

## Pass To Dalhart Season For Whirlwind Squad

Dalharts did not complete a pass but five ball carriers racked up a net of 267 yards, two penetrations and 14 first downs.

Whirlwinds Receive Kick-Off  
Opening the game Floydada received and Teague took the boot on the Whirlwind 10 returning it to the 24. Floydada offense gained eight yards to the 32 and the punt went from this point to roll dead on the Dalhart 33.

The Wolves gained to their 49 and then Ledbetter punted to Christian at the Floydada 10. The charging Dalhart tacklers surrounded Christian before he could get the ball under control and Wolf end Al Austin plucked it.

**GUN CLUB TO THE RESCUE**—Prominent participants in the Quarterback Club trap shoot last week-end were members of Floydada Gun Club, whose facilities were loaned to the Quarterbackers for their shoot. Pictured here are C. C. Burns, secretary of the gun club, C. C. Whittle, president, Q. D. Williams and Leo Sawyer, left to right, participating in the event. Scores of turkeys and hams were distributed to winners, and the Quarterback Club got together a part of the much-needed dollars they must have to meet their commitments to high school athletics. ## Stout Effort For IL Rating Made By Band

Members of the Floydada Whirlwind Band and twirlers have been practicing this week for the Interscholastic League Marching Contest scheduled to be held yesterday afternoon at Jones Stadium. They have hopes of bringing good ratings home.

Last Saturday the twirlers at both high school and junior high came home with nine first place ratings out of 17 entries from Floydada in the Interscholastic League Twirling contest.

Number one ratings were won by High School twirlers, LaJuana Rimmer, Janice Trapp, Barbara Gilly, Suzanne Collier and Janet Kay Moore.

Second ratings were presented to Jan Stansell, Sara Holmes and Dorothy Edmiston. Besides the twirlers entries from Floydada High School were Bobby Reue who took a number one rating and Betty Lou Wright who took a second rating.

In the Junior High School division first place ratings went to Beverly Smith and Jenice Moore. Second ratings were taken by DeAnn Wilson, Vicki Gregory, Linda Rucker and Patty Dempsey. Other entry from the school was Vicki Reeves, who took a second place rating.

A trio from High School composed of Janice Trapp, Suzanne Collier and Dorothy Edmiston took a first rating, and one from Junior High composed of Jenice Moore, Beverly Smith and DeAnn Wilson, took a second rating.

Students of Floydada Independent School District schools will enjoy a two-day Thanksgiving holiday plus the weekend, with school being turned off Wednesday afternoon.

Many will join their families for trips to various points while others have school contests and such to attend.

General talk is that many will be at Jones stadium Thursday afternoon to witness the Dalhart-Denver City football play-off.

Classes are to resume Monday morning at the usual hour.

## Quarterbackers Ending Year, Commitments Met

The Whirlwind Quarterback Club, it now appears, will be able to meet all commitments and make good on a budget of \$1200 for the year.

The club had voted to film all football games this year (cost \$600).

Pay off final payment on commercial clothes dryer (cost \$395) Buy a walkie talkie radio for use at ball games (cost \$100).

And assist with football banquet (cost \$100), plus some small operating expenses.

These projects have all been carried through, but as late as last week the club was still short of the needed funds by about \$400.

61 Flights In Two Days  
Last week-end the Floydada Gun Club came to the rescue and by allowing a turkey shoot on their range and then supporting it by patronizing the event. Now Quarterbackers have made the grade.

The shoot ran some 61 flights of sportsmen in the two days and connected with an allied project netted the needed \$400.

Before this time the QB club had prepared and sold advertising on a football program, sold these programs at the games and in addition sold membership cards. Income from these sources came to around \$800 and then the turkey shoot finished the job in good style.

The quarterbackers wish to thank the public for the fine support and to especially thank Floydada Gun Club for their help in meeting the goal that was set.

Turkey Shoot Dec. 16 - 17  
The recent turkey shoot (trap) was so popular with area sportsmen that the Whirlwind Quarterback Club and Floydada Gun Club are planning another for Saturday and Sunday, December 16 and 17.

## Stores Slate Treasure Hunt To Hail Holidays

**THANKSGIVING SHOPPER.** Last week-end Dwane, 4-year-old son of Mr. and Mrs. Fred Martin, went down to Berry's looking over the prospects for Thanksgiving Turkey. Here he found a good-looking fowl, and appears pleased. The turk seems a bit suspicious, and well he might be. (Staff photo by Peggy Medley.)

## Lots Of Free Prizes Listed By Merchants

There will be big doings in Floydada come December 1. That is the word from Doyle Walls, chairman of the Chamber of Commerce Retail Trades Committee, and Sammy Hale, who heads the Christmas Treasure Hunt to be held in Floydada.

These two plus C of C manager John Reue and a crew of volunteer workers have been going all out to kick off the Christmas shopping season in Floydada in a big way.

Old Santa Coming  
Old Santa Claus is coming to town for the first time on Friday, December 1. He will show up on down town streets about 1:00 p.m. on that date and pay a two hour visit especially to see little tykes of pre-school age.

The big Whirlwind band will march to the court house square and show off some of their favorite marching and playing routines.

Treasure Hunt Also  
And the fun is not all for the little ones. Some 55 merchants whose names appear on a special page in this issue of the Hesperian are offering Free Treasure Hunt Prizes. There are no strings attached. All that is required to join in this treasure hunt for prizes is to call in the participating stores and ask for free tickets.

These tickets will be available starting on the morning of November 27. You may get tickets from this date until noon December 1.

