GOOD CROP BUT LATE HARVEST is the word from Floyd County farmers, who have been anxiously eyeing the skies and hoping for a dry streak in the weather. Several operators got in a couple of days last week-end before dampness moved in to stop machines again. The above picture was taken on Friday at the Doye Moore farm southeast of town. The cotton field is white as a snow bank and production estimated by some as a bale and a half or more per acre. Operating the stripper is Charles Chandler who was waiting for his crop to dry out a little more and had moved to his neighbor's field.

FLEETA SMITH

Fleeta Smith To Try For Bronze Dancing Trophy

The story below was taken from "The Westerner World", Lubbock High School paper, which was written by Pauline Edwards. It concerns Fleeta Smith, daughter of Mr. and Mrs. G. C. Hillborn of Floydada. Missy Girl Changed to Champ.

"Our daughter is too clumsy," said the six year old's father to the mother. "Let's enroll her in a dancing school." Little idea had Fleeta Smith's parents that their offspring would later become the youngest professional dance instructor in Texas.

The Lubbock High School senior, who has given lessons privately in her home, taught dancing at Maxey Community center last summer.

Her first course as a first graduate consisted of ballet, tap and acrobatics and was taught by Mrs. Janette Davise, a Norwegian dancer who toured with the U. S. Army Corps during the Korean War.

"After I started, my mother discovered that my lack of agility was due to poor eyesight," after that her main worry was not to make me practice but to keep me from dancing all of the time," Fleeta said.

At nine years old when she was studying tap and ballet her most painful experience she recalls is that she was five years younger than the other 11 members of her class.

After two years of figure skating Fleeta took up ballroom dancing where she was offered the job of instructing the summer course.

She is not teaching winter sessions. Her instructor felt it would be too hard for her to teach and work for a trophy at the same time. Although Fleeta has the bronze medal she is working for the bronze trophy.

To achieve that goal she must attain ten stars in ten dances, take a test under a qualified supervisor and give an exhibition before an audience consisting of professionals, students and guests. Fleeta lacks three steps in the ten dances and her final exhibition.

The young dancer does not plan to make a career in dancing, in stead she plans to be a medical secretary. "I enjoy dancing but I would not choose it as a profession", she commented.

Dougherty News

By Mrs. W. J. Ross

DOUGHERTY, November 26 — This area received during the early morning hours Monday an inch or more rain. While the rain is beneficial to the wheat, it will definitely delay the cotton harvest several days. Although most farmers have started machine harvesting their cotton the consensus of opinion is that it is not quite ready.

Because of the mildness of our autumn, roses, petunias, marigolds, zinnias and chrysanthemums are still blooming in sheltered places in the yards which is an unusual circumstance in this area just a month before Christmas.

The period from Thanksgiving to January 1 has become designated in this generation as the Christmas season. Two or three friends report they have completed their Christmas shopping. Others have made fruit cakes. Various organizations will be celebrating with parties, luncheons, dinners soon after December arrives. Christmas week will be reserved by most people for trips to visit loved ones and family gatherings. Many families alternate their big dinner on Christmas Eve and Christmas Day. Thus the married children can visit each group of parents.

Once each 10 years, Texas' 31 senators must "draw straws" to determine who will serve a four year term, and who will serve for two years.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

AUSTIN —There have been some changes made! Veteran legislators sworn-in for a new term of office in a ceremony in the House of Representatives were pleasantly aware of a change of scenery since last January's special session.

The once-dark, dusky setting for the biennial battle of State lawmakers had been transformed in their absence. Every desk, chair and table had been refurnished to a glowing light oak shade. Shiny new seats replaced the drab, worn ones in the balcony. And the brass rails were gleaming.

BILLS - DRAFTING UNDERWAY

— Business really has picked up in the Texas Legislative Council the past two weeks. House committee turned to the 58th Legislature to consider. They provided the state's research unit with grist for numerous bills to be presented in January.

