

Light Snow Ushers In Severe Wintry Blasts

Snowfall early Saturday evening, preceded by showers in the mid-week, fog, mist and overcast, ushered in a five-day period of frigid weather that brought a low of 7 degrees above zero Tuesday morning.

SHOOT AT \$50,000

Increase Needed In PO Receipts

If Floydada business and industrial people could be joined by the average run of us in a concerted effort to make the postal receipts in Floydada jump by at least \$2,000 during the next year, Floydada would go into the list of first class offices.

And if we did so, the postmaster's salary would increase, the office would grow in importance and there would be odds and ends of services that would come to the patrons not now enjoyed.

have made the new rating admirably. An increase of only \$2,000.14 in postal receipts this year might be normal for a town the size of Floydada which is on the move.

If postal rates increase within the year it is assumed the factor will change, in which case the receipts would have to be greater by whatever percentage change is made in the factor.

The increase, if obtained, should have no appearance of rigging or collusion, since the department is familiar with all the brands of trickery.

SOCIETY

Rebekah Lodge Official Family Was New Roster

Floydada Rebekah Lodge No. 77 met the night of Jan. 12th with Ethel Sawyer, Noble Grand, presiding.

After a short business meeting, the Noble Grand expressed her appreciation to all officers and her committees for their help and cooperation during her term.

The Noble Grand turned her chair of office over to the District Deputy president, Velma Garner of Plainview, for the installation of new officers for the ensuing term.

Officers installed were Barbara Hatley, Noble Grand; Lawless Parkey, Vice Grand; Jane Marquis, Recording Secretary; Minnie Faye Thomas, Financial Secretary; Grace Grundy, Treasurer; Wilma Payne, Warden; Ethel Dever, Conductress; Loretta Burns, Chaplain; Lula Green, Musician;

Ethel Sawyer, Junior Past Noble Grand; Artie Webb, Right Supporter to the Noble Grand; Adalee Jones, Left Supporter to the Noble Grand; Margaret Paschal, Right Supporter to the Vice-Grand; Wildon Tyler, Left Supporter to the Vice-Grand; Pat Tucker, Inside Guardian; and Ann Miller, Outside Guardian.

Jewel Reeves was elected as representative to the Rebekah Assembly, and Jane Marquis as alternate. Lawless Parkey will be the lodge as degree captain. Jane Marquis as drill captain. Lena Spitz as song leader, and Jewel Reeves as reporter.

Wanda McDaniel of Petersburg recommended for appointment as District Deputy President and Wanda O'Neal of Floydada as Lodge Deputy.

Immediately after the installation, the new Noble Grand received her gavel, a symbol of her authority. She gave a beautiful acceptance speech, and Lona Sparks sang her chosen song, "Give Me The Roses While I Live". Artie Webb then presented Mrs. Hatley with a vase containing a lovely red rose, her flower to place near her stand each meeting night.

Visitors were present at the meeting from Plainview, Petersburg, Lockney and Matador.

"Battle Border"

Little known facts about Texas boundaries.

PART XII
 (Editor's Note: This is the last in a series of twelve articles outlining the numerous boundary conflicts dating back to 1719, pointing up little known facts which shaped the Texas of today.)

One stormy chapter in the history of our Texas boundaries was written with the unsolicited help of Oklahoma's blustery, colorful Governor William J. "Alfalfa" Murray.

Murray, governor of the Sooners state from 1931-35, figured prominently in the "Bridge War" of 1931 between Texas and Oklahoma.

The Bridge War grew out of the differences of opinion between Alfalfa Bill and Texas officials concerning the opening of three "free bridges" spanning the Red River.

Built as a joint effort of Texas and Oklahoma they were intended to provide highway travelers with toll-free passage over the river.

In the spring of 1931 three of the new bridges were nearing completion — the Ringgold-Terrell bridge near Wichita Falls, another crossing the river north of Gainesville, and a third span between Denison and Durant, Oklahoma.

By mid-summer the bridges were still not in use and Alfalfa Bill, long a champion of free bridges, grew impatient with the continued delay.

In spite of the fact that half of each bridge lay within the Texas borders, the Oklahoma governor ordered the bridges open. He was also conspicuously unimpressed with the fact that the Gainesville bridge was still under construction on the Texas side while the Denison free bridge had been ordered by the Federal Court in Houston not to open until settlement of certain legal disputes between the owners of the nearby toll bridge and the Texas Highway Commission.

Traffic, swelled by thousands of curious sightseers, began to flow across the bridges.

Crossing the Gainesville bridge a large truck found the Texas side impassable, couldn't back off the bridge and so remained suspended over the Red River until morning.

The Ringgold-Terrell free bridge operated without incident.

At Denison, however, Alfalfa Bill's action defied both the State of Texas and the federal judiciary. Governor Ross S. Sterling promptly ordered the bridge closed. Texas Rangers rushed to the scene, ordered barriers rebuilt of heavy logs and beams to be guarded indefinitely.

Alfalfa Bill responded by throwing up a barrier across the Oklahoma side and ordered highway workers to plow up 200 feet of the road approaching the toll bridge. He then declared the bridge under martial law.

The Texas legislature passed an urgent resolution exhorting representative Sam Rayburn to press for passage of Federal legislation aimed at breaking the deadlock.

Meanwhile Gov. Murray moved troops to the Denison bridge and appeared in person from time to time to review his men, wearing a campaign hat and packing an old pistol.

After a few tense days, an uneasy truce was effected.

By fall a flurry of legal actions were under way. The toll bridge company obtained an injunction against further interference with the operation of their bridge.

The Bridge War was brought to a final end when the toll bridge company's suit against the State of Texas was won by the state, represented by the late James V. Alfred, then Attorney General.

So Texas had fought over practically all of her boundaries — with Louisiana, Oklahoma, New Mexico and Old Mexico. But the most persistent and aggressive of the land biters had been the federal government.

Attorney General Will Wilson's present case with the Federal government is one more battle in a century old war to maintain Texas territory.

"Will there be more? Probably so. Of one thing you can be certain, Texas will fight. By now, she knows how," Wilson emphasized.

Will Wilson explains that the "Bridge War" between Texas and Oklahoma concerned the opening of three free bridges across the Red River. "Crossing the Gainesville bridge a large truck found the Texas side impassable..."

GI Loans Due To Terminate Late In July

In a statement issued this week D. G. Ayres, County Service Officer for veterans' affairs, said he has been advised by the Central office of Veterans Administration, Washington, D. C., that direct loan funds through the Loan Guaranty Division of the Veterans Administration Regional Office, may not be committed after July 24 of this year, July 24 being the day before the expiration of the time in which World War II veterans can apply for a GI Loan.

Continuing his statement says: The Loan Guaranty Division of VA Regional Office, Lubbock, states that they expect to receive the last loan fund allocation in April 1960. The funds now on hand, together with any funds to be received in January 1960, must be committed, disbursed, and the loans closed prior to June 20, 1960—the expiration date of the direct loan applications.

So all Veterans desiring to make application for the direct loan should do so as soon as possible, so that such applications can be processed and the loans completed before June 30, 1960.

