Charming Young Woman. The beauty and personality of Frances Ashton, one of the general tellers at the First National Bank of Floydada, added glamour and glitter to a KFDD-TV (Channel 10) spectacular in Amarillo Monday night of last week when she appeared on the hour-long Gene Galle Show. She appeared in the cast in one number and acted as background in another. Frances, daughter of Mr. and Mrs. Clarence Ashton, wore a long, full-skirted floor length gown on the show. She has been taking an advanced course in school for personal development in that city. "It is not what you do but how you do it," was one of the lessons she had in a study of walking and comportment, voice and diction, figure control, wardrobe and styling. Miss Ashton is good at figures at the bank also.

Floyd County Budget Seen As A 'Tight Fit'

One of the facts of life which the Commissioners Court of Floyd County is going to be up against in their first January meeting is that the budget they adopted last August is not going to fit. The pattern is going to have to be enlarged in at least one area. That is the officers' salary fund.

Also employees are hoping, and the commissioners themselves wouldn't mind having a bit more. Apparently it should be said, the public would give approval to anything reasonable that takes place along this line.

When this is done the revenue from the usual sources won't cover the outlay, considering the experience of 1957 and 1958. In 1957 the fund had a beginning balance of \$18,000.00.

The county general fund this year will have an allocation from the ad valorem revenues of 33 cents per \$100 valuation, which the court estimates at a gross of \$33,500.00.

Improved Business Foreseen For Nation By Roger Babson

Babson's Authentic Release
(Copyright—1958—Publishers Financial Bureau, Incorporated)

1. Not too good and not too bad. Both the boom and the recent recession will be awaiting developments following the recent November elections.

2. 1959 will be a "do nothing" year for Congress. Both parties will hold their cards close to their chests until 1960—when the Republicans will want good business. Most Democrats will vote for most of the inflationary legislation, but only a few of these Congressmen will vote for such legislation over the President's veto. The Democrats will be in a dilemma. In their hearts they will not want good business in 1960, but they must be very careful not to do anything which could be held against them in 1960.

3. So long as Russia is fearful of China's loyalty, she will not intentionally start a shooting war. I hope that Chiang Kai-shek will come to his senses so that China will become an ally of the United States. Marshall surely bet on the "wrong horse" when he made his report to Truman.

4. Our national budget will show a heavy deficit in 1959. This and other factors should cause a continued gradual, although not dangerous, inflation.

5. Serious competition will continue at all levels in 1959. Manufac-

urers, merchants, and others who reduce advertising and other selling appropriations will surely suffer.

6. Despite competition, the profits squeeze will be eased for many concerns by strenuous cost-cutting programs and improving business.

7. More foreign goods will enter the United States during 1959. This especially applies to German, Italian, Japanese, and Russian goods.

8. New cargo ships, built in Japan, England, Germany, Norway, Sweden, and Italy, will be launched in 1959. This should result in most American built and American-registered ships operating at a loss. More subsidies will be demanded.

9. Failures may not increase during 1959. Some big corporations, now listed in the Dow-Jones Averages, may get in financial difficulties.

10. Federal cost-of-living figures will be disputed in 1959. Labor rates and wages which have been tied to Federal Tables will be disputed by both Labor and Management.

11. On the basis of the above statements, I forecast, on the average, no wide change in 1959 for commodity prices. The recent recession is not over. Russia is still fighting us with an economic war.

12. There will be more strikes and labor troubles in 1959 than in 1958. Due to fear of unfavorable labor legislation and poor business conditions, labor leaders were on their good behavior in 1958.

13. It is now difficult to forecast the unemployment situation for 1959. Owing to the increase of automation, working forces will continue to be cut. Looking ahead to the elections of 1960, manufacturers, who are mostly Republicans, will want no more serious unemployment to occur.

14. Many plans for expansion of 1958 were postponed during 1958 for fear of real depression. Some of these plans will be executed in 1959, although on a more moderate scale.

There will be a need for continued economic readjustment in 1959, but we may temporarily postpone it.

15. 1959 will not see such a marked change in money rates. However, borrowers who have not established good credit will continue to find it difficult to get new funds in 1959.

16. This means that it should be more difficult, on average, to sell long term bonds in 1959 than in 1958. Buy only non-callable serial bonds or bonds of reasonably short maturities.

17. The supply of non-taxable state, municipal, and revenue bonds will increase during 1959. They will be readily available, credit and to rising needs of municipalities.

18. The "fly-in-the-ointment" will be the uncertainty of the Federal policy regarding the new \$300,000,000 roadbuilding program. Will it compete with or provide toll roads recently built? I believe this program will not harm outstanding Turnpike Bonds.

19. Many investors will switch from stocks into bonds in 1959, thus ob-

PENSACOLA, Fla. (PHNCO)—Marine 2nd Lt. Jerry D. Oden, son of Mr. and Mrs. Conner Oden of 306 S. White, Floydada, Tex., has his "Wings of Gold" of a Naval Aviator pinned on by RADM. Joseph M. Carson Dec. 3, at the Naval Air Station, Pensacola, Fla.

Lt. Oden received his wings after completing advanced flight training.

Before entering the service, he graduated from Southern Methodist University.

Death Of Wife Charged Against Rabbit Hunter

Sheriff Walter Hollums and District Attorney John B. Stapleton were due to return to Floydada sometime Wednesday from Paris, Tex., with 27-year-old Lockney farm laborer, Robert Braman, who was charged Monday with the shotgun murder of his 33-year-old wife, Mary Ellen. Braman was arrested at a farm house two miles south of Hugo, Okla. Monday. The fugitive was asleep in his cousin's home at the time of his apprehension. The arrest occurred about an hour before the body of Braman's wife was dragged from the Red River, ten miles south of Hugo.

The shooting took place while the couple were on a hunting trip near Lockney late Sunday. Braman admitted the killing but said he didn't know how it happened. The cousin of the man said Braman had asked for his help in buying the woman after bringing her to Hugo in his pickup.

Sheriff Hollums and Deputy Bill Tigart pieced together a story of the incident from the accused's brother, Milton Braman, and Horton Kenady, whose mother owns the Lockney apartment where the Braman brothers live. Lockney city officers Lowell Bilibrey and Alton May also joined in the investigation of the fatal event.

Milton said he and Horton drove to the residence of Mrs. Jewell Kenady Sunday afternoon for a load of corn. Arriving they discovered that Robert Braman and his wife had followed in their pickup.

The four went on a rabbit hunt in the corn field surrounding the farm. After starting back in two vehicles they stopped at a lake six miles east of Lockney where Robert Braman asked to borrow Kenady's single shot

12 gauge shotgun. Kenady said he gave Robert the gun and three shells. The gun already held two.

Kenady and Milton Braman then returned to Lockney, later to have Robert come to the apartment and ask for gas.

Asked if he had shot any rabbits, Robert said, "Yes, and my wife too."

Robert then told his brother "Don't bother" in reference to the gasoline, got in his pickup and sped away. Kenady said Robert had blood on his hands when he came to the apartment.

Braman and his wife came to Lockney several months ago from Houston, Tex. He had worked at Paymaster Gin at Alken for the past two months. The couple had no children but Braman had a 12-year old son by a previous marriage.

Mrs. Braman's parents live in California.

Funeral arrangements for Mrs. Braman had not been set late yesterday. The body is at Campbell Funeral Home at Hugo.

Braman was charged with murder Monday in the office of Justice of the Peace Pat Sterling in a complaint signed by Sheriff Hollums.

T. M. NOLAND MOVED TO LUBBOCK HOSPITAL MONDAY

T. M. Noland was moved to Methodist Hospital in Lubbock Monday and was due to undergo surgery Tuesday morning. Mr. Noland had been a patient at Peoples' Hospital in Floydada since December, 1955, suffering from a number of complications.

Circulation in a leg broke down, and amputation of the limb was recommended as the only hope for the patient. Friends here had not heard of Noland's condition Tuesday at noon. The operation was scheduled for 7:00 a. m. Tuesday.

HAS HEART ATTACK

Mrs. Alice Baker, 91 year old Lockney resident, was admitted to Lockney General Hospital in serious condition Friday morning after suffering a heart attack. Mrs. Baker was stricken at the home of a daughter, Mrs. L. M. Hesse in that city.

