Couple Married Saturday Make Home at Lorenzo

LORENZO — Donald Ray Chapman and his bride, the former Clara Fonelle Leibfried of Idalou, will make their new home near Lorenzo where he is engaged in farming. The couple married at 6:30 p. m. Saturday in Lorenzo Baptist Church.

Mr. and Mrs. J. L. Leibfried of Idalou are parents of the bride. She is a niece of Lorin Leibfried of Floydada and a granddaughter of the late H. C. Leibfried also of Floydada. The bride groom is the son of the late Mr. and Mrs. Murphy Chapman, a nephew of Mr. and Mrs. Orlan Howard of Dougherty.

Rev. Jack Pearce officiated at the double-ring ceremony. Given in marriage by her father, the bride wore a dress of white tulle with lace over taffeta with long sleeves complementing the princess lines of the dress. Sequin and pearls encrusted the scalloped neckline. Her lace-trimmed veil was caught to a crown of white tulle and white orchids.

Dresses of blue taffeta were worn by Miss Wanda Halley, maid of honor, Miss June Clayborn of Levelland and Miss Alice Bartlett of Levelland who were bridesmaids. They wore headpieces of white ribbon and white flowers. LaMona Moore was the flower girl.

J. C. Penkert of Lubbock was best man and Bob Wampler of Fort Worth and Charles Martin of Lubbock were ushers. Garry Woods and Jerry Joiner lighted candles. Miss Linda Cherry accompanied Miss Ferelene Petersen in wedding solos.

The newly-weds greeted guests in the reception hall, Misses Judy Gray, Tanya Terrell, Jennie Jones and Mrs. Leon Moore were in the house party.

Mrs. Chapman traveled in a blue suit of light weight cotton. She added white accessories and a white orchid corsage. She is a graduate of Lorenzo High School. Her husband graduated from Robertson High School.

Mr. and Mrs. Lorin Leibfried of Floydada and Mr. and Mrs. Orlan Howard of Dougherty attended the ceremony.

storm Saturday night. Mrs. R. L. Johnson was rushing to get a flash light after the electricity went off. They had packed their suitcases in preparation for a trip to Arkansas the next day. Mrs. Johnson forgot the suitcase and fell over it in the dark. Her right arm was injured. They postponed their trip until they see how the arm responds to treatment.

Miss Scarlett Smith is seen riding her horse, "Sugar Foot", as she prepares for the Crosbyton rodeo next month. She stayed in Lubbock with her grandmother, Mrs. R. B. Smith last Thursday.

Seventy-five dollars and two silver buckles were brought home Saturday night by Ronnie Flaniken of Crosbyton, from his performances at the Rotan rodeo.

Rio Blanco Girl Scout Camp near Crosbyton is headquarters for Nancy Williams and Mrs. Q. D. Williams this week. Nancy and her second grade Brownies have set up a Baker tent for their day camp activities of plant identification, outdoor cooking and craft work.

Blanco River is up considerably from the rains Saturday and from a heavy rain up country on Sunday.

James and Monty Williams are spending the week with their grandparents, Mr. and Mrs. Edgar Jones at Truscott, who came by Monday from a visit in New Mexico.

Rattlesnakes seem to be everywhere in Lakeview this summer. The T-Bar kills several each week. Roy Falas killed three of Lubbock were ushers. Garry Woods and Jerry Joiner lighted candles.

MR. & MRS. LEON WILLIAMS

Sue Williams, Leon Williams Take Vows Monday Evening

Sue Williams, daughter of Mr. the bride's mother, was centered Mrs. Chlora Williams of the table. Three of the bridesmaids and Leon Williams' bouquets were used by Mr. and Mrs. Elmer Williams decorating the table. Mints, nuts and candy were served. The ceremony was held at the First Baptist Church of Floydada, Rev. Dewitt Seaco officiating.

Given in marriage by her father, the bride wore a white tulle dress with a sweetheart neckline and a lace jacket with long pointed sleeves and a stand-up collar. The full skirt of her dress was accented with applied re-embroidered alencon lace, the back of the skirt arranged in double pleats. A finger-tip veil of nylon tulle was arranged on a white hat-type base of white with white er medallions and ribbon. She also wore a heart-shaped pendant which was a gift of the groom.

