

The Floydada Herald—is the name given to this group of trumpeters who sound the fanfare for the Floydada Whirlwind Band. They will lead the local band September 28 when they enter the big "Parade of Bands" contest at the South Plains Fair in Lubbock. They are, left to right, Linda Coughie, Bruce Horton, Dennis Walker, James Hale, Kenneth Smith, Sonja Kay Guffee, Ronnie Amburn, and Waylene Mankins. Dan Whitaker is their director.

Jackrabbits At Ralls 'Winds Friday Foe

Floydada High School Jackrabbits will journey to Ralls tomorrow night to tangle with the always tough Jackrabbits in the third football game of the young season.

Coach Watson's green and white team is expecting a hard game from the Rabbits who are always meaner when they play at home.

The Whirlwinds are still having trouble keeping enough men in playing condition. This week they are thin at the half-back slot. Richard Marler received a fractured arm in the Olton game and is out for at least three weeks. Elywn Pierce who had the best night of his career at Olton Friday was not in school Monday or Tuesday of this week.

Watson had moved up his son Dickie Watson from the freshman squad to fill in at half on the traveling team.

Our for football this week for the first time is Charles Holland a senior who has been out of pads since he was a sophomore. Holland had some trouble with his ankle Monday but is getting around on it some at mid week. He was a quarterback before missing a year at the sport while he was taking some conditioning to build up his health and weight some.

Hal Hines was back in school Monday morning following a siege of sickness. His doctor has advised another week rest before resuming training. Hal was a starting guard before being knocked for a loop by the sickness bug which robbed him of the two games played thus far.

Otherwise the team seemed to be shaking off the jinks which had half of the regulars out in the opening game. Watson hopes to go with much the same lineup that was used at Olton. This would put Graves and Orman on ends, Shipley and Parks on tack-

les, Irby and Davis on guards, Pete Fuglaar and Bob Shields will tee off against teams from Ginn or Christian on center, Teague on quarter, Vickers and the Christian or Pierce on halves and Gilliland on full.

David Crawford is having some trouble with his back this week and may not be able to go at tackle. Other defensive men, Stovall, Dempsey, Self, Dunn and others appeared ready for the 7th and 8th grade teams will go to Abernathy for a pair of games starting at 6:00 p. m.

The farmer must make name, permanent address, and regular social security reports the employer's identification number and pay taxes on the wages paid for each crew leader who is the crew leader and to the furnishes him workers for farm members of the crew.

The new requirement is contained in the Agricultural Employer's Social Security Tax Guide for 1959 (Circular A). Additional information and copies of the Guide may be secured from any office of the Internal Revenue Service or the Social Security Administration.

Important Farm Practices Will Be Seen on Fall Soil Tour September 24

The annual Soil Tour, scheduled for Thursday of next week, Sept. 24, is expected to reveal to the several hundred who make the annual pilgrimage, at least seven important farm practices on the route which vary from the new bindweed control operation to new variety demonstrations, seven in number, on grain sorghums.

Leaving Floydada from the agricultural building at 9 a. m., the tour will make stops at demonstrations:

1. Bindweed control demonstration, showing rates and types of soil sterilants;
2. Grain sorghum variety demonstration, 5 varieties of hybrids, Kenneth Bean farm;
3. Cotton variety demonstration, Blightmaster, Gregg Paymaster 101 and Lankart 611, at Albert Bean farm;
4. Cotton - Rex variety (a new one with high angular leaf spot resistance, at Rex Smitherman farm);
5. Cotton following vegetables, at farm of Les Ferguson;
6. Cattle feeding operation, at G. E. Tannahill farm;
7. Grain sorghum variety demonstration, seven varieties at L. B. Brandes.

At high noon the Floydada Chamber of Commerce and Paymaster Farm will be the traditional hosts again at a barbecue dinner for those who make the trip.

Floydada Lions Club will present its outstanding conservation farmer award during the noon-day stop, and have named for the principal speaker of the hour, Millard Shivers. Shivers is a farmers organization director and is in close touch with farm plans and farm problems. The name of the conservation farmer to be honored is not to be publicly revealed until the ceremony takes place.

The soil tour is planned by the Soil Conservation District, with the cooperation of the local Extension Service officials, with the backing of the Floydada Lions Club, the Floydada Chamber of Commerce, and Paymaster Farm.

