

## Planting Statistics Told By County Agent

Agent Cecil Lewis reported that 10,000 acres of cotton were planted in the county last week. The delegates participated in educational sessions on strengthening 4-H programs in the county and a closer correlation between County, District and State levels of 4-H club work. In addition to work sessions, several recreational activities were participated in by the club members.

## Good Showing Made By Boys In Track Meet

A number of Floydada boys entered the Lubbock Summer Recreation Program Track and Field Meet last Saturday night and their team came in fourth in the open meet. Only towns heading the locals were Big Abilene, Lubbock, and Odessa. Floydada came in fourth with 64 team points to finish ahead of all class AA and many larger towns. Winners in the senior division were Rodney Teague who took third in broad jump with a leap of 20 feet 10 1/2 inches; first in high hurdles with a time of 15.9 seconds; and second in low hurdles. This event was won by Tommy Baxter of Odessa in 21 seconds flat.

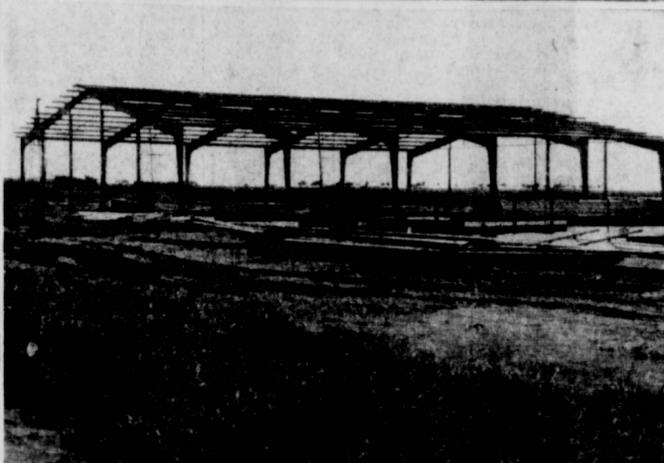

Ted Allen won first in the 880 yard run and second in the 440 yard dash. He did the half mile in 2:05.1 and finished behind Gerald Ramsey of Lubbock who won the 440 in 53.3 seconds. Steve Marier entered the middle division and scored points in four events as he came in fourth in broad jump, first in 50 yard dash setting a new meet record of 6:2; second in the 100 yard dash in which another meet record was set by Monroe Brown of Abilene in 11.3 seconds. Steve also came in second in the 75 yard dash, an event that saw Brown of Abilene set another meet record of 9 flat. The times and distances for the most part were not as good as those set during regular track season, but many of the marks were especially good for off-season performances. Several of the local tracksters also plan to enter the junior olympics in July.

## Merchants Fire Big Guns In Harvest Of Values Event

Eight solid pages of merchandise values, presented by Floydada merchandisers in practically every line of consumer goods is given over this week by The Hesperian to the heralded Harvest of Values, beginning this morning. The feature is being presented all in one eight page section for easy perusal. The merchants presented in the feature section have gone all out to provide interesting consumer items. And if you like price advertising this section is the place to browse. Some of the feature prices are effective for five days, some for longer periods. Each cooperating merchant is given this latitude in the plan that was worked out to intrigue interest of the buying public. Harvest of Values is being staged by a committee of the Chamber of Commerce, of which Louis Anderson is chairman. Other members are Floyd Boren, Bill Hale, Jim Goodwine, Gene Arvine, F. A. McKinnis and Kenneth Rimmer.

NEW SCHOOL HOUSE being built is pictured here as the contractor for Floydada Independent School District gets the steel frame work erected above the concrete slab. The district is spending \$125,000 for class rooms and gymnasium on a site bounded by 11th and 12 Streets and Price and Ross, the extreme northeast block of the original town site. The contractor is working against time, hoping to complete the work by the opening of the school year. The plant will take the place of outmoded and inadequate facilities in Washington Park. ## Growth Is Factor In City Tax Increases for 1961

Tax revenues of the City of Floydada will be increased by approximately \$2,000 in the current year over last year's \$54,000 tax roll, it was indicated at a special meeting of the city council held Thursday night of last week. This unofficial estimate is based on the report of the council-appointed equalization board, Menard Field, Lane Decker, Fred Battey and Clay Black. Some adjustments in tax valuations are represented in the increased total that will appear on the rolls, but principally the increase is due to growth of the city. Menard Field was allowed \$45 for his services on this board. Lane Decker \$15, Fred Battey \$30 and Clay Black \$15.

The board's final meeting on which the report was based was held on June 2. The special meeting of the council was held to handle matters due to have been taken up at a regular meeting the previous Tuesday night. Four members of the council were so engrossed in the grain harvest they insisted on postponing the meeting. By Thursday night the rains had halted operations in the fields and at the elevators.

## Teddy Allen To Enroll At Texas Tech

LUBBOCK — Teddy Allen of Floydada, second in the half mile at the Conference 2A state meet, has decided to enroll at Texas Tech this fall. Track Coach Don Sparks announced today. Allen, Region One 800 champion, has run the event in 1:56. Tom Dodd of Stamford second to Allen in the regional meet here, who also placed in the state meet, had already signified he was coming to Texas Tech. In other track events, Allen has been timed in 10.3 in the 100-yard dash, 22.3 in the 220, 49.9 in the quarter mile, 4:40 in the mile, and 21.9 in the low hurdles. He has broad jumped 18-6.

A participant for the Whirlwinds in both football and basketball, Allen was all-district in the latter. He made "Who's Who" at Floydada and was elected president of the letterman's club. Allen, planning to be a trainer, will major in physical education. He is the son of Mr. and Mrs. Ted L. Allen.

## School Cafeteria Supervisors Attend Five-Day Work Shop

Several women of the county dining group meetings for various reports, food preparation, meal service, management, food buying, sanitation, commodities, meal planning, exhibits and food demonstration. Among those from this area attending were Mrs. Jim Morrison manager of the Dougherty School lunch room; Mrs. Martha J. Day, supervisor of the Floydada Cafeteria; Mrs. John McKinney, supervisor of Floydada High School cafeteria; and Mrs. Ollie Meek, supervisor of Andrews Ward School cafeteria.

## Expect Sunny Skies To Pep Up Baseball

With the return of sunny skies things are looking up in the boys baseball program and plenty of action is the prospect. Rains have caused postponement of some games but make-up dates have been set for most of these.

The junior league has suffered the most from the weather and has a number of scheduled games to make up. At Sherrill Park this week the schedule calls for Builders Mart and Consumers Fuel to play the opener this evening at 6:30. In the 8:15 nightcap it will be Martin and Company against Dougherty Grain. On Friday, June 23, Wylie Oil Co. takes on O. K. Rubber Welders in the first game and Higginbotham - Bartlett tangles with Oden Chevrolet in the finale. Saturday's action pits Bennett Building Material against Consumers Fuel; Shirley Irwin Machine Co. against Assiter Insurance; and Dougherty Grain against Lon Davis Grain. Monday it will be Consumers against SIMCO and Wylie Oil Co. against Lon Davis Grain. On Tuesday evening Martin and Co. takes on Oden Chevrolet in the first game and Dougherty Grain plays O. K. Welders in the finale.

Matador Vs. Lighthouse In the junior league circuit Matador is scheduled to go against Lighthouse Electric this evening (June 22). Friday it will be First National Bank against V. F. W.; on Monday V. F. W. plays Matador and on Tuesday it will be First National against Lighthouse. Freshman League Scores For 2nd Week of Play

# Hail Pecks Away At Cotton Crop

DONETTE MARBLE, 3, daughter of Mr. and Mrs. Don Marble, was one of many youngsters who had a grand time at the Parks Oil Company open house last week in South Plains. There were clowns, balloons, food galore, and everything in evidence. Donette struck up a conversation with one of the clowns and here they are. The clown is Harold Baker, of Hereford, Phillips district salesman. (Staff photo by Kenneth Rimmer).

## Sunshine Also Hoped For In Wheat Fields

Sunshine this mid-week had begun to dry out the ground in Floyd County fields and as the elements continued to favor the area there was limited resumption of farming operations yesterday. But, generally, it will be in the weekend before the harvest can be resumed on the last 20 per cent of the wheat crop. Also it will be another two to five days before row crop operations can be renewed. Meanwhile in a ten-day period which began Tuesday of last week 5 inches or more of rain has fallen in all parts of the county, and from every part of the rich farm country has come stories of partial hail showers that pecked on cotton farms here and there to make problems of whether to "leave it" or re-plant. Occasionally, also, an operator is found who has yet to get a stand of cotton or other row crops. Intermittent light to sloshing rainfall have made a considerable number of individual farm problems to test the nerve of planters. Delayed wheat harvest, has subjected fields to small driven hail in widely separated fields. The other side of the story is that more of the fields have been spared, wheat fields have been cleaned off and cotton and maize are booming. Early squares were forming in some cotton fields 10 days ago and assuming the end of the hail period with the coming of the summer solstice, there'll be many cotton blooms here the Fourth of July.