Carrying a lace-covered bible topped with a cascade bouquet of white gardenias accented by a background of blue net, also attached in love knots on the streamers of the bouquet were six old wedding bands belonging to members of both families, thus using the traditional something old.

Her wedding attire represented something new, a pair of earrings belonging to Mrs. Elmer Dean Williams was the something borrowed and a blue garter completed the something blue. The bride and groom's birth dates were continued shooting until bullets did not enter and kill the snake.

They didn't know what to do when the snake entered the room. The bride and groom were married by Rev. J. H. Jones. The ceremony was held in a church in Floydada. The bride and groom were accompanied by their parents and several other relatives.

A bunch of green-thumbed the other day were expressing their collective unhappiness with yardmen. "and he pulled up all my petunias, just as they were getting started - finally!" "You'd think he'd know the difference between chrysanthemums and d carefree weeds, wouldn't you?" "Don't let him touch the flower beds if you expect to have any blooms."

We sat silent. Being a bit tone-deaf on gardening, our sympathy is naturally with the itinerant yard boys. Not only do they have to know all the plants in the world; they also have to get along with some mighty queer people.

While one woman has a contempt for iris, her neighbor proudly cherishes a dozen unusual varieties. Mrs. A. wants all the trumpet vine and morning glory torn out; Mrs. B. is protecting every volunteer sprig of either. Mrs. C. last year boasted of her white violets; this year she wants them uprooted.

The official green-thumb at our house never lets us do any delicate operations. We just weed the bermuda. But one day recently, when he had gone about his business, we were weeding along and noticed some luscious young dandelions flourishing in his neat flower bed. We thought it only decent to reach over and pull 'em. But after about the sixth, we got a warning signal in our brown thumb and called him over.

"Ye gods, my daisies!" he yelled. "It's taken me two years to get a start." Once several years ago, he had dug every frazzlin' one of 'em out. Said he had decided he didn't want nasturtiums!

See what we mean about green-thumbeders and yardmen? Youth Accented At First Baptist. Last week was Youth Week at the First Baptist Church of Floydada.

Among the activities of the week was a vacation Bible school at night called Teen Time. The youth led devotionals, served in the church offices, acted as superintendents for various departments, filled the choir, led the singing. Dale Reid preached Sunday night.

This has become an annual affair at the First Baptist Church. Mrs. and Mrs. J. R. King of Amarillo, Mr. and Mrs. Bill Morgan and children recently of Shreveport, La., visited in Floydada Saturday with a daughter and sister, Mrs. S. D. Medley and family. The Morgan family left Amarillo by car Sunday for San offerings, for cards, letters, financial, embark by jet on Saturday for Honolulu. Morgan will be stationed for the next three years there. Mr. Morgan is with the Air Force doing secret service work.

POWELL'S PAY VISIT TO AIR FORCE SON AT OMAHA. Mr. and Mrs. S. L. Powell have returned from a visit with their son, Lt. Col. S. L. Powell Jr., and family at Omaha, Neb. While there, they decided to go see the Blackhills of South Dakota. They made this side trip in three days and it was very enjoyable one. Col. Powell is in the Strategic Air Command, but his main purpose in being in Omaha now is to get his bachelors degree at the University of Omaha, which will be in July. Col. Lakeview News

By Mrs. Q. D. Williams LAKEVIEW, June 20 —Lakeview Home Demonstration Club meets Thursday, June 23, with Mrs. Earl Edwards Jr., as hostess. Mrs. Roy Fawver will have charge of the program. Wheat harvest still goes on. The heavy one inch rain Saturday night kept combines out of the fields Monday. Cotton is being replanted over the community.

Several of the high school and college age young people from Floydada, Crosbyton and Lakeview attended the party Saturday night in the Q. D. Williams home. Guest of honor was their nephew, Charles Miller. Twenty-five guests played lively party games until the rain started at 10 o'clock.

The lights went out at 9:30 but the party went on by candle light until the rain and lightning got so bad they felt they'd better get out of the canyon, which they could. Wesley and Lourie Johnson and their girls were in the lead car and got stuck on the hill. All the other cars swerved around to dangerously near the edge to get on up the hill. Robert Overstreet slipped off into a culvert but fortunately Howard Bishop's tractor was near by. Milton Harrison overturned a grain hauler Friday west of the store, when he drove off the pavement onto the dirt road. The hauler flipped over into Buell Neff's fence. Milton and his helper righted the wagon with tractor and chain and lots of rindside viewers.