At 3:30 winning numbers will be posted in the stores. Visitors may then make the rounds window shopping and see if they have the number that entitles holder to the free prize.

Merchants are anxious to have all prizes claimed and will also post alternate numbers in most cases so that if the prize is not claimed by the top number then another number becomes winner on the second day and still another on the third day. Each merchant is offering only one prize however and as soon as it is claimed then the hunt is over at his store.

Christmas Lights Go On  
The Christmas lights on the west side of the court house will go on on December 1. J. D. Parks and the line crew of the City of Floydada will have a charge of this operation again. Permanent anchors were installed last year and the job is not expected to be as hard as in past years.

The nativity scene will be erected by Dan Hagood and Russell King and will be located on the west of the court house also.

Christmas decorations in the stores will be ready and residents of the town are asked to join in and have their lights up by this time also.

## Texaco May Re-Enter, Explore Abandoned Test on Lackey Land

Probability that a test hole on Jack Stansell last mid-week that the hole would be re-opened and explored. The geologists are interested in possibilities of pay from a formation at about 5,000-5,100 feet after examining logs.

Texaco has leased the Lackey land and a few other tracts in the immediate vicinity. Their lease on the Lackey land was acquired last year.

The Houston Oil Company found black shale for several hundred feet, when their test was made. The hole was cored into granite at a depth below 10,000 feet.

The money for the test by Texas Company has been earmarked, with the likelihood that early activity will be seen, Stansell was told.

No official records could be found quickly on scout fund drives in previous years but several members of the Lions Club expressed the belief that this was probably the best organized and most productive drive ever held here. The total figure may reach near \$2,200 when complete.

## SOUND OFF

By Beth Pratt

**TOY PEDDLERS**

Just about the cruelest thing that could be done to a small child is putting Santa Claus on Television the first of November. I wish those so anxious to peddle their toys would try explaining to my three year old why it isn't time for Santa to come.

Where did I see this? A mother-in-law who is willing to baby sit can have no faults!

Did you ever try to explain to a man the lift in spirit a woman gets from going to the beauty shop. Ever so often I give it a try but it just isn't explicable. Next time hubby complains about eight or ten dollars a month at the beauty shop, tell him to be happy Mr. Kenneth isn't doing your hair. That runs about fifty dollars for a regular shampoo and set.

**Girls Prettier?**

Do teen-age girls get prettier every year or is it just my imagination? I'm sure good grooming habits have much to do with this impression. To me the prettiest girl is the one with the natural look. There is nothing more beautiful than a young girl's fresh, clear skin tones.

## Informal Gathering Entertains Friends

Mrs. Bob Durham and Mrs. A. C. Pratt entertained friends last Thursday with an informal gathering in the Durham home.

Spiced cider and nut bread were served from a lovely table laid with a deep blue cloth and centered with lighted tapers in silver holders and a silver tray bearing fresh fruit. Assisting in serving were Mrs. Frank Lovelless, Mrs. Mack Hickerson and Mrs. Bill Hardin.

Guests present included Mrs. Ted Bell, Bobby Rainer, Darrel Bunch, Bob Shields, Dan Hagood, Aldine Williams, Jean Law, Joe McIntire, Gordon Hambricht, Herman Galloway, Curtis Carlsie, Chuck Holmes, Bernice Parkey, Keith Burman, Russell Strain, Carmel Eastham, Max Dyess, Delmas McCormick, Norman Muncy, Bill Hardin, Frank Lovelless, Mack Hickerson, and hostesses, Mrs. Durham and Mrs. Pratt.

But directly it was so loud that it waked D. D. (and he is quite a sound sleeper). He jumped up saying, "What in the world was that?" He began turning lights on all through the house only to find nothing, but when the back porch light was turned on, there was the culprit - a Big Old Skunk sitting right up against the door, and every so often he would move about and bump against the metal on the storm door. The light didn't excite him in the least but the next morning he was gone. He was probably just trying to get in out of the weather.

Mrs. J. B. Marley visited Sunday a week ago in the afternoon with Aunt Zodie Starrett and Mrs. Jewel Dunsworth. On Tuesday she accompanied Mrs. Lizzie Crausbay to Floydada where she visited in the home of Mr. and Mrs. C. O. Spence, while Mrs. Crausbay and Mrs. Carl Gunn of Crosbyton kept a dental appointment in Floydada. Then on Thursday Mrs. Marley was dinner guest of her son and family the A. R. Marleys.

Mrs. Doris Lemmons and son Allen were Monday afternoon callers last week in the J. B. Marley home. Other guests through the week were Mrs. Lizzie Crausbay and Mrs. Minnie Crausbay.

Mrs. Elvie Richardson visited a while last week with her parents, Mr. and Mrs. S. R. Campbell.

Mr. and Mrs. T. E. Thornhill were Sunday afternoon callers of Mr. and Mrs. A. L. Winegar and Georgia Ann. The Winegars son, Robert, student of Tarlton in Stephenville spent the weekend at home.

Among those trying out Mrs. D. D. Thornhill's new piano were Mrs. D. Homer Smith, Mrs. Helen Weems and children, Don and Brenda, all of Crosbyton, Mrs. M. R. Givens and sons, Preston and Mickey, A. L. Winegar and Alene Thornhill. We have decided it will be all right for her to keep it, as it certainly is a pretty one and has such a lovely tone.

Cecil Berry spent a few days last week in the Crosbyton Hospital, but we are happy to report he was able to be at Sunday School and Church Sunday morning.

Mrs. D. D. Thornhill visited a while Saturday afternoon with Mrs. Arvis Moore and children, Fern, Robert L. and Kitty Joyce. Mrs. Moore was ill at that time. We certainly hope she is feeling much better by now.

