### Mrs. Gaines Teeple Victim of Icy Walks

Mrs. Gaines Teeple is said to be resting well at her home following a serious fall last Wednesday morning as she was leaving home to take her daughter, Sandy, to school.

Mrs. Teeple said they had just walked out the back and stepped on the slick walk when her feet flew out from under her. The fall broke her leg just below the knee.

Not thinking the fall was serious she went on about her chores but became ill Friday night. She was taken to Peoples Hospital where her leg was X-rayed and the break discovered.

Mrs. Teeple will be in a cast for at least three weeks but is able to get around fine, she said Tuesday.

### 62nd Wedding Day Is Observed with Dinner

All of the children of Mr. and Mrs. D. H. Widener gathered at their home Sunday for a dinner honoring the couple on their 62nd Wedding Anniversary.

The six children and their families attending were Mrs. B. L. Breed, Mrs. Roe Jones, Mrs. Clifford Willis, all of Floydada, Mrs. Roy Billington, Amarillo, and Mrs. Earl Smith, Miami, Tex., and Ernie Widener, Floydada.

Mr. and Mrs. Widener were married in Johnson County, Tex., Feb. 16, 1896. They moved to Hall County in 1914 and to Floyd in 1916.

Mr. Widener is a retired farmer and the couple are more or less confined to their home due to failing health, but enjoy visits from their children and friends. They are TV fans.

### Lams Are Paid Visit by Missouri Kinsmen

Mr. and Mrs. Russell Lam of Lovington, N. Mex., were guests over the week-end here with Mr. Lam's uncle, F. L. and Mrs. Lam.

On Sunday afternoon, Mr. and Mrs. E. E. Lam of Norman, Mo., arrived for a visit until Tuesday. The E. E. Lams were enroute to Hobbs to visit with their sons there. They plan to return by way of Floydada and stay a few more days with his ailing brother.

Visiting with the Lams on Tuesday evening were Mrs. W. E. Taack and her sister, Mrs. Maggie Dieter, both of Plainview.

Kick Off Donation. J. M. Willson, Sr., left is shown here presenting his check for \$100 to Rev. Clyde B. Spann, pastor of the Calvary Baptist Church, as a donation to the congregation's debt-raising campaign which opens Sunday morning and continues through "Touchdown Day," May 4.

# FFA Father-Son Banquet Slated Tuesday Night

Future Farmers of America members at Floydada High School will join with boys all over the nation, scheduling special activities to focus public attention on the work of their organization during National FFA Week, beginning tomorrow, on Washington's birthday and continuing through March 1.

Feature of the observance at Floydada High will be their Father-Son Banquet to be held on Tuesday

night at the high school cafeteria.

Membership in the FFA is made up of farm boys who are students of vocational agriculture in high school. The organization's activities are designed primarily to help develop rural leadership and good citizenship, and to stimulate the boys to better achievement in their study and work toward successful establishment in farming.

The Floydada FFA chapter has

100 members. Officers are: Keith Hollums president; Eugene Beedy, vice president; Rannie Vickers, secretary; Vaughn Ginn, treasurer; Larry Irby, student advisor; Hal Hines, sentinel, and Jerry Crawford reporter.

H. G. Barber and L. B. Cook, vocational agriculture instructors in the school are advisors of the FFA chapter.

The national Future Farmer

organization has 380,000 members, with 9,000 local chapters in the 48 States, Hawaii, and Puerto Rico. Membership in Texas totals 36,000.

Future Farmers choose the week of Washington's birthday each year for the observance of National FFA Week. Although usually recognized as a Revolutionary War General and our first President, Washington's first love was the farm he called Mount Vernon.

There, he was one of the first in the nation to practice contour planting, crop rotation, fertilization, and other soil conservation and improvement methods.

It was more than a century after Washington's death before general use was made of many of the sound agricultural practices that he advocated.

## Bids Are High For New Engine Council Thinks

City of Floydada may take a full 10 days they allowed themselves to think over the bids on an engine generator unit for the power plant, the council announced Monday afternoon when they had their session to open bids. Bids were opened at 1 o'clock.

There were five bidders. The city council expected to have better bids, dollars and cents wise, than they received.

The council asked for figures on "one engine generator unit, 1100 KW or better, complete with all auxiliaries, delivered and erected." They allowed an outside figure of \$175,000.

Only one engine offered came within the range of the city's figures and even that bid was for more money than they wanted to spend.

Cooper-Bessemer offered a 1,100 KW engine, 450 rpm, at \$216,094 and a 1,250 KW unit, 327 rpm, at \$241,121.

Manufacturers of the Worthington engine offered a 1,125 KW engine generator unit, 450 rpm, for \$186,941 installed, and Fairbanks-Morris offered the same size engine, 300 rpm, at \$214,421. Their 1,136 engine, 750 rpm, was bid at \$185,003.

Nordberg and Superior were the other two bidders. Nordberg offered a 450 rpm, 1,100-KW machine at \$266,780, and Superior at \$460 rpm, 1,100 KW unit at \$209,587.

The council set March 14, as their meeting date to go into the matter further, and it was said informally following the meeting that a used engine generator unit will be under consideration meanwhile.

Jerry Barker, of First Southwest Securities attended the called session. His company, it is anticipated, will finance the city's purchase.

New Council Leaders. Si Duncan (center) was elected president of Floydada High School Student Council by popular vote last week, and (to his right) Hal Hines vice president. Extreme right is Tommy Copeland, elected secretary. 1959 Annual editor Glea Adams is at the left and Gaynelle Boothe will be editor of The Whirl.

## School Census Shows Increase

Scholastic enumeration for Floydada Independent School District completed in the month of January, has been checked for duplications and errors and was announced this week by Superintendent I. T. Graves at a total of 1,344 scholastics, of which 1,180 are whites and 164 colored.

Figures for the district include those of the old Sand Hill District and the two combined show an increase of 169 over the combined total of the two districts last year.

Enrollment is up, too, in line with the increased number of scholastics. Andrews Ward School has the greatest number it has ever had, with 588 enrolled there this week.

Total enrollment of the three schools is 149 above that of February a year ago.

## Talent-Loaded Minstrel Is Scheduled For Feb. 27-28

This week it became evident the Band Boosters Club and the 1958 Study Club have a real production coming up in their minstrel show scheduled for the last two nights of February, Thursday and Friday nights of next week.

"Minstrels of 1958" will have an all-male cast of nearly 50 of the live wires of the community. These together with the directors, production personnel and musicians from Floydada High School Band will bring the total number needed to put on the show to a figure above 70.

The shows will be given on the stage of the new high school auditorium. The sponsors hope to fill the big house each night.

Mrs. Chuck Holmes, president of the 1956 Study Club and Vernon Witkowski, president of the Band Boosters Club, expect the show to be a hilarious occasion both evenings. It will be staged after the manner of the old fashioned showboat.

Mrs. Allen Bingham is the general director, Dr. W. F. Patrick associate director, and Maurice Jones the music director. A chosen number of the high school band's best musicians are due to present the music for the singing numbers.

The minstrels will present music, singing, specialty acts, chorus girls and jokes.

Ned Bradley is going to be the interlocutor, his end men E. D. Morgan, Dr. W. F. Patrick, Ralph Johnston and A. W. Coltharp.

Featured quartet will be composed of Bob Copeland, Dr. Charles Craig, Joe Smalley and Thomas Warren. Copeland and Smalley will also have solo numbers, and three other soloists will be Henry Hinton, Roy Teague and Dale Smith.

Chorus girls will be Dale Blane, Dan Hagood, Bill Hale, Mitchell Parrish, and George Spears, in the line. Also listed are: Allen Bingham, Billy Joe Baker, H. G. Barber, Bob Collier, Elmer Biggs, Dennis Dempsey, Chuck Holmes, P. L. Hart, Bill Hardin, Troy McNeill, Keith Stansell, J. D. Rainer, Grover Smith, Travis Jones, Kearney Edmiston, Calvin Couch and Sammy Hale.

In the tamborine section will be Ted Bell, Fred Conner, Pete Hicks.

## BARROW HEADS LEAGUE BASEBALL AT SEASON'S ORGANIZATION MEET

At a meeting of leaders of league baseball in Floydada Monday night, officers for the coming year were named. Some 20 or more were in attendance at the business session.

Re-elected to the post of president was Don Barrow.

To serve with him are J. R. King, vice president for Little League; Russel King, vice-president for Pony League; Jack Kasahn, secretary; Dr. W. F. Patrick, treasurer.

To serve with the officers on the board of directors are Jimmy Wilson, Greer Christian, E. A. Williams, Kenneth Bain and Kyle Glover.

Several committee chairmen were named. Among them were Greer Christian and E. A. Williams, grounds; Glenn Amburn and W. F. Patrick, public address; Glenn Jarnigan, Little League umpires; Hubert Davis, Pony League umpires; Russell King, securing of managers; J. D. Parks and City Light Department, lighting of grounds; Kyle Glover, Ralph Rucker, Sam Puckett, J. D. Parks and H. E. Davis, construction of press box for Little League park; G. W. Switzer, player agent; Floyd Boren, problem of concession stand and to assist managers and mothers of players.

The schedule of play will start in mid-May with one week lay off for the closing of school and then resume at regular pace.

## San Saba Man Will Succeed L. T. Pittard

Come March 1 and the departure of Lynn T. Pittard for College Station and an assignment in the Great Plains Conservation Program, the office of Assistant County Agent will be taken over by Harold E. Ellison, a San Saba man.

Ellison's title officially will be junior assistant county agent, a designation that has a significance in Extension Service circles. A junior assistant county agent's salary is paid solely by the Extension Service and he is subject to re-assignment without prior consultation with the Commissioners Court.

Ellison comes to Floyd County from Caldwell County where he had been stationed since he was separated from Air Force service in December. He is a 1933 graduate of A & M College.

He has a wife, daughter and son, and is house-hunting in the hope of having them join him here soon.

Meanwhile Ellison is on the job with Pittard in the expectation of being familiar with his new duties by the time he takes over.

## Floydada Social Security Office Is Open Mondays

Clyde W. James, field representative of the Social Security Administration, out of the Lubock office, said this week that regular dates for the Floydada office to be open will be every Monday morning henceforth until further notice.

The hours will be from 9:30 to 12 o'clock.

Henceforth the Social Security field man has been spending only every other Monday at Floydada.

James pointed out that anyone interested in the Social Security program, including applicants for Social Security payments, should keep the date in mind. The office is at Room 106 on the first floor of the court house.

## Canon Candidate For Commissioner

I would like to announce my candidacy for the office of Commissioner of Precinct 2, Floyd County. I have lived in the county for more than 14 years and feel that I know the needs of the precinct and the duties of the office.

I am making the race subject to the Democratic primary and will attempt to see all citizens of the precinct before election time.

I like smooth roads and a vote for me is a vote for good roads. I will appreciate your vote and influence.

Ray Canon.

