

Norman, Henry Promoted At First National

At its regular monthly meeting held June 8, the Board of Directors of the First National Bank of Floydada, elected E. L. Norman as Chairman of the Executive Committee and Clay Henry as President.

This announcement was made earlier this week by Mr. Norman. These promotions are in line with the progressive policy of a management team in the bank.

Mr. Norman became associated with the First National Bank, first as a bookkeeper on August 15, 1920. He was elected as Assistant Cashier in January, 1934 and was promoted to Cashier in January, 1937.

In January, 1942, he was elected as Vice-President and has served as President of the bank since January 1950.

Clay Henry has been associated with The First National Bank since February, 1939, as Executive Vice-President. Prior to that time he had served as manager of the Plainview Production Credit Association for 11 years.

New Teachers Are Elected At Lakeview

Replacing the teaching positions of Mr. and Mrs. Herman Richardson, who taught at Lakeview last year before Mr. Richardson's death, will be Mr. and Mrs. A. S. Watson, formerly of Trent, Texas.

The Watsons have three children, one of whom, a son is attending Hardin-Simmons University. Mrs. Watson is a sister of Louis Anderson of Floydada.

Dougherty will also have new teachers next year. Mr. and Mrs. Edward D. Wilmet of Silverton will replace the Timers. Mary Slover will continue to teach at Dougherty. Mr. Wilmet was a principal in the Silverton schools prior to accepting the Dougherty position and formerly taught at Providence. The Timers will reside in Lockney, where Mrs. Tiner will be employed by the Lockney School District. Mr. Tiner is retiring.

Two Are Hurt As Fire Rages In Warehouse

A two-alarm fire occurred about 5:30 in the early hours yesterday morning at the Carthel Fertilizer and Oil Company. The first fire fighting truck was called to the scene after the fire was discovered and the second one was called shortly after 6 o'clock.

Most of the damage was confined to the interior of the steel structure where oils were stored. Smoke was noticed coming from the building by Bill DuBois who in turn went to inform owner Aaron Carthel. An employee of the company arrived at the scene shortly after and called in the alarm.

Carthel sustained several small cuts on his hands from flying glass in attempting to break out window glasses to get at the fire, and Fred Lambert, fire truck driver, sustained a painful injury to the knee.

Lambert said his foot slipped from the running board of the truck and his knee hit the steel frame, causing a period of three-bit steel frame, causing a period of three-bit steel frame, causing a period of three-bit steel frame, causing a period of three-bit steel frame.

Stafford Given Road Contract

Work will begin soon on the three-county road building project, which was let recently to Henry Stafford of Lubbock, for a total of 17.4 miles, about six and a half miles of which is in north-west Floyd County, the remainder in Hale and Swisher Counties.

In a recent survey of several stores in Floydada it was learned that quite a lot of shoplifting goes on here. A great deal of this happens during the fall when the transient people come in to town, however there is a considerable part being done by local people.

Some stores have indicated that some shoplifting is done by school children. Whenever the act of shoplifting happens, the merchant is faced with several problems. He can generally spot a person that has the intention of taking something.

Over the weekend there seemed no end in sight. There was a good season in the ground but moisture continued to fall and Saturday night, in the environs of Floydada at least, brought more flooding.

Accident In Storm Saturday night's storm was the cause of at least one major highway accident and several mishaps, including a few lightning strikes on the city's system being knocked out by lightning for an hour or so.

In the hard driving rain a GMC truck belonging to a road crew, and properly parked off road on an island at the intersection of Highway 62 and 12th Street leading to the Panhandle Comid press, was struck by a California driven car operated by its owner, Mrs. T. J. Zimmerman.

Mrs. Zimmerman was driving alone and escaped with minor cuts and bruises. She was brought into town for treatment by a passing motorist.

Yields Better Than Forecast On Most Farms

Harvest machinery edged back into the hundred thousand acre wheat crop in Floyd County Monday afternoon, despite a wet ground and by Tuesday afternoon had hit a thunderous cadence as yellow gold rolled out of the fields and to the elevators under a bright sun and with moderate temperatures.

And generally the reports indicate a crop 10 to 60 per cent better than pre-harvest forecasts. In some dry land fields the yields are on a par with the best years of wheat production.

Late yesterday all of the dry land wheat was said to be dry and ready and much of the irrigated fields are still too wet to move into and some acreage still had too much moisture in the grain.

Rains last week were partial but kept all kinds of farm work within strict limitation. For a week through Saturday night there was slight to heavy rainfall every night in most communities throughout the county. Heaviest downpour in any section came Saturday about 7:30 at Floydada when, within a half hour, the rain gauges caught 1.50 to 2 inches at this point. Downtown the measure was 1.75 inches.

Late yesterday the movement of wheat to the elevators was at a pace faster than the dumps could handle and trucks were in short A. C. Pratt, Campbell, secretary-treasurer, Gene Bloys, Sand Hill, reporter, Lloyd Cook, advisor.

New Day In Farming Is Here

The organization of Young Farmers has gotten off the ground, a visit to one of their recent meetings by a reporter reveals.

Of significance are the things they study and discuss, bright young minds putting themselves to the problems incident to modern farming, and calling in experts to talk about these things.

Not a farmer in the picture above but has grown up in the new day on the farm. Only through hearsay do they know about clevises, horse collar sizes, double trees, hames and tugs.

Onions Ready

Meanwhile clippers were getting ready to move into the onion fields this mid-week. Several fields are mature. Within a week onion growers say, a good many crops will be ready to move to the sheds.

