## COUNTY, CITY, SCHOOL TAX VALUATIONS SET

### City, School District Raise Values About Twenty Per Cent

Biggest "non-resident" taxpayer in Floyd County is the Fort Worth & Denver South Plains Railway Company, and the second largest is a competitor, the Service Pipe Line Company. The Denver's property will be listed on the tax rolls at \$366,660, and the pipe line company lines are valued at \$280,000 for tax purposes.

Southwestern Bell Telephone Company rates third with \$217,230 in valuations, Pioneer Natural Gas Company is fourth with \$211,630, and Southwestern Public Service Company's property in the county is rendered at \$190,160.

Panhandle and Santa Fe Railway Co. has a rendition of \$115,020, the Quanah, Acme & Pacific \$120,770, and the Lighthouse Electric Corporation lists at \$104,140.

Total value of all oil and gas property, utilities, including the above, drilling rigs, derricks, oil and gas leases, pipe lines, etc. was set at \$1,900,520.

This compares with the figure for last year of \$1,600,160.

The Commissioners Court in their final meeting as a board of equalization set these figures after their hearing on June 23. Several of the big taxpayers had representatives conferring with the court.

As has been the custom for several years the court had King-Latham-Stuts & Co., a Dallas firm, aiding them in arriving at the values on these special renditions, nearly a hundred in number, counting oil and gas lease owners.

The court will have the same firm in their employ for another two years. A contract signed with the Dallas firm covers their services for the years of 1960 and 1961. The contract calls for the firm to be paid 4 cents on each \$100 valuation in the above category. The county assumes no contingent expenses or fees of any kind.

Biggest taxpayer on oil and gas leases in the county this year will be W. W. West, whose properties will go on the tax rolls at \$38,170. Other oil interests represented on the rolls include Sinclair at \$26,970, Atlantic at \$22,510, General Crude at \$22,470, Humble, Pan American and Superior all have renditions ranging above \$10,000. Oil and gas leases and royalties on the rolls show a decrease from three years ago.

Total county and state tax valuations last year were \$15,704,890. The tax assessor expects the roll this year to show a slight increase. Incidentally he said that at the June 30 deadline collections from the 1958 rolls were 97.41 per cent of the total assessments.

At the city hall it was learned this week that the increase in city tax valuations over last year will be \$768,695. The new rendition rolls will show a total of \$3,489,475 as against \$2,720,780 in 1958.

All of the increase, except

### Herbicide Hearing Monday

The public hearing on the adoption of the provisions of the Texas Herbicide Law, an option which the Commissioners Court can exercise, will be held on Monday, July 13 at 3 o'clock in the county court room, it was announced last week by Judge J. D. McBrien.

The Commissioners called the hearing after the matter came to the fore as a problem on Floyd County farms recently. A delegation of farmers met with the court, revealing that some sort of herbicide had materially affected a large acreage of excellent cotton, possibly doing great damage.

The entire high plains area is exempted from this law, except that any county in the area can opt to adopt its provisions if sufficient cause is shown.

The fact that the law is quite stringent in some of its angles of control makes its desirable that all its provisions be discussed before a decision is reached, Judge McBrien and members of the court told a delegation that visited them from South Plains recently.

A cursory study of the law, now in force in many parts of South and Central Texas, reveals some of the requirements it apparently entails, such as:

The seller of a hormone-type herbicide must be licensed by the state and must keep accurate records of all sales. Likewise, the applicator must have a permit and must keep records of the use made of the herbicides he sprays or dusts on crops. Included in the category of restricted herbicides are the commonly used 2, 4-D and 2, 4, 5-T.

Also with control of the application of the law in the hands of the Commissioner of Agriculture the problem becomes somewhat complex since rules and regulations are set up by that state agency under the statutes.

The applicator of the herbicide would operate under a surety bond, would have to pay inspection fees and an inspector would have to be named by the county.

Whether complying with these requirements and restrictions would become burdensome to the farm operators and expensive to the county will be among the matters for discussion at the hearing.

### Break-In Nets Electric Iron For Muddy-Footed Burglar

A burglar broke into the Radio Electric Company place of business Wednesday night of last week and is now equipped to take in ironing.

Little else but an electric iron was missing that Mr. and Mrs. E. E. Hinson, the proprietors, could determine.

Mrs. Hinson said her husband noticed the break-in Thursday morning when he opened up the place for business. A window screen at the back was torn off and entrance was gained through the window. Mud was all over the floor, tracked in from outside by the person or persons who entered.

Mrs. Hinson said as far as she could determine only an electric iron was missing and she couldn't say for sure that it was taken that night or during a rush period during the day. She felt that the burglar might have gotten into their place by mistake, thinking he was gaining entrance to Bradford's Jewelry, which has been burglarized on several different occasions.

