Posts Salute Comrades On Memorial Day

J. W. Harrison Post No. 5616, V. F. W., and American Legion Post No. 118, of Floydada, are making plans this week for a joint Memorial Service to be held Saturday morning (May 30) at 6:00 o'clock at Floyd County Memorial Park.

VFW Commander, Bobby Bishop and American Legion Commander, Sam Fowler will lead the program, assisted by Mrs. L. B. Stewart Jr., and Mrs. Wanda Terry DeWitt Seago, pastor of the First Methodist Church of Floydada, will be guest speaker for the occasion.

Bob Ed Dempsey will qualify as bugler to sound taps. The color guards will be L. B. Stewart Jr., Cordon Hambricht, Dub Hodge, and Gene Lawson. The firing squad will be J. L. Dalton, L. C. Ferguson, Jerald Hall, David Sechrist, Ralph Ferguson, Roy Kinard, Don Daniel, and Wallace Sprayberry.

A white carnation will be given to one member of each family present whose son gave his life as a supreme sacrifice for our country.

Other deceased veterans will be recognized by one member of each family being seated in a designated place.

In case of bad weather the early morning Memorial Day service will be held in the First Methodist Church of Floydada.

Crash Changes Life Pattern of Student Couple

Mr. and Mrs. Keith Buhrman, who have been students at Texas Tech, have been out of school since mid-month and in the past week have been engaged in moving their effects from Lubbock to Floydada.

They have been living in the Ernest Carter home, and Mrs. Buhrman's brother Mike with them.

Mr. Buhrman, who is an agent of the Great American Reserve Life Insurance Co., is taking up the agency here left by the high-way crash death of his father-in-law, having been named to the post by company officials.

Mr. and Mrs. Carter, the father and mother of Mrs. Buhrman, lost their lives the night of May 15, near Plainview, when their car was in a head-on crash with a car driven by Wyman Lynn Cooley of Lockney on Highway 70.

An investigator said a drizzle of rain was falling and the pavement was rain-slick when the cars hit.

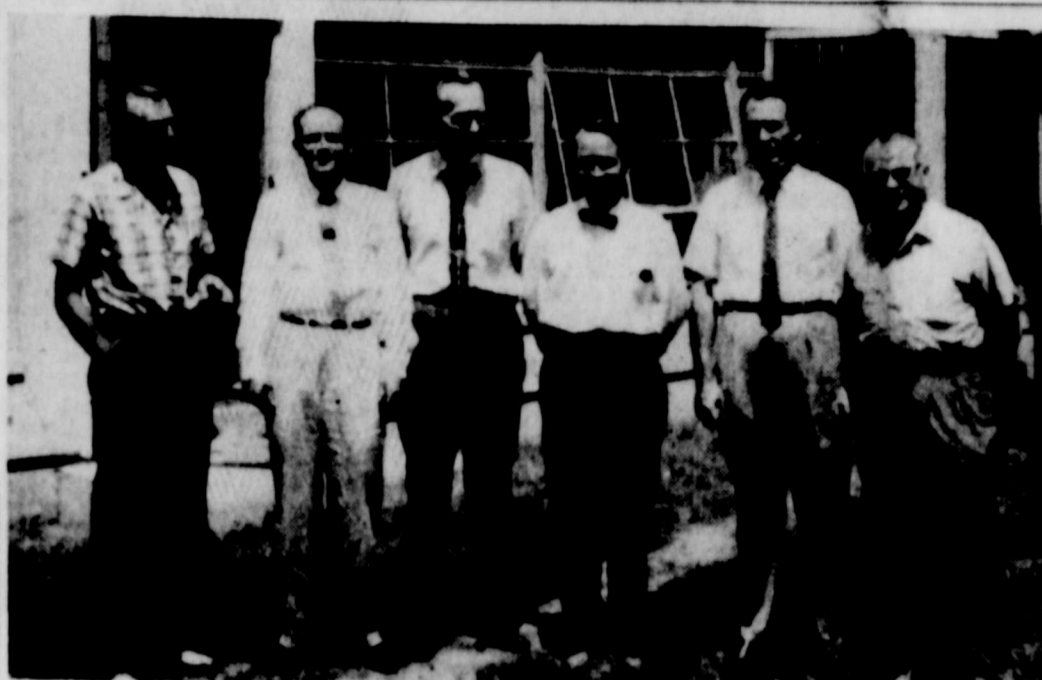

The 12-year-old son of the couple, Mike, asleep in the back seat of the car, was not badly injured. Cooley and his young lady companion were hospitalized but are considered on the road to recovery.

Both Mr. and Mrs. Buhrman were enrolled at Texas Tech as students when the sudden tragedy changed the pattern of their lives.

GARY ODEN WILL MAKE HIS HOME AT PHOENIX, ARIZ. Mr. and Mrs. Gary Oden left Sunday for Arizona after visiting in Floydada several days with his parents, Mr. and Mrs. Conner Oden.

Gary was recently discharged from the Air Force at which time he held the rating of first lieutenant. He arrived back in the states from his tour of duty in Japan on May 1, went to Phoenix where he joined his wife the former Carol McElhane, for the trip to Floydada.

