Forum This Afternoon For Discussion On Propos'd Amen'ments

The District Court room this afternoon will be the meeting place for the open forum of the 1929 Study Club on the proposed constitutional amendments.

District Attorney John B. Stapleton will be the speaker.

Purpose of the discussion is to help voters who want to cast their ballots intelligently on Nov. 4, club officials said.

Everyone interested in attending is cordially invited. It is to get underway at 3 o'clock.

"There will be no effort in the meeting to influence votes for or against any of the amendments," Mrs. O. G. Glassmoyer, club president, said.

Following adjournment of the session members of the Study Club will meet at the home of Mrs. Ernest Kendrick for a stated meeting.

Edw. Wester Named Campaign Chairman For Boy Scout Fund

Plans are completed for a fund drive for support of the Boy Scout program in Floyd County. Edward Wester has been named chairman of the drive. The county will tie their fund raising efforts to those of the South Plains Council as Scouters over the area go all out to raise funds for another year's work.

The fund drive became necessary when the Floyd County United Fund Drive failed to meet its set goals last winter and those participating in the united effort found it necessary to go it alone again.

Wester said this week more definite plans will be announced soon. He had hopes of gaining support of Floydada Lions Club and Methodist Men, the two sponsoring organizations of the local Scout units.

Halloween Carnival Slated at Lakeview

Mrs. H. Richardson, teacher in Lakeview school, announced this week that plans had been completed for the community Halloween Carnival for the night of October 31.

The Carnival will be at the school house starting at 7:30 p.m. There will be costume contests, games, refreshments, a cake walk and all kinds of entertainment. The public is invited.

The event is sponsored jointly by the school and the home demonstration club.

Rainer Is Flown Home From Enid

Reamer Rainer, employee of the Enid, Okla., who has been confined to a hospital in Enid, Okla., since early last month, was brought to his Floydada home Monday afternoon where he will be confined for some time with injuries sustained in a car wreck in Oklahoma.

Rainer was flown home by an ambulance plane and landed at the Floydada air port about 1:45 p.m. He was transferred from the plane to a Harmon ambulance and taken home. The flight home was a smooth and easy one, Rainer said.

Rainer had a regular home-coming at Floydada Air Field, what with the Lighthouse Electric crowd, relatives and friends, who met him in plane there. He was flown in from Enid in an hour and 40 minutes in a private plane. It was his first trip by plane and the pilot gave Rainer a fly over to see his home town from the air before he landed.

The injured man has a long way to go before he will be able to get up and about again. He is suffering from a broken hip and legs and still has surgery planned ahead for him, the family has been told.

Mr. Rainer is able to sit in a wheel chair and said he is certainly able to have his old friends by for a visit. The family home is at 313 W. Lee St.

Harry Morckel has been selected to head up the 1929 Salvation Army campaign in Floydada and South Floyd County. Morckel also served as chairman in 1928 and again in 1924.

Workers that have been named to work on the drive are:

Special Gifts Division, J. M. Wilson, Ed Brown and James Wilson, Jr.

Christmas Parade Will Be Held December 3rd

County and local churches, clubs and organizations were invited this week to make their plans to enter a float in the annual Christmas parade in December, by Bill Hale, chairman of the Chamber of Commerce Parade Committee.

Hale announced on Monday that the parade had been set for Wednesday, December 3.

"We have planned a good parade for our community but its success depends upon the support from local organizations and their parade entries," he said.

Two hundred dollars will be awarded for winning parade floats. The first prize will be \$75.00.

The parade theme this year will

tell the Nativity Story in floats, it was announced. Organizations can also pick a Christmas theme of their own choice.

In addition to local and area bands, Santa Claus, community and business floats, the committee feels that the parade should have about twenty-five or more entries.

"We are working for one of the

best parades of any Christmas season," they said. Parade minded clubs were urged to report their float entry to the Chamber of Commerce by November 15.

Other plans of the Retail Trades Committee include the Christmas light decorations and the community nativity scene.

J. D. Parks has charge of placing the Christmas lights.

Frank Webb will head the committee to put the nativity scene on the court house lawn.

Joe Gidden is chairman of the Finance Committee which will furnish the \$720.00 budget for the 1929 Christmas activities program.

9 Amendments Officials Named On Big Ballot

Tuesday of next week is General Election Day, nation-wide.

And while 35 or more states are in a tizzy over the forth-coming event only a ripple of interest is evident in Floyd and other counties of the Panhandle and South Plains. Accordingly a light vote may be forecast in Floyd County voting places.

Further evidence that a light vote will be cast is given by the neg-

lative returns of the General Election will be received at the county clerk's office Tuesday night. Miss Collier will be at the office or will have capable helpers on the job there.

The Hesperian Office also will be open and an effort will be made to tabulate and put the complete amendment returns of the county on the "Election Board."

highly absentee voting, which comes to a close Friday night, three days before election day. Monday noon only 12 absentee ballots had been applied for at the office of County Clerk Margaret Collier.

This will be the first general or special election held in the county this year.

Polls open at 8:00 in this county (not seven) and close at 7:00.

The official ballot this year is a sheet 11 inches wide by 21½ inches long. It has five columns—Democratic, Republican, Constitutional, Independent, and Write-In in that order. Only the Democrats have a full slate of candidates from governor down to and including the precincts.

The Republicans have four state candidates on the ballot—Edwin S. Mayer for governor, Roy Whittenburg for U. S. Senator, Grover C. Carothers for Commissioner of Agriculture, and John Q. Adams for Supreme Court, Place No. 1.

The Constitution party has candidates for nine of the state-wide offices.

The Independent column is completely blank while the write in column lists all the state offices with no candidates named.

The bottom third of the ballot is taken up by the "For" and "Against" of the nine proposed amendments.

Below is the list of election judges and clerks named by the Commissioners Court, together with the voting places in the respective voting boxes:

Precinct No. 1, Southwest Floydada: Dale Goen, Presiding Judge, Mrs. B. A. Robertson, Clerk, Mrs. E. S. Randerson, Clerk, Mrs. Adron Field Clerk; Voting Place Light-house Electric Lobby;

Cline & Rainer Will Show New Edsel Oct. 31

It will be something all new for Floydada tomorrow when the new 1929 Edsel goes on display. Cline and Rainer have been named new dealer for the car and Friday is the show date for the new 1929 model.

Edsel entered the automotive field only a few months back and their products today have proven very popular with the public. The announcement of the Floydada dealership brings motorists of the area another auto sales agency offering parts and services along with a well known product.

The new Floydada Edsel dealers were well pleased early this week when asked about the new models. Already on hand for showing were two models of the 1929 Edsel and this on a year of auto strikes and the like was somewhat of a record for towns the size of Floydada.

Personnel at Cline and Rainer are extending an invitation to the public to attend their big show Friday, October 31, and see the new kind of car you have been waiting for—the 1929 Edsel.

Grade Crossing Crash is Fatal To I. C. Kirk Jr.

Iris Connie Kirk, age 5, remains in critical condition this week in North West Texas Hospital in Amarillo with severe internal and head injuries, suffered in a train-truck crash last Friday that took the life of her father, Irison C. Kirk Jr., 31, and driver of the truck, Tony Denny, 46, operator of a farm near Vega.

Denny died instantly when a Rock Island east bound passenger train smashed into the 1948-model pickup at a crossing containing the three persons. Kirk died some eight hours later in an Amarillo Hospital.

Denny was buried Friday. Rites for Kirk were conducted in the Petersburg Church of Christ Sunday afternoon. Interment was in Floyd County Memorial Park in Floydada with arrangements by Harmon Funeral Home.

Kirk, son of Mr. and Mrs. I. C. Kirk Sr., of the Harmony community, was born May 9, 1927, at Sherman. He was a Navy veteran of World War II and a member of the Vega Church of Christ. Kirk managed a farm near Vega, owned by Dr. James L. Johnson, Amarillo surgeon.