The cash register had been tampered with, Mrs. Hinson said, but it wasn't forced open. The safe was also intact, not having been touched. More expensive items were either overlooked in the dark building or the burglar was frightened away before he could take any thing else.

Most brazen intrusions involving property recently have been two daylight robberies, when the thefts were committed while the store manager was busy in another part of the house and the tills of the stores rifled. These were at Shipman's Grocery and the Carmack Feed and Seed store.

Over the week-end three more break-ins were discovered, one each at Builder's Mart, at Higginbotham-Bartlett Co., and for the third time in two weeks, Carmack Feed and Seed.

### Lions Club Begins New Year Following Installation Day

New President of Lions International is Clarence L. Sturm, Manawa, Wis., who was elected at the Association's 42nd annual convention in New York City last week.

T. L. Holland Jr., president of the Floydada Lions Club, was among the delegates at the convention, participating in its activities. Holland was accompanied by his family to New York. This week they are on a sight-seeing trip through the Deep South, on the return swing, expecting to be home Sunday or there about. His first meeting with the club will be next week, when he is slated to make his inaugural address as president of the club.

Meanwhile the inauguration of the officers, other than the president, was effected at the last week meeting of the club when Tut Tawewater, of Plainview, Deputy Governor of District 2-T-1, was installing officer.

First vice president Dr. O. R. McIntosh presided at last week's meeting of the club in the absence of President Holland, and is due to preside again today.

Other officers taking up their posts in the club organization for the year are A. W. Coltharp, secretary and vice president, Samry Thaxton, Fred Thaxton, secretary-treasurer, Fred Thaxton, Lion Tamer and Dan Hagood, Tail Twister. The board of directors is headed by Edward H. Wester, immediate past president, with Bill Hale, Dr. Charles Craig, Glen Amburn and Louis Anderson.

Standing committees named by the new president to serve for the year are:

Activities: A. W. Coltharp, Claude Weathersbee, Weldon Harris, J. L. Dalton, Bill DuBois, Joe Harris, Bill Hale;

Attendance: E. A. Williams, Donald West, A. W. Dalrymple, Tate Jones, Dan Hagood, Parrell Powell;

Finance: O. M. Watson Jr., Gene Collins Jr., Kenneth Bain Jr., Gene Arwine;

Membership: J. M. Willson Jr., Edward Wester, Ed Moore, Jim Word, John Kimble;

Program and Yearbook: Dr. O. R. McIntosh, Glen Amburn, Claude Estes, George Spears, Weldon Harris;

The club's Scouting program includes the sponsorship of Scout Troop No. 57 and Cub Pack 57. The Scout committee includes J. E. Elza, Scoutmaster, Jim Word, Assistant Scoutmaster, Charles Craig, institutional representative, Edward Wester,

### ALVIN BATTEY DISCHARGED TO RESUME FARMERS LIFE

Mr. and Mrs. Alvin Battey are back in Floydada to live following their discharge from service on Monday. The family came from Memphis, Tenn., arriving here Tuesday morning.

Battey and his family will make their home southeast of town where he will be engaged in farming.

### LITTLE CHANGE NOTED

Skeet Thornton, who underwent recent brain surgery, is said to be about the same, possibly a slight improvement shown in his condition on Tuesday. Members of his family have been at his bedside since the critical condition arose. He is in Methodist Hospital at Lubbock.

### MOVING TO PHOENIX

Mrs. D. I. Bolding Jr., and her daughter Kim, of Lubbock, have been here for several days, guests in the home of Mrs. Bolding's parents.

Mrs. Bolding, who is employed in the merchandising department of Humble Oil Company, has been transferred from Lubbock to Phoenix, Ariz., and the couple will be moving there shortly.

### W. A. CAMPBELL DIES WITHOUT WARNING; RITES HELD SATURDAY

William Alexandria Campbell, 69, longtime resident and farmer of the Sand Hill community, died at his home here shortly after noon Thursday after suffering a heart attack.

Funeral arrangements were in charge of Harmon Funeral Home with rites held in the First Methodist Church Friday at 3:30 p.m. The pastor, Rev. DeWitt Seago officiated. Burial was in the Floydada cemetery with graveside Masonic rites.

David Campbell, a son, and his family, were in Colorado when they learned of Mr. Campbell's death, and drove home overnight. Sam Baker, a close friend of the family, also was away from home, in Missouri, on a vacation trip, and drove home to be present at the rites.

