## Old Settlers Annual Re-Union Gets Under Way Wednesday

### Association Is In 30th Year

(Wednesday morning)

Pioneers of Floyd County and their neighbors of yesteryear gather here this morning for their celebration of the 69th anniversary of the county's founding.

With an interim of a few days between row crop planting and the grain harvest-effective at the moment it could be on of the largest gatherings of the old settlers and their friends.

Probability that weather will be cooperative was indicated yesterday.

The old settlers will be in their thirtieth year of organization.

Registration will start on the court house lawn, weather permitting at 9 a. m.

Highlights of the day come at 11 a. m. with the address by Charles Whitesides.

At noon with the dinner for the Old Settlers Association (50 years in the county).

At 1:30 when the parade forms

Flodada Roping Club's eight-calf match between Red Whitley of Crosbyton and Walter Arnold of Silverton will be staged following the parade. Floydada Rodeo Association arena on East 12th Street will be the site for this event.

Bill Norris, president of the roping club, says there also will be several roping jackpots, following the Whitley-Arnold match, mostly ropers choice.

At 2:30 when the memorial program is held with District Attorney John B. Stapleton giving the memorial address.

At 3 o'clock when the style show is held and prizes are awarded.

At 3:30 when the children's square dances are held, the youngsters competing for prizes.

And at 4 o'clock when the Pioneers Reunion Association elects officers and directors for the following year.

After the day's formalities and the nostalgia of old friends greet-

W. B. (Jack) Henry, who retires this week-end from Civil Service to go into another line, has handled every job in the Floydada Post Office except that of a rural or contract carrier. His civic sideline has been with boys. A charter member of McDermott Post, American Legion, he is chairman of the Boys' State and Child Welfare Committees.

## TAKES NEW POST Jack Henry Ends 38 Year Postal Career

Thirty-eight years is a good long spell to stay on one job, at least it is long enough for W. B. (Jack) Henry, announcement of whose resignation from the Postal Service was announced last week.

Retiring to take an assignment with Standard Sign and Signal Company, he looks back over interesting and eventful years.

In the first place Mr. Henry worked a couple of years in the post office before he ever had an official connection with the job he later made his life's work. He was helped when his father, F. P. Henry, was postmaster under Woodrow Wilson before World War I.

The family said the boy may be moved to a Salton hospital, their home town, today if it is at all possible.

The youth suffered a severe skull fracture when his head struck a tree limb while he was horse back riding. He is unable to speak as yet but recognizes his family, it was said.

Henry has served during the administration of seven presidents - Wilson, Harding, Coolidge, Hoover, Roosevelt, Truman and Eisenhower.

Henry is a charter member of McDermott Post, American Legion, of which he has twice been commander. In that organization assignments that had to do with boys have seemed to gravitate toward him. He is now chairman of the Boys' State Committee and the Child Welfare Committee of the post.

Besides getting several fine boys off to Boys State he organized the Cub Scouts in the community. Later while District Cub Scout Commissioner he organized Cub Packs at Lockney, Petersburg, Ralls, Lorenzo and Crosbyton.

He also had a major part in the organization of the Explorer Scouts in Floydada.

His official connection with Civil Service is dated July 1, 1920. Retirement pay deductions throughout the years are the basis for substantial retirement pay.

Henry is married and the couple have one son, Jack, who will be a senior at Tech next fall. Mrs. Henry is the former Allene Hopkins. Their home is at 521 West Virginia Street.

## Paving Meeting Airs Opinions On City Needs

Members of the city council Friday night listened to talks on the paving needs of the community and joined in the round table discussions that followed.

Dr. W. F. Patrick, chairman of the Chamber of Commerce Civic Improvement Committee, headed the delegation of citizens who aired their troubles before the council.

The high cost of not having paving was the burden of the remarks made by those who favor a paving program.

Property owners on 15 different blocks made progress reports on their efforts to get a voluntary program started.

Some of the property owners came out of the meeting with the fixed idea that the city will have to adopt an assessment plan before anything adequate can be done. Of these Arvis Phillips said two years of effort to get something started has been fruitless.

A second meeting is called for Monday night of next week, when there will be additional reports on progress. Place for this meeting will be the district court room, the hour 7:30 o'clock.

## Seven Scheduled For Pre-Service Exams June 2nd

Seven Floyd County boys are due to report for pre-induction physical examination on June 2, says a report from Local Board No. 45, which issued the call on May 19.

Richard L. Spears, Bobby Lynne Brown, Cranson Ray Osden, Thomas Dulin Davis, Joe Louis Coleman, Dan Randall Barber, and Jackie Don Jarrett.

