BE REALLY REFRESHED AROUND THE CLOCK!

Serve this Seafood Barbecue with ice-cold King Size Coca-Cola for dinner. Broil frozen rock lobster tails on a hibachi or table grill until browned. Make a tangy oriental butter sauce by adding a few drops of liquid pepper to melted butter. Serve lobster tails with butter sauce, slice of lime, heated crinkle-cut frozen French fries and lettuce and tomato.

TRY THESE TEMPTING TREATS WITH BIG KING SIZE COKE

At lunch, serve this "Penny-Checkers" Chef's Salad with ice-cold King Size Coca-Cola. Use strips of luncheon meat, bologna, salami, sliced yellow cheese. Garnish with tomato and hard-boiled egg, serve with greens and French dressing.

Only Coca-Cola gives you that cheerful lift... that cold crisp taste that brightens every bite... that makes any pause "The Pause That Refreshes"

adults by the certified by TEA's civil defense staff.
Seven new teacher training workshops are scheduled within the next few weeks. The goal is to have civil defense classes in or near every Texas community.
Course material ranges from study of the effects of a nuclear attack to probable capabilities of hostile powers to step-by-step instructions for personal survival preparedness.
Persons interested in having the course in their communities may contact their local school superintendent or write Civil Defense Education Director, Texas Education Agency, Austin.
NO SESSION BEFORE PRIMARY—Gov. Price Daniel said he will not call a special legislative session to raise teacher pay before May 7—the first primary date.
Conferences with lawmakers have convinced him, said the governor, that there is no hope of a successful session during the coming eight weeks.
However, the governor said he may call a session after the May 7 primary or submit the school improvement program as an emergency measure at the 1961 regular session. If he waits until 1961, Daniel said he would recommend an increased program to make up for money lost by delay.
Many observers have noted that a special session after the first primary election would pose many problems. As much as 2

to 30 per cent of the House could be made up of "lame ducks" — persons retiring from office or defeated at the polls. Incumbent legislators with run-off races would not want to leave their home districts to come to Austin.
Teachers would prefer to have the matter submitted at a special session. Regular session rules require that the budget be provided for before new spending can be considered. Last year approval of the budget was just about the last thing before adjournment.

ACCIDENT STUDY—A new study indicates that motor vehicles and heart attacks or similar difficulties were involved in more than half of Texas' fatal industrial accidents in the last fiscal year.
Industrial Accident Board reported on an analysis of 23,000 accident claims. In the group studied, it found that fatal accidents were most often connected with motor vehicles, 23 per cent; heart disease, 26 per cent; slips and falls, 10 per cent; striking or being struck by an object, 7 per cent.
Altogether, in the last fiscal year, the Board processed claims resulting from 195,000 non-fatal accidents and 497 deaths.
Annual cost of industrial accidents is estimated at \$500,000,000 a year. Board plans to make an accident analysis every year to gain information for planning improvement programs.

UTILITY PAYMENTS AVAILABLE—Cities and private utility companies can now get reimbursement for money spent moving utility lines to make way for new interstate highways.
State Highway Commission said it is now ready to begin making payments under a law that was held constitutional by the State Supreme Court earlier this year.
Cost of the utility moving, as well as construction costs for the interstate system, comes 90 per cent from federal funds, 10 per cent from state funds.
BRIDGE PATHS CONTESTED—Whether a person owning grazing rights in a state park area can bar the public from riding horseback in that area is at issue before the Supreme Court.
High court is to hear arguments March 30 stemming from a dispute over use of the Davis Mountains State Park.
Trial court upheld the right of the grazing lease holders to lock out horseback riders while the lease is in effect. Court of Civil Appeals held that riders should be kept out at least nine months of the year.
State contends that if a public park is locked, it is no longer any good as a public park and that any lease is predicated on this assumption.
BOMB LAW ATTACKED—A law prohibiting possession of a bomb or conspiracy to bring about a