Rainfall varied from farm to farm and community to community during the rain period ending Sunday afternoon. A dark blue cloud that whipped into form over Swisher and Briscoe Counties quickly following a bright sunny half-day dumped a half inch to three inches of moisture from the caprock westward past the Hale County line. There was a bit of hail that varied in intensity to peck up the already weather-beaten cotton crop, as the cloud formation swept across the area from the north. On one farm a total of 5.65 inches of rainfall was recorded in the six-day period Tuesday to Sunday. The record there was after this fashion:

Tuesday 65-hundredths, Wednesday 1.10 inches, Thursday 95-hundredths, Friday, 2.5 inches, Sunday 45-hundredths. On other farms the amounts that fell on given days varied, and the totals came out differently. And on every day a few farms in one end of the county or other got some attrition from the hail. The problems, where there is hail damage to cotton, is one of determining the degree of damage in a hurry and make a decision to leave a crop, re-plant it, to summer fallow or to put the land into another crop such as soybeans. A related report on the problem from County Agent Cecil Lewis appears elsewhere in this issue.

## Municipalities Wage War On Mosquitoes

The cities of Floydada and Lockney have purchased a dusting machine from the County of Horton said it was not harmful Floyd, and have gotten it into service with one operation already completed. The machine is using a dust instead of throwing out a threat of mosquitoes, conditions for which are ideal. Citizens can help in making war against the mosquitoes. Their efforts are needed to rid their premises of water puddles around flower beds, rubbish piles and air conditioners where the germ carriers are mostly likely to breed. Business places should also be id of contaminated waters as well. The cooperation of everyone is needed in order to make the dusting program a success.

Charles Horton, city water superintendent, who is in charge of the dusting here said the second dusting for the city probably will be completed tonight, with returns expected in the most likely places for mosquitoes to breed. Alternate nights the city of Lockney uses the machine. Some May Be Allergic Horton said the machine uses BHC - DDT 3-5 dust to which some people may be allergic. However, there have been no complaints from local citizens as yet. Horton said those who know of their allergy to the dust should call him. On the nights he dusts these will be notified ahead of time.

## Lightning Hits House

Mrs. R. J. Weems escaped being hurt seriously early last Thursday morning when a bolt of lightning struck her home causing considerable damage to her television set and inside the house. The Floydada woman said she awoke shortly before 5:30 and disconnected her TV and the antenna plug-in. She had just returned to bed when the lightning hit. It struck the line which she had just unplugged. The bolt traveled along the wiring splintering the base board and the facing on an inside room. Mrs. Weems said she was stunned momentarily and later required treatment for an ear. Damage estimated at \$45 was done the television set, but no estimate had been set on the house repairs.

## HOME FROM HOSPITAL

Mrs. Aaron Carthel, who has been hospitalized in Lubbock for the past week or so was brought home Saturday and is resting comfortably at the family home. Mrs. Carthel was injured in a recent pick-up accident near Floydada.

QUICK WORK. These combines caught a few hours of dryness during the harvest to whip out a field of 61-bushel wheat on the Jim Rice farm west of town two miles. The picture was made by County Agent Cecil Lewis while he was on his rounds.

CHOKE 'EM SOME MORE

Another big strike is on in the nation's ports. The watchdogs of our national effort on the water front do not seek more money, they ask for the power to enforce union wages, fringe benefits, working hours and the like on American-owned ships regardless of the nation of their registry. That is the crux of the matter, if we are correctly informed. The strike, of course, is not against the shippers. It is against the public, seeking more power to push us around. The Labor Department is trying to "settle it." What this has been meaning for a good many years is that the Labor Department is crowding the employers to come across.

WE'D BEGIN WITH SNUFF

Sales tax proponents want a general sales tax so as to get the tax load on a broad base. But in any proposals to date it appears they would begin with a great many expensive exceptions.

The more ardent sales taxers point to the fact that multi-thousands of Texans never pay any taxes of any kind. They refer to the bottom third of the population, income-wise. It so happens that more than half of the cost of law enforcement, a big part of the cost of welfare, of highway accidents, and the spread of communicable disease, can be laid at the door of this lower income segment of the state's citizenship.

Few of them vote, pay any of the tax bill. They are free-loaders. Their plight is the concern of the commonwealth, and do they cause much concern! To reach them by way of taxes the legislature will have to put the sales tax on a basis not yet espoused by any legislator we know of.

Where they need to begin, if they begin at all, is way down on the scale. We'd begin with snuff, if we began at all, which we wouldn't.

STRING ALONG WITH THE GOVERNOR

It can be noted by reading the newspapers that the sales tax does not solve a state's fiscal problems. Getting the tax load broad based does not keep the state's government from wanting more and more money for more and more things.

In New Mexico, Oklahoma, Arizona, the spending has caught up with the "broad based tax". In those states the tax argument is for a broader bite, it is for a deeper bite. In Arizona all the legislature had to do was just to raise the percentage of the sales tax.

Better in Texas just to string along with the governor, resist all you can, as long as you can. He's more cagey than he gets credit for being, a belief we have held since the days when he first began to fight the "arrogant lobbyists" as a young member of the House of Representatives. Several times we have thought him beaten when he was not.

JULY FOURTH COMING UP

Usual mental reaction to a reminder of the imminence of a holiday these days is one of dread to hear the reports of killed and maimed. Stories relate the accident statistics of previous holidays, the Department of Safety announces its determination to help reduce the slaughter, and driver cautions are seen or heard on every hand.

This year the Department of Public Safety has announced its July Fourth Operation Death Watch. Official record of all traffic and non-traffic accidental deaths will be made. The DPS is going to make its forecast of holiday deaths next Sunday. Only twice in four years has the traffic toll been below the official estimate despite heroic effort.

DRIVE WITH LIGHTS ON

The trucking industry is mounting up a Drive Lighted and Live campaign for the Fourth. One may expect to see many trucks driving with lights on during the day-time on July Fourth to remind other people on the road that they are driving safely and legally.

The number of traffic miles traveled by Texans has increased considerably due to the increased number of automobiles on the road. Last year there were four and a half million licensed drivers on the road, along with many thousand unlicensed drivers. Seventy-eight thousand vehicles were wrecked.

These facts and figures and reminders are recorded somewhat in the line of duty. Maybe some of us will heed and be helped by the reminders.

HIGHWAY SAFETY VS. AIR SAFETY

Virginia Traffic News says that an automobile driver makes more decisions on a 10-mile trip than an airplane pilot makes in a flight from New York to Los Angeles. And it adds that there is another difference between the two pilots. Whereas the airplane pilot is alert every moment and has a watchdog co-pilot at his side, the automobile pilot often drives with his mind in neutral and his car in high gear.

Tall Clouds. The clouds which on occasion pour solidified water on the terrain of the southwest are really tall. They sometimes reach into the heights 50 thousand feet. And 35 thousand foot clouds are not at all unusual. Fifty thousand feet is nine miles above the earth. The temperatures are zero and below. Wham a bit of a rain-drop back and forth between hot and cold in up and down currents for a few times and it becomes a menace. That's when a cotton grower rigs up to plant over.

New Railroad. Since the day when the Interstate Commerce commission took over the management of American railroads there has been little rail building in America. Government supervision and the hot breath of competition have made capital afraid to venture in this line. But in Old Mexico they have an interesting rail project going. They are building a line from Chihuahua across the plains and through the mountains to the Pacific Coast. Most gorgeous scenery, great heights, breathtaking depths, reminding of Grand Canyon.

This railroad is not likely to have any highways running alongside for many moons. Those who want to see the grandeur of it will have to ride the rails. The end of the line is at a town with a 12-letter name beginning with T. The rails will tie in with lines from El Paso and Presidio in Texas.

Sam Lazarus. We are reminded of history-making Sam Lazarus, who along with numerous other adventurous souls, dreamed of a railroad through the southwest that would have a terminus on the Pacific Coast of Old Mexico. Running his rail line west from Quanaah to Roaring Springs and later to Floydada was only a part of Lazarus' dream when he had young Chas. Sommer surveying westward. The dead hand of government put such adventurers out of business long before there was such a thing as Social Security and Unemployment compensation, and a beneficent government which aspires to teach our children the way they ought to be taught.

Dallas Grows. The big city on the banks of the Trinity is growing and showing its fangs again. A \$20 million dollar touch that city had all in the bag has been side-tracked. Dallas and their Mr. Alger speak harshly of the federal waste, but they've got their hands so deep in Uncle Sam's pockets they can't make the proper gestures.

