

J. Nelson Final Rites Set Saturday

J. Nelson, a resident of Floyd County for 61 years, died Friday afternoon in Peoples Hospital following a stroke suffered during the early hours of his birthday, March 17. Final rites were held Saturday afternoon in the First Baptist Church with the pastor, Rev. Bowles and Rev. Vance officiating. Interment was in Lakeview Cemetery with services by Harmon Funeral Home.

Survivors were James Lee Wylie Rogers, Fred Odell Bredel, Will Ham and Howard G. Bishop. Pallbearers were Fred Claude Patton, Clifford T. J. Whitley, Clarence Bert Battey and B. L. Nelson.

Nelson was born in 1884 in Illinois. He and Miss Lydia Ford were married Jan. 18, 1906, in Rome, Texas. She died four years ago in Floydada.

The family came to Floyd County in 1900 settling in the community where they remained until Mr. Nelson returned to farming in 1956. The family resided at 114 E. Marvina Street. He was a member of the Lakeview Baptist Church and the First Baptist Church after moving to Floydada.

Mr. Nelson served Precinct No. 1 for six years. He has five sons, three in Floydada, Herman Oklahoma City, Lloyd Burger, and Deane Nel-Campston, Calif.; three daughters, Alma Nelson of the Mrs. Lena Mae Ooley, Mrs. Opal Higgins, and Mrs. J. L. Newberry. He has several nieces and nephews.

Electric Men Set Dinner Dealers

Electric Power Suppliers of Floyd County were hosts last night to a dinner for dealers in the south plains area. The dinner was held at the Southwestern Service Company, Power Department of the City of Floydada. The dinner was a success and the Electric Power Suppliers of Floyd County were commended for their efforts.

Twenty-five were present for a steak supper being served by the Electric Power Suppliers of Floyd County. The dinner was a success and the Electric Power Suppliers of Floyd County were commended for their efforts.

Mr. Martin was not asked in on the informal conference the other four councilmen had at the mayor's office Tuesday when the statement in re the city police affair was drafted. He indicated he thought it unwise and was glad he was not asked to go along with it.

Dougherty Issue Fought By State School Board

The State School Board is expected to take the case of Dougherty against the school board. The board has been received by the State School Board.

The best interest offer the city had for their bonds was 3.75 per cent for bonds maturing in 1963 and 4 per cent for bonds maturing in 1964. The state board has the option to take the case of Dougherty against the school board.

Only 2 Candidates File As City Deadline Nears

News from the City Hall this week is principally of a negative nature. With Saturday as a deadline for filing for city office, and three positions to be filled on the council, only two have come forward asking for places. Harmon Roberts, retired farmer and business man, is asking for the mayor's job, and Dwight Waldo, radio station announcer, has filed for one of the places on the council.

A mayor is to be chosen to succeed J. M. Willson Jr., who declines to be a candidate for a third term, and two councilmen to take the place of M. S. Robertson and Mark H. Martin, whose terms expire also. Robertson declines to be considered to succeed himself. Martin considers that if he ran he would be beaten and will not offer to run. He has his department running smoothly and he expects the audit to show the city light plant has made a good margin in the year since last March. Parting with the management of the department is a sort of a wrench to him, The Hesperian interprets talking with him to indicate.

Not In On Conference
Martin was not asked in on the informal conference the other four councilmen had at the mayor's office Tuesday when the statement in re the city police affair was drafted. He indicated he thought it unwise and was glad he was not asked to go along with it.

Resignation Controversy
The tempest continues to rage over the "resignation" of Police Chief W. Perry Smith, the last word to date being that Police Commissioner Leonard H. Smith has named Alton May Acting Chief of Police with the understanding that the council will formally ratify the action when the aldermen meet in their regular session on March 14. May has been employed to serve until the council has time to go over the ground and make up their minds on a permanent appointment.

May was to take over yesterday morning after being sworn in by Smith, who was serving under Smith's dismissal by the latter the day after Smith was let out. Smith said that May, who was Smith's appointee, knew Smith was to be voted out of the job and was "telling it around" but had not told him (Smith), Smith said he thought May owed him the courtesy of telling him.

The course is open to people of all ages without charge. There will be a certificate issued to those who attended all four sessions. The Drivers Education Course is sponsored by the Floyd County Home Demonstration Council. The four sessions will be March 2, 9, 16, and 23, and will be conducted by the Texas Department of Public Safety and the Texas Highway Department.

Schedule Style Show March 20

Committees for the forthcoming Style Show of 1961, sponsored by the High School Study Club, have been at work the past weeks in readying for the big event. The show is to be presented at the High School auditorium on March 20, and will be at night this year giving all an opportunity to attend.

Another highlight this year will be the appearance of Miss Joan Wienke, South Plains Maid of Cotton and first runner-up for National Maid of Cotton. Miss Wienke will be on stage here to model her wardrobe which won her the title of South Plains Maid of Cotton.

Tickets for the event may be purchased from any member of the High School Study Club or at the door the night of the performance. They are \$1.00 for adults and children ages six through 12, twenty-five cents.

This is the only fund raising activity the club has each year. The money is used for a worthwhile project club members participate in.

Style Show Committees
Mrs. Doyle Moore is general chairman of the Style Show. For theme and decorations; Mrs. Sam Puckett, chairman. Mrs. David Kirk, Mrs. W. H. Simpson Jr., Mrs. Cleo Whittle, and Mrs. Bill Hale.

On the model committee are Mrs. David Battey Jr., chairman; Mrs. Tommy Assiter and Mrs. J. D. Webb. Publicity: Mrs. Lane Decker.

The Drivers Education Course will be held in Floydada on the first four Thursdays in March. It will be held from 7:30 to 9:30 p. m. in the District Courtroom on the 2nd floor of the courthouse.

County's Schools Prep For Flood Of Visitors

Floyd County Schools are about set to observe the 11th annual Public Schools Week in Texas. The event this year is tabbed to run from March 6 through March 10. Texas Citizens Committee on Public Schools Week urges all school patrons and other citizens of the county to pause and take a look at their schools and see what they are doing.

J. M. Willson, Jr. will serve as area chairman of the organization. Named with him were H. S. Callahan, Jr. and Glenn Wood at South Plains; Louis Pyle and Wayne Russell at Lakeview; Jack McIntosh, Henry Hinton and Bill McNeill at Dougherty; I. T. Graves, Henry Barber, W. P. Nicholson, A. W. Coltharp, Jack Stansell, W. W. Trapp, and Tommy Assiter.

Parents are invited to attend South Plains school any day next week but special emphasis is put on Friday, March 10. Parents are invited to visit classes, eat in the cafeteria and attend the P. T. A. meeting in the afternoon. The program for the meeting will be in charge of Mr. Year's music department. Everyone is invited to attend.

Mrs. McClendon teaches the primary department, Mrs. Vardeman in third and fourth grade, Mrs. Purnell in fifth and sixth grade, and the Principal J. M. Williams in seventh and eighth grade room.

At Lakeview Mr. and Mrs. A. S. Watson are teachers and report that visitors are welcome all the week. Friday, March 10, will be the feature day with special programs.

Dougherty Program Friday
At Dougherty school patrons are welcome any time during the week. Friday, March 10, will be given badges with the legend, "I have Visited School This Week." A program that will last about two hours will be staged by the school. Henry Hinton, one of the trustees, said the teachers and pupils had arranged a good program.

Mr. and Mrs. E. D. Wilmet are teachers in the school, with Mr. Wilmet as Principal. The third trustee is Miss Mary Slover.

Action Forecasts Big Acreage Cut For the Crop Year of 1961

Announcement made yesterday morning by Thos. J. Hutchins, at the instance of the ASC Committee for Floyd County, that a whirlwind survey of the 1,500 grain producing farms in the county is under way (as of Wednesday) with the ultimate goal a tremendous cut in the acreage in feed grains planted in this county for the season of 1961.

The campaign is nation-wide, and the county committees are adjured by their superiors to finish the survey by March 21.

The survey is already begun. The County Committee and their office manager, along with other committees in a wide area, spent all day Wednesday in a conference with Dale Carter, representative of the State ASC Committee, who outlined what the department expects to get done.

The state committee is acting under pressure from above, indicating that the congressional leaders have in mind what they will do and the kind of a law that will be passed.

Huge Acreage
Accordingly after the committee got home Tuesday night they hit the ground running Wednesday morning.