At the same time three from Swisher, four from Hale and two from Motley County are due to report for examination. The two Motley County registrants are Donald Bruce Martin and John Lesly Meason.

Swisher County boys are Robert Watson McDonald, Jerry William Duetman and Jack Eual Boggs, and the Hale County contingent will be Dan Wyatt Coffey, Theodore Alvin Wilson, Leon Wright Jr., and Virgil Cannon Visor Jr.

Mr. Floyd County boys are included in the June 2 call to arms. One registrant from Swisher, Daniel Wade Rogers, is to report for service, and four from Hale -- Jimmy Wayne Martin, Wingo Ray Brown, David Cerda Hernandez, and Synait Onarion Matthews.

## PHOTOGRAPHER'S YEAR OLD SON IS GRAVELLY ILL

Steven Taylor, year old son of Mr. and Mrs. Conrad Taylor of this city, has been seriously ill this past week in Methodist Hospital at Lubbock.

The baby became ill first with an ear infection then contracted pneumonia, which later developed into spinal meningitis. He was taken to Peoples Hospital on Saturday and remained until Monday of last week then taken to Methodist Hospital.

Rev. W. D. Reeves of the First Christian Church, visited with the sick boy and his parents a few days ago, and he said the boy seemed better and that he was removed from the isolation ward Thursday.

The Conrad Taylor's operate the Conrad's Studio in Floydada. The Conrad Studio has been closed since illness of their son.

## ATTENDING REUNION

Mrs. A. E. Shelton, of Carlsbad, N. Mex., a former resident of Floydada, is here for the Old Settlers Reunion, guest of Mr. and Mrs. W. D. Newell. She is enroute from Houston where she attended the Baptist convention and will visit a daughter Mrs. Jack Hudson in Amarillo, before returning to the Pecca Valley.

## Home Coming at 10 Sunday

The Mt. Blanco Church will hold their 40th anniversary on Sunday, June 1, starting at 10 a. m. The affair will continue through the day with lunch being served at the noon hour in the church.

A morning and afternoon service is planned and the church extends an invitation to all former members, present members and their friends to the homecoming celebration.

The church was organized in the Mt. Blanco school January 13, 1918, with 21 members.

It is now under the leadership of Rev. J. P. Williams.

R. B. Smith found this picture of Fred and David Battey among his effects in 1939, and sent it to The Hesperian on the chance that the newspaper might want to use it sometime. "These boys are now progressive, well to do Floyd County farmers," he noted.

The year of the photograph was 1909 or 1910. Fred had just turned 21. He was working for George W. Smith. The horse he holds is Van, bought by Mr. Smith from Van Leonard. Note Fred's watch fob and sleeve holders. He was in high cotton. David, the younger brother, is riding a little steel dust mare that belonged to his father, O. F. Battey.

## Telephone Service For South Plains Now Expected In July

The installation of the new telephone stations in the South Plains portion of the county will likely be completed in July, according to present prospects, said Southwestern Bell manager J. C. Oakley last week.

Southwestern Bell Telephone Company announced their plan to tie in a large part of the South Plains district to the Floydada exchange shortly before the beginning of the new year and had hoped to finish the job in the second quarter of 1958. Engineering problems have occasioned the delay, Oakley said.

One of the first things that will be done, he said, will be to wire the houses and install the telephones. This will be followed by stringing the service lines.

Deadlines for including names in the July telephone directory comes early in June, and the manager was asked if he thought they'd have information on the names and numbers in the South Plains vicinity in time to include in the directory.

## QA&P Engineer Dies of Heart Attack in Cab

A railroad engineer, who complained of feeling ill on his stopover in Floydada Friday, died in the cab of his diesel freight near Roaring Springs about 12:35 a. m., Saturday.

Fred Watson, 59, of Quanah, engineer for the QA&P Railroad, was pronounced dead after firemen brought the train into Roaring Spring about 15 minutes after Watson died. Death was ruled as due to a heart attack.

A resident of Quanah for 47 years, he is survived by his wife, his mother, Mrs. Sally Watson, Britton, Okla., a daughter, Mrs. Russell Costa, Quanah and two sons, Halpin of Bryan and Richard of Sacramento, Calif.

## Memorial Day Announcement

Members of J. W. Harrison Post, VFW, and McDermott Post of American Legion will hold combined Memorial Services at 6:30 a. m. Friday, May 30, at Floyd County Memorial Park for deceased veterans of American Wars.