Mrs. J. T. Dotson and children were here last of the week on their way to Llano from North Dakota. Capt Dotson is in-structed at the summer camp at Ft. Riley, Kan. for six weeks. Mrs. Darrel Davis of Lammasas traveled by bus to South Dakota to help her sister with her children during the trip. Little Debbie Dotson stayed with her aunt, Mrs. Earl Edwards Jr., for a two weeks visit.

Mrs. Weldon Hammonds, Howard Bishop, Clifford Helms, Louis Pyle and Earl Edwards Jr., are taking their children to swimming lessons at the Crosbyton pool this week. Floydada city officials might construct a shallow wading pool for small children if they would like to attract customers. Any-one under ten years old can barely keep their heads above the water in the shallow end at the Floydada pool, and that dark, dark dressing room looks like a Black Hole of Calcutta. We all hope something can be done to keep the pool open. Wayland Jones and family of Pecos and James Jones and family of Rule visited their parents the Fred Jones' over the weekend. While doctoring an angry cow last week, Q. D. Williams failed to dodge quickly enough and received a blow on his left forehead that cracked the bone. He is wearing a sling now. Another cracked bone resulted in the excitement during the storm Saturday night.

When the snake entered the room, the bride and groom were married by Rev. J. H. Jones. The ceremony was held in a church in Floydada. The bride and groom were accompanied by their parents and several other relatives.

TIMELY HELPS FOR HOME OWNERS comes from the Department of Agriculture in the form of a new bulletin on

Lawn Diseases:

To help home owners solve lawn-disease problems, the U. S. Department of Agriculture has issued a new publication "Lawn Diseases" (HG-61). The information is based on extensive turf studies by the Agricultural Research Service. The publication discusses the most common and widespread diseases. It is fully illustrated in color so that fully owners or others concerned can easily recognize the different disease symptoms in contrast to healthy grass.

The best defense against lawn diseases, the publication advises is to select grasses adapted to the location — soil, climate and light and then provide proper fertilizing, watering, mowing, insect and weed control. Good care does not completely prevent or cure diseases, but it helps curb them so that chemical controls can be more effective when they become necessary. Knowing how to diagnose the most common causes of dead or injured grass and knowing the best treatments helps the homeowner prevent serious lawn damage. Each disease with its symptoms is described and control methods for it are given.

Single copies of "Lawn Diseases" (HG-61) are free on request from the Office of Information, U. S. Department of Agriculture, Washington 25, D. C.

CWF Officers Installed By Church Women

The General Christian Women's Fellowship of the First Christian Church gathered Wednesday evening for the final meeting of the church year. Approximately 100 members met in Fellowship Hall for a salad supper, for which Mrs. Ed Wester and Mrs. Dorlarrow were the planning hostesses.

A brief business meeting was conducted by Mrs. Kinder Farris, resident; after which the group went into the Sanctuary for the program.

Mrs. Paul Fullerton brought an inspirational devotion, challenging the members to renew their faith and faith for another year, and urging the new leaders to obey the call to service willingly. Following the devotion, a double set sang "Trust and Obey" accompanied by the organist, Mary Jay Asher.

Mrs. Kinder Farris introduced Mrs. Lon Davis Jr., who installed the new officers for the year 1966-67. Mrs. Davis used silver and white candles on the altar, pink carnations attached to white streamers for each woman. Her installation centered on building character through leadership, faith, and willing effort. As each officer was installed, she picked up her streamer signifying acceptance and walked around the altar. The organist played background music throughout the service.

Leaders installed were: Mrs. Rex Brown, President; Mrs. Don Barrow, Vice President; Mrs. S. L. Powell, Secretary; Mrs. W. D. Newell, Treasurer; Mrs. Tom Snead, Study Chairman; Mrs. J. C. Wester, Worship Chairman; Mrs. Burmah Probasco, Service Chairman; Mrs. A. V. Stewart, Worship Center Chairman.

The first meeting of the new church year will be July 6.

BROADWAY, June 20 — Sunday School and church attendance was not so good Sunday and Sunday night, maybe when people kinda catch up with their work they will not be too tired to go to church on Sunday.

