Wood Yard in Floydada—Yes, this picture was made right here in Floydada at Morckel Farm Chemical Co. Harry Morckel in picture got into the wood business for himself and it grew into an interesting sideline. Now Morckel and his helpers fell trees and saw them up to make fireplace wood. Also they have in stock hickory and oak, from down state points for those who prefer this type for barbecue purposes. Hickory is \$25 per 1/2 cord, Elm is \$30 per cord. Morckel uses a Wright oscillating saw powered by gasoline motor for the sawing. Morckel uses a power lift in storing and loading the wood so that the purchaser will find it to be almost an arm chair operation to get wood in his back yard at home. Morckel's lift loads one-half cord which measures 4 by 4 by 4 feet. It is saved in about two foot lengths.

OLD-FASHIONED COMFORT. This old show piece makes for lots of conversation at OK Rubber Welders. Seated around the stove are Ralph Rucker, Ralph Mardis, and E. R. Martinez. The stove is an early model of about pre-World War I vintage. Manufactured by Home Stove Co. this deluxe model stands six feet tall, is closed in with transparent windows so you can see the fire, and was made to hold a sack of hard coal which could be loaded from the top. Rucker got this interesting antique and another like it from L. C. Surginer. The stoves were just like new, only one of them having ever been fired. Nickel plated trim on the stove shines like new car trim on a 1961 model. The heater has been converted to natural gas, a change that puts a smile on the face of Mardis of Pioneer Natural Gas Co.

Funeral services for G. M. Bulard, 79, will be conducted this afternoon in the First Baptist Church. He died Tuesday night in the Plainview Hospital where he had been for several days for surgical treatment. He was a retired farmer. Survivors include his wife, six sons and four daughters.

Buster Boothe, proprietor of the Boothe mill, is in Pitts Hospital this week and not feeling too good as the result of burns sustained on his hands and face Monday afternoon. Also due to be released soon it will be months before Boothe will be able to have much use of his left hand. A can of kerosene used to re-light the fire in his office exploded in his hands, causing the burns.

McLain Urges Citizens Pay Poll Taxes

I appreciate my article appearing in last week's Hesperian and as to the election results. I do thank those who came out and voted and am glad that the result was a right good percentage in favor.

I did not expect to change anyone as to how they voted but I did hope by calling the attention of people and the need of such improvement that some might vote who would not otherwise have done so. It seems that in this I must have been mistaken considering the small vote cast.

Had this bond issue been voted down and the colored people had asked and obtained admission to our white schools, I wonder how many of these hundreds of legal voters, who did not vote, would have raised a yell about integration.

Dr. Tom Dooley Head of 'Medic' Collapses, Dies

Dr. Thomas Dooley, world-known young doctor who since his Navy discharge, had been fighting for those in poverty and diseased stricken county of Laos with his medical profession, is dead. The untiring St. Louis native, died in his sleep Wednesday night of last week, a victim of cancer.

Dr. Dooley, 34, had a message from President Eisenhower on his birthday, Jan. 16th. The president told the doctor, "It must be a source of heartfelt gratification to realize that in so few years you have accomplished so much for the good of distant peoples and have inspired so many others to work for all humanity."

The doctor used funds for his Laos hospitals, collected during personal lectures, and from his two novels, "The Edge of Tomorrow" and "Deliver Us From Evil". In 1953 he and Dr. Peter Comanduras, founded Medico, a non-profit agency.

Dr. Dooley was the youngest officer in history of the Medical Corps to receive the Legion of Merit.

In 1959 Dr. Dooley was operated on in New York to remove a malignant chest tumor. He returned to Laos and continued working until he collapsed from sheer exhaustion in November.

Funeral mass was held at St. Louis Cathedral. He was buried beside his father and a brother, who lost his life during World War II. His mother and two other brothers survive.

Many in this area had met young Dr. Dooley and as others feel his death is a great loss to the world.

Carver Funeral Held On Sunday At Hale Center

Funeral rites for W. C. Carver, 68 year old retired farmer and brother of Mrs. Effie Smith of Floydada, were held Sunday in the First Baptist Church at Hale Center. Mr. Carver died in Hi-Plains Hospital in Hale Center Friday for several years.

The deceased is a half brother of Bemus and Lee Carver, and an uncle of Mrs. Hubert Davis, all of Floydada. All of these attended the funeral.

