## Week of Celebration Will Be Spectacular

### Nightly Events Begin Sunday Evening with Baccalaureate

What may well prove the event of the decade in Floydada is the forthcoming week of celebration beginning Sunday night. The fiftieth anniversary of Floydada's incorporation will be observed in a mighty spectacle, "Prairierama," the last four of the seven historic nights complete with fireworks as a finale.

The week of pageantry, historic observance of the founding of the town and county, solemn scholastic programs incident to the closing of the school year, will be intermingled with high jinks, fun and frolic throughout the week.

As well it might, the events of the week open on a note of Freedom of Religion, when the Floydada high school graduates will hear Rev. Dewitt Seago in the baccalaureate sermon on the pageant stage at Wester Field Sunday night.

Making its appeal more inviting the whole week of programs and events are being worked in to fit the life of the community and the major events of the week, including the closing exercises of the schools and the Old Settlers annual reunion, Thursday.

The pageantry, the fun events, fireworks and all, are being made to highlight these occasions and make them even more memorable.

Chronology of days and events will be as follows: Monday, Old Thursday morning of next week. Fashioned Bargain Days, J. W. Reue, chairman of the day, Street fair and entertainment, downtown registration, hospital center, historical windows, carnival Gay Way open.

The Junior band will play for the opening ceremonies at noon. The invocation for the opening of city officials the presentation of the queen and her court of honor will be held.

Tuesday will be Jubilee Queen's day, fun with the Keystone and Lady Kops, preliminary whisker judging and Jubilee Belles judging.

By action of the Golden Jubilee committee the night performance of the spectacle "Prairierama" will not be held, in order to fit with the school's commencement program.

### Pre-Jubilee Fun Saturday Night Again

A repeat of last Saturday night's fun and frolic is scheduled for Saturday night again this week when the Brothers of the Brush and the Jubilee Belles will get together for ice cream and cake and will have some old time music again.

The entertaining area will be roped off and the affair will be free for all who wear buttons and bonnets, it is announced.

The event does not get under way until the stores close for the evening and all the shoppers are safely home who are afraid they'll get ducked or jailed. Then the fun will begin.

Last Saturday night's pre-celebration funfest was a big success for a large crowd which assembled and took part in events.

Wear your buttons and bows and hats and ties, whatever regalia you may have, and come out! It will be big fun! Saturday night. On the square.

Mrs. Tate Jones announces that the ice cream and cake will be free to all the families whose parents are wearing buttons. Every family should be sure to bring ice cream or cake, come in and join in the fun, she urges.

### Old Settlers Plan Biggest Annual Affair

The thirty-second annual reunion of the Floyd County Pioneers Association gets under way Thursday morning of next week.

For the first time in many years it appears that the former population will not be engaged in the opening ceremonies of the old timers.

The business session will be followed by a recognition ceremony in which all old settlers who were here in 1891 or earlier will be introduced. Mrs. Mae Garrett, secretary of the association, and W. B. Henry, its president, are actively interested in contacting the 1891ers to be sure they are honored.

Franklin E. Swanner, pioneer minister of the high plains, will be the featured speaker at 11 o'clock.

The old settlers will have their noon-day dinner at 12 o'clock. It is expected that 400 who qualify by early-day residence will be guests of the Old Settlers Association.

Afternoon's events will include the parade at 2 o'clock, with Fred Cardinal as marshal of the parade.

Cardinal stresses the fact that all persons who enter for prizes in the parade must register by 12 o'clock noon. He hopes to eliminate confusion. The parade judges will judge by numbers only.

Every entry will be tagged with a number, floats of all kinds, riders, bicyclists, and all.

A prize list that grosses more than \$600 has been hung up for the parade events and entries.

### Husband And Wife Crash Victims Thursday Night

Ernest Carter, 54, a prominent Floydada insurance man, and his wife, Mildred, 46, were killed in a grinding two-car collision six miles east of Plainview Friday night. Mrs. Carter was killed instantly and her husband died some two hours later in Plainview Hospital and Clinic where the victims were taken.

Occupants of the other car, Wyman Lynn Cooley, 17, of Lockney and Janet Igo, 15, Plainview, were injured seriously and remain in the hospital.

Terry Michael (Mike) Carter, 12-year old son of the Carters, escaped serious injuries. He was asleep in the back seat of the Carters' family car.

The accident occurred about 10 o'clock Friday night on a rain-slick pavement. Patrolmen, who investigated, said a drizzle was falling at the time. Carter and his family had been to Amarillo on a visit, and were enroute home.

The Cooley youth, who was driving a 1959 model sedan, and the Plainview girl, had been to Lockney to attend a senior play.

The two cars hit practically head-on in the middle of the highway, with a terrific impact, officers said. The fronts of both vehicles were demolished and crumpled.

Miss Igo suffered a head injury and numerous bruises. She underwent surgery Friday night to remove glass particles from her face and head, and is in fair condition at this time.

Cooley, son of Mr. and Mrs. E. W. Cooley, and a nephew of A. C. and Aaron Carbel, of this city, sustained a broken arm and wrist, concussion and lacerations of the face and body. He is in good condition.

Mike Carter suffered slight injuries. (See Carter Crash, Page 8)

**DRIVE COOL... arrive fresh!**  
**MARK IV FITS ANY CAR.**  
**LOOKS LIKE BUILT-IN EQUIPMENT... cools far better!**  
Cools the passengers, not the hood.  
The handsomely styled Mark IV Monitor tucks neatly under the dash. Located there in the passenger compartment instead of under the hood, it wastes nothing fighting the intense engine heat. All of its powerful cooling capacity adds to passenger comfort.  
Six cool air outlets.  
More cool air outlets than any other make mean full car cooling — or — concentration of all the cool air on one seat. Positive directional control just as you want it.  
Quiet twin blowers — any speed.  
Instead of the usual propeller fan with its inherent noise problem, Mark IV Monitor uses two squirrel cage blowers which operate so quietly you can hardly tell they are on. A rheostat switch lets you select any blower speed.  
Steady cooling kills humidity... cuts wear.  
Many car units try to control temperature with a thermostatic clutch. Their continual off-and-on action causes sudden jumps in humidity and an uncomfortable clamminess. And the repeated snap-on snap-off is the source of much wear. Mark IV uses a clutch only to disconnect the unit. The Mark IV Selectrol controls temperature by constantly maintaining a flow of freon... a gentle pinching action that gives steady cooling, constant dehumidifying — without wear.  
Nationwide service.