Born June 21, 1890, Mr. Campbell was a native Texan. He was married to Miss Laura Mae Scott in Coleman County in 1906. The family came to this county in 1946 from Motley, where they moved after leaving Coleman County in 1915. Mr. Campbell was a cousin of Harry Campbell, rancher of Matador. He was a member of the Methodist Church and of the Matador Masonic Lodge.

Pallbearers were Sam Baker, B. J. Wofford, H. B. (Jack) Johnson, J. T. Huckabay, Weldon Smith and Tom Porter.

Mr. Campbell was a member of the board of directors of Farmers Cooperative Gin, which now has an ambitious building program under way. The first of the week the board had taken no action toward naming a successor to Campbell as director.

Survivors include the wife, two sons, David Campbell of Floydada, and Maurice Campbell of Dimmitt; one daughter, Mrs. Turner Hunter of Floydada; six grandchildren; one brother, Fred Campbell of Coleman; one sister, Mrs. W. O. Wallace of Laguna, N. Mex.

\$46,000 is represented in increased valuations put on real estate. The change breaks a long precedent.

Income from tax sources for the city, assuming 100 per cent collections will be \$32,342.13, compared with \$40,811.71 on the rolls in 1958.

Relatively few complaints were registered with the city's tax equalization board. The council (See Tax Values, Page 6)

### Student At Work

Floyd County boys and girls are doing many and sundry things this summer to make money for school expenses, clothes or whatnot, pretty fair answer to canard charging giddy-mindedness and frivolity to the on-coming generation. Pictured is Dick Galloway, Baylor sophomore, doing a summer book-keeping stint at Davis Grain Company's office. See Story next column. (Photo by Betty Henry).

### SUMMER WORKERS

## Students Fit Jobs In Commerce, Industry

When school lets out for the summer many young people re-turn home and begin work in various places. They want to earn money for various purposes-to answer for the money to return to the school, to get married, or to buy clothes, and to have the security of having a bank balance to prove to themselves they can really make it work.

In any case we thought it would be interesting to see why the majority of young people in Floyd County were working in the home town businesses. And here is the answer:

Janis Roberts, daughter of Mr. and Mrs. P. I. Roberts, 715 West Grover and a sophomore at West Texas State, is employed by the ASC office for the summer and plans to save her money for college.

Dick Galloway, bookkeeper for the Lon Davis Grain Company, will be a sophomore at Baylor this fall. He plans to use the money he is making for clothes and other college expenses. Dick is the son of Mr. and Mrs. Al Galloway, Route 1, Floydada.

Sandra Roe, employed by the First National Bank of Floydada is the daughter of Mr. and Mrs. Pete Roe, 722 West Grover. She is not planning to attend college this year so is working to keep and pass the time she said that she will spend her money to buy clothes.

Kendis Julian, son of Mr. and Mrs. M. M. Julian, is employed this summer by the Club Elevator at South Plains. In the fall he will return to West Texas State where he is classified as a junior. He will save his earnings to pay for college expenses there.

Anella Thurston, sophomore at A. C. C., will use the money she makes while working for the ASC this summer for her college expenses. Anella is the daughter of Mr. and Mrs. Joe

### Baptist Camps Make Blanco Canyon Retreat Busy Spot

Dick and B. O. Baker, evangelistic team from Dallas, are leading the singing and preaching at the Plains Baptist Assembly Grounds this summer for all the camps.

The Youth Camp, which usually has an average attendance of 100, proved to be the biggest attendance getter to date with 300, and at one session 600 were in attendance.

This week the Junior G. A. S. have taken over the camp with the 9 and 10 year-old girls arriving on Monday and staying until Wednesday at noon. At noon yesterday the 11 and 12 year-olds arrived to remain until Friday at noon.

Other summer camp schedules are as follows:

July 13 - 15 - Intermediate G. A. S.

July 15 - 17 - Intermediate R. A.

July 20 - 22 - Junior R. A.

July 22 - 24 - Junior R. A.

July 27 - 29 - Music Camp

Camps for the Brotherhood when Dr. E. S. James editor of the Baptist Standard, was speaking at the Youth and Family Day when Dr. Franklin Swanner of Plainview and District 9 Secretary, Rev. Ed Bowles, pastor of the First Baptist Church of Floydada, and B. O. Baker, were speakers, have already been held.

### ROBERTSON ANNOUNCES

### Polls Are Set For July 23 Wheat Quota Vote

Voting places for the referendum to be held July 23, on market wheat quotas for the 1960 wheat crop were announced July 7, by J. B. Robertson, Chairman, County Agriculture Stabilization and Conservation Committee. The locations are as follows:

Lockney - The Beacon Office

South Plains - Upton Grocery

Cedar Hill - Store

Dougherty - Poole Elevator

Floydada - ASC Office

McCoey - Gin

### New Bindweed Identified

Bindweed was treated on 34 separate farms in June for a total of 54.4 acres. Two acres of Burragweed was treated on 3 farms and 2 acres of Blueweed on one farm. The Weed District has treated over 200 acres of bindweed as of June 30.