Observe the 3 C's—caution, care and common sense—to prevent overloading electrical circuits. Failure to take proper precautions can result in bodily harm or damage to property, or both.

Overloading an electrical circuit not only causes a drop in efficiency but it is also unsafe. It causes overheating of wires, which can get brittle, and can result in a fire hazard.

Soybean and Sesame Research May Save High Plains Economy

The 1960 research program of the High Plains Research Foundation was expanded by action of the Executive Committee of the Board of Trustees at its January meeting. Mr. Harold Hinn, Chairman of the Board announced today.

Soybean and sesame variety testing was expanded to include fundamental plant breeding investigations to develop varieties specifically adapted to the High Plains area. This program was enlarged to meet the requests of farmers and business representatives for better yielding and more suitable varieties. Employment of additional personnel to assist Dr. Earl Collister in this program was approved.

New Beauty Shop Opened On Lee

A new business established in Floydada is the Lady Fair Beauty Salon, located on West Lee street, owned and operated by Mrs. Luc Knowles, formerly of Tahoka.

Opening specials which appeared in a newspaper ad last week, are still good. Mrs. Knowles invites women of the community to come by and get acquainted. She will take appointments after hours for working women.

Mrs. Knowles' family consists of her husband, Jack, and two children, Lannie, age four, and Debbie, age three. The family are members of the Church of Christ. Mr. Knowles farmed in the Tahoka area before moving here.

USDA's Plentiful Foods List Headed By Pork, Oranges

COLLEGE STATION, Jan. — Abundant supplies of pork, oranges and orange products are in prospect for February.

These are the featured items on the U. S. Department of Agriculture's list of plentiful foods this month, according to the Texas Agricultural Extension Service, College Station.

Also plentiful in February will be broiler-fryers, lamb, lard, eggs and peanuts and peanut products. Other fruits and vegetables on the list are cabbage, carrots, sweetpotatoes, onions, grapefruit, cranberry products and raisins.

This is the season when many fresh fruits and vegetables are being harvested in Texas orchards and gardens. The state's orange crop is the best since the big freeze of nine years ago — 36 per cent larger than last year, according to estimates of the Agricultural Marketing Service.

USDA's list of plentiful foods is prepared each month by AMS food distribution workers, in cooperation with growers and members of the food trade. The list includes items that are in larger than-normal supply.

Menu planners will find it to their advantage to serve these foods often because plentiful and in-season items usually provide greater economy and more choice for quality.

Mr. and Mrs. Casey Adams, of Amarillo, were recent visitors in the J. W. Taylor home here, as were Mr. and Mrs. M. D. Lynn of Lockney, Mrs. Lynn, Mrs. Adams and Mrs. Taylor are sisters.

Classified Ads

THE BIGGEST BUYS

IN ALL THE WORLD

HOW MUCH SHALL I SAY?

In a classified ad say as much as is necessary to completely describe what you are offering of goods or services, little more. Be brief, concise, complete. Tell all you would like to know if you were the prospect.

Facts are what count in a classified ad. Superlatives are to be avoided. Readers of classified pages are looking for something. If you have it and your copy adequately describes it, leaves no question in prospect's mind, you will get action . . . a sale if terms are right.

A buyer looking for something in classified pages will read most of the ads to find it. The judicious use of display type, a little white space at top and bottom, the boxed ad—as in display ads on these pages—command attention, adding to the pulling power.

Say what is essential in your ad; use display space where competitive advertising dictates the need.

Mt. Blanco News

By Mrs. J. W. McClure
MT. BLANCO, Jan. 18 — More rain and snow has fallen in the past week amounting to around two inches of moisture. The ground is covered with snow and it is a pretty sight indeed. The mercury is to go to a low of eight degrees this Monday.
Several in our community are ill with "flu" or other types of viruses. Mr. and Mrs. E. H. Brown and Mr. and Mrs. Rudolph McCurdy are reported to be ill at this time and there are possibly others that we don't know about. We wish these folks a very speedy recovery.
Mr. and Mrs. Bobby Kendrick and Mr. and Mrs. C. F. Fleming returned home Sunday night from a week's vacation through Arkansas, Mississippi and Louisiana. The group made short visits with relatives at several places. They also visited points of interest, crossing the Mississippi River on the ferryboat. They also watched a train being carried across the river on the ferry.
They reported a lot of rain in the above mentioned states but saw no snow until reaching the Plains enroute home.
Linda Kendrick visited Pamela Graham in Crosbyton during the bad weather of last week.
Sandra and Becky spent some time with Mr. and Mrs. Walter Crawford.
Mr. and Mrs. J. A. McGowan and Sue of Durmas visited from Friday until Sunday with their parents and Mr. and Mrs. E. Spurgin. The group spent Saturday and Sunday night in Lubbock visiting two other daughters of the Spurgins, Mr. and Mrs. Leon Payne and family and Mr. and Mrs. Wayne Dean and family.
Brother and Mrs. Arzell Hyche and children were Sunday dinner guests of Mr. and Mrs. Anthony Latta and children. Afternoon visitors of the Lattas were Mr. and Mrs. Foster James and children of Halfway and Mrs. S. H. Wright of Plainview.
Mr. and Mrs. Weldon McClure were Thursday supper guests of Mr. and Mrs. Dennis Taylor in Crosbyton.
Mr. and Mrs. Erice Allen visited in Lockney Sunday with Mr. and Mrs. J. B. Allen.
Mr. and Mrs. John Fletcher visited her mother, Mrs. A. B. Davis of Hale Center in a Plainview hospital last Wednesday. Mrs. Davis has been moved to the Hale Center Hospital, where she is at the present time.
Mr. and Mrs. Bob Norman and Mike Godwin of Levelland spent Saturday with her parents, Mr. and Mrs. John Fletcher.
Mr. and Mrs. Fletcher were Sunday dinner guests of Mr. and Mrs. O. W. Howard of Crosbyton.
Mr. and Mrs. Millard Watson attended a farewell dinner for Darwin Brewer in the Junior Ayers home in Lubbock Sunday. Darwin is leaving Friday for California, where he is to enter a training period in the Coast Guard.
Mrs. Erice Allen entertained her Intermediate Sunday School class with a party in her home Friday night. Present for the oc-