# Booming Land Prices - How Much Longer?

(By John C. White, Texas Agriculture Commissioner)

Texas farm land prices have been booming for 10 years, and the six percent dollar-value increase shown from 1947 to 1952 indicates that the peak has not yet been reached.

What are the factors forcing a continued inflation of Texas land prices? A 25-county study to determine some of these factors was made last year, and the result was an interesting picture of what generally is happening in the Texas agricultural land market today.

The first and most obvious strengthening factor in the market both in Texas and elsewhere is the increasing population as opposed to the fixed amount of land available. This is a simple supply-demand situation which is intensified in our state because of its above-normal population increase.

Another major price-determining factor for land has to do with land characteristics, such as its fertility, soil texture, water supply, cover, wildlife and subsurface minerals - such as oil. Most of the are agricultural characteristics, however, and the present market price of farm land generally is higher than can be justified by its value for crop or livestock production. For the answer as to why farm land prices are out of reason for farming purposes most people concerned have named mineral activity. Mineral value in land for sale, however, is mostly speculative, because once minerals are found on a parcel of land, production begins and the land involved is practically frozen in ownership and is removed from the land market.

Next to being mineral-rich, perhaps the most fetching quality of land on today's market has to do with its location. During the past two decades, improved urban working conditions and reduced working hours have made it possible for city and townfolk to enter the farm land business. More than a few town dwellers have gone to the country in search of acreage and a profitable side-

line in farming. And, the closer in the land is and the better the roads getting to it are, the more the newcomer is willing to pay for it.

Also on the location value side of the picture is the tremendous conversion of agricultural land into a real estate gold mine. This has been especially true in Texas where every city of any size has sprawled its housing developments and industries over pastures or cotton patches.

All these market improvement factors combine to make one other total factor: More and more land is becoming tightly held and taken off the market altogether, ever lessening the amount of land available to a greater number of people. So long as our economy is sound, it seems inevitable that the value of useful or potentially useful land has only one way to go - up.

 said Governor Daniel, but believe in taking "first things first."  
 To cover these "first" needs, the governor is pushing a tax program very similar to what he proposed last January. This includes the "bookkeeping bill" (to cut down the deficit by crediting more money to this year), a 3 per cent severance tax on natural gas, a higher corporation franchise tax, and the abandoned property bill, under which the state would take over unclaimed bank accounts and property.

He is willing to revise the abandoned property bill to meet some of the objections that caused it to be defeated during the last session.  
 Absolute deadline for getting the money problems solved is September 1, when the state begins a new fiscal year. Unless new appropriations are provided by then, the government, including schools, hospitals, etc., will grind to a halt.  
**HOPE SPRINGS ETERNAL** — Legislators are again asking the people for a pay raise — this time a more modest amount.  
 A proposed constitutional amendment, approved on the last day of the regular session, would give lawmakers an annual salary of \$4,800. In addition, they would get

**THIS WE BELIEVE:** The Holy Bible should be the only text book of any Scriptural Church. The Holy Bible was written by men supernaturally inspired; that it has without any admixture of error for its matter; and therefore is, and shall remain to the end of the age, the only complete and final revelation of the will of God to man; the true center of Christian union and supreme standard by which all human creeds, conducts and opinions should be tried. We accept the King James version of the Bible as our only text book in our Church (Scriptures for believing it: Psm. 119:89; 2 Tim. 3:16, 17; Rev. 22:18, 19; John 17:17; John 3:32, 34; 2 Pet. 1:20, 21; 1 Pet. 1:10, 12; Zech. 1:1; Psm. 19:7, 11; Ex. 20:3, 17; Psm. 1:2 and John 12:48).

**WE BELIEVE** what the Bible says about the FALL OF MAN. We believe that man was created in innocence under the law of his Maker, but by voluntary transgression fell from his sinless and happy state, in consequence of which, all mankind are now sinners, not by constraint but by choice; and therefore under just condemnation without excuse. (The Scriptures for believing it: Gen. 3:1, 24; Rom. 5:19; Rom. 3:10, 19; Eph. 2:1, 3; Rom. 1:18; Ezek. 18:19, 20; Rom. 1:32; Rom. 1:28; Gal. 3:32 and Rom. 5:12).

**WE BELIEVE** in such teaching as above in **OUR SUNDAY BIBLE SCHOOL:** Our Sunday School is not just another so-called Bible School. We study the Bible Only (King James Version) verse by verse, plus nothing and minus nothing. (Rev. 22:18, 19). We do not use the international Sunday School series quarterlies which the Unitarians and no-believers help prepare.

The Sunday School quarterlies are old Mother Hubbard's Cupboard - very bare. They cover everything and really touch nothing. The Lord gave only one thing for His Church to teach, the Holy Bible.

The average fellow after having attended Sunday School for years can not quote 50 verses of Scriptures. The trouble is not so much with the individual as it is with the Church and its method of teaching. Perhaps I should say, its method of not teaching.

(We are bringing a series of messages on Sunday night and Wednesday night on the subject, "The Truth About Speaking in Tongues.")

He also didn't like the Legislature's proposal to have state conventions before the second primary, so the date was changed to 10 days after the second primary.

**NEW LAWS** — These changes in Texas' way of doing things result from bills passed in the final days of the regular session.

**DRIVING AN AUTO WITHOUT** the owner's permission becomes a felony offense. Under old law, to get a prison sentence, state prosecutors had to prove the person who took another's car intended to keep it. Maximum punishment under new law is three years in prison.