BROWNS WILL CELEBRATE ANNIVERSARY SUNDAY

Mr. and Mrs. Fred L. Brown of Lockney will observe their golden wedding anniversary with a reception in Fellowship Hall of the First Methodist Church in Lockney on Sunday, Jan. 4. Calling hours will be from 3 until 5 p. m.

Friends of the couple will be hosts. No gifts please.

Water District Election January 13

In elections over the high plains to name directors and county committee members for the High Plains Water Conservation District, it was announced this week that committee members nominated for Precinct No. 1 in Floyd County are Ernest Lee Thomas and David Batteny Jr., and in Precinct No. 3 Don Probasco and Grigby Milton.

Two voting boxes will be open for the voting one at the county court house in Floydada, the other at the city hall in Lockney.

FOURTH WAREHOUSE WILL BE STARTED AFTER JAN. 1

Thruston Bower, of the Panhandle Compress & Warehouse Co., who was in Floydada last week-end said that the fourth warehouse of the Floydada plant will be started soon after the first of the year.

Clearing the ground, leveling and black topping will be the first step in readying the new warehouse.

Most Money for Roads

Road work in Floyd County and the upkeep of the machinery with which the commissioners work represents by far the greatest outlay of funds for any purpose.

The special 15-cent road tax is expected to produce a net \$22,500 this year, and this fund is divided by four and transferred as fast as it is received into the commissioners' hands, share and share alike, with no deductions except for assessing and the treasurer's commission.

To this add also \$25,000 to \$30,000 from the regular 20-cent road and bridge fund levy, and approximately \$85,000 from auto registrations, (the figure was \$86,296.41 in 1957) and \$6,000 to \$8,000 income from fines and forfeitures.

Approximately \$4,950 comes out of this gross for treasurer's commission, social security, insurance, repairs and supplies annually as a rule, leaving about \$90,000 to be divided among the four commissioners.

But there is an additional estimated \$8,000 windfall apiece for each of the commissioners that comes from the County and District Road Bond Refunding account administered by the state. Check for this money generally comes in the fall of each year.

This means that each commissioner is to spend about \$30,000 this year to spend on road upkeep.

Cost of maintaining the road machinery, the commissioners estimate, will be the biggest single item in their precinct budgets. Nearly half of what each commissioner has to spend

Resume Basketball Schedule Friday

The Floydada Whirlwind basketball teams are due to swing into action again Friday night, January 2, when McAdoo teams are due here for a return engagement.

Game time for the opener is 7:00 p. m. in Graves Gym.

McAdoo has been suffering from an epidemic of mumps and it is not known how many of their players will be ready for action in the games here.

On Tuesday night, January 6, Silverjett boys and girls teams come to Floydada for a return engagement. Floydada played there early in December.

Next week-end the boys and girls will go to Lockney where they are entered in the Lockney invitational tournament. District play will get under way on January 16 with Tahoka coming here for the first outing.

Chance of Surviving a Heart Attack 'Definitely Increased'

(Special to The Hesperian)

NEW YORK, Dec. 26—Of profound importance to residents of Floyd County, where heart disease is responsible for 43.1 per cent of the annual mortality, is a recent, guarded statement that "a person's chances of surviving a heart attack or stroke have definitely increased."

It came from a leading scientist, Dr. Irving H. Page, of the Cleveland Clinic Foundation, who is the recipient of the American Heart Association's prized Albert Lasker Award for heart research.

He noted that recent successes in laboratories engaged in studying the cause, cure and prevention of heart disease will mean added years of life for many people.

Government statistics, just released, show that in Floyd County, and in almost all other parts of the country, heart disease continues to be the leading cause of death.

Locally, its ravages, amounting to 43.1 per cent of all deaths, are smaller than in the United States as a whole, where it accounts for 53.9 per cent of the total. In the West South Central States it averages 48.9 per cent.

The report, recently made public by the National Office of Vital Statistics, is of particular interest now because of the approach of National Heart Month.

It shows that the diseases of the heart and blood vessels, known as the cardiovascular group, are still the major hazards to life. Some 10,000,000 Americans are heart patients at the present time, including 500,000 children of school age.

Hope for them is seen in the several research victories achieved lately. One that has particular promise is a chemical that dissolves blood clots near the heart and in other parts of the body within a few hours. Another is in drugs to control blood pressure.

A third advance is in new surgical procedures aimed at emergency treatment of strokes.

The latest vital statistics report, covering 1956, shows, for Floyd County, a total of 116 deaths of local residents in the year, of which 50 were due to heart conditions.

Coronary heart disease, with 26 victims, was the chief single culprit locally.

Building News Also Forecasts Good New Year

Half a million dollars in business and industrial construction plus \$200 thousand in new homes, \$185,000 in church buildings, \$14,000 in public schools, and \$150,000 in municipal light plant improvements for a total of \$1,013,500 is a close approximation of what Floydada people aided by

FLOYDADA GROWTH FIGURES FOR 1958

Residential	185,000
Commercial	484,500
Schools	14,000
Churches	185,000
City Power Plant	150,000
Sis., Water, Sewer	15,000

outsiders plowed back into their community in the year of 1958.

Seven new commercial or industrial plants are included in this total, plus four additions to investments previously committed, and \$100,000 in modernizations, and 12 new homes that cost an average of \$15,000.

Not to include \$75,000 spent by the State Highway Department for new roads, plus another \$75,000 spent at the Baptist encampment, plus over \$200,000 spent at Dougherty, South Plains and McCoy.

Biggest single item in the industrial category is the warehousing plant of Panhandle Compress & Warehouse Co., finished barely in time to get into the 1958 estimate. The second biggest is also a new come industry—the Farmers Acid Delinting Co., \$50,000 plant.

Others include the Carthel Garage at \$12,000, the Rogers Restaurant at \$20,000, Neff Grocery \$8,000, OK Rubber Welders warehouse \$7,500, Davis elevator warehouse, \$30,000. Gin modernizations account for another \$100,000 biggest of the expenditures being that of Bohannon Gin Co., where \$52,000 went into repairs and modernization of building and plant. Scott Gin Company spent another \$25,000, Davis Gin \$10,500 and Farmers Gin \$10,500.

Dicksons spent \$2,000 modernizing the interior of the retail establishment formerly occupied by the Norman 56 to 51—Stress—Wylie Butane spent upward of \$2,500 for added warehousing. Landrums made a \$1,000 installation and C. A. Boothe got up a new \$7,500 all-steel warehouse for the expanding business of Jennings Farm Supply.

The city's outlay for streets, water and sewer extensions and betterments are estimated at \$15,000. North Ward School modernization and equipment to bring it up to required standards represented the only money spent in the school system for the year, except for upkeep and repairs.

The First Methodist Church sanctuary and the Primitive Baptist Church here represent the \$185,000 tagged for church progress during the year.

As a backlog for the year of 1959 the residence construction underway in December is upward of \$50,000 already, a new automatic laundry plant is a considerable December item, a new industrial building on East Missouri Street is practically ready for use by M & N Auto Repair and the Davis Grain Company is putting another big chunk of money in added storage facilities for grain.

When you turn in orders to these people be sure and order enough to last at least 30 days. If you plan on keeping bait out for a longer period you should order more.

This is one order and you will be unable to order any more until the next time. Most farmsteads will need at least 5 lbs-10 lbs. If you want more lasting control more of the poison should be ordered. Order about twice what you think you will need.

This poison will not hurt domestic animals unless it is fed to them directly for about 3 to 4 days. The pets eating rats and mice will not be harmed in anyway.

The cost of these poisons will be 25c per pound.

This poison will be distributed the week of January 26-31, to all those who turn in orders.

Baits should be kept out and checked to make sure it is available to the rodents.

Baits should be placed where there are trails and under all major buildings.

Golden Wedding Day

Mr. and Mrs. E. J. Barker were honored on their Golden Wedding Day Wednesday of last week, when many friends called at a reception held in the parlor of The First Methodist Church. The couple were married at Merkel and have lived in Floydada since 1916. (See story on another page.)

EDITORIAL VIEWS AND COMMENT

The New Year is here once more. We shall see what 1959 is to bring the country, Floyd County in particular, only as the days unravel the events. Overall course of affairs will be governed by a force which is foreign to us. Whether this is the year in which the Communists in Russia decide they are ready for the head-on collision of the irresistible force and the immovable body, may be learned by mid-year.

