## United Families Adjusting Nicely and New Homes

By Peggy Medley  
About two months ago, families of the United States Company, most of whom have moved up their homes in St. Louis, Mo., have been adjusting to local conditions and making the most of them. They are making the most in somewhat the pioneer

personal interviews with the 13 families who moved here since the company began operations in August, this reporter found the housewives cordial and friendly. They in turn found people in Floyd County friendly. They have done everything to make us feel welcome. We heard from most of them.

The Carl Wilkins are living at 310 W. Kentucky. They have a daughter who stayed in the family home at St. Louis. She is employed as a private secretary. Mrs. Wilkins is an Eastern Star member and both are members of the Methodist Church.

Mr. and Mrs. Carl Yeokum are living at 227 W. Georgia. They have a married son who lives in Las Vegas, Nev., where he is a jeweler and watch repairman. The Yeokums visited here during Christmas. Mr. Yeokum is a Mason and Mrs. Yeokum is an Eastern Star member. Both are members of the Baptist Church. He has been employed by the company for 20 years and was in St. Louis at the time he was transferred. The couple sold their home there before their departure.

Mr. and Mrs. L. B. Wiles and two daughters moved here from Memphis, Tenn., and Mr. and Mrs. Jim Walker moved here from Arlington, Tex. The last three men are office employees of United Transport. Several local employees were hired after the office went into operation in August.

The local Mother's March of Dimes is scheduled for the evening of January 30, according to Mrs. Sammy Hale, chairman of the affair. Captains and their workers are to meet at the Lighthouse Electric at 6:45 the night of the drive in preparation for the fire sirens will blow at 7 p.m. Fire sirens will blow to officially kick off the drive.

Mrs. Harry Morckel will serve refreshments to the approximately 50 mothers in the march again this year.

Don Allen and his Sunset Ramblers have been contracted to play for dancing entertainment. Tickets are \$1.50 per person and may be purchased at the door. Proceeds after expenses will go to the Floyd County March of Dimes Drive.

**HIGH COST OF EDUCATION.** Although the State of Texas is spending almost 40 per cent of its tremendous budget for education this year, school districts on the high plains are having difficulty meeting their expenses as increasing portions of their normal income is being drained off to other parts of the state. Members of Floydada Board of Education are in the midst of a study of their budgetary problems, as revealed in a story in this issue of The Hesperian. Pictured above are the board and their administrator, Supt. I. T. Graves. Reading left to right, Mr. Graves, James H. Word, E. L. Thomas, Ralph Johnston, Greer Christian, W. L. Davis, Jack Stansell, and Howard Gregory. (Staff photo).

## Record Ticket Sale Goal

Floydada Chamber of Commerce is getting set to mount an advance sale of tickets for the annual banquet and installation of officers slated for the evening of March 2. First move will come Friday morning at a 6:30 o'clock breakfast meeting to be held at Rogers Restaurant, when Ralph Mardis, ticket sales chairman, hopes to have 30 or so members present to accept selling assignments. Member of the board of directors are included in this list: John W. Reue, C. C. manager, expects attendance at the annual meeting to be the biggest in recent history, and has moved the meeting place to the high school gymnasium (with permission of school authorities, of course) so as to accommodate the larger attendance. With membership at all-time high Reue confidently expects 350 to attend.

Other activities include preparation for the Fat Stock Show, early March event. Delbert Smith has been drafted from REA to head the Chamber of Commerce committee for this event. He will work with the Live Stock Show Association headed by S. J. McIntosh. County Agent Cecil Lewis and Mr. Reue on request were in Ralls at a meeting of Crosby Superintendent Clarence Guffee Tuesday night to outline the plan followed in the Floyd County Junior Fat Stock Show Ralls, Crosbyton and Lorenzo delegations quizzed the local men on various angles of the procedure in this county.

**Delegation Seeks Mill**  
Floydada Chamber of Commerce has a delegation of seven in Lubbock last Thursday to talk with representatives of Plains Cooperative Oil Mill. The mill has been looking for a place to buy or build additional crushing facilities for cotton seed.

The Floydada group presented their case giving possible locations, rail and highway connections, the school, hospital, and tax situation, utility rates, available housing, and a number of items of interest to the mill committee. Making the trip were Clay Henry, newly elected vice-president of C. C. John Reue, Chamber manager, County Judge J. D. McBrien, Mayor S. W. Ross, Superintendent of Schools I. T. Graves, Don Pemberton, local Southwestern Public Service manager, and Wayne Russell.

A number of west Texas towns have been working to get the new mill. The cotton cooperative was due to have a meeting on Wednesday of this week and there was some speculation that an announcement would be made following the meeting.

**VISITOR FROM MICHIGAN**  
Mrs. E. C. Geiker, daughter of Mrs. W. J. Waller, has been in Floydada for the past two weeks visiting with her mother and with relatives in the area. Mrs. Waller is accompanying the daughter on her return to Clawson, Mich., and will be a guest of Mrs. Geiker for awhile.

## Pupil Transfer Problem, Rising Costs Are Aired

Members of Floydada Independent School District Board of Education, met on Thursday night with representatives of the Lakeview School District, the South Plains School District, and Dougherty School District and High with both White and Negro teachers combined. This will make 33 per cent of the teachers in High School and 62 per cent in Elementary and Junior High. The developments are detailed for the nation at large and for each of the states, in the 1961 Life Insurance Fact Book. They show that families in the United States have built up a huge financial bulwark for themselves in the form of life insurance. It amounts to more than \$386 billion, with some \$23,271,000,000 of it in force in the State of Texas.

County School Superintendent, Clarence Guffee reported to The Hesperian this week on the school elections coming up for April voting. The Floyd County School Board is made up of five members. These are Tom Porter, trustee at large; Milton Evans, precinct two; Leighton Teeple, precinct three; and Joe Thurston, precinct four.

At the Thursday night meeting on motion by representatives of the common school districts in the group named County School Board Superintendent Clarence Guffee as collector for any transfer monies that may be granted. Guffee in turn forward school collections, if any, to the Floydada Independent School District.

**Price Support Levels, 1962**  
Price support levels year of 1962 for cotton and other important Texas crops have been announced in the past week by Secretary of Agriculture Orville L. Freeman.

The supports, broken down into rates for Floyd County are as follows:  
Cotton, middling white, one inch staple \$32.99;  
Corn, average for all grades, but 97 c.  
Grain sorghum, No. 2 or better, \$1.80 per cwt.  
Oats, per bu., 71 cents.  
Soybeans, per bu., \$2.21.

**Tax Penalty Deadline Looms; City Taxpayers Slow Paying**  
More than one-fourth of the taxpayers of the City of Floydada will have to hurry if they get under the wire with their city taxes to avoid penalties on Jan. 31.

After that date penalty is required by law to be added and the amount increases as payment is delayed. City Secretary Wm. A. Feuerbacher estimated late Tuesday that less than 75 per cent of the city taxpayers have met their tax bills. And Thursday, Friday Monday and Tuesday are the last four days to go.

## County Gets Final Highway 70 Deed

**Floyd Insurance Coverage Rising**  
(Special to the Hesperian)  
NEW YORK, Jan. - According to the latest figures, Floyd County families have been increasing their life insurance holdings in the last few years. Their coverage has climbed to an estimated \$36,152,000, an all-time high.

One reason given for the rise is the fact that it has become easier than it once was to qualify for life insurance. Another is that incomes have been going up making it possible for people to expand their protection in this direction.

Investing more money in security of this sort is but one of several defensive measures that have been taken by local residents to safeguard their future. They have also been adding to their cash savings and to their investments.

The developments are detailed for the nation at large and for each of the states, in the 1961 Life Insurance Fact Book. They show that families in the United States have built up a huge financial bulwark for themselves in the form of life insurance. It amounts to more than \$386 billion, with some \$23,271,000,000 of it in force in the State of Texas.

How much does it boil down to in terms of the individual family? In Texas as a whole the average household has an amount of insurance that is equal to its net earnings, after taxes, over a period of 20.0 months.

Applied to Floyd County, with its after-tax income per month of \$515 per household, as shown in the latest annual Sales Management report, the average family's ownership of life insurance is approximately \$10,330.

It compares favorably with the amount in force in the United States, \$10,200 per family, and with the West South Central States \$7,300.

**Bradley Chosen Crusade Leader**  
Rev. F. C. Bradley of Floydada has been named pastor chairman for Caprock Association in the church's phase of the Texas Baptist Crusade for Christian Education.

The leadership for each of the 17 Baptist districts in the state is the responsibility of a pastor chairman, and woman co-chairman. Each of the 122 associations have a set of similar officers. Together these district and association chairmen are responsible for the carrying out of the crusade program.

**Weather Contrast Marked In Week**  
Last Saturday morning the low temperature of the week was recorded at 11 degrees above zero, while on Wednesday morning the low recorded at Pioneer Natural Gas Co. was 38, six above freezing.