A new species of bindweed called Grey Texas Bindweed was found in the county on June 10. Positive identification of this weed was not obtained until just a few days ago. Growth habits of this weed do not appear to be as possessive as those of field bindweed.

Some tests with the herbicidal oils and sodium compounds for the control of Johnsongrass are being made by Mr. Degge, so that farmers may be advised as to the most effective methods and chemicals for controlling Johnsongrass.

Farmers are reminded again to contact Degge to secure approximate treatment dates and information on their noxious weeds.

Works at First National

Sandra Roe, employed by the First National Bank of Floydada is the daughter of Mr. and Mrs. Pete Roe, 722 West Grover. She is not planning to attend college this year so is working to keep and pass the time she said that she will spend her money to buy clothes.

### Reception And Shower Honors Mrs. Bullock

A miscellaneous shower to fete Mrs. Jerry Bullock, the former Barbara Ann Smith, was given Thursday night in the parlor of the First Methodist Church.

In the receiving line with the new bride, were Mrs. Ray H. Smith, her mother, and Mrs. R. C. Bullock, the bridegroom's mother.

Mrs. Mac Smitherman registered guests at a table covered with a cut-work cloth holding pink roses placed underneath a white parasol. An arrangement on the piano, consisting of pink and white glads flowing downward from a shell made a bridal path for a miniature bride and groom, atop the shell.

Kay Robertson and Darlene Mount alternated in pouring at a table laid with a white cut-work cloth and bearing a bride-doll with a picture of the honoree for the upper portion of the body highlighted by double crystal candle holders with white tapers. This arrangement was placed on a styrofoam base surrounded with pink roses, carrying out the bride's colors of pink and white. Piano selections were played throughout the entertaining hours by Janis Roberts.

Members of the houseparty were Mrs. Travis Lightfoot, Bob Welborn, John Walker, Wanda Terry, Louis Blum, Harry Reeves, Woodrow Wilson, Charlie Perry, Mac Smitherman, Doyle Mount, A. H. Robertson, J. M. Williams, C. E. Guffee, Keith Stansell, W. L. Orman, Stanley Killian, Charlie Berry, Tommy Assiter, F. H. Faulkner, Milton Weems, P. I. Roberts and Misses Janice Roberts, Darlene Mount, Kay Robertson, and Judy Williams.

### Julia Ann Daniel, And Wayne Finley To Wed July 26

The engagement and forthcoming marriage of Julia Ann Daniel, daughter of Mrs. Ruth Daniel and the late Jess Daniel, to Jerry Finley, son of Mr. and Mrs. Wayne Finley, is being announced by the mother of the bride-elect.

Wedding plans are set for July 26 at 3 p. m. in the chapel of the First Baptist Church, with Rev. Ed Bowles, performing the ceremony.

Miss Daniel is a senior student in Floydada High School, and the prospective bridegroom is a graduate of the same school. He is presently engaged in farming with his father.

### Bluebonnets Meet With Mrs. Eakin

The Blue Bonnet Needle Club met the last Thursday afternoon in June in the home of Mrs. W. B. Eakin. The afternoon was spent doing needlework and enjoying a social hour. Games were played, prizes being won by Mrs. Woodrow Wilson, Mrs. Kearney Edmiston, Mrs. Carl Jarrett and Mrs. Everett Collier.

Refreshments were served to the following members: Mrs. Dennis Dempsey, Woodrow Wilson, Starks Green, Bud Goen, Burl Huckabee, L. H. Dorrell, Oliver Allen, Floyd Fuqua, Everett Perry, Everett Collier, and one guest, Mrs. Seaton Howard of Petersburg.

Calendered by the club for today is an all-day meeting at the home of Mrs. Edmiston.

Leroy Burns, sales and service manager of Bishop Motor, flew to Dallas Monday and returned by plane Tuesday, after attending a one-day service school in Dallas.

### Friends Honor Mrs. Carlisle At Layette Shower

The parlor of the First Baptist Church was the scene of a layette shower honoring Mrs. Carlisle on June 26.

Guests were served punch, cookies and mints from a table laid with a white embroidered linen cloth. Plate favors were miniature baby buggies. The centerpiece was a pink baby cradle with a large white bow, containing daisies, Baby Breath and fern.

Mrs. A. C. Pratt registered guests.

Hostesses presented Mrs. Carlisle with a baby bed.