Riding Hard. Dallas has ridden the federal government hard for many a year. In addition to millions spent on many, many "projects" which it was found convenient to pack on Uncle Sam's back Dallas has all kinds of rural urban things going currently, miles and miles of sewer and water lines and everything (almost) imaginable that country people think the local community is supposed to pay for. Currently Dallas has a federal payroll helping out its "economy" to the tune of \$10 million annually. Dallas wants more economy and more "economy" at one and the same time. We'd like to have some of the same in Floydada.

Getting old is merely a matter of feeling your corns more than your oats.

Floyd County 14 Years Ago

(Issue dated June 26, 1947)

The wheat harvest, biggest in the history of Floyd County and the high plains, is on this week. Several million bushels of grain, probably more than six million, are in the process of being harvested in this county alone. But there is a bottle neck of local storage capacity and lack of box cars to move the grain to concentration points.

Thomas W. (Bill) Salisbury who has served Route 3 out of Floydada for 33 years, is transferring from Floydada post office to a new assignment because of the health of his wife. Effective July 1 he will be carrier out of San Fernando, Calif.

Mr. and Mrs. E. J. Baker were called to Stamford last week to attend the funeral of his brother, J. D. Baker, 66, who died suddenly of a heart attack Wednesday while at work.

Mrs. E. E. Hinson Jr., who underwent major surgery in Lubbock Monday was reported to be improved yesterday by her mother-in-law, Mrs. E. E. Hinson Sr. Duncan Ford Butler, 47, former resident of Floyd County, was buried in Dallas Monday morning following rites in that city.

It was learned here that Butler died of a sudden heart attack on Saturday. The deceased came to Floyd County with his parents in 1911. He was married to the former Madalie Richardson of Floydada 23 years ago. Miss Richardson was teaching at Andrews Ward at the time of the marriage. They had lived at Dallas since 1928. Mrs. J. G. Martin and Mrs. J. V. Daniel are sisters of Mr. Butler.

H. L. Howard Jr., left Wednesday for Rangely, Colo., where he will be employed by the Stanolind Oil Co., as a junior petroleum engineer. Howard has been here for several days with his parents, Mr. and Mrs. Lee Howard.

Major Sherrill L. Powell Jr., of Hill Field, Ogden, Utah, spent Sunday night with his parents, Mr. and Mrs. S. L. Powell and his sister and family, Mr. and Mrs. B. J. Darden. Major Powell has been on special assignment for a month.

Captain Eldon Burgett, accompanied by an officer friend, was in Floydada for a while Tuesday night visiting his parents, Mr. and Mrs. Z. A. Burgett. The two officers were in a convoy enroute to White Sands, N. Mex.

Sand Hill News

By Mrs. James Jeffress SAND HILL, June 19 — Just when everything seemed under control in the community and all the hailed out cotton had been replanted and up another hail storm ripped through the community Sunday afternoon. It went along the same path as two weeks ago and much of the young cotton was damaged again. Some say up to fifty percent loss and some say more. Most of the damage was south of the store but some hail fell north. There are still several fields of wheat that haven't been cut and many acres of feed that haven't been planted.

Club Has Salad Demonstration The Sand Hill Home Demonstration Club met last Wednesday in the home of Mrs. James Jeffress.

The devotional was given from Psalms 24:1-16. Roll call was answered with "My Favorite Song."

Coming soon... Grand Opening in August.

## Tea Announces Engagement Of Jackie Lou Frizzell

PLAINVIEW. — The announcement of the approaching marriage of their daughter, Miss Jackie Lou Frizzell, was made by her parents, Mr. and Mrs. Jack Frizzell, on Saturday, June 10, at a tea in their home in the Lone Star Community. Calling hours were from three to five P. M.

The prospective bridegroom is Kenneth Burl Holt, son of Mr. and Mrs. R. B. Holt of Lockney. Wedding vows will be solemnized at 8 p. m. on Saturday, July 29, at the First Methodist Church in Lockney. Reading the marriage ceremony will be the Rev. Temple Lewis, pastor of the Lone Star Baptist Church.

Mrs. Frizzell and her daughter, and Mrs. Holt, mother of the bridegroom-to-be, and a sister-in-law of the bride-elect, Mrs. David Frizzell, stood in the receiving line at the announcement tea. Each wore a corsage of yellow carnations tied with brown ribbon, denoting the chosen bridal colors.

Announcement of the approaching marriage was made in a unique serving table decorations. Centering a brown lace cloth over yellow satin was a yellow styrofoam scroll inscribed in gold with a complete wedding invitation. Yellow gladioli radiated from the back of the scroll in a sunburst effect.

Adding to the table decor was a crystal bowl, encircled with yellow net sprinkled with brown ribbon bows, the streamer meandering of the bows tied in bows. Golden Glow punch and yellow coconut angelpuffs were served.

The yellow napkins were inscribed in gold with names of the betrothed couple, and individual favors were miniature parchment scrolls tied with brown ribbons. Inscribed on these scrolls were the names of the couple and date of the nuptials.

Members of the houseparty, who also will be members of the wedding party, alternated at the guest register and reception table. They were Misses Janice Boedeker, Jane Carol Phillips, Mertie Lewis, June Caldwell, Karen

## LIPSTICK LOGIC

When someone handed us a 1961 Farmer's Almanac recently, it was as though yesterday had suddenly come to life and started a conversation. We were backed on an uncle's farm a couple of generations ago, where "the almanac" hung on a nail in the sitting room for ready reference. Our aunt used it to "set eggs" by.

It still carries this useful information, along with what days of the month to plant above-ground crops, root crops, prepare seed beds and kill plant pests. It contains a chart showing the light and dark of the moon, notes the time of eclipses, how to eat lobster, and what days are good for fishing. Now in its 144th year, its "smiles" and the steel engravings that illustrate it could easily be reprints from Volume No. 1.

It gives the "Story of Our World Family in 1961"—an easy lesson in astronomy for the casual reader. Though making a dignified bow to "man's attempt to enter outer space," its stock-in-trade is still the ruling planets and the calendar, the signs of the zodiac, and how these things are supposed to affect human life.

The person born between June 21 and July 22, for example, is under the sign of the crab, the Moon his ruling planet. His lucky day is Wednesday; Saturday his unlucky one. ("Note: On your lucky day, take the initiative in all things, and on the unlucky day do the opposite.") He is "endowed with strong determination, intuition and purpose." He is "restless and ambitious, fond of travel, fickle in love and should never marry early."

Although the "signs" rarely fit real people, reading about them stirred the imagination of lonely farm youngsters in the days before radio, TV, consolidated schools and fast automobiles.

## Plentiful Foods Provide Delectable Mid-Summer Eating

COLLEGE STATION, June — Food buyers who shop the Plentiful Foods Route have delectable July eating in store for them, reports the Agricultural Extension Service, Texas A & M College. The 8 foods on the USDA's Plentiful Foods List are right in spirit with the month — July 4th, summer picnics and Midsummer Turkey Time.

Turkeys and fresh peaches are the featured items. They are supported by a refreshing array of summer vegetables, fresh plums, watermelons, cantaloupes, eggs and shrimp. All will be plentiful throughout July.

These items have been selected by the USDA's Agricultural Marketing Service because supplies at Texas markets are expected to exceed normal demands. The list provides a good shopping guide, and consumers who buy and serve these items often stand to eat better and save more.

Turkeys of all sizes are plentiful. July marketings are expected to be 35 or 40 percent larger than a year ago. Strong stocks on May 1 were a record high. Liberal peach supplies from many Southern States and California will hit markets in July. Southern growers expect the largest crop since 1947.

## Homemaking Hints

By Phyllis Roggendorf, County Home Demonstration Agent

Liquid Beauty Aids May Harm Fabrics

Permanent wave solution, perfume, colognes, deodorants and nail polish often contain substances which are harmful to fabrics. Stains from some permanent wave solutions, rinses and tints are almost impossible to remove when the garment is laundered. Perfumes and colognes lose some of their enchantment when they've caused spots. These liquids should never be applied directly to clothing. The alcohol content tends to bleed some dyes and stains are easily formed.

Many liquid deodorants, which are quite acidic in nature, are like to disintegrate fabrics with which they come in direct contact. Cotton, linen and rayon are especially susceptible to acid deterioration.

To minimize or prevent this type of damage, follow carefully the directions for use which appear on the containers, or use only deodorants that are harmless to fabrics. A number of deodorants bear the Certified Washable Seal, indicating that the product is harmless to fabrics.

Since stains have a tendency to "set" the longer they stay in fabrics, the harder they are to remove. Textile experts advise that most ordinary stains should be rinsed at once with cool or warm water. New synthetic fabrics, the harder they are to remove. Textile experts advise that most ordinary stains should be rinsed at once with cool or warm water. New synthetic fabrics and their reactions make stain removal risky. Unknown stains and those which have been set over a period of time should be left for the commercial laundryman, who is an expert in textile maintenance.