Also Mr. and Mrs. W. J. Cunningham, Happy, Mr. and Mrs. Lee Cunningham and Bobby, Borger, and Mr. and Mrs. Dorris Peugh of Silverton.

WALTER COLLINS MAY BE HOME BY THE WEEK-END

Mrs. Walter Collins has been in Lubbock the past week with her husband, who underwent major surgery in Methodist Memorial Hospital Wednesday of last week.

Reports on Mr. Collins are favorable. However, he was given a blood transfusion Sunday, was thought to have contracted a slight case of pneumonia Monday and was put under oxygen a short time.

Wayne Collins talked with his mother by phone Tuesday and was told that Mr. Collins was doing nicely at the time and if his condition continued to improve he may be able to be brought home from the hospital over the weekend.

All are in accordance with present legislation covering cotton. In setting the national marketing quota figure the Secretary found that the total supply of upland cotton exceeds the normal supply needed by 4,379,000 bales. The national acreage allotment for 1929 will be apportioned to the states, the state allotment to the counties and the county allotment to farms according to the provisions of the law.

If marketing quotas for 1929 are approved it takes a two-thirds favorable vote in the December 15 referendum, the cotton grower will have a choice between two allotment-price support programs known as Choice A and B.

Under A, growers who comply with their regular acreage allotment will have available price support at not less than 80 percent of parity. Growers under Choice B receive larger farm allotments—40 percent above the regular allotment—but with a reduction of 15 percent of parity in the support price as compared with Choice A.

If marketing quotas are not approved for the 1929 upland cotton crop, only the regular allotment program will be in effect. Price support will be available to cooperators at 50 percent of parity as provided by law. Under the 1929 quota program and in accordance with controlling legislation, growers who exceed their chosen farm acreage allotments will be subject to penalties of 50 percent of the cotton parity price as of June 15, 1929, on the farm's excess production. Too, all cotton produced on the farm will be ineligible for price support.

According to J. E. Montgomery, program specialist, Texas ASC office, notice of individual farm allotments under both Choice A and B will be made available to producers prior to the December 15, referendum.

Just Pure Cotton. One of the reasons why cotton production estimates in Floyd County will go up is shown here. A typical dry land field, it has been defoliated. The crop belongs to Cecil Baxter, shown on the right, on land of Mrs. Adrain Helms near Campbell. Baxter said the crop is producing between a half and three-quarters of a bale, with good grade and staple. Stripper and blower mechanism is operated by "power take off" from the tractor that pulls the machine and trailer through the field. It harvests "more cotton than a gin can gin". County's Cotton Harvest Is Past The One-Third Mark

Floyd County farmers lost Saturday, Sunday and Monday out of their fields and harvest has been resumed only on a limited basis Tuesday morning only a few bales were on any of the yards reporting. It was noted, however, that practically all the empty trailers had departed from the gin yards, indicating that the farm-ers are poised for the resumption of the harvest the minute that conditions will permit without loss of grade through dampness.

Gins were operating on a limited basis Wednesday and most of them expected soft cotton to come in for full blast operations today, barring further moisture.

Cold and damp was keeping some transients and Nationals as well out of the fields.

Thursday night of last week the county harvest had progressed past the one-third mark if the Texas Employment Commission's figures for the county's production are correct. With 90,960 bales estimated for the season in the county the gins had turned out 30,875 bales. This is approximately 34 per cent.

Unless the weatherman takes a toll, it began to be certain this week that the original estimate of more than 100,000 bales will be reached in this county. Yields so far have exceeded estimate in practically every field.

PRETTY SIGHT
Aurora Borealis Blankets Northern Sky With Beauty

Mr. and Mrs. Sam Green, who live east on the Matador highway, by chance saw the Aurora Borealis (or northern lights) early last Friday morning. Mrs. Green said her husband was outside starting his morning chores around 5:30, and called to her when he saw the glare.

Mrs. Green said the lights were extra red, no green or blue rays as usually noted in the northern lights. It was a striking sight, the Greens can tell you.

The last noted appearance of the northern lights in this part of the world was some two years ago.

At its best scientists say the northern lights can give enough light to read by, though its apparent surface brightness rarely surpasses that of the moon. The brighter stars always glimmer through it. But it can be impressive because of the movement and changing form and the vivid color which it sometimes shows.

Faint aurorae may appear colorless, but bright ones are most commonly yellow-green. Other colors seen are red, blue, gray and violet. Often a yellow green curtain will be tipped with red along its lower edge.

It's well worth your effort to rise early when knowing of the northern lights appearance because, even seeing it by accident as Mr. and Mrs. Green did, it's a sight to behold.

Grain Coop Is To Have Annual Meeting Monday

Producers Elevator, Inc., a cooperative grain buying and storage facility, with elevators at Floydada and Dougherty, will have its annual stockholders meeting Monday night of next week, Nov. 3.

The call for the meeting, issued by Roe Jones, manager, sets the meeting hour for 7 o'clock in the District Court Room of the court house.

In addition to a report on fiscal matters to be made by the management, the stockholders also will be called upon to elect one director. The term of the president, R. M. Battey, is due to expire.

Hold-over members of the board are Tom Porter, of Starkey, who is serving this year as vice president, R. G. Dunlap, of Liberty, secretary, E. L. Thomas, of Blanco, and G. W. Smith of Dougherty.

The cooperative handled nearly 50 million pounds of grains and soybeans all told during the fiscal year which ended August 31. "Net Saving" on the operations of the concern in the 12-month period is indicated at slightly more than \$97,000.

Ted Carthel Is New MM Dealer

Effective November 1 Ted Carthel will be Minneapolis Moline Dealer in Floydada. The announcement came this week from S. J. Latta and Carthel as they completed arrangements for the change of ownership.

Carthel is a native of Lockney where he now resides. He finished his public schooling in Lockney in 1923 and was graduated from Texas Tech with a B.S. degree last spring. He is married and has a daughter, Sally, age 2 months.

The Carthels will continue to make their home in Lockney where he has farming interests.

Commenting on his entry into the implement business, here Carthel said he will continue with the full Minneapolis Moline line, offering sales and service for the product.

Elmer Norrell and Don Penner will continue with the firm, with Penner in parts, sales and book-keeping and Penner in the service department.

Latta said this week he is retiring from the implement business to devote his time farming. He has served the public since 1925, first entering the gasoline and grocery business and then changing to implements when he secured the MM dealership in 1929.

Latta built the new building in 1925 which houses the MM dealership.

This nine acres of tomatoes had produced 80 tons of tomatoes when a vagrant finger of freezing air caught it last weekend and ended the harvest with many tons of tomatoes still on the vines. Johnnie Lloyd, the landlord, and Bill Darden, his renter, are making an inspection of the toll taken by the unexpected frost, as harvesters gather the last thousand bushels to send to a cannery in Arkansas. McCOY - STARKEY Community News

(By Mrs. John Fowler)

McCOY AND STARKEY, Oct. 27—Hi Neighbors: Well here's for a very short note I really don't know how much as no one has taken the time to let me know how they are doing.

John and I spent the week-end at Big Spring with my mother, Mrs. Sadie Vell and family. It had rained down there about one and one-half inches. But it was warm. There's still a lot of fields on the way down there, that still have cotton and maize in them. We passed a few trucks with their loads of families going south again.

Mrs. O. L. Bearden and her daughter, Mrs. M. J. Williams and grand-daughter, Mrs. Jack Williams of Petersburg spent Monday in Lubbock. Mrs. Bearden and I are going back tomorrow for Mrs. Bearden to have a check-up on her car, which has been giving her some trouble.

Do you club members remember club is next Friday (Nov. 7) at the club house? Mrs. John Shipley and I will be hostesses at this time. We will have some guests that will give some ideas on holiday decorations. Also it will be our "Auction Day". So be sure and come.

And when I had a home of my own I saved every rag and tucked them as mother had shown me when a child into strips which were rolled into balls. One day the neighbors came to stay all day and we had a Rag-Tacking which we all enjoyed.

Discussions and plans were made for a club float in the Christmas parade on Dec. 3.