Burial was in Taboka cemetery at Taboka where Mr. Carver and his family lived before moving to Hale Center in 1950.

Other survivors include three daughters; one son; three other sisters; one brother; four grand-children and one great grandchild.

DISCUSS AND MAKE PLANS FOR STATE CONVENTION
Mrs. Sammy Hale and Mrs. Lane Decker, who are junior director and co-director respectively of the Caprock District of the Texas Federation of Women's clubs, were in Plainview last Thursday to meet with Mrs. A. E. Boyd, president of this district.

The three club women discussed and made additional plans for the forthcoming State convention to be held March 28 and 29th.

Craig Turner, son of Mr. and Mrs. Doyle Turner, was returned home Friday from Medical Center Hospital where he underwent surgery for inter-ear trouble and to have his adenoids removed. He is reported doing fine.

ADRON FIELD REPRESENTS WASHINGTON NATIONAL GIBRALTAR LIFE

Local People Take Part In Parade Of The Inauguration

Local relatives of several persons who participated in the inaugural parade at Washington, D. C. Friday, caught brief glimpses of their loved ones during parade activities which started shortly after noon.

Bob Ed Dempsey, son of Mr. and Mrs. Dennis Dempsey, was among the ten units from the Air Force Academy, Colorado Springs, Colo., who marched in the parade. Nat Self of Lamesa, was another who had local relatives looking on.

Despite the snowfall the night before and the blustery wind the day of the inauguration, riding clubs showed up good. One in particular was the Jayton Riding Posse and in it was J. D. Moore, flag bearer, who is married to the former Alice Mae Fyffe, daughter of D. W. Fyffe of Floydada.

Mrs. Moore accompanied her husband, by special invitation, to Washington for the ceremonies.

Mr. and Mrs. Doug Meriwether and son of Lockney, and Mr. and Mrs. Travis Young and children of South Plains were dinner guests Sunday with their parents, Mr. and Mrs. R. E. Young.

Mrs. J. V. Hollingsworth of Amarillo was weekend house guest of her daughter and husband, Mr. and Mrs. W. E. Garrett, and visited also with a cousin, Mrs. Will Snell and Mr. Snell.

South Plains Council Holds Annual Meet

James Word, J. M. Willson Sr. and J. M. Willson Jr., were elected to the executive board of the South Plains Council of Boy Scouts of America at a business meeting held last week in Lubbock.

Cliff Cummings, president of the Council, presided at the meeting and Council vice-president, H. P. Clifton, brought the invocation.

Good reports were heard throughout the evening from various Scout representatives.

This week on Tuesday night in Lubbock for the 25th Annual Council Meeting were Mr. and Mrs. J. M. Willson Sr., Mr. and Mrs. J. M. Willson Jr., and son, Mike, and Mr. and Mrs. James Word.

The session opened with a dinner followed by the speaker, John Lott, National Council Representative for Boy Scouts.

David Casey, Chairman of the 1961 Nominating Committee for council officers and Board Members gave his report. Cliff Cummings was re-elected as President of the Council. Those men elected as vice presidents include Gene McLaughlin of Ralls, L. G. Pierce Jr., was re-elected as Council Treasurer.

Arrange Annual Circuit Dates

Jehovah's Witnesses of this area will hold their semi-annual circuit assembly in Levelland, Texas, February 17-19.

Clarence W. Hall, presiding minister of the Plainview Congregation said, "Texas Circuit No. 9's assembly will be built around the theme, 'Be Taught of Jehovah.'"

"We are looking forward to this assembly with great anticipation," Hall said.

The last like assembly was held in Altus, Oklahoma.

Minister's Widow Dies At Lockney
Funeral service for Mrs. Josephine Burt, of Lockney, was held Monday afternoon in the Main Street Church of Christ in that city. She died sometime during the night Saturday, apparently from a heart attack.

A Lockney resident for the past 32 years, she was the widow of a Church of Christ minister. Mrs. Burt was found dead in her room by a neighbor, Mrs. W. A. Rushing.

Wheat Fertilization
Test conducted at the Amarillo experiment station showed no differences in yields of wheat from 5 different sources of nitrogen, when equal units of nitrogen were applied from the different sources of nitrogen. However yield increases of wheat on irrigated wheat with fertilizer and with no fertilizer gave the following increases:

50 pounds of nitrogen gave 8.4 bushel increase, 100 pounds of nitrogen gave 17.4 bushels increase, and 150 pounds of nitrogen also gave a 17.4 bushel increase.