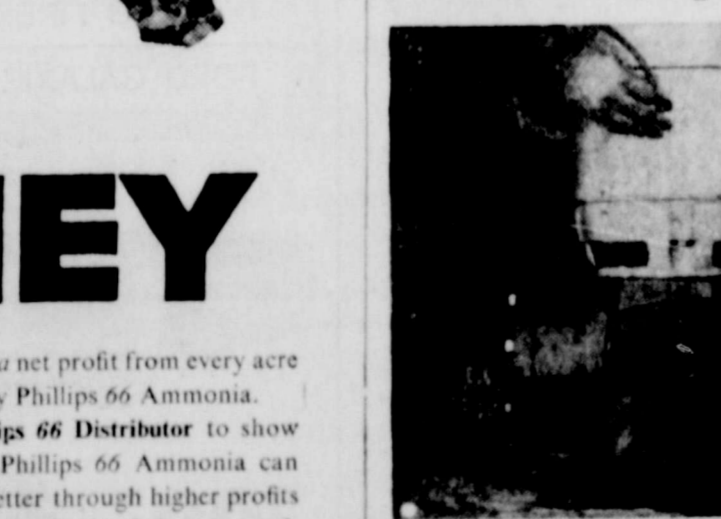

bombing is under attack in a case before the Court of Criminal Appeals.
Defendant in the case is accused of having masterminded a bombing of the premises of a non-striking employe of a Dallas industrial plant during a union walk-out. Two persons who were convicted of having thrown the bomb in the victim's driveway said they were carrying out the defendant's instructions.
Attorney for the defendant called "dangerous" a law that makes it a felony to possess items from which a bomb could be made.
CRIME TOLL MOUNTS—An average day in Texas sees 3 murders, 3 rapes, 7 robberies, 32 aggravated assaults, 43 automobiles stolen, 266 thefts other than automobiles and 125 burglaries.
This is the end result of a crime increase that in the past ten years has brought a 73.2 jump in crime while the population increased only 24.4 per cent.
Department of Public Safety announced that in all categories, crime in 1959 was up 3.9 per cent from the previous year. Largest gain was in aggravated assault — up 22 per cent. Only robbery showed a decline.

Miss Roggendorff Gives HD Program At Dougherty Club
Mrs. G. W. Smith, president, presided at the meeting of the Dougherty Home Demonstration Club in the home of Mrs. Ned Bradley at 2 p. m. Wednesday, March 2.
The devotional from Proverbs 31:22 was read by the hostess. Roll call was answered with "A Fashion Note." Mrs. Smith conducted the business meeting in which the club plans for the year were discussed.
Miss Phyllis Roggendorff presented the program for the afternoon with "Good Grooming" as her topic for discussion. She reminded all present that most people do not have a perfect figure, therefore we must proportion our clothes to create an illusion. With care as to lines, colors and materials one can draw attention to the better balanced parts of the figure, thereby drawing it away from the less attractive. She also impressed upon us the importance of well balanced accessories. One can easily overdress, therefore simplicity is the keynote to good grooming.
Games were directed by Miss Roggendorff and Mrs. L. H. Blum. Prizes went to Mrs. Smith and Mrs. Raymond Jones. The door prize was awarded Mrs. Gus Hammonds.
Refreshments were served to Mrs. Smith, Blum, Russell Crawford, Raymond Jones, Miss Roggendorff and the hostess, Mrs. Ned Bradley.
The next meeting will be held in the home of Mrs. H. H. Hines, March 16.

Reviews Floydada Garden Club History

Organization Quite Active For 24 Years

(Note — In the observance of National Garden Club week, we present this brief history of the Floydada Garden Club from 1936 to 1960.)

The late Mrs. W. L. Cannaday called a meeting of several Floydada ladies, who were interested in home and civic beautification, to meet with her in the County court room of the court house on April 10, 1936, for the purpose of organizing a Garden Club in Floydada.

Some fifteen ladies responded to the call, and the organization of the Garden Club was perfected, with Mrs. Cannaday, acting as presiding officer, and the following ladies were elected to fill the places:

Mrs. G. V. Smith, president; Mrs. Cannaday, first vice president; Mrs. B. K. Barker, second vice president; Mrs. A. N. Bratton, third vice president.

Named secretary and reporter was Mrs. E. L. Angus; treasurer, Mrs. A. J. Folly; and Mrs. Fred Brown corresponding secretary.

The first meeting of the new club was held in the home of Mrs. Angus on April 23, with the county agent, D. F. Bredhauer, demonstrating the correct method of pruning roses and also showing the correct method of budding roses. During the business session the club voted to meet each first Friday morning of the month in the homes of members.