The Richard Sudduths were Sunday dinner guests of her parents, M. and Mrs. A. D. Whalen.

Mrs. Lois Ratheal of Crosbyton attended church services at Pansy Sunday morning. It is always good to have Lois back home.

Duwayne Cornelious, accompanied by Donald W. Thornhill visited from Thursday until Sunday with the H. L. Rainbouts near San Saba. The boys also went deer hunting while there. And believe it or not they actually brought home two deer. They each killed one.

Hoyt McClure spent Monday afternoon and Tuesday in Lubbock where he was seeing a specialist. We are glad to report that he had good news.

Wednesday last week Mr. and Mrs. Ronald McClure, Brenda and Doug, Mr. and Mrs. D. D. McClure and girls, Rhetta and Terri, were all dinner guests of Mr. and Mrs. Hoyt McClure.

Mrs. Hoyt McClure says she visited by telephone with son, James, Saturday night. He told her he was feeling fine, and that he wished to spend Thanksgiving in Abilene.

Mr. and Mrs. Ronald McClure and children, Rhonda, Brenda and Doug were Sunday dinner guests of Mr. and Mrs. Hoyt McClure.

Robert L. Moore called while ago saying he had some very important news. Mr. and Mrs. Charlie Mack Moore are the proud parents of a son. He was born Sunday and has been named Scottie. This is the very first grandchild of Mr. and Mrs. Arvis Moore. So of course Robert L. is an uncle for the very first time and Fern and Kitty Joyce are aunts for the first time. To the parents, grandparents, aunts and uncle we wish to say Congratulations. Mr. and Mrs. Jennings Smith of Crosbyton are the maternal grandparents.

Not a wheel was turned over this way last week toward gathering the crop, and now this Monday morning is heavy, cloudy and looks as if it would rather rain than not.

We wish for every one a very happy Thanksgiving, and how very much each of us have to be thankful for.

Mrs. D. D. Thornhill talked with her son, Charles, in California Sunday night. While talking she heard the little granddaughter crying, so now she has heard the little lady's voice the she has not seen her in person.

Mr. and Mrs. D. D. Thornhill were Wednesday night visitors with Mr. and Mrs. S. P. Starrett and Cheryl.

We wish to thank each one of you who called your news to me a very disturbing noise that sounded like some one walking in the house. Knowing there was not supposed to be anyone else there except the two of them, she carefully listened. Again she heard it, then all was very quiet.

## LIPSTICK LOGIC

In such a year as this, food seems unimportant. But we keep thinking, this Thanksgiving week, about what has happened to turkey-and-fixin's since we were young.

We were a generation ahead of the cellophane-packaged birds of today. Hence, our parents bought a turkey 'on foot' from the wagon yard. We were interested observers. We stood on the lowest rung of the board fence and peered over as Dad walked among the toms to find the right one. We watched with excitement as our turkey was cornered, caught, and his legs tied. He lay in the back of the buggy, his round, frightened eyes darting from one object to another, his wattle throat giving him the look of a wrinkled old man.

At home Dad untied his legs and put him in a chicken coop, where we fed him grain and scraps for a few days until he became a friend whom we were about to betray. Finally, the handy man took him to the woodpile and chopped off his head with an axe, then brought him to mother to scald, pick and dress. With his head, feet and feathers removed, he lay in state for a day on the screened back porch - out of the cat's reach - where he froze and had to be thawed before even time.

We learned to roll cranberries between finger and thumb, cutting the soft ones; to enjoy the aromatic smell of celery and oranges in a brown paper sack. We watched the miracle of dressing being made from bread, and pumpkin pie from a jack-o-lantern's insides. And then the tantalizing fragrance of cooking turkey mixed with that of coffee being ground!

Mamas are grateful for turkey-and-fixin's the packaged way but today's youngsters are missing a lot.

## Broadway News

By Mrs. T. E. Thornhill

BROADWAY, November 20 - Rev. Pat Jordan now of Missouri, but a former Pastor of our church, preached Sunday morning at Pansy Church. It was very good to hear Brother Pat preach again. He and Mrs. Jordan visited several days last week in our community. Saturday night a number of people gathered in the home of Mr. and Mrs. R. C. Ratheal, where all enjoyed a salad supper and get-together with the Jordons.

One night last week Mr. and Mrs. D. D. Thornhill were awakened by an unwelcome visitor away late in the night. First Mrs. Thornhill was awakened by a very disturbing noise that sounded like some one walking in the house. Knowing there was not supposed to be anyone else there except the two of them, she carefully listened. Again she heard it, then all was very quiet.

## 'Winds Win On Field But Lose Out In Coaches' Conference

By Kenneth Rimmer

Coaches of District 2AA met last week to name all-district football teams for the 1961 season. Under rules of the meeting a coach could not nominate a member of his team, but could vote for him once his name had been placed in nomination.

After studying the list of boys named the reporter could think of but one comment:

It is a good thing that district championships are not decided this week at Floydada might well have wound up in the cellar instead of having a 10-0 regular season record and an undisputed 2AA title.

The Floydada boys who were named are indeed outstanding and well deserved the honors they received.

Floydada placed only one player Rodney Teague, on the offensive first team and only three Teague, David Barnhart, and Charles Christian on the first team defense.

At the same time Morton with three district losses came out with four offensive regulars and two defensive positions. Muleshoe had two on each unit as did Lockney and Abernathy. Olton placed Robert Duncan on both offense and defense. Maybe the object is to lose games instead of win.