## Soil Fertility Program Opens Friday Morning

Hundreds of Floyd County farmers are expected to gather in the morning at Plains Theatre in Lockney for Floyd County's tenth annual Soil Fertility Day program.

Five speakers will highlight the day's activity and a panel of dirt farmers will also discuss their actual experiences on the farm with cotton and grass seed production. Also the activities and program of the Floyd County Weed Control District will be discussed.

The meeting will open at 9:30 and be given over to informalities until 10 o'clock when Mayor Jesse Cox will give the formal welcome.

An outline of the plans for the day will be given in brief by Maeyl K. Orman, agricultural agent of the Burlington Lines. The Burlington, along with Lockney Chamber of Commerce, the Floyd County Soil Conservation District, and the Extension Service, is sponsoring the event.

At morning sessions Earl Edwards Jr. of Lakeview, will be chairman. A 30-minute discussion on Soil Condition beginning at 10:15 will be made by Jack Barton, soil and water conservation specialist.

Only change in the program of the day will see W. L. Broadhurst, hydrologist of High Plains Water District, substituting for Bob Thurmond, who was to have discussed latest methods in irrigation. Broadhurst's talk will be on the ever-present problem of the water supply and water levels, and the newest developments in re-charging the underground sands.

D. W. Sherrill will have the subject of irrigation methods.

Mr. Thurmond's wife has been hospitalized and he could not make plans for the meeting.

Final morning subject will be discussed by Dr. T. C. Longnecker, head of High Plains Station. "Fertilizers" will be his subject.

Following the barbecue dinner

## Good Beginning For New Scout Explorer Post

Floydada's new Explorer Scout Post seems to be off to a good start. At their first meeting on Feb. 3 there were 48 boys present. At the meeting last week attendance was held down because of bad weather, but interest is running high.

Dale Goen is grand advisor of the post and the officers who have been elected are as follows:

Senior crew leader, Don Garrett; deputy senior crew leader, Hal Hines; Secretary, Charles Holland.

The five crews of the post and their instructors are: radio crew, B. K. Barker and Dennis Whitfill; photography crew, Ray Cook and David Kirk; sports crew, Johnny Roberts; aviation, D. B. Lay; mechanics, David Budgett and Ross Alexander.

In a business session the group voted to hold their regular meetings on the first Thursday of each month with the next meeting to be on March 6.

Some of the early outings planned by the group include a hayride, an overnight camping trip and a visit with city officials to learn of their duties and responsibilities.

## PROUD MAN Max Oyess, Ralls For Hole In One

Max Oyess of Ralls was a very proud golfer last Saturday when he shot a hole in one on number eight of Floydada Country club in his first round of play for the day.

Oyess was playing with the club pro David Rameria, Bill Walker, and Kiki Davis. He was a guest of Davis at the club.

The way the story was related Oyess hit a three iron shot on the 178 yard hole. The ball went straight and true from the tee box. Rolling against the pin it fell in the hole to give the golfer an ace. He went on to make a score of 85 on the 18 holes.

Story of the unusual feat was brought to the attention of the Hesperian by Fred Zimmerman who said it was the first hole in one reported to him since Bill Brown did the trick on number two last year. Zimmerman was playing in a foursome, just in front of Oyess and his party.

Demure Roy Teague, who will appear as a Female Soloist in the "Minstrels of 1958", put on his costume and make-up for the benefit of the photographer at a recent rehearsal. Teague is one of three core and more who will entertain audiences at the high school auditorium Thursday and Friday nights of next week.

# Poor Financially, He Sheltered Many Homeless

## Lewis Bullard Home Offered Haven to Many

John Lewis Bullard, the native son of Floyd County, whose body was returned to Floydada for interment in the soil from which he sprang 63 years ago, had a life all of which was not told in the cold vital statistics of an obituary.

He died Tuesday of last week and was buried Thursday. He left a wife, five children, his mother, brothers and sisters to mourn his going.

But also, says Mary Tom Rasco, staff writer in a feature story in the Amarillo Globe-Times, not listed were five other children living in his home, and there were more than 50 others who had lived there during the past seven years.

Here is the story, little known locally, in the feature writer's words (By Mary Tom Rasco, Globe-Times Staff Writer):

"John Bullard and his wife Grace, have been foster parents working with the Child Welfare Service for the last seven years. In that time over 50 children have moved through their home. Before becoming affiliated with the Child Welfare, the agency estimates that the Bullards sheltered at least 25 other children.

To the staff members of Child Welfare, John Bullard is one of the unsung heroes of Amarillo.

There was no long list of civic accomplishments listed in Bullard's obituary—nor was there mentioned a personal or financial gain, for he was a taxi driver.

"The people were poor in terms of financial wealth," said Miss Helen Unruh, social worker at Child Welfare, but they had a lot to give and they gave it."

There was something about these people that you can't tell about—or write about, but could only feel when you worked with them," she continued.

"There was a warmth and a sincere love of children that almost demanded that they help these children who needed love and care so desperately.

"The Bullards treated these foster children just as they did their own and they always considered their needs before they thought of themselves.

"Grace and John Bullard never turned us down when we were in a pinch. We could call them anytime—day or night—and they would take our children.

"If the children needed help that was all the Bullards needed to know. We could send a Mexican or Indian child just as easily as we

could any other child", Miss Unruh said.

"The Bullards knew that their home was a temporary refuge, a place where children could have love and attention until more permanent adoptive measures could be taken. They were happy for the child when those arrangements could be made. However there were always tears after the child left.

The longest time the couple cared for any one child was three years.

"The Bullards actually breathed life into the child", said Howard Madsen, district director of Child Welfare.

"She had been so physically mistreated before she was abandoned at six months that we didn't see how she could live.

"These people fed her and gave her the care and love she needed so that when she was three she was mentally and physically normal and could be placed for adoption."

"On first impression," Miss Unruh said, "Mrs. Bullard was the guiding hand in the household. She was bustling and efficient and did most of the talking. She was always the one who talked when we went to the Bullard's home for routine supervisory visits.

"However, when an important decision was to be made such as an adoptive placement which would take one of the children, Mr. Bullard was always around.

"He was definitely the man of the house."

"Mr. Bullard was a temporary father to a lot of children. Only his wife and those children really know how much he has done for them. They know—and they will miss him."

News of Broadway  
(By Mrs. T. E. Thornhill)

BROADWAY, Feb. 16.—Wheel Haven't we had some cold weather the past 10 days. You know when you don't stick your head out the door you cannot realize just how cold it is early in the mornings. Sunday morning we got all ready for S. S. and then it was so cold that our vehicle wouldn't start.

Bible Study Course is to be held this week each night at the church. Hope everyone can make it.

Those enjoying birthday dinner with Mrs. M. R. Givens Saturday besides her husband and sons were Mrs. J. C. McCracken, Mrs. R. G. Rathel, Mr. and Mrs. Kenneth Havens and Shelley. Afternoon visitor was Mrs. D. D. Thornhill.

Due to the very cold weather this morning our news will be limited to the West Broadway news as it is too cold to go anywhere to find out anything.

Congratulations to Duane McClure and Roberta Reed, who were married in the First Baptist

Here is a salad that is nice to serve with winter time meals - to make them a bit different -

- 2 cups cabbage;
- 1 cup parsley (may be omitted);
- 1 medium onion, sliced and separated into rings;
- 3 tablespoons sugar;
- 1 teaspoon salt;
- 3 tablespoons vinegar;
- 2 tablespoons salad oil.

Combine vegetables, chill. Mix dressing - add - and toss lightly.

Garnish with additional onion rings and green pepper rings, if desired.

Just for a laugh or so -- It has been said, "Be thrifty in money matters . . . but never save your laughter."

Mother: "Isn't this a rather complicated toy for a small child?" Toy salesman: "This madam, is an educational toy, specially designed to adjust a child to live in the world today. No matter which way he puts it together, it's wrong."

"Is this a beautiful climate?" inquired the tourist hopefully. Healthful! Why when I first came I couldn't walk, had to be fed because I couldn't lift a spoon to my mouth - I couldn't even talk!" "Really!" replied the tourist enthusiastically. "How long have you been here?" "All my life - I was born here."

"A frown is just a smile turned upside down."

News of Broadway  
(By Mrs. T. E. Thornhill)

BROADWAY, Feb. 16.—Wheel Haven't we had some cold weather the past 10 days. You know when you don't stick your head out the door you cannot realize just how cold it is early in the mornings. Sunday morning we got all ready for S. S. and then it was so cold that our vehicle wouldn't start.

Bible Study Course is to be held this week each night at the church. Hope everyone can make it.

Those enjoying birthday dinner with Mrs. M. R. Givens Saturday besides her husband and sons were Mrs. J. C. McCracken, Mrs. R. G. Rathel, Mr. and Mrs. Kenneth Havens and Shelley. Afternoon visitor was Mrs. D. D. Thornhill.

Due to the very cold weather this morning our news will be limited to the West Broadway news as it is too cold to go anywhere to find out anything.

Congratulations to Duane McClure and Roberta Reed, who were married in the First Baptist

"A \$5.60 Investment Netted Me \$54.85 In Cotton."

Jack Shelley, Hale Center, Tex., says: "I put down Phillips 66 Agricultural Ammonia on my irrigated cotton and got an average of 847 pounds of lint per acre. This compared to a yield of 633 pounds on a check plot. My increase netted me \$54.85 an acre. I got more well matured, five-lock cotton bolls, too."

Other Southwestern farmers have discovered that the 82% nitrogen in top quality Phillips 66 Agricultural Ammonia helps them to get more profit per acre, through higher yields and lower production costs.

They have found that, by using Phillips 66 Agricultural Ammonia, they get more cotton that grades out higher at the gin; yields of sorghum grain and ensilage are increased; more marketable vegetables are harvested, and profits on wheat are increased through better forage, and higher yields of grain.

"ALL I KNOW IS WHAT I READ IN THE PAPERS"

America's best-loved humorist also was one of the best-informed persons in his time. Nothing, it seemed, escaped his notice. His comments on the passing scene were applauded and repeated by millions the world over. "All I know is what I read in the papers" became his trade-mark. Will Rogers recognized that newspapers, more than any other media, are the common source of information of all the people. The simple fact that everyone knew immediately what he was talking about provided an important basis for his fabulous popularity.

Couple Take Vows Saturday; To Make Home In Houston

Miss Belva Irene Smith and Kenneth Wayne Wampler repeated double-ring vows Saturday afternoon at 4:30 o'clock in the First Baptist Church at Shamrock. The Rev. J. E. Byers read the wedding ceremony before an altar formed of blue carnations and blue tapers.

MRS. KENNETH WAYNE WAMPLER (Belva Irene Smith)

Given in marriage by her stepfather, the bride wore a walk-length ice blue embroidered gown of silk acetate accented by a short jacket with long tapering sleeves. Her finger-tip veil of French silk illusion was attached to a band of lace studded with pearls. She carried a white bible topped with a white orchid with white streamers and silver accents.