The president, Mrs. Smith, appointed several committees and the second meeting of the club was to be held in the home of Mrs. B. K. Barker.

At the second meeting of the club, the constitution and by-laws of the club were formed.

At the fourth meeting of the club, held in the home of Mrs. A. N. Bratton, a slogan for the

Ernest S. Marsh of Chicago, (seated) president of Santa Fe Railway, observes National 4-H Club Week, March 5-12, by increasing the railroad's college scholarships from \$350 to \$400. Each year 25 outstanding 4-H boys and girls residing in nine states served by Santa Fe are awarded college scholarships for leadership. Program also includes 66 achievement awards annually, making it possible for young 4-H'ers to attend Club Congress in Chicago. For more than 37 years the railroad has supported 4-H work under supervision of the Cooperative Extension Service.

Checking the new scholarship certificate with Marsh is Norman Mindrum of Chicago, director of National Committee on Boys and Girls Club Work.

A new club was presented by the late Mrs. A. P. McKinnon and has been the same since that time. The slogan is "We Strive to Beautify".

Also at this meeting, the red rose was named the club flower. A flower show for the fall was discussed and Mrs. B. K. Barker was named chairman of the flower show committee.

A limit of thirty-five members was also voted by the club at a meeting.

The first flower show the Garden Club sponsored was in the First Baptist Church in October, which was held in the Barker building, and was a success, along with the parade with the members participating.

Down through the years, the Floydada Garden Club has held many shows, both public and home flower shows, but none of the many beautiful shows, was put on with as much enthusiasm and pride as was that first show in October of 1936.

The show was well received by the public and since that time, the club has had one or two shows during each year.

Since its organization, the club has sponsored and assisted in many worth while projects, and has assisted in all civic activities, sponsored by other civic organizations in the city.

The Garden Club has had two state accredited flower shows judged. They are Mrs. John Hoffman and Mrs. Guy Ginn, a former member. Shows have been judged at Lockney, Matador, Tri-State fair at Lubbock and in Plainview. Also the local club assisted the Lockney and Ralls ladies in the organization of their respective clubs.

At one time, the Garden Club had members who represented three generations. They were the late Mrs. E. C. Henry and her daughter, Mrs. G. V. Smith and her daughter, Mrs. Guy Ginn.

When the Floyd County Public Library was opened in the Court House in 1953 the Garden Club members assisted in the drive for the library and furnished floral arrangements for the open house on the opening day.

The Garden Club has been a federated club since 1957 and has participated in all State Federation requirements, through the years.

Six of the charter members of the Floydada Garden Club have answered their last roll call. They were Mesdames Lon M. Davis, Sr., W. L. Cannaday, A. P. McKinnon, E. C. Henry, L. J. Wetborn and Mrs. E. L. Norman.

There are three charter members of the club now, one honorary, Mrs. B. K. Barker, and two active, Mrs. G. V. Smith and Mrs. E. L. Angus.

The Floydada Garden Club since its organization, has accomplished many projects of plantings, such as shrubs, trees, bulbs, annuals, perennials for the beautification of the city and community.

Projects have been made possible by programs of education in garden skills, landscaping, conservation, and horticulture.

The homes of the community have been made more beautiful with flower arranging classes given to the public by members of the Floydada Garden Club.

The club has had thirteen presidents since 1936. The president now serving is Mrs. A. V. Stewart.

The club has thirty active members, at this time.

W. C. Colston Funeral Held On Sunday

Funeral services were conducted Sunday afternoon in the First Methodist Church for William Chester Colston, 74, who died at his home on South Wall Street about noon Saturday. He had been in ill health for some ten days.

Rev. DeWitt Seago, pastor of the church, officiated at rites. Interment was in Floydada cemetery under the arrangement of Harmon Funeral Home.

pallbearers were Claude Price, O. M. McReynolds, J. M. Daniel, Tom Daniel, Jess Patterson and Carl Gordan.

Mr. Colston had been a resident of Floyd County for over 40 years and was a retired farmer. His wife died in 1935 and one son, W. A. Colston, also preceded him in death. The deceased was born in Alvarado, Tex., Aug. 3, 1885 and was a member of the Methodist Church.

