MAGNOLIA SERVICE STATION NO. 1

Mrs. Fred Lambert, Agent

Station Hours: 7:30 a.m - 5:30 p.m.

Raise a car in a cotton field?

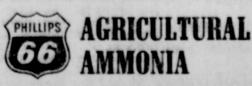

It's not fantastic! And here is why:

Only \$5.60 invested in Phillips 66 Ammonia returned an added net profit of \$54.32 per acre on cotton, after deducting the cost of ammonia. Just 75 acres of cotton like this means over \$4000 extra profit. You can buy a pretty good car for \$4000.

Ask your Phillips 66 Distributor to show you the ways this 82% nitrogen fertilizer can help you live better through higher profits per acre.

Using Phillips Ammonia \$75 \$75 Per Acre Ammonia Cost Per Acre \$5.60 Yield Per Acre 847 lbs. **Net Profit** \$102.24 \$156.56 Per Acre INCREASED PROFIT PER ACRE \$54.32 Cotton at 28¢ lb. Example only. Results vary according to soil fertility, available moisture and cultural practices

The Sign of Better Ammonia Service

We Deliver

If we made Gladiola Flow for Minneapolis, Kans...

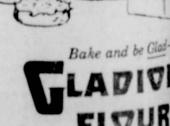

the quality wouldn't matter so much

... but we make it for you

All our customers live in Texas, or right next door. They're amazingly particular about flour. They have to be-to keep their reputation as the best home bakers in America.

These ladies buy far more Gladiola Flour than any other brand. They're loyal to us because we're loyal to them. For 47 years, nothing but the finest flour has ever seen the inside of a Gladiola bag.

Just as sure as there's a Minneapolis in Kansas, Gladiola quality is your best bargain in flour. Remember - snow-white Gladiola costs the average family only about 1/2¢ a day more than the cheapest flour made.

The best-selling flow

COTTON GROWERS

OF THE FLOYD COUNTY AREA

WE GROW IT! - - -

WE'LL WEAR IT!

May 16 through 22 is National Cotton Week. It is time to think of more uses for cotton and means of producing it more efficiently while taking care of the productivity of our land.

There are many wonderful materials being made of cotton today, beautiful beyond the imagination of the housewives of twenty years ago. Since cotton is so important in our economy it might be well for us to keep in

mind the cool comfort and stylish charms of the modern cotton fabrics.

When we are told of the hot, dry, synthetics, why not remember how cool and comfortable cotton is - whether it be a clean cotton dress, shirt, blouse, or cotton under garments. After all cotton is what we produce: It is an indespensible raw product. Let us support it with our purchasing power: for that is one way of keeping the price at a higher level!

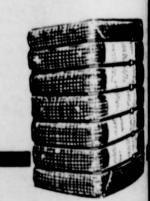

Back the Cotton Growers of Our Area

ASK FOR SMART, COOL, COMFORTABLE COTTON WHEN YOU GO TO THE STORE - It's The Best

Why Install a Gas Light?

If you are a home owner who takes justifiable pride in the appearance of his property . . . if you have a regard for the convenience and safety of folks who come to see you ... and if you have a keen sense of economy as well as for things functional ... then a Gas Light will be a satisfying addition to your yard.

Neighbors welcome its glareless illumination ... insects give its soft, mellow glow a wide berth. And regardless of the architectural style of your home, gas lights provide an indefinable "something" that adds noticeably to the appeal of any residence, at an amazingly small cost of operation.

Why not call Pioneer tomorrow and find out all the details about Gas Lights? Special Budget Prices start at just \$49.50, installed.

fuel for a growing empire Pioneer Natural Gas Company