SENATE PAY PROBLEM

— About one-third of the House now have qualified for the 58th Legislature and have been added to the payroll. But the 10 new senators-elect probably won't start drawing their \$400 monthly pay until January 8, when the 1963 session begins.

A recent ruling by the attorney general that "members of the Legislature" now could qualify for the payroll brought inquiries from seven new senators as to whether they would be included. The term "Legislature" also applies to senate members.

But Sen. Culp Krueger of El Campo, acting lieutenant governor, and several other senior senators said the official opening date has been the customary time for senators to take office and they think the custom should stand.

SENATE SWEEPSTAKES

— A small glass bowl and a handful of tiny capsules will decide the political destiny of Texas Senators, come January.

Drawing is required by the state constitution. Normally, half the state senate is elected for 4-year terms, overlapping with the other half which still has two years left to serve. However, after each 10-year census and redistricting of the Legislature, all the senators must run for office.

Last time such a drawing occurred was in 1953. Nine senators who will face the glass bowl in January were around that year, and five of them drew two-year terms then. Ten senators will start serving their first term in January, and another will be attending his first regular session in the upper chamber.

HOUSE COMMITTEE ON SAVING TAXES

— headed by Sen. George Parkhouse, received a lot of attention during its hearings. Subjects under discussion included: A recommendation by the committee to end taxes on intangible property, such as mortgages on homes and stocks and bonds. Dallas tax collector Norman Register claimed this would cost his city \$3,500,000 annually.

Revision of regulation of the railroad industry, which is governed by about 300 state statutes, some of them outmoded.

Adoption of a merit salary plan for public school teachers. The committee's education subcommittee suggested keeping the present minimum salary scale and basing future changes on a cost-of-living index.

A recommendation by the subcommittee on highways and roads to keep two license plates on vehicles.

MICHAEL F. MCKINNIS

LACKLAND AFB, TEX.

— Michael F. McKinnis, son of Mr. and Mrs. Fayne A. McKinnis of 114 California, Floydada, Tex., has been commissioned a second lieutenant in the United States Air Force upon graduation from Officer Training School here.

Lieutenant McKinnis was selected for the training course through competitive examinations with other college graduates. He is being reassigned to Amarillo AFB, Texas, as an administrative officer.

The lieutenant received a B. S. degree from Abilene Christian College.

THE DISTAFF SIDE

— Only one woman will be seated in the Senate and two in the House of Representatives come January.

They are: Sen. Neville H. Colson of Navasota, Rep. Myra D. Banfield of Rosenberg, and Rep. Maud Isaacks of El Paso.

The small percentage of women legislators (1-30 in the senate and 2-148 in the house) is far from the course in state government. Although about 5,020,770 of Texas' 9,960,000 citizens are women, only 50 women are among the 561 appointees on 87 state boards and commissions—less than 9 per cent—and there are no women on the 30 boards and authorities which govern the state's waterways.

Gov.-elect John B. Connally stated in his campaign platform that he advocated "the appointment and selection of women in those areas of government in which the moral tone of the community is directly affected."

Several state agencies guided by gubernatorial appointees are responsible for the "moral tone" of the community, including: The Texas Youth Council, Department of Public Safety, State Liquor Control Board, Board of Corrections and Department of Public Welfare.

If women in Texas ask to share this responsibility, 1963 may be a political leap year.

OIL SUBGROUPS NAMED

— A recently named advisory committee of the Texas Railroad Commission has set up three committee subdivisions.

A liaison subdivision headed by J. E. Kendall of San Antonio includes J. W. Collins, Amarillo; C. G. Condra, Ft. Worth; J. I. O'Neill, Midland; Fred W. Shield, San Antonio; and E. Bruce Street, Graham.

A legal and drafting subdivision is headed by Attorney J. K. Smith of Ft. Worth. On the committee are A. R. Ballou, Dallas; F. H. Pannill, Midland; C. E. Thompson, McAllen; and H. R. Thompson, Houston.

The third division, a technical group, is headed by R. Clair Underwood, Wichita Falls.