**BOAT OWNERS** will have to register their craft and pay a license fee after April, 1960. Bill also requires warning lights and other safety devices on boats and prohibits reckless boating and water skiing.

**NON-ENGLISH SPEAKING** children can receive three months pre-school instruction in basic English at the expense of the public school system.

**STATE INSPECTION** of livestock at auctions was provided. An amendment to assess livestock owners for cost of the program, estimated at nearly a half-million a year, failed.

**INTERIM STUDIES** have been authorized for the investment of the Teachers Retirement Fund, laws governing formation of water districts, financing of the Board of Water Engineers, and fees charged by state agencies.

**ADVERTISING PRICES** AS wholesale has been outlawed, unless the goods are intended for resale and a bona fide wholesale price is listed.

**CALF - ROPING CONTESTS** will be legal under a new law. Unknown to many people, they apparently were not legal before.

**A STATE ADVERTISING PROGRAM**, under the joint direction of the State Highway Department and Texas Industrial Commission was set up. An appropriation to get it going will have to come later.

**16 SUCCESSORS** to the governor were officially designated in a continuity of government bill passed to assure a living chief executive in event of atomic disaster.

**CORN MEAL AND GRITS** must be enriched with vitamins and minerals if they are to be sold for human consumption.

**ROAMING LIVESTOCK** on state highways will be prohibited under a law to take effect in July, 1960.

# Make Changes In Catalogue For '59 Fair

A few changes have been made in the County Fair catalogue for 1939 mostly in the swine and sheep divisions. These changes will be worked out rapidly, so as to have the catalogues ready to print by the first part of June, according to Sam Puckett, secretary-treasurer.

These details and others were discussed Monday night at a meeting of the Floyd County Fair Association directors in Rogers Restaurant, with Joe Parrish, president, presiding.

The committee of the association which was to locate Indians so as to have a family in reservation during the Fair, have not completed negotiations. Some families have responded and the committee feels that by September a family or two will consent to be here.

A new contest has been planned a tractor driving event. This will take place on Saturday afternoon of the Fair. A course will be laid off for contestants in the timing event. Elmer Biggs and Raymond Rucker will be in charge.

A Queen contest was discussed briefly Monday night and considered, but nothing definite was decided.

The talent committee reported success in the completion of their program, with only the job of contacting someone for master of ceremonies.

Two new events have been added for the Fair, one being an educational exhibit and the other a Sweepstake winner. The educational exhibit will consist of handy

Saturday, May 30 is a week and two days away, but fun ideas are being developed to make this a full one. At its close will come the final showing of Praierama and the fireworks.

**Fireworks Will Be Good**  
With the new regulations governing fire works, the Golden Jubilee committee has been carefully

to choose one of the largest and most reliable fireworks companies to stage the four nights of the fireworks display. The company sends experts to shoot the show. These experts remain in Floydada for the entire time they are scheduled to have the fireworks. There will be complete liability insurance to assure compliance with all regulations. Incidentally the fireworks program will be varied every night.

**Concessions Stands Available**  
Aldine Williams, concession chairman, announces that space is still available for food and drinks concessions in down-town Floydada. Those who might be interested, including clubs, are invited to contact him for ground space.

**Contest Closes Friday**

Saturday morning of this week the Queen's coupons will not be available, and tickets to Praierama will go on sale at \$1.50 for general admission, \$2 for center reserved seats.

The Queen's coupons which cost \$1, may be exchanged for tickets, so the holder can save half a dollar by buying from the queen of his choice.

## 1905 Billfold Found in Walls of 1912 Bldg.

A billfold, the contents of which date back to 1905, came to light last week while workmen were cleaning out the interior of the bank building preparatory to starting reconstruction.

Chas. Bedford, into whose hands the billfold came, said it contained receipts, railroad passes and the like, which indicated the billfold belonged to A. B. Astell, probably of Amarillo.

One of the passes, dated in September, 1905 was for a trip on the GC & SF, another on the Pecos Valley Lines. Secretary's receipt from Pawnee, Okla., Lodge, A. F. & A. M., was dated Dec. 5, 1905, Canyon, St. Louis. Fort Worth McGregor and Amarillo were some of the town names appearing on the receipts and personal cards.

Bedford was wondering how a man could lose his bill fold in 1905 in a building that was constructed in 1912. Stranger things have happened, though, he philosophized.

**COUNCILMAN ROE JONES SICK AT HOME THIS WEEK**

Roe Jones, one of the members of the City Council, has been ill and no action has been taken by the city authorities to date on the bids asked to dig and equip a new water well for the city water supply.

The bids were asked for Friday at 10 o'clock. A quorum of the council could not be present over the week-end to act on the matter. Action is expected to be deferred until a full quorum can be present for the bid opening, a full one. At its close will come the final showing of Praierama and the fireworks.

Mr. Jones, the manager of Producers Cooperative Elevator, had not been down to the office this week, but is reported as not seriously ill.

Between now and (2) passing an appropriation bill for the Legislature for 1960-61 and (3) passing a bill to shoot at — program for appropriations. When these things are taken care of, the governor indicated he would submit such items as the special session to deal with the \$65,000,000 de-Hale-Aikin school program and the \$65,000,000 biennial medical payments for the aged.

He favors both these programs, \$12 a day expense money for a 120-day session every other year. Governor Daniel, but believes in taking "first things first." To cover these "first" needs, the governor is pushing a tax program very similar to what he proposed last January. This includes the "bookkeeping bill" (to cut down the deficit by crediting more money to this year), a 3 per cent severance tax on natural gas, a higher corporation franchise tax and the abandoned property bill, under which the state would take over unclaimed bank accounts and property.

He is willing to revise the abandoned property bill to meet some of the objections that caused it to be defeated during the last session.

Absolute deadline for getting the money problems solved is September 1, when the state begins a new fiscal year. Unless new appropriations are provided by then, the government, including schools, hospitals, etc., will grind to a halt.

**HOPE SPRINGS ETERNAL** — Legislators are again asking the people for a pay raise — this time a more modest amount. A proposed constitutional amendment, approved on the last day of the regular session, would give lawmakers an annual salary of \$4,800. In addition, they would get

Johnson's friends and supporters.

