### Pension Act Of 1959 Adds Many To List

Several hundred widows and children of deceased veterans of World War II and the Korean Conflict will receive their first pension checks from the Veterans Administration on August 1. These persons have not been entitled to assistance from the Veterans Administration in the past, but became eligible for benefits beginning July 1, because of the passage of a new law, known as the Veterans Pension Act of 1959. This information was released today by D. G. Ayres, Veterans County Service Officer in Floyd County.

In addition to those who will receive their first checks on August 1, Ayres said that many other widows and children in Texas are eligible for benefits. Neither the Veterans Administration nor the local Service Officer knows who all these persons are, or where to find them.

Prior to passage of the new Pension Act, survivors of deceased World War II or Korean Conflict veterans were entitled to pension only if the veteran had disabilities resulting from service. According to Ayres, the new Act removes this requirement, and makes the widows and dependent children of these veterans entitled to pension benefits if their income is within certain prescribed limits, and if they do not possess large estates.

Benefits under this new Act cannot be paid until such time as an application for the benefits is made to the Veterans Administration. Any person who believes he might be eligible under this more liberal law should contact D. G. Ayres at his office in Bishop Building Floydada, Texas, or the nearest office of the Veterans Affairs Commission for additional information and assistance.

Ayres stated that it is believed that less than one-half the persons who might be entitled to benefits under the new law have made application at this time.

### Janice Miller To Appear In Dress Revue

Floyd County will be represented at the District Dress Revue by Janice Miller, 15 year old daughter of Mr. and Mrs. Lynn Miller.

Janice is a member of the Sand Hill community 4-H club and has served as secretary-treasurer for the past two years. She has been in 4-H club work for six years.

Janice will be judged Friday morning at Lubbock. The public revue will be held following a noon luncheon for the participants and their families and 4-H leaders. Warren Mitchell, Sand Hill 4-H club member, will be her escort at the public revue.

Barbara Sue Milton will compete in the Junior division of the Dress Revue. She is the daughter of Mr. and Mrs. Grigsby Milton and has been a member of the South Plains 4-H club for five years.

Attending the Dress Revue from Floyd County in addition to Janice and Barbara Sue will be Mrs. Lynn Miller, Mrs. Tom Porter, Mrs. and Mrs. Grigsby Milton, Mrs. I. H. Parks, Warren Mitchell and Phyllis Rogendorff, County Home Demonstration Agent.

### August Eighth Induction Date For Four Boys

Jackie Ross Alexander of Floyd County, Bobby Joe Witcher of Motley County, and Jimmy Franklin Cook and Richard Eugene Whitfill of Hale County, make up the contingent that Local Board No. 45 will furnish the military services in August.

They are to be inducted on August 8, says a report from the board assistant clerk Naomi R. Day.

Seven boys from the four counties also are to report to the board for their physical examinations on the same date, Aug. 8. They are:

From Floyd County, Robert Plais Green, Marvin Leon Rucker, Bobby Eugene Rainer, Aubrey Elton Guthrie.

From Swisher County, Boyd Melvin Foster, Phillip Robert Zeek, and

From Hale County, Mark Wayne Clapp.

**ROAD BUILDERS** on Highway 62 this week had begun to level off for their half a million dollar job of re-building the highway from the wye in southwest Floydada to the Crosby County line. Two weeks ago they "lit" ready to work, but the big machinery, part of which is shown here, sat idle while the water receded. Two big lakes are being drained this week by the use of lake pumps and drainage ditches. Strain Bros., a San Angelo concern, has the contract. (Hesperian staff photo and engraving)

## Hot Sun Smiles On Cotton Crop

Basking under a smiling warm sun Floyd County's cotton fields called for, it appeared Wednesday that the crop was beginning to disprove doleful predictions of the Sterley and Lone Star crops where early spring that this year's crop early season buffeting was less pronounced than in most other parts of the county, had the most perfect crops.

The littlest young cotton had parts of the county, had the most perfect crops.

**High Ninety Temperatures** Temperatures have risen steadily since last Thursday with rainfall in the county reported since a week ago yesterday. Scattered thunder showers have been predicted by the weatherman however but not necessary here.

The high and low readings for the young crops wrestled with damp wet ground, root systems with brown fungus, torrents of rain, water and hail, plus wind and sand and searing static electricity.

Friday 65, high 90; low Saturday 66, high 96; low Sunday 65, high 96; low Monday 67, high 96; low Tuesday 66, high 97, low Wednesday 66 and the reading at mid-morning had already reached 97.

## Junior League Tournament Is Under Way

The Junior League Baseball group will wind up local play this week with a tournament which is now in progress. Play got underway on Tuesday night when First National Bank played Idalou. Tonight the Floydada All-Stars are due to play McAdoo.

On Friday night the losers of the first two outings play for consolation and on Saturday the winners meet for the championship. Game times are 8:00 p. m. and the place is the Rodeo Grounds.

Keith Buhman and Jimmy Collins manage the championship First National Bank team which is due to take part in the area play-offs at Sweetwater early in August. Their first round opponent will be a Cisco team.

The newly selected all-star team was recently named by managers and is made up of boys of the other three teams (excluding First National Bank the loop winner). Managers of this unit are Bob Bishop and Doyle Moore.

**Junior All-Star Team**

Members of the all-star team are Johnny B. Bouner, Bill Moore, Denny King, Norberto Santana, Ronnie Amburn, Butch Gilliland, Dale West, Vernie Moore, Jerry Allen, Donald Ray Wilson, Tommy Lyles, Gilbert Casanova, Conley Bradford, Jimmy Tye, Gary Campbell.

There were five boys each from the three teams involved. Several other star players were out of town and not available for the tournament play because of the Scout Jamboree.

## Scouts Due Home Friday, Says Wire Filed by Darryl Lindsey

(By Darryl Lindsey) Sunday the 24th the troop was honored by guests, Mr. and Mrs. E. R. Rucker and family, also have been in the world's biggest gathering of boys — the National Scout Jamboree here since last time. Thursday — will be home Friday. Everyone is trading, which means we have had good health and are enjoying the trip. Our main trading materials are patches, neckerchiefs, slides, horned lodes and cotton balls. The Jamboree has provided us with revealable outdoor showers. Each day there is estimated to be 25,000 visitors, so showers are taken with risk.

Our troop was one of the few to be televised on the Herb Shrin special during entire Jamboree nearly all the boys time. Saturday, 23rd, our troop held a camp fire with troop 71 from Scoutmaster Jim Word. He cut his finger while whittling.

## WBC To Honor George Mahon

**PLAINVIEW (sp.)** —Wayland Baptist College will confer on the Hon. George H. Mahon, Lubbock, the honorary Doctor of Laws degree at the 50th session summer commencement on August 25, by vote of the Board of Trustees.

