appears that Dimmitt will be the opposition for district 2AA in both boys and girls bi-district games. The Bobcats have a good lead in the district 1AA standings. Abernathy's girls should be able to coast in for their district title with Floydada and Tahoka battling it out for the boy's crown.

Last Friday Slaton and Floydada split victories in the local gym with Slaton going home with a 37-34 victory in the girls game and Floydada winning 64-38 in their contest.

For Floydada's girls it was Joyce White with 15 points and Mabel Johnson with 11 who led the scorings. Slaton's Motty Dickson and Pat Schilling hit 15 each for scoring honors.

Floydada held several leads in the second half of the contest but loss of Lajuana Womack by injury and other regulars by the foul route spelled doom in the fading minutes of the girls contest when Slaton came back strong.

The Floydada boys were never in serious trouble in their game and showed some of the best teamwork to date against the Tigers. Coach Paul Huntington let all of his squad see action in the game. Ronnie Downing was high scorer with 13.

Points, James Teague had 12 and for Slaton it was Corley with 13 that took scoring honors.

**Scores Last Week**  
Floydada 60 - Abernathy 55;  
Abernathy 58 - Floydada 30 (girls)  
Tahoka 61 - Slaton 41;  
Tahoka 34 - Slaton 32 (girls);  
Post 37 - Lockney 42;

## County School Board Session

Members of the Floyd County School board met in regular session at 2 p. m. Monday in the office of County superintendent Clarence Guffee.

All members of the board were present. They were Tom Porter, Milton Evans, Ewald Quebe, Bill Beedy and F. M. Covington.

Present conditions of the schools were discussed. A motion carried that two new school buses be purchased, one going to Lakeview, the other to Dougherty.

Permission was given to Lockney Independent School District for colored high school students to be transported to the colored high school in Floydada in the year 1958-59.

A new building is being planned in the future for the colored high school here. However details of the structure are not complete as yet, but more added space is needed, it was said.

## Brother Is Gravely Ill

Mr. and Mrs. Edd Johnson returned from Daingerfield, Texas, Monday this week where they visited with a brother, Ernest Johnson, who is very ill.

Mr. Johnson said his brother was taken to a Houston hospital and is suffering from throat cancer. He was a carpenter by trade before illness forced his retirement about a year ago.

From all the reports we have received it has been hard to figure out who is the proudest of the new baby son of Mr. and Mrs. Jimmy

Barnett of the Wake community. It seems that the Grandfather Barnett was quite anxious for a grandson. We extend congratulations to the parents and grandparents.

Coming home from church Sunday morning we saw the prettiest kite flying up at the Beckhams. It belonged to their granddaughter Barbara Kay Beckham of Lubbock. She and her parents were visiting the Beckhams.

Mr. and Mrs. R. C. Rathel went to Dimmitt Saturday and helped the Kenneth Havens load up their household furnishings. The Havens still have not rented a farm. They are hoping to within the next few days.

Mr. and Mrs. Charles Thornhill of Kermit came up Saturday and visited the D. D. Thornhills Saturday night and Sunday. Mr. and Mrs. Jack Thornhill, Pam and Brad of Amarillo, came down as far as Lubbock Saturday night and spent the night with her folks, Mr. and Mrs. H. B. Barnett, then came on over and spent Sunday with the D. D. Thornhills.

Mr. and Mrs. Malcolm Morris of White Flat were Sunday guests with their daughter and family Mr. and Mrs. Odell Wilson and children.

J. T. Wilson, nephew of Odell Wilson, of Hobbs, N. Mex., spent the week-end in the Odell Wilson home.

Mr. and Mrs. Willard Richardson, Pete and Myrna Beth and Mrs. Nancy McDuff went over to the Claborn Marsh's Sunday afternoon.

Mr. and Mrs. Richardson stayed with their granddaughter Marcella while Mr. and Mrs. Claborn Marsh, Mrs. Nancy McDuff, Pete and Myrna Richardson went arrow head and fossil hunting. Nancy found a perfect arrow head. They also found some fossils.

Mrs. Homer Smith of Dimmitt telephoned Sunday night while visiting the R. E. Smith's in Crosbyton. She reports Mr. Smith is feeling much better.

Mr. and Mrs. Ben Beckham, Mr. and Mrs. D. D. Thornhill visited with your reporter and family and watched the Roy Rogers Chevy Show and the Ft. Worth stock show on T. V. Sunday night.

## Maintenance and Repair of Your Appliances

If your appliance needs repair, look up the guarantee that accompanied the purchase. It may provide for service on new parts or replacement parts, and save you a repair bill. Also, when buying, make sure replacement parts will be available. To keep your appliance in good condition:

Clean it regularly and always after use.

Be careful not to overload your circuits; this diminishes effectiveness of equipment -- and it is a fire hazard.

Keep electric cords dry. Wipe acid foods off enamel surfaces immediately.

Never coil the cord around a hot appliance. Cool appliances before storing.

Hang detachable cords over wooden pegs, don't twist them. Oil equipment according to manufacturer's instructions.

ABOVE ALL: Read the instructions for care and maintenance that accompany your purchase. Careful attention to these will pay off in longer life and health for your household appliances.

When you buy be sure to do so from a qualified dealer -- and when you need repair work done be sure to have a qualified repairman do it for you.

Mr. and Mrs. Buck Maricle and boys spent the week-end in Dumas with her parents, Mr. and Mrs. Bill Lathen and boys.

Mrs. Marvin Dykes of Meadow has been visiting with her daughter and family, Mr. and Mrs. Bob Nowell, and children, for several days. They took her home Monday night.

Mr. and Mrs. Edwin Neff and Gayle spent the week-end in Amarillo with his brother, Buddy Neff and his family. Mrs. W. P. Neff accompanied them home; she had been in Amarillo for a week with her son and his family.

Mrs. J. H. Hutchins and Mrs. Tyniah Williams of Ralls spent Sunday in the home of their son and brother and his family, Mr. and Mrs. Tom Hutchins, David and Dale.

Mr. and Mrs. Don Webster of Lubbock spent the week-end with her parents, Mr. and Mrs. W. O. Baker.

Mr. and Mrs. Leslie Fawver and children visited Sunday afternoon with her parents, Mr. and Mrs. Roy Fawver in the Lakeview community.

Mrs. Lois Greshhouse of the Lighthouse Electric Cooperative, spent Monday at the Lighthouse. Lois is the new Home Economist at the neighboring co-op at Tahoka, down in Lynn County.

I believe every homemaker has a dream of having a workless washdays. The automatic washer and dryer makes this dream come true. These cold winter days make the dryer especially appreciated.

Beckhams and T. E. Thornhills visited on Friday night in the D. D. Thornhill home.

Monday afternoon visitors with Mrs. D. D. Thornhill were Mrs. S. P. Starrett and Cheryl of Crosbyton, Mrs. Conda Starrett, Mrs. M. R. Givens and Mickey.

Mrs. T. E. Thornhill visited with Mrs. Frankie Lee Cowsey in the Crosbyton hospital on Monday afternoon of last week.

Mr. and Mrs. M. R. Givens and boys Teddy, Preston and Mickey enjoyed a hamburger supper with the D. D. Thornhills on Tuesday night of last week.

Here are some of the advantages of the electric clothes dryer: SAVES TIME AND EFFORT -- The automatic electric dryer eliminates stooping, stretching, and lifting of heavy wet clothes to hang them on the lines -- or to remove them when dry. ELIMINATES DRYING HAZARDS -- the homemaker can ignore weather conditions and can dry her clothes regardless of rain, snow, or high wind outdoors. And she need not worry about damage from soot, birds, insects, or about pieces which may be torn by severe winds. OPERATES EASILY -- It's very easy to load and unload a modern dryer. The dials are simple and easy to set. PROTECTS FABRICS -- A modern dryer keeps clothes soft, fluffy, and sweet smelling. Tests have proven that the electric dryer reduces color fading as compared with line drying, even when it is in the shade.

It has been said -- "The secret of happiness is not in doing what you like -- but in liking what you do."

"You aren't fully dressed until you put on a smile."

"Chop your own wood and it will keep you warm twice."

The Mount Blanco Home Demonstration Club met last Tuesday afternoon at the home of Mrs. S. G. Apple for their regular meeting, which had been postponed. The roads were so muddy some were unable to attend. The demonstration was on "Cheese Dishes."

