Can A Hospital In Floydada Stay Out of The Red?

With many of our civic leaders working hard to see what they can do about securing a better hospital plant for Floydada, one with a larger staff of doctors, some are asking "Can a hospital break even in Floydada?"

Carl Prichard at Peoples Hospital says it can. His report to the Texas Hospital Association shows that for the first time in history Peoples Hospital in Floydada operated the first seven months of 1962 without a deficit.

Upon examining his report further we find that the hospital here with a limited number of doctors is only caring for a small percentage of the people of the area. Many cases, probably most of the cases requiring surgery, are going to Lockney, Plainview, Lubbock and other hospitals where there are a larger number of surgeons and MD's available at all hours.

Most of these people leaving town are the ones who can pay their own bill and this loss to the local hospital is keenly felt. Prichard's report shows that for these seven months at Peoples Hospital only 12 operations have been performed, including one major operation and 11 listed as minor operations. There have been 38 deliveries during this same period.

The hospital maintains 18 beds for regular patient care and reserves the other 7 beds for periods of 100 percent occupancy. In January the plant operated at 65.7 percent of its potential and in May went as low as 41.7 percent.

If a new hospital plant and larger staff of doctors could rate higher in the convenience of our area people then it would seem to have a much better chance of operating in the black and at the same time give much better service to more people.

Hill Burton Looks Good. If a hospital project here could qualify for a grant under the Hill Burton Act then this would reduce the amount of money to be raised locally by one-half. Though I do not know where \$300,000 would come from it would surely be more within our reach than \$600,000 would be.

A little opposition has been voiced locally on our trying to make use of Hill-Burton if the project is to be pursued. The line of thinking behind this being that too much federal money is being spent and that these people are opposed to this type of spending, and to the burden it puts on the tax payer.

Perhaps they are partially right... we do not presume to know, but if there should have been a fight against the measure it seems that the fight should have been waged at a legislative level before it became the law of the land. Now Hill-Burton money is going to most all towns (except Floydada) and our tax dollars help to build these hospitals for others. Why exclude ourselves? Little Floyd County is not going to stop a measure that most people like... one that is being used by liberals and conservatives of both the Democratic and Republican party.

I wonder if with the same line of thinking they would say that a farmer should not accept a government check for leaving out of price support prices. That the farm program is not a good one so let's not take this money. Speaking for myself I will say that I would be the first man in line for the leave out check or the Hill Burton grant. Be the laws of the land and all of us are laws good or bad they are the pay the bill. Until something better comes along let's use what we have.

The Russian People May Need Time

The people of the West, most of whom believe in both freedom of the individual and the democratic process, must understand the mentality of the Russian people if we are to exploit the limited chance of influencing these currently under the yoke of Communist totalitarianism. It is often asked how the Russian people patiently put up with the evils and limitations of the Communist system. First of all, one must remember that these people have never known real personal freedom and democracy and know nothing better than what they have today. The standard of living in Russia was lower under the Tsar than it is today under Communism. The Communists, helped to power in 1917 by the Germans, to whom the Communists surrendered, have had forty-five years now to indoctrinate the people and only the elderly can remember the times of the Tsar and the last years of the Tsar's reign were years of terrible hardship.

So how much can we expect from the Russian people, blinded for all these years and knowing only that today, little as they have, they are better off than they were under the Tsar, materially? Our expectations must be reasonable. We can expect the Russian people to eventually demand more freedom and democratic process, and we must do everything we can to penetrate the Iron Curtain and tell the Russian people the true story of the free enterprise system. But it may be a slow development. We cannot expect the Russian people to suddenly and immediately understand or desire our system. Nor can we assume that our system is so perfect that merely as an example to the world it will eventually win over everyone to its cause. That will

Aiding Communist Countries

A full-fledged debate has sprung up in the United States over the question of aid to such Communist countries as Yugoslavia and Poland. The spark was ignited when Congress recently revealed its distaste for aid programs to Red countries. And when congressional action limited this aid strictly, State Department officials bitterly complained that opponents of the aid to Communist countries did not understand its purpose, were acting emotionally, etc. Just what is the purpose of this aid? And are opponents of it in the dark, reacting emotionally, as proponents claim? Opponents of aiding Communist-dominated countries, contrary to being emotional, as is charged, are often more realistic than the theorists who favor this program. They believe: First, that though some aid to Yugoslavia, to encourage its independence, was justified, that present-day aid to Communist countries, perhaps with some exceptions on a small scale, cannot be morally or logically justified. That aid to Communist-dominated countries such as Poland helps the Communist government more than the people.

FHS Students Are Attending Tech Press Workshop

LUBBOCK, Aug. 12 — High school newswriters from throughout Texas and surrounding states have registered for the fifth annual West Texas High School Press Assn. workshop at Texas Tech Aug. 12-16.

Sponsored by the Tech journalism department and the association, the four-day meeting covers newspaper and yearbook writing and editing and photography techniques.

Prof. W. E. Garets, Tech journalism department head, is director of the newspaper workshop and Phil Orman, Tech student publications director, is supervising the yearbook workshop. The photo-journalism division is headed by Ralph Selmeier, assistant professor of journalism.

Lakeview News

By Mrs. Wayland Jones

LAKEVIEW, August 13 — Congratulations to Mr. and Mrs. Carl Brock of Floydada on the birth of a baby girl. The young lady was named Tina Ann. She was born August 9 at 2:05 a.m. in the Crosbyton Clinic Hospital. She weighed six pounds and seven ounces. Maternal grandparents are Mr. and Mrs. Warner Johnson of Lakeview, and paternal grandmother is Mrs. Emma Brock of Floydada. Both mother and baby are reported to be doing well at this time.