Mr. Mahon, Representative of the 19th Congressional District of Texas for the last 25 years, will also deliver the Commencement address at 7:30 p. m. at College Heights Baptist Church, adjacent to the campus. He and the graduating seniors will be the honored guests for a reception given by President and Mrs. A. Hope Owen at Van Howling Memorial Library immediately following the ceremonies. Friends of Mr. Mahon and the seniors are cordially invited to attend the ceremonies and the reception according to President Owen.

Mr. Mahon was recently named one of the "ablest men in the Senate and House" by a poll of the 50 top Washington correspondents for Newsweek Magazine. This report appeared in the June 20 issue of Newsweek. He ranked fifth among the House Democrats.

**COLORADO SPRINGS**—One of the first things the Scouts were required to do when they got to the Jamboree site was to report for physical. Here are two of the Floydada boys in line for the examination. They are Gary Jarnagin, left, and David Boren. The boys will break camp and start home Friday morning.

## BARBER GETS OKEY TO RESUME TEACHING

H. G. Barber, vocational agriculture teacher in Floydada High School, who was unable to complete the last school term due to a heart illness, recently received permission from his doctor to begin making plans to teach school this coming fall.

Barber has been under the doctor's care for several months. Other restrictions have been eased, and Mrs. Barber reports that her husband will be able to get around more.

Barber was to have been honored at a Vocational Agriculture Teachers convention in Corpus Christi on August 10, but due to his illness, he will not get to attend. He was to receive recognition for his 25 years of service to his profession before the expected 1,000 vocational agriculture teachers in attendance. Mr. Barber still will receive his pin of honor.

## Event Slated Saturday On Wester Field

Forty-four entries were filed by 30 girls for the Floydada Invitational Twirling Contest by the deadline date on July 22, announced Dan Whitaker, sponsor of the contest, this week.

The actual contest is scheduled to take place on Saturday, July 30, with Class II competition beginning at 9:30 a. m. and Class I following at 1 p. m. The contest will take place at Wester Field unless unfavorable weather conditions prevail, then it will be moved to a different location.

**Towns participating and their number of contestants are:**

- Paducah, 4;
- Hale Center, 2;
- Floydada, 13;
- Ranger, 4;
- Plainview, 2;
- Brownfield, 3.

Twenty-eight solos were entered with seven of those in Class II and the remaining twenty-one in Class I. Four duets were entered in Class I and two in Class II. Only one quartet was entered and it is in Class I.

Class I is made up of contestants 14 and above and Class II consists of contestants 14 and below.

Floydada girls entering the competition are Suzanne Collier, Bobbie Reise, Jenis Moore, Jan Stansell, Dee Ann Wilson, Dorothy Edmiston, Barbara Gilly, Jackie Yeary, Janice Trapp, LaJuana Rimmer, Sara Holmes, Sue Johnson, Betty Lou Wright, and Vickie Jarboe, all of whom have entered solos.

Entering in duet teams are Suzanne Collier and Bobbie Reise, Jan Stansell and Dee Ann Wilson, Janice Trapp and LaJuana Rimmer.

Judging for the contest will be Bill Woods, band director of the Seagraves schools. Contestants are not competing for places but rather for first divisions. Each first division winner will receive bronze medals.

Mr. Whitaker hopes to make this an annual affair for Floydada, and hopes that with each year the event will create more interest and enthusiasm among the townspeople, as well as the contestants.

**NEW Q&P AGENT** at the Floydada office is Fred M. Gunter. He comes from Roaring Springs to succeed Robt. Medlen, who retired last week. Gunter is a veteran in the service of the railway company. He and Mrs. Gunter are residing at 1203 South Fifth. (Staff photo and engraving)

# 1400 Predatory Animals Caught In Year by Government Trapper

In the entire state the compiled reports show 36,733 predatory animals destroyed within the year. Of these the far greater number were coyotes, with 30,980 as the total. Next in number were 4,382 bobcats. Also included in the total were 1,572 red wolves and 17 mountain lions.

The count is based on the scalps which the trappers turn in for credit.

## Farmers Okey Wheat Quotas

Floyd County wheat growers voted for the marketing quotas almost unanimously last Thursday.

Only 103 wheat growers took the call from her son Fred Sunday morning at 6 o'clock. In the service with an assignment in Korea he was in Tokio for a week of rest.

The call was not unexpected since she had been advised that Fred had made a date to telephone.

He is doing well, Fred told his mother, thoroughly enjoying his off-duty week.

Although the conversation was held at 6 o'clock in the morning more than 98 per cent of the vote was above 90 per cent, the 9 o'clock in the evening at Tokyo, 13 hours earlier than in Floydada.

District	For	Against
Dougherty	12	
McCoy	3	
Lockney	12	
South Plains	9	
Cedar Hill	12	
Floydada	53	
Totals	101	2

Percentage wise this majority held at 6 o'clock in the morning more than 98 per cent of the vote was above 90 per cent, the 9 o'clock in the evening at Tokyo, 13 hours earlier than in Floydada.

## Jack Henry Learns Of His Acceptance At Medical School

Jackie Henry, son of Mr. and Mrs. W. B. Henry, has been recommended to matriculate in the University of Texas School of Medicine at Galveston, he learned this week.

He will enter school there sometime in September.

Scholastically Jackie graduated from Tech this year in the high fourth of the pre-med class.

This spring and summer he has been working at two jobs, one is the Methodist Hospital and the other on the campus at Texas Tech. He expects to spend the remainder of his vacation period in a more leisurely manner on recommendation of his sponsors.

**SOUTH MAIN STREET** viewed from Crockett looked like this last week-end when the Thomason dirt moving crew got back on the job after three weeks of starts and stops. Note water in the gutters, occasioned by breaks in the water lines. Half a dozen such minor repair jobs were still on water superintendent's list this week, in addition to bigger jobs (of lowering mains) the water department encountered when the paving work began. The outlay on the part of the city has been in the thousands of dollars. (Staff photo and engraving).

There are no dinosaurs in Texas, but we do have proof that the prehistoric monsters were here at one time.

Just travel twenty miles west of Cleburne to the town of Glen Rose, and you can see for yourself.

There you will find fossilized dinosaur tracks along the beautiful Paluxy River.

They have fine specimen on exhibit downtown.

You'll enjoy staying in Glen Rose, as it is a well-known vacation and health resort famous for its mineral water.

**Family Night Program**

Family Night at the country club house has been announced for Friday (tomorrow) night. Games will begin at 8 o'clock.

**Heavy Rain Causes Confusion**

A heavy rain, but quite local, in the watershed of Blanco lying west toward Sand Hill Wednesday night, caused some confusion and resulted in a smaller attendance than was anticipated at the picnic.

Blanco was running bank-wide for a short time Wednesday. Because of the reported rise the impression was general that access to the club house would be impossible. However, by late Thursday vehicles were crossing on dry ground.

Decision of the hosts to have the barbecue at the VFW Hall in Floydada was announced and later decided against.

Dr. Pat Williams officiated in the brief ceremonies incident to the awards and Mrs. Roy Hatchell gave graphoanalysis demonstrations before the evening's dance which began at 9 o'clock at the club house.

