Recipe Of The Week

We are sure housewives have a favorite recipe, one that is quick, appetizing, a fancy dish, a new dessert. Share it with your friends and neighbors. We would like to know about it and so would our readers, so we've begun this column to give you the opportunity to exchange recipes with your friends and neighbors. Each Thursday we will carry a favorite recipe and a picture of the housewife submitting it. Call Peggy Medley at the Hesperian or mail your recipes to Box 848, City. We'll pick one each week, it may be yours. This week we are sharing with you a recipe out of the kitchen of Mrs. Howard Gregory, "Blueberry Icebox Pie.'

Blueberry Icebox Pie

Crust: 11/2 c graham crackers 1 stick oleo 2 c. powdered sugar Mix and press in 8 x 10 pan Filling: 1 - 8 oz. pkg. cream cheese 1 c. sugar and 2 eggs Mix ingredients. Put on crust and bake 20 minutes at 350 degrees. Let cool, then add one can of blueberry pie filling on crust. Spread, add whip cream and chill

REPORTING THE SAFETY STORY through the nation's press plays a big part in the home, farm and highway accident prevention programs of the 2,300,000 4-H'ers across the country. Here the eight top winners in the National 4-H Safety Program put together an issue of the mythical "4-H Daily Press" to help generate even more safety news. Sitting in as "editor" is Anthony G. De Lorenzo, vice president of General Motors. Each national winner received a GM \$400 college scholarship. In addition, GM gave them and 34 state safety winners all expense trips to the National 4-H Club Con-gress in Chicago. General Motors has been 4-H Safety Awards donor since 1945. Left to right are: Sandra Price, 18, St. Francis, Kansas; Gayle Gillen, 17, Sparta, Tennessee; Jewell Yordy, 21, Mor-ton, Illinois; Bobby Cofer, 18, Forest, Virginia; Jeannette Arburua, 18, Bakersfield, California; Mr. A. G. De Lorenzo; Leeland Alexander, 17, Okmulgee, Oklahoma; James Lowe, 17, Morrison, Colorado; and Phyllis Brooks, 18, Auburn, Massachusetts.

A Dedicated Board Needs Help

The Peoples Hospital board has worked for the advancement . . . and in some cases even the continuance of this needed hospital in the Floydada community.

They have worried, worked, and endeavored to maintain its services here . . . and of course the pay they received has been terrific. A pay check each month of an occasional word of encouragement or the hope that more doctors can be secured for the hospital.

The board faces several problems . . . uppermost is the problem of bringing more doctors to the hos pital and the community. Secondly, they need a remodeling job. Inside, the hospital is modern, clean and well equipped with X-ray room, laboratory, operatdedicated business director. Outside, the general pub-lic sees what appropriation of \$250, women who have qualified since

Bennett's Building Material Floydada hone YU 3-2170

Observing that many Floydada families live in house trailers, a Hesperian reporter set out to interview some of them to see how they liked living in these "moving homes" and to learn something of their occupations.

Approximately 14 of Floydada's house trailer families have just moved here from Seminole and will be seismographing for Atlantic Refining Company until Spring. At present they are seismographing near Cone, south of Floydada. A total of 18 persons are employed by the company, four are not married.

The Leroy Liphams live in a 50 foot trailer in the northwest area of town. Mr. Lipham is in the paving business and the couple has two children. They have lived in a trailer for several years and find it is the best home for their type of business. When the G. J. Luke family was interviewed, the reporter was surprised when told that the family had five children and an "at home" - however it Aunt was later explained that they all lived in two house trailers instead of the one 45 foot, two bedroom in which they were eating breakfast.

Luke and boy, Billy, have an enjoyable hobby which centers around seven greyhounds - they do a lot of rabbit hunting and have chased coyotes with the hounds. Luke is a paint contractor, and their trailers are located in the northwest area of Floyda-

The C. E. Durham family lives in a trailer house because they couldn't find a home for rent in Floydada and "because we just like living in one." Their trailer is 42 feet long and eight feet wide, it is a two bedroom and they have three children at home. Durham is a mechanic.

One of the nicest trailers in town is the over \$7,000 one owned by Mr. and Mrs. E. F. Lake. It is 55 feet long, and has three bedrooms with a large living room area. The Lakes have lived in trailers for the past six years - have lived in Floydada the past two and a half years. They moved here from Farmington, New Mexico. Lake is with the Dallas-Mavis Transport Company. They have two boys and a girl.

