1959 Cotton Harvest Above 124,000 Bales

Ginning of the Floyd County cotton crop, ended the latter part of last week in a roaring finish, cleaned up all but a half a thousand bales of odds and ends of the biggest harvest the county has ever had.

And the total ginnings reported by gin plants in the county exceeded by more than 3,000 bales the estimate made by the ginners three weeks ago. At that time they reported to county newspapers they expected to turn out 121,000 bales.

The figures on actual ginnings from the 22 ginners were 123,375 bales. The survey was made Monday afternoon.

Most of the gins will stand by for another week or two to finish late fields but some of them have closed for the season, expecting no more offerings this year.

The county had an allotment of 94,986 acres of cotton for the year of which 20,000 acres was estimated dry land cotton. Thus it will be seen that the average yield was considerably above a bale per acre.

Both the acre yield and the total production exceeded the crop of 1958, which was a record to that year, when 112,000 bales in round numbers were produced in the county. Floyd was 11th in the state for total production last year.

It is the fourth consecutive year for cotton production in the county to exceed 100,000 bales. Each successive year the acreage has been trimmed by USDA and the production stepped up by the producers.

The added probable 500 bales yet to come from the fields and gin lots are green bolls thrown

General Rain Sweeps Over Plains Country

Mild Weather Accompanies Mid-December Downpour

A big December rain, crowding three inches in some parts of the county, with temperatures not so much as reaching the freezing point in a period of more than 48 hours, swept over Floyd County Monday night and Tuesday.

Amazing and greatly pleasing long-time residents of the county the rainfall was exactly what everybody would have asked for mid-December and by the same token exactly what they had no reason to expect, considering past experience.

Good seasons through December are not so unusual as the manner in which the rains fell and the mild temperatures which have prevailed.

Low for the period Monday afternoon to Wednesday mid-afternoon was 34 degrees Tuesday morning. Temperatures were gradually rising yesterday afternoon, with no immediate prospect of freezing.

Amidst a blaring uproar of! But while the weather man warnings to expect bad weather was most kind to this section in a blizzard proportions late Monday that included Amarillo, day showers began falling, Tem-Herford, Vega and Dimmitt was po of the rainfall gradually in hard hit by icing. Telephone and creased as the evening wore on power lines were damaged and and by 9 o'clock thunder and service disrupted.

lightning occurred for several At Dimmitt, nearest point to minutes, like a summer shower Floydada in which the damage Rain fell steadily throughout was material, trees were ruined. Monday night and early Tuesday, and power and telephone lines and a heavy overcast continued, badly damaged. There was no telephone or light service in Dimmitt all day Tuesday and broken REA poles littered the lanes and farm to market roads in a wide area.

Plainview Tullia and Canyon lay east of the damaged area.

The one full occasion of considerable inconvenience in the north panhandle counties of Texas and into New Mexico, but temperatures were not severe, according to reports. Icing of power lines did considerable damage and caused considerable inconvenience at Amarillo and the section of country north and west.

The rainfall came as farmers were preparing to start irrigation wells for wheat crops and for the winter irrigation of row crops. Wells had been running long for a week on some farms. Practically all of the wells in the county would have been pumping by this mid-week.

The season from the rain seems to be ample to make any further irrigation for this county unnecessary for some weeks.

A few typical reports from the eastern half of the county include the following: E. W. Walls, Fairview, three and one-half inches; Hosea Phillips, Dougherty, two and one-half inches; Weldon McCormick, Cedar Hill, two and one-half inches; Fred Fortenberry, South Plains, two and three tenths inches; Milton Harrison, Lakeview, one and eight tenths inches; Frank Breed, Cedar Hill, three inches.

At Floydada gauged measurements of the rainfall varied from one and five tenths to two and seventy-five hundredths inches.

West of Floydada the rainfall was somewhat lighter toward Hale County, although of generous proportions.

Name Bobbitt FU President

Ray Sissney of Lockney, outgoing president of the Floyd County Farmers Union, presided at a business meeting held in Floydada Thursday night at the Court House. Besides having a great deal of business to discuss on that date, new officials were named.

Jim Bert Bobbitt of Sterley was elected to presidency. Serving with him will be Watson Jones, Floydada, vice-president, Kenneth Woffard, Lockney, secretary-treasurer.

Organizing a local union here and at Lockney, were among the things discussed. More definite plans will be laid at a meeting scheduled in January, it was said.

Reports were given from Bobby Jarrett and C. L. Henderson on the Fort Worth State meeting which they attended last week.

Talk With Santa Claus. Craig, 5, and Gary, 2, sons of Mr. and Mrs. Geo. W. Spears had an interesting talk with Santa Saturday at The Fair Department Store in Floydada. The discussion was about what boys want and hope for on the Night Before Christmas. (Staff Photo.)

Thieves Walk In and Out Of Two Unlocked Local Homes

Sheriff Walter Hollums is issuing a warning to people in Floyd County to keep the doors to their homes locked when they leave the premises. "Two houses in the Dunlap children have been broken into and we can expect more," Hollums said Monday.

The B. G. Dunlap home and the P. L. (Fay) Hart home were entered Sunday night while the families were away at church. Christmas presents were taken from each residence.

Both houses were left unlocked as many homes are when the owners plan to be gone a short time. Sheriff Hollums said the invitation is too great for burglaries when doors are left unlocked at any time day or night. Mr. Dunlap said approximately \$40 worth of Christmas gifts

W. E. Pack Dies At Brady, Texas

W. E. Pack, 84, who moved to Floydada from Wolfe City in 1914 and operated the Movie Cafe here until 1922, died October 22 of this year. The Hesperian has learned.

Born Nov. 10, 1874, in Tennessee, Mr. Pack was a member of the Church of Christ. He is survived by his wife, Anna, a daughter, Mrs. L. V. Turner of California, and one grandchild, Jerry Turner of Long Beach, Calif. In the years of his residence in Brady Mr. Pack operated a used furniture store.

MORE ELECTRICITY Standard of Living Continues Rise

to the Hesperian) The size of electric bills in each of 4,772 communities in the United States, as of January 1, this year, provides a basis for comparison.

In Floydada, the FPC states, the price for 100 kilowatt hours of electricity, an amount sufficient for small lighting and appliance needs, came to \$4.20 per month.

In the rest of the country, the average monthly bill for that quantity was \$3.98. For 250 kilowatt hours, which covers lighting, cooking, refrig-

eration and small appliances, local residents paid \$7.14 a month. The average cost elsewhere was \$7.36.

For those households in Floydada using 500 kilowatt hours a month, the typical bill was \$8.20 as compared with \$10.51 nationally.

Many electric companies have been increasing their rates gradually in the last few years, in contrast to the reducing process that had been in effect since 1932, when electricity became available for home use at 24 cents a kilowatt hour.

states the Edison Institute, electric irons were given away free by the utilities to increase power use. With enough irons in the hands of its customers, an electric company could operate its plant during Tuesday's daylight hours, because Tuesday was ironing day. On other days, the plant would operate only at night or lighting.

Most recent figures on consumption in the regional area that includes Floydada show that the average household, which used 1,962 kilowatt hours of current in 1953, used 3,341 last year, 70 percent more.