Mr. and Mrs. Wayland Jones and children were Sunday dinner guests of Mr. and Mrs. Weldon McClure. Others present were Brother F. C. Bradley and Phyllis of Floydada, Brother and Mrs. O. N. Reed, Mr. and Mrs. Brice Allen, Judy, Nancy, Janie and Susan, of Mt. Blanco.

Mr. and Mrs. Fred Jones and Jean are vacationing this week. They left early Friday morning for Six Flags over Texas. They will also visit relatives in various parts of Texas and Mississippi.

Homebuilders HD Club Enjoys Tour Of Business Firms

Members of the Homebuilders HD Club met at the home of Mrs. L. L. Sawyer on Aug. 9th at 8 o'clock and went on a conducted tour of some of Lubbock's business firms. The group visited Baldrige Bakery, Avalanche Journal, Morton Food Co. and while.

The courtesy extended to us by our guides, as well as those to whom we asked questions was wonderful. The information we received and seeing bread baked, potato chips made, how a paper is published and interesting facts about the museum made a day well spent.

The fun of being together, a lunch in the cafeteria, a short shopping trip, and refreshments at Mrs. Ernest Kendrick's was enjoyed by all.

Members making the trip were Mesdames Floyd Fuqua, Raymond Evans, Ronney Evans, Charles Horton, H. W. Roberts, Raymond Mayfield, Ernest Widener, Ernest Kendrick, Wallace Trapp, Ann Widener, Monty Winger, Jack Fuqua, Bruce Horton.

The club will meet with Mrs. Charles Horton on Sept. 4th at 2:30.

Something you should think about if you're about to buy a truck:

If all trucks were built the same way, cost the same to keep up, were worth the same at trade-in... then probably the price tag would be your only concern. It can't be, of course, because some trucks have more quality than others. And marks of quality are the real keys to low cost.

Chevrolet trucks, for example, have double-wall construction, which gives bodies and cabs more strength. Cabs are insulated against heat, cold and noise. A big part of road shock, which shortens truck life, is damped out by Chevrolet's suspension system; it also makes riding in the truck a pleasure. Pickup bodies and cabs are separated to eliminate stress between them.

Value such as this has induced more people to invest in Chevrolet trucks every year since 1937.

This can be a good time to buy a modern new Chevrolet truck

Late summer traditionally is the season for all-around savings on a new Chevrolet truck... selection is still good... deliveries are prompt... and Chevrolet dealers are doubly anxious to put you into a new vehicle in order to make way for next year's models. Coupled with the efficient performance a new Chevrolet truck will give you, it seems evident that you couldn't buy at a better time.

Come in and take full advantage of it.