Mr. and Mrs. Don Webster and baby daughter, Carrie Jill are spending two weeks with Mrs. Webster's parents, Mr. and Mrs. W. O. Baker.

Mr. and Mrs. George L. Henry and Kenny spent Monday with Mr. and Mrs. Melvin Henry and family. George is Manager of the Greenbelt Electric Cooperative, Inc., at Wellington.

IT HAS BEEN SAID:

An individual is young as long as he is a deer. When he is willing to sit back in the easy life of a spectator it is a sure sign of approaching old age, regardless of how many years he has spent on earth.

Youth assumes continuous growing — growing after the body has matured and had its increase in mass — growing and developing in skill and experience. Years wrinkle the skin; but to give up activity wrinkles the soul. You are as young as your faith, confidence, enthusiasm and energy. You are as old as your doubt, fear, despair, and love for the easy chair.

No man who continues to be a doer is old. It is only when he relapses into the onlooker class that he and the world may claim that youth has deserted him.

A large group, approximately 104 persons, attended the Adult Education Class held at Plainview High School last Thursday afternoon from 2:00 to 4:00 p. m. The program featured "Party Foods". This was the first in a series of three demonstrations. The second demonstration will be held on Thursday June 23rd and the third one will be on Thursday, June 30th.

We were pleased to have a short visit Sunday with Dr. and Mrs. Bill Wester and daughters of Weatherford who were here for the weekend with his parents and relatives. They dropped by to pick up a copy of our new cook book.

Boyce House Says I Give You Texas

By Boyce House

The recent death of Federal Judge James V. Allred removed from the stage of public affairs the most colorful figure of his generation in Texas. The former district attorney, attorney general and governor was a marvelous campaigner man-to-man and in his era, was without a peer in the stump. It was my privilege to hear him many times and he was always eloquent and clever equal to any situation.

When he was running for governor in 1934, I traveled in his campaign party for more than two weeks as a newspaper correspondent and none of the writers ever wearied of his speeches. Even though they covered largely the same ground each time, he was able to impart sparkle and a freshness. An audience to him was an inspiration and it was a joy to hear him.

Judge Allred had a keen sense of humor and a spirit of fun. While he was governor, he was on the program of the West Texas Chamber of Commerce convention in Plainview. A group of newspapermen called on him in his suite and he asked, "What would you suggest I talk about?" Each of us in turn offered suggestions. He listened attentively, thanked us and, when he made his speech, never touched on a single subject we had mentioned. (He already had his address in mind of course when he asked for suggestions.)

In 1942, Judge Allred ran for the United States Senate and this columnist was a candidate for lieutenant governor. Each of us closed our campaign in Marine Park in Fort Worth. I was to speak until he arrived. When he got there I was in the middle of my remarks and he told the chairman, "Let him go on." The audience of 5,000 was proving very responsive — (after all, this was my home town). After six minutes more, my vigorous speechifying closed to cheers and a great honking of car horns visited Sunday in the home of his sister, Mrs. John Fletcher and Mr. Fletcher.

Birds Tested For Clues To The Control of Encephalitis

As time passes, men will tell re-tell stories about him, now, because of principle, he gave up a lifetime position as federal judge to make a race for the United States Senate; how one campaign, he realized, after the first primary, that his choice for governor had no chance but he refused to leave the sinking ship and campaigned even more valiantly for a hopeless cause; how, as governor, he challenged millions of dollars in his fight for the repeal of race-baiting.

And in time, too, legend will interweave with fact and there will be such incidents told as the occasion when the young candidate, seeing a cemetery working in progress, stopped and introduced himself. Invited to speak, he knew that anything political would be inappropriate and so he gave an extemporaneous address upon Texas and its pioneers, their courage, their sacrifices and the eternal happiness which now was theirs, and the tears flowed down the faces of the stalwart farmers and their sun-bonneted wives.

Each person who knew him has individual memories of the mellow silver speech, crusading spirit and the winning personality of James V. Allred.

Spotted Damage Occurs as Storm Whips Over Area

Straight hard winds, accompanied by spotted rain and hail, in the extreme south and west part of the county and edging over into Crosby and Hale Counties, did considerable damage Saturday night following a Saturday of rarely equaled high temperatures.