The introductory speech will be given by T. L. Holland, commander of the McDermott Post, who will also read the Honor Roll of Floyd County deceased veterans.

Rev. Ed Bowles, pastor of the First Baptist Church, will deliver the Memorial address.

Mrs. L. B. Stewart Jr., member of the VFW Auxiliary, will read the list of Gold Star Mothers, who will receive a corsage each in memory of their sons. Mothers, wives and children of other veterans who have passed on also will be recognized.

D. G. Ayres, adjutant of the McDermott Post, said color bearer and guards and firing squad from the Amarillo Air Force base have been invited to attend.

In case of unsettled weather the memorial service will be held in the chapel of the First Baptist Church.

GORDON L. DOWNING

## Downing Family Go To Abilene About June 16

The Gordon L. Downing family will be leaving Floydada in mid-June, Mr. Downing has announced.

Having been asked to assume the ministry of the North Side Church of Christ in Abilene, he has decided to take up work in that field and will begin the week following June 15, when he preaches the last sermon for the local congregation.

He advised the City Park Church of Christ congregation here several days ago of his plans to make a change.

The Downing family came to Floydada in March of 1953. During the five-year period that has elapsed he has been minister of the local congregation.

The preacher and his family and the community have formed a sort of a mutual admiration society in addition to Downing's ministry. He and his family have taken a full part in civic activities of the community.

Since her graduation Carolyn, the daughter of the family, has been at ACC, and beginning in the fall their son, Ronnie, also will enter school there. By making the residence change the family can still be together while the children are in college. The change has been urged on the preacher by the Abilene people for sometime.

North Side Church of Christ is the third largest congregation of the faith in Abilene. It has a lot to do with college young people, so the family should be right in the middle of things there quickly.

Mr. Downing's presidency of the local Rotary Club will end on July 1. This week he said he expects to miss only one meeting of the club before his term expires July 1.

North Side Church of Christ has a membership roll of between 900 and 600, fluctuating considerably every year as the college youngsters come and go.

# Applaud Jones For Fine Work With FHS Band

The Band Boosters Club held their final meeting of the school year Thursday, May 23. At that time Vernon Witkowski, outgoing president, thanked the club members and the citizens of the community for their cooperation and whole-hearted support in the past. Mr. Roy Hale took over as president of the club.

The new business before the club involved plans for the coming year. Committees were appointed to take under advisement the writing of a constitution, by-laws, and rules for the club; the construction and management of a concession booth at the County Fair in September; and the management of the football concession stand.

Mr. Jones, band director, reported that he will have three bands, comprised of approximately 210 students marching in the Old Settlers Day parade. This will be the swan-song of 12 graduating seniors. The high school band will have 23 new members coming in from the junior high band next year. Twenty-two of these have been playing four years.

The parents of the band students would like to take this opportunity to publicly thank Mr. Jones for his fine work with the band. Very few teachers in any school have under their immediate guidance and instruction as many students as Mr. Jones. Very few band directors have been able to build a fourth division band into a first division, successful band in three years as Mr. Jones did. None of us will ever know the effort time, and thought that it requires to lead and instruct 210 students.

"We Salute You Maurice Jones!"

LLOYD L. DAVIS

# Electric Systems Talk Is Scheduled By Lions Thursday

Lloyd L. Davis, Plains Division Superintendent of Southwestern Public Service Company, will be guest speaker at the Floydada Lions Club luncheon meeting Thursday, May 29.

Davis will give a general discussion of the history and development of present day electrical transmission and distribution systems. Points of interest to the general public in these operations will be pointed out.

Electric service and safety for the public will also be discussed by Davis.

During World War II, Davis served in the U. S. Navy. He is married and has two children. He is a graduate of Oklahoma University, 1944. He has been at Plainville since 1955.

Pred Thaxton is program chairman for the day and will present the speaker.

# Library Summer Reading Project Begins on Monday

The summer reading project for the youth of Floyd County will start Monday, June 2, in the Floyd County Public Library, according to Mrs. Lee Goughly, librarian.

Each child who reads 12 books this summer will be entitled to a certificate. Mrs. Goughly said, in addition to this and to encourage the child to read, there will be a "Mystery Book" placed somewhere in either the fiction or non-fiction section and the youth who happens to choose it to read then that book will count as two read. A book each week will be placed in various sections, Mrs. Goughly said.

At the close of summer those who have read 12 books will receive their certificates also those who read 12 last summer will be entitled to a seal for their certificate. The ones who read more than 12 books this summer will receive the certificate and a seal.

