Approximately 165 Floyd farmers and businessmen attended the fifth annual Soil Fertility Day program in Lockney Tuesday. The event was sponsored by the Fort Worth and Denver Railroad, Texas Extension Service, Lockney Chamber of Commerce and the First National Bank of Lockney.

Assistant County Agent Darrell Smith was general chairman and Wilbur Adams, Aiken farmer was morning chairman.

Adams introduced W. O. Trodgen, head of the department soil and crop science, Texas A & M who spoke on fertilizer programs for grain and cotton.

Trodgen told the group that soil tests were the best first steps toward a good fertilizer program for both crops. "Use fertilizer, but analyze your particular soil problems," Trodgen said, and his slide presentation showed that fertilizer doesn't need to be covering the roots, but should be side dressed nitrogen in the case of growing crops.

He also stated that a bumper crop included good management decisions by the farmer, fertilizer dealer, and extension service.

Next Adams introduced Bill Gunter, area agronomist from Lubbock who spoke on "Cotton Diseases".

Gunter said the best plan to prevent seedling disease included the following:

1. Don't plant cotton too early—wait until soil temperature reaches 60 degrees for 60 days at eight inch depth.
2. Select disease resistant variety of cotton seed.
3. Plant acid delinted seed.
4. Use good chemical seed treatment.
5. Plant cotton up on "bed" in-

Gas Users Assn. Meeting Feb. 12

Several items of business will be discussed at a special called meeting of the Floyd County Gas Users Tuesday night, February 12 in the district courtroom.

Time for the meeting has been set at 7:30 p. m.

President of the Floyd County Assn. E. J. Kinslow, reports that several items of business pertaining to past and future actions will be discussed and David Burgess, president of the Plains Irrigation Gas Users will be on hand to report on 1962 activities of the organization.

New officers will also be elected at the meeting and Tom Hutchins, county ASC head will discuss the grain sorghum program and answer any questions about it.

Kinslow urges every farmer in the area to attend whether he has an irrigation well on natural gas or not.

McMorries And Company School Board Signs Contract For Property Evaluation

The Floydada school board signed a contract with the McMorries & Company, Inc. ad valorem tax consultants, to begin work immediately on compiling a list of appraisals and evaluations of all real property, residential, commercial, public utility and railroads in the school district at the regular board meeting Tuesday night.

Representatives of McMorries met with the board and outlined the plan of work. The board had previously checked out references of the company. McMorries is the only company of this type in the state which can furnish a

Construction On Four Lane Highway Begins This Month

Bell Telephone To Bury Cable East To Dougherty

A special telephone company project to stormproof telephone cable from a point five miles east of Floydada into the Dougherty area was announced this week by Wayne Brown, wire chief for the company in Floydada. Brown said the cable will be placed in a stormproof trench in order to protect it "from three of its worst enemies — ice storms, wind, and rain," all of which can, according to Brown, "damage a cable and cause service interruptions."

The wire chief said the new cable for the project is on order at the present time and that work is scheduled to begin sometime in March. He estimated it would take approximately 60 to 90

days to complete the project. The new cable will be spliced to existing aerial cable at a point five miles east of town and run underground for 10 miles into the Dougherty area. Brown said 13 other miles of "side leads" will also be buried at the same time bringing the overall job to 23 miles of stormproofed cable.

FELLOWS, IT'S BOY SCOUT WEEK... and it isn't too early to be pondering about joining up. That's what I will be doing when I become of age, seems to be what young Douglas Ed Simpson is thinking. The two year old is wearing the cap and scarf of his two older brothers, Steve, who is in the Boy Scouts and Mike, who is in the Cub Scouts. They are sons of Mr. and Mrs. W. H. Simpson Jr., of Floydada.

Local Scouts Will Attend Church Services Sunday

In observance of National Boy Scout Week, Floydada's scouts will attend church services Sunday in special groups.

The Cub Scouts will attend church services at the First Christian Church, the Boy Scouts will attend church services at the First Methodist Church. Both groups will attend Sunday School classes at their respective churches.

Glen Jarnagan is cubmaster, Jim Word and J. E. Elza are scoutmasters.