case were Sandra and Linda Kendrick, Edmund and Richard Wheeler, Karen and Sherry Watson, Larry McCurdy, Judy and Nancy Allen, Brother and Mrs. Arzell Hyche and children and the hosts, Mr. and Mrs. Allen. Mr. and Mrs. Frank Moore visited in Lubbock last Tuesday and also with Mrs. C. H. Moore in Crosbyton.
Mr. and Mrs. Millard Watson visited in Lubbock last Tuesday with Mr. and Mrs. J. H. Watson.
Mr. and Mrs. Jerry McClure of Lubbock spent Saturday night with his parents, Mr. and Mrs. Weldon McClure.
Mr. and Mrs. Weldon McClure were Monday afternoon visitors of Mr. and Mrs. Frank Moore. Frank Knox Moore of WTSC spent the week-end with his parents, Mr. and Mrs. Frank Moore, Charles and Mike.
The Mt. Blanco Club met Thursday in the home of Mrs. S. G. Appling for the first meeting of the year. Due to muddy roads and illness the attendance was small. The new yearbooks were filled out, plans were made for the coming year and other business matters attended to with the new president, Mrs. Watson presiding.
At the end of the meeting delicious refreshments were served to Mrs. Erice Allen, Frank Moore, Anthony Latta, B. H. Wheeler, Millard Watson, Weldon McClure, Arzell Hyche, Carol Latta and Mrs. Susan Allen.
The next meeting will be held Jan. 28, in the home of Mrs. Mildred Watson for a program on making smocked pillows with Mrs. Harry Morckel and Mrs. H. A. Powell of Floydada giving the demonstration.
Brother Arzell Hyche, Mr. and Mrs. Erice Allen and daughters, Mr. and Mrs. Weldon McClure attended the Association of Baptist Workers conference at the First Baptist Church in Lockney Tuesday night of last week.
Brother and Mrs. J. B. Williams and daughters, D. Williams, LaNelle and Wynette of Floydada visited in the community Friday of last week. They visited at the parsonage with the Hyche family, in the B. C. Denon home, the guest of Mr. and Mrs. Weldon McClure. The Williams' made calls at other homes and promise to come another time.
Mrs. Verna McSwain spent last week with the Kendrick children while their parents were away on their vacation. Mrs. McSwain enjoys her grandchildren very much and is fortunate to have them nearby.

Remember church Sunday. This is the kind of weather church and school attendance is at a low ebb. But better days will come. In fact, we West Texas people seldom have too much rain or snow. Let us enjoy it.
News is scarce. Most people stayed home last week—unless they got to town to the sales.

Harmony News

By Mrs. Allan Gross
HARMONY, Jan. 18 — The Harmony Home Demonstration Club served lunch at a farm sale close to Petersburg Monday. Several of the ladies worked all day serving.
Mrs. Walter Hanna, Mrs. Truman Danavant and Mrs. Carrick Snodgrass were Tuesday afternoon visitors of Mrs. Allan Gross. Chloia Williams, Walter Hanna, Roy Hale, Charlie Reid and Allan Gross were quail hunting Wednesday.
Mr. and Mrs. Dan Gross and children, Angela and Steve, visited in the home of his brother, Al, and family Thursday night.
Mrs. Truman Danavant and Walter Hanna, Mrs. Glen Pool & Mrs. Allan Gross attended the Floyd County Home Demonstration Club Council meeting in the Floydada Saturday afternoon.
The Women's Society of Christian Service met Tuesday afternoon with Mrs. M. D. Ramsey as hostess.

Mrs. Mather Carr went through the clinic at Lubbock Monday, Tuesday and Wednesday.
Mrs. Marvin Smith and Mrs. Mather Carr attended a sub-district WSSC meeting Thursday at Cone.
Sue Williams spent Saturday night with Mr. and Mrs. Horace Carr.
Mrs. G. L. Snodgrass' birthday was on Thursday. Several of the community visited her, among them Mrs. Chloia Williams, Mr. and Mrs. Horace Carr, Mrs. Matt and Mrs. Marion. Then we have another situation Tucker and Mrs. Walter Hanna that isn't too good. We have built up a good section of land behind and Judy had Sunday dinner with Mr. and Mrs. Buddy Smith of Petersburg.

Jody, son of Mr. and Mrs. Charles Reid, celebrated his second birthday Sunday with a dinner in the parental home. Guests for the occasion were Mr. and Mrs. Carrick Snodgrass and Mr. and Mrs. V. M. Manning.
Mrs. Bruce DeBose and daughter, Pickie, of Brownfield were Saturday afternoon visitors with Mrs. Charles Reid and children. Mr. and Mrs. B. Gary went to Lubbock Friday.
Mr. and Mrs. Chloia Williams, Mr. and Mrs. William Smith, George Sherrill to Plainview to attend a beauty style show Sunday afternoon.
Mrs. Wesley Carr went to Paducah Saturday.

We have another situation today. The Game Commission, with some license money and other monies that come from the federal excise tax, has been able to buy up some land. This land is thrown open to controlled public hunting.
In many of our states there is considerable government land that provides free hunting. In Texas we have bought approximately 100,000 acres in West Texas for wildlife management. We have some tracts scattered around.
Surplus game is harvested from this land for free. Unfortunately not enough people get these hunts, but there is enough spread to make it interesting.
Another thing that would cut down poaching would be to provide more access. We have many

every man caught climbing the fence should be given a ticket. Another ventured the suggestion that a sign be erected saying, "If the human demand for recreation Will Cost You \$42 to Climb This Fence."
"Yes, we could give them tickets," one of the wardens said. "Then they'd have to go to court and pay a stiff fine. They'd cuss the game department and the wardens. I try to keep from giving a ticket any time I can and still achieve the same purpose. Most of the fellows who fish out here are just like me. They work on salaries and pensions not enough. If I gave one ticket it would be just like reaching in his pocket and taking out a half-week's salary."
"That's all true," said the biologist. "On the other hand, think of the hundreds of thousands of persons who pay \$2.15 for a fishing license who don't climb a fence and destroy the property they are paying for. They have some rights, too. We can use all the science we know in trying to make hunting and fishing better. Then some thoughtless or perhaps just plain troublesome person comes along and climbs the fence and we've lost a thousand dollars of sportsmen's money."
The argument continued, as arguments do, where game and fish are involved. It is especially true about the offense of trespassing. Somehow there is a resentment to fences. It is nothing new. Back in the early days of Texas we had wars over barbed wire.
We look beyond a fence and see a pretty stream, or perhaps a good place to shoot, and we feel we should be able to cross over to the place. Fortunately, however, most persons recognize the rights of a property owner. There are a great number of malicious fence climbers. Usually when they are arrested they have a gun. Some even carry a headlight and are bent on killing game, in season or not.
Thus in protecting the rights of landowners, the officers also give protection to wildlife.
As our population increases, the wildlife problems also grow. We have more wildlife today than we've had in years. This has been made possible in most instances through landowner cooperation with conservation officials.
Many of our landowners today recognize wildlife as a crop and permit it to be harvested at a profit to them. They are entitled to that profit. They feed the game and watch after it.
Then we have another situation that isn't too good. We have built up a good section of land behind and Judy had Sunday dinner with Mr. and Mrs. Buddy Smith of Petersburg.

Life Policies In County At All-Time High

(Special to the Hesperian)

NEW YORK, Jan. 11 — Residents of Floyd County have begun the new year better protected by life insurance than they ever were. Per family their coverage is at an all-time high.

Total holdings of life insurance locally are estimated at more than \$24,332,000.

Data on the number of policy holders and on the amount of insurance in force throughout the country is reported in the 1959 Life Insurance Fact Book at the national and state levels.

It shows that the American people today have well over a half trillion dollars in this form of protection, with some \$2,897,000,000 of it in force in the State of Texas. Not included in the state total is additional insurance that has been issued by the Federal government and by fraternal and other organizations.

