Looking for a good subject? Niritdin A. Aliev, one of the Russian engineers visiting Floyd County last week, seemed a little bored at the whole thing.

Russians Officials Join Floyd County Soil Tour

A caravan of cars and busses left Floydada about 9:00 a. m. Thursday morning on the annual soil conservation tour of Floyd County.

The government issue cameras they carried were all identical, as well as other little bits of equipment which tended to give them away as well as the bright picture they tried to paint of their home land.

The group was anxious to leave for Lubbock before all the demonstrations were completed and those who were trying to entertain them were by that time about as anxious to see them go.

The Russians did show some interest in the modern farming equipment, farm improvements, and automobiles and at times asked if these were owned by the individual farmer.

The Russian group were supposedly agricultural engineers here to study high plains irrigation methods.

NOBODY THERE Budget Hearing Is Minus Visitors

The county budget hearing was a tame affair Monday morning, so tame in fact the court was not interrupted in its routine by the appearance of even one taxpayer.

The budget in question is for the year of 1959. The court is required to adopt a budget in August and submit it for consideration of taxpayers at a public hearing.

Between August and January 1, the conditions usually change materially, the budget adopted representing the intentions and outlook of the commissioners at the time of its adoption.

Parade Slated For 3 o'clock This Afternoon

Late yesterday all indications pointed to the Fifth Annual Floyd County Fair as the biggest and best in the brief history of the fair.

Since last week committees have been working around the clock, almost literally, to complete conditioning the grounds and prepare the huge oil mill building in south Lockney to receive the hundreds of entries.

These began pouring in yesterday and this morning community entries, entries in the women's division and agricultural products are due to be hurried into place for the judging which begins in these departments shortly after noon.

Gifford-Hill Western Gets Office Here

Gifford-Hill - Western is opening a sales office in Floydada with Joe Harris in charge.

Their location will be on Highway 70, east, next door to Lunch Box Cafe.

Harris Monday said that the new office is being opened to give better service to a wide section of the east plains.

Harris is not a stranger in Floydada. He was formerly with the Soil Conservation Service here for three years as member of the work unit.

During an absence of two and a half years he has been with Gifford-Hill-Western in Dimmitt and Garden City, Kan., as design engineer.

The new office here will make it possible for G-H-W to give better service to a large number of farm operators.

Harris has been house hunting for three or four weeks but has not found quarters for his family here as yet and will not attempt to move there here until he finds a home for them, he said the first of the week.

The G-H-W announcement of their business intentions locally is found in another column of The Hesperian this week.

New Cafe Business, Mr. and Mrs. J. D. Eaves have their Adam & Eve Cafe and Cafeteria featuring a cafeteria noonday lunch at their South Main St. location. The cafe also caters to short orders and coffee drinkers.

Induct Legion Post Officials

Monday night McDermott Post, American Legion, had their installation ceremony at the Legion Hall, with Kenneth Bain Jr., serving as the installing officer.

The post will meet quarterly henceforth, the new officers assuming duties at once.

One of the ideas advanced during the session was a way of making the post's big auditorium more useful to the community in general. The matter is being "kicked around" with various suggestions.

Heart Test Reports Have Been Mailed

All reports from the South Plains Heart Association to Floyd County residents who had their blood pressures checked in Floydada on August 4, have been mailed according to information recently received by Bob Copeland, chairman of the Chamber of Commerce Health and Safety Committee.

Only those adults whose blood pressure tests indicated they should see their physician received a notice from the heart association, Copeland said.

Those who did not receive a notice should consider that their blood pressure tests did not show a reason for their contacting their doctor.

The survey in which around seven hundred people had their blood pressure recorded and screened by heart association officials was an August project of the Floyd County Heart Committee and the Floydada Chamber of Commerce.

Final Inspection New Power Plant Due Yesterday

Final demonstration of the new White Motor diesel power plant, put to work on the city's system three weeks ago, was expected to be made yesterday. M. H. Murtin, light commissioner of the municipality, reported late Tuesday.

The new engine has been performing in a fine manner but has not been put through all the tests due to be made before acceptance by the city authorities.

The tests were to have been made Monday but a tragedy which claimed the life of one engineer from the White Motor Division enroute and may claim the second, took place at Plainfield, Ill. Their car was involved with a truck that jack-knifed on the road. Mr. Martin was told that another set of engineers could not reach Floydada until Wednesday.

The city will owe the company which installed the engine a check for slightly less than \$150,000 when the power plant is given final test and is okayed by the city council.

Mr. and Mrs. Gordon Lee of Lubbock were in Floydada while Tuesday afternoon visiting with Mrs. Lee's grandparents, Mr. and Mrs. R. F. Jackson. Need Tail Lights On All Trailers

This week Justice of the Peace P. O. Sterling said he is hoping his warning to people who operate trailers on the highways and county roads will be generally observed.

Trailers, semi-trailers and pole trailers constitute a big risk in traffic when they do not have lights on the end trailer, so much so that traffic officials usually bring in every violator of the rule, when the trailers are operated at night.

The justice of the peace said he has no choice but to "stick" a viola-

tor who does not choose to fight the case in court.

The requirement is that at least one light must be mounted on the rear vehicle or trailer "that emits a red light plainly visible from a distance of 500 feet."

During a busy season, such as is imminent, the temptation is to "take a chance" with red reflectors on trailers. Since they do not meet the provisions of the statute, when an operator of a trailer comes into his court Sterling has no choice, he points out, but to assess a fine.

Local Service Club Will Host Teacher Staff

Floydada Rotary Club will play host to the teaching staff of Floydada Public Schools and to members of the board of trustees, and their spouses Thursday night of next week at the Senior High School Cafeteria. It was announced this week by Rotary Club President Joe Gidden.

The event is an annual one that has become traditional with the club.

Bill Hardin and J. W. Reese, who are arranging the program, announced that Wes Lazard, popular after-dinner speaker, who is publisher of the Amarillo Daily News, has promised to address the gathering.

The evening meeting on Thursday night will take the place of the Wednesday meeting, usually held at high noon.

Yesterday's meeting of the Rotary Club was addressed by Bob Conner, of Spur. Mr. Conner is probation officer for the 110th Judicial District.

"The state's new probation law is intended as a means of handling first offenders, preventing them from going to the penitentiary in the first place," Conner said.

