CHRISTMAS TURKEY. There are wild turkeys in the country again, thanks to the State Wildlife Commission and the cooperating farm and ranch owners. Proof that wild turkeys are beginning to get plentiful is afforded by this picture of a big gobbler held by T. J. Cardinal of Floydada, who bagged the fowl last mid-week on Dutchman Creek in Motley County, with the permission of the ranch owner, Curtis Martin. (Staff photo).

Wester Makes Xmas Mailing Suggestions

Postmaster Edward H. Wester this week made suggestions for Christmas mailing that he anticipates will simplify rules for patrons and add to the smooth flow of the mails as the holiday approaches. His statement in full is as follows:

If you wish to help your Mailman, "Mail Early and Often", each day.

Unsealed greeting cards without writing other than your name, may be mailed for 3 cents, but they cannot be forwarded or returned to you if undeliverable as addressed.

Those bearing the letter rate of postage, 4 cents, can be forwarded or returned if undeliverable, provided they bear your return address.

All sealed cards and those containing writing must bear the letter rate of postage. Greeting cards to Canada and Mexico require 4 cents postage whether sealed or unsealed. Consult the Post Office for rates to other countries.

Christmas packages should be mailed next week, before December 16, to be assured of delivery. The department does not plan any deliveries on Sunday, December 23, unless sent by special delivery.

If you are expecting packages, they will be delivered in Floydada the day they come in. Please do not call the office to see if it is here, unless you desire to pay a special delivery fee for the service.

Packages are numerous at this time of the year and the clerk in charge is employed by the hour and is paid by taxpayers and his time needs to be conserved by serving all and not one individual need.

Our aim is to give the very best postal service we can. We strive to live up to the time honored tradition of "Service with a Smile".

Great Books Set Is Given County Library

A complete set of the Great Books of the Western World, published by Encyclopedia Britannica, now graces the shelves of the Floyd County Library, it was announced this week by Mrs. Alva T. Hull, county librarian.

This set of 54 volumes is the gift of Mr. and Mrs. R. Fred Brown of Floydada. It represents an investment of almost \$400, which the library board had wanted to make but hesitated because of the high cost.

Included with the set is the Syntopticon, which is a reference work and does for the Great Books what the dictionary does for words and the encyclopedia does in the field of facts.

The set encompasses 443 works by more than 70 authors. The collection contains whole works, not excerpts, and for 21 of the authors all of their known writing.

It is considered a distinct and unique acquisition for the library, Mrs. Hull enthusiastically reported.

CLARENCE GINN VERY ILL

Clarence Ginn, for many years a resident of Cedar Hill Community in Floyd County, lies gravely ill in Methodist Hospital, Lubbock, this week.

Yesterday relatives had given up hope of his recovery. Mr. Ginn suffered a heart attack about one month ago and has failed to rally.

MRS. JAMES HARTLINE
Miss Addie Adkins

Adkins-Hartline Vows Taken In Church Chapel

The Chapel of the First Methodist Church of Floydada was the setting for the Sunday, December 3, wedding of Miss Addie Adkins and James Hartline, both of Floydada, with only the immediate family and a few friends present.

The bride is the daughter of Mrs. Wanda Terry, of Floydada, and parents of the groom are Mr. and Mrs. W. L. Hartline, also of Floydada.

Rev. R. C. Hodges, of Plainview, officiated at the double-ring service. For the recitation of vows the couple stood before a large centerpiece of white mums. Gold brass candelabras furnished illumination for the candlelight service.

Traditional wedding music was provided by Miss Lana Davis, organist, and Miss Janet Boren, vocalist, who sang "Because". Preceding the service Wayne Adams, of Floydada, lit the candles.

The bride wore a dress of beige lace over a taffeta skirt fashioned with three-quarter length sleeves and a sweetheart neckline. Her veil was of candle-glow illusion over a brown rose tiara. In her hand she carried a white orchid atop a white Bible covered in lace with satin streamers.

Mrs. Allan Gross, of Petersburg, sister of the bride, served as matron of honor. She was attired in a pink wool dress and carried a white bouquet of gardenias and roses.

W. S. Hartline, of El Paso, served as best man for his brother.

Reception Held
A reception was held at the home of the bride's mother, Mrs. Wanda Terry. Guests and relatives were served from a white Irish linen cutwork cloth centered with an arrangement of white mums in a crystal bowl and white candles in crystal holders.

The wedding cake was a double ring cake topped with white wedding bells and pink roses.

The punch was served by Darlene Johnson, and Mrs. Mike Carver, of Lubbock, cut the cake. Mrs. Wayne Adams, of Floydada, registered the guests.

For the wedding trip to El Paso Mrs. Hartline chose a winter white suit with pink accessories and white orchid corsage.

On their return the couple will establish residence in Floydada. Mr. Hartline is employed by Floyd Tractor and Supply.

California Walnut Chocolate Cookies

Perfect cooking teammates are fresh-tasting California walnuts and semi-sweet chocolate morsels. Chocolate and walnuts make an ideal combination of flavors and especially in easy-to-do cookies that are both chocolate flavored, and filled with whole chocolate morsels and crunchy walnuts baked right in. These cookies are real treats in lunchboxes or as dessert with fruit or ice cream. The recipe makes four dozen. You'll find plenty of California walnuts available in-the-shell in cellophane bags, or already shelled in convenient vacuum cans or clear bags.

California Walnut Chocolate Cookies
1 6-ounce package semi-sweet chocolate morsels
1/2 cup shortening
1 cup granulated sugar
1 teaspoon vanilla
1 egg, unbeaten
2 tablespoons milk

1 1/2 cups sifted all-purpose flour
1 teaspoon baking powder
1 teaspoon salt
3/4 cup coarsely chopped California walnuts

Melt 1/2 cup (1/2 package) chocolate morsels over hot (not boiling) water. Cream shortening, sugar, and vanilla together until fluffy. Blend in melted chocolate and egg, beating well. Stir in milk. Resift flour with baking powder and salt. Blend dry ingredients into creamed mixture. Stir in remaining 1/2 cup morsels and walnuts. Drop by teaspoonfuls about two inches apart, onto ungreased cookie sheet. Bake at 350 degrees about 15 minutes. Cool on wire rack. Makes about four dozen cookies.