Youths who are fortunate enough to find and read the Mystery Book will receive special recognition at the end of the project.

Any information needed on the summer reading project may be secured at the desk in the County Library where youths are to sign up.

# Giant Strides Made in Phone Installations

(Special to The Hesperian)

NEW YORK, May 19 — Talk is cheap, according to an old saying, but not so in Floyd County. Judging by the number of county homes equipped with telephones, more money is spent locally on this means of communication than is spent elsewhere per family.

The latest tabulation covering the entire country made by the American Telephone and Telegraph Company and released recently by the U. S. Commerce Department, shows 2,238 residential phones in operation in Floyd County.

This amounts, in effect, to 22 home phones for every 100 local residents, a big gain over the ratio that existed a few years back.

How large this figure is may be realized by comparison. The average, throughout the West South-Central States, is 17 telephones per 100 people. In the State of Texas it is 18 per 100.

In most parts of the United States, as well, the greatest growth of the telephone has come in recent years. It has gone hand-in-hand with the improvement in economic conditions and has been viewed as one of the indicators of a rising standard of living.

The net result is an even greater contrast than before between the number of installations in this country and those abroad. Out of 95 million phones in the entire world, residential and business, about 53 million are in this country.

In Floyd County the growth has been impressive. The 2,238 residential phones in service, as of the latest survey, represent a 274 percent increase over the 597 in operation ten years earlier.

The gain exceeds that registered in the period in the United States as a whole, 123 percent, as well as that in the State of Texas, 179 percent.

Surprisingly, despite the large number of phones in the United States, we are outtalked by people in some foreign countries. Canada, it seems is the talking nation,

with 417 conversations annually per capita. Then comes Iceland, with 384. We are next, with 393.

Also, believe it or not, many more phone services are provided abroad than here. In Vienna, for example, one may flick the dial to get fairy tales for children, short-hand practice for novice secretaries, menus for mother, bus schedules or a dozen other services.

Dr. James Wester and family of Garland and the Bill Wester family of Weschertford have been here during the past week visiting with relatives and spending some time with their mother, Mrs. J. C. Wester, who is in Methodist Hospital and reported to be doing nicely. She is expected to come home today.

Mr. and Mrs. Waiton Hale of Hale's Dept. Store, Mr. and Mrs. Cecil Hagood and Mrs. Lu Hodges of Hagood's, Mr. and Mrs. J. W. Reue of R & R Fashions and Mr. and Mrs. George Van Wickel of Millades, are all due home today from Dallas where they have been to market for summer and fall fashions.

Mr. and Mrs. Clyde Rafferty of Waco, brother of H. L. Rafferty, and Mr. and Mrs. Lowell Calloway of Silverton, son of Mrs. Rafferty, were guests here Monday night in the H. L. Rafferty home.

**Dougherty News**

By Mrs. W. J. Ross

DOUGHERTY, May 26 — Cotton planting takes precedence over all activities in this area this week. A large acreage is being replanted. With the favorable weather conditions of this spring roses and flowers have flourished. As one drives down the highway a brilliant array of wild flowers greets the eye. These include butter cup, galardia, (sometimes called Indian blanket), daisies, violets, loco weed, wild onion, santanas, lady slipper and many others. There are reports of thirty-two varieties of wild flowers on one farm. While it is estimated 400 are indigenous to this area.

Roses and flowers are enhancing the beauty of most local homes. These are iris, daffodils, violets, larkspur, phlox, lilies, pyracantha, mock orange, peonies and poppies and a large variety of roses. Their beauty and color rivaling those pictured in the seed catalogues. Worthy of special mention are the red poppies blooming in profusion at the Jim Morrison home and the row of beautiful peonies at the Bill Norman home.

Mr. and Mrs. S. M. Crawford recently visited their son, Virgil, who was hospitalized at Brownfield. Latest reports indicate he is improving.

Mrs. R. T. Jones and children of Midland, Tex., are visiting relatives and friends in this area.

Mr. and Mrs. G. C. Tiner visited his brother, G. E. Tiner at Wichita Falls over the week-end.

Mr. and Mrs. C. A. Caffee visited in the homes of his sisters in Byers Wednesday and Thursday.

Guests in the Caffee home Saturday were Harold Thornton and his sister, Mrs. Betty Sue Garret of Ft. Worth. They were neighbors of former years.

Mr. and Mrs. Tom Fondren of Estacado were guests of Mr. and Mrs. Ned Bradley Sunday afternoon.