**January Building Permits Make Modest Beginning for New Year**  
Contrasted with last year's whopping figures for construction in the New Year, Floydada today in the month of January has only \$33,650 in building permits issued, one-third of that for industrial purposes.

## South Lockney Parcel Signed Over by S-Fe

The last deed has been signed for right-of-way for Highway 70 west from Floydada to the Hale County line.

This news comes in the announcement Tuesday from the office of County Judge J. D. McBrien that Santa Fe officials have signed the deed to the property in south Lockney held by the railway company and indicated to be needed for the new road.

An earlier deed, signed weeks ago, had been found to have a technical fault.

The new deed was signed in Chicago, officials from the general office of the Santa Fe in Amarillo, telephoned Judge McBrien. The county will have six pieces of land to clear that are in the right-of-way. These include a barn on the Thomas farm and the Mrs. R. E. Fry station and land at Aiken.

The Mary Lou Bollman residence, a Phillips Station, a Texas station and a house belonging to Roland-Gordon Co., all negotiated for or condemned at Lockney, are included in the list of improvements that will be disposed of through sale.

In addition to these properties there are the lines of Southwestern Public Service Co. and pipe lines of Pioneer Natural Gas Co., that must be moved. The changes in the gas lines present a rather formidable task.

**All Time Low Seen In Poll Tax Payments**  
As things look now Floyd County voting strength in the elections this year is going to hit an all-time low.

Out of a usual 3,000 poll tax payers Assessor Collector T. T. Hamilton reported as of Tuesday morning only 1,700 had paid the poll tax, cost \$1.75. Letters postmarked Jan. 31 with check to cover proper information enclosed will be honored.

Hamilton said the office would remain open until 10 o'clock Tuesday night, Jan. 31, for the issuance of poll tax receipts.

Only five days remain to get poll tax receipts to qualify for voting. Officials of the state, from top to bottom of the list, are to be elected, as well as legislative and judicial district officials, and one-half of the county and precinct officers of the county.

**1962 License Plates**  
Hamilton's office will begin issuing 1962 motor vehicle license plates Feb. 1, and he will open a license plate office at Lockney March 1, with Mrs. Austin Merewether in charge at Lockney Auto Co.

## Name Welborn As President Country Club

The annual membership meeting of Floydada Country Club was held Thursday night. Four directors, Jake Watson, Don Pemberton, A. C. Carthel, and Floyd Boren, were named to serve for a two year period.

The membership voted to allow members to take out of county house guests to the club and enjoy free swimming and club privileges with the exception of golf.

On Tuesday night the new directors met and organized, re-electing Jeff Welborn president, naming Floyd Boren vice-president, and Jake Watson, secretary.

The board voted to raise green fees from \$1.50 to \$2.00 on week days and from \$2.00 to \$3.00 on Saturdays, Sundays and holidays.

One of the first improvements at the club for the new year will be that of securing some shade around the swimming pool.

**Student Council Chili Supper To Boost Finances**  
The Floydada High School Student Council will have a chili supper at the high school cafeteria on Tuesday night, January 30.

The fee will be before the basketball games with Morton and will be held between the hours of 5:30 and 7:00 p.m. Tickets are 50 cents and the proceeds go to the council. They are hoping to raise funds to finance a foreign exchange student.

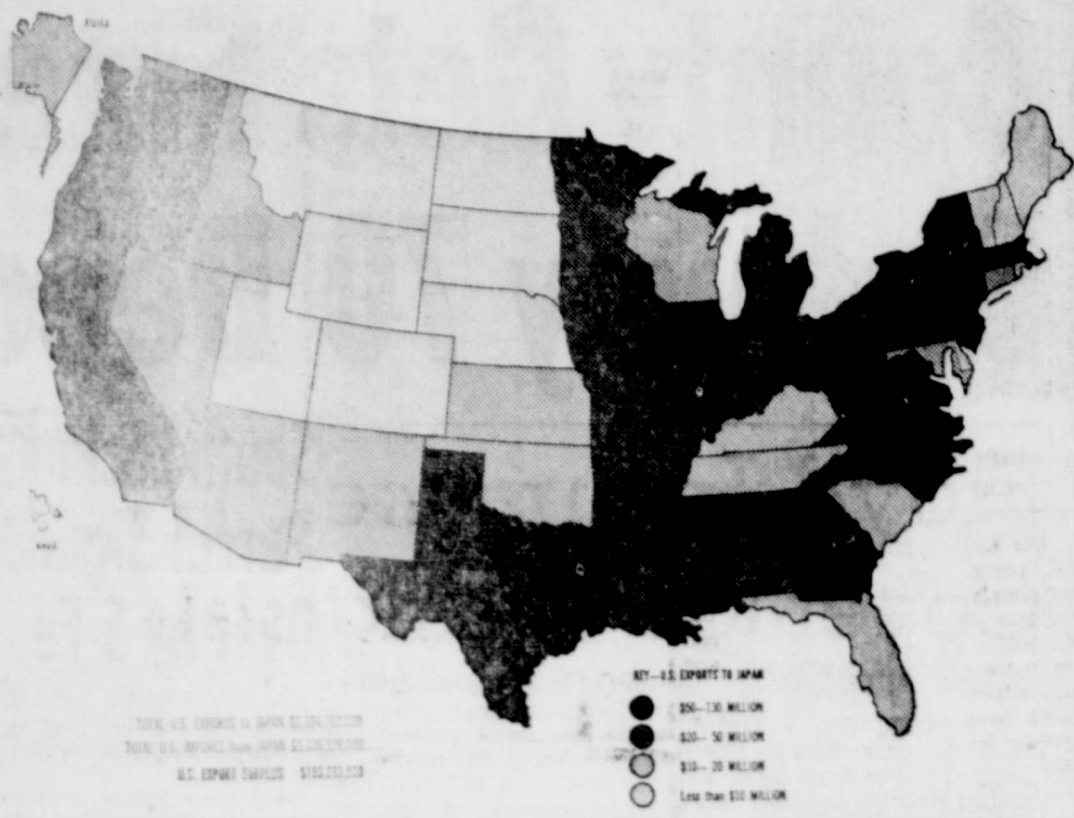

The public is invited to come out and enjoy the supper and help them in their effort.

**Farm Gas Users Bill Has Chance**  
Hopeful signs point to the probability that the legislature will pass the bill putting natural gas companies that are in retail distribution business otherwise also under regulation for farm irrigation natural gas.

**DEENS DOING WELL**  
Mrs. Ethel King was in Fort Worth recently where she visited her sister and husband, Judge and Mrs. Tom W. Deen, former Floydada residents. The former Floydada judge and his wife reside in a lovely home near their foster son and his family and report they are getting along well.

Japan "Buys American" in Texas And In All The 50 States

Heavy U. S. Employment Created By Trade With Japan, Economic Survey Reports

DANIEL IS THE GOVERNOR

We wouldn't want this to be labeled as I told you so piece, but it probably is not amiss to call attention to the fact that the Governor of Texas has had his way in the called session of the legislature.

The governor's escheat bill, not called by that name, was finally put into a workable shape so the Texas Bankers Association felt they could live with it, the Farm to Market road matter was settled also by a compromise between the contending elements, after the governor's plan had been turned down flatly in the House. Also there is a loan shark bill coming out of the session. And though this measure will not suit a large part of the people of the state, it is a move, not a left over as it has been for many years.

Even the governor's plan to spend \$300,000 for advertising the state's resources and charms to tourists is due to get final approval. After the objectors said it couldn't be done he found the money. Mr. Daniel is not a spectacular governor but he has been a consistent and a persistent one. And if he keeps on batting .1000 he might get into the spectacular column.

SALES TAX CATCHES ON

State Comptroller Robt. S. Calvert, the former Sweetwater man, who of late years became state comptroller after being employed in the office for sometime, says the sales tax has caught on with the general public. Very little complaint is being registered. Most of all of the small problems have been given an answer by his department. In the heavy machinery and construction lines there are still some decisions to be made.

The answers the department is giving are well-thought out by a competent committee of high ranking men in his office and most of them are going to stand up, he thinks. He told a crowd of newspaper men the other day that the new law uncovered about 16,000 new accounts that had not been paying the store tax before, and intimated he assumed there are more who are not paying.

HOW MUCH IS IT COSTING?

The comptroller said it would cost the taxpayers too much to go up and down the stairways in all the tall buildings in Texas to try to ferret out all the retailers. This brought up a question from the audience "How much do you estimate it is costing the retailers of the state to collect and keep books on and remit this tax?"

Mr. Calvert did not attempt to answer, as was expected. The answer, truthfully, is that the retailer is absorbing about as much cost as the state is getting out of the sales tax.

At the country newspaper level the answer is that it is costing The Hesperian about a cent a cent. Plus the responsibility down the line four or five years from now when the checker upper drops in and says open your books. This will be particularly galling if the comptroller's man drops in about three hours before a deadline that has to be met.