Teague of the Whirlwinds, Donnie Hanst of the Lockney Longhorns, Johnny Sanford of the Morton Indians and Duncan of Olton were the only four to make the first team both ways.

Here is the way the selections went:

**All District First Team Offense**  
Rodney Teague, Floydada, back; Steve Middleton, Morton, back; Gerry Pierce, Muleshoe, back; Wilbur Zuber, Morton, back; Ronnie Belt, Lockney, back; Jack Waters, Abernathy, end; Glen Kuehler, Morton, end; Jerry

Wright, Muleshoe, tackle; Larry Florence, Abernathy, tackle; Donnie Hanst, Lockney, guard; Johnny Stamford, Morton, guard; and Robert Duncan, Olton, center.

**All District First Team Defense**  
Jimmy Howell, Morton, line man; Donnie Hanst, Lockney, line man; Ray Ingram, Abernathy, line man; Bob White, Muleshoe, line man; Robert Duncan, Olton, line man; John Kiker, Abernathy, line backer; Wayne Malone, Muleshoe, line backer; Johnny Sanford, Morton, line backer; Rodney Teague, Floydada, back; Johnnie Belt, Lockney, back; David Barnhart, Floydada, back; and Charles Christian, Floydada, back.

Floydada with three of the best pass receivers in the district and at least one of the best down field blockers received only second team or honorable mention for their efforts. On defense with the best defensive record in the district the 'Winds' did not place a lineman or line backer even though they were well known for holding opponents to the short gain.

**Floyd County Boys On List**  
Floyd County boys making the second teams were Don Switzer, end, Floydada; Max Campbell, guard, Floydada; and Russell Davis, Lockney, line man; Bill Dodson, line backer, Lockney, were named.

Those receiving honorable mention from Floydada and Lockney included Darryl Lindsey, Floydada; Joe Dunn, Floydada; and Jimmy Franks, on offense. On defense the same honor went to Rayland Brotherton, Lockney and Terry Mosley, Lockney.

In all Muleshoe had boys named to 14 positions counting first and second team offense, defense, and honorable mention; Lockney had 12; Floydada had 11; Abernathy 9; Morton 7; and Olton 6.

It is a good thing the season is over — I wonder how we won with so much good material on all the other teams.

Home demonstration agents and county chairman:

There is also to be a training meeting for new club officers in Floydada on December 6. The hour will be announced later. The magazine "The Messenger" of the THDA has asked clubs for stories and pictures.

Mrs. Sam Jones, secretary-treasurer of the council, gave her annual report, and Mrs. Bob Hopper, 4-H chairman, announced the 4-H Achievement banquet would be held in the High School cafeteria on December 2.

Mrs. Arlon Miller reported the Yearbooks ready for press and said the recent county-wide tour was a success. She also said that in meetings of the council next year there will be five-minute demonstrations at each meeting and the material would be furnished by her committee.

The exhibit Friday was by the Dougherty HD club and featured a setting for a Thanksgiving dinner. The centerpiece was formed from prunes, raisins and gum drops on tooth picks made into a replica of a turkey.

## Chanters Give Outstanding Performance

An outstanding performance was presented Monday night at the First Methodist Church by the McMurry College Choir, known as the Chanters. A good attendance was present for the program of sacred music under the direction of Dr. Richard C. von Ende.

The 51 students and their director arrived in Floydada at mid-afternoon and were guests for a bountiful meal prepared by the women of the church, prior to the program.

On the committee assisting Mrs. M. J. McNeill, chairman of the social activities, were Mrs. Howard Drysdale, Mrs. J. P. Moss and Mrs. Nita Thayer. Others assisting were Mrs. Diane Gresham, Mrs. G. M. Armstrong, Mrs. Otto Gilliland, and Mrs. Pete Hickerson.

Rev. and Mrs. Charles Lutrick welcomed the students for the supper.

Youth of the church were in charge of transporting the students to various homes in Floydada where they were overnight guests.

On Tuesday morning the Chanters gave a special presentation at the High School before departing for Tahoka and Lamesa where they will give programs.

Newell Parker came home Monday from Plainview Hospital where he was under treatment for three days with an ulcer flare-up. He is back on the job and doing nicely at this time. Mr. and Mrs. Parker plan to spend Thanksgiving day with her parents, Mr. and Mrs. A. L. Sparks. They will be joined by the Sparks two other daughters, Mrs. James Cox, her husband and children of Plainview, and Mrs. Ted Borum, her husband and son of Earth.

Little Darla Assiter, year old daughter of Mr. and Mrs. Tommy Assiter, was expected home this week from Plainview Hospital where she was taken Monday. Darla was suffering from a stomach infection and the loss of fluids. She was thought to be improved a great deal at last report.

R. A. Burrows was taken by Harmon ambulance to Plainview Medical Center Monday where he is at present undergoing treatment for a kidney infection. Report is that Mr. Burrows is quite ill.

Mrs. George Stiles, who has been away from Floydada for the past six weeks visiting relatives, arrived home this week. She has visited at Texas points as well as other states during her absence.

## Miller Talks Civil Defense At PTSA Meet

Parent-Teachers-Students Association met Monday night in Floydada Junior High School with Starks Green, chairman, presiding.

The evening's program was on civil defense and was brought by Bob Miller of Lockney, civil defense chairman. Mr. Miller introduced by Mrs. Billy Staniforth Jr., spoke briefly on his trip to Austin last week where he attended an associational meeting, then dwelled mostly on fall-out shelters and the local organization.