Sunday dinner guests in the Bradley home were Mr. and Mrs. Gordon Downing and Ronnie, Mrs. L. H. Downing, Rennie Vickers, Ray Johnson and son, Conway, Mr. and Mrs. P. L. Orman and Johnny Stephens of Girard.

Jack Covington, senior student at Tech is visiting at home until the beginning of the summer term, June 3.

Mr. and Mrs. Dale Smith enjoyed an outing at Silver Falls Sunday afternoon.

Mr. and Mrs. Lon Emert, Weldon and Judy and Mr. and Mrs. Tommy Emert and children of Plainview picnicked at Buffalo Lake near Amarillo Sunday.

Mr. and Mrs. H. D. Meredith visited in the home of their daughter, Mrs. H. C. Burke in Amarillo over the week-end and were present for the birthday celebrations of their grandson, Ronnie and his mother.

### VIEWS AND COMMENT

#### COTTON NEEDS HELP QUICKLY (National Cotton Council)

How much worse can it get? Cotton growers have had their acreage slashed drastically in five straight years of controls. Unless Congress does something this session, they face a further 20 per cent cut in 1959.

Agriculture Secretary Benson indicates he almost surely will be forced to cut allotments from their present 17.6 million acres to about 14 million next year — if present farm law stands.

The result would be still more idle land, land planted to less profitable crops, and a further income cut for the farmer, whose income is already too low.

What's more, a small 1959 crop would aggravate the shortage of better quality U. S. cotton which is already forcing mills to use lower grades and encouraging substitution of rayon for cotton.

Cotton farmers need an acreage increase instead of a decrease. This means a lot to this area because when cotton is hard hit, we're all hard hit.

Congress is trying to make up its mind about the farm program. Time for corrective action for cotton is short. Cotton growers should express their concerns. They should let their Senators and Representatives know their views — and right away.

America's Vice President has a happy facility for making rubarbas turn to his personal advantage politically. His latest in South America last week when he emerged from a barrage of sticks and stones at Caracas, that actually endangered his life and that of his wife, to be welcomed at the home airport by a thundering crowd a few hours later. Most significant sentence we noted in the reports of the Caracas affair: "The escort . . . stood listlessly by." The insults were calculated and engineered, admittedly, but the official protectors also willingly lent a hand by their inaction. Friends you buy always "stand listlessly by," when the chips are down.

The vice president's trip south, in the first place, was a silly waste of money. It must have been made on a dare or to put up a front. Surely our "intelligence" abroad knew the danger. If they did not there are families in Floyd County who could have told them. American women and children of United States citizens working in South America have been coming out of Venezuela for weeks and months in the face of mounting tension.

**Memorial Day 1958.** Out on the prairie, down in the vale, beside the pretty stream, on a mountain top, in some foreign land or perhaps in a watery grave, lie our loved dead. To them has been dedicated one day of the year, and especially honored are those who have fallen in battle. Sometime called Decoration Day because it is also the day when we tend the grounds and bank the graves of our friends and relatives, it has significance in a deep patriotic fervor for God and Country. Friday will be such an observance for one more year. What the future may have in store we forget for the moment as we ponder the glories and the heart aches of days that are passed.

**Grainmen are guessing** that the first loads of grain this season will be barley. From appearance, barley may be moving in small volume, granted continued dry weather, by June 5, a few days away. No wheat is that far along, though an occasional wheat man is estimating he may have combines in the field by June 10.

**The Barley Crop.** Size of the barley crop is beginning to be a matter of wide-eyed speculation. Guesses are running as high as a million bushels in Floyd County. Some of the barley fields are going to have fabulous yields. As to wheat there was so much rain in the flowering stage of the crop there may be some disappointment. Some fields that look 50 bushels are not. They say the grain is too far from the ground and the heads are not long enough for 50 bushels. But it is mighty thick on the ground and makes a sight for sore eyes. It is going to put some June money in circulation.

**Speaking of Money,** it has been an axiom among retail business men that when stores begin to be offered \$20 bills on purchases business is picking up, and will get better. Business people could stand another good one like Saturday.

**Automobile dealers** are continuing to repeat their story to the manufacturers, automobiles are being priced out of the market. Resist, they say, any move that will put any added price on cars. Big Business and Big Labor may not take heed. Steel mills, operating at a reported 45 per cent of capacity are announcing a June 1 prize in the price of steel. Who is more blind than the man who refuses to see?

**Enlightening.** One half of the world knows how the other half lives because of back yard fences, front porches, bridge parties and sewing circles.—Register-Mail, Galeburg, Ill.