It is evident that "trailer house folk" make good citizens of any community. They join or attend the town's churches, work in the children's school activities and most are big sport fans.

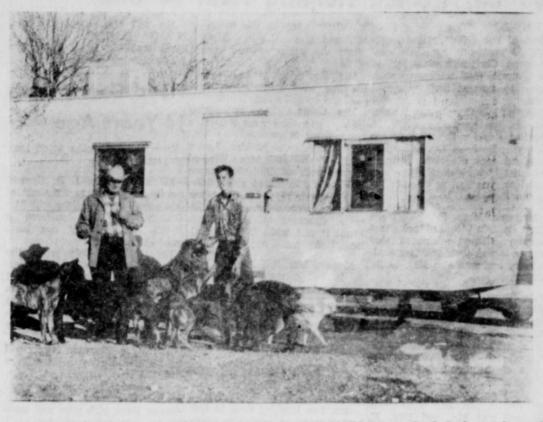

The George Selmans' moved here about a month ago from Seminole with the Atlantic crew They live in a one bedroom modern trailer and they have a pet named Peter, a parakeet. Mrs. Selman brags about the time they lived in a town "a whole year" without moving! She is a native of Billings, Montana, and he is a native of Fort Worth. They enjoy the conveniences of TV. and like most of the trailers have air conditioning for the summer time.

Mrs. Selman said that Floydada people were friendly and that they were enjoying their stay here. She said that they moved on an average of every month or six weeks, but hoped to be here until February or March. The J. C. Singers, like the Selmans live in the Hollums trailer court in the southeast area of Floydada and occupy a 55 foot trailer. Mrs. Singers said their first trailer was 32 feet long and they "just love" the one in which they now live. Singer is a gin worker and was formerly a farmer north of Floydada. They have no children at home, but enjoy the large trailer when some of their children visit them. It is a two bedroom style. They lived in their first trailer in Ros well, New Mexico.

Another Atlantic seismographer interviewed was Al Auer. Al and boys were home watching TV while the wife was out shopping. Al said this was his fifth move for 1962. Their trailer is 42 feet long and a two bedroomer. Al said that he was here in 1959, when his crew was seismograph ing for Atlantic - so it's his second time to live in Floydada. He also lives in the Hollums trailer court. He has been seismographing for the past nine years.

The Revis McGrew family has lived in a trailer house for the past three years. They recently moved to Floydada from Louisvill Kentucky. He is the director of music and education at the First Baptist Church. The McGrews have three children and their trailer home is a three bedroom, 55 footer. McGrew explained that although trailer houses seemed high priced, it must be remembered that a person buying a trailer house also receives his furniture, drapes, etc. in the deal.

The McGrews enjoy air conditioning, central heat and even have enough room for their piano.

GREYHOUNDS GO WHERE THE FAMILY GOES - G. J. Luke and son Bill get in a lot of rabbit hunting no matter where they live with these seven gre. hounds. Luke is a painting contractor and enjoys living in Floydada.

Former Rssident G. I. Young, Is **Killed In Paris**

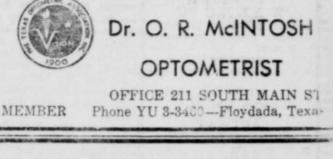

Mrs. Bill Holliday returned home Monday after attending funeral services in Paris, Tex for an uncle and former reside of Floydada, G. T. Young, 54. Mr. Young was killed instan Friday night about 9 o'clock when his car hit the rear end of parked truck in Paris. He was apparently blinded temporarily by approaching headlights, rela tives said. Rites were conducted in the

Paris Funeral Home Chapel with burial there.

The deceased formerly opera ted a cafe where Solomon's Jew elry now stands, then later work ed for Wester Groc. He cam here in 1926 and married the former Victorine Fitch, whos father at the time operated a dairy west of town.

After going into the Army an later discharged Mr. Young and his family moved to Paris where at the time of his death he open ated a magazine warehouse. Survivors include his wife; on son, George and a daughter Mrs. Betty Player of Dallas. Als surviving are two grandchildren

one born just four days prior to Mr. Young's death.