Bridal attendants were Mrs. Bill York of DeRidder, La., matron of honor, Mrs. Kenneth Anderson, Lubbock, and Miss LaFawn Ballard, Floydada, bridesmaids. They wore identical princess style dresses of sky blue crystalline and taffeta fashioned with V-necklines and street length skirts. Each carried a nosegay of blue carnations with silver streamers.

Davis Uxell of Houston served as best man. Ushers were Kenneth Anderson, Lubbock, and Jack York, Shamrock. Groomsmen were Robert Smith, Amarillo, brother of the bride, and Bill York, DeRidder, La. Mrs. Wexler, mother of the bride, wore a smoke blue embroidered satin sheath with black and white accessories and a shoulder corsage of white carnations. Mother of the bridegroom wore a beige silk linen two piece dress, aqua accessories and a white carnation corsage.

Following the wedding a reception was held in the church parlor. The bride's table was laid with a blue Irish linen cloth and held the attendant's bouquets, centered with a four tiered cake topped with a miniature bride and groom.

For traveling, Mrs. Wampler chose a charcoal gray sheath with black accessories and an orchid shoulder corsage. Upon their return from the wedding trip the couple will be at home in Houston where the bridegroom is an industrial engineer for Hughes Tool Co. He is a graduate of Texas A & M College. The bride graduated from Clarendon High School and has been employed by Travelers Insurance Co. in Lubbock.

Your Health

There was a definite Jekyll-Hyde element in Wilhelm Konrad Roentgen's discovery of the x-ray phenomenon in 1895. Used by trained technicians, x-ray became peerless tools for diagnosing and treating human ills and injuries. But used by untrained hands, they become errant destroyers of living tissue.

Even Roentgen didn't realize the danger of his discovery. He apparently did not receive any significant injuries, but his good fortune stemmed from the fact that he constructed shields not for his own protection, but to keep his highly prized photographic plates from being fogged by scattered radiations.

Today there is agreement among many medical authorities that x-ray exposures cause tissue damage. Generally speaking, however, as used by competent physicians the value or diagnosis and treatment far exceeds the controlled damage which must inevitably result.

Recent stringent regulation by the State Board of Health against exposures of humans to x-rays prohibits indiscriminate fluoroscopy. Fluoroscopy is authorized when supervised by persons licensed to "engage in the healing arts."

A case in point is the relatively common practice in recent years of using x-ray machines to visualize feet of normal people, including children, in retail shoe stores.

That they are dangerous has been shown by the State Health Department's Division of Occupational Health as long as five years ago. Engineers extensively examined machines in various parts of the state and found the vast majority of them to be distinct hazards to customers and to store employees stationed nearby.

The new Board of Health regulations say shoe-fitting fluoroscopes are hereby declared to be neither diagnostic nor therapeutic. But that does not preclude their use as a means of checking a corrective shoe fit as prescribed by a physician.

For persons with normal feet, most shoe stores fit shoes by the time proved methods of pressure, feel, and comfort. But there are persons who require special built in corrections in their shoes. In many of these instances fluoroscopic devices are valuable in checking the accuracy of the correction.

Parents should never submit themselves or their children to fluoroscopic shoe fittings unless their physicians recommend the procedure.

Public Health and medical authorities have a responsibility for seeing that the best possible use is made of x-ray devices in detecting and treating human ills. The public has a responsibility too—not demanding x-rays from their physician when he does not find one necessary.

District Meet Of Lodges Held Tuesday Night

A District meeting of Rebekah Lodges was held Tuesday night with Floydada Rebekah Lodge No. 77. Represented at the meeting were lodges at Abernathy, Matador, Lockney, Petersburg, Plainview, and Floydada.

All Lodges were invited to participate in an initiation ceremony. Five candidates from Abernathy and two from Floydada were given Rebekah degrees.

This was the last meeting until the Assembly in March and for this reason Mrs. Velma Berry, District Deputy President, was presented a beautiful past deputy president jewel as a gift from all the Lodges in District 8, as a recognition of her service to the district.

A song of tribute also was sung to her. Mrs. Berry expressed her appreciation for the gift and recognition as well as the cooperation given during her term.

After lodge closed a salad supper was enjoyed by 28 guests and 37 members.

GUESTS IN OLSON HOME

Ford Terry And Chicago Girl Are Wedding Tour

Narine Reeves, daughter of Mr. and Mrs. T. T. Reeves of Chicago, Ill., was married to Ford Terry, son of Mrs. J. R. Terry, of Floydada, in the study of the First Baptist Church Saturday afternoon, Feb. 15. The Rev. E. B. Byers, pastor, officiated at the ceremony.

Following the wedding, the couple spent the night in Chicago, where they will visit, returning to Floydada on to Chicago the 28th of the month for a business stay.

Mr. and Mrs. Terry have been correspondents since February in 1932. Mr. Terry was a student at the University of Texas State. They were met until her trip to Chicago on Feb. 8.

Mr. Terry's employer had given her a week's leave of absence following the death of her mother. The bride said she decided to come to Floydada and get acquainted with the Terry family that she had known through the mail for several years.

The bride attended schools in Chicago and had previously been employed at Ingersoll Rand for the past 17 years as a telegrapher.

Mr. Terry attended Floydada High School and served in the Army and now farms in the town.

Following their trip to Chicago, the couple will make their home in Floydada.

If you want to know why American women are frustrated, go to the kitchen. It has been practically foolproofed. The electric skillet has controlled heat, so eggs and bacon won't burn. The electric toaster is automatic, so the toast comes out golden brown. The oven can be set to cook the ready-prepared supper then turn itself off.

What's the fun of beating for hours to turn out a fluffy angel cake, when the bride next door can open a box of ready-mix and do just as well? Of course, she hasn't got a jar full of egg yolks to devise uses for, but even that isn't so appealing when other wives don't have to think up things to do with egg yolks, too. No one to compare notes with or compete against with good ideas.

Now any self-respecting cook likes to feel she is important to the operation. She becomes a master of foods only when she learns to time her activities so she opens the oven as the meat or cake is "done to a turn." The old-fashioned kitchen equipment tested her ingenuity, too, for it was either hotter than the control showed, or else she had to learn its peculiarities and adjust her cooking techniques to fit.

We have a friend whose husband is about to get military duty in Turkey. She has been told she will have to make her own bread there; that she'll have to take along a stove. She is on tiptoe with excitement -- because her abilities as a cook are again challenged.

We aren't going to scrap all this fancy new food and equipment, but we're holding out on letting it steal the show. We can pretend that a kitchen-tested recipe book is just an aid to good cooking, and a ham we've seasoned and baked ourselves, or a loaf of bread we start from yeast and flour, gives us the pride of accomplishment, not the frustration of too much help.

Nancy Watson Is Installed Worthy Advisor of Order

Installation ceremonies for officers were held recently by the Order of the Rainbow for Girls of Floydada in connection with a regular meeting.

### Valentine Dinner and Party

Decorations related to St. Valentine's Day prevailed Friday night at 6:30 at a supper and 42 party staged by members of the Home Demonstration Club with their husbands as guests.

### NERVOUSNESS

YES, YOU CAN GET WELL AGAIN! So many patients have been discouraged, disillusioned, cheated of enjoyable life by the time they decide, "well, I've tried everything else, now I'll try chiropractic."

Believe it or not, we have records of many such cases that have been diagnosed as nervousness, at various clinics and have been given pills, injections, rest cures and etc.

Prior to coming to our clinic this woman suffered from extreme nervousness and had the usual rounds of taking mild sedatives, to relaxing treatments, more powerful pills and finally on narcotics.

Upon entry into our clinic, the case is given a spinal analysis. It is this analysis that determines whether you can be helped thru proper chiropractic care or not.

On the next Monday, March 3, the Annie Armstrong Week of Prayer for Home Missions will be held at the church with everyone bringing sack lunches to have at noon.

### Capada Books Audie Murphy Film Feb. 23

When Audie Murphy arrived in Rome to complete shooting of Joseph L. Mankiewicz's "The Quiet American," it was by luxury airliner and in the capacity of a movie star.

His first visit to the Eternal City, some fourteen years ago, was made under starkly contrasting auspices and in very different style.

He was a dogface in General Mark Clark's Fifth Army, and he arrived in Rome on foot via Anzio, where there had been a slight delay of four months while Audie and his friends fought their way out of that embattled beachhead.

Audie is starred in "The Quiet American," which opens on Feb. 23 at the Capada Theatre through United Artists release.

Audie Murphy has come a long way in the past fourteen years, and his path has been a very different one from all the years that preceded.

The son of a Texas sharecropper had overcome a poverty-stricken boyhood to become World War II's most decorated soldier, and then gone on to establish himself as a top-rank movie star. But none of it had been easy.

The story is based on a novel of romance and double dealing set against the exciting background of the war in Indochina.

Stockton with her sister, Mr. and Mrs. Ray Claver.

Verna Fletcher of San Angelo spent the week-end with her parents, Mr. and Mrs. John Fletcher.

## McCOY - STARKEY

### NEWS LETTER

(By Mrs. John Fowler)

McCOY, Feb. 16 - Hi Neighbor! Well the sun isn't shining yet and if you don't look on the north sides of the buildings, you won't find any snow.

Goah, I have some fans. Some from Big Spring, Friona and Ralls. Its sure nice to have kin folks that take the Hesperian, even if they live in other counties. Thanks, Mama, for the compliments.

Pearl and Clarence Reddy visited with their daughter and family, Mr. and Mrs. Bill Cooper and son in Plainview Sunday evening. Their son, Mr. and Mrs. Lewis Reddy and Mizzi visited them the last part of the week for several days. Then Mr. and Mrs. Gregg Hulsey and boys of Lubbock spent the week-end with them.

Mrs. John Shipley, Danny and Mrs. Mike Lowrance visited in Lubbock Saturday. Mrs. Shipley was a guest in Mr. and Mrs. Billy Mack Shipley's home, and especially visiting with the grand baby, Danny Shopped.

Mrs. Lowrance met her son Gene, who came in from the navy for a two week visit with his family. Gene is stationed in Long Beach, Calif. His ship is the aircraft carrier "Princeton." Since the last July he has been quite a few places. His ship took supplies into the flooded country of Ceylon, India. While there Gene and a companion were visitors for a day and a half in an American couple's home. He said this was a very beautiful shore line. The flood wasn't where they landed. The flood happened the last of January. Most of his time was spent in Japanese waters.

Mr. and Mrs. O. L. Bearden are in Pampa visiting his sister Mrs. Oliver Scott. Mr. Scott is in the hospital there.

Mr. and Mrs. John Fowler were visitors with the B. P. Sandefurs Sunday evening.

Mr. and Mrs. Clinton Curry of Olton visited with his sister, Mr. and Mrs. Roert Smith Sunday.

Mr. and Mrs. J. O. Wyatt and Stella were visitors in Childress Sunday.

The W. M. U. Society met with Mrs. Hearn Hodges Monday. Mrs. Hodges reviewed the book, "Look, Look, The City" by Albert McCellan. This is a home study book. Those attending were Mrs. Claude Payne, Mrs. Dick McCowan, Mrs. Bud Stephens, Mrs. O. F. Cummings, Mrs. Bob Ratjen, and Mrs. Dick Smith.

