Council May Undertake Low Cost Housing Plan

Delinquent Tax Suits Ordered; Engine Okeyed

A crack-down by the city on property owners who are delinquent on taxes is in prospect. City Council in session Tuesday night voted to instruct their delinquent tax attorney, Geo. S. Bond, to proceed with plans to institute suits for tax collections against delinquents numbering almost 100 persons. The city wants to clean up the tax records and keep them clean.

Probably \$15,000 in delinquent taxes is involved. The action is part of a general revision of the city tax rolls and the institution of new set of tax records. In other action the city also took the initial step toward a low cost housing project that may have considerable value to the community in ridding it of presently inadequate family residences and making possible modern homes for good many units.

Low Cost Housing Possible The council made no obligation for the taxpayers. The resolution adopted indicates the city's intention to adopt a cooperation agreement with the Housing Authority of the City of Floydada.

A sixty-day period of waiting is provided for the consideration of the question. The cooperation agreement is on file at the city hall similar in intent to those of scores of communities in the state which have taken advantage of the housing cooperation law of Texas.

The idea is being urged by the Lions Club, which has had a committee studying the possibilities for several weeks, with Bill Hale as chairman. A resume of the provisions of the law was presented to the club by Will Holdredge of Ft. Worth.

Mr. Holdredge told the Lions Club that towns of the size of Floydada usually get approval of 60 units. They will be for rent to low income families. School and church officials of the community are interested in seeing something accomplished for better housing in the North Ward.

New City Engine Accepted Yesterday the City of Floydada was going through the formalities of accepting the new city engine and paying for it. An issue of \$154,000 in revenue bearing warrants are being issued bearing a 4 percent interest, all dated October 14, the date the city accepted the new engine, each warrant in the sum of \$1,000 and due within 20 years. They are expected to be refunded in full. (See City Council, back page)

John F. Galloway Passes; Funeral Held Saturday

John Franklin Galloway passed in Peoples Hospital Thursday night at 11:45 following an extended illness. He had been a patient there five days. He was 75 the day before his death.

Mr. Galloway was a retired farmer. He and his wife, the former Maud Downs, came to Floyd County in 1916, a year after their marriage in Oklahoma. He was born in Texas on Oct. 8, 1883.

Survivors include the wife, two sons, Ben and Herman Galloway of Floydada, two daughters, Mrs. R. L. (Cotton) Goodson of Floydada, and Mrs. H. E. Goodson of Portales, N.M., 10 grandchildren and one brother, Dave Galloway of Missouri. Funeral rites were conducted in the First Baptist Church Saturday afternoon at 2:30. The Rev. Ed B. Bowles and Rev. Joe Wilson, officiated. Interment was in Floydada cemetery.

Funeral Rites for Covington were conducted Tuesday afternoon at 2 o'clock in the First Baptist Church with the pastor, Rev. Ed B. Bowles officiating, assisted by Rev. W. D. Reaves, pastor of the First Christian Church. Interment was in Floydada cemetery under the direction of Harmon Funeral Home.

Full military rites were conducted at the graveside for the deceased. Pallbearers were J. C. Wester, Pete Hickerson, Lindsey Graham, Leonard Matzler, E. B. Chesnut, L. G. Withers, Lee Pearson and Newell Parker.

The firing squad was composed of Ed Wester, J. L. Dalton, Gerald Hall and Glenn King. Color bearers were Bill Hale, Richard Mathis, Roy Kinard, and Dub Hodge.

Bob Ed Dempsey sounded taps.

The Highway. The 1956 Chevrolet pictured on the left was occupied by War Veteran Jess C. Covington, who met his death Sunday afternoon on Highway 70 East in Floydada. On the right is the car of the Jim family who are in the hospital in fair condition. Both cars were demolished by the impact. Pictures were the scene of the crash by Conrad's Studio. The death was the second in Floyd County this year from highway accidents.

E. L. Angus Is Back in Business

Emory L. Angus, who for a quarter of a century was Floydada's leading butter and egg man but who more recently has lived at Quanah for five years, managing the Crawford Hotel there, is back on the beam once more in Floydada.

Highway Crash Fatal to Jess C. Covington

A head-on collision in Floydada Sunday evening at 6 o'clock took the life of a Floydada resident and hospitalized three others. Those injured were Mr. and Mrs. Jim Harper and their 12-year old daughter, Brenda.

The injured were treated at Peoples Hospital and later taken to Methodist Hospital at Lubbock. Harper was said to be suffering from shock, his wife, cuts and bruises, and the daughter, a fractured arm.

Jess Covington, 63, driver and only occupant of the other vehicle, was killed instantly. The mishap occurred in front of the Warren Phillips Service Station on Highway 70. Covington was going east toward Matador, and the Harper car was traveling west into town. City patrolman Horace Cage said the Covington car swerved across the center line and hit the Harper car head-on.

Funeral rites for Covington were conducted Tuesday afternoon at 2 o'clock in the First Baptist Church with the pastor, Rev. Ed B. Bowles officiating, assisted by Rev. W. D. Reaves, pastor of the First Christian Church. Interment was in Floydada cemetery under the direction of Harmon Funeral Home.

Full military rites were conducted at the graveside for the deceased. Pallbearers were J. C. Wester, Pete Hickerson, Lindsey Graham, Leonard Matzler, E. B. Chesnut, L. G. Withers, Lee Pearson and Newell Parker.

The firing squad was composed of Ed Wester, J. L. Dalton, Gerald Hall and Glenn King. Color bearers were Bill Hale, Richard Mathis, Roy Kinard, and Dub Hodge.

Oil Test At Whiteflat Shows Gas And Distillate

Tests made by Army on the D. I. W. four miles west of Floydada, re-opened on Pan-American Petroleum Co. wells, showed a quarter of a barrel of gas and 12¢ worth of oil per acre. The test was made by the Matador Company's lands as well as toward Flomot and up on the edge of the caprock.

The well site is 1900 feet from the north and 660 feet from the east lines of Section 1, Block GP, C&M RR survey. The Birnie land is part of the old A. B. Echols ranch.

Chas. Clements Pioneer Lawyer Buried Monday

Funeral rites for Charles Clements, Plainview pioneer lawyer and judge, was held in that city Monday afternoon in the First Methodist Church of which he had been a member since 1909.

Ward Makes for Halloween

Close to the time for Halloween and just to prove the boys are still in the game, the boys of the Ward Parent-Teachers Association, is being planned to take place at the school from 6 until 9 p.m. The boys will be in the school and will remain there until the fair is over for the day.

Mr. and Mrs. R. C. Scott left the first of the week for the west coast to be gone for a few weeks. They are planning to be at La Cresenta, Calif., while guests of their son Reeves and family.

58 LABOR SURVEY

The Chamber of Commerce is making a survey of labor in the community. The survey might be available for new industries in Floydada and other communities. If you are interested in a job, please fill out this questionnaire and return it to the Chamber of Commerce, Floydada, Texas.

Whirlwinds Meet Tough Foe At Slaton Tomorrow Night

The Floydada Whirlwinds go to Slaton Friday night to start district play against the rugged Tigers of that city. The contest will get underway at 8 p. m. under the lights of Tiger stadium.

The charges of Coach Preston Watson will be carrying a perfect record to the game, but it really doesn't mean a thing as far as district standings go as this is the first game that really counts.

The Slaton team is a big and experienced one with lettersman and every position. Two of the team members, lettered as freshmen, are playing for their fourth football letter this fall. Thirteen members of the squad are seniors.

The Tigers of Coach Leonard Eiler were picked as the team to win the district back in the summer. They have, however, dropped four of six contests to intersectional foes.

Arrest Uncovers Automobile Theft

A 1950 model car was recovered Monday in Floydada after reports were received of the vehicle being stolen out of Muleshoe.

Deputy Billy Tzart picked up two youths on suspicion and checked to find that the car they were driving was stolen. The two white boys apprehended were James Boone, 17, and his brother, Roy Boone, 19.

Two other stolen vehicles have been recovered in Floydada the past two weeks, one from California and the other out of Hobbs, N. Mex. No arrests were made Sheriff Walter Hollums said.

TOWN DOGS DO IT? Big Losses in Chicken Flocks Charged to Predatory Canines

When Mrs. J. R. Terry, two miles south of Floydada, got up the other morning she counted 82 fine hens lying around everywhere dead. The chickens were victims of a pack of town dogs that had a merry time killing the chickens off for the fun of it the night before, she said.

"Dead hens and feathers scattered all over the place were enough to make you sick at the sight," Mrs. Terry said. "The dogs just rip the chickens' back open and leave them laying there."

Slaton could still be regarded as district favorites as they have the material capable of beating any team in the loop.

Slaton fell before such powers as Canyon, Seagraves, Stamford, and Abernathy. They have wins over Friendship and last week defeated Lockney 12-4.

Floydada is expected to be in only fair condition for the big contest. They may get to see limited service from Don Vickers who has been out for two weeks. Don Taylor was injured in practice this week however and will be out of action, also several are still on the ailing list and their ability is still doubtful.

Watson said Tuesday he was hoping Rodney Teague would be ready to go by game time at the QB slot. Vickers if he is ready for some game service will probably see action at another position. Larry Irby and Eddie Parks were still questionable marks early this week but should be ready. The remainder of the team barring practice injuries or illness before game time are expected to be able to go all out.

Tigers Big and Fast The Tigers have plenty of big boys with experience and also they have speed and some shifty backs. Last week against Lockney they fielded a team that looked like this:

Ends — Wayne Linder, 170, and Sammy Wilson, 365, tackles — Lynn Don Maeker, 320, and Dale Gordon, 205, guards — Robert Hurst, 145, and Wayne Banks, 155, center — Jerry Hogue, 170, qb — Randy Sand, 145, hb — Giles Smith, 150, and Pat Adamek, 160, and at full back Howard Lammert, 170 and some big

hit them. "The dogs just rip the chickens' back open and leave them laying there," Mrs. Turner said. Mrs. Terry said she wished the Hesperian could get somebody to do something about the dog business.

All the home owners seemed to be agreed the dogs were from town. They make a foray into the country chicken lots about one night a week. Only chicken owners who have their flocks behind a high fence seem to be safe. The packs catch the farm owners unawares and get the damage done quickly.

How much damage dogs that roam the countryside can do is attested by John C. Moss also. While he made no report to the newspaper office in connection with the matter, he was queried recently why he had brought to a termination an extensive sheep raising and fattening operation. "Dogs," was his answer. "The losses from preying dogs were just too heavy."

Moss has been in the sheep business for many years before he gave it up on account of the worry and the losses. The pack of three, led by a big Boxer, that killed off the Turner fowls left them 16 hens. Turner took a shot at the dogs but did not

defensive men who go in on the top 'em unit.

Last year in Floydada the Tigers went down before the Winds by a 13-26 score but had the locals reeling on the ropes in the last half of the ball game.

SAYS DEGGE: Bindweed Are Setting Second Crop of Seeds

"Bindweeds in the area are now setting their second crop of seed this year," said Douglas Degge, supervisor of the Floyd County Weed Control District Monday.

Continuing in a report from the Noxious Weed Control District, he said: "The growing season for bindweed is not over with the first frost. From all the reports that the District Office is able to obtain it takes temperatures of 20 degrees F. or below to completely stop the growth of this weed, which means that they will continue to grow until late November. Temperatures above 20 just retard the growth rather than killing it."

"Now is a very good time to apply soil sterilants so that you may be ahead when the spring rush season begins.

"There is an old adage which says 'One year seedling is seven years weeding' but with bindweed it could well be changed to 'One year seedling is forty years weeding.'"

"Reports from Kansas show that bindweed seed will germinate thirty years and longer after it is produced."

Yesterday Degge said another demonstration has been set up on the Johnny Lee farm two miles north of Aiken on FM 2301, which the public is invited to see.