### Texas Visitors Spent Big Wad In Year of '57

AUSTIN — Visitors to Texas spent more money and stayed around longer spending it in 1957 than during any previous year, so indicates the Tourist Industry Report released by the Texas Highway Department today.

D. C. Greer, State Highway Engineer, pointed to statistics in the Report which show that expenditures per person per day jumped to \$8.22 in 1957, as compared to \$7.71 in 1956. "Moreover, the typical tourist extended his visit to 6.3 days in 1957, as against 5.9 days the previous year," Greer observed.

The Report defined tourist dollars as new money earned elsewhere and brought into the community where it is then spent and expended into the local business cycle. Specifically, tourist dollars to the tune of \$531 million made music in Texas cash registers and jingled in the pockets of Texas Texans last year. This whopping amount was cleared from tourists traveling by automobile. Covering out that this was an impressive increase over 1956's intake of \$379 million. The Report says that approximately \$98.9 million was spent also in 1957 by tourists visiting Texas by air, rail, bus and ship.

Largest part of the tourist dollar in Texas is spent for food, lodging, and car upkeep. To serve those basic needs the Report estimates, 25,320 establishments with 102,286 employees are required. The final figures are increased many times when the remainder of the tourist dollar is spent are considered.

**Freeze Surplus Spring Vegetables**

COLLEGE STATION — Freezing is quick, easy way to preserve fresh greens, asparagus and other spring vegetables. Extension foods and nutrition specialists say that freezing keeps the natural color, fresh flavor and food values of most vegetables and fruits better than other methods of food preparation.

For best results, select fresh, tender vegetables right from the garden while they are at the right stage of maturity for eating.

Other factors that influence quality are preparation packaging, freezer loading and length of storage.

Latest information on how to freeze, and how to cook frozen food is given in Extension Bulletin, "Frozen Foods." Get a copy from your county home demonstration agent's office.

## Planning High Quality Cotton

The Texas cotton farmer's opportunity this year will be in a high quality crop — not necessarily in quantity. Agriculture Commissioner John White said this week.

While there is a present surplus of cotton, the supply is mostly in the lower grades that sell for less. This cotton results in heavy mill waste and a bad cleaning cost. But the best demand—and biggest opportunity for profits—is for the higher grades.

Seven important steps are recommended to help the grower improve the quality of his cotton. As to the first two points, planting is already well under way over most of Texas but the other suggestions can still be put into effect.

These seven steps are:  
Plant cotton the best

1. Select the best seed. The ideal field is inherently fertile, free of soil borne diseases, sown up early, is well drained and yet not too dry.

2. Use best seed available to a recommended variety. Good seed may be somewhat short this year but all of it should be treated with a good fungicide.

3. Fertilize to fit needs. Use your fertilizer at the rates time and manner recommended by Texas experiment stations in your area. Both excessive and under use of some fertilizers can have a bad effect on the grade of harvested cotton.

4. Manage the crop for quality. Control weeds, insects and diseases. Discourage irrigation early enough for the crop to mature before frost. Late irrigation can delay maturity and seriously reduce grade.

5. Pick promptly and carefully avoid mixing good cotton and bad, wet and dry lots.

6. Deliver cotton to the gin as dry and clean as possible. The grower, too, has a responsibility to keep his equipment in order so use proper drying and take time to do a

good job.

7. Sell or merit. Have cotton classed before selling; then sell on the basis of its grade and staple. This is the grower's means of assuring himself of the benefit of producing better cotton.

## Start Roaring Springs Wildcat

**ROARING SPRINGS (Special)** — An oil tract near the west edge of Roaring Springs has been announced by E. E. Moss and Sons of Lubbock.

The prospector, projected to a depth of 3,500 feet, will be known as the Omar Parks No. 1. It is a wildcat tester.

E. E. Moss Sr. of Lubbock said Thursday that the rig was being moved in and drilling would follow as soon as possible.

The test is located on a 160-acre tract of land owned by Omar Parks. Three sons of Moss are associated with him in the venture.

## Carrier Praises Highway Foreman

Carrier Oliver Allen on Route 4 is singing the praises of Sanford Weber, maintenance foreman for highways in this portion of the 12th highway district.

Weber, Allen said, had spread caliche around delivery boxes on his route all the way from Sand Hill to Harmony, about 30 in all.

"A mail carrier who splits off into the mud from the beaten track, if its dirt roads or off the pavement, get to a mailbox, keeps better after a few tries. Accordingly he hauls the box closer to his road every time the road maintainers work his road and put the boxes where they belong. Its tiring but not nearly as bad as trying to get a car jacked out of the mud," Allen declared.