Mrs. Dick McCowan has been very ill. She is some better but still will be bed-ridden before she will be feeling up to par again.

Mrs. Charles Hartsell is having surgery next week. Dean, I tried hard to get more details, but guess you were visiting your brother-in-law Rufus Kelly, who, I understand, is very ill in the Plainview hospital. I understand that Cloyd Stephens was a visitor in the R. C. Day's new home in Plainview Sunday. He reported that R. C. was looking better and putting on weight. But I am sorry to hear that Ray was hurt more in the wreck than was first thought. We will miss the Days in our community but our best luck to them in their new home.

So sorry to report that Grandmother Tardy is in the Floydada hospital at this time. I hope she is home by the time you read this.

Miss Alene Daniels has had the chicken pox. Also Miss Diane Smith was ill last week and missed school.

Bro. Ralph Orey was the preacher Sunday at McCoy. His children have been sick but feeling better now.

Mr. and Mrs. Earl Eubanks and family of Lubbock visited with his folks, Mr. and Mrs. A. G. Eubanks, over the week-end. Also, Mrs. Eubanks brother and wife, W. C. Cates of Plainview, were guests in their home Sunday afternoon. Then Monday Mr. and Mrs. Oran Eubank of Plainview visited with the Eubanks.

Oh, yes, we have a new grandson. He belongs to the K. F. Carrolls of Phoenix, Ariz. He has three other brothers and his mother was the former Leola Fowler.

Mrs. Hearn Hodges and Mrs. Robert Smith were visitors in Plainview Tuesday. While there they visited the R. C. Days and at the hospital with Rufus Kelly.

So sorry to report that Mrs. Wayne Robertson is ill. I want to thank every one for the help on this week's news. If you like it be sure and call me with your news or any complaints. I want every one to enjoy it.

Mrs. Albert Martin of this city, who is a patient in the Vernon Hospital, was reported this week to be improving. She has been in the hospital for two weeks receiving medical attention.

Mrs. Winfred Payne and Mrs. Connie Dever spent a part of Monday in Lockney with the Dillon Patterson family.

Mr. and Mrs. A. V. Davidson of Fort Worth and Mr. and Mrs. Clyde Matney of Matador were Saturday night supper guests of Mr. and Mrs. Troy Cranford and family. Mrs. Davidson is a sister to Mrs. Cranford and Mr. and Mrs. Matney her parents.

Mrs. N. C. Emert, 84, mother of W. W. and Arlie Emert of this city, is a patient in PTHS Hospital this week. She is said to be doing fairly well.

## YOUR COUNTY AGENT

(By Cecil Lewis, County Agent)

Stock Show season is just around the corner. Catalogues are now available for exhibitors and those interested in the Stock Show at the County Agent's office.

The Catalogue contains some new features this year. All of the buyers of stock at the 1957 show are listed. Some new awards have been added as well. The Swine Associations have all been contacted and they are giving awards to the Grand Champion barrows.

To the 4-H and FFA members, entries have to be in the county Agent's office by Monday, March 3. See your agricultural teacher or County Agent for entry forms.

You might drop by and look at the Grand Champion and Showmanship Trophies. These trophies will be in other stores in both Floydada and Lockney later on.

The use of 2-D-4 on wheat to control weeds can be a valuable tool if used properly. One-half pound of actual 2-4-D per acre is recommended for the control of broadleaf weeds. A faster and higher kill can be expected when the weeds are growing fast. Be sure your wheat is fully tillered (suckered) before applying 2-4-D.

Be sure and check germination on your cottonseed before it's delinted. The seed may not have a high enough germination to be delinted and would be a waste of money.

All of your cottonseed should be checked for germination. This will help you decide on planting rate. If you are used to planting a bushel of cottonseed to the acre with a germination of 85% and you plant seed with 60% germination you will not get the stand of cotton you want. It will take more than a bushel of seed per acre to get the desired stand.

Do not forget the Soil Fertility Day Friday, February 21, in the Plains Theatre in Lockney.

WANTED - Clean cotton rags. Hesperian office. 49 tlc

## Sand Hill News

(By Mrs. James Jeffress)

SAND HILL, Feb. 17 - In every part of the community this week at least one in every family has the flu, "strep throat" or some form of cold. It seems that a regular epidemic has hit the community.

Ernest Baird has been in the Lockney General Hospital most all week. Ray Gene Ferguson is in a Plainview hospital. We hope they are both able to be home again soon.

With so much sickness it seems that very few have done any visiting and even fewer have had any company.

Mrs. J. T. Spears spent the week-end in Lampasas on business and visiting his parents, Mr. and Mrs. Verlon Spears.

The Junior Training Union was called off Friday night due to the bad weather. A new date hasn't been set at this time.

Johnny Spears is staying in this week with chicken pox. He is just about the last one to have them.

Mr. and Mrs. E. A. Forester of Lubbock, spent the week-end visiting in the home of their daughter and family, Mr. and Mrs. Monroe Schulz. Visiting in their home on Sunday was one of Mrs. Schulz's sisters and family from Meadow.

Sunday visitors in the home of Mr. and Mrs. T. C. Hollums, were Mr. and Mrs. Ted Rutherford and Brother Bill Rowland.

Mr. and Mrs. W. R. Billington spent Sunday in Plainview visiting in the home of their daughter, Mr. and Ross Yandell and family. They also visited in the home of her mother and father, Mr. and Mrs. Glenn.

Miss Norma Sue Hollums visited in the home of Beverly Jeffress Sunday afternoon.

Mr. Jim Jeffress of Silverton, Mr. and Mrs. James Jeffress was hospitalized Sunday in Lockney General Hospital, after being involved in an automobile accident Saturday night in Silverton. His condition is much improved and he should be able to return home in a few days.

The "Get Acquainted" party will be Friday night, Feb. 21, at the school house, beginning at 7:30 o'clock. Each lady is asked to bring a cherry pie and the club will furnish the drinks. Everyone is extended a special invitation, especially the newcomers to the community. The Recreation Committee has a very interesting evening planned for everyone, so, you all, come join us.

**TAYLOR BOYS UNCLE PASSES**  
Mr. and Mrs. J. W. Taylor and Billie, Buck Marriele and his mother, Mrs. E. J. Marriele of Idalou, attended the funeral service of an uncle, A. S. Taylor in Waco Wednesday.

Mr. Taylor died early Monday morning from a heart attack. Survivors include the wife, one brother, Rob of Waco, a sister, Mrs. Sam Brewer, Waco, two nephews, J. W. and R. L. Taylor of Floydada and the niece, Mrs. Marriele.

Mr. and Mrs. Elmer Sellers plan to visit soon in Sweetwater with her brother, Bobby Dan Cox and family, who are parents of a new son born Saturday, Feb. 8. Mr. Cox is in the Navy.

## School Affairs Committees To Meet Tonight

The Floyd County Hale-Aiken school committee which was scheduled to meet tonight in the County court room in Floydada has been changed to meet at the Lockney High School cafeteria, according to Chairman H. H. Nicholas. Meeting time is at 7:30.

At last Thursday night's meeting the assembled group was divided into sub-committees and elected chairman and recorders. Each sub-committee is to study a different phase of school affairs.

Following are these sub-committees:

**Curriculum:** J. W. Adams, Floydada, Chairman; Mrs. Sid Thomas, Lockney, recorder; Zant Scott, Floydada; John W. Reue, Floydada; Mrs. I. H. Parks, South Plains; Mrs. Barbara Carruth, Lockney; Henry C. Ford Jr., Lockney.

**Buildings:** Allen Bingham, Floydada, chairman; Herchel Carthel, Lockney, recorder; Earl Edwards Jr., Floydada; Louis Pyle, Floydada; Leslie Ferguson, Lockney; Charlie Boedeker, Lockney.

**Teacher Supply:** Mrs. Emily Potts, Floydada, chairman; Mrs. Ayres, Lockney, recorder; Mrs. John W. Reue, Floydada; Clarence Guffey, Floydada; Mrs. L. T. Wood South Plains.

**Finances:** I. T. Graves, Floydada, Chairman; Edgar R. Hays, Lockney, recorder; Bill Hardin, Floydada; Mitchell Parrish, Floydada; Dr. Andrew McCulley, Floydada; Heim-muth Quebe, Providence; Sam Jones, Providence.

## Minstrel Show

(Continued from Page One)

erson, Jack McIntosh, Parnell Powell, Olin Watson Jr., Aldine Williams, Marion Tucker and Bill Keith.

Drum soloist will be Keith Patzer. Leonard Jones, of Plainview, will be the only imported talent. He is a banjoist. Check on local talent developed the fact that Floydada does not have a banjo picker who considered himself good enough to entertain in public.

Good augury for the minstrel show are the extensive rehearsals which have been marked the past three weeks, Tuesday and Thursday nights.

Mrs. Holmes says the cast is beginning to give a good show already, with the curtain hour still more than a week away.

The funds obtained from the show will be divided between the Band Boosters, all of whose money is used to promote the high school band, and the study club, which has four projects. They are:

To provide subscriptions to The Hesperian for patients at Peoples Hospital; to provide equipment for a special education class at Andrews Ward School; to make a Christmas donation to a Wayland College student not otherwise sponsored, and to make an annual Teacher of the Year award.

Tickets will sell to adults at \$1 each and to students at 35 cents.

Nights of the show, Thursday, Friday, Feb. 27-28.

Place, Floydada High School auditorium.

Curtain at 8 o'clock each night.

## Basketball

(Continued from first page)

starters, Wayland Richardson and Bill Patterson, foul off.

Floydada had leads at the half and three-quarter mark but fell behind in the final period.

Floydada girls forfeited to the Tahoka team. Neither club was in the running for the championship.

**Last Friday's Scores Included:**  
 Tahoka 46 - Floydada 42;  
 Floydada forfeit to Tahoka (girls);  
 Post 53 - Slaton 46;  
 Post 37 - Slaton 50 (girls).

Tuesday's games last week were postponed because of weather and were to be played this week. Unofficial standings through Friday's play looked like this:

AAA Boys District Standings			
Team	W	L	Pct.
Tahoka	10	1	.909
Floydada	9	2	.818
Abernathy	8	3	.697
Spur	5	4	.555
Post	4	4	.500
Slaton	1	9	.111
Lockney	0	9	.000

AAA Girls District Standings			
Team	W	L	Pct.
Abernathy	8	0	1000
Spur	7	2	.777
Slaton	6	4	.600
Post	4	4	.500
Tahoka	3	8	.454
Floydada	2	9	.181
Lockney	0	9	.000

Monday night in a make up schedule Spur's girls downed Floydada 43 - 22 in the opehr at Graves Gym. Floydada boys won the night cap 42 - 47.

Joyce White led the local girls in scoring with 14 points while Chambliss was high for Spur with 21. Bill Patterson was high scorer for the boys team with 23 points and Clotard led the losers with 17.

