LIPSTICK LOGIC

Any woman who spends time under a hair dryer should be reminded that other women within earshot, don't have their heads in sacks. The desire to speak louder, because the electric blower affects her own ability to hear, often leads to funny business.

Not long ago I watched a woman with two small children take turns chasing, feeding, consoling them and sitting under a dryer for more than half an hour. As she left the shop, I observed to the beauty operator, "Those children are just plain bad!" This amused her far beyond its real humor. Later, maybe just to warn me, she declared the woman had overheard the remark. Fortunately I had added, "She's a good mother, too. I watched her."

She then recounted other incidents which had created tense situations. A regular customer once sat and watched a large woman wearing slacks come and go. "That woman has no business wearing pants! She hasn't the figure for it," the customer observed as the door opened. The slack-wearer, a sensitive soul, returned the next day in great distress. Only the tact of the attendants saved strained relations.

In another case, a customer was overheard to exclaim, "That young woman is just too skinny! She ought to do something about it." Seems the slender woman wasn't a diet addict at all; she just couldn't gain weight. A tearful session again resulted. Sitting under a hair dryer is at best a boring occupation. And it's perfectly natural for the victim to entertain herself by watching others. But the safest way to prevent mayhem is to keep her own counsel while doing it.

MRS. KENNETH EUGENE MAYFIELD (Miss Mary Elma Moreman)

Man-Mayfield Repeated At Hill Chapel

Hill Chapel, on the Texas State College campus, was the scene of the wedding of Mrs. Mary Elma Moreman, daughter of Mrs. L. A. Rushing, Moreman and Tucson, Ariz., to Kenneth Eugene Mayfield, son of Mr. and Mrs. E. M. Mayfield of Floydada.

The ceremony was read by L. A. Doyle of Port Neches, Texas. The wedding march was played by Mrs. Glenn Dowlen, who accompanied Mrs. R. E. Goetz, cousin of the bride. The bride sang "Entreat Me Not to Leave Thee." While the bride was kneeling at the altar, Eloise of Canyon, cousin of the bride, sang "The Lord's Prayer." The altar was decorated with Hanukkah candelabra and Christmas trees decorated with red and white ornaments.

red and green ornaments. Arrangements of red carnations and white stock placed on the altar completed the floral decor.

Attendants to the bride given in marriage by her father, were Mrs. Andy Moreman, sister-in-law of Bentonville, Ark., matron of honor, Misses Jean Ruley of Lake Charles, La. and Barbara Kay Myers, of Canyon. Bridesmaids, Patricia and Kenneth Lee Moreman of Bentonville, niece and nephew of the bride, were flower girl and ring bearer. The attendants gowns were green and red tulle. They carried white muffs accented with corsages of red carnations, silver balls and leaves.

The bride wore a gown of ivory peau de soie and chanted lace which extended into a chapel length train, made by her mother. She wore a pearl necklace, a gift of the groom, and carried a cascade arrangement of stephanotis, centered with a white orchid on a Bible given her by an aunt, Mrs. E. M. Myers.

For something blue, the bride wore garters, and for something old she wore a gold band ring of her grandfather S. L. Rushing, and carried a white linen handkerchief of the grandmother of the groom, for something borrowed.

Sidney Muse, of Amarillo, was best man and the groomsmen, who also ushered, were Hoyt Kenmore of Wilcox, Ariz., and Bobbie McGuire of Floydada.

Following the ceremony, the bridal party was feted at a reception in the home of Mr. and Mrs. E. M. Myers. The brides' table was centered with a silver candelabra holding white tapers set in red maline and streamers ending with red carnations. A tiered wedding cake was served with coffee and hot wassail.

Assisting at the reception, were Mrs. F. A. Pierce, aunt of the bride, Miss Fani Kastopoulou, of Athens, Greece, and Tucson, Ariz., Misses Gladys Armstrong, Elizabeth Cox and Mildred Carter of Canyon, Mrs. Katherine Cardwell, Bertha Patton and Cleo Haynes of Lubbock.

A buffet supper for the wedding party and guests was served in the F. A. Pierce home, after the reception.

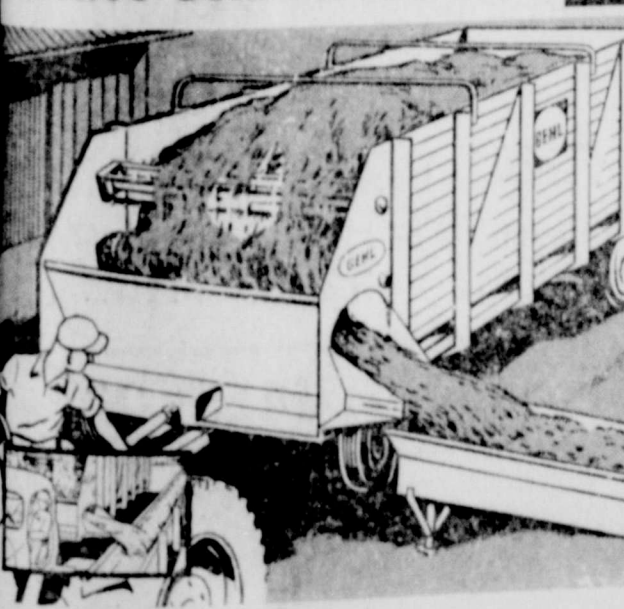

Following the reception, the couple left for places in New Mexico. Mrs. Mayfield traveled in a willow green wool ensemble with mink collar and mink hat made by her mother, and wore alligator shoes and carried an alligator purse. Her corsage was the white orchid she carried in the wedding.