GP Conservation Program Gets Job Done Fast

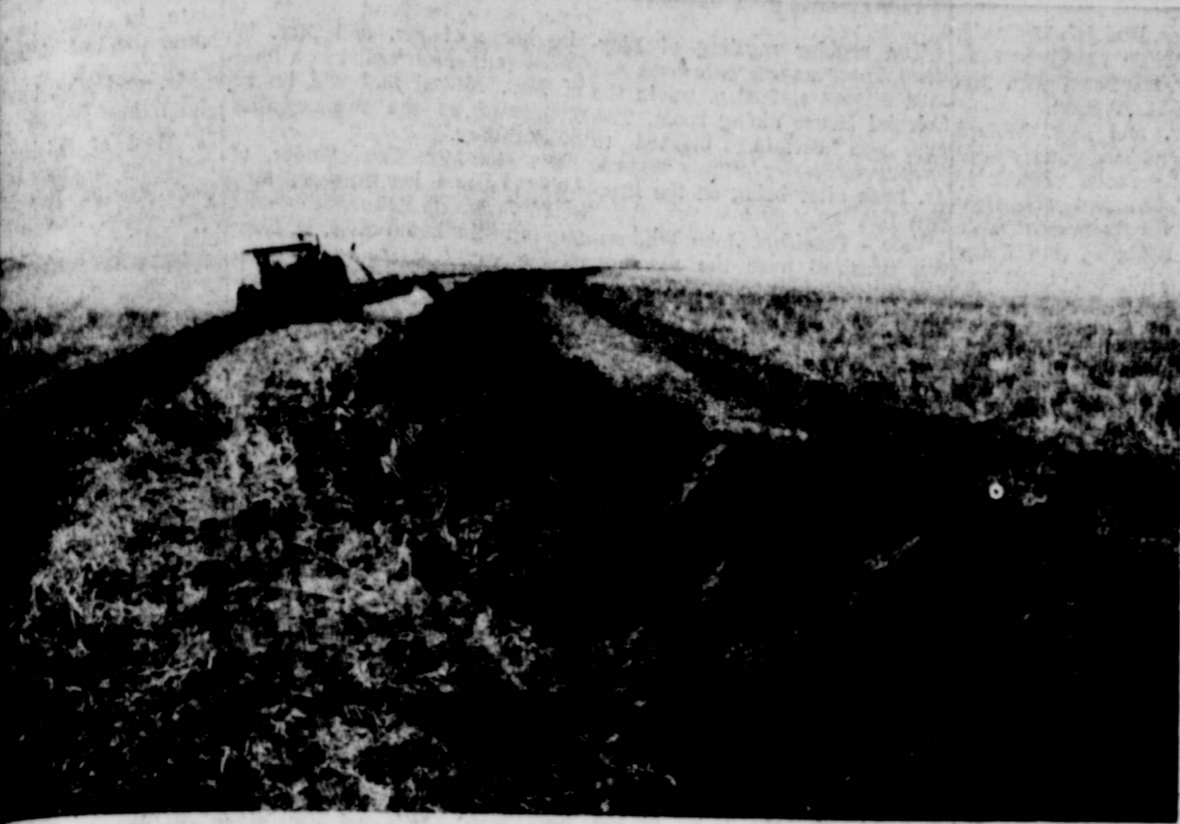

Farmers seeking the fastest possible method of applying their conservation plans have found that the Great Plains Conservation Program enables them to get needed jobs applied faster. The G.P.C.P. is a contract type program that provides cost-share assistance of 50 percent to 80 percent on needed practices with a maximum cost-share of \$25,000 and a \$2,500 limitation on irrigation practices.

The G.P.C.P. was approved by Congress under Public Law 1021 and provides for cost-share and technical assistance to farmers and ranchers in making needed land use adjustments and applying conservation practices where needed. It is a long range conservation program designed especially for the states that are in the Great Plains area that lies east of the Rocky Mountains and extends into the areas of Texas where the rainfall is below 25 inches.

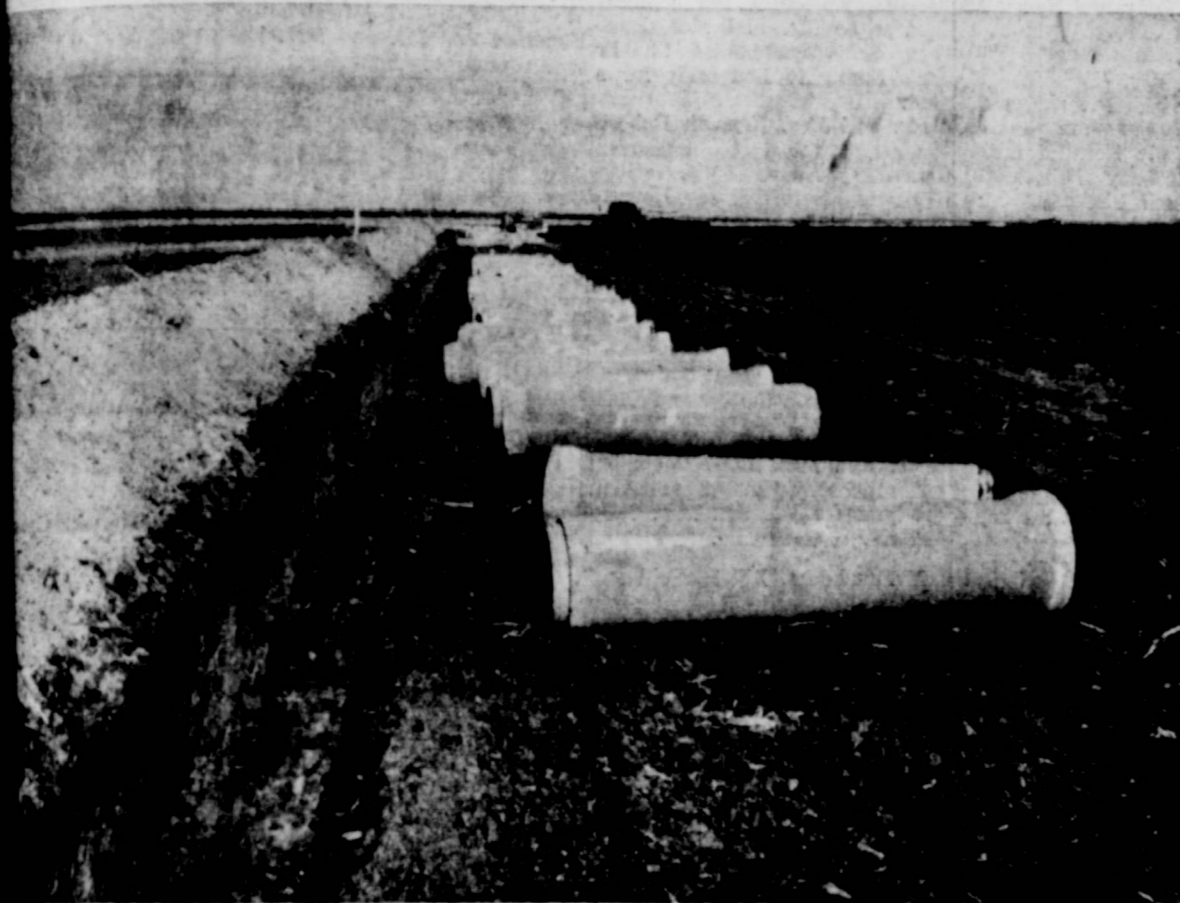

To participate in this voluntary program the farmer must make application to the Soil Conservation Service office which administers the program. Assistance will be given to help the farmer in developing a plan of operations for his land that meets the needs of the land. A contract is for a minimum of three years and can not exceed 10 years in length. All needed practices are scheduled by years according to the speed in which the farmer wants to complete the needed work. Amounts of cost-share that is available for each practice is listed in the contract.