**Summer Revival Days**

The summer revival will begin at the church this weekend. Our pastor Bro. L. E. White will do the preaching and James Sinclair of Lubbock will have charge of the song service. Cottage Prayer Meeting will be held all of this week.

Mrs. Arvis Moore and children Kitty, Joyce, Fern and Robert L., were callers late Tuesday afternoon in the T. E. Thornhill home.

Doug Rainbolt of San Saba visited Tommy Thornhill from Friday evening until Monday morning. Other visitors Saturday night were Bob Norris of Big Spring and Donald W. Thornhill of Canyon Valley.

Sunday callers in the T. E. Thornhill home were Mr. and Mrs. Homer Smith and Bessie and David Long, Mr. and Mrs. D. D. Thornhill, Mr. and Mrs. Ben Beckham and Robert Winegar. Sunday overnight visitors were Mr. and Mrs. L. R. Rainbolt and children of San Saba, Karen Westernman of Ft. Worth, and Karen Jo Winegar of Crosbyton.

Mr. and Mrs. Calvin Beckham and Barbara Kay of Lubbock were Sunday dinner guests of Mr. and Mrs. Ben Beckham.

Our deepest sympathy to J. B. Marley and family in the death of his brother Hobby Marley of near Lamesa, who passed away last week. Hobby was the last brother Mr. Marley had living. He was buried Friday near O'Donnell, as his father and mother were buried there quite a number of years ago.

Mr. and Mrs. Hoyt McClure visited Tuesday afternoon of last week with Mrs. Weldon McClure. Sunday dinner guests of Mr. and Mrs. Hoyt McClure were Mr.

A. D. Whalen was a Monday morning caller in the T. E. Thornhill home.

**Western Union Now At The Fair Store**

The Western Union telegraph office is now located in The Fair Store on west side of square in Floydada. The move was made last Friday when equipment was moved from Floydada Drug on West California St. to the present location.

The telegraph company has had an operator here this week training Mrs. Sam Shami to be the local operator. Shami has announced the change in advertising copy of The Fair Store in this week's Hesperian.

Monday through Saturday the telegraph service will be offered between 8:30 and 12:00 noon and from 1:00 to 5:40 p. m., and will be closed on Sundays.

Telegraph messages will be received at the new location or by telephone. Delivery of messages will be by phone, by mail and by carrier.

**Causes for Failure in Jelly Making**

Homemakers are sometimes puzzled over causes for improper jelling, a sugar crystallization, "weeping" and cloudiness in home-made jellies.

Some of the causes for these problems follow:

Sugar crystallization may be caused by an excess of sugar, insufficient acid, overcooking or delay in sealing.

"Weeping" results when the juice is too high in acid content. Cloudiness may be caused by imperfect straining, or by starch in under-ripe fruit — often found in apple and crabapple jelly.

Failure to form jelly is due to improper balance of pectin, sugar and acid. This improper balance may be caused by overcooking or undercooking the jelly, by undercooking the fruit in extracting, the juice, using too much water in extracting the juice or using fruit which is too ripe.

Mold or fermentation of jelly may be caused by storage in warm or damp places, failure to sterilize glasses, imperfect sealing with paraffin, or not enough sugar.

Make sure of good results in jelly making by following recommended methods. Get a copy of the extension bulletin, "Sweets for the Family Table" at the extension office. It gives directions and recipes for a variety of jellies, jams, preserves, conserves, marmalades and fruit butters.

**McAdoo Revival To Begin Sunday**

Melvin R. Mathis, pastor of the McAdoo Methodist Church announces that the church has set the evening of July 31 as the time to begin its revival services, with the morning of August 7 as the closing date.

Weekday services are to be at 7 a. m. and 8 p. m. with Rev. C. C. Campbell of Amarillo as guest preacher for all the services. On August 6 only an evening service is scheduled.

R. E. Nickles will serve as song leader with Gayle Hardy at the organ and Miss Opal Nickles playing the piano.

A cordial invitation to attend all of the services is extended to the public.

Guests from Thursday until Sunday with the Welton B. Winn family were two of Mrs. Winn's sisters and their families, Mr. and Mrs. R. C. Howell and children of Hereford and Mrs. K. O. Pinner and daughter of Snyder.

Bill King is manager of the agricultural department of the Fort Worth Chamber of Commerce, assistant manager of the Fat Stock Show in Fort Worth, and Ranch Club, past Kiwanis Club president and a raiser of miniature pinchers — or maybe it's boxers, anyhow, they're dogs. However there was also a box and one costs a good deal of money.

Leo A. Hoegh, director of the Office of Civil and Defense Mobilization, points out that "the safety of the nation depends upon our farmers being prepared not only to reduce their human and property losses through accidents. They also should take the necessary steps to insure that if an enemy ever attacks us with nuclear, biological, or chemical weapons, our farmers would know how to survive, recover, and produce the food and other products upon which victory would depend."

A broad rural public information program is now underway in 3,000 counties. It stresses the relatively simple methods by which people can develop their own self-protection against the fallout hazard of a nuclear attack—the principal threat to people who live in rural areas.

was Carter? He was a farmer in the Old South a long time ago. Then there is the expression, "the real McCoy." Kid McCoy was a fighter in middleweight and dozen are contending at the same time while others are rising to the top. And in the midst of this confusion, the speaker's name is indistinctly heard in a member — "hurray for Garrison." Much of this is induced in my opinion by the want of a local man who claimed firmness in the speaker's chair. The only important business he took a lot of punishment the first round. In his corner at the end of the round, his manager asked, "Is he a phony?" The fighter replied, "No — he's the real McCoy."

Well, I've made a start toward writing that book that Bill King suggested. He has generously offered to give me half of what ever I can make from it.

**RURAL CIVIL DEFENSE** meeting in Henry County, Ind., takes place in the Prairie Township fire hall at Mt. Summit, Ind. Speaker is Robert D. Wolf, the county civil defense director, who has held similar meetings throughout the county. Civil defense gatherings such as this are part of a nationwide rural civil defense program to teach persons how to survive nuclear attack and aid the nation's recovery efforts. Experts say any area could be affected by fallout. (OCDDM Photo)

**'PARTY LINE'** for the nuclear age is this two-way radio, one of four control units in a radio warning network operated by the Henry County, Ind., civil defense organization. There are some 30 other units in the network, which exists primarily to warn the county's remotest rural population of tornadoes or nuclear attack. Residents of towns and cities would get the warning from siren systems. (OCDDM Photo)

Residents of rural America's 5,000,000 farms are being urged by civil defense officials to plan now for their safety from nuclear attack as they consider ordinary hazards during Farm Safety Week, July 24-30.

Leo A. Hoegh, director of the Office of Civil and Defense Mobilization, points out that "the safety of the nation depends upon our farmers being prepared not only to reduce their human and property losses through accidents. They also should take the necessary steps to insure that if an

enemy ever attacks us with nuclear, biological, or chemical weapons, our farmers would know how to survive, recover, and produce the food and other products upon which victory would depend."