Rural Mail Boxes Must Be Located On Right of Road

Postmaster Ed Wester issued the following statement concerning the location of rural mail boxes this week:

All Rural mailboxes must be located on the right-hand side of the carriers line of travel on all roads. State traffic laws, and the Uniform Traffic Code must be observed by rural carriers on all roads traveled by them. It has been determined that where the rural carrier must move to the left side of the road to serve a rural box, it constitutes a violation of the state traffic laws, and if an accident occurs the rural carriers insurance is void. This places a specific responsibility on the Rural Carriers to assure that rural boxes are located where they can be served safely without violating a traffic regulation or creating a traffic

News of Women

Mrs. B. Richards Given Surprise Kops Graduation

A surprise graduation ceremony was held for Mrs. Billy Richards, a member of KOPS, at the Jan. 31 meeting of Floydada TOPS Club. To become a KOPPS (keep pounds off sensibly) a person of TOPS must reach their desired weight goal and hold it for three months. Mrs. Richards has lost 19 pounds. She was awarded her KOPPS diploma, a corsage and gifts from the club.

Mrs. Helen Bertrand was announced as Queen For the Month, having lost five and one-half pounds during that time. She was awarded a bronze TOPS pin and the kitty.

Low calorie refreshments were served with a Valentine theme carried out in refreshments and decorations.

During the month of January the group lost an average of three and one-third pounds per member and gained only one and three-fourths pound.

The next meeting of TOPS will be tonight at 7 o'clock in the Production Credit room. Anyone three pounds or more overweight is invited to attend.

Golden Circle SS Class Meets

The Golden Circle Sunday School class met in Fellowship Hall of the First Baptist Church for a luncheon and social meeting on Jan. 26th, with 11 members present.

Mrs. R. A. Barrows brought the devotional and opening prayer was voiced by Mrs. R. L. Nichols. Members answered roll call by giving a Bible quotation.

Mrs. J. A. Hartsell related the story "Eliza" and closing prayer was given by Mrs. W. C. Sims.

Present for the gathering were Mrs. Pearl Fagan, Joe Wilson, Calla Wilson, R. L. Nichols, Pearl Martin, R. H. Smith, Eva Newson, E. F. Stovall, W. C. Sims, J. A. Hartsell, R. A. Barrows, J. E. Horton, L. A. Marshall and Marie Marshall.

The first prize winning girl and boy from the 5th grade class will read their 100 word essay on How I Feel When I See The United States Flag.

A basic step to foot health is recognizing and selecting a good pair of shoes.

Two important factors to consider when buying shoes are construction and fit.

Construction begins with the material used in a shoe, and leather is ideal for both shoe uppers and soles. Leather "breathes" because of a natural porous structure and thus allows fresh

WMS Organizes Round Table

The Women's Missionary Society of the First Baptist Church met on Wednesday, Jan. 30th in the church parlor for the organization of a WMS Round Table.

Mrs. P. D. Helms, mission study chairman, presided.

Mrs. Jack Porter was recommended as leader of the Round Table.

The meeting time was set for each fifth Wednesday with the meeting to be a luncheon and a review of books by those reading. Books were checked from the library at the close of the session.

Mrs. Andrew McCulley read the calendar of prayer and Mrs. Vesta Savage voiced prayer for missionaries.

Present were Mrs. Andrew McCulley, Mrs. Charles Craig, Mrs. W. S. Simmons, Mrs. W. C. Sims, Mrs. P. D. Helms, Mrs. Vesta Savage, Mrs. Garland Foster and Mrs. T. L. Holland.

Wanda Terry - John Dobbs Wed

Mrs. Wanda Terry and John F. Dobbs were married Thursday night in Floydada in a simple single ring ceremony performed by Justice of Peace Ed Griffin.

For her wedding Mrs. Terry selected a gold street length dress with full skirt and matching accessories. She wore a shoulder corsage of orchids.

The couple will make their home in Floydada at 718 West Kentucky. Mr. Dobbs is operator of the Dobbs Meat Market and Lockers in Floydada.

The new Mrs. Dobbs is the daughter of the late Mr. and Mrs. B. I. Temple of Floyd County. Mr. Dobbs' mother resides in Lubbock.

PTA Will Meet February 13th

Parent-Teachers association will hold their regular monthly meeting on February 13 at Andrews Ward. The program will be on Good Citizenship and will be directed by Mrs. Sammy Hale, program chairman.

