

52,000 Acres Of Feed Grain Is "Diverted"

Fifty-two thousand of the 145,000 acres of grain sorghum planted last year in Floyd County is being taken out of maize production this season.

Floyd County farmers responded favorably almost 90 per cent to the ASC program of cutting the grain sorghum acreage. As a result the county will have 30 per cent less acreage in sorghum grain than farmers had intended to plant, the acreage being diverted to other uses.

Thos. J. Hutchins, county office administrator of ASC, said that about \$900,000 has been paid out under the program, something less than half of the total, the remainder of which will be paid this fall sometime.

Farmers who elected to sign up received half of the payment for diverted acres, if they asked for it. Total payments will be approximately \$2,000,000.

Cotton Measuring School

This week the county committee is operating a school for land measuring, with about 30 aspiring young men seeking jobs for the summer. Not all of the candidates will be used, but most of them will be put to work Monday measuring cotton land. Feed diverted acres under the new Grain Feed Law are also to be measured.

The land measuring crew will have a rather sizable job. One hundred and five thousand acres of cotton on 1425 farms, in addition to the new grain sorghum assignments means the job will be one and a half times as big as it has been heretofore on row crop land.

In measuring land that is in the allotment program two trips to each farm generally is needed to complete confirmation of compliance by the operator.

Hutchins estimates the job of measuring will be completed in the fall.

Pioneer Open House Draws Many Visitors

Though the weather man refused to smile on the event Pioneer Natural Gas Company held open house in their crisp new office home in Floydada Sunday afternoon. Visitors had to brave the rain during much of the time though early and late hours of visitation were nice.

Ralph Mardis, local manager for Pioneer, said dripping skies did hold down the number expected for the celebration, but never the less it was enjoyable afternoon.

Patrons who viewed the new office saw an attractive and well planned lay out. The building is air conditioned throughout with gas refrigeration. The spacious lobby has room for desks, as well as a number of modern gas appliances that are on display and for demonstration purposes.

Drive Ways, Drive-In Windows

Two new services to be offered the public are the drive in window for quick and easy handling of monthly bills or other business matters and the night depository for after hours call at the office. Coupled with the drive-in window is a paved approach and a paved parking lot.

Inside there are rest rooms, private office space, and a ready room for service personnel along with other needed service quarters.

Hesperian's Harvest of Values Issue Set For Week of June 22

The big Harvest of Value Issue of the Hesperian is set for June 22. On that date copies of a special section will be mailed to box holders in a wide area covering much of five counties in addition to the big list of Hesperian subscribers.

The Harvest of Values is a town-wide sale sponsored by Floydada Chamber of Commerce. Local merchants are called on by the C of C to join together and pool their pulling power in this gigantic sales promotion.

Already many stores have made special purchases and are laying plans to make an interesting event for area shoppers. The idea is to offer the shopper the very best buy he can find anywhere and in that way make south and west residents more Floydada conscious.

OPENS CAMPAIGN. Chairman Parnell Powell, left above, of the Chamber of Commerce membership committee, got the first signature to a membership pledge from Mayor S. W. Ross this week in an advance solicitation to open the organization's active drive for more members. The campaign was kicked off this morning at a breakfast meeting at 6:30 o'clock. (Staff photo)

C-C Launches Campaign For Bigger Membership

Material increase in the membership of Floydada Chamber of Commerce is due to result from an intensive membership drive kicked off this morning at a 6:30 o'clock breakfast, in which directors and the membership committee were to take part.

Last night John W. Reue, manager of the Chamber of Commerce, said he expected to have almost 100 per cent attendance at the breakfast.

The intensive membership drive is expected to give the organization a broader based representation of the community and incidentally increase the annual income, he said.

Ralph W. Duncan, manager of Membership Relations, West Texas Chamber of Commerce, Abilene, was to speak to the group this morning at the breakfast. Reue said last night, and Shirley W. Irwin of the membership committee, also was scheduled to address the group briefly.

Other activities were to include preparations for the intensive campaign with assignments to 50 members or so, from a list of more than 300 persons in the community as prospective members.

The Chamber of Commerce had 240 members at the beginning of its fiscal year in March.

Dr. Charles C. Craig, President, was due to preside at this morning's meeting.

The program of work of the Chamber of Commerce for the year has been set up to give point to and leadership for year-round activities.

Parnell Powell is chairman of the membership committee, other members of which are Greer Christian, E. L. Norman, Don Pemberton, Claude Estes, Shirley Irwin, Ed Bowles, I. H. Parks, Tom Snead, Roy Hale, Marion Tucker and John Fowler.

The campaign will include efforts to broaden business membership and individual membership as well.

Will Weatherbee Dies At Boerne; Rites Wednesday

Will F. Weatherbee, 86, a resident of Lakeview for many years before moving from Floyd County to Boerne, Texas, in 1950, died at his home in Boerne, Tuesday morning at 4 o'clock, and memorial service was held Wednesday afternoon at 4 o'clock.

Burial was made at Boerne, where Mrs. Weatherbee was interred. She preceded her husband in death seven years ago.

Mr. Weatherbee had been ill for some time. Wayne Battey, a former neighbor who went to see him about four weeks ago, said he was gradually dwindling away when he was with him.

Before going to Boerne in 1950 the Weatherbees had been residents of Floyd County since 1906.

Survivors include three brothers and seven sisters, one of the sisters being Mrs. Jack Woodward of Plainview. He had no children.

W. A. Shaw of Floydada is a cousin.

AT BOYS STATE

Richard Lee Holland and Robert Dale Newberry left early Sunday morning for Boys State in Austin with plans to return Saturday. The affair is sponsored by the American Legion.

The boys will join some 600 other youths at the meet.

Retail Area Has Brightening Up Work Under Way

Four buildings housing five businesses in the retail business block from 208 South Main St., around the corner to 109 West California in Floydada are in a modernization program now under way.

These are the Glad Snodgrass Building at 208 South Main, the Sarginer, White and Farris Building at 206 South Main, the Farris & Sarginer building at 202 South Main, and the Sarginer & Farris Building at 109-11 West California.

The Snodgrass Building on South Main is getting a major renovation and change in front and the Sarginer & Farris building on West California also will present a complete new appearance.

April, May Building Permits

April and May building permits in Floydada, always an incomplete record of construction work actually done, include five residences in the \$13,000 to \$20,000 bracket, as well as four costing \$5,000 to \$10,000, with several repairs and additions.

Total permits in the period add up to \$229,465.

Biggest permit issued is for \$115,000 to Floydada Independent School District for the new school on Block 11.

One permit is for commercial construction, a service station at Kentucky and Second by Roy Lynch, estimated cost \$5,000.

April and May building permits in Floydada have included:

Ralph E. McConnell, \$20,000 stone veneer residence in Block 1, New Home addition.

Grady Freeman, addition of two rooms to residence, Block 92.

Ben Galloway, \$15,000 brick veneer residence in Block 1, New Home Addition.

W. N. Anderson, repair and addition to residence, Block G, Andrews, \$2,500.

Hail, Heavy Rains Make Inroads in Wheat Fields

43RD WEDDING ANNIVERSARY. Mr. and Mrs. W. D. Newell observed their 43rd wedding anniversary Sunday with members of the First Christian Church when a church fellowship dinner was held. Mr. Newell is County Surveyor and a charter member of Texas Land Surveyors. Mrs. Newell is the newly elected president of the Christian Womens Fellowship of the church. The couple are both long time residents of the county. (Staff photo)

Some Farms Hard Hit; Others Find Moisture Content High

Good grain "runs" to the elevators from Floyd County fields Friday of last week, when the first barley and wheat got dry enough to handle in volume, indicated that yields are to be good and the crop a profitable one this year—weather man permitting.

Crops, principally from dry lands, were showing yields between 20 and 30 bushels. No irrigated wheat reached the scales Friday.

But Saturday it was damp with showers dotting the county, and a repeat of this story Sunday, Monday and Tuesday. The north half of the county had no heavy rains from a few miles north of Floydada.

Moist air and sprinkles, however, kept the straw tough and late Monday evening when victrol some moisture in the grain, was looking storm clouds moved in about 5 o'clock, following an got to town. The deep east and northeast part of the county had the same general conditions.

From Floydada, including crops immediately adjacent to town, this side of Cone, winds played havoc to trees, fences and window glasses. Persons traveling through that area Tuesday said every window on the north side of houses and business places were either broken or knocked completely out.

The storm which did such damage in Floyd County seems to have been the counterpart of one that struck Calgary in South Crosby County, and other near by points. Farmers south said it struck in this county along about the White River Draw continuing through McCoy, Harmony, striking a portion of south Sand Hill, and east across the Ralls highway into Starkey and Lakeview where in places there was 100 percent hail damage.

Harmony Downpour Heavy

Mrs. David Battey Jr., in the Harmony community, said torrential rains and hail started falling at their place around 5 o'clock. Hail the size of marbles soon turned into golf ball size, breaking out bedroom window glasses on the east side of the family home. Mrs. Battey said 95 percent of their wheat was destroyed. Cotton and onions in the area also were lost along with an abundance of fruit.

Other families in the Harmony community also suffered terrific loss some amounting to 100 percent crop damage with others also reporting broken window glasses and glass in storm doors.

Rain measured anywhere from one and one-half inch to four inches. Some could not be measured accurately due to the overflow of gauges or broken ones caused by the hail.