Practices for which cost-share is available and are being used by local farmers and ranchers are: grass seeding, brush control, water wells, water storage facilities, land leveling, irrigation pipelines, terraces, diversion terraces, waterways, cross fencing, livestock ponds and farmstead windbreaks. One practice on which considerable interest was shown this year was the establishment of Midland bermuda grass on land that was formerly cropland. It has been estimated that more than 400 acres of this grass will be established this year.

To date the local Soil Conservation Service office has developed 57 contracts with land owners in Floyd County that provided for a conservation plan with all the needed conservation practices planned and scheduled. If you have a conservation problem contact the local S.C.S. office for information and technical assistance in solving the problem.

UNIFORM GRADE being installed by land leveling on Gene Probasco's farm. This allows improved efficiency of irrigation through more uniform water application. Cost-share through Great Plains Conservation Program amounts to 50% up to \$25,000 per acre.

UNDERGROUND IRRIGATION pipeline being installed with cost-share provided through the Great Plains Conservation Program on C. L. Henderson's farm at Sterley. Cost-share of 50% provided for irrigation pipeline when included in an overall complete plan of conservation.

PHOTO SHOWS construction of a diversion terrace on W. A. Cox farm northwest of Floydada being built under the Great Plains Conservation Program. Terraces of this type are suited both on irrigated and dryland farms. They are used to break up concentration of water, break up slopes, and heal gullies. The excess water is emptied out on grass. There are many farms in Floyd County where this practice is needed. The GPCP will pay 70% of the cost of construction.

PHOTO SHOWS cross fence recently built under the Great Plains Conservation Program on the Charlie Lewis ranch east of Floydada. Up to 50% of the cost can be paid under the GPCP. This practice is applicable on range land and is used to break up large pastures so that cattle will graze grass more uniformly. It helps to prevent over grazing small areas in a large pasture.

"I am now convinced that oppressive weather has a decided effect on some personalities," he said. Scientists call the effect of weather on people "bioclimatology."

DIVORCE STUDY STARTS — House Interim Committee on Divorce held its first meeting.

Committee, headed by Rep. Renal B. Ross of Snyder, was created by the 57th Legislature to study divorce laws, with special attention to: Rights of children; methods of promoting and protecting family life; and possible ways to encourage reconciliations.

Texas now has the fifth highest divorce rate in the nation. More than 28,000 divorces were granted here in 1961.

Members of the study group include Reps. David Crews of Conroe, Paul B. Haring of Gold, Henry Fletcher of Luling and Charles Whitfield of Houston.

MENTAL HOSPITALS CROWDED — State mental hospitals are crowded with elderly persons physically but not mentally ill.

Dr. C. J. Ruilman so reported to the House Committee on Saving Taxes.

Dr. Ruilman, director of mental health for the State Hospital Board, said about 25 per cent of the 16,000 patients in state hospitals are more than 65 years old.

"Our problem (in cutting state hospital costs) rests with patients who are physically sick," he said.

"Of 3,500 elderly patients in state hospitals, only about 1,400 have serious psychiatric disorders."

HELP FOR RURAL HOSPITALS — Although federal funds have financed construction of more than one-third the hospital and medical facilities in the state under the Hill-Burton Act, most of the aid has been given to big city institutions.

Officials of the State Health Department, who make recommendations for the aid, feel that smaller communities have been penalized under former measuring standards. When new building allotments are authorized for Hill-Burton assistance in September requests from rural areas will be weighed according to "relative need."

So far Hill-Burton projects around the state have been built at a total cost of \$310,433,369 with the federal government footing \$110,102,770 of the bill.

The Hill-Burton program is so popular in Texas that federal financing is twice the national average of 15 per cent of total cost.

CRIME EXPLOSION — Texas prison wardens and agencies interested in rehabilitation of "first offenders" are being haunted by the expected population bulge just as are schools.

Post-war bumper baby crops which started in 1947 are expected to hit the cell as well as the campus in full force in 1964.

BRUNET BEAUTY QUEEN

Fonda Curry of Ropesville was named 1963 Miss Texas Rural Electricification in Corpus Christi last week (August 9-10) during the annual meeting of Texas Electric Cooperatives, Inc. Miss Curry won the title over two other West Texas beauties, Kay Burleson of Friona and Shirley Stafford of Roaring Springs, who were finalists in the contest.

Miss Curry has black hair, dark brown eyes; is 5 ft. 6 inches tall; weighs 120 pounds; and measures 36" - 23" - 36". Her selection for the state beauty crown is the latest in a long list of local and area titles she's won.

She will represent Texas' rural electric systems in the national Miss Rural Electricification contest in Las Vegas, Nevada, in January, 1963.

Three phases of clemency — suspended sentence, judicial probation, and state parole — are being studied as a means of keeping youthful offenders out of the penitentiary.

Objective is to make the prison an old settlers' home for hardened, congenital criminals who cannot be rehabilitated, and who have aged in making their record.

MARKET TESTING HELPFUL — "People who have never known — and cared less — about brucellosis eradication are now getting their herds cleaned up," Dr. Seymour J. Smith told state animal health commissioners.

Awakened interest is due to the state-federal plan of market testing, under which a county can be modified or certified brucellosis-free without testing every herd.

Another animal health officer, Dr. H. H. Payne of El Campo, told the group that he never had seen anything like the mosquito menace in May, June and July, which caused an estimated loss of 50,000 Texas cattle and ruined many more in Jefferson and Chamber counties alone.

"Some cattle are permanently warped from the long period of stress," he said.