Electricity was available to the damage to the pick-up of the push car late yesterday.

Cotton Marketing

Many of you may be wondering if cotton grown in 1959 and held over to the year 1960 for income tax purposes will apply on the \$50,000.00 limitation. F. Marion Rhodes, Director, Cotton Division, U. S. D. A., states that the existing law does not apply to the 1959 cotton crop. Choice A or B Cotton of the 1959 crop which is placed under price support in 1960 will not be considered as 1960 production.

Cotton Production

Ed Noel of the Sand Hill community west of Floydada planted 16 acres of cotton with a grain drill. The beds were worked flat and the cotton was planted on the bed with 10 inches between the rows of cotton on the bed. The variety was D. P. & L. Fox planted on May 29.

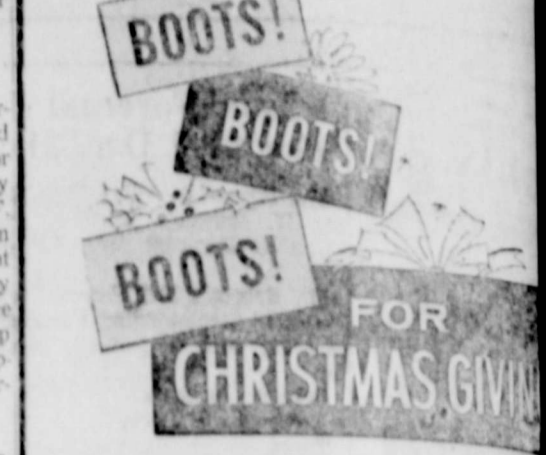

The cotton was watered twice, the first of July and again in August. The last irrigation was finished on August 20. This field of cotton produced 1.7 bales per acre. Because of the spacing the cotton had to be hand pulled.

The grades have been average, the turn out has been somewhat low. Considering the planting date, the yield is very good and is setting more than standard row widths.

Mr. and Mrs. W. J. Wilks and Mr. and Mrs. Robert Day were in Wheeler over the week-end

Women Escape Crash Injury

Two Floyd County women escaped injuries at noon Monday outside the city limits of Lockney when a 1951 Chrysler, driven by Mrs. Alton May, hit the 1939 Oldsmobile, driven by Mrs. John Fowler of Floydada.

Mrs. Fowler was enroute to Friona to visit her daughter and family. Mr. and Mrs. J. R. Barlett. Her car was traveling west on the Plainview highway and Mrs. May was coming off a side road on to the highway. Mrs. May told investigating officers from Plainview that she did not see the Fowler car until she struck it.

Mrs. Fowler said Mrs. May was traveling at a slow rate of speed. The impact smashed the left rear side of the Fowler car, damaging the back door and fender and tearing the bumper loose. The May car was damaged considerably on the right front.

Mrs. Fowler continued on to Friona returning to Floydada Tuesday. She said she was not hurt but rather sore from the jolt of the wreck.

Homemaking Hints
 By Phyllis Roggenhoff
 County Home
 Demonstration Agent

The holiday season is nearly here. Are you beginning to worry about the company meals or refreshments you will be serving? You can avoid a lot of last minute fuss and confusion by advance planning and preparation.

You can plan ahead on what you will serve, when it will be prepared, how it will be served, and table decorations. If you have a freezer, don't forget to use it so some of the food can be prepared several days ahead of time.

A bulletin entitled "Food and Fun with Friends," will help in planning. It gives information on invitations, introductions of guests, recipes and suggestions for preparing refreshment plates for large or small parties. Teenagers in the family will find the information helpful too.

The bulletin is free. You may come by or call for a copy.

HOME DEMONSTRATION COUNCIL PARTY

The council party last Saturday was enjoyed by all that attended. The committees worked effectively before the party and the refreshments were delicious, the decorations were attractive, and the recreation was fitting for the occasion. I'd like to thank these committees for their efforts.

Decide time and place: Mrs. R. L. Bullock, Mrs. Grigsby Milton and Mrs. H. S. Waller, refreshments and table, Mrs. R. H. Tinsley, Mrs. Kenneth Brosek, Mrs. Sam Jones; decorations, Mrs. O. G. Mayfield, Mrs. Monroe Schulz, Mrs. John Shipley; and recreation, Mrs. L. B. Brandes, Mrs. Hoyette Hodges and Mrs. Ronald Evans.

Mrs. A. H. Kreis, County THDA chairman, presented the THDA pins to a member from each club who was selected by her club members as an outstanding member. These were presented to:

Mrs. G. W. Smith, Dougherty; Mrs. Monroe Schulz, Harmony; Mrs. Elmer Norrell, Homebuilders; Mrs. Earl Edwards, Sr. Lakeview; Mrs. Henry Bollman Lockney; Mrs. W. D. Nance, Lone Star, Sr.; Mrs. Sam Jones, Providence; Mrs. H. F. Jackson, Sand Hill; Mrs. Grigsby Milton and Mrs. J. K. West, South Plains; Mrs. John Shipley and Mrs. Tom Porter, Starkey and Mrs. Virgil Adams, Sterley.

The pin was also presented to Mrs. Arlon Miller, Sand Hill, who has served as the County THDA chairman for the past two years.

First Christian Fellowship Program And Christmas Party

The General Women's Fellowship, including members of the Myrtle and Circle No. 1 groups of the First Christian Church met for a program and Christmas party Monday night.

Christmas carols were led by Mrs. Ed Wester, accompanied at the piano by Mrs. W. D. Newell. Mrs. Don Barrow read a scripture and prayer was brought by Mrs. Newell.

The program was presented by Mrs. Kinder Farris, who recited in costume, the life of Mary, Mother of Christ. The emotional story was also narrated by Mrs. Farris. It depicted the feeling and re-actions of Mary as she saw her son grow up to be a man and save the world. The dramatic scenes seemed realistic by candle-light, showing a rugged cross and on the opposite side of the stage, the manger scene.

Mrs. Farris compiled her story from "Mary of Nazareth" and other religious literature. Mrs. Aubrey Stewart and Mrs. Ed Wester were in charge of the stage decorations.

Following the benediction given by Paul Fullerton, minister of the church, the group adjourned and met in the parlor for their Christmas party. Gifts were exchanged and secret names drawn for next year.

The entire entertaining room was decorated in the holiday spirit with huge candles alternating greenery and tinsel was placed at vantage points. Over the fireplace tiers of candles in various

colors lighted a white Madonna flanked by a black background. Arrangements were made by Mrs. G. M. Bullard and Mrs. Clinton Fyffe. Mrs. Don Barrow and Mrs. Ed Wester, who also served refreshments.

Center News

By Mrs. J. E. Green

CENTER, Dec. 14 - We've had wonderful weather for weeks. Cotton and feed are practically all harvested. Gins are finishing up for this year. But today it is cloudy and turning cold. It might even snow was the forecast predicted. We are thankful for all the good things. We will be glad to get the moisture if any even if it means a "White Christmas."