Ronnie Downing has been suffering with a knee injury which may call for an operation and his services are probably lost for the remainder of the year. Ronnie was hurt in the Tahoka game last Friday. His loss will seriously hamper the "Winds in their playoff effort."

**Monday Night Scores**  
 Floydada 62 - Spur 47;  
 Spur 43 - Floydada 22 (girls);  
**Tuesday Night Scores**  
 Aernathy 55 - Tahoka 44;  
 Abernathy 37 - Tahoka 19 (girls);  
 Lockney 43 - Post 37;  
 Post 45 - Lockney 28 (girls).

## Soil Fertility

(Continued from front page)

the afternoon session will be called to order by R. C. Mitchell.

Vic N. Johnson, vice president of the Federal Land Bank at Houston, will tell the assembly what to expect in agricultural financing. His talk is due to create unusual interest.

Profound changes in farm operations are due to bring with them great changes in farm finance. Federal Land Bank authorities are agreed that the average farmer this spring is finding financing an even more difficult problem than it was during the drought.

The growing interest in soybeans and castor beans is sure to make the talk of Harvey Walker, assistant agronomist of the Lubbock Experiment Station an interesting one. Walker will give a run-down on actual experiments.

The panel discussions will be given by Jerry Cooper, who has cotton as his subject, and Eddie Fortenberry, who is due to talk about his experiences in grass seed production in Floyd County.

Robert Lee Smith, chairman of the Floyd County Weed Control District's directors, will give the final discussion of the day on the activities and the program of the district as now foreseen.

Cecil Lewis, county agent, who will be general chairman, said those who attend may expect the program to be fast moving. Adjournment will be at 3 o'clock.

**TEMPERATURE READINGS**  
 Fog has kept visibility down to one-eighth mile or less the past two mornings in Floydada. A light drizzle fell in the earlier hours Tuesday but nothing measurable.

Low temperatures registered 16 degrees Sunday morning and Monday morning, since the 8 degree reading last week. Other morning lows have been in the 30s.

High for the week was on Monday with 60 degrees.

## Illness Fatal To Mrs. J. T. Myrick On Monday Night

Mrs. Jessie Lee Myrick, 65, wife of J. T. Myrick Sr., long time residents of the Floyd County area, died Monday night in the Plainview Hospital and Clinic following a brief illness.

Mrs. Myrick suffered a heart attack about 4:30 Monday afternoon and passed away at 9 p. m. She had not been well for sometime.

Born in Johnson County, Texas, November 21, 1892, she was married in Vernon, Tex., August 31, 1913. The family moved to the South Plains area in 1928 and have made their home there since that time with the exception of a short time they lived near Plainview.

Mrs. Myrick was an active member of the Floydada City Park Church of Christ.

Survivors include the husband, two sons, D. D. Myrick, Hart and J. T. Myrick Jr., South Plains; four daughters, Mrs. Lee Burton, Floydada; Mrs. Earl Huckabee, Hereford; Mrs. Sam C. Dickson, Lubbock and Mrs. D. B. Johnson, White Wright, Tex.

Three brothers, Oscar Tate, Coleman, Grayson Tate, Denver City, and Marvin Tate, Dallas; one sister, Mrs. E. C. Anderson, Weatherford, and 16 grandchildren.

Funeral rites were conducted in the City Park Church of Christ Wednesday afternoon at 2:30 with Gordon L. Downing officiating. Burial was in Floydada cemetery under the direction of Harmon Funeral Home.

## Vincent Case Goes to Jury

PLAINVIEW, Feb. 11. — The murder case of C. L. Vincent went to jury Tuesday evening following closing arguments by attorneys.

A jury was completed late Monday and testimony began in 64th District Court in connection with the fatal shooting of Virgil Johnson on April 6, 1937.

Defense attorneys are J. Scott Vincent of Cheyenne, Okla., uncle of the defendant, and Richard Stovall of Floydada. They pled self defense.

The defendant and his wife were separated at the time of the shooting and she was making her home in Lockney with her parents.

The husband had come from Oklahoma looking for her for a reconciliation, he said. He found her in Plainview sitting in a car with Johnson, a former employee of Vincent.

Following the shooting, Vincent went to the local police station and gave himself up.

The Vincents formerly lived in the Lone Star Community.

## Jr. Live Stock Show Catalogs Are Available

Probably 160 barrows, 80 lambs and 40 calves will be shown at Floyd County's Junior Live Stock Show on March 10, 11 and 12 this year, County Agent Cecil Lewis estimated Tuesday.

The boys have done a good job and it is anticipated that Floyd County people will see the best show yet staged by the youthful live stockmen.

The catalogue for the show has been completed and copies are now available.

In the new catalogue it is indicated that large banners will be awarded for grand champion calf and grand champion pig, and smaller banners to the reserve champions, champions and the three champions in the sheep show.

These in addition to the eight trophies that will be presented.

R. C. Mitchell is this year's general show superintendent.

Added feature for this year also are special awards to farm boys by the Berkshire, Duroc, Chester White, Poland China and Hampshire Breeders' Associations, for winning animals shown out of recorded sires ad dams.

**First Grandson For LaGrone**

Sgt. and Mrs. Elmer C. Stone announce the arrival of a 7½ lb. son, Elmer Charles Jr., born Feb. 28th in Deaf Smith County Hospital at Hereford. They also have a little daughter, Sharon Ann, age 1 year.

Mrs. Stone (formerly Rose La Grone) and children are with her parents, Mr. and Mrs. David La Grone, near Vega, while her husband is stationed in Japan. Paternal grandparents are Mr. and Mrs. Sam Stone of Sudan, Texas.

## Cucumber Acreage Contracts Signed

LOCKNEY.—Representative R. E. Brice, of Craddock Foods Manufacturing Co., Garland, Tex., contracted approximately 300 acres of cucumbers at a meeting with a group of farmers last week in the Plains Hotel at Lockney.

The food company agreed to pay the growers a price equal to that of last year for the cucumbers. Gerald Sams is representing the company in Lockney and will handle the grading and packing shed again this summer.

Local growers who have contracted to grow cucumbers are Bill Stanforth Jr., Bill Stanforth Sr., W. B. Mullins, Horton Howell, Herschel Carthel, Hubert Prizell, F. L. Vanek, J. B. Seal, W. C. Whitlock, Hugh Marble, J. N. Noland, C. W. Whitely, Elmer Thornton, Gerald Sams, Raymond Rucker, R. B. Holt, Ray N. Ford, John and Bob Walker, and J. H. Cooper.

Growers grossed better than \$400 per acre on the crop last year.

Food manufacturers have been pleased with the quality of cucumbers grown in the area, Mr. Sams said.

**BREAK-INS AT LOCKNEY LINKED, OFFICERS BELIEVE**

Three break-ins Saturday night at Lockney netted the burglar the sum of \$150. Places entered were the elementary school, Webster City Office and the Tye-Ansley Oliver Implement Co.

Investigating officers said fingerprints at the scenes linked the break-ins. Damage resulted to several vending machines from which the \$150 was taken.

Officers are continuing the investigation.

Mrs. W. W. Goen was returned home Tuesday from Methodist Hospital in Lubbock where she had been for 11 days receiving medical treatment.

## Births

Mr. and Mrs. Clinton Keys, former residents of Floydada, are parents of a baby daughter born January 26. She was named Pollye D'lene, and weighed eight pounds and one-fourth ounce at birth. She has a brother, D'Von.

Grand-parents are Mr. and Mrs. Andy Owens of this city. Mr. and Mrs. Keys make their home in Colorado Springs, Colorado, where he is employed by a milk company.

Mr. and Mrs. Leslie Nixon are parents of a son born Tuesday in Lockney General Hospital. The baby had not been named yesterday. He weighed nine pounds and four ounces at birth.

Grandparents are Mr. and Mrs. L. L. Nixon and Mr. and Mrs. Marvin Rape of Floydada. Mrs. A. T. Edwards is a great grandmother. Mrs. Nixon is the former Doris Rape.

**JUNIOR HIGH TEAM WINDS UP SEASON WITH GAME HERE AGAINST STRONG ABERNATHY**

Floydada Junior High School boys basketball team will wind up their season with a game against strong Abernathy tonight. Game time is 6:30 p. m., and Graves Gym is the site.

Coach Pete Fuglar's charges have a remarkable 16 won, 1 lost, record for the year. Abernathy is the team that gave them their only defeat. Hoping to be at full strength this time the junior high boys are making plans to avenge that lone loss to put a fitting finale to their season.

As a tune up yesterday afternoon they defeated a Lubbock junior high team 45 - 41.

Robert Ford of Agra, Okla. will leave tomorrow to return home after visiting here a few days with an uncle, S. D. Medley and family, and aunt, Mrs. V. D. Turner and family.

A family dinner Wednesday marked the birthday celebration of Bernard Sharp in the home of his grandparents, Mr. and Mrs. John Green. At the dinner were the honoree, his wife and baby, the grandparents, his mother, Mrs. Bob Reeves and Mr. Reeves and Mrs. Don Green.

Mr. and Mrs. Bob Reeves visited Tuesday at Friona with a son, Tommy Sharp and family and in Amarillo with Mrs. Reeves's brother, Billy Green and family.

## HOSPITAL REPORTS

All patients in Peoples Hospital are in a good condition this week and said by attendants there to be resting comfortably. They are N. A. Armstrong, T. M. Noland, Mrs. E. A. Hopkins, T. J. Campbell, Mrs. W. T. Branson, V. C. Hagood, Mrs. P. A. Denison, Mrs. G. A. Tardy, and Mrs. Mal Jarboe both flu, cases and Linda Green.

## Baptist Workers Conference Held at Ralls Tuesday

"Doctrine Of The Holy Spirit" was the theme for the Floyd Baptist Workers Conference held Tuesday in the First Baptist Church at Ralls. A song service began the activities at 10:00 a. m., led by Bob Miller of Ralls.

Ellis Henry, also of Ralls, brought the scripture and prayer. Other speakers were Gene Hawkins, Matador; Charles Broadhurst, Lockney, and Temple Lewis, Lone Star.

Special music was provided by the Girls Quartet of Ralls.

Dr. John Freeman of Wayland College brought the message followed by the noon meal served by the host church.

Regular board meetings were held at 1 p. m. concluding the conference.

Attending from Floydada were Rev. and Mrs. Ed. B. Bowles, Rev. and Mrs. Joe Wilson and E. D. Morgan.

## Teachers Attend Area Conference

A Service Education Conference for Homemaking Teachers for Area I was held Saturday in the Tullia High School. Thirty-eight Panhandle and South Plains counties were represented.

Registration began at 8 a. m., with professional matters and panel discussions held throughout the day.

The subject most thoroughly discussed was "The Place of Home and Family Life Education in the School."

Attending the session from Floydada were Homemaking teachers, Mrs. A. E. Baker and Mrs. Faye Pitcock.

