## Eleven Junior High Track Teams to Meet Saturday

### Freshman Division Also Will Help Make Contest A Full Day

The Floydada Lions Club sponsored Junior High Track Meet will be held Saturday, March 21, starting at 9:00 a. m. Also in connection with this meet will be a freshman track division that will fill in to make a full day of racing and field events.

In the junior high division there are 11 teams entered and competition will be between schools from Crosbyton, Hale Center, Idalou, Lockney, Olton, Post, Petersburg, Ralls, Slaton, South Plains, Spur and Floydada. Several of these same schools will also be entered in the freshman division.

### Tulia Hornets Take First In Invitational

The Tulia Hornets walked off with the first annual Whirlwind Relays Saturday taking the team trophy with 32 points. Tulia placed first in four events and tied for another first. Their team placed in nine of the twelve events held to win the team victory.

Runner-up was host Floydada which came in second with 24 points. The Winds took three first places, one second, two thirds and tied for two other thirds and a fourth.

Bill Patterson the Whirlwind ace hurdler won the high point man trophy with 12 1/2 points which came on a first in the high hurdles, first in broad jump, third in long hurdles and a four-way tie for third in high jump.

Patterson had the misfortune of losing the low hurdles. He fell on the last hurdle and lost a long lead and a possible 19 flat for the event. So long was his lead he was able to get up from the ground and still place third in the event. His other hurdle time in the 120 high is apt to stay in the record book a long time as he posted a wind-aided 14.25.

Though Saturday was a windy, dusty and miserable track day there were a good number of fans and a big field of entries with 22 teams represented. Some good marks were posted in most events with the high wind aiding some and slowing others.

The dashes and hurdles all were run with the wind with the 440 and longer races around the track having to face the wind on the back side of the oval. Officials lost their marks at one time in the sand storm and ran a 210 yard dash instead of the regulation 220 but all entries had a shot at the short sprint and no one was hurt by the mistake though it can not go in the record.

As yet the pupil committee of the First Christian Church has not selected a replacement.

Rev. W. D. Reaves, who for the past five and a half years has pastored the First Christian Church here, has accepted the pastorage of the Central Christian Church at Elgin, Tex.

Rev. Reaves came to Floydada from Quanah. Since taking charge of the Floydada church, 103 new members have been added to the roster. Rev. Reaves and his wife will prepare to make the move in April. He is to assume his duties at Elgin on May 1.

## Floydada School Board Has Economic Index Problem

Floydada Independent School District is getting into a financial squeeze that has the board of education worried.

What to do about it and how is the problem they face, a problem which they are airing to the people of the school district.

Changes in the "economic index" used by the Texas Education Agency in determining the amount of state funds and the amount of local funds assigned to the district for operating the schools is the direct cause of the situation the school faces.

Burgeoning gross agricultural income in Floyd County since 1955 is working in reverse for the Floydada District, which has had practically a static local income based on a \$1.50 ad valorem tax rate on real and personal property in the district.

In the years since 1955 the assignment from the state has decreased steadily while the assignment to local funds has correspondingly increased. Thus, in 1955-56 the local assignment was \$43,200. This year it is \$65,320. For 1959-60 the local assignment is \$73,038. The increase which the district must raise 1959-60 is thus shown to be \$29,838. The increase in local revenue, due to the addition of Sand Hill district and the natural increase in values has been only \$14,859. It figures out this way:

The increase in local assignment ..... \$29,838.00  
Less the increase in local revenue, ..... 14,859.00

Leaves, ..... 14,979.00 which the school district will lack in receiving as much revenue in the coming school year as it did five years ago, unless the difference is made up locally.

On the other side of the picture the district has about 150 more pupils than it had five years ago and the cost of practically all equipment, school buses and other school facilities have advanced in price.

The increased cost of operating the schools with less money from the state makes a situation which the school district will lack in receiving as much revenue in the coming school year as it did five years ago, unless the difference is made up locally.

On the Campbell ranch over 200 volunteers from Matador, Floydada Dougherty, and Crosbyton fought the blaze and kept it from spreading. The fire started near the Q A & P Railroad tracks about 9:45 p. m., Thursday. Fighters fought the powder dry grass with wet sacks but were hampered by strong westerly winds.

On the local scene a fire Saturday morning put the television set of Rex Brown out of commission when it caught fire. Very little other damage was reported in the blaze.

The Vance Campbell pasture fire started up in a way to stage an old-fashioned spectacular, but there are just too many people now-a-days for a prairie fire really to do its stuff.

Campbell estimated the first of this week that 200 people or more may have joined in the battle against the grass-consuming flames. In the old days, with fewer fire fighters the blaze would have whipped right on 13 miles down to Roaring Springs, taking all the grass and vegetation in its path.

Principal reason for calling the newspaper office was to express his appreciation to the fire department of the towns which sent equipment to help extinguish the fire. Campbell said, and thanks as well to scores of others who helped save his grass range. He was working under pressure and the fire fighters were scattered over a wide area, so he has no idea who all may have helped.

The fire was 100 yards to a half mile wide. Incidentally, Mrs. Campbell was suffering from an allergy and the couple left Tuesday morning for Oklahoma City to consult a specialist about her condition, as he took time out to call the newspapers.

Ten miles southwest of Silverton a fire Saturday night destroyed a fire brooder house and killed an undetermined number of chickens in the Allen Kellum farm. Winds up to 40 miles an hour buffeted the blaze. Estimated damages were set at between \$600 and \$700.

Here in this county, Lane Decker lost a well house and an irrigation motor was damaged in the high winds Saturday. Parts of the building which housed the motor were blown nearly a quarter

## Scores Fight Campbell Fire

Approximately 200 acres of rich grazing land lay charred this week after a prairie fire in the Vance Campbell pasture 15 miles southwest of Matador Thursday night and Friday morning.

Other points in the state, mostly up in the Panhandle were hit by grass fires on Saturday during a blinding dust storm.

## Stock Show Grosses More Than \$31,000

Happily banks, gins and elevators of the county swallowed the bits and ran away with the Junior Livestock Show auction sale last Wednesday afternoon, closing the three-day event with a flourish of spirited and high bidding.

Gross sales were \$31,944.06 for 237 animals left out of 345 animals which entered the show Monday morning. Premium paid the boys and girls of the 4-H Clubs and FFA chapters, totaled \$19,181.64 above the floor bid market.

The grand champion steer a 912 pound whiteface, at \$1.05 a pound, grossed George Willis, the exhibitor \$957.60. The reserve champion, a 953-pound Black Angus brought Larry Golden at 80 cents per pound \$770.40.

Johnny Lewis' 199-pound grand champion barrow brought him \$1.02 per pound; David Mitchell's 94-pound and 86 pound champion lambs brought him \$2.10 and \$1.90 per pound respectively, in the fine wool and medium wool classes. Mike Shurbet's 111-pound Southdown went at \$2 per pound.

It remained for Duane Griffith of Lone Star, to break the price barrier and set a record that may be there to shoot at for many moons, when his 101-pound lamb, down toward the closing minutes of the sale, brought \$3.50 per pound, to gross him \$353.50.

Below are detailed the sales giving first name of the exhibitor, the weight of the animal, the price per pound, the gross price and the buyer, in that order:

George Willis, grand champion steer, 912 lbs., \$1.05 per lb., \$957.60 First State Bank, Petersburg.

Larry Golden, reserve champion steer, 953 lbs., \$.80 per lb., \$770.40 First National Bank, Lockney.

Johnny Lewis, grand champion barrow, 199 lbs., \$1.02 per lb., \$200.95, First National Bank, Lockney.

Stanley Abbott, reserve champion barrow, 216 lbs., \$.85 per lb., \$183.60, First National Bank, Lockney.

## Add King's Name To Hole-In-One List of Golfers

Add to the list of Hole-in-One immortals on Floydada Country Club's golf course the name of J. R. (Skinny) King.

King did it on the No. 2 green Tuesday afternoon, playing in a foursome with David Ramirez, W. B. Winn and Thurmon Battey. At 120 yards King used a No. 7 iron. The shot looked good all the way, his compadres said.

King had a good day, with a 39 card on the first nine and an almost as good 41 on the back nine.

List of golfers who have fired a hole-in-one shot on Floydada Country Club course is a short one. It was King's first since he has been playing.