The couple will be at home in Tucson, where Mrs. Mayfield is on the home economics staff in the University of Arizona, in the nutritional research laboratory. Mr. Mayfield is an instructor and technician at Davis Monthan Air Force base.

Fabulous Prize Awards Slated For Checkers

All of the checkers at Piggly Wiggly today had a chance for a free trip to Atlantic City this spring, perhaps another vacation in Hawaii or Florida, and to wear a mink stole this fall.

H. E. Humphries announced the super market firm had entered all its checkers in the Checker of the Year Awards, an annual event sponsored by Super Market Institute and the National Cash Register Company.

Each year the institute conducts a search for the girl in each company who is most representative of the best checker in the super market industry. First, checker queens are chosen for every state, territory and foreign country. Ten finalists will be flown by United Air Lines Mainliners to the Super Market Institute Annual Convention in Atlantic City May 24-27, where the Checker of the Year will be chosen. She wins a mink stole, luggage, clothing, silverware, various other prizes, and a two-week all expense-paid tour of Hawaii.

The second and third-place winners receive vacations at the Hollywood Hotel, Hollywood, Florida.

Davis and Humphries will conduct its company promotion throughout the eighteen Piggly Wiggly and D & H Super Markets during the month of January. Customers will be asked to vote for their favorite checker during that period. The company winners will receive cash awards.

The event is not a beauty contest; the checkers are judged on customer courtesy, efficiency, neatness and cash-register accuracy.

Checkers entered in the awards list in the Floydada Store of Piggly Wiggly are Hazel Bradley, Cecelia Jones, and Ora Sparks.

A large crowd gathered at 7:30 o'clock and enjoyed games of dominoes, forty-two, canasta, samba and jigsaw puzzles until midnight when fireworks were set off to proclaim the new year.

A midnight breakfast consisting of sausage links, eggs, miniature rolls, butter, preserves, coffee and hot chocolate was prepared and served by Mrs. Hale, Snodgrass, and Holmes.

Pressing Demand Seen For Homes

Records of the city of Floydada show that fourteen new families have moved to Floydada since December 1.

City Hall personnel and the Chamber of Commerce are also experiencing an unusual situation for January. At a time when available housing usually becomes more plentiful, additional calls for homes during the first week in January have made the placing of families most difficult. City and Chamber of Commerce officials say.

There was only one vacant house in Floydada on Tuesday of this week, records at the City Hall indicated.

New families which have moved to Floydada include:

Perry Smith, 230 West Mississippi St.

Martin Garza, 302 East Tennessee St.

News of Broadway

BROADWAY, Jan. 6—Sunday School and church attendance was fair Sunday, even though it was so cold about half of the folks could not get a vehicle to start. Boy, cold, did you say, believe it has really been that all right.

Wednesday visitors with Marshall Berry were Henry Giles of Lubbock, Ronnie Sikes and Tommy Thornhill.

Yvonna Marley gave a party assisted by her parents, Mr. and Mrs. Elsie Marley, Friday night of last week honoring Mrs. Harold Trull on her birthday. Quite a number of young people attended as well as a few adults. All report a wonderful time.

Friday night supper guests in the T. E. Thornhill home were Mr. and Mrs. Kelton Winegar and Karen, Mr. and Mrs. D. D. Thornhill, Mrs. Delma Norris, Bob and Sandra, Mrs. Lizzie Winegar, Mr. and Mrs. A. L. Winegar, Robert, Georgia Ann, and Harvey and Miss Linda Heminline. Mrs. and Mrs. L. Winegar and Georgia Ann took Harvey back to Base the last of the week. He was being sent to Ft. Leonard Wood, Mo., to attend Engineering School.

Boy Santa was really good to the boys, the way we understand it. Christmas morning there was a new Pontiac in their garage.

Mrs. Delma Norris and children, Bob and Sandra of Big Spring, visited from Wednesday night to Sunday night in the D. D. and T. E. Thornhill homes.

Mr. and Mrs. Ben Beckham came home Saturday after a two weeks trip. They visited relatives in Tennessee that Mr. Beckham had not seen in 32 years. They also visited in Oklahoma, Arkansas and Mississippi while they were gone.

Mr. and Mrs. Charles Thornhill of Kerritt came up Saturday and stayed until Sunday night with his parents the D. D.'s. Other Sunday visitors of the D. D.'s were Mr. and Mrs.

Bill Patterson On All-State Roster

Bill Patterson, star end on the Floydada Whirlwind football team, was this week named to the sports writer's class AA all-state team. With 51 points Patterson was third among ends named and was placed on the second team.

Don Kidd of Spur was the only other player to make the first two units. Kidd received 41 points and was named as second team center.

Honorable mention went to Duane Griffith of Lockney and Lane Tannahill of Abertamy.

The poll taken from daily news sports writers over the state seldom does much justice to Panhandle boys because of the scant number of dailies in this area. Many times central Texas boys receive a large number of votes playing on teams that have no more than 50-50 records.

To receive as much as honorable mention on the selections is considered quite an honor by boys from this area. Patterson and Kidd are both seniors.