Work at the High Plains Research Foundation at Halfway last year showed that 40 pounds of nitrogen costing \$2.93 gave an increase of \$28.67 per acre or \$9.78 profit for every dollar invested in fertilizer.

The latest date to profitably apply fertilizer on irrigated wheat is the last week in February. Many of you may be planning to fertilize your irrigated wheat in the next 4 weeks. We would encourage you to have a soil sample run to determine the needs for a particular piece of ground. We feel this is the best step to take in any fertilizer program.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford
TEXAS PRESS ASSOCIATION

When the Legislature meets in Austin, a difficult problem on the agenda will be the sharp differences between the two sides of the state. The final legislation is expected to be passed by the end of the session. The Governor's proposed budget is expected to be passed by the end of the session. The Governor's proposed budget is expected to be passed by the end of the session.

Under the bill, cities could annex only 10 per cent of their surrounding territory each year. Meanwhile, each city would have a measure of control through "extraterritorial jurisdiction" of a zone from 1/2 to 5 miles deep on its perimeter. This would give the city direction over construction and sanitation codes and enable it to prevent the development of outlying slums.

Many officials feel that some Texas cities have gone overboard in annexing more territory than they are able to digest.

AUTO INSURANCE CHANGE — Sen. Grady Hazlewood of Amarillo, long time critic of present auto insurance regulations, has outlined a liberalized plan he will ask the Legislature to approve.

Changes recommended by the senator:

1. Use of only that part of a driver's record which was made since January, 1960, date the new merit system went into effect. As set up, insurance rates are based on driver's record for the past three years.
2. Eliminate from the list of violations causing insurance rate penalties (a) speeding less than 15 miles per hour over the limit (b) stop light violations involving amber, rather than red lights and (c) "creeping" at stop signs.
3. Eliminate from accidents that result in a penalty those where less than \$100 damage is caused. Present limit is \$25.

SCHOOLS' PORTION DOWN — Texas' public schools' share of state spending has dropped from 35.5 per cent in 1950 to 30.6 per cent in 1960.

In a report to Governor Daniel, Texas Education noted that while state spending on public schools has doubled in the decade, other states have upped school financing even more.

In the 1950-60 period, the scholastic population increased 34 per cent, enrollment 46 per cent and average daily attendance 50 per cent. State spending on schools rose from \$187,000,000 to \$356,000,000.

Texas State Board of Education, TEA's policy making body, has recommended a raise for teachers, but did not specify how much it felt the raise should be.

WEALTH FROM THE PAST — There's money to be made in museums, mansions and missions — if they're kept up and made attractive to tourists.

FLOYDADA MERCHANTS AT THEIR JOBS

MRS. GIRLIE CAMPBELL, above, is shown here in her place of business. She is one of 12 proprietors of an impressive list of beauticians operating here

An improved and increased array of historic spots could increase tourism 10 per cent and thereby state tax revenue \$1,750,000 a year, the State Historical Survey Committee reported to the Legislature.

Committee did not ask for state funds to renovate historic buildings. Instead, it suggested an \$82,775 appropriation for leadership and guidance of local groups who want to preserve or improve something in their locale.

Also recommended was a \$50,000 a year appropriation for the Civil War Commission to be used in setting up Texas' part in the centennial observance. Other states in the South, many of whom already have combined scenery and Civil War monuments to make big drawing cards for tourists, have the jump on centennial planning.

PETTICOAT WAR — Women's rights advocates have come to Austin every session, as far back as most legislative observers can remember, to try to get rid of one or more of the Texas laws that treat women differently from men.

Every session, the women are treated with courtesy, viewed with amusement, and their bills are good naturedly buried.

This year the irked women, mostly members of the Federated Business and Professional Women's Club, are going all out. Instead of trying to get one or two individual statutes repealed, they are trying for a constitutional amendment guaranteeing equal rights for women and abolishing — at a stroke — all laws to the contrary.

Rep. Ben Atwell of Hutchins (Dallas County) will introduce the measure in the House.

NEW GOP CHIEF — Spokesman for the Texas Republican party's "new generation" of leadership is Tad Smith of El Paso. Smith, a 32-year old attorney, succeeds Thad Hutcheson of Houston who resigned.