Miller said at present Floyd County was not going to organize but would wait until a meeting in Lubbock in the near future at which time the district would be set up, then would form local organizations. Miller stressed the fact that he saw no reason in appointing workers to do a job which has not been set up for them as yet.

### Should Study Details

Speaking of fallout shelters, Miller urged again for homeowners not to build shelters without first going into every detail with the contractor, to seek information and make sure that information would stand up under civil defense specifications. He said the expense could run high unnecessarily if plans were not made ahead of time to have in the shelter the items approved by civil defense.

Two things Miller spoke on that would undoubtedly face a family housed for two weeks or more in shelters. This has been proved a point for families who have practiced a two weeks period in a shelter. That is boredom and claustrophobia.

Boredom stems from being housed up with no entertainment. A family should prepare ahead for games, reading material and such to entertain the family while closed up.

Claustrophobia can strike persons who have no fear before hand of being under ground and shut-in, for a long period at a time, as well as those who know they have it to begin with.

### Nominating Committee

During the business meeting the chairman appointed Mrs. Sam Spence, Mrs. John Kimble, and Mrs. Claud Weathersbee as a nominating committee to submit names for new officers.

Mrs. Ham Smith, 8th grade coordinator, was assisted by other 8th grade mothers in providing refreshments for the evening.

The next meeting will be March 5, 1962 at the Jr. High School auditorium. At present the membership roll has reached 117.

### POWELL IN HOSPITAL

H. N. Powell, Dougherty grocer, was transferred to Stanley Hospital the first of the week from Methodist where he underwent surgery Monday. It is thought that Mr. Powell will be in the hospital for the remainder of this week if all goes well. He is progressing nicely.

Mr. and Mrs. T. W. Richards of the Starkey community are parents of a baby daughter, named Connie Jean, who arrived Tuesday, Nov. 21, in Peoples Hospital. The baby weighed eight pounds and two ounces. She has four older sisters and one brother. Grandparents are Mr. and Mrs. J. R. Richards of Lockney and Mrs. and Mrs. Bill Robertson of Farmer, Tex. The father farms in Starkey.

### Not Paid For That

During a layover on a recent weekend trip, we overheard the ticket agent make assurances that a certain train would be on time.

One man, after pacing the station platform for more than an hour, stalked angrily to the ticket window.

"Why didn't you tell me this train was late when I asked you before?" he fumed.

"Look Mister," replied the complacent agent, "I ain't paid to tell here and knock the railroad."

### Not Negotiable

While in Washington I introduced Marie to a friend of mine, a big shot with the Internal Revenue Service. Marie complained about high taxes, so my friend said, "Darling when you think of this wonderful, marvelous country you live in you should pay your taxes with a smile."

Marie answered: "I tried that, but they insisted on cash."

**RETRIBUTION** The telegraph brings us the gratifying intelligence that, on receipt of the news of Richmond, that the condemned in Philadelphia, on a charge of piracy, our Government immediately ordered the number of men out of the Federal prisoners to suffer a like fate. The lot fell upon Col. Corcoran, three captains and ten lieutenants—a colonel for the captain, a captain for each officer and for each of her crew. This is just and right. But will the Savannah's crew be hung? We doubt it. Corcoran is a great favorite in the North; and his friends and those of the other fated officers will doubtless exert themselves to save them from such a fate. Should Lincoln persist, however, the terrible retribution will inevitably take place. — THE WEEKLY TELEGRAPH.

**A FRUITLESS CHASE** — The Federal steamer Keystone State left Philadelphia on the 19th of July in search of the Confederate steamer Sumter. She got on her track at Port-au-Prince, and a gain at Surinam, from which place she returned to Philadelphia. Now, as she was sent out expressly to capture the audacious Confederate ship, why did she not follow her up from Surinam? It looks very much like the Keystone State was not particularly anxious to get within gun shot of the Sumter. — THE WEEKLY TELEGRAPH.

THERE'S AN ENORMOUS APPLIANCE MARKET represented by electric cooperative members.  
Can you imagine what a stack of 558,000 electric ranges would look like... or 579,000 electric dryers... 760,000 electric freezers... or 450,000 electric blankets? It is estimated that rural electric cooperative members will buy these and other appliances to the tune of **One Billion Dollars** this year.  
The vast bulk of these sales will be made to customers who couldn't enjoy electric appliances were it not for the electric cooperatives. They will buy from home town merchants who readily agree, the electric cooperatives have been good to everybody... Building a Brighter Tomorrow.

**Horsehead Crossing on Pecos**  
Horsehead Crossing is located south of Crane, Texas, in the western part of the state.  
An historical marker pays tribute to this important early day crossing and tells of how it was used.  
It reads: "Well known to frontiersmen and used by emigrants for several years preceding this crossing was an important point on the Southern Overland Mail (Butterfield Route) which linked St. Louis and San Francisco with a semi-weekly mail and stage service. 1858-1961."  
It is hard for us today, with our massive freeways and immense bridges, to visualize the importance of these old crossings. They, and the routes that crossed them, were the food from which this nation grew.

"Saving Bonds sales for the first 10 months in Floyd County totaled \$157,645. Of this amount, \$18,454 was purchased during October." This announcement is made by Don Pemberton, Chairman of the Floyd County Savings Bonds Committee.  
Bond sales in Texas for the month of October totaled \$12,460,000.  
"A special Limit Purchase campaign is now under way in Texas. During this extra sales effort, groups such as labor unions, credit unions, pension funds, fraternal organizations, veterans organizations, estates, trusts, insurance companies, and others will be urged to purchase their limit in E. and H. Bonds", Chairman Pemberton said. Under recent Treasury regulations any investor other than a commercial bank may purchase E and H Savings Bonds.