One of the best examples of pure research, as well as of practical farm operation, in the southwest is at Paymaster Farm. This farm will be toured by the more serious minded of those who make the trip. Last year more than 6,000 students of farming allied industries paid this farm a visit to see progress on many experiments and demonstrations Dr. Loden and his aides have under way every year.

County Agent Cecil Lewis said this week that farmers who make this tour will have ample time after it is completed to make the Hi-Plains Field Day at Halfway later in the afternoon.

Mrs. Nancy Mofckel will be hostess Sunday, September 20 when her home, 817 West Missouri, will be on display from 2 until 6 p. m., as Floydada's part of the Parade of Medallion Homes. Guests are asked to register for prizes. See story and advertisements on another page of this week's Hesperian.

Current Civic Improvements Also Studied

Plans for future activities and projects were made at two recent Chamber of Commerce committee meetings.

Retail Trades Committee chairman Bill Hale met with his committee of Floydada businessmen last week to make first plans for the coming Christmas season. Christmas decorations and activity suggestions were discussed at the meeting.

A night event the first week in December will probably open the Christmas season in Floydada this year, Hale said.

Committees appointed by the chairman include:

Activities: Dean Davis, Louis Anderson;

Budget and planning: Bill Hale and Don West;

Decorations: J. D. Parks, Sammie Hale, Ralph Tucker;

Finance: Charles Bedford, Floyd Boren;

Nativity Scene: Russell King, Dan Hagood;

Information: George Spears, Newell Burk.

At a meeting last week members of the Chamber of Commerce Civic Improvements Committee heard a report from Floydada Mayor J. M. Willson Jr., on the progress made on the city's current 100-block paving project.

The mayor pointed out the need for complete community cooperation and interest in the project to make it a success.

Sam Fowler, resident engineer for the Texas Highway Department, told the committee that the construction date on the first unit of the county's four lane highway program could be in early 1960.

The committee also heard reports and discussed the need for home building sites, street markers, modernization, and annexation of new areas into the city limits.

T. L. Holland Jr. is chairman of the Civic Improvements committee.

The two committees were guests of Chamber of Commerce president, E. A. Williams in his office in the Production Credit Building.

Bob Hinsley Rites Today

Bob Hinsley, resident of Floyd County for 40 years or more and active as a farmer until recently when he retired, died Tuesday night of this week at 11:30 after becoming ill and being hospitalized Saturday night. He and Mrs. Hinsley had been living in Amarillo the past few months to be near a daughter.

Mrs. Hinsley was 71 years of age.

The funeral is to be held this afternoon at 2 o'clock at Griggs Funeral Home. Interment will be made in an Amarillo cemetery. Late yesterday plans were being made by several Floyd County friends to attend the rites.

The widow, two sons, R. J. of Hamilton, and Irving of Gainesville, and two daughters, one of whom is Mrs. Jess Amburn of Amarillo, four brothers and five sisters survive. Of the brothers Bud Hinsley lives at Floydada.

EDITORIAL VIEWS AND COMMENT

Members of Congress are winding up their business, (this week almost certainly) and home folk will be seeing their congressmen and senators regularly until January comes again. The congressmen have put in almost nine months of grueling labor in a session that has been dealing with many controversial matters. Surely a good rest, if one could find a place for it, would be a good thing for a man who has sat in the national legislature. We are not familiar with the Washington scene but our contacts there say the atmosphere is not conducive to the kind of thinking we do in the southwest.

Still Fogging Mosquitoes. The city is still fogging for mosquitoes, an activity the community, except for the smell of it, heartily approves. The smell lingers for only a brief time but perhaps a new coat of mosquito gets a lethal dose. Cities are finding it desirable to use formulas every season as the mosquito family adapts itself to the poison in the air and immunizes against it.

The "virus" Complex. Bad colds have always been "virus" infections but they have been called bad colds, influenza, gripe, and like until recently the layman has learned to call the illness new names. Doctors have been so busy they have had little time to contend with the lay beliefs about viruses and their carriers. Similarly the physicians have been so busy treating symptoms they have not had time to explain the differences that mark encephalitis, polio, and meningitis apart. People like to talk about their symptoms and enjoy to give them names.

Most cotton farmers cut off their irrigation wells in the period August 25 to September 5 in the belief that loss they may sustain in volume of cotton production at the end of the season will be overcome by the better quality product they will have to market. At the time the practice appears to be supported by the state of the market. A few years ago when "red dogs" went at prices comparable to good cotton the situation was reversed.