Oden will be associated with his father-in-law in the cattle business in Phoenix.

Louisiana Visitors. Last week Floydada played host unawares to officers and engineers from Rayne, La., a thriving little city which plans expansion of its light and power system. The party of six, here in a twin engine eight-place aero commander Beechcraft, touched down at Martin's private landing field at 9 o'clock, were on their way again at 11. They were inspecting the power plant of Floydada's model electric light system. On the two-day tour which also took them to Clayton, N. M., and Canadian were, left to right, Mayor M. D. Barden, Chief Engineer Ersin LaVergne, Plant Superintendent Ralph W. Oakes of Rayne, and Geo. W. Roberts, Leon Purdin, David J. Carville, of an engineering firm of Baton Rouge, La. Rayne is a city of 8,500 population.

Pioneers To Stage 31st Reunion Today

Floyd County Pioneers Association will start their big day of this morning with a bang. Assuming good weather the events begin with the usual early morning registration, but a somewhat changed schedule for the remainder of the forenoon.

Dr. Franklin E. Swanner, veteran missionary of the high plains, will speak at 11 o'clock, after the sessions have been opened at 10 o'clock. Opening ceremonies will be followed by a recognition ceremony for all residents or former residents who called Floyd County their home in 1891.

The morning session also will include the memorial service for deceased members and the election of officers and directors for the ensuing year. W. B. Henry, is president, Mrs. Mae Garrett, secretary of the association.

At high noon the 50 year class of Old Settlers will be guests at an outdoor dinner, weather permitting. Arrangements have been made to feed 300 of these as guests.

All the activities are planned to be held on the court house grounds.

Probably the largest number of entries of several years will mark the afternoon parade beginning at 2 o'clock. Fred Cardinal will be marshal of the parade. He is calling attention to the fact that parade entrants who expect to compete for prize money are expected to make themselves known and get a number by 12 o'clock noon. Cardinal says the registration plan is adopted to avoid confusion and misplaced awards. Judges will judge by numbers only.

All of the afternoon will be given over to the lighter side of the court house lawn, and prizes awarded. The style show winners chosen on the south side of the court house lawn, and prizes will be held on the south side of the court house lawn.

This event is to be followed by the closing event of the day - dancing in the old-fashioned manner, with accent on square dances.

Nearly \$600 in prizes is being put up for the entries in the parade and for the contests on the court house lawn.

Current officials of the old settlers association are: W. B. Henry, president, J. M. Wilson, vice president, Mrs. R. A. Garrett, secretary, Geo. L. Fawver, treasurer. These with R. C. Scott, Glad Snodgrass, Buck Sams, A. T. Swope, J. T. McLain, Omer Parrish, C. L. Anderson, Ham Smith, R. I. Benwill speak at 11 o'clock, after the sessions have been opened at 10 o'clock. Opening ceremonies will be followed by a recognition ceremony for all residents or former residents who called Floyd County their home in 1891.

Chairmen of the various committees named in March by President Henry include: Memorial, Mrs. Glad Snodgrass; Parade, Fred Cardinal; Dinner, A. T. Swope; Registration, Margaret Collier; Seating, Duncan Hollums; Wild flowers, Mrs. Geo. V. Smith; Food for the sick, Edd Johnson; Invitations, Carr Sarginer;

Antiques, Mrs. Bill Hardin; Dance, Tate Jones; Loud speaker, J. D. Parks; Each of the committee chairmen have had several aides named by Chairman Henry.

The parade will be so long that the arrangers were busy late yesterday revising the route it will take. Also with the carnival in mid-street on the west side the mile-long caravan may have to by-pass this block on the traditional route.

The colorful prize-winning Whirlwind Band of Floydada High School will swing out, leading the parade, following the color bearers, Geo. L. Fawver and Bert Bobbitt.

Beard Shave Off a Friday Night Event

A "take it off" contest in which seven "Brothers of the Brush" will race to see how long it takes to remove months of chin whisker growth is set for Friday night, May 29, at 7:30 according to Gene T. Arwine, chairman of the event.

Seven of the contestants in the "Biggest, Bushiest, Full-Breasted" category of the Beard Growing Contest will place identical shavers to their faces, and, at the word "go," start the darndest "whisk-off" since Custer fell at Little Big Horn. A complete, clean shave in the shortest time and a cheek smoothness test will be the two points on which judging will be based.

First prize in the shave-off will be a new adjustable shaver. Second, third, and fourth prizes will be Auto-Home Shavers.

Fifth, sixth, and seventh prizes are shavers, with exclusive roller embs and treviction diamond-honed cutting edges.

Miss Ima Jean Noland, Golden Jubilee Queen and her Court, will judge the winner of the event.

Miss Noland, the lucky "Queen" of the celebration, will be presented with a Remington Princess Ivory beauty shaver, designed by the manufacturer.

The First Mayor of Floydada, whose convening of the first city council in 1909, we celebrate this week, was W. T. Montgomery. He began serving as mayor 19 years and a few months after he carried the chain for the founders of the town when the "town section" was surveyed and plotted. He was never seen without the wide-brimmed black hat which was standard in correct wear during and after Reconstruction days. He died in the improvised "hospital" in the basement of the courthouse during the influenza epidemic of 1918.