Mr. and Mrs. Barry Rosson and family, and Gayle and Gaye Rosson have returned to their studies, the twins at Tech and Barry at North Texas at Denton, after spending the holidays here with their parents, Mr. and Mrs. R. B. Rosson.

Mr. and Mrs. Norman Host Wedding Party At Rehearsal Dinner

The Fiesta Room of Del Camino at El Paso was the scene for the dinner following the rehearsal for the wedding of Glad Lynn Norman and Patricia Junker. Parents of the bridegroom, Mr. and Mrs. Lewis Norman of Floydada were hosts for the occasion. Lt. Col. and Mrs. Harry Junker of 5532 Joyce Circle, El Paso, are parents of the bride.

A T-shaped table was laid with a cloth of fuchsia, the bride-elect's chosen color. Place cards identical to the bride's prayer book and bouquet were used. White chrysanthemums in bouquets were flanked by white candelabra. Miss Junker appeared for the dinner in a soft wool jersey sheath with a shoulder corsage of white carnations.

Those present were members of the wedding party and out of town guests. Mr. and Mrs. Glad Snodgrass, grandparents of the bridegroom from Floydada, and Mr. and Mrs. Edd Johnson, uncle and aunt of the bridegroom, also of Floydada.

Attendants of the couple at the dinner were Mrs. Roger Ortiz of Houston, matron of honor and sister of the bride-elect, Miss Donna Ledgerard, Oklahoma City, Miss Elizabeth Houts, Fort Worth and Miss Susan Dacey of El Paso, all bridesmaids.

Don Norman, brother of the groom, who was best man, Dorman Turner, and Robert McGuire, Lubbock, Robert Stovall, Floydada, all groomsmen.

A champagne toast was given to the couple by Dorman Turner. Gifts were presented to the attendants during the dinner, after which the bride-

EDITORIAL VIEWS AND COMMENT

Big Time At Austin. Next Tuesday begins a new session of the Texas Legislature, another period of activity among the solons at the capital city, exhilarating to those who like the political game, the pull and tug, the intrigue, of the legislative session, where either (1) one gets done what he wants done, or (2) prevents somebody from doing something that he feels shouldn't be done. Out of it all also may come personal political good fortune or ill. It is an exhausting experience, this business of a session of the legislature, for those who participate. Believe it or not, the legislative hopper gets so full before the end of a session one has to depend on his cohorts to keep up with developments anent the various measures. This is especially true if a member happens to be tied up in committee on something controversial. A legislator has long, hard hours. He finishes a session exhausted, and often frustrated. There are many men of many minds in the legislature and among the lobbyists who want something of that body of men.

Blast His Hide. We get jealous of a man who can get the job done, as slang saying goes. Not envious by any means. A big automobile, or an eye-filling diamond ring leaves us cold. We're not impressed. Peculiarly we often see neither. Blind spot perhaps. But the occasional man whose activities range the continent—we just wonder. For instance, Jay Taylor. We see where he is owner of Amarillo Livestock Auction Co., Western Stockyards, Baker & Taylor Drilling Co., Farms and ranches in Texas and New Mexico; president of Baker & Taylor Drilling Co., Isthmus Development Co., (operating in Old Mexico); director of Southwestern Bell Telephone Co., The First National Bank of Amarillo, Texas & Southwestern Cattle Raisers' Association, Fort Worth & Denver Railway Co., Boys' Ranch, Texas Research League, Texas Fund, Mid-Continent Oil & Gas, Association, Texas Law Enforcement Foundation, Halliburton Oil Well Cementing Co., Member of Bankers Club of Mexico, The Saddle & Siroin Club, the Chicago Club, Amarillo Club, Amarillo Country Club, Petroleum Club of Fort Worth, New Mexico Cattle Growers Association, Panhandle Livestock Association and trustee of the Eisenhower Exchange Fellowship. He also holds other titles. How does he and others do these things? We have no idea.

Civilization means a society based upon the opinion of civilians. It means that violence, the rule of warriors and despotic chiefs, the conditions of camps and warfare, of riot and tyranny, give place to parliaments where laws are made, and independent courts of justice in which over long periods those laws are maintained.

—Winston Churchill, Blood Sweat and Tears
It may make a difference to all eternity whether we do right or wrong today.
James F. Clarke.

We'd give a lot to know how to be successful that way—that is, really successful, and able to accomplish so much good. But talent doesn't come in every package. Most successful publishers we know of were Hearst and that earlier one Benjamin Franklin. We've never been an admirer of Mr. Hearst. Franklin had all the money he wanted by the time he was 40 years of age. Seemingly, he couldn't make any mistakes financially. Making money was such an easy chore for him that he quit and spent the last 45 years of his life in public service. He left many bequests, one of which was to the City of Philadelphia, which he loved dearly. It was a trust fund that "came due" a few years ago, more than a hundred and fifty years after he had passed on.

Takes Your Breath. An early riser usually gets credit for being sorter funny. A late, late getter-upper also has to take joshing from his friends, the medium hour risers furnishing the balance. Reminded the other day of a thing early risers never forget but go weeks and months without mentioning—the beautiful mornings they witness, sometimes an awesome one. Instance, an occasional breath-taking picture painted by the mirage, a much different thing to the shimmering mid-day spectacle. Cloud formations and sun glow also make patterns of beauty that linger long. Mirages occasionally show the trees in Blanco Canyon to an observer standing flat-footed in Floydada, and brings the picture of a distant tall building right up to the confines of the back pasture. This wry trick of nature is somewhat awing, even knowing it isn't so.