The Battey family stood outside their home and watched a funnel cloud hover over past the Barwise community. However, it did not dip down.

The Allan Gross family, who reside five miles northeast of Petersburg said the strip of severe weather seemed to have started about where their place is located. Farmers in the Petersburg area were back in fields Tuesday morning after only a light shower fell there. About 40 percent wheat damage was reported in the general area where the Gross family lives and some cotton will have to be replanted. Hail was measured 14 inches in circumference on the J. E. Franklin place, just north of the Gross farm.

Edward Baird, two miles north of Harmony Center, reported nearly two inches of rain with cotton wiped out and heavy damage.

Water District Takes Dim View Of Waste Evident In Irrigation

Habitual irrigation water wasters in the High Plains Undergrround Water District are becoming a menace to the economic welfare of the various counties and, in addition, some "tail water" is becoming a public nuisance, blocking passage of mail carriers and travel by the public.

This was one of the angles of the water district's problems discussed when the Floyd County Committeemen and the manager of the district Tom McFarland had a supper meeting at the Rogers Cafe in Floydada Monday evening. Several invited guests also attended the session of the county committee E. L. Thomas, Gilbert L. Fawcett, V. H. Kellison, and Chester Mitchell were present. Allen White from the general office of the district accompanied Mr. McFarland to the meeting.

Support for an effort to get compliance with the district's anti-waste rules was unanimous among those present. Warnings to be given habitual wasters will precede any legal action.

The district has legislative authority to prosecute habitual wasters. Injunctions may be filed children, it was pointed out. In the interest of conserving the ground tile as a means of saving water also came in for discussion. Estimate is that underground tile saving as much as 30 per cent to 40 per cent of water in irrigation. An effort to get pit pumps on the ASC program will be made.

Round table discussion followed the talks of McFarland and White. Among the guests at the meeting were Johnny Collins, Judge J. D. McBrien, Commissioners Bill McNeill and John Fowler, Lloyd Widener, Fred Byrd, Raymond Rucker, J. R. Belt Jr., Edgar Hayes, and Katherine King.

NORMAN GAINS GROUND

Lewis Norman, city secretary of income taxes, is the one being stricken seriously and hospitalized at Peoples Hospital, is steadily gaining ground and able to be up once a day in a wheelchair.

Mr. Norman has improved greatly beyond first expectations. He is taking more nourishment and rests much better, according to hospital reports.

Farm Bureau Announce Contest Will Select Floyd County Queen

Floyd County Farm Bureau set the stage this week for a contest to choose a county queen from eligible daughters and sisters of Farm Bureau members.

Following a committee meeting held Monday morning, Mrs. James Jeffress said that Mrs. Hollis McLain will be chairman of a committee to conduct the contest and with her will serve families and swimming enthusiasts. Mrs. Jeffress, Mrs. W. H. Bunch, Mrs. Dickie Watson is life guard at the pool.

The choice of a queen will be made in a ceremony in the high school auditorium in Floydada on the evening of July 20, at 8 o'clock.

Eligibles may enter at any time by registering at the office of the Farm Bureau on or before July 10. Each entry will be required to submit a picture. Appearance, poise and personality will be the basis for judging. From the county contestants a district queen will be chosen and from the district a state all employes of Farm Bureau, queen.

OUTMODED!

Over 22,000 miles of the Texas Highway System is considered outmoded for present day traffic.

Let's rededicate our efforts toward building better highways during...

NINETY PER CENT SIGNED UP

Report from the ASC Office indicates that most of the farmers in Floyd County went along with the Grain Feed Law and turned in acreage for diversion. The average in this county is about 30 per cent, according to report.

The direction the Farm Program is taking, the way it is shaping up so far in congress, is quite disquieting to some of the farm people, well-pleasing to others. Some of those who oppose are of the opinion that the USDA chief espouses a plan that would follow the plan so prevalent in the unions, where the mine run of farmers and ranchmen will have no voice in their own affairs.

SUGAR SWEETNESS TURNS SOUR

Hearings designed to accomplish the re-allocation of sugar production so as to give some of the acreage to domestic producers, has created some heat, Congressman Jim Wright says.

Cuba did furnish about 30 per cent of the sugar consumed in the United States. It is this big lump of sweetness that western congressmen would use to bolster the domestic economy.

When talk of reallocating the Cuban sugar quota arises tempers flare and the "sweetness of sugar begins to sour." When quota allotments come up hundreds of foreign lobbyists swarm the capitol clamoring for protection of their quotas, even demanding more. The sugar business is growing at the rate of \$90 million a year. That's quite a rich plum in itself to be seeking not to mention the Cuban tonnage.

TO CONVERT SEA WATER

Because it has been fairly demonstrated that what can be imagined also can be done, scientists continue to work on the effort to produce good water from the ocean's brine. It is now known that this can be done, in fact, it is being done. But only at high cost. A pilot plant at Freeport on the gulf already is making fresh water as an experiment. The course of history will be changed when the process becomes a reality on an economically sound basis. The studies at Freeport may prove to be of vast importance.

UPROAR IN SAN DOMINGO

An army of 500 troops in San Domingo is maintaining order in a "republic" of 3 million souls, and while they are at it, also maintaining the Trujillo regime, despite the death in a gunbattle of its leader for 31 years, President Trujillo. A 31-year-old son has taken over and is hunting down the assassins of his father.

Called a republic this island nation in the Caribbean has had a dictator for so long most of the people had learned to live with it and were deeply pained at the violent death of their leader. The general to all intents owned the island state.

An army that has control with a hard-striking mobile force does not have to be an enormous one, to quickly crush any uprising—in Cuba or elsewhere the same as in San Domingo.

YOUNGSTERS HUNTING WORK

Scores of youngsters who are energetic and alert hunt jobs between high school's end and college's beginning. They usually find the going rather rugged.

Prospective employers are sympathetic but it is difficult to fit even a smart young man or woman into a slot that one is going to have to refill within weeks.

This short-lived pool of labor goes to waste to a considerable extent every year.

The employers wish they knew how to harness the youngsters. Boys and girls who "can't understand it" end up in frustration, minus the money they need to start off their college careers.

57TH LEGISLATURE NOT SO BAD

People who complain that the regular session of the 57th Legislature did not accomplish much will be interested to know that body enacted laws and sent them to the governor for signature at a rate of more than four a day for the 140-day session. This may represent quantity rather than quality but it is much more than nothing, as some would have us believe.

Five hundred sixty-three measures were enacted. Of these 144 were known as "local bills." A large number of the bills were of state-wide import.

Far from being a do nothing legislature the 57th was a hard working body. The senate and house agreed on a sound program for future water development, a submerged lands development bill, important law enforcement measures, medical aid program for the aged, legislative redistricting, educational improvements and some economy measures.

These things and others are over-shadowed by the failure to agree on taxation and revenue measures. But these will be worked out, no doubt, in the special session beginning in July.

Research Important. Support of the Hi-Plains Research Foundation is important. We are not informed on how general was the support given in this County in the recent campaign. But it is important that somebody pick up the tab to be sure the work goes on.

Because there are too many angles to the tax thing and too many millions involved, touching too many pocketbooks of varied states of well-being, it would be difficult to assess the rights and wrongs of the big disagreement at Austin, left over for a special session. Too many people, including ourselves, are not too sure of the content of HB No. 334 as revised by the senate, the bone of contention on which the legislature was gnawing when they adjourned.

Foremost, we are not inclined to cloud the issue by attacking the good sense nor the integrity of the state senate. It is true, we have observed, that a senator in Austin is a king bee and representatives a dime a dozen. The senate, however, is a sort of a gentlemen's club, where it is easiest for selfish interests to trench, where the temptation is to look upon themselves as smarter than the people who sent them there. This is just an observation, not a statement of fact.

The House, on the other hand, is a turbulent body where more than a hundred men gather, some of them busybodies, some of them embryo crusaders, but by and large good, down to earth people who would like to serve their state well. They are more easily cowed by the "cloud of witnesses" that sometimes fill their galleries.

When the session of the legislature ended last week with no agreement the senate was adamant on their version of the bill, the house in an even tie on it. The governor had served notice, meanwhile, he would veto the bill in the form the senate passed it. So, the House almost agreed to send a bill to the governor that he would not sign nor allow to become law.

Hence it is that if one is to go to criticizing, he would charge the final impasse either to the Senate or to the governor. In our book, the governor has been in business longer than the majority of the Senate, has proven himself less subservient to special interests than some of the senators have, and has studied taxation more than most of the senators have. So, we are more inclined to go along with him than with the senate in their spat, despite that he apparently made some highly partisan remarks in his post-session statement.

This little discussion is for home consumption. We have seen a bare outline of the Senate's redo of HB334. To us it is preposterous, in some respects, good in others. However, we think it is far from being a "general sales tax." The stated intent of the senate was good but when they came to putting their intent on paper they made some grievous errors (we think.)

So, we believe, it is well enough that the legislature will have to reconvene after all have had a chance to consider further. Perhaps a better law will result. Texans and their legislatures for so many years were spoiled. They could turn to the oil business for all the things they needed. When this source was dried up nobody really knew what people did for more tax money in states where they don't have oil. We are about to find out and nobody is going to be happy. And it will be painful.