For the state as a whole, the amount of life insurance holdings per average household is equal to its combined income, after taxes, for a period of 17.2 months. This is calculated from income estimates made by Sales Management.

Adapting this ratio to Floyd County, where net income during that period of time averages \$6,074 per household, the indicated amount of life insurance locally is \$8,000 per family.

It is more than held by most families throughout the State of Texas, the average being \$3,000.

The grand total, for all Floyd County families, is \$24,332,000. The largest part of it is in the form of ordinary life insurance. Group insurance is second in volume.

In the past ten years, it is pointed out, life insurance ownership per family has more than

doubled in the United States, with the rate of growth highest in the Western and Southern states.

The growth is attributed, in part to the fact that people who would have been turned down by insurance companies at one time as poor risks, are now being accepted. These include diabetics, conditions and even those who have had heart attacks.

Organize For MOD Campaign

The Floyd County March of Dimes fund drive is rolling along in its stages of being organized and plans are to do a county-wide job of campaigning and wind things up in a week or 10 days of activity.

County officers are Barry Barker of Lockney, president; Glenn Amburn, vice-president; Ed West, treasurer; Claude Estes, chairman for Floydada business district; Mrs. Sammy Hale, chairman of the mothers' march.

Some of the recruiting of captains and lieutenants has already been done and Mrs. Hale has named Mesdames Jimmy Wilson, Claude Weathersbee, W. H. Simpson, Jr., Ed Wester, Glenn Amburn and Mrs. Howard Gregory as captains.

The captains in turn will name their lieutenants and the drive, night for the mothers' march has been set for Thursday, January 28. On this date the workers will meet at Lighthouse Electric for briefing and work material. Then at the sound of the sirens the march will begin.

All residents are asked to turn on their porch lights signifying they are ready with their contribution. When a worker has called the light will be turned off and when the job is completed then workers will report back to Lighthouse where receipts will be tabulated and refreshments served.

The plea of the volunteer workers who are your neighbors is to give to help us attack crippling diseases, Polio, birth defects, and arthritis — the crippling that threaten millions of people must be stopped by your contributions.

Your money will help in a two fold way. It is spent for research which is cutting down on the crippling polio and also on treatment of cases most of which started before the vaccines were put into general use.

Half of the funds remain in the county and last year your county chapter wrote checks for six different patients who received treatment. These payments varied from as low as \$7.50 for a doctor's call to \$488 for an operation to restore proper use of an ailing limb. Total spent for such cases totaled \$1,945.53 in 1959.

Treasurer Edward Wester said that no definite goal had been set for the county but hope is that the total will be above \$3,000 so that the county chapter would be in a position to take care of its needs in 1960 and to enter their part in scientific research in the future.

Part Of Loot Of Break-In Is Recovered

The sheriff's office reported a break-in which occurred Saturday sometime during the night at the Farmer's Acid Delinting Company, located southeast of town. Investigating officers got a break in the case after tracing foot prints and tire tracks in the fresh fallen snow, to a point near the Houston Street railway crossing.

Entry was gained by the front door of the delinting company office. Taken was an electric adding and calculating machine, a 24-cup electric coffee maker and a money from a coke vending machine. The electric items were found and recovered.

The burglary was still under investigation by local authorities Monday.

E. H. Boedeker Candidate For Representative

E. H. Boedeker, Lubbock attorney, and son of Mrs. T. H. Boedeker and the late Mr. Boedeker of Lockney, has announced his candidacy for the office of State Representative, 97th District, consisting of Lubbock County.

Boedeker, former Floyd County man, moved here with his parents in 1908 from Channing where he was born. He is a graduate of Lockney High School and West Texas State College before teaching school for five years. Afterwards he studied law and graduated from Baylor School of Law.

He has served as county judge of Dickens county and on numerous occasions served as special judge in the County Court of law at Lubbock.

Boedeker resides in Lubbock with his wife, and 18 year old son Ted, who is a student at Texas Tech.

Scholastics Enumeration Is Under Way

I. T. Graves, superintendent of Floydada Public Schools this week reminds parents and guardians of children in scholastic age that January is scholastic enumeration month in Texas, with January 31 the deadline date.

Bad weather throughout the month to date may have caused failure of enumerators to visit some of the homes in the district or some of the scholastics may have been overlooked. Mr. Graves pointed out. This could especially be true in cases of children who will be in school for the first time this fall.

Enumeration also is being carried on in Lockney Independent District and in the four rural schools of the county and this information may possibly be of value to patrons in these districts.

In Floydada district patrons who feel they may have been overlooked should contact Mrs. Nina Copeland or one of the principals of the schools here. The enumeration is highly important, both to pupils and the district, the superintendent said.

Fred Cardinal Deputy Sheriff

Sheriff Walter Hollums announced this week the appointment of a new deputy, Fred Cardinal, Dougherty farmer, who took the oath of office Thursday, January 13.

Cardinal has assisted in special patrol work in Floyd County prior to his appointment and is felt to be well qualified for the job as deputy. Hollums said.

Carburetor Theft In Private Garage Is Bit Unusual

Car owners always know there is a possibility of having to replace a worn out carburetor on their vehicles, but to replace one because it has been stolen is another matter, unusual to say the least.

That's just exactly what happened to J. H. Law however. Mr. Law, Junior High school teacher, found the carburetor missing from his 1954 Chevrolet Thursday morning, after running a battery down trying to get his car started.

Mr. Law parked the car in the garage Wednesday night of last week. The following morning he went out to warm the vehicle. After several attempts to start it, he realized the hood to see what the trouble was. He found it all right — a missing carburetor.

Evidently someone was in the garage Wednesday night of last week to enter the garage and commit the theft at night. Mr. Law also was in desperate need the morning after.

Local officers had no leads the first of the week.

Red Cross First Aid Instructor To Begin Jan. 25

A first aid course beginning January 25 at Plainview under the auspices of the American Red Cross has been announced by R. E. Jones, who is with Southwest Bell Telephone Co. at Plainview.

A Red Cross representative will be the instructor for the course. Jones said, in making the announcement. The instruction will cover a period of 16 hours, divided into two or three hour sessions. Day, Garden No. 1, block 7, lots 3 and 4, and block 24, lot 1. 25 son must have completed the standard and advance course of Mrs. J. E. Draper to Betty first aid to qualify to attend. Successful completion of the course will qualify Muncy addition to Lockney by a person to teach first aid.

The course will be carried on at the Girl Scout House in Plainview, beginning at 7:30 each evening, D-5 containing 30 acres

Tahoka Couple Wed 50 Years, Observe Day

Mr. and Mrs. Wilson Edwards and son returned home Monday from Tahoka where they were present for the Golden Wedding Anniversary observance of Mrs. Edwards' parents, Mr. and Mrs. G. R. (Bud) Milliken. The honored couple have been residents of Lynn County all their adult life. The couple's eight children honored them on Sunday with an open house in the City-Legion Building in Tahoka.