Onion quality is excellent for the most part, much more encouraging than last year's battered fields yielded. Growers were able to get hold of better sets to begin the year and progress of the crop has been normal except in a few instances of slight rain and hail damage.

The market on onions is not too promising as the season opens. Thrip In Cotton But while the reports are encouraging from the wheat fields and the onion men foresee normal yields, many of the cotton growers are beset with problems.

Sonic Booms Over Floydada Will Be Loud But Harmless, Says SAC

Supersonic jet bombers, soon from 300 to 350 miles long atize the necessity for training out to become a part of the Strategic altitudes ranging from 35,000 to 50,000 feet. Other B-58 low-level missions will begin flying overflights will be flown at subsonic of local residents - and of our crews will be the paramount weeks.

The announcement by General Thomas S. Power, SAC Commander in Chief, said these missions will be flown in Convair B-58 Hustlers. The B-58 is designed to carry nuclear weapons at twice the speed of sound (Mach 2). No weapon will be carried on these flights.

Floydada is located in an area likely to be affected by B-58 supersonic practice bombardment runs on Joplin Mo.; San Antonio, Tex., and Little Rock, Ariz. Routes for the supersonic bombers have been approved by the Federal Aviation Agency. (See illustration on another page.)

Since the B-58 is the free world's latest bomber and will replace a part of SAC's B-47 Stratojet force, the training of SAC crews to fly in this supersonic aircraft is necessary," General Power said.

The B-58 supersonic training flights will be flown in a corridor

Picnic July 21

At the annual meeting of Floydada Country Club Thursday night it was decided to have the club's annual picnic on July 21.

Mr. and Mrs. Hollis McLain of Sand Hill and Mr. and Mrs. Joy Ward of Dougherty were named planning committee for the picnic and to host the event.

Buying Power In Floyd County Is Rising Income Figures Show

(Special to the Hesperian) NEW YORK, June 8 — Con cost of fuel, light and refrigeration buying power is on the rise in Floyd County. The 61.4 percent of income that rise in Floyd County family has not used for these basic requirements represents discretionary buying power. It is the essentials — food, shelter, clothing, money that goes into services and taxes — than it had three of all kinds, into insurance, cars, entertainment and the thousand and one other things that dollars will buy.

On the basis of the latest figures compiled by the Standard Rate and Data Service, and from data released by the Bureau of Labor statistics and others, local families need to use only 38.6 percent of their net income after payment amount left was \$3,581 per household of taxes, to take care of food, shelter and clothing.

In a poor economy, notes Prof. George Katona of the University of Michigan in his new study "The Powerful Consumer" apparel and an estimated 12.8 percent of income must be spent on clothing, merely to survive. As the economy moves upward from that level, a progressively smaller and smaller percentage of income is required to pay for these basic necessities.

How far above the subsistence level are families in Floyd County is apparent from the fact that after-tax incomes locally averaged \$5,950 per household during the last fiscal year. This compares with \$5,833 in fiscal 1956. It has made possible a rise in the standard of living, including better housing and food, for a majority of local families. More money was available for spending in all directions, creating a stronger retail market and better business generally.

Irick Road Seal Coat Finished

Seal coat on the county road from US Highway 70 west of Lockney southwest through Irick District in Precinct Two was completed Saturday by Bryan and Hoffman, contractors, Commissioner Bob Jarrett reports.

STORE MANAGER CHANGES

Leon Rogers will become manager of the Perry's Variety Store in this week. Mr. and Mrs. Rogers and their four year old daughter were transferred to Floydada from Ballinger, where he was the manager in the Perry's store located there.

Don West, former manager, and family were transferred to Hesperian where he will manage a new store. They plan to move there this week.

The soldier, a tall young second lieutenant, was perhaps unconsciously on parade — eyes straight ahead, shoulders back, long measured steps in perfect rhythm. The boy of about eleven was alternately watching his idol's feet trying to imitate the gait, and looking up at his face in honest adoration.

**Magic Of The Mountains**  
There is magic in the mountains. Standing lofty, vast, and wide. Here our problems seem to vanish - -  
Nearth this beauty seem to hide. Somehow here midst His Creation.  
The Creator seems so near.  
As we gaze upon each wonder. There's a ceasing of our fear.  
Take the tall and slender aspen. And the great and mighty pine. Do you guess they ever argue. Over what is thine or mine.  
There's Creation here a-plenty. Each his need is well supplied.

Just to gaze upon their splendor. Makes mortals satisfied.

**Center News**

By Mrs. J. E. Green

CENTER, June 13 - We've had such nice rains the last two weeks, especially Saturday night. The amount ranged from one to two inches. Nice on growing crops and gardens. We were blessed with no hail. But more rain might damage wheat, which is ready to cut, so we are hoping for this beautiful sunshine we have now to continue several days.

There is the usual coming and going on weekends following the close of school. If we will go prepared to go to church, when we are visiting out of our community weekends, and if we take our company to church with us, church attendance need not suffer. It will maybe make our pastors feel better if we can arrange to do that, and you'll get a blessing too. Try it.

The J. D. Welborns had all their married children at home Sunday. They were Mr. and Mrs. Nolan Arney and Steve and Mrs. Bobby Mac Welborn, Floydada and Mr. and Mrs. James David Welborn and girls Amarillo. Another dinner guest was Mrs. Welborn's mother, Mrs. Hendrick of La Fors, who came a week ago.

Mrs. Garvin Beedy and girls of South Plains spent Wednesday with her parents, Mr. and Mrs. Leo Frizzell.

Mr. and Mrs. Leo Frizzell spent Saturday night with Mrs. W. M. Jackson and dined Saturday night with Mr. and Mrs. Herbert to a church convention in Kansas, Meredith of near Dougherty, City.