The members of the Lone Star Home Demonstration Club and the members of the Sterley Home Demonstration Club were guests in the Lighthouse Kitchen last Thursday for an all-day meeting. The demonstration was "Chicken in the Bag" or "Frying chicken in a paper sack." Each lady brought a covered dish and lunch was served at noon to thirty members and guests. Agnes Braly of Plainview was a guest.

FLOYD COUNTY AGENT

Floyd County 4-H Clubs held a lamb fitting and showing demonstration Saturday, February 1, at Lockney with 25 people attending. Sonny Scott of the Allen Community demonstrated to the boys how to block their lambs and each boy worked individually on his own lamb.

The boys attending were Jimmy Ed Pritchett, Dale West, J. Frank Parks, Bud Haginbotham and Allen Adams of South Plains; Mark and Travis Montandon, Ray Grant and Pat O'Brien of Aiken; Dan Smith of Sand Hill Community, George McChase of Lockney, and Don Lloyd of the Fairview Community.

Plans are well under way for the Floyd County Junior Fat Stock Show to be held March 10-11-12. This looks like one of the best quality shows to be held in several years. About 165 barrows, 40 calves and 80 lambs are on feed for the show by 4-H and FFA members. Banners and trophies for awards will be on display within a week or two. Officers for this year's stock show are Bill Beedy, president, Chester Mitchell, vice president, R.

L. Knox, secretary. The Floyd County West District will be making a survey of all farms in the county within two weeks. This survey on bindweed infestation methods that you have controlling bindweed. On the questionnaires will be prelated. This job is a co-operation and coordinating all and farmers in controlling bindweed and grass.

Soil Fertility Day is being held in Lockney. An interesting one is being arranged to cover subjects as irrigation, cotton, fertilizers and grass seed. Be sure and plan to attend.

Gayno Wright Scott, A & M College, returned to Station last Friday after a few days between his father, Hal Scott.

# Double Ring Rites Unite Dwina Glassmoyer And M. A. Custer Jr.

Mrs. Ted M. Small of Abilene was matron of honor. She wore an original imported peau de sole with full pleated skirt and three-quarter length sleeves. At the shirt neckline was a tuck-in pure silk chiffon scarf. Her attire was of champagne rose color with matching accessories. She wore a bando of satin fold of the same champagne color. She carried a styled cascade hand bouquet of golden harvest carnations finished with a shower of picot yellow satin.

Mrs. Dwina D. Small of Abilene was flower girl. She was dressed in a blue organza with tucked bodice, full skirt and cummerbund. Embroidered flowers accented the skirt and sleeves. She carried a yellow basket of satin and nylon tulle in which yellow roses were placed.

Following the wedding a reception was held in the Midland Country Club. In the receiving line were the mother of the bride, matron of honor, bride and groom, Mrs. W. E. Cox and daughter, Martha.

Assisting in the house party were Miss Sarah I. McDonald, Midland, Mrs. Eddie W. Conner, and Mrs. Bill Cross, both of Amarillo.

The bride's table, which held the bridal cake and punch bowl, featured a cupid container in a cascade arrangement of white stock and golden harvest carnations in the bride's chosen colors.

Members of the house party wore shoulder corsages of white carnations. The bride chose for a wedding trip to Las Vegas, Nevada, a brown cashmere suit with brown accessories.

The bride's table was laid with net over blue centered with a Valentine theme. Flowers in pink and blue carried out the honoree's chosen colors in an arrangement placed around a mailbox where a miniature cupid was mailing a heart shaped letter.

Mrs. Lewis Lloyd served spiced tea from a silver service along with cake squares topped with wedding bells, to those attending.

MRS. MARION ARTHUR CUSTER JR. (Dwina Ann Glassmoyer)

Hostesses Honor Mrs. Allen Gross At Bridal Shower

A bridal shower was given Friday night in the home of Mrs. R. C. Bullock honoring Mrs. Allen Gross, former Gloria Adkins, who was married last week.

The bride attended Texas Technological College at Lubbock and West Texas State at Canyon. She is a member of the French Heels club.

The bridegroom attended Oklahoma A & M at Stillwater, Okla., and is in West Texas Geological Society, A. A. P. G., and the Bachelor's Club.

Out of town guests attending the wedding included Miss Dorothy J. Rushing, Houston; Mr. and Mrs. Tate Jones, Mr. and Mrs. Charlie Lewis, Mr. and Mrs. Richard Stovall, Mr. and Mrs. Hayes O'Neal, Mr. and Mrs. Grady Walker, Mr. and Mrs. Jack Denkins, Mr. and Mrs. Howard Drysdale and children, Mr. and Mrs. George Mize, Mr. and Mrs. Preston Watson and Mr. and Mrs. Lee Rushing all of Floydada.

Mr. and Mrs. Collin Dunnam, Lubbock; Mr. and Mrs. Bill Cross and Mr. and Mrs. Eddie Conner, Amarillo; Mr. and Mrs. Bill Purdy, Florey and Mr. and Mrs. Jim Baldrige of Wink.

Mrs. Gross was presented five pieces of her chosen china and an electric skillet by the hostesses. Approximately 135 guests registered or sent gifts.

# Double Ring Vows Unite Couple In Sunday Ceremony

Miss Nelda June Barbee, daughter of Mr. and Mrs. Charlie Warren, became the bride of Alvin R. C. Alvin Lee Battey, in a double ring ceremony read in the home of the bridegroom's parents, Mr. and Mrs. Wayne Battey, a 3 o'clock Sunday afternoon.

Rev. W. D. Reaves, pastor of the First Christian Church performed the marriage.

The bride wore a pink polished cotton, styled with a low neck and off the shoulder collar. The skirt was full with unpressed pleats. Pearls and sequins were embedded in the material. She wore a veil of French illusion in bridal blue. Her wedding bouquet of pink carnations were carried a top of a white Bible.

For something old, the bride chose a rhinestone necklace, something new was her wedding attire, something borrowed was her ear-rings and something blue was a garter.

Attending as bridesmaid was Miss Dorothy Breed. She wore an aqua stretch length dress with baby pink accessories, and a corsage of pink carnations.

Bobby Britton served the groom as best man. Donnie Barbee, brother of the bride, and Jerry Battey, brother of the groom, served as candle lighters.

For traveling to Memphis, Tenn., where the couple will make their home, Mrs. Battey wore a black velvet jumper with pink accessories and wore a corsage from her bridal bouquet.

Both attended Floydada High School, the groom completing his schooling in the Air Force. Mrs. Battey was formerly employed at King's Variety.

Attending the wedding were parents of the couple and attendants.

MRS. LOUIS YOUNG Charlotte Lee Johnston

# Former Floydada Girl Is Married At Refugio, Texas

BEFORE — Before an altar banked with ferns and white stock, Miss Charlotte Lee Johnston became the bride of Louis Young, Friday, January 24, at 8 p. m. in a double ring ceremony at the Church of Christ with Brother Albert Jennings officiating.

The bride is the daughter of Mr. and Mrs. Floyd Johnston, and the groom is the son of Mr. and Mrs. Nathan Young of Refugio.

Due to illness of a relative Mr. and Mrs. Johnson were unable to attend the wedding, so G. R. Edmondson presented the bride in marriage.

The bride chose a light blue tulle suit with white accessories. She carried a white Bible topped with a bouquet of lily of the valley centered with white carnations.

Mrs. Jerry McCoy, sister of the bride, was matron of honor. She wore a light grey suit with pink accessories.

Jimmy Hodges served as best man. Following the ceremony, a reception for close friends and relatives was held at the home of the groom's parents.

Mrs. Lee Hill of Wharton, grandmother of the groom, was the only out-of-town guest.

The couple is at home in Refugio following a short wedding trip.

### Red Bud Planted As a Tribute To Mrs. E. L. Norman

A memorial service in remembrance of Mrs. E. L. Norman was held in Napoleon Park Wednesday morning at 10:30.

The memorial was in form of a tree planting, a red bud, by the Floydada Garden Club of which Mrs. Norman was a charter member.

The Garden Club was one of her favorites said her surviving husband who was an invited guest at the ceremony.