Annual income twenty pounds, annual expenditures nineteen six, result happiness. Annual income twenty pounds, annual expenditure twenty pounds ought and six, result misery.

Friendship, peculiar boon of Heav'n,
The noble mind's delight and pride,
To men and angels only giv'n,
To all the lower world denied.

—Samuel Johnson, Friendship: An Ode
And the night shall be filled with music,
And the cares, that infest the day,
Shall fold their tents, like the Arabs,
And as silently steal away.

—Longfellow
When a man's knowledge is not in order,
The more of it he has the greater will be his confusion.

—Herbert Spencer
In seasons of tumult and discord bad men have most power; mental and moral excellence require peace and quietness.

F. O. Kenneth Rimmer, who has been in training as a bombardier in the West Coast command, has shipped out since Christmas to a combat area according to relatives here. Indications are that he is headed for a European port.

J. A. Jameson reports that someone is getting careless with high-powered rifles, probably due to the fact that shells for shotguns are getting scarce. Anyway a big bullet whanged its way mighty close to himself and a helper in the harvest field one day this week and he could hear the sounds of others.

Mr. and Mrs. M. R. Grubbs have moved back to Floydada to make their home after living in Garza County for the past few years. Mr. Grubbs is employed by Loopers Grocery.

Mr. and Mrs. W. M. Dorsey returned home last week from Clovis, N. Mex., to which place they were accompanied by Mrs. W. B. Eakin and daughter to attend last rites for W. C. Erwin, father of Mrs. Dorsey.

Mrs. Morgan Wright has learned that her son, Sgt. Clyde Wright, petrol store keeper at an Amer. Army Bomber base in England, has received the certificate of merit.

Change of business ownership of more than a passing interest in Floydada last week was the purchase of Miladies Shop by Geo. M. Finkner from Mrs. C. A. Tatum, formerly Mrs. A. J. Welch.

After three years in the Southwest Pacific, Bruce Blankenship is back home for a rest and has been visiting his parents at Quitaque. He was here last week visiting the W. H. Brock family with whom he lived for some time before entering the service.

Center News

(By Mrs. J. E. Green)
CENTER, Jan. 5 - We've had clear but cold, cold weather since Friday, ranging from zero Sunday to 21 degrees today.

Servos at Center at zero was a new record. Just four of us there, but when did Center ever have anything with weather that cold? We are glad it was a clear, sunny day at this time-as always-West Texas weather is unpredictable, nearby.

The Frank Demos returned home last matweek for a visit to Alva, Okla., with Frank's relatives. They report a good time and plenty of snow.

Mr. and Mrs. Doc Ryman and family left Friday morning for home at Sweeney after spending the holidays with her parents, the J. E. Greens.

Friday evening the Greens visited the D. I. Beldings.

Due to the extreme cold water pipes have been frozen in various parts of town and country the plumbers are busy.

There is some sickness around. The Thomas Warren's baby boy has had a severe cold, but is better now.

Mr. T. M. Noland, a long time resident of north of Center, passed on early Sunday morning in a Lubbock hospital after a long illness.

Funeral services were set for Tuesday. Our sympathy is with the loved ones, his children and grandchildren.

Sunday dinner guests of Mrs. W. M. Jackson were her sisters and husbands, Mr. and Mrs. A. E. Fritzel and Mr. and Mrs. Leo Fritzel.

Sunday dinner guests of the Greens were Brother Bob White and Pat Patterson, Wayland.

It has been so cold evidently everybody is staying home today, but talking to their neighbors, for the lines are all busy.

Attend church Sunday.

CARLSBAD HOLIDAY GUESTS
Mr. and Mrs. C. M. Norris and family of Carlsbad, N. Mex., were in Floydada during Christmas week to visit their parents, Mr. and Mrs. W. J. Wilks and Mrs. C. M. Norris. Other guests of the Wilks family were their two other children, Dennis Wilks and family of Wheeler and Mr. and Mrs. Robert Day of Floydada.

92nd Birthday Of Mrs. Jetton Is Gala Event

Mrs. Sara C. Jetton was honored Sunday in a gala celebration at her home on her 92nd birthday. Hosts for the occasion were Mrs. R. G. Dunlap and Mrs. Rene Vesny, who received guests and assisted in serving.

A white birthday cake decorated with pink letters, "Happy 92nd," graced the table laid with a white cloth.

Punch was served from crystal appointments.

Those present were entertained briefly by Mrs. Jetton talking of her early day experiences, and of her childhood days when she and her family lived in the Oklahoma Indian territory.

Mrs. Jetton was married to her late husband in 1893. He passed away in 1935 in Floyd County. The couple had lived here since 1912.

Mrs. Jetton has five children deceased. The three remaining are Mrs. T. E. Duke of Tulsa, Mrs. Marie Vesny of Floydada, but who was in California at the time of the celebration and A. W. Jetton of the home.

A spry and pert woman, Mrs. Jetton does very little living in the past. She is well adjusted to the modern day and times and takes to TV like a youngster. Her health is perfect. She is no pill taker, she says, and has to take no medicines.