### Wicks-Jamerson Wedding Vows Said Friday

Miss Mary Helen Wicks and James Hunter Jamerson exchanged wedding vows in the First Methodist Church at Ralls Friday evening in a candle-light service performed by the Rev. Hubert Bratcher of Pampa.

The bride is the daughter of Mr. and Mrs. L. A. Wicks Jr. of Ralls, and Mrs. A. J. Jamerson of McCoy community. She is a graduate of Plainview High School and is a member of the church. The groom is the son of Mr. and Mrs. W. E. Jamerson of McCoy community. He is a graduate of Plainview High School and is a member of the church.

The double-ring ceremony took place before an arch formed by baskets of white stephanotis, flanked between pots of silver-sprayed leaves and tall glowing white tapers. A white satin covered kneeling bench centered the wedding scene.

Piano accompaniments were played by Miss Judy Henry of Ralls, and soloist was Miss Katie Ramsey of Brownfield. Wedding selections were "The Lord's Prayer," "Heavenly" and "Always."

Given in marriage by her father, the bride wore an original gown of chantilly lace over satin, styled with a short train and fashioned with a long torso coming to a point in front, a sweetheart neckline, and sleeves extending to petal points at the hands.

Her fingertip veil of French silk illusion was caught by a pearl crown and she carried a bridal bouquet of white orchids laid on a fan edge in blue, which belonged to her late great grandmother. The bride also carried a handkerchief that her late grandmother, Mrs. L. A. Wicks Sr., carried at her wedding fifty years ago.

Mrs. Walter Gillon of Lubbock was matron of honor. Bridesmaids were Miss Betsy Lyles of Ralls, Miss Barbara Campbell of Ralls, and Mrs. Helen Shoemaker of Leveland, sister of the bridegroom. Carol Jamerson of Bovina, and cousin of the bridegroom, was junior bridesmaid.

Feminine attendants were attired identically. Each wore a baby blue nylon dress with organza underskirts. A darker blue cummerbund accented the waistlines, tied at the back in a bow. Cap sleeves and a boat shape neckline completed their ensembles. Their bouquets were formed from white mums tied with blue streamers.

Joe Wheeler of Ralls served as best man. Groomsman were Bob Woodard of Lubbock, Don Chastain of Plainview, Eugene King of Becton, and L. A. Wicks III, junior groomsman, brother of the bride. Ushers were Preston Wilson and Robert Ayers of Ralls.

A reception in the church followed the wedding. The bride's table was laid with a white cut-work cloth and held the attendants' bouquets, and the bride's cake. The silver service used was a gift to the church in honor of the late Mrs. L. A. Wicks Sr.

Mrs. Bill Wicks of El Paso presided at the bride's book and serving were Misses Sammie Wicks of El Paso, Sally Jane Ayers of Athens, cousins of the bride, and Susan Cooper of Ralls. Assisting in the house party were Mrs. C. D. Hendricks, and Mrs. Tommie Lyles of Ralls, and Mrs. Lawrence Davis of Floydada.

Following a wedding trip to Phoenix, Ariz., the couple will make their home in Ralls. The bridegroom will be engaged in farming in the McCoy community.

Mrs. Jamerson is a graduate of Ralls High School and attended Texas Tech. Her husband graduated from Idaho and also attended Tech.

It was made known that all who are interested in A and B Certificates of the Order are asked to meet each Tuesday of the week at 9 a. m. in the home of Mrs. M. J. McNeill.

The announcement was also made of the Eastern Star School of Instruction which is to be held at Plainview on April 16.

Following adjournment a social hour and refreshments were enjoyed by those present.

### Brownies Make 'Easter Trees'

Brownie Troop 2 met Thursday, March 4, in the home of Mrs. Jimmy Willson. Mrs. Ralph Thayer is leader of the Troop and is assisted by Mrs. Willson and Mrs. M. J. McNeill. Twenty-one members were present for the afternoon.

The projects for the day were Easter trees made by the girls. Each was made by individuals from silver sprayed leaves, cut out butterflies and tiny Easter eggs. The troop plans to take them to hospitals and shut-ins during the Easter holidays. Troop 2 will meet again next week for further advancement, the study on Girl Scouting.

### REHEARSAL DINNER HOSTS

Mr. and Mrs. A. J. Jamerson were hosts at a rehearsal dinner Thursday night at Trade Winds Restaurant at Ralls for the bridal party of their son, James Jamerson and his future bride, who were married on Friday evening at the Ralls Methodist Church.

Center pieces of pink, blue and white carnations were formed on the T shaped table at which 32 guests were seated.

Mrs. J. G. Martin returned home Sunday from Amarillo where she spent the week-end with her two brothers, Frank and Truett Butler and their families.

Among recent visitors in the home of Mr. and Mrs. M. C. Fuqua was their daughter, Mrs. Estelle Sheible of Dallas.

### Films of Pretty Gardens Shown At Garden Club

"Gardens I Remember" was the roll call used in a meeting Friday afternoon of the Floydada Garden Club in the home of Mrs. R. E. Fry. Mrs. E. J. Morehead, assisted as hostess.

"The kiss of the sun for pardon; the song of a bird for mirth; we are nearer God's heart in a garden, than anywhere else on earth."

These words were carried out in pictures of the beautiful garden shown on film by Mrs. Grady Walker and narrated by Mrs. Morehead, who toured the gardens on a recent trip across the U. S.

Flowers of various colors, shapes, forms, and fashions were pictured in the scenes and Mrs. Morehead's talk was most helpful and informative to members in their studies.

Mrs. B. A. Robertson was in charge of the short business meeting which followed. Mrs. Bill Beesly, recently voted into the club, could not accept membership, and Mrs. L. T. Wood was voted in as a replacement.

Members disclosed a float to be used in the Old Settler's parade and plans are shaping up to enter one sponsored by the Garden Club. They also agreed to participate in wearing costumes prior to the celebration.

Present for the meeting were Mrs. E. L. Angus, Grady Walker, B. A. Robertson, J. G. Martin, J. P. Moss, Wilson Kimble, O. M. Watson Sr., E. F. Stovall, Tate Jones, R. L. Kendrick, John Hoffman, D. T. For loving help and sympathy shown us by so many friends at our time of grief we would like to express our gratitude. We were comforted so by your kindness. Your thoughtfulness during the illness and death of our loved one, will remain with us all our days.

### W. P. Nicholson Is PTA Speaker

W. P. Nicholson, principal at Andrews Ward School was speaker Wednesday afternoon for the monthly meeting of the Parent Teacher's Association at which Mrs. M. J. McNeill, president, presided.

Nicholson spoke on the subject "Does the IQ identify all gifted children?"

Following the talk Mrs. Emily Potts showed slides of the recent teacher's meeting in Lubbock and of the 56th Legislature and bills that are pending in the session. I. T. Graves, superintendent of schools, spoke briefly on school finances.

During business Mrs. McNeill made the announcement that the Spring Conference of the PTA would be held at Plainview at the high school on April 14. She also announced that the filing cabinet to hold films for the opaque projector of the school had arrived and that the metal shelves for the library were due to arrive any day.

A nominating committee was named which will be headed by Mrs. Tom Snead. Assisting her will be Mrs. A. L. Wylie Jr., and Mrs. Emily Potts.

Room 2-A taught by Mrs. Homer Guffee, was room count at the meeting. PTA will convene again in April on Wednesday the 14th. Mrs. Jimmy Willson will have charge of the program.

Now we HAVE heard of everything... an electric toothbrush! Removes the drudgery from brushing teeth," scientists say. Soon all Junior will have to do is... but you know the rest. Electrical time - savers are already jamming the household closets. To get around this problem, inventors and testers of the electric toothbrush don't plan to release it for general sale until they figure out a way for Junior's brush to be detached so Sister, Mummy and Dad can use the same motor.

Now as we see this one, the owner of the teeth still has to go to the bathroom lavatory, get his brush out of the holder, put some soap or powder on it, put it in his mouth, and hold the handle. Only actual saving of energy is in the up-down-and-around motion he makes with his wrist as he cleans his molars. This is offset by the additional time it takes to yell at Junior to come take his brush off the holder or the next fellow can use it, then attach one's own brush and plug in the device.

Furthermore, the only interesting phase of brushing teeth, ever, as far as we're concerned, was the vigorous motion of swabbing down the enamel and getting that clean taste in one's mouth after meals. The prospect of transporting germs from the rest of the family by way of a community holder doesn't seem much more attractive to us than borrowing another's toothbrush.