**'SARA' EXES REUNION**

Mr. and Mrs. S. D. Medley and children will leave Friday for Oklahoma City, Okla., where Mr. and Mrs. Medley will attend a Saratoga reunion. Shipmates, who haven't seen each other in some 10 to 14 years will be present for the two-day affair. Accompanying the Medleys will be another ex from the "Sara," Veryl Selman and Mrs. Selman of Lubbock.

**HALF-MINUTE INTERVIEWS**

Clement B. McDonald: "I fed cattle Monday morning with the thermometer reading four degrees below zero."

## ARM IS BROKEN

MRS. MICKEY McDONALD

## New McDonald Lecture Date Is February 25

The scheduled lecture at Lockney High School auditorium by Mrs. Mickey McDonald set for February 11, which was cancelled by stormy weather, has been announced again for Tuesday afternoon, February 25, her sister, Mrs. Alton Noland, said this week.

The hour will be 2:45 p. m., the subject "Every Woman a Model of Charm." Pleasant Valley Home Demonstration club is sponsoring the event. The public is invited to attend without charge.

Mrs. McDonald is a lecturer and beauty authority. She is director of the John Robert Powers School at Amarillo. She is a former resident of Floyd County.

Before her marriage she was Winona McGuffey, daughter of the late

J. G. McGuffey and Mrs. McGuffey, now of Amarillo. She has been active in the field of beauty a number of years. She formerly operated her own charm school under the name of Mickey's Charm Clinic.

For the past two years, Mrs. McDonald has been a weekly guest, as a beauty authority on KGNK TV channel 4. On her recent visit to New York City, Mrs. McDonald attended a Powers International meeting, at which time the new trends in wardrobe and styling were discussed, some of which Mrs. McDonald will bring out in her lecture.

In attendance will be members of Future Homemakers of America Chapter at the Lockney High School. All other girls, their mothers and anyone else interested are invited to take advantage of this informative lecture.

### SIX BAPTIST MEN ORDAINED DEACONS OF LOCAL CHURCH

Dr. Franklin Swanner, Missionary Secretary of District 9 of Baptist Churches, brought the ordination sermon Sunday night at the local First Baptist Church, when six Floyd men were candidates for ordination into the deaconship.

The men were Bill Hardin, Bill Daniel, Gene Collins Jr., T. L. Hilland, Parnell Powell and Mitchell Parrish.

Mrs. C. N. Battey returned home Monday from the Methodist Hospital after spending the week-end there receiving medical attention. Mrs. Battey was scheduled to undergo surgery Saturday morning but the surgeon postponed the operation until this Saturday. Mr. and Mrs. J. N. Richardson of this city visited Sunday with Mrs. Battey.

Mrs. B. J. Darden of this city has been in Lockney General Hospital suffering from a case of flu. She was admitted Friday and returned home the first of the week.

## CHAT with PAT

Hi. Two-Four-Six! Man, look at those scales go up. But I guess the Valentine Candy you got was worth it.

Wasn't it Sue K., Elfa, Mary Grace, Judy, Jane, Darlene and many more! The Rainbow Girls had their big Rainbow Banquet last Saturday night. Judy Jackson acted as Master of Ceremony and crowned Kenneth Mankins, King of the Rainbow Banquet.

The snow was really great. A lot of the kids got together at different houses and had sort of a party. Johnny and Bob Edt acted as chauffeurs of the tractor while they pulled car hoods piled up with boys around in the snow. The things that some people think of!

Kearney is acting as Band Director while Mr. Jones, Jerry Cardinal and Charles Carr journey to Galveston to the All-State Band.

The elections are over with and the following will be the "Wheels" next year! Si Duncan, President of Student Council; Hal Hines, vice president of Student Council; Tommie Copeland, secretary of Student Council; Glea Adams, Annual Editor; Gaynell Boothe Whirl Editor. Congratulations and I know all of you can do a wonderful job next year.

Dates seen around the week-end were:

Julia Ann Daniels and Hal Hines, Sharon Edmiston and Johnny Wilkowsky, Barbara Smith and Van Trapp, Kay Robertson and Kearney Edmiston, Sue Flanken and Kelly King, Janice Noland and Jerry Crawford, (steadies), Addie Adkins and Norman Ferguson (steadies), Mary Cogdell and Dick Galloway,

Snow Drop Dunn and Joe Smalley, Darlene Johnson and Cliff Jones, Billie Holmes and Richard Graves, Pat Allen and Jerry Battey, Marlene Burleson and Frank Potts, Sue Kendrick and Rennie Vickers, Shirley Gregory and Donnie Taylor, Helen Foster and Charles Holland, Judy Wilson and Harvey Allen, Jane Tye and Weldon Pruitt, Angela Thurston and Roger Trapp, Jaunell Wood and James Teague, Linda Welborn and Vaughn Ginn, Gaynell Boothe and Bill Smith.

Glenda Morgan and Dale Lawson, Leora King and Joe Noland, Nancy Watson and Larry Coltharp, Jodie Reue and James Hale, Judy Jackson and Bill Orman, Sue Williams and Leora Williams, Donna Milton and Arlis Powell, Kay Robertson and Buddy Watts, Fleeta Carthel and Wayne Adams, Sonja Guffey and Don Garrett, Elfa Womack and Peice Pritchett, La Juana Womack and Mike Shurbet, Thelma Ferguson and Spencer Hatley, Suzie Nelson and Norman Davis, Edwina Overstreet and Don Sparks, Estella Wyatt and Ronnie Downing.

Freida Smith and Keith Reeves, Carolyn Gates and Dale Brown, Carol Lawson and Gary Huckabay, Shirley Ginn and Mike Penner, Nedra Jarrett and Eddie Childs, Mary Grace Dunn and Eddie Parks, De Anne Newberry and Rex Jones, Linda Hammonds and Rex King, Joy Sparks and Laron Fulton.

Did you notice Kearney Edmiston and Kelly King went to Abilene Saturday to see about enrolling in school? Bye, PAT

Mr. and Mrs. Carl Jarrett, accompanied by their daughter, Mrs. Frieda Bass and baby, and Mrs. Jarrett's parents, Mr. and Mrs. O. B. Sims, spent Sunday in Lubbock guests of Mr. and Mrs. E. A. Bilberry and family. Mrs. Bilberry is a daughter of Mr. and Mrs. Sims.

Mrs. Bud Turner and boys spent a few days this week in Plainview guests of her sister, Mrs. Lloyd Watts and family.

## Rainbow Girls Enjoy Banquet

The High School Cafeteria was the scene Saturday night of the annual Valentine Sweetheart Banquet for the Floydada Rainbow girls. A chicken dinner was served to approximately 125 guests.

Centering each serving table were miniature Valentine trees made from branches of grapevine and decorated with white styrofoam hearts nestled in red ruffle net. Place favors were also hearts made from styrofoam with tiny red hearts placed in the center.

Seated at the head table were the king nominees and their dates. Candidates were Kenneth Mankins, Jay Dyus, Dale Brown, Johnny Witkowski, Kent Clark and Dickie Watkins.

Mistress of ceremonies was Judy Jackson. On the evening's program were Gay Grundy, Bobby Seago, Janet Boren, Kenneth McCaless and Melinda Goen.

Highlight of the program was the announcement of the Rainbow King, which was kept secret until revealed by Miss Jackson, who also did the honor of crowning Kenneth Mankins Rainbow King for 1958.

Proceeds from ticket sales and votes will go toward the trip the girls take annually to Houston to attend the Rainbow Grand Assembly.

### Mrs. H. W. Roberts Is HD Club Hostess

Mrs. H. W. Roberts was hostess Friday, February 14, to members of the Homebuilders Home Demonstration club. Carrying out a Valentine theme, the reporter, Mrs. D. D. Shipley had the pleasure of sharing a dozen roses sent to her by a niece, with the members and hostess. Mrs. Raymond Williams had

Floyd County Hesperian, Floydada, Texas Thursday, February 20, 1958

charge of the meeting in the short absence of the president, Mrs. W. W. Trapp. Mrs. Floyd Fuqua brought the devotional.

The program for the day was in charge of Mrs. Evans, Mrs. W. W. Trapp and Mrs. Fred Gross. The club is sponsoring a Dresden paint party on February 25, in the kitchen of the Lighthouse Electric. All are invited and asked to bring a sack lunch for the all-day affair.

Valentine refreshments were served at Friday's meeting to Meses, Elmer Norrell, Ronnie Evans, Fred Gross, Raymond Williams, Gordon Mayfield, D. D. Shipley, M. A. Burton, Ethel Sawyer, Floyd Fuqua, W. W. Trapp and visitors, James and Keith Norrell.

## Boys Required To Register At 18th Birthday

AUSTIN — More than 6,000 Texas males of draft age registered at the state's 137 draft boards in January, Colonel Morris S. Schwartz, state Selective Service director, reported Tuesday.

He said about 65,000 men a year, mostly 18-year-olds, register with the Texas boards. At the beginning of the current law, 1948-49, rate of registration was about 63,000 a year.

Males reaching age 18 are required to register on their birthday, or within five days thereafter. All

males born since August 30, 1929, are legally obligated to register, except those not yet 18.

Membership in the National Guard or any of the uniformed reserves does not excuse a young man from registration, Colonel Schwartz pointed out. He must register even though he gets in the reserves before 18.

If a man joins the armed forces and goes on active duty before he is 18, he is relieved from registration until discharge or relief from active duty. Thirty days after discharge or relief from active duty, he must go to a draft board and register, no matter what his age or length of service.

If a young man is an ROTC student in Texas A. & M. College before he is 18, he is relieved from obligation to register so long as he is an ROTC student there. If he drops out, he must register.

If he completes A. & M. and gets a commission but does not go on active duty, he must register. If he goes on active duty immediately, he does not have to register until relieved from active duty.

This is approved by the Secretary of Defense in only six other schools.

Mrs. S. A. Summers and daughter, Sandra of Lubbock and Mr. and Mrs. Milton Ashton of Lockney, were here Saturday to spend the day with Mrs. R. L. McNeill, who makes her home since her illness with a daughter, Mrs. B. A. Robertson. Mrs. Summers and Mrs. Ashton are also daughters of the ill woman.

### IEWS AND COMMENT

**Schools Need Study.** In communities all over Texas citizens named by school authorities are beginning a massive study of our school needs. They are put to work on a voluntary basis in order that the state may evolve a better process of education, preparing for the bulge in scholastic population. Few laymen give real study to the educational systems. About the only help teachers get from the average citizen is a quip such as is seen in the newspapers like The Hesperian about kids that finish high school, who can't read intelligently nor spell. There are all kinds of boys and girls. All of them need educational development, not just the bright ones alone. Facts, ideas, suggestions, not wise cracks, are being sought.

**Barley Planting Time.** It's late barley planting time and a good many fellows have been teetering on the notion of trying to put seed into the ground with the soil too full of moisture to do a good job. All the barley acreage planted would be that much less sorghum grain later on. It also would be money in hand sooner — possibly more of it. Fifty thousand acres — we say fifty thousand because it is a good round number — are waiting for the weather man to give his okay.