IT'S NEW! THE "PIONEER" DUAL-MANTLE MODEL

Newer, Better Gas Light Is Pioneer Idea

A new line of dual-mantle gas lights is being introduced through-out the area served by Pioneer Natural Gas Company, officials of the company have announced.

Manufactured by Bruest, Inc. one of the country's major producers of gas lights, the new light has been named "The Pioneer" as a result of improvements suggested by Pioneer Natural Gas Company. The major innovation is a distinctive dual-mantle which increases the amount of soft, diffused illumination characteristic of gas light, with no increase in the cost of operation over the present single-mantle lights, according to Ralph Mardis, local PNG manager. Ralph also states that the prices on "Pioneer" gas lights will remain the same as on present models. The dual-mantle light is expected to further increase the demand for gas lights which have experienced a phenomenal rise in popularity since being introduced some three years ago.

The new dual-mantle featured in "The Pioneer" light is such an improvement that it will be incorporated in other models. Initially, the new "Pioneer" light will be introduced through Pioneer Natural Gas Company offices. However, the manufacturer will market these lights on a nationwide scale in the near future.

J. M. Hopper Funeral Held Here Sunday

A retired farmer and long-time resident of Floyd County, John Mack Hopper, 95, died at his home in Floydada Friday morning at 10:50. Mr. Hopper had undergone surgery last December and had been in failing health for several months.

He was a native of Texas, born on December 12, 1874. He and the former Nancy Abney were married on April 19, 1899, and recently celebrated their 62nd wedding anniversary. The couple were honored with a reception by their children on their 60th anniversary.

Mr. and Mrs. Hopper first came to the plains in 1901 and settled near Spur. They had resided in Floyd County some 40 years.

Funeral rites were conducted in the City Park Church of Christ Sunday. The deceased was a member. Officiating was the minister, Henry Ewing, assisted by Leonard Dennis of Edmondson. Burial was in Floydada Cemetery under the direction of Harmon Funeral home.

Pallbearers were Joe Hopper, Pete Hopper, Fred Harkey, Otis Johnson, Billy Gene Hopper, Frank Hamilton, Pete Johnson and Wayne Finley.

Survivors include the wife; four sons, Tom, Gene and Bun Hopper of Floydada, and Charlie Hopper of Corpus Christi; one daughter, Mrs. Jewell (Betty) Gilbreath of Whittier, Calif.; 15 grandchildren and 22 great grandchildren; one sister, Mrs. Bob Holloway and one brother, Marshall Hopper, both of Bowie. One daughter preceded Mr. Hopper in death.

Lakeview News

By Mrs. Q. D. Williams

LAKEVIEW, June 5 — Monday afternoon combine crews were racing the black clouds in the north. A bolt of lightning struck the wheat stubble in L. D. Goughly's field. The flames were visible for four or five miles. A fire guard was plowed to protect fields of uncut wheat. About thirty acres of the stubble burned before it was controlled. An hour later, at six o'clock, the rain started falling.

The extremely heavy downpour washed out the cotton over near \$1.65 stamps. The Orville Custers and Verlon Wrights. Their rain gauge caught gin, lots 9 and 11 in block D, and three quarter inches. Hail was light in that part of the 85 stamps.

In the area near the school house for a width of about eight miles, very heavy hail fell. Wheat damage ranged from 50 to 100 per cent loss. This was on excellent 40 to 50 bushel wheat, only one third of which had been cut. Fortunately the cotton in this area escaped heavy damage. About two inches of rain fell.

Offer Twirlers Instruction In Use of Batons

Whirlwind Band Director Dan Whitaker has announced a series of summer twirling lessons to be held in Floydada soon. The instruction is for aspiring young twirlers who are or plan to be future band members.

Registration for these classes will be on Monday, June 12, in the band department at Floydada High School at 10:00 in the morning and 2:00 in the afternoon. There will be a total of 10 sessions of instruction with three classes per week the first being in Wednesday, June 14.

Cost to the student will be \$6.00 for the entire course.

The band director will have proper batons available for those who desire them and if the turn out is as good as expected there will be classes in both beginners work as well as advanced twirling and a twirling recital set for the public at the close of the school.

Further plans will be discussed at the registration or interested persons can contact Whitaker at YU3-2823.

Twirlers Janice Trapp and Juana Rimmer will assist Whitaker and Mr. Whitfill.

MRS. DOUGLAS WEAR BROWN (LINDA HILL)

Hill-Brown Vows Said In Farmington Ceremony May 20

Miss Linda Hill and Douglas Wear Brown were wed May 20, in an evening candlelight double ceremony read in the First Presbyterian Church at Farmington, N. Mex.

Rev. John W. G. Hill gave his daughter away then joined his son, the Rev. Gerald L. Hill of Sand Springs, Okla., to read the wedding ceremony.

The groom is a native of Farmington, and is a member of the police force. The bride, daughter of Hill and Mrs. John W. G. of Davis, Okla., is a dental technician in Farmington.

Her mother will be remembered here as the former Helen King. The bride is the granddaughter of the late Mr. and Mrs. E. C. King and she is a niece of Russell King.

ATTENDING THREE-DAY H. E. REFRESHER COURSE

Mrs. Nancy Morckel, home economist at Lighthouse Electric Co-op, along with her assistant, Mrs. Hazel Bradley, will spend three days in Las Cruces, N. Mex., this month to attend a school.

The two women left Tuesday and will be at New Mexico State College through Friday.

So-called "blood kin" are a special breed. During childhood they're often as close as parents, brothers and sisters. Those ones own age may be even closer, because with them, one often shares secrets and adventures that older sisters and brothers might disapprove, and younger ones would fail to understand.

Even uncles and aunts hold a special place in the hearts of the young.

When we were growing up three delightful families of relatives lived on farms near our little prairie town. From the early rising until we blew out the coal oil lamp and jumped shivering into bed, the days of visiting on an uncles farm were magical and gay. No small part of it was the way each aunt and uncle treated us as if we were real people and their honored guests.

But if growing up takes one another way, and after twenty years or so, we come face to face once more the saying "you can't go home again" becomes real indeed.

As though looking through double lenses, we view each other as adult strangers wondering what manner of man this person has become. At the same time we search in eyes and gestures for the person we knew so well. The measuring is both hopeful and disappointing, both friendly and severe.

When we reminisce, we achieve the old intimacy. When we try to converse as adults of today, we speak in foreign tongues. It is easier to establish rapport with a missionary returned from the Belgian Congo, or the new family in town, than with the bratty cousin now stout and grey, the beloved aunt or uncle who cannot forget what brats we were.

Rarely do we bridge the chasm of the years and really "come home again".

Miladies Club Has Meeting Thursday

Miladies Club met Thursday afternoon for a brief business meeting before adjourning to present a Floydada couple with a shut-in Sunshine box.

Routine Makes Long Session School Board

A long session of the Floydada board of education held Tuesday night, was given over principally to more or less routine items for this time of year, but at that the meeting was not over until 11 o'clock. All members were present.

Board president Ralph Johnston presented the business which included reading of the monthly bill amounting to \$4,165.82. These were voted to be paid with some minor corrections.

Representatives of Southwestern Public Service Company were present and asked for some of the school's electric business. Don Pemberton, local manager of SWP Co., and Warren Dayton of Plainview presented the company's case and asked to serve the new school now under construction.

They cited the tax load the company pays to the schools and the high type of service offered. The board voted four to three to continue to have all the schools served by the City's Light & Power Department.

Three New Teachers Employed. Supt. I. T. Graves recommended three teachers for the schools. The board voted to hire all three. They are Mrs. Glad Lynn Norman, Mrs. Charles Tyer and Calvin Stripling. Mrs. Norman will be in junior high math and English. Mrs. Tyer in junior high language arts and Stripling will be a new teacher at North Ward.

Stripling comes to the school here from Roaring Springs where the schools integrated. He will give the school bus for Matador colored high school students who will come here this year. Some eight students are involved.

One will continue to send high school students to Floydada High and their transfer has been approved for the new school year by all school boards involved.

No Rule Change On Distribution Surplus Goods

The new rules voted by the Commissioners Court covering the persons eligible for surplus goods distributed in the county will not become effective until July, it was announced this week by O. M. Watson Jr., who is in charge of the food service by appointment of the Commissioners Court.

The new rule would have cut the June list to about 200. Instead provision is being made for 574 persons, the same list as was used in May.

Distribution day will be June 21.

Mr. and Mrs. J. M. Willson Jr., and children are in Carey, N. C., where they plan a long vacation visit with her mother, Mrs. J. U. Newman. Mr. Willson, who accompanied the family there, is due home today.

Farm Bureau, Lunch Box To Move In July

Lunch Box Cafe and the Floyd County Farm Bureau have made plans for moves that are expected to add to the changes in the business map of Floydada.

Although the deal is yet pending it is definite enough to report that the Farm Bureau has purchased the building and lot at 325 East Houston from Mr. and Mrs. Melton B. Winn, owners of the cafe, and will refit it into offices when the Lunch Box moves out to another location.

Currently Winn has work going on to re-do the building at Georgia and Second Streets (in the north eye of the eye) formerly occupied by Curleys Cafe for several years.

Winn acquired this property 150 by 150 feet, from the heirs of W. A. Gound, following the passing of W. A. Gound and of Curley Stephens. Winn postponed any work until it became certain what the pattern of the new highway approaches would be.