## 4-H Record Workshop

All 4-H leaders, older 4-H members, and interested parents are invited to attend a 4-H Record Workshop to be given by the Extension Agents Tuesday, June 27 at 2 p. m. It will be held in the Home Demonstration Council Room in the Courthouse.

Mrs. Clarence Foster, her sisters, Ruth Warren and Mrs. Ina Faye Copeland and her children of Lubbock, accompanied by their mother, Mrs. Lynn Warren, returned the first part of this week from Oklahoma City, Okla., where they spent the weekend with another sister and daughter of Mrs. Warren, Mrs. Herman Nelson and family.

Coach Paul Coats and his wife left the latter part of last week for Illinois, where Coach Coats will be in a special science school until August. The Floydada couple plan to sightsee along the way until the school starts near Chicago about the first of July.

It has been suggested by a lady that if all the ladies in the Southern States were to begin now and make the old negro women on the plantations knit coarse socks, a large supply might be got ready if we should have a winter campaign. On every plantation in the South there is a large amount of real labor which is of very little real value and by directing it into this channel, a want will surely be met. MEMPHIS BULLETIN REPORTS

John Berman is the name of the watchman on the steamer Morrison who was yesterday hung near Mound City. He was a native of Norway, who came to this country in 1811 and lived in Boston where he has children. He was first examined by a committee, was proven to have said that he hoped Lincoln would come down the river and take everything, that he would rather die than live in the Southern States, and much more of the same sort that is needless to repeat.

The committee proposed to forgive him if he would take an oath to support the Southern States. He indignantly repelled the proposition and said he would die first. Finding that he was determined and malignant, they threw a rope over the limb of a tree and strung him up twenty-five feet where he was hanging last night.—The Weekly Telegraph, Houston.

THIS IS A JOKE?? "Oh, Mr. Simpkins, we have not chairs enough for our company," said a gay wife to her frugal husband. "Plenty of chairs, Mrs. Simpkins, but too much company."

Kitchen and Field from LIGHTHOUSE ELECTRIC, Inc. by NANCY MORCKEL, Home Economist

SMALL APPLIANCES — are wonderful helpers these hot summer days. With lots of company, additional meals to prepare, extra food preservation with fruits and vegetables to be frozen, all tend to make the farm kitchens a very busy place.

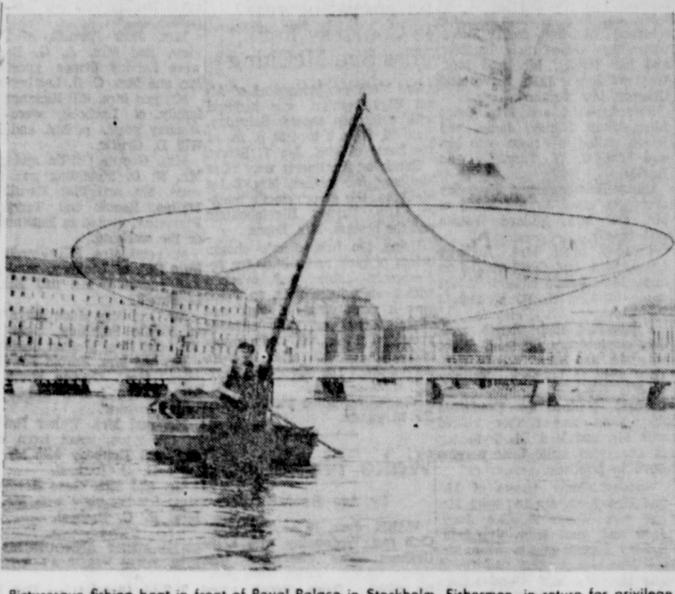

One way to keep yourself cool and collected during this busy season is to make full use of your small electrical appliances. You will find them helpful in preparing and canning a small quantity of fruit and especially helpful in steaming and blanching those extra vegetables which are so delicious and nutritious next winter if they are properly prepared and packaged and stored in the food freezer.

The electric saucepan is ideal for making jams, butters and sauces; also preserves. Be sure to take good care of your portable appliances. They render better service when given a certain amount of care. Store them in a dry place. Give them some protective cover. Store them only after they have been thoroughly

Electric Dishwasher — Mover of Mountains! It's long been standard comedy routine to have the hapless movie character forget his billfold and then have to wash a mountain of dishes to pay for his cafe meal.

Owners of electric dishwashers have found they can do dishes in half the time and completely eliminate "dishpan hands." They find, too, that dishes washed automatically are cleaner. This is because they are washed with water that's hotter than human hands can stand. Also they are cleaner because they are hot-air dried instead of wiped with a towel. Hot air is much less likely to carry germs than a damp towel.

With all these advantages for the electric dishwasher don't you think it's time that the old fashioned dishpan joined the kerosene lamp and the rub board in retirement?

Mr. and Mrs. W. O. Baker spent Sunday in Lubbock with Mr. and Mrs. Don Webster and Carrie Hill and Mr. and Mrs. Billy Keith Baker and Mike. The occasion was the little granddaughter, Carrie Jill Webster's, first birthday party.

On Thursday the subject was Table-Top Cookery. A display of portable or table-top equipment was displayed and used throughout the program. A portable oven, electric skillet, electric steppans, a blender and small and medium sized roasters were among the things displayed and used.

Friday the subject was "Party Foods".

Abraham Lincoln once said, "Most folks are as happy as they make up their minds to be." Mrs. W. T. Barnett, her daughter Mrs. W. Wake and her niece from Tulla were co-op visitors on Tuesday morning.

So. Plains News By Mrs. Murry Jain SOUTH PLAINS, June 19 — We had from one and one-half to about three inches rain Thursday morning early. Since many places were still wet from the hard rains of last Monday in which Chester Hidalgo, Roy Childress and others had five inches in thirty minutes, it is indeed wet now. We are finding out many more had had hail that Calahan and the Marble Brothers had had, and Ernest and Philip Smithers had much hail on their cotton and wheat. This Sunday night the bad clouds frightened many of us, but the rain was light here, with only a little hail and light amounts of rain, and some places, none. It was 55 degrees this Friday morning.

A moving van from Las Vegas, N. Mex., brought Rev. J. H. Wimberly's household goods here Thursday, and the family is now settled in the parsonage. Rev. Wimberly gave his first sermon here Sunday morning as pastor of the church. A good crowd of 105 was present.

Visitors at the Baptist Church Sunday morning for Fathers Day services were Mr. and Mrs. Eugene Byrd of Midland and Mr. and Mrs. Leonard Moore and baby of Lakeview who had dinner with the E. W. Newtons and Jo Ann. Miss Sue McClung was also a visitor with Alton Higginbotham.

Miss Sue McClung of Floydada was a guest at dinner with her fiancée, Alton Higginbotham in the Bryant Higginbotham home on Fathers Day.

Mrs. Bryant Higginbotham spent Saturday in Lubbock with Mrs. W. H. McClung, Sue and Shirley, and Mrs. John Stapleton and Sandra of Floydada. Congratulations to Mr. and Mrs. Douglas Reves who are parents of a son, Donald Dale, born Tuesday, June 13, at 7:45 p. m. at the Lockney Hospital weighing six pounds and twelve ounces.

Mr. and Mrs. Johnnie Wilson and Loran of Floydada came home with Mrs. John Wilson, Sue and Gary from church to have dinner and the afternoon in the John Wilson home for Fathers Day.

Parks Oil Company held Open House Saturday observing the 10th Anniversary of the Parks Oil Company in South Plains. Friends came from far and near to help in the celebration of the completion of the new service station and accessories shop. A delicious barbecue dinner was served to two hundred and thirty-one persons, and around thirty were present besides those who had dinner. We add our congratulations to others for the lovely new Phillips 66 Station and accessories shop.

Among those who came for the Tenth Anniversary open house of the Parks Oil Company were the Bill Beedys of Claude, the Bob Hartmans and children of Lubbock, the J. D. Webbs and children of Ralls. Those coming about the farthest distance were the Vernon Youngquists and children, of Abilene.

Rev. J. H. Wimberly's 80 year old mother, Mrs. Wimberly, underwent surgery in Lubbock Thursday morning, and is reported to be on the critical list.

Mr. and Mrs. Glen Wood and sons did get moved into their new home last Tuesday, and Mrs. L. T. Wood assisted them.

We are glad to hear that Sylvain Kinnibrugh was able to come home from the Lockney Hospital this Monday afternoon at 2:30 after his emergency appendectomy last Sunday morning. He was quite ill all last week.

Mrs. Walter Wood's daughter, Mrs. Jack McCown of Whitney, Tex., underwent surgery there last Thursday morning. She is home from the hospital and getting along fine now.