Paula Wright Responding To Treatment

Paula Wright, four year old daughter of Mr. and Mrs. Verlon Wright of the Pleasant Hill community, is still fighting bravely and apparently responding to treatment this week in John Sealy Hospital at Galveston.

Mrs. W. C. Wright of the city, grandmother of the child, said the dressings from Paula's burns had been removed and that she is still serious but attending to her family. Her condition is still serious but attending to her family.

Paula sustained severe burns over her entire body when her clothing caught fire Tuesday of last week. She and her brother were playing with matches outside the home when the accident occurred. Paula received second and third degree burns from her lower limbs up and around her neck. She was flown to Galveston after treatment at Methodist Hospital in Lubbock.

W. B. (Jack) Henry is president of the Pioneers Association, meeting in Floydada today.

Mr. Taffinder's letter: FROM FLOYD COUNTY, Floydada, Tex., Feb. 16, 1902 - Find enclosed one dollar for subscription to the Star Forum for remainder of his 1903.

By request of friends before I moved away from Corryell county and as an old correspondent of yours I will write a few lines for publication in the dear old Forum. It has been nearly two years ago that I left the home of my childhood in Floyd-hood and friends of a lifetime, to whom I would try my fortune in almost a new country. The desire to write the first year was much greater than

now, but more of the evidence is such is not the case. Our rain is partial like the rest of Texas. You see the handle to this pan you might find up to the knees picking it. The gin here has ginned about fifty bales. The people here gathered in quite a crowd to see first baled in the fall. I think the season is too short here to raise cotton successfully. Our best crop here is kaffir corn. You people down there have no idea of the value of kaffir, you think it a sort of chicken feed with out much merit, but my prediction is that when we get railroad here we can raise it to thresh and ship like you do oats and make better pay than you do on your cotton. I think it is too hot in your country.

I reached my new home one and a half miles southeast of Floydada July 14, 1901. On the day before our arrival the people here had their first rain since they had their first rain since the year, then we had a very good season and on the 17th I planted some garden English peas grew rapidly and looked different to anything I had ever seen, they were such a dark green; and one bunch of mustard after frost weighed 11 and a fourth pounds, all raised long I will speak of some of the disadvantages of this country and our garden truck is raised by irrigation.

Cotton? Yes, I reckon some and haul in costs us just about double what it is worth at railroads, then on account of the high altitude evaporation is much more rapid, so if we get as much rain as you do withstanding all this lands are advancing in price rapidly, our town is growing fast. This country has passed the experimental stage, the digouts have had their days and good dwellings take their places. I do not think it wise for men of no means to come here. They might do well to go to New Mexico and get a homestead, but even that is questionable. Many good wishes to you and all my friends, Mr. Editor, and may our Star-Forum shine brighter and brighter as the days go by. L. P. TAFFINDER.

William Smith was Last of Hank Smith Family

Griffin, where his father owned the hotel until he decided to move farther west.

He attended the South Plains first school at Estacado, and later the first school at Mt. Blanco, which was located just west of the rock house. He started work as a cowboy for the Spur Ranch, working for his cousin, George Smith. He later worked for the Half Circle S and TM-Bar Ranch in Floyd County.

He went into the sheep business with his father, the two purchasing 5,000 head of sheep. The flock was wintered between Mt. Blanco and Colorado City, and Smith's task was to stay with them during the winter months. He later went into business on his own, raising white face cattle, a business which he continued the remainder of his life.

Smith was at one time sheriff of Crosby County, serving out an unexpired term in 1908. During that year he moved his family to Old Emma. He was a long time member of the Mt. Blanco School board, and also served on the Crosbyton board when the

family moved here about 1918. He served as director and president of West Texas Old Settlers Association for many years.

A Mason since early manhood, Masonic rites were held at the cemetery. Masons were also pallbearers, including Lewis Benton, Lloyd Parkhill, Willie Smith, C. B. Leatherwood, W. H. Leatherwood, C. F. Flemings, Joe Lowrie, Crosbyton, and Troy Leonard, Floydada.

Survivors include the wife; two daughters, Mrs. Evelyn Lowrie, Crosbyton, and Mrs. Stanley Erickson, Darien, Conn., and three grandchildren.

REV. NIX PREACHES FOR BAPTIST CONGREGATION

Rev. J. F. Nix, veteran of the Baptist ministry on the South Plains and New Mexico, preached Sunday morning at the First Baptist Church.

Called to preach while farming at Roseland east of Lockney, Rev. Nix is retired from the active ministry but preaches often for church congregations in the area. He was ordained in 1907.

Mr. and Mrs. Melvin Hamm and daughter of Las Cruces, N. Mex., were overnight guests one day last week, of his grand father, R. A. Burrows and Mrs. Burrows. The Hamm family were enroute to Georgia, where he will be stationed after being drafted into service. Hamm was attending college at Las Cruces.

