IT'S PLENTY OLD! . . . the se Floydada High School seniors found he snov a lotof fun last week when snow and sub-zero weather hit hey are Janice Trapp, left and Charlie Caldwell.

No doubt about it - it was pulenty c-o-l-d this past weekend when reports of sub-zero weather made the big news for this area.

Floydada plumbers worked a-

round the clock on frozen pipes, traffic slowed down as many automobiles were too cold to start - and it was just as well, because streets were icy and dan-

How cold did it get? - well, it eems there are many thermometers in town and many different versions and readings. Every-one agreed that the proverbial parbed wire fence between Amarillo and the North Pole was down - and "colder than a well diggers bits on the north side of Possibly the lowest thermom-

eter reading report was from Melvin Davis, employee of Pioneer Natural Gas. Melvin reported his thermometer recorded 17 degrees below zero.

Si Medley's thermometer recorded 11 degrees below zero.

corded 11 degrees below zero.
Radio Station KFLD reported nine below.

A Hesperian reporter interviewed some of the old timers

to see if this was the coldest spell according to their recollections and received the following comments:

Sanford Webber - "In 1933 it got down to 17 below in Plainview, where I lived at that time. My thermometer registered nine below last week - thermometer was on the north side of my

Henry Edwards - "Never seen it so cold with so much sunshine. - wonder if it killed the boll

W. N. Anderson - "In 1917 we had snow on the ground for six weeks - it was real bad with that flu epidemic on at the same

D. G. Ayres - "January 17th of 1930 it was 14 below zero here in Floydada - my thermometer registered zero Friday and Sat-

W. M. Goode - "In 1929 or 1930, we had to feed our steers out at Barwise for thirty days when snow was on the ground water pipes were frozen two foot below we ground and watering the cattle was a big problem

just how cold did it get?" Calvin Steen - "It seems like 1933 the city water pipes were frozen up in the west and north parts of town - stayed cold for quite a spell.'

Thomas Pierce - "I moved to the Plains in 1904 and particularly remember the big snow that came in November the next year. Dad and I drove our two horse buggy into Plainview from the ranch east of Plainview and the buggy axles drug the snow all the way. It wasn't particularly cold, but it was one big snow. In 1933 it was 17 below zero here, think it stayed 40 be low for eight days at Cortez, Colorado that time. Seems like it

got mighty cold in 1918 also." W. W. Emert - "November 8, 1906 we had three zero degree days with a continual snow storm. After the storm was over, the snow was 18 in. deep on the

J. T. McLain - "I've been here since 1887, came to this country in a covered wagon pulled by a span of white mules believe it got down to 20-22 below zero in 1898."

Gas Fumes

Mr. and Mrs. Carl Jarrett of i04 S. 3rd became deathly ill Friday night when gas fumes from a hall heater engulfed their house. The raising of a window near the couple's bed probably saved their lives. Both were doing nicely Monday after a rather trying two days of headaches and

Mrs. Jarrett said all day Friday she had a headache and dizziness but thought little of it. thinking possibly she was coming down with a virus. She spoke to her husband about it nd both made remarks that it might be from the heater.

They retired for the night leav ing a window near their bed raised about two inches. about 1 a. m. Mrs. Jarrett said she awoke with a severe headache, arose and started for the kitchen for an aspirin but realized she wasn't going to make it, so she started back for the bed. As she fell upon the bed it awoke her husband and he proceeded to get up to turn the heat-

he collapsed. Mrs. Jarrett said she didn't know how she got to his side but she tried to arouse him to no avail. She made it back to the bedroom and threw the window wide open. She remained in a semi-state of consciousness and kept calling for her husband. A short time later he was able to crawl to the bed and began to feel better. Both evidently fell back to sleep and Mr. Jarrett awoke at 6:30 and called the doctor for his wife. Saturday and Sunday for Mrs.

Jarrett were spent lying down most of the time getting over her dizziness. Mr. Jarrett suffered no after effects.

-16 at Lubbock

When Old Man Winter climbed out of hibernation nearly 30 years ago and shoved the mercary to Lubbock's all-time low temperature of 17 degrees below zero, some of the effects were similar to those now.