ELEVEN MILLION IN SEPTEMBER

Mr. Calvert said the actual income from September collections were \$11 million, and he thinks the estimate they made of about \$160 million in 12 months is going to be close to the actual figure. He hazarded no guess on what changes may be forthcoming. That will be a matter for the people and their legislature.

WHO'LL RUN FOR GOVERNOR?

Political affairs are shaping up fast in the races for state honors. West Texas' Marshall Formby got good play in the state's newspapers in his announcement for governor, as good as did most of the other leading candidates.

Fly in the ointment at the moment is the matter of who else will offer for the job. It is not out of the range of possibilities that Mr. Daniel will offer again instead of retiring to his Trinity River bottom ranch. Once one has tasted the pomp and circumstance of high office it is difficult to volunteer to retire.

The governor has enough friends who like the status quo to make it certain he is being besieged by many to offer again. However, the governor should not do so. He has made a good record. He has been a good governor, and has served his state well. He should retire period.

On Reflection. Isn't it a wonderful thing that our crop stabilization and land problems are based on surpluses? Consider for a moment and you might conclude that a surplus is a nice thing to have trouble about.

Last chance to qualify for a vote is right around the corner. May be the poll tax is not a good thing. May be it is a crying, dirty shame as so many now claim. But one's ideas of what should be done about it won't be worth a lot if he doesn't qualify to vote. And that means pay your poll tax before the end of business at the collector's office next Wednesday night.

Pretty Weather. Down state when they have had weather one of the first comments is that the people on the high plains must be having it tough. Plainsmen might bear in mind that their weather of last week compared quite favorably with Dallas, San Antonio and the points in between as often it does. Sleet and drizzle, fog and a touch of snow in spots really made it bad for down - states. While the sun was shining beautifully Sunday afternoon in Floydada, fog and drizzle were making life a dreary mess for air line operators and others downstate.

All of Us Are. General Walker said the other day that the great frustration for himself personally has been the "two decades of retreat from victory" which have marked American policy. The general has us all on his side that far in his quarrel with the powers that be. We do not know who masterminded this monstrous attitude of retreat, but we have definite ideas about what should happen to him.

General Walker said recently that while he was in Korea and the negotiations were going on at Pannamjung, his outfit would get orders which day to shoot and which day not to shoot. On the days they had orders not to shoot the chinks were out in the open fixing up their lines, advancing into better positions, bulwarking their works. Other soldiers who were at the front at about the same time, have about the same story to tell in their own way. Who did this to us and why?

Where Is He Going? What we do not know about General Walker is where he is going, or better said, where does he want to go? Possibly it is just to stir up the American people to the state of affairs which he thinks exist and to their responsibilities. But one fears it might be to head up some new kind of "movement", something else to join. If the latter we are not interested. People of the United States already belong to more good things than they'll support with their time and energy.

MRS. BRYAN ELTON KARR (Judith Joann Doggett)

**Doggett-Karr Vows Said At Tyler Sunday**

Wedding vows were exchanged Sunday afternoon in Tyler between Miss Judith Joann Doggett, daughter of Mr. and Mrs. Oscar Reese Doggett of Tyler, and Bryan Elton Karr, son of Mr. and Mrs. Bryan Karr of South Plains.

The double-ring ceremony was read in the home of Rev. and Mrs. E. B. Brooks, by the Rev. Brooks, Baptist minister.

Given in marriage by her father, the bride selected a tailored white wool suit featuring a box jacket with three quarter length sleeves, and emphasized by a mink collar. She wore long white gloves, black slippers, and a shoulder length veil caught to a white pillbox hat. Her wedding bouquet was of white orchids arranged on a white satin. Brides trimmed in white lace and showered with streamers of white satin.

Attending the wedding were relatives and close friends of the family including the bride's maternal grandparents, Mr. and Mrs. W. W. Loden of Terrell, and her paternal grandmother, Mrs. F. S. Doggett of Tyler.

Following a brief wedding trip the couple will establish residence in the Collier Apartments, No. 3, on Wayland College campus at Plainview.

Mrs. Karr is a graduate of Tyler High School and is a freshman music major at Wayland where she is a member of the Wayland Treble Tones. Her husband is a graduate of Floydada High School and is a junior ministerial student at Wayland.

**BROADWAY, January 22** — Old man winter seems to be having a picnic. Every few days we get another cold spell and when we say cold we mean cold. Anyway it has been quite cold to us. We had a little bit of snow Saturday morning and then Sunday night drizzle and freezing. This Monday morning it was snowing and so cold. Hope everyone drives carefully and does not take a fall. But after all winter is supposed to be cold and very disagreeable for outside work, but very nice for staying in the house and sitting by the warm fire.

Rev. and Mrs. Bill Alexander and girls were weekend visitors with her parents, Rev. and Mrs. L. E. White and Karen.

Sunday school attendance was a little better this Sunday than last.

Many attended the bridal shower for Miss Yvonda Marley, bride elect of Lee Roy Rathel. The shower was given in the home of Mrs. Richard Suduth. The hostess gifts were a steam iron and ironing board. So many lovely gifts and good wishes for this fine young couple who will be married February 3.

Mr. and Mrs. W. H. Rathel visited with Mr. and Mrs. Bill McCray while they were all in Lubbock one day last week.

Mr. and Mrs. J. C. Joplin and Mr. and Mrs. Harold Trull and family and the A. L. Rathels attended funeral services in Clovis Saturday for a brother-in-law of Mr. Joplin's.

Mr. and Mrs. T. E. Thornhill and boys were Sunday dinner guests of Mr. and Mrs. L. R. Rainbolt and children in the Lakeview community.

Now we can go over to the M. R. Givens and have music as Mrs. Givens is now the proud owner of a new piano. Let Micky will enjoy his music lessons much better now.

Arvis Moore was a very brief caller in our home Friday.

Mr. and Mrs. S. P. Starrett were Wednesday dinner guests of Mr. and Mrs. Conda Starrett.

Mrs. Cleve Maize has been on the sick list for several days. We hope she will soon be well again.

Mr. and Mrs. Charlie Mack Moore and baby son were visitors with relatives and friends in Abilene through the weekend.

Mr. and Mrs. T. E. Thornhill were Wednesday dinner guests of her parents, Mr. and Mrs. R. M. Spence in Floydada.

**Air Force Film Tells Story Of The Air Command**

An interesting film on sonic booms and the air command was shown Tuesday night by Felbert Smith to members of the 1956 Study Club. The film was obtained by Aldine Williams. The club members enjoyed seeing for themselves the progress being made by the U. S. Air Force.

The meeting was held in the home of Mrs. Norman Muncy with Mrs. Truitt Hartsell bringing the invocation. Roll call was answered with unusual laws.

Mrs. Max Dyess was program leader speaking on Legislation. Then and Now, after which a true and false test was taken by those present.

During business presided over by Mrs. George Spears, reports were heard from Mrs. Camel Eastham on finance and from Mrs. Hartsell and Mrs. Dan Hagood on the Teacher of the Year. Club members had been asked to vote on having officers to serve two years or remain in office one year as usual. Members voted on the one year office.

A nominating committee consisting of Mrs. Bill Hardin, chairman, Mrs. Hartsell and Mrs. Gordon Hambright were named. They are to give their report on nominees on Feb. 27 meeting.

Refreshments were served by Mrs. Muncy to Mrs. Bob Durham, Max Dyess, Carmel Eastham, Dan Hagood, Gordon Hambright, Bill Hardin, Truitt Hartsell, Mark Hickerson, Roger Poage, Don Probasco, George Spears, and Aldine Williams.

The next meeting will be held on Feb. 9th instead of the 13th at the Colonial House at 7 p.m. The affair will be a costume party and husbands are to be special guests. Hostesses will be Mrs. Durham, Mrs. Probasco and Mrs. Troy McNeill.

Members planning to attend are asked to contact Mrs. Durham by February 5.

son and Pete had as their Sunday visitors Mr. and Mrs. Dick McDuff and daughter and Mr. and Mrs. Claborn Marsh and daughter, all of Crosbyton.

Mr. and Mrs. A. D. Whalen had several cars parked around their house Sunday noon. But as usual on Monday morning the McAdoo line will not ring through. So maybe next week we will be able to gather up a little more community news.

Kenneth Leatherwood went to Colorado last week to get the family belongings as Mr. and Mrs. Leatherwood and daughter, Amy, are moving to Alpine where Kenneth will be in school at Sul Ross.

Doug Rainbolt visited awhile Saturday evening with Tommy Thornhill.

Mrs. Robert Kendrick stayed a few days last week in the Crosbyton Hospital. At the last report she was doing much better.

Mr. and Mrs. Hoyt McClure were among those intending to attend the evangelistic conference in Dallas this week. Bright and early Monday morning they headed their car east but down between Vera and Seymour they hit icy roads so they decided it was too dangerous to travel east so they came back home. Don't know if Brother White, Brother Melvin Rathel and R. C. Rathel made it or not.