A broad rural public information program is now underway in 3,000 counties. It stresses the relatively simple methods by which people can develop their own self-protection against the fallout hazard of a nuclear attack—the principal threat to people who live in rural areas.

Family fallout shelters are urged as the least expensive and most effective means of saving the greatest number of people from a nuclear attack. Shelters would be highly effective to protect families against tornadoes. All shelters should be equipped with a two-week supply of food and water, a battery radio, first aid kit, flashlights, bedding and other survival items, according to OCDDM.

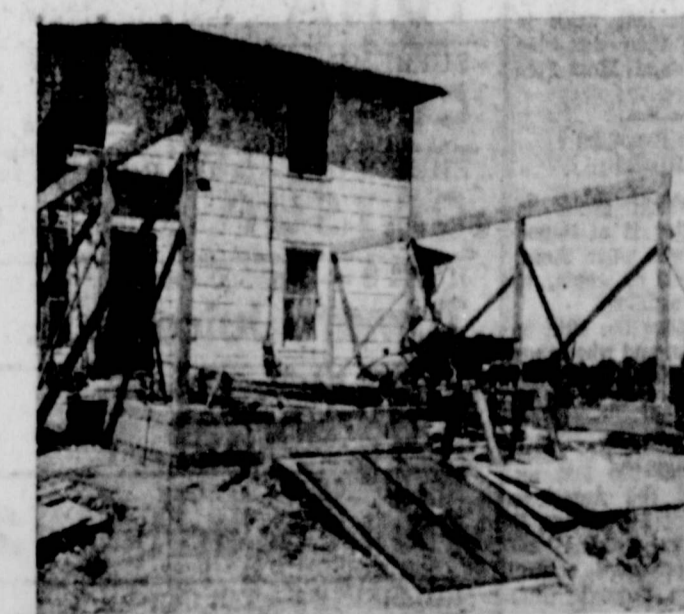

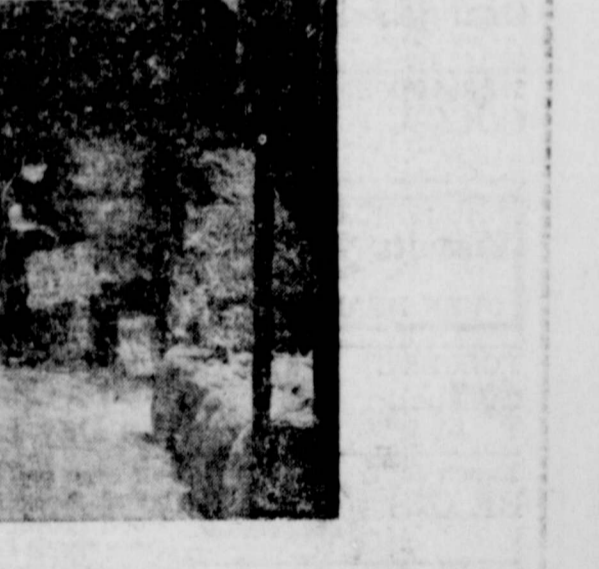

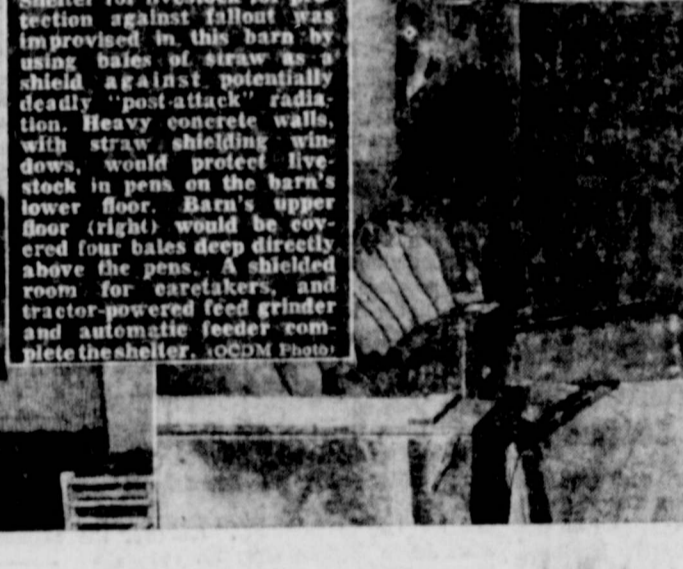

Family fallout shelters cost as little as \$150.00 when constructed on a do-it-yourself basis. When built by contractors, the cost ranges from \$300.00 upwards.

Precautionary reinforcement of barns and outbuildings can lessen the hazards of fallout on livestock. The more massive the materials between livestock and fallout, the less radiation will come through to injure or kill the animals. Steel and concrete are good shielding materials from fallout. Earth costs nothing and also is effective for shielding. Even bales of straw or wood, if thick enough, can keep out most radiation.

Detailed information on shelters, treatment of fallout-contaminated soils, what fallout-contaminated foods could be eaten and how they should be prepared, and other survival information is now available to rural Americans through public meetings sponsored by county civil defense directors. Printed material also is available from county directors or by writing to the OCDDM Rural Activities Office, Battle Creek, Mich.

**Shelter for livestock for protection against fallout** was improved in this barn by using bales of straw as a shield against potentially deadly "post-attack" radiation. Heavy concrete walls, with straw shielding windows, would protect livestock in pens on the barn's lower floor. Barn's upper floor (right) would be covered four bales deep directly above the pens. A shielded room for caretakers, and tractor-powered feed grinder and automatic feeder complete the shelter. (OCDDM Photo)

**DUAL PURPOSE** fallout shelter and carport-patio is shown under construction at the farm of John Holden near Hickory Corners, Mich. The shelter, to be used also for food storage, cost \$1,200. With the carport and patio now being added, the cost totaled \$2,300. Holden's family of three, and eight neighbors, gave the shelter a realistic workout recently when a small tornado struck nearby. An entrance to the shelter is in the foreground. (OCDDM Photo)

**FALLOUT SHELTER** built by Louis Severance adjacent to his home near Akron, Mich., includes a special ventilation and escape hatch (right); an entrance to his basement, tiny kitchen, running water, sanitary facilities, and a sleeping and living area (inset) for the family of four. The shelter cost about \$1,000. It has a 10-inch reinforced concrete ceiling with thick earth cover, and concrete walls. Severance says, "Ever since I was convinced what damage H-bombs can do, I've wanted to build the shelter. Just as with my chickens, farm, when there's a need I build it." (OCDDM Photo)

The Dempseys recently received a form letter from the chaplain of the academy telling them just how rough a time the boys were having and how so many of them are on the brink of giving up. He told all the parents to write only letters that would be of encouragement to the boys.

Bob is teaching a Sunday school class of the officers children.

"Even though Bob doesn't have time to answer but about one letter a week, he enjoys all of those he has received and plans to answer them when he is permitted the privilege of more time," reported Mrs. Dempsey.