In the survey the committee hopes to get a sign up on what every feed grain farm produced in the years of 1959 and 1960. Action will be based on these reports from over the nation. Grains included in the survey will include corn, grain sorghums, oats and barley.

It is anticipated that the reduction in the acreage in these grains will be not less than 20 per cent and not more than 40 per cent.

Many details are yet to be worked out, Hutchins said yesterday but two probabilities stand out:

- (1) The grain producer will be eligible for acreage that is allotted for the year 1961, and
- (2) Substantial payment for the acreage reduction will be included in the program.

Asked if he thought the survey in this county could be completed by March 21, the deadline, Hutchins replied he felt the office could get the job done, if the feed grain people will quickly get an understanding of what is being attempted and sign up promptly.

Dalton Store To Be Unique Food Market

J. L. Dalton opened the doors Monday on his new Dalton's Superette in Floydada. The location of the city's newest grocery and market is on east highway 70 in the former location of Shipman Grocery. A formal celebration is being planned soon when exterior painting and decorations are completed.

The store has been completely reworked inside and out to make room for a number of refrigerated boxes and freezers to take care of the enlarged stock and expanded lines.

Beside the full line of staple groceries the Superette now offers fresh vegetables, meats, frozen foods, bakery items, dairy products, ice cream, drugs, school supplies, candies and tobaccos.

A special service will be freezer meat processing that includes chilling, cutting, grinding, wrapping and quick freezing.

Dalton said the store hours will be popular with the home maker with opening time set at 7:00 a. m. and closing at 9:00 p. m. seven days a week.

The Superette is a member of the Panhandle Associated Grocers and has volume buying power through their extensive warehouses in Amarillo.

Dalton came to Floydada five years ago to manage the meat department at the local Piggy Wiggly store. He has 13 years experience in this line of work.

Several weeks ago he decided to strike out on his own in Floydada a town he knew and liked. The staff beside Dalton includes Mildred Owens, checker; Corley Jarrett, butcher; and Billy Kinard, part time clerk.

Dalton was assisted in the big job of completing the building and stocking it by his brother, Loy Dalton of Littlefield who has been here several weeks helping out.

Four sons, one daughter, eight grandchildren and 15 great grandchildren survive him. The sons are Carl and Gus of Matador, Cliff of Spur, and Glen of Azle. The daughter is Mrs. John Moore of Bethesda, Md. One son, Freeman, who lived at Midland, preceded his father in death.

Cowboy Rancher Led An Eventful Career

CHARLES DAVID BIRD 1866 - 1961

Charles D. Bird, 94, Motley County leader, whose history-making career in the cowpoke county of Texas plains, spanned more than 70 years, died in Wesley Hospital at Matador Wednesday morning of last week.

He had been in the hospital since last September when he broke a hip in a fall. Memorial service was held Thursday afternoon at 2 o'clock at the First Baptist Church in Matador. Rev. Gene Hawkins, pastor of the church, and Rev. W. B. Vaughn, retired pioneer Methodist minister, officiated.

Burial was in East Mount Cemetery at Matador with Masonic rites. Alvin Stearns, Glenn Woodruff, Melvin Meason, W. N. Pipkin, John Barnhill and Pat Sheridan were pallbearers.

A native of Georgia, Mr. Bird was born in October, 1866. He came to Texas with his parents, who settled in Earth County, West from Buffalo Gap he moved on to the Matador ranch and in various parts of the breaks county, The Pitchforks, Flying V, Frye Pan, Double N Bar the F's and the Matadors were among the ranches he worked for. He was one of the cowboys who voted in the election when Floyd County was founded in 1890. He also was a voter in the Motley and Dickens County organization elections.

His selection of a ranch home straddled the boundary line of Motley and Dickens Counties on the South Peace River. He reared his family on this ranch 16 miles southeast of Matador.

Mr. Bird returned to Hico in Hamilton County to marry his first wife in 1891. She was Miss Daisy Blair. She passed in 1948. He later married Mrs. Ada Black in Colorado Springs, Colo. She also is deceased.

Mr. Bird was a charter stockholder of The First State Bank of Matador, was later its president and was chairman of the board at the time of his death.

He was the first president of the Motley-Dickens County Old Settlers Association organized 37 years ago.

Four years ago he was an honored guest at the Floyd County Pioneers Reunion. It was believed at that time he was the only living person who took part in the organization of this county.

Brucellosis Meeting Set Wednesday

An educational meeting on brucellosis a disease of cattle, is scheduled for Wednesday afternoon of next week at the district court room. County Agent Cecil Lewis announced this week.

The meeting is to be held at 2 o'clock and will be addressed by Dr. Pat Patterson, Extension Service veterinarian.

The Texas brucellosis law and program for the state will be discussed and time will be allowed for a question and answer period.

Anybody who is in the cattle business in any way is well advised to attend this meeting, unless they are already familiar with the state law and the manner in which it will be enforced, according to authorities.

Whirlwind Relays To Be Staged On Tech Cinder Path This Year

Charles Tyer, director of athletics at Floydada high school, announced this week it appeared impossible to hold the annual Whirlwind relays in Floydada this year. Tyer has been watching the skies and hoping for a break in the weather, but it has not come. Last week just before the big snow he called in a maintainer with the hope of grading and rolling a dirt track for the meet. This was followed by a week of fair weather and conditions looked right.

The big machine did not go 12 feet before bogging down in what was to be the track. Additional moisture has ruined all hope of making the March 11 deadline for the meet.

Tyer said he had contacted officials at Texas Tech in Lubbock and they had agreed to allow the use of their cinder track on that date.

So the big two-division meet will go to Lubbock for this year in an effort to keep it going until a proper track can be prepared here.

Last year the meet drew well over 20 teams and more than 250 athletes to Floydada not to mention the coaches and fans who accompanied them here.

Anderson Attending Stockholders Meeting

Louis Anderson left Sunday to attend the annual managers and stockholders meeting of Beall Brothers Department Stores in Jacksonville, Texas. He went down in company with managers from Levelland and Brownfield stores. The group is expected back Thursday.

Bi-District Basketball Played Here

Floyd County's basketball courts were still busy this week though their home teams have already wound up play several days ago. In Floydada a week ago it was Jayton and Quitaque boys playing bi-district at Graves Gym. Jayton won the victory.

Tuesday night Anson and Spearman girls tangled in an AA bi-district clash in Floydada on the same court with Spearman winning the honors 45 - 41 and a shot at this district's own winner the Muleshoe girls team. They will meet in the regional tournament in Lubbock.

At Lockney on the same night McAdoo girls were in a bi-district clash with Matador and came out on top 49 - 35. The McAdoo team will enter regional play-offs at Canyon.

As far as local fans can remember McAdoo teams have never lost a bi-district game on a Floyd County court. They have taken a number of victories in Floydada in past years.

Anderson Attending Stockholders Meeting

Louis Anderson left Sunday to attend the annual managers and stockholders meeting of Beall Brothers Department Stores in Jacksonville, Texas. He went down in company with managers from Levelland and Brownfield stores. The group is expected back Thursday.

This opinionated report is presented in the hope that these neglected children, babies and their mothers, will be sought out by the big, warm heart that we know as Floydada.

Hill-Burton Funds. The federal government is spending a great deal of the taxpayers' money on hospital grants. A serious shortage in hospital beds has been averted in some areas through this means, possibly justifying the outlay, although the electorate had no voice in the matter. Perhaps the plight of Peoples Hospital, which the hospital board keeps chiding, could be alleviated through this fund. First, it calls for some effort locally though. Mayhap that is what we are unwilling to furnish. We would like to give our moral support to somebody that is willing to risk the undertaking, it appears.

How Many Wilsons? We are under the impression there are three Wilsons who have offered for the senatorial place on the April 4 ticket. One of these is the Will Wilson, who may lose some intended votes to one of the other Wilsons for whom unthinking voters may cast an unintended ballot. Will Wilson might be the third or fourth man instead of the second (and not get in the run off) by this means. One vote often settles an election.

Of Senatorial Candidates there is no end, at least not until March 4, it appears. One day last week the number was 40, the next day only 39, perhaps by this 45. Who knows, except the Secretary of State. Not even he if he hasn't opened his mail in the last hour.

To the public this represents a laughable situation, though when voting time comes it may be rather irritating to find one's candidate out of that welter of names and places. Some practical means to limit the number of candidates may be found, but none occurs to us quickly. Anybody ought to have a right to run for anything he is big enough to run for. In this instance, it should be added, if he also has \$50, the filing fee.