The program, under the direction of Mrs. Bernie Parkey, was "Mid-Atlantic States." A film of the theme was shown. Talks by Mrs. Hardin and Mrs. Norman Muncy, on their trip to that area was enjoyed.

Following adjournment Mrs. King served refreshments to Mrs. Bill Frazier, Norman Muncy, Bill Hardin, L. L. Trice, Lewis Reddy, Dick Guest, Bob Durham, Fred Conner, A. C. Time sometimes goes as fast as a speeding jet plane, other times it creeps along with the slow moving of an ox drawn wagon, heavily loaded. Thus did time go last week when we waited as the doctors operated on our son, Dr. L. W. Spikes.

The Chaplain came to our door and said they were just about through. He did not know what was done but he knew Wilson was doing alright.

Then the operating doctor came and said the kidney did not have to be removed, just a part taken out, and he looked like an angel as he brought this wonderful message.

I liked the old song which is now left out of most of the modern song books. It was called, "The Great Physician" and went like this as many of you will recall.

The great Physician now is here, the sympathizing Jesus. He speaks the drooping heart to cheer. Oh, hear the name of Jesus.

Chorus: Sweetest note in seraph song, Sweetest name on mortal tongue, Sweetest carol ever sung, Jesus, blessed Jesus.

4th verse goes like this: His name dispels my guilt and fear, No other name but Jesus, Oh, how my soul delights to hear, the charming name of Jesus.

How could any church song-book compiler leave out this precious old hymn?

I have been making some braided rugs and it calls to my mind the time women sewed strings of old worn out clothing together to make rag carpets.

The faded blues, and rose, the still gay reds and yellows, the reds like a streak of fire from the glowing logs in the fireplace. This was in Weatherford, not in West Texas where the fire was hidden in a black stove.

The blue rows were like the streaks of sunshine that came in Grandma Hunter's home, the blues like the eyes of my baby brother, Lowell.

The bale rows were like the dark that father and mother often told me would not harm me, the grays the color of dresses older women wore at that day. I would trace the rows of green and think of the beauty of the past summer, the greens of the fine trees around town, the greens of the grass around the doors of homes I loved.

All this was woven into stripes on the rag carpet.

Then there was the rag carpet in the Witt home in Emma. Hours I sat tacking the torn strips together, a strip from my old blue dress, one from sister Edna's pink one, the brown from Lowell's shirt and on and on, a happy remembrance as I wound the strips into big soft balls for the rag weavers' loom.

They were at last finished and sent to a woman at Lockney. I have forgotten her name. And at last mother covered the bare pine floor with a heap of straw and the carpet he had sewn together by hand was stretched on tightly and the room had a carpet! How the straw crunched under our shoes! How very nice the softness and beauty of it! Could anyone ever forget?

City Prepares Patrol Forces For Halloween

Halloween night is going to be a big fun night in Floydada, it became evident this week, what with the Andrews Ward School Carnival, sponsored by the PTA and scores of sponsoring parties and trick or treat visits town-wide.

And city authorities are fully in sympathy with the idea. They want everybody to have fun within bounds, said Police and Fire Commissioner W. W. Goen.

"Destruction of property and littering up the town are the things we want to guard against," he added, pointing out that the temptation to destroy and litter up things.

Horace Cate, city police chief, has been authorized to add extra help to patrol all sections of the city and will have men of the light, fire and electric departments deputized and given districts to patrol.

Experience in the town in the past

two years has demonstrated that everyone can have fun and the carnival spirit prevail generally without tearing up property and littering the streets, Mr. Goen said.

Many a Halloween party is scheduled for tomorrow night in Floydada, including a Carnival for the Andrews Ward PTA, with support of the junior high and high school.

Refreshments and entertainment are scheduled for the students in the afternoon but there'll be many amusing stalls and stands lined up in the gymnasium for evening visitors as well as food galore.

Crop Trick or Treat Tonight

The young people of the Methodist Church are "jumping the gun" on Halloween with their CROP trick or treat visits over town, gathering donations for the overseas poor.

Donations they obtain will supply surplus foods to the starving people around the world.

Mr. and Mrs. L. T. Hickerson are counsellors for the youthful group, who will be knocking on doors throughout the community tonight.

Mrs. J. H. Poore spent several days last week in Crosbyton where she was the guest of her sister, Mrs. A. G. Barrett.

FB Resolution Tone Softened On Co. Supt.

Instead of a flat resolution favoring the abolishment of the office of county superintendent the members of the Farm Bureau in their convention last Thursday night adopted a resolution urging that a study be made of the county superintendent's office in the state and that "an adjustment of funds allotted to each office be made according to the work it is doing."

"We further recommend" says the resolution, "that individual county superintendent's offices be abolished entirely where deemed justified."

The resolution as presented to the convention had favored without qualification the abolishment of the office.

Queried about his attitude on the matter County Superintendent Clarence Guffee said that when the people get ready to abolish the office in this county it will be "all right" with him.

His idea is, however, that there is a great deal of work to be done that the state is now paying for, and the county will have to employ somebody to help the county judge get the work done, when the job falls back in his lap.

Actually, he thinks abolishment of the office in this county could well spell the doom of the common school districts.

Vacation Brings Home Broken Arm, Memento of Trip

Lookout Mountain at Rock City, Tenn., proved not to be the perfect spot for vacationing for Mrs. Geo. V. Smith of Floydada, who returned from that vicinity recently with a broken arm.

Mrs. Smith was reluctant to tell her story, but it happens to the best. A loose rock in the wrong place at the wrong time and down you go. Lookout Mountain proved just that to Mrs. Smith when she fell and received the break below the shoulder in her left arm.

A nice rest in a Tennessee hospital was had by Mrs. Smith while relatives she was accompanying on the trip went on to visit other relations.

In the party of sightseers with Mrs. Smith were two sisters, Mrs. A. F. Barker and her husband of Jasper and Mrs. U. P. Baker of Munday, and an aunt, Mrs. B. Jarvis of Plainview. The group continued on to North Carolina, came back to Tennessee for Mrs. Smith then visited in Oklahoma and Arkansas.

Guests with Mrs. Floyd Ballard over the week end included her children, Mr. and Mrs. W. L. Hallmark and daughters of Larbesa, Mr. and Mrs. Billy Keith Baker and Carl Lawson of Lubbock, Mr. and Mrs. W. O. Baker and Mr. and Mrs. Floyd Lawson of Floydada.

Floyd County Girl Is Airman's Wife In Far-Off France

Fire Prevention Week, like was observed in Floydada was observed around the world wherever American servicemen had bases.

And the soldier husband of a Floyd County girl was among those who took part in one at a base in France.

He is A-IC Burwin (Steve) Compton, who is base fire-inspector at a base 125 miles out of Paris. His wife is the former Aurie Belle Eubanks, daughter of Mr. and Mrs. A. G. Eubanks of McCoy. The couple and their family of three little daughters live at Arveston, France.

The couple met while Aurie Belle was working in Lubbock and he was a Wisconsin Airman training at Reese Air Base.

Compton was pictured in a recent base magazine story demonstrating the need for fire prevention. Copies of it were received by the Eubanks family here.

The Comptons have been in France two years and have another year after January 1 in foreign service. Living conditions for a soldier's family in France are pretty primitive still.

Mrs. Eubanks had a date with her daughter for a telephone call last Sunday but somehow it did not come through.

WANTS BROWNIE TROOP

Mrs. A. E. Guthrie would like for all mothers with second grade daughters that are interested in organizing a Brownie Troop to meet at her home Monday afternoon, November 3, at 3 o'clock. Her address is 529 West Kentucky Street.

WINTERTIME PRE-WATERING YIELDS QUALITY COTTON

The value of wintertime watering has long been known. Evaporation is only about 15% compared to a summertime loss of as much as 70%. But, most important, wintertime watering eliminates the dangers that can come from early freezes.