Plans were to plant the red bud on Arbor Day, but bad weather forced postponement.

In a brief address at the ceremony Rev. Ed B. Bowles, pastor of the First Baptist Church, said that the life of a tree is like that of a wholesome person, in that it spreads beauty and brings happiness to those about it.

Mr. and Mrs. Sherman Irwin and daughter of Muleshoe were here this week visiting with relatives and to attend the funeral of John Burns.

Funeral rites were conducted Wednesday afternoon in an Abilene Baptist Church.

Attending from this area were Mr. and Mrs. S. J. Latta, also other uncles, W. A. Latta and Mrs. Latta and M. C. Latta, all of Mt. Blanco, and Mr. and Mrs. E. Latta of Plainview.

**MRS. HOFFMAN IS GIVEN FAVORABLE REPORT AT SEALY**

Mr. and Mrs. John Hoffman returned home Tuesday night from Galveston where Mrs. Hoffman went to receive medical attention and go through the clinic at John Sealy Hospital.

The doctors gave some encouragement to Mrs. Hoffman but said she would have to return every two months for a while for further treatment.

Mr. and Mrs. Edward Wester and children, accompanied by Mrs. Westers father, H. N. Powell of Dougherty, returned home Sunday after visiting in Maybank with relatives and in Weatherford with a brother of Mr. Wester, Dr. Bill Wester and family.

Vanda Carter, student at Tech, was here last week for a few days with her parents, Mr. and Mrs. Ernest Carter and son. Other guests with Vanda were three of her sorority sisters from Tech, Misses Sue Miller, Lile Brown and Sarah Shevlerland.

### McCOY - STARKEY NEWS LETTER

(By Mrs. John Fowler)

**Hi Neighbors:**  
May I come in awhile and visit with you?  
Mrs. George Smith called this morning. I didn't know they had returned from California. They had a wonderful visit going up into the northern part, but most of their visit was in Los Angeles with her family there. But she was sure the plains looked best Mr. and Mrs. Fletcher Stark, of Ralls went with their family.

The McCoy Gas Association met in the Starkey Club house on January 27th. They elected for the following year, Keller Holmes, president, John Fowler, vice president, Tom Porter, secretary. The other directors are B. P. Sandefur, Lloyd Pate, Wilson Edwards, Olin Byrant.

Sure sorry that R. C. Day is in the Methodist Hospital at Lubbock. La Neil Tardy is in the Floydada hospital with the flu.

Mrs. Harlan Weaver, of Lubbock, visited her parents, Mr. and Mrs. Lloyd Pate last Thursday.

J. W. Day, Jr. and Rafe Ferguson have returned from Tucson, Ariz. They brought Mr. and Mrs. Day Senior back to their home in Burburnett. Mr. Day had been out there for his health.

Was talking to my sister in law, Mrs. Jack Robertson, at Ralls this morning and she told me that Ethel Henry had a heart attack and is in the hospital. Mrs. Clayton Thornton had a back operation, and Bill Marr is in the Hospital with pneumonia. I know they are not neighbors in this community but I am sure a lot of you know them. They are all in the Methodist Hospital at Lubbock. The report was good.

Mr. and Mrs. E. M. Jackson visited their parents Sunday Mr. and Mrs. F. L. Marble of Lockney.

Those attending the O. E. S. supper honoring the Masons were Mr. and Mrs. Wilson Edwards, the John Fowlers, E. M. Jacksons and Lyn, Keller Holmes, and the Lloyd Pates.

Mr. and Mrs. O. L. Bearden had all of their children home for Sunday dinner. They were Mr. and Mrs. M. J. Williams and children and Mr. and Mrs. Jack Williams, all of Petersburg; also the two Austin girls from Plainview, Mr. and Mrs. O. L. Bearden Jr. and boys of Rearing Springs, Miss Thelma Bearden of Amarillo, Mr. and Mrs. Connie Bearden of Floydada. The dinner was for Connie who leaves the 6th for the service. It seems like you forget that boys are still going to the service until one of your neighbors has to go. We will sure miss Connie and hope he will let us hear from him.

Mr. and Mrs. John Fowler were Sunday visitors with daughter, Mr. and Mrs. J. R. Bartlett of Friona.

Those attending the tea honoring Mrs. Bill Walker Monday were Mrs. B. P. Sandefur, Wilson Edwards, Lloyd Pate, and John Fowler. Mr. and Mrs. Paul Willis and Mrs. Violet Sims of Petersburg were Sunday visitors in the George Smith home. They heard a lot about California. I am anxious to hear some too.

Be sure and call me with your news.

### Lockney S. H. Stage Damaged By Fire

Fire which started from a flood-light placed too close to a stage curtain resulted in heavy damage Wednesday night of last week at the Lockney High School auditorium.

The auditorium was being used at the time for rehearsals of a play which was to be staged that night, and which came off as scheduled.

The fire was discovered by Mrs. Sid Thomas, speech teacher. Quick work of the Lockney Volunteer Fire Department prevented it from spreading. Holes were chopped in the roof to get at the blaze.

H. H. Nickolas, Lockney school superintendent, estimated the damage at about \$1,000.

Charlie Bedford, vice-president of the First National Bank, was admitted Tuesday evening to Pitts Hospital suffering from flu. Mr. Bedford's condition is reported satisfactory.

### LAKEVIEW 4-H CLUB GIRLS

Lakeview's 4-H Club girls met January 29. Mrs. Edwards showed the girls how to sew in a hem, and passed out the new 4-H Club year books.

Mr. and Mrs. Brown Kendrick, of Dallas, left yesterday to return home after visiting here with Mrs. Kendrick's sister, Mrs. Jack Henry and her mother, Mrs. E. A. Hopkins, for a week.

Mr. and Mrs. J. D. Young attended a dinner and salesmen's business meeting in Lubbock Thursday night for employees and managers of Bell Milk Company.

At the dinner, which was held in a downtown cafeteria, Mr. Young received an award for being second high man in the organization milk and ice cream sales for a three month period.

Mrs. A. E. Guthrie returned home Thursday of last week from Denton where she had taken her son, Carroll B. who is a student now at North Texas State College. Carroll has transferred from the New Mexico Military Institute at Roswell.

Mr. and Mrs. W. C. Burton were in Lubbock Monday where they spent some time with their daughter, Mrs. Randolph Green and family. Mr. Burton has been "under the weather" this past week with a cold.

Judge and Mrs. Alton B. Chapman of Amarillo, former residents of Floydada, were here visiting last Thursday and Friday with friends. The couple went on to Spur Saturday on business.

Mr. and Mrs. Bob Reeves and children, accompanied by Mrs. John Green, are due to return home today from Brady, where they spent yesterday with a brother of Mrs. Green, Charlie Hillard. The latter is hospitalized with a heart ailment.

## Cotton Growers Are Signing Up For Soil Bank

It is an on again, off again, gone again fluctuating sort of situation over at the ASC office on cotton soil bank acreage contracts, it appeared this week.

Newsmen trying to keep up with the "open" and "closed" periods have been one to two steps behind developments over since the plan was announced early in January.

At the moment ASC office manager Thos. J. Hutchins said he is now listing names of cotton producers, who will be offered contracts in the sequence of their names on the list, and if more funds are made available.

Quite a bit of money was allocated to cotton acreages contracted on the first come first served basis when the plan was first offered in this county.

Later on a definite allocation up to \$200,000 was opened up. This lasted four days, farmers signing contracts ranging from \$25 to \$74 per acre.

Mr. Hutchins said he didn't know whether there would be any more allocations at all, but if so, his office will be prepared to act quickly to offer the deal to farmers who may be interested.

New closing date for all soil bank contracts has been moved up to February 20 from March 7, Hutchins said.

## Mrs. Lewis Norman Wounded By Small Calibre Gun Shot

Mrs. Lewis Norman, wife of the city secretary, is in Dallas this week at a hospital where she is under the care of a specialist.

She was moved Tuesday from Lubbock hospital where she had been since Wednesday night of last week.

Mrs. Norman was injured in the upper chest and shoulder by a .22 calibre rifle bullet Wednesday night. She was cleaning out a closet when the gun, belonging to her sons, was discharged, Mr. Norman said.

Dr. A. E. Guthrie said there was considerable damage to the shoulder by the bullet which shattered the arm bone just below the joint.