We could have a Floyd County candidate if somebody would take it upon himself to raise \$50 and get a petition properly signed and sealed. Saturday being the fourth, is the last day to file. A flight to Austin, a conference with the Secretary of State and it would be done.

Few vote candidates often have a lot to do with the outcome of an election. No doubt Mr. O'Daniel won over Senator Johnson and kept Lyndon B. out of the United States Senate six or eight years longer than he would have, had 20 or 30 thousand votes not been scattered among several candidates 12 or 14 years ago, who got from 850 to 3,500 votes each. O'Daniel beat Johnson 785 votes or thereabout. The "little" candidates decided an important election simply by being in the way.

In the present prospect the second high man in the senatorial campaign may be determined by some scattered votes for some "candidates" most of whom have no idea of getting in the run off but have exercised their right and privilege to run. Not over six, perhaps only five, men have any chance of being in the top bracket to square away for the run off that is to follow the first race.

An oversight which the legislature is likely to remedy by constitutional amendment submitted to the people is to provide for a majority vote in a race for the House of Representatives like that adopted for the senatorial campaigns. Since the legislature may not find it politically expedient to re-district the state for congressional representation we may have one or two congressmen-at-large. In the forties, Martin Dies held this office for four years, or six. In his first race he was chosen by a plurality vote.

"SHE'D BETTER FIND OUT WHAT TO DO!" (Ghost-Written Editorial)

Like the old woman who lived in a shoe, America is confronted by a population explosion. By 1975, we will be a nation of 209 million people. And, like the old woman, we won't have enough of the precious element needed for survival and growth... unless the public takes the proper action. Why not? Today, we use water at a terrific rate. Every day, enough water is used to flood the entire state of Rhode Island with a foot of water. We're using more water in our homes. Appliances such as dish washers, clothes washers, garbage disposal units swallow up gallons in seconds. Even your morning shower uses up five gallons of water a minute.

We're using more water in industry and agriculture, too. Manufacturing just one ton of steel takes about 70 thousand gallons. One cow in a dairy herd drinks 20 gallons of water daily. Crop irrigation uses up billions of gallons more each day.

Yet, ironically, the nation's biggest problem is not the lack of water itself. We lack reservoirs, transmission lines and water pumps. As the National Water Institute points out, most commodities today are using equipment that was barely adequate twenty years ago. The sad result, according to a survey, is that in a recent year water was rationed in over 1,000 communities, and a good many of us wouldn't have had enough water available to put out a serious fire on a hot summer day.

In some communities, however, the picture is brighter. Imaginative joint action on the part of local water utility men and government officials has resulted in arousing communities to the need for maintenance and improvement of water supply. Citizens have responded by voting for bond issues to finance needed improvements.

In other towns, this important issue becomes buried at the bottom of a ballot. Through indifference or a fear of extravagant spending we vote "no". We forget that a postponed problem is never solved. Water is essential to our welfare. It's essential to urban communities seeking to attract new industries; to rural areas seeking greater crop productivity. It's essential for our personal health and that of our children.

Think about it. Can our local situation be improved? If so, let's do something about it. Let's not find ourselves, as other communities have, faced with a crucial shortage... or an epidemic.

Sound Farm Program. In view of the fact that few of us are agreed on what constitutes a sound government program for the farm, it may be there is no one idea that could be called a sound farm program. The new president ran into it when he had the farm organization meeting in January. His Secretary of Agriculture — Mr. Freeman — seemed to lean toward the Farmers Union point of view, if we understood what was transpiring. Many of the men in congress seem to have given up on a policy that they are ready to live and die with politically. They just listen to the folks at home and do the best they can for them when they come up to bat.

Glamour Girl to clerk at perfume counter. "I'd like something that will bring out the mink in a man without disturbing the wolf."

World Wide Riots. Freedom for people who do not know what freedom is, particularly the responsibilities of freedom, have resulted in a pretty kettle of fish world-wide. Demonstrations which turn into riots are common every day in the Arab countries and in many other groups around the world. Taking the cue from these turbulences, people in enlightened America are acting up also. The originators of the idea that the dignity of the individual is above and beyond that of the state was tried and tested in the crucible of the colonies for many years before liberty came into full bloom in our country. Highly responsible people they had not just emerged from the jungles and the desert wastes, though many were only rough woodsmen. Somebody has misled some quite ignorant peoples in many lands. International power politics, perhaps.

When Dallas Threatens. We note with interest that there is a plan afoot to move one or more of the federal offices in the state from Dallas to Waco and College Station, one or both. Almost coincident with the announcement came a threat from Dallas. They'd make somebody wish they hadn't. In particular The Dallas News voiced this sentiment, not exactly in the language of a threat but readily understandable. Dallas has made many threats stand up and that huge community has ties in Washington and elsewhere that are strong. However, Big D, much as they would like to do so, has not been able in many years to eliminate Mr. Sam. Dallas, likewise, has publicly insulted the present vice president and not only has not publicly apologized but publicly haw hawed over the "incident." Together these two antagonisms represent quite a hazard. Dallas may have over-matched itself. In private affairs not often does one nail a man to the cross and make him lick it. It could work out the same way in political affairs.

Leans Toward Elective City Police Head

I have resided at Floydada almost a half century and have been a reader of the Hesperian almost that long and nearly always read the editorials. Sometimes I agree with them and sometimes I did not, but I always remembered they were one man's opinion and my opinion condemning them was just one man's opinion.

Your last editorial was one I agreed with in part and did not agree with in part. I know it is hard for a peace officer to do his best, especially if he has to please just one person and that person holds the axe over him.

I know it would take a lot of the power from the Council to hire and fire the appointive City Marshal, a City Secretary as when they were elected. I believe in your editorial you indicated you thought the Council could hire a better or more efficient man than the voters could elect.

I do not think the Council should in any way doubt the ability of the populace to elect the right kind of man, for after all it was this same electorate that elected the Council.

I would like to see at least two women elected to the Council, as well as probably a woman Mayor. Z. A. Burgett

FLOYDADA MERCHANTS AT THEIR JOBS

One of Floydada's newest merchants to be pictured in his place of business is Dean Morris, manager of Floydada Seed and Delinting Company.

Morris has just taken over management of the delinting plant and is shown here installing a new Oliver Gravity Separator. The plant is located on the Lakeview Highway along side the QA&P railway tracks and specializes in wet acid process delinting. The firm also stocks certified cotton seed and offers a germination service.

Morris comes to Floydada from Plainview where he had several years experience in this type business.

At present he is looking for living quarters for his family which consists of wife Linda, son Linden (2 years), and daughter Adeana (8 months).

The Morris' are members of the Baptist church. He says he is glad to be moving nearer to some good quail hunting country and to a good football town as football is his favorite spectator sport.

Starkey Club Had Study Of Furniture

Starkey Home Demonstration Club met in the home of Mrs. George L. Smith on Feb. 16 with the president, Mrs. Clinton Dunning, in charge.

Roll call was answered by "What I look for in Furniture". The program "How to Choose and Buy Furniture" was given by Mrs. Turner Hunter and Mrs. S. L. Holmes. "Try Furniture for Comfort Before Buying". Everybody is hired differently or proportioned differently. Comfort should come first, beauty second.

Because an important part of the furniture is an invisible story, the shopper does well to listen to the merchant and to observe sample cross-sections of construction, if possible. She should examine labels, for reliable manufacturers are proud of their product and like to tag it. Labels reveal points on construction, quality of fabric and furniture design. Buy versatile, quality furniture which can be used in different settings. Use your own imagination and reflect your own personality in your home. Be alert to signs of quality and comfort when buying furniture. These were some of the points made in the discussion.