## BIBLE BAPTIST CHURCH

8 months (35 weeks) of Blessings  
37 Conversions with 47 Additions  
Average of More than one a week saved

**THIS WE BELIEVE:** The Holy Bible should be the only text book of any Scriptural Church. The Holy Bible was written by men supernaturally inspired; that it has without any admixture of error for its matter; and therefore is, and shall remain to the end of the age, the only complete and final revelation of the will of God to man; the true center of Christian union and supreme standard by which all human creeds, conducts and opinions should be tried. We accept the King James version of the Bible as our only text book in our Church. (Scriptures for believing it: Psm. 119:89, 2 Tim. 3:16, 17; Rev. 22:18, 19; John 17:17; John 3:32, 34; 2 Pet. 1:20, 21; 1 Pet. 1:10, 12; Zech. 1:1; Psm. 19:7, 11; Ex. 20:3, 17; Psm. 1:2 and John 12:48)

**WE BELIEVE** what the Bible says about the FALL OF MAN. We believe that man was created in innocence under the law of his Maker, but by voluntary transgression fell from his sinless and happy state, in consequence of which, all mankind are now sinners, not by constraint but by choice; and therefore under just condemnation without excuse. (The Scriptures for believing it: Gen. 2:1, 24; Rom. 5:19; Rom. 3:10, 19; Ehp. 2:1, 3; Rom. 1:18; Ezek. 18:19, 20; Rom. 1:32; Rom. 1:28; Gal. 3:32 and Rom. 5:12)

**WE BELIEVE** in such teaching as above in **OUR SUNDAY BIBLE SCHOOL:** Our Sunday School is not just another so-called Bible School. We study the Bible Only (King James Version) verse by verse, plus nothing and minus nothing. (Rev. 22:18, 19) We do not use the International Sunday School series quarterlies which the Unitarians and no-believers help prepare.

The Sunday School quarterlies are old Mother Hubbard's Cupboard - very bare. They cover everything and really touch nothing. The Lord gave only one thing for His Church to teach, the Holy Bible.

The average fellow after having attended Sunday School for years can not quote 50 verses of Scriptures. The trouble is not so much with the individual as it is with the Church and its method of teaching. Perhaps I should say, its method of not teaching. We are bringing a series of messages on Sunday night and Wednesday night on the subject, "The Truth About Speaking in Tongues."

A possible presidential nominee, he would be in a stronger position if his race for a new senatorial term were behind him at national convention time.

Governor Daniel took exception to and got the Legislature to change certain provisions of the bill before he signed it. He objected to having Democratic executive committee members elected by district caucuses rather than the whole convention. This provision was removed and the law remains as it was.

He also didn't like the Legislature's proposal to have state conventions before the second primary, so the date was changed to 10 days after the second primary.

**NEW LAWS** — These changes in Texas' way of doing things result from bills passed in the final days of the regular session.

**DRIVING AN AUTO WITHOUT** the owner's permission becomes a felony offense. Under old law, to get a prison sentence, state prosecutors had to prove the person who took another's car intended to keep it. Maximum punishment under new law is three years in prison.

**BOAT OWNERS** will have to register their craft and pay a license fee after April, 1960. Bill also requires warning lights and other safety devices on boats and prohibits reckless boating and water skiing.

**NON-ENGLISH SPEAKING** children can receive three months pre-school instruction in basic English at the expense of the public school system.

**STATE INSPECTION** of livestock at auctions was provided. An amendment to assess livestock owners for cost of the program, estimated at nearly a half-million a year, failed.

**INTERIM STUDIES** have been authorized for the investment of the Teachers Retirement Fund, laws governing formation of water districts, financing of the Board of Water Engineers and fees charged by state agencies.

**ADVERTISING PRICES AS** wholesale has been outlawed, unless the goods are intended for resale and a bona fide wholesale price is listed.

**CALF - ROPING CONTESTS** will be legal under a new law. Unknown to many people, they apparently were not legal before. A STATE ADVERTISING PROGRAM, under the joint direction of the State Highway Department and Texas Industrial Commission was set up. An appropriation to get it going will have to come later.

**16 SUCCESSORS** to the governor were officially designated in a continuity of government bill passed to assure a living chief executive in event of atomic disaster.

**CORN MEAL AND GRITS** must be enriched with vitamins and minerals if they are to be sold for human consumption.

**ROAMING LIVESTOCK** on state highways will be prohibited under a law to take effect in July, 1960.

**PENSIONS** of \$50 a month were sent them to the governor's office or work through local groups. Rangers and widows.

**YOUR OPINION SOUGHT** Governor Daniel has invited all Texans to share with him their ideas on how to meet the problems of children and youth. He has appointed a statewide study committee and has urged the organization of local groups. Persons with suggestions and ideas may

send them to the governor's office or work through local groups.

Miss Myrtle Kirk of Sherman has been in this area visiting her brothers, W. A. and I. C. Kirk and their families, and also spending sometime with other relatives. Miss Kirk left last week for Temple where she will have medical check-ups before returning to her home.

## EDITORIAL VIEWS AND COMMENT

**Ground Is Mellow.** While American statesmen are making news in Europe, the planter is rolling out a story of hope and anticipation in Floyd County, as cotton farmers put seed into ground that has plenty of moisture and is unusually mellow. Some of the early cotton is up to a good stand, farmers who had to replant due to hail and heavy rain have been finishing up a second planting and the late planters are also completing their job as well. Day-time temperatures ranging into the low nineties are proving an aid to quick germination.

**American statesmen seem to flounder** when they go to Europe and get to hosing awapping with the bargainers of the Old World. The average home-body in Texas anticipates that our men will be unequal to the task and that we'll be sold down the river as usual in the current negotiations at Geneva. In addition to shrewd diplomacy which England and France know how to practice the Russian Bear must be dealt with. Ivan is being treated like a respectable citizen of the world. The average citizen of our country is alarmed by what he sees going on, though he makes no pretense of understanding it all. He knows, for one thing, who is sure to have to pay the bill for the commitments that will be made.