Bob's address is Basic Cadet Robert E. Dempsey 2274K, 42nd Prov. Squadron, Air Force Cadet Wing, USAF Academy, Colorado.

Bob continues to rave at the immensity and beauty of the academy. The Dempseys plan to tour the establishment during their visit with Bob in August.

Mr. and Mrs. Vernon Witkowski and son Johnny, formerly of Floydada, now of Plainview, were visitors in the Dennis Dempsey home Friday night.

**Burgett Funeral Center News**

**Held On Friday**

Funeral rites for 72 year old Lee Burgett, who died in his home at Fairview early last week, were held Friday afternoon at the First Baptist Church in Floydada. The pastor, Rev. Ed B. Bowles officiated. Interment was in Floydada cemetery under the direction of Harmon Funeral Home.

Pallbearers were John Crowley, Melton Carmack, Aubrey Neff, Marion Burns, Walton Wilson and W. W. Baxter.

Mr. Burgett was a long time resident of Floyd County, having resided in the Fairview community shortly after moving here. Although retired from farming he was active until claimed by a heart attack the night of July 19.

Survivors include his wife, Jennie; six children including two daughters and four sons; four brothers and one sister, 28 grandchildren and 12 great grandchildren.

Honorary pallbearers were Shirley Irwin, Floyd Anderson, Eli Neff, Lee Rushing, Carl Minor, Ruey Irwin, Edell DuBois, Henry Wyatt, Lester Hargis, Cecil Payne, Galen Holland, Clyde Bagwell and Tom Smith.

**Center News**

By Mrs. J. E. Green

CENTER, July 25 — We are having a typical July day. Bright and still — a few clouds which occasionally float over the sun giving a brief relief from the heat. Crops — you can almost see them grow, especially the weeds.

Church attendance was good Sunday in spite of so many absentees. For we had so many visitors to take their places.

Mr. and Mrs. H. B. Mankins visited Mr. and Mrs. John Marsh Sunday afternoon.

Mr. and Mrs. R. C. Ross visited her father, S. A. Guffee and wife Sunday afternoon. Mr. Guffee had been indisposed for the last few days, but was improving. Other visitors were his sons, Homer and Clarence and their wives, all of Floydada.

Mr. and Mrs. Thomas Warren and children were Sunday dinner guests of Mr. and Mrs. Fred Battey, in town. Other guests were his mother, Mrs. Ola Warren and her mother, Mrs. Charley Battey. The dinner honored birthdays of three of the party over the weekend.

Mr. and Mrs. Leo Frizzell, Mrs. W. M. Jackson, Mr. and Mrs. A. E. Frizzell left last Tuesday for several days vacation on Red River.

Mrs. Maude Sandifur of Austin spent last week with Mr. and Mrs. Walter Sims.

Chuck Horton of Berger and Jack Fugate, city, spent last week with Bruce and Phil Horton.

The Hiway 84 club met Saturday evening with Mr. and Mrs. Oliver Allen. Guests were Mr. and Mrs. Frank Dunn, the O. C. Vinsons, the Charles Dennings, the Starks Greens, and Mr. and Mrs. L. H. Dorrell.

Mr. and Mrs. R. C. Ross visited the Frank Dunns Sunday evening.

Mr. and Mrs. Jerrold Vinson and children dined Saturday with his parents, Mr. and Mrs. O. C. Vinson. Mrs. M. A. Wood came in awhile in the afternoon.

Mr. and Mrs. R. E. Waggoner of Plainview visited one evening recently with Mr. and Mrs. Doyle Sandifur.

Mrs. Millard Crump, Sandra and Billy Jack, visited Saturday evening with Mr. and Mrs. Sandifur. Mr. and Mrs. Fred Robertson visited in the home Friday evening.

Mr. and Mrs. Joe Richard Noland and baby visited Sunday evening with his parents, Mr. and Mrs. T. R. Noland in west Floydada.

Marvin Noland of Hamilton, who has been visiting the T. R. Noland for the past week, left Monday for home. He expected to attend the funeral service for a brother-in-law in Ft. Worth Tuesday.

Mr. and Mrs. Charles Fulkerson had their grandchildren with them last week while the mother, Mrs. Boenig, and their aunt, Mrs. Donald Finkner of Lubbock spent a few days in Denver, Colo. Visitors Sunday afternoon were Mrs. Fulkerson's father, Mr. Goen, and Mr. and Mrs. E. W. Thornton of Floydada.

The J. E. Greens visited Thursday evening with the D. F. Boidings.

Mr. and Mrs. J. M. Rymon Jr. and children of Sweeney arrived Friday to visit her parents, the J. E. Greens, and other relatives. Others visiting in the Green home were Mr. and Mrs. Victor Green and boys, Jimmy and Steve, of Plainview, and Mr. and Mrs. Anthony Latta, David, Sammy and Carol of Mt. Blanco.

Mr. and Mrs. Lloyd Edgus Allen Jr. and young son, Rickie, of Gallup, N. Mex., left Sunday for home after spending the past few weeks in Floydada with his parents, Mr. and Mrs. Lloyd Allen.

EDITORIAL VIEWS AND COMMENTARY

**Left The Gate Down.** When the congress and the president put it into the law of the land that a maximum of 15 acres of wheat could be grown on any farm unit while policing all the wheat acreage in the country above that figure, they left the gate down. The surplus wheat of which the city people complain, the tremendous backlog of the golden grain that is bulging granaries at seaboard, can be traced to this 15 acres. For enough 15 acres put together make 15 million acres. In Floyd County alone there are more than a hundred such 15-acre crops. Fellows who are not in the wheat business but have the surplus ground from cotton or other allotments, find it more profitable to put in 15 acres of wheat than 15 acres of maize or soybeans, so they do.

But it is back across the Mississippi, east and northeast, that the 15-acre plantings are most numerous. Custom harvesting make it just about as easy for one man to get a crop harvested as another. A person has to have no harvesting machinery whatsoever. All he needs is a telephone. So we have a surplus of wheat occasioned by an innocent looking provision in the law that opened the flood gates. And the man who is in the wheat growing business gets the blame for the troubles which plague his segment of the farming industry.

Meanwhile the quota referendum was overwhelmingly adopted last week for continued wheat marketing controls. The wheat grower has his arms around the neck of the marketing law. Some such thing is about his only salvation. The vote nation-wide was upward of 92 per cent favorable.

**Hail The Politician.** Didn't we say recently the most important man in the community or nation is the politician? If we did not we should have. The politician determines city, county, state and national policies. Issues, great and small, that affect our lives for time to come, hinge on the politician's ability, integrity and wisdom after being chosen by his peers at the ballot box. This week, at Chicago, history may be in the making. Certainly a battle of the giants is due to follow the conventions of the two major parties. It was the politician who set the course of the Democratic party in the conventin early this

Swiped: My son weighs in at two-o-four, to six feet three he's risen; he used to wear my hand-me-downs, but now I'm wearing his'n.

month. It is the politician who is laying the groundwork for the Republican campaign at Chicago this week. Much of your destiny and ours lies in how the politicians maneuver between this date and November. Like the politician or not, despise him, belabor or ridicule him. He is making or breaking you and your country. He has from times past. He will into the foreseeable future.