In the house party were Mrs. Wayne Russell, Charles Hatley, Kyle Glover, Doyle Turner, A. C. Pratt, Ed Bowles, Clarence Guffee, Bill Hardin, Ted Ferguson, H. G. Barber, Bob Durham, Doyle Mount, Travis Young, Parrell Powell, Curtis Siner, Cecil Baxter, Roy Kinard, Claude Weatherbee, Ralph Johnston, Gene Collins Jr., Al Galloway, Johnny Burnett and Mrs. Kenneth Willis.

### Frozen Foods Demonstration Is Given Club

Mrs. Nancy Morckel gave a most informative demonstration for members of Miladies Club at a meeting Friday in the REA kitchen. Mrs. Curtis Martin was hostess for the affair, and Mrs. Ed Dunavant, vice president of the club, was in charge. Roll call was answered with a frozen food.

Foods of various kinds were on display at the demonstration, and Mrs. Morckel showed the group how to prepare, to wrap and how to serve the foods after they had been frozen. Her specialty Friday was vegetables and jams. Later she served an avocado dip and other refreshments.

Members at the meeting included Mrs. Ed Dunavant, Gene James, E. J. Wornack, Virgie Warren, C. W. Jones, Edgar Judy, Lawrence Stovall, Carl Nelson, Foster Amburn, W. A. Lovell, H. F. Pratt, the hostess, Mrs. Martia, Mrs. Morckel, and guests, Mrs. Dave Summers, Wilma Judy, Janice Jones, Vickie and Sharon Warren.

Mr. and Mrs. Gene Arwine are due home from a vacation trip to Minnesota, near Minneapolis, where they have been the past 10 days. Their daughter, Stephanie, is with her grandparents, Mr. and Mrs. R. P. Hinnen at New Braunfels, while the Arwines are gone.

Getting ready for a trip, at our house, is usually pretty simple. A few days before the take-off if we think of it, and have the time, we make a quick inventory of suits and dresses. If something absolutely has to be cleaned we run by the tailor shop. Otherwise, we throw things into bags just before train or plane time, usually forgetting a hairbrush, toothpaste, or black shoes. But once enroute, we develop a make-it-do philosophy that nothing disturbs.

This summer it's different. With that rare commodity, time, on our hands, we're doing it up right. For days now we've been shortening skirts, matching gloves to purses, getting shoes shined, luggage repaired. Our hair has a new permanent, and on the day of departure, we'll get shampooed, manicured and what not. This is going to be the real thing.

The spouse, after 30 years, has come to accept the old order and maybe even like it. He eyes all this preparation with a mixture of bewilderment and disgust. "Looks like gettin' ready is more important than the trip," he grumbles as he comes in from work to find us still bent over a hot hemline with scissors and a needle.

From the feminine viewpoint, however, his own preparations are just as foolish. Hours of back-breaking work have gone into planting and weeding that no one but the birds will be here to enjoy. His yard is polished as though for a party. "The day before we leave," he confides, "I'll give the place a deep watering. Then he sighs, "It'll sure run down while we're gone!"

Whether it's geraniums or girlies that cause the excitement, vacations are great to get ready for. With time to savor pleasantly over a departure, the getting ready is indeed about as much fun as the trip.

### Kinsmen Gather At Newell Home

Mrs. Gilbert H. Shirey, her daughters and son, Sue, Judith Ann and David Gilbert, of Torrance, Calif., in company with Mrs. Earl Newell, of Ventura, left Monday returning homeward after several days here with relatives.

The party were house guests of Mrs. Shirey's parents, Mr. and Mrs. W. D. Newell.

Mrs. Newell also visited with Ernie Widner and his daughter Ann, and the Wayne Finleys.

The Newell home on West Tennessee was the focal point for a gathering of kinsmen Sunday, when the California guests were joined by Mr. and Mrs. S. D. Scott of Petersburg, Miss Faye Newell of Plainview, Mr. and Mrs. Cecil Sluder of Lubbock, and the Dillard Scotts of Garland for a dinner and day of reunion.

### Morning Session Of WSCS Is Held

Mrs. Jack Jordan, newly elected president of Women's Society of Christian Service of the First Methodist Church, presided at a joint meeting of circles Wednesday morning of last week in the church parlor.

During a short business session, members voted to obtain three reservations to the School of Missions to be held in Lubbock starting July 28th and continuing through August 1. Also Mrs. O. G. Glassmoyer, chairman of the local church activities, named a committee to work with her on projects.

The program for the morning was on "Building Christian Characters in Youth", in charge of Mrs. Howard Gregory. Others taking part were Mrs. J. P. Moss and Mrs. Claude Estes.