"We are redoing the building in its cast a very small infant, inside and outside and will occupy it as a cafe, moving when after the other actors had tried to complete the renovation and unsuccessfully to soothe it, re-construction," Winn reports. Laughton took the child into the Whether the cafe will keep the name of Lunch Box or a new to its ear. The howling stopped name will be chosen it was not certain last week.

The Farm Bureau has had of files with the Federal Land Bank Association at 319 South Main St. for a number of years.

No definite date for the moves.

Eagles Take 6th Straight

The Floydada Eagles won their 6th straight game Sunday when they beat Lorenzo 13 to 11.

Oliver Wells pitched six complete innings leaving the score 9 to 3. D. R. Hearon and James Campbell pitched two innings.

James Campbell walked the bases full in the last half of the 9th when T. J. Coleman was called in from right field to stop the strike outs.

The Eagles will play on their own ground starting Sunday for five straight games. They will play Loveland Sunday, June 11.

The public is invited to enjoy all their games.

CARD OF THANKS

Those who expressed their sympathy in so many beautiful ways during our recent sadness leave us without words adequately to extend our gratitude to all personally. May we take this method of thanking all our neighbors and friends for the comfort shown the family.

Your kindness will always remain with us as a precious memory.

The family of Don Green

Mr. and Mrs. Benard Sharp and family have moved back to Floydada and Mr. Sharp has resumed duties at Bob's Fina Service Station. Mr. Sharp and his family traveled to California, Arizona and New Mexico trying to find a suitable location for his health but ended back in Floydada with the remark that he thought the climate here was better for his health than any place he found.

Christian Family Day Observed In Unique Way At Local Church

The sanctuary of the First Christian Church was filled Sunday as members and visitors attended an unusual and effective morning worship service.

In a letter early in the week the minister, Rev. Paul Fullerton, had advised each church family of the important occasion, the observance of Christian Family Day. Families were asked to sit together in order to participate more effectively in the worship service.

Emphasis was placed on the relationship of members of the family one to another, and in turn the relationship of the church family to the work of the church.

As the service progressed, the congregation was made aware of the significance of the marriage ceremony as they witnessed such on Sunday morning. The "wedding" did not involve a couple just beginning a marital life, but a couple who had lived as an example of Christian parenthood in the church.

Mr. and Mrs. J. C. Wester were chosen as representative "bride and groom." They were attended in the wedding ceremony by their children and families, Mr. and Mrs. Ed Wester and Mr. and Mrs. Watson Jones.

As the minister read the marriage vows before the couple, husbands and wives in the congregation joined hands in a recitation to home, family, and the church.

Miss Kay Asher provided music for the occasion, and Mrs. Tollett sang "The Lord's Prayer." After the benediction and the recessional, the congregation was adjourned to the Fellowship Hall for the "reception" and a church dinner.

The climax of the dinner was the presentation of a three-tiered wedding cake to the honored couple, enjoyed by all present for dessert.

community reported about 1.10 inches of moisture.

Keeping an eastward course the storm traveled into the Lakeview community with full force, stripping trees, tearing down telephone lines and beating down wheat, cotton and anything else in its path.

Milton Harrison, just east of the Lakeview Gin, reported 2.40 inches of rain and from 50 to 75 percent damage to wheat and cotton. Odell Breed, one mile and a half northwest of Lakeview said he received two inches of rain and hail loss was from 60 to 70 percent. B. L. Breed, three miles northwest, took a 50 percent loss on his cotton and wheat.

On the Montgomery Ranch, Q. D. Williams reported from 50 to 100 percent damage to crops in his general area with up to five inches of rain, the heaviest total reported for the county. Rudolph McCurdy, 15 miles south east of Lakeview, said they received small scattered hail and about a half an inch of rain. Little damage was reported in that area.

Dougherty Damage Light This community, hard hit by a recent tornado, got by this time with only light damage. Fred Cardinal said he received an inch of rain and very light hail. He said most of the hail in the Dougherty area was south and west of his place.

Some hail damage was reported in Baker area but relatively light compared to other points in the county. Claude Fawver's place received an inch of rain and light hail, while some fields east and south received hail damage to wheat. Otis Anderson at Pleasant Hill received about an inch and a half of rain with some hail damage reported in his area.

Jack Strong Will Install Lion Officers

The Lions newly elected District Governor, Jack Strong, of Lubbock will make his first official visit to the Floydada Lions Club today when the club has their annual installation of officers.

Strong was named to the post only last week in Levelland at the district convention. A number of local Lions were present at the convention and Miss Helen Foster, club sweetheart, was entered in the queens contest there, also enjoying special entertainment planned for the young ladies.

Strong will address the Floydada Lions and install the elected club officials for the coming year. Named to serve at recent elections were Sammy Hale, president; Claude Weathersbee, first vice-president; Claude Estes second vice-president; Newell Burk, secretary-treasurer; E. A. Williams, Lion tamer; Sam Puckett, tail twister; and directors Ralph Rucker, Preston Watson, T. H. Theford, Farnell Powell, and O. R. McIntosh. McIntosh is the retiring club president.

Entertained Youngsters Last week the Lions enjoyed their annual kids day program with members bringing their children to the meeting. The menu for the day included fried chicken and there were ice cream bars for dessert. The club presented cartoon movies for the young guests.

Dr. John W. Kimble was program chairman for the day and was assisted by Claude Weathersbee.

REBEKAH LODGE HOLDS INITIATION CEREMONY Mrs. Pat Rucker presided at the meeting Tuesday night of the Rebekeh lodge when the new members were initiated. Thirty-three members were present for the initiation which was followed by a delicious salad supper.

RAY SERVING U.S. NAVY ON
AMPHIBIOUS ASSAULT SHIP

ONSLOW BEACH (FHTNC)—
Roy H. Ray, machinist's mate
third class, USN, son of Mr. and
Mrs. John A. Ray of Lockney,
Tex., serving aboard the am-
phibious assault ship USS Boxer,
participated, May 22-29, in large
scale amphibious assault exer-
cises at Onslow Beach, N. C.

Participating in the operation
known as "Packard XII", were
approximately 1,000 Navy and
Marine Corps personnel. Among
them were students from the Ma-
rine Corps Schools at Quantico,
Va., who were required to "work
out" their graduation problem
a simulated amphibious assault
operation.

Spearheading the Atlantic
Coast operation was the 38,000-
ton Boxer, flagship of Amphibi-
ous Squadron Ten, whose heli-
copters transported Marine troops
ashore for the exercises.

FLOYDADA 4-H CLUB

The advertising committee of
the Floydada 4-H Club met at
the Home Demonstration Council
Room to make posters and dis-
cuss advertising for the club bake
sale.

The sale is to be held Wednes-
day, June 14, at Bishop Motor
Company showroom.

Those present were Tommy
Gregory, Loy Ogden, Lindsay
Lovell and Johnny Cantrell.

Mrs. R. T. Foster and children,
Valerie and Tommy, of Oklahoma
City, will arrive Tuesday, June
6, to spend an indefinite time
here visiting in the home of Mrs.
W. B. Wilson.

**Army Family
Locating At
White Sands**

Mr. and Mrs. R. R. Waller, of
Floydada, were dinner guests
Sunday of Mr. and Mrs. Shirley
Irwin and children.

Capt. Lee Graham, army car-
eer man, and husband of the
former Marie Hayes, daughter of
Mr. and Mrs. Luther J. Hayes
of Floydada, arrived here Satur-
day after a years stay in Vir-
ginia. Mrs. Graham and her four
children have been making their
home with her parents since the
school term began last year.

Mr. and Mrs. A. S. Mize and
Mrs. Sid Brown were
dinner guests Sunday of Mr.
and Mrs. W. N. Anderson, of Floyd-
ada.

Both Mr. and Mrs. Hayes are
members of the Floydada School
faculty.

Mr. and Mrs. Bill Burgett, of
Shallowater, and Mrs. Lee Burgett
went to Childress Saturday
where Mrs. Lee Burgett met an-
other son, Travis, and family at
the park where all attended the
Mowyers family reunion. Mr. and
Mrs. Bill Burgett visited with Mr.
and Mrs. Joe Sooter while in
Childress. The Bill Burgetts and
Mrs. Lee Burgett returned home
Sunday afternoon late.

Capt. Graham and his wife are
at White Sands, N. Mex., this
week acquiring new residence.
They plan to move there shortly.
He will be stationed at the Mis-
sile base.

Mr. and Mrs. Galen Holland
entertained relatives from Thurs-
day until Monday. Guests during
the four day period were Mrs.
Holland's brother and wife, Mr.
and Mrs. Murry Spears, of Wil-
liston, S. Car., a cousin, Mrs.
John Childers, of Bogota.

The captain is fast getting ac-
quainted with a new baby daugh-
ter, Tracy Lynn, who is nearly
seven months old, and never
seen by her father until Satur-
day.

On Friday the above group went
to Lubbock to visit another bro-
ther, Howard Spears, who lives
in a rest home there. They were
met there by Mr. and Mrs. Don-
ald Spears, of Ogden, Utah, who
came home with the Floydada
kin to spend the night. All of
the above group, along with Mr.
and Mrs. Slim Spears, of Floyd-
ada, went back to Lubbock on
Sunday where they met with Ho-
ward for a family reunion.

**Complete Civil
Defense Course**

The civil defense courses given
here on four evenings proved
success with a number of per-
sons in the community receiving
certificates of completion, accord-
ing to Bill Baker, fire marshal
of Floydada, who sponsored the
school along with the City Coun-
cil.