**The forthcoming week will be one full of activity** in Floydada. The town is celebrating the day fifty years ago when W. T. Montgomery held the first formal meeting of a newly-elected city council and started Floydada on its way to a municipality. Prairierama, the spectacle in pantomime, will re-enact many of the important events of the half century of progress which Floydada and Floyd County has seen. In the midst of it all will come the celebration Thursday by the old settlers of the county.

**Once fifty years residence** in Foyd County meant that one had to have come to the plains country in the early nineties, and the first celebration in 1928 had many of the first settlers here. Not so any longer. The list of people who saw Floyd County's virgin prairies and decided to make their homes in a new promised land is growing fewer and fewer every year. Now a 50-year resident may have come to the country as late as the first railroad and after the automobile and power farming had begun to make experimental thrusts at solving the problems of mechanical transportation and mechanical farming.

**Although the plains** was a young man's country and many of the first officials and first businessmen were youngsters cutting their teeth in the business and professional world in a new and untried country, there was a very considerable sprinkle of Confederate veterans in the make-up of the first comers. Many of these had left the deep south, come to East Texas to start over, and failing to find there what they sought, came on west. As late as the early nineteen hundreds one of the most important events in the south was the Confederate Reunion. A good many Floyd County residents went to these reunions to mingle with their former comrades in arms.

**The Toll Is Heavy.** The good drivers get killed, maimed and injured the same as the other kind. One painfully realizes this reflecting on the crash that took two lives important to the community of Floydada last week, and battered two promising youngsters, who now must spend weeks or months recovering. The toll of the road is one of the uncertain certainties we face. Which of us shall it be next? And how

to meet the problem of saving lives on the highway? Care alert watchfulness, they say, will reduce the list of casualties. Nobody foresees that we shall ever completely eliminate the hazards.

**Times Have Changed.** Members of the legislature, who could not find a way out on state financing and reach an agreement on new taxes, found that times have changed. Everybody they could reach is paying a great deal of taxes already. They ran into strident lobbies at every turn. The legislature is going to find that the governor, after all has about the best program for state financing they are going to be able to come up with. Business is already overburdened with reports and remittances. Representatives of small business are going to battle down the line against the sales tax. We would not be surprised to see another 30-day session needed — even the second 30-day session — before some kind of a tax law is patched up.

**For Some reason,** which may be valid enough but to us a good way out, the legislature is unwilling to adopt the manufacturers' tax which would reduce the number of reports many fold, be much more easily enforced and less expensive as well. The legislature also could adopt the plan of collecting ad valorem taxes off of motor vehicles at license paying time and catch that tremendous number of people who are claimed never to pay any direct taxes of any kind in this state. To all appearances there are many instances of freeloaders in every county, Floyd included, who could help maintain the schools they patronize and the roads they use.

**An Arrogant Lot.** Lobbyists of the special interests, more able than their amateur compatriots, are the principal cause of the failure of legislature to come up with tax bills that will meet the state's responsibilities. If the sales tax is adopted it will be because these highly trained specialists "keep every thing in a package," so that hearings on proposed taxes run into a blind alley. What the legislature realizes is that they must come up with something before September 1, else the state will cease to function. The trained lobbyists could be helpful, if they would.

**Usually An Insulator.** Mishaps along the lines of the light and telephone companies do happen and the men who are at call the first minute trouble reports come in, often find a mechanical failure, such as a line burned in two, when they get out in the night hours trouble shooting. However, the fact is "It's usually an insulator." Some trigger happy person could not withstand the urge to try out his trigger eye. A night trip into an adjoining county by the crew of Lighthouse Electric Coop is an instance. The person who got a bull's eye on an insulator in that county last week will be pleased to know that his aim was so good, the damage could not be detected until the lineman actually climbed the pole. There the crack was — on the other, upper side of the insulator — where the bullet exited. The people whose stoves and ice boxes were out of commission for awhile probably will never realize that it was a trigger happy person who caused their inconvenience. The linemen take it for granted that it's "usually an insulator."

**Lighter touch.** Opportunity only knocks while temptation kicks the door in. Advertiser, Lafayette, La.

**Cheer Up.** No man is completely worthless — he can always serve as a horrible example. Dispatch, Hoisington, Kan.

## As a Farm Woman Thinks

(By Nellie Witt Spikes)

I woke up at 5 o'clock this morning and could not go back to sleep and plain as could be seen I opened the door and looked into the closet which was built with an angle across one corner of the room. The three corner shelves were full, averitable medicine display.

Would you care to take a look with me? And a smell, I should add. My, what a lot of bottles, you say and so there are many.

For the many cuts and barbed wire scratches we see the turpentine and monkey blood and iodine handy, or you could use coal oil, or sugar with the turpentine. A roll of woolen rags is in that corner. I use it to put in an old bucket to make a smoke for feet which had stepped on nails.

The warmth probably was the only good thing about this remedy.

On the nails up high are the "Skull and Crossbone" medicines, the little bottle of strychnin to poison badgers and skunks — the laudanum for toothache and carbolic acid for disinfectants, quinine that my husband knew so well how to dose out on the point of his knife — castor oil for about anything a body had — Syrup of Figs (my sister, Lois, always used Baby Percy) — that box Senna that made tea which would work me thoroughly (maybe not quite so bad as cologne) and there was no danger of being salivated.

Oil of cloves, hot as fire when spilled on the lips as we tried to get around an aching tooth, chocolate quinine, the gooey-sticky stuff the children liked.

Here are some yellow sheets of glue that have to be melted before being used, a nasty job and a smelly one too — here is a concoction of tar and honey for a cough (how awful) — Watkins liniment for both man and beast — and a bottle of Wine of Cardui. For Females only.

In this closet my husband kept his long sharp razors, the leather strap to "whit" them on, (or to make a child mind) and his mug and brush to make lather.

My cosmetic supply was here, too, a little box of talcum, another of "Whitening" to take the shine off my face — and glycerin and rose-water to soften my hands and face.