Marilyn and Beth Kinnibrugh went to Truscott last week to stay with their grandmother, Mrs. Sylvia, while their father, Sylvain Kinnibrugh was in the hospital.

Mr. and Mrs. J. H. Wimberly and Louise came home from church with the Grigsby Miltons Sunday and had dinner and the afternoon with them. They visited in the home of Mrs. Maude Brister, who is laid up with a broken leg, and in the Lockney Hospital with Sylvain Kinnibrugh and Mrs. Travis Young and baby daughter.

Congratulations to Mr. and Mrs. Travis Young on the birth of Shandra Lee, born Saturday morning, June 17, at the Lockney Hospital, weighing seven pounds and five ounces. They are expected to come home Tuesday and will stay the coming week in Floydada with her mother, Mrs. V. D. Turner. Grandparents of little Shandra Lee are Mr. and Mrs. R. E. Young and Mr. and Mrs. V. D. Turner all of Floydada. The Youngs have another girl and boy.

Mr. and Mrs. Frank McClure went to Snyder to spend the week end with her mother, Mrs. R. W. Newman. Sunday night they stayed in Crosbyton with Mrs. Jean McClure and children. Their niece, Miss Brenda Younts of Greensboro, N. Car., came home with them to stay this week.

Mr. and Mrs. Early Pritchett, Steve and Jimmy returned from Nebraska Wednesday morning, bringing their grandson to stay until Saturday with his folks, the Robt. Olen Turners returned home from a trip to Colorado. They are visiting here and in Floydada this coming week. Mrs. Pritchett is expecting her sister, Mr. and Mrs. H. B. Y'Blood, from Medford, Oregon here this Monday to stay some time with them Friday they will go to Laredo, but they will return this way.

Mr. and Mrs. Murray Julian and Bruce went to Roscoe to spend Thursday and Friday with their children, Mr. and Mrs. Terry Julian and Dee. Other guests there for the pre-Fathers Day dinner Friday were her folks, the Richard Althofs, Higold and Carolyn. It rained constantly down there for three days, with a nice four inches around Roscoe.

Mr. and Mrs. George Weast are keeping their grandson, eight months old Todd Evans, of Amarillo, while his parents, the E. T. Evans family are on a two weeks tour of western United States. He came last Tuesday.

### Mrs. McKibben Dies At Home Of Daughter

Mrs. Addie C. McKibben, 91 mother of Mrs. J. M. Williams succumbed at the family home at 827 W. Kentucky Thursday night about 9:30. Mrs. McKibben had been in failing health for a number of years and seriously ill since December with a heart condition.

She was a member of the First Christian Church at Chico, her former home, but had attended the First Baptist Church in Floydada, since making her home here with her daughter for 23 years.

Mrs. McKibben was born to a Missouri pioneer couple and married her late husband at Goshen Ind., on July 4, 1888. They moved to Homestead, Okla., and then on to Texas settling in Chico in 1910. Mr. McKibben died there in 1938 and Mrs. McKibben had been making her home with the Williams family since that time.

One daughter, three sons, one brother and two sisters have preceded her in death as well as her husband. Mrs. McKibben was the last remaining member of her family.

Remaining survivors are three daughters, Mrs. Williams, Mrs. J. C. Veach, Abernathy, and Mrs. N. L. Cowan, Cleburne; one son, Pat McKibben, O'Donnell 32 grand children, 37 great grandchildren and two great great grandchildren.

Funeral service was conducted in Floydada Saturday morning in the chapel of the First Baptist Church with Rev. Ed B. Bowles officiating.

Graveside rites were held Saturday afternoon at Chico with burial beside the remains of her husband. Harmon Funeral Home was in charge of arrangements.

### Parks Oil Has Big Crowd At Celebration

Parks Oil Company at South Plains held open house last Saturday in celebration of the completion of their new station and in observance of their anniversary of the firm.

Hundreds of guests registered during the day long affair and more than 200 were present and enjoyed the free barbecue dinner served at noon.

Mrs. I. H. Parks said this week they were more than pleased with the response of their friends and customers who turned out for the celebration. Even more people probably would have been in attendance but continued rains had stopped all farm work and many farmers had taken the opportunity to get away from home visiting or on vacation outings during the wet days.

Phillips 66 officials from Amarillo, Hereford, and Plainview were on hand to help and greet callers and Bozo the clown had free balloons and lollipops for the kiddies.

A long list of free merchandise prizes were given to winners whose names were drawn at the close of the day. These included: Harold Ford, Lockney automatic toaster; Roy Bledsoe, battery; Mrs. Rene Yeary, generator; R. H. Adams, Bryan Karr; Mrs. P. K. McKenzie each drew a case of oil; Marc Smitherman, pair of irrigation boots.

Other prizes went to Joe Dunn, Henry Barber, Don Marble, David Smith, Mrs. J. K. West, Mrs. Joe McClendon, Dinah Bean, Bob Copeland, Mrs. Jack Stansell, Bill Beedy, Cindy Whitfill, Phil Kinlow, Mrs. Frank Dunn, Jack Stansell, Rex Smitherman, Casey Hidalgo, Joe Greer.

Mrs. Parks said she had not been able to contact several of these winners and asked that they come by and pick up their winnings.

Parks Oil Company is the Phillips 66 outlet for a rich irrigated area around South Plains. Besides the service station the firm has wholesale delivery of oils, greases, butane, and hand parts, accessories, fertilizers, planting seed and general farm supplies.

Jimmy Tye spent several days this past week in Plainview visiting a friend, Lewis Stapleton.

Can't tell you what, but we will tell you when... August brings big news for men.

### Ann Barnett Hurt In Two- Car Mishap

Ann Barnett, of Route 1, McAdoo, who writes the Wake News for the Floyd County Hesperian, received emergency treatment at Crosby County Hospital Monday afternoon after the car she was driving was in collision with a vehicle being driven by Edward Joe Michulka, about 35 of Crosbytown. Michulka was seriously injured in the mishap.

According to investigating officers, Miss Barnett was attempting to pass the Michulka's car both traveling east on US Highway 62.

The accident occurred some 200 yards east of the Crosbytown city limits.

Mr. McIntosh, president, asks that any Farm Bureau member who wishes to share in this building project contact the director in his community or stop by the local county office.

Mr. McIntosh states that judging by the enthusiasm already shown, the sale of bonds should be complete by July 1.

Mr. and Mrs. James Badgett and family of Fort Worth are expected in Floydada this week and by their parents, Mr. and Mrs. D. R. Badgett. The visitors plan to stay here for about a week then go on to New Mexico for a vacation holiday, returning to Floydada for another week before going home.

Due to arrive on the 29th are Mr. and Mrs. Jack Badgett and his family of Houston. Jack is also a son of Mr. and Mrs. D. R. Badgett. He will go into reserve training for two weeks. During that time his wife will remain here and in Lubbock with her mother, Mrs. O. L. Taylor.

### Rambler Dealership Comes To Floydada

The popular Rambler automobile dealership came to Floydada this week. The announcement was from Leroy Burns at City Auto Service where a transport load of the cars were unloaded on Monday.

Actually the firm had already moved out several of the Ramblers from a previous shipment before the dealership announcement was made public and Burns said they were having trouble keeping cars on the floor for display.

Rambler is being advertised in this week's Hesperian as the middle size car that offers more head room and many big car advantages with compact car economy.

City Auto Service has already made plans to enlarge their building that is less than a year old and add space back to the alley to give more room for service, parts and display.

### Bureau Building Bonds Meet With Good Reception

Floyd County Farm Bureau's Building Bond drive is in progress.

The Board of Directors voted in their meeting Thursday to distribute the bonds throughout the county. The sale of bonds has been favorable so far. Many of the members of the county organization have not been contacted, as yet, due to the busy season for all farmers.

S. J. McIntosh, president, asks that any Farm Bureau member who wishes to share in this building project contact the director in his community or stop by the local county office.

Mr. McIntosh states that judging by the enthusiasm already shown, the sale of bonds should be complete by July 1.

Mr. and Mrs. James Badgett and family of Fort Worth are expected in Floydada this week and by their parents, Mr. and Mrs. D. R. Badgett. The visitors plan to stay here for about a week then go on to New Mexico for a vacation holiday, returning to Floydada for another week before going home.

Due to arrive on the 29th are Mr. and Mrs. Jack Badgett and his family of Houston. Jack is also a son of Mr. and Mrs. D. R. Badgett. He will go into reserve training for two weeks. During that time his wife will remain here and in Lubbock with her mother, Mrs. O. L. Taylor.

### Family Night Announced For June 30

Friday night, June 30 has been set for the June Family night of the Floydada Country Club, which is sponsored each year by members of the Floydada Women's Golf Association.