Republicans are setting their sights on: (1) Getting revisions in the election code which they blame for their loss of Texas in the general election (2) Running a strong race in the April 4 special election to name a new U. S. senator (3) Building up momentum for a serious effort to challenge U. S. Sen. Ralph Yarborough when he comes up for reelection in 1964.

ELECTRIC CO-OPS ARE BUILDING A BRIGHTER TOMORROW

The miracles performed by electricity in rural areas today would put the Arabian Night's Genie to shame. The flip of the switch can accomplish work that once took hours. The twist of a dial can provide comforts unheard of just a few years ago.

Rural people borrowed money at interest to build their own electric systems and make these miracles possible. They are paying back principal and interest on these loans while providing a steady dependable supply of electricity.

The Electric Cooperatives are building a brighter tomorrow through rural electrification.

All clubs have been asked to have their nominees for THDA county chairman at the February council meeting, also their names of nominees to the THDA District meeting which is to be at Brownfield April 20. Reservations to attend the District meeting have to be sent in ahead of time, it was announced.
The State meeting will be held at San Angelo Aug. 9 and 10. The election for the delegate will be held after the next monthly meeting, to replace Mrs. A. H. Kreis. Delegate nominees have to be a member of a HD club at least one year.
The HD agent will conduct a training program on furniture buying Monday, Feb. 6 at 2 p. m. in the council room. There also will be a program on landscaping, shrubs and trees on Monday, Feb. 13 at 2 p. m., place to be announced later. Miss Roggenhoff will talk on landscaping and designing, and Clara Pratt, Lubbock HD agent, will speak on shrubs, trees and plants.
Mrs. Lynn Miller, recreation leader, announced the Lost Horn Recreation Camp to be held Feb. 19 - 25. Reservations are to be made by the next meeting. Price will be \$30 per person or \$50 per couple.
Mrs. Bob Hopper, 4-H adult leader, reported on the newly organized 4-H club in Floyd County. The next meeting of the club will be Feb. 9 at 7:30 p. m. in the council room. Officers for the 4-H club are to be elected at this time.
There were reports heard from special committees. Mrs. Miller reported on the committee who met with the Commissioner's court, and found favor in securing articles for all three agents; and the audit committee moved to postpone auditing the secretary's books until the next session.
Before conclusion of the meeting Miss Roggenhoff gave a training program on officers and council duties.

Perfect Copy Best Goal Typists

this contest is that the official typing contest paper will be judged on a "perfect copy" basis rather than on speed alone as most typing contests have been in the past.

Pupils are encouraged to practice as often as they wish with the object of getting errorless typing. This means a far more realistic approach to typing proficiency, since employers are much more interested in a typist who can produce errorless work, than one who produces fast but inaccurate work.

Aptitude Tests Due In February

College aptitude tests will be given at West Texas State College and Texas Technological College Feb. 25.

Applications must be sent to the state director, Alton Lee, registrar at Baylor University. They must be in the director's office by Feb. 4.

Scores on the tests are now required for admission to West Texas State and more than 500 other colleges and universities. Students of the Panhandle area may take the test at WT, even though they plan to attend colleges elsewhere in the Southwest.

Applications may be obtained from Mr. A. E. Baker's office. The state director will send a list of eligible students to all Texas colleges which are testing centers. A fee of \$3 is required. One other testing date has been set for April 22. Application deadline for that date is April 1.

UNIFORM DEBT CLEARED

The \$7,500 for 100 band uniforms in 1957 has been completely paid, according to Band Booster President J. E. Elza. Club members have raised the money through shows, concession sales, and local support.

Honor Teacher To Be Chosen By Teachers

Selecting the 1961 Teacher of the Year in the Floydada schools will be decided by the teachers themselves this year for the first time.

The faculty members in each school were to cast their votes for the one teacher in their respective school, elementary, high school, or junior high, who they thought should receive the honor. Basis for voting was on his or her traits.

The previous method of voting was by the 1956 Study Club members, who sponsor the project each year.

Folded ballots were due in the Superintendent's office by 3 p. m. on Friday, Jan. 20.

The Teacher of the Year will be presented at a tea at the First Methodist Church in April.

Jr-Sr Banquet Set For Feb. 4

Highlight of the spring semester for FHS students is the annual Junior-Senior Banquet which is scheduled for Saturday, Feb. 4 at 7:30 p. m.