The highway boys did a real job of fixing the area around his boxes so they can be approached with confidence, Allen added.

## News of Harmony

(By Mrs. Chloë Williams)

**HARMONY, May 25.** — Vacation time again! My how time flies when one gets older. How often I have heard older people make this statement, but only the past few years have I learned the significance of it. Would that we could appreciate the present as we should. Reminds me of one of the statements Mrs. Docking made at the Baccalaureate address Sunday night: "Success is having what we want; Happiness is wanting what we have." How much happier we could be if we could learn to appreciate what we have.

Rev. Gates preached his farewell sermon at the chapel Sunday morning. He plans to retire from the active ministry. We love Rev. and Mrs. Gates and invite them back to visit with us at any time.

The Northwest Texas annual conference will convene Tuesday at Lubbock. Our church will probably be placed on the charge with Sterling Methodist Church and we will have half time. We do not know who our pastor will be at this time. Bill Tucker is the delegate to the conference from our church and Horace Carr alternate.

Several from the community attended the Baccalaureate service in Ft. Stockard Sunday night.

Mrs. Raymond Steinhilber returned home Monday from Mr. Vernon after visiting several days.

Wesley and Horace Carr were business visitors in Lubbock Monday of last week.

Mrs. J. H. Holmes is a patient in the Methodist Hospital in Lubbock. Mrs. Holmes is suffering from Yellow Jaundice and possibly other complications.

Mr. and Mrs. R. B. Gary left Thursday for Amarillo to spend several days where Mrs. Gary will attend a niece who is ill.

Mr. Roy Hale returned home Wednesday from a Lockney hospital where she had been a patient.

The Home Demonstration Club met Thursday in the club room with Mrs. Bill Tucker hostess. Pollyanna were revealed and names drawn for the next three months. Mrs. Bob Hopper gave a demonstration on "Basic Dresses and Accessories."

Mr. and Mrs. Elmer Williams spent the week-end with their sons Elmer Dean and Leon, while Mr. and Mrs. Gary are away.

Mr. and Mrs. Everett Miller, Mr. and Mrs. Bill Tucker, and Mr. and Mrs. Ernest Lee Thomas of Blanco attended a first anniversary celebration of an insurance company in Lubbock Saturday evening. They had dinner in the "Chicken Village Restaurant" and afterwards enjoyed a film of India shown by Dr. Malone of Lubbock, made while on his trip around the world. Mr. Miller and Mr. Thomas are directors of the insurance company and Mr. Tucker is salesman.

Grandmother Danie's and Kent Clark were guests in the Zani Scott home while Mr. and Mrs. L. L. Clark Jr. attended the Baccalaureate and Graduation exercises of their son, Dene Clark from McMurry College.

Mr. and Mrs. Carriek Snodgrass and Mr. and Mrs. Walter Hanna returned home Tuesday from a fishing trip to Stamford Lake. They reported pretty good luck.

Mrs. Mather Carr received treatment in Lubbock last week for a severely sprained hand, she received in a fall. X-rays showed there were no broken bones, but it was very swollen and sore.

Mrs. G. L. Snodgrass spent Saturday evening visiting her son and wife, Mr. and Mrs. Carriek Snodgrass.

Sue Williams spent Thursday night with Judy Wilson of Fairview.

Mrs. Merle Wagner of Amarillo spent on Thursday until Saturday with her sister, Mrs. Glenn Pool and Mr. Pool.

Marvin Smith and son Tommy, were fishing at Stamford Lake over the week-end. Mr. Schrader of Petersburg spent some time in the home of her daughter, Mrs. Smith, while Mr. Schrader was fishing.

**TWO LUBBOCK YOUTHS ARRESTED ON THEFT CHARGES**

Two youths, John Adrian Martin, 17, and John Thomas Lindley, 19, of High Homes, Lubbock, were arrested five miles east of Floydada, May 14, by Sheriff Walter Hollams on car theft charges.

The car allegedly stolen by the two was found near town where it had been abandoned. The motor was badly burned.

They were picked up about five miles east of town near the old Slick Lake.

**TWO TAKEN TO HUNTSVILLE**

Sheriff Walter Hollams and C. C. Huckabee returned home Wednesday from Huntsville where they took two prisoners to serve sentences in the state penitentiary.

Clifton Jones is to serve a two year term for burglary of the Lunch Box Cafe.

# STATE CAPITAL Highlights AND Sidelights

by Vern Sanford  
TEXAS PRESS ASSOCIATION

A fresh task force is being set up by Gov. Price to study the state's monetary situation. The task force will be headed by Auditor C. H. Cavness, Budget Officer Jess Irwin and Col. J. T. Ellis Jr. of the governor's administrative staff.