Degge urges all those who have bindweed on their farms to come in and discuss the treatment of their farms with him. He may be reached by phone at YUkon 3-3566, Floydada, or OLF 4-3696, Lockney.

The control district has purchased some equipment with which to make land treatment.

SUNDAY BUSINESS KEEPS LOCAL OFFICERS BUSY Sunday was a busy day for city officers in Floydada. Four wrecks occurred during the day, one of which resulted in a fatality and injured three others. The other four were minor ones with no injuries sustained. Wrecks were reported by city officer Horace Cage at the traffic light on Highway 70 and Missouri St., the Mexican Labor camp in East Floydada and the third on the "Y" in front of the Wagon Wheel.

REX KING

King Is 4-Year Football Player

(By ANN WORD)

On June 19, 1941, a bundle of joy came into the lives of Mr. and Mrs. Eddie King. His name, Rex, Rex spent the first seven of his school years at Sand Hill. At the beginning of the eighth grade, he came into Floydada for school.

Ever since that first day, Rex's popularity has jumped by leaps and bounds. One sign of this was when he was elected one of the class favorites for the junior class.

One of Rex's main interests is football. He has played since his freshman year at which time he was on the B team. During his sophomore year, he was placed on the A team and has played on it ever since. During his junior year he was nominated for football captain. He also belongs to the F club.

Rex has a wonderful sense of humor and personality as everyone knows. His smile is always a cheerful one as well as welcome.

Rex likes people, as his friends will tell. He makes friends readily and never meets a stranger. Everyone likes him.

Rex is truly one of the outstanding seniors. If anyone doesn't know him, he is truly missing an experience; and, if he does, he will agree that Rex is a wonderful person.

19 New Students Start Classes

(By SUE WILLIAMS)

Nineteen students have started classes here this year for the first Floydada for school.

Barbara Glenn is a junior who moved here from Plainview.

Betty Sue Spradlin, sophomore, comes from Lockney.

The remaining seventeen are freshmen. They are:

Judy Edgar, Middlethian; Thelma Rogers, Victoria; Betty Woodley, Levelland; Nathan Stewart, Southland; Jesse Campos, St. Patricks; San Antonio; Ronnie Stewart, Cone; Palo Garza, Lorena; Maria Laura San Antonio; Ronnie Stewart, Cone.

Nathan Mulder, South Plains; Jimmy Respondek, South Plains; Yvonne Karr, South Plains; Glenda Kay Taylor, South Plains; Sue Wilson, South Plains; James Richardson, Lakeview; Larry Spears, Lakeview; Novis Johnson, Lakeview; Lyndy Thurston, Lakeview.

A cordial welcome is extended to these students.

New Uniforms Are Assured for Band

(Sonja Guffee)

Floydada Whirlwind Band members are all excited about their new uniforms. This excitement will spread throughout the school, town and county when the public learns the details about them.

Contract for the uniforms was awarded to Ostwald Uniforms, Inc. incorporated of Staten Island, New York. Each suit will cost \$86.30.

The hat is West Point style. The coat is green with reversible shield. On one side of the shield is an old English "F". On the other side is a Whirlwind. There is a Whirlwind on each sleeve also two citation chords. There are braided knots on the shoulders and white cross belt.

Another feature about the coat is that they can be worn five different ways.

The slacks are grey with a white strip down the legs they also have an adjustable waist.

Band members were measured Thursday, October 2. They expect to receive the uniforms in time for the marching contest, which is December 5, at Plainview.

Dana Walding, freshman, had an appendectomy Tuesday, October 10.

TRAFFIC LIGHT FOR THE FHS HALLS?

(By Marjorie Burleson)

Deviating from my previous form of serious editorials, I am going to discuss this week on one of our more minor, yet often perplexing, school problems. That problem being the traffic congestion of our halls before school, during the 3-minute class changing periods, and after dismissal of the last class.

Our halls could be described as quite a loud roar. And orderly—my, yes, we're almost as orderly as a prison riot. A "hood" down the hallway, we're compared to our flying manners as we travel, but fast, school is the rule. Everyone is just about as friendly as football "rivals."

To illustrate my point, I have composed a few do's and don'ts for the person who wishes and strives to be elected the "Most Unpopular and Disliked Student of the Month."

1. Don't walk in the halls—Run! The people you knock down shouldn't be in your way in the first place.
2. Do slank your locker door! A little more noise will make no difference.
3. Don't be courteous—it's contagious.
4. Don't speak to your teachers. It creates too much good-will among students and teachers.
5. Do turn the corners without looking. The life you save probably won't be your own anyway.
6. Do scowl at your classmates when they say "Hi." You'll become more popular that way.
7. Don't show that you have manners. People will fear you are sick.
8. Do stop at the water fountain when the hall is most congested. After all, you can never be sure whom you might be able to trip.
9. Do wait until the last minute to get to class. Better late than never.
10. Don't be a good citizen! Our school has too many of that kind as it is.

As you can plainly see, I have slightly exaggerated the problem; however the fact remains that it exists and daily has to be faced. The only solution would be a traffic light for our halls and perhaps a policeman at the class-room intersections. Until that day, I suggest we all work together to make Floydada High School the smoothest running, the friendliest and most mannerly, and orderly school possible with the problems that can be overcome by thought, organization, and the carrying out by its students.

Chorus Is Hard Working Group

(By Estella Wyatt)

Of the many fine organizations in Floydada High School, the chorus stands out as an ambitious and hard-working group. The 1958-59 class is composed of twenty female members directed by Mrs. L. H. Christensen.

Recently elected officers are Sally Parks, president; Carolyn Dunavat, vice-president; Sandra Wright, secretary; and Pat Stewart, social chairman.

The soprano section includes Linda Withers, Darlenda Cranford, Fran Hopper, Elaine Anderson, Ella Mac Cague, Judy Edgar, Joan Hendricks, and Shirley Walker.

Included in the second soprano group are Carolyn Dunavat, Melly Furberry, Frances Parks, Sally Parks, Kay Taylor, and Melvie Jamanchack.

Martha Dyer, Joyce Morren, Dorothy Robertson, Pat Stewart, and Sandra Wright make up the alto section.

The Meiodettes are a group of the qualifications are two years of membership in chorus. Those who make up the Meiodettes this year are Dorothy Robertson, Pat Stewart, Linda Withers, Shirley Walker, Joyce Morren, Sally Parks, and Carolyn Dunavat. These girls will work or popular music and will entertain when called upon. They will be eligible to order sweaters.

Plans for the year ahead include a workshop at Texas Tech, several social engagements, and a party in December where the "Most Valuable Member" and the "Queen" will be honored.

Juniors Urged To Give Support

(By Juanell Wood)

The junior class officers had a called meeting on two days of last week. It was called to their attention about not receiving the necessary support from fellow classmates. With the kind of support we are now receiving, we cannot begin to make enough money for our junior and senior banquet. The cause of this is not bringing what is assigned to you for our concession stand. Then the junior class had to buy it, coming out with a very small bank account.

George Farris, treasurer, has reported that we have around \$150, but still quite a few bills to be paid. So, in order for our banquet to succeed this year, we must get behind the junior class now!

Speech Classes Studying Phonics

(By Kit Zimmerman)

Speech has drawn much interest this year in FHS, as there is a large enrollment of 46 students.

The classes are studying phonetics, which is the science that teaches speech sounds and their symbols. Through phonetics, one learns to recognize the fifty sounds of American speech, regardless of how they are spelled in different words.

Through phonetics, also one can learn to make these sounds distinctly and accurately, instead of approximately or inaccurately as is done by the average person.

There are 12 students taking Speech II. They are studying oral interpretation and dramatics. If you want a cultural course you should take speech II.

Memorial Books Given

(By Edwina Overstreet)

The Student Council has placed the following books in the library: John Phillip Sousa by Anna M. Lingg in memory of Mr. Maurice Jones' father and Lone Journey, Life of Roger Williams by Jeannette Eaton in memory of Mr. J. J. Hendricks.

The faculty of Junior High School placed Day of Infamy by Walter Lord in memory of Mr. J. J. Hendricks.

All of these books are bound in buckram binding with an appropriate plaque in the front of the book with the donor's name and in memory of the deceased person.

Run-Offs Mark Some Contests

(By LINDA WELBORN)

The FHS student body "went to the polls" Monday morning the first period to decide the most outstanding students in the school. The results in the race for Miss and Mr. FHS will not be known until the annual comes out in the spring. Miss Swepston counted these votes by herself.

Those nominated by secret committee were Glea Adams, Tommie Copeland, Mary Cogdell, Pat Hickerson, Sandra Roe and LaJuana Womack for Miss FHS. Those nominated for Mr. F. H. S. were Johnny Fred Brown, Jerry Crawford, Si Duncan, Rex King, Bill Patterson, and Jerry Solomon.

Those students who were elected and those nominated to be elected and titles were as follows:

Tommie Copeland was elected Most Likely to Succeed. Those nominated were Kay Asher, Neddy Fortenberry, Karen Goen, Sue Ring and Lois Ann Glover.

There was a run-off between George Farris, Johnny Fred Brown and Bobby Seago for Most Likely to Succeed. Those nominated were Eric Christensen and Si Duncan.

Bill Patterson was elected Most Athletic Girl. Those nominated were Bill Gilliland, Elwyn Pierce, "Rodney" Teague, Danny Shipley, and Don Vickers.

LaJuana Womack was elected Most Athletic Girl. Others nominated were Mary Dunn, Pat Henry, Carolyn Moore, Sally Jo Redd, and Sue Ring.

There was a run-off between Mary Alice Withers and Sonja Guffee. Others nominated for Most Coquette were Sarah Carey, Margaret Carey, Nelda Fortenberry, and Linda Withers.

Hal Hines was elected Most Coquette Boy. Those nominated were Ricky Holland, Larry Irby, Melvin Lloyd, Wayne Rice, and Jerry Solomon.

There was a run-off between Grace Ann Potts and Sue Ring for Most Intelligent Girl. Others nominated were Sharon Edmiston, Karen Goen, JoEllen Reue, and Mary Alice Withers.

There was a run-off between George Farris and Kern Cooper for Most Intelligent Boy. Those nominated were Eric Christensen, Jerry Crawford, Bobby Seago, and Jerry Solomon.

There was a run-off between Beth Scott, Wren Patterson, and Sharon Edmiston for Most Talented Girl. Others nominated were Janet Boren, Tommie Copeland, and Sally Jo Redd.

Dale Brown was elected Most Talented Boy. Others nominated were Eric Christensen, Curtis Sanders, and Doug Walding.

Helen Foster was elected Most Dependable Girl. Others nominated were Karen Goen, Linda Gollightly, Judy Wilson, and Estella Wyatt.

Rex King was elected Most Dependable Boy. Others nominated were Billy Don Colston, Bob Gollightly, Clarence Richardson, Lee Smith and Doyce Stephens.

There was a run-off between June Marble and Tina Copeland for Wildest Girl. Linda Caughey, Sue Fleniken and Joy Sparks were nominated for the honor.

There was a run-off between Bobby Seago and David Hull for Wildest Boy. Others nominated for the honor were Bill Daniel, Si Duncan and Charles Holland.

There was a run-off between Addie Adkins, Marjorie Burleson, and LaJuana Womack for Most Energetic Girl. Others nominated were Jan Dempsey, Leora King, and June Marble.

Wayne Adams was elected Most Energetic Boy. Wayne Cage, Larry Coltharp, Bill Daniel, and Si Duncan were nominated for the honor.

Run-off election was held on October 14. Results of the run-off will be given in next week's Whirl.

The busy people counting the votes were Linda Welborn, Vicky O'Neal, Wayne Cage, Tommie Copeland.

FHS to Get Code In Near Future

(By Ann Word)

Many schools now have their own code of ethics, and Floydada soon is to join the ranks of these schools and have its own code. The code's purpose is to lift the morale of the students and also be a guide post to them.