Mr. Milliken and Miss Cleo McGonagill were married January 16, 1910 at Old Lynn, located south and west of Tahoka Lake. She was the daughter of the late Mr. and Mrs. A. R. McGonagill, and Mr. Milliken was the son of Mr. and Mrs. Robert Milliken, early day settlers in Lynn County.

Mr. Milliken has operated a saddle shop, was a ranch hand on the T-Bar ranch and has farmed during his life. Presently he is in the construction business. The Millikens have reared a family of seven daughters and one son all of whom were present for the celebration. The couple have visited numerous times in the McCoys community here with their daughter and her family.

The eight children are Mrs. Edwards, Miss Echo Milliken, Tahoka; Mrs. Tommie Mathis, Carlbad, N. Mex.; Mrs. Garland Pennington, Mrs. Jack A. Robinson, and Mrs. Pien Renfro, Tahoka; Mrs. Alton Gardner, Lubbock, and A. R. Milliken, Tahoka. They also have 13 grandchildren.

Three More Dates In Floyd County Bookmobile Stops

The end of the year for the Texas State Library Bookmobile service in Floyd, Crosby, Dickens and Garza Counties nears. Three more stops at Floyd County designated bookmobile stations will be made, one on Jan. 25, one on Feb. 4 and the third and last on Feb. 25.

So advised Mary Jo Vines, librarian, in charge of the multi-county demonstration. On the Feb. 25 call of the bookmobile all books must be turned in, on the last round-up of books in the respective communities.

Miss Vines announces that a library workshop sponsored by the Texas State Library will be held Thursday, Jan. 20, at 7:30 p. m. in the high school auditorium in Halls. Guest speakers from the Austin office will be present.

The purpose of the workshop will be to explain a new program that is now available to help establish libraries in the counties new without library service.

FUNERAL OF HALE CENTER UNCLE HELD ON TUESDAY

Funeral for A. F. Fowler, 67, of Hale Center, was held Tuesday afternoon in Wood-Mitchell Funeral Home Chapel at Plainview. Fowler died Friday at his home following a two months illness. He was a half-brother to Charlie and Zeffa McLeland, of Dougherty community.

Other survivors include a son, Elvin of Hale Center; and four grandchildren. Fowler was a farm laborer and had lived in Hale Center only a short time, moving there from Sweetwater.

GRANDFATHER SUCCUMBS

Mr. and Mrs. Keith Stansell accompanied his parents, Mr. and Mrs. H. C. Burke of Lockney, to Halls last week where they attended funeral rites for Mrs. Burke's father and Mrs. Stansell's grandfather, Joe Butler Dudley. Others attending from Floydada were Mrs. H. D. Meredith and Mrs. H. B. Mankins.

Mrs. Glen Jarrett said this week that she talked by phone with her mother, Mrs. Luther Darrell at Port Aransas Saturday night, and received the news that Mr. Dorrell was doing well who was able to be up and about parents, spent from Wednesday most of the time. Mr. Dorrell suffered a slight heart seizure Mrs. Fowler's mother, Mrs. Sadie some weeks ago which required Yell, who has been ill with a heart several days of hospitalization.

Father Of Mrs. Grady Walker Dies At Mission

Mr. & Mrs. Grady Walker were called to Mission, Tex., and left Thursday noon, shortly after receiving the news that Mrs. Walker's elderly father A. S. Broyles, had suffered a stroke. He died shortly before their arrival.

Rites for Mr. Broyles were held at Mission Saturday. The Floydada couple are expected home sometime this week. Mr. Broyles is survived by his wife, a son, and several daughters, grandchildren and great grandchildren.

Belt Re-Elected On Water Board

J. R. Belt Jr. of Lockney, was re-elected a director of the High Plains Underground Water Conservation District Tuesday of last week. He ran unopposed to represent Precinct No. 5 (Floyd County) on the board. A total of 42 votes were cast, 12 at Lockney, 30 at Floydada. He will serve two years.

Chester Mitchell was chosen a member of the county committee over Forrest Mickey. His vote was 31 to 10 for Mickey. He was elected for a three-year term.

Home Accident Injures Father And Daughter

L. A. Marshall is suffering from a bruised shoulder this week and his daughter, Marie has a broken right leg as results of an accident which occurred in the family home Friday.

The two sustained their injuries when several sheets of sheet rock fell on them. At the time of the accident the home was being remodeled.

Mr. Marshall said the sheet rock was standing against an inside wall awaiting carpenters who planned to put it up that day. It was leaning crooked so Mr. Marshall said he attempted to straighten it so it wouldn't slide down. Just as he started to pull the back piece of sheet rock up and against the wall, the whole pile fell over, knocking him against a brick banister, but out from under the sheet rock.

At that precise moment, Marie came from inside a closet with her arms full of articles. The pile of sheet rock knocked her down and pinned her to the floor and against some two by fours.

Neighbor children heard the summons for help from Mr. and Mrs. Marshall, and their father, Mr. Gore, rushed to the anguished family's aid.

Marie was taken to Peoples Hospital for treatment of a broken leg just below the knee cap. It was placed in a cast and she is now home resting comfortably. Mr. Marshall's shoulder is dealing him quite a bit of pain although it was not broken.

Mr. Marshall said Tuesday, his remodeling was done, and everything was just about back to normal.

ADDITIONAL SURGERY SEEN FOR W. A. GILBREATH

W. A. Gilbreath, Lockney school bus driver, father of J. W. and Bill Gilbreath of Floydada, is back in the Plainview Hospital where he recently underwent a second major surgery. He was reported quite ill for a time, but is thought to be on the road to recovery.

Mr. Gilbreath is also suffering a great deal with his back. It is thought he may be able to return to his Lockney home in a few days. If he continues to improve a third operation is scheduled, depending on his condition, local relatives said.

Mr. and Mrs. Richard Gilbreath of Thordale, Texas, spent the week-end with his Floydada brothers and sick father at Lockney.

MRS. WELDON LINTON PRUITT (nee Juanita Jane Tye)

Tye-Pruitt Vows Taken On Sunday

Candles and green palm leaves entwined with blue mums, flanked by baskets of white glads and blue mums formed the archway for the wedding of Miss Juanita Jane Tye and Weldon Linton Pruitt, January 10.

Rev. Joe Wilson, great uncle of the bride performed the double ring ceremony in the chapel of the First Baptist Church in Floydada, Sunday afternoon.

Parents of the newlyweds are Mr. and Mrs. W. M. Tye and Mr. and Mrs. L. C. Pruitt of Floydada.

Wedding selections were played by Mrs. Bill Hardin, cousin of the bride, who also accompanied Miss Tommie Copeland as she sang, "Because" and "The Wedding Prayer".

Guests were ushered by Phil Wilson, cousin of the bride, and Joe Noland of Lockney. Miss Delcie Hogue of Lubbock, niece of the groom, was flower girl, and Dr. Ann Wilson and Jimmy Tye, were candle lighters. Groomsmen were Eugene Beedy, cousin of the bride, and Roy Jones of Slaton, cousin of the groom.