The first prize winning girl and boy from the 5th grade class will read their 100 word essay on How I Feel When I See The United States Flag.

A basic step to foot health is recognizing and selecting a good pair of shoes.

PNG Club Meets In Thomas Home

The Friendship Past Noble Grand Club met last Friday night in the home of Minnie Faye Thomas with Laules Parkey as co-hostess. The women served a delicious supper of a meat casserole, green beans and potatoes, vegetable salad, fruit salad, hot French buttered bread, olives and pickles, chocolate angel food cake, coffee and cakes.

Omega May, president of the club, was in charge of business. Those reported ill or in distress were Bell Berry's mother-in-law, Shane King, grandson of Ora King, the father of Mrs. Thomas and the death of Mrs. May's brother-in-law.

Attending the meeting were the hostesses Mrs. Thomas and Mrs. Parkey and Omega May, Lona Sparks, June Marquis, Artie Webb, Grace Grundy, Ora King, Dorothy Reeves, Jewel Reeves, Dimple McGavick, Bell Berry and two guests, Ruby Davis and Pauline Faulkenberry.

Lona Sparks and Omega May will be hostess for the March meeting to be held in the Lodge Hall.

Merle Nicholson In NTSU Concert

DENTON.—Merle Nicholson of Floydada performed with 275 other student musicians Tuesday (Feb. 5) in a concert at North Texas State University.

Scheduled at 8:15 p.m. in the NTSU Main Auditorium, the program was a joint presentation by the NTSU Symphony Orchestra Grand Chorus and Women's Choir.

Miss Nicholson plays in the soprano section of the Women's Choir.

A sophomore clinical psychology major, she is the daughter of Mr. and Mrs. Walter P. Nicholson, 1121 S. Wall in Floydada.

HOMEMAKING HINTS

By Phyllis Roggendorff, County Home Demonstration Agent

Wh'ya Buying Shoes

Four out of five people in the United States complain of aching feet - and 90 percent of those suffer from some form of foot disability during their lifetime.

A basic step to foot health is recognizing and selecting a good pair of shoes.

Two important factors to consider when buying shoes are construction and fit.

Construction begins with the material used in a shoe, and leather is ideal for both shoe uppers and soles. Leather "breathes" because of a natural porous structure and thus allows fresh

air into the shoe and perspiration out.

The construction of a good shoe involves the shaping and sewing together of many parts. Each size and shape is made over a wooden last. The upper is all of the shoe above the treading surface. The upper has three main parts: quarters, which form the front; vamp, the part over the instep, and counters, that go around the heel.

Inside the shoe are the lining and insole. Both are made of leather in better shoes. Examine the inside for smoothness without ridges or protruding stitches or tacks.

The shank of a shoe is set inside the middle of the outsole running under the arch to the front of the heel. This should be a piece of steel or stiffened leather. A good shank helps the shoe to retain its shape.

The leather welt is the backbone of a good shoe because it holds the upper and sole firmly together. The counter is important in keeping the shoe from gaping and twisting. Heel heights and shapes vary with styles and types of shoes. Selection should be based on the specific use of the shoe.

To insure good fit for shoes, have your feet measured each time you buy. Both feet should be measured while you are standing. The larger foot is the one you must fit. Since the foot lengthens a bit during the day, the best time to buy shoes is late afternoon or evening.

Leather Labeling

The Federal Trade Commission has issued regulations requiring that leather substitutes be labeled with their true name. At the same time, the Federal Trade Commission has banned leather-like names which might tend to confuse the consumer.

The major shoe and slipper components which must be genuine leather to qualify for exemption from FTC labeling requirements are: the upper, inner sole, outer sole, and the lining.

Texas Home Economists Association

The annual state meeting for home economists will be held in Lubbock this year. Any graduate home economists whether homemaker or working away from home are welcome to attend. Registration will be in the Pioneer Hotel with the meetings being held on the Texas Tech Campus. The meeting will start Thursday morning, February 15 and conclude Saturday noon.

District 4-H Council

Paulette Krupp, Lockney 4-H club member will meet with officers of the district 4-H council for a planning meeting Friday, February 8. Paulette is vice-chairman of the district 4-H Council and freshman at Texas Tech.