The population of the state penitentiary in Texas is growing three times as fast as the population of the state, Conner related. It is the part of good judgment, he pointed out, to keep as many first offenders as possible in their home environment and away from the temptation to go sour. First statistical information points to the probability the plan will be invaluable as an aid to first offenders and prove a big saving also to taxpayers. He was presented by District Attorney John B. Stapleton.

Last week Sergeant Fred Marshall of the Department of Public Safety brought a program on safe driving. Sam A. Fowler was program chairman for the day.

Yesterday's meeting was held at the new Colonial Dining Room on West Ross Street, with Mrs. John W. Buchanan their hostess.

Weather and Crops

Cotton gathering time has come for several Floyd County farmers and coincidentally showers had begun to fall in the east half of the county as the week reached its mid-days.

Movement of the first cotton has been in a trickle. Probably the biggest number of bales ginned by any farmer in the county up to Tuesday noon was by Lane Decker, who had been to the gin with his thirteenth bale. The field he is gathering from was planted late in April.

Yesterday probabilities pointed to a shortage of harvest workers, according to unofficial talk heard on the streets.

Gene Morrison reported Wednesday morning from South Plains that they received one inch of rain there between 6:50 and 8:00 a. m. and water was standing all over the gin yard. Estimates of the early maturing cotton by Morrison were that near 1000 bales were now open at South Plains and field hands are very much in demand.

Rain also fell at Baker and other points eastward.

Temperature Readings

Temperatures have varied little this past week with the highest reading on Thursday of last week and Friday at 90 degrees. The minimum day time reading was Sunday with a high of 80 degrees. Since that reading the temperature has risen to 88 once which was on Monday.

Low readings have been in the 60s with the low on Friday morning at 61 degrees.

Pioneer Natural Gas company recorded 72-hundredths of an inch of moisture here in town, with heavy falls to the south and east. This total was for rainfall Sunday afternoon and Wednesday morning.

Everybody is looking forward to the singing, starting at 2 o'clock p. m., at the Nazarene.

Mrs. Lila Youngblood and children, of Norwalk, Calif., and Mrs. Ralph Taylor and children of Tulsa, have left for their homes after several days spent here with their mother, Mrs. V. W. Hennessee.

Mrs. Joe March, visiting a daughter, Mrs. Gill and family in town since the young lady has returned home, has resumed duties at Peoples Hospital.

An executive meeting Wednesday at 1 p. m. for officers and committee chairmen and a general meeting at 2:30 of this group, teachers and parents at Andrews Ward, started the official sessions of this year's P.T.A.

Mrs. M. J. McNeill, president, presided over the executive meeting and at the regular meeting of the Association. A "get acquainted" introduction was given by Mrs. McNeill when all new teachers of the school system at Andrews Ward were recognized as were parents of first graders.

One is a dart throwing game which will be located at the Floyd County Fair, headed by Mrs. Hollie McLain, who is chairman of finance. Proceeds will go into the P.T.A. fund and will be used for the school library in purchasing adjustable book shelves. The Association made \$75.51 from the kiddie rides on Old Settlers Day.

The announcement was also made that 300 new books had been purchased by the school board for this library.

There will be a membership drive starting next week by members of the P.T.A. Parents are asked to support their children and school by joining and attending each meeting.

Theme for the meeting Wednesday was "Education Is Life In The Making." A preview of the programs ahead was given by Mrs. R. G. Dunlap.

Escorted to the altar by her father, the bride wore a gown of chantilly lace over taffeta, fashioned with a portrait neckline outlined with applique of medallions. The fitted lace bodice had long petal point sleeves and terminated a long torso waist line.

A voluminous floor-length skirt of taffeta was accented by a band of applied lace holding a deep ruffle of tulle which outlined the bottom edge. Her finger tip veil of illusion was joined to a crown of pearls.

The bride carried a white prayer book on which a yellow throated white cattleya orchid was placed. Her bouquet was completed with stephanotis and white satin leaves with silver streamers.

Miss Barbara Vickery of Hubbard, Tex., was maid of honor, Miss Mae Dell Ratliff of Wellington, sister of the bridegroom, was bridesmaid. Dale Ratliff of Wellington served as best man. Kaylene Churchwell of Plainview was flower girl and David McBride of Lamesa was ring bearer. Ushers were Bill Wiseman, Sudan, Jack Covington, Dougherty, and John Alvin Horton of Wellington.

The feminine attendants wore identical dresses of open iridescent taffeta, styled with scoop necklines and three-quarter length sleeves. Their bouffant waist length skirts with cut-away hemlines were accented at the center front by flat bows. They wore feathered hats of matching open blue and matching shoes, with white gloves. Their cascade bouquets were of bronze pom pom chrysanthemums.

The flower girl wore a white taffeta dress with a peter pan collar, puffed sleeves, styled with a full gathered skirt which was accented at the back by a big bow. She carried a satin flower basket filled with pom poms.

Miss Alexander chose for the wedding a cocoa brown sheath dress with brown and beige accessories. Her corsage was cream colored rose buds. The bridegroom's mother wore a Sidney Marcus royal blue crepe dress with white and blue accessories, and a corsage of cream colored rose buds.

The hall of the chapel was decorated for the reception which followed with pom pom chrysanthemums centering the serving table which was laid with a white linen cloth.

A three tiered wedding cake was served by Miss Maragat Verner of Farwell, and punch was served by Mrs. Jack McBride of Lamesa. Mrs. Dale Ratliff of Wellington presided at the guest register. PAST NOBLE GRANDS MEET

The Friendship Past Noble Grand Club met Sept. 4, in the home of Mrs. Ethel Sawyer. The president, Artie Webb, presided at the session. It was decided that the meeting time be changed from 8 p. m. to 7:30 p. m., and members are asked to remember the time change.

Abraham Lincoln is credited by some with the shortest book review on record: "If you like this type of book," he is supposed to have written, "you'll enjoy this book."

It's hard to believe that so great a man could be so silly. And yet a surprising number of pretty smart folks absorb a book instead of digesting it. In such cases, they can say only, "I liked it," or "I was bored." There they stop.

Digging through our son's old story-books recently, we found a

30-year-old "Book Report" from grammar school days. Some teacher, no doubt an enthusiastic reader herself, had set him the task of stating in one sentence what each book was about, and in another sentence why he did or didn't like it. In 26 books listed, the subjects ranged through animals, adventure, fishes, trains, the stars, Indians, Treasure Island and Robin Hood. His comments reminded us of the one attributed to Lincoln.