Payne said cattlemen in the two-county area may be "wide-open" for more trouble if fall showers cause the same condition that began when spring showers made mosquito-breeding beds out of brackish pools created by Hurricane Carla.

SCREWORM BATTLE RAGES — Weekly production of sterile screwworm flies has hit the 50,000,000 mark and is expected to reach 75,000,000 by September 1, according to Dr. G. D. Stallworth of the Texas Animal Health Commission.

He said the battle against screwworms, initiated a year ago, is going so well that the Kerrville sterile fly plant is being closed down and all produc-

tion centered at Mission. Outcome of the fight for screw-worm eradication this year may depend on winter's weather whims.

"We're at the mercy of winter weather," Dr. Stallworth said. "If a very mild winter occurs, the overwintering line that serves as a boundary for release of sterile flies, will have to be pushed farther north, and more resources and more flies will be needed."

NO DEATH FOR TAXES — Robert S. Calvert, State Comptroller, warns that merchants must pay the state sales tax on gross receipts despite a recent court ruling by District Judge Herman Jones.

Calvert expects a lot of merchants to quit paying the tax on sales of under 25 cents after reading about the ruling.

Judge Jones ruled that the state has no right to make the merchants pay while at the same time prohibiting them from collecting.

"There won't be any change until the suit finally is settled by the higher courts," Calvert said.

ADVOCAT E'S EFFICIENCY STUDIES — Rep. George Preston of Paris, member of the committee on Saving Taxes, thinks the state can save "a big hunk of money" by efficiency studies.

"I have a feeling that some agencies in government may have 10 people on the staff with work for only two of them," Preston stated.

SAFE DRIVING DISCOUNTS — Safe drivers have received a 10 per cent boost from the Texas Association of Insurance Agents.

More than 400 of its members, meetings in Austin, unanimously recommended that the state board establish a new system of credits for good-record drivers.

Urged was a 5 per cent discount to policyholders with an accident-free year; 10 per cent for two years; and 15 per cent for three accident-free years.

Texas' controversial "merit rating" plan was revoked on August 1.

CHEAPER SCHOOL BUSES — Texas school boards shopping for new school buses this year will find prices sharply below last year.

FIRST STEP TAKEN — Land Commission Jerry Sadler reports that an informal meeting early this month between the School Land Board and Submerged Land Advisory Committee marked the beginning of development of Texas' submerged lands.

He said the meeting "for all practical purposes initiated state industrial development of 1,500,000 acres of submerged lands and islands under the Reagan-De la Garza Act."

Sadler also plans to ask the Legislature to amend the act to include development of recreation facilities.

VET LAND INSURANCE — Veterans Land Board has reaffirmed its plans to offer credit insurance through a Dallas firm to 30,000 land purchasers despite a complaint lodged by Rep. Don Garrison of Houston.

William A. Harrison, insurance commissioner, advised Land Commissioner Jerry Sadler that a complaint concerning the company which will insure the veterans who borrow money from the state to buy land "seems to be an isolated case."

TEXAS OUT OF THE RED — Treasurer Jesse James reports that Texas' general revenue fund is out of the red after having been in deficit almost continuously for the past four years.

Revenues deposited to the credit of the general fund wiped out the deficit and raised it to a cash balance of \$4,601,020.

General fund may dip gain periodically, but is expected to at least break even at the end of the current appropriation biennium, a year from now.

OUTDOORSMEN MEET — Henry LeBlanc, president of the Sportsmen's Clubs of Texas, invited members of outdoor clubs, the Boat Trades Association and waterskiing groups to meet with the SCOT Boat Safety Committee in Dallas on August 24.

Enforcement of the Water Safety Act, regulation of boating, and building of boat ramps will be on the agenda. Also to be discussed will be the fees now being charged on some public waters for hunting, fishing and recreation.

Mrs. C. E. Neil, Amarillo, spent several days with her sisters, Mrs. Joe Evers and Mrs. Charley Battey. Mrs. Neil's son, Charles and his two daughters, Betty Ann and Linda Kay came Thursday for his mother. They all dined with Mrs. Battey and returned home Thursday afternoon.

VISITORS IN RING HOME — Visiting during the week with Mrs. Claude Ring were Mrs. Lee Ring, Mrs. Birdie Burnett and Mr. and Mrs. K. H. Foster, from Quanah. Visiting on Thursday were Mrs. George Cook, Ft. Worth, Mrs. Rube Hollar, and Mr. and Mrs. Theodore Swenson, from Spur, sisters of Mr. Foster. Mrs. Claude Ring went to Plainview Monday to bring Mrs. H. H. Hazelton, an old friend, to her home in Floydada for a few days visit.

Historical Survey Is Seeking Early Day Landmarks

In the first meeting of the local Historical Survey Committee here Friday morning it was developed that our area was painfully lacking in long-lasting building material in the pioneer days.

Conclusion was reached that man-made landmarks dating back to 1890 may have disappeared entirely. The search will be continued but has been fruitless to date.

The committee will report at the regional meeting in Amarillo Saturday indicating that a half dozen or so structures still standing bear dates as early as the late nineties. Some residences still in fair state of preservation are being included in the list that were built in the early years of this century.

The State Committee is urging every county to have at least a few buildings chosen and application made for medallions in time to be included on a state map and guide to be issued soon by the State Highway Department. Deadline is September 1.

Mmes. A. P. Barker, Sr., and L. M. Honear, together with publisher Edgar Hays, of Lockney, and County Surveyor, Walter D. Newell and Homer Steen, of Floydada, were members of the local committee who met Friday.