Mrs. Doyle Moore said this week that members and their families are to bring their own picnic supper any time their choosing. Games of Bingo will follow in the club house at 8 o'clock.

Cards have been mailed out to Country Club members telling of the coming event.

Hostesses for the affair will be Mr. and Mrs. D. B. Thomas and Mr. and Mrs. Doyle Moore.

Previously the picnic suppers have been held three summer months, but this year there will only be two, June and July with the dates set at the end of each month.

### McPeak Becomes Warrant Officer in U.S. Marines

QUANTICO (FHTNC) — One hundred sixty-two enlisted men have joined the rank of officers as a result of being graduated, May 25, from the Warrant Officers Basic School at the Marine Corps Schools, Quantico, Va.

Among those leaving the ranks of enlisted men was Marine Warrant Officer Melvin E. McPeak of 504 W. Jackson st., Floydada, Tex.

The transition began with selection and was immediately followed by six weeks of training prior to receiving commissions as warrant officers.

The second phase of training included a 10-week course of instruction as company grade officers with classroom work in personnel administration, first aid, map-reading, weapons and leadership techniques.

Lourie Johnson, of Lakeview, is among the Texas Tech ROTC cadets who reported Friday for the six weeks summer camp at Fort Hood. He is one of 65 who have completed their junior year of academic and ROTC schooling.

They will undergo field training exercises and become familiar with army weapons. Lourie is the only Floyd County student in this group.

### Mexican National Maximum Set At 1,035 In County

Texas Employment Commission indicated June 1 that Floyd County needs, during the months of June and July, would be 1,035 Mexican Nationals to handle demands of the cotton, vegetable and grain fields, as well as farm and ranch needs.

The number of Mexican Nationals may not exceed 1,035 for the period ending July 31, the Commissioner announced, subject to revision. So far in the month of June, due to continued rain periods the demand has been low for labor, but crops will need a great deal of attention when open weather prevails again.

Weed growth in all fields has been tremendous and in some instances the crops are so infested with weeds that mechanical aids will have to be supplemented by manual labor, farmers indicate.

### Mrs. Sara Jetton Moved To Lockney; Has Broken Hip

Mrs. Sara Jetton, 94 year old Floyd County pioneer, is reported to be doing nicely in Lockney Hospital where she was transferred Saturday from Lubbock. Mrs. Jetton is suffering from a broken hip.

Her son, Andrew, who makes his home with his mother in the Cedar Hill community, said his mother was out watering her flowers when the mishap occurred. A pin and plate was put in the hip joint and Mrs. Jetton hopes to be able to walk as before. She was quite active until the accident occurred.

Andrew said there was a possibility of bringing his mother home the latter part of this week.

Mr. and Mrs. P. W. Sayers of Oklahoma City, Okla., are visiting here this week with Mrs. Sayers' sister and family, Mr. and Mrs. Jim Hicks.

Mr. and Mrs. Max Jordan and family of Wofford, were here last mid-week on Wednesday visiting his mother, Mrs. Ollye Jordan and to pick up their son, Mike, who had been here Saturday visiting. The family also spent some time with Mr. Jordan's sister and family, Mr. and Mrs. Doyle Moore.

Dr. and Mrs. James Wester and family, accompanied by Nancy Brigitte, of Garland, were among the Fathers Day visitors in Floydada. They were guests of the doctor's parents, Mr. and Mrs. J. C. Wester.

### Hondo Brother Fatally Injured In Car Accident

Mrs. Edith Spann returned home last week from Hondo where she went to attend funeral services for her brother, Howard Gilbert, 59, who died four days after being injured in a car accident.

Mrs. Spann was in Columbus, Miss., visiting her daughter and family, Mr. and Mrs. John Dunn and children, when she received the message of the accident on June 5th.

The Floydada woman said her brother was backing his car from a parking area and struck the dual wheels of a truck. He was found slumped over the wheel with a crushed chest. Doctors implied that he possibly suffered a heart attack or seizure before the impact.

Mr. Gilbert had worked at Kelly Field for ten years where he was an airplane inspector. His family resided at Hondo and he drove by car to and from his work. He was just returning home when the mishap occurred.

Immediate survivors include his wife, two children and six grandchildren.

### Couple Hosts Kinsmen

The C. L. Berry's were hosts to a number of relatives over the weekend, including Lewis Rivers, wife and daughter, of McKinney, Harold Berry and family of Amarillo, C. L. Berry Jr., and family and Walter Newkirk, wife and son, of Earth, Tubal Cain and family of Wellington. Mrs. W. I. Hightower, grandson and daughter of Lockney, and Bill Latham of Dumas. The McKinney couple lived in Floyd County in their childhood and Mrs. Rivers is a niece of Mrs. Berry.

R. G. Dunlap and his son returned home Tuesday by plane from Yucaipa, Calif., where they spent several days with R. G.'s father, J. A. Dunlap. The eldest Mr. Dunlap fell recently and sustained a broken hip, however he is reported doing nicely following the surgery.

Mr. and Mrs. A. M. Marquis are expected in Floydada this week and by their parents, Mr. and Mrs. D. R. Badgett. The visitors plan to stay here for about a week then go on to New Mexico for a vacation holiday, returning to Floydada for another week before going home.

Due to arrive on the 29th are Mr. and Mrs. Jack Badgett and his family of Houston. Jack is also a son of Mr. and Mrs. D. R. Badgett. He will go into reserve training for two weeks. During that time his wife will remain here and in Lubbock with her mother, Mrs. O. L. Taylor.

### President Of Rebekahs To Visit Lodge

Floydada Rebekah Lodge will have the honor of entertaining Mrs. Elfrieda Schreiber, president of the Rebekahs of Texas, on the night of June 27 in IOOF Hall. Mrs. Schreiber will be making her official visit to the lodge.

Members are expected here from the entire District which includes Lockney, Plainview, Abernathy, Petersburg, Matador and Floydada. A salad supper will be enjoyed starting at 7:30 after which the meeting will be held.

Mrs. Schreiber is from Galveston. The local lodge will be decorated in the president's chosen colors of blue, white and silver for her visit. Pat Rucker will be in charge as Noble Grand and Mrs. Jane Marquis as District Deputy President.

W. A. Shaw returned home last mid-week from Fort Worth, Bonham and Denison where he accompanied his daughter and her husband, Mr. and Mrs. W. M. Cornelius of Plainview, for a visit with relatives.

Can't tell you what, but we will tell you when... August brings big news for men.

**Robertson Held Wednesday**

Mr. Robertson died on the 12th of June from a heart attack. Survivors include his widow; three sons; one daughter; six grandchildren and four great grandchildren.

In an appreciation of Mr. Robertson a friend of the family this week wrote she had known and admired the Robertson family since they came to Floyd County in 1925. They recalled the old time picnics held each April's Fools Day at Campbell community where all enjoyed dinner on the ground and ball games.

"Mr. Robertson was a great lover of ball games," the writer noted. "He knew the rules and expected fair play on both sides. He was a favorite when it came to coaching and umpiring. He was always happy and greeted everyone, never in too big of a rush to stop and give a warm handshake."

Relatives here from out of town to attend last rites included Mr. and Mrs. Johnny Walters, Sharon Walters, and Mrs. Will Robertson, Lewisville, Tex.; Mrs. J. W. Berry, Jessie Berry and Mrs. Lorene Lindsey, Grapevine, Tex.; J. W. Robertson, Mr. and Mrs. Cloyd Chambers, Dallas; Mr. and Mrs. W. L. Burk Sr., W. L. Jr., and Mr. and Mrs. John Hayes, Abilene; Mr. and Mrs. Elmer Hyden and William, Mrs. Elsie Adams, Mrs. Bill Adams, George and Lesa all of Austin; Osby Robertson, Wichita, Kan.; Mr. and Mrs. Otis Robertson, Mr. and Mrs. Norman Robertson, Lawton, Okla.; Mr. and Mrs. Clifford Pearson, Springtown, Tex.; Mrs. Tootsie Robertson,

WALTER THOMAS ROBERTSON

**Corder Family Reunion Held At Electra**

The annual Corder Family reunion was held June 10 and 11 in Electra Community Center with eighty relatives and six guests registering.

This was about two-thirds the number which registered at the last reunion, however some new ones were present.

Next year's reunion will be held on July 21 and 22 so as not to conflict with other dates in June. Reminiscing and getting acquainted was enjoyed by all.

Out going officers who have served the reunion for the past two years are Alton Weston, Bowie, president; former Floyd County resident and Mrs. Dorothy Corder Lee, Electra, secretary-treasurer. New officer elected included Gene Corder of Hurst, president, and Mrs. Irene Corder Miller, Floydada, secretary-treasurer. Mrs. Mary Corder Tate of Amarillo was retained as historian.