Bridal attendants were Miss Judy Wilson, cousin of the bride, maid of honor, Mrs. Fred Marble, South Plains, aunt of the bride, and Mrs. John Hogue of Lubbock, sister of the groom, were bridesmaids.

Lee Ham of Slaton, served his cousin as best man.

Given in marriage by her father, the bride was attired in a gown of white imported chantilly lace, nylon net over taffeta, fashioned with a high neckline and framed by a stand-up collar. The fitted bodice was caught to the front by tiny covered buttons, and was designed with long tapering sleeves ending in petal points at the hands. Terminating into a deep point at the center front waist line, the bodice was attached to a voluminous waltz-length skirt made of fully shirred lace. Scalloped edges at the bottom were emphasized by a crinoline underskirt.

The bride's veil of silk illusion,

Eastern Star Session Held Thursday Night

Floydada Order of Eastern Star in session Thursday night had all officers present except two, who were out of town to be with the Association meeting and musical members of their families. They program.

Invitations were read during the meeting for Friendship night at Lockney, February 1, at 6 o'clock for supper, and at Friona on February 8, supper at 6:30.

A discussion on the purchase of a new carpet for the Masonic Hall was held, and a committee was appointed to investigate and work with the Masons toward that goal. They were W. W. Trapp, Mrs. Doris Drysdale and Mrs. Flora McNeill.

As chairman of finance, Mrs. McNeill announced that funds for the carpet were coming in satisfactorily.

A new Rainbow Board was named. On the board will be Mr. and Mrs. Hal Hines, Mr. and Mrs. M. J. McNeill, Mary Helen Day, Ruth Trapp, Polly Edwards, Bob Collier and Tommy Assiter.

Reported on the sick and distressed list other than the two named above, are Grady Parker, Mrs. Annie Webb, and Mrs. Lita Green's father.

Plans are being made by the Order to entertain the Masons and their wives at a dinner scheduled for February 4th.

The installation to fill a vacancy of the station of Ruth, was held. Jeannie Carpenter was installed to replace Doris Blackabee.

Following the meeting a social hour was enjoyed in the dining hall.

Capacity Crowd Hears Program Of Andrews PTA

A capacity crowd filled the gymnasium at Andrews Ward School Wednesday night for a Parent-Teachers Association meeting and musical program.

The "family night" was attended by both mothers and fathers, and students of the school, who participated in the program.

Mrs. G. W. Switzer and Mrs. David Bailey Jr., were in charge of the evening's entertainment on Arts and Science. They introduced Claud Estes, who spoke on the solar system.

A group of youngsters of the second, third, fourth and fifth grades, sang western songs. Johnny Farris, dressed as a TV cowboy, presented several selections, accompanied at the piano by his mother, Mrs. Kinder Farris. Selections were also sung by Mr. and Mrs. Hollis Payne, who were in charge of the musical program.

The room count money was presented to the special education class of Andrews Ward to be used for the student's benefit.

"Must Action Be Seasonal" is the theme to be discussed at the February meeting on the 10th. Mrs. Ed Bowles will be program chairman at that time.

WORTH MORE BECAUSE THEY WORK MORE

Chevy's new torsion springs and Sturdi-Bilt design are changing everybody's ideas about how much work a truck can do. Last year's schedules are out—Chevrolet trucks ride faster over the rough runs to get in more trips a day! Big repair bills are no longer a problem—Chevrolet trucks soak up punishment that means downtime to other makes! And trade-in time's put off for extra thousands of miles—'60 Chevrolet trucks stay new like never before!

New Dollar-Saving Prices
Step-Vans, 4-Wheel Drives, many light-duty models with automatic transmissions—all are lower priced. Prices have also been reduced on all optional V8's.

New Torsion-Spring Suspension
Eliminates I-beam shimmy and wheel fight! With torsion springs up front there's a brand-new, smoother, easier handling feel behind the wheel. New rear suspensions include wide-based coil springs in most light-duty models; tougher variable-rate leaf springs in medium- and heavy-duty models.

Electronically Balanced Wheels
Front wheels and tires are balanced at the factory. Helps make that new ride revolutionary!

New Cabs—Wider, Safer, More Comfortable
Many models are a whole 7 inches lower (without sacrificing road clearance), so it's easier to hop in and out of cabs. Still there's more space inside: more room for hats and hips, more foot room with suspended pedals. Cabs are safer, too; new build makes them 67% more rigid.

Plus Improvements All Through the Line
A new steering linkage system that cuts vibration, means better control. There's new V8 efficiency. Sixes long famous for saving. New key-turn starting. Higher, wider visibility. Talk to your Chevrolet dealer about the world's most advanced trucks.

EDITORIAL VIEWS AND COMMENT

Poll Tax Paying Time. For the primaries, for the conventions and for the general election this fall, the time to qualify is now, in the month of January. Every otherwise qualified person who votes must have a poll tax receipt, or an exemption establishing the fact that he is an "over" or an "under." Concern in the affairs of the government is important, and compared with the manner in which most people throw their money around the poll tax is a minor expense. The payment of the poll tax is important to the school funds and to the support of the other functions of the state. Also without a poll tax the citizen has no voice in the choice of servants of the people nor of the affairs of his party.

Vaccine For Tuberculosis. Huge sums of taxpayers' money—three quarters of a billion—are spent annually in the battle against tuberculosis, and will continue to be until such time as a vaccine or drug is found that will protect from the disease. This huge sum does not include the lost earnings or taxes on these earnings which a victim would be adding to the economy were he a healthy producer. The research continues but more quietly than the research for the diseases which strike more dramatically.

Operation Deer Hide. Perhaps it may be too late for this season to mention it, but deer hunters of this part of Texas may want to join in a plan for next year to provide deer hides to patients in mental hospitals and special schools for handicrafting. The way it works the hunters leave deer hides at lockers subject to the call of the state Game & Fish Commission. The hides go to a taxidermist where they are processed, then to a tannery. They are hauled by truck lines. The entire operation is on a charge free basis.

Quail Season Over. As mentioned before, the hunting season this year has been fabulous. Deer, quail, doves, even antelope. Duck hunters did not have as much luck in this section because of the lack of dryland lakes in season. Early there was quite a bit of water in the lakes and many ducks hatched here, but they departed in large numbers. On the other hand the quail crop even after the season closed Saturday was still heavy.

Playa Not Popular. On the plains we say "lakes" instead of "playas" because we like to think of the lakes as a source of water for many uses in a country that we admit could use more water than it has on the surface. Back east they call our lakes playas. Also it should be said perhaps that the dictionaries and encyclopedias mention playas when they mean our kind of lakes. The definition? Webster says a playa is the flat-floored bottom of an undrained desert basin. A-a-a-ugh!

Accent On Homes. Floydada people who have allowed their residence property to go to pot, will be influenced to fix up their houses to match the new look due in the residence sections when more than a hundred blocks of new paving becomes a reality. Run down property is a detriment to a town. Floydada, for instance, needs people, more people. With the farm program driving more and more home owners from the rural areas any town on the plains to stay in competition must ready their community to compete under changing conditions. Many a couple has looked Floydada over in the past two years and decided against casting their lot here with their families. This is a bald statement of fact. Property owners have a right to do as they wish with their property. But if their wishes are against making the property their own attractive enough to induce people to live in the town it takes a bite out of the pocket-book.