The only drawback is her hearing. She wears glasses with a hearing aid, which helps some. Her TV is fixed with a portable loud speaker that sits next to her chair on a small table.

She is a member of the Cedar Hill Baptist Church but has ceased attending, due to her hearing.

Mrs. Jetton still does gardening, does her own ironing, her sewing and has good eyesight for anything she undertakes to do. Her life is quite active and she usually keeps herself busy.

She remarked Sunday, "I have no marriage plans at present."

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN—Holidays are over, but Austin is entering another period equally festive, active and exhausting for participants.

Tuesday (the 13th) the 56th Legislature convenes, bringing hundreds of new residents to the Capital City for five or six months or more. Their arrival steps up demand in many areas - for rent houses, hotel rooms, catering services, typewriters and stenographers.

A week later comes the inauguration of Gov. Price Daniel, with a parade, swearing-in ceremony, capitol reception and a multitude of balls and special parties.

Thereafter, if the usual pattern continues, there'll be more social activities for and by the visitors. Legislators wives, separated from

home-town friends and, often, from their husbands by long hours of debates and committee hearings, form their own luncheon clubs.

Many organizations send delegations to Austin during the session. These groups - over breakfasts, luncheons, dinners, barbecues or maybe just coffee - meet with their legislators to tell them their special woes and hopes.

Even school children come by the busload to supplement their civics studies by observation.

Last session, a period of uncomfortable concern over ethics and lobbying, saw a dropping off in the lawlessness of party-giving for legislators. This round may be even more grim and business-like. Lawmakers will face staggering problems in trying to pull the state out of debt and find money for new needs. No group would want to appear too flush lest it be seen as a likely target for legislation.

Whatever the social leanings of the lawmakers - for champagne in crystal goblets or coffee in paper cups, their activities give Austin its liveliest, newest months. One frequent gallery-sitter, with no particular legislative interest, said he came regularly because a session provides him absolutely free - the excitement of a football game the fervor of a revival meeting and more education than a year in the University.

Some events and issues on which interest is likely to focus immediately.

SPEAKERSHIP of the House of Representatives still is in doubt. Even those who claim it's "sewed up" know that pledges can come unhitched. There'll be a big crowd on hand to find out whether the secret vote hands the gavel to Waggoner Carr or Lubbock or Joe Burnett Jr. of Kerrville. Secretary of State Zolite Steakley will preside at the suspenseful opening session.

After the speaker is picked, attention will shift to committee assignments - who'll get the top jobs. There's also speculation as to how well members who've fought each other so hard in the speaker's race are going to get along afterward.

MONEY gets top billing on almost everybody's list of legislative problems.

Governor Daniel's recommended budget calls for spending \$2,311,434,336 during 1939-40. An extra \$185,000,000 in new tax revenue would have to be raised to cover it and wipe out the current deficit.

Overall, the governor's budget is a 10 per cent increase over present spending. Almost all the increase, he pointed out, would go to meet a growing population's need for basic state services - education, highways, welfare and hospital and correctional institutions. Governor Daniel said he had found "no public sentiment for reducing these services."

Not included in this budget are several items for which there is certain to be demand, such as teacher pay raises and medical aid for persons on the welfare rolls.

EDUCATION, on all levels, will be a breath that many will try to stir. For public schools, the Hale-Aiken Committee of 24 is presenting a lengthy report on ideas for improving programs. Included are more pay for teachers, longer school terms, special instruction for the gifted, driver education, etc. Total cost of the additions would be \$60,000,000 a year for the state, about \$22,000,000 a year for local districts.

Both the Commission on Higher Education and Governor Daniel have recommended increased appropriations for state-supported colleges and universities. Both also recommended Arlington State College be made a senior college.

Not happy with these are (1) University of Texas officials who regard the UT appropriation share as too meager and (2) residents of three other towns, who also had wanted their junior colleges expanded.

HIGHWAY bills will abound. Seen as likely are proposals to (1) allow the Highway Commission to set higher speed limits on new divided highways, (2) restrict billboard advertising on new interstate routes, (3) prohibit location of utility lines on highway right of way outside of

cities and (4) prohibit car owners' registering their cars in counties other than where they live in order to escape auto property tax.

SAFETY legislation both to punish the guilty and train the innocent, has wide-spread support.

Recommended measures would (1) allow chemical tests for drunkenness, (2) increase the State Highway Patrol, (3) strengthen traffic courts, (4) provide state aid for driver education in public schools and (5) overhaul the drivers license law.

WATER law will again be in the news when the State Water Board presents its report to the Legislature with the recommendation that \$5,000,000 be spent on water planning in the next five years.

Texas lost hundreds of millions in this decade through drought and uncontrolled floods. The Board noted it suggested planning directed toward capturing for use some 20,000,000 to 25,000,000 acre feet of the 42,000,000 acre feet estimated to be available in the Gulf from Texas.

SMALL LOAN COMPANIES likely will be the center of some heated legislative debate as they have been in the past.

Texas Legislative Council has suggested a law giving the State Banking Commission authority to police the small loan industry and a constitutional amendment to allow the Legislature to fix interest rates.

INSURANCE will, as usual, be the subject of a few bills. Probably the most controversial will be a measure to provide for "flexible auto insurance rates," as opposed to the present state-set rates. Legislative Council declined to endorse this, but suggested the Board of Insurance work on a plan to reward careful drivers.