Mr. and Mrs. S. L. Powell and Mr. and Mrs. Johnny West attended the graduation exercises of their daughter and mother, Mrs. B. J. Darden at North Texas University last week. Mr. and Mrs. Powell remained for a week's visit at Grand Prairie, Dallas and Denton and then were accompanied back to Floydada Friday by Mrs. Darden who will visit here a few days.

The ancient writers said some smart things, if you have ever taken the time to read what they wrote.

Recipe Of The Week

FRENCH-FRIED SWEET SPANISH ONION RINGS

For batter, combine in flour sifter 1 cup sifted flour 1 tsp. baking powder. 1-4 tsp. salt. In deep bowl, beat one egg until thick and lemon-colored. Add 1 cup milk 1 tbs. vegetable salad oil. Stir in sifted ingredients, beating until smooth. Slice onion rings and separate using only the larger slices, smaller slices may be frozen for later use. To fry onion rings heat shortening or oil about three inches deep in frying kettle at 375 degrees. Dip a few onion rings at a time into batter so that each is completely covered. Let drain a second by holding up with long handled two-tined fork before dropping into heated oil. Fry until golden brown, lift out and let drain on paper towel. Sprinkle lightly with salt and serve hot.

HUBERT DAVIS, who says one of his favorite recipes is making good coffee, fills a cup for Mrs. V. D. Turner at a recent social function. Another is the recipe below which is delicious served with simple foods or a dress-up meal:

Valentine Party Given For Sweethearts Of 1950 Club

Members of the 1950 Study Club entertained their sweethearts with a party in the Colonial House Tuesday night.

Tables were decorated in red and white valentines and individual plate favors were red light-poss with paired names a the top.

Mrs. Sammy Hale was in charge of introduction of guests following the dinner.

Claude Estes emceed the game password following a short business meeting by the members. The following members and guests attended: Mr. and Mrs. Sammy Hale, Mr. and Mrs. Tom Theoford, Mr. and Mrs. Claude Estes, Mr. and Mrs. Earl Edwards Jr., Mr. and Mrs. David

Hot Rodders "Buzz" Area Sunday Eve

Twenty to thirty cars of young "hot rodders" reportedly from Abernathy plagued Floydada police and county law officials Sunday afternoon.

The group was seen by many as they travelled through the county in "funeral like" procession.

Last reports from law officials indicated that the Plainview Highway Patrol arrested many of the group and fined them for minor violations of the law.

Lion's Club Ladies Night February 14

Thursday night of next week, Feb. 14, is Lion's Club Ladies Night. All members, their wives and sweethearts are extended special invitations to attend the

club. Members of the club are: Mr. and Mrs. Howard Bishop, Mr. and Mrs. Tommy Assler, Mr. and Mrs. Bob Copeland, Mr. and Mrs. Herman Graham, Dr. and Mrs. Charles Craig, Mr. and Mrs. Adrien Helms, Mr. and Mrs. Clifford Helms, Mr. and Mrs. Bobby Rainer, Mr. and Mrs. Claude Weathersbee, Mr. and Mrs. C. O. Chappell and special guests, Mr. and Mrs. Wendell Tooley.

LAKEVIEW NEWS

By Shirley Johnson

LAKEVIEW, February 4 — Mr. and Mrs. Gene Johnson and Shirley and Mr. and Mrs. Louis Pyle and Iantha spent last Monday, Tuesday and Wednesday in Oklahoma City where Shirley and Iantha went through the allergy clinic. While we were there, we went through the state capitol and enjoyed many other beautiful sights of the city. We had a real nice time.

Mrs. R. A. Hamilton and Larry attended Johnny Gothard's birthday party last Saturday.

Mr. and Mrs. Homer Newberry and Judy and Mrs. Nathan Woody and Jeffery visited with Mr. and Mrs. W. O. Newberry on Sunday.

Jeffery Woody, Mr. and Mrs. Homer Newberry's grandson, spent Saturday night with the Newberrys.

Judy Newberry was a Friday night guest of Bonnie Helms.