Survivors include one daughter, Mrs. B. V. Carver, Floydada; three brothers, J. F. Colston, Floydada, John and B. A. Colston of Electra; also six grandchildren and five great grandchildren.

Blaze Catching From Drapery Damages House

Floydada volunteer firemen were called out about 7:30 Friday night to fight a blaze in the home of Mr. and Mrs. John Green on East Tennessee Street. Green on East Tennessee Street. The master bedroom in the home was gutted and Mrs. Green's bedroom heavily damaged as well as clothing and items in bedroom closets.

The fire started when drapes hung in a dividing area in gas rooms were pushed against a gas heater. Mrs. Green had lit the stove unknowingly to her husband. When he went into the bedroom to turn on his electric blanket he pushed the drapes away from the opening and too close to the heater.

Moments later the couple smelled smoke and found the bedroom ablaze. A son-in-law Bob Reeves, who resides on the corner opposite the Green home, and Ed Owens, just across the street, went to the couple's aid, and helped fight the blaze until firemen arrived.

Mr. Green sustained small burns about his face and hands fighting the fire, but did not seek medical attention. Considerable smoke damage was done to other portions of the home, it was reported.

Idalou Funeral Conducted For Mrs. Franklin

Funeral rites were held Saturday afternoon in Idalou for Mrs. J. S. Franklin, 77, of Lubbock, who died there Tuesday in West Texas Hospital.

Services were conducted in the First Baptist church on the arrival of a daughter from Honolulu. Mrs. Franklin is the mother of J. D. Franklin of the Harmony community, who formerly resided six miles west of Floydada. She is also the mother of J. E. Franklin of Abernathy, land owner in Floyd County.

Other survivors include her husband and sons R. B. Franklin of Girvin, R. E. Franklin of Plainview, W. T. and S. M. Franklin of Lubbock, and three daughters: Mrs. R. G. Alexander of Honolulu, Mrs. H. E. Sorrells of Petersburg and Mrs. J. C. Norwood of Deming, N. Mex. Also one brother, 18 grandchildren and three great grandchildren.

Mrs. Franklin is a former resident of Idalou and before that she and her family resided at Center will have their regular Colorado City. She had been in ill health some 15 years prior to death.

Heart Attack Is Fatal To F. S. Lewis Saturday

Forrest S. Lewis, 34 year old brother of Mrs. C. C. Whittle of Floydada, was stricken with a sudden heart attack at Lovington, N. M., Saturday night and died shortly after being taken to a hospital there.

Rites for the former Ralls resident were held in the First Baptist Church at Ralls Tuesday afternoon. Burial was in Ralls Cemetery under the direction of Carter Funeral Home.

Local relatives said Mr. Lewis and his wife were antique furniture collectors and were at an auction sale in Lovington when Mr. Lewis was stricken. He had been an employe of the Humble Petroleum Co. for several years and had resided at Ralls until 1949. He was also a veteran of World War II serving with the Army.

Survivors include his wife, one son and a daughter, all of the Lovington home; two sisters, Mrs. Whittle of Floydada and Mrs. James Chote of Ralls, his parents, Mr. and Mrs. Bedford Lewis and a grandfather at Ralls.

Sandhill News

By Mrs. James Jeffress

SAND HILL, March 7 — The bad weather continues this week with everyone getting more restless and anxious to get into the fields, in order to get the land ready for planting. When the warm weather gets here we will all probably remember these nice cold days but a change would be nice now.

Mrs. William Mayo has returned home from Lockney General Hospital after spending the past two weeks there following major surgery. She still isn't feeling very well but is happy to be back home with her family.

Mrs. Luna Butler has been staying in the home of her brother, Mr. and Mrs. W. R. Billington this week, keeping Mrs. Billington company since her siege in the hospital. Her condition at this time is much improved.

The two ladies spent Tuesday in Plainview visiting in the home of Mrs. Billington's parents, Mr. and Mrs. Glenn.

The Sand Hill 4-H Club will meet Monday night, March 14, at 7:30 o'clock. The program will be on "Keeping Records" presented by Miss Jnyllis Roggendorf. The hostesses will be Tynetta Smith and Betty Miller.