Si Duncan appointed Mary Cogdell to be in charge of writing the code. On the committee with her are George Farris, Glea Adams, Pat Ginn, and Helen Foster.

The Code of Ethics for Floydada High School will probably be presented to the student body in the near future.

ASSEMBLY PROCEDURE GIVEN. Students are to follow the following procedures when they go to the auditorium for assemblies:

1. Stand. Repeat the pledge to the flag. Sing one verse of "America" or "The Star Spangled Banner." Then prayer.

2. After assembly—Announcements followed by the FHS school song. Leave assembly in this order: Seniors first, followed by the juniors, then sophomores, and last, freshmen.

The Pledge to the Flag is as follows: "I pledge allegiance to the flag of the United States of America and to the republic for which it stands; one nation under God, indivisible, with liberty and justice for all."

And then there's the Texas yarn about the woman who called her husband an ass. "Will you get the car out, Tex, and drive the kids to the backyard so they can play?"

Band News

(By Sonja Guffee)

Last Friday night at the Floydada, Tullia game the Whirlwind Band entered the field from the north in two company fronts. These two lines broke into ten ranks on the execution of forward march. The band came to a halt and accompanied the herald trumpets on the fanfare. After that, eight of the ranks broke into smaller ranks.

All of the ranks marched down the field to "Bye Bye Blues." As this song was being played, the ranks began a series of cartwheels to "Black Jack." As the series ended, the ranks formed, once again, two company fronts and passed on the fifty yard line.

As they passed, they formed a diamond in center field. While the twirlers did an excellent twirling routine, the diamond moved clockwise then reversed and went counter-clockwise.

After the diamond came to a halt once again, the two company fronts were formed and passed through on another. The band then went into the band there a role off was given and the band played "Klaxon" as they did a counter they formed FHS. After a rear march signal the band stopped in mid-field and played the school song. The exit was made to "Bye Bye Blues" while still in the FHS formation.

Karen was born on January 13, 1941, and spent the first month of her life in an incubator.

Karen has proven to be quite an asset to FHS with her glowing personality and nice ways. Because of this, she has gained many friends.

Some of Karen's likes are music both popular and classical, stage shows, and sirlon steak with potatoes and sour cream dressing.

Among Karen's few dislikes are sandstorms and quiz shows.

Just running around and barbecues are her favorite pastimes, and her favorite movie is "The King and I" with Deborah Kerr and Yul Brynner. "My Foolish Heart" is her favorite song, and the one and only Johnny Mathis is her favorite singer.

After finishing FHS, Karen plans to attend Baylor University and major in elementary education. She has the determination and willing ness to work hard for anything she wants; and for this reason, she will be a great school teacher.

"Hi! Let's get a Tiger - I mean a Slaton Tiger. Tomorrow night we play Slaton there. This is our first four conference games. Everybody come and yell for our boys! Win District!"

Congratulations to Kay Robertson on becoming 1958-59 FFA Sweetheart.

How did you like your report cards? Ugh!

With the advent of football season, the time is at hand for you to consider your behavior pattern at the football games. Here's an outline of suggestions for your help in achieving all the happiness and popularity that you want:

1. How to enjoy a football game.

A. Most important tip: Never watch the game. To do so undermines the principles of the game and shows you don't trust the referees. Besides, there's a loud-speaker to keep you posted on the progress of the game.

B. Bring plenty of noise-makers. These are invaluable for drowning out the opponent team's signals. When the hand starts to play, this noise will help cover up the bad notes. Be sure to make your noise in the ear of the person in front of you. It gives him an additional thrill.

C. Never cooperate with the cheerleaders. Nobody can cooperate. It takes ingenuity to be different. Here are some ways to be different:

1. Change the words of the yell and make up your own. Soon everyone will join you.

2. If you sit in the end section, you can have a lot of fun by sailing the cards around and hitting people in the back of the neck. Of course, the higher you sit, the more range you get. Above all, never pay attention to the card section leader.

D. Shout at the referees loudly and wildly. This gives them a feeling they belong.

H. What to do if your team wins:

A. Sit down immediately and collect your wits before you faint.

B. Saunter over to the opposing side and make friendly comments about the game.

C. Tear up all cards, goal posts markers, etc.

III. What to do if your team loses:

A. Find the dope who bet with you and collect your money.

B. Throw bottles, seat cushions, hats, grenades, etc. at the low-life that come over to your side of the field to jeer at you.

C. Tear up all cards, goal posts, markers, etc.

IV. Final suggestion:

A. Be sure that your date car lead you back home.

Karen Goen Plans Teaching Career

(By JUDY JACKSON)

A member of the Whirl staff her freshman year, and member of the band her sophomore, sophomore and junior years, and the Ambassador and secretary of the junior class, president of the National Honor Society; and corresponding secretary of the student council this year is none other than Karen Jane Goen.

Karen was born on January 13, 1941, and spent the first month of her life in an incubator.

Karen has proven to be quite an asset to FHS with her glowing personality and nice ways. Because of this, she has gained many friends.

Some of Karen's likes are music both popular and classical, stage shows, and sirlon steak with potatoes and sour cream dressing.

Among Karen's few dislikes are sandstorms and quiz shows.

Just running around and barbecues are her favorite pastimes, and her favorite movie is "The King and I" with Deborah Kerr and Yul Brynner. "My Foolish Heart" is her favorite song, and the one and only Johnny Mathis is her favorite singer.

After finishing FHS, Karen plans to attend Baylor University and major in elementary education. She has the determination and willing ness to work hard for anything she wants; and for this reason, she will be a great school teacher.

When to see Charles Carr; Tommie Copeland was wearing a team Friday night that Buddy Gaitner bought Bobby Christian doesn't have many dates - doesn't he like girls; Shirley's company over the week-end.

Dates - dates - and more dates Linda Roe and Van Stovall, Sherry Alexander and Norman Ferguson Elfa Womack and Ronnie Smith Edwina Overstreet and Waldo Baxter, Janice Noland and Gene Franklin, Darlene Johnson and Johnny Witkowski, Pat Allen and Jerry Battey, Judy Wilson and Harvey Allen, Freida Smith and Don Faulkenberry, Estella Wyatt and Danny Shipley, Mary Grace Dunn and Eddie Parks, Sue Kendrick and Mike Carver, Sue Ring and Gary Matstler, Vickie O'Neal and Price Pritchett, Pattie Patzer and Jay Holmes, Margaret Nash and Kenneth O'Neal, Nedra Jarrett and Eddie Childs, Sue Fleniken and James Badgett, Sharon Edmiston and Bobby Seago, Sonja Guffee and Don Garrett, Billia Holmes and Richard Graves, Elfa Womack and Bill Gilliland, Glea Adams and Bill Patterson, Fleeta Carthel and Wayne Adams, Mari sue Burleson and Frank Potts, Sandra Roe and Grant Cooper, Jan Redd and James Teague, Sally Teague, Don Switzer, Don Davis, Nelda Neff, and Kern Cooper.

Drivers' Education is not a required subject at FHS, but many students take it in order to learn and practice the laws and rules of good driving. Mr. Paul Huntington is the instructor.

Annual Pictures Are Being Made

(By ADDIE ADKINS)

Click-Click! Yes, the time has rolled around once more for the Floydada yearbook's assembling to take place.

Saturday, October 18, is the date set for advertisement pictures to be made. Photographer Allen Hamner from Lubbock, has made the fresh man, sophomore, and junior pictures and will return Saturday to photograph the business pictures. The students will be instructed as to the whereabouts and time of their picture. Photographing will begin at 10:00 a.m.

Mr. Hammar has also made the Class officer pictures.

Class officer pictures will be made on the afternoon of October 11. The close out of the 1958 Whirlwind sale was October 3. Sales began on September 27. Two hundred and fifty FHS students paid the down payment of three dollars for their annual.

The annual staffers: Sara Holmes, Barbara Darden, Estella Wyatt, Sonja Guffee, Addie Adkins, Bill Patterson, Larry Coltharp and Eddie Adkins have been selling the subscriptions.

Addie Adkins did the sales with top 65 annuals being sold.

The 1958 Whirlwind must have forty pages in Dallas to the Taylor Company by November 1.

TELLERS COMMITTEE ELECTED (By SUE FLENNIKEN)

Student council organized the Tellers Committee to count all of the votes at the end of each election held in the school. The chairman of this committee are Linda Welborn and Tommie Copeland, and who ever they choose to help them.

South Plains
(By Mrs. Murray Julian SOUTH PLAINS, October 13 - Harvest operations are in full swing here with clear, warm days and cool nights keeping the combines running and elevators busy. Many farmers are detaching their cotton and preparing to strip their fields. Cotton grades are holding good and improving with each sunny day.

Many families were away over the week-end, sending church attendance to a new low level for both services on Sunday. Several were ill with the flu including Mr. and Mrs. H. S. Calahan Jr., Barry, and Diane, and Bruce Julian.

Mr. and Mrs. Bill Beedy went to Floydada on Saturday afternoon at 2:30 to the First Baptist Church to attend the funeral of John Galloway father of Mrs. Cotton Wilson, who passed away on Thursday night.

Mr. and Mrs. Karl Craig went to Canyon for the Home Coming Game on Saturday night at West Texas State Canyon and Texas Western battled on the football field.

Mrs. Rene Yeary, Mrs. Lee Pearson, and Mrs. Easley Yeary and Sue Wilson left Saturday morning for Perryton where they attended the Texas-Oklahoma Singing Convention that day and Sunday. A bout of 4,000 were present for the 2-day Singing.

Congratulations are in order for Mr. and Mrs. Elmo Fortenberry on the birth of their first child, a girl born Thursday, October 9, at 1:00 p. m. in Lockney, weighing six pounds, and 11 ounces. She was named Rhonda Gail, and her paternal grandparents here are Mr. and Mrs. Fred Fortenberry.

Mr. and Mrs. Sylvain Kinnibrugh, Beth and Marilyn, left Saturday morning to go to Truscott where they spent that day and Sunday with Mrs. J. R. Spivey, and Mr. and Mrs. J. A. Kinnibrugh in Vera.

Mr. and Mrs. O'Dell Mulder and Patricia of Albuquerque, N. Mex. came Saturday to spend the week-end with his brother and family, the Arby Mulders, Nathan and Kathy, leaving for home Sunday afternoon. They report a lot of rain over in Albuquerque the past few weeks.

Mr. and Mrs. Shelby Calahan and children were hosts at dinner at church on Sunday to Mr. and Mrs. Grigsby Milton, Darla and Barbara. Donita had spent the week-end here and left Sunday afternoon for Lubbock to resume her studies at school.

Mr. and Mrs. Frank McClure and Mr. and Mrs. George West left Saturday morning for Ruidoso, N. Mex., and the West cabin where they planned to stay until Tuesday enjoying on Saturday a parade and on Sunday the Annual Ascendade with its barbecue that evening.

Mr. and Mrs. John Wilson took his mother, Mrs. Ollie Wilson to Lubbock on Monday, Tuesday, Wednesday and Thursday for treatments at a clinic there. She is getting along fine now.

Mrs. John Gillespie, Mrs. Bryan Karr, Mrs. Murray Julian and Mrs. J. P. Taylor attended the bible study class in Wayland in Plainview on Tuesday night.

Mrs. Philip Smithman was taken ill on Wednesday and was in the Lockney Hospital until Friday. She went to Silverton to the home of her parents, Mr. and Mrs. J. K. Bean for a few days.

Mr. and Mrs. W. C. Johnston of Haskell, uncle of Mrs. John Wilson and Mrs. Harrison Davis, of Bakersfield, Calif., Mrs. Wilson's aunt, were visitors here in the Wilcox home on Friday. Mrs. Davis was a house guest with them here for four days of last week.