### Barry K. Fyffe To Wed At Phoenix, Arizona, July 17

The engagement and approaching marriage of Miss Joyce Parr, daughter of Mr. and Mrs. Joseph Parr of Phoenix, Ariz., to Barry K. Fyffe, son of Mr. and Mrs. D. W. Fyffe of Floydada, is being announced.

Wedding plans are made for July 17. It will be an evening ceremony in All Saint's Episcopal Church at 7 o'clock.

The prospective bridegroom is the former Pauline Ward, graduated from Floydada High School in 1955, attended West Texas State, served three and one-half years in the Air Force, and is presently employed in Fort Worth First National Bank in public relations.

The Jim Word family, and the Jimmy Wilson Jr.'s, will leave Saturday on a vacation to spend some leisure time near Creede, Colo. They will join the Gayle Mayo family of Dallas, who have been there the past week taking things easy. The Floydada group plans to return home around the 19th.

### Tea Planned for Grand Officers Rainbow Girls

Miss Sue Fairchild, Grand Worthy Advisor of the Order of Rainbow Girls, from downstate near Corpus Christi, will be honored at a tea Sunday afternoon in the home of Mrs. M. J. McNeill, Mother Advisor of the local Rainbow Girls, it was announced at a meeting of the order Monday night in Masonic Hall.

Miss Fairchild will be entertained at the tea along with Miss Judy Jackson, grand officer of the Floydada Order, and other grand officers of the area.

Miss Jeanette Price, Worthy Advisor, presided in regular form at Monday night's session, where members reported on their trip to Grand Assembly.

Mrs. McNeill announced that girls who have their B certificates should come by her home for their Merit badges. She also announced that members are invited to Friendship Night at Plainview on July 15.

The Rainbow Girl's annual picnic has been tentatively set for July 28, at which time girls and their guests will be entertained at a skating party at Plainview followed by an "eat-out".

During the meeting Mrs. McNeill presented a Majority certificate to Lanelle Tardy, after which members adjourned to meet again July 20.

### Baptist WMU Has Business Session, Missionary Program

Women's Missionary Society of the First Baptist Church met Tuesday morning in the Church Parlor for the Missionary Program and business session. Eighteen were in attendance.

Several recommendations were brought to the W. M. S. by the executive committee, which were adopted.

"Songs of Deliverance" began the program at 10:30.

Mrs. Effie Foster read missionary names from the prayer calendar and prayer was led by Mrs. Joe Wilson.

"French in Louisiana" was given by Frances Weathersbee.

"Deliverance through the Scripture" was brought by Effie Foster.

"Deliverance through Personal Witnessing" was praised by Mrs. Joe Wilson.

"Deliverance through the Radio Ministry" was given by Mrs. W. S. Simmons.

Miss Wren Patterson sang "Ready To Go".

Frances Weathersbee gave the closing prayer.

years in 1950, will be somewhat higher. A definite jump will be recorded, also, in educational attainment, meaning years of school attended, among heads of households. It will average 1 and one-half years more than it did in 1950, thanks to benefits received by veterans under the GI bill.

Some change is also indicated in the size of the local households. The new count is expected to show the average family consisting of 3.54 persons, as against 3.35 in the United States.

The after-tax income locally, if the present trend continues, is calculated to climb next year to a figure several percent above the \$1,718 per capita currently reported. It was \$1,634 per capita at the time of the last census.

The Census Bureau estimates that the nation's 1960 population will be about 180 million. The way in which it is distributed will decide, among other things, how many representatives each state will have in the next Congress.

Mr. and Mrs. Charlie Warren and children left Friday and returned home Sunday from a week-end trip to Albuquerque, N. Mex., where they visited his brother, Clifford Warren and family.

## Wayland Summer Registrations Reach New High

PLAINVIEW, June 30 (sp.)—Ten Floyd County students are enrolled for the first six weeks summer term at Wayland Baptist College.

They are Thelma Crawford, Snow Drop Dunn, Karen Goen, Nancy Meredith, Janice Smith, Clyde Spann, Elvis Warren and Johnny Warren, all of Floydada, Polly Gilbert, Lockney; and John Gillispie, South Plains.

Summer enrollment is the highest since Wayland became a four year, degree granting institution in 1947. Mrs. Crawford, Mr. Spann and Mr. Warren are candidates for graduation with the summer senior class.

Enrollment for the second six weeks summer term, which begins July 13, is expected to set yet another record for any summer term.

Fall semester registration is slated for Sept. 7. From the number of permits to enter which have been issued by the admissions committee, indications are that the 1950 fall enrollment will be far in excess of 1950, according to Mrs. Roy Boles, registrar.