Farm Land Loans
These additional accessories in-
clude a few trolling lures, a line
several gut leaders, pork rind,
and sinkers. The line should be
strong. Non-twist cotton, silk,
or nylon lines are particularly good
as they resist snarling from the
twirling motion that trolling gives
to lures.
Your sporting goods dealer can
tell you just what kind and
weightiest of line to use in your
particular case.
Lures can be spoons, wigglers
or bucktailed hardware of any
sort that attracts attention. Be
sure that your line and leader
are strong, for you are bound
to hang up now and then on logs
or brush, especially when your
lure runs deep.
Should you own no rod and
reel, buy a cheap set. This is
an exception to the general rule.
Any casting outfit can be used
in trolling. A stiff rod is, in
this case, preferred.
As for the most effective troll-
ing bait, there is none. Lures
depend on the particular time
and location.
Try each of the ones mentioned
above. If none of them work
then hook on an extra bucktail,
or bacon rind. Even red flannel
is often effective when attached
to a Dixie Spoon.
Spoons are the all-round troll-
ing favorite. Secret of their suc-
cess seems to be their twink-
ling brightness as they slide
through the water.
Small plugs are sometimes used
both surface and deep-running.
Blacks are more likely to take
these. If you are after whites
stick some sort of rigged-up
spoon.
Most trollers carry a good sup-
ply of all the lures mentioned,
to be ready for any eventuality.
And oh yes! Be sure you have
a long, strong stringer on hand.
You will probably need it.
Usually, when black bass strike
at trolling lures it's the bait pas-
ses weed beds, logs, etc. Whites
are different. They run in schools,
whereas blacks are found singly
or in small groups.
Trolling, whether for whites or
blacks, takes a degree of know-
how and skill. Don't just get into
your boat, fling your line in the
water and zip up and down the
lake, with your lure bouncing a-
round on the surface far behind
like a skipping pebble.
Instead, first determine which
of the two fish you aim to
catch, then study the shore line
Snap on the best bait for the
fish you have chosen, and work
the weed beds, now and then
dragging your bait near land pro-
moterities and coves.
Cut the motor down to one or
two miles an hour and play your
line out. Let it drop a good dis-
tance back, then bring it to with-
in ten or fifteen feet of the boat.
Motor noise doesn't seem to
frighten bass. Often they follow
the whirling propeller. In fact,
large blacks have been known to
attack an outboard's spinning
blades, apparently in anger.
Most trollers report their big-
gest catches when their lures are
as close as fifteen feet behind
the boat.
If you have poor success near
the surface, try letting your
spoon, or plug sink deeper. Ad-
mittedly, this increases the dan-
ger of your lure snagging on
submerged objects. But it also
brings surprising results, not only
in the size and number of fish
caught, but in the variety.
Channel catfish of two or three
pounds have been hooked with
spoons and small, deep-running
lures. Big channel cat put up a
terrifically exciting battle, and
will give you plenty to talk a-
bout later.
Once you catch a channel cat,
make a half-dozen passes over
the same area. Usually cats run
in schools of from several to a
dozen or more and you may
catch others near the same spot.
White bass also run in schools,
but white bass are taken in a
different manner.
Usually the troller can see the
white bass school working the
surface. So look for agitated wa-
ter. This water agitation is caused
by shad trying to escape the
feeding whites.
On large lakes, often you can
locate feeding schools by watch-
ing for flocks of seagulls soaring
over the water and diving for
shad. Actually the gulls are
feeding on shad the whites have
crippled.
When you spot such a school,
run your boat back and forth
dragging your spoon again and
again through the school.
If the fish are really striking
you will find you have hit a bo-
nanza. Often a lucky troller will
get dozens of strikes in as many
minutes in a hundred foot area,
and sometimes can fill his string-
er then and there with two and

Light Refresher For Late Evening

Guest, or family, will enjoy this Banana Orange Mold after cards, television, or an evening's visiting. The combination of fruit flavors, molded attractively in lime flavor gelatin is light and refreshing... just perfect as a late evening dessert or salad. Of course, it's always suitable for luncheon or afternoon refreshments. Note: If your kitchen doesn't boast a one-quart mold, use a loaf pan or metal mixing bowl... or just spoon it into dessert dishes; it's delicious and pretty that way, too.

Banana Orange Mold
1 regular size package (3 ounces) lime flavor gelatin
1 cup boiling water
Dissolve gelatin in boiling water. Add cold water. Chill until slightly thickened. Fold in fruit. Pour into a one-quart mold. Chill until firm. Unmold and garnish with watercrest. Serve with whipped cream dressing, or sweetened whipped cream, if desired. Makes 5 servings.

1 cup cold water
1/2 cup orange sections, free of membrane
1 banana, sliced

Try trolling next time you have an urge to wet a line. It's great!
Maybe the original expression was not strictly accurate—but everyone knew what was meant, and that's the main purpose of method almost exclusively, and language.

The holiday mood runs all through the newest lines of men's sports and leisure wear this Christmas season.
No man can resist that mood when he unwraps his packages and finds it so dazzlingly expressed in a fun-inviting sports shirt, corduroy jacket and slacks set, lounging pajamas with complementing bathrobe, princely slippers or a hst of other handsome things to wear.
The same lift will come from a new ski-wear outfit, hunting jacket, suburban coat—all perfect for him if he's winter-sports-minded. Or if he's headed South for a tropical midwinter vacation, he will be happy still with a cabana swim set, beach robe, sandals, cool slacks and sports shirts sports socks and the like.
Men's fashion designers have gone all out to cater to the man who likes to offset his hardworking business hours with fun and relaxation.
Casual-wear, styles for action and for free-time—they all add up to improving the extra hours and days.
Among new-trend gift suggestions for the holiday-minded man are these:
Outerwear coats, extra long this season, with knitted or fur-trimmed shawl collars, in favored grays when made of wool, or natural shades in cotton and blends.
Button-front sports shirts, with regular spread collars or button-downs, in burnished tones of gold and olive, in solid colors or neatly

patterned effects.
Sweaters - an overwhelming selection to choose from, including four - and six - button cardigans, bulky pull-overs, Scandinavian Ski wear styles, fine wool pull-overs - in solid colors or a wide range of intricate patterns.
Indulge his leisure mood also with smart new slacks or a handsome belt. Warm sports jackets for the stay-at-home Northerner are also a must - in medium-weight wool or wool blended with man-made fibers.
A dressier flannel blazer with flannel slacks are just the thing for casual social times at a winter resort.
Warmly lined after-ski boots, water-repelent gloves or mittens, sports mufflers, ski and skating pants, wool sports socks and woolen scarves complete the wide range from which you can find just the gift with a lift he needs.
The trend to sunny area winter vacations continues to grow. Special items he'll need for his tropical sojourn will be walk shorts that come this season in pleated and Ivy models in a variety of lengths; sportswear ranging from wash-wear jackets to shirts in attractive lightweight styles; leather-light sweaters, cool slacks and colorful swim and beach sets.
ALWAYS RIGHT FOR MAN'S GIFT
Keyed to helping a man appear his best is the new gift package idea... attractively wrapped combinations of accessories, in matching colors and patterns.
These gift combinations boast great eye-appeal for Dad or Junior, and... they're practical, too. They save a shopper time and the man or boy receiving them can be sure that the colors and patterns are properly coordi-

Big FHS Invitational Tourney Slated To Begin On Thursday

The big Floydada invitational tournament will start next Thursday, December 14 and run through Dec. 16. Boys teams entered are Floydada, Matador, Bovina, Olton, Monterey B, Childress, Hale Center, and Dimmitt.

The Floydada teams will open against Matador on Thursday afternoon.