Of Mickey Mouse: "It is about Mickey Mouse and how he saved the circus animals. I liked it because it had a problem and they solved it." And of Dotzie the Dancy Duck: "It is about a little duck who was chased out in the woods because she danced too much. I liked it because it was very funny." Some grown folks could do worse at writing books reviews.

People read for various reasons -- to forget, to remember, to keep up with the Joneses, to satisfy curiosity, to stimulate thought, to

Floyd County Hesperian, Floydada, Texas, Thursday, September 11, 1958

keep from having to think. If more grown-ups had had teachers who made them write one-sentence book reviews in the fourth grade, there might be more readers who digest, not just absorb.

LOCAL COUPLE WILL MARRY SUNDAY AFTERNOON HERE

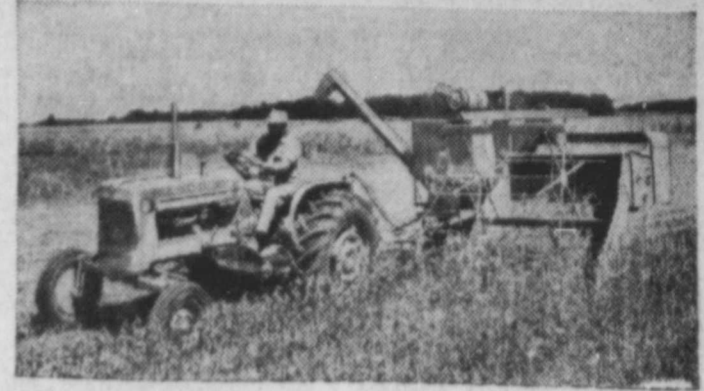

Friends and relatives of Miss Sherri Darden and Mr. Johnny West are invited to attend their wedding which is set for 4 o'clock

p. m. Sunday, September 14, in the First Christian Church.
A reception will follow.

TELEPHONE TALK
by J. C. Oakley, Manager

KICK-OFF TIME IS HERE

With Football season at hand I know everyone will be attending the games and backing the Floydada Whirlwinds. And since this is the start of the season, it's a good time to remind you of an extension telephone for that teen-age boy. He will be receiving calls from his friends congratulating him on his plays and inviting him to parties, or an extra listing—wouldn't it make him feel important to say "call me, I'm listed in the directory".

PRESCRIPTION FOR PLEASURE

The telephone by your side can be pretty good medicine—all by itself.

It's one of the best cures for loneliness. I'm thinking, especially, of those long distance calls to talk to loved ones and old friends away from home.

And about those easy-going conversations women enjoy during the day? When you're tired of looking at the ironing board, or when the mop starts to get a little heavy, a short "telephone break"—just a few minutes chat with a friend or neighbor—really brings you back smiling.

Your telephone is more than just a convenience. There's plenty of pleasure and relaxation built into it, too. So use it as often as the mood strikes you. That's what it's there for.

UP-TO-DATE IDEA ABOUT TELEPHONES

Where is the telephone in your home? Is it where you can always reach it easily when it rings—or when you want to make a call?

Or it is in a central hall or in the middle of the house—not really close to any place where members of your family are when they want to use it?

Families with modern telephone service like to have phones in color in the kitchen, living room, and bedrooms.

With your home equipped with handy extension telephones, you can "reach" rather than "run" for the phone.

Why not order more telephones for your home today? You'll find the cost of extensions will add very little to what you now pay, but will add a great deal to your comfort and convenience.

Call by number. It's twice as fast.

Southplains News

(By Mrs. Murray Julian)
SOUTH PLAINS, Sept. 8 — Not much rain fell in the showers here on Sunday, but a definite trend toward cooler weather was felt.

Most of the wells in our community have been shut down, or are about to be turned off after heavy watering for the past six weeks, since we have had little or no rain.

One hundred nine were present Sunday morning at Baptist Church services at the South Plains church with the revival closing out on Sunday night with about 50 present.

Good attendance was had at all the meetings during the week, with the new minister, Rev. John Gillespie, doing the preaching and Rev. E. O. Adams leading the singing.

Many visitors were noted during the week's meetings. Old friends from New York City, Mr. and Mrs. Bill Hulsey and children came on Friday to spend the week-end here with Mr. and Mrs. Raymond Heavin and Carol Ann. They were neighbors when the Reeves lived in New York and Raymond was in the army.

The Hulseys are now enroute to San Diego, California, where he will be stationed with the navy.
Present at the revival service on Tuesday night from Alton were Mr. and Mrs. Larry Swann and children and Mrs. E. O. Adams and sons.
Mr. and Mrs. Murray Julian spent last Tuesday in Lubbock on a business trip.

Mrs. Elvin Hutson of Tulsa came down on Tuesday for the pink and blue stoves which honored Mrs. Elmo Fortenberry. Mrs. N. C. McCain had spent the past two weeks here with the Fred Fortenberry returned home to Tulsa with her.

Grigby Milton, Kenneth Bean and Murray Julian were among those from South Plains who went on the Soil Conservation Tour on Thursday. They went to the Lockney Hospital later to visit with Raymond Upson who hopes to be able to return home next Sunday or Monday.

Many from here attended services in Floydada for Sidney Cummings, Sr. on Wednesday afternoon. He was the father of Mrs. Jack Smith, emcee, and was a former long time resident of this community.
Rev. and Mrs. John Gillespie and Rev. E. O. Adams had dinner during the revival week in the homes of the Grigby Miltons, Shelby Calahan, Sam Reeves, Thomas Pierce, Bryan Karm, Dick Jones, and the H. S. Calahan Jr.'s. Suppers were taken in to the parsonage by Miss L. T. Wood, Sylvia Kinnsbrugh, Arvy Mulder, Horace Marble, Murray Julian, Sterling Cummings, and Mrs. J. P. Taylor.

Bride-Elect Is Honored
Miss Sherrie Dauden, bride-elect of Johnny West, whose marriage will take place on September 14, was honored with a miscellaneous shower on Wednesday, Sept. 3, at 2:00 p. m. in the home of Mrs. John Wilson.

Hostesses for the occasion were Misses Grigby Milton, Albert Stewart, Sylvia Kinnsbrugh, R. G. Dunlap, Bryan Karr, Raymond Upson, Fred Fortenberry, Otto Sanders, Murray Julian, Frank McCuire, Early Pritchett, Johnnie Wilson, Horace Marble and Mrs. John Wilson.