Mr. and Mrs. W. M. Hambricht visited with Mr. and Mrs. C. Alexander, Mr. and Mrs. Leonard Alexander and Mr. and Mrs. Odell Breed and family last Sunday. They also enjoyed visiting with Mr. and Mrs. Gordon Hambricht Thursday night. On Saturday night they were the guests in the home of Mr. and Mrs. Billy Joe Hambricht and family.

The Joe Thurstons are enjoying the company of their grandchild, D'Lene Andrews, daughter of Mr. and Mrs. Joe Andrews of Hobbs, N. Mex.

Mr. and Mrs. L. D. Golightly were guests in the home of Mr. and Mrs. Jerry Hall, of Lubbock, on Sunday.

Guests in the home of the L. D. Golightly last Monday were L. D.'s mother, Mrs. Viola Golightly and Mary McBeason.

Mr. and Mrs. L. D. Golightly were guests in the home of Mr. and Mrs. Leslie Fawver Tuesday

Word has come from Mrs. Vernon McCullough of Lubbock, the former Mrs. Helen Horne, who formerly lived in South Plains, that her mother, Mrs. Ethel McEwing has suffered a heart attack, and is in a very critical condition in the Methodist Hospital in Lubbock.

Steele Deavenport, son of the Loyd Deavenports, who recently returned from overseas duty, is leaving this Tuesday for Boulder, Colorado, where he will be employed. He will stay with relatives there.

Mr. and Mrs. Carl Huckaby returned Friday from a trip down to Gladewater and Longview in east Texas where they visited his mother, Mrs. Ida Huckaby, and her brothers, The Lester Davis family, and the C. H. Davis family. They were gone over a week.

South Plains PTA met Friday afternoon at the school auditorium for the February meeting and 3-4th grade teacher, Mrs. Sammy Jo Pierce showed colored slides of her pupils, the South Plains teachers, the school trustees, Mrs. Stewart, the lunch room custodian, 8th grade graduation and pictures of Colorado where she formerly taught. At the business meeting which followed, Mrs. H. S. Calahan Jr. presided and the nominating committee consisting of mothers of the eighth graders were named to nominate officers for the coming year.

Mrs. Sammy Jo Pierce, 3-4th grade teacher here is in the Peoples Hospital with flu this Monday and Mrs. Perry Threadgill

Basketball Season In Final Week For Local Cage Teams

The present basketball season has but two nights of action remaining before the high school varsity teams turn in their equipment for the year.

On Friday night, February 8 the green and white goes to Hale Center for a non-conference outing. The finale comes next Tuesday, February 12, when the Lockney teams come to town for a pair of contests.

In the past week the boys team has both won and lost in district action. Last Friday night the locals went to Abernathy and came out on the short end of the score-

Hammond Organ Vs Trailer Home

MR. AND MRS. HAROLD MARSHALL

AN ELECTRIC ORGAN . . . in a trailer home along with other furnishings . . . cramped quarters you might say . . . not in the least for Harold and Nadine Marshall, who are both ardent players of the organ. Such beautiful music they play, together or solo. The couple's organ is housed in their 8 x 40 trailer home located on the Duncan Trailer Lots. Mr. and Mrs. Marshall are quite familiar to the limited space after several years of living in trailer homes and moving from one town to the next in connection with Mr. Marshall's work. Their home features all the furnishings of a large home including their television and the organ which is in the family room, not to mention their two miniature Schnauzers "Frosty and Fancy."

The music piece is of standard size and both Mr. and Mrs. Marshall have been playing for several years. They played for the public in Ft. Stockton, Pecos and Quanah, just a few of the cities they have lived in for the past 21 years. For an evening of relaxation and love of music, both turn to their organ.

Mr. Marshall is with the Atlantic Refining Co., as a computer.

The couple have toured 38 states and have been all over the West Texas area and Canada. Mr. Marshall's job usually requires from three to 18 months in each town, but they are happy moving about. Mrs. Marshall says they meet so many new people that way and in their travels have secured many lifelong friends. Each Christmas Mrs. Marshall says she is busy writing brief notes to some 100 of those friends.

Her hobby is collecting china cups and saucers and in her collections is a set from Canada. Both are ardent fishermen and they prefer to live in the Rocky Mountains area where they say its "paradise."