Mrs. John Fortenberry of Cedar Hill had dinner after church on Sunday with her son and wife, Mr. and Mrs. Fred Fortenberry. After dinner they went to Lockney to see their new granddaughter, Rhonda, who came home over the week end with her mother, and is staying a few days with Mr. and Mrs. Lewis Harston.

Club Meeting at the REA Kitchen
Home Demonstration Club members and guests went to Floydada on Tuesday afternoon at 2:30 for an interesting Mexican Cookery lesson at the REA Kitchen where Mrs. Nancy Morckel and Mrs. John Smithman showed how to mix, roll and bake real tortillas.

A delicious enchilada main dish was made of the baked tortillas, chili and cheese. Another new recipe from our southern neighbors, Mexico, was a crisp, succulent poultry made with a sweet potato filling.

Parlures were served with the enchiladas and a vegetable salad with Cokes made up the colorful and delicious meal.

visitors Mrs. Lighton Teple, Mrs. Kenneth Bean and Mrs. Johnny West. The next Home Demonstration meeting will be held in Floydada at the home of Mrs. John Smithman who will teach the art of flower making. October 22, at 1:30 p.m.

Mr. and Mrs. Garvin Beedy and children left Monday afternoon for Chavis, Mex., to attend the funeral of Garvin's aunt, the youngest sister of his mother, who passed away with encephalitis on Saturday.

Mrs. John Gillespie, Frank McClure, Grigsby Milton, J. P. Taylor, Sylvain Kinnibrugh, Thomas Pierce and Mrs. Shelby Calahan went to Plainview early Wednesday morning to attend the WMU All Day Workshop which was held at the First Baptist Church from 9:30 to 2:30.

Mrs. L. T. Wood is working this fall during cotton season at the Morrison Gin, and Mrs. Shelby Calahan is taking her place as WMU president while she is away.

Mr. and Mrs. Ernest Smithman and Larry had as guests in their home on Sunday his uncle, Mr. and Mrs. Homer Ford of Lubbock who had dinner and spent the day here.

Members of the Baptist WMU met at 2 o'clock on Monday afternoon, Oct. 13 for a mission book report given by Mrs. John Gillespie. Only the first part was covered and the group will meet on Tuesday, Oct. 21, to continue the study. Present for the study were Mrs. H. S. Calahan Jr., Bryan Karr, Grigsby Milton, Shelby Calahan, Dock Jones, Sylvain Kinnibrugh, John Gillespie, Thomas Pierce, Sim Reeves, and guest Mrs. Arby Mulder.

Mrs. Sterling Cummings entertained on Monday afternoon, Oct. 13, for her daughter, Dee Earle, who was celebrating her fifth birthday. Guests gathered at 2:30 for games including a hula hoop contest. Favors for the small guests were fish bowls complete with little guppies and snails. Mrs. Cummings served birthday cake and strawberry sodas to the honoree, Dee Earle and her sister Paula, brother Zack Carter, Vicki Calahan, Jackie Gillespie, and Bryn Smithman.

Births
Mr. and Mrs. Charlie Warren of this city are parents of a baby daughter born in Peoples Hospital Thursday night. Anita Jane arrived at 7:11 and weighed seven pounds and eight and one-half ounces. Mrs. Bessie Banks is grandmother of the newborn. The father is a carpenter.

Mr. and Mrs. Elmo Fortenberry of South Plains have a new daughter in their home. Rhonda Gail was born in Medical-Surgical Hospital at Lockney Thursday and tipped the scales at six pounds and 11 ounces. She is the first grandchild of Mr. and Mrs. Fred Fortenberry. Mr. and Mrs. L. P. Horsman of Lockney are maternal grandparents. The father farms in the South Plains community.

Mr. and Mrs. Lavon Smith of Plains, Tex., are parents of a son born last week. The baby has been named Robert and is the grandson of Mrs. Annie Green, formerly of Floydada but who now makes her home in that city. Mr. and Mrs. Ames Smith of Plains are parental grandparents.

Mrs. R. P. Graves of Floydada is a great grandmother. She visited the family on Sunday as did Mrs. Tate Jones, daughter of Mrs. Graves.

HOME FROM GERMANY
Mrs. Marie Baxter went to Amarillo Wednesday to meet her daughter and her husband, Mr. and Mrs. Larry White, who arrived from New York. The couple have been stationed over a year in Germany and will spend some time in Floydada with relatives. Mrs. White is the former Gail Baxter.

Mrs. Grady Walker accompanied by her son's wife, Mrs. Bill Walker of Petersburg visited in Vernon and Crowell this week with relatives.

Mrs. B. A. Robertson and Mrs. Grady Walker were in Ralls last Wednesday, guests of the Ralls Garden Club. The women gave demonstrations while there. Mrs. Robertson on how to dry flowers and Mrs. Walker on how to arrange dried flowers under glass.

New Chevrolet Is On Display
The new 1938 Chevrolet goes on display today across the nation and Oden Chevrolet in Floydada will have at least one new car to show the public.

Strikes and labor troubles have limited the number of cars available and dealers are a little short of cars for the show date, but they are enthusiastic about their product and hoping to have plenty of models to show soon.

A complete styling transformation, along with more safety, comfort and performance, is announced for the 1939 Chevrolet passenger car line.

The cars represent one of the most imaginative designs ever to come from the automobile industry.

In shape, and in detail, the new styling reflects the influence of a space-conscious age. Lines sweep rearward in a virtually level plane. Tops are flatter and visibility is dramatically increased.

Appreciably lower, the overall appearance of fleetness is further conveyed by an adroitly sculptured frontal area. At the rear, horizontal wings branch out from the center of the deck in a simulation of mobility that might have been conceived on the sands of Cape Canaveral.

Mr. and Mrs. Walter Crawford of Dallas were guests Friday and Friday night of the W. T. Robertson family. The Crawfords were school mates of B. A. and A. H. Robertson of this city.

L. and Mrs. Royce McNeill of Roswell, N. Mex., and Mr. and Mrs. C. H. McNeill of Lubbock were guests over the weekend of Mr. and Mrs. B. A. Robertson and others in Floydada.

Mr. and Mrs. Milton Ashton of Lubbock, Mr. and Mrs. S. A. Summers and Miss Thelma McNeill of Lubbock, all visited here with their mother, Mrs. R. L. McNeill, or Monday.

Dealers Report On Progress of Oil Industry

October 12 through 18 has been named as Oil Progress Week and people of the nation are pausing briefly to salute the oil industry.

In modern America oil is all-important and the part it plays in our ever day lives is a big one. In most parts of the state the production of petroleum products is one of the bigger sources of income and in all parts of the state sale of these products involves us all.

In Floyd County wholesale and retail sales of gasoline, oils, butane, greases, natural gas and diesel fuel furnish a source of employment for scores of our citizens.

Research by the oil industry furnishes us with ever increasing number of products made from oil and also improves the quality of those products we are using regularly.

It would be hard to picture life in West Texas today without oil. Our transportation, power farming, home heating and almost everything we do is touched by this important product.

In this week's Hesperian the dealers in petroleum products of the Floydada area are telling the oil progress story, and of their round the clock job of supplying the needs of this area with these products.

Ford Car Line Will Be Shown Here on Friday

The 1959 Ford car line, which already has received an award at the Brussels World's Fair for styling elegance, will go on display at Ford dealerships on Friday, October 17, J. O. Wright, Ford Motor Company vice president and Ford Division general manager, announced today. (Including the Floydada dealership, Bishop Motor Co.)

"The 1959 Ford car is new in concept and new in style," Mr. Wright said. "The 1959 styling theme is good taste, a result of consumer demand for more elegance and dignity in automotive styling as opposed to gaudiness or extremism," he added.

In addition to Ford engines that have been engineered for greater fuel economy, Ford offers quality-designed construction and a new lighter Fordomatic transmission with 305 fewer parts than in 1958, Mr. Wright said.

"Every piece of body sheet metal in the 1959 Ford has been changed to reflect the good taste of the Thunderbird — America's most successfully styled car."

Ford's 1959 styling earned the plaudits of the noted fashion authority, the Comité Français de l'Elegance, which, for the first time in history, bestowed a gold medal for styling on an American automobile at the close of the Brussels international exposition.

The 1959 Ford engines offer greater operating economy and improved engine performance in the normal driving ranges, 30 to 70 m.p.h. Ford recommends regular grade gasoline in all standard engines, which can

result in a saving of up to one dollar a tank full. These benefits have been achieved in part by a slight horsepower reduction.

The 1959 Ford line includes 17 models ranging from the Custom 300's, which are six inches longer than in 1958, through the six station wagon models, to the Fairlane and Fairlane 500's. Station wagon length has been increased more than five inches; cargo area is eight inches longer, and cargo space is 11 cubic feet more than in last year's models. All 1959 Fords will be on a 118-inch wheelbase and will have an overall length of 208 inches.

Windshield area has been increased 200 square inches, or 29 per cent over 1958 Ford models.

With its refined engines, Ford is introducing a new version of the Fordomatic transmission. The 1959 Fordomatic, a two speed automatic transmission, has eliminated the need for 106 parts, which, with the use of aluminum for the transmission case and bell housing, has reduced the total Fordomatic transmission weight by 30 pounds, or 22.8 per cent.

Ford's four modern engines combine efficiency, durability and economy with the added customer savings resulting from quick and easy servicing. The full-flow oil filter standard equipment on all 1959 engines, permits Ford to recommend an oil change only every 4,000 miles, resulting in further savings to the customer.

The safety concept of "protecting the passenger" against injury, which Ford introduced to the auto industry, includes as standard features the extra-rugged, five cross-member frames with wide-flared side rails, safety door locks and the Lifeguard steering wheel. Safety seat belts, padded instrument panel and padded sun visors are available as optional equipment.

Shown in a picturesque Brussels World's Fair setting is a 1959 Ford Sunliner convertible. Ford offers two convertibles in 1959: the soft-top Sunliner and the retractable hardtop Skyliner. Ford's tasteful styling theme in 1959 is a result of consumer demand for more elegance and dignity, as opposed to gaudiness or extremism. In the background is the Atomium, prominent landmark at the Brussels World's Fair.

Miss Lelia Petty, former Floyd County Home Demonstration agent, now of Murtal, was guest of Mr. and Mrs. Virgil Shaw Tuesday night of last week. She visited around with friends in the city before leaving for Plainview Wednesday, where she was to be a judge at the Hale County Fair.

F. U. President Hospitalized By Car Crash

Ray Sissney, newly elected president of the Floyd County Farmer's Union, received a shattered wrist in a pickup collision near town early Wednesday morning of last week.

Sissney was treated at Lockney General Hospital, was transferred to the Methodist Hospital at Lubbock and then brought back to the hospital in Lockney on Thursday. His condition is showing improvement but he has been in a great deal of pain.

The accident occurred on FM Road 206 about three miles out of Lockney. Two Plainview men, Jerry Wofford and Wayne Love, both employed by Miller's Spraying Service, were pulling a tank of defoliant with a pickup, the tank overrode and pulled the pickup into the other

lane. It hit Sissney's pickup head-on. Wofford is in Lockney General Hospital receiving treatment for severe head and arm lacerations and several broken ribs. Love was kept overnight and treated for bruises and lacerations.

Observe Golden Wedding Day
Mr. and Mrs. Roy Griffith of Plainview, former residents of Lockney, were honored Sunday in that city or their Golden Wedding anniversary in the home of Mr. and Mrs. Jack Griffith.

Mrs. B. L. Brooks, the couple's only child assisted in hospitalities.

Mr. and Mrs. J. E. Newton and Mrs. Jessie Brown, the latter a visitor from California, spent from Tuesday until Sunday in Fort Worth where they were guests of Mr. and Mrs. Wayne Beedy. The group also attended the Dallas State Fair.