They are expected to work cooperatively with the State Tax Study Commission, a group of legislators and outside experts who have been surveying the state's fiscal position for some months.

Under the present spending pattern, it is estimated the next legislature would have to scratch up upwards of \$100,000,000 in new revenue to balance the books.

As in a family that comes up short at the end of the month,

## ALLMON COTTON & GRAIN INC.

Allmon Cotton and Grain Inc. is a growing community center for the southwest Floyd County area. The best processing and marketing facilities for cotton and grain crops, a contact place for farm labor needs, and a community meeting place are among the services offered.

Come in and visit with us and discuss your farm problems.  
**LESTER PEARSON, Manager**

the state's advisors, both official and unofficial, are divided between those advocating getting more money and those favoring less spending.

Governor Daniel urged his executives to try both angles. Specifically, he suggested exploring:

1. Every possible economy in use of state funds.
2. Possible elimination or combination of duplicating services among state agencies.
3. Compilation of a list of non-recurring expenses in the present appropriation.
4. Every possible source of additional state revenues which may be available without the levy of additional taxes.

**Open Season** — Most major candidates have held their opening rallies and will be campaigning with little let-up between now and the July 26 primary.

But in many areas of the state even more intensive struggle is going on at the grass roots for control of the precinct convention. They'll be held right after the primary, on the evening of July 26.

It's a small-time battle with big-time stakes. Whichever group of the Democratic party gets out the "most" in the precinct conventions will control the state convention in the fall. This means taking over the official machinery of the party for the next two years -- leading up to 1960 and presidential nominating time.

Governor Daniel has said he will personally lead "conservatives, moderates and all other Texas Democrats who believe in majority decisions." He's been assured of vigorous opposition from the liberal Democrats of Texas led by Mrs. Frankie Randolph of Houston, Texas' national committeewoman.

DOT will have a statewide rally in Austin May 31 to draw attention to its efforts to oust the governor from official party leadership.

For the average citizen the precinct convention poses a more ticklish problem than primary voting. It may mean voting, publicly, against a neighbor who's running for precinct chairman.

**Wary Watcher** — Atty. Gen. Will Wilson says his office is keeping close check on the gasoline and milk price wars that have broken out in major cities.

In some areas gasoline prices dropped as much as 10 cents per gallon below normal, and milk has been sold at a fraction of the usual charge.

Texas anti-trust laws do not prevent price wars which are the free working of competition, Wilson commented, "but they do prohibit agreement or conspiracy to fix or cut prices and selling below cost to eliminate competition."

**More Building** — Effect of the drought's end is being seen in more building in smaller towns dependent on agriculture for prosperity.

UTA's Bureau of Business Research reports a 10 per cent rise in the January-April building volume for towns with less than 10,000 population.

BBR's report reflected a fairly general brightening of the building picture. Construction authorizations for April were up 3 per cent from March and 22 per cent from a year ago.

Home builders were found to be cautiously optimistic. Most, BBR reported, hadn't actually experienced much of an increase in home sales. But they were busier than they'd been in months building up a supply for an expected pick-up in buying by fall and next year.

Easier credit and, in some cases, lower costs of materials are expected to make house-buying more alluring.

**More Salvage** — Sale of some municipal bonds owned by the bankrupt US Trust and Guaranty Co. has brought another \$144,000 for the company's creditors.

An earlier distribution of \$2,181,000 represented about 31 per cent of the amount owed some 9,000 persons.

Meanwhile, Insurance Department employees are working against a May 31 deadline to complete an operation designed to prevent such losses in the future. They check the annual statement of each company doing business in Texas. If any questionable transactions are uncovered, the company is required to straighten them out before being re-licensed.

During the past year, a period of tightened regulation, there has been no large-scale crack-up in the industry. Many younger companies

the defendant contends the law is too vague and confusing to be valid.

Texas penal code has two separate and sometimes conflicting sections on sale of firearms forbidding their sale to minors, persons "under heat of passion" and persons convicted of felonies.

**Short Shorts** — Texas Employment Commission has announced the first substantial drop in unemployment claims this year. After weeks of tabulating steady increases in joblessness, TEC reports claims had slid from 90,913 to 86,528. Total benefits paid dropped \$143,070 for the week. . . . Accompanying this good news, TEC announced 1,127 new jobs created in the state by the opening of new businesses. Largest was a garment factory in Temple employing 200.