Canyon, Tulia Win District 2AA Crowns

The Canyon boys and the Tulia girls teams seem to have the district 2AA championships sewed up with only two more nights of action remaining. Both are leading the standings with comfortable leads.

The Whirlettes have clinched a tie for second place and could win that position outright with a victory over Lockney next week. Floydada boys climbed out of the cellar with their win over Tulia which brings them two wins against five losses.

Fairview News

Mrs. Clyde Bagwell
FAIRVIEW, February 4 — Some farming is being done now that the weather has warmed up. Stalks are being cut and some are plowing. The past few days have been like spring. Folks have started watering their yards and getting ready for the spring work with shrubs and trees. February is a short month but is a

month of activities. So many nice ways to plan parties. Valentine's day and George Washington's birthday to celebrate.

Mr. and Mrs. Galen Holland visited at Crosbyton Hospital Thursday with Earl Thompson of Matador who was a patient there. Mrs. Roy Meek spent the day Sunday with Mr. and Mrs. Galen Holland.

Mr. and Mrs. Cecil Payne went to Glenrio, N. Mex. Saturday where they spent the night with her brother, George Lotspeich and family. Sunday, Mr. and Mrs. Payne went on to Clovis where they visited Cecil's mother, Mrs. W. W. Payne and his sister, Mrs. Pelham Graham.

Sunday afternoon on their way home Mr. and Mrs. Cecil Payne came by Muleshoe where they visited their sons and family, Mr. and Mrs. James Truett Payne and Mr. and Mrs. Winfred Payne.

Mr. and Mrs. Galen Holland made a trip to Plainview Tuesday.

W. W. Baxter is still a patient in Peoples Hospital where he was admitted the first of last week. We are sorry Mr. Baxter is ill but he is reported to be greatly improved.

C. W. Payne made a business trip to Lubbock Friday.

Mr. and Mrs. Carl Nelson and daughters, Shirley and Carla, and Mrs. Lee Burgett went to Hereford Sunday where they visited Mr. and Mrs. Melton Carmack.

Mr. and Mrs. Harvey Allen went out Sunday after church to visit with her parents, Mr. and Mrs. Walton Wilson and to get their son, Mike, who had spent the weekend with his grandparents.

Mrs. M. O. Stapleton, of Plainview, came down and spent Thursday and Friday with Mrs. Walton Wilson.

Mr. and Mrs. Weldon Pruitt and Greg spent Tuesday night with her parents, Mr. and Mrs. Bill Tye.

Mrs. W. B. Wilson went to Matador Sunday to visit Mr. and Mrs. Vance Gilbreath. She returned home Monday.

HARMONY NEWS by Mrs. Mather Carr

Mrs. Marion Tucker Hostess To Birthday Party Friday Honoring Son, Ronnie

HARMONY, February 4 — Mrs. Marion Tucker was hostess to a birthday party Friday evening in her home honoring her son, Ronnie.

Guests for dinner and visiting Sunday evening in the Marvin Smith home were Mr. and Mrs. Bill Srader, Mr. and Mrs. Walter Srader and children, Mr. and Mrs. B. S. Earp, Mr. and Mrs. Buddy Smith, all of Petersburg, and Mr. and Mrs. J. T. Huckabay, of Floydada.

Ronnie Hopper spent several days in Lorenzo with her mother, Mrs. Maud Scott.

Mr. and Mrs. Bob Hopper and Mr. and Mrs. Everett Miller left early Saturday morning for San Antonio to attend a coop gin conference. A bus was chartered for the Petersburg area for the directors and other members of the staff of the co-op gins. Ronald Weaver is manager of the Petersburg Gin. He also went to San Antonio.

Mrs. C. M. Carr visited Thursday with Grandma Carr.

Mr. and Mrs. R. B. Gary were dinner guests Friday of Mrs. Tillie Gary of Petersburg.

Mrs. Marion Tucker was hostess to a birthday party Friday night honoring her son, Ronnie. Those present were Lon Miller, Kenneth Huckabee, Nicky Henry, all of Floydada and Monroe Schulz, Jr. The boys spent the night with Ronnie.

Mrs. Elmer Williams, of Crosbyton visited Wednesday with her parents, Mr. and Mrs. R. B. Gary.