But our thoughts are concerned with affairs nearer home. We can do nothing about foreign affairs, world peace, world catastrophe, nor, for that matter, nothing about the burden of federal taxes which these world problems force upon us. We can "kick against the pricks" of the overlordship of domestic affairs which is fast being assumed by the federal government, but even that is only token. The march to Washington is on and our servants in that magnificent city have fast become our rulers.

The domestic scene. The local economy finds Floyd County and the plains country in general, in better financial position than in half a decade. Nineteen fifty-eight will be recorded as a good year by most everybody. The so-called white collar man, who has no "out" from the tax burden is perhaps the hardest hit, along with the man who works with his hands. Entering the new year without an underground season is not too good an augury. Floyd County economy is tied to the soil. But we have "good" years and "bad" and have had since the country was first settled. Nothing has yet stopped steady development and is not likely to. It certainly will not pay in the long run to sell the country short.

Despite the gloom which has grown out of the bank hearing in Austin, when the board there refused a 50-man application for a charter for a second bank in Floydada, the local outlook is rosy enough that one might describe the situation as forecasting growth of the community almost in the proportions of a boom. Like the little boy who was run over by the calf the promoters of the new bank have had not much to say, because there isn't anything to say.

Turning to other affairs, we think Floydada people should turn from what Austin may think about the community and bestir themselves to keep up with the procession in West Texas. A shortage of doctors and medical aid generally, a lack of an adequate paving program, shortage of housing, a bit of daring to do the things that are being done with great success in other communities, willingness to put capital into Floydada ventures instead of seeking elsewhere for adequate returns, are among the problems which local people have it in their hands to solve. All the making are here, except the spirit!

Extension Service Report. For the first time in many years The Hesperian is giving a complete report, not just a summary, of the activities of the Extension Service agents in Floyd County, which, if read, will forecast what the Service agents have in mind for 1959. You will like what you read of the accomplishments in 1958, especially of the work the youngsters of the county are doing. This is an effective answer to some of the charges leveled against the kiddos by some of their elders. Most Floyd County boys and girls are alert and anxious to improve themselves.

Sugar Scarcity Probable. One food that is an every-day necessity on the American family's table is sugar. During all the long period since World War II began it has held at an almost stationary price. Apparently nothing could happen to make it skyrocket like other commodities that have to be manufactured. But finally an insurrectionist with a handful of men hidden in the hills of Cuba is expected to get a job done that all the armies of America, Europe and Asia could not do. He is cutting off a large part of the Cuban sugar that Americans consume. This is about one-third of the supply. Sugar should get scarcer—and higher. Hats off to Generalissimo Fidel Castro. Also we suggest that you lay in a supply of sugar before the hoarders grab it all up!

No real excuse exists in all probability for the way our representatives are being treated in foreign lands, but there is bound to be a background of poor relationship that permits our vice president to be spat upon in South America and our envoy to be handled in Lebanon. All of us have seen do gooders whose well-intentioned efforts were maddening and it seems our foreign relations have fallen into the hands of such ones. How explain otherwise that a nation of good hearted people can spend 60 billion dollars helping other peoples and gain only their disrespect, even hatred. Something to think about. It can't all be charged to the communists.

There is even explanation for the deep-seated hatred of all things religious among the Bolsheviks. One only has to read a bit of history to realize that all the shining cathedral domes in Russia were built with money taken by tyrants from the people by taxation. See a church in America you know that it was built with voluntary sacrifices. On the other hand in many lands, including Russia, a ruler had his tax gatherers use the whip, if need be, to get the money to build a monument to his greatness. These deep-seated grudges built up by centuries of ill treatment in the name of the church will have to be lived down.

European Money Overhaul. Good news from Europe is in the report that several of the middle Europe countries, along with Great Britain, are overhauling their currencies in relation each to the other and are approaching their trade and customs problems in a realistic manner. This means more to Floyd County (in a year or two from now if the Communists do not boil over meantime) than meets the eye. Artificial barriers have hampered the progress of middle Europe for centuries. An immensely productive area with teeming millions of people could use plains maize plains cotton and wheat more abundantly.

The state banking commissioner is an outspoken man, and a man of integrity. He is committed to the proposition that new banks are unnecessary except in extreme cases and he votes that way. Doubtless his judgment on an application for a new bank is relied upon to some extent by the other members of the board. Thus it would appear that the applicants for a charter for the bank here had two strikes against them before they started to work. One learns by doing.

It has been against the law to blow up churches and schools for a long time but a bill is being prepared and the Congress will be asked to pass a law to make it illegal to blow up schools and churches.

Floyd County 14 Years Ago

(From The Hesperian Jan. 4, 1945)
Pvt. Flora Jeter, Women's Army Corps, is here spending a 15-day furlough with her parents, Mr. and Mrs. W. M. Jeter at Sand Hill.
Glen Armstrong, one of members of Floyd County boys who turned policeman in migration to California 20 to 25 years ago, has returned to his duties as a peace officer in Highland Park, after a Christmas visit of some three weeks with his father, N. A. Armstrong, and other relatives.
One of the best-pleased 17-year olds in Floydada is Fred Martin, son of Mr. and Mrs. W. H. Martin, who is now a licensed pilot. Fred, soloed and was given his pilot's license by CAA.

The life and sacrifice of PFC. Geo. T. Smalley, former Floyd County boy, who fell on the German battle front on Oct. 14, will be memorialized here Sunday afternoon in the First Baptist Church. The young man's wife and year old son will be here from Houston as well as his mother, Mrs. Ama Smalley and sister, Mrs. Jimmie Hardgrove from Clovis, N. Mex.
Smalley was first reported missing in action, but the family were notified later that he had been killed.

Abbie Lee Woolsey, 32, daughter of Mr. and Mrs. L. Y. Woolsey, died Friday of last week after an illness of two weeks. Miss Woolsey was an employee at Hagood's Department Store as bookkeeper. She became ill and succumbed to pneumonia. Besides her parents she is survived by two sisters, Mrs. Elizabeth Shearer and Mrs. Vonceil Colston and a host of other kinsmen. Funeral rites were held Sunday afternoon in the First Methodist Church.

Eddie Wayne Conner, son of Mr. and Mrs. F. O. Conner, who has been in the navy for more than a year, still likes boxing, his parents learn through reading the newspaper. A news story out of Oceanside, where Eddie Wayne is in school, after being returned from the Mid-Pacific War theatre, tells of a USO slugging in which Eddie Wayne was listed as an O'Connell 155-Texas swimmer. The brief said, "The third round was fatal one for Florida's Al Bergand; as a hard right from Eddie O'Connell sent him to the canvas."

C. O. Spence, Floydada stockman and dealer, struck by a hit and run driver on the night of November 21, on the highway west of Ralls, 1 mile out once more and making a go of it on crutches. Spence left for dear on the highway was brought by a passerby to Pitts Hospital where his condition was critical for several days.

3. The farmer can now earn a discount for good experience after only three consecutive years of insurance participation without a loss. This discount feature for consecutive years of participation without a loss now provides for a

Five per cent premium reduction the fourth year;

Ten per cent premium reduction the fifth year;

Fifteen per cent premium reduction the sixth year;

Twenty per cent premium reduction the sixth year;

Twenty-five per cent reduction after seven years.

This is in addition to the 5 per cent discount obtained by paying premium when timely file acreage reports.

5. As an operating expense the premium is a deductible item on income tax return.

6. Insurance protection for the owners—operator or tenant—operator has been improved as many have requested by changing the insurance unit definition so that the owner-operator or tenant-operator can collect an indemnity whenever there is an insured loss on the acreage farmed for him by a sharecropper or share tenant. This will apply regardless of whether the sharecropper or share tenant is insured.

Arkansas Crash Is Fatal To Son

Funeral service for Kenneth Wayne Pinner, 22, son of Mr. and Mrs. Ray Pinner of Lockney, was held Monday morning in Springdale, Ark., following his death Friday morning in a traffic accident as he was going to work.

The young man's parents and his brother, Doyle, all of Lockney, left that city early Friday morning en route to Arkadelphia to spend the holidays and did not learn of the tragedy until reaching the deceased's home.

Besides his parents and brother, Pinner is survived by his wife and an infant daughter.