SEE THE NEW VALUE-PACKED COMET... THE BETTER COMPACT CAR

PRICED UP TO \$331 BELOW OTHER COMPACTS

HIGH RESALE VALUE UP TO 1546 MORE THAN OTHER COMPACTS

FAMILY-CAR SIZE FINE-CAR RIDE

Comet is one of the least expensive compacts you can own! These are the facts. Comet costs less when you buy—up to \$331* below other compacts. Comet gives you high resale value—up to \$546* more than other compacts. That's why it pays to own a Comet. But that's not all. Comet has fine-car features, too. It's the first family-size compact. Longer wheelbase—up to 7.5' longer than other compacts—means more Comet room, not only in pleasurable comfort-for-six seating but in over 28 cu. ft. of trunk space—up to twice as much as other compacts. Comet's big-car ride is the comfort difference. Extra length also contributes to Comet's road-leveling ride. The refined new suspension and easier-action springs give Comet a better ride than many standard cars. And you'll find Comet turns, parks and handles almost as easily as a tricycle! Talk about economy and you're talking Comet. To save on gas, choose either of Comet's two thrifty engines. You change Comet oil only every 4,000 miles, get 10% better tire mileage, save on licenses and insurance. And Comet's super-enamel finish won't cost you a cent for waxing—never needs it!

for obtaining sugar beet areas in the State where it is known that can be successfully marketed, are not too moment, a report stated parties last week.

several obstacles, of which the most important are: Mr. Mahon's stop-gap sugar law which expired on March 31, 1961. It is felt that a long-range law will not be passed before March 31. This means the stop-gap law will be in effect until that date.

great disappointment, Harold Cooley of the committee on Agriculture in the House—has introduced a bill which would extend the stop-gap law to September 30, 1962. It is not much hope of a long-range sugar law. It might be late in the year.

Stop-Gap Law action at this session on a long-range law and I am joining friends who share this feeling in every possible way.

'Insurance' Is No Dirty Word Lawyer Agrees

TO THE HESPERIAN: In reference to your editorial expressing your opinion on the insurance industry, we agree with you.

We further agree with your suggestion that cases should not be postponed because a lawyer is a member of the legislature.

It seems to me that West Texas areas which have excellent underground water resources will continue to be extremely interested in sugar beet production.

Various bills will probably be introduced by individual members of the House and Senate. The bill which will actually be considered in the House, in my opinion, will be a bill authorized by the Chairman of the Committee on Agriculture and which will not be written until the Committee has held extensive hearings on the subject.

What we need, of course, is an assurance of a reasonably adequate sugar beet allotment over a period of years. About 20,000 acres, probably more, are required for a successful sugar beet mill. A mill would have to be constructed by a private company and the cost would be in the area of \$15 million. Obviously, no company is going to invest \$15 million in a sugar mill unless there is an assurance that an adequate allotment is available to the area and that the farmers involved will actually grow the beets.

It seems to me that West Texas areas which have excellent underground water resources will continue to be extremely interested in sugar beet production.

No Check From VA? Answer Is Given Vets and Widows Below

Several thousand disabled veterans and their widows and dependent parents of some deceased veterans will not receive their monthly checks from the Veterans Administration at the end of this month. The announcement was made today by D. G. Ayres, Veterans County Service Officer, who explained that checks at 204 Bishop Building, Floydada, will not be delivered to veterans and widows who have not furnished non-service-connected pension information to the Veterans Administration.

Ayres said that approximately 10 per cent of the income questionnaire cards sent out by the Veterans Administration have not been returned. All affected persons who have not furnished this information to the Veterans Administration are urged to contact him at his office located at 204 Bishop Building, Floydada, tomorrow where the required information can be furnished without delay.

Baptist Junior Choirs Join In Music Festival

Members of the Junior High and Primary choirs of the First Baptist Church will participate in the District Music Festival. A number of pianists and soloists will also be presented from Floydada. The judging for this will be at 4:30.

Adult, Junior High and Junior choirs will be judged tomorrow and choral judging will be at 7 p. m. according to information from the local church.

Some sixty young people from Floydada are planning to attend the festival.

Mrs. Mary Stanley is due home this week from Tulsa, Okla., where she has been the past two weeks visiting her daughter and family.

Mrs. Mattie Boone of Springlake returned home yesterday after visiting since Sunday with her sister, Mrs. H. M. Thomas. On Tuesday the two sisters were at the home of Mrs. Thomas, daughter and husband, Mr. and Mrs. Holt Bishop, for lunch.

To The Citizens Of Floydada:

Why was the Police Chief relieved of his duties effective 1 March, 1961?

The Police Chief had requested of the Mayor the consideration of a salary increase prior to the 10th of January meeting. At this stated City Council meeting on 10th of January the salary increase was presented. The council voted to raise the salary to the level of the previous Police Chief. The then Police Chief Perry Smith stated to the group that he would save the City of Floydada the salary increase.

It was his contention that this was not in accordance with other salaries in like communities and not a living wage. He was not happy and could not feel that he was being compensated in accordance with his duties. The feeling was left with the council that the Police Chief was offering his resignation.

14th of February, 1961 at the regular Council meeting after much discussion on the matter of the Police Department the Council felt that it would be to the advantage of the City of Floydada if the person in this position of responsibility was one who was satisfied and happy with the job and salary that the City of Floydada could afford to pay. As a result of the dissatisfaction that had been expressed by the Police Chief the City Council of Floydada voted unanimously to relieve the Police Chief Perry Smith of his duties as of the 1 March, 1961.

As of the 1 of March, 1961, Mr. Alton May has been employed as acting Police Chief and will serve in this capacity until a study of the needs of the City of Floydada Police Department have been made and decision reached as to its organization.

(This is a statement from individual members of the City Council of Floydada)

Father & Son Banquet Held Thursday Eve

The FFA chapter presented their sweetheart, Miss Lajuana Rimmer, with a gift bracelet. She and her parents were also honored as special guests at the banquet.

The meal for the evening was built around ham, with potatoes, rolls, peas, vegetable salad, tea, and coffee, ice cream and pie.

Agriculture instructor Lloyd Cook spoke to the group on the degrees in FFA work which consist of Greenhand, Chapter Farmer, State Farmer, and American Farmer.

He showed a color film on the American Farmer participating in farming projects in partnership with their fathers.

Adult Drivers Course

The Adult Drivers Course that the Floyd County Home Demonstration Council is sponsoring will start this Thursday night, March 2, and continue on March 9, 16, and 23rd.

The two hour session this Thursday night will include: (1) The Transportation Problem, (2) The Remedial Program, (3) Film - Motor Mania and (4) Know and Obey to Survive.

This is a re-education course for adult drivers that will help you be more aware of why accidents happen and how to avoid or prevent them.

The course will be held in the District Court Room at Floydada from 7:30 to 9:30 p. m. It is conducted by the Texas Department of Public Safety and the Texas Highway Department.

You are welcome to attend.

Mildew Trouble Again?

The real cure is to prevent it by moving the moisture out of the house.

Most of today's houses are better built and tighter than formerly. They allow less passage of inside air to the outside and vice versa. We constantly put moisture into the air during cool weather by cooking, by drying clothing and using unvented gas-burning stoves. The hydrogen in the gas combines with oxygen in the air to form water in the form of vapor.

The vapor inside the house condenses into water in cooler areas and on cold surfaces. Window panes, slab floors, and walls may become wet or damp and may go unnoticed until mildew forms. Vapor may condense on the inside of painted siding causing the siding to become wet. When wood becomes wet the paint can and often does loosen and curl.

Humidifiers can help prevent mildew. Keeping a window open for better ventilation or increasing air circulation by using a fan will relieve the situation some.

Save your paint outside and inside, your wall paper, carpeting, and clothing by venting gas heaters. Venting carries most of the moisture out.

Citrus Fruits Abundant

Citrus fruits offer good values now. Supplies of grapefruit, oranges, and lemons are abundant. The high vitamin C content of citrus fruits makes them ideal choices during this season of the year when colds are prevalent.

First Three-Church Fellowship Is Given Gratifying Response

A responsive and eager crowd of service was brought by Rev. Charles E. Lutrick, pastor of the First Methodist Church, to participate in the initial Sunday evening Family Fellowship. Rev. Lutrick preached on the Christian Family, dealing with the problems and responsibilities of parents and children in the home. Fred Cardinal and Mrs. John Buchanan, served 285 people a chicken-spaghetti supper in the Fellowship Hall. The seven Adult interest-study people attending the worship groups enrolled a total of 162 service.

At 5:15 the Adult Bible Class opened with a song. The service was directed by Rev. Houston Dixon, and the Fellowship Hall. There were 330 people together. There were 285 people attending the worship groups. The pastors of the First Methodist and the First Presbyterian churches extended a cordial invitation to all interested persons to attend the adults, the next largest class, Sunday evening Family Fellowship series which will continue through March 19.

Courtesy Honors A Bride-Elect, Miss Leatherman

Miss Joyce Leatherman, bride-elect of Ted Anderson, was honored with a miscellaneous shower last Thursday night, February 23, in the home of Mrs. Collis Roland.