A special night, date to be nar-
ed later, has been set aside for
persons who were able to attend
three classes but missed the
fourth.

Classes in First Aid
At present things are shaping
up at the hall for classes in first
aid. These will be on free basis
as was the civil defense school,
Baker said.

Classes will start on the night
of the 15, the second will be on
the 16th, third on the 19th and
the final class on the night of the
20th. Meeting time will be about
7:30 p. m.

All persons in the city and
surrounding area are extended an
invitation to attend these classes.

The fireboys will be in Sand
Hill School this Monday night
to teach first aid to a group of
women in that community.

**Rescue Breathing
In Case of Accident
Studied By Club**

The Dougherty H. D. Club met
at the home of Mrs. Ned Brad-
ley Friday, May 26 at 2:30 p. m.

The film "Rescue Breathing
was shown by the Agent, Miss
Phyllis Roggendorff.

Roll call was answered with
"Accidents that could have been
prevented."

Mrs. Mac Ward, president, was
in charge and Mrs. Jack Ross
read the roll call and minutes.

We learned that you could keep
a person alive while getting help
if the proper methods were prac-
ticed.

The next meeting will be June
1 at 2:30 p. m. with Mrs. A. H.
Kreis.

A refreshment plate was ser-
ved to visitors, Mrs. R. C. Jones,
of Junction, Mrs. Dick Carpenter,
Cindy, Carlton, and Christi,
of Roaring Springs, Donna Martin,
of Floydada, and Aleta Beth
Hines.

Members present were Mmes.
Howe Hines, G. W. Smith, J. T.
Polvadore and Nancy, Mmes. A.
H. Kreis, Jack Ross, Mac Ward,
Chet Caffee, Gus Hammonds and
the hostess, Mrs. Ned Bradley.

**FLOYDADA NAVY MAN TO
HELP CONSTRUCT FLOATING
DRY DOCK IN SCOTLAND**

DAVISVILLE, R. I. (FHTNC)—
Anthony D. Hill, shipfitter fire-
man, USN, son of Mr. and Mrs.
Woodrow W. Hill of 629 W. Gro-
ver st., Floydada, Tex., is serv-
ing with Detachment Kilo of Na-
val Mobile Construction Battalion
Four which departed the U.S.,
May 17, for Holy Loch, Scotland.

The mission of the detachment
is the erection of a floating dry
dock for maintenance and ser-
vice to Polaris submarines.

Mr. and Mrs. Douglas Dunn and
son, Jimmie, former residents of
Floydada, left last Friday for
Amarillo where they will spend
several days with relatives of
Mrs. Dunn before returning to
their home in Middleton, Ore. The
Dunns have been in Floydada to
visit his parents, Mr. and Mrs.
Hugh Dunn.

son Miltie were Sunday dinner guests of the Carl Holcombs in Crosbyton. All enjoyed a birthday dinner for Carl Holcomb whose birthday was Monday and for Miltie Joplin whose birthday was Saturday.

Mrs. Dilma Norris, Bob and Sandra of Big Spring visited from Saturday night through Monday with the Thornhills.

Mr. and Mrs. Lee Parker enjoyed a fish fry Friday night with Mr. and Mrs. J. C. Joplin and Miltie.

Mr. and Mrs. Bill Hicks of Alpine have been visiting her parents the S. P. Starretts.

Mr. and Mrs. W. H. Leatherwood were Tuesday night visitors in the S. P. Starrett home.

Most every wheat field is either cut or has a combine in it. The farmers who have wheat are quite happy as it is turning out so much better than was expected.

Over on our side of the canyon we are really needing a good general rain, but most say they wish they could get all of the wheat cut before a heavy rain falls. Seems like one still cannot have your cake and eat it too.

Mr. and Mrs. Charlie Wall, of Portales, N. Mex., were weekend visitors with his brothers and families, Biddie Wall and Burl Wall. Biddie is still confined to the Crosbyton Hospital but is doing nicely and hopes soon to be able to go home.

Well now, the Givens boys, Teddy, Preston and Mickey have a baby wolf. It is real cute and already is very gentle, but he may not be so cute when he starts catching the chickens and peafowls.

Cathy Trull visited Shelly Havens Saturday afternoon.

Mrs. Jerry McCray and children were Saturday afternoon callers of the Bill McCrays.

Mr. and Mrs. Richard Sudduth and girls and Claude Sudduth, have been helping Mr. and Mrs. A. D. Whalen combine and haul their wheat.

A lot of the cotton that came up since the last little shower also has some other things up besides cotton.

Mrs. Hoyt McClure helped with Bible School at Crosbyton all of last week. So very many of the ladies have been helping with Bible School at Pansy.

Ladies, remember the "willing Hands" Club will meet this Thursday June 8 with Mrs. W. H. Ratheal. The demonstration will be ways to use art foam. We have seen many pretty things made of this art foam.

Mr. and Mrs. D. W. Newman of Dumas came down Friday night to be with Mrs. R. M. Spence in the hospital.

The Kelton Winegars had a bit of hall over at their place west of Crosbyton Saturday night. It was fairly small and they don't think it did so very much damage. We do so hope everyone can get a good rain without the hail or wind, though it seems there is damaging wind and hail in every cloud.

Fourteen persons, including two mothers and their twelve children from South Plains and Silvertown, escaped serious injuries Saturday morning when the car in which they were riding was in collision with a pick-up in Plainview.

One of the children, three month old Martha Louise Tinner, daughter of Mr. and Mrs. Lavelle Tinner of South Plains, received severe bruises. All were treated by a Plainview physician and released.

Mrs. Tinner was driving a late model car belonging to Mrs. Gladys Woolley of Silvertown, who was a passenger in the vehicle. The car collided with a pick-up driven by a Mexican at the intersection on FM 783 north of Plainview.

We had a hundred in Sunday School Sunday at Calvary. We are also proud of the recent paved parking space. Now we can come rain or shine.

Brother and Mrs. Zinn's baby daughter was ill for several days with a virus but is improving.

Mr. and Mrs. J. D. Welborn were in Le Fors Sunday visiting her mother, Mrs. Hendricks and other relatives. Mrs. Hendricks had a fall recently but seems recovering.

Jo Ann Welborn spent Thursday night with Sue Thomas.

The J. E. Greens visited Monday evening in the home of Mr. and Mrs. Fred Battey. Others present for the evening were Mrs. Charley Neal, of Amarillo, and Mrs. Charley Battey and Mrs. Joe Evers and Mrs. Ola Warren, City.

Mr. and Mrs. R. C. Ross and Mr. and Mrs. Frank Dunn visited Sunday evening with Mr. and Mrs. H. B. Mankins.

The J. E. Greens visited in the D. I. Bolding home Tuesday evening. Wednesday they went to Otton to attend funeral services for H. V. Gray, an uncle of Mr. Greens who had passed away the Sunday before.

Thursday evening guests of Mr. and Mrs. Thomas Warren were Mr. and Mrs. Fred Battey, Mrs. Joe Evers, Mrs. Ola Warren, Mrs. Charley Battey and Mrs. Charley Neal.

Mrs. C. W. Denison accompanied Mrs. Charles Fulkerson to Lubbock Thursday where they shopped and visited some of their children.

Mr. Goen dined Sunday with a daughter and husband, Mr. and Mrs. Fulkerson.

The Hiway 84 club met Thursday evening with the Oliver Allens. Present were the Frank Dunns, the Starks Greens, the R. Wallers, Mr. and Mrs. Luther Dorrrell and Mr. and Mrs. O. C. Vinson and the Allens.

Mr. and Mrs. Bob Alldridge and children, of Hobbs, N. Mex., were weekend visitors of her sister and family, the Thomas Warrens and of her mother, Mrs. Charley Battey in town. Mrs. Battey and all the rest dined Sunday with the Warrens.

Mary Grace Dunn has accepted a position in Floydada in the First National Bank. She began June 1. Congratulations to Mary Grace and to the Bank.

Julie Ann and Larry Miller, of Lubbock, spent the weekend with Mr. and Mrs. Hal Thomas and Sue. Sunday all visited with the Bill Thomas, of South Plains. Late Sunday Mrs. Welborn Miller came by from Canyon, where she visited Saturday night and Sunday and picked up the children, Larry and Julia Ann.

Mr. and Mrs. Don Clark Green and son, Donnie, of Big Spring, came Thursday to visit over the weekend with his parents, the J. E. Greens. Also in the home at supper Thursday were the Victor Greens and family of Plainview.

Don Clark Green and family, accompanied by Ma Green, made a trip to Plainview Friday afternoon to the Vic Green home and also took a look at the Flying Keeg farm where Vic works.

Mr. and Mrs. Anthony Latta the children of Mr. Blanco, dined Sunday with the J. E. Greens and the Don Clark Greens.

We sympathize with the loved ones in the passing of those old timers, Mr. Hopper and Mr. Scott. We never know who will be next, so let us be ready.

Come to church Sunday.

CARLSBAD HOUSE GUEST

Mrs. Bertha Fisher of Carlsbad, N. Mex., will be the house guest of Mrs. C. C. Gorley, Dorothy Jones and Dennis of Dougherty, for an indefinite period.

She arrived here Sunday evening, and she and Mrs. Gorley began their re-living of the past. The two women had not seen each other for some 34 years, and reminisced into the wee hours of Monday morning.