Missionary Is Beginning Work In Columbia

(Rev. James E. Giles and his family are settled in their new home at Cali, Colombia, and he has taken up his work there, an early December letter is addressed to his aunt and uncle, Mr. and Mrs. J. A. Hartwell, of Star Route, Floydada—Ed. Note.)

Apartado Aereo 1320 Cali, Colombia December 8, 1953

Dear folks at home,

Greetings and best wishes from the James Giles family in Cali, Colombia. We left New Orleans on the SS Gulf Trader on October 23, and six days later arrived in Buenaventura, the port city of western Colombia. We spent four days there, going through customs and waiting for the road to Cali, ninety miles over the mountain range from Buenaventura. However, we learned that a bridge had been washed away, and so it was necessary for us to fly to Cali, a 30 minute trip that otherwise would have taken over four hours. It is wonderful to be here! We feel a sense of fulfillment in our lives after some four years of preparation and anticipation.

After arriving in Cali it was necessary to find a house. This task took some three days. We are now living in a comfortable, modern home that has a back yard which we all enjoy a great deal. Missionary friends have certainly come in handy in the moving, uncrating, and unpacking of the sixteen wooden crates of furniture, appliances, and clothing which we brought for our first four year term here in Colombia. Also, they have done many other things to help to make us comfortable.

We have been both surprised and thrilled with our first experiences in the Baptist churches in Colombia. There is a very warm evangelistic zeal in the services. Our first Sunday we attended the First Baptist Church of Cali, where there were 902 in Sunday School. It was a special day with an ex-priest giving his testimony in the morning service. We rejoiced to see some twenty-five people making professions of faith during the invitation that morning. We have seen decisions in almost every service that we have attended.

People who make professions of faith are not baptized immediately here as they are in the States. Instead, they must spend a period of several weeks attending a class for new believers. In these classes they are taught the true meaning of the Christian life and the doctrines of the Baptist belief. If after these classes the people have remained faithful, they are then given an oral examination before the entire congregation. If the congregation approves, the people are then baptized into the membership of the church. This means that many who make professions of faith are never

but it makes for a better quality of membership in the long run.

We would like to tell you something of our work here in Cali. James is teaching at our International Baptist Seminary, which this year has enrolled twenty-six students. Baptist students are of the finest quality, having completed at least their Bachelor's, which is the equivalent of a Junior College education in the States. We are encouraged as we think of the future of our work in Latin America, because we know that these students are going out from the seminary to carry the Light of Life to the areas that are darkened by the curse of sin.

Typical of our student body is Carlos Garcia, a young student from Peru. When Carlos became a Christian he was studying at the University of San Marcos in Lima. He was also active in the communist organization of students. Upon the invitation of a fellow student he attended a Baptist meeting and later law degree, he came to Colombia to prepare himself for the ministry. We feel that the future work in Peru will be greatly strengthened by this young man's testimony and influence.

Another student, a Frenchman, studied for the priesthood in Paris. After becoming a priest he dedicated his life to be a missionary for the Catholic Church in Africa. Because of deceit and disappointment he came home after three years in Africa. Later, he heard of the tremendous need for Catholic priests in Colombia, and so he came here to serve. After being here among the Catholics for two years he was forced by his own conscience to leave the Catholic Church. In the providence of God he was led to one of our Baptist missionaries, who explained to him the plan of salvation and the Baptist interpretation of Christianity. He is now a student in our seminary preparing himself for greater Christian service.

Cali is a very needy city. There are over four hundred thousand people here, and Southern Baptists have only three churches. We hope within the next two months to start work in two new sections of the city. We are praying that we may begin a work in a section of town where the poor people have moved up on a mountainside and built dugouts and houses of mud and stone. We are told that there are some 10,000 people in this section of town alone. Pray with us that there may be a house available, and that we may take the message of life to these people who live in ignorance, superstition, and sin.

Last night all the Catholics lit candles and placed them in front of their homes because today is the anniversary of the pronouncement of the Immaculate Conception of Mary. The people believe that the virgin passed over the city and blesses all whose homes are lighted by the candles. A few days ago our neighbors spoke of Karen, our daughter, saying: "How beautiful she is, but what a pity that she is Evangelical, because it is a bad religion." Such fanaticism is typical among the people here.

During this time of year our thoughts turn to Christ, the Gift of God to mankind. Certainly we re-

joice over this great Gift. We want to wish for each of you the blessings of God during this Christmas season. Certainly we want to encourage you to make your greatest gift to Christ through the Lotte Moon Christmas offering. Much of our success here depends upon your faithfulness to Christ during this time of emphasis upon the Lotte Moon Foreign Mission Offering. As you give you make it possible for us to do a more effective work here.

Again, we express our sincere gratitude to you for your prayers and your support of us through the Cooperative Program. May the Lord bless each of you, your churches, and your efforts to serve Him during the coming year of evangelistic effort.

Yours sincerely,
James, Mary, Nell, David, and Karen Giles

Birthday Dinner Honors Mrs. J. D. Smith of Ralls

Mr. and Mrs. Dick Smith and daughter, Diana of McCoy honored his mother, Mrs. J. D. Smith of Ralls, with a birthday dinner Sunday, Dec. 28.

Helping to celebrate her seventy-eighth birthday were her children, grandchildren and great grandchildren.

Homebuilders Hold Last 1958 Meeting

The last meeting in the year 1958 of the Homebuilders Club was held in the home of Mr. and Mrs. Cecil Lewis last week.

Mrs. W. W. Trapp, president, presided at the session during which time Mrs. Dan Shipley thanked the members who kindly and graciously arranged her aluminum waiter while she was absent.

After the meeting several games were played before gifts were distributed. Many members were not present due to the holidays.

Mrs. David Gross will have charge of the meeting on Jan. 9 in the home of Mrs. Dan Shipley. All members are urged to be present.

S. W. Ross is in Amarillo spending a few days with his daughter, Mrs. David Flowers and family.

Mrs. W. E. Sims spent Christmas in Plainview visiting with her son, Dale Blaine and family.

Pastors Helpers Christmas Party Held December 18

On Dec. 18 the home of Mr. and Mrs. W. A. Shaw was the scene of the Christmas party of the Pastor's Helpers class of the First Methodist Church.

The comfortable home was beautifully decorated with Christmas symbols and a brilliantly decorated tree.

A bountiful covered dish luncheon was served.

Gifts and cards were handed out to the following members and friends: Luther Fry, O. B. Olson, J. J. McKinney, Mr. and Mrs. J. J. Spikes, Ralls, Mrs. W. E. Walker, W. L. Fry, Addie Thagard, J. F. Laughlin, Lillie Henry, Ella Jahnke, Will Snell, Eula Thurman, Scott King, Mary Finley, J. W. Wiggins, Dessis Denison, Virgil Shaw, D. D. Shipley, Rev. and Mrs. DeWitt Seago, Mr. and Mrs. W. H. Hillon, Mr. and Mrs. W. A. Shaw and Mrs. J. O. Johnson.

Dougherty HD Club Has Holiday Luncheon

Mrs. Johnnie Cates, president, was hostess to the Dougherty Home Demonstration Club's holiday meeting on Dec. 17.

At 1:00 p. m. a covered dish luncheon was served. Smoked turkey was the main dish and with it a bountiful array of other holiday foods.

Christmas decorations were used throughout the house from the lovely arrangement on the dining table to the beautifully decorated tree in the living room. Gifts were exchanged and "secret pals" revealed as packages were opened.

Following the tree a short program was given. Mrs. Johnnie Cates led the group as they sang a Christmas Carol and she and Mrs. Ned Bradley sang a duet.

Mrs. C. A. Caffee resigned the article "The Spirit of Christmas Giving" and read a poem "Inside Christmas".

Miss Phyllis Roggenhoff was a special guest. Members present were Mrs. E. C. Jones, G. W. Smith, Bill Smith, Mac Ward, Robert Ward, H. H. Hines, C. A. Caffee, Claude Ring, Russell Crawford, Roy Crass and Bob Vickers, B. W. Overstreet, L. H. Eham, Bill McNeill, W. J. Ross, Ned Bradley and the hostess, Mrs. Cates.