Mrs. Ronald McClure and children, Brenda and Doug, were Monday visitors in the Hoyt McClure home.

Mr. and Mrs. Duane McClure and girls, Rhettia and Terri, were Sunday dinner guests of the Hoyt McClures.

Ronald McClure has been very busy as they have been redecorating the house where they are planning to move over near Ralls.

**Cold Weather Meals**

When the weather is extremely cold, homemakers should plan menus containing slightly more calories than usual.

You can easily consume a few more calories when the thermometer zooms to the freezing mark or below in order to maintain normal metabolism and body temperatures.

Oven meals are especially appealing on cold days, since the extra heat from the oven helps make the house comfortable. Soups also are excellent during cold weather.

The oven meals make wise use of time because the entire meal, with the exception of the salad, can be prepared and placed in the oven to cook - thus eliminating the need for watching the food. This gives the homemaker valuable time to do other tasks.

Games Friday Night Stated On FHS Court

Floyd County Hesperian, Floydada, Texas, Thursday, Jan. 25, 1962

## Sports

District 2AA basketball is at the halfway point today with only the last part of the double round robin to be completed. The local teams will have the advantage of three home court games to two on the road but those are at Lockney where the Longhorns are double tough and at Muleshoe where the Mulets are all but unbeatable.

The home games that local fans will want to see come within a week. The first tomorrow night, January 26, when the strong Abernathy quintets come to town to engage the green and white. The next will be on Tuesday night January 30 when the Morton Indians make the long drive to Floydada for a pair of games.

The Whirlwinds and Whirllets will be idle on February 2 and then swing into action again on February 6 going to Muleshoe. On the ninth they are back home to entertain Olton and then on February 13 they will wind up their regular schedule with games at Lockney.

Fifty-Fifty At Olton Floydada teams divided the victories at Olton last Friday when the boys breezed to an 83-43 win and the girls lost a 49-54 contest.

In the girls game Coach Kelley uar for his third game looked Chadwick started Carolyn good to local fans and showed Moore, Jan Alexander and La-real to good team work and Juana Rimmer at forwards and Joanna Nixson, Janice Jones and Charlotte Pierce at guards. The

game was close all the way with Moore, Butch Gilliland, James the Whirllets trailing 11-13 at the end of the first period, ahead Lee Dunn tacking on 24 points 25-23 at the half and leading in the final frame while holding 37-32 at the three-quarter mark.

In the final stanza the green and white lost control of the ball when they were unable to move it down court to the forwards. The Olton girls, owning the ball almost the entire period scored 22 points in the quarter to win by a five point margin 54-49.

Jan Alexander scored 20 points in the losing cause, while Gail Nicholas hit for 28 points to lead Olton scorers.

Lead All The Way In the boys game the locals started strong and never let up then swing into action again on February 6 going to Muleshoe. On the ninth they are back home to entertain Olton and then on February 13 they will wind up their regular schedule with games at Lockney.

Starters were Rodney Teague, Charles Christian, Darryl Lindsey, Denny King and Don Rainer. Coach Bob Shields used reserves all the last quarter and single substitutes at other points in the game. Teague was high for Floydada with 23 and Rainer close behind with 21 points.

Denny King playing as a regular in the girls game looked Chadwick started Carolyn good to local fans and showed Moore, Jan Alexander and La-real to good team work and Juana Rimmer at forwards and Joanna Nixson, Janice Jones and Charlotte Pierce at guards. The

Muleshoe is still riding high atop the girls district standings and appears to be headed for their second straight district title now, having a five won and no loss record at the half-way point. All other teams have at least two losses in loop action.

On January 25 the unofficial district team standing looked like this:

Boys 2AA Standings

TEAM	W	L
Floydada	4	1
Lockney	4	1
Abernathy	2	3
Muleshoe	2	3
Morton	1	4
Olton	0	5

Girls 2AA Standings

TEAM	W	L
Muleshoe	5	0
Floydada	3	2
Olton	3	2
Abernathy	3	2
Lockney	1	4
Morton	0	5

The following scores were reported in the last week of play:

Boys Scores

Floydada 88 - Olton 43;
Lockney 70 - Abernathy 68;
Muleshoe 67 - Morton 60;
Floydada 67 - Lockney 56;
Muleshoe 64 - Olton 56;
Abernathy 65 - Morton 47;

### Della Plains Girls Win

In the district tournament in Floydada last Saturday the Della Plains girls team won the north half title and the right to compete against the south half winner. They downed the Olton girls 25-22 in the finals.

Della Plains boys came in second, losing their final game to Olton 48-60.

The tournament was well attended with teams here from over a wide area.

### So. Plains News

By Mrs. Murray Julian SOUTH PLAINS, Jan. 22 - A new cold front with 9 degree weather barged into our area Sunday night and a light skiff of snow covers the ground this Monday. The frozen ground keeps farmers from plowing their fields.

"Flying" is in the air these days around South Plains and several from here are taking flying lessons, including Dean Stewart, Johnny West, Kenneth Bean, Fred Marble, among the many interested in flying. Rex Smitherman is trying it, as well as Marvin Wells. Austin Beedy comes out from Plainview to give lessons.

### NEW SIZE DODGE DART-COMPARE IT 6 WAYS FROM SUNDAY

1 PRICE. Car sales are booming. It's a great year to get a great deal. But before you buy, check your Dodge Dealer.	2 PERFORMANCE. Dart has the most powerful standard six in the business. With its standard V8, the car has a phenomenal power-to-weight ratio.	3 SAFETY. Dart gives more braking power-per-pound than any car near its price. As much as 52% more lining area. Brakes adjust themselves.	4 DEPENDABILITY. Dart's body is completely rustproofed. You can go 32,000 miles between grease jobs. A battery saving alternator is standard equipment for fast, sure starting.	5 COMFORT. Plenty of headroom and legroom. Chair-high seats. Man-size tires that put plenty of rubber on the road. Smooth Torsion-Aire ride.
---	---	---	---	--

3 SIZE. The new size Dodge Dart is two feet shorter than America's largest car. Two feet bigger than the smallest. It's sized right in the middle.

**SIZED RIGHT IN THE MIDDLE OF THE BIG AND LITTLE DODGE DART!!**

The comparison above is based on manufacturers' suggested retail price of six cylinder 2-door sedans. Only white wall tires, bumper guards, other optional equipment state and local taxes, if any, and destination charge extra.

## City Pioneer Died Tuesday; Funeral Today

Funeral rites for Mrs. Mary Grigsby, long time resident of Floydada, will be held this afternoon at 2:30 in the First Baptist Church with Rev. L. A. Doyle of Portales, N. Mex., former pastor, officiating. Assisting will be Rev. Perry Threadgill of Floydada. Harmon Funeral Home will be in charge of burial rites in Floydada Cemetery.

An enormous number (about 80%) of the illnesses in early childhood are diseases of the respiratory tract—colds, coughs, sore throats, ear infections.

Not only do little folks come down with many sniffly diseases, but these diseases are much more apt to become serious in the younger child than in older children. As the child grows older he develops some resistance, both to the original sniffles, and to its more serious complications.

Therefore, it's part of the job of a good parent to take seriously every one of a youngster's colds. There is no "miracle" medicine that will cure a cold quickly, but there are things to do to prevent the simple cold from becoming a

### Lipstick Logic

Good fortune often comes in surprise packages. The other afternoon we were all out of sorts with the world. We had plans for the evening and were bent on a short rest before dressing to go out again. But a few errands had to be run before we could go home. A series of pesky little delays had us still fretting a full hour behind schedule.

And so we were driving west through open space just as a splendid sunset etched out low buildings, black telephone lines, and bare trees along the brilliant horizon. The sun, a great ball of golden light, was reflected in a fan-shaped pattern of clouds reaching far up into the heavens. These flame-colored tufts against the cold blue winter sky made us forget that we were tired and irritated. The sight was far more refreshing than a 30-minute nap could ever have been.

If we had travelled half way across the world for such a sight, we would have been prepared for the excitement we felt. We would no doubt have declared that nothing like this ever happens at home, and would have tried to capture it in a color photograph. For some reason, we think of Nature as hibernating in our home town.

**MATERNITY CARE IN TAN GANYIKA** — American nurses found that their usual teaching methods were useless when they tried to teach native mothers about maternity and infant care. People did not understand a three-dimensional image on a flat surface so they couldn't use posters. When they tried to give cans of milk powder to mothers in great need of food supplements, they were refused. It was later discovered that the picture of a baby on the can of powdered milk conveyed the idea that Europeans can babies and eat them.

The day after a Western woman arrived at a hospital being built by native workmen, they did not come to work. Messages at appeals had no effect. Finally it was discovered that the visitor's bright lipstick was thought to be blood which she had failed to wipe from her lip after drinking the blood of children. Since storytelling is a traditional means of communication among these people, the most effective means of giving health information to these mother was by hand puppets. They responded well to something they recognized as part of their way of life.