A case in point is the experience of J. T. Pinkston of Slaton, Texas. Mr. Pinkston practices wintertime pre-watering on his cotton land. Many grimly recall the early freeze of 1957 which lowered cotton quality to a price averaging 17¢ per pound. That year, Mr. Pinkston's cotton brought an average of 32¢ per pound.

Says Mr. Pinkston, "In that 1957 season, I did my last watering back in the month of

May, consequently, when the freeze hit, my cotton was already matured and not loaded with watery sap. Out of my 45 acre cotton allotment, I made 46 bales. Only one bale graded as low as strict low middling; the other 45 graded strict middling."

"While it's not easy to water in the wintertime — sure, it's cold and sometimes nasty — the effort pays off in good cotton, which is really what we're all looking for," Mr. Pinkston concludes.

County agents are ready, willing and able to give additional information on wintertime watering for individual soil conditions. It will pay you to look into wintertime watering for your land.

THE WISE AND FOOL WHO WANT A

Adventures in ADVERTISING

TOMBSTONE TERRITORY

Before World War I Fairy Soap was the largest seller on the American market. Mother used it as a beauty aid. Junior used it in the bathtub. Sister used it to shampoo her hair. And father used it to wash that portion of his face which wasn't covered with mustache and mutton chops. In magazines, on bill boards and in newspapers, you would see advertisements of Fairy Soap.

During the first great war the demand for Fairy Soap was so great that the manufacturers dropped their huge advertising program with an eye to making a bigger profit. They figured Fairy Soap was so well known it would carry itself. They were wrong. Other far sighted soap manufacturers stepped in with appealing advertising campaigns and took over the market. Fairy Soap was never able to come back and today lies in the graveyard alongside the Gold Dust Twins, Saint Jacobs Oil, Melon's Baby Food, Dolly Varden Chocolates, Omar cigarettes, Maxwell automobiles and many other products that died a natural economic death due to lack of advertising.

'Winds Getting Open Date For This Week-End

The Floydada whirlwinds will enjoy an open date this week as they prepare for the big game with Spur Friday night of next week at Spur. Coach Watson and his staff of helpers are much pleased with the week off and are hoping it will aid them in getting back to near top strength.

Injuries and sickness have hounded the boys for more than a month and has greatly reduced their effectiveness on the gridiron. Watson said that open dates do not always bring strength when it is needed but barring practice accidents perhaps they could recuperate some without the night of game contact.

Spur Plays at Post

Fans who do not want to do without their Friday night football have been eyeing the schedules and it now appears that most will be heading for Post to see the rampaging Bulldogs of Spur tangle with the Post Antelope. Spur will be entertaining the Winds a week later on November 7.

The other district game will find Tahoka at Slaton where they will battle to stay out of the district cellar.

Lockney playing this year in district 2AA is leading that loop and has an important game at Olton with the Mustangs. This may be the best game on the docket as the Longhorns can not let up if they want to take the fast improving team of Coach Turner at Olton.

Abernathy B Here Tonight

The Abernathy B team will invade Western field tonight to tangle with the locals. On Tuesday night November 4 the 7th and 8th grade teams will go to Idalou for a pair of games.

Lockney's upsetting of the Abernathy apperant last week when they downed the Antelopes 22-12 has been news this fall. The game leaves Lockney as leader in that district but with a pretty tough schedule left.

This is one of the first times in recent years the two Floyd county teams both have been district contenders without standing in each other's way. With victories over their other opponents both could carry their school colors into bi-district play.

A meeting of the two districts however would depend on their defeating very strong opponents in bi-district before meeting in a regional encounter.

Last Thursday the Floydada Freshmen lost to Lockney by a 14-20 score and the FHS B team won from Lockney B 6-0.

On Tuesday night the 7th grade defeated Silvertown 24-0 and the 8th grade won over Silvertown 44-0.

Football Scheduled Tonight

Tonight the FHS B team will entertain Abernathy on Western field in their last home appearance. Tuesday night the 7th and 8th grade teams go to Idalou for a pair of games.

DR. AND MRS. McDONALD OBSERVE GOLDEN WEDDING DAY WITH A RECEPTION

Dr. and Mrs. Geo. W. McDonald, of Wayland College, observed their fiftieth wedding anniversary Sunday afternoon at a reception held in Van Howling Memorial Library. Dr. McDonald is president emeritus of Wayland College.

Among scores of friends who attended the reception were Mrs. Lon V. Smith and Mrs. Ralph Johnston of Floydada.

Local Business Supports More Enterprises

(Special to The Hesperian)

NEW YORK, Oct. 20—The Floydada area supports more business enterprises, for its size, than do most in the United States. This is shown in a study released currently by two Federal agencies, the Department of Commerce and the Department of Health, Education and Welfare.

The local area has 21 businesses in operation—small, medium and large—for every 1,000 residents, according to the report. Included are: Floyd Cattle, Crosby, Dickens, Garza, Hale, King and Motley Counties.

The ratio is larger than is encountered in most parts of the United States where the average is 18 establishments per 1,000 people. In the State of Texas it is 19 per 1,000.

The figures in the survey, which is called County Business Patterns, were taken from tax reports submitted by employers for 1936, under the Old Age and Survivors Insurance program.

They show a total of 1,593 non-arm businesses in active operation locally. Of this number, 1,029 have three employees or less, 303 have from four to ten each and 188 have from eight to 19.

Small business is well established. Small business is well established. Small business is well established.

The survey shows that the pioneering urge is still alive in the United States, with thousands of people starting out on their own each year to form new businesses. Some strike out with new ideas, some go into established fields in growing areas and some take run-down enterprises to breathe new life into them.

As a result, new businesses are being born at a rapid rate.

Sunday dinner guest in the home of Mr. and Mrs. James Jeffress was Brother Calvin Gustin of Plainsview. Visiting in the afternoon were Mr. and Mrs. J. B. Turner and family of Providence.

Homecoming for the Sand Hill Baptist Church is just about here. The date is Sunday, Nov. 2. This will be an all day meeting with a covered dish luncheon at noon. Dinner will be at the Sand Hill School house. We would like to extend a special invitation to all our neighbors to come worship with us, especially to members who have moved away, so we will be expecting to see you at Homecoming Sunday Nov. 2. Special music will be furnished at during the day. Guest speakers will be Brother E. O. Adams from Alkin, morning service, Brother John Emery of Plainsview, afternoon service, Brother Johnny Tims of Portales, N. Mex., will preach the evening message.

We are so happy that Brother Bill Rowland is back with us after being away last week in California. Brother Rowland reported that he preached in Brother Jack Tooter's church while he was out there. Brother Jack Tooter is a former pastor of the Sand Hill Baptist Church.

Mrs. Bill Rowland entertained her G.A. girls with a Halloween party Monday evening from 8:30 to 7:30 o'clock. Some of the get-ups you have never seen the likes of. Just leave it to the teenage girls to fix a costume that is out of this world. Anyway they had everything from a spook house on down. Refreshments and favors were enjoyed by Beverly Jeffress, Mary Starkey, Norma Sue Hollums, Linda Kathy and Maurine Rowland, Dianne Montgomery, Wanda, LaVerne and LaVena Caffee, Marilyn McLain and Elaine Starkey.

I've just gotta mention the Lockney-Abernathy football game this week. It was one more game, and we were and are so proud of our boys. You know I wouldn't be surprised that they didn't fool around and win district yet. Anyway, "Congratulations to the boys and coaches."

We are sorry that Mrs. Ed Noel and Jo Ed have teen-age girls to fix this week. It seems that they both had a very good case of the flu.

Miss Anita Durham of Canyon was home over the week-end visiting in the home of her parents, Mr. and Mrs. Leroy Durham. They all enjoyed the football game at Lockney Friday night.

Miss Nellie Brown spent the week-end in Marton attending the homecoming there.

Let's all remember the Carnival Friday night at the Andrews Ward School in Floydada. Mrs. Hollis McLain has been working very hard the past two weeks with her com-

mittees to make this Carnival a success and I know it will be a gala evening well spent. In fact if everyone goes to the Carnival maybe we will miss having breakfast cereal in our bed this Halloween. "Some trick" that is, I know!