We're still waiting for ad writers to wake up to the fact that America suffers from psychology. We call pampering. About half the problems in our current society appear to arise from the fact that much of the zest has gone out of everyday living because it's all too custom-made.

An electric toothbrush, indeed.

### BUYING A POWER MOWER SOON

Initial cost isn't the only thing to consider. When price is cut 'way down, something has to give. If you have to replace a mower in a year or two because it is short on quality or you can't get adequate service, it adds plenty to your initial cost. We want you to get the most for your money in quality, dependability, service life. ### Homemaking Hints

(By Phyllis Roggendorff County Home Demonstration Agent)

The Stock Show kept everyone here so busy last week that we didn't have time to write a news article.

We don't know yet how much money the concession stand made for the 4-H Clubs but think it will help a lot in paying expenses for the Achievement Banquet.

We really appreciate the help given by 4-H leaders and parents on running the concession stand. Our thanks especially to Mrs. Tom Porter, Mrs. Bill Colston, Mrs. Doyle Mount, and Mrs. Chester Mitchell who worked as a committee to plan and secure the food for the stand. Others who helped run the stand were:

Mrs. Bill McNeill, Mrs. Howe Hines, Mrs. Ruth Daniel, Mrs. Roy Blodsoe, Mrs. James Jeffress, Mrs. Zant Scott, Mrs. Glen Poole, and Mrs. Henry Bollman. Thanks also to all 12 Home Demonstration Clubs who provided home made pies to sell.

### SHOES

Although the pointed toe continues to predominate, the news in shoes is the oval toe. This shoe is slender in profile and gently rounded at the toe. In general toes are tapered but not needle-pointed. One manufacturer has developed a new squared off toe. This shoe is slim with the very tip of the toe squared off. Heels are slender, high and mid-high. Patent leather is still a spring and summer favorite. A new crack-resistant finish for patent leather has been developed. This improved leather has a deeper luster and can be washed with soap and water without harmful effect.

Before you go shopping, decide the purpose of the shoe you are to buy and stick to your plan. There are lots of beautiful colors in shoes this spring but decide before you buy if colored shoes will be practical for you. Shop for a shoe that is correct in fabric and color for the dresses or suits you will wear them with.

The street, travel or business shoe should be tailored and of a durable material. Select a mid-high heel in a pump, one strap or dress oxford. The material may be polished calf, kid, reptile or patent. Shoes for church and afternoon wear can be a little more dressy than those for street, travel and business. Kid, patent, or fabric may be worn. Either a high heel or mid-high heel should be selected.

For casual and spectator sports, choose a medium high or low heel. The height and shape of the heel may depend upon the individual, occasion, and the costume to be worn.

Shoes for informal parties and

after five occasions are high heels, in pumps or sandals. For the person who can not wear high heels, the mid-heels may be worn.

### RICKY HOLLAND PASSES IN EAGLE SCOUT WORK

Ricky Holland, 14 year-old son of Mr. and Mrs. T. L. Holland, has completed his Eagle Scout work and will receive that award in ceremonies soon.

Last Thursday afternoon Ricky went before a board of review on his scouting work. Members of the board were Jim Word, Edward Wester, Ed Bowles, Jimmy Willson, Judge J. D. McBrien and A. E. Baker. Ricky is another example of the excellent scouting program which has been carried on in Floydada for the past several years.

### Cancer Group Makes Plans For Crusade

A group of the Floyd County cancer association met Tuesday night in the Lighthouse Electric to discuss plans on the coming Cancer Crusade in this district. Mrs. Bill Hodel of Lockney, Cancer Crusade chairman, called the meeting, but was unable to be present.

Phil Payne of Lubbock Field representative for the American Cancer Society, was on hand to help the group in their organizing.

More meetings are planned and much is to be done with two or three more officers to be selected before the start of the crusade drive in April, according to Lon Davis, District Director.

Inaugurates Memorial Fund  
In response to numerous requests from families and individuals, the American Cancer Society has inaugurated a memorial fund to which families and friends of cancer victims may contribute, according to Mrs. Bill Hodel of the Floyd County Unit.

"The Memorial fund has been established because so many families and individuals have sought a way to commemorate a loved one who has died of cancer," Mrs. Hodel said. "Contributions made in memory of a friend or a member of the family are acknowledged by the American Cancer Society and a memorial card is sent to the family stating that a memorial has been received and giving the name of the donor. These contributions may be in any amount."

Continuing Mrs. Hodel said, "Memorial funds are used to support the Society's three-fold attack on cancer through research, education and service."

"Although the major source of funds for this program comes from the Society's annual April campaign, memorial funds received throughout the year are becoming of increasing importance to the Society as more families and individuals become aware that they can contribute in the name of a loved one to the ultimate victory over this dread disease."

"The American Cancer Society is deeply grateful to individuals and families throughout the county who are using this practical means of assisting the Society to carry on the fight against cancer."

"Memorial funds should be sent to the American Cancer Society, Floyd County Unit, Floydada," she added.

### Cantrell Adding Another Office

More new business establishments are springing up in Floydada, the latest being an office for Dr. Keith C. Patzer, located next door south of the new Mathis TV and Appliance building, on Highway 70.

The building is being erected by Floyd (Keith) Cantrell and Patzer will be owner. Cantrell has plans for two more buildings in the same block adjacent to Patzer's building. These two will be leased, it was learned.

Patzer's clinic will contain 900 square feet of floor space and will have modern improvements throughout. Moving date in April, probably about 15th, Patzer said.

### Lakeview Club Adds 2 Members

Two new members, Mrs. Gene Johnson and Mrs. Charles Johnson, were added to the roll of Lakeview Home Demonstration club at a meeting on March 12th in the home of Mrs. B. P. Neff.

Mrs. Clifford Helms, president, heard from Mrs. Wm. Bertrand of the Consumer Buying committee and Mrs. Weldon Hammonds, finance committee.

Mrs. Q. D. Williams gave a brief talk on the Booktable followed by an informative report on vocational nursing by Mrs. Verlon Wright.

Mrs. Wesley Gentry was in charge of the recreation period. The hostess served refreshments to the above mentioned and to Mrs. R. L. Nichols, Milton Harrison, L. W. Johnson, Louis Pyle, T. W. Flenniken and Mrs. Earl Edwards.

The next meeting will be on March 26 with Mrs. Wm. Bertrand, and Miss Phyllis Roggenдорff, home demonstration agent, will be present.

### HOSPITAL NOTES

R. L. Terrell, who has been hospitalized the past two weeks in Peoples, was discharged yesterday and returned to his home. Terrell is recovering from a heart attack.

Kristi Kay Greer, one year old daughter of Mr. and Mrs. Vaughn Greer of Floydada, was also discharged yesterday, as was Mrs. G. E. Trimmel of Floydada.

Other hospital patients are V. C. Hagood, T. J. Campbell, and J. E. Roy, all in good condition.

Mrs. Lula Reid had as her guests last week from Tuesday until Thursday her two sisters, Mrs. J. E. Guess and Mrs. Minnie Lane from Duncan, Okla., also Mr. and Mrs. Joe Love and Mrs. Paul Jones and son of Duncan, and Mr. and Mrs. Bud Casey and baby of Lockney.

Mr. and Mrs. Carl Nelson and children returned home the first of the week from Fort Worth where they visited during the weekend. Mrs. Nelson's mother, Mrs. Lee Burgess, and her sister, Mrs. Etie Anderson of Kansas City, Kan., accompanied the group to Fort Worth and returned by way of Fredrick, Okla., where they spent several days as guests of Mr. and Mrs. Sam McHenry, also journeying brother, J. B. Moore and family to Guaymas, Old Mexico, on a fishing trip.

### Drainage Will Get Attention Says Council

If the taxpayers of the City of Floydada give their approval to the paving bond issue they can depend on it the City Council will make every effort to assure relief for most of the present drainage problems that afflict the flat terrain on which the town was built.

This phase of the city's street problems was brought out in proposals studied from the engineering firm with which the city is dealing, and is provided for, members of the council declare.

In addition to unanswering the traffic and residence problems incident to relieving the drainage bottle necks the city is proposing to pave streets on approximately 100 blocks.

If a more realistic tax roll is completed by the time the bond issue comes up for a vote and the bonds get favorable action from the voters, the city will be in a much better position in negotiating a sale, it was indicated by a bond man who was queried by The Hesperian.