Center News

(By Mrs. J. E. Green)

CENTER, May 25. — How nice the rains were, where there was no hail. It has been cool enough for coats, and a fire in heaters in the early mornings. But today, it is beautiful and sunny.

Our beloved young pastor, Robert White, who is facing surgery and could not be with us this summer, offered his resignation Sunday, May 17. So our pulpit was filled Sunday by another Wayland student. He will be with us next Sunday, so everybody try to come.

Center Church had no service Sunday night, due to the Baccalaureate Service in town.

Mrs. Denison and Mrs. Plumlee are on the sick list, combating a virus.

Mrs. Hartline visited in Plainview, Wednesday with her daughter, Mrs. Bob Landry and Mr. Landry.

Thursday Mrs. Landry came by and she and her mother spent the day in Lubbock shopping and visiting. Mrs. Hartline's sister, Mrs. Bess Butcher, formerly of Floyd County.

Sunday, May 17, the J. D. Welborns visited in La For with Mrs. Welborn's mother and a brother and his wife.

Mr. and Mrs. J. E. Green attended the funeral service at the First Baptist Church of Crosbyton, last Tuesday afternoon, for George W. Smith, a resident of Mt. Blanco almost all his life of 82 years. Mr. Smith was the oldest and last of the children of "the old Rock House" in the Canyon. It is sad to say "goodbye" to a loved one, or to a good old neighbor as all, who knew him would agree he was.

Mr. and Mrs. J. D. Welborn visited Mr. and Mrs. Frank Dunn, Sunday afternoon.

Mr. and Mrs. H. B. Mankins had as guest for the week-end Mrs. Luther Mankins of Bogota, Tex., mother of Bert Mankins.

The women were girlhood chums, married cousins, and had not seen each other for many years. They had a happy visit together.

Mr. and Mrs. Green visited Mr. and Mrs. Walter Sims one afternoon last week.

Mrs. W. M. Ferrer and son Clarence of Lockney, visited Sunday afternoon with Mr. and Mrs. Walter Sims. The women are sisters.

Mrs. Green visited Mrs. R. H. Ashton and her visiting sisters of Ft. Worth and Canadian one afternoon last week.

Mrs. W. O. Tye visited briefly with Mrs. Green, Monday morning.

Graduation is here tonight, Monday, two Center boys graduate from Junior High School, Joe Lee Dunn and Bruce Horton. Tomorrow night Margaret Carey gets her diploma from Floydada High School. Congratulations.

Five Graduates At Flomot High

Flomot School's graduating class of 1959 was composed of five members, four boys and a girl, their commencement exercises being held Friday night of last week.

Morris Degan was valedictorian of the class, Benny Turner salutatorian. Harold Stone, Doyle Walker and Ersie Starkey were the other three members of the class.

NEW MEMBER OF STAFF MOVED AT HOSPITAL

Dr. Tommy L. Glenn is joining the staff of Lockney General Hospital according to Dr. W. J. Mangold. Dr. Glenn recently completed two years of Army service. He is a 1955 graduate of the University of Texas Medical School at Dallas and served his internship at Methodist Hospital in Dallas. He is 30 years of age.

Mr. and Mrs. Bruce Foster and family of Houston were in Floydada last week for a short visit with relatives. Their three daughters were here for several days with grandparents, while Bruce and his wife journeyed to the West Coast and through the mountains on a vacation trip. Bruce is an engineer with Sinclair Oil Company.

GRITTY • SERVICE • SAFETY

Many in the lower house seem-money needs for the next few to be in a mood to get as much years, the governor is pushing as possible over to the Senate separate tax program, a "package bill" known as H. B. 7.

It would raise an estimated \$161,000,000 in two years.

Affected by the bill would be (1) natural gas, with a reduction from 7 to 5 per cent in production tax and addition of 5 per cent "severance beneficiary" tax, (2) interstate corporations, with a new and complex taxation formula, (3) utility companies, with an increase in the gross receipts tax, (4) cigarettes, one cent per package more, (5) other tobacco products, except snuff, to be added to sales tax fold, (6) liquor, increase from \$1.406 (correct) to \$2.50 a gallon sales tax, (7) auto- mobiles, with sales tax increase from 1.1 to 1.5 per cent.

Rep. George Hinson of Mineola is sponsoring the bill.

In the past weeks the governor has been making a vigorous round of conferences and talks, rounding up support for his pro- gram. He launched it before the Legislature with a speech pouring fire and brimstone on the heads of lobbyists. He accused the "third house" of causing expen- sive delays.

OTHER TAX BILLS — As in the regular session, there is no lack of ideas for raising money. Besides the governor's bills, these have been proposed:

(1) One per cent tax on all manufactured goods, by Rep. Jerry Sadler of Perella. To bring in an estimated \$200,000,000, annually. Businesses grossing less

DEBT-PAYING BILLS — Three bills recommended by Governor Daniel to wipe out the \$65,000,000 state deficit received first legisla- tive attention. These measures are: 1. "Bookkeeping bill" designed to top \$28,000,000 off the Aug. 31 deficit by crediting certain money to this year instead of next year.