Sue Thomas visited cousins in Petersburg two or three days last week.

Mrs. R. C. Ross visited with her father, S. A. Guffee of Camp Wrights. Mrs. Jackson and Sue left Monday morning for Amarillo.

Mr. and Mrs. Floyd Montgomery of Plainview visited a week ago Saturday evening in the Frank Dunn home.

Mrs. J. D. Welborn and Mrs. Frank Dunn made a business trip to Paducah last Thursday. Mr. and Mrs. R. E. Waggoner of Plainview visited the Frank Duns Tuesday evening.

Sunday dinner guests of Mr. and Mrs. Thomas Warren and children were her mother, Mrs. Charley Battey, his mother, Mrs. Ola Warren both of Floydada and Mr. and Mrs. Leon Ferguson and children of Cone. The occasion was baby boy, Don's birthday. He was two years old.

Mr. and Mrs. W. B. Goss and boys of Clarksville, Tenn., who have been visiting her parents in Plainview and Mrs. W. C. Plumlee left Sunday for their home.

Mrs. Johnny Hinds and boys of Plainview visited Tuesday with her parents, the W. C. Plumlee and with her sister, Mrs. Goss. Mr. and Mrs. Plumlee and Mrs. Goss and boys went to Amarillo Thursday returning Friday, where they visited their son and brother, Bobby Plumlee and family.

Mrs. Charles Horton visited Mrs. Bob Bradford last Tuesday afternoon.

Weekend guests of the Hortons were Charles' brother and family, the Walter Hortons of Borger, who brought home Bruce and Phil, who had spent last week with the Borger relatives.

Sunday afternoon visitors in the Horton home were Mr. and Mrs. Weldon Curbie and Ruby of near Plainview, Ralph Hart and Mr. and Mrs. Hershel Hammonds and Linda.

Mr. and Mrs. O. C. Vinson have been hosts for the last several days to their children and families, who gathered for a get together from the various parts of Texas. They are Mrs. LaNell McCoud, Mrs. Howard Anderson and three children, Mrs. Evelyn Edmonson and two children from Harlingen, Mr. and Mrs. E. J. Hucklebee and children of Stephenville and Jerrald Vinson and family of the Harmony community, who were in and out during the week.

A weekend treat for the J. E. Greens was the get together of their sons and families or part of them. They were Clyde and family, of Peralta, N. Mex., Dun Clark and family of Big Spring and Mr. and Mrs. Victor Green of Plainview, (their boys were left with a baby sitter, because Jimmy had chicken pox). All were present by 7:30 o'clock Friday evening. Supper together was a day meal and we wish there were more of them.

The Clyde Greens and Ma Green visited Mr. and Mrs. Walter Sims and Mrs. Charles Horton awhile Thursday afternoon.

Late Thursday afternoon Mrs. Ona Mitchel and Francis visited in the Green home and Thursday evening the Clyde Greens and mother saw the D. I. Boldings.

Weekend guests of the Hal Thomas' were her niece and husband, Mr. and Mrs. Floyd Parks accompanied by friends, Mr. and Mrs. Raydel Bobst all of Buena Park, Calif. They were enroute

3 cups sifted flour  
1/2 teaspoon soda  
1/2 teaspoon salt  
1 package German Sweet Chocolate, that has been softened in a warm oven.

Mrs. Race mixes her cake as for other pound cakes - but I just put everything into the large bowl of the mixer and beat for four minutes then bake in 325 degree oven for one hour and 15 minutes or until done.

Place cake under a tight fitting cover while still hot, or put into a pan with a tight lid and leave covered until cake is cool.

You may use the method of mixing you like best. This makes a delicious pound cake and one that keeps well or freezes nicely.

So nice of Mrs. Race to think of us and to send the recipe, we appreciate it and thank you very much.

EDITORIAL VIEWS AND COMMENTARY

The Tideland Victory. The first time a Supreme Court decision has pleased a Texan in a good many days was that last week which gave the state's school funds the undisputed prospect of millions from the tidelands extending three leagues into the gulf. One or two members of the court reached the favorable decision by circuitous routes, the quickie reports we have read indicate. But principally the historic, documented facts were the basis for the decision. Considerable satisfaction arises from the fact that the state's claim was established in spite of the efforts of the federal bureaucrats to grab the juicy plum.

Not Really Silly. Dad condones it but he doesn't have his heart in this Father's Day business. That's our conclusion after watching the male of genus homo under the stress of being the sole recipient. Being one of the crowd, such as at Christmas time, registers because more or less of the good things that come to the household reach the recipients through the ministrations of Santa Claus, and dad gets his share, as it were. So, that is the reason he looks silly when Father's Day comes. He doesn't know how to conduct himself in such embarrassing circumstances. He does let the family pose him in that silly lounging robe and new house shoes in a rocker with the fan turned squarely upon him. As said, he condones it but realities lurk in the back of his head as he sits there and grins.

Some people are not happy unless they are making somebody do something. This is the category we put those Texas Democrats in who try to bind voters' November consciences with a mid-summer pledge. The present crop of make-doers, whose logic we do not fathom, are going to have anybody connected with the Democratic conventions bound by an oath to support the nominee of the party for president, regardless of whom it might be and regardless of developments between this date and the general election. This militant and strident minority does the party a dis-service. We note with interest that some of the leaders in the make-do four years ago are silent this year. They fear it is their consciences which might get caught in the wringer in November. They have better consciences than the others of us, presumably.