Several proposals are likely to emerge in an effort to resolve present uncertainty as to whether the Board of Insurance should operate full-time or part-time.

As we enter into the New Year 1939 may we take this opportunity to extend best wishes to each and every one of you for a good year. Among all the gifts bestowed in 1938 our most valued one is your friendship and good will. So, may the New Year 1939 hold for you, abundantly, the things that make life worth while.

A New Year Meditation
I stood on the border of the land of 1939. The immigration officer asked to see my passport. When he saw that I was a citizen from the land of 1938 who had been granted the privilege of a sojourn in the new land, he turned to the inspection of my baggage. While he looked, I turned back toward the land from whence I had come. As I remembered the pleasant times and the good friends I'd had I felt that the time had been much too short but then I remembered my failures and my mistakes and turned toward the new land with hope for a better tomorrow.

The immigration officer who promised to make your journey safe but they always lead their followers into dead-end trails and impassable chasms.

"Then," said I, "I would like the True Guide."

The officer replied, "But your baggage contains many of the wrong things. The True Guide cannot lead you if you insist on taking these things. You must discard this prejudice, this selfishness, this indifference, this thoughtlessness and your fears."

"But," said I, "those were the things I found every day in the old land. I'm sure I shouldn't be able to get along without them."

"The choice is yours," said he, "you must discard these things or follow one who is not the True Guide."

I asked, "where may I find replacements if I discard these familiar things? Must I retrace my steps and find others?"

"Nay," he answered, "you may not return but if you will go to the foot of yonder cross, you will find tolerance to replace the prejudice, concern for others to replace the thoughtlessness and selfishness, a devotion to replace indifference and a faith to take the place of your fears."

I took my luggage and went with faltering steps to the cross. I touched my possessions lovingly for I was loathe to part with those things which had become so much a part of me. At last I managed to cast aside some of each but I held on to a part of them. The replacements

must needs be small because those things to which I clung took up space. As I rose in uncertainty, I saw my Guide and forgot my regrets as I looked into his eyes so filled with compassion.

"I could not cast away all my baggage," I said in shame.

"Come," said he, "as you travel along with me perhaps you will be able to cast aside more. The paths will be difficult but I know the way and I will never leave thee nor forsake thee."

A peace that passed understanding and a joy unspeakable filled my whole being as I stepped with confidence after my guide into the path to the unknown land.

Days such as the ones we are having now make us, as homemakers, really appreciate the clothes dryers and the other appliances we enjoy so much.

Today, a woman who makes a career of managing her home and rear-

ing her children is a homemaker, not an old-fashioned housewife. Modern electrical appliances, Modron about this revolution. Opinions differ as to what household appliance has contributed most to promote this change from housewife to homemaker, but the automatic clothes dryer is definitely included in the answer.

DRYER HINTS: A dryer works best when not overloaded. Clothes look better, feel better, and iron more easily if they are not overdried, so take clothes from the dryer as soon as it stops to keep them from becoming wrinkled.

Day of Activity Planned Area Farmers And Wives

John Deere Day, to be held January 13 are nearly according to Gene Collins, Deere Dealer. High spot of the day will be a special color film program at Palace Theatre.

There are plenty of music and variety acts, too, in the John Deere Day show. Everyone will enjoy the numbers put on by the John Deere Singers and Dancers. The Mid-States Four, nationally known quartet, will present some close "barbershop" harmony as well.

For the unusual in music, there's Will Mahoney. This performer makes music with his feet, by actually dancing on the xylophone. Another professional is George Johnstone, magician. John Deere Day guests will have some surprises when this entertainer unfolds his tricks. A straight-jacket escape, featuring "Max the Magnificent" promises to be one of the most talked-about acts.

In addition to the film program, Gene Collins says there will be free coffee and doughnuts at the store for all guests from 9 a. m. until show time.

Mr. and Mrs. M. O. Custer Jr., of Midland were in Floydada during the Christmas holidays to spend several days with her parents, Mr. and Mrs. O. G. Glassmeyer and other relatives.

Zero Weather Is Tough on Firemen

Firemen of Floydada were called out at 5:30 Sunday morning in below zero weather to extinguish a blaze twelve miles west of town on the Tom Snead farm place. A small rent house and a barn were completely destroyed.

The fire was thought to have started in the house where a Latin American lives alone, then spread to the barn. A few items in the barn were lost but a pickup was gotten out before the blaze became too severe. The C. M. Millers, who live on the Snead farm, discovered the fire.

Firemen had a little trouble fighting the blaze due to the bitter cold and to hamper things more, water tanks and the hose froze.

During the day Sunday sirens sounded for firemen to return to the department on a service call to thaw out the frozen equipment to ready them in case of another fire.

Legislation For Texas Department Of Agriculture

Improvement and updating of existing state farm laws is first on the agenda of requests to be made of the Texas Legislature early in January of the new year.

Chief among these suggested improvements are proposed amendments to the Texas Egg Law to provide for increased license fees for egg handlers and the addition of a license fee for retailers who are presently licensed without charge. These fees are needed to make enforcement of the law more nearly self-supporting.