**Small Kitchen Appliances**

I attended a meeting on small Electrical Appliances, non-electric cookware, and laundry aids last week and found it most interesting.

If you are planning to increase the efficiency of your kitchen through the addition of electrical appliances examine the pros and cons before making the decision to buy an additional appliance. Check these points before making your final decision to buy:

- How often will it be used?
- How many uses can be made of it?
- Do you have equipment on hand now which would do the same job?
- What size is needed?
- What material and color is desired?
- Where can it be stored?
- Is there an outlet where it can be used?

**Small Kitchen Appliances**

I attended a meeting on small Electrical Appliances, non-electric cookware, and laundry aids last week and found it most interesting.

If you are planning to increase the efficiency of your kitchen through the addition of electrical appliances examine the pros and cons before making the decision to buy an additional appliance. Check these points before making your final decision to buy:

- How often will it be used?
- How many uses can be made of it?
- Do you have equipment on hand now which would do the same job?
- What size is needed?
- What material and color is desired?
- Where can it be stored?
- Is there an outlet where it can be used?

**Golden Wedding Anniversary Observed**

Sunday Dr. Warren Poole, Mrs. Poole, David, Daryl and Melissa congratulated his parents, Mr. and Mrs. W. S. Poole with a dinner served in the Plainsmans Room of the Pioneer Hotel, Lubbock.

Before the group was seated for the attractive and bountiful feast, Melissa, only granddaughter, gave the 100th Psalm in its entirety. A tape recording was made of the conversation throughout the party.

Mrs. W. J. Ross visited in the B. F. Priddy home Saturday and accompanied Mrs. Priddy and Mrs. George Ledbetter to visit a long time friend, Fae Easley who is critically ill.

Mr. and Mrs. F. M. Covington were guests of their daughter at Big Springs over the weekend. Their grandson, Rex Mayes, returned home with them to spend this week.

Mr. and Mrs. Don Wyatt and family of Amarillo, were weekend guests of Mr. and Mrs. Jesse Glover.

the ball out of the air to go in and score unassisted. The kick try was wide and Dalhart led 6-0.

Teague took the ensuing kick off at his 10 and ran it out to the 27. Runs and passes clicked and Floydada moved down field with the long gainers coming on passes to Switzer for 20 and Christian for 26 but as Floydada knocked at the goal line a pass at the five was called back and a 15 yard penalty set the green and white back to the 36. Teague then kicked to the goal line but the pesky ball would not stop short and died laying part-

ly in the end zone only to be brought out to the 20.

Opening the second quarter Dalhart gained to their 45 and then punted dead on the 'Winds' 24.

Floydada gained but three and punted from the 27 to Louis Allred on the Dalhart 31. David Barnhart brought the runner down with a fine tackle.

The Wolves started to roll and Vernie Moore kept Roundsaville from getting away with a good stop. Christian later knocked the Wolf quarterback out of bounds at the Floydada eight then on the next play Frank Barrow came out of the pile up with the football and Floydada had possession on their own eight yard line.

Floydada had made a first down outside the 20 before the half ended.

**Lone Touchdown Drive**

Teague's on sides kick opening the third quarter went to the Dalhart 48 and Barnhart recovered at that point for Floydada. The 'Winds' moved in to the Dalhart 24. had two passes fall incomplete and Teague was trapped for a long loss when he could not spot an open receiver. The fourth down punt went from the Wolf 37 to roll dead at the nine.

Dalhart owned the ball a few plays and gained the 25 before punting out of bounds at the Floydada 46. Floydada then put on the lone touchdown drive. It was

running plays mixed with passes to Christian and Switzer that paved the way. A twelve yard pass Teague to Christian got a first at the Dalhart 7 yard line. Teague made four and a half yards. Hernandez got a half yard. Teague went to the 1 foot line and on the fourth down plowed to the goal line and leaned in for the score. The conversion try was blocked, and the score was 6-6.

Another short kick worked for Floydada and this time Barnhart pounced on the ball at the Dalhart 47. As the fourth quarter opened Floydada owned the ball second and 10 at the Dalhart 47. James Goana intercepted a Teague pass at the Dalhart 32 and ran out of bounds at that point.

**One Foot Shy of Line**

The Wolves gained to their 41 and fumbled the ball with Floydada recovering at that point. The green and white drove in, and for a time looked victory bound, as they gained the Dalhart six yard line. Here they found themselves one foot shy of first down yardage and lost the ball. As it turned out this was the turning point of the close ball game. Floydada owned a lead in penetrations and first downs both at this point and could have won a tie game without further scoring, but further scoring did come.

# STATE CAPITAL Highlights AND Sidelights

by Vern Sanford  
TEXAS PRESS ASSOCIATION

Franklin Spears says that leading business are appointed to the committee to ignore the committee's questionaire asked for non-confidential statistical information to try to determine the number of abandoned accounts. Representative Spears says the study will be very valuable, if enough banking institutions cooperate.

Meanwhile, Atty. Gen. Will Wilson filed the first suit under the new escheat act. Suit seeks to recover \$1,094,150 in stock and dividends held for the unknown owner of a missing railroad land trust certificate.

The missing certificate was first issued in 1888, but Asst. Atty. Gen. Henry Braswell says

no one has been able to establish ownership since.

Suit was filed in the 101st District Court in Dallas against Mercantile National Bank of Dallas, trustees of the Texas Pacific Land Trust, and various claimants to the missing certificate.

Wilson's suit alleges that the property should go to the State of Texas under provisions of House Bill 5, covering abandoned property, since its owner has been unknown for seven years or more.