Mrs. Roland received the guests and presented them to the honoree, her mother, Mrs. C. M. Leatherman and the prospective bridegroom's mother, Mrs. Floyd Anderson.

Miss Joyce Noland and Mrs. W. L. Orman alternated at the bride's book.

Misses Helen Whitfill and Sheryl Teple served from a table laid with a white linen cloth and crystal appointments. In carrying out the honoree's selected centers of orchid and white, the centerpiece was a floral arrangement of violets and lilies flanked by white tapers. White napkins with the names Joyce and Ted were written in orchid letters completed the setting.

The hostess gifts were an electric mixer and iron.

Mrs. Leatherman, Mrs. Anderson and the bride-elect wore corsages of white carnations.

Members of the house party were: Mmes. Claude Weathersbee, Parnell Powell, Leon Williams, Gerald Cardinal, W. A. Lovell, Ben Galloway, R. L. Neil, R. C. Dunlap, W. L. Study Club Will Model Garments This Afternoon

Members of the 1929 Study Club will meet this afternoon at 3 o'clock in the home of Mrs. S. J. Latta to model their Vogue dresses in a Vogue Dressmaking Review.

The program for the meeting will be a personal appearance and apparel and Mrs. Jack Jordan will be leader.

Mrs. Paul Fullerton will speak on the planning of a basic wardrobe.

Models will show their garments made by them and these then will be judged on March 17. At the time of the judging there will also be models from the 1929 and 1936 Study Clubs and eight girls from high school who have also entered the sewing contest, sponsored by the Caprock District of Texas Federation of Women's Clubs.

There will be four winners selected, one from each of the four local clubs and one winner from the high school group. These models will participate and model at the TFWC convention in Lamesa.

Some Belgian decorator has everything theory about what we hang on our walls, as a key to character.

Bare walls, she says, are a sign of emptiness and frustration; pin-ups and calendars, of permanent adolescence; pictures of oneself, or abstract paintings, an inferiority complex; family photographs, a warm nature, but low mentality.

We took a tour through the house after reading this nonsense — just to see what's the matter here. There's a mirror in almost every room: "a radiant and sparkling nature, but look out for vanity." "We haven't sparkled in years, and never look at our own image in any but two utility mirrors: the others reflect colors in the rooms."

Prints of two ancient maps framed in soft wood, a gift: Van Gogh prints, because we like him and can't afford originals. Picasso and Holbein reproductions (some of these we've had for years); "Reproductions: the owner knows that art exists and is just beginning to appreciate it."

A pair of antique French miniatures framed in ivory, sent by a loved one who stretched her budget to buy them: "Original paintings by masters: the first sign of a showoff spendthrift who is undoubtedly taking it off of his taxes." A primitive in tempera by a young Indian, whose adobe but we haunted out to buy it; and a watercolor of a cowboy, done by an artist friend: "Do-it-yourself paintings: the sign that the tenant know that art exists but still doesn't know what it is."

Maybe her pattern fits in Brussels. But here in America, don't most of us put things on the walls because we like 'em? Take them down when we're tired of 'em, or change the colors in a room?

MRS. BILLY NELSON HILLIARD, Johnnie Barnhart of Cone

Barnhart-Hilliard Wedding Repeated Sunday

Wedding arrangements of identical turquoise taffeta, featuring a low back neck, three-quarter length sleeves with a full gathered skirt. The wrists were accented with turquoise velvet cumberbunds. The head dresses were velvet covered bandeaus trimmed with turquoise net. Each attendant carried a white lace fan arranged with pink sweetheart roses and glittered satin leaves.

Mardieth Wideman, niece of the bride, was flower girl. Candles were lighted by Sheryl Reese, niece of the bride, and Spikes Wideman, nephew of the bride. The candlelight wore a wrist-let of pink rosebuds and as the flower girl descended she dropped pink rose petals down the bridal aisle. Both wore dresses identical to the attendants.

C. D. Gribble of Vernon served the groom as best man. David Barnhart, brother of the bride, and Eugene Walker of Vernon, served as groomsmen and ushers. All male attendants were attired in black business suits and black bow ties.

The mother of the bride chose for her daughter's wedding a royal blue lace dress over taffeta, with matching flowered hat. The bridegroom's mother wore a navy shantung dress with a navy straw hat, trimmed in white. Each wore a shoulder corsage of pink gladioli.

Reception Held At Home

Following the wedding a reception was given for the newly weds by the bride's parents in their home. Mrs. Wayntan Marshall of Burkburnett cut the wedding cake and Mrs. Frank Parker of Lubbock served punch. Others assisting with the house party were Miss Dorothy Cox, Mrs. Thurman Kirby, and Mrs. W. T. Center, all of Cone. Guests were registered by Mrs. Walter Bean of Silvertown.

The reception table was laid with a white lace cloth over turquoise taffeta. Bouquets of the honor attendants were placed at each side of the bride's bouquet. The white wedding cake was a three tier and topped with a miniature bride and groom encircled in a wedding bell.

Immediately following the reception the bride changed to a navy silk sleeveless sheath with a waist-length jacket. She wore bone shoes and a navy pillbox hat and carried bone gloves and bag. Her corsage was a white orchid.

To Live At Vernon: Following a wedding trip the couple will be at home at 2003 Bevan, Vernon, where the groom is associated in business at Young's Auto Parts.

Mrs. Hilliard is a graduate of Ralls High School, Hardin-Simmons University and Southwestern Baptist Theological Seminary. She formerly was a teacher in Lockney High School, and State YWA-GA Director in Oklahoma, and prior to her marriage was Youth Director at First Baptist Church, Vernon.

Mr. Hilliard is a graduate of Odell High School, attended Midwestern University, and is a member of the Masonic Lodge. The groom's parents were hosts for the rehearsal dinner Saturday noon in the Rogers Restaurant, Floydada. The U-shaped table was covered with a pink cloth and centered with pink rosebuds. Out-of-town wedding guests were from Albuquerque, New Mexico; Shawnee, Tulsa, and Lawton, Oklahoma; Odell, Vernon, Burkburnett, Wichita Falls, Idalou, Lubbock, Midland, Lockney, Silvertown, O'Donnell, Fort Worth, Elctra, Ralls, Floydada and Plainview.

\$615,000 Interest Bill Assessed Against County

Luxury Of The National Debt Is Expensive

(Special to the Hesperian)
NEW YORK, Feb. 20 — How much money will the Federal government collect this year from Floyd County residents, by way of taxes and other levies, toward the interest charges on the National debt?

The answer is — approximately \$615,000. That covers only the interest on the debt. It will not reduce by a particle the capital amount that is owed, some \$290 billion.

The figures are based on a study made by the Tax Foundation, a non-profit organization showing that the annual interest on the debt is now close to \$9 billion.

In more practical terms, it means that an average of \$49.97 a year per person, or nearly \$1 each week for everyone in the United States, has to be collected to meet the carrying charges.

If the Federal government has been operating over the years on a pay-as-you-go basis and, as a result, there were no national debt, residents of Floyd County would have been relieved, consequently, of \$615,000 of their current tax burdens.

That money would have been available locally for general spending in this period of economic need. It is pointed out, although little objection has been raised to the emergency steps being taken by the new administration to spur the economy by money-injection methods, even though such steps may increase the national debt, there is no claim over our failure to reduce it during more prosperous years.

Senator Harry F. Byrd of Virginia claims that "our strength is being sapped by deficit financing indulged in too long and by Federal paternalism grown too big."

Repr. John J. Rhodes of Arizona feels the same way. He has introduced a bill to reduce the national debt.

produced a bill that would make it mandatory to reduce the national debt by at least \$2 billion every year. It would take 145 years, at that pace, to wipe it out.

Floyd County's share of the debt, based on the present national average of \$4,534 per household, comes to the tidy sum of \$19,471,000.

Just how long would it take local families to liquidate their share if they were to turn over their entire income for that purpose?

At their net earning rate, which averaged \$5,337 per household in the past fiscal year, it would take 2.3 months.

Motor Company Has Record of Service

Lyndell Roberts and Doyle Jackson back up Bishop in the front office force. Roberts as manager has 16 years with the firm. He and Bishop are busy mainly in the sales department. Jackson divides his time between books and parts.