"Floydada tax rolls indicate they have not been kept in line with changing times," he said, comparing Floydada valuations with cities of like size in the area.

"This puts the city to a disadvantage," he pointed out, adding that bond buyers wonder why.

Date for the bond issue vote today. In a spirited mood she will be April 7, the same day on which city electors will choose their mayor and two aldermen is indicated at present.

Floyd County Hesperian, Floydada, Tex., Thursday March 19, 1959

Otherwise qualified voters, who have real or personal property which they have rendered for taxation will be eligible to vote on the bond issue.

### FAMILY IS APPRECIATIVE OF HELP IN EMERGENCY

We wish to express our sincere appreciation to everyone who helped us extinguish the prairie fire on our property last Thursday night. We are especially grateful to those people of Dougherty and the surrounding area who fought the blaze all night, for we realize that without their continuous labor our loss would have been much greater.

Certainly we deeply appreciate also the services of the Floydada Fire Department and anything anyone else did to help us. To each and every one who was so concerned and neighborly, we say, "Thank you very much."

### The Vance Campbells

BLAZE DAMAGES FENCE  
A grass fire of undetermined origin occurred about 1:30 p. m. Tuesday in the alley back of the D. I. Bolding home.

Bill Baker, Floydada fire chief, said some old lumber, and a wood fence were partly destroyed by the blaze.

Mrs. J. S. Hale said this week that her sister, Mrs. Maud Hollums, is doing nicely in Lockney General Hospital. She is undergoing medical treatment, having been hospitalized for two weeks today. In a spirited mood she said she is ready to come home which city electors will choose their mayor and two aldermen is indicated at present.

### BIBLE BAPTIST CHURCH

THIS WE BELIEVE (No. 6)  
1. We believe THE BIBLE is the ONLY TEXTBOOK the Lord INTENDED for us to use in our TEACHING and our PREACHING. Yes, EVEN IN OUR CHILDREN'S CLASSES. (2 Tim. 3:14, 17 also 2 Pet. 1:20, 20).  
A. Many say there are SOME BETTER THINGS to teach from than the Bible. If so, why did not the Lord give it to us instead of the Bible. We certainly can not depend upon MAN MADE LITERATURE for the COMPLETE TRUTH today, because of so many false teachers. (2 Pet. 2:13-1 Tim. 4:1, 2-Acts 20: 29, 30).  
B. Many have asked me this question "What is the difference in us using the literature that some man down at our convention writes explaining the scriptures--than you standing and explaining the scriptures to you class from the Bible. They both explain the scriptures." We find that the Holy Ghost (Comforter) WAS GIVEN TO THE CHURCH AT PENTECOST (Act. 2) and in John 16:13 God's Word says that the Spirit would LEAD US (THE CHURCH) INTO ALL TRUTHS etc. The Holy Spirit was TO LEAD THE CHURCH INTO ALL TRUTHS, because the Holy Spirit WORKS IN THE CHURCH and was given to the Church NOT A CONVENTION. The pastor is the Overseer of the Church, and he is to feed (Teach) the Church of God. (Acts 20:28).  
C. Many people condemn the Catholic Church and its head, the Pope, for dictating (sending out) what they are to teach in their SCHOOLS and CHURCHES. Many Baptists are NO BETTER OFF than the Catholics ON THIS POINT, because they use THE LITERATURE sent out from their headquarters, the convention. They say they don't have to do it, if they do not want to, but NEVER THE LESS THEY DO JUST THE SAME.  
D. We of the Bible Baptist Church are the OLD TIME Baptist people that believes we need ONLY ONE HEADQUARTERS, which is in Heaven, Jesus Christ our Lord. He is HEAD over all things to the Church. Eph. 1:22, 23).  
E. Sundays Messages "Has the Gates of Hell prevailed against the Church" (Matt. 16:18) "What was the apostles doctrine" (Acts 2:42).

The ceremony is to take place in the University Methodist Church at Austin on August 15.

Miss Craig and the prospective bridegroom are both senior students at the University of Texas.

## Miss Jean Bybee and John Henry Hayes Take Wedding Vows

Miss Jean Bybee and John Henry Hayes were united in marriage in an afternoon ceremony read Saturday at 3 o'clock in the home of Mr. and Mrs. Frank Woods on the Lockney highway.

The Rev. Vernon Willard of St. John's Methodist Church of Plainview, read the wedding vows.

The bride is the daughter of Mr. and Mrs. W. B. Bybee of Plainview, former Floydada resident, and a sister of Mrs. Bennie Teaff of Floydada. Mr. and Mrs. Henry Hayes also of Plainview are parents of the bridegroom.

An arch of votive lighting and greenery, flanked by baskets of pink stock and palms were placed against a large window in the living room as setting for the ceremony. Decorations of green and pink throughout the spacious rooms denoted the colors of the bride's choice.

Given in marriage by her father, the former Miss Bybee wore a pale green pure silk dress, fashioned with a full skirt in street length. Her headpiece was a small flower trimmed hat of white satin. She wore white gloves, and her slippers, were dyed to match her dress. Her bridal bouquet was centered with a white, yellow throated orchid and was carried in a satin covered Bible.

For something old she wore an engagement ring, 104 years old that belonged to the bridegroom's great great grandparents.

Nuptial music was played by Mrs. Wendell Eddins of Sudan, aunt of the bride. Guests were directed to their places by Weldon Hayes of Childress and H.L. Howerton of Plainview.

Howard Hayes of Friona served his brother as best man.

Mrs. Benita Hornmann of Floydada, niece of the bride, was honor attendant. She wore a beige linen sheath dress with black patent accessories, and carried a colonial bouquet of pink carnation encircled with pink net.

Mrs. Bybee chose for her daughters wedding an avocado green cotton rayon, white hat, black shoes and gloves with a shoulder corsage of white roses.

The bridegroom's mother wore a black linen-arnel dress with pink and black accessories and a pink rose corsage.

A wedding reception was held in the den where the bride's table was laid with an imported Irish linen cloth and centered with her bouquet and the bouquet of her attendants.

The tiered cake and punch came to the chosen colors.

Mrs. Louis Rackley presided at the register and Mrs. Bennie Teaff and Mrs. O. M. Bybee, served.

The bride is a graduate of Floydada high school.

Following their wedding trip to points in northern and southern California and in Las Vegas, Nevada, the couple will reside at their farm home near Plainview.

## Birthday Party Given For Craig Turner Tuesday

St. Patrick's day Tuesday marked the 4th birthday celebration of master Craig Turner when he was honored in the afternoon in the home of his grandparents, by his mother, Mrs. Doyle Turner.

# Tax Break for 44 Per Cent Of Self-Employed In County

(Special to The Hesperian)  
NEW YORK, Mar. 9.—Self-employed people in Floyd County—shopkeepers, farmers, professional workers and others—are about to get some Federal tax relief, it appears.

They are to be allowed to make deductions, up to specified limits, for money they put away each year into their retirement or pension funds.

The relief measure, which has cleared the House Ways and Means Committee, is expected to be passed by a big margin when it reaches the floor of the House shortly. It is conceded a good chance of getting Senate approval as well.

The bill seeks to place self-employed workers on a par with the millions of other workers, who pay no taxes on funds placed in pension pools for them.

The number of self-employed in Floyd County, who stand to benefit from the tax break, was set at 1,630 in the latest Census Bureau survey.

They amounted to 44.6 per cent of the total number of people with jobs, a high proportion compared with the 17.1 per cent in other United States areas and the 22.1 per cent in the West South Central States.

Locally, therefore, more of the working population is affected than in the case in other sections.

The bill provides that any self-employed person may deduct from his taxable income as much as 10 per cent of his self-employment earnings, up to a ceiling of \$2,500, provided that the money is put into specified types of retirement plans.

This deduction could be taken for as many as 20 years, making possible a lifetime total of \$50,000.

A special provision of the bill would enable those over age 50 to defer taxes on even more than \$3,500 a year.

No tax would be paid on this income until the individual retires and starts drawing his money back. At that time, presumably, he would be in a tax-free position, or, at least, in a low tax bracket.

According to figures released by the Treasury Department, the measure would give the self-em-

## Highway Crash Charged Local Driver Sunday

Willie Reddely, about 21, Floydada Negro, was given a ticket for failing to stop at a stop sign, and driving without an operator's license, Sunday afternoon after his car collided with a 1933 Chevrolet pickup driven by Elma Duke Smith, 66, from Plainview.