This late cotton in the hauled out zones is putting on a wonderful crop. That's the reason we have to have a November freeze or frost. The Indians to the west of us are saying it is to be a "hard winter." Luckily, since they somehow seem to know, it is to come late and its severity not to clamp down early in the fall.

Texas political lore, which calls for candidates to begin to bestir themselves publicly at dogwood time, is due for an upset this year. The first primary comes in May and the second in June. By the time the heat of summer arrives, when politics has always flourished, it will all be over except for the trips up Salt Creek. It will all be "left handed" until we adjust to the new timing. If we do, there is no particular reason why primaries should not come in May and June instead of July and August, except that people are used to having their politics simmer in the winter and spring to come to a boil in July. Don't we all resist change?

The big news is Mr. Krushchev this week. Flying into the country on his 13-day visit Tuesday morning the Muscovite leader is flush with the success his scientists have had hitting the moon with a target from the earth, denoting an advance in scientific research and capability which our country cannot match. Mr. Eisenhower and the state department will be operating from weakness instead of from strength when the ultra, ultra sessions are held, a position which will be uneasy ground. The country with the superior weapons has always had the best of the negotiations with other countries and there is no reason to think that, because it is this time, there will be any difference.

It will be expensive to have the Russian dictator and his family with us these few days. It has been expensive already. Every foot of the ground they will travel over has been pre-studied by scores of agents of this government and of the Russian as well. Incidents must be nipped in the bud before they occur and the premier and his entourage must be protected from the many thousands who have every reason to hate them.

A new requirement of the farm operator by the Internal Revenue Service, story of which appears in this newspaper this week, should be studied with care. It involves responsibility for records of names and addresses of crew leaders who furnish workers. The new requirement is contained in a circular being distributed by the Internal Revenue Service. It is not calculated to make the lot of the farm operator any happier. It does add to his responsibilities, whether he hires through a crew leader or whether he calls the crew leader his employee. If the requirement is not a new law, which we understand it to be, it has the effect of law since it is a part of IRS regulation.

Banks all over Texas are scanning their lists of dormant accounts to get them off their books before the time comes, not too far distant, when the legislature makes the escheat law effective. Thousands and thousands of accounts left by secretaries of this and that movement, most of them two-bitters, have in recent years cluttered up the books of the banking people. The banks are trying to find somebody with authority to get the accounts off the books and the banks off the hook. Scores of people in Floyd County alone have been surprised to find 95-cent accounts (and up to small hundreds) in their names in the accumulations of the years. Surprising how forgetful we are as we bounce from one activity to another. Who remembers what he was secretary of ten years ago and how well he cleaned up his affairs when he quit? Banks have dormant accounts that old and much older.

A revolutionary new suspension system gives vast improvement in ride, durability, and control to 1960 Chevrolet trucks. Front wheels are independently sprung on frictionless torsion rods. Rear suspensions are new, with coil springs on light-duty models and stronger, softer riding leaf springs on heavier models for improved cushioning of load and driver. New frames reduce height up to seven inches, with some cab floors at step-in level from the ground. Styling is new with rubber-mounted, roomier cabs. Inside steps have been eliminated, providing a full-width floor.

Don't Get Your Wires Crossed

Here are the facts...

1. The Electric Cooperatives of Texas are a tax paying — business partnership.
 2. The money to build the cooperatives is loaned and the interest on the loan is being paid back.
 3. For every \$1.00 spent on cooperatives an estimated \$6.00 has been saved to the members for electrical appliances. The Cooperatives have created a multi-billion dollar industry for the merchants of Texas.
 4. The Electric Cooperatives of Texas are owned and operated by the people. They serve... free enterprise in form.
- Don't get your wires crossed. It has not been for the Electric Cooperatives of Texas, many farms and ranches are in the dark. They transformed the community. They must continue to develop areas they helped to develop.