Kitchen and Field News

Lighthouse Electric Cooperative, Inc. from Home Economist NANCY MORCKEL
KITCHEN IDEAS—Just as meal-getting involves three major tasks—preparing food, cooking it and cleaning up afterwards—so also should the well-planned kitchen contain three work centers designed to take care of these three specific jobs.

All ingredients, utensils, cutlery—everything—needed for these three different types of work should be kept in their respective work centers, right within easy reach, so there is no unnecessary trudging back and forth across the kitchen. These three work centers are:
1. Food storage and preparation center.
2. Cleaning center.
3. Cooking and serving center.

Nowadays we realize that what we need is a logical arrangement of the three main appliances—the refrigerator, sink and range—with counters in between and cabinets above so that all utensils and supplies can be stored nearby.
This is the basic framework for every good kitchen.
With "staying-in-the-house" time almost here again it is time to begin getting our homes ready for the winter months ahead. Often times just some re-arranging makes for convenience and more pleasant living.

We have a new baby in our family—a great nephew—the son of Mr. and Mrs. Norred Bedell, of Canyon. His name is Lynn Blake Bedell, he was born September 8th, at the Canyon Hospital, and he weighed nine pounds and one ounce. We went to Canyon Sunday afternoon with his grandparents, Mr. and Mrs. John Buchanan, to see the young man and to visit with Norred and Karen. They are getting along nicely.

Senator Andy Rogers of Childress was a co-op visitor last Friday afternoon.
Mr. and Mrs. Nolan Arney and Stevie spent the week-end in Lubbock with Mr. and Mrs. Bobby Kinchloe and children.
Mr. and Mrs. Jack Henry went to San Angelo over the week-end to visit her mother, Mrs. E. A. Hopkins.

On Monday Mr. and Mrs. Anthony Latta attended the funeral of Dick Brown, son of Mr. and Mrs. Doc Brown of Plainview, who was killed in a car wreck Saturday night. The services were held in the First Baptist Church at Halfway.

The annual Floyd Association meeting will be held Tuesday, Sept. 16, in the First Baptist Church at Crosbyton.

Boys Ranch Rodeo Proves Big Event For Huge Crowds

(By C. L. Berry Sr.)
My wife and I went to Boys Ranch Rodeo Labor Day.
This was the third year we have attended. This time it was better than ever. There were near 3,000 attending the two days. The largest number any year since it was started fourteen years ago.

The boys performing were all Boys Ranchers and they did an extra fine job entertaining us by riding calves, Brahma bulls, wild broncos, etc. The three crowds were also Ranch Boys.
Florence Reynolds, famous with the 101 Wild West Show, entertained. The famous sixty-two year old grandma was there from Oklahoma with her trained horse and this feature was outstanding, so was the performance put on by the Will Rogers Ranch Riders.
The setting for this rodeo was wonderful. Three thousand seats were provided in a circle with the shade of large cottonwood trees for our overhead protection from the sun.

The new dining room is finished and can seat seven hundred and fifty at full capacity. It is the most beautiful we have seen. The new work has made it an ideal place. The Boys Ranch is a fine place to see.

Self-Inflicted Wound Claimed In Field Death

Funeral service will be held this afternoon in the Memphis Presbyterian Church for J. S. Hartzell, 46, Floyd County farmer, who was found dead in his pick-up parked in a field on his farm near Lockney Tuesday.

The farmer was due to begin serving a jail sentence for negligence homicide in the traffic death of a Memphis youth.

A verdict of self-inflicted death was returned by acting coroner J. H. Harris, Lockney Justice of the Peace. The verdict came following examination of the body by County Attorney Kenneth Bain of Floydada, Harris, and a Lockney physician.

Hartzell's body was found by his son, Monte Dwein, seated in the pick-up four miles northeast of Lockney. Floyd County Deputy Sheriff Ray Hardin said a 22 caliber rifle was stuck between the spokes of the steering wheel, barrel end pointing upward. Hartzell had been shot one time between the eyes.

The dead man was found guilty of negligent homicide in the traffic death of Otis Robert Goodall Jr., 20, near Memphis in April, 1938. He was to serve one year. Another year and a \$1,000 fine was placed on him at the same court session for unlawful possession of a barbiturate. The Memphis youth was killed when a stock rack from a truck Hartzell was driving crashed through the windshield of Goodall's car. Hartzell told investigators he knew nothing of the accident.

Hartzell was born in Montague County and had been a resident of Lockney since 1927. Survivors include the wife, two sons, Gula Wayne and Monte; one daughter, Mrs. Billie Ruth Messer; Amarillo; two grandchildren, three brothers, R. F. Hartzell, Lockney, C. C. of Memphis, and J. J. of Odessa; and four sisters.

Space will be assigned by superintendents who will be on hand to help in any way possible. Nine stanzas have been made ready, but it was not known early this week how many communities would have exhibits. The previous ruling was that each community was to have at least 25 items, but Puckett said they had lowered that number to 20 items.

Oley Olson of Lockney head of the soliciting committee working on the parade, said from all indications the parade would be a success. Lockney is combining the Floyd County Fair with their 50th founding anniversary of the town.

The line-up in the parade will consist of Floydada and Lockney High School bands, community and business floats, sheriff's posse, old moon cake floats, acted out by men from the Lockney Fire Department, and a Motorcade including 14 motorcycles ridden by members of the Texas Safety Division.

These are just a few that are being mentioned. There will be floats from surrounding Lions Clubs and members of Commerce. Other town clubs and organizations will also have entries in the parade. A high prize winner will receive a \$50 prize.

Several Rides on Midway

Following the parade the midway will be open on two fair grounds of the young and old alike. The rides will have their rides here. There will be a motorcade parade for the grown-ups and that many also move for the kiddies.

Thursday night will be highlighted by the old time dance, singing under the direction of Joe Hoover, who says it to be the biggest affair ever presented in this community. Just a few of the singers have been listed elsewhere in the Hesperian.

Sam Ruckett said the fireworks display scheduled for Friday and Saturday nights would not be held due to the new Texas law. Replacing this on the program was the singing concert Friday night and the community night Puckett said they would have a musical band will have to entertain the visitors.

There are two special programs which are being planned for the Floyd County fair this year. On Friday at 3 p. m., in the old tent visitors will have a chance to hear Andy Rodgers speak on the future of West Texas. Invitations have also been sent to George Manon and H. O. Wells to appear on the program.

Treat for the Women

A special treat for the women is planned under the big tent for 3 p. m. Saturday. All Fair visitors are invited to come in, sit down and rest and win door prizes being given away by Floydada and Lockney Merchants, which will include jewelry, materials, flowers, candy, electrical appliances and a fruit cake.