Mr. and Mrs. Bill Stringer entertained the Intermediates with a skating party Saturday night in Plainview. Enjoying the skating were Cecil Jackson, Mary Starkey, Jimmy Huckabee, Norma Hollams, Darrel Overton and Mr. and Mrs. Stringer.

Brotherhood Banner Brought Back

The Brotherhood of the Sand Hill Baptist Church brought back the banner from the Associational meeting in Lockney last week. Everyone attending enjoyed a bountiful supper and program. Our brotherhood has already won two permanent banners and are working on this one. If the banner is won three times in a row, it is permanently kept by the respective Brotherhood.

Attending were Brother Frankie Rainey, James Jeffress, M. E.

oul German And French y Intrigues Soldier

Mr. and Mrs. O. from the French Border, and to Floydada, in the heart of The Black Forest, he says. "The country there, June 30, 1939, about is beautiful, trees, ferns, parents, telling of and moss, also flowers and wild country, and things blackberries growing everywhere there. Roadside are so fresh and many is 120 miles clean, no papers and trash pits-

ed out on them. "It was hay-making time, soon after we got here. Those wagons loaded with hay and drawn by big old beautiful horses, looked like a picture from a magazine. It looked odd to us to see people with pitch-forks, pitching hay on the wagons, and we noticed that most of the field work over here is done by women. "The houses are most all two-story buildings. The family lives in the upper story, and the stock are sheltered on the ground floor. There are few cars, but more horses and bicycles are used. They also have two wheel carts pulled by oxen, to haul lumber, etc. "The people over here are friendly, but they can't speak much English, and we can't speak much German, so you can imagine what a time we have making ourselves understood, when we go on passes to other towns. "Sits By The Window "We first went to Frankfurt, Germany. We went on a train, which meant, "Where is the about 140 miles. The scenery was beautiful. Grape Vineyards along the way, with clusters of purple grapes hanging almost to the ground. (We wished for the train to stop, but it didn't). When we arrived at the station, we

learned that we had to pay five "marks", which was \$1.25 American money, extra for sitting by the window, but it was worth it. "Frankfurt was really a big town, with gas street lights, and all. We had to watch our steps to keep from getting run-in-to. There were little lanes, that looked to us like sidewalks, but they were for bicycles and horses. "We had only learned a few things to order from the Menu in the German Restaurants, and we ate those until we were about to decide we must learn more words, but we found an American Restaurant, and did we eat fried chicken and hamburgers? "Later we went to Kaiserslautern, Germany. It was a real nice town, but to us, the streets were all mixed-up. After sight-seeing for a while, we realized we were lost from our Hotel, which was just down the street from the Train-Station. I had learned, in our German class to say, "Vo ist ain Bonhoff?" Which meant, "Where is the Train-Station?" So we stopped to ask a couple of guys, but they were Italian, and could speak neither German nor English. "Streets All Mixed UP "Later we went into a drug store to buy aspirin for our head-

aches. We couldn't see anything that looked like aspirin, in the medicine shelves, so we pointed to our heads, thinking the sales lady would understand what we needed. She looked at us and smiled, and brought us, "hair-oil". So we decided, we couldn't win for losing. "We enjoy visiting the big old beautiful church buildings over here. One was simply magnificent. We walked through it, admiring it's breath-taking beauty. When we were ready to leave we found that the door wouldn't open from the inside, so we thought we were in for keeps, but soon a lady came in from outside, and as she came in—we went out.

John V. Gross, 82, of Lockney, a half brother to Fred Gross of the Sandhill Community, died at a Dimmitt Hospital early Thursday morning shortly after being admitted. Mr. Gross had been making his home with a son in Dimmitt. Funeral rites for the Floyd County man were held Saturday afternoon in the First Methodist Church in Lockney, of which he was a member. Interment was in Lockney cemetery under the direction of Carter Funeral Home. Mr. Gross was a retired farmer and moved to this county in 1912 from Hill County. Survivors include his wife, Margie; two sons, Vernon of Lockney, and Oscar of Dimmitt; one daughter, Mrs. L. J. Griffith of Lockney, three half-brothers, Fred of Sand Hill community, Oliver of Plainview and Floyd of Madill, Okla., also a half-sister, Mrs. Henry Graham of Amarillo, several grand children and great-grandchildren.