Mr. Norman said his wife would be sometime recovering from the effects of the accident.

## Complete Silence Enjoined To Save Patient's Voice

An unusual case in the current epidemic of virus infections of throat and lungs is that of Mrs. Alison Nolan, who became ill two weeks ago, and developed a whispering hoarseness that a specialist tells her will yield only to complete silence.

Her vocal chords are strained and become inflamed. He declares that her voice is at stake. He has indicated no medication, just complete rest for the voice.

After seven days of rest a check-up will reveal whether she can resume speech in a limited way.

## Bobby Carmack Is Praised by Dean At Panhandle A&M

Bobby Carmack, a graduate of Floydada High School, has gone on to gain high honors in his chosen college, Panhandle A & M College at Goodwell, Okla., a note from the dean of the school to Supt. I. T. Graves of Floydada Public Schools, reveals.

Bobby, who is a senior at Panhandle A & M, is on the dean's list of high honor students for the year 1935-36. For the first semester his grade average was 92.1.

In addition to his scholastic achievements, Carmack has also lettered three years as guard on the football team and has placed high in other athletic activities.

Bobby is the son of Mr. and Mrs. C. B. Carmack of Floydada. He is married and his wife, the former Leila Wiley, a Colorado girl, teaches at Goodwell.

## Mrs. Lewis Norman Wounded By Small Calibre Gun Shot

Mrs. Lewis Norman, wife of the city secretary, is in Dallas this week at a hospital where she is under the care of a specialist.

She was moved Tuesday from Lubbock hospital where she had been since Wednesday night of last week.

Mrs. Norman was injured in the upper chest and shoulder by a .22 calibre rifle bullet Wednesday night. She was cleaning out a closet when the gun, belonging to her sons, was discharged, Mr. Norman said.

Dr. A. E. Guthrie said there was considerable damage to the shoulder by the bullet which shattered the arm bone just below the joint.

Mr. Norman said his wife would be sometime recovering from the effects of the accident.

## Complete Silence Enjoined To Save Patient's Voice

An unusual case in the current epidemic of virus infections of throat and lungs is that of Mrs. Alison Nolan, who became ill two weeks ago, and developed a whispering hoarseness that a specialist tells her will yield only to complete silence.

Her vocal chords are strained and become inflamed. He declares that her voice is at stake. He has indicated no medication, just complete rest for the voice.

After seven days of rest a check-up will reveal whether she can resume speech in a limited way.

## Patsy Johnson Brock Says Sue Flenniken Was Marvelous Rider

Sue Flenniken, Floydada's sponsored lakeview girl, who rode throughout the Fort Worth Pat Stock Show in the barrel races, did a marvelous job of riding, declared Mrs. Patsy Brock, a former neighbor, who before her marriage was Patsy Johnson.

Carl and Patsy went to the show Saturday in company with Mr. and Mrs. W. H. Brock of Meridian, Carl's parents.

"We spotted Sue right away wearing her beautiful black suit in the grand entry. She was very pretty. We didn't get to talk to her," Patsy wrote Mrs. Verlon Wright of Lakeview the first of the week.

News reports of the stock show barrel races in which Sue was entered, said that she won fourth place. The races were staged twice daily during the show. Sue was entered in the races for the third year by invitation of the show management.

## Jr. High Cage Team Enters In McAdoo Tourney

Floydada Junior High boys basketball teams are playing this week in the tournament at McAdoo. Their first round game was scheduled Tuesday with Lorenzo, but that school failed to show up and the local boys squared in an A squad versus B squad game. The A boys advanced in the winners bracket. The B boys going to the consolation. Both teams are slated for action again today.

Tournament play is not new for the junior high teams. The boys have already brought home two first place trophies. They won the Matador meet some two weeks ago and last week turned the trick again when they took the championship at Boering Springs. The team is coached by Pete Pugaar.

At Boering Springs the boys defeated Spur 46 - 24 in the opening round with Jay Dycus hitting 19 points and Rodney Teague scoring 11. In the second match they took McAdoo 51 - 20 as Teague hit for 14 and Don Switzer added 13 for scoring honors.

In the championship game Floydada defeated Matador 37 - 27 with Teague and Dycus again high scorers and these two boys were named to the all tournament team. The girls team did not fare so well. They won over Spur in the first round then lost to McAdoo 30 - 44 in the second round. Playing for third place they fell before Patton Springs 13 - 33. Carolyn Moore and Doris White were named to the all tournament team.

Mr. and Mrs. J. C. Odum had their children home for the weekend. They were Mr. and Mrs. Stanley Walls and daughters, Deborah and Elaine of Monahan, Mr. and Mrs. Johnny Warren of Plainview. Mrs. Odum's mother, Mrs. J. H. Poore, was also there for supper Saturday night.

Advertise for it in Hesperian.

## Comedy Is Big Hit With Play Goers

The response to the 3-Act play presented at the Floydada High School auditorium Monday night and Tuesday night of this week was very good, and the acting superb, said some of many who attended the performance.

"A Date With Judy", was the title of the play, a delightful comedy portrayed by members of the High School speech department under the directions of Mrs. I. T. Graves.

The cast goes into rehearsal today for a contest drama play, casting the same players. This will be a District 1-Act play and will be presented on March 21, with Mrs. Graves directing.

Time and place will be later announced.

Sunday dinner guests with Mr. and Mrs. Tom Shaw were Mr. and Mrs. Virgie Shaw of Floydada, Mr. and Mrs. John Austin of Lubbock and Mr. and Mrs. W. M. Cornelius of Plainview.

## Wake News

(By Ann Barnett)

**WAKE, Feb. 3—** Mr. and Mrs. T. R. Jones were Sunday dinner guests of Mr. and Mrs. Bush Phipkins of McAdoo.

Mr. and Mrs. Weldon Sigler and Dale visited Mrs. C. M. Norris of Floydada Monday night.

Mrs. Bud Goen, who has been a patient the past week in Pitts hospital, was taken to Lubbock this morning by her husband for clinical tests.

## March of Dimes Drive Lagging

Though total deposits had not been checked at either of the county banks yesterday it appeared the 1936 March of Dimes drive would run only about half of what it did 1 year ago.

With that figure of near \$4,500 set as their goal volunteers were looking in short from almost every quarter.

The Mothers March in Floydada under the leadership of Mrs. Billy I. Henry, netted \$963 last Thursday night and some has trickled in since that time. At Lockney the march brought in \$112.91.

Mrs. Russell King, who headed the group working the downtown business district in Floydada has reported almost complete and turned in \$423.38 to the fund.

The KFLD pull for public show netted \$187 for March of Dimes and the pre-school talent show at Lockney reported \$83.11.

Dale Blaine, chairman for rural communities in the south half, said he had not checked with his workers as to amounts deposited, but believed most had completed the job.

Edward Wester, who filled in as chairman for the south half, said all coin collector cards and stamps were still to be collected and counted, and also funds turned in by the schools were to be counted and deposited. Wester is hoping for a complete report on the drive by next week.

## Mrs. Dunlap Studies New Techniques In Recreation At Lab

Mrs. R. G. Dunlap of this city is one of 90 people from Texas and Louisiana who have just spent a week of studying techniques in recreation leadership at Longhorn Recreation Laboratory, Glen Lake Methodist Camp, at Glenrose.

Mrs. Dunlap won a scholarship this year by writing an essay on "Why I Would Like To Attend Longhorn Laboratory". Two scholarships are given each year.

There are a number of organizations that sponsor interested persons at the lab, for training that can be used in their towns and counties.

The Longhorn Laboratory is guided by a board of nine persons elected by lab attendants. Mrs. Dunlap was elected this year to the board and will serve 3 years.

Mrs. and Mrs. A. L. Rathel, Larry and Max of Lorenzo, Mr. and Mrs. Kenneth Havens and Shelly Wuan and Mr. and Mrs. J. Z. Thornhill and Tommy of the Broadway community were Sunday dinner guests of Mr. and Mrs. R. C. Rathel.

# What Co-operatives Mean To Floydada And Floyd County

THERE ARE THOSE WHO WOULD HAVE YOU BELIEVE THAT COOPERATIVES ARE TAX FREE....THAT THEY GET A FREE RIDE AT THE EXPENSE OF THE TAXPAYER....HERE ARE THE FACTS.