Serving on this committee are M. D. Abel, Midland; E. T. Adair, Ft. Worth; Lester Clark, Breckenridge; J. W. Crutchfield, Corpus Christi; Roland Gouddy, Wichita Falls; Gene Howell, El Paso; J. C. Hunter Jr., Abilene; Ed Keeler, Houston; N. E. Loomis, Longview; and John Lynch, Houston.

Liaison subdivision, says Pres. James B. Russell of Abilene, will work closely with the Railroad Commission, the Texas Research League and other associations or bodies concerned with oil and gas regulations.

TEN-POINT PROGRAM

— The governor's Committee on Children and Youth is prepared to make several recommendations to Gov. Price Daniel. They include: Expansion of the state juvenile parole program of the Texas Youth Council.

Creation of a state home for dependent and neglected Negro children who cannot be placed in foster homes.

Raising from 14 to 16 the age limit for a child's inclusion in the aid - to - dependent children grant.

Expansion and improvement of child welfare services to deal with prevention of family breakdown.

Recommendations are based on reports from several committee members who also are representatives of state agencies.

JUVENILE JURISDICTION

— Juvenile courts lose jurisdiction over minor delinquents who come of age before the court can commit them to the Texas Youth Council.

Atty. Gen. Will Wilson said that juvenile court "after judging a minor to be delinquent and placing him in temporary custody once the minor attains the age of 17 in the case of a male, and 18 in the case of a female."

CENTRAL STATE OFFICE

— The State's 24 licensing boards may soon be placed under a single administrative agency.

That's the recommendation being considered by a special House interim committee studying operations of the boards.

Now each board has its own administrative office.

The Texas House committee is studying states that reportedly save money by having a central office, thus pooling secretarial and clerical help.

Under the proposed plan, each board would continue to conduct its own examination of applicants.

HISTORICAL MEDALLIONS

— The Texas Historical Survey Committee awarded historical building medallions to 17 buildings noted for their place in Texas history.

Included were the John Dewberry home near Ballard; Gary House near Starrville; Gingerbread House in Chireno; Leverett House in Overton; the county courthouse at Dickens; Halfway House near Chireno; the W. A. Brown home in Jacksonville, and Shelby County Courthouse in Center.

Also, the Moores-Watts-Pryor home in Texarkana; First United Presbyterian Church at Ballinger; Central Christian Church in Nocona; Episcopal Church in Menard; Mission San Sabá; First National Bank in Jacksboro, and Field Officers' Headquarters at Fort Richardson.

TEXAS STANDS SEVENTH

— Texas tied with Georgia, New Jersey and Tennessee for 7th place among the "Top Ten" States in industrial development for September.

Twenty-five new plants were opened in 21 towns, according to the Texas Industrial Commission. Small towns such as Center, Big Spring, Hallettsville, Knox City, Willis Point and Yanis, as well as big cities, were successful in attracting industry.

CAMPAIGN COSTS TOLD

— Democrat John Connally spent less to win the November general election than did his defeated opponent, Jack Cox.

Expense reports filed with the Secretary of State show Connally spent \$193,740. Cox reported spending a total of \$261,072.

SCREW WORMS WIDE-SPREAD

— Dr. John L. Wilbur, Jr. of the U. S. Dept. of Agriculture's Animal Disease Eradication Division reported that all but 13 counties were infested by screwworms in the period from September 23 to October 27.

Screwworm-free counties were Ector, Dallam, Sherman, Hansford, Ochiltree, Camp, Cass, Martin, San Augustine, Sabine, Jasper, Newton and Orange.

Under the screwworm eradication program, 351,551,050 sterile flies were released in October in an area bordered by Terrell County on the west; Coleman, Brown and Comanche counties on the north; Calhoun County on the east and the Mexico border on the south.