MRS. BAXTER RECOVERING

Mrs. W. W. Baxter, who for some three weeks was gravely ill in Methodist Hospital at Lubbock, is now in the Ray Baxter home having been returned Monday. Mrs. Baxter stood the trip home fine.

Her condition improved at the hospital after a series of tests were made and different medical methods used. Mrs. Baxter is growing stronger each day and is said now to be on the road to recovery.

Guests of Mrs. J. L. Newberry were her sons, W. O. Newberry and family, Paul Newberry, Homer Newberry and family, all of Floydada, H. L. Newberry and family of Tulsa, and Mrs. and Mrs. Rex Jones of Lubbock.

Barkers Observe Anniversary With Church Reception

Colors of brown and gold highlighted the setting in the parlor of the First Methodist Church Wednesday night of last week for the Golden Wedding Anniversary celebration of Mr. and Mrs. E. J. Barker of Floydada.

Mr. and Mrs. Barker and two of their children, Mrs. L. V. Assiter of Chicago, Ill., and Tye Barker of Pecos Springs, Colo., received guests during the hours from 5:30 until 7:30 p. m. One son, A. L. Barker of Floydada, was unable to be present for the occasion.

Miss Melinda Barker, granddaughter of the honored couple, played piano selections throughout the evening. Another granddaughter, Miss Sandra Assiter, presided at the register.

Mrs. A. L. Barker and Mrs. Tye Barker served from crystal appointments. The table was laid with a handsome linen cloth done in gold and brown cross stitch and was centered with an arrangement of gold trim.

The couple's wedding cake was decorated in white bearing the letters "30" in gold.

Nieces of the honored pair, Mrs. C. W. Jones and Mrs. S. E. Sparks presided in the gift room.

A great number of relatives and friends attended the celebration among them Mr. and Mrs. Johnnie Wright and son of Clovis, N. Mex., and Mrs. Barker were married Dec. 23, 1906 in Merkel, Tex. They have resided in Floyd County since 1916. Mr. Barker is retired and both take great interest in their church work and do quite a bit of traveling when weather and health permit.

ARMY UNSTICKS LOG JAM WITH NEW TYPE CHOPPER

PORT CARSON, Colo. - In the old days of the north woods when the lumberman gave birth to leg-locks, the log jam was a log jam in a river brought out the choppers.

A recent log jam in the Arkansas River near Canon City, Colo., brought forth a new type of "chopper", an Army helicopter from Fort Carson with a freeman demolition crew aboard.

Five miles from Canon City the jam had caused the river to rise, endangering farmland, Colorado Highway 264 and the highway bridge. The Canon City civil defense agency put in a call to the Army for help.

A helicopter was dispatched with a three-man demolition crew. From the "chopper" hovering 20 feet over the river the crew lowered 30 pounds of TNT in an anotherwise inaccessible tree snagged in mid-stream. Then a fused and primed charge was lowered by jacks to the TNT. The charge was prepared for blowing and the helicopter took off.

Ten charges were detonated to break the jam and allow water to start going through the main channel again.

GRANDMAMA'S NOMENCLATURE WEARIES WASN'T WRIST

PORT KNOX, Ky. - Consider the night of War Private First Class Charlotte Kaama when some official paper requires her full name.

Her middle name is Lesonaona-opurakekiohahalekahanika.

That's 37 letters but the translation would take 23 more - "The Sweet Smelling Fragrance of The Halo Blossom Along The Pina District."

A native of Hawaii, PFC Kaama was given the name by her grand mother who apparently reasoned that since her granddaughter was the smallest child in the family she should have the longest name.

MRS. KEITH BUHRMAN (Miss Vanda Dale Carter)

Vanda Dale Carter Weds Keith Buhrman In Church Rites Sunday

Urns of long stemmed American beauty red roses and baskets of ice pink dyed palms outlined by two large combed palms on each side of the chancel rail formed the scene for the holiday wedding of Miss Vanda Dale Carter and Mr. Keith Buhrman, Sunday, Dec. 27, at three o'clock in the First Methodist Church in Floydada.

The bride is the daughter of Mr. and Mrs. Ernest C. Carter of Floydada and parents of the bridegroom are Mr. and Mrs. Dale Buhrman of Milesheo.

The double-ring ceremony was read by the Reverend DeWitt Seago, pastor of the First Methodist Church in Floydada.

The program of wedding music was presented by Miss Sharon Edmiston, organist, who accompanied Mrs. Fred Cardinal as she read Elizabeth Barrett Browning's "How do I love thee?"

Given in marriage by her father, the bride wore a gown of ice pink satin featuring a Sabrina neck line and cut low in back. The bodice, with brief sleeves and complimented by short gloves terminated with a crushed bustle at center back and formed a pattern of two large roses. The beffaut waist length skirt was enhanced by a harem hem line. Her shoulder length veil of pink illusion was attached to a crown of pink sequins. She carried a small prayer book covered with American beauty red roses streamered with pink laced-knotted satin.

Her jewelry was a cultured pearl necklace and ear screws, gift from the bridegroom. For something old she carried in her bible a handkerchief which her maternal grandmother, Mrs. G. R. Strickland, carried in her own wedding.

Something new was her wedding attire and something borrowed was the bible belonging to Denny King of Floydada. The traditional blue sash was something blue and was given to the bride by D'Lene Witkowski of Floydada.

Miss Lynn Thompson of Houston was the bride's only attendant. Her waits length gown of American Beauty Rose Satin was fashioned with the fitted bodice accented by a fold of satin. The fitted bodice terminated with points at center front and back and the fullness of the skirt emphasized by pressed pleats. She wore a crown of matching satin with a small circular veil. Her crescent bouquet of pink delight roses with American Beauty trim.

Mr. Berkeley Shofner of Hartlingen, cousin of the bridegroom, served as best man. Mike Carter, brother of the bride lighted the altar candles. Ushers were Jimmy Collins of Floydada, Stanley Fox and Gordon Wilson of Milesheo and Ken Steward of Hartlingen.

At the reception which followed the ceremony, guest were registered by Miss Elaine Evans of Milesheo and were served from a table laid with a holiday cloth of ice pink net with embroidered sequins and centered with an arrangement of red roses. The white wedding cake topped with wedding bells and surrounded by pink roses completed the decor of the table.

Members of the house party were mess of the bride, Mrs. B. B. Strickland, Mrs. Sid Carter, Mrs. B. B. Carter, Mrs. Bob Carter, Mrs. Jerebell Cook, all of Amarillo, and Mrs. H. E. Strickland of Abilene. Also assisting in hostilities were Mrs. L. D. Britton, Mrs. Russell King and Mrs. Sam A. Fowler all of Floydada.

Far her going attire, Mrs. Buhrman chose an American beauty red suit with matching short topper coat and a flower petal hat of red and ice pink. Her accessories were of matching red lizard and she wore a pink rosebud corsage.

After a short trip the couple will be at home at 2104 23rd Street in Lubbock where both are students at Texas Tech. The bride is a Sophomore Secondary Education Major at Tech and is a member of Delta Gamma Social Sorority. The bridegroom is a Junior Advertising major at Tech and a member of Kappa Sigma Social Fraternity.

Out of town guests included Mrs. Seaborn Moore, Mr. and Mrs. Forrest Jones, Mr. and Mrs. E. W. Evans, Mr. and Mrs. Sam E. Fox, Mr. and Mrs. Eugene Shofner, Mr. and Mrs. H. M. Shofner, Mr. and Mrs. Mack Ragsdale, Mr. and Mrs. D. E. Belier, Mr. and Mrs. J. T. Shofner, Miss Melba Buhrman, Miss Darlene Buhrman, Mrs. Wayne Moore, Mrs. E. J. Buhrman, Mr. and Mrs. Donald G. Moore, all of Milesheo.

Also, Dorman Turner, Miss Annie

the Rose, Donald G. Cuamrad, Sam Vaught, Mr. and Mrs. A. N. Gamble, Mr. and Mrs. Marshall Farrell, Bobby Brown and Rex Vardaman, all of Lubbock;

Mr. and Mrs. Alton B. Chapman, George Chapman, Mr. and Mrs. Reid Strickland, Mr. and Mrs. Sid Carter, Mrs. B. E. Carter, Miss Bernadene Carter, Mr. and Mrs. Neil Walton, Mr. and Mrs. Bob Carter, Robert Woodward, J. C. Sticksel, Miss Gwen Brunson, all of Amarillo;

Miss Marietta Mallicote, Ft. Worth, Le Roy Bell, Abilene, Miss Gayla Craig, Austin, Mr. and Mrs. Adrian Helms, Waco, Mr. and Mrs. A. Meredith, Borger, Mr. and Mrs. Horace Shofner, Hartlingen, Mr. and Mrs. H. E. Strickland and daughter, Diana, Abilene.