**LITTLE BOYS** — One of the most expressive poems from a mother's point of view is "DO YOU S'POSE?" By Helen True.

Do you s'pose little flies, with their thousands of eyes,  
When their mama is busy with tea,  
Ever climb on the chairs and get off the way,  
And cry, "Lem-me-see, lem-me-see."  
Do you s'pose little fish, when their mamas wish  
To take a short nap (just a wink),  
Ever pound on the door with their soft little fins,  
And whimper, "Please gimme a drink."  
Do you s'pose little quails, as they creep through the rails,  
And into the woods where they stay,  
Ever ask mama dear, when her head aches so hard,  
"But why can't I whistle today?"  
Do you s'pose little bees, as they hum in the trees,  
And find where the honey-sweets lurk,  
Ever ask of their papa, who's busy near-by,  
"I know, but whatfor must I work?"  
Do you s'pose, do you s'pose that anyone knows —  
Of a small boy who might think awhile  
Of all this and more? You do? So I thought,  
And now let us see if he'll smile.

## Minerals And Wild Life Study Given At '50 Study Club

Mrs. J. L. Dalton was hostess for a meeting of 1950 Study Club members last week on Tuesday for a study on Minerals and Wild-life. The program was arranged by James H. Word and brought by Mrs. Cleo Whittle.

Prayer was voiced by Mrs. Earl Edwards Jr., and roll call answered with "What I See in Nature's World."

Second vice-president, Mrs. Charles Craig, was in charge of the business meeting and accepted with regrets the resignation of Mrs. Ted Bell and welcomed into the club a new member, Mrs. James Lovell.

Present for the meeting were Mmes. Tommy Assiter, Howard Bishop, Bob Copeland, Charles Craig, Lane Decker, Earl Edwards Jr., Sammy Hale, Cecil Lewis, Claude Weathersbee, Cleo Whittle, J. L. Dalton, Bill DuBois, Bill Feuerbacher, Claude Estes, Bonnie Graham, Tommy Theford, Bobby Rainer and Mrs. James Lovell.

The next meeting on Feb. 6, will be for a program on home life. Members of the homemakers class of the high school are to be special guests.

## March Wedding Plans Revealed

Wedding vows will be exchanged on March 23 in the First Baptist Church Chapel in Floydada. The bride-elect is a graduate of Floydada High School and has attended Lubbock Christian College in Lubbock and West Texas State College in Canyon. She is a member of Delta Zeta.

Her fiancé is a graduate of O'Donnell High School and Lubbock Christian College in Lubbock. At present he is a junior at Texas Technological College, Lubbock, where he is majoring in business administration.

## Path Into Space 1922 Study Club Meeting Topic

Members of the 1922 Study Club met last Thursday in the Community Room of the First National Bank. Mrs. D. S. Battey was hostess and Mrs. J. H. Barnard was program director of the topic, Interplanetary affairs, Path Into Space.

Members answered roll call with an air anecdote. Those on the program were Mmes. E. F. Stovall who spoke on America's progress in space and Mrs. E. J. Morehead who gave a talk on why acquisition of the moon is important. Both subjects were well received and provided educational.

Those present included Mmes. Kenneth Bain, J. H. Barnard, D. S. Battey, D. W. Burke, W. H. Henderson, Wilson Kimble, Harry Koenen, E. J. Morehead, Lon V. Smith, E. F. Stovall, and Mrs. Joe E. Wilson.

Mrs. Burke will be hostess for the meeting on Feb. 1, and Mrs. J. V. Daniel will be program director on International Affairs, Path to Africa. Roll call will be answered by naming an American Negro.

Many of life's little truths, that we were brought up to consider incontestible, have now been fractured by science or psychiatry.

Even though we still live within 150 miles of the prairie town where we were born, we've had to re-shape our entire philosophy of the universe. Our old Man in the Moon is as outdated as the Model T. A system of man-made satellites now measures everything from the gaseous content of outer space to next year's weather prospect. These speak an unknown tongue for us whose only knowledge of physics is from flying a home-made kite.

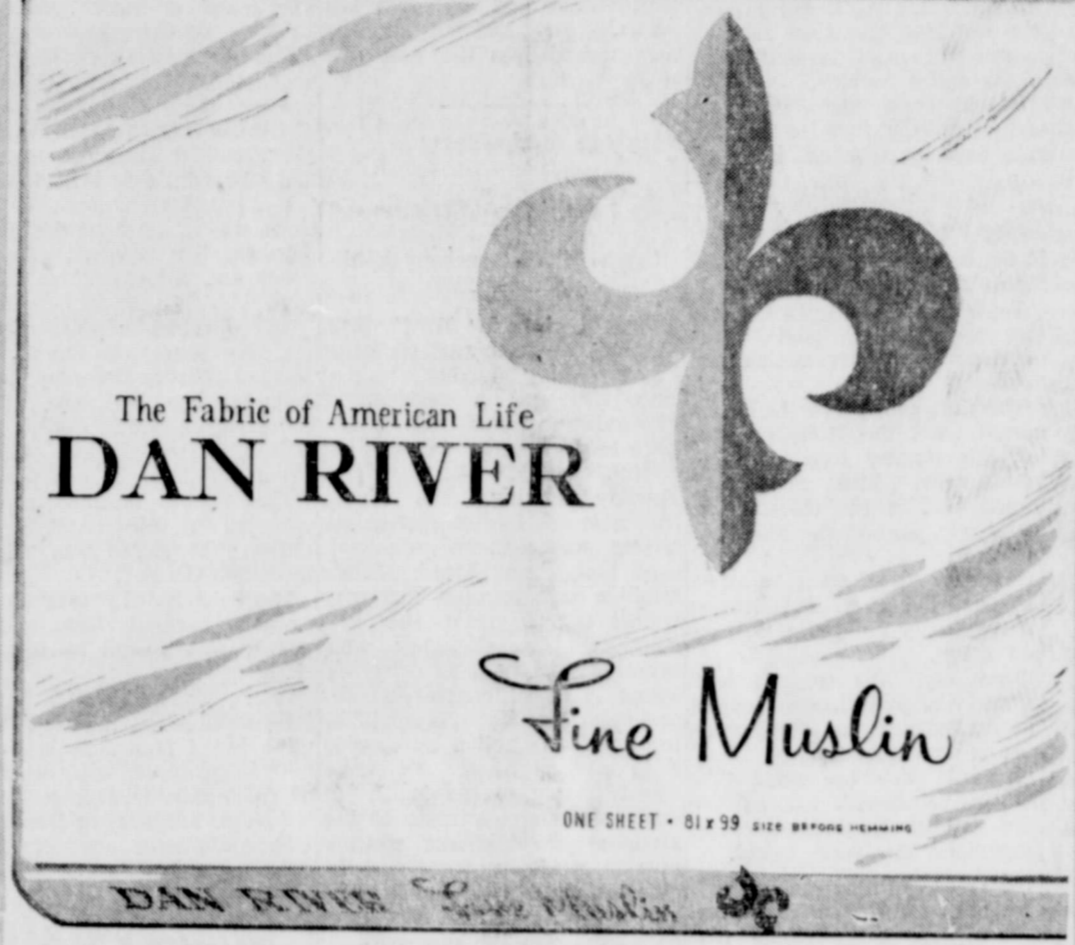

On the human side, too, we've been disillusioned. Parents don't always love their children; children sometimes hate parents. Things don't necessarily come out right just because we're "good" — and stay hopeful.

With these and other disturbing upsets in our philosophy of simple living, we hesitate to question another long-accepted truth. But we must cast a distrustful eye at the popular idea that you can say what you think in the bosom of your own family. Family members who stay together through the years may know enough about sensitive points to avoid them but will they? Jealousy, boredom, rivalry are most likely to exist between those who see each other day after day. And when families come back together after long separation, toes are forever being innocently stepped on. If they care what you think, it's dangerous; if they don't, it's worse.

Who's For Santone Zoo?

"But Mommy, I don't want to leave!" Yes! that'll be your kids' comments when you take them to Brackenridge Park in San Antonio.

You'll enjoy the Chinese Gardens and the Sunken Gardens Theater. But you'll enjoy most just watching the kids as they go through one of the finest zoos in the entire country.

It will be a memorable trip and worth the fight to get the kids back home again.

Port of King Cotton

Cotton has played a big role in the development of the United States as a world leader. Texas' Port of Galveston has also played a big part in the development of our nation and Texas.

The first cotton ever to be exported from the United States left this country from our Galveston port. This municipally owned port is the oldest deep-water port west of the Mississippi River.

Not only well known to cotton shippers, the Port of Galveston is a gateway for grain, sulphur and cattle.

They say, "It's easy to sea" referring to Galveston, and it is best known as "America's port of quickest dispatch."

It could well be called "the port of vacations" too as the tourists flock to this gulf coast playground the year 'round.