The program will include a candy demonstration by Mrs. Nancy Morkel, Floydada, a basic dress demonstration by Mrs. G. W. Smith, Antelope community, flower arrangement by Mrs. John Hoffman, Floydada, a cake demonstration by Mrs. R. Baetz of Lockney, and a Style Show by members of the Floyd County girls 4-H clubs. Mrs. H. H. Tinsley of Sterley will be mistress of ceremony for the event.

Community, business and commercial exhibits as well as livestock will be on display the three day run of the fair.

Lockney business men also extend an invitation to all Floyd County residents and former county residents to attend their anniversary celebration.

Fair Judges Are Named

Judges for entries in the Fair will be L. M. Hargrove, agricultural instructor at Texas Tech, who will judge products in agriculture; T. L. Leach, agricultural education instructor at Tech, who will judge livestock; Gene Brazzale, assistant county home demonstration agent of Hale County, judging clothing and textiles.

Mrs. Clara Pratt, home demonstration agent of Lubbock County, will judge foods and culinary; arts and crafts will be judged by Wayne Cleman of Lockney.

McCOY - STARKEY Community News

(By Mrs. John Fowler)

McCOY - STARKEY, Sept. 10 - Hi Neighbors: Well here I am back again. I did get to go to Ruidoso on Tuesday and didn't return until last Tuesday and by that time it was too late to find out what everyone had been doing.

I do know that the Turner Hunters visited the Palo Duro Canyon, the Lloyd Pates were in Ruidoso. In fact I saw a lot of Floydada people out there. "I lost."

We are very sorry to lose two families from our community this past week. They didn't go far. Mr. and Mrs. Roger Pogue and Julie moved to Floydada, while Mr. and Mrs. B. T. Green moved their home to Idaho.

The Starkey Club met at 2:00 o'clock at the home of Mrs. S. L. Holmes. The president, Mrs. John Fowler called the meeting to order. Mrs. Holmes gave the devotional. Mrs. Backus and Mrs. Holmes reported they would give a demonstration (it was given in Council by Starkey) on the common mistakes made in cake baking at the Fair on Saturday afternoon. I am hoping from the club women talk that there will be quite a few of them carrying things to the Fair and bringing home some blue ribbons.

Mrs. Tom Porter asked that all 4-H boys and girls be sure and enter the things they made, such as aprons, pillowcases, etc., or other crafts.

The roll call was answered by

Dougherty H. D. Club Enjoys First Autumn Program

The first Dougherty Home Demonstration meeting of the new school year was held Sept. 3, in the home of Mrs. Mac W. D. Program topics for the program were "Sparing Home Life," "Youth and Their Part," and "A Farmer and His Tenant."

The club was happy to have the new agent, Miss Phyllis Roggen-dorff, to present the first two parts of the program. Miss Roggen-dorff gave three different status of children as they have changed through one year.

Miss Roggen-dorff also explained the three types of families. There is the authoritarian type family, the child centered family and the family centered family.

Miss Roggen-dorff went on to describe the home and various methods that should be carried out in the home. Concerning discipline, Miss Roggen-dorff explained that discipline originated from the Latin word meaning "to learn," and does not necessarily mean punishment.

Next the responsibilities of parents to their children and the responsibilities of children to their parents.

Many homes are now substituting for the authoritarian view the "let's talk it over" plan. This is done by having a family council. Miss Roggen-dorff concluded her talk with a chart entitled, "How Do You Rate As A Parent?"

Mrs. Ned Bradley concluded the program with a discussion of a farmer and his tenant. She stressed that a landlord should have good will toward his tenant. The tenant, in turn, should keep his place in good condition. She also stated that whether a man is a landlord or tenant, a wife can help.

"Hints on Home Nursing" by Mmes. Sid Walker, Paul Sparkman, James Backus, Turner Hunter, L. T. Dycus, John Fowler, Tom Porter, Clinton Dennings, George Smith, Harlan Day, Keller Holmes and the hostess, Mrs. Holmes.

The next meeting will be September 19, in the home of Mrs. Paul Sparkman. Our County Home Demonstration Agent will be present for the first time, so let's all try and come.

Mr. and Mrs. Robert Smith, Mr. and Mrs. George Smith, and Mr. and Mrs. Harvey Tardy and LaNell were among the Sunday visitors in the home of Mr. and Mrs. Leonard Smith and Leo.

Mrs. Crawford Sandefur spent several nights with us while Toodlum and Doyle were in South Texas on business. John Crawford and myself were in Lubbock on business Saturday.

Mrs. Clarence Reddy had all of her children visiting her over the week-end. My granddad, J. A. Bishop, had minor surgery last Wednesday at Big Spring. Mother called and reported today he was home and doing fine.

I was sure sorry to hear of the death of Dr. M. H. Bennett of Big Spring. I wonder how the folks down there will get along without him. Dr. Bennett and I were second cousins and I don't ever remember any other doctor as a child. My sympathy to his daughter and her family even though I am a little late with it.

Billie Pate and myself went to Morton to the High Plains Golf association meeting there. It was their play day. I want all you women that play golf to know what a lovely time we had. Remember we are a member now and next year we will be host to them.

Well, I must close and sure hope you will call me and let me know what you have been doing.

Band Boosters Pushing 'Great Virgil' Tickets

The Whirlwind Band Boosters Club along with band members are this week pushing tickets sales for the "Great Virgil" show which is to be presented here Tuesday night, September 16, starting at 8:00 p. m.

The show itself is labeled very fine entertainment and is an outstanding display of magic and illusions spiced with some feats of "mind reading" and looks into the future. A town the size of Floydada is very fortunate to secure such a show as the belief of Roy Hale, Band Booster president.

Area residents are urged to plan and attend the show. Besides the good evening of entertainment they will be helping the band boosters to provide new uniforms for the Whirlwind Band. Tickets may be secured from any band member or band booster, at most any downtown store, or at the door Tuesday night. Price of admission is \$1.50.

And to make things more attractive the band has purchased all rights to the local showing so that now all the tickets they sell will go 100% to their uniform fund.

34 invested in ammonia netted \$40.56 in wheat

Phillips 66 ammonia proved to me it can help me make more money. I fertilized with Phillips 66 Agricultural Ammonia and gave me a 25 bushel-per-acre increase over an untreated check plot. This netted me \$40.56 per acre.