Tommy Starkes, who filled our pulpit Sunday was a dinner guest of Mr. and Mrs. R. C. Ross. The "Fattie Moon Christmas Offering" was started. If anyone wishes to contribute you may do so anytime between now and Jan. 1. It will make one feel so much better to "have had a part" in it, be it ever so small.

We are sorry but also glad that our erstwhile pastor, Robert White of Wayland has accepted a call to Valley View Church in Lamb County. We are sorry to lose him as he has been such an inspiration to our church. But we are glad that he has this big opportunity for service. His term of years. He was well known and liked by both towns people and country folks.

Presently filling our pulpit most like to his wife, the former of the time is Tommy Starkes' Effie Noland, who was reared in another energetic consecrated young ministerial student of Wayland. He will spend his Christmas holidays holding a revival somewhere in Oregon. Someone else will preach during his absence one Sunday. So come to church anyway. How nice it would be at this Christmas season if we could arouse some of our dormant community spirit and once more all of us enjoy worshipping together at our beautiful country church, so that we may count our blessings.

There will no doubt be visiting of Mrs. Howard Drysdale is due home this week from Glendale, Calif., where she has been the past ten-days visiting a critically ill sister, Mrs. B. B. Lytle.

married children and their families attending church here and they will want to see everybody. Mr. and Mrs. Thomas Warren and children were Sunday dinner guests in the home of her mother, Mrs. Charley Battey, who has been ill at home for more than a week, but is better now.

Mr. and Mrs. J. E. Green visited Thursday afternoon at the home of Mrs. G. M. Bullard and Mrs. J. C.

Visiting Mrs. G. M. Bullard and J. C. for the week-end were a daughter and her husband, Mr. and Mrs. Joe Landrum of Tucumcari, N. Mex. The Landrums are old friends of the Greens.

Mr. and Mrs. Green visited Mr. and Mrs. D. I. Bolding two or three evenings last week and Mrs. Charley Battey Thursday afternoon.

Mr. and Mrs. O. C. Vinson were hosts at a birthday dinner Sunday honoring their son, Jerrold of the Harmony community. Present were Mr. and Mrs. Jerrold Vinson and family and Mr. and Mrs. Ernest Huckabee and family.

Mr. and Mrs. Will Latta of Mt. Blanco visited Sunday afternoon in the home of Mr. and Mrs. J. E. Green. Mr. and Mrs. Doc Sullivan called at the home of Mr. and Mrs. Green Friday evening.

Mrs. Clarence Pope, a neighbor of the Greens left Saturday to look to be with her mother, who is seriously ill in a hospital in her hometown of Longview.

Cantata Will Be Presented Sunday A.M.

The First Baptist Church in Floydada is presenting a 30-voice choir Cantata Sunday morning in the church auditorium and it promises to be a beautiful and thrilling presentation. There also will be four solos during the program. Johnny Burnett, music director, will be in charge.

The great story of the ages, entitled "Love Transcending", by John W. Peterson, will be presented at 11 a. m., by the church choir. Solos will be given by Dr. Charles Craig, Miss Tommie Copeland, Miss Wren Patterson and Bob Copeland. Accompanists will be Miss Nell Swinson and Mrs. Bob Copeland. At least one of the old familiar Christmas songs will be sung, "Oh Holy Night" by Bob Copeland.

Jean Law will be reader for the presentation.

A Christmas pageant is planned for Sunday night at the church. Titled "Come to the Saviour", it will be under the direction of Mrs. Allen Bingham beginning at 7 o'clock.

Two Are Charged In Negro Knife Fight

A ruckus in the colored section of town Sunday night between two negroes, resulted in superficial knife wounds for each when they attacked each other a few blocks from the Hill Top Cafe.

Deputy Ernest Huckabee, assisted by City Police Perry Smith and Elvis Warren, investigated the altercation and booked Don L. Williams and Chester Coleman on aggravated assault charges.

Both men were brought before the court Monday morning. One paid his fine and was released and the other is serving a term in the local jail.

Two DWI cases were also filed during the week-end.

Library News

By Mrs. A. T. Hull, Librarian

During the month of November, a number of new childrens books were shelved for circulation in Lockney and in Floydada. We also have available, in the main library the Golden Book Encyclopedia. This set of books, for the young grade school children, was written and illustrated by Bertha Morris Parker. If you are not familiar with her work, please ask to see these colorful volumes. They may be checked out for a regular 2 week period as they are very readable. We believe the children will enjoy the illustrations and the story form in which they are written as much as they would a regular story book.

Also available in both libraries are the following best-sellers: "Darkness and Dawn" by Thomas Costain; "Christmas with Ed Sullivan" by Ed Sullivan; "My God" by Herman Wouk; "Haunting of Hill House" by Shirley Jackson; "The War Lover" by John Hersey; "My Favorites in Suspense" by Alfred Hitchcock; "Christmas at Monticello" by Helen Topping Miller; "The Golden Years" by F. W. Kenyon; "The Secret World of Kids" by Art Linkletter; "Dear Teen-Ager" by Abigail Van Buren and "Whistle Down the Wind" by Mary Hayley Bell. In the main library we have "Affectionately, FDR" by James Roosevelt; "Belle Out of Order" by Beale Livingston; "Folk Medicine" by De Forest Jarvis; and "For 2 cents Plain" by Harry Golden.

The Smith home was decorated befitting the occasion with a huge Santa Claus greeting on the front entrance. The picture window was highlighted by a gaily lit Christmas tree where gifts were exchanged by members.

Atop the mantel, above the fireplace, was a reed basket, sprayed gold, and containing gold china berries. The arrangement was flanked by pine limbs and greenery surrounding red poinsettias.

Gold and white poinsettias were attached to the drapes in the dining area. The buffet held a Christmas tree effect arrangement made from stereofoam balls, Christmas bells and pine limbs. Don't Forget The 'Littlest Angels' At Christmas-Time

If there's an infant or toddler on your gift list, we suggest you don't make up your mind about what to give until you have visited one of the Baby Departments or Shops.

Here's the "shy" infants and toddlers' fashions have moved up into the "designer class." Items for this age are right in style and you'll want to give something very "new."

For example, the popular-warm dainty legs warm as well!

The toddler can carry through with the look of the season by covering her tights with a short, pleated, plaid skirt.

Dresses trimmed with colors to match tights are being shown too and are as cute as can be. Throughout the fashion scene for this age are up-to-the-minute styles.

Back to the wee ones: even the infant girl can be shown off in miniature plaids and good-for-fall bright red is on the rise. Dainty prints and bulky knits too are offered for this age group.

Mother is going to be especially delighted with the new easy closure features found in many styles: new grow features too. On second thought, maybe you

should make up your mind about what to give before you go to buy there are so many wonderful wearable-gift items in the infant-toddler departments, you are going to have a difficult time selecting only a few.

Mrs. Ethel French was dismissed Monday from Methodist Hospital in Lubbock where she has been for the past week following surgery. She will return to the home of her mother, Mrs. Leonard French, family.

N. W. Williams was hospitalized at Ft. Worth, Texas, for several weeks, in resting convalescence, is reported to be recovering. Mr. Williams has been for the past week following surgery.