Phil. 2:12 raised in a home that for 25 years was called church identical to the Pharisees who twisted this part of the scriptures to fit their religion. (John 5:24) but from spiritual death into spiritual life. (John 5:24) we should work out our salvation with fear and trembling. (Phil. 2:12) we must all (Christians) appear at the Judgment either for Rewards or be ashamed by not. (2 Cor. 5:10; 1 Cor. 3:11, 15) We should also with fear and with trembling because of the wrath of God. (Heb. 12:6, 8) Friends, do not let follow you. (2 Cor. 11:13, 15) You do not follow obtain salvation, but the very opposite, you follow with fear and with trembling because of the wrath of God. (John 10:27) Works always follow you belong to Him. DEPTH OF PENETRATION

UNLESS you are using your local newspaper as a regular part of your advertising program, you are very likely doing little more than scratching the surface of the important and rich market which it covers. Your newspaper commands the attention and respect of the community and will carry your sales message with force and dignity.

Your local newspaper has the "depth of penetration" that gets beneath the surface interest of its readers, down to where the sales action really starts. Your business will profit from a program of planned newspaper advertising.

Songfest Climaxes Three - Day Fair

Floyd County who have carried on for their pioneering families, making the lands prosper. He said, "we must continue to plan for better things to come and to prepare for the future, whatever it may hold."

The lunch, served by members of the Lockney Lion's Club, was sponsored by the First National Bank and Chamber of Commerce of Lockney.

Parade Opens Activities

The colorful parade officially opened activities for the Fair. Floats of various organizations, riding clubs, and high school bands formed the four block long parade. The American Legion, depicting World War I and World War II, led the parade. The parade was followed by the Lockney High School band, the Lockney High School senior class, and the Lockney Lion's Club. The parade was a great success and the fair is now in full swing.

Mrs. R. B. Holt, Mrs. Alm Holmes and Mrs. E. J. Foster were the committee heading the show. Ned Bradley served as master of ceremony and judges were selected from out of town.

In the group of children up to eight years of age, Christi Brown won first, Debbie Roberts, second, and Alice Myrick, third.

In the second age group, Randi Brown won first, a trio consisting of Ann and Sally McIntosh and Nona Parcel, placed second, and Johnny Myrick, third.

The Harmonetts of Floydada won first in the adult group. They were Mrs. Ned Bradley, Mrs. Gladys Jones, and Mrs. Joy Ward. Mrs. Jack McIntosh was their accompanist. Another group, also the Harmonetts of Lockney, Sandra Smith, Jamie Rhodes, Carolyn Bell and Cheryl Rucker, won second, and Jackie Yeary, third.

Ladies Day Program

Saturday, and last day of the Fair, was Ladies Day. A special radio program was presented shortly before noon, followed by the Tractor Driving contest at 2 o'clock. While men and boys were watching the skill of drivers, women were being entertained under the big tent with demonstrations and the presentation of prizes.

Mrs. Harry Morcel gave a demonstration for the assembled group on fruit cakes in readiness for the Christmas holidays. Mrs. Jim Nance portrayed the making of an egg shell plaque. Mrs. B.

A Robertson demonstrated the drying and arrangement of flowers, and the 4-H County Dress Review winner, Miss Sue Wilson, modeled.

At the drawing some fifty or more prizes were presented. Items included candies, electric appliances, auto accessories, food, and other merchandise.

Gifts were donated by merchants of Floydada, Lockney, and South Plains, including Arvick Drug, Hagoods, Hales, Bishop Pharmacy, Beall Bros., Bradford Jewelry, Perry Bros., Boren Hardware, Builder's Mart, Girlie's Beauty Shop, Irene's Beauty Shop, Radio Electric, Dickson Appliance, Powell Gro., Capada Theatre, Wagon Wheel, Park Florist, Upton Gro., Higginbotham Bartlett, Piggly Wiggly, Robert's Hardware, Kirk and Son, Goen Drug, Parker Furniture, R&R Fashions.

For the three days of the Fair, crowds viewed community and club exhibits, commercial exhibits, articles in the women's division, youth division, agricultural exhibits, livestock exhibits, arts and crafts, flower exhibits and other various displays of talent.

Old McDonald's Farm

"Old McDonald Farm", headed by Gerald Lackey, entertained all members of the family. The event was something different for the fair, and was shown for the first time. It housed animals of the farm and a wild life display, of which some youngsters had never seen. Some of the animals were a donkey and her colt; a ewe and her lamb, a cow with her calves; dogs and their pups, mother cats and kittens, a shetland with her colt, goats, turkeys, hens and chicks, and even a swarm of honey bees.

The wild life pen housed mud hens, dove, ducks, quail, and other species.