Horace Cage, city police, said Reddely drove his car south across Highway 70 at the intersection of the Silverton Highway, without stopping and hit the pickup near the back bumper, as it rounded the curve coming into Floydada. The pickup was flipped over on its side in the middle of the highway in front of the P. Q. Haney Station. The accident occurred about 3 o'clock.

No one was injured in the wreck, Cage said, however, a day's male companion in the pickup, was shaken up considerably and was taken to Plainview for medical care after the vehicle was righted.

# Parental Aid Sought In Air Rifle Control

City Chief of Police Horace Cage this week reports that boys with air rifles and pellet guns are taking a heavy toll of window glass, picture windows, street lights and auto glass.

In the last week no less than 10 such shooting incidents were reported to the police department, and it is not known how many went unreported.

With several warm spring-like days the air rifle activity has picked up considerably and has grown into a real problem. Cage said this week that it is possible that much of the damage is done carelessly but unintentionally while some of the instances reported appeared to be deliberate.

Cage said the rash of broken windows is forcing police to ask the parents to instruct children in the use of their rifles and to warn them of safety measures to be taken in preventing property damage and possible injury to residents.

Police are on the look-out for offenders, but are hoping that aid from the parents will go a long way in solving the problem.

Balance funds left over. . . . . \$12,131.00

With \$14,265.00 in bus warrants outstanding the district's deficit will be \$2,644.00, and new buses to be operated will add another \$13,000, leaving an estimated indebtedness at the close of 1958-59 of \$15,644.00.

There will be only one source from which the added revenue Four-way tie Patterson and Ginn, to keep the schools going can be drawn. This will be from ad val and Crenshaw, Matador; height increase in valuations, an estimated \$10,000.

The local board of education and superintendent I. T. Graves, Windham, Post, 4 Pope, Abernathy, present standards if at all possible and frankly are bidding 21 feet 11 inches, for a sympathetic attitude on the part of the taxpayers.

### Appeal Taken From Verdict By Bennett

Friday morning in District Court Medford Bennett, the 29-year-old Negro of Lockney, charged with murder, appealed from the jury verdict of five years in the penitentiary when a new trial was refused by presiding Judge L. D. Ratliff.

Bennett pled self-defense in the case which was tried last week in District Court here. A Mr. and Mrs. Bragg, the jury verdict of murder with malice was returned late Wednesday afternoon.

Bennett shot and killed Prentiss Command during a D. Bagby on East Locust Street near Rooming House in Lockney on November 28, 1958. Prior to being indicted, Bennett was held in the jail for 10 days.

Bennett's appeal bond was set at \$10,000 by the judge. He was released the same day.

Attorneys Robert Anderson of Henderson and Richard F. Stoen of Floydada represented the defendant. District Attorney with both B-37 and John B. Stapleton was aided in the prosecution by County Attorney Kenneth Rain Jr.

The jury which heard the case and returned the murder verdict was composed of Mr. and Mrs. F. M. Trowbridge, Ernest Cartwright, R. L. Trice, A. R. Duesey, David Battey Jr., A. C. Pratt, Howard Mosley, G. E. Tannahill, E. N. Fowler, G. L. Fawver, R. E. Irby, and Travis Jones.

## GOLDEN JUBILEE CELEBRATION

# PROCLAMATION

WHEREAS: The year 1959 has been dedicated to celebrating the Fiftieth anniversary and

WHEREAS: The great CITY OF FLOYDADA has set aside the dates May 24 to 30 to celebrate this important milestone with Parades, Praise, and Pageantry, and

WHEREAS: The male citizenry of this City are desirous of entering into the spirit of this historic event by wearing hair on their face where heretofore it has not appeared to remind us of the customs of our male citizens in early days,

BE IT HEREBY RESOLVED: That I, Mayor of Floydada, hereby proclaim that these public spirited citizens shall become members of the great fraternity known hence forth as the

### BROTHERS OF THE BRUSH

Members in good standing will agree to raise facial adornment in the form of mustaches, sideburns, goatees, full beards, or any combination thereof from this date forward until May 30th 1959. Members in good standing shall participate in such activities as directed to publicize our FLOYDADA GOLDEN JUBILEE CELEBRATION: by joining in and participating in wearing official derbies, or top hats and/or similar old fashioned apparel on our actual celebration days.

THIS PROCLAMATION issued in the Golden Jubilee spirit of good fun, and in recognition of the importance of visual support by the male citizenry of our coming glorious Golden Jubilee Celebration.

Proclamation signed this 19th day of March 1959, by hand and seal.

JIMMY WILLSON  
Mayor, Floydada, Texas

for those members within the 89th legislative district. Lobbyists may in some instances fail to carry out their job to the best of their abilities. And there is the possibility of their placing other interests above those of the organization they represent. Lobbyist's views are generally taken by legislators as biased views — they are looking out for the interest of a special interest group in most instances.

For these reasons, it is always much more welcome to hear directly from the people back home — with no middle man to muddle up the views. And, after all, there are still a multitude of the electorate who have no lobbyist to speak for them.

For these reasons, and for others, I have asked that this paper carry a poll which I hope that you will find time to answer. You can be assured that they will be read and studied carefully and will be considered thoroughly before reaching a decision on how I should vote. And if you are interested in other matters, send them in. I'm looking forward to hearing from you.

Very Sincerely,  
H. G. Wells

## Floydada NHA Girls Attend Area Meeting

The N. H. A. girls at North Ward School went to Midland, Tex., to a district meeting. The meeting was held Feb. 28, at the Carver High School auditorium. It was called to order by the West Texas District president at 9 o'clock.

There were Homemakers from different schools, such as Lubbock, Plainview, Amarillo, San Angelo, Hamlin, Colorado City, Lamesa, Vernon, Slaton, Odessa, Anton and others.

The girls from Floydada were Clarissa Campbell, Betty Coleman, Minnie Minnett, Minnie Lewis, Essie Hopkins, Bettie Broemer, Margaret Carver, Gloria Baker and Marie Coleman.

The teachers were Mrs. A. M. Taylor, Miss L. M. Anderson, Mrs. J. M. Harper, C. M. Williams and the advisor, Mrs. A. K. Knox.

Did we have fun? Yes, we enjoyed the day in Midland very much.

We ate breakfast at home and dinner in the cafeteria. We got acquainted with different homemakers.

Betty Coleman and Minnie Minnett styled their own dresses. The scene or background was very beautiful. It was a background of sewing equipment such as needles, pins, thimbles, pin cushions and other items.

The most humorous thing was asked by a little girl. She wanted to know what the big tomato was doing up there. She was talking about the round, red pin cushions. Everyone had a great laugh about it.

Later, we had a talent show. It consisted of different things. Girls danced, sang, played the piano and made speeches. It was really great entertainment.

About 6 o'clock we headed for home. On the way back everyone was talking about how they enjoyed the meeting. The girls are proud of our advisor, Mrs. A. K. Knox. We want to thank her for such a nice trip.

A CHIP ON HIS SHOULDER. Poem of the Month at N. W. S. He always has something to grumble about.

The world to the dogs is going no doubt.

To the main man with a chip on his shoulder.

The clouds are too dark, the sun is too bright.

No matter what happens, it is never right.

When peace is prevailing, he is spoiling to fight.

The man with a chip on his shoulder.

Mr. and Mrs. Neely Richardson and son, Wayland, and Mr. and Mrs. Dale Tanner and children of Idalou, were in Wichita, Kan., recently, where they enjoyed a visit with the Richardson's daughter, Mrs. Cline McDonald and family. While guests in the home Mr. Richardson and his grandson, Cline III, both celebrated their birthdays with a family dinner.

Bob Muncy, who for the past 40 days has been hospitalized at Lockney General Hospital, was brought home last week and is said to be gradually improving.

His visitors are limited however. Muncy will be confined to his bed for several weeks, yet, members of the family said.

Mr. and Mrs. Harold Wayne Bennett and children spent a week-end recently in Burk Burnett with his grandmother Bennett and visited with other relatives while there.

## Willson Lecturer Is Rotary Speaker

The new area library was yesterday's topic at Floydada Rotary Club when Mrs. J. H. Barnard told of the advantages which the experimental Texas State Library Service is bringing to people of a five-county area including Floyd.

A mobile library makes all communities in the county once every three weeks through State Library Service.

Mrs. Barnard is a member of the committee representing the Commissioners Court on the five-county library board.