Exciting Mexican-Inspired Pinata Party For The Young

Here's a wonderfully exciting idea to be used as the theme for a children's Christmas party or as a part of the traditional party.

The idea—admittedly, is an old one, and not only that, it is borrowed from our Latin neighbors—it's the pinata party.

At Christmas time in Latin American countries, a brightly painted earthenware jar, called an olla, is bought in the market place and taken home to be decorated. It is filled with sweets and hung in a doorway. It was then called a pinata.

Children were blindfolded and given a stick. While the older folks watched, each child was eager hand!

Make Bright Stained-Glass Windows

You can quickly make your own Cathedral "stained glass" window in your home!

Just take jewel-colored cellophane and cut into many shapes. Apply to a clear glass door or window with rubber cement or scotch tape.

Let your imagination wander with the subject and shapes that please you. The materials are very inexpensive and if you make a mistake, just start over again!

By crinkling the cellophane you get a textured look of pebbled glass!

The lights in your home at night will shine through the colors and design and you'll be amazed at the striking effect!

Small metal trumpets that often trim Christmas trees began to play four hymns on them at Yule — symbolizing the four corners of the world.

Stock Her Up With Smart New Hosiery Styles

If you are "stuck" for the right gift for your favorite gal, then the sharp answer is hosiery!

First of all, no woman — whether homemaker or career gal ever seems to have enough stockings! And if she's the type to usually choose what might be termed a service weight, then gift her with the glamour of lovely sheers in distinctive colors.

The clue to hue this season is in the browns — at the deep end there are mahogany and coffee dunks, rich cocoas and chocolates, muted earth tones and lighter saffrons, cinnamons, nutmeg and curry tones.

If she's already a sophisticated about colored hose, then treat her to the newest novelty knits in fine-ribbed textured and lace-like patterns.

New from Paris, are the clocked styles — exciting new patterns at the ankles — in seamless and full-fashioned styles.

Some 'How To's' For Holiday Fun

For an old-fashioned Christmas — traditional in the many niceties that make for a very happy holiday — bring fresh greenery into the home and plan to use it about the house for effective decor.

The ingredients for decorating the interior are boughs of evergreen, red and white candles, ornaments, holly, and a good portion of imagination.

If your home boasts a mantel, you can make that your focal point of interest with bright ornaments, sprigs of holly, Christmas berries and sparkly tinsel tucked among the greens.

The top of book shelves, a long table or a chest can be used for a dramatic greenery arrangement with tall, slim tapers — a Christmas figurine, a wide spread pinsetta and other trims used effectively.

For Him: Good Grooming Gifts

"How nice you look" — "How good you smell" — are compliments that turn a man's head as quickly as a lady's — though he won't be so ready to admit it.

For a very nice gift this Christmas, give him a gay box of matching-scented cologne and aftershave.

A box of shaving needs for home or packed in a traveling case will also please him. Other wonderful-to-receive items you might give are a manicure kit, club-style or military brush.

Senator Chauncey M. Depew, orator of the late Nineteenth Century, accepted, on only a few days' notice, an invitation to deliver the oration at the unveiling of the Statue of Liberty in New York harbor. George W. Curtis, a scholarly orator, said to Depew, "I was very much surprised that you accepted the invitation. I declined because there was only one month until the unveiling." Curtis added that he always refused an important invitation unless he had three months.

Big Group At O.U.

Harold Verno Brown of Floydada, a senior in the college of arts and science, is one of 10,296 on-campus students at Oklahoma State University this fall. Registrar Raymond Girod has announced. This year's enrollment, which is 628 more than last year's, includes 2,750 coeds, the largest number of women students ever to enroll at OSU, Girod said. There were 2,924 freshmen, 2,131 sophomores, 1,953 juniors, 2,002 seniors, 1,207 graduate students and 74 special students in all.

This is the day of fabulous fakes.

The Christmas shopper who has a mind to this year can buy a "diamond ring", discreetly set to look real, and keep the change from a five-dollar bill. He can buy "her" a fur coat that will have all the foxes, rabbits and mink she meets knitting their collective brows over who has lost a brother.

We can bedeck homes with roses, carnations, and geraniums that will last for months, looking each day as though they had just come from the florist's. Yes, if we've a mind to this Christmas, we can make things seem what they aren't.

Faking in some degree has been with us for a long, long time, and we're probably no worse for it. We've accepted the fabulous fakes of the dinner table — pretty glassware that isn't crystal; silver that isn't sterling; china that is dressed-up pottery. We've grown so accustomed to being fooled by fabrics that we no longer care particularly whether a dress is cotton looking like silk, silk looking like cotton, rayon posing as wool, or nylon resembling linen — just so long as it's pretty.

But while material things may be faked to seem real, the true meaning of Christmas giving — and receiving — never varies. If ten-year-old Danny buys the ring with his savings so Mother will have a "diamond", the gift becomes priceless. If the man of modest means, who wants his wife to feel well dressed, selects the fur coat he can afford, she will wear it proudly.

As always, the meaning behind the gift is what makes Christmas.

Panel Discusses Raising Home Life Standards

"Strengthening homes through Spiritual Values," was the topic for the meeting of the Parents-Teachers Association Wednesday afternoon of last week, with Mrs. Jodie Jameson, leader for the program.

A panel consisting of Mrs. R. G. Dunlap, Rev. Paul Fullerton, Rev. Richard Williams, and Mrs. Eunice Gregory, held a discussion on raising the standards of home life. Rev. Fullerton was narrator and answered questions presented by the panel from the audience.

All parents are urged to attend this meeting for a program on family ventures in cultural arts.

Mrs. T. L. Holland returned last mid-week from Houston where she had been at the bedside of her mother, Mrs. W. C. Pratt, hospitalized until Wednesday at M. D. Anderson Hospital. Mrs. Pratt was brought to her Stamford home on that day, and is said to be resting fairly well.

Mrs. Tom Daniel visited the first part of last week in Dimmitt with her daughter and husband, Mr. and Mrs. Bill Day.

Bride-Elect Complimented At Shower

Miss Doris Foster, bride-elect of Lawrence Burke, was feted Friday afternoon with a miscellaneous shower in the Dougherty home of Mrs. H. N. Powell, Mrs. Ben Hall of Maybank, sister of Mrs. Powell, assisted with the house party.

Guests were received at the entrance by Mrs. Mac Ward, and presented to the honoree, her mother, Mrs. W. E. Foster, and the prospective bride-mother, Mrs. W. D. Burke.

Mrs. Robert Ward registered guests in the bride's book. Using the honoree's chosen colors of red and white, a Christmas theme was used in decorating the home and serving table. A red taffeta cloth over red net covered the table. It was centered with a white net Christmas tree decorated in silver and red.

Party cookies and other refreshments were served from milk glass appointments. Mrs. C. A. Caffee poured from a silver service, assisted by Mrs. Orland Howard.

Mrs. Roy Crawford, Mrs. Bob Covington and Mrs. Morris Graham, presided in the gift room. Hostesses for the occasion were Mrs. Maurice Campbell, Morris Graham, Bob Covington, F. M. Covington, Mae Ward, Robert Ward, Joy Ward, W. J. Ross, Lon Emert, Claude Ring, Roy Crawford, Henry Hinton, C. A. Caffee, Orland Howard and Mrs. H. N. Powell. Miss Foster received many lovely and useful gifts, among them a pressure cooker from members of the house party.