Successful Southwestern farmers use Phillips 66 ammonia to give them higher grain yields... and more profitable crops. The 82% nitrogen in Phillips 66 Agricultural Ammonia gives young wheat a fast start, supplies plenty of lush, rich forage that puts on more beef at less cost per bushel.

These farmers plow down Phillips 66 ammonia in their maize land. They know that the 82% nitrogen helps them use crop residue, to provide extra plant food and make their crops more productive. Remember, Phillips 66 ammonia has more nitrogen per dollar than any other form of fertilizer—full 82%.

Paper Held Maintain High School Spirit

(Gaynelle Boothe, Editor)
 Some people wonder just why do we have a school paper. They say that it doesn't do any good. But they are wrong.
 The paper lifts the spirits of the people who read it. If it were not for the paper, some people would never know who the big football stars were or know what any one did. The paper helps you to know the other people in your school. The paper records all the events and serves as a record of what happened when, where, how and who to. It is a voice of the students. And it is nice that we have "freedom of the press" and "freedom of our own teenage opinions."

Of course, having a paper presents problems. The main problem is trying to please everyone — and that is an impossibility. It cannot be done. The high costs of today presents another problem. If we had more money, we could do so much more.

What would one do if we didn't have a school paper? What would our parents do without the morning paper or the Hesperian? Television and motion pictures cannot and will not take the place of a newspaper. We still have to have it.

Whirl Wins Second Place

The Whirl won second place at the State ILPC Journalism Contest meet last year. This was the third time the paper has won second. The paper won first in 1956. One rating of fourth, three of second, and one first in the six year record. For the past six years the paper has won many other honors in mimeographed form.
 The school paper won many readers and a high reputation from other schools.

Let us hope the time will never come when we as a school are without a school paper. The paper is not intended to be a "frill," an "extraneous object," or a luxury. It is as essential to a democracy as any privilege we enjoy.
 Could we do without the band? No. Could we do without the football team? No. Could we do without an annual? No. And we cannot do without our school paper. Think it over.

FHS Band Makes First Appearance

(By Sonja Guffee)
 The Floydada Whirlwind Band stepped into the spotlight last Friday night with great excitement in the air. The band gave a thrilling performance for their first appearance this year.
 The fanfare formation of four lines soon broke into one line as the band demonstrated a new side step march. As the line split in the center the members came down the field in two lines of pairs which angled back into one long line in midfield. This started a series of catwalks which kept everyone's attention. The band then returned to fanfare formation from which they went into the formation of a rocket honoring the Wellington Skyrockets. The rocket soon gave way to a big F for Floydada. The band exited in the F and stopped and faced their audience for a short encore.

BREEZE AND BUZZ

(By Pat Hickerson)
 We put some cheese in a trap and caught all of you in the act. Who called up Sue Kendrick in a row. And she hung up on him every time!
 The baldheaded creature walking around the halls with Billy Gail is not from Mars. It's only Richard and his new hair cut.
 What did Mae Bell Johnson do on the trip back from Wellington? All eyes were on her.

Sunday night Freida Smith put hand prints on Danny's glasses. When he put on his specks he said, "My, it is sure getting foggy outside." Dumb Danny!

Hey, boys! Sue Flenniken, Glenda Morgan and Juanel Wood aren't going steady. You can find their phone numbers in the directory.

Kay was seen with Buffon a couple of times over the week-end. This could be a romance.
 Why did Johnny Fred miss the bus at Wellington and some people had to take him up to the cafe where the football boys were? Sherry Gils is the reason -- does Mae Bell know?

Who lost the bet about a girl? Come on Danny, yes up! ! !
 Nelda got two new sweaters for her birthday from a boy in Levelland.

We will miss all the boys that have left for the service. Rex Lackey and Larry Jones are already in the Marines and Jack Walker will leave Sunday. Frances Summers will be lonesome for Jack.
 A couple seen riding around Sunday afternoon was Nelda McCarty and Layne Poteet.

Beverly Poteet is in the hospital at Lockney. Get well soon.
 Bonnie Stout moved to Plainview. We really miss her.

Welcome to all the new teenagers that are going to Floydada High School. We also welcome all the freshmen.
 Sue Flenniken rode in the Plainview Junior Rodeo.
 T. E. is now in the service.
 Zom ---- there goes Bill Orman --- utto here comes the cop!
 Nov. poor Judy won't get to go to the show any more until the ticket is paid.

Grace Ann is in the hospital. Get well soon! ! !
 Johnny W. was supposed to have a date with Darlene. But it was canceled.
 Leora's main interest is at Petersburg. Mike lives there you know. By the way, he is one of the football captains there.

The taffy between Billy and La Juana gets stickier every day.
 Shirley Gregory was with Wayland Sunday night. How about that, Donnie.
 Marisue, congratulations on winning second place in the District Farm Bureau Queen Contest.

Sandra Roe, what's this about you going to your locker the first day of school and waiting for Grant? How long did it take you to realize he graduated last year?

All the girls had wet dresses Monday at dinner.
 Linda Roe was running around the halls without any shoes. Where were they?
 Eddie Childs has moved to California to work. Nedra will sure miss him while she is going to school.

Whirlwinds Blast Skyrockets 40-0 In Season Grid Opener

Floydada's jittery Whirlwinds knocked off the Wellington Skyrockets 40-0 Friday night to rack up a win in their first outing of the new season. Don Vickers led the scoring parade with four of the six touchdowns that were made. Though the offensive efforts brought 40 points in the game it was the defense that seemed to draw more comment from the fans. Right halfback Leon Williams was the big ground gainer for the night making 123 yards on 12 carries for a respectable 10.3 yard average. Bill Patterson was second man in the yardage department with 89 yards on 12 tries.

The total offensive effort brought the green and white some 306 yards rushing, 68 yards passing (on 7 of 19 completed by 3 passes) and 21 first downs. They held the Rockets to a net of 55 yards rushing and 29 yards passing and four first downs. Wellington had 2 of 5 passes completed and two were intercepted. They did not penetrate the "Winds 20 yard line.

Opening the game Don Vickers did the kick off chores for Floydada and the defense dug in to hold the Rockets at their 28 forcing a punt. The kick went from Nunley to Bill Patterson on the Floydada 30 and he returned it to the Wellington 32.

Over anxious the "Winds drew penalties which stopped their drive and they lost the ball on the Wellington 27.

The Rockets could gain but five before they were forced to kick and this time the punt went short and out of bounds on the Wellington 44.