Entered At Plainview

Meanwhile the Floydada Whirlwinds boys basketball team of Coach Bob Shields will be busy this week-end in a big 12 team invitational tournament at Plainview. The Whirlwinds drew the tough host Plainview Bulldogs in the first round match set for tonight at 8:30 in the Plainview high gym.

FOOTBALL

(Continued from page 1)

team roster of 19. Six of these were seniors and five of those seniors were starters, including the main cogs of the team. Olton will have trouble improving on their 1962 performance.

Dimmitt's Bobcats are always tough and they represent a good football town. This year they listed 29 team members. Fourteen were seniors and six of those seniors were starters. With a good program, however, the Bobcats will be tough again when they take the field.

Big Town, Lots of Boys

A new face on the intersection schedule will be the Childress Bobcats. Childress is a big town with a lot of boys. They gave the Whirlwinds some lasting memories at their last meeting in a regional game back in 1960 when the Bobcats upset a highly favored Floydada team to the tune of 32-0.

This year Childress pushed a good Quannah Indian team that is still in the state play-offs. Childress did bow to Quannah, but they are rolling again and may not bow to anyone next fall if their program improves as much in 1962 as it did in '61.

So the 1962 football season shapes up like an interesting one and will be hard to wait for. A lot of green and white fans are already talking about experience tackles, ends, guards and fast coming reserve backs who will be joined by some big spirited freshmen who say none of the positions are nailed down. "Wait 'till next year - we'll show 'em."

Take Three From Spur

Tuesday night the Whirlwind cage teams swept a triple header from Spur. Starting the action the B team boys downed the visitors 32-28. James Gougherty, Don Rainer, Lon Miller and Ronnie Tucker each hit eight points to lead the locals in scoring. Hahn was high for Spur with 11.

In the girls game Floydada led all the way after the opening moments. At the close of each quarter the scoreboard read 14-5, 23-8, 41-11, 57-16.

Jan Alexander canned 21 points and Carolyn Moore made 11 to lead Floydada forwards.

Joy Nixon was leading guard in holding the visitors to the short score. Joy pulled down 14 rebounds to keep her team in possession of the ball during most of the game.

Rounding out the big night of play the boys team had to come from behind to down the fighting Spur team 56-41. By quarters it was 5-11; 25-21; 44-31; 56-41. Rodney Teague led in the scoring with 19 points and Darryl Lindsey was close behind with 14. Richard Walker had 14 for Spur.

The Floydada girls have now won four straight games without a loss on their record. The boys are 3-1, having gone down on a cold shooting night in Slaton a team that Spur has defeated.

Cheer Leaders Cotton Vote Host Football Boys At Feed

Football boys, cheer leaders and their dates along with the coaches and some of the faculty members were on hand Saturday night for the annual football banquet. The high school cafeteria was beautifully decorated for the occasion. The theme was "Whirlwinds - Champions of District 2AA."

Superintendent I. T. Graves brought the invocation and a toast to the Whirlwinds was given by Kenneth Rimmer.

The banquet supper featured glazed ham, fresh corn, green beans, rainbow salad, hot rolls, tea, coffee and Dutch Apple Pie. Coach Charles Tyer announced the football sweetheart for 1961. The girl elected to this honor by team members was Kit Zimmerman. The sweetheart was crowned with a football helmet and presented with lovely flowers and gifts from the team.

Coach Bill Curry paid tribute to the senior members of the team and Coach Tyer followed with praise for all the Whirlwinds. Bill Daniel was recognized as the "fighting Whirlwind" in football and a trophy will be placed in the case bearing this inscription: "Cherise Christian, one of the team tri-captains presented the championship trophy to Superintendent Graves who accepted it for the school with thanks to the team."

Praise For Cheer Leaders

Coach Bob Shields brought words of praise to the cheerleaders, Kay Asher, Linda Lutrick, Jan Alexander, Kit Zimmerman and Sue Wilson.

Rodney Teague and Max Campbell brought a tribute to the coaches and were joined by Christian as the three captains then presented gifts from the team to the four football coaches.

Coach Tyer announced the results of the election of captains for 1962 and named Darryl Lindsey and Bruce Julian as those chosen by the team to lead them. Those present sang the school song as the program came to a close.

Entertainment during the banquet was furnished by piano music brought by Bill Bledsoe and Lajuana Rimmer and songs by Ricky Holland.

When the banquet was over the tables were cleared away and those desiring to do so stayed to dance.

Voting places will open at 8 o'clock a.m., and close at 6 o'clock p. m.

Cotton allotments for the county the coming season have been set at a total of 102,450 acres.

Train Cuts ICX Van In 2 Parts On St. Crossing

A Santa Fe freight engine moving a string of 30 more cars Tuesday night at 7:30 struck an ICX highly loaded van at the intersection of Houston Street and the interchange railway track on 11th Street and cut the van in two, but no one was injured.

Driver of the van said his attention was distracted and he did not see the train until it was almost on him, a witness said. The train was moving slowly with flares out and was whistling for the crossing.

Local officials called the highway patrol and turned the investigation over to them, and did not have the name of the driver, who, they said, was given a ticket by the patrol.

ICX maintenance workers were here yesterday shaping up the trailer to be removed. Apparently the truck pulling the van was not damaged.

W. Boone Hall of Plainview qualified as a Certified Texas Assessor recently. He successfully passed a written examination given by the board of directors of the Institute of Certified Texas Assessors. Hall is deputy assessor-collector for Hale County.

Free Vacation in Texas

Texas is praised throughout the nation as one of the most ideal vacation lands.

Most vacationers, in praising Texas, have in mind the good highways, healthy climate, modern accommodations, friendly people and inexpensive cost of living - rather, cost of playing point.

Many of the vacationing tourists also praise Texas laws that allow them to fish for just \$2.15 per year, at the same rate as native Texans. Texas is unique in this respect as most states penalize tourists with excessive fishing license charges.

Some ingenious tourist have learned how to make Texas "ideal vacationland" into a "free vacationland." They simply pay an extra 85 cents for a commercial fishing license and then sell their catches to pay for their stay in Texas.

All this time they get to do exactly what they want - fish in some of the most productive fishing waters in the nation.

MRS. LYDIA KELLEY BACK HOME RECOVERING FROM CHILDRESS ACCIDENT

Mrs. Lydia Kelley is back in Floydada and staying with her sister Mrs. Kenneth Rimmer, following some six weeks in Childress. Mrs. Kelley had gone to Childress in mid-October for a week-end visit when she fell, breaking her hip.

After undergoing surgery and being hospitalized for some three weeks she was moved to the home of a sister in Childress and remained there until last week.

Back in Floydada now she is getting around on crutches and may be required to use them for several months.

FIRE DEPARTMENT CALLED TO TWO SMALL FIRS

Floydada Fire Department answered two fire calls yesterday, one about 11 o'clock at Wylie Butane Co., and another about noon hour at Farmers Cooperative Gin.

The Wylie Butane fire was in the engine of a butane truck, where unestimated considerable damage was done. The gin fire was in a trailer of seed cotton, damage also not estimated by the department.