**Not much snow fell in the February "storms" that hit the high plains. And it drifted little or none. But long afterwards, this week even, there were still little drifts around out on the open prairies. Some of the old timers are saying this is a "sure sign" there will be more snow before the winter is over.**

**Mighty lot different to February last year and the year before, and the year before, when the row crop man was in the field pre-irrigating all during the latter part of January, all of February and March. While he is spinning his wheels now he can take comfort in the fact that the meter doesn't click off any bills for gas or electricity. Incidentally what a blow this fine season is to the gas and electric man. Oh, well. Maybe they're rich and can stand it. Who knows?**

**Delas News reporter Robert E. Baskin reports that New York authorities saw it as a joke when he hinted that the federal government might find it desirable to send troops into that city to settle the chaotic conditions in the schools. Baskin has been in New York reporting on the public school situation, which is a big mess, for Texas readers. He says it is a fact the authorities are sending kids across town in order to have segregated schools. Authorities there, who are in the habit of seeing New York City correspondents report on Texas, were somewhat non plussed to have a Texas reporter looking in on one of their squabbles. Some refused to talk with him, others didn't.**

**Spring Style Note.** Reading the ads we are not intrigued by the latest creations fresh from Paris, but we hasten to give hearty endorsement just the same. And those shoes! How darling!

**Another reason why City of Floydada should raise its valuations for property taxes on a more realistic basis is the need for street markers. Try to tell a stranger—a new milk man, for instance—how to get around on the streets and see what we mean. Street markers and their maintenance should be in the city budget. You don't "hold the line" by letting matters of this nature go to pot.**

Something that makes us feel like we felt in 1929 when we saw it coming! Women's spring shoes \$37.95 in the Nieman-Marcus ad. In that long ago day the bottom fell out when shoes hit \$15.95 in the big city stores.

**The Vultures Gather.** Tip off that a big give away spending spree is coming to add more federal public debt to head off the depression is in the talk that is going the rounds among the Big City leaders. Last week in Dallas a group of 200 "civic leaders" heard several scientists who have had government tests in their mouths since the beginning of World War II speak of four billion that would be spent for missiles, two billion for something else we now forget. And did the crowd thrill to that spending—if they can get it spent at Dallas. Also, a corollary note is seen in the newspaper reports that another city much closer to Floydada than Dallas, was to have five men on the way to the nation's capitol by the latter part of last week. They have three pets on which the government could spend untold millions to relieve the recession.

**They Miscalc Again.** Texas' Jack Porter, Republican big stick, gets credit for the latest blow to release of federal control over gas prices at the well. Gas has become an even more precious commodity than oil and if federal controls were taken off the scandalously low price the land owner is paid for his gas would rise materially. Mr. Porter staged a dinner for minority leader Joe Martin at Houston recently. The oil men attended in large numbers paying a fancy price for plates as a campaign fund raising event for the Republican party. The republican national committee said they didn't want the money. It would cost too many votes back east, they said. People wouldn't understand. The matter is seen as a serious blow to the prospect of getting remedial legislation through congress.

**Your Tax Money.** Floydada citizens who are helping to hold the line by standing in the way of greatly needed local improvements, (as paving, for instance) are reminded that their tax money is going 68 cents out of every dollar to the federal government, 17 cents to the state government, and 15 cents to their local county, city and school governments combined. Now is the time to awaken to the fact that the federal government is going to take what you have left! Better spend it on something you can use. Doubtless the Slobovians and the Pakistanians are nice folks but they are not any nicer than you! Uncle Sam is going to take care of them. You are going to have to take care of yourself.

**Oil Allowable Cuts.** Allowable for oil well production in Texas is now down to 11 days and the oil producing areas are feeling the pinch. Lay offs and stacked drilling rigs, cessation of activity in general, are being occasioned. Oil field workers are seeking jobs elsewhere. How far the oil companies can go with foreign imports without seriously crippling the domestic industry is one of the major problems at the time. One thing for sure, the policy now being pursued is piling up a deficit in the fiscal affairs of the State of Texas.

### Motorists Are Warned Safety Sticker Needed

Only 30 per cent of the registered vehicles in this Region (of the State Highway Department) have been inspected to date for the year of 1953, according to Captain Alan Johnson, Service Commander of Motor Vehicle Inspection. Floyd County is in Region No. 5 in State Highway Department vernacular. Captain Johnson pointed out that motorist are subject to a fine of one dollar (\$1.00) to two hundred dollars (\$200.00), if they are apprehended operating a vehicle without a valid Safety Inspection sticker. J. R. Whitmire, Motor Vehicle Inspection Patrolman for Floyd County, advised that out of 6615 vehicles registered in the county, only 1960 have been inspected to date. This represents only 30 per cent of the total vehicles in this county required by State law to be inspected.

J. R. Whitmire stated eleven state approved Inspection Stations are located in Floyd County and that motorists should have their vehicles inspected as soon as possible in order to avoid a last minute rush to meet the April 15 deadline.

### As A Farm Woman Thinks

(Nellie Witt Spikes)

Everything outside this 10th day of February, 1953, is getting covered in ice. The skies are like cold gray lead. Once I liked these kind of days. I would walk to the mailbox, which was over one-fourth mile. As I went along very carefully over the slippery pasture I would pull a long piece of ice off the barbed wire fence. It had a taste of iron that made it good. I would kick an ice covered broom weed and the tiny crystals would fly. Birds feed on the seed of this broom weed when the winter comes. The mailbox would be coated with ice unless the mail had just run. Letters, newspapers and magazines would brighten the rest of the day and flower catalogs were indeed welcome with their gay colors. When the sun did come out the whole world was a fairy land that even Walt Disney might envy. But soon these would be tinkles as the ice melted loose and dropped to the ground.

Today I cannot even step out on the porch for fear I will slip and I sit inside and enjoy just looking out.

Murphy Chapman was our friend. We knew his father and mother when the Chapman children were growing up.

The clear sweet call of the kildoe, the scent of white blossoming plum trees, the mirages, the blue lakes of water, the bright sunshine and cool starlight, these he knew and loved. He grew to manhood in our midst, married Roxie Howard, our neighbor girl, reared a fine family, and was a credit to his country and to his God.

He loved the good land he farmed so long, the rich smell of the freshly turned earth. He loved the stock that depended on his care. Now other hands will hold the tractor to the row, other hands will care for the stock for Murphy has entered the home of the Blessed Forever.

and we miss him...

Our hearts also go out with love and tenderness for our friend of many years, Maude Hollums, in the untimely passing of her loved son, Douglas.

These lines of Edgar A. Guest, are for the consolation of the many who loved this fine man: I would not grieve too much, the promise tells That rest is his who sleeps so sweetly there;

Beyond the dull, slow tolling of the bells which mark his passing, life is free from care.

You would not mourn if one you love should rise to wear the royal purple and the crown; Should gain the glory of the great and wise and put the tools of humble service down.

Suppose that life should call some friend you know out of the ranks, and end his days of care;

You would rejoice and smile to see him go, though you remained to work and struggle here.

So when death comes, though hard it seems to bear, and long the years with all their loneliness; The loved one has called away from care to high promotion, rest and happiness.

#### TO OUR FRIENDS:

We are proud and humble indeed when we think of the many expressions of sympathy, the handclaps, the flowers, the telephone calls, the telegrams, the beautiful church service, the dedicated books, the food prepared and the many loving services rendered us upon the death of our beloved husband, father, son, and brother, Douglas Hollums. May the Good Lord bless and keep you all.

Mrs. Douglas Hollums and daughter, Sarah Maude E. Hollums

#### CARD OF THANKS

We thank our friends for all the kindness shown us during our recent sorrow in the loss of our loved one, John Lewis Bullard, May God Bless you all.

One "Bite" of the "Bigger-Digger" Supplies Enough Phosphate to Fertilize 100 Acres of Farm Land

Phosphate is mined from vast surface marine deposits in Florida with the mammoth piece of equipment shown above. As one of the major ingredients in commercial fertilizers, phosphorus is an important plant food because it stimulates root growth and aids the reproductive processes of plants—formation of grain and fruit. After phosphorous ores are mined, concentrated and ground, they are usually treated with acid to

make super or triple phosphate materials for greater concentration of P<sub>2</sub>O<sub>5</sub> and greater solubility. Then these phosphates are incorporated into the commercial fertilizers you buy. The "Bigger-Digger" pictured, is the largest dragline scoop in the United States, and was built for International Minerals & Chemical Corporation for its large-scale phosphate mining operation near Bartow, Florida.

Some Recommended Practices For Grain Sorghums On Plains

Recommended Cultural Practice for Sorghum. In the cornbelt and southern areas, prepare seed-beds like those for corn. Soils should be tested and fertilizer applied to balance the soil's supply of plant nutrients. Generally speaking, fertilizer requirements of

sorghum are nearly the same as for corn.

Sorghum should be planted when soil temperature is above 70 degrees F. -- June in the Great Plains . . . two weeks after corn planting elsewhere. For dryland, plant seed 4 to 6 inches apart in 40-inch rows in irrigated land or in high annual rainfall areas. Sorghum seed should be planted one to two inches deep either with a lister or corn planter with special sorghum plates. Cultivation should be shallow, just often enough to control weeds. Chemical weed control with 2,4-D can be used.

Any small grain combine may be used to harvest sorghum. Adjust cylinder speed to average 850-900-RPM with 3/16" to 3/8" cylinder --concave clearance and 7/32" round sieve. Combining can begin when moisture is down to 17 per cent. Sorghum will heat and spoil if stored with moisture above 14 per cent. In many areas of the cornbelt, artificial drying may be necessary to supplement field drying and bring moisture down to a safe level for storage -- below 14 per cent. Sorghum with 15 to 16 per cent moisture may be held in bins for feeding -- ONLY during cold weather.

There are Several Ways to Apply Fertilizer. Generally, the row or band application of putting on fertilizer is used for row crops at seeding time. Not as much fertilizer is required per acre as compared with the broadcast or top-dressing methods. Either before or after plowing, you can broadcast fertilizer uniformly over the surface of the soil, working into the moisture layer, as the seed-bed is prepared. Quite often high phosphate and potash fertilizers are broadcast in excess of current crop needs because these nutrients do not readily leach away and stay available for plant use for more than one crop season.

Corn growers and others who raise heavy feeding crops like the side dressing method of applying fertilizer because the crop responds quickly. Tests show demand for plant food is greatest during a critical stage of plant growth, and fertilizer placed beneath the soil where moisture is available gets to plant roots quickly. High nitrate fertilizers are often side dressed in split-applications. Because this form of nitrogen is very soluble -- it tends to leach out quickly if too much is put on at one time. The top dressing method is re-

commended to apply fertilizer on established hay and pasture lands. Best time to top dress these forage crops is in the spring and fall when rains carry fertilizer down to the feeding zone of plant roots. Most farmers report from 40 to 60 per cent more forage from top dressing pastures. And, in addition, there's more feeding value in the forage crops produced.