It lacks the adaptability and variety that makes cheese the friend of all cooks.

You will find that each cheese has a personality and a flavor all its own.

There is a great variety of both domestic and imported cheeses—however they fall in about three general classifications: hard, semi-hard, and soft.

**TRICKS IN COOKING CHEESE:**

Cheese becomes tough and rubbery when cooked at too high a heat. For best results, always cook cheese at a low temperature.

The hard cheeses must be grated before they are used in a recipe. For best flavor grate just before serving, or using.

The semi-hard cheeses, such as soft cheddar or the processed cheeses should be shredded, rather than grated.

The soft cheeses, such as cream cheese or cottage cheese are not used as much in cooking but do adapt themselves nicely to cooked dishes.

To Store:

Wrap in aluminum foil and store in a cool place. Your refrigerator is excellent. Or wrap in a cloth moistened with vinegar.

To Serve:

Cheese should stand at room temperature several hours before serving. (Cream cheese and cottage cheese are the exception).

Cheese As A Garnish:

From the first to the last of the meal, a little cheese can enhance everyday dishes.

Cheese Croutons: Cut cheese into small cubes, drop into soup just before serving.

Cheese Popcorn: Mix equal parts grated cheese and melted butter or margarine; pour over freshly popped corn.

Cheese Scramble: Just before scrambled eggs are done, sprinkle with grated cheese.

Crunchy Cheese Topping: After tossing fresh bread crumbs with melted butter or margarine toss with some grated cheese. (Parmesan or process American).

Use to top main-dish casseroles or scalloped vegetables. Or just sprinkle over hot seasoned vegetables.

**CHEESE PICKUPS FOR VEGETABLES**

Stir a little grated cheese into canned or home stewed tomatoes as they are from milk and cream, they are rich in nutritional values.

Milk as we know, is perhaps the most perfect single food, but nuts.

## Safety First In Oils

Be safe by using the right oil for the right engine. There is a right oil for the right engine that insures you protection for that costly farm equipment by reducing large repair bills and down time. CO-OP oils are better for Texas because they are compounded in Texas to meet those severe requirements of Texas weather; hot, cold, dust and mud. When better oils are made, Southern Farm Supply CO-OP oil will be it.

THE FLOYD COUNTY HESPERIAN

Published by the Hesperian Publishing Co. Inc. at 212 South Main St., Floydada, Texas. HOMER STEEN, Editor. THURSDAY, JULY 9, 1959

TEXAS PRESS ASSOCIATION Member 1959

Established 1896 by Hall. Entered as second class... Texas, April 19, 1908. Act of Congress of...

EDITORIAL VIEWS AND COMMENT

The State Legislature, laboring hard this week on a do-or-die effort to reconcile its members' differences over tax sources for the next biennium, is, after all, playing the good politician, who tries to meet the demands of the public.

That Arrogant Lobby. The governor and the members of the legislature who want to get more revenue from the gas that is moving from Texas to other states, are indeed faced by the most formidable lobby Texas may have ever known.

Taxes Are Gotten where they can be had. Most taxing bodies take advantage of all-time recurring streaks of human nature or of necessity. As for instance, the tax on milk and the tax on gasoline.

But the people insist, some for one thing, some another. For our own part, to illustrate, we will be quite unhappy with the legislature if they close their session's record, before they make provision for the eleemosynary institutions and the prison system, and make provisions to forward the program on Texas' No. 1 problem, which is water.

(As to the federal government "stepping in" all hell couldn't keep them from doing it, "them" being the people in Washington who are re-doing America after the fashion they think we ought to be.

We could let the school affairs and the road affairs move along on about the present basis. But those who feel that the schools should be maintained on even a higher level than at present and that adequate provision should be made to get the teaching profession on a higher income basis are not going to be satisfied with any such attitude.

As a Farm Woman Thinks

(By Nellie Witt Spikes)

Mr. Steen is so kind to let me have space in the Hesperian, I am in good company so I know you will let me in and listen to me tell about life as I have seen and lived it. Have never traveled much, but one spring we went to Kaufman County and the story goes:

For many years I had seen Kaufman only with the eyes of my husband. Now I have gazed on its beauty with my own eyes, visited in the friendly homes, famed for hospitality as my own dear Western Plains. Love and gladness shone from eyes of many as my husband was welcomed back, my mother and myself getting a warm welcome.

But Jeff had left his boyhood home, Uncle Wes, as his father was known, longed for the prairie country where he could get land for his large family of boys.

Jeff became a cowboy, a top cowboy, then he had a small ranch, then he became a farmer and shining steel plow up the pastures for the seed of the cotton and the maize. His three children were grown and married, he had an intense longing for his boyhood home a desire for branches of water, and the dear kin that had stayed behind.