2. One-year increase in the cor- poration franchise tax to bring in \$17,000,000. Sponsor Rep. Joe Ed Wintree of Houston called it "a production by Texas business" to- ward bailing out state govern- ment.

3. Abandoned property act, to transfer to the State Treasury funds unclaimed for seven years. Estimates vary as to how much it would bring in, sponsors say a- bout \$20,000,000 the first year, \$2,500,000 a year thereafter. It was re-written after its defeat last session, but bankers still aren't happy.

First two of these bills received quick House approval.

than \$25,000 annually would be exempt.

(2) 1.5 per cent general sales tax, by Rep. Frates S. Seeligson of San Antonio. Food, feed and fertilizer would be exempt.

(3) One per cent tax on retail sales, one per cent on personal income and three per cent on cor- poration income by Rep. Louis Anderson of Midland.

(4) Five per cent tax on cor- poration net profits by Rep. Deo Johnson of Houston.

(5) Five per cent tax on trad- ing stamps, by Rep. Joe Chap- man of Sulphur Springs.

(6) Graduated oil tax, by Rep. Bob Eckhardt of Houston.

RE-RUN ON APPROPRIATION — Re-approving the appropriation bills passed during the regular session was a no great stumbling block for either House or Senate.

As before, both houses passed bills calling for 1960-61 spending totaling about \$2,400,000,000. House bill would require some \$33,000,000 from the general revenue fund; the Senate bill, about \$20,000,000 less.

Only change on either side was a House amendment to cut off aid to dependent children payments for illegitimate children after the first one in a family. By having more children, said Rep. H. J. Blanchard of Lathrop, unwed mothers get more money from the state. House members agreed the payments encouraged illegiti- macy.

Hard part on getting out of ap- propriation bill will be settling the House and Senate differences in conference committee. No con- ference group was appointed in the regular session. Some pre- dicted there would be no effort to come to final agreement on spend- ing this session until ways to pay for it had been agreed upon.

TOO MUCH OIL — Texas oil allowable for June will be 282,738 barrels a day less than for May.

Texas Railroad Commission set the statewide flow at 2,904,414 barrels a day on a 10-day produc- ing pattern.

It is the lowest allowable since last July. Both independent pro- ducers and major buyers asked the Commission for a sharp cut. They said there is a surplus of petroleum and the threat of a glut on the market.

GONE WITH THE WIND — If you inherited some of grandfath- er's Confederate bonds, just look on them as keepsakes. Texas Supreme Court has held that the state cannot pay them off.

Holders of some state Civil War bonds issued in 1862 received legislative permission to sue the state for \$46,000 payment on the bonds. Lower courts held the state was not liable because of a general statute of limitations a- gainst debts that old Supreme Court upheld that ruling.

We're older than we thought, Service of the FIRST actually began in 1890

In moving our old records we discovered recently that the predecessor of the First National Bank of Floydada was actually established in 1890... which means we're just about the oldest bank on the Plains.

It was in 1890 that Johnson Bros. & Ainsworth founded the Floyd County Bank. In 1896 James B. Posey bought the bank and in 1900 L. T. Lester joined him as partner. In 1903 the bank was chartered as a national bank and the name changed to The First National Bank of Floydada.

Probably no old settler has changed as much. In 1903 the capital structure was \$30,000 compared to today's \$500,000. And when our new building is complete the physical change will be just as great... with modern - as - tomorrow facilities and services for today's busy Floyd County settlers.

EDITORIAL VIEWS AND COMMENT

In the National Cemetery at Arlington, Va., the official inscription on the tomb of the unknown soldier reads: "Here lies in honored glory, an American soldier, known but to God."

As Memorial Day services are held there this year, America pays tribute to the dead of all wars. It is a specific, reverent reminder on the part of our government of the close relationship of one and all of us to God.

We are also reminded by the Religion In American Life movement that our relationship to God is acknowledged by National Motto, "In God We Trust." Memorial Day is an occasion for all of us to renew our dedication to Him as Americans. —Contributed

The Old Settlers. They meet in Floydada this morning for the thirty-first annual celebration of the founding of their county, now lacking only one year of having been organized for seventy years. In the early days of the loosely-knit organization it was "decided" that one could call himself an Old Settler and "join" the organization when he had a residence or past residence of 25 years. The next "grade" was a forty year class and then came the fifty-year ones. At one time there were few of the latter. Now they are common as hen's teeth. The really, really pioneers practically all have gone the way of their fathers. We are happy to have all the celebrants this morning.

The unpleasant task of raising more money for the state's empty general fund has been taken hold of by the Texas House of representatives in a bold fashion at last. That body, having begun is expected to work right on through and adopt a measure that will be sent to the Senate for consideration. This is almost June and they are working against a September deadline, when the state's affairs will come to a grinding halt or there will be deficit operations.

Under the circumstances we are much less critical of the legislative general session than others have been. Some writers have poured on the caustic and rubbed it in. It must be borne in mind that legislation nowadays must run the gamut of powerful groups in position to make extremely distasteful situations for a legislator. The legislature and the governor will come up with something short of a sales tax and an income tax we are confident, despite the pressures.