Judge J. D. McBrien sat in with the group informally. One project the local committee would like to see sponsored for

Future meetings will be contingent on developments.

Mr. and Mrs. J. C. Bailey, of Amarillo, were dinner guests of Mrs. G. C. Bailey Sunday. Mr. J. C. Bailey, brother-in-law of Mrs. G. C. Bailey, is recovering from an eye operation.

Erickson-Sparks Vows Repeated At Perryton, Tex.

Nuptial vows were solemnized in the sanctuary of the First Baptist Church in Perryton on Saturday, August 4 between Miss Ellen Erickson and John Sparks, of Floydada. The Rev. Ed. Jones, minister of the church, read the double ring ceremony at 7 p.m. before an altar banked by candelabra and baskets of white gladioli.

Mr. and Mrs. Joseph U. Erickson, of Perryton, and Mr. and Mrs. Alva L. Sparks, of Floydada, are parents of the newly weds.

Mrs. C. J. Stoll, of Denton, sang "The Greatest of These is Love" by Robert Bitgood and "Oh, Perfect Love" by Barnaby, as a closing prayer. Stanley Guy, of Booker was organist.

The bride was given in marriage by her father and wore a floor-length gown of white Peau de Soie styled in sheath fashion and crested in seed pearls and crystals around the scoop neckline and from the waist down and around the hem. The dress had a detachable train and three-quarter length sleeves. Her only ornament was a pearl and diamond drop which was a gift by her namesake aunt, Mrs. Warren D. Anderson, of Midland. Her bouquet was formed from gardenias on a white bible with Stephanitis. She wore a finger-tip veil of illusion caught to a princess crown.

Bridal attendants were Mrs. Norman Davis, of Amarillo, Matron of Honor, Miss Barbara Stollins and Miss Stacey Ellis, of Perryton. The bridesmaids were Mrs. Roy Stollings, Joe Foster, Clem Flowers, R. E. Waller, Paul Haywood, Harold Simpson, Joseph Harter and Mrs. James Ciesinski. Aunts of the bride assisted also. For traveling Mrs. Sparks changed to a suit of sea foam green silk with black accessories and the corsage from her wedding bouquet.

After a wedding trip to Red River and points of interest in New Mexico, the couple will be at home in Perryton for the present time until the bridegroom is called into military service. Mrs. Sparks attended Perryton High School, Hardin Simmons University and Texas Tech. The groom attended Floydada High School and West Texas State College. Out of town guests attending the wedding were Mr. and Mrs. Reynolds, Dallas, Mrs. Preston Maurice Steen and children, Liza D. Brewer, and Miss Brenda Beth and Brad, Midwest City, Okla., Brewer, Booker.

MRS. DONALD SPARKS

Broadway News

By Mrs. T. E. Thornhill
BROADWAY, August 13 — Mr. and Mrs. W. P. Rathel of Crosbyton were Sunday morning visitors in the church services. Was good to see them back at the home church again.
Many from our community attended the Golden Wedding Anniversary of Mr. and Mrs. J. H. Webb of Lubbock. We would like to say congratulations to this fine couple who are former members of our Community.
Mr. and Mrs. Jack Thornhill and children Pam and Brad of Amarillo were Saturday overnight visitors with Mr. and Mrs. D. D. Thornhill and Gary.
Preston and Mickey Givens visited while Sunday afternoon and played with Gary Thornhill.
Mrs. J. W. Stewart and Mrs. T. E. Thornhill were callers Saturday afternoon in the Burl Wall home. Bobby Wall of Lubbock spent Saturday helping his dad.
Mrs. M. R. Givens is limping and to us it looks as if she has a very bad foot, having struck her foot against a plow sweep one day last week when helping Preston clean off the plows. We hope that her foot is better.
Seems so many ladies have been busy putting fresh vegetables in the freezer and canning. After all this is the time of year when the days do not have enough hours in them to do all of the jobs that need to be done each day, or at least that is the way it is at our house.
Little Miss Cosandra Cossey was a caller in our home with her grandmother Mrs. Frank Cossey Wednesday of last week. She is the little daughter of Mr. and Mrs. Frank Lee Cossey of Lubbock.
Rev. and Mrs. L. E. White and Karen visited with Mrs. White family in Oklahoma last week.
Milton Joplin has been in the Crosbyton hospital since Friday of last week. We were told Sunday that he was better. Seems the Virus bug hit him. We hope he will soon be well again.
Some few of the farmers have combined a little of their early feed. Hoyt McClure said he started to cutting Saturday afternoon. It seemed a little bit green, so he thought that today, Monday, it would be very ready. But we caught a little shower around here early this morning, not very much but enough to keep them out of the fields for awhile. And as I write this it is still heavily clouded.
We have certainly been having our part of the hot weather, though it seems other places have been even hotter. However the late cotton has really been doing fine or so it seemed.
Mrs. J. W. Stewart visited with Mrs. Kenneth Leatherwood and Amy and Mrs. Billy Cornelius in the Cornelius home one afternoon last week.
Mr. and Mrs. T. E. Thornhill visited while Sunday afternoon in the L. R. Rainbolt home. Sam B. Rainbolt and grandchildren David and Tanna Rainbolt all of San Saba and Karen Wassell of Ft. Worth were week end visitors in the Rainbolt home. Karen Winegar spent the day with Jan. There were also a couple of boys who live around there visiting Doug.
Mr. and Mrs. Kelton Winegar visited Sunday with Mr. and Mrs. R. M. Spence in Floydada. Late