A calendar is a thing. We take for granted its merciless marking off of time-into days, weeks and months.

Once a year, however, when the old year bows out and the new one comes in, it gets a more searching examination. Only then do we find the little nuggets of advice, aid or wisdom that some obscure calendar printer thought of special note.

Few calendars just quit when they reach December 31. Even those which show no recognition of the momentous fact that a year is ending will carry a reminder. "Call for XYZ-123 desk pad when refilling this holder." "Buy Brown Bantams in 1959." Or they offer the courtesy of a preview into January.

We find a real surprise in one that has stood on our desk all through 1958. An ordinary cardboard-back pad advertising an insurance firm, carries the usual last-month-this-month next at the top of each page. There is writing space for reminders by each date, with moon changes, holidays and the day of the year.

But hidden away behind the page for Dec. 29-to-Jan. 3, what a store of knowledge it holds! Weights and measures; banking tables; a ready reference calendar from 1753 to 1959; social security benefits; the population of the United States; how to remove stains; what to do about poisoning; what time it is in Berlin and Bombay when it's 12 noon in Washington, D. C.

An almanac of useful information has been at our finger tips throughout 1958. It comes to light a little late. But still we appreciate it. These bonus pages seem to say, even a calendar may pause and look back over the centuries, as Time's unending computer ups the ante by one figure this day.

CLASS OF 1949 ENJOYS

Mrs. Bill Hardin was assisted in hostilities by Mrs. Lewis Anderson for a social gathering in her home Saturday at a coffee honoring Floydada High School graduates of 1949.

The serving table was laid with a Christmas arrangement, flanked by candles in crystal holders.

Drying Grain With Heat Of The Sun

A practical way has been found for drying grain with energy from the sun. It is a relatively simple method of converting an unheated air grain-drying system into a heated-air operation with the necessity of artificial heat. Here's how: Begin by fastening plywood to the underside of the grain bin roof rafters, leaving an open space about five inches thick. Then paint the bin roof black. The roof absorbs the sun's heat and the 5-inch thick area collects it. Next, reverse the bin fan, pulling the warm air down through the wet grain.

What are the results? On a 70-degree day, with bright sunshine, temperature of the air drawn through the roof "heater" was about 85 degrees. The 15-degree difference is the key to the whole system. Each cubic foot of the 85-degree air takes about twice as much moisture out of wet grain as the same amount of 70-degree air.

If the sun doesn't shine, keep the fan running to cool the grain until it does. In tests, engineers dried shelled corn down from 27 percent to 14 percent moisture content with only 3 sunny days out of 23 that it was in storage.

Hauling Milk In A Bag A giant rubber-fabric container resembling an over-sized tooth paste tube offers big promise of cost saving for dairymen. Called "Seal-Tank," it has been developed by joint effort of the rubber, trucking and dairy industries, and measures 36 inches in diameter, 35 feet long and holds 3,000 gallons of milk. When empty, the container lies flat or can be rolled into a compact package.

Seal-Tank means that for the first time a dry-liquid two-way haul can be accomplished transporting dry cargo in one direction and liquid cargo on a return trip in the same standard trailer or truck. The upshot is that it converts thousands of trucks, railroad box cars and gondolas into a potential liquid carrier of milk.

"Bagged milk" may mean a saving in cost of getting milk to market. Since the milk can be hauled on the regularly scheduled run of a common motor carrier rates need only cover the actual cost of the milk haul, an estimated saving of 20 percent or more.

JAMES WILLIAM DRACE

Cattlemen Honor Inspector Drace For Long Service

FORT WORTH—James William Drace, field inspector for Texas and Southwestern Cattle Raisers Association in 22 counties in the South Plains and Cap Rock region, has been honored as December "Inspector of the Month" by the "anchors" organization.

Norman Mosser, DeKalb, president, made the announcement in the Association's monthly newsletter.

Drace, a resident of Lubbock, was cited for his 17 years of outstanding service to TSCRA members in Bailey, Castro, Cochran, Cottle, Crosby, Dickens, Fisher, Floyd, Ford, Haskell, Hockley, Jones, King, Lamb, Lubbock, Metley, Nolan, Parmer, Stonewall and Swisher counties.

He was described as the "personal envoy" of the more than 55 per cent of all cattlemen in the area who are Association members.

A third generation cattlemen Drace was born on the Matador Ranch, the son of Mr. and Mrs. Willie J. Drace. Prior to his employment with the Association in 1941, he worked on the Matador Ranch, the VVN Ranch in Farwell and the U R Ranch in Hachita, N. Mex.

With his father as a partner, he operated his own ranch before the war.

His wife is the former Correne Russell, daughter of Mr. and Mrs. J. E. Russell. Mr. Russell also served the Association as brand inspector for 29 years until his death in 1932.

Pastor Returns From Fort Worth

The pastor of the Bible Baptist Church, Bro. Gilbert H. Rhine and family returned from a week's stay in Ft. Worth and Dallas area. While he was there he preached the funeral of G. B. Baiton. He was a long time resident of Hurst, Texas.

He was a member of Hurst Independent Baptist Church which Rev. Rhine helped organize and also pastored.

The funeral services were held in Moore's Funeral Chapel in Arlington, Texas.

While Bro. Rhine was in Ft. Worth he attended their family reunion Sunday the 18th. There were 72 people present and only 5 of the Rhine family were missing. There are ten children in the Rhine family. Rev. Rhine is the youngest.

The Bible Baptist Church is having a special service this Sunday. They are asking all the people that are members to be present for all services this Sunday, and of course all visitors that would like to attend.

'Mr. Sam' Will 'Ride Herd' on Congress Again

When the 86th Congress convenes on January 7th, Sam Rayburn will take up the gavel he has wielded for a record-breaking 15 years as speaker of the House of Representatives.

The Texas Democrat has held the post almost twice as long as any other speaker. But two Republicans have caused some experts to rank it as the second most important office in the nation.

Henry Clay was the first to turn the office to political advantage. The speaker was simply an impartial moderator before Clay's election in 1811. But, according to The World Book Encyclopedia, the "Great Compromiser" used the office to argue so forcefully for the War of 1812 that it was called "Mr. Clay's War."

However, the speakership was transformed into a political tool almost as powerful as the presidency by Thomas Reed and "Uncle Joe" Cannon.

In 1890, Reed cracked down on the delaying tactics of minority groups by counting all members present - as a quorum - a number sufficient to conduct business - even if they did not vote.

The move earned Reed the nickname "Czar," but the Supreme Court later upheld the rule.

Reed's methods were starting point for Joseph who ruled the House like in the early 1900's. Once, after putting a vote, "Uncle Joe" declared ayes make the most noise naves have it."

Even some members of party rebelled. In 1910, Rick's Day, a coalition of and about 30 Republicans strip Cannon of much of the Revolution." Sam Rayburn of the formal authority to Cannon delegated to him.

He still has the important "eye," or the power of ing members who wish to the floor.

But most of his strength from an informal source discipline he can maintain er of the majority party in

Couple Observe Golden Wedding Day Christmas

Mr. and Mrs. Sam A. Henry of 1901 13th St., in Lubbock were honored on Christmas Day observing their Golden Wedding anniversary. No formal plans were made for the celebration but the presence of the couple's children and many friends made the day complete.

Relatives present for the occasion included Mr. and Mrs. Henry's daughter and her family, Mr. and Mrs. George W. Foster, Bill and Cherry Ann of Englewood, Calif., and their son, Mr. and Mrs. Sam A. Henry Jr., Nancy Ann and Sam Pat of Lubbock, Mr. Henry's sister and her husband, Mr. and Mrs. George Lieder of Amarillo, Mr. Henry's brother, Jack, Mrs. Henry and son, Jackie of Floydada.