This year the banquet will be held in both the cafeteria and the gymnasium.

Melinda Barker and Eric Christensen are the overall chairmen. Committee chairmen are Ricky Holland, entertainment; Kay Asher, prom; Jay Dycus, invitations and program; Linda Lutrick, food; and Melinda Barker and Eric Christensen, decorations.

Jay Dycus mailed out invitations Jan. 20.

Junior class sponsors are Mrs. Beth Dalton, Mr. Luther Hayes, and Miss Shirley Nelson.

History Class Wins Contest

First place in the homeroom Christmas decorations contest was won by Mr. O. W. Lewis's third period world history class this year.

The center attraction of the room was a Christmas tree made of tumbleweeds. On the blackboard were the words, "MERRY CHRISTMAS." Also on the blackboard was drawn a fire-place and an old man telling the story of the birth of Christ to his young grandson.

Second place went to Miss Anne Swepton's English IV class for its theme of an Elizabethan Christmas time. The class got their idea from studying the story of Macbeth.

Mr. B. J. Eudy's Typing I class won third place with the theme of "Silver Bells."

First-place winner went to lunch early for two weeks and second place winner one week. The contest was an annual Student Council sponsored activity.

Senior Invitations Chosen By Class

W. B. Harris, of Canyon, was at FHS Jan. 19 to assist the 1961 seniors when they picked their invitations and thank-you cards.

The invitations chosen have embossed letters with the word "Seniors" shaded in black. "Floydada" is arranged vertically in gold letters that intersect the "S" in Seniors.

Each invitation is 11 1/2 cents apiece, and the personalized cards are \$3.50 for 100 or \$5.00 for 200. Leatherback souvenirs are 90 cents apiece.

Mr. Harris is a former FHS principal and teacher and has been connected with the school through his sales work.

BAND WILL GO TO BRADY FESTIVAL

Whirlwind bandsters are looking forward to the "Heart of Texas Band Festival" to be held in Brady, Texas, on Mar. 3 and 4.

The band will leave at 8 a. m. Friday, Mar. 3 in order to participate in the marching contest that evening.

Concert playing and sightreading are scheduled for Saturday. A street parade of all thirty bands will march.

A massive concert on the court house square in Brady will conclude the festival. Awards in each of the four contests will be made at this time.

Saturday night will be spent in Abilene, where church will be attended the next morning. The band will leave at 1:30 for Floydada.

SCOTT MAKES ALL-REGIONAL BAND

Beth Scott, senior, represented Floydada in the All-Regional Band Saturday, Jan. 14.

The band, made up of ninety-

six members had a morning rehearsal and an afternoon rehearsal. The band presented a free public concert that night.

Director of the All-Regional Band was Mr. Killian, Texas Tech band director. Those who make first stand in All-Regional, have a chance to try for the All-State Band.

BOOST YIELDS PER ACRE...

with engineered irrigation and Alcoa Aluminum Pipe!

With a complete line of lightweight Alcoa Aluminum Irrigation Pipe, your Alcoa dealer can design a portable sprinkler or gated system for any need!

Ask your local dealer about Alcoa's 48-Month Irrigation System Finance Plan.

You apply an exact amount of water when it's needed, from germination to harvest, with engineered irrigation using Alcoa® Aluminum Pipe. You get higher yields per acre cultivated, better quality crops, earlier maturity to catch peak market prices.

Provisions of this finance plan allow your new irrigation system to serve as security against your loan. There's no red tape... you get immediate action on application for a loan. You pay for your system out of your increased profits.

Pick the Alcoa Aluminum Pipe you need!

Alcoa Standard Class 150—a heavy-duty, seamless pipe with full-thick walls to take rough handling and high pressures—comes in eight diameters from 2 in. through 10 in. Alcoa Lite-Line is either extruded—lightweight, low-cost pipe for most normal uses; or welded—alclad inside for maximum corrosion resistance. It's available in nine sizes from 6 in. through 12 in. for tapping high-volume water sources. Both Alcoa Standard Class 150 and Alcoa Lite-Line come in 20-, 30- and 40-ft lengths; larger sizes of Alcoa Lite-Line, Welded, also in 50-ft lengths.

Your Irrigation Dealer has quality Alcoa Irrigation Pipe available for immediate delivery from local stocks. He can engineer an irrigation system specifically for your land, your crops; provide local service on a complete system.