Many New Jobs. Automation scares a good many working people who see the machine move dirt that once furnished shovel men many jobs, and the same thing happen in many other lines. They see the workingman robbed of bread and butter for his family. But the history of such new ways of doing busi-

ness is that they result in general betterment of mankind and that they actually increase the number of jobs. As automation increases one wonders where the jobs of the future will come from. One suggestion recently was that myriads of new jobs are going to be created by the introduction of de-salting water. The cost of de-salting has been lowered from \$1 per thousand gallons to 30 cents already. When the cost of the process gets down to 3 or 4 cents business will pick up. The de-salters will be in business. Other myriads of jobs are going to be furnished when man learns to harness the sun's rays for power. Also weather control, believe it or not, offers a bright prospect for the future, jobwise.

Not Wanted Here. To all intents and purposes Floydada hung out a "not wanted" sign for the scores of young service men and their families when they returned from the wars in the late forties. Only those with their minds made up to stay in the home town, come what may, did stay. While the youngsters were being lured to other cities by the offer of new homes they could put their little families in and pay for like rent, Floydada offered them rent houses they didn't relish living in or at best new homes for which they could not raise the down payment. It is simple logic to determine which place a young fellow would take his family to live and hold down a job of about the same income and prospects for advancement. What happened in the late forties and the fifties is reflected in the 1960 nose count.

Nothing Like a New Crop to put zip into a West Texas farming community like Floyd. The day first load of wheat shows up—the first bale of cotton, a cutting of alfalfa, a load of maize—to charge the atmosphere with anticipation. We like it in Floyd County where the farmer does not have all his eggs in one basket. True, there are specialists, mostly cotton men, and cotton is the big crop, but there's also wheat, like the past week. There's been hustle and bustle, because there's been yellow gold roling into storage bins.

Young Blood Needed—The "Over 80 Club" had just admitted two members, only 78 years old. "How Come," the president was asked. "Well," said the oldster, "our organization needed some young blood."

As a Farm Woman Thinks

By Nellie Witt Spikes. The key did not turn in the lock at the Pugsly Wiggly of Ralls yesterday morning as had been its usual custom since the start, unless on the Sabbath or holidays. The hand was stilled in death and the quiet step of Mr. House was to be heard no more. Ralls was grieved and shocked at the passing of this good man. He left a good name and it is written for all to read. "A good name is rather to be chosen than great riches." Proverbs 22:1. We will miss Mr. House, his courteous greeting and kindly smile. His life reminds me of the North Star, dependable, shining in the sky, helping men to get the right direction. It is hard to give up good men like he was. But do we give him up? Long will he be remembered for his honesty and kindness and like the North Star his life will help someone to find their way to better living. "Seeest thou a man diligent in his business? He shall stand before kings." "I shall return no more to his house, neither shall his place know him any more." Job 5:19. So when a great man dies. For years beyond our ken. The light he leaves behind him lies Upon the paths of men.

The rains have been a blessing to most, but some have had the misfortune of being hailed out. The farmer is not so anxious now making lamp bases, ashtrays, as he was to look into his rainwater gage, he wants to plow his cotton, or replant, cut the wheat and tend the barley.

Bermuda grass is certainly having a field day. The runners reach out and take a new hold. My yard is almost covered. Now I will have to fight it out of the flower beds.

I am enjoying a hand-carved ivory fan sent me from Japan by Annette Hallman, who was Annette Richmond before her marriage to Mickey Hallman. He is in the service of Uncle Sam and they are stationed in Japan. Thanks a million, Annette. Hope you two will be home before long.

Read in the paper that a messenger laid some ten thousand dollars in a bag on top of his car until he unlocked the car door and when he got to the bank he found he did not have any money to deposit. How goofy can anyone get. I started to say, but stopped for I had done just such a thing minus the ten thousand.

14 Years Ago

I was loading a bunch of things to carry to Floydada to decorate a window for Old Settler's Reunion. When I reached Floydada I did not have any purse. All I can figure out is that I laid it on the back of the car with the other things and as the car was black and the purse black and I was in a jittery hurry, I did not notice it. I get to thinking about it and wonder if any one who found it would be so kind as to return it. The purse was a gift and inside was a hand tooled billfold. I was very fond of which held my driver's license. A little red coin purse had nickels and dimes for many years and I don't children miss it as well as I do. Somehow the new plastic coin purse does not have much interest even if one can see a nickel or dime without opening it. Somehow it was kind of breath taking to see if grandmother had some money in the red coin purse. If anyone finds this I would be so happy to have the purse again. Just call 2626, Ralls, Tex., collect.

## Hamilton Honored For Soil Conservation

The citation which accompanied Hamilton's performance during this period was a credit to Soil Conservation Service. He demonstrated promptness to appoint a split-second scheduling of his work. His initiative in gaining greater contribution from co-operators and contractors established precedence which will help to perform a higher efficiency in the future. The efficiency with which he employed this outside assistance was a big factor in his being able to handle what was normally a two-man workload.

Mrs. Hamilton is a teacher at Riverside School, and Noma La teaches at Pate School.

## Fairview News

By Mrs. Clyde Bagwell  
FAIRVIEW, June 13 — Weather conditions today are favorable for the farmers to resume wheat harvest after the rains of Saturday. The southwest portion of the community received around one and one-half inches of rain Saturday afternoon. The northeast side had 70 Cotton is up and planted in farm growing and the rains have been fine for row crops.

## Dougherty News

By Mrs. W. J. Ross  
DOUGHERTY, June 13 — The wheat harvest was interrupted by a heavy rain late Saturday. Reports vary from slightly less than 2 inches to 2 1/2 inches.