**Flight From Africa.** Caucasians are fleeing from Africa these days. Hundreds of families have evacuated the vast continent under pressure. Doctor's, professional men, missionaries of practically every creed, are in the category of people for whom it has become a dangerous thing to remain. To many missionaries especially, Africa, where they have served for long years, has to all intents, become a way of life. There are wide areas of what we call the Dark Continent where life continues as it has before, but for the most part the "wild-spread" awakening has swept everything Caucasian before it.

**The African Tribes.** where civilization has barely laid an outer coat of civilization, have had many woes. They do not know what these troubles may stem from but the only outside influence is the white man, as opposed to the Arab or other native. So they blame their troubles on these white men. They think of themselves as down-trodden, not by their own inability but by the foreigner, who has come into their midst and who lives on a scale of well-being far above their own. There have been many cases of excesses by the natives as they scoured the whites from their countries.

**More Liberal Pensions.** A federal law, which became effective July 1 makes the pension laws more liberal for veterans who have service connected disabilities. Likewise the new law makes more liberal provisions for widows and children of disabled veterans. County Service Officer Darnell G. Ayres calls attention to the new statutes in news stories given out this week.

**GO, CAT, GO!** Some anonymous advice received by the editor of The Hesperian this week comes from Oklahoma City. It says: "Keep your eye on the ball, your shoulder to the wheel, your ear to the ground. Now try to work in that position!"

Let thy child's first lesson be obedience, and the second will be what thou wilt. —Franklin.

New Law Adds Benefits For Injured Vets

A large number of Texas veterans who have serious handicaps resulting from active military service will benefit from a law recently enacted by Congress and signed by the President. This announcement was made today by D. G. Ayres, Veterans County Service Officer in Floyd County. Veterans who have disabilities resulting from service in the Armed Forces may receive compensation from the Veterans Administration on account of a degree of 50 percent or more, additional allowances are payable to the veteran on account of his wife, dependent children and dependent parents. Prior to passage of the new law, this additional allowance was payable on behalf of only three of the veteran's children. The new law provides for an additional allowance for all dependent children of the veteran, if the veteran has disabilities of service origin evaluated at 50 percent or more. These disabled veterans who are receiving compensation at 50 percent or more, and who have more than three dependent children are advised to contact D. G. Ayres, at his office, located at Bishop Building in Floydada, Texas, or any office of the Veterans Affairs Commission of Texas, for additional information and assistance in obtaining these additional benefits. Ayres stated that this new law became effective on July 1, 1960, and benefits payable as a result of the new law will be effective from the date the Veterans Administration receives proof that the disabled veteran has such additional dependents.

Floyd County 14 Years Ago

(from the issue dated July 25, 1946)  
Lightning in El Paso late Saturday afternoon of last week took the lives of two Floydada people, J. B. Woods, 26, for 18 months checker at Figgly Wiggly food store, and his young brother-in-law, J. W. Barbee, 16. Victims of a sudden thunder storm which enveloped the border city, the two young men had been in El Paso only a short time. Woods had the previous Saturday resigned as checker at the local food store and was taking employment at El Paso. They were in a tent, a temporary home when struck down. Funeral services for both men were held Tuesday in the Methodist church. Barbee is survived by three brothers and four sisters. Woods is survived by his wife, a son, his parents, Mr. and Mrs. Roy Woods, two sisters and his grandparents.

Mr. and Mrs. J. W. Starkey celebrated their Golden Wedding anniversary in their home July 7 and enjoyed the presence of all their children and other relatives. Twenty-seven relatives were present for the anniversary dinner.

Miss Joanna Williams and Mary Ann Keohane of Roswell, N. Mex., visited the first of the week in the home of Miss Williams' grandmother, Mrs. E. F. Stovall.

J. R. Kee and children, Luther and Betty Lou, of Lubbock were victims of a highway accident which occurred Tuesday afternoon in Blanco canyon. Luther received bruises and a gash on the head. His sister sustained a cut on the leg and bruises. They were taken to their home by ambulance Tuesday night. The party were enroute to Floydada to attend the funeral of J. B. Woods, a nephew of Mrs. Kee.

Bobby McGuire, Kelly Hagood and Bill Hale of this city were among the 23 senior scouts and three leaders from the South Plains council who left Friday morning for a two weeks camping expedition to Philmont Scout Ranch near Cimarron, N. Mex.

W. N. Garrett returned home the first of the week from Rochester, Minn., where he had been at Mayo Brothers for surgical treatment.

Mr. and Mrs. A. Byron Clark announce the engagement and approaching marriage of their daughter, Jane to E. Leeman Norman Jr., son of Mr. and Mrs. E. L. Norman of this city. The wedding will take place August 28 at the home of the bride's parents.

Bobby Kincheloe, 15, son of Mr. and Mrs. J. A. Kincheloe of Mt. Blanco, suffered a badly mangled foot yesterday afternoon when his right foot was caught between the axle and the power lift on a tractor. The boy had to have several stitches taken.

Although the heat of a dry summer has been remarkably mild in Floyd County during the week, the thermometer jumped to 104 Friday afternoon to mark the highest reading of the year. Fred D. Orsburn of San Fran-

cisco, Calif., is here visiting with his father, L. P. Orsburn and sister, Mrs. C. W. Burton and family.

Piece of Sterling Awarded Local Girl

Miss Sonia Guffee, a 1960 graduate of Floydada High School, was one of the winners in the national "Sterling is for Graduates" contest.

The Sterling Silversmiths of America sponsored this contest for all graduating high school senior girls. Each girl qualified for the contest by registering the name of her favorite pattern with the name of store at which she bought her first piece, or a local retailer.

Winners were selected from more than 40,000 entrants in a national drawing in New York City. Miss Guffee was the only local winner among the winners in this area and will receive a Sterling teaspoon in the pattern of her silver early in August.

Prizes totaling to \$25,000 are given in cash and sterling silver each year.

Mrs. Edd Muncy underwent surgery in Methodist Hospital Friday and is reported resting well at this time.

Pam and Cheryl Hallmark children of Mr. and Mrs. W. L. Hallmark, visited several days in Floydada last week with their grandmother, Mrs. Floyd Ballard, and with other relatives and friends.

The Claud Estes family returned home last week after an enjoyable vacation spent in the mountains of Colorado.

## The OLD RANCHER

I GET BETTER  
USE OF GRASS  
WITH FENCES  
TO CONTROL  
THE GRAZING

**SOIL CONSERVATION DISTRICT NEWS**

More efficient use of native range grasses in large pastures can be made by use of cross-fence to control grazing. Cattle have a habit of overgrazing certain areas of pasture while not grazing other areas uniformly. Also a cross fence enables a rancher to rest portions of his ranch as needed.

The Great Plains Conservation Program under the supervision of the Soil Conservation Service of fers cost-share on cross fences up to 50 per cent of the cost.