For her wedding the bride chose a soft gray wool street-length suit, accented by black and white accessories and a shoulder corsage of red roses. Mrs. Vickers wore navy blue and black accessories.

Following the ceremony a reception was held in the home of the bride's parents. Assisting with the house party were Mrs. Lewis Gilliland, sister of the bride, and Mrs. Gene Vickers and Mrs. Jimmy Vickers, sisters-in-law.

EDITORIAL VIEWS AND COMMENT

Skip Row Planting. We have not learned the reason the Agricultural Conservation and Stabilization Service assigns for doing so, but skip row planting considered for a quarter of a century good practice on the plains, will no longer be accepted as in compliance as a farming practice. Farmers who have practiced skip row planting will have to adjust their farming operations or be out of compliance, required to get the subsidies. The rule was announced out of Washington last week.

Drug Price Spread. A congressional committee has been investigating the high cost of drugs. The people are addicted to pills for everything, from common colds to arthritis and they are paying millions for them. Some pills sell at fantastic figures, some seem more reasonable. Some pills we pay high for in the United States go at a much lower figure in Latin America. A good way to keep from being involved is to suggest to your doc that you are allergic.

Fat Newspaper Assignment. You are most likely not to see pictures in the news of the huge plane and the captive newsman who are making the tour with President Eisenhower. Eighty-two representatives of newspapers and news gathering agencies were "accredited" to the trip. They all are in one big plane that leaves ahead of the president at each stop. (With one staying behind at each stop to watch the take off and catch any farewell speeches or other incident). The assignment gets a fellow around the world under interesting circumstances. Cost to each newspaper per man is between \$3,000 and \$4,000. Texas newspapers have only one man making the trip. He is the son of the publisher of the Houston (Hobby, ex-governor) newspaper.

The Same As Ever. There is good reason, no doubt, why Texans ship out tons and tons of good hog feed to other states and ship back in the pork meat which is one of the mainstays of Texas diet. The reasons must be economic, but we have never known them. The state produces more than 30 per cent of the nation's grain sorghums. One fellow claims that instead of selling maize at the going price, the man who raises it could be selling at a figure above \$5 per hundred, if he'd use it to fatten hogs. We've got some pretty smart farmers hereabouts. If there wasn't a "catch to it" more of them would be raising swine.

Which Shall It Be? Ominous forecast comes out of the Texas Department of Public Safety. Col. Homer Garrison predicts that between the hours of 12:01 a.m., Dec. 23 and 11:59 p.m., Jan. 3—one hundred and eleven of us—citizens of Texas—will have died violently in traffic accidents. Mr. Garrison hopes he is wrong. But both Christmas and New Year fall on Fridays to make two long week-ends in the holiday period. To this add the fact that this has been a prosperous year for drivers and more cars will be on the road. And it is difficult to get people to use common sense in driving. Which of us shall it be?

The Highway System. Texas' highway system as of now consists of 60,374 miles. In forty-one years \$3.3 billions have been spent on it. And the system is still expanding. More and more country roads are being built, which the city fellows are jealous of our getting. We are still in the era that wants out of the mud. They have advanced much faster. They want eight or 16 lanes where they had four.

Program In High Gear. Because the big cities, Dallas for instance, realize more that cities depend on motor vehicle transportation to sustain them than we realize in the country, they push harder and harder to keep their highway programs in high gear. In the country we jog along. The difference in Dallas County and Floyd County can be illustrated by the way building programs have been carried out. Dallas has completed a completely new interstate highway under the Federal Aid Highway Act of 1956, while we are still moseying along getting the right-of-way for our road program that is far from being out of the bushes even yet. We jog. They race.

The Highway Department is like a Commissioner's Court to a certain extent. The man who pushes gets things done if there is rhyme and reason to his presentation, while other equally worthy petitioners, not so insistent, run into postponement because there is no pressure. There were hundreds of reams more of detail work and right-of-way buying and thousands more dollars required to get right-of-way in Dallas than in Floyd. But Dallas has the Interstate Freeway open while Floyd looks forward to the time when a contract letting date can be set on the first segment of its program.

City In a Swivet. The Hesperian, supposed to be on the alert, has come up on something in the past week that we should have known weeks ago, namely that that part of the new Lakeview road which is inside the city limits is looked upon as the responsibility of the city. That is, to get the right-of-way and to pay for it. There are, in fact, more land owners to deal with from Missouri Street on 12th to Highway 70, a distance of five or six blocks than on all the rest of the road to tie in at Lakeview. While the Highway Department has pledged itself to take over and maintain this six blocks of roadway, it is tremendously important that the city find a way to face up to its responsibility, and that quickly. The contract could have been put up for bids on this highly important road in January, we have just learned. Whether rightly or not the city is getting credit for dragging its feet. Communities by the score want the money spent in their environs which the department has pledged here. They don't wait and wait, after there appears to them to be no interest. We may be in a swivet and not know it.

The Whistle blower. Time has come now for the basketball season, when the man with the whistle will put on a show. The most popular sport in America is basketball. The crowds go wild and the players really strive to win. But the action is too fast for us. We can't follow it. By the time we catch up the referee has blown his whistle again. He has seen something we didn't see, an infraction. We get tired of listening and go home. So, go out and hear your favorite whistle blower blow his whistle.

Law-Enforced Idleness. It's against the law for a youngster to work at any kind of gainful occupation nowadays during the years when his life habits are formed. The idle brain is the devil's work shop, the old adage says. We have "juvenile delinquency" with us, which may be charged in part to the theory that a child shall not be made the victim of the sweat shop. There's common sense somewhere in there that is not applied.

Robt. Lee Jameson, Veteran Of The Ministry, Succumbs

Mr. and Mrs. Jodie Jameson and family were called to Matador due to the death of his grandfather, the Rev. Robert Lee Jameson, who died early Sunday morning in Malone-Hagan Hospital at Big Spring. "Uncle Bob" as he was known affectionately to many, was taken to the Big Spring Hospital at Matador, where he could be cared for by his daughter, who is a nurse there.

Funeral rites were conducted Monday afternoon in the First Methodist Church at Matador. Officiating were the pastor, Rev. L. W. Tucker, Rev. W. B. Vaught, former pastor of the church and now retired, and Rev. W. B. Beard, pastor of the Methodist Church at Roaring Springs.

Interment was in East Mound Cemetery. Grandsons were pallbearers.

Rev. Jameson suffered a stroke about two months ago and had been in a critical condition for past three weeks. The Floydada granddaughter-in-law who is also a nurse, helped care for the ill man during a part of his illness. The 85 year old circuit rider was born October 4, 1854, in Joplin, Mo. He came west with his parents to McClennan county where he was married to Miss Mintie Baranore in 1887. She died in 1948.

After entering the ministry, Rev. Jameson enrolled at Georgetown University. In 1903 he assumed pastordship of his first church at Paducah. He came to Matador and served there four years.