Mr. and Mrs. Henry were married on Christmas Day, 1908, in Lockney. They made their home there until 1920 when they moved to Amarillo and lived there for four years. The couple moved to Lubbock Jan. 1, 1924 and have resided at the present address for 34 years.

Mr. Henry was born in Cane Hill, Ark., and has been associated with the Southwestern Life Insurance Co. since 1912. He is a member of the Kiwanis Club, and both he and Mrs. Henry are members of the First Baptist Church.

Mrs. Henry is the former Ann Fry. She was born in Campbell, Texas, in Hunt Co. She is the sister of R. E. and W. L. Fry of Floydada.

County Budget

(Continued from p. 7, page 8)

will go for items under the head of "Maintenance Costs." In 1957 Precinct No. 1 spent \$18,690.00 under this head. Precinct 2, \$21,394.74, No. 3, \$27,908.26, and No. 4, \$21,466.31. None of the commissioners in August, when they made up the budget, anticipated any heavy outlay for road machinery. \$2,000 being set up as the probable outlay in each precinct for this purpose. Break down of estimated "maintenance costs" in the respective precincts is as follows: Precinct One: Travel \$200, Labor, wages, \$10,000, material, supplies, repair, \$7,500, equipment operation, fuel, etc., \$5,300.

Precinct Two: Machine hire \$500, labor, wages, \$13,000, material and supplies, \$7,500, equipment operation, fuel, etc., \$5,000.

Precinct Three: Machine hire \$500, labor, wages, \$6,000, materials and supplies, repairs, \$12,000, equipment operation, fuel, etc., \$5,000.

Precinct Four: Machine hire, \$500, labor, wages, \$10,000, materials and supplies, repairs, \$10,000, equipment operation, fuel, etc., \$5,000.

Treasurer's Commission. Social Security deductions and insurance costs are allocated to the precincts on the basis of \$1,250 to \$1,500 each.

The budget the commissioners make up does not take into account the \$5,000 each gets from the state on the county and district road bond refund. In Precinct No. 1, the commissioner anticipates an end-balance of \$13,175, in No. 2 the figure is \$10,700, No. 3, \$250, and No. 4, \$3,975.

In Precinct Three an outlay of \$7,000 for note and interest is provided for and the same is true in Precinct No. 4.

Total tax rate \$1.40. In addition to the constitutional levy of 80 cents on the \$100 valuation in Floyd County a special road tax of 15 cents is collected. To this must be added 23 cents levied this year for special road bonds 1949 series, court house sinking fund 10 cents, and special road bonds, 1952, 12 cents.

making up a total of \$1.40, county-wide. The jury fund levy brings in about \$7,800 a year. This fund generally ends up with a balance at the end of the year of \$3,100 to \$4,000 which can be transferred to other funds. However, the levy must be made high enough to take care of outlays which cannot be foreseen to keep the "general fund" from having to take up the slack. The end balance this year is expected to be \$3,100. Estimated expenditures for this fund for 1958 was \$2,000 for petit jury fees, \$2,750.00 for court reporters wages, \$100 for board for jurors. The exact figures on any 1958 estimates will not be known until a round up of the county's affairs at the February term.

County Library Fund. The county library is financed with a 5-cent tax levy and other income of probably \$1,500. Expenditures this year are expected to be about the same with the experience in 1957 and 1958, according to the budget, as follows: Salaries \$1,500, fixtures \$200, Social Security \$125, payroll taxes \$50, telephone \$125, books, postage and office supplies, \$3,500, group insurance \$150, labor \$100, assessing \$125, treasury commission \$400, for a total of \$9,725.

The Sinking Funds. The tax levy this year is to gross \$92,000, the budget estimates. Of its amount debt service will require \$43,000 to retire principal due, and \$49,000 interest for a total of \$92,000.

Here are the bonded and warrant debts the county owes and the amounts to be retired this year: Funding bond series 1951A, outstanding \$10,000, to be retired \$2,500. General fund warrants, 1951, outstanding \$11,000, to be retired, none indicated.

Road and bridge refunding bonds 1947, outstanding, \$30,000, to be retired, \$8,750. Floyd County road bonds 1948, outstanding \$240,000, to be retired \$21,475.

Road and bridge funding bonds 1949, outstanding \$27,500, to be retired, \$9,425. Road and bridge refunding series 2, outstanding \$20,000, to be retired, none indicated.

Road and bridge refunding series 2, outstanding \$20,000, to be retired, none indicated. Court house bonds 1949, outstanding, \$10,000, to be retired \$1,212.23.

Court house bonds series 1951, outstanding \$36,000, to be retired \$2,736.25. Road bonds 1952, outstanding \$294,000, to be retired \$17,825.00.

Of the amount indicated "to be retired" \$43,000 is to apply on principal of the debt \$34,577.30 is interest. All the sinking fund accounts are indicated as current.

The court from time to time buys government bonds or commercial paper to effect some income on otherwise idle funds.

Roger Babson (Continued on page 10)

taining both higher income and better security. As inflation becomes more serious, only short-term bond issues other than convertible bonds should be held to maturity. Bonds should no longer be considered good "permanent" investments unless they are non-taxable or convertible on a reasonable basis.

The best investment policy during 1959 will continue to be a well-diversified portfolio of stocks, short-term bonds, and cash. Every conservative investor will keep one-third of his portfolio liquid, to have funds available in case of a sudden very severe drop in the stock market. This will come some day.

As the 1959 Congress has not accomplished more in correcting a host of the Teamsters Union, the 1959 Congress will do little to improve the labor situation. Therefore, invest in companies which will not be subject to strikes. Banks and utilities probably are the most nearly immune.

The Taft-Hartley Act will not be amended nor will labor's exemption from anti-monopoly laws be removed, until after the 1960 election. Labor leaders will get more and more power until with Russia's help they bring on a real depression.

Due to unemployment and the difficulty of borrowing funds for installing automation (automatic factories), the machinery industry will continue quiet during 1959. I now see no probability that either wages or retail prices will be "iced" during 1959 unless Russia threatens World War III.

Most wage workers will be more efficient during 1959, which should enable some managements to increase their productivity and profits. Executives will attend more strictly to business during 1959, retaining time spent on luncheon clubs, golf, etc.

Good building land on the proper side of growing cities will continue to increase in price notwithstanding a decline in suburban building. Small farmers holding such land should not now sell.

Small farms without any suburban possibilities may well continue selling to adjoining farmers if offered a fair price in 1959.

Large commercial farms with latest machinery should prosper during 1959, but small farmers may not do so well.

Pending a serious war, there will be no radical change in the Government's farm policy during 1959.

With less fear of serious war, the real estate situation in the larger cities may improve, but municipal taxes will increase.

Some suburban homes now owned by well-paid executives will come on the market in 1959, due to loss of positions or moves to other sections of the country.

Real estate mortgage money will be tighter in 1959 than in 1958. Furthermore, due to inflation, it will be worth less when due.

The demand for motels is largely satisfied, but there will be an increasing demand for very modern apartment houses, especially of the co-operative type. Old houses of all kinds will depreciate during 1959.

LARRY BURGETT

LONG DISTANCE Musical Serenade by Phone Brings Message of Noel

Mr. and Mrs. Z. A. Burgett were serenaded by long distance telephone Tuesday night of last week, the first experience of that kind they had ever had.

Larry, the only son of Major and Mrs. Eldon Burgett of the US Army. He is a member of the school band and has done unusually well as a student of the trumpet. His mother is the former Erma Dean Moore, eleven year old living at Fort Devin, Mass., gave them his rendition of Noel on the trumpet. The notes came through plainly and clear, the grand father reported the following day.

"When the telephone rang my son said 'Listen Dad.' Then the notes of the song began to come through. We heard them plainly. It thrilled the old granddad and the grand-mother as well."

Major Burgett enlisted in the army on January 7, 1941, and has been in the service continuously since. The family make their home on the base at Ft. Devin, where the major is presently assigned.

Tennessee Family Pays Holiday Visit to Floydada. Mr. and Mrs. Clifton McLain and Michael, Timmy, Tommy and Stephen and a neighbor boy, Billie Tilson of Memphis, Tenn., arrived Dec. 20, to spend Christmas with Clifton's parents, Mr. and Mrs. J. T. McLain and his brother, Hollis and family and others. Leaving for home Saturday Dec. 27.