Bill Norman, Dougherty; Charlie Lewis, Floydada; and Vaughn Hall, Quitaque, have all taken advantage of this program to install cross fences to make better use of their grass.

For further information on this practice and other technical assistance in planning needed practices on your rangeland contact your local SCS office.

**Floydada Family Attends Funeral Of Aged Father**

The Floyd Boren family were called to Greenville Saturday by the death of Mrs. Boren's father, D. E. Sprinkle, 84, who died about 5 p. m. from a sudden heart attack.

Mr. Sprinkle had been in ill health for a number of years and was an invalid.

Rites were conducted Monday morning in the Funeral Home chapel at Greenville with burial in the city cemetery there.

Survivors include the wife; six daughters, including Mrs. Boren two sons; and several grandchildren and great grandchildren.

Mr. and Mrs. Boren were accompanied to Greenville by their daughter, Janet and Jill Matsler. The couple's son, David, was at camp in Colorado.

**FLOYDADA COUPLE ATTEND REUNION AT ELGIN, OKLA.**

Mr. and Mrs. O. F. Cummings recently returned from Elgin, Okla., where they attended a family reunion. Five sisters were together and it was held in one of the sister's home, Mrs. Paulene Rose. Other sisters were Beth Frazier of Brownsville, Mrs. Mary Jo Rasberry and son of Caddo, Okla., Mrs. Marvin McGee and husband, two sons, John and Bobby of Denison, Tex., and Mrs. O. F. Cummings and husband.

Cummings children present were Junior of Snyder, Mrs. Oatis Campsey and husband of Arle and Mrs. Rose's only son, Mr. and Mrs. Kenneth Rose of Edmond, Okla.

Mrs. W. E. (Stick) Brown, of Roaring Springs, was among the friends of the family who attended the last rites for Lee Burgett here last week. The Browns and Burgetts were neighbors for many years in former days.

**As a Farm Woman Thinks**

Nellie Witt Spikes

He sendeth rain, He sendeth flowers:  
And joys and tears alike are sent  
To give the soul fit nourishment  
As comes to me as cloud or sun  
He sendeth sun, He sendeth showers.

Somehow it seems to me that Lewis Nordyke should be writing the last lines for me instead of this column for him.

The day was hot some years ago, I was tired when I went to the mail box and got a letter. It was from Lewis Nordyke with the News-Globe of Amarillo telling me he liked my column and was going to use bits of it in his Tri-State Press column.

When I went to Amarillo to visit my sister, Edna, I was invited to the Nordyke home to meet the family. Wilda and I went and while we drank lemonade and ate delicious cake, we got acquainted and I fell in love with the family and kind adopted them as my own kin.

Through the years that have followed we have kept up the friendship. I have seen Nan and Trilla grow into young womanhood and married. Yesterday I held Trilla's and Bob's six months old son in my arms and thought what a blessing he would be and how well Lewis had set a good pattern for his coming family.

Lewis was a man of no pretense or shame. He was a follower of the Man who came to earth and showed men how to live.

Lewis was kind. He wrote well of the people he knew and left some history that will be used for many generations to come. He wrote of his beloved father who "Home some few years ago. He told of his fiddling and how the neighbors took down their receivers on the country line and enjoyed a real artist in the business.

He told of big ranches, cattle trails and cattle men. He told of farmers and Texas fun. He was proud of his boyhood home at Cottonwood, Callahan Co. He wrote about "hoss tradin'" and out laws. His column cheered one's soul and mind.

A new book, Nubbin Hill, is coming out soon. Another was in the making of the Big Bend country where Lewis had gone for material.

But Lewis will not be here to see his new book, for as suddenly as he had once erased problems from the blackboard at Turkey Creek school, his problems of this earth were erased by the Master's Hand and we grieve.

But the words from the old prophet Isaiah comes as comfort to our grieved hearts for: "He will swallow up death forever, and the Lord God will wipe away tears from all faces."

There is always sun and shadow in this life. Yesterday we went to the Golden Wedding of Grover and Jennie B. Hill of Amarillo. Jennie's father, Felix Franklin was the first sheriff of Crosby County and he was Jeff's cousin. His wife, Fannie, was my mother's cousin. My sister, Edna, married Carl Hill, so we are well kin all the way around. And to make it more complex, Felix was my grandmother's half brother.

Our son, Dr. Spikes and wife Marjorie took me. We had such a pleasant trip and enjoyed the Golden Wedding. Grover Hill was Under Secretary of Agriculture under Roosevelt's administration.

**HD Club TO Have An Educational Booth At Fair**

The Homebuilders Home Demonstration Club met Friday in the Club kitchen with Mrs. R. C. Stewart, Jr., serving as hostess.

President Mrs. O. G. Mayfield presided over the business meeting. It was decided to have an educational booth at the fair in September.

A bake sale will be held at the club meeting on October 14. Mrs. L. L. Sawyer's resignation as vice-president was accepted with regrets. Mrs. W. W. Trapp was elected to serve in that office for the remainder of the year.

On August 12, club members will meet at 8:30 a. m. at the home of Mrs. W. W. Trapp and will journey to Lubbock for the day. Plans were made to go to the Museum, visit a T. V. Station, a hobby shop, etc., for entertainment during the day.

Council report was given by Mrs. Trapp. Mrs. Mayfield and Mrs. Lewis reported on the recreation school which they attended in Plainview recently.

Program for the meeting was "Study Qualifications of our Presidents" given by Mrs. Raymond Williams. Jo Ann Jameson, 4-H girl gave an interesting demonstration on "Care of Your Face."

Answering the roll call to "Why I Vote" were Mmes. Mayfield, Williams, Stewart, Trapp, H. W. Roberts, Cecil Lewis, L. L. Sawyer, Ernie Widener, and Mrs. Elmer Norrell.

**CARD OF THANKS**

Words cannot express our deep appreciation for the many acts of kindness shown us in the time of our bereavement by people that had never known us because we had only moved to Floydada on Sunday and death struck our family on Monday morning.

Our heartfelt thanks to all for the food, flowers, and kind words and scriptures spoken to us by Bro. Gilbert Rhine of the Bible Baptist Church and also Bro. Williams of the Calvary Baptist Church. Also an extra big thanks to the staff of the Harmon Funeral Home.

**Harmony 4-H Club Has Varied Program**

The Harmony 4-H Club met last Monday, July 18, at the Harmony Community Center.

President Norman Hopper called the meeting to order. The 4-H motto and pledge were read and Dan Hale led the group in devotional with a scripture from the Bible.

Ronnie Hopper, Janet Holmes and Nita Scott led the group in songs. Ronnie and Janet led the songs they had learned at camp.

Roll call was answered with "Sewing Tips I've Learned." Members answering roll call were Dixie Baird, Barry Hale, Don Hale, Janet Holmes, Norman Hopper, Ronnie Hopper, Beta Scott, Nita Scott, Sherry Simpson, Patricia Tucker, and Ronnie Tucker.