Idea For Seal Sales Born In Denmark, 1903

Ask the "man on the street" who originated Christmas Seals and his answer will probably be "The National Tuberculosis Association."

It's true that the first seals sold in this country were for the purpose of raising money to help stamp out tuberculosis - however this occurred four years and thousands of miles away from the point of origin.

The idea of seals for use in charity fund raising was conceived by a postal clerk in Denmark in 1903.

Elnar Holboel mentioned his plan to his fellow workers who began to help him with enthusiasm.

The idea reached King Christian, who approved, and the image of the Danish Queen Louise appeared on the first seals in 1904.

Jacob Riis, Danish-born American, saw these seals on letters and packages arriving to this country from Denmark.

In 1907, a magazine article, which Riis wrote about seals, attracted the attention of a Red Cross worker, Miss Emily Bissell. She was concerned about the fate of a small sanitarium and decided to use the idea in its behalf.

The first seal in America, designed by Miss Bissell, was a wreath of holy encircling the words "Merry Christmas."

She promptly had 50,000 of them printed, but had no way of selling them. The aid of a columnist on a Philadelphia newspaper was enlisted. Within a few weeks \$3,000 was collected.

The following year, a nationwide sale was held. It was supported by publications and groups all over the country - and sponsored by the American Red Cross and the National Tuberculosis Association.

Today, thousands of dollars are raised each year by the sale of this one seal. Dozens of other groups, too, have taken up the idea and many kinds of vital charity work are now aided by the sale of seals.

Mr. and Mrs. L. H. Dorrell Have Been Married 50 Years

Mr. and Mrs. L. H. Dorrell, of Floydada and Port Aransas Texas, will have been married 50 years on Thursday of next week Dec. 14.

And although distance and circumstance will prevent the event being observed with their children and grandchildren around them on their anniversary, the family does hope to get together at Christmas for a brief reunion.

Mr. and Mrs. Dorrell have been spending their winters at Port Aransas for 15 years. Climate here is too severe for them during the winter months and they hesitate to return to their Floydada home to observe their anniversary on this account.

The couple were married at the Methodist Parsonage 202 North Main St., in Floydada, with Rev. Geo. W. Shearer, pastor of the Floydada Congregation, officiating.

They have made Floydada their home since. They lived on the farm they still own east of Floydada four miles until 1918 when they moved to town and built a residence at 615 West Mississippi St.

Mr. Dorrell was reared in Williamson County, Mrs. Dorrell in Iowa. He moved to Floydada in 1910. She lived at Floyd, N. Mex.,

SOUND OFF

WHICH SIDE? For some reason I find it more and more difficult to believe that one political party or the other has all the answers! I'm convinced that both major parties are so concerned with electing themselves that they no longer have time to seriously consider the real problems of government. If they would quit trying to give all of our money away before we even make it and concentrate on something of worth, results might be seen. The better informed I become about what goes on in the political arena the more disgusted I am. No, I don't have all the answers either, but I would feel better if I could believe our representative government was searching for some.

SUDDEN THOUGHT — What could be more beautiful in the winter to a mother than a warm, sunny day when the children can play outside?

GIFT IDEAS — How many of you wealthy Texans dashed to the mailbox with an order to Neiman-Marcus for an ermine bathrobe (price \$8,975)? Now a matched set of airplanes (price \$176,000) would really fill the bill. "If you are a little short on dough this Christmas you might find an unlosable shoehorn (\$25) or a portable cocktail party seat (\$16.95) more to your liking! Oh brother!

OGDEN NASH — Is there anyone with more delightful verse than Ogden Nash? Here is one from his Nutcracker Suite Narrative.

LIPSTICK LOGIC

One of life's unexpected little dividends comes our way each December. Because of its timing, we think of it as a Christmas gift. It is a handsome booklet quoting assets and expenditures of a large oil company, and containing a word-for-word report of the Annual Stockholders' Meeting. On beautiful book paper, it is a printer's dream—generous illustration, nice type attractive makeup. But the content... that's what we enjoy. We never owned a dime's worth of stock in any company, and we're on this mailing list quite by chance. But the report first appeared in our mail box about the time the Broadway comedy "The Solid Gold Cadillac" was popular so we scanned it with casual interest. We have read succeeding copies with avid excitement. For there, accurately reported, are the words of the "little shareholders," the Mrs. Partridges of real life who take their ten shares seriously and want to help run the company. "How many dry wells did we drill last year?" "How much? did we lose in Cuba? What tax benefit did we get out of it?" "Instead of contributions to charity give scholarships to the gifted sons and daughters of our employees? Have you ever considered this?"

Sandwiched in between such questions—and some more personal to one of the executives—are the impersonally polite and informative answers of the Board. It is easy to see that these annual sessions put the officials on their toes. With nothing at stake ourselves, we shift sympathies lightly from the Big-Gun-on-the-Spot to the Little-Guy-Who-Wants-to-Know.

Viewed from the sidelines, this study in human psychology makes terrific holiday reading. It's always our earliest Christmas gift!

SUDDEN THOUGHT — When I hear people comment that there will be no nuclear warfare because the weapon is so horrible, I think back to something I learned in high school history. After gun powder was invented there were many who thought there would be no war because this was such a terrible weapon I am not a pessimist but neither am I an optimist. I believe most Americans are in between those extremes. We must not panic but we should not be unconcerned. Too many of us intentionally close our ears and eyes to the seriousness of events around the world.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

TEXAS PRESS ASSOCIATION

AUSTIN — More than 600 "Texans for Tourists" attended Governor Daniel's conference on Tourism.

They took a long look at sources and resources that can be used to promote national advertising of the state's visitable virtues.

While here, they decided to set up a non-profit organization called the Texas Tourist Council. Tentatively scheduled was an organizational meeting for January 10, "or during the next session of the Legislature."

Texas Tourist Council will seek the reverse effect of another group who tried to exploit the state—the carpet-baggers. It was the influence of the latter that caused the Legislature to prohibit the use of state funds for advertising Texas' attractions at years ago.

Governor Daniel said, "Now the march of time has come full circle. . . we find ourselves engaged in a vigorous economic competition which might be called, in a friendly way, another 'war between the states'."

He referred to the battle for tourists—third largest industry in the nation; the 13th in Texas.

Texas Tourist Council will seek \$300,000 a year from the Legislature, for advertising tourist attractions. Texas law now requires that state funds be matched by business and industry. So some system of financial subscription will have to be devised.

BANKERS ASKED FOR IDEAS—Governor Daniel sent a letter to the Texas Bankers Association asking the bankers to pre-

Spears Small Engine Service

sent a proposal for protecting the rights of bank depositors. He recommended that newspaper ads be published by the banks to locate owners (or heirs) of accounts inactive for more than seven years.

Governor Daniel added that proper notice to the state of an escheatable property would be "an incidental result of this protection."

He said the subject will be submitted very soon to a special session of the Legislature and asked the TBA to present its own proposal before December 20.