Mr. and Mrs. G. C. Tiner are in the process of moving into their new home located west of the high school in Lockney. They have taught in the local school several years and have been active in all worth while community activities.

## Rites Held For Mrs. Julia Moss Late Saturday

Mrs. Julia Moss, 84, long-time resident of Floydada, died in West Texas Hospital early Friday morning following a cardiovascular failure.

Mrs. Moss was taken to the hospital late Monday afternoon by Harmon ambulance after she suffered a broken hip at her home, 320 South 5th. She had been in failing health for sometime but had been active until sustaining the broken limb.

Funeral rites were conducted in the Presbyterian Church in Floydada Saturday afternoon at 4 o'clock. Interment was in Floydada cemetery. Conducting services were Rev. Houston Dixon, pastor, and Rev. Phil Gates, Methodist minister. Arrangements were made by Harmon Funeral Home.

Survivors include three sisters, Mrs. Edd Johnson, Mrs. Ona Jones and Mrs. Glad Snodgrass, all of Floydada, and several nieces and nephews.

## State Library Aid Foreseen For Counties

Five counties in this area will be receiving library aid through the Texas State Library. The counties involved are Kent, Garza, Dickens, Crosby, and Floyd. Dickens is the only one of those eligible that is not going to use the aid.

To be able to receive this aid the county must have had a bookmobile circulating in the county for one year.

The Floyd County Library will receive \$2,500 worth of books. According to Mrs. A. T. Hull, librarian, this will amount to approximately 850 books. Those books will be of interest to those in the juvenile age to adults.

The Floydada library will share these books with the branch library in Lockney. Also the counties will interchange books at a set time; the schedule yet to be arranged.

Having the bookmobile and applying for state aid, has definitely helped toward the establishing of three libraries in this area. Those counties planning to establish libraries are Crosby, Kent and Garza. Floyd County is the only county with an established library out of the five counties eligible for this aid program.

Mrs. Hull says she does not expect any of the books to arrive from Austin before September; however Crosbyton is looking for their books before the end of July. According to Mrs. Hull the shelves in the library are presently full and more room will have to be made before the arrival of the new books.

Mr. and Mrs. Buford Gowan visited briefly with Mr. and Mrs. J. E. Newton enroute home to Temple from vacationing in California.

Sue Ring spent the weekend at home. She is working in the Registrar's office at Tech.

Mr. and Mrs. Claude Ring were Sunday guests of Mr. and Mrs. Kenneth Ring.

## I.O.O.F. Rebekahs Meetings Held Friday Night

Men of Encampment No. 75 and the Ladies Auxiliary Encampment met in Floydada I.O.O.F. Hall Friday night for separate business meetings and a combined program.

Afterwards a salad supper was enjoyed by members from Floydada, Matador, Petersburg, Plainview and Lockney.

Hosts and hostesses for the gathering were Mr. and Mrs. Floyd Webb, Mr. and Mrs. Fred Reeves, W. H. Foster and Dr. and Mrs. J. G. Pruitt. However Dr. Pruitt was out of town and unable to attend.

## PLANS UTAH TRIP

Opal Rogers, bookkeeper for Consumers will leave this weekend for Otis, Kan., there to join her sister and family, Mr. and Mrs. Bruce Burrows for a trip to Utah. The group plans a week with a brother, Staff Sergeant and Mrs. Kenneth Rogers and family near Ogden.

Louis Anderson, manager of Beall's Department Store, his wife and children plan to leave Sunday for Waco and Houston on a short vacation. The family also plan to spend several days in other cities in the lower part of the state.

Mr. and Mrs. Lorin Leibfried left Sunday for Garland where they will visit a brother, Henry Leibfried and family, and will visit other relatives in that vicinity before returning to Floydada.

## Local Students Take WTSC Tests

Nine Floydada students journeyed to West Texas State College last Saturday to take admission tests before entering school there next fall. Those taking the test were Price Pritchett, Henry Self, Gerry Sawyer, Leo Smith, Nancy Watson, Sue McClung, Darlene Johnson, Judy Williams, and Sonja Guffee. Parents who accompanied them were Mr. and Mrs. J. M. Williams, Mrs. Clarence Guffee, and Mrs. Johnson. Also making the trip were Sharon Edmiston and Larry Coltharp.

## CARD OF THANKS

I would love to express my appreciation to those who sent beautiful flowers, cards and letters and to those who gave blood and sat with me while I was ill in Plainview hospital.

May God bless each of you.  
Mrs. B. D. Jones

Mr. and Mrs. W. G. Holland, their son and daughter were in Sunray over the weekend for a visit with Mrs. Holland's mother, Mrs. S. C. Bell and other members of the family. Mrs. Bell is the mother of 11 children. Of that number all but three were at the gathering Sunday.

Texas Press Association  
AUSTIN. — In looking forward to the 57th Legislature, speculation touches many personal significance now centers on (1) who will be elected Speaker of the House and (2) who will get important key committee assignments.

Speaker's race is following the pattern of two years ago. Both Rep. Wade Spilman of McAllen and Rep. James Turman of Guber claim sure victory. Each accuses the other of claiming votes from members that aren't actually pledged to him.

It takes votes of 76 of the 150 House members to win. Actual election takes place when the Legislature meets in January.

Committee assignments will be made at the start of the session by the Lieutenant Governor for the Senate and by the newly elected Speaker of the House.

Make-up of committees is of crucial importance since an unfavorable committee can, by de-

Padre Island Land and Development Co., which put up the barricades, claims property rights up to the water's edge as a result of a Spanish land grant.