Saturday night's Gospel singing festival, drew the largest attendance of any attraction of the Fair. It has been the main drawing card since the first fair six years ago. The singing, always enjoyed, was even more so Saturday night with the accompaniment of two pianos, and a public address system. Joe Reeves, chairman of the song-fest, said most of his invitations sent out to singers were answered by their appearance at the affair. Some were unable to attend due to illness in the families.

Mrs. J. H. Buchanan of Floydada, was sweepstake winner in the Women's Division. This is her third consecutive year that Mrs. Buchanan has carried away this honor.

Billy Don Colston was sweepstake winner in agricultural exhibits, making this his second straight year for the title.

W. H. Holloway of Petersburg carried away the title of high livestock winner.

TAX-MAN SEZ

Every year the Internal Revenue people are somewhat startled and perhaps a bit amused at the comment, "Well, I guess you folks don't have very much to do now that you have got all caught up with the income tax filing."

Of course, income tax is only tax paying months than April. Any way you look at it, it takes lots of money to run a big county even though it is a big one; how-try with big problems.

FHA Holds First Meeting of Year

With two cups of the gavel, Helen Foster, president of FHA for 1959-60, called the first meeting of the year to order Friday, Sept. 11.

Helen then introduced the following officers to the group: Tiny Copeland, vice-president; Mary Kay Asher, secretary; Judy Williams, treasurer; Dee Mock, reporter; Melinda Barker, historian; Lynda Thurston, parliamentarian; Grace Ann Fatis, pianist; and Janet Boren, song leader.

For the next order of business, the president read the Constitution and By-Laws, which were written by a special committee last summer and are to be voted on sometime this week.

Band Gone Nuts? No, Something New

Mr. Maurice Jones, the former band director, was a visitor in FHS Monday afternoon. Mr. Baker said that he was going to have to get his fourth period Algebra II class some cough syrup. (Nita Cage, do you know anything about this?)

Pat Stewart got excited in Shortland the other day and pulled a string on her skirt. She had to see it up. Maral of this story is to never pull a loose string.

Immediately following last Friday's game, the Whirlwind Band "dragged the field." This new idea was brought to FHS by the new band director, Dan Whitaker. The area in which Mr. Whitaker taught preceding this one used this idea as a victory celebration. The school must win the "big" game or a very important victory before the band is to use the "drag" system.

This very novel idea is not part of the half-time show put on by the band. Members of the band put their hats on backward, turn the bells of their horns around, and march down the field in a very unorganized fashion. To top the whole affair off, the band plays a march until reaching the far end of the field. The FHS Victory Drag will be seen quite often this year and in the years to come.

"Dragging the field" or the FHS Victory Drag will become another of the many traditions set up by the school.

Make This Year The Best

Have you thought about the things you could have nearly had this year may have later opened, but didn't. "If only I had..." Many look back on their "if only" moments, they say, "I wish I had done this or that." This year, whether it be your high school days and wish that you could "just do that one year first or last, make it the best year." Maybe they just missed study harder and play harder at that scholastic or activity award.

Remember it can very well be new friends or keep as many old friends as they should have. Many!

1. Any upperclassman found guilty of having an underclassman on his or her way to or from school, or on the school premises, or in attendance at any school activity anywhere at any time where the school has jurisdiction shall be suspended.

2. Students found sitting in cars parked adjacent to the school premises during school hours shall be suspended.

3. Any mixed couples seen participating in inappropriate affectionate conduct in the school halls, on the premises, or on the campus, or in any cars adjacent to the school grounds shall be suspended.

4. Any student who has been suspended from school shall be denied the privilege of participating in any extracurricular school activities.

5. Paper should be placed in waste baskets provided for. 6. Care should be taken to prevent unnecessary marks on walls and furniture.

7. Students will refrain from chewing gum in classes. 8. All who eat in the cafeteria are asked to observe basic good manners and common courtesy. Students are requested to clear the table of napkins, food, tin, milk cartons, and silverware when they leave.

9. Students may pay for their lunch either before 8:45 a. m. in the office or at noon before entering the cafeteria. The price is \$1.35 per week or \$4.45 per month. No more than two lunches may be charged at a time.

10. The telephone is for the use of the students and faculty members only. However, the high school phone is used by over three hundred individuals, and students are asked to use judgment and consideration of others in the use of the telephone.

11. Pupils shall not mar or otherwise deface textbooks lent them by the school. They shall return them to the school at the term ally, they had to be approved by the school.