It Pays to Buy High Analysis Fertilizers. In fact they cost less because they have more plant food units. With them you have fewer pounds, or tons, of fertilizer to haul and handle, less to apply per acre. However, the biggest saving lies in the cost-per unit of plant food. Remember you actually get as many units of plant food from 1 ton of 10-20-10 as you do from 2 tons of 5-10-5.

Outdoors In Texas

(By A. L. Wilkie)

There was turkey on the Thanksgiving table of many lucky Texans last year!

Turkey season opened on Nov. 16 along with the white tail deer season, in many areas of the state.

Most of the birds were killed in the Edwards Plateau, better known as the Hill country of Texas. But other spots of the state also provided a few gobblers.

After the beginning of the deer and turkey season, only one more open season was awaited by the hunters -- quail season. It was legal to hunt quail in most of the counties of Texas after December's end.

As new seasons came on, others passed out. It no longer is legal to kill doves in either the North or South zone.

It was legal to kill mule deer west of the Pecos between Dec. 20-27, inclusive.

The white tail season ended Dec. 31, as did the quail season. Then it was legal to kill only ducks and quail until Jan. 16.

After that the shot guns could be wiped clean and put away until September 1, unless you like to shoot crows.

Incidentally shooting crows at the end of the season is a good way to get rid of old shells and at the same time do your bit in killing off those black rascals.

Many towns will have crow shoots.

Have you checked your boat lately? Most of us have been so busy with our hunting in recent weeks, that we've neglected our boats.

A visit to any boat area will reveal many boats with six inches of water in the bottoms. The recent rains have filled others.

If boats are to last a long time and give good service, they need care. Mark it on your calendar to dedicate the next pretty week-end, or at least a portion of it, to checking your boat. Perhaps it might need to be hauled out of the water for a good scrub job, inside and out, or a coat of paint.

Crappie Are Plentiful. Most of the fish being caught now are crappie and sand bass. Every lake and stream in Texas is producing plenty of crappie. Most of them are on the small size, but they are big enough to make a good meal.

During the past year there have

been many fishing barges and doughnut shaped barges built on the major lakes. They are baited down and furnish ideal spots for crappie fishing. Some of them are steam heated. There is one on Whitney that even provides TV.

Other fishermen just tie their boats up to dead trees sticking out of the water, or anchor at well-marked spots and catch their crappie with minnows.

For sandies most of the fishermen right now are following the gulls and jiggling. With a limit of 25 sandies you can have plenty of fun during the day.

One of the favorite lures is the Dixie Jet, which, by-the-way, is made at Houston. It is a spoon of exactly the right weight to get these sandies.

There is one good trick to remember. If you've never fished this way before. A light rig is very important. Say a 6 1/2 foot light action rod with a 6 to 9 pound test line. Let your lure go to the bottom, take two or three turns on the reel, quiver the rod very slowly by moving the tip slowly up and down.

The sandies hit almost invariably on the down motion. For that reason they usually are on the hook when you start the upward movement. If you aren't careful you can yank the hook out of its mouth before it has been set.

A couple of good fishermen with a little practice and a few of these Dixie Jets can fill the bottom of the boat in a few minutes of hot fishing. Try it.

WHERE TO PLACE FERTILIZERS FOR BIGGER COTTON HARVEST

For top cotton production, place fertilizer in narrow bands, 2 1/2 inches to the sides and 2 to 2 1/2 inches below seed level at planting time. If you need more nitrogen and potash later, put them on while you're cultivating as a side or top dressing application.

INCREASE CROP YIELDS BY USING MORE FERTILIZER

Although some farmers are using more than 10 times the commercial fertilizer they did a few years ago it's still not enough. According to soils specialists it would take, in many states, a million tons each year of well balanced fertilizer to replace nutrients crop production removes from the soil. In fact, it would pay most farmers to double the amount of fertilizer they now use.

IMPROVE POOR LAND

Poor land need not remain poor! It is both practical and profitable to build poor soils up to high yielding capacities -- through the use of fertilizer.

Fertilizer Can Be Applied In Several Ways

There are Several Ways to Apply Fertilizer. Generally, the row or band application of putting on fertilizer is used for row crops at seeding time. Not as much fertilizer is required per acre as compared with the broadcast or top-dressing methods. Either before or after plowing, you can broadcast fertilizer uniformly over the surface of the soil, working into the moisture layer, as the seed-bed is prepared. Quite often high phosphate and potash fertilizers are broadcast in excess of current crop needs because these nutrients do not readily leach away and stay available for plant use for more than one crop season.

Corn growers and others who raise heavy feeding crops like the side dressing method of applying fertilizer because the crop responds quickly. Tests show demand for plant food is greatest during a critical stage of plant growth, and fertilizer placed beneath the soil where moisture is available gets to plant roots quickly. High nitrate fertilizers are often side dressed in split-applications. Because this form of nitrogen is very soluble -- it tends to leach out quickly if too much is put on at one time. The top dressing method is re-

WHICHEVER SORGHUM YOU GROW

International RAINBOW makes the BIG DIFFERENCE

Whether you grow sorghum under irrigation or under dry-land conditions, Rainbow Premium Plant Food makes the big difference in higher yields. Rainbow contains more than the usual forms and types of nutrients needed for excellent, sturdy plant growth, higher production--more profit for you. Order your Rainbow in the amounts you need for your grain sorghum acres to:

- Get a faster start ahead of weeds and dry weather
- Have fully developed grain heads for better yields
- Raise strong, sturdy plants that support and feed developing grain heads, that resist lodging and that are easier to harvest
- Produce sorghum grain that has excellent feeding qualities

THERE IS A Special PLANT FOOD GRADE FOR Sorghum. Rainbow, made by the International plant near you, is available in grades recommended for sorghum grown on your soil. And, every ingredient in Rainbow serves a purpose. For example, Nitrogen that's fast acting and Nitrogen that is slowly available during the full growing season. Phosphorus and Sulphur for plant color, root and stem development and grain production. Potassium for sturdy growth and quality. Water soluble Magnesium and Calcium for vigorous growth and good healthy leaves, plus other important plant foods for maximum yields.

## Texas Acres Idle As Foreign Fields Reap The Profit

Texas and other American cotton farmers face another in a series of hard knocks this year in the form of "home-made" competition—foreign competition brought about by short-sighted planning at the top level in Washington.

It is now apparent that, due to relentless insistence on holding down cotton allotments in our country, not enough top quality cotton will be produced to meet our own domestic needs this year. As a result, we will likely find ourselves in the ridiculous position of bringing cotton into the country from Mexico, Brazil and possibly even such countries friendly to communism as Egypt.

Current cotton acreage allotments are based on an estimated production of 1 1/2 million bales. But what some of our government planners have failed to recognize is the fact that much of this land went into the soil bank and will not produce any cotton.

Last year, our upland cotton was lower in grade than at any time in the past twelve years. Middling and higher grade production was the smallest since 1949. And now our textile industries are facing short-

## Broken Journal On Freight Car Delays Trains

Wine flowed freely in dry Cottle County last Friday. A wine-filled tank car burst when it jumped the rails on the Quanah, Acme and Pacific line, two miles west of Paducah.

The rail car was one of ten derailed in the accident. The train was an east bound freight. Estimated damage was set at \$100,000 by railroad officials.

A burned off journal caused the derailment. There were no injuries.

News of the spilled wine spread rapidly in Paducah and persons took jugs to the scene, but company officials stationed guards soon after, stopping the pilfering.

Robert Medley, local agent for QA&P, said the accident caused three trains to be delayed in Floydada—one local Friday, a through train, and a local again Saturday morning. Rails were repaired at the 6 p. m. local Saturday was on schedule.

OLEN C. TURNER

## Turner Chosen Head of Potato Chip Institute

Olen C. Turner of Dallas, executive vice-president of Morton Foods, has been elected president of the Potato Chip Institute, International, at the association's annual convention this past week in Miami.

This marks the first time in the history of the Institute that a second man from one company has served as president; G. C. Morton, president of Morton Foods, held the office in 1945.

Turner served as director and first vice-president of the association in 1957, and has held several important committee chairmanships previously in the production and quality control research organization of the Institute.

Born near Mineral Wells, Texas, and reared on a farm, he is a graduate of Mineral Wells High School and the University of Texas, where he received a B.B.A. degree in Business Administration. Following college, he moved to Dallas where he was associated with a national accounting firm, served as secretary and auditor for a wholesale school supply and publishing company, and then during World War II, was assistant to the Administrator of O. P. A. accounting offices for 13 states in the Southwest. He was also a member of the O. P. A. committee for proration of fats and oils.

On July 1, 1944, Turner joined Morton Foods as comptroller and remains today in the capacity of executive vice-president.

He is also a past-president of the Mayonnaise and Salad Dressing Manufacturers Association, is a member of the Southern Methodist University Board of Development, and served in 1957 as vice-president of the Dallas County Community Chest.

During the year 1958, Turner as president and with Harvey Noss, executive secretary of the Potato chip association, will visit all ten regional associations at least once. The Potato Chip Institute maintains its headquarters in Cleveland, Ohio.

## Mrs. Tyler Is Crowned Queen At Lodge Meet

Mrs. Willadean Tyler was crowned Valentine Sweetheart of the Rebekahs in ceremonies held Friday night in IOOF Hall. Mrs. Tyler won honors over six other candidates. (See picture on another page) Runners-up with a close margin were Mrs. Estelle Warren and Mrs. Barbara Hatley.

Receiving many votes were Ethel Dever, Betty Stevens, Ida Mae Day and Elene Pinfon.

Ethel Sawyer, Lodge treasurer, named the Valentine Sweetheart. The honoree was escorted to the chair by her husband, A. G. Tyler, where her sponsor, Jane Marquis, did the honors.

Lovely gifts were received by Mrs. Tyler. A white carnation corsage was presented by Ethel Dever, Noble Grand. She was also presented a hand painted picture by Mrs. Belle Berry, a hand painted chain plate by Mrs. Ora Shipley, and a bottle of Cologne by Elva Reeves.

Approximately 125 guests enjoyed the evening's festivity of "42", canasta and bingo and refreshments of cake, cookies, coffee and coke.

The response of Floydada people in contributions and help in making the project possible proved an asset to the Lodge it was said.

Proceeds from the ticket sale will go toward the kitchen fund.

**HAS PNEUMONIA ATTACK**

T. R. Noland is back in Lockney General Hospital suffering with pneumonia. He received medical attention there two weeks ago. He took the flu after his release and was returned to the hospital where he has been the past week.

His daughter, Imogene Noland, deputy clerk, said her father is improving and has hopes of coming home this weekend.

**HALF-MINUTE INTERVIEWS**

D. I. Bolding, "Cut out the ad. Sold the house."

Mr. and Mrs. Leroy Burns and children returned home Sunday from Oklahoma City, where they spent the week-end visiting with relatives. Mrs. John Burns, who accompanied her son and family there, will stay a few weeks, guest of her daughter, Mrs. Frank Jordan and family.