Fairview News

By Mrs. Clyde Bagwell

FAIRVIEW, January 22 — Our weather remains to be a conversation piece among us all. The sun shines out for a while, then more ice and snow come our way. Sunday was nice most of the day then a heavy fog came in about dark and Monday morning everything was covered with ice. Made a very pretty picture from the inside looking out but not nice to have to get out in the early morning hours.

Mr. and Mrs. C. W. Payne and Mr. and Mrs. Cecil Payne went to Clovis, N. Mex. early Sunday morning where they spent the day with Mrs. W. W. Payne and Mrs. Pelham Graham, mother and sister of C. W. and Cecil Payne. They report Mrs. W. W. Payne just doing fine. She had her 90th birthday on January 13. Mrs. Edell DuBois visited Sunday afternoon in Floydada with Mrs. A. C. Collins.

Mr. and Mrs. Cecil Payne visited Friday night in the home of Mr. and Mrs. Doyle Jackson and children.

Mr. and Mrs. E. W. Wall were among the guests at the Training Union social held at the home of Mrs. Helen Patterson Monday night of last week.

Mrs. Shirley Irwin went to Lubbock Friday where she spent the day with Mrs. L. F. Irwin.

Mr. and Mrs. E. W. Walls went to Plainview Wednesday of business and visited in the E. R. Walls home while there.

Mr. and Mrs. Harvey Aller visited Saturday evening with Mr. and Mrs. Weldon Pruitt.

Friday night supper guests in the T. L. Perry home were Mr. and Mrs. J. W. Gilbreath and Mr. and Mrs. Wendell Grabar and children. After supper the group enjoyed games together.

Mr. and Mrs. Shirley Irwin and children visited Saturday in the home of her parents, Mr. and Mrs. R. R. Waller and had lunch with them.

Mr. and Mrs. Harvey Aller were Sunday dinner guests of her parents, Mr. and Mrs. Walton Wilson.

Mrs. Dot Hammonds visited Wednesday with Mrs. Walton Wilson.

Mrs. Grady Reeves, of Plainview, spent Wednesday here with her sister, Mrs. T. L. Perry and her mother, Mrs. L. B. Conby, who spent several days last week in the Perry home. Mrs. Conby was in town for a week or more in the home of her daughter and her mother, Mrs. G. M. Bullard, and other relatives.

Mrs. W. B. Wilson and Mrs. A. S. Mize went to Plainview last Monday where they attended the Pastors and Laymans Conference and were dinner guests of Mr. and Mrs. M. O. Stapleton. On the return home Mrs. Wilson and Mrs. Mize came by Lockney General Hospital and visited awhile with Mrs. R. L. Nichols who has been a patient for some time. Mrs. John Carey and daughters, Margaret and Nancy, of Floydada, were Sunday dinner guests of Mr. and Mrs. Lyndal Carey and Carolyn.

Friday night Mr. and Mrs. Lyndal Carey and Carolyn visited Mr. and Mrs. Ozell Chapell.

Bob Poe, of Oklahoma City,

spent the weekend with Mr. and Mrs. Lee Rushing. Mr. and Mrs. A. S. Mize are victims of bad colds at this time. Eugene Beedy, of South Plains, Mr. and Mrs. A. S. Mize, and Mr. and Mrs. Bill Tye and Jim were guests for lunch at the home of Mrs. W. B. Wilson Saturday.

Another landmark of Fairview community has been moved, a house that was the home of the E. C. Austin family a number of years ago. Then for many years was the home of Mr. and Mrs. F. O. Conner and family and later was the home of Mr. and Mrs. Jim Stewart. The past several years the house has been vacant and was sold last week by Lee Rushing and has been moved into the east side of Floydada.

Floyd County 14 Years Ago

(from The Hesperian, dated Jan. 22, 1948)

Funeral rites for R. F. Hall, 72 year old prominent southeast Floyd County farmer, retired since 1941 and a resident of Floydada the past two years, were held yesterday in the First Baptist Church. Mr. Hall died Tuesday morning. His widow, four sons and four daughters are among survivors.

At least two Floyd County families have interests that may benefit largely from the Plymouth Oil Co., discovery well, which is being hailed by the Texas Railroad commission, by geologists and by financial interests of the nation as opening a historic oil field. Of these Floyd County people is J. T. Kirk, who owns a tract of two sections lying adjacent about a mile from the discovery and the other is the Massie family, who own a section of land some seven miles from the discovery.

Mr. and Mrs. Curtis Poteet are parents of a son, Ronald Williams, born Jan. 3. Mr. and Mrs. Calvin Poteet are among grandparents.

Mrs. E. J. Womack returned Tuesday from the west coast where she spent six weeks with her daughters and their families.

Mrs. G. N. Shirey came home last week from Waco where she had been the past three weeks getting acquainted with her daughter's new baby girl which was born on Jan. 4 to Mr. and Mrs. E. L. Saul.

Mr. and Mrs. James E. Bunch have a son born Jan. 19. He was named James Larry and is the grandson of Mr. and Mrs. Ormer Parrish and Mr. and Mrs. J. M. Bunch.

Doris Cornelius, bride-elect of Hollis McLain, was honored with a bridal shower in the home of Mrs. A. B. Keim Monday.

Hard and intelligent work, along with perseverance and study of the insurance needs of the public during the year 1947, brought Ernest C. Carter, Floydada, heart warming recognition at the annual convention of the Great American Reserve Insurance Company held in December at Dallas. Carter was presented a lovely sterling silver coffee and tea service in recognition of his work and for being named man of the year for the company.

Horace Marble of South Plains had the misfortune of losing two fingers on his right hand this week.

06000 Now-Ford frees you forever from the expense and bother of frequent car servicing. Twice-a-year maintenance is here-and only the cars from Ford have it! 12000 In a new Ford Galaxie or Fairlane, the odometer rolls off a long 6,000 miles between every service stop. Compare this with other '62 cars and here's what you'll find: many cars still have to check in for service every 1,000 miles; some every 2,000 miles; others every 4,000 miles. Only the cars from Ford need service only twice a year, or every 6,000 miles. When you own a '62 Galaxie or Fairlane, you don't have to drive with one eye on the odometer to make sure you're not forgetting an oil change or a grease job or other servicing. Ford's twice-a-year maintenance saves you time, saves you money. Just one stop every 6,000 miles takes care of servicing. You'll go 30,000 miles between major lubrications, 6,000 miles between oil changes and minor lubrications, 2 years or 30,000 miles without changing engine coolant-antifreeze themselves. Why buy a service Ford is ready with the Ford Dealer—and see how close Ford has come to the fill-it-and-forget-it car!

### Stoerner Dies After Illness

Funeral rites for Mrs. Lee Stoerner, 43 year old Lockney, Tex., who died Thursday in the Lutheran Church in the home community, will be held Saturday morning at 10 o'clock at the funeral home, 1111 N. Main St., in the direction of Lemons Home.

Mrs. Stoerner, daughter of Mr. and Mrs. Ben Brandes of Lockney, died Wednesday night of last week in the hospital where she had been critically ill for several days.

She was born in Floyd County with parents when she was two years old, and married Wilfred Brandes in 1948. She led an active life until her health overtook her.

90th Infantry Division Assn., and secretary-treasurer of the Upper Caprock Texas Lutheran College Ex-Students Assn., at the time of her death.

She had served as Sunday School teacher for many years in the Circle of the church and was past secretary of the Mary Martha Circle of the church and was a past president of the 19th District American Legion Auxiliary.

Mrs. Stoerner was also a member of the Providence Home Demonstration Club and member of the Floyd County HD Council.

Survivors include her parents and husband; two children, Cynthia Ann and Martin both of the home; two brothers, L. B. Brandes, Lockney, and the Rev. Leo Roy Brandes of Seguin.

## TEXAN OF THE YEAR

# AWARD

Presented to

## VAN CLIBURN

of Kilgore

THIS AWARD is presented to Van Cliburn, one of the great pianists of all time, by the Daily, Weekly and Semi-Weekly Newspapers of Texas represented by the Texas Press Association. It is presented in appreciation of the high honor and distinction he has brought to his beloved Lone Star State.

After winning numerous competitive awards in his own country, Van Cliburn rocketed to world-wide fame when he won the Tchaikovsky Competition in Moscow in 1958.

Since then, this modest young Texan has shown that he is an artist of which his State and Nation can be extremely proud. Additional evidence of his superior talent came with the recent announcement that a million copies of his recordings had been sold... the first classical album ever to achieve this milestone.

For his great talent, his humility of spirit, the gracious charm of his personality, his Texas pride, his contributions as an international ambassador of goodwill, and the fame he has brought to our State, we salute Van Cliburn as "Texan of the Year."

Presented by The Texas Press Association on Jan. 20, 1962 at TPA's Mid-Winter Convention in San Antonio, Texas

When the above plaque had been presented to Van Cliburn Saturday he played three numbers for the assembly of newspaper people — "Scherzo" by Chopin, "Dedication" by Schumann, and Liszt's "First Hungarian Rhapsody." When he had finished there was thunderous applause, and many misty eyes.