The four Co-Operatives located in Floydada pay taxes, they contribute to charities, they support local firms with which they do business, they have large payrolls adding to the county's income and in many cases offer services and facilities that would not be available without them.

Also Patrons of these institutions, that pay patronage dividends, pay federal income taxes on these profits which are returned to them.

HERE ARE SOME OF THE COMBINED TOTALS TAKEN FROM THE INDIVIDUAL REPORTS SHOWN ON THIS PAGE — (Lighthouse Electric, Producers Elevator, Consumers Fuel, and Farmers Gin.)

PROPERTY TAXES . . . . .	\$12,776.29

## IEWS AND COMMENT

**Polio Away Down.** State Department of Health figures on the incidence of polio prove that the number of cases in Texas since introduction of the vaccine shots are far lower than formerly, and a continued decline is expected. Flight of the already afflicted, for whom the shots came too late, is ample reason for continued support of the Polio Foundation, but the day when the whole population of little tykes is threatened with injury or death is fortunately past. The support of the people for research has made the impossible come true.

**Heart and Cancer.** Both heart diseases and cancerous growths may also yield to continued research some of these days. The more we learn about these diseases the more insidious both are learned to be. We have horrible heartrending proof almost daily that something needs to be done. All the layman can do is lay his money on the line and hope the scientists find the answers.

**Can't Miss It.** Says a prominent highway official: "The tourist industry is one of the easiest in the world to promote. Every community has something to offer." That a fact? What does your community have? May be you don't know as much as you should. This same authority says that most of us do not know enough about our community to give a stranger directions. We may need to translate our wishful thinking into down-right thinking. The gold nugget is there for the digging.

**You Can't Miss It.** A by word at most service stations is the "you can't miss it" that completes the average station attendant's instructions on how to get to where you want to go. If you are a stranger in a community you certainly can miss it, and the station man is not adding to the sum total of your pleasure on the trip by telling you you can't.

**How To Cash In.** With scores of travelers from other states and other sections of this state passing through Floydada daily the possibilities of profit in this "market" are enormous. How to intrigue more of them to stop is the problem. Many communities have worked out ideas that are helpful. Some ingenious Floydada fellow come up with some kind of an idea. When the tourists go on through they haven't helped the way we need them to help. Our own experience tells us that a tourist can't stop without spending money.

**Ground Hog Day.** If it develops the ground hog is a good forecaster of the weather, and if he came out of his hole on February 2, as he should have, his prediction will run along the same line as that of the pioneer plainsmen. In other words there'll be some bad weather later. Sunday was bright and pretty—too bright and pretty, you might say.

**Getting More Serious.** A business man put it this way the other day: A way to own a home in Floydada is getting to be a more serious problem every year. For some reason we have been unable to fathom it has been more difficult to build a home in Floydada on terms such as have prevailed in most communities than in any other town with which we are familiar. Even when building was going strong and a person could get a house built by merely signing "here and here" it was not that easy in Floydada. Now getting the money is a real problem.

**New Kind of Ant.** The Imported Fire Ant has migrated to Texas from the east. An effort is to eradicate it before it migrates further and causes more damage. So reads a bulletin from the Texas A & M Extension Service. This new kind of ant may or may not be a threat in West Texas. We haven't asked the authorities about its probable range and adaptability to climatic conditions. In at least one county in the state an eradication program has been arranged. The cost to the land owner for an eradication treatment is about \$5, the pest control branch of USDA paying about the other half of the cost. What interests and fascinates about this new ant is that "it feeds on small plant seedlings, kills birds and even baby calves have been reported killed. The ant hills prevent mowing of pastures and cattle grazing. If cropland is infested, laborers do not like to harvest the crops, and the mounds complicate the use of machinery." Sounds greswome. Reminds of the fact that the age-old battle between man and insect has not been won by man by any means.

**Bonus Ball Players.** Business of making a hero and a rich man out of a youngster who is entering baseball professionally is all right in that it gives the big bonus to the boy instead of to the mogul. On the other hand, it handicaps a beginner just out of high school. Since he has already reaped a bigger reward than his fondest dreams much of the incentive, it would seem, is gone. He has "arrived" before he begins.

## Ride And Plant Onions Faster, Much Cheaper

(By L. A. Marshall)  
 For the good of the vegetable program I have designed and built an onion (or other plants) planter, in which a man may ride and set these plants.

It's a simple, economical plan consisting of a framework twenty feet long and five feet wide. It carries six men riding in a sled arrangement about one inch above the ground in the middle between each row.

One (1) engine generator unit 1100 KW or better, complete with all auxiliaries, delivered and erected at Floydada.

The engine shall be of dual fuel 2 or 4 cycle design and be directly connected to a three-phase 60 cycle 2400-4160 volt wye connected.

Engine type generator (General Electric preferred) with belt driven exciter of suitable size.

Engine speed shall not exceed 450 RPM.

SUCH PROPOSALS will at said time be publicly opened and read before the City Council of said City.

SPECIFICATIONS covering the foresaid engine generator unit are now on file in the Office of the City Secretary and any information pertaining thereto may be obtained from said Secretary.

MANUFACTURER'S Standard Specifications of the particular unit offered may be submitted to the City officials for their study prior to opening bids. These will be held in confidence until after the bids are opened.

ALL BIDDERS must submit cashier's certified check issued by a bank satisfactory to the City Council, or a proposal bond given by a reliable surety company authorized to do business in the State of Texas, payable without recourse to the order of J. M. Willson, Jr., Mayor, of the City of Floydada, Texas, in an amount not less than five per cent (5%) of the amount of the proposal or bid as a guarantee that the bidder will enter into contract and execute performance bond within ten days after notice of awarding of contract to him. Bids without required check or proposal bond will not be considered.

THE SUCCESSFUL BIDDER will be required to furnish a Performance Bond for 100% of his total bid, written by a responsible surety company authorized to do business in the State of Texas, and satisfactory to the City Council.

IT IS THE INTENTION of the City Council to pay all or a portion of the purchase price of such engine generator unit by the issuance and delivery to the proper contractor of the legally issued time warrants of said City, bearing interest at a rate of not exceeding FOUR AND THREE-FOURTHS PER CENTUM (4-3/4%) per annum payable annually or semi-annually, which said warrants shall not exceed the principal sum of ONE HUNDRED SEVENTY FIVE THOUSAND DOLLARS (\$175,000) and the principal of said warrants shall be payable serially, the maximum maturity date being not later than December 15, 1938, with all amounts in excess of the maximum amount of said warrants to be paid in cash out of funds on hand and available for that purpose. The City guarantees that the contractor will receive per value for such warrants when and as issued and delivered.

THE RIGHT is reserved by the City of Floydada to reject any or all proposals and to waive all technicalities.

THIS NOTICE is issued and given pursuant to authority conferred on the undersigned as City Secretary of the City of Floydada, Texas, by order of the City Council in special session, on this 24th day of January, 1936.

Lewis Norman, City Secretary, City of Floydada, Texas (City Seal) 2-20

be set 36 inches. If one wishes to thin onion plants from seed, the plants may be collected and placed in baskets, or if one wishes to pull the weeds, this is done easily. If one wishes to plant vegetable seed, remove sleds, rotary tillage, storage boxes and pull these planet garden seed planters six rows at a time. Where two rows of onion plants are desired on a 40-inch row, say 12 inches apart one row is set each trip. At end of the row the men get off the sled and the frame is lifted up and turned around. For road travel the whole frame is pulled end ways. Farmers may try this plant setter.