Another proposed change is the Texas Weights and Measures Law, administered by the State Department of Agriculture. It calls for fees to be paid for accuracy tests and regulation of large commercial scales. Commissioner John C. White said

South Plains

(By Mrs. Chester Hidalgo)
SOUTH PLAINS, Jan. 5 — Most people wished they had gone south with the birds this year as sub-zero weather arrived in our vicinity Friday and Saturday night. The cold readings were no doubt similar to the weather that made the early settlers adopt such phrases as, "The only thing between here and the North Pole is a barbed-wire fence" and "Someone left the back gate open." At any rate, almost everyone was glad to hear of a most-welcomed warming trend.

Cold weather was directly responsible for the fire which resulted in the loss of a windmill and overhead tank at the E. W. Newton farm. The water pipes were frozen, and when Mr. Newton lit a fire to thaw them, the windmill caught fire as did the supports of the overhead tank. The tank was crushed when the supports gave way. For a time the Newton home was threatened but neighbors brought all the water they could carry so the fire was confined to the windmill and the overhead tank.

The sub-zero temperatures kept Sunday School attendance down this week. Thirty-six were present and the one visitor was James Teague of Floydada. The Study Course that was to have been held this week was cancelled because of the cold weather. Rev. Gillispie and family have returned from Lamesa where they spent the holidays.

With Christmas vacations drawing to a close, college students are returning to their campuses. Mr. and Mrs. Ronnie Upton and daughter returned to Canyon Saturday where Ronnie is enrolled at West Texas State College. Also enrolled at West Texas State are James Alton Higginbotham, Eugene Beedy, and Kendis Julian. They returned to Canyon Sunday. Donita Milton also left Sunday for Lubbock where she is enrolled in Draughon's Business College.

Jack Reeves, who teaches in the Denver School System, and Larry Smitherman who is enrolled in the Art Institute at Denver attempted to drive to Denver Saturday morning. When they reached Amarillo the road conditions were too hazardous to continue so they returned home. Mr. and Mrs. Raymond Reeves and Mr. and Mrs. Phillip Smitherman drove there to Clarendon Saturday night where they took the train for Denver.

Mr. and Mrs. Roy Childress returned to Plainview Sunday. Mrs. Childress is a fourth grade teacher in College Hill Elementary School which is located in the west part of Plainview.

Whatever happened to the windmill?

Old "High Lonesome" has virtually disappeared from the rural scene along with the wood stove, cistern and kerosene lamp, swept into obscurity by rural electrification. They are remnants of a romantic past. In their place is the new way of life that electricity brings.

No one can say what electrical marvels the future holds. But hundreds of thousands of rural Texans know, operate, and enjoy are equal to the task. With nearly quarter century's experience behind them, these elements of democracy, if unhampered, can continue the great service for which they were founded. *Rural Electrification*

EDITORIAL:
SCHOOL LIFE FOR FHS STUDENT IN RUSSIA
(By Sonja Guffee)

Taking an imaginary trip to Russia to visit a school there, an FHS student would find many different things. Upon arriving at a school, the first impression would be the same as if it were a school in the United States. The buildings resemble ours; however, the set-up is quite different. The Soviet Union elementary and high school education are combined into a ten-year school system. This system resembles the United States twelve-year system in only two respects: both are coeducational and both provide education up to college level. Everything else about Soviet school life is strikingly different.

The Soviet child enters school at the age of seven and finishes high school at the age of seventeen. He goes to school six and one quarter hours a year, six days a week, and spends six hours a day in class. During the ten years of schooling, the Soviet pupil studies the following: Russian language and literature, mathematics, physics, astronomy, chemistry, history, geography, biology, psychology, USSR Constitution, history of the Communist Party, drawing and art, technical drawing, singing, handicrafts, and sports.

At home as well as at school, the Soviet boys and girls lack many of the advantages that we students of FHS take for granted. One such thing is the choice of elective courses in school. In a Soviet university or institute, the number of class hours that a student normally takes averages 1224 per year, compared with 720 in American colleges.

The student in Russia works very hard in school to be able to stay there. If they do not meet certain standards, they are sent to work in mines and factories where they do hard manual labor; whereas in the US everyone is entitled to education.

Average students of FHS would find school life in Russia rather hard compared with our own. We students of FHS, should ever be thankful for this wonderful country we live in and for the many opportunities we have.

Named South Team
The 210-pound junior, forward player to get All-South Plains honors was chosen recently by the Lubbock Aviators. Last year, Ronnie Williams was named to the team. This year, he was named to the team. Williams is a member of the team. Williams is a member of the team. Williams is a member of the team.

Williams Is Gold Star 4-H Student
(By SUE RING)
Everyone has noticed a certain lively blond junior whose initials are Sue Williams. Does everyone know everything about her though? Give a listen.

Sue has received the highest county honor that can be received. She is a Gold Star Girl. She received this honor as a result of her outstanding work on projects and records, her qualities in organization, and her leadership. She has been in 4-H for just one year, though. She has been a member of FFA and has been for three years. She is an office girl at the high school and was in the Chorus at junior high. In the eighth grade she won the County Spelling Bee. She is a member of the National Honor Society of Floydada High School and received Departmental Recognition in English.

Sue has preferences like most people. The head of the list is, of course, Leon. Sue also thinks pretty highly of fried chicken.

She especially likes sewing and ceramic painting. To be a secretary is one of her ambitions. She plans to go to some nearby business college.