Lighthouse Electric crews, with all available men at work, spent all of Saturday night on calls Head Linesman Wiley Rogers said the boys had to replace six poles and some additional poles were leaning heavily the following morning.

Wind took out three R E A poles near Blanco, one near Lakeview, one near Starkey and one in the general vicinity of Dougherty.

Rain and hail damage was rather severe along the county line from Carr's Chapel to Almo. The hail was spotted but the west part of Harmony District had a few fields pretty well wiped out. This also was true on a few farms closer to Almon.

At Floydada the wind blew hard for more than an hour, first from the west and later whipping to the southeast. Trees and TV antennae were damaged and a light coat of mud was pasted on automobiles and houses by the high wind and a light sprinkle that accompanied it.

Churches Gather Blankets For Mercy Mission

Last Sunday three Floydada churches, Methodist, First Christian and Cumberland Presbyterian, joined in a move to gather blankets to be sent to homeless refugees, sufferers from the ravages of floods and quake.

The Methodist Church reports that they gathered 44 blankets and that enough money in gifts was given to buy approximately 25 more.

The Cumberland Presbyterian gathered eleven blankets and the First Christian approximately eight blankets.

All the blankets will be shipped to a designated place the early part of next week. Then they will be sent on their mercy mission.

This project will be continued through Sunday by all three churches.

Melbourne Rancher And Sister Guests In Hanna Home

Robert Cameron, a personable young Australian, who with his sister Anne, was a guest of the Hanna family from Friday to Monday, left to complete a tour of the United States and Canada before sailing for Melbourne, their home. They will sail on July 28.

This was Cameron's second visit to Floyd County, his first having been made in 1933.

Evidently the Camerons like the Hanna style for since his first visit here two of his brothers have been brief guests of the Floyd County couple.

Word got around among Melbourne ranchers evidently. The Hannas have entertained 16 Australians in all since 1933, and in addition they have had an Irish girl and an English girl as guests in their home.

The Camerons are sheep ranchers. Robert's sister is a 19-year-old miss. The brother and sister left home in December and had been in Europe before coming to America three weeks ago.

When they reached New York City they bought a station wagon to make their rounds on the North American continent.

EDITORIAL VIEWS AND COMMENTARY

Boy Babies A-Borning.

Folklore down through the ages has had granny midwives and nurse maids saying that before every war the percentage of boys among new babies is higher than that of girls. Currently the gossip is that the boys are outnumbering the girls considerably.

Our Foreign Relations.

If Americans could forego the inclination to re-do the world in the image of America it might well be that our foreign relations would suffer less. Assuming that the aggressor of yesterday can be loved today by the people whose neck he trod, seems to be one of the failings of Official America. We're good people, no doubt, but meddlesome with the lives of other people, my goodness! It doesn't work in the community you live in. Why should it work in any other part of the globe.

Under-Developed Countries.

The Thirteen American colonies constituted an undeveloped country. But fortunately there was no Big Brother to come along and willy-nilly make them over. Having to do the best they could with what they had to do, the colonies emerged into right smart of a country.

Texas Was Undeveloped.

Fortunately in the embryo days of Texas, republic and state, the yanks were too busy with other affairs, including the Civil War and Indian wars, to take over our forefathers' daily lives. Texas fought their own Indians and crab grass for a good while, doing the best they could with what they had to do. It was tough but the state seemed to thrive on it.

Social Security Politics.

Fear for what may happen to Social Security with in the next generation or two is being expressed in a good many quarters. The congress keeps amending, under political pressure.

Texas School Taxpayers

have had so many snotty things said about them (for not supporting their schools properly) in the past 30 years that another dig about the state giving the least increase in the pay of teachers of any state in the union in the past 10 years doesn't register either. But when competition comes along that makes another story. Many districts in the state have come to the realization of a sudden that New Mexico and California are taking their teachers away, making much better situations for their skilled instructors. That is the kind of news that will impress the school taxpayers. Competition always makes people "lay their legs down". That is an axiom that will work in favor of the teaching profession under the present circumstances.

Few Flies This Year.