From the 44 the "Winds put together their first real offensive effort which was climaxed when Leon Williams scored from the one yard line. Don Vickers tried the point after on a running play which was sought short.

In the second quarter Floydada started a drive from their own 38 which drove down the field on a nice assortment of plays. Williams made a first on the 14, Patterson then went to the one and

on the next play went over for the score. The point try failed again and the score was 12-0.

Just before the half time intermission Bill Patterson turned in the longest run of the night when he went 46 yards to the 2 yard line. Don Vickers carried over from this point and then Patterson ran the conversion to bring the half time score to 20-0.

In the third quarter Wellington pounced on a fumble on their own 42. After making short gains their drive was stopped when Richard Graves intercepted a pass to give Floydada the ball on the "Winds 33. Floydada drove down field and it was Vickers who scored on a keeper when he circled right end for eight yards. Gilliland tried the conversion with a line back but failed.

Just before the period ended Wellington made their strongest bid of the night but were caught short when Bill Patterson intercepted a pass on his 38 to stop the threat.

In the final stanza Floydada drove in to the Rockets 20 where the teams exchanged fumbles before the green and white went on to score. Don Vickers went the final 15 yards running from the right halfback position.

The scoring was closed out a little later in the game when Don Vickers out gassed the Wellington quarterback who had been pitching out dangerously wide and close to the line of scrimmage. Seeing the play coming Don took the Rocket pitch in stride at near full speed and coasted 25 yards to the goal line never being in danger of much pursuit. Larry Irby did the conversion chores to bring the final score to 40-0.

All the Whirlwind squad saw action in the game with the exception of Don Taylor who was suffering from injuries. Seven different ball carriers turned in some fair runs and included beside those already mentioned Bill Gilliland who had a 6 1/2 yard per carry average. Rodney Teague, Bobby Christian, Ewyn Pierce. Passing were Vickers, Pierce, and

Family Reunion Held On Golden Wedding Day

The Colonial Dining Room, 521 West Ross St., Floydada was the scene of a family reunion Sunday, Sept. 7, honoring Mr. and Mrs. Charlie R. Woodson on their Fiftieth Wedding Anniversary.

Hosts for the occasion were their two children and two grandchildren, Ruth Daniel, Harold Woodson, Julia Ann and Bill Daniel.

Zora Lee Pool and Charlie Roddy Woodson were married at Cleburne, Johnson Co., Texas, Sept. 3, 1908, by Rev. Charlie Woodson, a Baptist minister, uncle of the groom.

The couple, both natives of the county made their home there for a number of years, later moving to Hall County. In 1943, the family moved to the Dougherty Community in Floyd County.

Mr. Woodson is a retired farmer. Relatives of the honored couple were received at the door by Harold and Bill and directed to the receiving table where they were registered by Ruth and Julia Ann.

An arrangement of Golden Poin Poin Mums flanked by gold candles served as a background for the Guest Book and the wedding cake. The white and gold cake was a replica of the Family Bible with the pages turned to the marriage record.

A real get-together was enjoyed by all during open house hours from 10:00 o'clock till 2:00 o'clock.

At high noon, Harold Woodson gave the invocation and a seated luncheon was served. The wedding cake was cut by Mrs. Woodson

and passed with orange sherbet for dessert.

A nephew, Kenneth Poole, took slide pictures throughout the day. The couple received many lovely gifts.

Those signing the register were Mr. and Mrs. Roy R. Woodson, Myrtle Faira, E. E. Woodson, Mr. and Mrs. Sam E. Lawson, Linda and Donna Lawson, Ft. Worth; Winnie Mae Stepp, Joshua; Mr. and Mrs. Roy Lawson, Evelyn Truelove, Burleson; Mr. and Mrs. Ernest E. Woodson, Ballinger; Milton (Pete) Woodson, El Paso;

CHAT with PAT

Hi there!

Well, one week has gone by at least. The first few days were rather confusing because everyone was trying to get their schedules arranged like they wanted them. The poor fish were running round like chickens with their heads cut off. Now everything has one back down to normal and we're all ready to study. Ha.

The lucky FFA boys got to miss school all day Thursday because they went on a field trip to various farms.

Our school spirit started off in a big way last Friday afternoon with the first pep rally. Let's keep up the good work.

Have you noticed — Mary's little brother embarrassing Edward, Salinda Goen calls quarter an inn- in football, Grace Ann is sick, at well real soon, Johnny Fred missing the bus at Wellington, Cars getting stopped on the way to Wellington; Marise Burleson winning second place in the Farm Bureau contest at Lubbock, Judy's job of lives, Ben's eye, Don's four teeth, The cheerleaders new suits; he hand is going to get new uniforms. Nelda's gift; the Seago wins.

We are real proud of the boys winning the game last week at Wellington. Let's repeat the victory over Olin this Friday.

Everyone remember the After Game Party is at the First Methodist Church.

I drug the drag and this is who I saw: Kay Reberon and Button Beedy, Leora King and M. Shuster, Marise Burleson and Frank Potts, Sandra Roe and Grant Cooper, Pat Allen and Jerry Battoy, Sue Williams and Leon Williams, Billie Holmes and Richard Graves, Mac- Gay Neil Boothe and Keith Reeves, Barbara Smith and Jerry Bullock, Donita Milton and Arlis Powell, Mary Grace Dunn and Eddie Parks, Mary Cogell and Edward Whitehead, Glea Adams and Bill Patterson, Pleeta Carthel and Wayne Adams, Carolyn Cates and Dale Brown, LaJuana Womack and Bill Gilliland, Beth Scott and Douglas Waidling, Lois Ann Glover and Gerry Sawyer, Sharon Edmiston and Bobby Seago, Judy Jackson and Bill Orman, Kay Pruitt and Kent Lightfoot, Cliff Jones and Kay Pruitt, Jane Tye and Weldon Pruitt, Glenda Morgan and Dale Lawson, Linda Welborn and Vaughn Ginn, Addie Adkins and Norman Ferguson, Darlene Johnson and Johnny Witkowski, Sue McClung and Henry Self, Sonja Guffee and Don Garrett, Ann Word and Charles Carr, Sally Redd and Bill Day, Shirley Gregory and Wayland Richardson, Joy Sparks and

"We have cut our food bill by 1/3 since we bought our ELECTRIC Home Freezer!"

says **MR. RAY MAY,**
1505 South Kentucky,
Roswell, New Mexico

"As an average, working couple, we didn't realize how easy it is to buy a freezer until we got ours," says Mr. May. The Mays grow food for their freezer, too, and Mr. May adds, "We fill our freezer from our small garden space every year." How wonderful to pick garden-fresh vegetables out of your home freezer all year 'long. The delightful experience can be yours just as soon as you get your home freezer — whether you 'grow your own' or 'buy 'em on special' at the market.