Three Days In Paris
Billy told how he and some more G. I's spent a three day pass in Paris, France. How difficult it was to know how much money they had, after it had been changed into "franks" (French money). Billy wrote: "All that has been said about "Paris In The Springtime", is just as true "In The Winter". The balconies from our Hotel room, gave us a wonderful view of the city. "First we visited the Eiffel Tower, which is really a magnificent sight. I never thought, years ago, when I was studying about it in school, that I would be standing by it, seeing it's excited structure towering into the sky. It is located on the Seine river. It alone was worth the trip, just to see it. We went in an elevator, up to the second landing. We couldn't go to the top, because of ice and rain, which would make it to dangerous. "Next we went to the L'Arc de Triomphe, which is like our Grave of the Unknown Soldier, it was interesting and beautiful. "I received my first copy of The Hesperian, Dec. 10, 1939. It was dated Nov. 14, 1939, but it was NEWS to me. Keep them coming they tell me things about folks back home. That's what keeps us going.

Wake News
By Ann Barnett
WAKE, March 7 — Mr. and Mrs. Fred McDougale were Friday guests of Mr. and Mrs. DeWayne Brewer and Debrah. Mrs. R. C. Rathel visited Mr. and Mrs. Walter Rathel in Crosbyton while Saturday afternoon. Mr. and Mrs. Harold Fewell and family visited in Slaton with Mr. and Mrs. F. E. Fewell Thursday.

Maybe Not So Bad
"I have enjoyed and appreciated the nice long letters from my teachers and friends. If I do not get them answered, please forgive, and write again. The Army keeps us pretty busy. I have been away from the good old U. S. A. seven months, (seems like seven years), but I guess it isn't so bad. We go to work at 6:30 a. m. and get off at 4:30 p. m. Have Saturday evenings and Sundays off, plus good food, clothing and a nice warm place to sleep, besides a check each month. I miss being at home, but these three years will be over before long. "I'll be seeing you in 1961."

FLOYDADA SOLDIER GETS HEAVY WEAPONS TRAINING
FORT ORD, CALIF. (AHTNC) — Army Pvt. Joe L. Coleman, son of Mr. and Mrs. T. J. Coleman, Floydada, Tex., completed eight weeks of advanced individual heavy weapons training Feb. 27 at Fort Ord, Calif. Coleman entered the Army last October and completed basic combat training at Fort Ord. The 23-year-old soldier is a 1954 graduate of Northward High School.

CLAUD STUTTS HOME
Claud Stutts, of Floydada Refrigeration Service, 606 East Houston, returned last week from the veterans hospital at Waco. Stutts is carrying a slug in his back, a memento of D Day 2, and has had to visit the hospital once in awhile ever since he got out of the service. Mrs. Elmer Sellers has a seriously ill uncle in Houston, W. S. Cox, who had surgery again last week, the third operation within the year. He is still in critical condition.

Mr. and Mrs. Virgle Scott were Thursday dinner guests of Mr. and Mrs. Earnest Mayes. Randy Miller and Gregg Reddell are just getting over a case of mumps. Linda Reddell now has them. There might be a possibility of several other cases. The Bill Fewell family are moving to Lockney to make their home. Vivian will stay with her grandparents to finish this school term. Mr. and Mrs. Harold Hodges and daughters have moved to their new home in Crosbyton.

Yes any way you figure it . . . it just don't add up to the correct answer if you are denying yourself an electric clothes dryer and saying that it is an economy measure.

Just one siege of sickness that is a result of hanging frozen clothes on a frosty line can more than offset any "saving" you may claim by doing without this modern necessity.

Don't be penny wise and pound foolish. Let low cost electricity save you . . . save your clothes . . . and save you money.

See your favorite appliance dealer in Floydada today and see how easily the disagreeable job of hanging out clothes to dry can be done away with.

IT'S FINE WEATHER ... FOR DUCKS

BUT NOT SO GOOD FOR DRYING THE FAMILY WASH

Of course this is true only for those who must depend on drying their wash on an outdoor line.

Clothes drying in a modern automatic electric clothes dryer is duck soup for the lucky housewife who has this wonderful appliance.

Why not solve your drying problems and enjoy the winter moisture without having to worry about the backyard clothes lines and the disagreeable chore that goes with this outmoded method.

Give low cost electricity another task in your home . . . it's safe and dependable.