He has served churches at Knox City, McAadoo, Tulla, Roaring Springs, Whiteflat, Afton, Floreat and many others in the West Texas area.

Lighten her work with A MAJOR APPLIANCE
LIVE BETTER ELECTRICALLY

Most husbands usually need a nudge or two around Christmas time. Although they have the best of intentions, they can't for the life of them think what presents to give to the wife.

This year tell him that you'd like a major electric appliance to lighten your housework and lengthen your leisure. Show him the big selection of electric ranges, refrigerators, washers, dryers, ironers, freezers, dish washers — whatever you need in the nature of an appliance to make your home happier.

BEST GIFT of all

What other gift can mean so much to the lady-in-your-life in terms of better living, as a work-saving, time-saving electrical appliance?

The most tiring and tedious household task can be greatly eased . . . or even eliminated . . . when the right electrical appliance goes to work for your wife.

LIGHTHOUSE ELECTRIC CO-OPERATIVE INCORPORATED

POWER LINE TO PROSPERITY

It took miles of wire to carry electricity to the isolated farmhouse above. But the cost of this electrical service was shared equally by the members of the rural electric cooperative who live in more populous areas. They were keeping a pledge to serve members anywhere regardless of cost. This democratic plan of sharing the load brought an electrical revolution to remote Texas areas and a new way of life to the rural community.

But it is imperative that the Electric Cooperatives of Texas continue to serve the more populous areas they helped to develop. There are certain areas served by the cooperatives that are adjacent to towns and cities. Take these away and you run the risk of prohibitive electric rates for thousands of Texas farms and ranches. Where the rural electric cooperatives were first to offer electric service they must be allowed to serve.

Battle Border

Little known facts about Texas boundaries.

This is the United States and the Lone Star Republic; and, now Texas and Oklahoma.

When heavy rains fall in its watershed, Old Red River becomes a mighty torrent unfriendly to everything within its temporary path.

But, during drought and dry spells it becomes a lean water ribbon as it is rich in history—a ribbon of water wandering in a shimmering sea of hot sand.

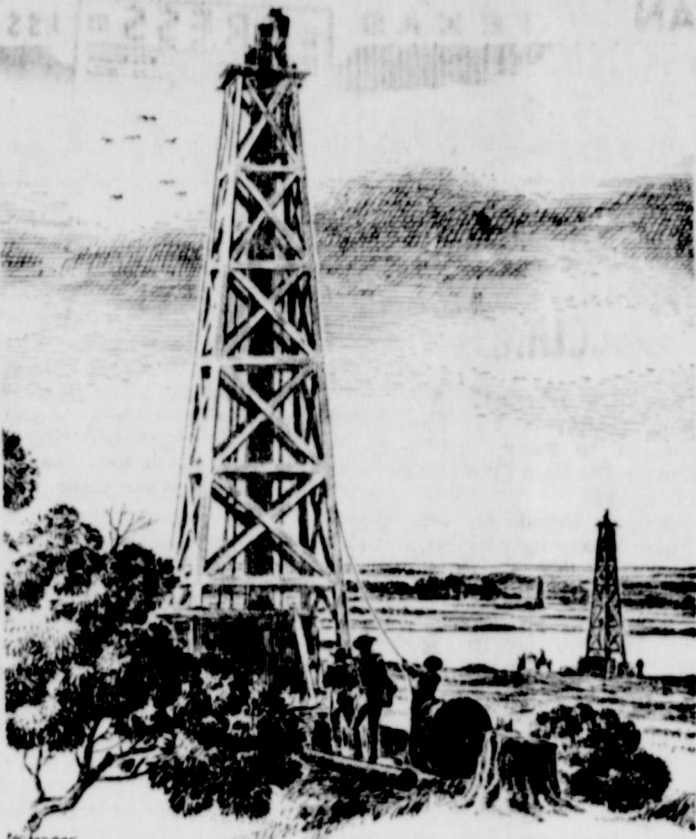

In 1919, Oklahoma brought suit in the U. S. Supreme Court against Texas to fix the boundary line between the two states along the south bank of the Red River—a distance of 500 odd miles.

The two states were busy loading their best courthouse guns for a very good reason—oil. The drilling rigs, first sprouting in Burkburnett, crept northward to the very river banks. The river bed was two miles wide at this point.

Soon one drilling rig ventured out into this strip of sandy wasteland and, in November, 1919, struck oil.

It was not long before derricks were scattered along 40 miles of the Red River bank and bed.

Oklahoma claimed the south bank had been settled as the boundary by the U. S. Supreme Court in the Greer County case. The Federal Government got into the fight by claiming Indian rights were at stake in a large part of the river bed and nearby

Will Wilson said that oil complicated the boundary dispute between Texas and Oklahoma... derricks were scattered along 40 miles of the Red River bank and bed.

The Supreme Court decided against Texas and held the south bank to be the boundary and not the middle of the river.

There were other disputes just off stage hiding their time to jump into the act.

The first: where is the south bank of Red River? "This developed one of the most complicated boundary disputes ever recorded," Attorney General Will Wilson says.

"It involved massive research into law, history, geography, physiography, botany, plant ecology, topography, geology, and engineering."

Wilson recently returned from fighting another boundary dispute for Texas, the tidelands issue before the U. S. Supreme Court.

With the bluffs, flats and riverbed full of derricks tapping oil, it suddenly became downright urgent to know what was meant by the words, "south banks."

Parts of the river bed were being taken and held by intimidation and force. Both states were assuming jurisdiction. Armed conflict between oil and gas rivals threatened.

The Texas militia was called to support court orders. An effort was afoot to call the Oklahoma militia for the same purpose.

Texas Rangers prowled the area, discouraging a throwback to the law of tooth and claw.

If you are fishing in the Old Red on the Texas side, the valley bluffs will be two to five miles south of you. Between the bluffs and the water's edge you will notice a well defined water-worn bank known as cut-bank.

This cut-bank separates the sandy river bed from the upper bluffs that extend southward to the distant bluffs. The ordinary rises of the river are held up by this cut-bank. The rises occur in May and June, called "spring rises."

"At the time of the Oklahoma-Texas dispute the Red River had jumped the cut-bank four times and flooded the valley lands in 1876, 1891, 1908 and 1915," Wilson points out.

Oklahoma and the United States claimed these bordering bluffs were the banks of the Red River. Oklahoma claimed title to the entire area, bluff to bluff.

Texas fought back and insisted that the line be fixed at water's

Wrong With Christmas Essays From Typing II

Three compositions that each person is ashamed to admit, we are ashamed to admit because we know the fault lies beneath our own door. Each student fault lies beneath our own door. "What's wrong with Christmas?" That turkey dinner. We never stop to think that true worship and sincerity were utmost in the Wise Men's minds. Food was of primary importance to no one as commercial they rushed to the manager of the Precious Babe.

Thoughts of giving and not expecting to receive; thoughts of love and wholesome Christian living—these things have been pushed forward. Plans for group entertainment, busy shop pinching pennies to make their gifts the most expensive of all the rest—these things take the place of the old-fashioned Christmas.