LCRA VALUE INCREASED

— The Lower Colorado River Authority increased its assets by \$967,266 during the fiscal year that ended June 30, 1962. Assets now total \$74,612,618. The Author-

ity's net worth increased from \$3,500,000 to \$26,948,937. Revenues from plants at Austin, Buchanan, Granite Shoals, Inks, Mansfield, Marble Falls, Comal, Kerrville and the new Gulf Coast Water division totaled \$540,404, while expenses totaled \$418,103.

EIGHT FIELDS "SLANTED"

— The slant - hole scandal has spread into eight fields in seven East and South Texas counties. Latest summation by the Texas Railroad Commission indicates 212 illegally deviated wells have been discovered by inclination tests in 127 leases in the eight fields.

Involved so far are the sprawling East Texas field, with wells in Rusk, Gregg and Upshur Counties; Coke, Hawkins and Quitman fields in nearby Wood County; Danville field in Rusk County; Friendswood-Webster field in Harris County; Gamado field in Jackson County; and Hopson field in Karnes County.

SHORT SNORTS

— The Texas Society to Abolish Capital Punishment has announced that legislation will be introduced in January in a new effort to abolish the death penalty — House general investigating committee has ordered a contempt of the Legislature citation drawn against former Gregg County Judge Earl Sharp for his failure to appear at a committee hearing.

Lockney Funeral Home Director Dies Saturday

Ed E. Carter, funeral director of Carter Funeral Home in Lockney, died there Saturday morning after an illness of some six months. Eastern Star Has Slated Meeting on Thursday Night

Eastern Star held a slated meeting Thursday night with Mr. and Mrs. Roger Poage and Mr. and Mrs. Doyle Walls as hosts. Plans were made for the chapter's annual Christmas dinner which is to be held on December 13.

There was a time when rural industry consisted of the saw mill, the cotton gin and little else. Then the rural electric systems were organized and rural industry began to hum.

Industries native to the rural area were joined by a host of manufacturing, industrial and processing projects, attracted by the steady dependable, efficient electric service furnished by these member-owned electric systems.