It is regrettable that the water problem has had to be sidetracked for the more immediately urgent problem of raising money with which the state can stay in business. Water is still the Number One Problem in Texas and will be. The legislature must hammer

out something that will meet the need or see the federal government take over.

Passing of Mr. Dulles.

The nation's ex-Secretary of State, Foster W. Dulles, has passed and the nation has been in official mourning since Sunday. A state funeral was ordered by the president and the body of the man will be buried in Arlington Cemetery. The courage and convictions of the man have not been questioned by the grass roots population, "out in the hinterland," as it is put in official circles. But we can't believe that history will record him as America's greatest Secretary of State. Mr. Dulles was privy to too many of the poor moves made in secret by the present and previous federal administrations which grass roots people could not bring themselves to approve. Mr. Dulles certainly threw his weight around, but he gave away rights and substance of the American people in a fashion that did not make sense to the man on the street. The cold facts of history can hardly bear out the fulsome praise which the president and the heads of nations have heaped on his memory.

Chinese Elms Prolific. In the one hundred and forty feet of the flower beds on the south and east side of the place and the first twenty-seven feet of the running rose bed there were 87,263 little Chinese elms after the rains began in April. On that basis the shoots that sprouted from the seed crop in the remainder of the rose bed will bring the total on the premises up to 102,891, give or take a few hundred for the sprouts in corners, among the columbines and around. Chinese elms are prolific and the writer is a good counter.

Never Be Sure. Some reporter or other last week, giving figures on the wheat crop in the panhandle and south plains, said the dry land crop in this area is a total failure. Not inclined to argue with the reporter, but sure that such a pat statement couldn't be true we've inquired somewhat. There are a few dry land fields in Floyd County that, as of this moment and barring hail, will do as well even as last year's momentous crop. Never be sure either way about wheat in Floyd County.

Wouldn't It Be Fine if we could have the things we have the way we have them and have our country back, too?

Touching. The most expensive corsage is seldom as beautiful as a bunch of wild flowers clutched in the grimy fist of a bright-eyed small child. Herald Dispatch, Sleepy Eye, Minn.

As a Farm Woman Thinks

(By Nellie Witt Spikes)

SECTION TWELVE IS RECALLED BY PIONEERS

Ralls Highway Crosses Over Section Twelve. Recalls Memories.

MEMORIES SHIFT

Round-ups, Branding and Camp Dinner Were Treated To Children

(By Nellie Witt Spikes)
Time, July 5, 1935.

Place, Section Twelve in the canyon south of Floydada on your left as you travel the highway from Floydada.

This is what I saw as I carried my laundry to do it in the easy way:

Cars with license tags from states scattered all over the Union passing swiftly by; airplanes sailing where only the eagle sailed so long ago; tractors turning up the rich soil on the Plains nearby; the Country Club with its swimming pool and golf course; cars carrying fresh baked bread; cars with ice for the farm homes; large trucks loaded with gasoline and kerosene.

A calf bawled near the road and immediately memory pictured another day and another scene. Driving along this road with my parents, then a little girl, I saw on Section Twelve chuck wagons with the cooks busy cooking son-of-a-gun stew, red beans, beef and sourdough biscuits, making "lick" with water and sugar, stewing pots of dried apples; suggests rolled up in tarpaulins piled on the wagon to be unrolled as a bed at night, cowboys coming from every direction, bringing cows in a run as they neared the roundup grounds.

Such a milling, bawling and raising of dust sweating cowboys roping out yearlings, smells of saddle blankets, coffee and burning hair and of the cow chip fire.

How good the dinner was as the men made us welcome.

Buzzards flying overhead as if they hoped some cowboy would break a yearling's leg and have it to kill.

Men from Crosby, Lubbock, Hale and Floyd, each going "in" in turn as the boss would tell them and getting out their stuff to be branded or sold. Cowboys holding the herd at night and singing lonesome plaintive songs such as "Silver Dagger" and "Bury Me Not On The Lone Prairie-ee," horses pitching and cowboys yelling "Ride him cowboy!"

Like a slight of hand performance memory shifts the scene again.

Riding in a big white top mail truck driven by J. I. Tipton, I was going to Amarillo. On the seat by me was a woman who had been visiting, a drummer was in the front seat. Mr. McCarty had built a ranch house on Section Twelve and the Roundup days were gone. Water came to the bed of the creek at the crossing. Larger fields of maize, kaffir and cane were being put in. New homes and windmills were seen from the road. No longer were there herds of antelope. A few Jersey cows looked at us as we passed. Honk, honk. A large car passing brought me back to the year of 1935. Section Twelve — what a flood of recollections you bring to the people of early days. The place where men from all over the country met and talked, friendships made that death alone could end.

Dear friends of early days on the Plains, may we all meet at God's Section Twelve at the Last Great Roundup.

LEGAL NOTICE

NOTICE TO BIDDERS

Nazareth, Texas, Farmer Reports —

\$4 Return on Maize For Every \$1 Spent on Ammonia

Greg Hoelting, prominent Castro County farmer, says: "By side dressing my last year's maize with 100 pounds of Phillips 66 Ammonia I averaged 5150 pounds of grain on 415 acres. It was a uniformly mature crop, easier to cut. One day I started the combine at nine o'clock; when I stopped at seven that evening, there were 3700 bushels harvested. "I figure my increase in grain nets me about \$4 for every \$1 I spend on ammonia."