Let's all keep the Study Course and Missionary Revival dates in mind. It begins Nov. 15 and lasts through the 21st, each night beginning at 7:30 o'clock. More information will be given as the weeks go by, but remember the date.

Mr. and Mrs. Gus Jarrett of Italy, Tex., are in Floydada visiting with their daughter, Mrs. J. D. Nash and family.

Mrs. C. S. Jones of Amarillo was here recently, guest of her sister, Mrs. O. E. Murry.

(By MRS. JAMES JEFFRESS)

SAND HILL, Oct. 27 — Just when everything is going along nicely, it comes a shower but most of the feed is out this week. A few patches of late feed will be cut after frost. The cotton is moving very slow this week but with another few weeks of pretty weather this harvest will soon be over.

We are sorry to report Richard Jackson back on the sick list. Mrs. Jackson took Richard back to Houston last Wednesday. They are expected home sometime Tuesday. We all hope the report on Richard will be good.

It seems that Halloween parties have been plentiful this week.

Mrs. Bill Stringer entertained the intermediates with a Halloween party in her home Saturday night. Those helping were Misses, Olin Baird, T. C. Hollums and Gerald Vincent. A picnic supper was enjoyed by the group with games, enwed afterwards. All the girls present enjoyed a slumber party the rest of the night. Those enjoying the party were Grover Earl Coffee, Beverly Jeffress, Mary Stankey, Linda and Kathy Rowland and Norma Sue Hollums. All the girls and Mrs. Stringer enjoyed visiting in the home of Mr. and Mrs. Hollis McLain while out "trick or treating."

Mrs. J. M. Williams entertained her Junior Class Saturday night with a Halloween Party in her home. The children all came dressed in their Halloween costumes, and were very colorful. Games were enjoyed and refreshments were served to LaVerne and LaVena Caffee, Ross Laird, Joe Ed Noel, Earl Roy Rowan and Marilyn McLain. And a good time was enjoyed by all.

Leon Williams pulled in one pass on the Antelope 35 and teammate Bill Patterson snatched another on the visitors 40 which he carried all the way for a TD. Floydada ran up an amazing 489 yards net from rushing and 119 yards passing for an offensive effort of over 600 yards for the night. And even so all of the team got to see action as Coach Watson cleared the bench through most of the second half.

Height of the action came in the second quarter which opened with Post leading 8-6. The Whirlwinds had the scoreboard reeling under the impact as they scored 38 points in 12 minutes to take a 44-8 halftime lead.

Leading ground gainer for Floydada was Leon Williams who picked up 150 yards from scrimmage running the ball 10 times. Don Vickers added 111 in 11 carries. Rodney Teague turned in 62 in seven tries. Bill Patterson 49 in five. Bill Gilliland 44 in 10, the remainder of the yardage being divided between Pierce, Adams, Carver, Dempsey, and Christian.

The scoring went like this. The Whirlwinds' first drive to pay off started on their own 15 where the Antelopes had quick kicked. The green and white drove quickly down field, with Vickers gaining 52 yards on one run. A penalty added 15 to the Post 4 and then Vickers carried over for the TD. Shipley's attempted kick was no good and Floydada led 6-0.

Following the kickoff Post carried to the 36 yard line, passed for 9 on their 45 and then facing third and needing one Didway pass to Mayberry behind the Floydada defenders and the play was good for 55 yards and a score. On the conversion Didway hit Williams and post led briefly 8-6.

This proved to be just what Floydada needed, however, as they tore into the Antelopes with vigor until the intermission.

The next Floydada drive was climaxed when Bill Patterson drove over his right tackle for 7 yards and a score and Bill Gilliland ran the conversion.

Then it was Leon Williams who scampered 71 yards to score and Patterson ran the conversion.

Rodney Teague fell on a Post fumble on the Antelope 42 and two plays later Don Vickers lit up the score board with another six pointer and team mate Patterson followed with another two point conversion.

A Williams interception gave Floydada the ball on the Post 36 yard line following the ensuing kickoff. Patterson soon picked up 25 yards making it first on the two and Bill Gilliland polished off the drive scoring from that point. Patterson failed on the conversion attempt.

Before the clock had ticked off much more time Bill Patterson pulled down another Antelope pass and danced his way 40 yards to score again. Following a five yard penalty Rodney Teague passed eight yards for the two point conversion with Rex King on the receiving end. This brought the half time score 44-8 favoring Floydada.

The third period was mostly defense with many Floydada reserves in action. Once Floydada drove to the Post 23 before losing the ball and once Post blocked a Whirlwind punt and had punched it in to the Floydada four where Danny Shipley recovered a fumble to stave off the drive.

Things came to life again in the fourth period, with Post making an 80-yard pass and run from Mayberry to Didway work for a score and following with a pass Mayberry to Williams for the conversion. Not to be out-done Rodney Teague then hit Bill Patterson with a pass and the play netted 65 yards and a score for

Light Bulb Sale Slated Saturday By Boy Scouts

Scoutmaster Jewel Elza says plans are all set for Floydada Scouts to hold their annual light bulb sale Saturday November 1. The boys will attempt to cover the entire town with their sales efforts, offering a packet of bulbs containing four 75's, four 100's and one 150 for \$2.00. The bulbs actually represent a value slightly higher than the price quoted.

Profit from the sale will go toward a new motor for the scout equipment bus. Persons wanting to make early purchases or who are afraid they may be missed may call Jewel Elza, Jiff Word or Southwestern Public Service Company and leave their name and order.

Floydada Lions will help the boys with the sale.

BAPTIST CHURCH

POWER OF GOD REALLY FELT IN YOUR CHURCH?

is really blessing at the Bible Baptist Church in a way? Because we do our best to let the Spirit of God lead (Rom. 8:14) we had a Revival meeting in your Church and there were fifty (50) people present and you didn't have many there is something very badly wrong. The thing for you and them another church where the Power of God is felt there are so few people saved today in many churches the Word of God has lost its Power, but the so-called preachers have lost their power because of such loose teaching of the lost church members and preachers were converted and break out.

Our Revival we had many to come into the Church that were of these modernist churches and some found out they had been saved. It is better to find out you are lost now than to find out you are lost after death.

Come one time to this Church you will never want to go to any other modernist Churches. Come this Sunday and hear these things from the Word of God!

What will Happen? and "The Judgment". Many questions will be answered.

7th GRADE 4-H CLUB

(By Harryette Hollums)
At the 7th grade 4-H Club meeting, Oct. 23, we met our new 4-H leader, Phyllis Roggendorff, who has taken a great interest in 4-H work this year.

We elected officers for this year—Carolyn Franklin, president; Jackie Yeary, vice president; Kay Bullock, secretary; Janice Jones, song leader; Harryette Hollums, reporter.

We were assigned 4-H enrollment cards and post-visit records. We had a choice of foods, clothing, bedrooms, improved gardens, home grounds and beautification for our projects this year.

We met some people (drawings of different kinds of people) named, Mr. First, Puffie Cheeks, Choker and others.

We learned that Mr. First was always first. Choker turned green from eating too much and then drinking water with food in his mouth to get strangled. Puffie Cheeks just plain always has his mouth full.

The others you can imagine.

SUNNYSIDE CLUB MEETS

The Sunnyside Home Demonstration Club met Friday, Oct. 17, at the home of Mrs. Claude Price with Mrs. Charlie Probasco as hostess.

The planned program was given by Mrs. Probasco, Mrs. W. C. Sims and Mrs. Ethel Sawyer.

Mrs. S. J. Latta gave the demonstration on lamp shades.

Refreshments were served to Mrs. S. J. Latta, W. C. Sims, C. W. Denison, Ethel Sawyer, Oscar Sullivan, Mrs. Probasco and Mrs. Price.

Mrs. Juanell Harrison and son of Amarillo were week-end guests in Floydada of their mother and grandmother, Mrs. Oleta Pruitt. Mrs. Bill King and children of Plainview were also guests in the home. Mrs. Pruitt is expecting her doctor husband home shortly from Farmington, N. Mex., where he has been for some time visiting his mother and attending to business.