Mrs. Fisher is Mrs. Gorley's sister-in-law, sister of the late C. C. Gorley.

The above group visited in the home of Mr. and Mrs. L. E. Edwards and family in the Cone community Monday afternoon, and were supper guests in the home of Mr. and Mrs. Tom N. Emert and Darlene of Floydada, Monday night.

Dorothy Jones, Mrs. Edwards and Mrs. Emert all are daughters of Mrs. Gorley.

Mr. and Mrs. Don Pemberton, who took their son to a clinic in Dallas for a check up last week following bone surgery, were told the boy is progressing toward health in a fine way.

At Intersection Fourteen Hurt, None Seriously,

Fourteen persons, including two mothers and their twelve children from South Plains and Silvertown, escaped serious injuries Saturday morning when the car in which they were riding was in collision with a pick-up in Plainview.

Larry Smitherman Commended In Art Study At Denver

Larry, son of Mr. and Mrs. P. E. Smitherman, of South Plains, returned home last week from Denver, Colo., where he spent the winter as a student of the Colorado Institute of Art.

A note from John Jellico, director of the art school, indicates that Larry is an apt student. Jellico reports that Larry won honorable mention in the Latham Foundation International Poster Contest, in which 30 thousand posters were entered, in competition with students from 24 nations.

Larry's plans are to return to the Art Institute this fall and resume study, specializing in illustration.

Spends Two Weeks in Pampa

Mrs. G. E. Fuller has returned home after two weeks in Pampa with her daughter, Mr. and Mrs. J. L. Lane. While in Pampa she also visited her brother, Mr. and Mrs. Gus Calhoun and brother-in-law, Mr. and Mrs. Jess Fuller.

Mrs. Fuller also visited her daughter in Sweeney, Mr. and Mrs. Arthur Ounts and family. Mrs. J. L. Lane and son returned home with her mother and children, Amarillo, and Sgt. and Mrs. Fred Richie and children of Fort Hood.

Mr. and Mrs. Charles Fuller and daughter, from Houston, spent Sunday in Sweeney with his mother.

...in a Medallion Home your children will love to do the dishes

Mr. & Mrs. Weldon Hammonds ROUTE 1, FLOYDADA, TEXAS

The wonders of electric appliances are many — but you can't beat one that makes children enjoy what used to be a difficult and joy-killing task. The automatic dishwasher in the Hammonds' home has done just that for Kay, Ann and Gaye Lynn. They enjoy doing dishes — electrically.

Mrs. Hammonds loves all her electric appliances. Speaking of her range, she says, "The electric range is easier to clean, also, electric cooking is faster."

Mr. Hammonds, in addition to seeing his family so happy, says, "We wouldn't take for our electric yard light. Besides convenience and safety, it gives our home a warm welcome to friends."

One of the extra comfort, cleanliness and convenience features of a Medallion Home is electric bathing. Mrs. Hammonds likes electric bathroom "curtains, flower planters and other accessories" above electric heaters, and the children can turn them on with a flick of the switch.

...in a Medallion Home your children will love to do the dishes

Mr. & Mrs. Weldon Hammonds ROUTE 1, FLOYDADA, TEXAS

The wonders of electric appliances are many — but you can't beat one that makes children enjoy what used to be a difficult and joy-killing task. The automatic dishwasher in the Hammonds' home has done just that for Kay, Ann and Gaye Lynn. They enjoy doing dishes — electrically.

Mrs. Hammonds loves all her electric appliances. Speaking of her range, she says, "The electric range is easier to clean, also, electric cooking is faster."

Mr. Hammonds, in addition to seeing his family so happy, says, "We wouldn't take for our electric yard light. Besides convenience and safety, it gives our home a warm welcome to friends."

Mr. and Mrs. Chloma Williams were visitors Tuesday in the home of their daughter, Mrs. Leon Williams and Mr. Williams on Matador Highway.

Mrs. Eric Williams of Petersburg was a visitor in the home of Mrs. Mather Carr Tuesday.

Floyd Trowbridge, Mrs. Everett Miller and Mrs. Wesley Carr attended the Methodist annual conference in Lubbock Tuesday.

The conference began Monday. Mr. Miller will probably attend the conference Wednesday, as well as Mr. Trowbridge.

Mrs. Miller did not get to attend conference Wednesday as Mrs. Harry Miller underwent major surgery Wednesday, and Mrs. Miller was with her. She was in the operating room from 11:00 a.m. till 4:00 p.m. We surely hope Mrs. Miller gets a long fine. Our prayers are with her in her recovery. She is in West Texas Hospital, Lubbock. Her room number is 404 if anyone wishes to send her a letter or card. The last report we had she was getting along as well as could be expected.

Mrs. Raymond Williams, her daughters Carylon of the home, and Mrs. Ted Samples and children of Lubbock were visitors Monday afternoon in the home of Mr. and Mrs. M. D. Ramsey.

Mr. and Mrs. Wesley Carr and son, Bill and Mrs. Bill Edwards left Sunday morning for San Antonio, Tex. Mr. and Mrs. Carr and Bill will go on to Corpus Christi. They are on a little vacation. Mrs. Edwards will visit at San Antonio with her son, Capt. Vernon Edwards and family. Capt. Edwards is home from over seas for a few days.

Mr. and Mrs. Marvin Smith, Judy and Jeanne Davis visited in Amarillo with their son Joe and family. We understand Joe has been ill.

Mr. and Mrs. Horace Carr were dinner guests Sunday in the home of Mrs. Mather Carr. Mr. and Mrs. R. B. Gary visited with Mrs. Tillie Gary Tuesday.

Mr. and Mrs. Leon Williams, Mr. and Mrs. H. Nelson and children went to Buffalo Lake for some boat rides.

Mr. and Mrs. Lynn Davis visited with Mr. and Mrs. M. D. Ramsey awhile Sunday morning, taking Mr. Ramsey some gifts, as Sunday was Mr. Ramsey's birthday. He was 81 years young. We wish for Mr. Ramsey many more happy birthdays.

It seemed most everyone was gone Sunday, as there was not very many out to Sunday School.

Mr. and Mrs. Donald Finkner of Lubbock were visitors Sunday afternoon in the home of Mr. and Mrs. Zant Scott and Mr. and Mrs. M. D. Ramsey. Other guests visiting in the Ramsey home were Mr. and Mrs. Bill Finkner and son, Olen Earl, Mr. and Mrs. Raymond Williams, Mr. and Mrs. Sherwood Ramsey and Don Ray, and Mr. and Mrs. Kenneth Deitrich of Lubbock.

Mr. and Mrs. Johnnie Jacobs of Abilene visited Mr. and Mrs. M. D. Ramsey.

Mr. Marion (Bill) Tucker's brother-in-law, Mr. Tom Louis of Ropesville, passed away Friday in a hospital. In a true luxury compact... BUCKET SEATS ARE JUST THE BEGINNING!

THE BUCKET SEATS in Futura—individually contoured and thickly foam-padded—were created by the men who designed the Thunderbird's fabulous interior. No luxury compact ever got off to a better start than this!

A HANDY CONSOLE is another Futura feature. Positioned right at your finger tips between the front seats... for convenient storage of gloves, maps, sunglasses, etc. (Only Futura in its price class offers you this!)

ROOM FOR 3 IN THE BACK SEAT of the Futura (as in every Falcon)... and what room! Futura gives its passengers the luxury of thick wall-to-wall carpeting, the comfort of thick foam padding in the spacious rear seat... surrounds them with rich appointments, glowing colors and gleaming trim.

A VACATION-SIZE TRUNK, TOO, with room for all your luggage. Because of this, you don't have to choose between carrying passengers or luggage in the back seat (as you do in some other luxury compacts!)

FALCON SIX ECONOMY is yours, too, in the Futura... the kind of economy that was proved when a Falcon with standard shift got 32.6 mpg under the cross-country test conditions of the 1961 Mobilgas Economy Run. Drivers of all cars in the Run were experts, but Falcon topped them all with the best gas mileage ever recorded by a "6" or "8" in the Run's 25-year history!

Prizes Offered For Pictures Of Children To Be Published

The time is almost here for the opening of this newspaper's Big Child Photograph Contest and we are urging all of our readers to have their children ready for the big day.

Winston B. Lucas of Irving, Tex., will be in Floydada Tuesday, June 13, from 10:00 a. m. to 5:30 p. m. at Hagoods Department Store for the purpose of taking pictures in this vicinity.

In addition to having their pictures printed in this newspaper, the children will be competing for \$20.00 in prizes, which are being offered for the three best photographs made during the day.

The photographs will be made absolutely free of charge and there is no charge for their publication in The Hesperian.

Proofs will be shown and from these you may select the picture of your child which you would like to appear in this newspaper.

If you wish extra photographs they may be purchased, but no purchase is necessary in order to compete for the prizes. It is entirely up to you, whether you buy pictures or not.

There is no age limit on the contest, and every child's photograph in this section is wanted so that they may all appear in The Hesperian. However, it is necessary that all pictures must be uniform size, so they must be made by Winston B. Lucas on Tuesday, June 13 from 10:00 a. m. to 5:30 p. m.

Don't wait until little Mary gets married or baby brother is elected to some political office to see their pictures in the paper — make plans now to have these photographs made on Tuesday, June 13.

Tell your friends and neighbors — the more, the merrier. See advertisement for details.