Just this once, let's try a new Christmas trick. When we sit down at our heavy-laden dinner table, let's make the "one for the road" a prayer, a sincere prayer, directed to God to ask his guidance on the way home. Who knows? Maybe this would revolutionize the entire world's outlook on Christmas.

What's Wrong With Christmas? By Pat Stewart

Rush! Rush! A continuous hustle and bustle, footsteps tramping down the sidewalk aglow with gaudy red and green lights, glitter, tinsel and imitation snow. The illuminated windows are filled with breath-taking toys and goodies, and Santa sits relaxed with a joyful cunning smile on his face. Inside are God's children pushing and pulling to obtain gifts for loved ones. What's wrong?

I close my eyes and see in a quiet peaceful manner, a small bundle of life; yep so big, worn, eliminated him from going to a convent express him. Following a shining star, the wise men came bearing gifts; yet what they brought, Christ had no need for. Gold—Christ is richer than all the gold in the world. Frankincense—nothing is so sweet as Christ. Myrrh—our Saviour was born that you and I might live.

Now my thoughts go to a place where we should go at Christmas—to church, where we honor and give Christ all the glory and praise He truly deserves. My family and I will surely be praying unto God and giving thanks for what he has given us—Jesus Christ our Saviour.

NHS Ponders Amendment To Constitution

To consider and discuss an amendment to their constitution, was the highlight of the Baker Chapter of the National Honor Society in its meeting Monday.

The four standards of admitting new members, character; scholarship; leadership; and service, were defined and explained to the members. As scholarship is the only standard that is defined in the constitution, the suggested amendment will include definitions of the remaining three standards.

Some of the things mentioned under leadership were, no cheating, drinking, or socially unacceptable language.

A majority vote approved the writing of a formal amendment which will be sent to the national board for further approval. The chapter will vote officially on the issue at the next meeting.

Another topic of discussion was the tutoring system. This topic was voted as the project of the society. These students have volunteered their services to help other students in their subjects.

Seven Make All-Regional Band

Seven Whirlwind bandsters were selected for All-Regional Band tryouts held at Texas Tech. Saturday, Dec. 12.

They were Pat Tucker, Dennis Walker, Sue Ring, Leo Smith, Anthony Hill, Judy Williams, and Bob Ed Dempsey.

Pat is expected to attend the area tryouts to be held sometime in January. If she makes a fine showing there, she will be able to go to the All-State Band in Austin.

Eleven members of the Whirlwind Band vying for the numerous positions in the band were Pat Tucker, saxophone; Dennis Walker, French horn; Sue Ring, bass drum; Leo Smith, oboe; Anthony Hill, bass horn; Susie Rowe, flute and piccolo; Larry Coltharp, baritone; Judy Williams, clarinet; Bob Ed Dempsey, trumpet; Mary Word, saxophone; and Nancy Watson, snare drum.

Members of the All-Regional Band will meet at Texas Tech sometime in January and give a performance for the public.

McAdoo Takes 'Winds In Both Boys And Girls BB Contests

The mighty McAdoo girls and boys won two victories over the Floydada Whirlwinds at Graves Gym on Dec. 8. The girls played a very impressive game, but lost 37 to 23, and the boys lost 58 to 44 in a very hard-fought game.

In the first quarter of the girls game, McAdoo held a five-point lead which increased to a nine-point lead at the half.

Floydada girls fought hard at Graves gaining nine points to the opponents eleven in the third quarter.

McAdoo gained another three points in the fourth, holding the 'Winds to only seven points to their ten.

Accurate shooting and fast movement was responsible for McAdoo's victory in both games. McAdoo girls had a total of 16 fouls, while Floydada had only 8.

Pat Tucker was high-scorer for Floydada with 10 points while Kay Burrow held the high for McAdoo with 21 points.

In the boys game the first quarter looked as if it could be anybody's ball game with one team scoring and then the other.

McAdoo led by three points at the end of the quarter, but in the second quarter they began their pull-away with a nine-point lead at the half. The score was 22 to 31 at the half.

The third quarter was where McAdoo really ran away from the Whirlwinds by making 17 points to the 'Winds 7. The score at the end of the third quarter was 48 to 29.

Floydada began to come back up in the fourth by narrowing the score to only 14 points before the final whistle blew ending the game with a score of 44 to 58 in favor of McAdoo.

Bill Gilliland lead the Whirlwinds with 17 points for high man. For McAdoo George Scott held the lead with 19 points.

Huckabay does with the school socks.

Back to my wants again. I would like to have a large pair of those pajama looking things, with the trap door in the back. You know, like Coach Tyler has. Also I wish you would give Mrs. Adams a pair of dark glasses to match her husbands so she won't catch me chewing gum in her class so often.

It looks like you'll have to bring me a hot rod also because I'll never make one with "Evil for Eye Eady" checking my typing paper.

So long for now and hang—I mean don't forget all the other little boys and girls.

Your pal and mine,
Kenneth Rimmer

Dear Santa,
This Christmas I would like for you to bring all of the underprivileged children of the world

Add New Home Ec Furniture

"Every inch of every new piece of furniture bespeaks quality, craftsmanship, and beauty that the Homemaking Department has purchased," says an interested onlooker.

New furniture was bought to fill the vacant Home Ec room, a 14-foot, cocoa brown, 3-piece sectional was acquired from Kirk's Furniture Store. The upholstery is of nylon with italic threads, and the cushions are made of foam rubber, while the framework is made of maple wood.

The round coffee table is walnut with a plastic coating over the table top to prevent scars and scratches.

With the addition of the new furniture, the vacant room is almost full. There is also a light tan arm chair that converts into a half bed, an end table, a walnut dining table, a light brown table lamp, and a china closet. Hanging from the east wall is a Chinese clock. Pictures and another chair will be bought in the future.

The FHA girls paid \$325 for the sectional and \$25 for the table. A project was started last year to raise the money to buy the furniture. Flags and banners were sold. Christmas card sales this year took care of the balance.

Two new portable Sunbeam mixers and 5 canister sets have also been received for the lab.

The Homemaking girls thank the Kirk Furniture Store for allowing a discount on the furniture.

Math Club Gets Official Status

Members of the FHS Student Council voted unanimously to accept the newly-organized Floydada High School Math Club as an official organization.

For the past several weeks, interested students and J. W. Baker, sponsor, have been busy planning the charter and constitution.

As specifically stated in the charter, the purpose of the Math Club is to stimulate more interest in the learning of higher mathematics.

Charter members include: George Farris, Bob Dempsey, Bill Gilliland, Danny Shipley, Don Garrett, Billy Gaither, Charles Holland, Bobby Christian, Leo Smith, Larry Coltharp, and Sharon Edmiston.

Officers of the club are: President, George Farris; Vice-president, Bob Dempsey; Secretary, Sharon Edmiston; Treasurer, Bill Gilliland; Reporter, Bobby Christian; Sentinel, Charles Holland; and Parliamentarian, Danny Shipley.

Meetings will be held once a month at a convenient time for all members, and a planned program will be presented. Dues are 50 cents a month.

Four Sign Up Number Sense

Four students have signed up to participate in Interscholastic League Number Sense this year.