"The reason for the urgency is the known fact that a sizeable number of national banks are transferring these dormant deposits to the profits of the banks without advertising for the lost owners," he wrote.

"I believe most Texas bankers will agree that this is a practice which should be stopped for the protection of the good name of the banking profession in Texas as well as for the protection of the rights of missing owners and the rights of the State if no owners exist."

WILSON ANNOUNCES — Attorney General Will Wilson has announced as a candidate for governor.

The 49-year-old Dallas native said he has remained loyal to his party, but is "an independent Democrat who wears no man's collar and is not a captive candidate of any faction or interest group."

SHIVERS IN THE NEWS — There's considerable talk in Austin about the possibility of Former Gov. Allan Shivers running again.

This surprised some since Shivers backed Jack Cox in 1960 and Cox is the Republican candidate. Rumor started with Shivers' statement that "if I get involved in politics at all next year it will be as a candidate."

HEALTH AND WELFARE COORDINATION — Speaker James A. Turman announced appointment of an advisory committee composed of Representatives George Richardson of Fort Worth, Ohio Jones of Austin and Jim Markgraf of Scurry, to help the Texas Legislative Council study coordination of state health and welfare agencies.

Study was requested by the 57th Legislature in view of the fact that 90 per cent of every state dollar expended is for highways, education, public health and welfare.

All but the health and welfare agencies are centrally coordinated.

Briscoe Girl Named Winner At National

CHICAGO — A Briscoe county teenager, Carolyn Garrison, has been named a national winner in the 4-H garden awards program, and the recipient of a \$400 college scholarship. The scholarship was presented to Carolyn by the Farm Equipment Division, Allis Chalmers Manufacturing Company during the 40th National 4-H Club Congress in Chicago.

Eighteen year old Carolyn is the daughter of Mr. and Mrs. Pascal Garrison of Silverton. A member of 4-H for seven years, she lives with her parents on an 850 acre farm.

During each of the seven years that Carolyn has maintained a garden, she has been able to show a profit ranging from \$20.00 to \$125.00. She got her start in gardening by borrowing the money from her parents to purchase seed and garden tools. She was able to erase her financial obligation after the first year, and since that time has not only provided her family with produce needs, but also managed to show a profit for her labors.

To reward her further for her efforts, she has been named county garden winner six times and district winner on three occasions. In 1959, Carolyn and her demonstration partner entered the vegetable production and marketing team demonstration and won both the county and district contests and a trip to the State 4-H Round-Up. For the past two years she has organized and led a county garden tour.

Carolyn's work in this program was conducted by the Cooperative Extension Service.

Center News

By Mrs. J. E. Green

CENTER, December 4 — Most of last week was good harvesting weather for cotton and feed. Saturday we observed some 200 or more bales waiting to be ginned at one gin alone, not to mention all the others. And most grain is already in, we understand. What a blessing a bountiful crop can be. Sunday was a pleasant day and church was good for all who were not kept away on account of colds and flu. Sunday evening it was decided to have a Christmas program at the church on Christmas eve.

Today is first Monday. Most of our people are in town.

Mr. and Mrs. R. C. Ross have both been kept inside for the last week with flu.

Mrs. Grady McAda, of Amarillo, is spending over the weekend with her parents, Mr. and Mrs. H. B. Mankins. Sunday they all dined in Lubbock in the home of Mr. Mankin's sister-in-law, Mrs. E. R. Mankins. Nieces and nephews called in the afternoon.

Mr. and Mrs. J. A. Jackson and daughter, Judy, of Paducah, vis-

ited over the weekend with his mother, Mrs. W. M. Jackson. Mrs. Anthony Latta and Carol visited the J. E. Greens awhile last Monday.

Mrs. R. H. Ashton visited Mrs. Green Friday afternoon. Mrs. Cecil Pope dropped in one afternoon last week and Mrs. Attebury called.

Mrs. F. M. Price, on the Silverton Highway, is home again after a visit to Reswell with a daughter and granddaughter and family.

Mr. and Mrs. Frank Dunn visited the J. D. Welborns Wednesday evening.

The J. E. Greens visited the D. I. Holdings Friday evening. Saturday evening they were at Mrs. Charley Batteys. Other present were Mr. and Mrs. Fred Battey and Mrs. Joe Evers and Mrs. Old Warren. The game of the evening was 84.

Mr. and Mrs. O. C. Vinson are entertaining the 84 Club this Monday evening. To be present are the Starks Greens, the Oliver Allens and the Burt Huckabees.

Brother and Mrs. R. C. Hodges, of Plainview, called at the J. E. Greens Sunday afternoon. It is always a joy to have pastors or former pastors at Center call at this home.

The Hodges were in town to attend the pretty wedding of Jim My Hartline and Addie Adkins performed in the Chapel of the Methodist Church. Brother Hodges "tied the knot". Congratulations to this nice young couple.

Let us not forget the Golden Wedding Anniversary celebration next Sunday at the Colonial House for Mr. and Mrs. O. C. Vinson. No doubt you saw the picture of this good looking couple in the paper last week. They have already had long distance telephone congratulations from a niece in Kimball, Neb., and other remembrances from other relatives who do not expect to be able to attend. All friends and relatives are invited to call between 2:30 and 5 o'clock.

Church To Observe Woman's Day

Living Of Days' Is Theme

Living of Days' is being observed at the Christian Church as the theme of the entire brotherhood observed by each...

KATHERINE SCHUTZE

From 1935 to 1940 Miss Schutze was an educational missionary in China, where she was on the faculty of the Chung Hwa Christian Girls' school in Nanking. She was in China during the early years of Japanese invasion. Miss Schutze was in the United States on furlough, however, when World War II erupted. She studied for a year at Yale Divinity School, New Haven, Conn., then became an instructor at Drake University, Des Moines, Iowa. From there she went to the staff of Hazel Green Academy, one of seven institutional missions supported by the United Society. Starting with a jeep she developed the mobile library service to rural schools. She also taught a course on the History of Christian Missions at the College of the Bible, Lexington, Ky.

Called to Women's Work

Miss Schutze became director of Yakima Indian Christian Mission at White Swan, Washington. In 1949 she was called to the program of women's work in the CWF offices in Indianapolis. Each year Miss Schutze has conducted purposeful tours to home and world mission stations. Since 1950 she has conducted 17 tours, including three around the

The United Christian Missionary Society carries on its ministries through the voluntary cooperation of the Christian Churches (Disciples of Christ), which comprise the largest American born Protestant communion.

Water, Important Resource
Water is our most important resource. Did you know that there is little change in the amount of water available throughout the years. The "water cycle" from clouds in the sky to land and ocean and back to the sky — constantly renews our supply. Nationwide, about 80 per cent comes from surface sources and 20 per cent from underground.

The use of water is causing many problems. It is estimated that 1/4 of the United States has water shortages each year.

The biggest use of water is for irrigated farming. In the United States about 34 million acres are irrigated with 70 per cent of the water coming from surface sources and 30 per cent from underground water. The average use per day for irrigation is 81 billion gallons per day. This is a tremendous amount of water.