Automobile Liability Insurance. The Texas Safe Drivers Insurance Plan is the plan which the state board came up with in response to a directive of the legislature. It, or some variation of the plan that has been adopted, is a requirement. The board has a bear by the tail, but the regulations set up were adopted after a considerable bit of investigation. Any rules they adopt are sure to create wide-spread dissatisfaction. We are inclined to go along with the idea that a competitive rate system is the one that should be adopted. It would quickly separate the good and the bad risks. The logic may be bad but the argument sounds good to us: "Bring the benefits of healthy competition to insurance buyers."

Four Grain Meshes. There is such a thing, or has been such a thing, as wheat produced in Floyd County with four grains to the mesh. We wonder if the unusually favorable condition out in the wheat fields this January is putting enough push into the little wheat stools to do the same this year. Apparently a wheat man could not be happier over a prospect such as we have at the moment. Plenty of moisture and enough cold to drive the root system deep into the earth, while the topside growth rests up for the big push due to begin in April.

Burros \$80 A Head. Where are those burros that once upon a time graced the plains of Texas and sold for \$2.50 to \$5 a head, or could be had just for the claiming? We need to know. Chance for a big profit. The burro market is up. A burro at the right market place now brings \$80. We want somebody else to have the burro but we'd like to have a few to offer at that big a price spread.

Floyd County 14 Years Ago

(from the Hesperian of Jan. 21, 1946)

Mr. and Mrs. Clement B. McDonald, in company with Mr. and Mrs. C. A. Tatum of Lubbock, returned Monday from Hooker, Okla., where they attended the funeral of L. W. Tatum, pioneer resident of that region. He was a brother of Mr. Tatum and an uncle of Mrs. McDonald.

Mrs. Earl Switzer and Mrs. Bill Switzer both received word last week that Sgt. Earl and Sgt. Bill, landed in the United States within three days of each other. The brothers have not seen each other for 20 months. Both are expected home within the next few days with discharges.

Sgt. Edmond A. Williams, son of Mr. and Mrs. L. A. Williams, is on his way to the United States from Hawaii. Sgt. Williams has been in the Army Air Corps for three years and three months, and has been overseas since September.

Mr. and Mrs. Leonard Matsler went to Littlefield on Monday where they attended funeral rites for Mrs. Matsler's brother, William Graham Moore, 23, who was killed almost instantly by a car on the Lubbock-Slaton highway between 12:30 and 1 o'clock Sunday morning.

Safflower Yield Was Over-Stated

Last August or early September The Hesperian carried a report on safflower production from the field of Fred Fortenberry, who had an experiment planting near South Plains.

The report over-stated the production figures, through error. Mr. Fortenberry called attention to the erroneous report at the time.

In view of the fact that other experiments with the crop in this county may be in prospect for the spring, Fortenberry's experience may be taken as a criterion. The fact that there were unfavorable weather conditions may have affected the yield and caused some disappointment.

But, whereas we indicated the yield per acre at 1,700 pounds, the actual yield was about 375 pounds per acre. Gross income, he said, was about \$17 per acre.

Mr. and Mrs. Phil Steen and their daughters, Becky and Phyllis, of Midwest City, Okla., were week-end guests in the home of Mr. Steen's parents, Mr. and Mrs. Homer Steen.

Widow Of Pioneer Physician Observes Ninetieth Birthday

Mrs. Bill Nichols was in Plainview last week on Tuesday when she attended the birthday celebration of her 90 year old grandmother, Mrs. E. F. McClendon, known to her friends as Mrs. Mac.
The Floydada woman is the daughter of Mrs. McClendon's only son, Edgar, also of Plainview. An only daughter, Martha, died in 1933.
Mrs. McClendon, widow of one of the area's earliest doctors, enjoyed cake and coffee with numerous friends who called at the Plainview home.
Born January 12, 1870, at Moscow, Tex., Mrs. McClendon was married to the late doctor on Apr. 27, 1896. They made their home at Trinity, Tex., for awhile where she remained while he served in the Spanish-American war.

Dougherty News

By Mrs. W. J. Ross
DOUGHERTY, Jan. 18 — Our area was treated to a variety of weather during the past week, sunshine, rain, severe wind, mild temperatures and culminating in a two inch fall of snow Saturday night with the temperature dropping rather low Sunday night and early Monday morning.
A number of local farmers have taken advantage of the wet weather to enjoy some hunting. Virgil Scott accompanied his brother-in-law to the 6666 ranch near Guthrie Saturday on a hunting trip. Mac Ward and R. C. Drennan enjoyed a coon hunt in the vicinity of Jacksboro Monday and Tuesday. Mrs. Ward accompanied them to Olney, where she visited in the home of Mr. and Mrs. Ray Musgrave.
Despite the inclement weather and bad road conditions thirty-eight were present for Sunday School Jan. 17.
F. M. Covington and relatives of this area were notified Sunday, Jan. 17 of the death of their paternal aunt, Mrs. Susie White of Auburn, Ky. Mrs. White was ninety-six years of age and was the last surviving family member of her generation. Because of the inclement weather and distance, the local relatives were unable to attend the final rites.
Jacque Crawford is making a satisfactory recovery from recent surgery and is expected to return to school early this week.
Mrs. I. S. Litch is reported to be convalescing satisfactorily. She has had a number of visitors, among them were her daughter Mozelle and family.
Mr. and Mrs. Ed Wester and sons of Floydada visited her parents, Mr. and Mrs. H. N. Powell Sunday afternoon.
Mrs. Robert Ward and Randy were overnight guests of her parents, Mr. and Mrs. R. C. Bullock Friday.
Ray Tinney and Robert Ward visited relatives at Prague, Okla. Friday and Saturday.
Homer Bean of Mineral Wells visited in the homes of his sisters, Mrs. C. A. Cuffee and Mrs. W. S. Poole Friday.