Not all of my medicines were in this cabinet. Green peach leaves outside to chew for a sore mouth (now we use chlorophyll, which has the same value.) I boiled the peach leaves to make a rub application for nettle rash, making myself a green color. I bruised the thick pulpy leaves of the Maderia vine to lay on aching eyelids and bruises. We went to the canyon hills for a shrub called Stylingia. Both yellow roots and green needles made excellent tea, which the females of the family drank as medicine. We dug up the red root for the terrible Bloody Flux where castor oil failed to work.

In my kitchen I had soda and coffee beans for heart-burn and bad breath, ginger to make hot tea for colds — salt to gargle for sore throat added to water.

Men carried a potato in their pocket for "rheumatiz" until it turned to rock, woolen cloths were greased then sprinkled with turpentine and coal oil to lay on chests (You did well if one did not come out with a patch of blisters.) A dirty sock was tied about the neck for a sore throat. Lemons and oranges were for medical purposes only. Hot lemonade, how I hated it!

When there was a new baby, sugar was burned on the stove to purify the air and as a disinfectant. Dried peaches were given the new mother as a laxative (a pretty good dish with sugar and cream) — Fourteen days a woman had to stay in bed, not even darsn't to put a foot on the floor — this was the only break Ma ever got.

We gave the babies paregoric, gave them supplement feedings of sugar tits — (Yes, if you are over forty years old you sucked one of these) things, no doubt. Butter, biscuit crumbs and sugar were mashed up, tied in a clean white rag, then one corner was put in the baby's mouth and he took hold, believe me.

For a teething baby there were many remedies. One neighbor wanted us to kill a rabbit and rub hot brains on the swollen gums, another held to the necklace made from rattlesnake bones. But we did try a thimble to rub the little tooth through the swollen gums. My mother wrapped a razor with cloth, leaving only a little on the end, then she cut the gum but I was not brave enough to try this.

Just a word about the politicians — one of mustard for a sore back, one made of bread soaked in milk one of flax seed, a strip of fat meat drew out poison or splinters.

We even put nails in water to rust and make an iron tonic — All this from waking up too early.

## Floyd County 14 Years Ago

(From The Hesperian, May 24, 1945)

R. C. Henry Jr., first known Floyd County boy to be taken prisoner by the Nazis, is being returned to the United States, notice by wire received Monday from the adjutant general of the United States Army advises Mr. and Mrs. R. C. Henry of Floydada. The good news broke for the boy's father on the latter's birthday. The family had had no news of their son since Christmas. He was captured in September, 1943, and was operating an ambulance at the time.

Not exactly an old timer he says, but getting a good start. John A. Hollums, veteran real estate dealer of Floydada, is president of the Floyd County Pioneers Association, to meet here next Tuesday. Hollums came to Floyd County in 1906.

Passing of R. B. (Bob) Smith at a hospital in Lubbock Thursday at the age of 64, marked the end of a career that was lived in and a part of the transition of the east plains from a buffalo grazing ground to an area of modern, mechanized farming and stock-raising. Born in the "Rock House" at Mt. Blanco, he made this section his home throughout his lifetime. Last rites were said at Lakeview.

Pfc. Carl E. Nelson, in the army service since February, 1942, and in the Central and Southwest Pacific War theaters for the past 31 months, is due home soon, his parents, Mr. and Mrs. Hugh Nelson, have been informed by Carl himself, in a recent letter.

Mr. and Mrs. C. E. Finley have lost a son in the Pacific war fare, they were notified on Monday of this week by the Navy. Two telegrams received indicated that he was killed in action. He is Otto, 35, whose home was in Albuquerque before he entered the service. Mrs. Earl Cooper is a sister of the deceased.

Louise A. Doyle, first lieutenant, with the Eighth Air Force in England, on a B-17 Flying Fortress, and a Floydada boy, recently won an Oak Leaf cluster to the Air Medal, in the bombing of Germany, and said it was a "beautiful job," according to reports received in a letter here to his father, Rev. L. A. Doyle. The Floydada pilot was a student at Hardin-Simmons University before entering the service. His wife, Mrs. Freda J. Doyle, makes her home in Anson, Tex.

Mr. and Mrs. R. L. Howell and son, Howard, are leaving for Hutchinson, Kan., where Mr. Howell will assume duties as cashier for the Armour plant there. Mr. Howell has been connected with the Armour plant at Floydada for three years. Howard graduated from Floydada High school and plans to attend Junior college in Hutchinson.

Miss Bertha Wallace became the bride of Wayne Appling on Tuesday morning, May 22, at 11 o'clock. The bride is the daughter of Mr. and Mrs. E. D. Wallace, and the bridegroom is the son of Mr. and Mrs. S. G. Appling of Mt. Blanco. The couple will make their home there where Appling is engaged in farming.

Workmen, including members of the First Baptist Church and the pastor, Rev. L. A. Doyle, are carrying on the big job of razing the East Ward school building which they purchased recently. Material is being moved to the church site where it will go into the main auditorium.

The band will be marching in two parades, performing 4 nights of the Golden Jubilee, and then have a picnic at Roaring Springs on Saturday, May 23.

The Baccalaureate service for the Seniors will be held on the football field on Sunday night, May 24.

Commencement Exercises will be held Tuesday evening, May 26, at eight o'clock in the High School Auditorium. An all night Senior party will follow at the home of Edwina Overstreet.

Will it be a hit or a miss, we think the DEB record of "Debbie Darling" will be a hit. It is by Jim Solley. Incidentally, you can get it at Red's Appliance. We dedicate it to the Seniors of '59.

In head of the Floydada High School Band next year will be Shirley Gregory as drum major, to be with Carolyn Dillard as head twirler. Other twirlers will be Mae Bell Johnson, LaJuana Rimmer, Janice Trapp, and Gay Pruitt. Congrats!

Now for a few this and that about the Seniors of 1959 —

The Valedictorian of our class, Karen Goen, has been seen with Melvis Lowrance some.