Last week the Rotarians heard Dr. C. Emanuel Carlson, of Washington, D. C., 1959 Willson lecturer at Wayland Baptist College on Applied Christianity. Dr. Carlson is executive director of the Baptist Joint Committee on Public Affairs, a post he has held since 1953.

Dr. Carlson was presented by Dr. A. Hope Owen, president of Wayland College.

Mrs. A. B. Clark returned home last mid-week from an overnight stay in Lockney General Hospital where she had treatment for a high blood pressure flare-up.

## Sherry Ramsey Candidate For Degree at WTS

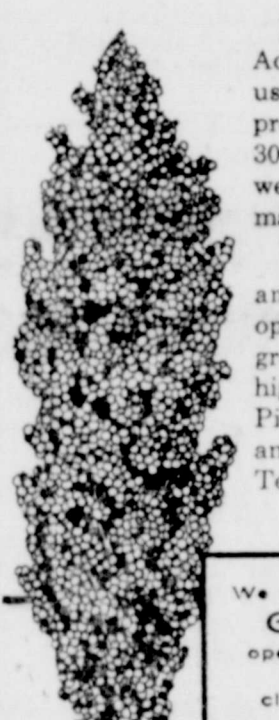

CANYON, March — Sherry Ramsey of Floydada is among the 315 candidates who will seek degrees during the spring convocation May 24, at West Texas State College.

Dean Walter H. Juniper has announced that 279 are candidates for Bachelor's degrees and 36 are seeking advanced degrees. Should most of the candidates graduate, another record class will be registered at WT.

Sherry, daughter of Mr. and Mrs. Sherwood Ramsey, is seeking her B. S. degree. She is an elementary education major. She is a member of Buffalo Gals, campus service organization, Student Education Association, and was named to Who's Who Among Students in American Universities and Colleges.

Mr. and Mrs. Spencer Don Hatley returned home Monday from a week's vacation spent in Los Angeles, Calif., where they were guests of his brother, Dwain Hatley.

## Representative Seeks Poll Of People's Views

(H. G. Wells, representative of the 89th District in the Texas Legislature is perplexed by the many lobbyists who crowd Austin. He wonders if they represent the sentiment of the people in his district on various issues on the legislative session. He would like to have your ideas. This newspaper, in an effort to be mutually helpful, is printing a questionnaire which he wants you to answer for yourself and mail it to him. Will you do it? His message to you is below. The Questionnaire is on the editorial page. - Ed Note)

TO THE PEOPLE OF THE 89TH LEGISLATIVE DISTRICT. In Austin there seems to be a lobbyist everywhere one looks. Perhaps this session there are more than usual as the tax talk, this time dominates almost every political discussion. The natural gas industry, the breweries, the teachers, the Association for the Prevention of Cruelty to Dumb Animals — it seems that in our society everyone has organized and has stationed a representative of their organization in Austin to keep the lawmakers informed and to keep the organization members informed on those mat- ters affecting them. Indeed last week I met a lobbyist for the Perpetual Care Cemetery Associa- tion and also the executive secre- tary of the Executive Secretaries Association.

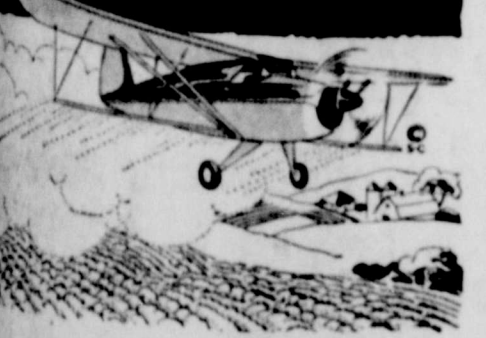

It may be that one-half or may be three-fourths of our electorate are represented in Austin by at least one person whose job it is to look out for legislation that might affect a particular seg- ment of the population. Of course this situation is healthy in some respects — and it could partially be explained as a natural out- growth of our highly organized society, our complex govern- ment, and the hurried pace to which we live. These things create a tendency to delegate to others the responsibility of in- forming ourselves and our rep- resentatives on legislative mat- ters.

But there is certainly a danger of "over-delegating" our respon- sibility. Organizations can be- come too large for one person to effectively speak for all mem- bers of that organization. Last week I was informed by a constituent that a lobbyist for his organization in stating the organization's viewpoint on cer- tain legislation did not speak

Your Legislator Wants To Know

Give Your Views: State Representative H. G. Wells thinks individual citizens of District 89 should tell the legislature what they'd like done—and not done—during the current session in Austin. Herewith is every citizen's opportunity to be heard, just as the pressure groups and special interest people are heard through their lobbyists. Residents who do not live within Representative Wells' District are invited to send him their views, just as citizens of the District. After he studies and correlates them, he will turn them over to the Representatives of the people living outside the District.

SAYS COMMUNITY SHOULD PROVIDE DECENT BURIAL GROUNDS FOR NEGROES Country Cemetery Quiet lies the town. Where all men go to rest. The lines sky, clear above them. Good earth, moist from pressed. The old, the child, the lover. Have all found peace at last. Against the heat of living. The gates of time are past. This is the place where pathways. Are pointless night and day. And all the silent footsteps. Go gently, all one way. This little verse is a prelude to what I have in my mind to say of anti-cancer drugs have been to the good people of Floydada. In these cases, extracts from treated placenta were injected into the sick animals. Now the skeptics can say that what cures cats and dogs probably won't work in humans. And they may be right. No drug yet has cured cancer in humans. Only surgery and radiation do that, and they are effective usually only on cancers which have not yet spread to distant parts of the body. creasing transportation allowance/automatic tuition programs for the academically gifted and for non-English speaking children, driver education, etc. Some 3,000 teachers, plus many citizens from other walks of life, came to the Capitol in behalf of the bill. WARM ISSUE — Another crowd-petter was the Senate hearing on the bill to reduce maximum working hours of firemen and policemen. With feelings running high, the committee voted to send the bill to sub-committee for a week's study. Same bill was voted out favorably by the House Committee money raising bill. Rep. Frates Seeligson of San Antonio, introduced his 15 per cent general sales tax measure, which they say is about as palatable as having the federal government set wages and hours for Texas Highway Patrolmen. Legislature's counter-measure would abolish state regulation of city firemen and policemen.

We saw, this morning, Mr. Charles Mullins, accompanied by his son, a fine looking little boy, some three or four years old, who had been bitten by a mad dog, eight days ago. The distressed parent was anxiously en-

quiring for what is commonly called madstone, for the purpose of extracting the venom from the wound. "Left out paragraph describing details of incident because was too lengthy and rather sickening."

Mr. M. also states that several mad dogs have lately been seen in the neighborhood of Lampasas. Would it not be well for the citizens of Austin and elsewhere to be on the alert? As the first step of precaution, we would recommend a general slaughter of the canine race in our midst.

Mr. John W. Brown, of Websterville, a most reliable gentleman says that some three weeks past ten or twelve dogs were bitten by one in a rabid state. The latter was confined and all died, or were killed under the supposed influence of hydrophobia.

## South Plains News

(Intended for issue of March 12)  
(By Mrs. Murray Julian)

**SOUTH PLAINS, March 9** — Most of the farmers will be starting their irrigation wells this week preparatory to watering land for planting time. We notice the irrigated wheat on the Billy Stanforth farm is looking beautiful.

Workmen have been busy the past week tearing down the old brick building in South Plains which was formerly occupied by the Lpton Grocery. Bricklayers have a good start at the Baptist Church, although adverse weather conditions have hampered them. This Monday they are putting up the laminated beams in the new building.

**Fourth Six Weeks Honor Roll**  
School principal, J. M. Williams reports the Fourth Six Weeks A Honor Roll as follows: Bill Bledsoe, Gary Morrison, Gary Wilson and Bruce Julian in the 8th grade. In Mrs. Mary Vardeman's room, in the 5th grade are: Darlene Gillespie, Kathy Mulder, Mary Respondok, in the 4th grade, Rita Taylor, Vicki Johnson, Kay Cummings, Sandra Sessums, and in the 3rd grade, Beth Kinnibrugh, and Dian Calahan. In Mrs. Joyce Sandburg's room on the honor roll were Beverly Gillespie and Jody Johnson in the 2nd, and Stanley Pierce in the 1st grade.