**RACE IS ON**—Kellis Dibrell of San Antonio told Young Republicans in Austin that the Democratic primary no longer will be tantamount to election, now that the Republicans are gaining prominence in the State.

Dibrell has announced for Lieutenant Governor on the Republican ticket. He predicted that Texas voters will have a problem on May 5 when they're forced to choose between voting in the Republican or Democratic primary.

A Democrat, former Secretary of State Tom Reavley, was first man to announce for the Attorney General's office. Reavley, an Austin attorney, says he considers that office the largest, most varied and most important "law practice" in Texas.

**UP TO THE COURTS**—The University of Texas Board of Regents has agreed "unanimously" to let the court decide whether they should integrate dormitories.

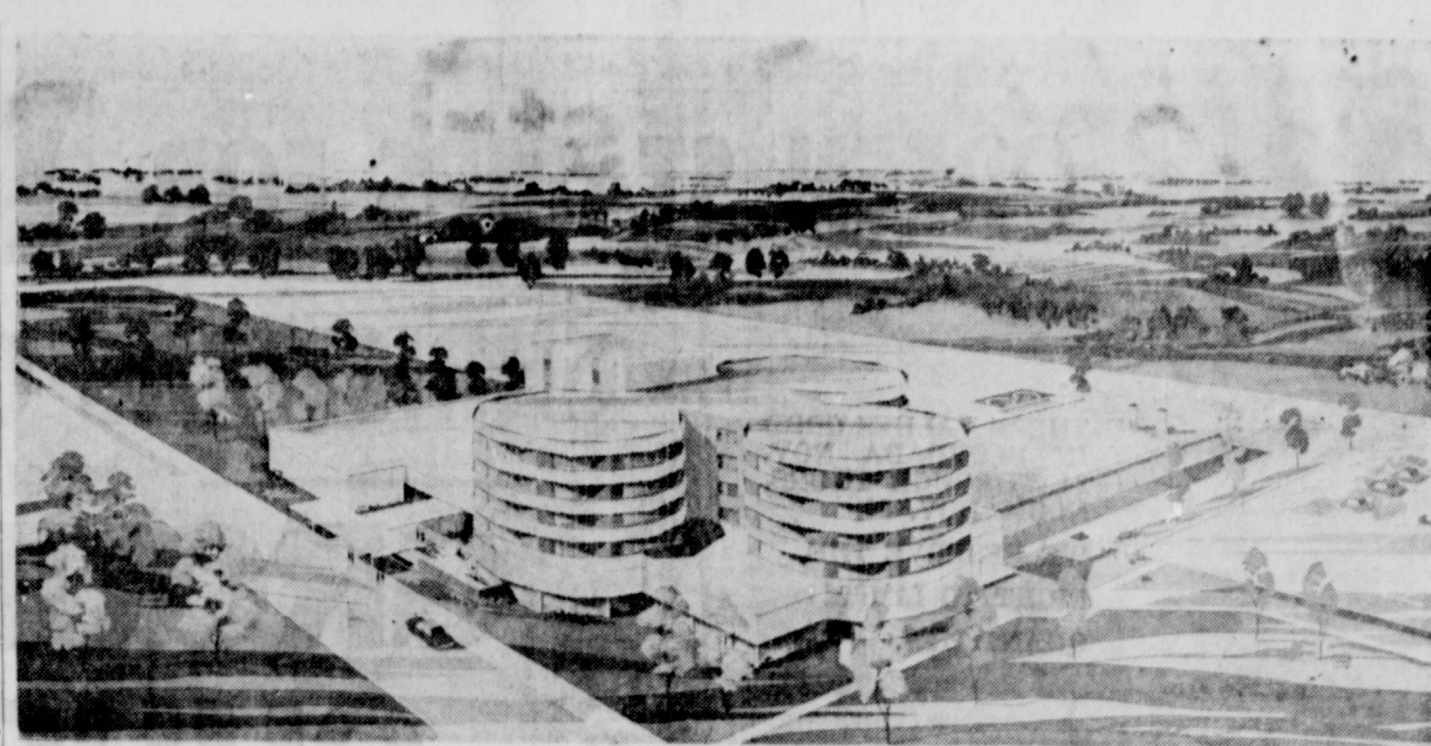

Judge Thornton Hardie of El Paso, chairman of the regents, says a test case filed by Austin attorney Sam Houston Clinton in behalf of three Negro students has been turned over to Atty. Gen. Will Wilson. In a letter to Hardie, Clinton asked the regents to integrate the facilities and escape the suit.

Regents originally planned to study further integration. Hardie refused to say whether the suit filing the suit for "the purpose of publicity and propaganda" has changed their plans.

Students and faculty have asked the regents for dormitory integration through campus polls. Integration in athletics also has been at issue. The regents chairman says they do not want to do anything that would disturb the "excellent relations" U.T. has had with other members of the South West Athletic Conference.

**TEXTBOOKS ADOPTED**—Three "Texans for America," J. Everts Haley of Canyon, Dr. Don I. Riddle of Paris and Mrs. Joan Slay of Fort Worth, appeared before the State Board of Education this week to protect acceptance of several textbooks.

Organization had previously notified the Board of objections to 25 books on the State Textbooks Committee's recommended list. They spoke out strongly against two history texts, linking the authors to subversive organizations and charging the publisher of one with cooperating with a "known subversive" in the publication of

**NEW HOSPITAL CONCEPT**—No patient's room will be more than a half-dozen steps from a nursing station in the new Scott and White Memorial Hospital and Clinic to be built in Temple. Ground will be broken Dec. 2 by Vice President Lyndon B. Johnson on the \$8 million structure. Patient rooms are in tiers around central nursing stations, and the central part of the building itself houses clinic facilities such as X-ray. First floor will house consultation and examination rooms. Later, additional medical education buildings will be erected on the 300-acre campus.

a World War II booklet, "The Land of the Soviets."