Jane Tye was given quite a fall the other night out of Aris's pickup sure proud she wasn't hurt very bad.

Ann Word was given a beautiful diamond dinner ring from her parents for graduation.

Linda Withers and Genetta Price are planning to attend Wayland College.

Estella Rich is all by herself until school is out — her husband and parents are living in Childress.

Johnny finally got the cast taken off of his arm.

For a graduation gift from his people, Bobby Grundy got a 1950 Chevy. Fine car!

James Hale plans to join the Navy.

Who knows, True Kirk's singing voice may take him places some day. He might be another Elvis.

Joy and Laron will be getting married in July. Not far off, this W. T. admirer, Gaynelle, is one that has the "taffy" bad. So does Keith. There will be three August weddings — Linda and Vaughn, Martha and Elmer, and Donita and Arlis.

Richard will be going on a wheat harvest again, so Billie will be lonely. She is going to El Paso with her sister for awhile.

Judy and Bill have sure been going together for a long time. They are a real cute couple.

A June wedding for a girl born in June will be for June Marble and Marvin Wells.

Does Si think the halls of FHS are shining. He wears dark glasses quite often.

Ann Word has Charlie's fraternity pin and is in Hog Heaven. Carolyn Martin is engaged. Leora is so proud of her white hat that cost one dollar.

Jerry Crawford and Bill are going to Rice.

Edwina will be giving the all night Senior party.

Jo Ellen thinks the dorm she is going to stay in has an air conditioner. Don't anyone tell her the difference.

The voices of Wren and Tommie will be missed next year.

Frankie Taylor and Joyce Ferguson will be getting hitched this summer.

The funny expressions used by Douglas will be missed, too. Also Beth will miss him.

One of the most outstanding boys of our class is Bill Patterson. He has won so many high honors.

LaJuana will be going to California.

Edward Hartman is a good guy from South Plains, but he always got stuck with the dish washing at the Senior events. Do you have dish water hands?

Bob (red-head) Goughly is going in to the service when school out.

All of you know Bobby Seago as a funny guy as well as smart, but he feels like he should have a good time next year at college. Lazy thing is going to take only ten hours.

Carol Sims has quite a beard.

Jerry Solomon is a good ole guy with the "taffy".

See will sure miss Leon next year.

One person who is fun to be around is Glea. She said, "This is National Head Scarf Week-but if your headscarf is wrinkled, wear your hair in a pony tail. If the pony tail makes you have a headache — take your hair down. You don't care what you look like anyhow."

Kay, senior class favorite and FFA Sweetheart, has such a nice smile that will be missed next year.

Sandra has really been having an exciting life here lately.

Since Linda has been cheerleader for 4 years, she will miss jumping up and down next year.

For twelve years, we, the Seniors of Floydada High, have gone to school together. During those years we shared in many games of cowboy play house, and chasing each other but as the years rolled by, we found ourselves seeking a more grown-up type of

fun. And now, through it seems impossible, we find ourselves getting ready to graduate. At a time like this, one is filled with two emotions — that of the excitement because of graduating and going on to something bigger, and that sadness of leaving all of our classmates, teachers, friends, and parents. We realize that we are soon to be standing on the threshold of a new world, one of making our own decisions without the help of our parents and loved ones. Never again can we return to the days of school in Floydada except in our memories. Just as a flower is planted — it grows and grows, but then its leaves wither and die, but the roots continue to live forever. Our lives are similar to that — nothing can destroy our memories. So, we, the Seniors of '59, want to say "thank you" to all our teachers, people who have influenced our lives, and last but not least of all, our parents for making the past twelve years a book of memories for us. May God be with all you wonderful people.

Goodbye everyone.

I have enjoyed giving the latest gossip on the kids of FHS for the past two years.

## Band Director Resigns Place

(By Ann Word)

Maurice Jones, director of the Floydada public school bands, has resigned after five years at Floydada. He has accepted a position with the Caldwell Music Company of Abilene. He and Mrs. Jones will make their home in Odessa.

When Mr. Jones came to Floydada there were less than forty people in the high school band. Now there are eighty-eight. Under his direction the band has won sixteen consecutive first places. Ten of these have resulted in the band winning Sweepstakes.

Mr. Jones attended grade school through high school in Colorado Springs. He attended Hardin-Simmons University where he met and married Joyce Chapman. He was a member of the Cowboy Band. Before coming to Floydada, Mr. Jones taught a year in O'Donnell.

Now, as he and Mrs. Jones are about to take another step up the ladder of success, I hope he will never forget the students he has taught, for we shall never forget him. I also hope and pray that he and Mrs. Jones will be very happy every day.

Remembering that it takes God, a friend, and yourself to be a winner, I know that Mr. Jones will be a winner.

Edwina will surely succeed in life because she has the desire, the ability, the will to win, the looks, and the personality to do it. With these, she cannot fail.

**Fantabulous Class of '59**  
 (By Linda Hammonds)  
 Of the some fifty-nine seniors of Class '59, thirty-two attended Floydada schools twelve long, struggling years. Six of our class have chosen matrimony. Two others are in the service. Approximately thirty-eight senior boys and girls went on the senior trip to Mayan Dade Ranch, twelve of whom were mules. (Boy shortage!)  
 Rather than to expatiate on a lengthy dull report, we, the historians, shall endeavor to spotlight a few hilarious situations at different periods of time, for example:  
 In the first grade — imagine! — Glea Adams with her long platinum curls. It seems Leora King could outrun any girl in order to catch boys (one of her practices today). Wren Patterson and Jerry Solomon had the tuffy (puppy love) just weighed 100 lbs.  
 In the second grade — Jo Ellen Reue drew purple and yellow polka dotted fish for pastime. (Master of the tricycle) had to fight off love sick girls.  
 In the fourth grade — Gang fights between Pat's gang and Glea's gang (bigamy). Linda Hammonds and Pat Hickerson were mortal enemies.  
 Eighth grade — Clarence Doug Walding the great, performed feats of magic in the English Club.  
 Lajuana Womack and Billie Gail Holmes took our boys by storm. (new girls from Sand Hill).