H. G. (Red) Watts, manager of Barwise Gin, returned home Friday from Lockney General Hospital where he had been confined for several days with a case of pneumonia.

FLIES TO ABILENE HOMECOMING

Mr. and Mrs. A. L. Wylie Jr., left Floydada Friday afternoon in their private plane for a trip to Abilene where they attended Homecoming from there the couple flew to Sweetwater where the couple flew to Sweetwater where the couple flew to Sweetwater where the couple flew to Sweetwater.

Mr. and Mrs. L. P. Lawless drove

down to Sweetwater Saturday and joined their daughter, the Wylies and helped the Greens in their celebration. Mr. Lawless is Mrs. Green's brother.

Mrs. Henry Martin of Lorenzo visited one day last week in Floydada with Mr. and Mrs. G. B. Jenkins.

Ford brings Thunderbird elegance to the low-price field with

THE WORLD'S MOST BEAUTIFULLY PROPORTIONED CARS

AWARDED THE GOLD MEDAL for Beautiful proportioned cars by the Comité Français de l'Elegance at the Brussels World's Fair

Styled, powered and priced for today's driving! There never was a Ford like this before! Its classic new design was awarded the Gold Medal of the Comité Français de l'Elegance at the Brussels World's Fair! With new Thunderbird flavor in each lively line and tastefully new interiors, these 59 Fords are beautifully proportioned for elegant driving.

Power, performance and economy are served up in new proportions, too. All standard Ford engines — Six or Thunderbird V-8 — thrive on regular gasoline at regular prices. You use up to 5 cents on each gallon! There's a new aluminum muffler that normally will last twice as long as conventional mufflers used on other cars... full-flow oil filtration that lets you change oil at 5000 miles, instead of the 1000 often recommended... new Tyrex cord tires for greater economy and safety... a brilliant new Diamond Lustre Baked Enamel Finish that's so durable you won't have to wax it ever... and two new economy power transmission teams that will bring you savings automatically. That's why we say, for '59, Ford is truly a masterpiece of underpricing!

NEW economy team Number One! Get all the high performance of a completely new Fordomatic Drive teamed with a Six or Thunderbird V-8 — at a price that puts automatic driving within everyone's car budget. It's a priced Fordomatic with nearly 15 fewer parts.

NEW economy team Number Two! Ford's versatile new Cruise-O-Matic Drive, the responsiveness of Thunderbird Special power and you have the fast word in automatic driving plus the "built-in" overdrive of an economy geared axle.

Altogether NEW in everything you can see, feel or drive with

Come in and get that NEW FORD FEELING in the cars with Thunderbird elegance

LATE CAPITAL Highlights AND Sidelights by Vern Sanford

TEXAS PRESS ASSOCIATION

More dust is being kicked up by the Legislature than ever in its history. The session opens on nine proposed amendments to the Constitution. The Legislature is expected to be in session from January 1 to March 1. The Legislature is expected to be in session from January 1 to March 1. The Legislature is expected to be in session from January 1 to March 1.

attracting the best qualified persons to lawmaking. Such influential and hard-working groups as the Texas Junior Chamber of Commerce are pushing this amendment.

CON: Equally outspoken are the opponents who say it would cause needless expense when money is already short. More time in session means more chances to spend money. Proposed salary still is not enough to attract top-notch talent, but "expenses of office" could open the door to "fat-cutting" with public funds. Sen. Dorsey Hardeman of San Angelo is the recognized spokesman for the "antis" which include some other lawmakers and other groups.

2. Would allow counties to extend participation in their retirement, disability and death compensation plans to elective officials of the county and precinct. Present arrangements covers only appointive officials and employees of the county.

PRO: It is a premissive law. No county has to do it unless the voters say so. It would give elective officials the same privilege as appointives, be an attraction to office.

CON: It sets no requirement for

length of service. An official might serve one term -- or less -- and receive benefits.

3. Would allow the County Commissioners Court to fill vacancies in the office of County Judge and Justices of the Peace until the next general election. Presently such appointments are for the remainder of the unexpired term, up to four years.

PRO: It would give voters the right to choose their own replacement as soon as possible.

CON: Since campaigns are so costly, there would be less incentive to run for the office for only a two-year term.

4. Would provide for automatic resignation of a district, county and precinct official who announces for any other public office more than one year before the end of his term in office.

PRO: It would keep officials on the job rather than out campaigning for some other office.

CON: It would discriminate against district, county and precinct officials since other officials -- U. S. senators, state senators, railroad commissioners and others with more than two-year terms -- can run for another office in mid-term.

5. Would allow Home Rule cities to extend terms of their elective and appointive officials from two years to four years.

PRO: It is permissive; each city can make its own decision. Two-year terms hardly allow an official time to get a program started before he has to get out and run a gain.

CON: Elections every two years give voters more control, build up citizen interest in government.

6. Would provide pensions, not to exceed \$30 a month, for retired Texas Rangers and widows of Rangers who retired before the 1947 State Employees Retirement System was established. Money would come from the Confederate Pension Fund.

PRO: Since funds are available it would put no extra burden on taxpayers. Protective dating clause would prevent marrying for pensions.

CON: It would allow ex-Rangers to receive pensions for as little as two years' service and with no payments on their part, a more generous arrangement than is provided for other state employees.

7. Would allow Legislature to appropriate money for advertising the advantages of Texas in nationally-circulated publications. Use of the name or picture of any living state official would be prohibited, and public funds would have to be matched by private funds.

PRO: Texas is one of only three states without a state program to attract tourists and industry. Proponents say it would pay for itself many times by bringing new money into the state.

CON: This should be handled by the businesses who would benefit through their trade associations, chambers of commerce, etc.

8. Would allow the Legislature to appropriate money to pay for medical care for people who receive old age assistance, aid to the blind and aid to dependent children.

PRO: It would provide help for people whose small monthly checks cannot possibly cover medical emergencies. Since payments would be made only to the vendor (doctor

hospital or what not), the money could be used only for its intended purpose.

CON: It would cost the state an estimated \$9,000,000, with no limit on how much it would drain from the Treasury. It would mean double taxation for cities and counties already providing medical care for their needy.

9. Would allow the Legislature to authorize creation of hospital districts in Amarillo, Wichita County and Jefferson County.

PRO: It is permissive. People in the affected areas could decide what they want to do with it.

CON: Proposed amendment is long (1,000 words), detailed and so complicated that few voters can ever understand it. If such provisions are needed, they should be made in statutes rather than by adding to our already-long Constitution.

News of Harmony

(By MRS. CHLOMA WILLIAMS)
HARMONY, Oct. 13 — Sunday, Oct. 12, Columbus Day has been observed in the United States as a legal holiday only since 1951. Even now some eight states do not observe the day as such. Seems rather odd that we observe so many holidays but it has taken us some four hundred fifty-nine years to pay tribute to the man who had the courage, determination, and faith to strive for what he believed and to overcome the many obstacles and hardships to discover the land we call America. Do we have people with such fortitude today? I am sure we do, but probably fail to see and recognize them as such.

The weather has been a little more favorable this week for harvesting even though it has showered and misted a little. Lots of grain has been harvested. The manager of one of the elevators in Petersburg said he had taken in forty carsloads or over four million pounds of grain in one day.

Cotton harvest is still moving a little slow. A few have started machine harvesting, but most fields are still green yet.

The ladies of the Woman's Society of Christian Service had their regular meeting Tuesday morning at 9:00 o'clock at the home of Mrs. Chloma Williams. Mrs. Williams was leader for the program on "Our North American Neighbors."

The week of Prayer program will

Show Improved Blocking; Tulia Hornets 20 - Nothing

POWELL **HAL HINES**

The injury-ridden Floydada regained some of its offensive punch on Friday night as they defeated Tulia 20-0 in a game played at the home of the Tulia Hornets.

The offense was still weakened by the loss of several key players, but the team was able to make the most of what it had. The defense was solid, stopping the Tulia offense on several occasions.

The game was a defensive struggle, with both teams focusing on blocking and tackling. The Tulia offense was unable to get into the end zone, while the Floydada defense was able to keep the game scoreless for most of the night.

In the third quarter, Floydada was able to make a scoring drive which started on the Floydada 40 yard line. The drive was led by Powell and Hines, who were able to break through the Tulia defense to score the game-winning touchdown.

The game ended with a final score of 20-0 in favor of the Floydada Hornets. The team is looking forward to continuing its winning streak in the coming weeks.

One play netted seven yards and then Williams went around his own left end for 67 yards and the score. Bill Patterson laid the first key block and then he was joined by team mates who helped to pave the way.

The pass for conversion went from Teague to Patterson but a penalty set the ball out to the 18 yard line. On the second attempt the same combination worked again and Floydada held an 8-0 lead.

Tulia then made their strongest bid of the game but was caught short on the Floydada 36 where they lost the ball on downs. Key tackle in the drive were turned in by Shipley, Teague and Pierce with Pierce catching Pogue short of first down yardage as the ball went over to Floydada.

The remainder of the first, and all of the second quarter were spent near mid field as the teams staged defensive duels. Fumbles, punts and quick kicks were the order of the day; the only serious threat being made by Floydada when they drove to the Tulia 21 only to lose the ball on a fumble.

In the third quarter Floydada was able to make one scoring drive which started on the Floydada 40 where Tulia had quick-kicked the ball.

The 'Winds advanced the ball or pass and run until Bill Patterson picked up a first down on the Hornet 2 yard line and on the next play drove over for the score. Shipley's attempted conversion from placement failed.

This was all the scoring until the final stanza when Tulia's Byron Lewis punted from his 43 to Bill Patterson who had to go back to his 5 to retrieve the bounding ball.

Patterson did a neat bit of foot work. Missing the hard charging Hornets he was able to pick up his blockers who laid a corridor of blocks down the east sideline and he weaved his way 95 yards to the Hornet goal.

This time it was Don Vickers who went in for the kick try, but it was wide. The scoring was over for the night at 20-0.

Running from scrimmage it was Leon Williams who led the local attack with 99 yards in 11 tries for a nine yard average. Bill Patterson had a net of 85 yards on 14 carries. The 'Winds gained a net of 230 yards on the ground and the passing of Teague, Taylor and Patterson brought them 95 yards on five completions in 15 attempts.

All the Whirlwinds got to see some action with several getting more than a little service. Don Taylor, Elwyn Pierce, Wayne Adams, Henry Self, Hal Hines, Dale Brown

As A Farm Woman Thinks

(Nellie Witt Spikes)

—Eleanor Halbrook Zimmerman
Lord, once I prayed that You would give me some great wealth by which to live.

Some shining gift of pure delight On which no shadow of the night Might ever have the power to fall. But now I know that I had all The golden gifts of earth piled high Beneath a blue and sunny sky. They would be empty castles stand Did You not take me by the hand.

My days, Lord, go so brightly clad With You, that all the dreams I had Seem but a child's conception of The meaning of a Father's love. You touch my life and lo, it glows With all the color of the rose. You speak and lo, a wonder lies On commonest things beneath the skies.

You smile, and I am rich indeed. Beyond all counting, past all need.

Isn't the above a beautiful poem? Every day more and more I realize the wealth I have had and will continue to have as long as I trust and love my Father above. The beauty of the Plains, the snow covered land, the green of young growing crops, the gold of maize and the white gold of cotton in fall. Riches of the soul, spread out with a lavish hand for all to have and enjoy if they wish. Holding on to the hand of Almighty God who made this wonderful world and every plant and creature in it. Holding on to a Hand in time of trouble when the comfort is so needed, holding on to a Hand in time of joy to make the joy even more precious and beautiful. What a wonderful privilege to hold on to the Hand of God!

We miss Charlie Midkiff from our town of Ralls. When we lived on the farm and came to town, he was always on the streets to give us a welcome. The friendship of many years was pleasant and Mr. Spikes and I have been his friends for many years. From the streets of Ralls to the Streets of Gold is only a minute away.