FREEZING'S FUN IF RIGHTLY DONE!

There are so many foods that freeze satisfactorily. The quality of food frozen and stored will be the same months later providing it is prepared and frozen properly. There are many foods besides the usual meat and vegetables that are delicious when frozen. A well-planned freezer program means a world of food at your fingertips. Good homemakers have that extra time to play with the kids... to greet Dad at the door. They are never embarrassed by unexpected company... serve wonderful dinners every night. And, good homemakers have that extra time to devote to clubs and charities. They have the time it takes to read... to keep up with the world events.

It's really no secret what an electric freezer can do — you can cook today for next Sunday's dinner. You can have "company" dinners every night without spending hours in the kitchen — and, you can always welcome unexpected company. These are only a few of the things your freezer can do for you, there are many, many more.

Time-saving is important to every homemaker — a freezer cuts down on trips to the grocery and saves shopping time.

If you have a freezer make plans now for such luxuries as fresh strawberries in December, and, "corn on the cob all year round."

Bill Smith, son of Mr. and Mrs. Ray Smith, is back at the Light-house for the summer.

Mr. and Mrs. C. W. Sims of Brownfield spent the weekend with Mr. and Mrs. Bob Norrell and family. Mrs. Sims is Bob's sister.

Mr. and Mrs. R. H. Norrell, Bob's father of Brownfield spent Sunday in the Norrell home, also.

Mr. and Mrs. Royce Hanna and family enjoyed a fish supper Sunday night at the home of Mr. and Mrs. Jesse Starkey in the Sand Hill community.

Gonzales Honors Flag

A plaque commemorating the making of the first battle flag of Texas hangs on the walls of the museum at Gonzales, in South Texas, the town where the flag was made.

It was the first flag on which the now famous "lone star" was used.

This flag carried the words "Come and Take It" in answer to the Mexican Army's demand for return of the Gonzales cannon. The cannon had been given to the Texans by the Mexicans for defense against the Indians.

Then baked goods and groceries alike get stored in a big home freezer — or maybe a big electric refrigerator-freezer combination until it is needed. Nor is the modern bride surprised by unexpected company. Her husband is not embarrassed by that "phone call home" before bringing company for dinner, because today's bride has all the food she needs, right in the kitchen, at her fingertips. She is prepared all the time.

And, today's bride finds it no chore to entertain. She knows all the tricks of preparing easy-one-dish meals that are cooked and served in her streamlined electric skillet. The modern bride wins compliments on her electrically cooked meals. They taste and look better — they have a casual and effortless appearance in keeping with the young modern trend.

Mother used to stash away her good china and crystal to use on "special occasions" only. But not our modern young bride, because she knows her electric dishwasher protects her finest china and crystal. Nor does she worry about her pots and pans — she knows her automatic electric dishwasher will get those sparkling clean, too.

On the table she uses her best tablecloth with not a worry, because she has her automatic electric washer with temperature control to protect delicate fabrics. Even ironing the tablecloth is no problem — with an automatic ironer.

Thanks to her automatic electric appliances and housewares, today's new bride has extra time to spend doing what she wants to do, she is not chained to the stove like Mother. She is active in community projects, helps at school or maybe even attends herself. She has time to read — for a job like so many modern young women. Mother could certainly take a tip and learn much from our efficient modern electric-minded bride.

Mr. and Mrs. Doyce Smalley returned Sunday from a visit in Strawn Patterson. She and her mother visited in Garland with Mr. and Mrs. Earl Smalley, too, while she was away.

Frances Ashton of Jackson Heights, New York, is visiting her parents, Mr. and Mrs. Clarence Ashton and her brother, Bobby Ashton.

Kay and Mike Pollan, son and daughter of Mr. and Mrs. Edwin Pollan, are in Naples, Texas, visiting Mr. and Mrs. Etton Stewart.

Buck Marricle, Red Gregory, Jim Arthur Womack, Sr. of Sand Hill community, Arthur Womack, Jr. of Plainview, and Arthur Fewell of Ralls all spent the weekend at Lake Stamford fishing.

Mr. and Mrs. Shorty Neff and Aubrey, spent Friday night in Lubbock as guests of Mr. and Mrs. Paul Woodard and family. They spent Saturday night in Post with Mr. and Mrs. R. B. McCreavy.

Wylie Rogers visited Saturday in Lubbock with Lindsey Graham at the Methodist Hospital. Wylie says Mr. Graham is improving nicely it seems.

Betty Peterson was on vacation last Wednesday, Thursday and Friday. She spent the time in Plainview at the home of her mother, Mrs. Ozella Bryant. They all spent Saturday in Muleshoe visiting relatives.

Pat Hickerson is in Dallas this week visiting Marilyn Jones and Leora King.

Mr. and Mrs. Harold Massey of Levelland spent the weekend with Mr. and Mrs. Wayne Collins.

Mrs. Tom Hutchins and Dale visited Saturday afternoon in Ralls with Mrs. J. H. Hutchins. Mrs. Hutchins returned to Floydada with them and spent the weekend.

The Group V employees of Electric Cooperatives held a Golf Tournament at the Floydada Country Club, Memorial Day, May 30th. Twenty two players were present.

Representatives of the South Plains Electric Cooperative, Inc. of Lubbock were Glen Newton, Bob Pierce, Wiley Crump, Joe Crump, Jim Roberts, Bob Whitely, and G. L. Hight. Jim Wentworth, Lubbock, REA Field Engineer and Gene Gerloff of Nelson Electric, Lubbock.

From Deaf Smith County Electric Cooperative, Inc., Hereford, were Joe Kerr and Bill Craig.

From Roosevelt County Electric Cooperative, Inc., Portales, N. Mex., were Glen Ezell and his son Terry Ezell.

The Lighthouse Electric Cooperative was represented by Wayne Collins, Corkey Guffee and Claude Weathersbee.

Suppliers attending were: Sam Rutledge with Graybar Electric, Amarillo; Ed Forrester, with C. B. Anderson, Amarillo; Ray Tolson, Merchants Motor Freight; Jack Sutton from General Cable and Duane Miller with Allis Chalmers and George Dowe also with Allis Chalmers.

Wiley Crump, Bob Pierce and Duane Miller were winners in the tournament. Sandwiches for the group were furnished by the Lighthouse Electric Cooperative, Inc.

Mr. and Mrs. E. B. Chesnut took Sunday dinner with Mr. and Mrs. E. J. Barker.

Johnny Stutts says, "My broken shoulder seems to be improving nicely — I hope."

Adult Education Classes were held at the Homemaking Department in Lockney High School last Thursday and Friday afternoons. The demonstration Thursday was on "Freezing Fruits" and their use in our diets. The subject for Fridays program was "Vegetables and Meats."

Uncooked strawberry jam, hot biscuits and butter were served to the group Thursday. Carrot Bread was one of the things served Friday afternoon.

There will be two more classes at the Lockney Homemaking Department, Thursday and Friday, June 15 and 16. Table-Top Cookery and Party Foods will be the subjects discussed. Anyone wishing to attend will be welcome.

Something To Think About:

A lady shook hands with the preacher after the service and said, "Wonderful sermon; every thing you said applied to somebody or other whom I know."

It has long been said: "April showers bring the pretty May flowers, and just recently someone added this to it, "and June brings the modern progressive bride'."

Today's bride could teach her mother about many things. Among them, how to keep houses easily and efficiently with time-saving modern electrical appliances.

When mother visits, she stands back in awe of the push-button ease of her daughters' home. There are no burned meals, no staying in the kitchen to watch the clock while dinner cooks. Today's bride simply sets the timer on her electric range and relaxes until dinner is ready.

What is most important about the modern bride is that she will look younger longer, thanks to the automatic efficiency of her electric appliances. Husbands love their wives' electrical appliances and housewares, too, because their new bride doesn't have that tired, dragged-out look at the end of the day.

New brides spend less than half the time their mothers did to keep their homes sparkling clean and they don't spend long hours in the kitchen preparing

Tire Trouble Flips Pickup; Two Injured

Mrs. Aaron Carthel, wife of a Floydada oil and fertilizer dealer, and her son, miraculously escaped serious injuries in a one-car smash-up which occurred in the afternoon Friday about 2:30.

Mrs. Carthel and her young son, Hulon were returning from Lubbock where they had been to pick up cases of oil and insecticides for her husband's business. When a rear tire blew out Mrs. Carthel lost control.

The pickup turned over throwing her out and pinning her to the ground across her chest. The son crawled through a broken windshield unhurt, and started for help just as a Mexican farm laborer, plowing in a near by field, ran to their aid.

The vehicle a 1958 chevrolet, was turned upright by the laborer and the Carthel boy.

It is believed the pickup turned over only once. The full and weight was not on Mrs. Carthel, saving her from broken bones and internal injuries. She was traveling on the McCoy road (FM 54) heading east when the mishap occurred.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

From now until years ago, Gov. Price Daniel has been a period of test-urged Texans to give the legislature and him their views on how the matter should be handled.

Gov. Daniel is strongly opposed to the adoption of any sales tax plan designed to raise the major portion of this needed revenue. He used his influence in the regular session to block a move in this direction.

"But, said the governor, this is really what a majority of the people want, I don't see how I can go on fighting it."