The South Plains had been basking in mild weather for six weeks before cold weather struck

SCHOFIELD BARRACKS, HA-WAII (AHTNC) - Army Specialist Four Dixon T. Kinard, 28, son of Mrs. Lavada P. Kinard, 1004 S. Leonard St., Floydada, Tex., is participating with other members of the 25th Infantry Division in a three-week training exercise in Hawaii.

Specialist Kinard's unit, Bat tery A of the divisions's 11th Artillery, has moved by sea and air from its home station at Schofield Barracks on Oahu to the Army's Pohakuloa Training Area on Hawaii for combined mobility and firepower exercises with other divisional units

Specialist Kinard entered the Army in 1954 and arrived in Hawaii on this tour of duty in March

Former Resident B. B. King Dies

Word was recently received here by friends of the death of B. B. King, who formerly was n the furniture business in Floylada, moving from here about 5 years ago.

Mr. King died on November 27. His store was located on the north side of the court house square where Boren Furniture is

now located. Survivors include his wife and a son, Bob. Both reside in San Antonio where the family moved

Hesperian Editorials

The Case FOR Safety Belts

The American auto industry may equip all new cars with seat belts starting in 1964. The Ford Motor ant groups have opposed the teaching in public schools Dear edit Company made the proposal through the Automotive of Manufacturers Association. The AMA has held committee meetings on the idea and its board may vote on it this month.

around \$75 million a year. But it would save thoucands of lives.

A boy the world has doubled since 1951, ber I and keep goung in the feeling the years and it's getting worse as more having bigger and bigger

Government and safety officials also favor the plan. They estimate that seat belts in universal use, could save at least 5,000 lives a year.

many serious wrecks each year. We see persons mangled ... we see tatalities pulled from the broken wind- of the Bill of Rights and must be preserved for them only partly oken glass, telephone company. As I undershields and dashes . . . we see them with steering as well as Christian at all cost. wheels through their chests . . . naturally we are more

There's a new slogan . . . "don't be caught dead sitting on your safety belt". Once you have installed them in your auto, you must remember to belt them ile delinquency among Jewish children was far below. Today, as Session of around you . . . even for a trip to the grocery store. Men always remember to buckle the belts that holdtheir trousers up each day . . . buckling a seat belt should be a similar habit

Ther are many arguments for and against safety belts and the Hesperian reprints them for your consideration

FALLACY: "A seat belt might trap me in a fier crash, or under water.

FACT: Less than one serious crash out of 100 involves fire or submersion. Even in such crashes, belt wearers are less likely to be knocked out or incapaci-

FALLACY: "Most of my driving is speeds. Who needs a helt for that"

Public Notice

The public will please be advised that the ordinance pertaining to garbage within the City of Floydada is being violated by some, and this notice is to advise those who are violating this ordinance that the City Council will be forced to take appropriate action unless those who are violating the regulations desist in doing so. You are prohibited from piling, garbage, trash or rubbish of any kind in alley ways or streets unless suitable garbage cans which are covered with a lid is provided for this purpose. Heavy accumulations, such as brick, clinkers, cinders, dirt and plaster, sand or gravel, automobile frames, dead trees and other bulk heavy material must be disposed of at the expense of the owner or the person responsible for same under the direction of the designated official of the City.

Meddling with garbage can and or receptacles or in any way pilfering, scattering, or junking in any alley or street within the City Limits is prohibited, failure to comply with these provisions will be an offense and each day's failure to comply will contitute a separate offense. All garbage cans and receptacles shall be kept in sanitary condition and closed tightly to keep down odors and flies and so protected that the wind cannot blow out and scatter same over the streets and alleys.

Burning of trash, rubbish or weeds within the City Limits is strictly prohibited for it is a fire hazard not only to the owners property but to your neighbors property.

This ordinance was enacted by the City for the protection of the health and well being of the citizens.

We may in some intances not be able to make pickups as promptly as we, or you, might like but we are making every effort to accommodate every person and we respectfully urge you to cooperate with