The family history has been traced back to the seventeenth hundreds.

Those attending the reunion from this area were Mrs. Joe Nall and Mr. and Mrs. B. F. Tate all of Amarillo; Mr. and Mrs. A. H. Siedenstrang and Arla Jean, Lubbock; and Mr. and Mrs. Lynn Miller, Janice and Ronnie of Floydada.

**Civic Theatre Has Fred March Playing Comedy's Male Lead**

Fred J. March, who has been putting in his licks with the armed forces as a private first class in the U. S. Army, enjoys theatricals. Wherever he goes he is in a group that does some amateur plays.

Last year it was in Korea. This year it is in Tennessee. Stationed at Fort Campbell in the finance section, he is associated with the Clarksville Civic Theatre group.

In the play this group will present for three nights, June 22-24, he will have the male lead in William Inges comedy of circumstance, "Bus Stop." He is "Bo" Decker, a cowboy with a ranch and some positive ideas about romance.

In garrison duty at Ft. Campbell he has considerable responsibility in bookkeeping. He wrote his mother, Mrs. Sibyl March, the other day he had had a lot of trouble "getting a balance" ending his first month on the assignment, a situation not unusual in a bookkeeper's life.

Mr. and Mrs. R. E. Young and Peggy and Travis Young and son, Kirk, visited Sunday in Silverton with a daughter and sister, Mrs. Seymore Brannon and family.

Mr. Richard Stovall has returned from Houston after spending several days with her mother, Mrs. Cliff Tyson, who is seriously ill. Mrs. Tyson resides at Calvert. She is confined to New Hermann Hospital, Room 441.

**Fairview News**

By Mrs. Clyde Bagwell

**FAIRVIEW, June 19** — Our rains began Wednesday morning early and continued damp and cloudy until Sunday when the sun shone out all day until about 5 o'clock in the afternoon. Then a dark cloud came up from the north that spread quickly all across the plains country bringing with it dust, then rain and hail. Only a trace of hail fell here in town, but parts of Fairview received some damage. Especially in the extreme northeastern portion. About six-tenths of an inch of rain fell out in the community Sunday which seemed to be pretty general around here. Bringing the total for the week at Fairview up to about three inches.

This Monday morning we have a partly cloudy sky and indications of more rain.

Sunday was "Fathers Day" and a number of visits were made in Dad's honor. Among them was Mr. and Mrs. Bud DuBois and children of Lubbock. They came up to spend the day with his parents, Mr. and Mrs. Edell DuBois.

Mrs. Shirley Irwin gave a dinner honoring her husband and her father. Enjoying the day at the Shirley Irwin home, besides the family, were her parents, Mr. and Mrs. R. R. Waller of Floydada.

Mrs. Shirley Irwin spent the day last Wednesday at Plainview visiting Mrs. Chil McClure.

Mrs. Walton Wilson and Judy went to Post Saturday where they spent the day with their daughter and sister, Mrs. Jim Mallard and family.

Dinner guests in the Walton Wilson home last Tuesday were Mrs. R. T. Foster and children, Tonie and Valire of Oklahoma City and Mrs. W. B. Wilson and Mrs. A. S. Mize.

Mrs. R. T. Foster and children left for home Wednesday after visiting her eight days with Mrs. W. B. Wilson and other members of the Wilson family.

Mrs. Lee Burgett, Mrs. Carl Nelson and children visited Tuesday afternoon with Miss Alma Ruth Nelson in town. Mrs. S. A. Guffee spent several days with Alma Ruth last week.

Mrs. Bill Burgett and Glenn of Shallowater, came by Monday afternoon and visited with Mrs. Lee Burgett and Mrs. Carl Nelson. Mrs. Bill Burgett was on the way home after being at Childress on business.

Mr. and Mrs. T. L. Perry and Jan visited Saturday evening in Plainview with Mr. and Mrs. Chil McClure and Del Wade.

Friday night Mr. and Mrs. J. W. Gilbreath and Mrs. J. T. Perry were supper guests of the T. L. Perrys.

Mr. and Mrs. Cecil Payne spent Sunday afternoon visiting Mr. and Mrs. C. W. Payne.

Fathers Day, Mr. and Mrs. Jim Stewart were among the other children gathering at the home of Mr. and Mrs. L. A. Horton in Plainview. They enjoyed a bountiful dinner and a day of visiting.

Mr. and Mrs. E. R. Walls of Plainview came down and had supper Friday night with Mr. and Mrs. E. W. Walls and visited with them until bed time.

On Saturday night Mr. and Mrs. Dean Walls and children of Plainview were supper guests of his parents, Mr. and Mrs. E. W. Walls.

Thursday of last week Mrs. Carl Nelson and daughters and Mrs. Lee Burgett spent the day in Lubbock. On Monday the above

# Golden Wedding Day Observed By Mr. and Mrs. J. L. Suits

The golden wedding anniversary of Mr. and Mrs. J. L. Suits of Petersburg was observed with a reception from 2 to 5 p. m. Sunday, June 18 in the home of Mr. and Mrs. Tom Suits, Petersburg.

Hosts were their daughters, son, daughter-in-law, and sons-in-law, Mr. and Mrs. Tom Suits, Petersburg; Mr. and Mrs. John Crisman, Grand Junction, Colorado, and Mrs. Bryce Engle, Des Plaines, Illinois.

Members of the house party were: Mrs. J. Norris Slaton and her daughter, Mrs. Dan Tarpley, Lubbock, sister and niece of J. L. Suits; Mrs. Inez Brown, Snyder, sister of Mrs. Suits; Mr. and Mrs. A. A. Suits, Petersburg, brother and sister-in-law of Mr. Suits.

Married At Snyder, Texas

Mr. and Mrs. Suits were married June 4, 1911, at Snyder, Texas where they both were reared. Mrs. Suits was Ella Baze before her marriage and the daughter of a pioneer West Texas couple, the late Mr. and Mrs. W. T. Baze of Snyder. Mr. Suits is the son of the late Mr. and Mrs. J. A. Suits of Jayton. Mr. and Mrs. Suits moved to Petersburg Jan. 1, 1942.

Mr. Suits is presently copublisher with his son, Tom Suits, of the Petersburg Journal, and Mrs. Suits has operated a Gift Shop in Petersburg for the past eleven years.

Mr. Suits is an old timer in the weekly newspaper field of West Texas and the South Plains. He started his newspaper career at the age of 11, and is now rounding out his 58th year in the business.

Formerly at Lockney

His starting point was with the Western Light at Snyder, Texas, and has published and worked for papers at Lockney, Slaton, Levelland, Dalhart, Sweetwater, Roaring Springs, Matador, Lorenzo, Crosbyton, Ralls, Petersburg, Midland, and with the Lubbock Avalanche in 1910 when it was a weekly and published by the late James L. Dow.

He has been in semi-retirement the past five years and the re-

# Sudden Heart Attack Takes Ned Martin

A retired farmer and rancher, Lafayette ("Ned") Martin, native of Motley County, died of a sudden heart attack Saturday afternoon shortly upon being taken to a Hobbs, N. Mex., hospital. Mr. Martin and his wife had been residing in Hobbs for a year.

Born in 1891, the deceased would have celebrated his 70th birthday on August 14. He and the former Ethel Calvert were married at Matador in January, 1913. They formerly lived on a ranch near Dougherty just over the Motley County line.

In 1954 Mr. and Mrs. Martin purchased the former home of the Lon Blasingames, east of Floydada, where they resided until 1960 when they moved to Hobbs. Short periods of time in the winter months were spent in California. Upon moving to New Mexico they leased the Floydada home to Mr. and Mrs. Dick Guest who now reside there.

Mr. Martin was a member of the Church of Christ at Matador where funeral rites were conducted Tuesday afternoon. Eudy-Scal Funeral Home were in charge of burial in Matador cemetery.

TEXAN WINS 1961 DRIVER OF THE YEAR TITLE — Melvin O. "Jack" Griffith, 48, is named by the American Trucking Associations as 1961 driver of the year. A veteran of 28 years as a tank truck driver for Eagle Transport, Mr. Griffith is a resident of Big Spring, Texas. He was cited for more than 2 million miles of accident-free driving, and for his quick thinking in aiding seriously injured victims of a two-car collision. Mr. Griffith earned Texas the distinction of being the first state to have national drivers of the year in consecutive years.

# Dougherty Home Demonstration Club Meeting

The regular meeting of the Dougherty Home Demonstration Club was held in the home of Mrs. Salley Kreis, June 7. The president called the meeting to order at 2:30 o'clock. The secretary, Vina Crawford, called the roll and each member answered with "the equipment I need most".

Seven members of the club and the agent, Miss Phyllis Roggen-dorff, were present.