in the afternoon they came by the Rainbolts to take Karen home.
The J. W. Stewarts accompanied by little Miss Beckie Bell of Spur were among those attending the Palvador reunion at McKenzie Park in Lubbock Sunday. The Palvadors meet the second Sunday in August each year for their reunion.
Mr. and Mrs. Duane McClure and girls, Mr. and Mrs. Ronald McClure and children were Saturday visitors in the home of Mr. and Mrs. Hoyt McClure.
Mr. and Mrs. A. L. Winegar and Georgia Ann were Sunday visitors with Mr. and Mrs. D. D. Thornhill and Gary.
A well planned program that coincided with the T.E.C. program.
Mr. and Mrs. Tom Hutchins attended a Family Church Retreat at Ceta Glen Canyon over the week-end.
Mr. and Mrs. Delbert Smith's guests over the week-end were her parents, Mr. and Mrs. Dave Underwood of Winters.
Mr. and Mrs. Ronnie Dalton spent the week-end in Littlefield with his parents, Mr. and Mrs. Lloyd Dalton.
So nice to have L. A. Williams of Amarillo and his son Aaron of St. Louis, Missouri come by Monday for a visit at the Lighthouse.
Mr. and Mrs. Charlie Wright and girls of the Lakeview community were co-op visitors on Monday, getting information on freezing vegetables and checks on the new appliances.
John Shanklin, Albuquerque, Irrigation Specialist for REA was by the Lighthouse on Monday on his way to Tulsa for a meeting.
Our visitors from Crosby County were Mrs. Clarence Rathel, Mrs. Kenneth Havens, Shellie and Timmie, Mrs. Fred McDougle and Sharon, Monday afternoon.
Mrs. Gene Collins of Lockney and Mrs. R. L. Knox also of Lockney and Mrs. Charles Craig were by the Lighthouse Monday afternoon. They are busy with plans for Ladies Day at the Floyd County Fair. Mrs. Earl Edwards, Sr., is the other member of that committee. They are putting lots of thought and work into making this an outstanding event. So be sure to watch for further announcements and make your plans to attend.
Mr. Ed Fort, Westinghouse Representative, tells us that if you want a delicious pie—one that is a bit different — just add some peanut butter to your favorite cream pie recipe. Sounds good, let's try it!
Nicky Henry, son of Mr. and Mrs. Melvin Henry is in the Lockney hospital, suffering with an infected ear.
Claude Weathersbee and Ed Polan attended a credit union meeting at South Plains Electric Cooperative, Inc., in Lubbock on Monday night.
Tom Spurlock, father of Mr. Johnny Statts, is in Peoples' Hospital seriously ill.
Clarence Rathel, Riley Tesague, Gerald Lackey, Maurice Campbell, Henry Scarborough, Odell Breed, Directors, Melvin Henry, Manager and Ben Ayers, Attorney were present for the August Board Meeting on Tuesday the 14th.

KAREN GOEN

Miss Karen Goen Will Wed Oct. 6

Mr. and Mrs. M. P. Goen announce the engagement and approaching marriage of their daughter, Karen, to William O. Daniel Smith of Arlington, Texas. Smith is the son of Mr. and Mrs. W. O. Smith of that city.
Wedding vows will be repeated October 6 at the First Baptist Church in Floydada.

Kitchen And Field Report

from Lighthouse Electric Co. Inc., by Nancy Morckel, Home Economist
Hershel Carthel, President of the Floyd County Fair Association Board of Directors, says: "Howdy folks... Welcome To The Fair September 6, 7, 8, 1962."
It is our pleasure to welcome you to the Ninth Annual Floyd County Fair. Since the last fair, and through the efforts of some very good friends of the fair, we now have a "home of our own". Anderson-Clayton and Company has graciously donated the grounds and buildings to the Floyd County Fair Association. Henceforth we will be able to proceed confidently with needed physical improvements to the buildings and grounds, as well as with improvements in the fair program from year to year.
We live in one of the best agricultural areas in the world populated by the finest people on earth.
The Fair serves as the show place for the products of home and garden, arts and handicrafts together with those commercial and agricultural products proudly displayed for the public to see and enjoy.
Business people find it a wonderful place to display their wares to prospective customers. Considerable labor and planning go into staging of the fair and I wish to take this opportunity to thank everyone whose efforts help to make the fair a success. Our county has been beautifully endowed by nature; so let us pause from our daily rushings to and fro long enough to count our blessings, and give thanks that our lot has been cast in this great land of opportunity.
Our neighbors, old friends, and new ones too, will be at the fair looking for you. See you at the Fair Hershel Carthel, President.
Delbert Smith, Power Use Advisor for Lighthouse Electric Cooperative, Inc., and I attended the Annual Power Use Meeting held last week in Corpus Christi, along with the state-wide meeting of Texas Electric Cooperatives. Binie L. White, Power Advisor at Lyntgear Electric Cooperative in Tahoka, accompanied us. There