12. Chick Owens wanted to be well prepared for the new school year. It seems that he nearly wore the pencil sharpener out in study hall when he sharpened a dozen pencils.

Don Johnson seems to be a little mixed up as to what book goes to which class. Have you noticed Mr. A. E. Baker's difficulty in spelling words? He has an especially hard time spelling the word "roll," doesn't he Nancy Watson?

If you have never been in an ink fight, just ask Verna Pato, Mary Dunn, and Mae Bell Johnson about one. They had a dandy one in Bookkeeping last week.

Wonder why Max Harper didn't want two freshman girls to sit at his table in study hall. Could it be that he is afraid of being conquered by the opposite sex?

A lot of the 1959 graduates have been seen visiting at FHS. Judy Jackson, Kay Robertson, Glea Adams, Leora King, Wayland Richardson, Pat Hickerson, Billie Holmes, Sandra Roe, and many others have returned.

English III, third period, has only three girls. How about that Addie, Tiny, and Linda?

"Early to bed, early to rise" Eudy was in bed by 9:30 Tuesday night.

Dwayne Ginn, ex-student of FHS is stationed with the United States Air Force in England and will be in two more years.

The 1959-60 Whirlwind Band has 72 members, 20 boys and 44 girls. Billy Colston has 3 show calves, 10 show lambs, and 3 show pigs. Quite a record!

Office assistants can no longer wear levis, turtleneck pants, pedal pushers, etc. It seems visitors were seen last week with a fake snake coiled around her neck.

Five New Teachers On Faculty Of FHS

Whitaker Likes Floydada High

(By Judy Williams)

Entering FHS for the first time and observing the trophy case, Band Director Dan Whitaker's first impression was that our school must be well rounded in every event. "I was impressed to think that FHS did not go all out for one specific thing, but was equally interested in all activities," stated Whitaker.

Mr. Whitaker was born on May 22, 1927, in Senmore, Texas. While in the Air Force, he served for four years in bands of the United States Air Force, two being Guam and Hamilton Air Force Base, California as assistant band director.

He attended Abilene Christian College where he met his wife and was married in 1948. He received his Bachelor of Arts degree in 1949. In 1958, he received his Master of Music Education degree from North Texas State Teachers College.

His first teaching job was in Stratford six and one half years ago. When asked the differences between his last school, Ranger, and FHS, Mr. Whitaker replied, "Floydada is larger and has a much better rounded program. I think perhaps it is easier here, although, not necessarily because I find that students are about the same everywhere. The students do seem more anxious to learn here."

Photography and model air planes are his two main hobbies. People who are afraid to pass a patrol car on the highway is one of his pet peeves.

After the welcoming address by Bob Ed Dempsey, Judy Wilson explained the fundamental principles and the value of the society.

Danny Shipley then gave a brief, general explanation of the induction luncheon, after which was a series of talks concerning the four standards of the National Honor Society. Leo Smith, explained the meaning and importance of character. George Farris, scholar, and Sharon Edmiston, leader, and Sue Ring, service.

Sue Williams was next on the program explaining each article of the constitution of the National Honor Society.

As the climax of the ceremony, Mr. A. E. Baker read the pledge, and each new member repeated after him, thus making their membership official.

Mr. I. T. Graves then dismissed the group with a prayer.

Whirlwinds To Meet Ralls On Friday Night

(By Kenneth Jones)

With a perfect record, the Whirlwinds Whirlwinds meet the Ralls Jackrabbits tomorrow night at Ralls.

The Jackrabbits have a good team again this year, although most of their main starters graduated last year. One of the outstanding Ralls players got married and Teddy Allen moved to Floydada causing two dents.

Last week Ralls tied O'Donnell, 6 to 6, but that is no sign that it will be easy tomorrow night. The past history of the Whirlwinds and the Jackrabbits stands as:

Whirlwinds Jackrabbits
1927 Floydada 20 Ralls 6
1928 Floydada 27 Ralls 6
1932 Floydada 32 Ralls 6
1934 Floydada 24 Ralls 6
1935 Floydada 12 Ralls 12
1936 Floydada 24 Ralls 12
1937 Floydada 6 Ralls 12
1938 Floydada 8 Ralls 6

What do you think this week's score will be? Clarence Richardson—18 to 7 Wayne Cage—26 to 6 Melvin Lloyd—30 to 12 Norman Ferguson—12 to 8 Billy Colston—6 to 0 Jan Cates—100 to 3 Addie Adams—699 to 3 Carolyn Cates—6 to 0 Don Myrick—20 to 9 Sue Ring—21 to 6

Winds Mangle The Mustangs

(By Kenneth Jones)

The Whirlwinds met the Oilton Mustangs with nearly all the strength that they had Friday night and walked over them ending up with a score 42 - 0. Hal Hines was still absent from school and the squad.