Seniors Splurge Big On Pictures
(By Estella Wyatt)
Members of the 1959 senior class have purchased a total of \$934.40 worth of pictures from the Marquis Studios of Enid, Okla.

The girls bought \$508.00 worth of pictures compared with the boys \$445.60. The average amount paid by each individual for his or her pictures was \$18.26.

Linda Withers purchased \$30.90 worth of pictures. Johnny Brown paid \$48.95 for an amount totaling \$48.95 the most for any boy or girl.

Students had a choice of six different price groups ranging from \$12.95 to \$29.95. An extra charge of \$2.00 was required for tinting. Bill and by 10's were offered. A variety of frames were offered also.

CHICO FROM OKLA
(By Grace Ann Potts)
A new addition to FHS is a freshman named Chico Bridges. Being 6 feet 3 inches tall, he will really add to our basketball team. He comes from Antlers, Okla.

His first impression of our school was that he would like it and he does! He has two brothers and three sisters. His favorites are basketball, football, Chevrolet, TV westerns, Ag and P. E., and western music.

He has his best times when he is squirrel hunting or fishing.

FHS FACTUALS
Maryann Odum now weighs 11 after the holidays. Lyndel Spens 1954 etc. is teaching accounting on a fellowship scholarship at Texas Tech. Dennis Wilks, 1954 grad, is teaching vocational agriculture in Sunray, Texas. Fran Hopper is married and living at Stinnett.

Birthdays coming up January 9: Kenneth Jay, Jan. 11: Sherry Alexander and Barbara Darden. Tuesday, Jan. 13: Karen Goen and Carroll Sims.

Ann Word has the object of every girl's affection—a ring (and we mean a senior ring). Charles Carr's means senior ring. Charles Carr's the lucky man.

Which Is The School For You

(By Marisue Burselen)
A recent survey taken among the graduating seniors of 1958 shows that over 50 per cent of them began one form or another of higher education this spring. This shows an example of the trend for a better and extensive education that the American youth have taken.

If one prefers a very small college (with an enrollment ranging from 501 to 1,000), there is a variety of schools in Texas and Oklahoma which one might like to attend. To name a few, there are Wayland, Murray, Howard Payne, Midwestern, Hardin-Simmons, and Rice, listed in their respective orders, enrollment-wise. Wayland has the smallest average cost per year and Rice the largest.

For those who are more social minded and prefer a little larger college, ranging from 2,289 to 7,461 enrollment and average cost per year from \$21 at Texas A & M to \$1,200 at SMU, he might choose one of the following: Abilene Christian College, East Texas State, West Texas State, Texas Western, Amarillo College, Baylor, SMU, North Texas State, Texas Christian University, and Texas A & M. Texas A & M has the largest enrollment and Abilene has the smallest of this group.

The three larger colleges to be mentioned are the University of Oklahoma, University of Houston, and the University of Texas. The University of Texas has the highest average total cost per year for students, \$1,500. SMU and the University of Houston are running a close second with \$1,200.

To give you an idea of the cost of going to college, these 1957 figures are given below in order to show that one can find a college suited to his own individual personality and needs educationally. Out of the 72 junior and seniors colleges throughout Texas and the other innumerable campuses of our nation, if one really wishes to learn, he can surely find a suitable place for obtaining an education.

Abilene Christian College enrollment 2,289, avg. tuition cost \$400, avg. room and board cost \$332, avg. total cost (1 year) \$940; Amarillo College enrollment 4,916, avg. tuition cost \$121, avg. room and board cost \$300, avg. total cost (1 year) \$821; Baylor U., enrollment 5,200, avg. tuition cost \$450, avg. room and board cost \$355, avg. total cost (1 year) \$1,009;

East Texas State enrollment 2,363, avg. tuition cost \$133, avg. room and board cost \$309, avg. total cost (1 year) \$639; Hardin-Simmons U. enrollment 1,266, avg. tuition cost \$420, avg. room and board cost \$500, avg. total cost (1 year) \$920;

Howard Payne enrollment 963, avg. tuition cost \$385, avg. room and board cost \$500, avg. total cost (1 year) \$885; McMurry enrollment 992, avg. tuition cost \$400, avg. room and board cost \$300, avg. total cost (1 year) \$960;

Thespians Dine At The New Cafe
(By Audie Adkins)
Rogers Restaurant was the place of the 1958-59 Thespian organization's Christmas party on December 17.

At a regular meeting the motion of exchanging gifts was voted down. The menu was planned by the group ahead of time.

The presentation of a Christmas gift to Mrs. I. T. Graves, sponsor, was made by the vice-president, Audie Adkins.

After the dinner of broiled steak, potatoes, beans, and bread, several members of the party, along with the sponsor, attended a movie at the Palace theater.

Members of the society included these officers: Jerry Crawford, Audie Adkins, Suzi Rene, Dennis Walker, and Beth Scott. Other members attending were: Marisue Burselen, Cleo Adams, Sally Parks, Helen Foster, Lois Ann Glover, Jane Tye, Sally Redd, Sarah Carey, Billy Don Colston, and the pledge, Jay Holmes.

"A bride wears white," said the speaker, "as a symbol of happiness, for her wedding day is the most joyful day in her life."

"And why do men wear black?" someone asked.

"For goodness sake, use both hands," shrieked Fleeta in the audience. "I can't," said Wayne. "I have to steer with one."