Raymond Williams is bookkeeper having been with the firm a year. He has been in his trade four years. Emery Roberson the parts manager has 25 years experience as a parts man, 16 years with this Bishop Motor.

Odie Milligan is service department manager and lends another 18 years of know how to the firm. Mechanics are Dave Summers, Charles Hawkins, Eddie Linn, and A. G. Tyler. Summers has been at his trade 31 years Tyler 16, Linn 17, and Hawkins 7.

Jose Lopez serves as porter for the service department and Joe Naverro takes care of washing and greasing. Both have been with Bishop for a year.

Lyndell Roberts as manager was called on to help the photographer and reporter to work up this report to the public on the staff at the Ford house in Floydada. Roberts said he wished to take this opportunity to introduce the new members of the force to the people of the area and to show their duties with the firm. In the service department most of the training has been with Ford products. Milligan has 18 years Ford experience. Summers 14 years, Hawkins 7 years (3 1/2 as service manager at Vernon), Linn 5 years with Winn Motor at Plainview and 3 years in his own shop before coming here, Tyler 12 years in this shop to bring the grand total to 59 years of Ford mechanic experience in the service department.

An invitation to come in and visit them at their jobs is extended and "if you didn't do it before now you can call them by their first names".

FLOYD COUNTY NATIVE RETURNED FROM DALLAS FOR LOCKNEY INTERMENT

A native of Floyd County, Mrs. Dick Kell, 48, who had resided her lifetime in Lockney until moving to Dallas in 1937, died Saturday afternoon in her Dallas home. She was the granddaughter of the late Dr. D. J. Thomas, pioneer physician in the Lockney area. Funeral rites were held Tuesday in the chapel of Carter Funeral Home in Lockney. Burial was in Lockney Cemetery.

Mrs. Kell was born in Lockney Nov. 16, 1912 and attended schools there. She and her family had been living in Dallas for 24 years. Survivors include her husband, a son, Ricky, New York City; and a daughter, Karen of the home.

FHA Provides Family Funds Eligible Farm

Additional funds have been made available to help meet the needs of eligible farmers who need operating money to carry out their farming operations. Joe T. Boone County Supervisor for the Farmers Home Administration announced today.

Mr. Boone said that a \$35,000, 000 contingency fund provided by the 1961 Agricultural Appropriations Act has just been released to the Farmers Home Administration to meet the growing demand for credit.

This move was taken by the U. S. Department of Agriculture in an effort to make certain, with in the authorities and funds available, that no qualified family-farmer will be required to give up farming because of his inability to finance his 1961 operations.

Because of his operating costs and unfavorable margins of profits their regular sources of farm operating credit. The amount of operating loans made so far this year by the Farmers Home Administration totals 20 percent higher than last year. The credit Agency's biggest lending season lies just ahead as farmers prepare to start their spring work. Most of the applications so far

this year are for loans for operating expenses. Some applications have also been received for construction of farm houses and for real estate purchases.

The Farmers Home Administration makes operating loans primarily to help eligible farm families make improved use of their land and labor resources on family-type farms and make needed changes in their farming systems. Most of the changes call for adopting better farming practices and improving the efficiency of their farming operations. Loans may also be made to qualified farmers who carry on smaller than family-type operations.

Operating loans help farmers pay for equipment, livestock, feed, seed, fertilizer, tractor fuel and other farm and home operating needs including the refinancing of chattel debts. Loans are scheduled for repayment in accordance with the borrower's ability to repay, over periods up to seven years. The interest rate is five percent.

Further information on these loans may be obtained from the County Office of the Farmers Home Administration located at 114 1/2 West Capitalina Street, Floydada, Texas.

Mr. and Mrs. Fred Batby visited in Amarillo over the week-end with his daughter and family.

Mr. and Mrs. Noel Troutman of Iowa Park were in Floydada to spend the weekend with their daughter, Mrs. Greer Christian and family.

All-Electric Dream Kitchen Is Prize in Local Contest

A fully equipped all-electric dream kitchen, including the latest model Westinghouse range, refrigerator, freezer, washer, dryer, dishwasher and disposer installed free and serviced for one year, is the grand prize in a recently announced Gladjola Flour contest.

To enter, it is necessary only to choose a name for the Mystery Recipe that can be found in any five-pound or larger package of Gladjola Flour.

In addition to the grand prize, 120 twenty-piece copper-tone aluminum cooking sets will be awarded as prizes in the contest. There is no limit to the number of times contestants may enter the contest, but all entries must be postmarked before March 31, 1961.

Experimental Garden Plots Results Vary

By Fisherman Marshall

I wish to report on some of my experimental garden projects. This last season we raised broccoli and cauliflower. The production returns were excellent. Broccoli is a continuous producer until freezing weather, and it will take severe freezes and continue to produce. It would be a profitable commercial crop. Cauliflower makes large white heads. As both these vegetables are of the cabbage family they require spraying twice a week to keep down cabbage loopers.

I made another flop on rhubarb, the third one in a row. I have not found the trouble. It takes a crown rot and dies.

I have established for sure the date to plant onion seed for early onions here on the plains. They are ten days earlier than onion plants. Planting date is September 15 and water at once.

We could ship onion plants instead of having them shipped to us. My boysenberry project, I have

learned the following: They are fair winter producers but the canes must be winter protected with straw. If weather stays around zero for very long, the canes freeze and no berries the next season. As you know the berries are raised on canes grown the year before. After berries are harvested, the canes are removed and new canes grown for next year's crop.

I also have included dewberries and young berries. These vines also must be winter protected.

I am adding sugar cane to my projects this next season, the kind where you bury the cane stalk. The point to be proven is this: is our growing season long enough to mature the sugar cane here.

Mrs. S. H. Wright returned home Friday night from an extended stay at Van Horn, Carlsbad, N. Mex., and Amarillo visiting with her children. She left over the weekend for Fort Worth in company with her son, Thomas Wright, who came for her Saturday. Mrs. Wright will spend some time there with her son and family, and a daughter, Mrs. Ewell Crawford and her family.

Mrs. D. I. Bolding is resting some better after being quite ill the past three weeks. She has been confined to her bed at home.

Harmony News

By Mrs. Mather Carr

HARMONY, Feb. 27 — Well I have been hearing that the old timers said this was the worst snow storm they had ever seen here. I guess they were forgotten.

For in November 1967 we really had a blizzard. There was Kaffir corn still in the field and the snow drifted in there till there was just some of the heads showing and we had drifts eight and ten feet deep. And in 1905 we had a 20 inch snow on a level, the wind didn't blow at all. I remember this very well as this was about February 18 and my oldest son was born February 22 and my husband had to ride to Lockney horseback for a doctor. So you see folks forget. I think this snow

line Beats running an irrigation system. Wesley Carr and Mather were in Amarillo Monday attending the funeral of our niece and cousin, Mrs. John Williams whose home was in Miles City, Mont. She had been ill about seven or eight months and had been brought to Amarillo about seven months ago. She died in the home of her daughter, Mrs. Johnnie Johnson in Amarillo. The funeral was in Griggs funeral Chapel at 2 p. m. in Amarillo.

We made it pretty good on our way home until we got about one mile from my home when we turned off of the highway on dirt road and got stuck. We walked to Chloma Williams and Everett Miller came and got Wesley and pulled him out and pulled him home. We were lucky not having to walk any further than we did.

In a little while Sherwood Ramsey came to Chloma. He and his wife and Mr. and Mrs. M. D. Ramsey were on their way home from Wichita, Kas., where they attended the Golden Wedding of Mr. and Mrs. Frank Moore. Got in the ditch just almost home so Chloma got his car out and took the Ramseys home, so no one had to walk or stay in the cold long. This snow was really slick. We are glad that there were no many who lost their lives during this snow.

Mr. and Mrs. John Holder, of Littlefield, spent Saturday night in the home of Mr. Holders sister, Mrs. Cecil Stanton and Mr. Stanton.

Mr. and Mrs. M. D. Ramsey made a business trip to Lorenzo Wednesday.

Mr. and Mrs. Everett Miller were in Lubbock Wednesday. Everett got something in his eye and went down to see a doctor. It had a little infection, but was doing OK.

Carrick Snodgrass lost some baby lambs during the snow. The last report he did not know how many as they were covered up with the snow. We hope not too many.

Club met Thursday at 2 p. m. in the club room with Mrs. Roy Hale as hostess. The president called the meeting to order. The roll call was answered by "What I Look for When Buying Furniture". Ruth Hale gave the devotional.