Another suit has been filed at Galveston where a similar situation developed.

Final decision on who can go swimming where will hinge on court interpretation of the law.

**TIDELANDS STUDY URGED** — Jerry Sadler, Democratic nominee for land commissioner, has suggested that careful study should be made to determine what action the next Legislature should take to insure legal and orderly development of Texas tidelands.

Sadler suggested the state should chart its course carefully to avoid the possibility of any more difficulties in the management of its submerged lands. Recent U. S. Supreme Court ruling that state ownership extends 10 miles from the shoreline ended a 15 year tidelands battle.

First thing, said Sadler, will be to settle by law where the shoreline is so the tidelands boundary can be established in relation to it. Also, the boundary between Texas and Louisiana coastlines will have to be definitely determined. Court decreed Louisiana owned tidelands for only three miles out.

**DON'T FENCE US OUT** — You can ride horseback to your heart's content in the Davis Mountains State Park, but be sure to close the gate as you come and go.

This is the gist of a State Supreme Court ruling in a case which pitted the State Parks Board against the owners of grazing rights in the Davis Park. State has a long-term lease on the land for park use with grazing rights reserved by the landowners. Owners declared public horseback riding in the 1,340-acre area interfered with grazing and padlocked the gates. Parks Board contended the riding was a legitimate park use to which the public was entitled.

Supreme Court agreed, but added that some safeguards should be set up so the grazing cattle wouldn't be let loose. High court sent the case back to the local district court for the writing of specific directives.

**EMPLOYMENT HITS PEAK** — Employment in Texas hit an all-time high this spring with 3,454,000 jobholders, Texas Employment Commission announced.

High point was hit in April. Part of it was attributed to the usual good-weather pickup in farm and construction activity part of it to industrial expansion.

A further increase in farm employment is forecast as planting,

irrigating and cultivating work gets into full swing.

Non-farm employment rose by 32,000 between March and April, hitting a total of 3,053,100.

**YEAR TO REMEMBER** — An historic Texas date, 1836, will be used on the road signs in San Jacinto State Park, the State Highway Commission announced.

Approximately 6.5 miles of roadway will be marked Park Road, 1836. It will run from a junction with State Highway 134 and will include all state-maintained road sections within the limits of San Jacinto State Park near Houston.

**SHORT SNORTS** — Joe G. Moore Jr. of Austin has been appointed secretary and research director for the State Finance Advisory Commission. Next meeting of the Commission, appointed by the governor to study state finances and make tax recommendations, is set for Friday, June 17.

Texas draft quota for July will be 290 men, State Selective Service Headquarters has announced. In addition, local boards have been asked to send up approximately 1,000 men for pre-induction exams.

Gov. Price Daniel has announced the promotion of two National Guard officers. John L. Thompson Jr., Houston business man, was named a major general and Everett Selden Simpson, Amarillo attorney, a brigadier general.

# Board Finds Solution Problems, Big and Little

Board of Floydada accepted Johnny Baker resigned from the high school teaching staff.

Among those recommended to the faculty were Mr. and Mrs. Ira Colley who will return to Floydada from Graham. Both are former teachers in the local schools and are well known for their fine work.

Mr. and Mrs. Luther J. Hayes will come to Floydada from Friona. He will be in high school math with Mr. Colley. The Hayes couple highly recommended from all former associates.

**Jr. High Coach Named**  
Paul Coats was recommended as junior high coach and teacher. He is twenty-six years of age and plans to be married this summer. Both he and his new bride will be faculty members. Coats coached a year at Ralls, served two years with the military and served as coach at Roscoe this past year. He has background in all sports including football, basketball, and track. Coats has a fine reputation as a coach and class-room teacher.

Miss Norma Barkley who is to become his wife will be in language arts in the local school. Graves said he was very pleased to find such fine teachers to add to the faculty.

Jean H. Law will be moved from the junior high school to high school where he will be in the science department.

Mr. and Mrs. James Doyle McSpadden will come to the Floydada schools where he will be

active in junior high science. He was a mid-term graduate at Texas A & M and has been doing post graduate work toward his teachers degree.

Miss Shirley Nelson will be new in the homemaking science department. She is a Claude girl who got her degree at Texas Tech and did extra work for certification at West Texas State. She also has two years experience as a clothing designer at Lamesa.

**Summer Repair Jobs**  
It was voted to repair the warped floor of Graves Gym and a sanding job is in the offing for this summer.

Other building repairs call for six new door closers at high side doors. The auditorium at junior high is to get a new paint job, and there will be four new outside doors at the upstairs fire escapes at junior high.

Andrews Ward will get a room furnished with new chairs and tables for second grade use.

The board approved locating the commercial clothes dryer in the balcony of the high school gym. The dryer is to be property of the athletic department and is being purchased by the Quarterback Club so that student teams may wash and dry own equipment.

Bids were opened on sale of four old used school buses and the board voted to accept highest bids which will bring in a total \$1180 for the four.

The school will exchange additional used movie projectors under a plan with government dense set-up and cost will only be one-fourth actual cost of equipment involved.

## Checking Insurance Coverage

Jim Ward was named to examine the schools insurance and in particular to check coverage as to boilers and liability of boiler explosions as it was called to attention of the board that standard policies do not cover this particular item. Board voted to add this coverage, which is at a reasonable cost, as soon as value can be determined.

After reports from several sources the school board voted to discontinue the senior class trip each year as the size of the school makes the project impractical. All overnight trips that will involve students are to be okayed by the board in advance.

Next board meeting will be first Tuesday in July.