After a three-hour discussion between the "Texans for America" and board members, and statements from publishers denying the charges, Board of Education voted to adopt all looks on the committee's list, except four geography books which Commissioner J. W. Edgar asked them to delete.

The Board of Education also adopted a regulation setting 18 semester hours of education courses as the minimum required for a teaching certificate in Texas.

**WATER TALKS**—Leaders in water conservation work have been in conferences with the State Board of Water Engineers on the ambitious project of U. S. Study Commission—Texas.

Commission, created by Congress, contains representatives of all the Federal water and soil conservation agencies, plus a representative from each of the eight river basins covered by the study. George H. Brown of Houston is chairman of the Commission.

Comments of the 17 state agencies will be relayed to Gov. Price Daniel, who will add his own comments to the report. The Commission will then meet again to prepare a final report and forward to President John F. Kennedy for transmittal to Congress.

In all, the report suggests that nearly \$4,000,000,000 worth of dams and canals will be needed by the year 2010. Most of the work is for water supplies, which are not federally-financed.

Chief Engineer John Vandertulip of the State Board of Water Engineers has estimated that in the next 20 years, cities and industries will have to spend \$1,000,000,000 for their share of water facilities.

## So. Plains News

By Mrs. Murray Julian

**SOUTH PLAINS, Nov. 20**—Thanksgiving week finds nearly all the cotton here still in the wet fields, and since the over an inch mixture of sleet and rain last week, all harvesting of maize and cotton has been halted. This Sunday is gray and cold, and the early morning frost looked like snow on the ground. The temperature has been in the twenties several times the past week.

Friday night practically everyone in our community bundled up in all the warm clothing he possessed, took his heating pad, and went up to the Canyon stadium to see the gallant Floydada Whirlwind team meet the Dalhart Wolves. In the freezing sleet and wet, muddy field they were overcome but they went down fighting. Our band also shivered in the freezing weather at half time activities. It was an exciting night for everyone.

We extend our sympathy to Leighton Teeple and his family at the loss of his mother, Mrs. Nellie May Teeple, 79 years old who passed away early Tuesday morning in Floydada. Services were read at the Cumberland Presbyterian Church in Floydada Wednesday afternoon at 3. Mrs. Teeple had been in bad health for some time. Most of our people here attended the services and went to the Floydada Cemetery with the family.

Mr. and Mrs. Tillman Powell have been at home over the week end with their two small daughters who have the chicken pox.

Mr. and Mrs. Early Pritchett and Stevie went to Pampa to stay from Tuesday to Thursday with their children, the Robt. O. Turner family.

Congratulations to Mr. and Mrs. Elmo Fortenberry at the birth of a second daughter, born in Lockney, November 15, Wednesday morning at 5:40, weighing six pounds, twelve ounces and named Patricia Ray. She has an older sister Rhonda Gail who was 3, Oct. 9. Grandparents here are Mr. and Mrs. Fred Fortenberry and in Lockney Mr. and Mrs. Lewis Harston.

We congratulate Mr. and Mrs. Richard Sanders on the birth of their second daughter, Barbara Renee, who was born Sunday morning at the Plainview Hospital. The Richard Sanders live on the Silverton highway here, near his parents, Mr. and Mrs. Otho Sanders. Best wishes to all of them, and to the other grandparents, Mr. and Mrs. Pete Brisham of Plainview. Great grandparents are Mrs. C. E. Barlett and Mr. and Mrs. W. M. Sanders of Floydada.

If the weather is still wet, the Robert Reeves and children will go to Memphis for Thanksgiving Day with his folks, the Sim Reeves. The Ted Bells of Floydada also plan to go for the holiday.

The South Plains school will be dismissed Wednesday afternoon for the Thanksgiving holidays and will resume the following Monday morning, Nov. 27.

Hansel Sanders and Elmo Reeves left Thursday for Sweetwater to spend the week end there in the company of relatives on a hunting trip.

Miss Yvonne Karr spent the week end in Plainview with Miss Judy Doggett at Wayland and with her brother, Elton, enjoying homecoming festivities Friday and Saturday.

Mr. and Mrs. Frank McClure arrived home Saturday night from Grand Prairie, where they spent the past week. They have hopes to have their son, the Donald McClures and four children of Houston and their daughter, Mrs. Jean McClure and three children of Crosbyton, here with them for the Thanksgiving holidays.

Mr. and Mrs. Chester Hidalgo took their son, Leroy to the Lockney Hospital Monday night at 2 a.m. with what they feared was appendicitis, but he was able to come home the next day. This Saturday night Mrs. Hidalgo and Ernest Smitherman took Mike to the hospital with the flu, and today Casey was taken there with the flu. They are all at home now.

Young Folks of the Baptist Church met Sunday afternoon for Fellowship with Dwight Martin, Youth Director of College Heights Baptist Church in Plainview, as speaker. Mrs. Bryan Karr and Mrs. S. D. Kinnibrough served refreshments of sandwiches, cake and punch to Gene Johnson, Youth Director, Dwight Martin, Judy Jarrett, of Wayland, Marilyn Kinnibrough, Bruce Julian Bud Higginbotham, Allan and Larry Adams, Nathan and Katherine Mulder, J.