Others present part of this time were Mr. and Mrs. Roy N. Tyler and son, Johnny of Amarillo, Mr. and Mrs. J. E. Brown, Vicki and Jo Deane of Lubbock.

Clifton and family spent most of the time at his brother's as their mother left Saturday night, Dec. 13, and fractured some ribs and was badly bruised. She is much improved but still suffers a great deal.

J. B. Jenkins Death Poor. J. B. Jenkins is pretty well confined to his bed of late. His condition is not too bad, Mrs. Jenkins said Tuesday, but he has been in poor health the past month.

Feeling a little better Tuesday, Mr. Jenkins was able to sit at the table for lunch, but hasn't been able to stay up any great length of time.

Mr. and Mrs. Phillips is resting fairly well in the Plainsview hospital and clinic where she underwent major surgery early last week. The ill woman is not allowed visitors as yet, her husband said Tuesday.

Range of Activity Marked Agents Efforts in 1958

The Home Demonstration Clubs have had a short recreation session at nearly all club meetings. The county 4-H Clubs have recreation at their meetings. The county school clubs because of the lack of time.

One of the July Home Demonstration Club meetings was set aside for crafts. Each club planned what ever crafts they wanted to make. Crafts that were worked on this year were wood fiber flowers, aluminum trays, and plaster of Paris patterns.

Club members in each club taught the crafts. The women enjoy this and it is planned for next year's program also.

Small Grains

Wheat is one of three of our important crops. 138,000 acres of our allotment for 1958 25,000 acres was put in the wheat acreage reserve. 40,000 acres was planted with the intention of irrigating and 73,000 acres of dryland wheat.

Because of adequate rain all of our crops were not irrigated. The planting of improved and lead resistant varieties is our chief goal. A demonstration set up on the Roy Hale farm in cooperation with the Bushland Experiment Station provides the County with the latest information on Barley, Oats, and Wheat varieties.

A fertilizer demonstration was set up on the Harry Morckel farm but due to combine operators' misunderstanding no yields results were obtained.

Fla beetles have been a major problem on seedling wheat this fall. Field meetings and newspaper articles have been used to acquaint the farmers with identification and control of this insect.

Another variety demonstration has been planted on the Roy Hale farm and 2 fertilizer demonstrations will be conducted during the year.

Soil fertility is being developed as we become more conscious of the needs of our soils. Encouragement from the Extension personnel in soil building is one of our long time goals for increased production at lower cost.

In cooperation with Burlington Lines an annual Soil Fertility day is held. At this meeting specialists, farmers, and top speakers are brought in for an interesting and informative program. The agents find that meetings of this type offer new ideas and encouragement for taking care of our soil.

News articles and on the farm demonstrations are used in showing benefits of cotton burs, legumes, and barnyard manure to crop production. Rotation programs and stubble mulching are developed and encouraged with the assistance of the Soil Conservation Service.

Each year the Extension Service, Soil Conservation District, Chamber of Commerce, and Service Clubs sponsor a soil tour. Conservation practices are viewed first hand, with each farmer telling his soil conservation story and benefits derived from such a program. Three Hundred individuals participate and benefit from these soil tours.

An outstanding conservation farmer is selected each year in the County to help promote soil conservation. Ernest Lee Thomas of the Blanco Community was selected in 1958.

Plans are under way to develop more demonstrations on use of soil building practices and benefits derived from these programs. Demonstration on summer legume.

will be conducted to let the people of the County see many of these legumes.

Swine Production
There is much interest in Floyd County in swine production. Many farmers are looking for better ways to sell their Grain Sorghum and with plentiful supplies swine production works in well with our type of production.

Problems in swine production are those of improved management and improving the quality of our breeding stock. With the assistance of specialist T. D. Tankerley, Dr. Pat Wooten and Dr. C. M. Patterson, and the agents toured commercial and breeding herds in Floyd County. A meeting was held in the afternoon of all people present.

The agents have encouraged carcass evaluation at all times and two breeders, Dale Laceywell and R. C. Mitchell of Lockney entered barrows and boars at the A&M test station. These breeders were very dissatisfied and discouraged on the results and the way the animals were handled.

The backfat probe has been used as one of several standards in selecting replacement breeding stock. Three demonstrations on the Dale Laceywell farm, Bill Goode farm and the R. C. Mitchell farm have been conducted. These animals have probed better than expected and this program will be carried out each year.

Plans are under way to carry out a meat certification program in 3 of the herds. A swine field day is planned sometime in March or April and it will include a carcass contest and other items of interest. This field day will be held in connection with Hale County.

Encouragement of all registered and commercial producers in using proven meat type individuals in their herd will be continued. Demonstrations of backfat probing will be conducted to use as one standard in identifying meat type strains.

Weed Control
This is one of our biggest problems at the present time. Bindweed infestations are found throughout Floyd County. Land with heavy infestations of bindweed has gone down in value from \$100.00 to \$150.00 per acre.

The agents main goal is to carry on an educational program by all methods to prevent spreading infestations and to eradicate and control bindweed infestation, already present.

With the help of farm organizations and interested people Floyd County is now organized in a Weed Control District with a full time weed supervisor, Douglas Dege, Floydada, Texas is serving as our Weed Control Supervisor.

A program of education has been initiated to develop the use of the District by farmers in eradicating and controlling bindweed. Plans have already been made and treatment begun by the District for bindweed control. The weed supervisors coordinate the control with the farmer, Commissioners, Court, Railroads, and Texas Highway Department in treating infestations.

With the assistance of the Extension personnel, the Weed Supervisor is placing bindweed demonstration, throughout the county to be used as educational aids.

A County wide meeting to be held some time this spring is being planned on weed control. Speakers and farmers will be used on the program. The Weed Control District will be a valuable aid for the controlling of noxious weeds in Floyd County and the Extension personnel will cooperate in carrying out the program of the district.

Vegetable Production
Vegetable production in Floyd County was 5,000 acres this past year. The main vegetable crops being grown are onions, lettuce, carrots, cabbage, cucumbers and bell peppers. Small acreages of other crops were also found. There is expected a leveling off of vegetable acreages in the coming years and more stability among producers.

Marketing is one of the big problems in our area and many producers are dropping out because of this factor. The agent has held two meetings with the help of special set on marketing and production practices.

There are two co-operative marketing associations and Robert W. Cooper, organizational Specialist has met with them and contributed greatly to the organizations. Demonstrations on varieties and fertilizers have been conducted to help producers select the best varieties and fertilizer combinations for our area.

Lime Decker, an onion producer from Floydada carried on a fertilizer demonstration. The top yield resulted from 100-100-0 applied in a band under the onion before transplanting with a yield of 715 bags per acre. The farmers standard production practices of 150-90-0 applied before transplanting and two side-dressings of nitrogen yielded 325 bags per acre. If this practice proves effective in years to come fertilizer cost will be reduced and the pos-

AUSTIN - As a news-making year, 1958 lacked the lid-blowing scandals and sensational headlines that erupted from the Capitol in '56 and '57. But it was a momentous year in many ways. Elections. Recession. State treasury bankrupt. Much talk of new taxes. The Texas Research League, the Hale-Aiken Committee. Required reports came from the Board of Water Engineers. Higher Education Commission and Legislative Council. All in all, 1958 was a year of surveys, a time of critical self-examination. All the research reports made lengthy stories, little headlines. Few are complete stories. Most will be continued into the turbulent Legislative year of 1959.

Crosbyton Death Is Attributed To Heart Failure

Mrs. Lucy Mayfield, 63, wife of Howard Crosbyton, of Crosbyton, and sister-in-law of O. G. Mayfield of Floydada, was buried yesterday afternoon following funeral rites in the Crosbyton Church of Christ.

Mrs. Mayfield was found dead by her husband Sunday night around 8:30 near the Club Cafe, which the couple operated. She had complained of feeling ill at the cafe and had left to go home.

Later Mr. Mayfield went to the house to check on his wife. Not finding her, he returned downtown and found her car upon a curb where it swerved out of control after she suffered a heart attack.

Mrs. Mayfield had been in ill health for sometime and had undergone surgery about a month ago. The family had been residents of Crosbyton since 1956.

Survivors include the husband, a son, Horace of Oklahoma City, two daughters, Mrs. Tressie McPherson of Clovis, N. Mex., and Mrs. Sybil