In many areas as well as Floyd County we are pumping water out faster than it is being replenished, so it is important that we use our water wisely. Water wasted is of no value and each person should study his use and plan for more efficient operations. Water used wisely is money.

Wheat Production
The Greenbug causes more losses to wheat than any other insect. In many parts of Texas the greenbug caused much economic loss this past year.

The greenbug reproduces rapidly when temperatures are between 55 degrees and 65 degrees F. While the natural enemies do not reproduce below 65 degrees F. Cool weather in many

Floyd County Hesperian, Floydada, Tex., Thursday, Dec. 7, 1961

ny cases can cause rapid build-up in insect numbers. The best method of checking for greenbugs is to spot check your fields and anytime up to boot with 100 greenbugs found per linear foot control measures should be applied.

The only satisfactory chemical that has given control is parathion applied at 1 to 2 pints per acre. However, temperature must be above 50 degrees F for the chemical to work.

Timely control when necessary will return profits.

Junior Fat Stock Show
The dates for the Stock Show have been set for March 5, 6 and 7, 1962. Plans are underway for the annual event.

Floyd County Teen-Age Market Exceeds Million, Survey Shows

(Special to the Hesperian)

NEW YORK — How big is the teen-age market in Floyd County? How much is spent locally each year for food, clothes, beauty care, entertainment and the other needs and wants of teen-agers by them and their parents?

Based on the latest figures, it amounts to no less than \$1,290,000.

Most parents of teen-age children were unable to state just how much their particular costs are in this direction. They have never figured them out.

A guide to what they amount to at each teen-age stage is contained in surveys and studies made by the U.S. Chamber of Commerce, by the Bureau of Labor Statistics and by U.S. News and World Report.

The Older The More Costly
They show that the costs go up rapidly as children get older. It takes twice as much, for example, to support a 15-year-old as it does an infant.

The Chamber of Commerce reports that the consumption of food, milk, soft drinks, chewing gum and candy increases until it reaches a peak in the late teens.

As to clothing, the pattern is similar except that the change is most marked when the child enters into his teens.

A breakdown show that \$790 a year is required to maintain the average 13-year-old youngster

that the cost is \$855 for a 15-year-old, \$910 at age 17 and \$940 at age 19. This is without college costs for those in their late teens. At the midway point, which is at age 16½, the average annual expenditure is \$890.

On the basis of this average, the overall amount spent in Floyd County per year in behalf of the teen-age population, which the 1960 census set at 1,442, is estimated at \$1,290,000.

A Booming Market
The nation's teen-age population will be growing rapidly in the next few years, it is pointed out. Between now and 1967 there will be an additional 1,100,000 of them each year.

If Floyd County follows this national rate of increase, the number of teen-agers locally in 1967 will be 2,120.

They will make an even greater impact on the local economy than they are making today. Already, retailers are finding it worth while to cultivate this booming market.

Holiday Hints Recommended

By your City Fire Marshal B. J. Baker

(THE TREE)

Cut a growing tree or buy one that hasn't dried out from prolonged storage. (When too dry, tree branches are brittle and shed needles easily.)

Stand the tree in water or snow outdoors until you're ready to use it indoors.

Bring the tree indoors just before Christmas and take it out as soon afterwards as possible. (The larger the tree the greater the hazard, so don't get one any larger than you need.)

Just before setting up the tree saw off the trunk at an angle at least one inch above the original cut.

Place the freshly cut tree trunk in water and keep level of water above the cut the entire time the tree is indoors.

Do not use candles on the tree or nearby where there is any chance for an open flame to contact the tree or combustibles piled beneath the tree. Don't plug too many cords in to one outlet.

Check lighting set each year before using for frayed wires, loose connections, and broken sockets.

Make certain that all tree lighting is turned off before leaving the house or retiring for the night.

(DECORATIONS)

Don't let Christmas wrappings accumulate in the house, place them in your metal covered trash barrel or burn them in your incinerator as soon as possible.

Use non-combustible material (metal, glass, asbestos, etc.) to decorate the home for Christmas wherever possible. When you must use combustible materials, be sure they are "Flameproofed" particularly if they are to be anywhere near the tree.

Untreated cotton batting, paper and certain cloth costuming will ignite easily and burn with great intensity unless they're "flameproofed". Santa Claus whiskers have caused Christmas tragedies, be sure they're "flameproofed", too.

The stature of a man... or an organization... cannot be based on size alone. Many other yardsticks must be used to reveal the true worth of that man or organization. So it is with the Plainview Production Credit Association.

The association can point with justifiable pride to its ranking as the largest association of its kind in the nation, with an annual loan volume of more than \$37,000,000, with 1,700 stockholder-borrowers and with assets totaling \$23,350,000.

But the reasons behind the growth are even more important. The association has based its growth and development on a foundation of dependable, specialized credit at a low cost. Owned and operated by its borrowers, the association is dedicated to help each borrower achieve prosperity and success through dependable, sound credit service.

Size, then, is a significant reflection of service rendered to the agricultural economy of the area by the Plainview Production Credit Association in its 27-year history.

As you plan for your agricultural operation for the coming months, investigate the advantages offered by the Plainview Production Credit Association and its complete agricultural credit service.

Kitchen And Field News

By Nancy Morckel, Home Ec. columnist, Lighthouse Electric Co-operative

"There's no place like home" is a remark we often hear, and I think it is especially true during the holiday season, particularly Christmas-time. If there's a time of the year when emphasis on the home is particularly strong it is at this time.

Home becomes more than a word — it becomes the warm, friendly center of family activities — the place where folks enjoy nappy hours together. It is a time of remembering — times both sad and happy. We look forward to hearing from old friends and new. A Christmas card with just a "note" from

some old friends that maybe we haven't heard from for so long gives us such a warm glowing feeling down inside.

Modern appliances make it possible for us to make our holiday entertaining something very special. For example, our food freezer makes it possible for us to prepare our refreshments and a large part of our meals ahead of the time they are needed. This makes it possible for the homemaker to welcome her friends and enjoy her family.

The Holiday Season is Here — Let's make preparation for it, in order that it's true meaning may be felt and enjoyed by all. Delbert Smith, Power Use Advisor at Lighthouse Electric Co-op spent last week in St. Louis Mo., attending the NRECA Member Relations and Power Use Work-Shop.

Mr. and Mrs. Shorty Neff and Aubrey spent the week-end in Plainview with Mr. and Mrs. Harvey Rials.

Mr. and Mrs. Tom Hutchins and Dale, visited Saturday morning with Tom's mother, Mrs. J. H. Hutchins in Ralls.

Mr. and Mrs. Jackie Duke, Lana and Randy, spent the week-end in Odessa attending a family reunion of the Duke family at the home of Mr. and Mrs. Billy Duke. All the children were present except one sister who lives in New Mexico.

Mrs. J. F. Cantrell accompanied them to Odessa.