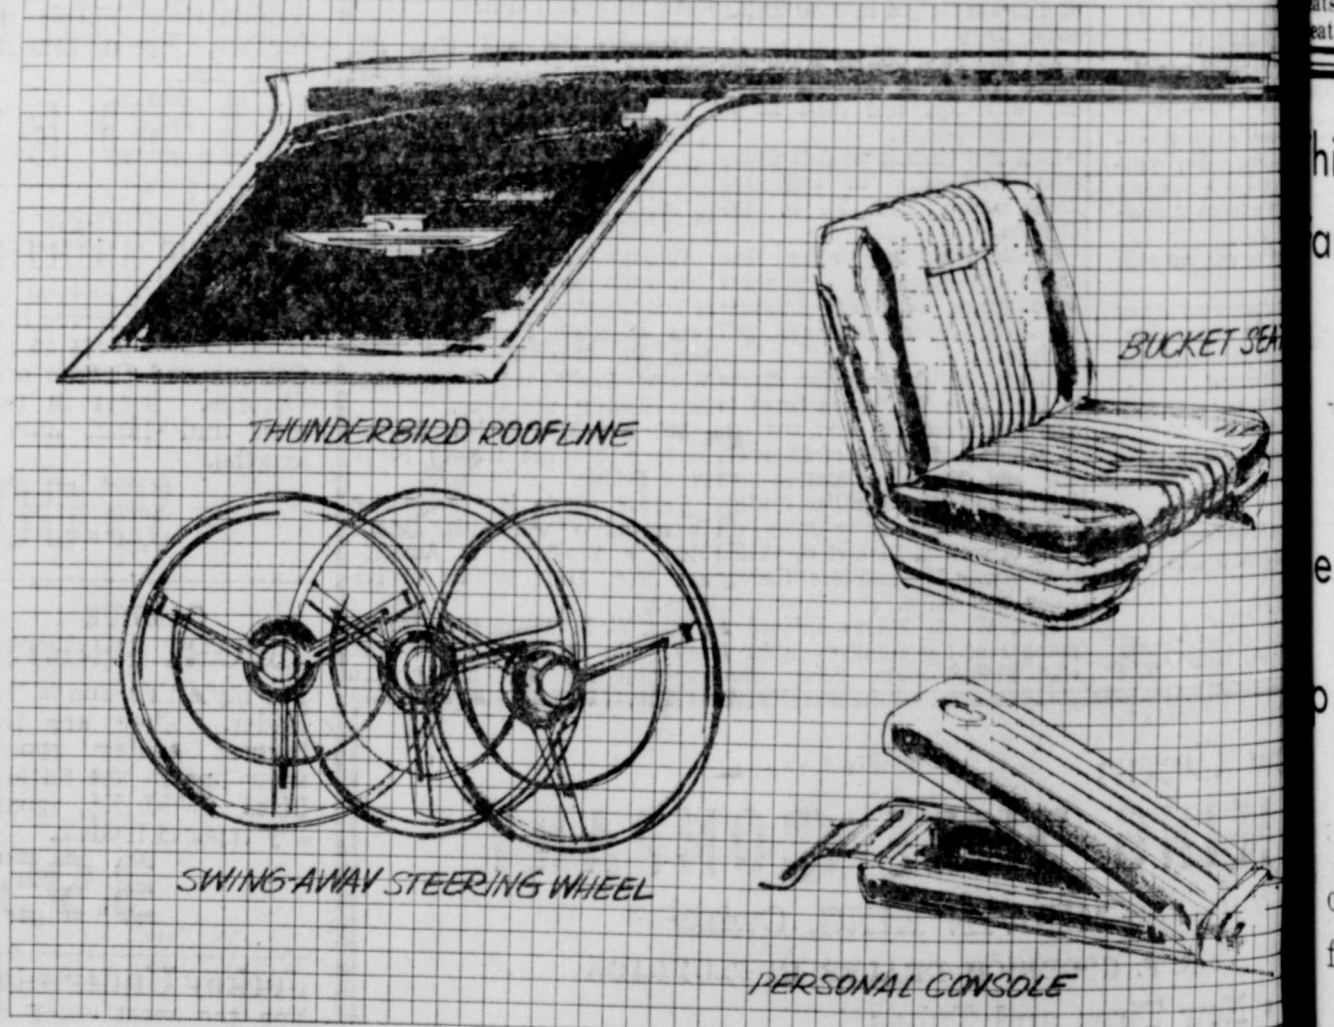

Farms and ranches became more productive and a billion dollar a year market for electric appliances was created.

The electric cooperatives of Texas have been good for everybody, warming hearts and homes of rural citizens creating a billion dollar a year market for home town merchants and furnishing dependable power for rural industry.

Center News

By Mrs. J. E. Green

CENTER, November 26 — How surprised we were when we woke up this morning to the patter of rain! One heavy shower, a calm

then a roll of thunder, lightning and another heavy shower, about an inch in all. But with daylight the clouds melted away. So like an April shower and here after Thanksgiving. Good on wheat but how about the cotton ready to be pulled?

Church was so good yesterday at Calvary. Some were detained at home due maybe to after Thanksgiving guests. Others brought their guests with them to church. Music so good, it most always is at Calvary Baptist Church. Don't we love to hear Brother Zinn sing? And we were treated to a quartet at the Sunday evening service.

Thanksgiving day was a day of get togethers and feasting for many. For the J. E. Greens, they took the day off to have a virus. But better now.

Thanksgiving holiday guests of Mrs. John Carey and Nancy were all her children and families except a son-in-law, who is overseas. Present were Mr. and Mrs. Pat Maynard and baby, of Paris, Mr. and Mrs. Bill Muncrief and babies, of Colorado City, Mr. and Mrs. Lyndal Carey and baby, of Center, and Mrs. Margaret Colley. Also present was Mrs. Roy Meek.