**News of Dougherty**

(By Mrs. W. J. Ross)

DOUGHERTY, Feb. 3—February! How time flies. How did January get by so fast? Perhaps we are thinking Feb. 2nd was Ground Hog Day with bright beautiful, sunshiny weather, so, as the old superstition goes, the area is due six weeks more winter. Most citizens observe we have six weeks more winter, regardless of weather conditions on Ground Hog Day. This first week of February may be identified as national beef, kraut, frankfurter, pimiento and cherry week. Ironically, after mentioning all these delicious foods, it is national weight-watchers week. Do you still weigh the same you did at age 25? Or do you have the bodily chemistry that turns food into fat and puts you in the over weight group even though you have (1) tried the skim milk diet, (2) the banana diet, (3) counted calories daily and consistently, (4) done your daily dozen including the airplane dive, the elephant kick, the hobby horse rock, etc. Although you've eaten no food with your meals for weeks and weeks you're still 10 pounds over weight and your friends know it's because you "just plain eat too much." They are so consoling. They say just keep on rolling. Overweight puts a strain on the heart so we have heart conditions. This is national heart week. It is also national dental health week with emphasis on care of children's teeth. Finally, it is rare book week. Several local people have quite old and interesting books. C. R. Woodson has his father's testament which he received in 1895 at the time of his father's death. It has been in the family at least 75 years. Mrs. Howard Drysdale has a New Testament her mother received when a child as a reward for learning the greatest number of Bible verses in her Sunday School Class. Mrs. Drysdale has had this book three years. She estimates it is 70 years old. Mrs. C. A. Caffer has a New Testament which was given her mother about 100 years ago for the best attendance record in her S. S. Class. Mrs. Woodson has a copy of Ben Hur she has owned since her childhood. Mrs. Drysdale has a cook book which belonged to her mother. She has no idea of its age. The recipes date it as of a different era. The measurement are not accurate but read a pinch salt, china cup sugar, handful flour, 10 cents worth raisins, etc. The community Polio Fund totaled \$85.70. Mrs. Joy Ward conducted the drive. She expresses pleasure in performing this service. She admired the generous, cheerful spirit in which the gifts were given. Mr. and Mrs. Howard Drysdale, Patricia, Tom and Dan visited in Midland Friday and Saturday. Saturday morning they were guests at the wedding of their cousin, Dwina Glassmoyer. Barbara Marshall of Lubbock was a weekend guest in the home of her grandparents, Mr. and Mrs. S. M. Crawford. Sunday afternoon Barbara and Mr. and Mrs. Crawford and Mr. and Mrs. Russell Crawford visited the Roy Crawfords. Max Campbell visited with Robert Overstreet Sunday. James McNeill visited with Bill Ross Saturday. Sunday dinner guests in the home of Mrs. J. W. Graham were Mr. and Mrs. Claud Ring, Mr. and Mrs. Bert Lee Emert and Mr. and Mrs. Lon Emert. Mrs. Howe Hines and Alita Beth

visited relatives in Lubbock Sunday. While in Lubbock they enjoyed the show Sayonara. Friday evening Mr. and Mrs. Harlan Cage, Mr. and Mrs. Howe Hines, Mr. and Mrs. Morrison and Mr. and Mrs. Bill McNeill attended the annual supper of the O. E. S. and Masonic chapters. Mr. and Mrs. L. F. Gresham and Pam returned from Graham Sunday. Mr. and Mrs. James Ross of Lubbock visited his parents, Mr. and Mrs. W. J. Ross Sunday. Mr. and Mrs. R. D. Holly visited

# Abernathy Man Catalogues Us Against Farmer

Following is a letter from Weldon Walker, Route 5, Abernathy, which gives some interesting angles on the cotton middle from the farmer's viewpoint. Mr. Walker, it will be revealed by reading, has definite ideas about the Hesperian's editorial writer, about Mr. Benson, about business men in general, and has the solution to the cotton grower's problems. — Ed Note:

Editor Floydada Hesperian  
Floydada, Texas  
Abernathy, Texas  
Esteemed Sir:

I never saw you in my life and really don't know your name. The enclosed clipping from your newspaper shows that you are informed about as well as Secretary of Agriculture, Mr. Benson of Washington, D. C.

I am one those old farmers of about 60 years, and own my own little farm, and I presume, according to Washington, one of the surplus farmers. But I have lived on my farm over 40 years, raised and educated my four children and they are farmers living on their farms. Of course, we never made much money but we never owed any one much.

Mr. Benson claims to be an "apostle" of his Mormon Church of Salt Lake. He may be a good christian man in his opinion—but he certainly does not love his neighbor as himself as the Bible teaches, and in my opinion as well as most other farmers, actually acting to absolutely bust and ruin the farmer. If the Government men would take off the billions of subsidies to the business, then it would be alright

to talk about taking off price supports on crops. Farmers cannot buy high priced equipment unless they get a fair price for their products. Pages could be written about this but would do no good. But the big majority of city people and business men like you are against the farmer. You may not admit it but you are. You have little sympathy for the broke farmer and far too many are busted now.

Now as to what to do about cotton so as to get a fair price. The farmers are themselves responsible for the low grades. They will plant several varieties of seed even though they have good germination. They work like hell to produce but will not give a dime to care and harvest the crop, such as picking instead of stripping.

West Texas is known all over the cotton market world as producing the richest cotton—seed, millings and spinning cotton there is. Most of it has to go to foreign countries like Japan and China etc. Most or all of it goes in the Government loan as buyers will not buy it and then the Government loan is now running into billions less—no millions but billions, and the farmer takes his part of the loss in income taxes as well as your city folks. Hundreds of thousands of dollars are paid and lost by farmers all over the Plains for ginning all those burs - sticks, trash etc. If you don't think so go to any gin and see the huge amount of this stuff burning in the pits and stacks by mountains high. All this costs the farmer 50c per 100 pounds and tears up the gin and gin house give good example because the farmers deposit lint in clean cotton. I would estimate over 3 million are paid for ginning this trash in West Texas.

Partner, you state you don't know how the farmer is to keep from being broke on cotton. Well, sir, there is only one answer and his easy to do. Just bring good cotton to the gin, clean and of good quality and the cotton buyers will rush for the cotton to buy. Sir, that is actual fact and if you stop to think after looking over all these gin yards you will be convinced.

Yours truly,  
Weldon Walker,  
Route 5, Abernathy

## News of Harmony

(By Mrs. Malher Carr)

HARMONY, Feb. 3.—Everett Miller and Carrick Snodgrass made a business trip to Ft. Worth Monday, returning Tuesday. They attended the rodeo Monday while in Ft. Worth.

Mrs. Malher Carr visited Mrs. Everett Miller and Mrs. Ruth Snodgrass Monday evening. Mrs. Doris Snodgrass spent Monday night in the Miller home.

Marvin Smith returned home Tuesday from Plainview Hospital where he had been a patient for several days after undergoing major surgery. Marvin is just doing fine.

We are so sorry to learn of the passing of our long time friend Judge Tubbs. We know Judge Tubbs for many years. Our sympathy goes out to the loved ones of the Tubbs family.

Mr. and Mrs. Everett Miller and Mrs. Ruth Snodgrass were business visitors in Lubbock Tuesday and in Plainview Wednesday.

There was a small meeting of the club Friday evening at 7:30 on some important business. There were 12 members present.

Several of our community attended the funeral services of Judge Tubbs.

Mr. and Mrs. Bob Carter and son of Lubbock were dinner guests of Mr. and Mrs. M. D. Ramsey Sunday. Mrs. Carter was the wife of Ray Ramsey who lost his life in World War II. The Sherwood Ramsey family visited in the M. D. Ramsey home Sunday evening.

Mr. and Mrs. R. B. Gary and Mrs. Chioma Williams were visitors in the Marvin Smith home Saturday evening. The Garys visited with Mrs. Everett Miller and Mrs. G. L. Snodgrass the same evening.

Mrs. Raymond Stanton's sister, who is here from Alabama, is visiting with her brother in Littlefield the past week. Mrs. Stanton and her sister will leave the middle of the week for Ft. Worth and peddle in Ellis County for visits with relatives and friends.

Mrs. Wesley Carr has been ill with cold and sore throat the past few days, but has been able to stay in school.

Visitors in the Marvin Smith home Sunday were Mr. and Mrs. Ross Phillips of Doughty, Mr. and Mrs. Harry Reeves, Floydada, Mr. and Mrs. Jack Lambert, Lubbock, Mr. and Mrs. Sherry Brown, Petersburg, Mr. and Mrs. R. O. Morris and sons, Alton, and Wesley Carr and son, Bill and Everett Miller.

Mr. and Mrs. M. D. Ramsey attended services at the Methodist Church in Petersburg Sunday night.

Mr. and Mrs. Raymond Williams of near Floydada and Mr. and Mrs. Donald Pinkney were guests Sunday in the M. D. Ramsey home.