Mail Overseas Packages First 20 Days of Nov.

If you are among the many who have husbands or sons in the armed forces overseas, now is the time to make preparations for mailing the packages you want them to have for Christmas.

That's the advice of Postmaster Edward Westler, who said the period from November 1 to November 20 has been designated for that purpose by the Post Office Department.

Included in the category are personnel of the various branches of the armed forces, members of their families, and authorized United States civilians employed overseas who receive their mail through an APO at New York City, San Francisco, Seattle, Wash., or New Orleans; or Fleet Post Office at New York or San Francisco, or Navy Post Office care Postmaster, at Seattle.

Parcels by surface mail should leave the home address November 1 and not later than November 20. The limitations as to weight for overseas shipments have been changed.

The two pound limit on air mail has been discontinued. Seventy pounds is the maximum weight by air mail now except that limit not to exceed 50 pounds is applied to certain overseas destinations, addressed through New York City. Also for destinations in certain areas senders are required to make customs declarations on forms which the postmaster will provide.

POSTAGE
When fourth-class parcel post rates are applicable, the zone rate from the post office where mailed to the post office through which the parcel is addressed will be charged. Air Mail weighing not to exceed 8 ounces is chargeable at the rate of 7 cents per ounce, and those articles over 8 ounces are chargeable at the rate of 80 cents a pound.

ADDRESSING
Addressing must be legible and complete, and should be prepared in typewriting or ink.

CHRISTMAS CARDS
Greeting cards for the Armed Forces overseas will be 3 cents, if unsealed and contains no writing but a signature, and should be mailed within the periods designed for parcels if they are to have a reasonable expectation of delivery prior to Christmas. Cards sent 1st class may be sealed and contain writing for 4 cents each ounce. Air Mail for 7 cents each ounce, and should be mailed by December 10 to 15.

STATE CAPITAL

Highlights AND Sidelights

by Vern Sanford
TEXAS PRESS ASSOCIATION

AUSTIN—As Texas "Battle of the Budget" rages on toward its 1958 climax, almost every week brings a new statement on the probable size of the state deficit. Usually worse than the last one.

State Comptroller Robert S. Calvert and Legislative Budget Director Vernon A. McGee combined to present a frankly pessimistic picture for the Texas Research League meeting in Austin.

McGee said the general revenue fund will need \$279,000,000 during the next two years to keep things going as they are. Calvert estimated that the present tax structure would put \$125,000,000 into general revenue during this period. This leaves a gap of \$154,000,000.

Research League is composed of several hundred leaders in Texas business and professions whose private contributions support research in the interest of governmental efficiency. Much of the league staff's time during the past year has been devoted to assisting the State Tax Study Commission in a month-long survey of Texas' revenue and tax problems.

CAN DO — Gov. Price Daniel took a "we can lick this thing" attitude in a press conference on taxes.

Daniel said he felt the deficit could be erased and now revenue needs met without a general sales tax or income tax. Taxes we have presently could be raised to the maximum level used in other states, said the governor. And other taxes—not sales or income—could be added.

Daniel also indicated that he was not fully convinced that the gap between income and needs would be as large as the \$154,000,000 mentioned by the comptroller.

He would not definitely say now, said the governor, that he would or would not veto sales or income tax bills if passed by the Legislature. But he made it clear that he did not favor them, and that he thought there were better possibilities.

Daniel praised state agencies who reduced their budget requests a total of \$1,400,031. Overall, the budget requests had run \$272,000,000 higher than for the present biennium.

HOSPITAL SPENDING AXED — Possibility of more drastic cutting loomed when the Legislative Budget Board voted to reject some of the appropriations being sought by the State Hospital System.

It voted to let \$1,000,000 off the system's requested operating fund and disapprove spending \$5,500,000 for a new mental hospital in the Gulf Coast area.

Budget Board recommended a light increase in money for the Texas Youth Council. But it voiced a "thumbs down" attitude toward setting up a state-supported paid parole system for juvenile delinquents.

Legislative Budget Board is made up of 5 members from the House and 5 from the Senate who, with staff assistance, screen appropriation requests in advance and make recommendations to the Legislature.

PULLING UP — Two state agencies who've gotten black marks in past years got basically good report cards in the summaries given by analysts for the Texas Research League meeting.

State Insurance Department has made many improvements in the year since its reorganization, said one researcher. He predicted that an era of better regulation would result in saving to policyholders and fewer company failures.

State Welfare Department was described as "basically well-administered" in comparison to some years ago when it was the source of dissatisfaction.

In the welfare field, the League was told, Texas can expect increased spending in the future. Texas now spends 15 per cent of its tax or \$172,000,000 a year on welfare. But other states are "more generous," observed the researcher.

SALARY FORMULA — Budget Board also is giving attention to drawing up a bill setting up a salary schedule for state employees.

Its purpose would be to guarantee "like pay for like work" throughout state departments. It would be based on a job classification study recently made by the Texas Employment Commission.

Public school and college teachers and persons in executive positions would not be included.

Budget Board members commented that in some departments a person doing stenographic work may be called an "administrative assistant" and get much more money than a person doing stenographic work in another department.

ANTI-CRIME LAWS — New laws and institutions to deal more forcefully with Texas' soaring crime rate may be a major topic for the next Legislature.

County and District Attorney meetings in Austin were asked by Governor Daniel to help in the job of strengthening and plugging the loopholes in Texas' law enforcement structure. Daniel said that at the present rate Texas will have a 25 per cent increase in crime in three years.

Too often, said the governor, criminals escape punishment through technicalities in the laws. He also urged (1) state-paid parole supervisor for juveniles, (2) a second boys training school to separate serious offenders from those for whom there is more hope, and (3) stricter narcotics laws.

DON'T CUT OFF NOSE—U.S. Senator Ralph Yarborough is urging Texas' liberal Democrats not to scratch Gov. Price Daniel's name on the general election ballot regardless of how they may feel about him.

Senator Yarborough warned delegates to the State AFL-CIO convention that each precinct gets one delegate for every 25 votes cast for the governor. It will have a small vote delegation to the next party convention and less chance of gaining control.

If you scratch the governor's name, said Yarborough, who has been at odds with Daniel for years, "You'll be cutting off your nose to spite your face."

HE'S NO HELP—Texas Democratic Party leader said National Chairman Paul Butler is deliberately destroying party unity efforts by stirring up integration issue.

Butler's statement: "There will be no compromise on the integration problem. The people of the South who are not deeply dedicated to the philosophy of the Democratic Party will have to go their own way."

Said Governor Daniel: "We have been doing our best to settle these conflicts within the party and keep it big and strong enough to include people who do not share the same view." Statements like Butler's, said the governor, "will make the task more difficult."

Week-end guests in the home of Mr. and Mrs. Orland Howard were Mrs. Murphy Chapman, Robertson, Mr. and Mrs. Walter Miller, Sentinel, Okla., Mr. and Mrs. Alton Burdfield, Amarillo, and Mr. and Mrs. Richard Burdfield, Spur.

Rev. Nesbit and Mrs. Nesbit were Sunday dinner guests of Mr. and Mrs. Maurice Campbell.

E. S. Foster returned home from the hospital Saturday. While he is convalescing as well as can be expected he will be in bed for several days and in a wheel chair for a lengthy period, perhaps six months.

E. S. Foster Jr. returned to his home at Santa Fe Saturday.

Mr. and Mrs. Lyndle Patterson of Lubbock announce the birth of a son at West Texas Hospital at 12:45 a.m. Friday, Oct. 24. He weighed six pounds and fourteen ounces. As yet he has not been named. The Pattersons have a daughter, Becky, who was two years old Oct. 22. Mr. Patterson and son are to be dismissed from the hospital Oct. 27.

Mr. and Mrs. Earl Foster are the maternal grandparents and Mr. and Mrs. E. S. Foster great grandparents.