After the business session, Mrs. Bruce Davis and Mrs. Riley Holmes gave demonstrations on selecting and buying furniture. Mrs. Allan Gross gave the council report. Mrs. Walter Hanna directed recreation.

Ms. Hale served a delicious George Washington plate to the following: Mmes. Truman Dunavant, Riley Holmes, Glenn Curtis, Bruce Davis, Glenn Pool, Carrick Snodgrass, Bob Hopper, Allan Gross, Jack Clevenger, Sherwood Ramsey, Zant Scott, Walter Hanna and Mrs. Mather Carr.

Mr. and Mrs. Everett Miller left Saturday for Duncan, Okla. to visit with Mr. and Mrs. Bill McClennon.

Costs least* when you buy... saves more when you drive

Here's the Classic Ford Look at the lowest Ford price. Ford Fairlane equipped the way most people like it - the lowest priced.* full-sized 6-passenger car of all... though you'd never guess it by looking. But more important still, it's the engineering inside. Here are new achievement, new precision, new standards of quality. Here's a car that is built to take care of itself, and the savings mount up as you drive (the box at right shows you how). Altogether, the '61 Ford is so good that its dealers tripled the duration of the regular warranty.* Other cars followed. But Ford began the trend with the car built to back up its longer-term warranty! See why we say, this is the Ford in your future!

HERE'S HOW THE '61 FORD TAKES CARE OF ITSELF

Lubricates itself—You go 30,000 miles between chassis lubrications (which cost only about \$4.00 and take about 20 minutes).

Cleans its own oil—You go 4,000 miles between oil changes with Ford's Full-Flow oil filter (which filters better through specially packed fibers).

Adjusts its own brakes—New Truck Size brakes adjust themselves—automatically.

Guards its own muffler—Ford mufflers are double-wrapped and slumized to last three times as long as ordinary mufflers.

Protects its own body—All vital underbody parts are specially protected to resist rust and corrosion, even to galvanizing the body panels beneath the doors.

Takes care of its own finish—Just wash and clean Ford's new Diamond Lustre Finish and it will continue to glisten like new. It never needs waxing.

*Extended Warranty—Each part of '61 Ford, except tires, is dealer warranted against defects in materials or workmanship for 12 months or 12,000 miles, whichever comes first. Owners remain responsible for normal maintenance service and routine replacement of maintenance items such as filters and ignition parts.

Bills Before Legislature Solid Basis For Support

Wells, Representative District. Some of the most important bills of recent years have been REA bills. This again, a bill sponsored by Alonzo Jamison has been placed in a prominent position of the House Bill No. 3 is primarily concerned with the rural electric cooperatives to continue to serve only the structures which they are serving prior to annexation. House Bill No. 3 would allow the rural electric cooperatives (if the city does not object) to serve not only the structures they were serving but also the "area" which they served prior to annexation.

Situation Is Explored
It is this situation which is the subject of House Bill No. 3. The present law allows rural electric cooperatives to continue to serve only the structures which they are serving prior to annexation. House Bill No. 3 would allow the rural electric cooperatives (if the city does not object) to serve not only the structures they were serving but also the "area" which they served prior to annexation.

Under the present law, the rural electric cooperatives may provide electricity to an area, thereby contributing to the development of that area, prior to the area's annexation. With their poles and lines established, REA is now unable to service a structure that is built directly within the area annexed after annexation. The gist of this bill is as follows:

In annexed areas the rural electric cooperatives would be allowed to service not only those houses or customers that they were serving prior to annexation, but also any new customers within "the area" that they served prior to annexation.

Opposition to this measure argues that the term "area" is nebulous and needs definition in order to make the bill workable. While it would support the bill with a definition of "area" included, it seems wise to me to leave the determination of the meaning

of this word to the discretion of the cities. The Bill provides that in any event the cities may or may not grant a franchise to the cooperatives and it seems consistent with this language to allow the cities to decide what "area" they prefer that the REA cooperatives be allowed to serve.

Safeguard Seen As Ample
In my opinion this Bill is a very reasonable request by the REA cooperatives. I do not feel that it places the cooperatives in an advantageous competitive position with the private or municipal power companies. The safeguard of allowing the city to grant or withhold a franchise is certainly retaining local control of this matter.

The rural electric cooperatives have rendered a great service to our country in providing electricity to rural areas. They have received federal loans at low interest rates which has partly offset the cost of establishing poles and lines in the very sparsely populated areas. It is my feeling that in these areas which the REA has helped so greatly in developing should be allowed to remain and serve, if the city is willing to grant them a franchise for that purpose. I further feel that allowing them to serve only those customers that they served prior to annexation is an unreasonable restriction. For these reasons I have co-authored and sponsored House Bill No. 3 and will do all in my power to further its passage.

Dance Adds To MOD Fund

A "nice turn-out" was evident Friday night when members of the local fire department sponsored a March of Dimes dance at the VFW hall. After expenses were paid, the secretary of the department, Fred Lambert, turned over to the MOD fund the sum of \$58, deposited at the First National Bank in Floydada.

Dance music Friday night was provided by Don Allen and his band. Members of the fire department assisted in ticket sales and care of the building. The sum collected from the dance boosted the total for the Floyd County March of Dimes toward the \$1,000 mark. A total figure had not been calculated early this week, according to Ed Wester, secretary-treasurer of MOD.

Containers placed downtown during the drive netted \$61.65, the Mothers March collected \$367 and \$16 was turned in from the North Ward school in Floydada. Wester said the county would fall a little short of last year's total but all concerned are well pleased with the cooperation of the community.

Lions Meeting Pays Respects To Ex-presies

Former presidents of Floydada Lions Club present at the Thursday luncheon on "Past Presidents' Day," numbered 12 out of 13 persons who have served the club as its leader since the organization day in November of 1923. Those included M. P. Goetz, J. C. Wester, Homer Steen, James H. Word, Parnell Powell, Lynell Roberts, Earl Crow, F. A. Williams, Kenneth Bain Jr., Gene Collins Jr., George Spears, Edward H. Wester, and T. L. Holland Jr. Of this number Homer Steen spoke briefly, acknowledging the honors accorded past presidents by the club. Dr. Otis R. McIntosh is present president.

T. L. Holland Jr. was program chairman for the day. The club has twice disbanded since its first organization. In December of 1930 the club and the Rotary Club were merged, the Rotary Club retaining its charter. Organized the second time in 1936 the club again disbanded in 1942 when most of its members were called to service and the remaining remnant again absorbed by the Rotary Club. The club has now been active since for 18 years, and has been a potent force in many civic activities in that period.

Fairview News

By Mrs. Clyde Bagwell

FAIRVIEW, Feb. 27 — This Monday morning finds us with another driving snow coming in from the North. Sunday was a beautiful day after two snow storms last week. Just about the time roads dry up and are passable from one spell, we have another. One thing we can not complain about this winter is the lack of moisture. Mr. and Mrs. T. L. Perry and Jan went to Lubbock Saturday on business and visited relatives while there. They went to Plainview Sunday and spent the day with Mr. and Mrs. Grady Reeves and family.

Mrs. L. B. Cozby of Lubbock was also at the Reeves home and she came home with the Perrys for a visit of several days here. Mr. and Mrs. E. W. Walls made a business trip to Lubbock Friday. Jan Perry spent the day last Sunday with Elaine Warren of Center.

On February 6, Mr. and Mrs. Lee Rushing left home to go to Temple where Mrs. Rushing had a check-up at the hospital there. Her doctor gave her a good report and she is to return in six months for another check-up.

From Temple the Rushings went to Houston to visit their daughters, Mrs. Malcolm Bridges, Mr. Bridges, their two children, Janet and Ray and Miss Dorothy Rushing. On Sunday while Mr. and Mrs. Rushing were in Houston Mr. and Mrs. Walter Travis, former Floydada folks and Mr. and Mrs. Leroy Sterling of Houston were also dinner guests in the Malcolm Bridges home.

From Houston the Rushings went to Galveston, they also spent a few hours in Pasadena with Mr. and Mrs. Joe Robertson who formerly lived in the Center community. Other places of interest they visited while away were McAllen, Corpus Christi, Aransas Pass, where they visited with Mr. and Mrs. Luther Darrell, some more Floyd County folks.