Mr. and Mrs. Chioma Williams and Horace Carr visited in the Everett Miller home Sunday.

**BUTS MILKING SHORTHORNS**  
E. B. Noel of Floydada, has purchased three female milking shorthorns from J. D. Cobb and Sons of Plainview.

The new animals are purebred Milking Shorthorns and the record of the transfers of ownership has been made by the American Milking Shorthorn Society at Springfield, Mo.

**CARD OF THANKS**  
We wish to express our sincere thanks to all our friends for words of consolation, dishes of food, and every act of kindness during our time of sorrow in the death of our loved one. May you have such friends in time of need.  
Mrs. G. C. Tubbs  
Mrs. Rose J. Clark

## CHAT with PAT

Hello-hello-hello! February is here, and Valentine is drawing near!

All of the girls are sure being sweet to the boys because, naturally, they would like to have a big box of candy (hint!).

Go Team—win District—beat Post! Come on out Friday night and next Tuesday, too, when we play Spur here.

Have you noticed — Wayne Adams is \$48.50 richer. La Juana's eye, Edna and Price got the rear of his car squashed in. That Addie has changed colors. Elynn's die has returned to his car. Linda Rose had 3 chances for a date last week-end. Linda, Suzie, and Jodie got their hair styled at Lubbock. Barbara got her hair whacked off. Johnny and Grant have gone to Kansas to box.

If you feel like something is missing around town probably be the poor farmers and workers sitting at home working on the Term Thomas.

Over the week-end a lot of kids were mooning around. But they soon found out that the State Cops were in town.

Sherry Alexander and Joe Ed Viney, Mary Grace Dunn and Eddie Parks, Grace Ann Potts and Larry Orman, Kay Robertson and Floyd Stevens, Sallye Redd and Bill Day, Mary Cogdell and Billy Gilliland, Estella Wyatt and Ronnie Downing, Freda Smith and Jerry Bullock, Jerry Walker and Keith Reeves, Marjorie Burleson and Bobby Christian, Addie Atkins and Norman Ferguson, Sue McClung and Henry Seif, Judy Jackson and Bill Orman, Linda Hammonds and Charles Holland, Janice Noland and Jerry Crawford, Laura King and Joe Noland.

## GUEST SPEAKER AT FIRST CHRISTIAN WELLS RECEIVED

Mrs. R. O. Pearson of Abilene was guest speaker at regular Sunday service at the First Christian Church, in observance of Women's Day, Feb. 2, is a time when the church women plan and carry out the morning worship service.

Mrs. Pearson, who is State President of the Christian Women's Fellowship, was well received, and gave a message that will be long remembered by those attending.

**57th Wedding Day Celebrated**  
Mr. and Mrs. C. E. Dick, parents of Mrs. Al Galloway of this city, were honored with a family dinner Monday at their home in Lubbock, marking their 57th Wedding Anniversary.

The couple wed in Staff, Eastland County, Feb. 3, 1901.

Dick, a retired Baptist minister began his ministry in 1918 in the town where they married. Since that time he has served as a deacon in Crosbyton, Post, Cotton Center and McCaskey, where he worked for 17 years.

Following his retirement in 1943, he substituted for ministers in various churches until last July when he became ill. He was graduated from Hardin-Simmons College in 1921.

The couple have six children, 13

grandchildren and six great grand children. Their children are E. B. Dick, Susan; Mrs. Frank Moore, Crosbyton; Mrs. W. F. Shogart, Spur; Mrs. Jimmy Tedder, Dallas; C. E. Dick Jr., Malaga, N. Mex.; and Mrs. Al Galloway of Floydada.

Mr. and Mrs. Dick are members of Lubbock's First Baptist Church and have made their home there for eight years.

Mr. and Mrs. Tommy Sharp of Frisco are parents of a new daughter born January 29. The baby, named Patricia Lee, weighed eight pounds and thirteen ounces. Grandparents are Mr. and Mrs. Bob Reeves of Floydada and Mr. and Mrs. L. A. Sharp of Dickens. Great grandparents are Mr. and Mrs. John Green of Floydada and Mrs. Myrtle Sharp of Dickens.

Clifford Rhoades of Kansas City, Mo., was here Wednesday night of last week visiting with his mother, Mrs. W. J. Rhoades and his sister, Mrs. Jewel Teague and Mr. Teague.

By Vern Sanford

By 1962 the first wave of "war babies" -- products of thousands of college graduates seeking a college education -- will be ready for them now, the Commission on Higher Education has reported to the Legislature in 1955. The commission has spent some time organized and gathered information, says the Commission's director, Dr. Ralph T. Green, it is ready to start making some "firm recommendations," beginning with its meeting Feb. 10, in Denton.

Commission has the responsibility for studying the needs and problems of all 18 state supported colleges and universities and making recommendations and appropriation requests for them to the Legislature. Commission staff has done extensive research in areas of professor's salaries, how many students take what courses and possible need for more branches and courses in certain areas.

Several cities have been actively demanding senior college status for their junior colleges. Commission is to have recommendations on this later.

At present, says Dr. Green, Texas' 18 state colleges have some 77,913 students. By 1962, he predicted, they will have 102,000.

Statewide, the possibilities are even more overwhelming. There are some 169,000 students in both state and private colleges now, said Dr. Green, but by '62 there will be an estimated 320,000 prospective college students.

Exact figures are not possible, of course, he said, but "there's no getting around it, the kids are there. It's almost frightening to foresee this tremendous volume and know that standards must be raised to meet demands for improved scientific and technical training. But with good planning, we can do it."

**Polio Plummets**—Best news from the State Health Department recently is the 1957 polio figures -- lowest in a decade.

Total for 1957 was 734 cases, just a little over half the 1956 total 1,307 and less than one-fourth the peak year of 1952, (3,984).

Department officials said they expect a continued, but more gradual decline, as more people take the vaccine. Shots are not likely ever to stamp out the disease completely, they said, since the vaccine does not prevent non-paralytic polio.

**Come And See Us**—Texans can garner many millions in out-of-state dollars by learning to be good hosts to tourists.

Said Tom Taylor, manager of information and statistics for the State Highway Department, "The tourist industry is one of the easiest in the world to promote. Every community has something to offer. But many Texans don't know enough about their own communities to give directions."

Considering the scarcity of promotion, said Taylor in a speech to the Texas Motor Transportation Association, it was surprising to note that Texas is fifth among the states in number of tourists. It was a \$500,000,000 industry in 1957, he said, bringing Texans more income than cotton, cattle and wheat combined.

But, Taylor noted, competition from other states is getting stiffer, and Texans will have to work harder to get out-of-staters to spend their vacation money here.

**School Questions to go out**—Some 25,000 manuals are to be mailed to counties by Feb. 15 for the use in a massive study of Texas public schools.

Study guides are being sent out by the Hale-Aikin Committee which is to report to the next Legislature on schools needs. County leaders will distribute the 44 page study guides to the local school districts. It is hoped that answers and suggestions will be worked out in a series of group meetings in each area.

Rep. L. DeWitt Hale, vice chairman of the study committee, said local groups should feel free to add more topics of their own. Study guide has 167 questions.

If people all over the state respond with facts, ideas and suggestions, the committee will have some 42,000 replies to serve as basis for its recommendations.

**More Cotton Asked**—Texas should be allowed to produce more cotton this year to meet a demand for better grades, says Agriculture Commissioner John White.

Despite the cotton surplus in storage, there is a shortage of mid-dling grades and an active demand for better grades, said White. Because of the end of the drought, he said Texas had an excellent chance to produce high quality cotton this year for the first time in eight years.

**Well Watered**—Texas goes into the 1958 growing season with the best soil moisture conditions in years, reports the U. S. Dept. of Agriculture.

High Plains wheat prospects are considered the best in years. Most areas have enough moisture to carry the crop well into spring.

In many areas growers now want "open" weather. Said USDA, "Many fields in East Texas have turned pale as waterlogged soil prevents root aeration."

Panhandle grain farmers need sunshine to prepare for spring planting and Valley vegetable growers to harvest the winter crop.

**Flu Up Again**—Number of flu cases in Texas climbed in January, but was no where near the October peak.

According to State Health Department officials, estimated number of cases at end of December was 3,411. In successive weeks totals went up to 4,301, 4,820 and 8,800.