Mr. and Mrs. E. W. Walls went to Colorado City Sunday to visit Mr. and Mrs. Bill Muncier.

Mr. and Mrs. L. C. Pruitt and Mr. and Mrs. Weldon Pruitt and Greg left Friday for San Antonio where they visited until Monday with Mr. and Mrs. Johnny Hogue and daughter, Debbie.

Mr. and Mrs. E. W. Walls were host and hostess Thursday night for a 34 party. Those present were Mr. and Mrs. Clyde Bagwell, Mr. and Mrs. C. W. Denison, Mr. and Mrs. Walton Wilson and Mrs. M. O. Stapleton, the latter of Plainview.

Mr. and Mrs. Jess Steele, of Paradox, Colo. were here recently visiting friends. While they were here a group of their friends gathered at the home of Mr. and Mrs. Bill Marris in the Blanco Community. Mr. and Mrs. Bill Tye were among the guests gathered at the Marris home. Others were Mr. and Mrs. Everett Miller, Mr. and Mrs. Carrick Snodgrass and Mr. and Mrs. Walter Hanns.

South Plains Negroes One Winds Up In Hospital

Two South Plains negroes who had been close friends for the past four years made a trip to Wilson, Texas last week and returned to Floydada. The incident has happened in Jack's Cafe. The two had been at the South Plains Hotel for the past few days. After a few drinks the two became unhappy with each other. A fight between the "buddies" began and when it was over Leavell Tinner was in the hospital with a compound fracture of the head.

According to county sheriff Walter Hollum Herman Drone hit Tinner with a five foot piece of pipe and is charged with assault.

Market News On Cotton Receipts
 Receipts continued to run 4,000-5,000 samples per day at the Lubbock Cotton Classing Office over most of the past week. Mr. Palmer reported that receipts dropped to about 2,000 samples on Friday. For the week ending January 25 the Lubbock office classed 31,000 samples. This pushed the season total for that office to 1,766,000 samples. For the season the Brownfield office classed 263,768 samples and the Lamesa office classed 205,728 samples. The total samples classed to date in the three South Plains classing offices is 2,235,500 samples. Last year at this time 2,255,000 samples had been classed. The white grades accounted for 24 percent of the cotton classed. Fourteen percent of the samples was Strict Low Middling, 9 percent was Low Middling and 1 percent was Strict Good Ordinary Plus or lower. The Light Spotted grades showed a large volume with 57 percent. Middling Light Spotted accounted for 6 percent, Strict Low Middling Light Spotted had the largest number of samples with 45 percent and there was 11 per

BAKER NEWS by Mrs. R. A. Colston

Kenneth Willis And Ryeburn Neil Elected Directors Of Baker Gas Association

BAKER, Feb. 4 — The Baker Gas Association held their annual meeting Thursday night January 31, in the community room at the First National Bank. A business meeting was held to replace Kenneth Willis and Ryeburn Neil, whose term expired. Kenneth Willis, new director, Games or 42 were enjoyed by Mr. and Mrs. Bill Smith, Mr. and Mrs. Dennis Jones, Mr. and Mrs. Sam Green, Mr. and Mrs. Malvin Jarboe, Mr. and Mrs. Kenneth Willis, Mr. and Mrs. Raymond Colston, Mr. and Mrs. J. B. Colston, Teresa and Dan-