## Broadway News

By Mrs. T. E. Thornhill  
(Intended for June 9 issue)

**BROADWAY, June 6**— More rain. Monday night of this week we received a very nice rain with no wind or hail. How we hope the hail and wind storms are over. The farmers are beginning to get anxious to get into the fields as most will have to plant all their cotton over. Some few have their cotton up. They say they also have lots of weeds up with it. How nice to be waiting for the ground to be too wet than to be waiting for a rain to plant on.

Karen Sue White daughter of Rev. and Mrs. L. E. White is doing fine after having her tonsils out last week.

Quite a few have been down near Calgary to see where the plane crashed Saturday afternoon.

Mr. and Mrs. Kenneth Leatherwood have been visiting their parents, Mr. and Mrs. W. H. Leatherwood, and Mr. and Mrs. Billy Cornelious, since spring semester of Tech was out. They will go to Denver, Colo., for the summer term there.

Mr. and Mrs. Joe Dutton and Patty Ann of Tucuman, N. Mex., came over Wednesday of last week for a visit with Mr. and Mrs. Richard Sudduth and girls. Mrs. Dutton and Patty stayed over for a longer visit.

Mrs. Richard Sudduth and new baby spent a few days last week in the homes of her parents Mr. and Mrs. A. D. Whalen and Mr. and Mrs. Claude Sudduth, when they came from the hospital.

Mr. and Mrs. Duane McClure and Rheta were Saturday dinner guests of Mr. and Mrs. Hoyt McClure.

Mrs. Hoyt McClure visited Mrs. Billy Cornelious and Mrs. Kenneth Leatherwood Friday afternoon of last week and with Mrs. J. W. Stewart and Mrs. Shirley Largent on Monday of this week.

Mr. and Mrs. Dale Largent of San Antonio visited the Memorial Day weekend with her parents Mr. and Mrs. J. W. Stewart. Mrs. Largent stayed over for a couple of weeks visit.

Joe Neil of Roscoe was a Saturday night and Sunday visitor with Donald Wayne Thornhill.

Rhonda and Brenda McClure were Monday night visitors with their grandparents, Mr. and Mrs. Hoyt McClure, while their parents, Mr. and Mrs. Ronald McClure attended the Pioneer National Gas meeting at the Club Cafe in Crosbyton.

Mr. and Mrs. M. R. Givens and boys were Thursday night callers last week of D. D. Thornhill. When they started to go home, Preston discovered a big rattlesnake coiled on the back porch. It had gone up three steps to get

there. Seems they are getting quite friendly, but don't know anyone that wishes to be friends with them.

Billy Don, Beckie and Barbara Berry, children of Mr. and Mrs. Donnie Berry, visited awhile Monday night of last week with their grandparents, Mr. and Mrs. Cecil Berry.

Mr. and Mrs. T. E. Thornhill and Tommy, Mr. and Mrs. A. L. Winegar, Robert and Georgia Ann, Mr. and Mrs. R. M. Spence were all visitors on Wednesday of last week of Mr. and Mrs. Kelson Winegar and Karen.

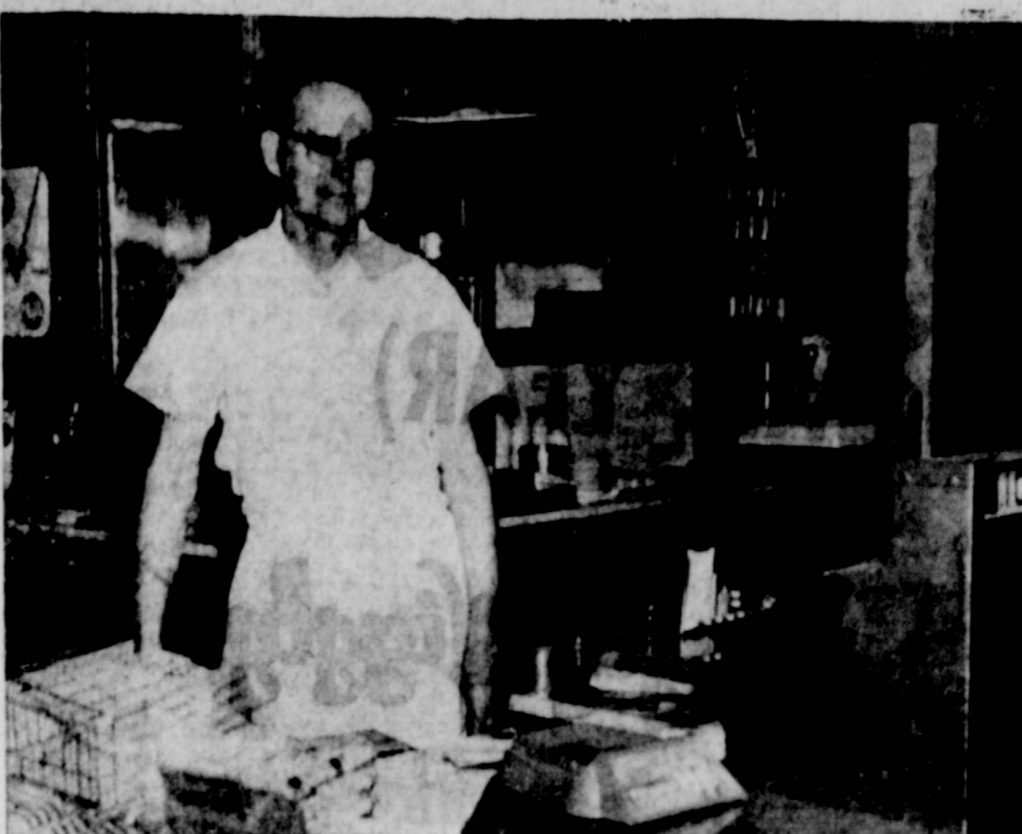

Sunday visitors with Mr. and Mrs. Ben Beckham were Mr. and Mrs. Pink Smith, Mr. and Mrs. Robert Smith and children, Mrs. Emma Bishop, Hollis Beckham, Mr. and Mrs. Calvin Beckham and Barbara Kay all of Lubbock, Mr. and Mrs. Charlie Beckham of Crosbyton.