Mr. and Mrs. Rushing got a cabin there and fished. They remained there for 3 days, then on to Falcon and Zetata where they remained 4 days. All in all they report a delightful time visiting, sightseeing and fishing. They returned home Thursday night, Feb. 23.

Mr. and Mrs. Joe Rushing and sons Joe Ray and Dickie Lee of Lubbock spent the day Sunday with his parents, Mr. and Mrs. Lee Rushing.

W. W. Baxter was a Saturday night supper guest of Mr. and Mrs. Edell DuBois.

Sunday W. W. Baxter spent the day in the home of his son, Cecil and family. Other members of the family were also guests.

Mrs. John Carey and daughter, Nancy of Floydada spent Sunday with Mr. and Mrs. Lyndal Carey and had dinner with them.

The Cecil Paynes have been busy re-decorating the house where they now live. It is the house formerly owned by the late Mr. and Mrs. R. W. Lotzspeich. Mr. and Mrs. Payne are waiting for the weather to clear and the ground to dry so they can set the foundation for a ready built house they have bought and will have moved over from Lubbock. This house will be located on their lot, west of the Park in town.

Mr. and Mrs. L. A. Horton and Mr. and Mrs. A. L. Williams of Plainview visited Sunday afternoon here with Mr. and Mrs. Jim Stewart. Mr. and Mrs. Jim Stewart visited Thursday night with Mr. and Mrs. Felt Patterson. Mrs. Doyle Walls and daughter, Brenda of Floydada, and Larry Walls of Plainview, visited Mr.

and Mrs. E. W. Walls Saturday morning. Larry spent the weekend in town with Brenda. Mrs. Dot Hammonds and Mrs. Jim Stewart visited in Plainview Friday with Mr. and Mrs. L. A. Horton, parents of Mrs. Stewart. Mr. and Mrs. Shirley Irwin and children went to Lubbock Sunday afternoon where they visited in the home of Mr. and Mrs. L. F. Irwin and family.

Sunday Feb. 19, Mrs. Shirley Irwin and children visited in Floydada with Mrs. S. H. Tackett. On Monday Mrs. Irwin spent the day with her parents, Mr. and Mrs. R. R. Waller. We regret the passing of Mr. H. J. Nelson whose funeral was held Saturday afternoon in First Baptist Church in Floydada. Mr. Nelson was the father of Carl Nelson and he was known all over the county. He was a long and time resident of the Lakeview community before moving to town a few years ago. Our sympathy Mrs. W. A. Kirk and other relatives with the family in their times of sorrow.

Mrs. W. B. Wilson visited Sunday in town with Rev. and Mrs. Joe Wilson, in the afternoon the two ladies visited among the absentees of their Sunday School class. Mrs. Wilson is spending a few days this week in town with her daughter, Mrs. Bill Tye and family.

Mr. and Mrs. A. E. Hegi and Mr. and Mrs. Herman Millican, Jr. and family held Saturday afternoon in First Baptist Church in Floydada. Mr. and Mrs. Russell Patterson over the county. He was a long and time resident of the Lakeview community before moving to town a few years ago. Our sympathy Mrs. W. A. Kirk and other relatives with the family in their times of sorrow.

Mrs. W. B. Wilson visited Sunday in town with Rev. and Mrs. Joe Wilson, in the afternoon the two ladies visited among the absentees of their Sunday School class. Mrs. Wilson is spending a few days this week in town with her daughter, Mrs. Bill Tye and family.

Cedar Hill Revival Begins On March 5

A Revival meeting at the Cedar Hill Assembly of God Church beginning March 5 and continuing through 19 is announced by the pastor, Rev. Robert Barnard. Rev. F. W. Akers, of Jayton, Tex., will be the evangelist. Services will begin at 7:30 each evening. The public is cordially invited to attend.

LEROY McDONALD RALLIES IN SWISHER HOSPITAL

Leroy McDonald, former Tulsa merchant who is now engaged in farming, is said to be resting well in Swisher County hospital where he has been since suffering a heart attack last week. The former Floydada man is responding nicely to treatment according to his brother, Clement McDonald, and from all indications will be out of the hospital in another week if all goes well. Leroy is the son of Mrs. L. C. McDonald, resident patient in Peoples Hospital here.

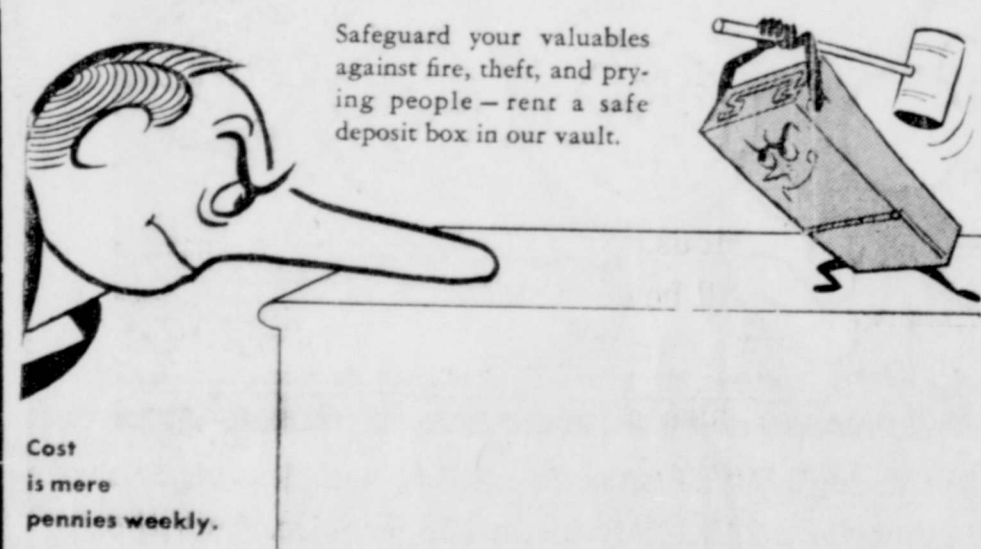

Texas produced 983,840,000 barrels of crude oil in 1959; 38.2 percent of U. S. total.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

Both pro- and anti-no choice but to pass a general...
 Bill is patterned after the law requiring the election of the Railroad Commissioners. It is the sponsor's belief that the public would be given more consideration if the insurance posts were elective positions.

AUTO INSURANCE PLAN HIT
 — Texas' merit rating plan for auto insurance came in for heavy criticism as the Senate Insurance Committee considered a measure calling for extensive changes.

WATER BILL PASSED — A bill to raise the amount the State Water Development Board can lend for local water projects gained final passage from both Houses.

ELECTIVE INSURANCE BOARD — A proposal to grant the people the right to elect the members of the Insurance Board has been introduced by Rep. David Read of Big Spring.

WOMEN LOSE ROUND — Women's rights advocates lost by one vote an effort to get their proposed constitutional amendment sent immediately to the Senate floor.

SCHOOL DAY INCREASE — House passed in the Senate a bill which would increase the time during which a child may be legally compelled to attend school.

MISS THELMA MCNEILL

Thelma McNeill Passes; Rites Said Friday

Miss Thelma McNeill, 61, former resident of Floydada, died last week on Wednesday afternoon in Taylor Clinic at Lubbock following a brief illness. She had lived in that city since 1951 after moving from Floydada. Miss McNeill had been an employee of the J. C. Penny Co. during that time.

Funeral rites were conducted Friday afternoon in the First Methodist Church in Floydada with the Rev. Charles Lutrick, pastor, and Rev. Chess Lovern, pastor of the First Methodist Church in Lubbock, officiating. Miss McNeill was a member of the Lubbock Methodist Church.

Interment was in Floydada Cemetery under the direction of Harmon Funeral Home. Pallbearers were Jess Glover, Clarence Ashton, Roy Baxter, Charlie Perry, Pat Bullock and Lorin Leibfried.

Miss McNeill was born in Denton County, December 17, 1899. She was the daughter of the late Mr. and Mrs. R. L. McNeill, who came to this county in 1926. Mrs. McNeill preceded her daughter in death in September. The deceased's father has been deceased for several years.

Survivors include three brothers, F. C. of Denton, V. L. of Floydada, and C. H. of Lubbock; and five sisters, Mrs. R. L. Hawk, Searcy, Ark.; Mrs. S. A. Summers, Lubbock, Mrs. B. A. Robertson and Mrs. Ray H. Smith, Floydada, and Mrs. Milton Ashton, Lockney.

Mrs. Hawk was unable to be present for the funeral.