This time of year we long especially for the town of Floydada which was our home we enjoyed so for two short happy years. We long to drive around and see the familiar places and faces, the beauty of the trees in autumn, the friendly stores and the ones we have known so long. One day soon we hope to be back and see you all or as many as we can.

This Monday morning is cloudy but I think the sun will soon be shining and dry the dew away for the cotton and feed to be harvested. There are fine crops to be gathered and a dry fall is what we need.

Did you ever hear anyone say that "he lit a shuck home?" Or tell a neighbor that was in a hurry that he must have come "for a coal of fire?" The old sayings, like the old things of another day are laid away and not used any more, but I think it is nice to record them and this I like very much to do.

Seems as if I had only come this week for a coal of fire and I must light a shuck and be home again for another week, so, so long.

BAR DIRECTORS MEETING SLATED FOR THIS WEEK-END

Austin — Floydada attorney Richard F. Stovall will attend the 54th meeting of the Texas State Bar board of directors Friday and Saturday (Oct. 17-18) in Austin.

Stovall represents lawyers of the Nineteenth Congressional District on the board. Elected by district lawyers, his three-year term as Bar director will expire in July, 1939. State Bar officers to participate in the Austin meeting will include President-Elect A. J. Folley of Amarillo. The board is comprised of a representative of each congressional district, the immediate past president and the officers.

VICTIM OF FIELD ACCIDENT PRAISES FRIENDS HELP

I would like to take this opportunity to thank each and everyone of my friends for their prayers and each wonderful part you had in helping me while I was in the hospital. So thanks from myself and my entire family.

I've always had a feeling that God sent you my way. He knew that I would need your help to walk a long life's way. You're steady true and loyal and anchor in life's seas and when my ship got to tossing you always stood by me.

Just your presence helps me to know that you're around. I'm honored with your friendship, few friends like you I've found.

About The Weather. Note that our predictor got past the 12th of the month of October without a killing frost or freeze, well on the road to November 1. Some of the tomato and lettuce growers do not have too much confidence, we gather. They are surrounding their 10-acre plots with burrs and motes from the cotton gins. That first cold morning about 4 o'clock when the temperature hits freezing they plan to touch off these piles with a match. Suggestion: If the ground has been reasonably warm for three or four days, hold off with the smudge pile until 5 o'clock or such. The coldest hour of a cold night is the next morning between 6 and 7 o'clock.

Unblemished Local Government. Much more happy is the small town newspaper publisher who is convinced that local government is clean and that, while there may be some mistakes of policy, even of practice, the units are operated sensibly, cleanly and for the good of all. When good men come together good is always sure to come of their meeting is a truth that applies as well to government as to business affairs.

How Well am I supporting the industries our community already has, might be the subject of reflection on the part of every citizen of Floydada. We should look at home as well as afar for industry. About 85 per cent of industry is home-grown. We should take care of our own and be sure we are first, then cast eyes abroad.

The Number One Problem. In any community development program the Number One problem is people. How to keep young people, how to attract more people—how to use the abilities of those we have. People go where the things are that they desire, not necessarily any more those things for which they are in dire need.

Two weeks ago we promised a story about the county's financial budget as adopted by the Commissioners Court for the year of 1958-59. Two reasons or excuses why the article has not been forthcoming: (1) It is a difficult job for a layman to take an accountant's figures and make them both readable and understandable as well as factual; (2) Since the budget does not become effective until January 1 anyhow, the report is as good one week as another if it is done within a reasonable time. Since a newspaper office is always blessed with "musts" of one kind and another all of them usually put off as long as possible to take care of the other ones that can't be put off any longer. We let our enthusiasm run ahead of our judgment when we said "next week" two weeks ago.

We View With Alarm. Everybody, we mean everybody including the so-called smart people, seem to be hell-bent on making another depression come about. The latest we see trying to price itself out of the market is the Star-Telegram. "Higher postage rates, production and news print costs" a letter relates as the cause of the new high. Reminds one of the new contract the Big Three have with Mr. Reuther which they speak of as "fair and just." All gone just as crazy as their fathers went in the late twenties. They say they've got it whipped now. Can't be another one. And all the time stirring the brew that has to explode. Men get smarter, apparently never wiser, than the generation that preceded them.

They're Scared Cats. There's nothing like having money to make a man afraid. Afraid principally, one assumes, of losing his money, afraid the money he has will quit making him money. The absurd lengths to which the big automobile makers are going with their customer's money in their dealings with Mr. Reuther is an illustration in line. And as long as the customers will take it lying down the negotiations will go on and on. Note that the public has not been advised of what has been or is being negotiated, but the public is going to do the paying for operating the merry-go-round. It is almost nasty to be a wealthy automobile maker so the public hesitates to demand that the Big Three handle themselves like men.

"Did a Good Job." When a vociferous group, even though representing a small segment of the political or economic field, smother a congress so completely with its demands that "something has to be done about it" the people in the know speak of their having done a good job. In other words, they got what they wanted by being organized and smartly led. The Small Business Man's lobby at Washington in the past Congress is said to have "done" one of these "good jobs." Within a year or so what they did will become evident in the course of government functioning, presumably in the taxation field. We qualify as well as anybody for small, it would seem. We do not know of any good job a Washington having been done for us. We are willing to know about it, however.

We can go along with the Republican candidate for the United States Senate at least a part of the way. "There is no chance," he says, "for state rights and self-government to endure unless something is done about the Supreme Court." Mr. Whittenburg is so right about this, we suspect. We'd like for our own candidate to be as disturbed about the Supreme Court as he is about some other things of less moment. The people sure have got to do something about the Supreme Court. Encroachment by the federal government is moving at a fast pace. We wish Mr. Mahon and Mr. Yarborough and Mr. Johnson were as hot about the Supreme Court as the rest of us seem to be.

People Could Learn. Another thing Plains Cotton Growers reports is that "in pressley test the cotton tested showed only 8.1 per cent below 70 thousand pounds per square inch and 91.6 per cent showed 70 thousand to 100 thousand pounds per square inch." Cotton raisers, of course, know what the man means. Everybody always knows about what they are selling for a living.

Back in the old days all cotton raisers knew was that the gin was "trying to make" the farmers grow a long staple instead of letting them raise half and half and give them as much for the short staples for the longer cotton. The gins and cotton buyers finally got wise to the fact that their customers were interested in getting as much for their cotton as their neighbors got and in nothing else except the "turn cut." Accordingly they put all the cotton, good staple and bad, in the same category. The farmer got less but he was satisfied because all his neighbors got less, too.

Chevrolet introduces VERSATILE, SLEEK EL CAMINO

The Chevrolet El Camino, a new vehicle combining ultra-style with utility, complements the company's 1959 line of both passenger cars and trucks. Designed with fleet crisp passenger car lines, El Camino retains the versatility of a pickup for hauling light or bulky cargoes. It is intended as a true dual purpose vehicle for businessmen, ranchers and farmers, and others needing attractive, comfortable personal transportation and hauling ability in one vehicle. A compound-curved windshield and wrap-around rear window assure pilothouse visibility.

Floyd County 14 Years Ago

(From The Hesperian, Oct. 19, 1944)
Mr. and Mrs. A. T. Emert were notified in a telegram last week that their son, S-Sgt. Oliver K. Emert had been wounded in action on Sept. 5, and is now in an army hospital in France.

Tom W. Deen, representative and representative-elect of the 120th Representative District of Texas, is confined to his bed at his family home due to a hip injury received in a fall about two weeks ago.

To be able to see is the greatest thing in the world is the testimony of A. H. Manning, pioneer resident of the county, who for two years has been blind but now sees. Sight was restored after two successful operations.

L. B. Stewart Jr., fireman first class with the U. S. Navy, is home on a brief leave visiting his parents and other relatives while his ship is in home port for a short time. Stewart flew home on a TWA plane and will report back the latter part of the week.

Ernest Huckabay, carpenter's mate second class in the Navy, is home on 30-day leave after 20 months in the Southwest Pacific. He arrived Saturday and will visit with his father, C. P. Huckabay.

Dr. and Mrs. J. G. Pruitt are parents of twin daughters born in Pitt-

Hospital Tuesday morning. One lacked an ounce weighing six pounds and the other weighed one ounce over six pounds. The girls have not been named as yet.

Ted Bell, who is in service at Camp Roberts, Calif., is home on a visit while on furlough. He will report back to a northwestern camp after visiting with his father, Fred Bell.

Mr. and Mrs. Alpha King and son of Fort Worth were here Sunday of last week on a brief visit with H. C. King and R. B. Calhoun.

Mrs. Lula Slaughter returned home Friday after a 30-day visit in Long Beach, Calif., with her daughters, Mrs. W. C. Wright and Mrs. Joe M. Day. While there she enjoyed a family reunion, the first in 14 years.

DPFC Carl Lyles of Harvard, Neb. has been here visiting with his wife and his parents, Mr. and Mrs. C. B. Lyles of Dougherty. His wife plans to return to camp with him. He is an MP with the 2nd Army Air Force.

Ernest and Robert Carter returned home the first of this week from Langston, Ala., where they had been on a brief visit with their father, R. L. Carter.

Douglas Pitts, sergeant with the U. S. Army, last week reached a port in Europe safely a message said which reached his parents, Dr. and Mrs. Donald Pitts. Douglas has been stationed in Florida for many months prior to his over sea assignment.

Mr. and Mrs. C. E. Delk and son of Amarillo spent last week end here as guests of Mrs. V. Andrews and Mrs. Bess Cantwell.

Mrs. L. L. Clark will leave this week after spending in Floydada some affairs and visiting for Mrs. Tom Clark and with her own family.

Mrs. Lillian Lott of last week in Lott her sister, Mrs. C. Lottrell were at Hill and son of Mrs. Lottrell's guests.

Mr. and Mrs. H. L. sons of Tulsa were right for the night with their mother and Mrs. J. L. Lott.

BIBLE BAPTIST CHURCH

17 ADDITIONS
MANY VISITORS IN EVERY

The Lord is certainly blessing our Church and so for all these many blessings. We have found in our daily visitation that not a little or nothing about the teachings of God's Word are regular in church attendance. Why is it? Could it be because of the many modern preachers only preach what is sent to them from their sponsoring house? We as preachers are commanded as Counsel of God, and not some little Sermonette or you heard your preacher preach on the following very definitely commands, why not ask him why he preaches these:

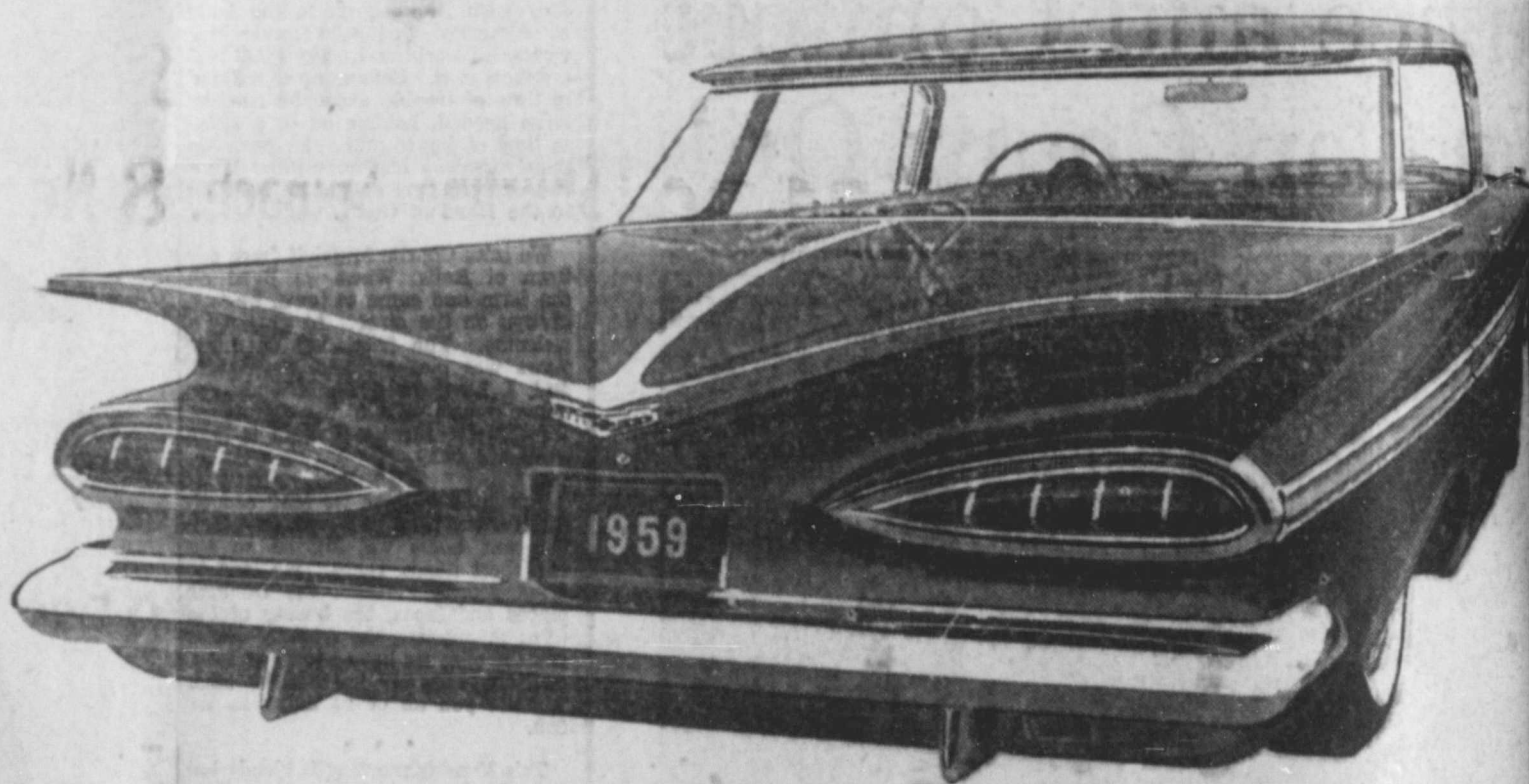

The Virgin Birth, The Church that Jesus Built, Salvation, Secret Rapture of the Church and Saints, Christ, Marriage Supper of the Lamb, The Tribulation, Millennium, Coming of Christ, The Great Day of Wrath, Armageddon, Judgment of the Nations, Millennium, Great White Throne Judgment, Lake of Fire, Hell, etc.

You say your preacher doesn't preach on these or your preacher is failing. You are failing because your church and preacher.

There is a Church and Minister in your town that preach these subjects. Come to the Bible Baptist Church and Wednesday nights and see for yourself.

what America wants, America gets in a Chevy!

'59 CHEVROLET

It's shaped to the new American taste with a lean, clean silhouette, crisp new contours, beautifully restrained accents. It brings you more spaciousness and comfort with a new Body by Fisher. It has a bright new sheen—a new kind of finish that keeps its luster without waxing for up to three years. New bigger brakes. Fast new areas of visibility. New Hi-Thrift 6. New handling ease and road steadiness. It's new right down to the tires!

Never before has an automobile manufacturer made such sweeping changes two years in a row. And never before has any car been new like this one.

The 1959 Chevrolet is more than a restyled car—more, even, than a completely new car. It's your kind of car. Shaped to reward your new taste in style with a fresh Slimline design that brings entirely new poise and proportion to automobile styling. Inside the new and room-

ier Body by Fisher you'll find truly tasteful elegance. And you'll have clear seeing from every seat. The new Vista-Panoramic windshield curves overhead—and there are new bigger windows, too.

When you take the wheel, you find Chevy's newness goes down deep. A new steering ratio makes handling easier. New suspension engineering gives you a more stable ride. There's a sweet new edition of Turboglide*. A new Hi-Thrift 6 that

goes and goes on a gallon. Vim-packed V8's. New and bigger brakes. Even tougher, safer Tyrex cord tires.

There's still more! A new finish that keeps its shine without waxing or polishing for up to three years. New Impala models. New wagons—including one with a rear-facing rear seat. And, with all that's new, you'll find those fine Chevrolet virtues of economy and practicality. Stop in now and see the '59 Chevrolet. *Extra-cost option

 Congress of March 3, 1879

About The Weather. Note that our predictor got past the 12th of the month of October without a killing frost or freeze, well on the road to November 1. Some of the tomato and lettuce growers do not have too much confidence, we gather. They are surrounding their 10-acre plots with burrs and motes from the cotton gins. That first cold morning about 4 o'clock when the temperature hits freezing they plan to touch off these piles with a match. Suggestion: If the ground has been reasonably warm for three or four days, hold off with the smudge pile until 5 o'clock or such. The coldest hour of a cold night is the next morning between 6 and 7 o'clock.

Unblemished Local Government. Much more happy is the small town newspaper publisher who is convinced that local government is clean and that, while there may be some mistakes of policy, even of practice, the units are operated sensibly, cleanly and for the good of all. When good men come together good is always sure to come of their meeting is a truth that applies as well to government as to business affairs.

How Well am I supporting the industries our community already has, might be the subject of reflection on the part of every citizen of Floydada. We should look at home as well as afar for industry. About 85 per cent of industry is home-grown. We should take care of our own and be sure we are first, then cast eyes abroad.

The Number One Problem. In any community development program the Number One problem is people. How to keep young people, how to attract more people — how to use the abilities of those we have. People go where the things are that they desire, not necessarily any more those things for which they are in dire need.

Two weeks ago we promised a story about the county's financial budget as adopted by the Commissioners Court for the year of 1958-59. Two reasons or excuses why the article has not been forthcoming: (1) It is a difficult job for a layman to take an accountant's figures and make them both readable and understandable as well as factual; (2) Since the budget does not become effective until January 1 anyhow, the report is as good one week as another if it is done within a reasonable time. Since a newspaper office is always blessed with "musts" of one kind and another all of them usually put off as long as possible to take care of the other ones that can't be put off any longer. We let our enthusiasm run ahead of our judgment when we said "next week" two weeks ago.

We View With Alarm. Everybody, we mean everybody including the so-called smart people, seem to be hell-bent on making another depression come about. The latest we see trying to price itself out of the market is the Star-Telegram. "Higher postage rates, production and news print costs" a letter relates as the cause of the new high. Reminds one of the new contract the Big Three have with Mr. Reuther which they speak of as "fair and just." All gone just as crazy as their fathers went in the late twenties. They say they've got it whipped now. Can't be another one. And all the time stirring the brew that has to explode. Men get smarter, apparently never wiser, than the generation that preceded them.

They're Scared Cats. There's nothing like having money to make a man afraid. Afraid principally, one assumes, of losing his money, afraid the money he has will quit making him money. The absurd lengths to which the big automobile makers are going with their customer's money in their dealings with Mr. Reuther is an illustration in line. And as long as the customers will take it lying down the negotiations will go on and on. Note that the public has not been advised of what has been or is being negotiated, but the public is going to do the paying for operating the merry go round. It is almost nasty to be a wealthy automobile maker so the public hesitates to demand that the Big Three handle themselves like men.

"Did a Good Job." When a vociferous group, even though representing a small segment of the political or economic field, smother a congress so completely with its demands that "something has to be done about it" the people in the know speak of their having done a good job. In other words, they got what they wanted by being organized and smartly led. The Small Business Man's lobby at Washington in the past Congress is said to have "done" one of these "good jobs." Within a year or so what they did will become evident in the course of government functioning, presumably in the taxation field. We qualify as well as anybody for small, it would seem. We do not know of any good job a Washington having been done for us. We are willing to know about it, however.

We can go along with the Republican candidate for the United States Senate at least a part of the way. "There is no chance," he says, "for state rights and self-government to endure unless something is done about the Supreme Court." Mr. Whittenburg is so right about this, we suspect. We'd like for our own candidate to be as disturbed about the Supreme Court as he is about some other things of less moment. The people sure have got to do something about the Supreme Court. Encroachment by the federal government is moving at a fast pace. We wish Mr. Mahon and Mr. Yarborough and Mr. Johnson were as hot about the Supreme Court as the rest of us seem to be.

People Could Learn. Another thing Plains Cotton Growers reports is that "in pressley test the cotton tested showed only 8.1 per cent below 70 thousand pounds per square inch and 91.6 per cent showed 70 thousand to 100 thousand pounds per square inch." Cotton raisers, of course, know what the man means. Everybody always knows about what they are selling for a living.

Back in the old days all cotton raisers knew was that the gin was "trying to make" the farmers grow a long staple instead of letting them raise half and half and give them as much for the short staples for the longer cotton. The gins and cotton buyers finally got wise to the fact that their customers were interested in getting as much for their cotton as their neighbors got and in nothing else except the "turn out." Accordingly they put all the cotton, good staple and bad, in the same category. The farmer got less but he was satisfied because all his neighbors got less, too.

PETROLEUM—basic to the needs of our time

Oil and natural gas have powered most of the great technological advances of modern times; petroleum hydrocarbons have transformed the dreams of inventors into the realities of engineers... Today, in the United States, oil and natural gas provide about 75% of the country's energy requirements; and large quantities of oil, available for production beyond immediate need, are necessary to the national security.

An obvious example is the gasoline that powers our automobiles; another is the diesel fuel burned by post-war railway engines. But do not overlook electric power plants, the airplane, whether jet or propeller driven, factory power plants, farm mechanization, and the revolution since World War II in home heating devices. Oil provides the energy that moves the trucks, airplanes, ships and tanks of our Armed Forces.

But petroleum as a source of energy is only part of the story. In the past two decades, the petrochemicals have supplied the country with a vigorous new industry: already most of our rubber is made from petrochemicals... the ubiquitous plastics derive from petroleum products... paraxylene, a petrochemical, is the raw material for one of the most useful of the new fabrics. In this area, wonders never cease; the petrochemicals contribute more each year to the efficiency, comfort, and convenience of modern living.

Thus, oil's progress has made other progress possible all along the front of American industry... Petroleum is the American resource that is basic to the needs of our time... that is essential to our national security.

The Humble Company, established in 1901, has developed with the industry. Humble's exploration activities extend from Florida around the rim of the country to California, Oregon and Washington, and beyond the new State of Alaska... The Company is a leader in the production of oil and gas in the United States... Humble Pipe Line Company is a public carrier transporting not only Humble oil but that of many other companies and independent producers to Gulf Coast terminals. Baytown refinery is one of the nation's largest manufacturing plants... And Humble is a marketer in the Southwest, supplying the needs of motorists in modern service stations.

The Humble Company believes strongly in research, maintains two outstanding research facilities, and annually budgets considerable sums for this activity... Humble research has made substantial contributions to the discovery, production, and utilization of petroleum.

This Is Oil Progress Week

HUMBLE

Yes, today's gasoline is better. And that just one of the reasons that progress made today is your progress tomorrow. Today the oil industry is producing more power for your future. Tomorrow's level of the oil industry will be higher than today's. That's why you can count on it tomorrow.

TODAY—a gallon of gasoline costs less money for the work it does than it did in 1930—and today's cost includes a 132% rise in gasoline taxes!

Hunt Best Farmer

From community nominees, a panel of judges will select the Outstanding Young Farmer next February. The winner will be guest of honor at a state Jaycees sponsored banquet and will receive an all-expense trip to the National Awards Program in Cedar Rapids, Iowa, next April, where the Nation's four top young farmers of 1953 will be selected.