Other successful Southwestern farmers have discovered that they make more profit per

acre, using Phillips 66 Ammonia more cotton that classes higher at the yields of sorghum grain or ensilage created... profits on wheat and are increased through higher grain improved forage... more market tables are harvested.

Phillips 66 Ammonia can be established by you or your distributor. See about Phillips 66 Agricultural Ammonia it gives you more nitrogen per dollar other form of fertilizer—a full 27%

Takes Sail Fish In Gulf Waters

L. A. Marshall has had the fishing trip of his life, and has returned with a saga of an eight-day trip to the east coast of Yucatan in company with his son, Dr. Steve Marshall and three companions from Roswell.

Brought home as evidence of his fishing prowess, too, the sail fin, the head and tail of an eight-foot sailfish he caught after a 40-minute battle.

The fishing party operated out of LaPaz, on the east coast of Old Mexico, flying a thousand miles across desert and mountains from Juarez.

The sail fish he caught was the first he ever saw, said Mr. Marshall. He also caught two other smaller ones.

Kitchen and Field NEWS FROM LIGHTHOUSE ELECTRIC COOP. INC.

(By Nancy Morckel) Home Economist REA 24 YEARS OLD

The Rural Electrification Administration (REA) marked its 24th anniversary on May 11th of this year. On April 20th the United States Dept. of Agriculture announced that only one of its borrowers was behind in its loan payments. This is the lowest delinquency record in REA's history.

Since the REA electric program began in 1935, the agency has made loans totaling more than \$3.8 billion to 1,062 rural electric systems. These utilities have made payments to the Government of nearly \$1.1 billion, including \$397.7 million repaid on principal, 357.6 million paid in interest, and 141.7 million paid in advance of due dates.

REA Administrator, Davis A. Hamil, commenting on this record said, "In the latter 1930's a lot of people were wondering if those new rural electric systems were going to be able to meet the payments on their government loans when due. Today they have their answer. The rural electrification program has proved one of the soundest investments ever made by the people of this country."

When REA began operations only about 11 of every 100 U. S. farms had central station electric service, but today, 96 out of every 100 farms are electrified. REA borrowers serve more than half of these farms.

Ed Pollan and Keith Stansell went to Lake Thomas fishing over the week-end.

Mr. and Mrs. Don Webster of Lubbock and Mr. and Mrs. Billy Keith Baker and Mike of Odessa were week-end visitors of their

parents, Mr. and Mrs. W. O. Baker.

On Thursday afternoon of last week, the Mt. Blanco Home Demonstration Club met in the home of Mrs. J. R. Williams for a demonstration on "Freezing Foods."

Corkey Guffee accompanied Joe Gilbert, Line Superintendent from Lamb County Electric Cooperative, Inc. at Littlefield and Dick Hopping, Work Order Clerk, also from the same cooperative; Scotty Slaughter of Amarillo with Cummins Supply Co., and Larry Galuppo, of Amarillo, with Allis Chalmers Co., to Zapata, where they fished in Falcon Dam Lake for several days.

Wiley Rogers, Cotton Wilson, Leslie Fawver and Carrick Snodgrass spent the week-end at Lake Stamford fishing.

Whipped gelatin desserts are good freezers provided you cut the liquid content from 2 cups to 1 and one-half cups.

Chiffon pies with beaten egg whites folded into the filling are good, too.

When bananas ripen faster than you can use them, you have a few extras on hand that might ruin a mash them as you do for banana bread or cake, add some lemon juice to keep them from turning dark and freeze your fruit is ready any time you need it for making a cake or some banana bread.

Brown and freeze meat balls, either large or small. Pre-heat them in stews, bouillon, gravy, cream of mushroom soup or with vegetables — anyway that you are accustomed to using them.

To prepare delicious dessert sandwiches — bake cakes in sheet pan, cool and put together with ice cream filling. Freeze quickly, then when frozen cut off sections in serving sizes. Wrap, label and freeze.

Pasteurized process cheese freezes best. Just leave it in its original polyethylene wrap, overlap with foil and freeze. Natural cheddar and Swiss cheese retain their flavor but become dry when frozen.

Cheese cake made with Philadelphia cream cheese freezes nicely and is delicious.

Cream cheese dips for crackers and potato chips may be frozen and kept for a period of time. If the mixture separates, just re-whip before serving.

Avocado dips freeze nicely too. Freeze small amounts of green peppers in small amounts for casseroles. Package several packages in a cellophane bag or one container.

So nice to have my sister and her husband, Mr. and Mrs. Hershel Frieleds, of Ingleswood, California, who came last Friday for a week's visit.

Remember — it has been said, "The finest spur to accomplishment is to have someone say it can't be done." I would rather be able to appreciate things I cannot have than to have things I am not able to appreciate."

Will Taylor is up and out a bit after having been confined to the hospital and his home for several weeks following a heart attack. He came by the co-op office a few minutes Tuesday morning.