George Farris, Chick Owens, Mary Kay Asher, and Fred Thayer are the entries so far.

Number Sense is a mental drill which takes much practice work and time. Only those are allowed to compete at District, Three Regional, and the top two try for State.

George Farris ranked first at District with the score of 300. He placed third at Regional which eliminated him from going to a State.

Chick Owens and Mary Kay Asher both placed at District. Chick placed 3rd, and Mary Kay 4th. Chick also went to regional but didn't place.

Mrs. A. W. Dalrymple eliminates by giving a test from contest copies. The test copies consist of 80 to 100 questions per sheet allowing ten minutes to work as many as possible. Mrs. Dalrymple said, "I don't plan to begin drilling them until after the holidays. They will know a week before the deadline who will be going."

Anyone who is interested can get in contact with her. She is hoping more will sign up.

Whirlwinds Make Trip

The Floydada Whirlwind football boys made their annual trip to Wichita Falls and saw the game between Stamford and Olney on Friday night and the game between Wichita Falls and Ft. Worth Carter Riverside, on Saturday afternoon.

The result of the game between Stamford and Olney was 15 to 7 in favor of Stamford. Wichita Falls walked away from Ft. Worth with a 27 to 7 win.

While there were no games being played the boys went to the show, bowled, or just looked the town over in general.

"The Wichita Falls Chamber of Commerce was just great; they treated us wonderfully," Coach Preston Watson reported.

Christmas B-B Tournay On Tap

During the Christmas holidays the Floydada Whirlwind basketball boys are entered in a tournament including all the district winners of this area.

Among the teams that the 'Winds will play are Monterey B team, Tom S. B. team, Semple, Farwell, McAdoo, and Dimmitt.

Even though this is right after Christmas, everyone is urged to attend at least some of the games—if not all and support the team.

Dear Santa Claus,
The only big thing that I would like you to bring me this year is a new toe nail. Dr. Glenn took part of mine off and I would like a new one to replace it.

I would also like for you to increase Mr. Whitaker's band budget so that he would not worry so much about me breaking more drums heads. If the budget were increased, he could go with the students to All-State Band and I could break my tympani heads.

It would also be nice if you would bring Judy some "non-hurry" pills. When she gets in a hurry, she backs into the garage door and forgets to turn the oven on when she is cooking.

Santa could you bring my daddy a bigger golf ball? He has a hard time hitting the smaller ones into the hole. My mother also needs a new tooth. She is getting tired of chewing with the old one.

Do not forget to bring some nice things to my gang. I am sure that Sharon will settle for a small head of lettuce. Leonard would like to have a non-breakable reed, and Larry would just like for you to bring him a new brain.

Be kind to all the other people and bring them many nice things. May you have a Merry Christmas and a Happy New Year!

Just another bewildered teenager,
Nancy Sue Watson

Letters To Santa

Dear Santa Claus
If your plans call for swinging over Floydada this year, we will have the big "Welcome" sign out for you. Don't bother to pack much for us for we honestly don't need many material things.

It might work out best for you to drop in unannounced. We have become so accustomed to your making it every year that we thoughtlessly sit down and wait for you to bring both the gifts and the Christmas Spirit. It has occurred to me that if we weren't so sure of your coming, we might be spearheaded into doing something on our own.

Instead of wishing for that new Hi-Fi we saw advertised on television the other evening, we might become a little concerned over that elderly shut-in who may not have too happy a Christmas—with her grown children too far away to make it home, and we might think of those thin-clad youngsters we saw pressing their noses against the toy store windows. The heavenly music that we play at Christmas time might come out a little sour if any one of these should be overlooked. It's sad, but we get so engrossed we forget to remember what we thinking about what we want that could give.

All of this pre-Christmas self-evaluating might help us see the Star of the East a little clearer and recall its real significance. At least, it has helped us see that it's part of our responsibility to make this Christmas a happy one.

Yours truly
Eric Christensen
P. S. Make it by if you can.

Dear Mr. Claus,
My name is Gary and I am 16 years old. I have been a very good boy this year. I have shot only 14 people in the back and two in the eye.

I would like a new cap pistol and a real live horse. I know that the horse would be kind of heavy to put in the bag so just use it as one of your reindeer.

I guess that is enough for this year but I will be looking forward for your next year.

Sincerely yours,
Gary Cantrell

Howdy, Fat Boy.
Well, here it is Christmas time again and time to get your fat feet moving.

I'll have to warn you about landing those four legged bat racks on the roof this year, because I strung barbed wire around it. And another thing, just because we don't have a chimney doesn't give you the right to chop a hole in our roof. Well so much for the instructions.

Here are a few small items I want you to put in my stockings. Oh! while we're on the subject of stockings, I would like to tell you the purpose. I hung them there for you to fill, not to steal and wear like Jimmy

Dear Daddy,
I'm one real disgusted cat. The mesmerizing Ichabod that you sent me last Christmas has mesmerized the whole pad. What was the big idea of sending me a mesmerizing Ichabod without un-mesmerizing instructions?

Also the voodoo doll of Mr. Eady was a real cool gyp. It doesn't work. Would you please bring me a new voodoo doll and a fresh supply of pins.

The noodle topped stroodle escaped last Halloween night, and I haven't seen him since.

The instant Alkarselzer that you sent me absolutely will not do. It just cannot be taken without water.

Please send me a new noodle topped stroodle that is escape proof. Also send me un-mesmerizing instructions and some fool-proof Alkarselzer.

Whirl Whirl Whirl
Dear Santa,
I'm not hoping for much this year, for you see I have so much that a little would fit my need.

I'd like to be your helper, Dear Santa Claus.

I'd like to make Christmas merry for you and for all. It was not so long ago that I wished for dollys. But now I've found more precious things to make Christmas jolly.

I'd like to help you Dear Santa, to share all your heed. For I know you work so hard to bring us all we need. Yes, Dear Santa, this year I understand.

I'll be glad to lend a helping hand.

Thank you Santa,
Mae Bell Johnson

Dear Nicky,
How about sending this "cat" real snazzy, souped up, souped down, souped all around, bright red, three speed floor shift, four wheel drive, "Speed Demon," full race, tractor cart.

I would also like to have a real cool number of a hair cut—something like Yul Brenner has. But don't wake me up when you shave my head. And, for gosh sakes, close up those Lakes Plugs on your sleigh. They would jingle a man to death.

Thanks for reading my request, and I hope you know where my

pad is. So keep your stomach out, your chest in, and don't eat those cookies kids leave out. They are full of arsenic because you didn't bring them a .50 caliber machine gun last year.

Your brother,
Gene Franklina

Dear Santa Claus,
I hope that you will have a very nice Christmas this year and that you will bring cheer to everyone with your kindness and your presents. Is it very cold up north this year?

I have tried to be a good little boy this year and I would like for you to bring me a new watch for my Christmas present. My brother would like to have a new gun. I will have cookies under the tree for you.

If it is possible I hope that you will have plenty of toys and food for all the little boys and girls everywhere and that they may all have a very nice Christmas. I hope that I have not asked you too much. If I have, just anything will do.

Yours truly
Bill Gaither