Holiday guests of the R. C. Ross' were their daughter, Mrs. Robert Robinson and family, of Roswell, their son, Melvin Ross and family, of Sunray, Mr. and Mrs. Bob Guffee, of Hale Center and Mr. and Mrs. Clarence Guffee, City. Friends who called in the afternoon were Mr. and Mrs. H. B. Mankins and Mr. and Mrs. W. A. Lovell.

Mr. and Mrs. Walter Sims ate Thanksgiving dinner with their daughter and family, the Charles Hortons. Weekend guests in the Horton home were boy friends of Bruce and Phil, Jack Fuqua and Kenneth and Gene Smith. A cousin, Clarence Sisson, of Lockney, was also present for the dinner.

Mr. and Mrs. Leo Frizzell spent Thanksgiving day with their daughter and family, the Garvin Beedys of South Plains.

All the J. D. Welborn's children and families of those married, were present for Thanksgiving dinner at the parental home. These were Donna, of the home, Bobby and family, Mr. and Mrs. Nolan Arney and Steve, Mr. and Mrs. Roger Gooch, Floydada, and Mr. and Mrs. James David Welborn and girls, of Canyon. Jimmy Dunn and family, of Lubbock, spent Thanksgiving with his parents, the Frank Duns.

Holiday dinner guests of the Thomas Warrens were Mrs. Ola,

Questionnaires From Va Will Go Out Nov. 30

The veterans Administration will mail some 11,800 annual income questionnaires with November 30 pension checks to beneficiaries in the West Texas area. Robert W. Sisson, manager of the VA Regional Office in Lubbock, Texas said today. These annual income questionnaires go to veterans and dependents of deceased veterans on pension rolls and to parents of deceased veterans who are receiving dependency and indemnity compensation.

Everett Patterson, son of Mr. and Mrs. Felt Patterson is improving at home after being dismissed from a two-weeks stay in the Hospital at Lubbock, Pat-
tern Public Service at Lubbock, Davis, Noble Grand; Pauline Turner, secretary; Peggy Medley; treasurer; Valree Turner, financial secretary; Laules Par-
son; Minnie Faye Thomas, alternate representative; Leona Oden, team captain; Barbara Hatley, degree all children of the late Mr. and Mrs. R. F. Fry, pioneers of lodge deputy.

Present for the gathering were Lackey, Linda Morris, Pauline Mrs. John Cook and daughters of Faulkenberry, and the deaths of Kerrville: Myrtle Hale of Wichi-John Marsh Sr., and the father of Amarillo: Mrs. George A. Linder of a Petersburg lodge member.

tabulating machines when they are returned. They must not be folded, trimmed or mutilated in any manner. The VA manager emphasized that the cards should be returned promptly to the address in the upper right hand corner. This address should be copied exactly as it appears on the form. Sisson pointed out that the earlier distribution will permit those with fixed incomes to return the cards at once, while those with earnings or changing incomes may still wait until they get their W-2 forms or other information they need to know in order to answer the questions. Veterans and dependents receiving pension under the law in effect prior to July 1, 1960, are required to report only their annual income. Persons on the rolls under the pension law that went into effect July 1, 1960, must also fill in a net worth item as required by law. Laws governing non-service connected pension payments require that the VA receive this income information every year. Payment of pension depends on the individual's need as determined by the amount of income received annually from sources other than pension, the VA added.

Floydada Lodge Elects Officers

The election of officers of Floydada Rebekah Lodge 77 was held Tuesday night of last week, after which members enjoyed a brief Thanksgiving program presented by Ruby David, Vice Grand, and refreshments of coffee and cookies. Those elected to serve in office starting in January were Ruby Davis, Noble Grand; Pauline Turner, secretary; Peggy Medley; treasurer; Valree Turner, financial secretary; Laules Parson; Minnie Faye Thomas, alternate representative; Leona Oden, team captain; Barbara Hatley, degree all children of the late Mr. and Mrs. R. F. Fry, pioneers of lodge deputy. Floyd County, met during the week end at the home of Mr. and Mrs. Sam Henry in Lubbock, Tex.