The national program is sponsored by the U. S. Junior Chamber of Commerce and the American Petroleum Institute, Committee on Agriculture. Outstanding Young Texas Farmer for 1957 was Johnnie E. Stefa of Caldwell, a cattle, dairy, cotton and grain farmer.

Further information on the young farmer contest can be obtained by

contacting any local Junior Chamber of Commerce office or by writing to Joe Smetana, Chairman, Agriculture Committee, Junior Chamber of Commerce, Austin, Texas.

Kitchen and Field News

from Lighthouse Electric Cooperative, Inc. by Nancy Morckel Home Economist

October is here again! And what an interesting month it always proves to be. So many activities for everyone, spooks, goblins, black cats, tricks or treat and so many other things enter in to make October interesting.

Everyone's harvesting the trees and shrubs are busy getting into their "winter clothes," changing their dresses of bright green leaves for those of crimson fall colors. This old poem, a favorite of all I'm sure, expresses it so beautifully:

The leaves by hundreds came—
The Chesnuts, Oaks and Maples,
And leaves of every name,
The Sunshine spread a carpet,
And everything was grand,
Miss Weather led the dancing
Professor Wind played loud;
They flew along the ground;
And then the party ended
In jolly "hands around."

A nice "quickie" for Halloween treats is doughnuts made from a can of ready-to-bake biscuits. Make a hole in the center of the biscuit fry in the electric skillet in hot fat until brown on both sides (3 or 4 minutes). Drain on absorbent paper. Shake in powdered sugar, or cinnamon and granulated sugar or use a glaze (dip the warm doughnuts into the glaze).

Wiley Rogers is in Denver, Colo. this week attending the National Safety Meeting.

South Plains District Rural Letter carriers had their quarterly meeting at the Cooperative office on Oct. 11.

News of Dougherty

(By MRS. J. R. ROSS)

DOUGHERTY, Oct. 13 — Tommy Nesbit, Junior student at Wayland Baptist College, has accepted the pastorate of the Dougherty Baptist Church. He has been pastor of the Pleasant Valley Baptist Church near Clovis, N. M., and of the Estacado Baptist Church in Lubbock County. He conducts a service each Sunday morning at 8 o'clock over K.F.L.D., Floydada. Services are announced for the local church each Sunday at 10:00 a.m. and 6:30 p.m.

Mr. and Mrs. Nesbit were Sunday dinner guests of Mr. and Mrs. G. C. Tiner.

The condition of C. R. Woodson is reported as unchanged.

Mr. and Mrs. F. M. Covington and her mother, Mrs. R. F. Hall visited with his brother, Jesse Covington Sunday afternoon. They report he was in a pleasant happy frame of mind and mentioned that he felt better than he had in months. They had just reached home and hadn't removed their hats when the phone rang and they received word of his death. They surmise he had started to the Lunch Box Cafe for his supper when the accident occurred.

A niece, Mrs. Warden Mays and her children of Big Spring and a nephew, Jack Covington of Tech will come to their parents' home Monday evening to be present for the funeral services.

Reports of the Harper family indicate they will recover from injuries received in the car wreck.

V. V. Scott of Clarendon Junior College spent the week-end visiting his parents.

The home of Mrs. H. R. Blum of Floydada was the scene of a most enjoyable family party and dinner Sunday when Mr. and Mrs. Elton Murdock, Mr. and Mrs. Haggerty and Mr. and Mrs. Melvin Blum of Memphis and Mr. and Mrs. Sam Lide and Mr. and Mrs. Lewis Blum surprised their mother with a visit.

Mr. and Mrs. J. T. Poole made a business trip to Gainesville last week.

Billy Don Colston is leaving Tuesday to exhibit two Hampshire hogs at the Texas State Fair at Dallas. He will accompany other Floyd County 4-H boys who are exhibiting livestock at the Fair. The group is scheduled to return home Thursday night.

A community wide 4-H Club has been organized with Robert Overstreet, president; Billy Don Colston, vice president; Freida Smith secretary and Ann McIntosh, county delegate. All children in this district between the ages of 9 to 21 are invited to join the club.

Bill Ross has acquired a South-down lamb he hopes to enter in the Floyd County Show in '59.

A number have been ill with the flu. Mr. and Mrs. C. A. Caffee and Mac Ward were reported victims of the flu Monday.

Mr. and Mrs. Maurice Campbell and daughters were Sunday dinner guests of Mr. and Mrs. Roy Crawford.

Mrs. A. L. Hinton was the week-end guest of her daughter, Mrs. John Lyles and family at Hale Center.

Mr. and Mrs. Henry Hinton and sons were Sunday guests of his sister, Mrs. Joan Lyles and family.

Mrs. Mac Ward accompanied her sister, Mrs. Buddy Childs to Playview Thursday where Mrs. Childs had major surgery. Saturday after-

noon Mr. and Mrs. Mac Ward and R. C. Drennan visited Mrs. Childs at the hospital. A report Monday morning was that she was resting well and will return to her home Wednesday.

Steve and Drew Lloyd are house guests of their aunt, Mrs. G. W. Smith, while their mother is at Oklahoma City for a check-up and medication.

Mr. and Mrs. G. W. Smith, Freida, Steve and Drew visited Mr. and Mrs. Roy Lloyd Sunday.

Mrs. Ned Bradley and sister, Mrs. Floyd Millican of Star Route, Hal Center, accompanied their mother and aunt, Mrs. Frank and John Stephens to Dallas last week Saturday. Mr. and Mrs. Bradley accompanied Mrs. Millican home and visited in her home.

Mr. and Mrs. Tom Fondren of Estacado were guests of Mr. and Mrs. Ned Bradley Sunday.

Mr. and Mrs. W. J. Ross and Bill visited relatives at Halls Sunday afternoon.

Arthur Mayhew of Tech was the week-end guest of his grandparents, Mr. and Mrs. A. H. Kreis.

Mr. and Mrs. A. H. Kreis made a business trip to Littlefield Monday.

Mr. and Mrs. Dale Smith visited Mr. and Mrs. Johnny Lloyd and Mrs. Florence Sowell Sunday afternoon.

Mrs. A. T. Emert visited her son Ernest and family at Texline over the week-end.

Mrs. Wendel Graham, a recent bride was honored at a bridal shower at the home of Mrs. Jesse Bagwell, Oct. 2. Punch and angel food cake was served from a table laid with an ecru lace cloth and crystal appointments, and an attractive arrangement of pryantha berries. Besides local ladies, a number were present from Lubbock and Floydada.

Hostesses for the shower were Mrs. Powell, Foster, Ring, Covington, Pernell, Crawford, Ross, Glover, Ward, Emert, Bob Covington and Kenneth Ring.

Mr. H. N. Powell accompanied her daughter, Mrs. Edd Wester and sons to Quitaque Saturday.

ed the Frank Duns Sunday afternoon.

Rev. and Mrs. Joe Wilson visited Tuesday evening with Mr. and Mrs. Green.

Mr. and Mrs. C. W. Denison attended a birthday supper Saturday evening honoring Mrs. Denison whose birthday was Oct. 9. This was held at the home of their son C. W. Denison Jr., of Brownfield. The elder son Gliner and family of Lubbock were also present. The senior Denisons returned home Sunday night.

The Charles Hertons had for week-end guests his uncle and family, Mr. and Mrs. McNeese and children, Joyce and Jack, of Hereford.

The Greens are leaving for Big Spring Monday to visit over night with their son and family, Mr. and Mrs. Don Clark Green and Donnie.

The Greens attended the wedding of Mrs. George McPeak and Mr. Sullivan Sunday afternoon. Congratulations to this nice couple.

Our regrets over the sad accident Sunday night.

J. B. Cunningham, of Hico, has been here this week visiting his sister, Mrs. A. H. Manning and Mr. Manning. Mrs. Manning is in poor health and was taken to a Lubbock hospital last week-end.

Mr. and Mrs. J. W. Brewster of Borger spent the week-end in Floydada visiting with Mrs. Brewster's mother, Mrs. Geo. McPeak.

Mr. and Mrs. Newell Looney and children and Mr. and Mrs. Felix Taylor and children were guests recently of Mr. and Mrs. Joe Jager and daughter.

Revival To Begin Sunday, Oct. 19.

The revival at the First Baptist Church in Floydada has been re-scheduled to be held from Sunday, Oct. 19, to Sunday, Oct. 26. Rev. Ed Bowles said a misunderstanding in dates had the revival to start this past Sunday.

Dr. A. B. Van Arsdale, pastor of the Central Baptist Church in Decatur, Ala., is to preach for the revival. He is one of Southern Baptist's great bible preachers and all in this area are urged to attend every meeting possible.

Mr. and Mrs. T. L. Gilly of Tyler are in Floydada for several weeks, guests of their daughter, Mrs. Jess Patterson and family. Week-end guests in the home were Mrs. Patterson's brother, T. L. Gilly Jr., and family of Amarillo.

Center News

(By Mrs. J. E. Green)

CENTER, Oct. 13, Nice fall weather-though a little damp morning for harvesting. A little cooler night than a week ago. Cooler and colder weather just around the corner.

It was good to have preaching services in our church Sunday morning. The preacher was Brother Marvin Boyer, a Wayland student from Las Lunas, N. Mex. A visitor at church was Waylene Mankins who was a Sunday guest of Donna and Jo Anne Welborn.

Mr. and Mrs. Victor Green and sons, Jimmy and Steve of Plainview were Sunday dinner guests of his parents, the J. E. Greens.

The Greens visited with the D. I. Holdings Thursday evening and Mr. and Mrs. Fred Battey Friday evening. Others visiting in the Battey home were Mrs. Ola Warren, Mrs. Daisy Evers, and Mr. and Mrs. Charley Bottey.

Mrs. Thomas Warren gave a pin and blue shower at her home Thursday afternoon, honoring Mrs. Joe Richard Noland. Among those present were Mrs. Charley Bottey, Ola Warren, Fred Battey, T. R. Noland, Oscar Warren, Charley Hocka, J. E. Green, Mrs. Hambright, Mrs. Dillard, Mrs. Buri Lucknow and daughter, and others.

Mrs. Frank Dunn and Mrs. R. C. Ross visited Mrs. H. B. Mankins Thursday afternoon.

Mr. and Mrs. Mankins have a great grandson born Sept. 30. The new baby is the son of Mr. and Mrs. Bobby McAda of Tucumcari, N. Mex., and grandson of Mrs. Grady McAda.

Mrs. Frank Dunn has had a siege of toothache the last few days.

Mr. and Mrs. Jimmy Dunn and children of Lubbock spent the week-end with Jimmy's parents, the Frank Duns. Debbie is visiting with the grandparents and the family for a few days longer.

Pineapple Upside-Down Cake

Melt 3 tablespoons of butter in 8 inch square pan or 9-inch round pan or shallow casserole with 1/2 cup brown sugar, arrange over sugar mixture 1-1/2 cups (No. 2 can) drained DOLE Crushed Pineapple. Decorate with maraschino cherries and walnuts or pecan halves. For guide recipe you make cake pan, using package cake mix, or following recipe:

1/2 cup shortening
1/2 cup sugar
1 egg, unbeaten
1 teaspoon vanilla
1-1/4 cup sifted all purpose or cake flour
1/2 teaspoon salt
1-1/2 teaspoons baking powder
1/2 cup tyrop drained from pineapple
Gradually add sugar to shortening, mixing until fluffy. Add egg and vanilla, beat well. Add remaining small amounts of sifted dry ingredients. Sprinkle small amount of sifted dry ingredients over pineapple syrup, leaving space after each slice. Spread batter over pineapple in pan. Bake in preheated moderate oven, 350° for 30 to 40 min. Let stand 5 to 10 minutes, then turn all upside-down on plate. Serve warm, with whipped cream.

Ham-Pineapple Roll-Up

Slices of boiled or pressed ham