It also suggested basing teacher-pupil ratios on current attendance rather than figures for the year before and urged the setting aside of TV channels for future educational use.

Final decision on other recommendations was postponed until Sept. 15. These include raising the minimum pay for teachers \$995 a year (from \$3205 to \$3800) and releasing state property taxes to allow

for more local district collections. Hale-Aikin Committee is a 24-member study group of lawmakers and private citizens set up by the last legislature to study public schools and make recommendations to the 1959 session. Grass-roots discussion has been going on for nearly a year in cities and counties over the state. Proposals being made now result from sifting and weighing of hundreds of ideas urged by educators and interested citizens.

Committee members are not blind to the likelihood of stiff legislative resistance to the additional money-spending called for by most of the proposals. Cost of the state minimum foundation program for the present school year is estimated at \$349,416,000. H-A Committee's "enrichment" suggestions could add from \$50,000,000 to \$150,000,000 to that figure.

Most lawmakers already are feeling financially gloomy because of a predicted \$140,000,000 gap between state revenue and cost of present programs -- without any kind of improvement anywhere.

One committee member suggested that, while all the proposals might not be put into effect right away, they could serve as "a pattern for years to come."

What, Not How -- Greater emphasis on what to teach, rather than how to teach will be reflected by this year's college graduates majoring in education.

A law passed in 1955 requires future teachers, beginning with the 1959 grade, to have 40 per cent of their credits in subjects they will teach, 40 per cent in "cultural subjects," 20 per cent in education courses.

State Board of Education called attention to this change at its September meeting.

Board also hit a lick in its unrelenting battle against all plans to dip into principal of the permanent school fund for current expenses. Its resolution warned of possible "tragic consequences."

Education Commissioner J. W. Edgar was authorized to prepare recommendations for Texas participation in the newly passed federal aid to education program. Texas would be eligible for some \$9,000,000 to bolster the training of teachers, scientists, mathematicians and other kindred purposes.

Photo Finish -- Race for speaker of the House seems stalemated with the likelihood that the winner will not be known until all 150 members convene and vote in an all-exits-barred showdown.

Both Rep. Joe Burkett of Kerrville and incumbent Speaker Wag-

goner Carr of Lubbock claim a majority. But each says he does not have permission from the signers to show all his pledge cards.

There are rumors that several House members, wanting to be accessible, pledged support to both candidates, never dreaming that the contest would be so close as to bring a "judgement day."

If and when the two candidates sit down together and compare notes there may be a number of representatives with red faces. Some speaker candidates have done just that, in the past. They jointly telephoned the representative whose pledges were "in question" and there.

Father Welfare Checks -- An action to settle the matter then cross-the-board increase of \$5 per person in checks to the aged, needy blind and disabled begins Oct. 1.

Gov. Price Daniel said the increase was made possible by liberalization of the Social Security Act during the last session of Congress.

Under the new formula, maximum checks to the aged will be \$65, for the disabled, \$63.

Water Wells In Reverse -- State Highway Department will try out a plan of digging wells to put water into the ground, rather than take it out.

Purpose is to drain the "wet weather lakes" which sometimes block highways for days or weeks at a time. Such lakes are not uncommon in the Plains area after a rainy spell has filled low places.

A side benefit of the plan, noted Highway Commission Chairman Marshall Fornby, would be the re-charging of underground reservoirs.

Labor Law Arena -- Another legislative slugfest for which ammunition is already being stacked, is foreseen in the area of labor union regulation.

Sen. George Parkhouse of Dallas, longtime champion of restrictive labor laws, has announced he has some more in mind. He said his proposals were prompted by abuses reported to him by union members. Parkhouse said he would sponsor bills to (1) provide state regulation of union pension funds, (2) prohibit union assessments for political campaigns, (3) require public disclosure of union spending and (4) correct practices whereby, according to the senator, union leaders prevent some members from getting work.

Jerry Holleman, State AFL-CIO president, stated that organized labor would welcome state regulation of pension funds. The other proposals, Holleman said, are taken care of under existing law.

W. J. Browning died Monday morning at the home of his brother-in-law in Inedell, Tex. The funeral was Tuesday in the Floydada First Methodist Church. When they arrived they found the man in a critical condition. Survivors other than the Floydada son include his wife, two daughters of El Paso, five grandchildren, one brother and one sister.

Miss Loma Simmons, daughter of Mr. and Mrs. W. S. Simmons of this city, was married to R. L. Burch of Melrose, N. Mex., last Sunday. The ceremony took place in the home of the bride's parents with Rev. L. A. Doyle, pastor of the First Baptist Church, officiating.

Lt. and Mrs. W. F. Bertrand are parents of a son born Sept. 10. The baby was named William Ronald and his father is stationed overseas with the Air Corps. Grandparents are Mr. and Mrs. A. M. Battey and Mr. and Mrs. P. F. Bertrand.

Dr. Wilson Kimble, who has been recuperating for weeks with a broken leg made his first visit to his office in nine weeks on Tuesday morning.

HOME FROM CHICAGO

Mr. and Mrs. E. J. Barker have returned from a months stay near Chicago, Ill., where they visited with their daughter, Mrs. L. V. Assiter and family.

While in that city the couple stayed with the Assiter children while the mother joined her husband in Seattle, Wash., for a visit. Mr. Assiter is on an architect's job there with the Austin Co.

The Barkers said they enjoyed their stay very much, getting the chance to do some swimming and sunning with the grandchildren. Mrs. Barker said they both brought back a nice tan.

VACATION IN COLORADO

Mr. and Mrs. Billie Brown returned home Monday after spending several days in the mountains of Colorado. While there they were guests of the Billy Stanfords, also of Floydada, who are staying awhile in their summer cabin at Cuchura, Colo.

The senior Stanfords and their grandchildren, Billy and Sarah, returned home shortly before school after spending the summer at Cuchura. The cabin is located in the Spanish peaks and has plenty of beautiful scenery and places to fish, hike and picnic, the things Mr. and Mrs. Brown enjoyed besides their visit.

Mr. and Mrs. Stanforth plan to return to Floydada in about two