But during the October outbreak the total reached 40,900.

Gov. Price Daniel was among the recent victims.

**Short Shorts**—Texas salted away \$94,322,337 more in their bank savings accounts in 1957 than the year before, according to the State Banking Commission. Increase was from \$288,703,258 to \$383,066,095, a jump of approximately 24 per cent.

Atty. Gen. Will Wilson has been asked for an opinion as to constitutionality of the new law prohibiting an insurance company official's making a gift to an insurance Department employee. Opinion was asked by the district attorney of Randall County, locale of Estate Life Insurance Co. Estate's president, John L. McCarty, was recently deposed after testimony concerning a \$2,000 gift to a state employee.

The commercial organization most responsible for development of the farm vacation program was started in 1949 by an ex-farm boy from Delaware, Bill Wolfe, who saw in America's booming and bulging tourists industry a new vacation possibility which could accomplish several important things. First of all, the farm vacation could bring together farmers and city folks so that they might learn one another's problems and profit by the association; also, this could provide the city dweller with relief from the tedium of his existence without high cost and strenuous travel; and, finally, it would help raise the income of some farmers over the country.

Mr. Wolfe's organization, Farm Vacations and Holidays, Incorporated, last year printed and distributed some 250,000 catalogs listing about 300 farms in 28 states and Ontario. They hope eventually to list 5,000 farms which would be cataloged by sections of the country.

Through the Farm Vacation catalog, the prospective vacationer can select the type farm he would like to visit as well as the location he prefers. The listings are not ordinary classified type advertisements such as "have farm -- will rent room," enough details are provided to form a fairly clear picture of each individual farm available, and all vacationers and farmer-land lords are expected to have learned a great deal about each other before any actual commitment is made.

All in all, it's a good, sound and healthy idea for the vacationer, and a potential source of supplemental income for the farmer who thinks he might be able to help educate, entertain and generally keep happy a "cittified" stranger.

For information on either securing the Farm Vacation catalog or on getting a farm listed, the address is Farm Vacations and Holidays, Inc., 500 Fifth Avenue, New York 35, N. Y.

**The Farmer Takes A Boarder — And Makes A Profit**

A new kind of farm diversification has arrived. It's called the "farm vacation" and for many farmers whose grown-up and gone children have left them with roomy, semi-empty farmhouses it could well prove to be a profitable sideline enterprise.

In fact, so feasible and successful has the idea been that it has spread all the way from New York's Fifth Avenue where it was first conceived to the heart of Texas and the open spaces of Montana.

Operation of the "farm vacation" plan is a simple one: the farmer who has spare room and facilities and a wife who likes to cook becomes a sort of inn-keeper. For a fair but profitable fee he invites some city folk to spend their vacation down on the farm. Judging from the annual growth of the new type of tourist industry it is here to stay.

The commercial organization most responsible for development of the farm vacation program was started in 1949 by an ex-farm boy from Delaware, Bill Wolfe, who saw in America's booming and bulging tourists industry a new vacation possibility which could accomplish several important things. First of all, the farm vacation could bring together farmers and city folks so that they might learn one another's problems and profit by the association; also, this could provide the city dweller with relief from the tedium of his existence without high cost and strenuous travel; and, finally, it would help raise the income of some farmers over the country.

**Registered Swine Sale Announced For February 8**

The Texas Chester White Breeders and the Panhandle-Palms Poland China Breeders will hold their semi-annual registered swine sale Saturday, February 8 at Plainview.

There will be 28 bred gilts, 23 open gilts and three boars representing both breeds.

Five breeders of Chester Whites will have animals consigned to the sale. R. C. Mitchell, Lockney breeder, is the only Floyd County breeder represented at the sale. He has three bred gilts and two open gilts consigned to the event.

Eight breeders of Poland Chinas have entries.

These sales, held twice each year offer an opportunity for 4H and FFA boys as well as adults to secure outstanding animals from the top herds in the state.

A free lunch at noon for all breeders and prospective buyers will be furnished by the two associations.

The auction sale will begin at 1:30 at the Panhandle Plains show barn at Plainview with Kenneth Bozeman of Lubbock as auctioneer.

**Disc Sharpener Is New Invention**

T. C. Sharp of Ffona, and son of Mrs. Bob Reeve of this city, has invented a scalloped disc sharpener. First, folks of Farmer County said it could be done, but as Mr. Sharp proved it can be done and is being done with a custom disc roller with an attachment rigged to a portable disc roller that does the trick.

Sharp's attachment holds the disc away from the roller, to keep the gouged out section of the scalloped discs from hanging.

Sharp says this method will make it possible for farmers to have scalloped discs sharpened for about one-fifth of the cost of cheaper brands of discs.

He does not plan to apply for a patent. The machine's patent, obtained seven years ago by C. S. Bass of Plainview, will likely keep competitive operators away, Sharp said.

## If You Can't Go South

If you can't go South for the Winter—and most of us can't—then you'd better be sure your car is in trim for several months more of cold weather driving.

Drive in to your nearest Phillips 66 Station now and have done what needs to be done. You ought to have your battery tested and serviced. You'll want plenty of Phillips 66 Anti-freeze in your radiator. And how about your tires? Do you need a new set of Phillips 66 snow treads?

Our mid-winter check-up also includes getting the right winter greases in the right places, and a change to fresh Phillips 66 Trop-Artic Motor Oil. Come in now. Don't risk a "freeze-up."

## Guarding Tomorrow's Freedom

How to maintain a lasting peace . . . how to preserve full employment . . . how to ward off recession . . . how to keep our high standard of living. Those are problems which continually face the Government of our country.

Tomorrow they may blaze into issues that must be solved by the factions and interests that make up our democracy. Each of these factions and interests will demand to be heard — and they will be heard.

The press of America will report and comment on what each and every party to an issue has to say. The public will know what is going on. It is only thus that the best interests of America can be served over and above the interests of any one faction or any limited-interest group.

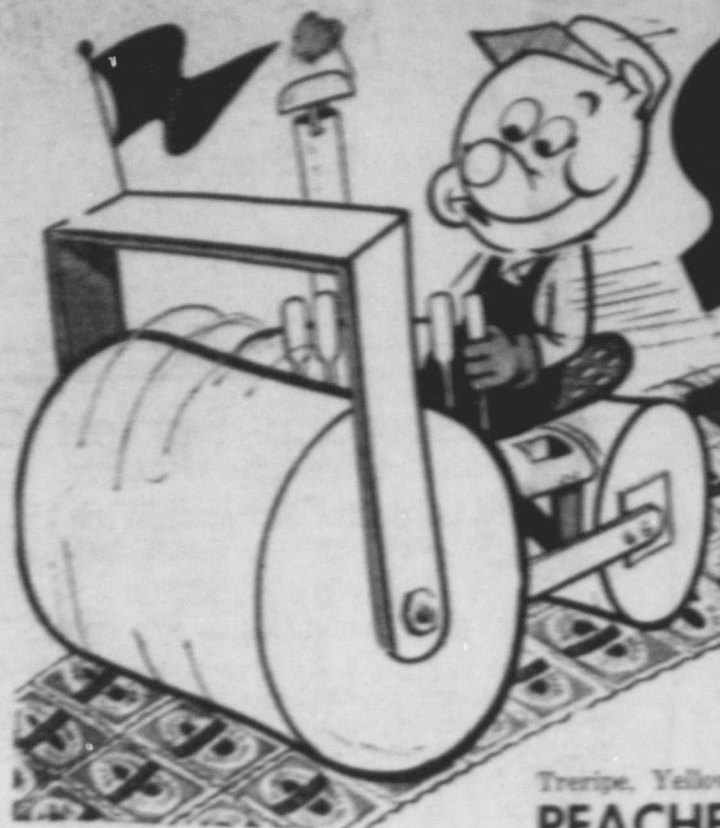

This vital function can be performed only by a press that is free to write and free to publish the story of national issues, unfettered by dictation from any source.

Today's freedoms can be secured and tomorrow's freedoms guarded only by a press that owes allegiance to no ogre of tyranny bent upon shaping our destiny to suit its own ends.

If the press of America is, in a real sense, to remain the guardian of our future, we must preserve the freedom it possesses today.