**Report on Vacationers**  
Mr. and Mrs. Skeet Thornton are spending a few weeks in Hot Springs, Ark., where they have good fishing. Others vacationing from here are the George Weasts in sunny Phoenix, Ariz., who write they are enjoying ideal weather and a good time. Mr. and Mrs. Lloyd Deavenport and boys arrived home from Los Angeles, Calif., this Monday, and Mr. and Mrs. Frank McClure got home from Tampa, Fla., on Wednesday night. They are leaving this Tuesday for Houston, Tex., where they will spend about ten days visiting their son, Donald and his family.

WMC of the Baptist Church met at 8:30 each morning Monday through Thursday for observance of Week of Prayer for Home Missions with theme of the Annie Armstrong program, Tarry-Tell. Attendance averaged 12 a day. Mrs. Gillespie was prayer chairman. Friday was observed as World Day of Prayer.

(By L. A. Wilke)  
If all the time spent on remodeling old guns could be put end to end it would reach from now until Kingdon Corn! Right now there is a new rash of it, such as follows every war, or perhaps we might say with each new generation.

Much of our early day remodeling was done with guns made in America. The first one I ever under took was a 30-40 Krag, one of those old box magazine relics of the Spanish-American war. I bought it through the National Rifle Assn., from the Division of Civilian Marksmanship for \$1.50. I sawed, hacked and worked on that gun so many hours I lost a lot of money neglecting my work.

Then as time went on I got one of the 30-06 Enfields, which was used in World War I. If I remember correctly this fowling piece cost me \$7.50, plus the DCM packing charges and freight.

I took on two or three of these at different times, remodeling them, cutting down the stocks, chipping off the barrels, grinding the ears off the receivers and otherwise whipping them into the shape of a good sporter.

Finally DCM began offering Springfield. The rifle became fairly plentiful shortly after World War I and during the middle twenties and through the thirties I worked over quite a few. In the meantime I also tried my hand on a few Mausers, both 7 and 8 mms. A few rebarreled ones, with custom stocks, were good looking and effective guns.

Shortly after World War II, the DCM again made available a supply of Springfields. They were advertised as "unservicable." Buyers were warned that they might not get a good gun. They were good for remodeling or experimenting, but were not to be considered for use "as is." My memory is that they cost about \$15 plus packing and freight. Anyway, I got one.

With the aid of a good gunsmith by the name of Davis, out of Abilene way, I remodeled the gun entirely. The barrel was cut off. The bolt was turned down. A stock was built to fit my shoulders and put the trigger in reach of my short arms. We put on a ramp front sight and folding rear sight. In addition I installed a quick detachable Echo mount and a Weaver J 2.5 scope and a nice home-made narrow sling.

It was a thing of beauty. Davis let me down light and my total bill was only about \$100 for the work. The first man who saw it offered me \$200 for it. I turned down the offer. It was right after the war and guns still weren't too plentiful.

They were coming on the market, however, and I could have bought a brand new 30.06 in either Remington or Winchester for just a little more than half of what I paid for that remodeling, together with the gun.

It was a good gun, however, and I still have it, the only one of a dozen or more remodeling jobs I had done on discarded military rifles. I am sure every one of them cost me more than a factory product would have cost.

They were good guns, however, and reliable ordnance made by our government.

Today the United States is being flooded with many unsafe and worthless imports from practically every foreign government. They are being advertised in all the gun magazines.

So that leaves the situation squarely in your hands. If you want to buy one of these old guns and take a chance on it, don't blame anyone but yourself if it blows up in your face.

It will cost you far more in the long run than a standard American made gun, turned out by a responsible manufacturer.

These imports not only are unsafe, they are horrible looking guns, not adapted to worthwhile remodeling. They were made in a hurry for armies in countries where rulers didn't care too much about their soldiers.

In this money-mad world there are many dealers selling these suicide specials. Even more tragic, however, is the fact that the editorial pages of some of our leading magazines point out the tremendous danger in shooting one of these obsolete, inefficient and unsafe guns. But the bells on their cash register jangle constantly with the sale of advertising space to these unscrupulous dealers.

son, Bill visited in Dumont, Sunday with Mr. Carr's parents, Mr. and Mrs. Charlie Bailey. Mrs. Bailey has been ill.

Dinner guests Sunday in the home of Mr. and Mrs. Mather Carr were Mr. and Mrs. John Williams of Miles City, and Mr. and Mrs. Frank Bailey of Amarillo, and Mrs. Mabel McKinley of Sunray, Tex. Other guests visiting in the Carr home Sunday were J. L. McKinley, S. J. Duncan and Carrol Sims all of Floydada.

Word has been received that Mrs. Bob McCormick of Snyder, Tex., sister of Everett Miller has been taken to New Orleans, La., to a clinic, where she will be treated and probably undergo major surgery. Mrs. McCormick has not been well for a long time and we do hope and pray that Billie Lee will soon be well and back home with her family.

Mrs. Buddy Smith and a little daughter Debra visited in the home of Mr. and Mrs. Marvin Smith Sunday. Barbara and Debra attended services at the chapel Sunday. Also attending the services at the chapel Sunday were Mrs. Mabel McKinley and Mrs. Mather Carr.

Joyce Davis has been ill with flu but is improved.

Marvin Smith had as his guest, Mrs. Allan Gross attended a pink and blue shower at the home of Mrs. Gross's mother, Mrs. Wanda Terry, in Floydada honoring Mrs. Dan Gross last Thursday. Mrs. Allan Gross had decorated the cake for the occasion.

Mr. and Mrs. Allan Gross and baby were dinner guests Sunday in the home of Allan's parents, Mr. and Mrs. Fred Gross in the Sand Hill community. They also visited with Mrs. Grey's grandparents, Mrs. Terry in Floydada, and with Mr. Gross's sister, Mrs. Henry Hinton and family in the Dougherty community. They reported that the Hinton had a new brick home and that it was very nice.

Heaven is nearer since our friend and neighbor, J. M. Bennett is there, whistling a tune as he always did on earth. To the family we wish to express our very deepest sympathy. May God comfort you, in this, your time of sorrow, is our most humble prayer.

Word was received on Monday of last week that a brother-in-law of R. M. and C. O. Spence of Floydada and Mrs. J. B. Marley of our community, Lonnie Wright of Albuquerque, N. M., died last Thursday. Mrs. Marley and Mrs. C. W. Spence, Mrs. Kelton and Mrs. A. L. Winegar left Monday evening and attended the funeral in Albuquerque Tuesday.

C. W. Hask has been on the sick list again but at the last report we had some improvement.

Mr. and Mrs. R. R. Givens and Mickey stopped at the D. D. Thornhill home a second Friday afternoon, just as the Thornhills were getting ready to leave for Kermit.

Mr. and Mrs. T. E. Thornhill and Tommy visited Mr. and Mrs. A. Winegar, Robert and Georgia Ann Friday night.

Brenda and Rhonda McClure visited Friday morning with their grandparents, Mrs. Hoyt McClure.

Mr. and Mrs. Leonard Autrey left for their home in California Saturday morning. They planned to stop with Mr. and Mrs. Delton Wilson on their way home. They have been here since week before last at the bedside of her father, J. M. Bennett. All the Bennett children except Imogene Truscilar have returned to their homes. They will stay a few days with her mother before returning to her home at New Orleans, La.

Mr. and Mrs. Ronald McClure and daughters and Mr. and Mrs. Duane McClure were Sunday dinner guests of Mr. and Mrs. Hoyt McClure.

Mrs. Hoyt McClure visited with Mrs. Dennis Taylor in Crosbyton.

Sunday afternoon Mr. and Mrs. Hoyt McClure visited with his parents, Mr. and Mrs. C. A. McClure in Crosbyton.

It took us several weeks to learn that Mr. and Mrs. Arthur Copeland had moved into our community, but we are truly glad to have them. Mrs. Copeland is the former Miss Francis Berry.

The youngsters enjoyed the holiday from school Friday as several of the boys were getting their stock ready for the Crosbyton Stock Show. They needed the extra day.

Mr. and Mrs. Ben Beckham accompanied by Mr. and Mrs. T. E. Thornhill and Tommy were Sunday afternoon callers of the Charlie Beckham, Kelton Winegar and the A. L. Winegar. Pvt. Harvey Mae Winegar is home for a few days. He will then be stationed at Ft. Ord, Calif. for awhile.