He believes, however, that a very limited sales tax, which he terms "selective excise taxes, on only more expensive items, with the balance to be raised from gas pipeline taxes and increased interstate corporation franchise taxes, would be more

ANNOUNCING

NEW OWNERSHIP OF
PALACE BARBER SHOP

Hodges wishes to announce that he has bought Barber Shop from Mr. George Sherrill and is in charge of the business.

Sherrill has consented to continue in the shop. Miss Jones, graduate of Lubbock Barber College, also

will appreciate the continued patronage of the shop's and invite others to try our service.

fair and more acceptable to most day session. They had their hot replies all ready for press release.

Instead, Governor Daniel directly praised the lawmakers as one of the hardest working legislatures he had ever seen. He even singled out for kind words some leaders who had opposed his program.

It was those infernal lobbyists who were to blame, said the governor. He described hordes of lobbyists, choking the hallways and bothering members while they were in session.

Now it's the lobbyists who are

Actually, the difference between the governor and those voting for the sales tax "package" is mostly one of degree. Governor Daniel grants the need for some sales (or excise) taxes, but feels that they should be strictly limited. A majority of the legislature cast votes indicating they felt Texas has reached the point where only a broad-based "growth" tax such as the sales tax, can raise enough money to meet the states increasing needs.

Now it is the peoples turn to say what they think. If enough speak up, the legislature will have little difficulty in deciding what to do when it reconvenes July 10.

At that late hour, getting broad agreement in the legislature will be more important than passing a bill that suits the governor. Bills passed by only a simple majority cannot become effective until 90 days after the session ends, but bills passed by a two-thirds majority of both houses can take effect immediately.

That late in the summer, the legislature will need to get a two-thirds vote for immediate effect so there will be money and authorization to keep the state going after the new fiscal year begins September 1.

And a two-thirds majority is also sufficient to override a governor's veto.

OIL ON TROUBLED WATERS
A number of lawmakers had their "backs up" before the governor made his statewide "report to the people after the regular session closed. But the governors message smoothed some feathers.

Many lawmakers expected Daniel to roast the legislature for its failure to take care of money matters during the 140-

14 AMENDMENTS PROPOSED
Texas voters can get ready for a bumper crop of 14 proposed constitutional amendments to be on the November ballot in 1962.

Some of the amendments are of major importance; some are only local in effect and application. Among them are proposals to:

1. Increase maximum possible yearly payments to the permanently disabled from \$1,500,000 to \$2,500,000.
2. Allow the state water development board to purchase water storage space in reservoirs constructed by other units of government, such as the federal government.
3. Permit the Veterans Land Board to sell forfeited land to non-veteran buyers to liquidate land the state is "stuck with."
4. Authorize the legislature to provide for "trial de novo" (trial anew) in appeals from decisions of state agencies.
5. Allow the legislature to name successors to officials knocked out by a major catastrophe such as enemy attack.
6. Raise the present \$47,000,000 a year ceiling on public welfare payments to \$52,000,000.
7. Allow the legislature to set up hospital districts without a special constitutional amendment for each one.
8. Allow the legislature to delegate to local government control of traffic, parking and sanitation on public beaches.

NEW POWER FOR PROBERS
Future witnesses before legislative investigating committees can be compelled to tell the truth or face perjury penalties under a measure that passed both houses.

Last year the perjury conviction of former Insurance Commissioner J. Byron Saunders was void by the courts on grounds that anti-perjury statute did not cover statements to legislative committees.

This bill spells out the right of legislative committees to make investigations and makes it a penal offense (two to ten years) to lie deliberately to such a committee.

RATLIFF IS PRO TEM
Sen. David Ratliff of Stamford was elected by his senate colleagues to serve as president pro tempore of the Senate for the interval between the regular sessions end and the special sessions beginning.

President of the Senate presides in the absence of the lieutenant governor and is second in line of succession to the governor. He usually serves as "governor for a day" when both the governor and the lieutenant governor are out of the state.

Ratliff, a radio station owner, has been in the legislature since 1951, in the Senate since 1955.

Short Snorts
Texas Aeronautics Commission, which past Legislatures have threatened to abolish, fared much better this year. Bills were passed broadening the Commissions scope of activity and allocating to it a portion of the unclaimed tax refunds on aviation gasoline.

Atty. Gen. Will Wilson has called a meeting June 22 of those interested in working out small loan company regulation. Efforts to pass such a bill this past session bogged down completely.

State Treasurer Jesse James reported the deficit in the states general revenue fund increased during the past month to \$69,641,536. A shortage of \$63,000,000 is generally expected for the end of the fiscal year August 31.

State Supreme Court sheared off some of the privileges of lawyer-legislators to get court cases in which they are involved postponed until after legislative business is complete. It said the law doesn't cover such preliminary activity as taking depositions before the actual trial.

State penitentiary would be practically emptied, one lawyer predicted, if a plea presently before the Court of Criminals Ap-

Superior Drive-N Cleaners Announce Storage Service

Jewell Elza, proprietary-operator of Superior Drive-N Cleaners this week is announcing a new service for patrons.

It is a storage service, so that Floydada families can have more closet space in the home, reduce the danger of moth damage, and be sure that the clothes are clean and ready for use when seasons change.

Elza believes the service will fill a need for many housewives, especially for those with limited closet space.

Both a summer and winter storage service will be rendered. Elza said the new plan is in addition to the fur storage service which has been available. The customer puts a value on the apparel left for storage against the possibility of loss by any means, such as fire or theft, so that it can be insured against loss.

The first was that of the out building belonging to Hayes O'Neal, causing some three to four thousand dollars damage to stored items and the second was that of the same type building belonging to Leroy Burns.

The second fire occurred the night of the 28th. No estimate of damages have been made but the loss of tools, equipment, and luggage was heavy. Cause of the blaze was not known.

The first fire for the month of June was about 7:10 Thursday night when burning trash caught some lumber. No heavy damage occurred.

May Fire Losses Heavy In City

Mr. and Mrs. Rob Heflin and daughter of Plainview were here over the weekend visiting Mrs. Heflin's parents, Mr. and Mrs. Dorris Jones.

BUCKET SEATS ALONE DO NOT A MONZA MAKE

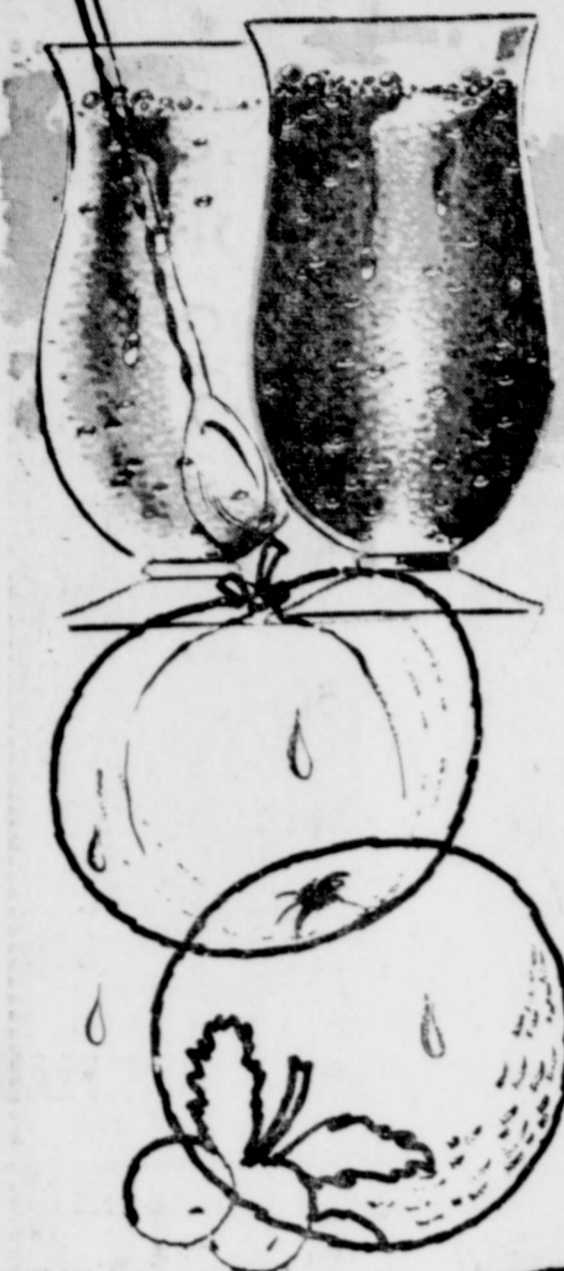

■ Gee! ■ Little did we know, when we introduced the Corvair Monza last year, that we were starting a Big Thing. We just thought it would be pleasant if you could buy a car that treats you, the driver, like you want to be treated. ■ The bucket seats, of course, are the most obvious evidence of our desire to please you. But they're not the most important thing. No sir. What's really vital is the way a Monza handles—something nobody in the U.S. has yet copied. Or can copy. Because Corvair is the only rear-engined car made in this country, and you know what that means: steering light as thistle-down. (You even park this one more easily, it steers so briskly.) Beautifully balanced braking—the car stays level even under panic braking, which we hope you'll never have to do. Traction and more traction, so you don't become a stick-in-the-mud. The kind of cornering that's sheer joy to experience. ■ You get more: a fully independent suspension that blots out road shocks before they can ruffle you. Clean, crisp styling. Thoroughgoing economy, from purchase price to operating cost. ■ You're not going to be satisfied with bucket seats alone, are you?