Mr. and Mrs. Loran Nixon and baby daughter of Borger came Thursday to the home of her parents, Mr. and Mrs. Melvin

Henry, where Pat and the baby will stay while Loran serves another "bit" in the Army. He reported for active duty on Monday of this week.

Mr. and Mrs. Gary Jones of Plainview visited Sunday with Mr. and Mrs. Ed Pollan. What prettier dessert can you find for holiday parties than our old stand-by — the fresh coconut cake — that has been so popular for so many years at Christmas time. Here is a favorite recipe for

White Cake (easy mix)
 Measure into sifter:
 2½ cups cake flour
 3 teaspoons baking powder
 1 teaspoon salt
 1 cup sugar

Measure into mixing bowl:
 2-3 cup shortening
 1½ teaspoons flavoring, finest filling cup with sweet milk.

Have ready: 5 egg whites beaten to meringue with ½ cup sugar.

(For meringue, beat egg whites until foamy; add ½ cup sugar gradually, beating only until meringue will hold up in soft peaks.)

Mix: Stir shortening just to soften. Sift in dry ingredients. Add milk and mix until all flour is dampened. Then beat 2 minutes. Add meringue mixture and beat 1 minute longer.

Bake in a moderate oven 350 degrees approximately 20 minutes or until done.

(Makes a three layer cake). Cover with Never-Fail Frosting and spread between layers and on sides and top of cake. Covering on sides, top and between layers generously with freshly grated coconut.

Never-Fail Frosting
 1 cup granulated sugar
 ½ teaspoon cream of tartar
 3 tablespoons water
 ¼ teaspoon salt
 2 unbeaten egg whites
 1 teaspoon flavoring

Let water come to the boiling point in the bottom of double boiler. Then combine all ingredients except the vanilla, or flavoring, in top part of double boiler and place top section over hot water. Beat with portable mixer, using high speed, until frosting will stand up in peaks, which will take about 3 or 4 minutes. When slightly cool spread on cake.

On Wednesday of last week a demonstration was given at the home of Mrs. W. D. Colson for the Irick Home Demonstration Club and their guests. A one-dish-dinner was served to the group at the noon hour. More than twenty attended this meeting.

A salad demonstration was given last Thursday afternoon at the home of Mrs. W. W. Kerfees. More than twenty members and guests attended this meeting.

Attended the 4-H Club Achievement Banquet at the Methodist Church on Saturday night. It was a delightful affair, indeed. We do know that our youngsters of to-day are our leaders of tomorrow. With training such as this they should be well qualified to carry on where those of experience leave off.

Our congratulations to Pat Tucker and Bob Kropp, Floyd County's Gold Star winners for 1961. It takes a lot of hard work to win this award.

Something to Think About
 Life is so brief, there really isn't time for bitterness. It is not what we have but what we enjoy that constitutes our abundance.

Our congratulations to Pat Tucker and Bob Kropp, Floyd County's Gold Star winners for 1961. It takes a lot of hard work to win this award.

SAND HILL, December 4 — Thanksgiving has come and gone and about all the cotton is still in the fields. This time last year nearly everyone was through. The few pretty days found several strippers in the fields and almost all the grain was out but we need some dry weather very badly right now.

Those elected were Beverly Jeffress president, Harold Starkey, vice president, Mary Starkey, secretary, and Janice Miller, Council Delegate. Norma Hollums and David Bloys are recreation leaders. KEYS TO UNDERSTANDING

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Job	36	5-12
Monday	Job	42	1-6
Tuesday	Matthew	6	25-34
Wednesday	I Corinthians	13	1-13
Thursday	Galatians	3	6-14
Friday	Matthew	8	5-13
Saturday	I Corinthians	2	1-10

Suppose you were given keys that would unlock the mysteries of the universe. With them, you could answer the "whys" that plague all of us. You'd know what was going to happen to you and those around you tomorrow—next month—next year.

Would you use them?

Of course, you say! Think again. And, once you've thought, you might shake your head, hand them back, and say, "No thank you."

Common sense tells us that man was not meant to understand every mystery of life. The reasons "why" remain as they are because our Creator in His wisdom thoroughly knows just how much man can both stand and understand.

God has a greater gift for you than these, or any other keys... the gift of Faith. You will find it by going to church regularly.

Fairview News

By Mrs. Clyde Bagwell
FAIRVIEW, December 4 —
Hello folks! Here I am back on
the job after an absence of two
months spent in Santa Ana, Cal
if with my mother, Mrs. C. L.
Joiner.

So many things took place
while we were away. So many
long true friends passed on in the
weeks we were gone. Dr. George
Smith, Mrs. R. I. Teeple, R. E.
Fry and our own Edith Crabtree
McClure. Edith was born and
reared in our community and
was dearly loved by us all. A
number of other long time
friends are seriously ill at this
writing. Among them are Clar-
ence Ginn and W. O. Tye. Mr.
Ginn is in a Lubbock Hospital
and Mr. Tye is in the local hos-
pital.

Other changes have taken place.
Mrs. W. B. Wilson has moved
into Floydada after living at her
ranch home in Fairview Commu-
nity since 1914. She saw many
changes take place in the commu-
nity during that time. Mrs. Wil-
son is now living at 816 W.
Grover Street where she moved
a week or ten days ago. Her new
phone number is Yukon 3-2292.
In commenting on her move to
town Mrs. Wilson said "for
several days I felt like I was
visiting but I am beginning to
feel more at home as time goes
by".

Friday and Saturday our weather
was beautiful. The sun shone
so nice and warm when we ar-
rived home Saturday from Cali-
fornia it was almost like spring.
Sunday and Monday have been
cloudy and some colder and at
this time a light sprinkle of rain
is falling.

Most of our folks either had
company for the Thanksgiving
holidays or went visiting.
Mr. and Mrs. Edell DuBois had
dinner with their son, Bill, and
family.

Mr. and Mrs. Shirley Irwin
and children and her parents,
Mr. and Mrs. R. R. Waller spent
the holidays at Odessa in the
home of Mr. and Mrs. Jake
Hines. Mrs. Hines is Mrs. Ir-
win's sister and the daughter of
Mr. and Mrs. Waller. They went
down on Wednesday and return-
ed home Friday.

Sunday, November 26, Mr. and
Mrs. Sherman Irwin and family,
of Lubbock, were dinner guests
here of Mr. and Mrs. Shirley Ir-
win.

In October Mr. and Mrs. Shir-
ley Irwin were delighted to have
Shirley's aunt, Mrs. Maggie Le-

visitors in the Walton Wilson
home for the Thanksgiving holi-
day were their children and their
families. Mr. and Mrs. Leonard
Wilson and Brenda, of New
Home. Mr. and Mrs. Jim Mal-
lard and sons, of Post and Mr.
and Mrs. Harvey Allen, of Floy-
dada. Other guests were Mr.
and Mrs. Woodrow Wilson and
Dee Ann, Mr. and Mrs. A. S.
Mize, Mrs. W. B. Wilson and Cot-
ton Wilson and Mr. and Mrs. Bill
Tye and family.