Lorilla Bradley, chairman of the yearbook committee, read the report on proposed work for the next year and moved the adoption of the report. The motion was seconded, discussed and carried.

Mrs. Kreis gave a report on Consumer Education and Mrs. Caffee read a poem on citizenship.

The president reported all dues for each member had been paid. Miss Roggen-dorff gave the program on household equipment, discussing washer, dryer features. Washers haven't changed much in basic design in several years but they have greatly improved in versatility. Choose a washer according to your needs. You may decide you can do without a certain feature when you learn its cost.

A few points to look for are: water extraction, controls, partial fill, amount of water, loading, access during cycle, size and balance of the load and the construction, no rough edges. There are also new models of clothes dryers. Do not compare them with dryers in laundries.

Mrs. Caffee directed two games. Refreshments were served to seven members.

Dr. and Mrs. Jack G. Jordan and children returned home Monday from a vacation trip which took them to Cheyenne, Wyo., and scenic points enroute there and back. The Jordan family were gone some eight days and encountered nice weather all the way.

Mr. and Mrs. Marvin Favver and Mr. and Mrs. Travis Favver and son, Geren of Stephens, Ark., are in Floydada to visit Marvin's parents, Mr. and Mrs. George Favver and other relatives. The visiting family are expected to be here several days. Travis is a son of Mr. and Mrs. Marvin Favver.

Mr. and Mrs. F. M. Marquis were in Clovis, N. Mex., over the weekend where they visited with her brother, Horace Jones and family. Mr. Jones is just home from a Clovis Hospital where he recently underwent major surgery. Returning home with Mr. and Mrs. Marquis was her father, C. L. Briggs, who had been in Clovis for some time.

Mr. and Mrs. L. D. Britton are back home after visiting a week in Fort Worth with Mrs. Britton's mother, Mrs. H. P. Bell.

Watch and wait . . . August is the date.

BROADWAY June 19 — Sunday afternoon's cloud contained only rain when it reached here, though it was really a rough looking thing, and we have been unable to contact anyone north of us to see what it did up there.

Several from our community attended the wedding of Miss Jenna Lou Miller and Bill Hunsucker who were married in Crosbyton Saturday night. We wish to extend congratulations and best wishes to this young couple.

C. B. Leatherwood and his little dog, "Chester" were Saturday afternoon callers of the T. E. Thornhills.

The Kenneth Sellers were Friday afternoon callers of the C. B. Leatherwoods.

Mrs. D. D. Thornhill gathered fresh apricots over at the M. R. Givens Saturday afternoon. She said they enjoyed a fresh apricot pie for Sunday dinner.

Mrs. A. D. Whalen says she has gathered blackberries from her vines until she has blackberries in every available container.

Bill McCray and daughter, Cindy, came by for coffee break with "We", the T. E. Thornhills Saturday morning.

The Arvis Moores are driving a new Chevrolet pickup.

Mrs. Kenneth Havens has not been feeling at all well the past several days. We hope she will soon be feeling fine again.

J. W. Jackson spent several days last week in the Crosbyton Hospital with strep throat. We hope he is feeling fine again by now.

Joyce Morris visited with her sister, Mrs. Waldo Havens in Crosbyton on Thursday of last week.

If you could see all around over here you would realize how the weeds have grown and taken over, since the rains began two weeks ago.

Mr. and Mrs. D. D. Thornhill started out Monday morning by going to Lubbock. Wonder if they will do like us—seems if you start gadding Monday morning, you just continue on through out the week. But who cares. We kinda

# ANOTHER BIG REASON BEHIND THE BIG BOOM IN FORD SALES

Galaxie styling is inspiring more admiration (and imitation) than any other car on the road

This is the look that started with Thunderbird —sired the Galaxie—and quickly became the styling success of the Sixties.

Many cars have tried to copy it. No car has succeeded. Incomparably beautiful, the 1961 Galaxie maintains its distinction—as originals always do.

Styling is only part of Galaxie's distinction: this is the car that's beautifully built to take care of itself. The '61 Ford goes 30,000 miles between chassis lubrications . . . 4,000 miles between oil changes. Brakes adjust automati-

cally. The muffler is built to last three times as long as ordinary ones. The body is specially treated to resist rust and corrosion. The finish never needs waxing.

Wouldn't it make sense to STOP spending money on an old car that can never do for you what a new Ford can do?

SWAP right now while your Ford Dealer's sales are booming—and the swapping is easier than it's ever been before.

SAVE with the Ford that makes saving fun!

# STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

**NEW COMMITTEE AT WORK** — Governor Daniel's new tax study committee, made up mostly of the board chairmen of various state agencies, got off to a diplomatic, soft-voiced start. Several lawmakers took a dim view of having "another study group," recalling that the last one had come up with a payroll tax plan that never caught fire. Texas voters, they pointed out, selected their legislators to write the tax laws and will hold the legislators responsible for the outcome.

Members of the committee made it clear that they don't intend to dictate to the Legislature. But they do hope to be able to indicate some possible paths of compromise among the various plans for which the legislators have shown favor.

Committee is to meet July 6 to write its report for the special session.

**DOWN THE DRAIN?** — Some legislators are fretting over the loss in state revenue resulting from the Legislature's failure to pass a tax plan during the regular session.

Here is the way they see it:

1. Bills passed by a simple majority vote take effect 90 days after the close of the session. If a tax bill had been passed in the regular session, it would have taken effect the last of August and money from it would be accruing September 1 when the new fiscal year begins.
2. If a bill is passed by a simple majority in the special session — say about August 10 — it will not take effect until November 10.
3. A \$340,000,000 tax bill covering the 24-month period would raise money at the rate of about \$14,000,000 a month. But between September 1 and November 10, nothing would come in from the new bill. This waiting period of two months, would mean the loss of some \$35,000,000 in state revenue which would have been raised if the same bill had been passed earlier.

Question that immediately arises: Can the Legislature pass a tax bill by a two-thirds vote of both houses so that it will go into effect immediately? (As done in 1959.)

Today legislators are dubious. As the new tax bill is expected to affect more items, many legislators feel that it would be unfair to expect businessmen and storekeepers to get ready overnight to charge all sorts of new taxes.

**NEW WORLDS TO CONQUER** — With the election of John Tower as U. S. Senator, exultant leaders of the Texas Republican Party feel they have a foot solidly in the door.

Beyond the door, that they hope to swing wide, is a two-party Texas with the GOP sharing political power in Texas on a roughly equal basis.

New goals are being carefully considered. All but one (Travis) of Texas' big metropolitan counties were for Tower, as well as large sections of West Texas. In these areas, except where a very popular Democrat is entrenched, the Republicans can be expected to bid for places in Congress, the Legislature and even county jobs.

First test is due in Bexar County where Congressman Paul Kilday is due to resign to become judge of the Court of Military Appeals. Bexar County went for Tower last month.

Under the present law, Kilday's successor will be determined in a one-shot, high-man-wins special election, probably next fall. There is some talk of trying to get the Legislature, during its special session, to pass a law which would require a run-off in special congressional elections. This would reduce Republican chances.

**CONTEMPT OF COURT** — Court of Criminal Appeals ruled that a person cannot be held in contempt of court for an act committed outside the court room.

In the case in point, a district judge had held a man in contempt of court for assaulting him (the judge) at a filling station to 72 hours imprisonment and a \$100 fine.

Nope, said the appeals court.

**Longhorn Vain?**

At Gonzales, Texas, they have the most unique weather vane in the state. It is perched atop the fire-house where all can see it. Residents of this Central South Texas town are ready, willing and able to tell you about the vane and the impressive history behind it and the T41 brand.

What makes this weather vane so different from others?

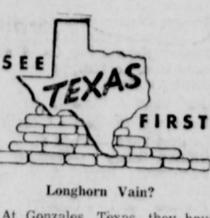

In the first place it's made of gold-plated copper. Second, it's the same size, shape and weight of a real Texas longhorn steer.

For further realism, this 2,000-pound longhorn vane always faces into the wind, just as did the real longhorns in their trips from Gonzales up the Chisholm.

The 1961 Ready-Lites have all the features that make electric yard lights the most convenient, efficient and economical. Because they operate only at night — and automatically, too — the operating cost can be less than a penny a night. And that's less than any yard light. Ask your Public Service neighbor or see them at your Public Service office.

Ready-Lite — the modern, automatic yard light.

Warm Welcome Light Watchman Electronic

Your guests like the convenience that a Ready-Lite brings them in finding your house. And you know that a lighted walk to your door will be safer, too.

Because the Ready-Lite is automatic and comes on whether you are at home or away, you have built-in intruder protection at all times. You have a secure feeling with a Ready-Lite.

Every Ready-Lite has a built-in photo eye that automatically turns it on at dusk and off at dawn. When you're home before dark, that your Ready-Lite came on when you wanted it later.