Mr. and Mrs. Tom Boyd of Amrillo visited briefly with Mr. and Mrs. W. S. Poole and Mr. and Mrs. Ned Bradley Wednesday. They were enroute to Houston to visit their sons, who are engaged in business there.
Mrs. Gus Hammonds visited in the home of her father in Vernon over the week-end. Her sister, Cora, was also present.
The Gamma Rho chapter of Alpha Chi Omega made a formal presentation of pledges Jan. 9, in the ballroom of Texas Tech Student Union Building. Edwina Overstreet was presented by her father, R. W. Overstreet.
Edwina's dress was of ivory satin with ivory accessories. She carried a long stemmed red rose. The Bookmobile arrived a week late for its January visit to Dougherty. A number of youngsters were seen checking out as many as six to eight books. Evidently Johnny can and does read.
Mrs. Sam Lide was hostess to a Tupperware party Friday with Mrs. Estelle Jones as sales demonstrator. There were five guests present.
New Book
Recently Mrs. W. S. Poole presented a number of friends with a newly published book, which was written by one of her ex-school teachers. The book entitled "MY Life Story From Plow Handle to Pulpit" by J. N. Hunt is dedicated to his wife, Nora (now deceased) and their three children, Herschel, Lois and Truett. It is printed by Evangelical Publishing House, 5142 West Commerce St., San Antonio, 7, Texas.
To fully appreciate this narrative a person should have grown up in small rural schools and half-time churches.

small children and preserving the family home.
He tells at some length of his romance and marriage to a country school teacher, who encouraged and inspired him to continue his struggle for an education. A life to devote his life to preaching as he felt he was called to be a minister of the gospel.
He relates with some detail, his experiences, while teaching in a country school and pastoring two half-time churches. Later he was principal of Barleson High School; he received his degree from Baylor University; was professor of Latin and Greek at Decatur College. Through the years he pastored many large up-to-date churches and held positions of responsibility and honor. His experiences are sometimes amusing, often pathetic, but one closes the book with feeling his life exemplifies one of his oft repeated phrases, "Faith is the Victory that Overcomes the World."
Mr. Hunt is well known in our community as he was a guest speaker in a revival at the Dougherty Baptist Church in 1955 and has often visited his friends and ex-pupils in this area. He remembers Mrs. C. R. Woodson as a young child and has been a life long friend of the Woodson family.

Among his former pupils are Mr. and Mrs. W. S. Poole, Mr. and Mrs. J. T. Poole and Mr. and Mrs. C. A. Cuffee.
Although he is now retired and lives in San Antonio he devotes his time and ability to many worthwhile activities. Verily, it can be said of him, he has fought a good fight and has kept the faith.
Chili Supper
The Dougherty Community Club is sponsoring a Chili supper at the school house Friday evening, Jan. 22. They plan to begin serving at 6:30 and continue until 8:00 o'clock. Prices are to be twenty-five cents and fifty cents.
Everyone is cordially invited to attend.
Following supper entertainment will be "42" for adults and supervised games for children.
Mr. and Mrs. Richard Ward were guests of her sister in Amrillo for two days last week.

BIBLE BAPTIST CHURCH

Why so Many Religious Bodies, Yet Few Will be Saved?
"We are all traveling different ways but we are all headed for the same place."
This is a common expression used by many referring to the different churches. We don't know where this saying came from, but it certainly did not come from the Bible.
The Word of God teaches there will be ONLY A FEW PEOPLE SAVED (Matt. 7:13, 14; Matt. 22:14; Luke 13:23, 24; compare Gen. 7:1, 23 with Matt. 24:37, 39). Yes, ONLY A FEW will be saved, but the question is, why? The Lord said that many would seek to enter in, AND SHALL NOT BE ABLE (Luke 13:24).
The greatest and probably the main reason people will fail to enter into Heaven is because they are being deceived by false teachers. (2 Cor. 11:13, 15; 2 Pet. chapter 2; 1 Tim. 4:1, 2 also Matt. 23). Study very carefully Matthew 7:15, 29 and it will show that these false teachers and their converts really believe that they are right. (Matt. 7:15, 23).
That is why Jesus warns them (Matt. 7:13, 14; Luke 13:23, 24) to beware of these false prophets which would come to you in sheep's clothing in other words PARADING UNDER SOME RELIGIOUS NAME OR ORGANIZATION (Matt. 7:15; Rom. 2:28, 29). Because of their FALSE TEACHINGS their converts (not the Lord's) will hear the fearful words, "Depart from me" (Matt. 7:21, 23).
These were never saved as some teach. Jesus did not say I knew you once, but you lost your salvation, but He said I NEVER knew you. (Matt. 7:23). They that build upon man-made organizations are building upon the sand. (Matt. 7:26, 27) which will fall. (Matt. 7:23; Prov. 14:12). But ONLY those that were built upon the ROCK, Christ Jesus (1 Cor. 10:4; Matt. 16:18) shall stand in the Judgment.
The Bible teaches only ONE BODY (Eph. 4:4) which means ONE CHURCH (Eph. 1:22, 23). This ONE CHURCH has ONLY ONE FAITH (Eph. 4:4) yet there are 1505 different faiths, as some refer to different churches, because they all believe differently concerning Salvation, the Church, etc. WHY?
Most ALL churches claim to be led by the Holy Spirit into all TRUTHS according to John 16:13 and others, but yet ALL these 1505 different religious bodies called churches are teaching differently. Could the Holy Spirit make such a MISTAKE? We believe not.
If all these different churches were led by the Holy Spirit then ALL would teach the same doctrines. The reason they ALL teach differently is because man was led to organize them, NOT GOD. (2 Cor. 11:13, 15).
The reason that so FEW WILL BE SAVED is because of the false teachings of these different religious bodies. A person can not be saved under false teaching. (2 Pet. 2:1, 2 John 9:11) You must have the ONE and ONLY TRUE FAITH (Eph. 4:5; Jude 3) and it is impossible to please God without faith (Heb. 11:6) and this true FAITH comes by hearing the TRUE WORD. (Rom. 10:17; Eph. 1:13).
Therefore it is impossible for a person to be saved under the preaching and teaching of those false apostles. (2 Cor. 11:13, 15; Jude 3; Jude 8:19) They twist the Scriptures under their own destruction. (2 Pet. 3:16) It is impossible for a church or even an individual person to teach the truth without being led by the Holy Spirit. (John 16:13).
A person or a Church WITHOUT the Holy Spirit (Rom. 8:9) can neither UNDERSTAND OR TEACH THE SPIRITUAL TRUTHS of God's Word. (1 Cor. 2:13, 14) THE TRUTH OF THE GOSPEL is hid from the false teachers. (2 Cor. 4:3, 4) They preach a Gospel which is not THE GOSPEL. (Gal. 1:6, 9) They are blind to the TRUTHS OF GOD'S WORD. (Eph. 2:18) They are SENSUAL (Fleshly) having not the Spirit. (John 8:9) So without the Spirit they are not even saved. (Rom. 8:9) Only the Saved have the Spirit sealed in their hearts. (2 Cor. 1:21, 22; Eph. 1:13, 14)
So these false teachers have not the Spirit to guide them into ALL TRUTHS. (John 16:13); Rom. 8:14) Therefore, they are of THE FLESH and not the Spirit so it is impossible for the lost man (those after the flesh) to PLEASE GOD. (Study carefully Rom. 8:5, 13) These blind leaders and their followers shall both end up in perdition. (Matt. 15:14; Luke 6:39) Therefore you can plainly see that ONLY A FEW WILL BE SAVED, BECAUSE OF THE MANY FALSE RELIGIOUS BODIES.
LAST 3 SUNDAYS RESULTS: 8 conversions, and 3 additions from another Church.
NEXT SUNDAY'S MESSAGES: "Will One Sin, Send A Person To Hell? Also "One Day Is As A Thousand Years"
COME VISIT AN OLD TIME MISSIONARY BAPTIST CHURCH
Sunday Morning Bible Study: 9:45
Sunday Morning Preaching: 10:45
Sunday night and Mid-Week: 7:30