Isn't it nice that we usually have at least one nice day in a week, so that we can work until we nearly fall, getting out the sand to make room for some more, but one of these days it will rain and then we will forget a bout sand storms (we hope).

W. H. and C. B. Leatherwood were Monday morning callers of D. D. Thornhill.

## Three Fire Calls Answered by Dept.

(Intended for issue of March 12)  
An early morning fire at 3:10 Tuesday brought Floydada firemen on the run, when they received a call to a blaze at 300 West Ross, which had partly burnt about a year ago.

Fire Chief Billy Baker said the hall that was standing burned to the ground. The place was formerly the home of Mr. and Mrs. George Mize, and stood behind his place of business, the Tasty Freeze.

A little excitement resulted in a fire Monday afternoon on the J. I. Hucksbay farm, six miles northwest of town when a butane-trailer caught fire. Baker said that Hucksbay told him a farm hand was filling the tractor, and apparently he was smoking or attempted to light a smoke, causing the blaze.

Shortly afterwards an explosion occurred blowing pieces of the butane tank over a city block. It was at least 15 minutes before firemen could get close enough to the hot tractor to turn the butane tank off. No one was injured in the fire but Hucksbay lost his tractor, trailer and tank in the blaze.

Slight damage was reported in the fire Friday night which took place at Peoples Hospital about 8 o'clock. An electric motor in the south center section of the building caught fire.

J. R. (Pap) Baker, 87, year old retired farmer, passed about 4 o'clock Tuesday afternoon of last week in the home of his daughter, Mrs. Besse Banks on West Crockett St. He had been ill for some time and came to make his home with his daughter here a month ago.

Baker was born in Missouri on Oct. 5, 1872. He came to Texas and farmed in the Mt. Blanco community for a number of years, then moved to Goodland where his wife died Jan. 28, 1914. Since that time he had previously lived with a daughter in Morton.

Funerary rites were conducted Friday afternoon at 2:30 in the Church of Christ at Morton. Interment will be in Baileyboro.

Survivors include two daughters, Mrs. Banks, Floydada, and Mr. O. D. Vernon, Morton, one son, Roy Baker, Stockport, Calif., six grand-children, two of whom are Mrs. Charlie Warren of Floydada, and Carl Lee Banks of Amarillo, 10 great grand children and one great grandchild.

## Late Onions May Sell Better This Season, Is Broker's Opinion

Probability is that the bulk of the Floyd County onion crop is going to be later this year than last, thinks R. L. Russell, the Rocky Ford, Colo., dealer.

In Floydada last week-end checking on probable acreage he will have to market from this point, he said that many of the good onion plants in South Texas are late this season. They also are high.

However, it was his opinion that a week or two weeks later crop might lodge some competition from other onion growing districts and prove an advantage this season.

Russell has been operating as a broker out of Floydada for two seasons, and expects to have about the same acreage to market this year that he had last. Floyd county soil grows a good, marketable onion, he declares.

From a statement of the financial affairs of Houston city, published in the Telegraph, we learn that the balance against the city on Jan. 1st, 1859, was \$50,197.23; to affect this she has \$50,000 stock in the Houston Tap & Brazoria R. R. on the completion of twenty-five miles of which, she will be entitled to \$42,000 State loan. All this notwithstanding the fact that the expenses last year were over \$60,000.

GEN. HOUSTON UPON WATROUS  
We have read this speech with care. As an intellectual effort, it is far above the estimate we had formed of Houston. In powerful combination and inventive it has had no superior since the orations of Cicero against Cataline, in the Roman Senate. We shall commence its publication in our next number. Let all who wish copies order themselves as subscribers, as it will take several numbers. No speech ever made in Congress is of such momentous interest to Texans.

In every lake in Texas, Shad multiply by the millions. They soon take over, consuming food that otherwise might go into making bigger and better game fish.

When an impoundment becomes overpopulated with these fast breeding shad, there are three methods of control.

Simplest, of course, is to empty the lake. Sometimes this is done. But seldom is it practical.

Another method is a heavy dosage capable of killing all the fish in the lake. Naturally, this is undesirable.

The next step is a selective kill. Usually the water of the lake is lowered? Then a mixture of rotenone is spread over the surface of the lake, either by plane or boat. This is the latest and the preferred method.

Within the last few years, many tons of shad have been killed by this selective treatment. Better fishing always has resulted. It is a constant job, however, because the shad multiply fast. Even in lakes where they have been completely killed out, they are re-introduced by fishermen who bring in minnows which include shad.

This chemical treatment of water is a job that should not be done by individuals. Biologists of the Game & Fish Commission have spent a great deal of time in research. They also have worked closely with other biologists in other state departments.

They have come up with a pretty exact science which is important to the future of fishing not only in Texas, but elsewhere.

**Commercial Fishermen Helped**

There also is another factor in rough fish control that should not be overlooked. This is the legal commercial fisherman.

Although many rod and reel fishermen hate such fish as carp and buffalo, there are others who like their meat. The same is true of gar. This fish finds a ready market in large centers of population.

Right here we might say a word in behalf of the numerous commercial fishermen who work many of the lakes and streams of Texas. These fishermen are required to have a license from the state. They are not allowed to take and sell any game fish. In some waters they are not allowed to take catfish.

On the other hand, these commercial fishermen each year take thousands of pounds of such fish as carp, buffalo and gar.

Recently I watched a couple of these commercial fishermen at work. They were running a net across a channel in one of our North Texas lakes. They were in 12-foot aluminum boats. Their net must have been a couple of hundred feet long. Before they had reached more than a third of its distance, they had their boat almost filled with these rough fish. They had to return to shore and empty the boat before they could run the nets again.

They got two boatloads of fish from that net in an overnight haul. They iced the fish down in a pickup and hauled them to the nearest city fish market, where they found a ready sale.

There have been times, and probably still will be, when commercial fishermen will ignore the law and take game fish when they shouldn't. Some times they use excuses that fish was caught in the net and died before they could get it out. Wardens and biologists are watchful of these fishermen. Those who violate the law lose their license.

There always is a need for the commercial man who is legitimate.

In fact, this need may grow as time goes on. Ken Jurgens, assistant director of Inland Fisheries, thinks so. He says the time is coming soon when fish management will be required to fill the needs for fish.

"When that time comes, the commercial fisherman, with his currently undesirable fish, may fill a great demand for odd fish," he said.

Jurgens also paid tribute to the many individual or corporation lake owners throughout the state.

"Some of these places are taking the lead in experimentation which is helpful on public waters," he said. "Their leadership is badly needed, with fishing pressure increasing every day." An understanding of what is being done to improve fishing helps us appreciate the quality of fishing we are getting now, as compared to only a few years ago.

**LUCK**

A beggar appeared at the door of a boy's dormitory. A student opened the door and heard the unfortunate one's plea.

"Has not Fortune ever knocked at your door?" asked the student.

"He did once," replied the beggar: "but I was not. Ever since, he sent his daughter."

"His daughter!" exclaimed the puzzled student. "Who is she?"

"Why, can it be possible that you do not know Fortune's daughter?" answered the beggar in surprise; "it's Miss Fortune, of course."

While his birthday party was being planned, little Donald was asked for a list of friends he would like to invite to the party.

"I want Auntie Mills, Grandpa Smith, Uncle Dick, and Grandpa Jones, and..."

"But wait a minute, Donald. Every one of those people you mentioned is an older person!" said mother.

"Well," replied Donald, "they're the only ones that ever seem to have any money."

your crops can show you **WHY**

**International RAINBOW** makes the **BIG DIFFERENCE**

This year make more money from the crops you raise. Use Rainbow, International's Premium Plant Food. With Rainbow you get the ideal balanced mixture of all the ingredients your crops need for—

- High yields of top quality production that bring premium market prices... more dollars for you.
- A quick start and abundant plant growth that continues throughout the full growing season.
- Healthy, vigorous plants that are more resistant to disease and that produce extra high yields—more profit for you.
- Producing strong, sturdy plants that stand up well and are easy to harvest.

Rainbow, made by the International plant near you, is available in recommended grades for your soils and crops.

**EVERY INGREDIENT IN RAINBOW SERVES A PURPOSE**

For example, Nitrogen that's fast acting and Phosphorus that is slowly available during the full growing season. Potassium and Sulphur for plant color, root and stem development and seed production. Potassium for sturdy growth and quality. Water soluble Magnesium and Calcium for vigorous growth and good healthy leaves, plus other important plant foods for maximum yields.