With the kind help of Bill Wren born on the farm of Israel Spikes, his father a slave known as Laughing Wes, the old Wesley Spikes place was found. But the house was gone, burned brick from the chimney marking the spot.

We walked to the field that had seemed so big to young Jeff as he plowed barefoot behind Old John. A grove of trees were the Spikes negro slaves were buried, a fallen chimney that marked the home of Grandpa John Spikes, who settled there before the Civil War.

We entered the Fox cemetery on the hill. Grandpa Fox, the doctor who eased the pains of the settlement lies there. The grave of Uncle Israel Spikes who rode horseback to Austin to help write the constitution of Texas.

Spikes Prairie was a green lawn of rich clover. Honeysuckle waved fragrant arms from the green trees. Red haw, white with blossoms in the shade at the wooded creek. We kissed the sweet cheek of Aunt Vi Fox and in a low voice she told of days long gone by as she sat in her easy chair by the fireplace.

We wondered what the strange noise was that came from the creek and was told it was a bullfrog. We drew water from a dug well, ate biscuits and hickory smoked ham cooked on a wood stove, saw a fire banked for the night, watched a slow fire fanned with a turkey wing.

The courthouse sits in the center of the square in Kaufman, majestic in its beauty and meliorated with age. Jeff as a boy east of town had watched the loaded wagons of rock go by for this building. Now this old landmark is gone and a modern courthouse keeps watch over the town and county.

I sit today in my home on the Plains, unsheltered from the prairie sun and the cold winds of winter. But in memory I see houses shaded by spreading trees of oak, smell the honeysuckle and red roses, hear the mockingbird tuning for his musicale, hear the big bullfrog getting his voice in shape for the night's solo.

BIBLE BAPTIST. Why have Churches lost their members? Most Churches today are like any social club and anyone can become a member and stay as long as they like. The churches have lost their power in the unsaved person has no respect for the church. He wants to go to church and have to associate with the same kind of people he has to associate with in his everyday life. This should not be so. There is very little or no discipline in the church. It is not because the Bible teaches it. (1 Pet. 4:17, 19; 1 Cor. 5:1, 13; 2 Ths. 3:16, 19; and many more.) Why do churches permit such evil to continue?

# STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

**AUSTIN** — About the only that any of the conflicting groups cheerfully heard around is ready to give an inch. Texas Legislative halls of late "Think how bad it would be if it weren't air conditioned" (House and Senate chambers are cooled this year for the first time, though most of the rest of the Capitol is not as yet.)

Many remember summer sessions in pre-air conditioned days. Scorching extra-ordinary was the one in 1949 which ran to July 6, longest regular session in Texas history.

Lawmakers and reporters complained that the huge granite blocks in the Capitol walls collected heat like a Dutch oven. Coat and tie rules in the legislative chambers added to the misery.

Same observers said that the 1949 Legislature (which also had a tax problem) didn't really quit. It just sort of melted down. A special session was called the next winter to clear up money problems.

For all its comforts, air conditioning hasn't taken the sweat out of passing a tax bill.

Both House and Senate have passed tax bills, and a new conference committee was put to work to try to piece them together. But the floor action preceding passage gave no indication

San Antonio, Wesley Roberts of Lamesa, Joe Ed Winfree of Houston and John Allen of Longview Senate Conferees include four who served before: Sens. Rudolph Weirner, Dorsey H. Ardeman, Bruce Reagan and Jimmy Phillips, plus one new member, Sen. Wardlow Lane.

**SENATE OKAYS BEACH BILL** — After considerable haggling and several close votes, the Senate passed a bill to guarantee public access to public beaches.

Mustang and Padre Islands are exempted from the provisions of the bill. Sen. Bruce Reagan of Corpus Christi, who sponsored the amendment, said that the islands were being developed with a systematic plan for public parks, beaches and recreation areas.

Opponents to the exemption said it would allow at least one-third of the beaches on the islands to be under private control. As passed by the Senate, the bill does not try to define boundary between state and private land, but simply affirms the public's right to come and go from state beaches by the way of roads.

**HOW HIGH IS YOUR STANDARD OF LIVING?**

Can you guess how many ways you put electricity to work?

One good measure of your standard of living is the number of ways electricity is working for you. The more things you let it do, the more likely you are to live well and comfortably and get the most out of life.

Many people don't realize how many different jobs electricity does for them—all over the house. Do you?

Make a guess—how many ways do you put electricity to work? You can check your guess against the list below to figure how many appliances you really have. If you guess within 5 of the actual total, you're very observant.

What's more, you have a good idea how outstanding a value your low-price electric service really is.