Ronnie Tucker and Ronnie Hopper gave demonstrations on "How to Sew on a Button," and "Cooking Jobs Boys Can Do."

Ronnie Hopper led the game, Predicament and Solution. Nita Scott led another game and Barry Hale brought the refreshments.

Scott Simpson joined the club as a new member and Nancy Jetton was a guest.

# STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

**AUSTIN** — If the brackish "hard as bricks" water commonly made suitable for domestic use, Texas' available water supply would be materially increased. To this end, the State Water Board has approved a de-mineralization research project to be carried out by the board, University of Dallas and Texas Electric Service Co. Board will put \$20,000 into the work.

Board engineers say total de-mineralization is not necessary and that it is possible the process can be accomplished at an economically feasible cost. In another move to increase available water, the Board has set a series of hearings on cancellation of water appropriation permits that have not been used. First 10 of the permits to be reviewed are scheduled for hearing Sept. 22. Some of the permits date back as far as 1918.

**DPS ASKS BOOST** — With more traffic to patrol and more crime to fight, the Department of Public Safety will ask the Legislature for the money to increase staff.

Col. Homer Garrison Jr., DPS director, has presented a budget calling for \$16,461,200 for 1960. This compares to \$12,420,490 allocated to DPS for this year and \$13,353,272 for the new fiscal year beginning Sept. 1.

Requested increases would allow the addition of 200 new highway patrolmen, 10 Texas Rangers, four narcotics agents and four intelligence agents.

Supporting his request, Garrison made this grim forecast: 29,000 more major crimes will be committed in Texas in 1963 than in 1959. This apparently a continuation of the trend which saw major crimes rise 45 per cent in the past five years, rising to 175,851 in 1959.

**PAROLE EXPANSION SOUGHT** — Texas board of Pardons and Paroles has a plan for saving the state some money.

But to do so, the Board says it will need more money to invest in enlarging the state's staff of parole supervisors. Since the paid parole system got under way in 1958, the Board says it has saved the state \$3,000,000. It costs that much less to pay a supervisor to keep tabs on a parolee than it costs to board and clothe a prisoner and make relief payments to his family.

The Board feels it needs a 70 man parole staff, rather than the present 40 — to do the job. For this, the Board is asking an appropriation of \$1,466,819 for the next two years. This is an increase of \$480,963, or nearly a half-million dollars, over the present biennium's appropriation.

Board contends this extra investment will save the state \$2,500,000 in prison costs, plus offering a better chance of returning more men to useful, law-abiding places in the community.

**OIL FLOW UNCHANGED** — Texas Railroad Commission has announced an eight-day production pattern for the Texas oil industry in August — the same as for July.

Daily allowable will be 2,630,969 barrels a day.

A majority of producers appearing before the Commission said there is still an oil glut in Texas and continued restriction is needed to protect the market.

Commission action came in the wake of a declaration by UT's Bureau of Business Research director that oil is no longer king in Texas. Even with foreign import limits, said Dr. John Stockton, supply outruns demand and that production has had to be held down to 8 to 12 days a month for the past two years.

Stockton foresees no improvement. Texas, he said, must develop new industries to bolster its economy or lose out to more dynamic areas.

**PARKS SURVEY SET** — State Parks Board has announced the Texas Research League will make a study of its operations and report to the next Legislature.

League is a privately financed, non-profit government research organization which studies state agencies at their own request.

State Auditor C. H. Cavness has recommended the Parks Board hire an auditor to keep track of the receipts from concessions operated in the state parks. Cavness also urged that the next Legislature act on a Legislature Council report presented to the 1959 session making recommendations for the continuing, expanding and attending of various parks.

Parks Board has designated a new state park, to be known as San Marcos State Park to be located near the proposed Canyon Dam site on the Guadalupe River.

## Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

## Dodson Rites Held Sunday At Olton

A former pioneer settler of Floyd County, Ben A. Dodson, 79 of Olton, died at his home there, early Saturday morning following a lengthy illness. Mr. Dodson was a brother of Mrs. Joe Wilson of Floydada.

Funeral rites were conducted Sunday in the First Baptist Church at Olton where the deceased had been a deacon for the past 40 years. Interment was in Olton cemetery.

Mr. Dodson came to Floyd County in 1891 with his parents. His father died in 1915 in Floyd County followed by the death of his mother some three years later.

Mr. Dodson moved to Olton in 1910. He was a cattleman in the early days and had been secretary of the school board at Olton for many years.

Survivors include his wife of the home, six sons, one daughter, two sisters, Mrs. Joe Wilson, Floydada, and Mrs. John Fry of Dallas.

A brother, Frank Dodson of Lockney, died three years ago.

## NEWEST BEST-SELLER AND SMALL WONDER

**COMET CLINE & RAINER**  
201 South Wall  
Floydada, Texas

Within hours of its introduction, Comet was an established hit. Weeks later Comet deliveries and orders are still running at a record clip. And small wonder! Comet is the first compact car to give you fine-car styling and comfort. And Comet's price includes a dozen or more big features other compacts either don't have or charge extra for. Yet Comet is priced with or below all the other compacts. Come see this small wonder today.

COMPARE ALL THE COMPACT CARS AND YOU'LL COME AWAY WITH A

Rev. and Mrs. Robert Fink and children, Bobby, Marcy and Janet of Houston, were overnight guests Thursday of Mrs. Fink's parents, Mr. and Mrs. J. H. Tribble. The Fink family were en route home from California where they had been to visit the past or's family, by way of Albuquerque, N. Mex. They were guests here of the J. Ray Tribbles. Joining the family for supper Thursday night were Mr. and Mrs. Joe Fisher and sons, Armand, Larry and Ivan of Lubbock.

**U. OF T. TO DISCONTINUE ITS OWN ADMISSION TESTS**

AUSTIN, TEXAS — After the 1961 (correct) Fall Semester the University of Texas will discontinue its own admission tests. Thereafter, entering freshmen who have not previously taken the University admission test will be required to submit scores made on College Entrance Examination Board's scholastic aptitude tests as part of admission requirements at the Main University.

CEEB tests are available everywhere and high school counselors and principals can advise students how and when to take them.

**TRAFFIC TOLL CUT** — While nationally the drop in traffic deaths for this year is one per cent, Texas has improved by nine per cent.

Texas traffic deaths up to mid-July of this year totaled 1,943, compared to 1,922 for the same period last year.

A veteran highway patrol officer said he believes the new auto insurance rates, which jump sharply for motorists with accidents or violations on their records, have contributed substantially to the better record.

But radar, he said, had the same effect until people got used to it and became indifferent again.

**SCHOOL REPORT CARD** — State Commission on School Accreditation has weighed Texas public schools against state standards and found 54 wanting.

Inspection teams recommended disciplinary action against 20 schools and warnings of a need for immediate improvement by 34 more.

If a school loses its accreditation, the work of its students cannot be transferred to accredited schools with full credit.

Commission recommendations will be reviewed by the State Board of Education at its September meeting.