The first quarter started off rather quick like with the Whirlwinds kicking to the Mustangs. After just a few plays the Mustangs surprised the Winds by giving a quick kick. They pulled this stunt one or two more times during the game, finding the Winds off guard. A beautiful play was then played as Don Vickers came through the middle for about 20 yards. Richard Graves then received a pass from Rodney Teague which was good for about 10 yards.

The second quarter opened up with Vickers running for a touchdown. Although the point failed, this did not stop the Winds. After a fumble by the Mustangs, Vickers ran again for six more points. With only two seconds left to play and only a short distance to move, Teague went over for an additional six points. Danny Shipley kicked for the extra points.

After six minutes of the third quarter Vickers scored again with Elwyn Pierce running for the extra points.

Vickers undoubtedly thought that Oilton was ahead as he went for two more touchdowns in the fourth quarter. Shipley kicked for one point and ran for the other two.

It seemed that Oilton could do nothing but fumble all through the game. Once Randy Buchanan made a very impressive 75-yard run over the goal line but was called back because of a clipping penalty. Only one known person was seriously injured, Richard Marier received a broken arm. The Whirlwinds meet the Ralls

Lewis Air Is Distinctly Right

Must Olton Mustangs Second Season Win

Olton then was jarred loose from the ball and Richard Graves recovered for Floydada. Floydada headed for the goal line and had driven inside the 10 before a fumble robbed them of the ball on the Olton 13 and the threat died. Olton was again held and tried the quick kick. This time it went from their 15 to the Floydada 35.

A drive soon brought the ball back down field and as the second period opened Floydada opened the ball 3rd and 6 on the Olton 29. From this point Don Vickers picked up 24 yards and a first on the 5. Pierce got 2 and then Vickers finished the job going three for the tally. Pierce's conversion try was short of the goal line and the score Floydada 6-0.

Graves Recovers Fumble

Graves soon recovered another Olton fumble giving Floydada the ball on the Mustang 34. Floydada advanced to the 23 and lost the ball to Olton on a fumble. The Mustangs punted when they could not gain and the ball went to Vickers at mid-field and he ran back to the Olton 29. First down yardage was made on the 19 and soon after Olton took over on downs at the 12 yard line.

The ball was soon to return to Floydada however, as Shipley and Olton's final chance at crack came up with the pig skin on the 10 and then Vickers made six and one, Pierce made short yardage and Vickers scored the marker. Teague held for Vickers on the point try but it was a no good and the score 12-0.

With only seconds on the clock Floydada took possession on their own 42. Passes and out of bounds runs chewed up yardage as Mar- Bill Gilliland, Van Stovall, Char- Olton 6 and then Teague who had been passing, kept the ball Richard Graves, Larry Irby, Dan- and circled his right end for six yards and the score. Teague held the kick try for Shipley and it was good and the half time score was 19-0.

The third period saw only one score and that came after a fumble recovery by Shipley on the Olton 47. Vickers traveled the final 16 yards for the score and Pierce circled his left end for a two point conversion.

Pass Is Intercepted

Olton lost the ball on a pass interception by Rodney Teague in their next offensive series. As the quarter was running out Buche- nau made his fine run but when a penalty was called it was all for naught as play was resumed

only half that many plays. It was well into the third quarter before the Mustangs were able to gain first down yardage.

For Floydada the offensive unit rushed for 360 yards, passed for 70 yards and made 25 first downs, and penetrated the Olton 20 yard line on 8 occasions.

Olton from offense made six first downs, did not penetrate the Floydada 20, gained a net of 26 yards rushing and completed one of seven passes for 30 yards while having two intercepted.

Scoreless First Period

In the scoreless first period Olton received and Vickers took it to Phil Neinst on the 15 and he ran out to the 34. Running plays lost yardage and Buche- nau quick-kicked from his 32 to the Floydada 37.

Floydada bogged down on offense and Teague punted from his 44 to Buche- nau on the Mustang 18 and he ran out to the Olton 37.