By the time this appears in print the country may be buzzing with flies, and this paragraph have no point, but as of now there are almost as few flies in the country as there were in the good old days. (The good old days any where are when the country was young and there was adventure). During the unusual spring one or more of light freezes must have killed a crop or two. Screens have hardly been a necessity at home or office, most unusual. There are some parts of Texas where flies and mosquitoes are so rare that screens are not provided for in building. This amazing fact can be verified by visits to a number of tall buildings in the hill country. It was that way the last time we looked.

Surprising the number of acres of soybeans in Floyd County this year.

Problems have been shattering, for one thing, and yield for another. A big fine bush or stalk doesn't put on as many beans as it appears it should. This situation is being met gradually, and farmers like the condition the soybeans leaves the land in. Soybeans have a tendency to enrich the soil, make it more easy to work the following season. Marketing also will be a problem if the crop continues to grow in popularity. Few places are equipped to handle soybeans.

Dead Hand of Government

is getting in its licks on the airways now, doing a repeat of what it has done to the nation's railways. Even the well-managed airlines are finding it a hopeless task to meet all the conditions the authorities are setting up, meeting unnecessary competitive conditions, obeying all the rules that are laid out. As a result investors are finding the airlines a good business to keep their money out of. The companies, big and little, are having to put up so much money to keep in line with competition and do it on such small margin of profit that they are having to give away their stockholders' property rights to the money lenders.

If One Considers what the government

has done to the railways of the country it must make one pause when he considers what the government is in process of doing to the airlines.

Here's Another One.

Your husband looks like a brilliant man. I suppose he knows everything. Wife: Don't be fooled by his looks. He doesn't suspect a thing.

If you give me six lines written by the hand of the most honest of men, I will find something in them which will hang him. —Richelieu.

THE ELECTRIC CO-OP MEANS

SO MUCH

TO RURAL TEXANS

The hands that hold the phrase above could be those of most any citizen who shared the darkness of rural Texas 25 years ago. For it was then that rural people organized the first electric cooperative... borrowed money at interest and built the rural electric system that no one else would build.

Today principal and interest on these loans are being repaid... in many instances well ahead of schedule while the rural community enjoys the countless blessings electricity has brought.

Modern electric systems, efficiently managed, offer top flight service to remote areas of the state.

The electric cooperatives are keeping pace with rural development with heavier lines and improved service.

The electric cooperatives that mean "so much" today will mean even more in the future.

James Lovell, son of Mr. and Mrs. W. A. Lovell, who arrived home last Friday from Boston, Mass., following his separation from the Navy, was one of the Floyd County boys who saw the scene of the Hiroshima atom blast that blew the big Japanese city into oblivion.

David Sherrill, father of Mrs. John Shipley and Mrs. Woodrow Wilson of Floydada, died yesterday. Funeral rites will be held this afternoon in the Cumberland Presbyterian Church.

Mrs. H. E. Mitchell and two daughters, Doris Jean and William, and Miss Lovene Jones, who had been visiting her for the past two weeks, arrived in Floydada Tuesday by car from Chicago, Ill. Mrs. Mitchell and her children will visit a month with her parents, Mr. and Mrs. W. N. Jones.

Louis Newell left Wednesday for Berkeley, Calif., to spend several weeks as the guest of his sister, Mrs. G. H. Shirey and family.

A joke printed fourteen years ago but still laughable today is the one where the elevator girl said, "I'm sorry, did I stop too quickly?" "Oh No," coyly replied one of the female passengers, "I always wear my bloomers down around my ankles."

Why Mercury is the better low-price car!

MORE VALUE. Just look at these Mercurys over other low-price cars: You ride smoother because Mercury has more wheelbase... and is up to 184 inches long. You're more comfortable because Mercury has a roomy leg room and feels safer because Mercury's interior and deep, soft walls are bigger (up to 184 inches) than other cars. Mercury has all the extra values. Why all, and save a lot.

PRICES START \$63 TO EVEN THE LOWEST-POWERED PLYMOUTH CHEVROLET IMPALA.

And we're not talking about a 1957 Mercury. This price comparison is based on the appointed Monterey with interior and deep, soft walls. This amazing price story is Mercury's dramatic 1960 price — much as \$174 lower than last year's — that are now standard equipment.

Every Mercury is lower priced than Monterey's are now low-price cars. Below, or within a few dollars, of the series in the low-price field. Come in.

SEE THE 1960 MERCURY... THE BETTER LOW-PRICE CAR!