Graduation time has finally come and school will be out. Plans are being made for summer vacation. Billie Gail Holmes plans to spend the summer in El Paso. LaWana Wornack is planning a trip to California, and I haven't heard Sarah Carey's plans, but we wish all three much success as they journey along.

While we are thinking about vacations, let's all remember the bookmobile, that will be stopping in the community every two weeks and take advantage of it. Especially those with time on their hands.

Bradley Earp, of Munday, has been visiting in the home of his sister, Mr. and Mrs. Billie Stringer this week.

Mr. and Mrs. Ocie Phillips and family of Plainview, were visitors at the Sand Hill Baptist Church Sunday.

Mr. and Mrs. Lynn Miller gave a demonstration on Sea Foods Refreshments were served to Mrs. Lynn Miller, Hollis McLain, Walter Knight, Pat Bullock, T. C. Hollums, H. F. Jackson, Orton Miller, Johnny Miller, Bill Stringer, and one visitor, Mrs. Neva Smith.

After the club meeting a 4-H meeting was held with Mrs. Orton Miller in charge. The 4-H girls will be in charge of the next meeting, which will be June 3, with Mrs. Johnny Miller as hostess. The next meeting will be Pollyanna day. All members are urged to be present.

Sunday will be the last time Brother Bill Rowland will preach at the Sand Hill Baptist Church, and we are hoping to have the building overflowing.

Brother and Mrs. Rowland and family will be leaving for Ohio the first of next week. They have been a blessing to the Community. No words can express how we miss them. We wish them much success, as they go to work on the mission field in Ohio.

Mr. and Mrs. H. F. Jackson and Mr. and Mrs. Lynn Miller and family enjoyed the Old Settlers parade in Plainview Saturday afternoon.

Beverly Jeffress attended the eighth grade graduation in Floydada Monday night with Norma Hollums.

The G. A. Coronation will be held Wednesday night at the Church under the direction of Mrs. Bill Rowland. Those going before the Viewing Council Monday night were Kathy and Linda Rowland, Mary and Elaine Starkley, Marilyn McLain and Beverly Jeffress.

Everywhere you look this week something is happening that reminds us that Old Settlers day is near at hand in Floydada. So we of the Sand Hill Community wish a happy 50th anniversary to Floydada.

Everyone is asked to come join in the fun this week and be sure to save one night to see the pageant on the football field.

Mr. and Mrs. V. D. Turner returned the latter part of the week from Tulsa, Okla., where they attended the Oil Show, and visited with relatives at Agra, Mustang, and Oklahoma City.

Mrs. Callie Marquis of Amarillo and Mr. and Mrs. Herbert Marquis of Sunray were week-end guests of Mr. and Mrs. F. M. Marquis. They are mother of F. M. and a brother, respectively.

Sir Francis Drake claimed what is now the state of California for Queen Elizabeth in 1578.

A broker was originally a retailer of goods belonging to another.

3 GOOD REASONS FOR COOKING ELECTRICALLY

- 1 FAST**
Electric cooking is fast! Just a simple water boiling test proves the speed of electric cooking. And, it's because all the heat goes into the pan to cook the food—none escapes up and around the sides of the pan to heat up the kitchen. This means cool cooking — best of all, fast cooking.
- 2 CLEAN**
There's just no cleaner way to cook. Electric elements clean themselves as this dramatic molasses test proves. The electric element in the photo, just like the surface unit on top of the range, when turned on and immersed in a pitcher of sticky molasses comes out clean. With electric cooking, walls stay clean, elements stay clean and drip pans wash clean as easy as saucers.
- 3 ACCURATE**
You've noticed that where automatic controls are used in your home they are electric. That's because electricity controls accurately and is, in turn, easy to control accurately. That's why, on an electric range, you can melt chocolate without burning and without a double boiler — so gentle, so safe, so accurately controlled is electricity.

fourths of their production, according to research studies.

The U. S. Research Laboratory at Waco has been studying the cotton pest problem since the late 1930's. It shows an average annual seed cotton yield of 1,049 pounds per acre from treated test plots. This is 300 pounds, or 42 percent, more cotton than the average annual production on untreated plots.

Insecticides are becoming more effective, too. The advent of modern organic insecticides have resulted in yield gains of 53 percent. Before 1945, when farmers depended upon inorganic insecticides such as arsenicals and sulfur, yield increases amounted to about 34 percent annually.

Highest cotton production on insect infested and the greatest increase over untreated plots occurred in the 1955 tests. Treated cotton produced 1,461 pounds of seed cotton per acre as compared with only 778 pounds on untreated plots. The greatest percent increase was in 1946 when 403 pounds per acre were harvested from untreated plots and 1,034 were gathered from treated land. The percentage gain attributed to insect control was a whopping 156.6 percent.

The most troublesome pests during the years of research have been the boll weevil and boll worm. Until the mid-1940's, the yield losses it has been losing its "punch" in recent years. The cotton fleahopper is erratic causing heavy damage in some years and then practically disappearing in others.

The cotton leafworm and desert spidermite do not usually develop to proportions that can influence crop production.