## Speaker Tells 'The Other Side' Of The Pharmaceutical Story

(Ed Note: There are two sides to every controversy, but the official side usually has a hard time getting an audience. Below is the high cost of medicine as presented by a pharmaceutical representative.)

Members of Floydada Rotary club were told recently that medical and pharmaceutical progress had lengthened the life span of Americans 10 years since 1930, almost completely eradicated many once-dangerous diseases, and will make even greater advances in the decade ahead.

The speaker, Jimmie Smith, a medical service representative of a pharmaceutical manufacturing concern, addressed the club at a meeting held at Colonial House.

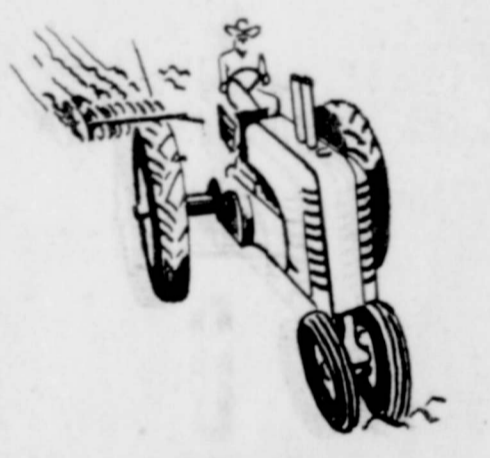

He said, "A combination of unfettered men of medicine and pharmacy, working under the proven system of American economy, has made this nation

## Most Farmers Must Pay Self-Employment Tax, IRS Says

A majority of farmers and ranchers in this area must pay a federal self-employment tax for 1961, Elton W. Davidson, Administrative Officer, Internal Revenue Service, Plainview Texas, revealed today.

He said the rate of self-employment tax for the taxable year of 1961 is 4 1/2 percent, and is in addition to any income tax payable.

Under the federal Social Security law, the IRS representative said, Social Security taxes are paid by employees and their employers and the self-employment tax must be paid by persons who are self-employed. These taxes are used to pay old-age, survivors and disability benefits under the federal Social Security program.

He explained a self-employed person is one who operates his own business, and that a farmer or rancher who operates a farm or ranch, either on his own land or land rented from someone else is therefore considered self-em-

ployed. This is true, he said, even though he may employ someone else to do the work and does not live on the farm or ranch himself.

He reminded farmers they must file federal income tax returns and pay any self-employment tax due, even though they own no income tax.

Ordinarily, he added, no self-employment tax is due unless net earnings from self-employment amount to \$400 or more for the year.

However, he continued, farmers who have actual net earnings from the operation of their farms of less than \$400 may, under certain circumstances, elect to pay the self-employment tax and may qualify to receive benefits under the Social Security system.

Farmers with tax questions should have a copy of the free official publication, "Farmers' Tax Guide." The Guide is available from Agricultural agents, or from the IRS office located at 118 East Seventh.

But medicine for a person's well being is resented and complaints are heard about the cost of medicine.

Often, the speaker said, he has heard people voice pride in the return on their money invested in a boat, car or television set.

"But I have never heard a man say, 'Look at the bargain I got when I bought this prescription. It kept me out of the hospital and got me back to work sooner. In fact, I couldn't have lived without it.'"

Actually, Smith said, the average retail price of a prescription in 1960 was only \$3.21, and more than 60 per cent of all prescriptions cost \$3 or less. Only 1.5 per cent cost \$10 or more. But he said even these \$10 ones are a bargain if they do the job, and they usually do.

Using generic instead of trade names for drugs, which is advocated by Senator Kefauver, also was discussed by the speaker. He said a trade name is like the word "sterling" on silver. It gives the doctor and the patient, the assurance that the product is produced by a reliable, well known manufacturer under controlled conditions. Wouldn't it make as much sense, he asked, to demand generic names for automobiles, TV sets, refrigerators, shirts or golf clubs? It wouldn't he said, but the public today is being advised to buy drugs in a manner they wouldn't think of using to buy any other product.

The speaker explained how the members of the country's health team work around the clock in the public's behalf. They believe that socialized medicine and nationalized drug production would turn back the clock of not only treatment of the sick, but of the research and development which is an integral part of that treatment.

"These attacks are the forerunners of more intervention directed against free enterprise."

Using generic instead of trade names for drugs, which is advocated by Senator Kefauver, also was discussed by the speaker. He said a trade name is like the word "sterling" on silver. It wouldn't he said, but the public today is being advised to buy drugs in a manner they wouldn't think of using to buy any other product.

The speaker explained why, even though the price of a prescription represents one of the biggest bargains Americans can get today, they resent paying it. "People don't like to be sick," he said, "and therefore don't want to pay for anything they don't like." Then he compared the cost of repairing a television set, or a car with the price of repairing one's own body. The television and automobile repair bills are paid without too much

fuss. But medicine for a person's well being is resented and complaints are heard about the cost of medicine.

## Conduct Wofford Rites Thursday

Funeral service for Lee Wofford, 74 year old former resident of Lockney, who died in Amarillo on Tuesday of last week, were held Thursday in the First Methodist Church in Lockney.

Rev. Russell McAnnally, pastor and the Rev. Gene Hawkins, Baptist minister, officiated. Interment was in Lockney Cemetery under the arrangement of Carter Funeral Home.

Wofford was born Feb. 3, 1887 in Mississippi. He moved to Coryell County, Tex., and then to Lockney in 1904 with his late parents, Mr. and Mrs. C. A. Wofford. He was a retired mechanic.

Survivors include three daughters, Mrs. Opal Hobbs, Lubbock; Mrs. Charley Jean Salamy, Whitesville, West Va.; and Mrs. Sycagale Gamblin, Amarillo; two sisters, Mrs. Jake Smith, Plainview; and Mrs. Ona Lee, Amarillo; three brothers, Claude, Lockney, O. D. Plainview; and Will, Santa Fe, N. Mex.; five grandchildren and five great grandchildren.

## Center News

By Mrs. J. E. Green  
CENTER, January 22 — This is a beautiful, but still cold, afternoon. Sunday afternoon was the warmest lately for awhile. But nights the mercury goes "way down".

Church attendance fluctuates this cold weather but was pretty good Sunday.

Sunday evening there were two visiting couples from Wayland. One of the men, Jimmy Williams, preached and Brother Zinn sang. We are always glad to have his "specials".

And today, Monday, Brother Zinn is scheduled to arrive in Dallas for the purpose of entering Baylor Hospital to be checked over for a physical trouble which has been bothering him for some time. We trust they can find and remedy his trouble.

Next Sunday the pulpit of Calvary Baptist is to be filled by a Brother Verner, a foreign missionary on furlough. Evrybody come.

The W. M. U. group which has been meeting Thursday evening is to meet on Tuesday evening at 7 o'clock instead, until further notice. They met Thursday evening of last week and studied the mission book "Hands Across the Sea". In spite of the very cold night there were six women present.

## Tom S. Guimarin Passes At Olney

Tom S. Guimarin, 78 year old retired pioneer merchant of Olney, Tex., and brother of Mrs. J. G. Wood of Floydada, died Friday in the Hamilton Hospital at Olney. He had been a resident of that city for 55 years.

Mr. Guimarin had suffered a series of strokes over the last five years. Mr. Guimarin was a son of T. P. Guimarin, one-time District Clerk of Floyd County.

Since moving to Olney in 1907 he had been a clerk in a general store. He was one of the town's first business houses. He also operated a car agency and was associated with the Olney Hardware Co., for many years. He was Olney's first chief of the Fire Department and served on the school board for 17 years.

Mr. Guimarin was a deacon in the First Baptist Church, a member of the Masonic Lodge, the Maskat Temple, the Knights Templar and the Scottish Rites at Dallas.

Rites, of which Mrs. Wood attended, were held Sunday in the First Baptist Church at Olney with burial in Olney Cemetery.

Survivors include his wife; a son; three daughters; one brother of Dallas and two sisters, including Mrs. Wood.

Mrs. G. W. Smith and Mrs. Dorris Jones were in Dallas for several days this week where Mrs. Smith had a good medical report. The two women returned home this mid-week despite hazardous driving.

—A highway policy only until Gov. Price Daniel at which has plagued both tended a final hearing with Pres. of the Legislature for 10 ident. J. H. West of the Texas was settled when the Farm Bureau, Executive Vice of Representatives passed President Callan Graham of the Farm-to-Market road bill in Texas Good Roads Association, led by Sen. Nevelle Colson Highway Chairman Herb Petry, Nebraska and Rep. Grainger Jr. and a dozen members of the County Judges and Commissioners Association.