Mr. and Mrs. Jesse Glover attended the funeral at Petersburg, Sunday afternoon for their friend, I. C. Kirk Jr., who died several hours after a train-pick-up collision near Vega ga Friday.

Mr. and Mrs. Jesse Glover visited relatives in Amarillo Oct. 27 and 28.

Mr. and Mrs. Bill Norman visited relatives at Littlefield Monday afternoon.

Mr. and Mrs. Stanley Bengte and daughters, Betty and Jerri of Friona, visited Mr. and Mrs. R. H. Crawford Wednesday and Thursday.

Death Follows Extended Illness of Mrs. Marricle

Mrs. Ellen C. Marricle, 59, a former resident of Floydada, died Sunday at noon in Lubbock at the home of a daughter, Mrs. Carl Shipman, following an illness of two months. Mrs. Marricle had been in failing health since early this year.

She was the wife of E. J. Marricle, who was in the windmill repair business while living in Floydada. The family have made their home in Idaho since leaving here five years ago. They had lived in Floydada since 1948 prior to moving to Idaho.

Mrs. Marricle was born in Falls County, Tex., and was married on March 13, 1920, to her surviving husband.

Other survivors include one son, James (Buck) Marricle of Floydada; three daughters, Mrs. Carl Shipman of Lubbock, Mrs. Wayne Todd of Littlefield, and Miss Patsy Marricle of Idaho; four brothers, J. W. and R. L. Taylor of Floydada, A. F. Taylor of Fort Worth, and Roy Taylor of Waco. Nine grandchildren also survive.

Funeral rites for Mrs. Marricle were held Monday afternoon in the Calvary Baptist Church with the pastor, Rev. Clyde Spann officiating. Interment was in Floydada cemetery under the direction of Harmon Funeral Home.

Pallbearers were Wiley Rogers, Carl Lewis, K. L. Gregory, Junior Womack, O. A. Neff and Edwin Pollan.

Weekend guests in the home of Mr. and Mrs. Bob Reeves were Mrs. Reeves' children, a daughter, Mrs. Harold Dodd and family of Fort Worth, and two sons, Tommy Shaw and family of Friona and Bernard Shaw and family of Olton. The visiting guests also spent some time with their grandparents, Mr. and Mrs. J. L. Green.

News of Broadway

(By MRS. T. E. THORNHILL)

BROADWAY, Oct. 27 — Damp dismal weather since Saturday. Wonder why when the weather is so gloomy it so often happens on Sunday. We have received a little moisture out of it, though not much.

Some farmers have their grain combined, some of it is still too green. Quite a few are stripping their cotton and more have defoliated getting ready to strip; that is, of course, those who had early cotton that the June 23 hail didn't get.

Mr. and Mrs. Ben Beckham visited Sunday afternoon with the A. L. Winegars.

Mrs. Conda Starrett and Mary Ann, Mr. and Mrs. Cleve Maize, Mr. and Mrs. D. D. Thornhill enjoyed a birthday dinner with Conda Starrett Sunday, in the Starrett home.

Congratulations to Mr. and Mrs. Deiton Wilson of Artesia, N. Mex., on the birth of a son, Deiton Aubrey Jr., who was born Oct. 14, and weighed six pounds twelve ounces. Deiton was born and raised in our community and is the son of the late Mr. and Mrs. Albert Wilson.

Sunday visitors with Mr. and Mrs. Willard Richardson, Pete and Myrna Beth were Mr. and Mrs. J. M. Bennett, Mr. and Mrs. Dick McNeill, Mr. and Mrs. Caborn Marsh and Marcella and Miss Jean LaRue. Dick will be stationed at Ft. Hood for the remainder of his stay in the army.

Louis Starr of Wichita Falls visited a short while one day week before last with Mr. and Mrs. J. M. Bennett and with Mrs. Maude Berry. Quite a number of years ago Lewis was a member of our community.

John G. Cage, now of Floydada, but who was a member of our community for many years has been quite ill in the Crosbyton Hospital. We surely wish him a speedy recovery.

We are happy to report Mr. and Mrs. W. A. Walker of Crosbyton were able to come home on Tuesday of last week after several days stay at Christoval taking treatments.

Betty Berry, student of Amarillo College, spent the week-end with her folks the Cecil Berrys.

Oh yes! Mr. and Mrs. Cecil Berry are strutting around quite happy since they have a new granddaughter. The little lady was born Wednesday of last week and is the daughter of Mr. and Mrs. Donnie Berry. She has a two year old brother, Bill Don.

"THE EVE OF THE EVE OF HALLOWMAS"

(By Marisue Buleson)

On this eve of Halloween, if someone asked you to define Halloween and associate it with something, what would you answer? The average person of teen age would reply something like "trick or treaters canvassing each house on the block that dress up in an assortment of gay costumes" or he may think of the big Halloween Dance that he hasn't a date for YET; and he could even be thinking of some mischief that he and his gang can pull to annoy someone. But actually, all of those ideas are a far cry from the reason behind the holiday.

It all dates back to the Roman days when the Romans held a feast on the first of November, in honor of Pomona, goddess of fruit trees. In Britain, the Druids celebrated a festival in honor of the sun gods, and in thanksgiving for harvest; the two became merged into one holiday.

When the people became Christian, the early Church fathers wisely let them keep their old feast, but gave it a new association by holding it in Commemoration of all saints. The eve of the festival came to be called All Hallow E'ep. The name originated from the old English word halwe, meaning holy. The Feast of All Saints or Hallowmas occurs on the first of November the eve, therefore is on October 31. Bonfires were lighted in ancient Hallowmas celebrations.

Many beliefs have grown up about this day, such as the belief that on this night the spirits of the departed were allowed to visit their old homes. Another one is that witches ride abroad on their broomsticks and ghosts go visiting. Still another belief was that evil spirits were free for a time to work whatever mischief they pleased.

The latter has survived up until today with the practice of "Trick or Treat"; the spirit, be-costumed, threatening to do mischief if not given his reward for being good. Like our other holidays it has become commercialized and the meaning was lost long ago to have tradition replace it. Tradition in itself is not bad; it's when the bad becomes tradition that we should worry. The hoodlumism on previous Hallowmas, like Christmas, began as something meaningful. Tomorrow night, the Eve of Hallowmas, can be a holiday in the true sense of the word—if YOU will make it so.

Save The Stop Signs; Obey Them To Save Lives

(By Sue Williams)

New stop signs were put up for the roads around our school. How long they stay there and in what condition depends on you.

Some juveniles think it is cute to tear them down or mark them up, but I dare say they wouldn't think so if someone tore their property up. The city has put these up for our protection.

As everyone knows, there have been several collisions at the corners but so far they haven't been serious. However, some day it might result in a fatal accident. Is this what we all want?

Let's all strive to keep the signs up and in good condition. However, even this won't be enough. We must obey these signs before their purpose will be fulfilled. So stop! Stop and think about this. Although the following is an old saying, it is worth repeating:

"The life you save may be your own."

She Is Searching For Band History

(By SONJA GUFFEE)

If you see me coming you'd better step aside or run like I'm searching. Yes, that's right. I'm searching in all dark corners, in old trunks, in all sort of old records, and behind all curtains. What am I searching for?

Well, I'm searching for information about the origin and history of the Floydada High School Whirlwind Band.

I need to have such information as the following: when the first band was started, who started it, the size of it, the instruments in it, when the band got their first uniforms. Also the description of the first uniforms, on what occasions they played what trips they took, who the first majorettes and the drum major or majorettes were, and who the first director was. Also, all directors following him.

New Low Is Made In Lost & Found

(By Sue Ring)

So far this year a new low in books turned in to Lost and Found has been set. On Friday, October 24, the books in Lost and Found totaled an unbelievable number of two.

The two books were the following: English Grammar III-Darlene Johnson; American History-Sue Plenniken.

Personal items contained the following: green comb, one brown glove, one white glove, one blue and white headscarf, one gray billfold left from last year, a blue glass case belonging to Larue Price, and a white glass case belonging to Kay Robertson.