Melonie and Cindy McCray, daughters of Mr. and Mrs. Bill McCray are visiting their grandparents and other relatives in Johnson, Kas.

Mrs. Tom Daniel has returned home after spending a week with her daughter and son-in-law Mr. and Mrs. Bill Day getting acquainted with her new grandson Ricky Ray.

# FLOYDADA MERCHANTS AT THEIR JOBS

LEONARD MATSLER, who has been in the cafe business in Floydada for 19 years, likes his work because people seem happier when they're eating than at any other time. He is shown here at the counter of his new cafe on South Second St.

In September of 1941, Leonard Matsler moved to Floydada and opened a cafe. Prior to moving here, Leonard drove a Coca Cola truck and his wife, Lahoma Moore Matsler was working in Plainview. They thought the people of Floydada were the best anywhere and attended church more than most people. So they decided to make Floydada their home.

"I enjoy my business because people are happier when they're eating than at any other time," says Leonard.

Leonard is a 1933 graduate of Plainview High School and participated in the county rural school basketball games before attending Plainview High School. He is a son of a pioneer couple who were among the first settlers in Hale County.

"At the age of 13 or 14 I would watch people at cafes and they seemed so happy and enjoying themselves that I became interested and decided that that was the kind of work I would like to do," said Mr. Matsler the other day.

As an active Baptist, he taught a Sunday school class for seven years.

He is the father of two boys and one girl, Gary, 18; Mike, 16; and Jill, 14.

In August of '59 Leonard opened his new cafe located on South Highway 70 (2nd Street). He says that business is good at this location. Farming is another interest of Mr. Matsler. He has farmed every year since he moved to Floydada and still operates a farm as a sideline.

## Dale Johnson Graduates; To Be Teacher

Newton Dale Johnson son of the late W. D. and Mrs. Doris Johnson formerly of Floydada, and grandson of the late N. A. Armstrong was among the graduates last Friday evening of the Chico State College in Redding, Calif.

Dale is a graduate of Floydada High School with the class of 1949. He served three years in the Air Force before starting a career.

He has completed the work for a BA degree in Life and General Science and also has a Junior High school teaching credential.

Dale, his wife and three children reside at 2036 Canal Drive, Redding, Calif.

Mrs. Johnson is also a member of the teaching profession.

**NORTH CAROLINA PARTY SEE TEXAS KINSMEN**

Guests in the home of Mr. and Mrs. W. M. Dorsey this week were his sister, Mrs. S. C. Bolich, Burgaw, N. Car., and Mr. and Mrs. Bruce Bland and two sons, Steve and Tommy of Virginia. Mrs. Bland is the daughter of Mrs. Bolich and the late Mr. Bolich.

The North Carolinians also visited Mr. Dorsey's daughter, Mr. and Mrs. John Key West and a nephew, Mr. and Mrs. Murrett Dorsey.

They left Monday morning for Lubbock, where they visited another son of Mr. Dorsey, Mr. and Mrs. Bowman Dorsey. They will travel on to Houston to see Mr. and Mrs. Vernon Dorsey and other relatives.

O. B. Olson and daughter of Arizona are in Floydada visiting his parents, Mr. and Mrs. O. B. Olson Sr. Mr. Olson and his daughter came down for the wedding of his niece, Diane in Tulsa.

Mrs. Mike McClendon of Gatesville and Mrs. Floore Wright of Galveston, visited Mrs. Dale Emert in the home of Mrs. A. T. Emert at Dougherty Monday.

Mrs. Wright and Mrs. Dale Emert are half-sisters. They had never seen each other before.

# Increases in maize yields up to 2000 lbs. per acre

Well-known West Texas farmers like **W.C. LACY and SON** side dress 90 to 100 lbs. ammonia on maize

W. C. Lacy of Hart, who farms 575 acres with his son, Bill Lacy, reports: "Side dressing Phillips 66 Ammonia on our maize crops has given us yield increases of 1500 to 2000 pounds per acre. We apply 90 to 100 pounds of ammonia per acre on maize land. Last year I didn't apply ammonia on 8 rows of maize. When this maize was about knee high it started firing at the bottom. We went back and put ammonia down on the rows, and they greened up right away. Believe me, ammonia makes a

big difference on crops around here." Thousands of Texas farmers are using Phillips 66 Ammonia to help assure top net profits per acre. Actual field reports prove that Phillips 66 Ammonia (1) produces more high grade lint (2) increases maize yields (3) boosts wheat and small grain yields (4) stimulates forage production. See your local Phillips 66 Ammonia Distributor now. You can depend on better ammonia service.

# King for a Day..

(and ALL YEAR)

at **Piggly Wiggly**

It is Time to roll out the red carpet for Dad, and head the Royal Command.

Serve a juicy FAMILY STEAK — a tender 2" thick cut, weighing 2 - 4 lbs. Serves 3 to 6 people. Broil or Barbecue and serve to the whole family. Cut the steak in thin diagonal slices at about a 30 degree angle.

A regal treat for Dad and the whole family.