After their urging, the House Agriculture Committee reversed its original decision and voted by rural representa-10-9 to table the Carrier ver- would succeed in pushing and submit the Colson bill, a modified version of the which reduces the annual ap- by Rep. Max Carrier of appropriation for rural road con- the proposal was to space construction by about \$17,500,000. When the Farm-to-Market road construc- road bill becomes effective about 10 May 1, it will make these provisions:

1. Restoration of the \$15,000,000 appropriation from general State taxes to the Colson-Briscoe farm-to-market road program for the year starting Sept. 1, 1962.
2. A flat instruction for the State Highway Department to build \$23,000,000 worth of newly-designated farm-to-market roads.

a year from now on, using the \$15,000,000, plus Federal aid of \$10,000,000 a year.

3. Allocation of half the surplus in the road bond assumption fund — which comes from one-fourth of the gasoline sales tax to maintenance of farm-to-market roads in the State system. That will be \$17,500,000 the first year, gradually increasing as gasoline sales tax revenues rise.

4. Freeing an equal \$17,500,000 in the State Highway Fund, now being used for rural road maintenance, for construction and improvement of secondary and primary highways.

5. Application of the balance in the farm-to-market road fund (between \$17,500,000 and \$20,000,000 in the 1962 - 63 fiscal year) toward improvement of existing F-M roads, which need some 11,000 miles of repairs.

6. Agreement by the State Highway Commission to raise its goal from 35,000 to 50,000 miles of farm-to-market roads.

This legislation accomplishes the long-time goal of the Highway Commission and Good Roads Association: To give annual construction boosts starting at \$17,500,000 a year — to the highways in the State system above the F-M classification and below the Interstate classification.

Charles Alexander, of Lubbock, was installed as president of the South Plains Council, Boy Scouts of America, held recently, succeeding Cliff Cummings. At the same meeting James H. Word, J. M. Willson, Jr., and David Willson, the later of Plainview were named members of the executive board, and J. M. Willson Sr., was named one of the special board members.

WHERE'S THE MONEY COMING FROM? — Gov. Price Daniel's proposal that the 77th Legislature approve appropriations of \$300,000 for tourist advertising, \$100,000 expansion in the juvenile parole system and \$150,000 for repair to the San Jacinto Monument seemed to be in danger when Rep. James M. Cotten of Weatherford got the House to endorse appropriation of \$220,000 for special session expenses.

According to the State Comptroller's estimate, this would leave less than \$300,000 for the governor's projects. But Governor Daniel powwowed with Speaker James A. Turman and Senator Charles Herring, as well as State Treasurer Jesse James. He reported that James' first report on anticipated income from the Escheat Enforcement Act, submitted since the Comptroller made his estimate, lists more than \$2,000,000 in reports tabulated to date.

"I have asked the Comptroller to consider this," Daniel said, "and I believe it will be possible for him to raise his estimate enough to take care of the recommendations before the Legislature."

The Senate Finance Committee came up with a compromise bill authorizing \$200,000 for tourist advertising, \$75,000 for monument repairs, \$65,000 for the juvenile parole system, plus \$79,000 for a marine laboratory at Seabrook.

include water bills — such as one to create an Alice Sater Authority, one to authorize construction of a water treatment plant for Lubbock and six other communities which participate in the Canadian Municipal River Water Authority.

Sen. Andy Rogers of Childress presented a bill to allow purchasers of gas for irrigation from utility companies right to seek rate regulation from the Railroad Commission, as cities do. Rogers said companies selling irrigation gas often charge farmers a higher rate than set in nearby towns.

Atty. Gen. Will Wilson told the Supreme Court that if it sustains riparian irrigation rights for Spanish and Mexican land grants on the lower Rio Grande, "the vast orchards of the Lower Rio Grande River will die from lack of water because the upstream riparian can, in times of shortage, absolutely deprive the downstream owner of the right to water."

TOWERY JOINS LAKE—Secretary of State P. Frank Lake has acquired a new director for the corporation division. He is Robert L. Towery, 29, of Austin. Towery was one of former District Attorney Les Proctor's assistants. He replaces Pat Cain who resigned to run for the Travis County.

Short Snorts The Texas Municipal League reports that nine states including Alabama, Arizona, California, Louisiana and Mississippi allow cities to levy sales taxes, in addition to state sales taxes. Internal Revenue District Director R. L. Phinney reminds farmers and ranchers that they must file self-employment tax forms, even if they owe no income tax for last year.

Marshall Fernby has officially opened his race for governor. Sen. Crawford Martin of Hillsboro announced for lieutenant governor. Waggoner Carr, former Speaker of the House, paid his \$1,000 filing fee as a candidate for attorney general. Austin attorney Les Proctor vacated his post as Travis County District Attorney for the same post.

Roy Fawver, Duane McClintock, Alvin Battey, Earl Edwards and Mrs. Q. D. Williams. Mr. and Mrs. R. I. Bennett visited the Flukie Smiths Saturday night. Mr. and Mrs. Geary Jackson, of Canyon, also visited the Smiths from Wednesday to Saturday. George will help judge at the Amarillo Fat Stock Show this week.

Mr. and Mrs. Macyl Orman and children, of Ft. Worth visited Mr. and Mrs. Earl Edwards Saturday for supper. Mr. and Mrs. Q. D. Williams attended the Quarter Horse Show at the Amarillo Fat Stock Show Tuesday. They visited with Mrs. Williams' cousin, Bobby Jones, of Dumas, who showed his registered quarter horses.

Mother of Mrs. Leslie Claimed Last Thursday Mrs. Margaret E. Parish, 89, of Ralls, mother of Mrs. Roy Leslie of Floydada, died Thursday morning about 8:15 in the Crosby County Hospital where she had been confined nearly a week. Mrs. Parish had been in ill health for a number of years but only seriously ill about a week. Death was attributed to heart failure.

Funeral rites were conducted Saturday afternoon in the First Methodist Church at Ralls. Burial was in Ralls Cemetery. The Rev. Fields, pastor, was assisted by Rev. Conrad Ryan. Mrs. Parish, the former Maggie Owen, was born in Johnson County, Tex. She and her late husband were married December 24, 1895. Mr. Parish died in 1944. At the time of his death he was an active farmer in Ralls where the family had resided since 1925.

Survivors include one son, C. E. Parish of Ralls; three daughters, Mrs. Ernest Tibbets of Plainview, Mrs. Leslie, Floydada, and Mrs. Barney House of Ralls; four grandchildren and two great grandchildren.

JOE FANCHER HAS PROSPECT OF SIX WEEKS IN HOSPITAL Joe Fancher, who entered the Plainview Medical Center last week for surgery, is reported to

Mr. Fancher, who was painfully burned several weeks ago in an accident at Edmondson, had an operation to remove a portion of his forefinger on the right hand and deteriorated skin of his heel.

At a later date grafting of the burned places will be made. His parents said that the Floydada man would be in the hospital for another six to eight weeks.

Supreme Court appointed Gibson R. Randie of Austin to succeed the ailing Judge Mallory B. Blair on the State Board of Law Examiners.

Governor Daniel reappointed E. M. Decker Jr. of Jacksonville to the Texas State Railroad Board, and reappointed C. B. Godsey of College Station, Dr. A. W. Young of Lubbock and Emmett Harper of Martindale to the State Seed and Plant Board.

Eleven people from the Lakeview area joined the band of two hundred who went to Austin for the protest of higher natural gas prices. The party left Sunday and are expected to return Tuesday or Wednesday. Among the group were Mr. and Mrs. W. Earl Edwards, Mr. and Mrs. Holt Bishop, Charlie Wright, Milton Harrison, Alvin Battey, Odell Breced, Louis Pyle, Weldon Hammonds and William Bertrand.

Bob Golightly arrived home for the weekend from the air base at Austin. He bought a new car and returned to his base. Mr. and Mrs. Howard Bishop, Mike, Greg visited relatives in Lubbock Saturday. They visited Mrs. Bishop's sister, Mrs. R. J. Teel and family and her brother, Winston Brown and family. The men went to the basket ball game at Tech that night.

Mr. and Mr. Charlie Wright and daughters visited Mr. and Mrs. Don Martin in Lubbock Saturday. Lubbock visitors in the Flukie Smith home Saturday included Mrs. Barbara Smith, Mrs. R. B. Smith, Miss Barbara Smith, and Frank Smith.

Mr. and Mrs. Duane McClintock visited Mrs. R. L. Nichols in the Lockney Hospital. She is improving. Lakeview Home Demonstration Club met with Mrs. Clifford Helms Monday. This was a change from the usual date as the agent could not be present Thursday.

Mrs. Helms gave a five minute talk on how our emotions at home affect the way we drive on the road. Parents who teach courtesy and kindness in the home behaviour will see their manners and regard for others on the highway. Miss Phyllis Roggendorf displayed an assortment of laundry aids and discussed effective methods for different strengths of detergent. The council committee recommendations were voted on and accepted by the club. The hostess served spice cake, cheese crackers, mints and tea and coffee. Members present were Mmes