DIXIE RUTH BULLARD

Will Wed Aug. 26

Mr. and Mrs. Preston Bullard, former residents of Floyd County, announce the engagement and approaching marriage of their daughter, Dixie Ruth, to Darrell Crase, son of Mr. and Mrs. Ira Crase, of Kingscreek, Kentucky. Friends are invited to attend the wedding ceremonies which will take place in the sanctuary of the First Baptist Church, Portales, New Mexico, August 26 at 3:00 p. m. Miss Bullard is a granddaughter of Mrs. G. M. Bullard of Floydada. Both Miss Bullard and Mr. Crase are faculty members of Berea College, Berea, Kentucky.
Estacado, was a co-op visitor on Tuesday afternoon. She was in Floydada visiting her grandmother, Mrs. Cora Pace.
Mrs. Melvin Henry, Mrs. Henry Scarborough, Mrs. Odell Breed, Mrs. Herman King, Mrs. DuWayne Brewer, Kathy Cherry, Sheryl Berg and I attended the Ladies Luncheon at the State-wide Annual Meeting in Corpus Christi last week.
Mrs. Brewer and Miss Berg each had a part of the program. "Something To Think About — We are told "The secret of life is to carefully mingle youth with the years."

Jean Johnson Success School

FOR WOMEN

- Self Improvement Course
- Refinishing Course

SCHOOL DIRECTOR JEAN JOHNSON

COURAGE WITH CONFIDENCE, CHARM AND GRACE

Intelligent women throughout the nation are rapidly aware of their static condition. They recognize the truth maxim: "If we are not progressing we are regressing."

These women are flocking to self-improvement schools. Housewives, grandmothers, professional women and career girls are among the progressive women of satisfaction and success in their lives. You too can take advantage of the convenient school established for such as Jean Johnson.

Bringing forth the best attributes of women has been the profession of Jean Johnson. Her school is specifically designed to recognize and emphasize the latest possibilities of you as a woman. For the fortunate women who are enrolled in her school, and beauty are developed. Her school is much more than a mere charm school for she teaches the deep lasting beauty and soul as well as outward manifestations of beauty.

The most delightful woman is the one who is harmoniously emotionally and spiritually alive. To help you achieve this the Jean Johnson Success School places all of its facilities at your disposal. It strives to help you reflect city, sense, and sincerity which will make you a true the world-renowned ideal of an American Woman.

A survey made jointly by Coronet Magazine and the Carnegie Foundation investigated the causes of success in men and women. One hundred thousand dollars were given to 10,000 people interviewed. The results show that only 10% of our success in life is due to technical knowledge but 85 percent of that success depends on the following:

- The University of New Mexico conducted a survey of a thousand men and women who had been dismissed from jobs. Of these four thousand, 98 percent were found to have unacceptable character and personality traits.
- Franklin said: "If a man empties his purse into another man's can take it from him. An investment in knowledge pays the best dividends."

Her qualifications are based on three instructors' schools, as well as many other schools, success schools, and lecture courses in the country. She attended Texas Technological College and is an authority in the fields of fashion, grace, beauty, charm. Jean Johnson instructed the first internationally known by the Dale Carnegie Club International. State and all contests have many lectures. She has studied with Nancy Taylor, Howard Eades, John Robert Powers, Cotton Course in Conversation, Caroline Leonetti and New York City, Philadelphia, Dallas, Los Angeles and Jean Johnson is a past certified instructor for the Life School among others. This extensive knowledge plus research have produced a comprehensive course in the modern woman.

STUDENTS WITH PREVIOUS INSTRUCTION

Alta White - Lubbock, Texas (SW9-6992)
"Whether we desire it or not, we are constantly in the arena being examined, appraised, accepted or rejected by others. Mrs. Johnson is a person who has developed from every facet: physical, mental, and spiritual. She has enthusiasm, practices human relation principles, adept at imparting her knowledge to the student in self. She can teach the interested class member how to do her clothes budget, and how to enhance one's natural, corrective make-up. Mrs. Johnson is able to help each develop into a truly charming lady. Charm is a little more intangible something that all the world clamors to have but not bought, borrowed or stolen. The improvement about from having trained under Mrs. Johnson in my course priceless."

Frances Ann Smith - teacher at Allen T. Stewart School
"Jean's training is just as important to me as my own. It helps you decide what you want out of life and makes you happier that you in turn can give others happiness."
Svbi Law - top salesman in the world for Lutzer's Co. (SH4-347)
"I urge all women to take this training for I believe in the life of every woman. I think women are made to make a lot more money after gaining this knowledge."
Miss Lubbock, 1960 - Annette Corcoran (PO3-6441)
"I would like to thank Jean Johnson for helping me win the Lubbock contest. I will always be grateful to her for her instruction."
Mrs. Mike Fisher - Lubbock, Texas (PO3-6441)
"I am sincerely grateful to Jean Johnson for, through instruction, I have enriched my life in many ways. I have accomplished things I never dreamed of doing. This course has many times what it cost."
Sveva Baskette - Secretary for State Savings and Loan (SW5-317)
"It has been my privilege to be associated with Mrs. Johnson in Dale Carnegie and Dorothy Carnegie Classes. I have the opportunity to study under two nationally recognized and it is my honest opinion that Mrs. Johnson surpasses her ability and technique."

WE INVITE YOU

... to join us at the Jean Johnson Success School for accepting this invitation you will find the amazing power and personality hidden within you. Practically everyone learns how to assert itself. This training is for every woman who is not content to regress but is in constant progress. I can sincerely say you will receive \$500.00 worth of good from this course. If you are not guaranteed your money back."

"With the completion of this course you will find the self-confident, vibrant woman you've always wanted. Self-confidence is the basis upon which you will find new happiness, new friends and much more pleasure."

Sincerely yours,
Jean Johnson