The money collected from fines on overdue books and the fine on books in Lost and Found are used to buy new books and supplies such as glue, book pockets, date-due pads, ink, etc.

Definition of a Girl

She treats a boy just like a slave
If mad, a book will hurt
Yet over clothes she'll simply rave
Yes, that describes a girl.
You call at five to make a date
And get the busy tone
Yet when you try again at eight
She still is on the phone.
You've set the time far in advance,
At nine you're coming by
But she's not ready for the dance
You sit and twist your tie.
Of all the things she ever does
Nothing is worse
Than one who stuffs your pockets
'Cause she forgets her purse.
You've planned a moonlight trip
Then comes the bitter end
Although her count is a drip
"Please can't you bring a friend?"

Did You Know?

That, excluding the Bible, 61 per cent of all Americans have not read any book during the previous year? That, according to a Gallup poll, only 17 per cent of all Americans were reading any book at the time of the survey?

Englishmen read three times as many books as we do; that Australians and Canadians read nearly twice as many?

Of the non-English-speaking nations, the Finns read nearly four times as many books as Americans while the people of West Germany read exactly twice as many books?

That although half of the adults in America live within a mile of some public library, only one-fifth of them visit it?

That although city dwellers read and buy more books than country dwellers, only 5 per cent of them ever enter a bookstore?

KAY ROBERTSON
Kay Robertson Is Named Sweetheart of The Aggie Class

(By Mary Cogdell and Judy Jackson)

A little girl 5 foot 2 and eyes of blue, named Kay Robertson was elected FFA Sweetheart for 1958-59 over three other candidates by penny votes.

Kay, a pert blonde is vivacious and enthusiastic about everything. She enjoys outdoor life especially looking at crops.

Everyone notices this little girl with her friendly ways in the hall. Being interested in others, she deserves all the many friends she has.

Kay's likes include algebra (she must, she has been in there for four years), dates with Wayland, Mexican food, especially tamales, and the color blue which she wears alot, and if the song "Only Make Believe" is played over and over you will know she is around.

Kay is that rare type of person that can always take teasing (we hope) and never get mad. A temper is something she just does not have.

She is one of the friendliest senior girls and speaks in a very friendly and cheerful way to everyone she meets in the halls.

The report from the Aggie Class has this to say about the election of "F" to the role of FFA Sweetheart: Miss Kay Robertson, daughter of Mr. and Mrs. A. H. Robertson, was elected Sweetheart of the Floydada Chapter of the Future Farmers of America in a contest which ended Oct. 17.

Kay is seventeen years of age, a blonde, weighs 110 pounds, is five feet and two inches tall and is a member of the Whirlwind Band.

Kay likes pretty clothes, nice boys, Mexican foods, and Dr. Peppers. Her favorite game is basketball. Her favorite color is blue. Her show is "Farewell to Arms." Her song is "Only You." Her favorite actor is Paul Newman, actress, Elizabeth Taylor.

Kay's pet peeves are hateful people and catt remarks.

'What do You Think About No School In Little Rock, Ark.'

(By Kit Zimmerman)

Linda Smith-They should have school. Figure it out without the government's help.

Cathryn Seago-It's cruel. Ask the kids whether or not they want to go to school.

Rodney Teague-I don't know, I don't know.

Band Attempts Difficult Show

(By MARISUE BULESON)

An intricate show for gridiron fans was performed at half-time during the Post-Floydada football game last Friday night by the band. The mighty brass band, beginning to get ready for marching contest, which is to be held in Plainview this year, is attempting harder shows with many different precision drills and sharper routines.

The playing of a fanfare began the show. Marching down the field, the band went into a drill consisting of rear marches and delicate timing while playing "Pomp and Circumstance."

Another drill, proving to be one of the hardest that has been done, was one of marching at oblique angles and backwards. Going into a backwards countermarch, they then went into a minstrel turn before the entire band had completed its counter-march; before that was completed, another backwards countermarch was done.

A well-done routine featured the junior high twirlers, Kay and Gay Pruitt, Pam Gr-sham, Lana Davis, LaJuana Rimmer, Janice Trapp, Suzanne Collier, and Drum Majorette Rita Colley. Karan Floyd was unable to participate due to illness.

While playing "Klaxon," the WW band formed the traditional "F" the proceeded to march the letter off the south end of Wester Field.

Old Victory Flies Again At F.H.S.

(By MARISUE BULESON)

The victory over the Post Antelope on October 24 entitled the "Victory Flag to fly again this week high above the high school, below the United States flag, Old Glory.

The flag, white with green letters stating "Whirlwinds 'Victory", was presented by the cheerleaders to the co-captains at the night pep rally preceding the Slaton-Floydada game as an expression of the confidence and spirit that backs the Big Green. It will continue to fly as long as the Winds continue to be victorious.

DALE BROWN
Brown Voted Most Talented Student

(By Carolyn Cates)

One of the outstanding students at FHS is the subject for our feature this week. He has been elected "Most Talented Student." Besides this he is guard on the A-squad and has been active in boxing. The student, if you don't already know, is Dale Brown.

Dale was born January 31, 1941, in Floydada. He is 17 years old and a senior this year.

Dale's most embarrassing moment was when he sat down by the wrong girl at the show.

Dale has the reputation for having the fastest and the prettiest car in town.

Some of his likes are: steak, hot rods, drag races, red skirts, and money.

His dislikes are: conceited and nagging people, green sensewings, and people that out drag him.

His favorite song is "Tom Dooley." Dale plans to major in Commercial Art at SMU in Dallas.

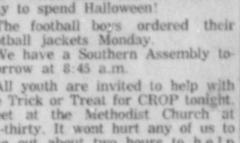

Dale is one of our outstanding students because of his honesty, friendliness, and his wonderful sense of humor.

Facts About Fads

(By Sue Ring)

If you "Give the boy the bird", it doesn't necessarily mean that you and he are phift. In South Carolina, the idea is to buy a parakeet, train him to say your name and a few sweet phrases, then present it to him as a living-though squawking-recording of your noise.

A new insult is: You're a "Flower-you blossom" idiot.

KAY ROBERTSON
Kay Robertson Is Named Sweetheart of The Aggie Class

(By Mary Cogdell and Judy Jackson)

A little girl 5 foot 2 and eyes of blue, named Kay Robertson was elected FFA Sweetheart for 1958-59 over three other candidates by penny votes.

Kay, a pert blonde is vivacious and enthusiastic about everything. She enjoys outdoor life especially looking at crops.

Everyone notices this little girl with her friendly ways in the hall. Being interested in others, she deserves all the many friends she has.

Kay's likes include algebra (she must, she has been in there for four years), dates with Wayland, Mexican food, especially tamales, and the color blue which she wears alot, and if the song "Only Make Believe" is played over and over you will know she is around.

Kay is that rare type of person that can always take teasing (we hope) and never get mad. A temper is something she just does not have.

She is one of the friendliest senior girls and speaks in a very friendly and cheerful way to everyone she meets in the halls.

The report from the Aggie Class has this to say about the election of "F" to the role of FFA Sweetheart: Miss Kay Robertson, daughter of Mr. and Mrs. A. H. Robertson, was elected Sweetheart of the Floydada Chapter of the Future Farmers of America in a contest which ended Oct. 17.

Kay is seventeen years of age, a blonde, weighs 110 pounds, is five feet and two inches tall and is a member of the Whirlwind Band.

Kay likes pretty clothes, nice boys, Mexican foods, and Dr. Peppers. Her favorite game is basketball. Her favorite color is blue. Her show is "Farewell to Arms." Her song is "Only You." Her favorite actor is Paul Newman, actress, Elizabeth Taylor.

Kay's pet peeves are hateful people and catt remarks.

'What do You Think About No School In Little Rock, Ark.'

(By Kit Zimmerman)

Linda Smith-They should have school. Figure it out without the government's help.

Cathryn Seago-It's cruel. Ask the kids whether or not they want to go to school.

Rodney Teague-I don't know, I don't know.