Mrs. Eugene Beedy and Mark
and Mrs. E. M. Jackson visited
in the Bill Tye home Saturday.
Among the Sunday visitors in the
Bill Tye home were their daugh-
ter and family, Mr. and Mrs.
Weldon Pruitt and son, Greg.
Mr. and Mrs. Sid Brown were
Sunday dinner guests of Mrs. E.
I. Durham.

Sunday afternoon callers in the
new town home of Mrs. W. B.
Wilson were Mr. and Mrs. Sid
Brown and Mr. and Mrs. A. S.
Mize.

Mr. and Mrs. L. F. Irwin and
children, of Lubbock, were Sun-
day night supper guests in the
Shirley Irwin home.

Mr. and Mrs. Clyde Burton,
of Floydada, enjoyed Thanksgiv-
ing dinner with Mr. and Mrs. Lee
Burton and family.

Nancy Polvadore visited Sat-
urday with Phyllis Burton.
On Sunday Mr. and Mrs. Lee
Burton and family visited at
South Plains with her father, J.
T. Myrick.

Mr. and Mrs. Walton Wilson vi-
sited in the home of their daugh-
ter and son-in-law, Mr. and Mrs.
Harvey Allen Sunday and had
dinner with them.

Mrs. E. W. Walls and Mrs.
Doyle Walls were in Lubbock last
Wednesday for the day.

Thanksgiving day Mr. and Mrs.
E. W. Walls and Mr. and Mrs.
Doyle Walls and Brenda went to
Plainview to enjoy the day and
dinner in the home of Mr. and
Mrs. Dean Walls. Other guests
were Mr. and Mrs. R. C. Man-
gum, parents of Mrs. Dean
Walls.

Sunday Mr. and Mrs. E. W.
Walls were dinner guests and vi-
sited for the afternoon in the
home of her sister and husband,
Mr. and Mrs. D. D. Tate. Mrs.
Tate prepared the dinner in ho-
nor of Mrs. Wall's birthday and
it was also the wedding anniver-
sary of Mr. and Mrs. E. W.
Walls.

Mrs. Dot Hammonds visited
Mrs. Walton Wilson one day last
week.

Friday Mrs. Walton Wilson vi-
sited at South Plains with Mr.

4-H Safety Winners Vow They'll Cut Accidents

SHOWING HOW THEY HOPE TO LEAD America's 2 1/4 million 4-H members in a
united effort to cut accidents—especially traffic accidents which last year claimed 38,000 lives
—are these eight national winners in the National 4-H Safety Program. Joining them in urging
greater "safety awareness" on highways, farms and in homes is Anthony G. De Lorenzo, vice
president in charge of the public relations staff of General Motors, which is safety program
awards donor for the 17th consecutive year. Each of these winners received a \$400 college
scholarship from GM. In addition, General Motors gave them and 37 other state safety winners
expense trips to the 40th National 4-H Club Congress in Chicago. Left to right are Mr.
De Lorenzo; Jane Bacor, 16, Zachary, Louisiana; Martha Ann Beebe, 18, Rutland, Vermont;
Suzanne Shideler, 17, Lathrop, California; Georgine Coleman, 18, Denison, Kansas; Anne
Hostetter, 16, Statesville, North Carolina; Lavelle Gottschall, 18, Frederick, Oklahoma; John
D. Spuller, 18, Rushville, Indiana; and Joe Dee Wilcoxson, 17, Cave City, Kentucky.

Sim Reeves, of Memphis, was
also visiting at South Plains at
the time.

Mr. and Mrs. C. W. Payne en-
joyed a long weekend visit from
their daughter and family during
the Thanksgiving holidays. Mr.
and Mrs. Harvey Nicholas and
little daughter, Kelli, of Tulsa,
Okla., came Wednesday night
and returned home Sunday after-
noon.

Mr. and Mrs. Cecil Payne vi-
sited Sunday, November 26, with
Mr. and Mrs. Wayland Faulken-
berry. Friday night guests of
Mr. and Mrs. Jim Stewart were
her parents, Mr. and Mrs. L. A.
Horton, of Plainview.

Mrs. Dot Hammonds visited
Tuesday morning with Mrs. Jim
Stewart.

Mr. and Mrs. Joe Rushing and
sons, of Lubbock, spent the week-
end with his parents, Mr. and
Mrs. Lee Rushing.

Mr. and Mrs. Pat Maynard and
Cris, of Paris, were here a week
with her mother, Mrs. John Care-
y, and sisters, Margaret and
Nancy, while Pat was doing some
work here.

Mrs. Roy Meek had as her
Thanksgiving day dinner guests
her daughter and family, M-
and Mrs. Lyndal Corey and
daughter and Mrs. John Carey
and daughters, Margaret and
Nancy.

As to my own Thanksgiving day,
I enjoyed it very much in the
home of my mother in Cali-
fornia and my uncle, C. R. Wal-
lace, was also present for the
noon meal.

Some of our Fairview folks I
failed to contact this week but
hope I can get them next week.

We enjoyed services at the
First Baptist Church Sunday
where we heard the new pastor
preach for the first time as we
were away when he was called
and came to the church.

Holiday Leave Policy In Effect For Recruits

Again, as in the past, a Christ-
mas leave policy is being offer-
ed by the U. S. Army. According
to Sgt. Willard P. Wang, US Ar-
my Recruiter, men enlisting from
December 11 through New Year's
Day may request as much as 15
days' leave before reporting for
basic training.

With this leave policy young
men can enjoy the holiday sea-
son with their families and still
draw full pay and allowances
from the U. S. Army.

Those who desire more infor-
mation on this leave offer and
the other benefits available to
young men should contact Sgt.

Call For Help From Wichita Falls Issued

In order that each patient
might receive two gifts for
Christmas, the Volunteer Serv-
ices Council of the Wichita Falls
State Hospital is asking for help
throughout the area served by
the hospital.

This county is one of 59 coun-
ties served by the hospital, Dr.
Ben G. Yeager, Superintendent,
announced.

Needed most, Mrs. Roger Man-
nar, chairman of the hospital's
Christmas committee said, are
items of men's and women's clo-
thing, toilet articles and cosme-
tics, cigarettes and games.

Any small items, preferably
something different, that can be
wrapped at the hospital for pre-
sents, are needed. All types of
Christmas wrappings and fire-
proof decorations also can be
used. Gifts should be sent un-
wrapped, including ribbon and
wrapping paper, to Volunteer
Services, Box 300, Wichita Falls
State Hospital. Mark the pack-
ages "Christmas Donations".

Freight companies will ship
free to State Hospitals if the
package is marked "for charity".
Mrs. Manar is asking that the
gifts be sent to the hospital as
soon as possible so that they
may be processed in plenty of
time for Christmas.

Cash donations will also be ac-
cepted gratefully by the Volun-
teer Council. The money will be
used to purchase last-minute
items for the patients' Christmas.
Checks should be made out to:
Volunteer Services Council of the
Wichita Falls State Hospital.