**In Appreciation Of Inspiring Teachers**  
 To Mr. Ira Colley, Mr. J. D. Rainer, and Mr. Maurice Jones, we the students and faculty would like to express our appreciation for all the wonderful years you have been with our school.  
 To Mr. Colley we would like to say thanks for all the help you have given us in our math studies. Your encouragement is appreciated by all who studied under you. Your work with the juniors in the past is greatly appreciated.  
 To Mr. Rainer we would like to say thanks for all the patience and kindness you have shown toward the students, not only the ones in your classes but also the others who have come in contact with.  
 To Mr. Jones we would like to express our gratitude for all the honor you have brought to our school. Your happy smile and carefree walk will be missed by each and everyone of us.  
 Thus we would say thank you to all of these fine teachers. We, the students and faculty, hope that you and your families will remember our school every once in a while, and remember that we love you with all our hearts.  
 The Seniors got back from their trip to Bandera Monday evening. Everyone had a very good time, but they are a little tired.  
 There are 32 seniors who started together in the first grade.  
 This year's seniors are the first to have green stones in their rings.  
 Several who did not go on the senior trip had their own little excursions to lakes and other places. Some stayed home.

## Band Honored With Banquet

(By LaJuana Womack)

The Floydada High School "Whirlwind" Band was honored with its annual banquet, Friday night, May 8, in the Colonial House.

Decorations followed the theme which was the military style of the new band uniforms.

Miss Judy Jackson was named as Band Sweetheart for 58-59 and

was presented with a dozen long stem red roses and a bracelet with an inscription of this title on it.

Honored guests for the occasion were Mr. and Mrs. Earl Ray, owner of Earl Ray music store in Lubbock. Other guests included Mr. and Mrs. Roy Hale, Mr. and Mrs. Keith Patzer, and Mr. and Mrs. Son Jackson.

A prom at the VFW Hall immediately followed the banquet.

### SENIORS THANK SPONSORS

The seniors would like to thank their sponsors this year for all the wonderful help and work they have given to the class. Because of the guidance the sponsors have given them, each senior's life has been enriched.

To Miss Swepston, Mrs. Patterson, Mr. Barber, Mr. Cook, and Mr. Baker, we say "Thank you."

## Jr. High School Has Beautiful Day For Field Day Festival

For the first time, the Junior High School enjoyed a beautiful day for their Field Day Festival, after being rained out on Friday the 8th. For the past two years it has been rainy weather for the day.

Many parents turned out to help run off the many events and many more would have been on hand had they not had to be in the field or on their jobs. We wish to express our most sincere thanks to those who gave of their time during the day. Many expressed themselves that it was a most enjoyable and valuable day for themselves as well as for the students.

Of course, this trip was no "spur of the moment" decision, no. For the last day of school is May 25. Junior High graduation is gain. Hence after nine months of hard labor, we decided to "blow it all" in a trifling three days. In only three days we thirty-eight future graduates did everything we could get our hands on.

When we returned Monday night, we were stone broke, exhausted, and barely smiling; nevertheless we had fun, and we mean fun.

The most gratifying portion of the trip, by far, was the fact that not one Senior had to shell out one dime, except for extras such as added refreshments and purchased goodies.

Much to our pleasure, each and every sponsor was able to go with us, and keep us rowdy kids in line.

Therefore, if Bandera is ever the same again, then it is not our fault for we did our dead-level best to raise it to the ground.

## Class Invades Bandera Town

(By Bobby Seago)

Last Saturday morning, promptly at 3 a. m., thirty-eight Seniors boarded a bus bound for Bandera. Why did we get on that bus? We got on that bus because we had earned enough money through the year to be able to rent it, and since we had rented it, we decided to get on it at 3 in the morning and take a trip to the Mayan Ranch, just outside of Bandera, Texas.

Bob Ed Dempsey, Randy Holms, Ricky Holland, and Darrell Lindsey are the new band officers. Shirley Gregory is the drum major for next year. The twirlers are Carolyn Dillard, Mae Belle Johnson, Janice Trapp, LaJuana Rimmer, and Gay Pruitt.

Last year's annual had more pages than this because of the summer supplement.

Survivors include six sons, and four daughters among them Mrs. Dippary and Mrs. T. L. Holcy of Lockney.

Martha Smithey wants to get married in August. Elmer Dean, take the cue!

Funeral rites for Mrs. Ethel Annie Welch, 70, who died Monday morning of last week were held the following day in the Calvary Baptist Church in Seymour. Interment was in River View Cemetery there under the direction of Carter Funeral Home.

Mrs. Welch had been making her home with a daughter, Mrs. J. W. Dippary, in Lockney since February. She had formerly lived at Seymour. Her death was caused from a heart condition.

Punishment for men, machines and especially for tires is guaranteed on this unbelievably rugged course, where Jeeps frequently have all four wheels off the ground while speeding over jagged rock. "Over this same course," says Guy Martin, "I have wrecked other tires beyond repair."

Guy Martin, previous winner of the famous Jeep Derby, held annually at Truth or Consequences, N. M. For the tests described here, his Jeep was equipped with regular Gates Air-Float Deluxe passenger car tires. Guy says: "In all my years of Jeep racing I've never used a tire that could take the punishment I have given Gates Nylons."

Stronger than Steel: Pound for pound, the Gates tempered nylon cord in these tires is actually stronger than steel. "Even after impacts that badly dented the wheels of my Jeep," Guy Martin declares, "my Gates Nylon Tires were absolutely unharmed."

**BROADWAY, May 18** — Last week the community received more showers. The sun came out so bright this Monday morning and everywhere you look there is a tractor going. If you go for steak with that deep-brown, crusty coat and char flavor, here's how: Sear one side by lowering grill close to coals for 2 or 3 minutes, then raise grill to finish same side; turn steak, sear second side, again raise grill and complete the cooking. No matter what, serve your steaks sputtering hot! And with a generous pat of butter melting atop.