ny. Mr. and Mrs. Gilbert Fawver and Doris, Homer Farmer, Ryeburn Neil and A. C. Pratt. Refreshments of coffee, cake and pie were served. Mr. and Mrs. Claude Fawver and Mrs. Floyd Bradford visited Wednesday afternoon with Mrs. Fawver's brother and Mrs. Bradford's uncle, David West. Mrs. Claude Fawver, Mrs. Floyd Bradford and Mrs. Curtis Sinor visited Thursday afternoon with Mrs. Gilbert Fawver, Mrs. Claude Fawver and Mrs. Bradford also visited awhile with Mrs. Olen Lyles and Lori Jo. Mrs. Brownie Smith, Mark and Jay of Crosbyton and Mrs. Jim Jones were Thursday guests of Mr. and Mrs. Otis Anderson. Mrs. Edwin Leatherman was Friday afternoon visitor of Mrs. Ted Anderson. Ginger Ogden spent Friday night with Teresa Colston. Mr. and Mrs. Sonny Bartor and girls were Friday night visitors in the J. B. Colston home. Sigurd Waage spent Friday night with Conroy Bradford. Mr. and Mrs. Grady Mason and Mr. and Mrs. Claude Fawver were supper guests Friday night of Mr. and Mrs. Lonnie Hinsley and family. Mr. and Mrs. Doug Galloway of Canyon were overnight guests of Mrs. Galloway's parents and sister, Mr. and Mrs. Otis Anderson and Connie. Mrs. Floyd Bradford and Dan visited Saturday morning with Mrs. Curtis Sinor and sons. Mr. and Mrs. Otis Anderson and Connie and Mrs. Doug Galloway of Canyon were dinner guests Saturday of Mrs. Jim Jones. Mr. and Mrs. Floyd Anderson were Saturday night visitors of Mr. and Mrs. Odell Thompson, Vanda Gail and Ryan of Petersburg. Mr. and Mrs. Joe McEntire and family were Saturday night visitors in the J. B. Colston home. Mr. and Mrs. H. Nelson and family were weekend guests of Mr. and Mrs. James McKandl and family of Midland. Mr. and Mrs. Ted Anderson, Mr. and Mrs. Jerry Leatherman and Stacy and Mr. and Mrs. Edwin Leatherman, Pat and Jim were dinner guests Sunday of Mr. and Mrs. C. M. Leatherman. Those fortunate enough to escape drowning during the swimming season will now run the risks of skating on thin ice.

LARRY GOLDEN WINS AT STOCK SHOW
 Larry Golden of Aiken showed both the grand champion and reserve champion heifer in the Junior Aberdeen-Angus show at the Fort Worth Exposition and Fat Stock Show last week. Larry is the son of Mr. and Mrs. Oscar Golden who raises registered Angus on their farm. Three other Floyd County youngsters also showed in the junior show at Fort Worth. David, Linda and Dianne Scheele showed a shorthorn steer which placed fifth in its class; and an Angus steer which placed 11th. They are the children of Mr. and Mrs. Albert Scheele of Lockney.

CRUTCHFIELD FAMILY MOVES TO FLOYDADA
 Mr. and Mrs. Leroy Crutchfield and two daughters have moved to Floydada from Sumner where they have resided the past 15 months. The family was formerly located on the west coast for 10 years. Mr. Crutchfield is in brick masonry work. Mrs. Crutchfield is the former Billie Hopper, daughter of Mr. and Mrs. Tom Hopper of Floydada. The family are at present making their home with the Hoppers until suitable living quarters can be secured.

Those fortunate enough to escape drowning during the swimming season will now run the risks of skating on thin ice.

ITINERARY

TUESDAY, FEB. 26 Depart Lubbock Municipal Airport A. M. Arrive Augusta Airport P.M.

WEDNESDAY, FEB. 27 Visit Seminole Mills and Clearwater Finishing Plant

THURSDAY, FEB. 28 Visit Graniteville Company and Return to Lubbock Thurs. Evening.

APPROXIMATE COST PER PERSON: \$100.00 TO \$150.00

Cost of tour will be determined by number of people making the tour. Send your name and address along with a \$50.00 deposit to the Plains Cotton Growers, Inc., 1720 Avenue M, Lubbock, Texas. Seats will be filled on a first come first serve basis. (If tour is cancelled Deposit will be refunded.)

Plains COTTON GROWERS, INC.

TELEPHONE PO 2-0533 1720 AVE. M LUBBOCK, TEXAS

Quotes from some of last year's mill tourists: "Any cotton grower who takes advantage of an opportunity like this to tour textile mills will never be sorry. This has been one of the most enlightening tours that anybody who deals in cotton could make."

"This tour should make us want to produce and gin better quality cotton on the South Plains. More quality improvements would mean that mills would buy increasing amounts of our cotton."

Eliminate Costly Bearing Replacement with

WESTERN Deep Well TURBINE PUMPS

When you install a Western Pump with Western exclusive vibration dampened tubeline you save hundreds of dollars in maintenance costs.

See Western's patented vibration dampened tubeline has no bronze bearings to wear out. Thus shaft wear is reduced and costly "pump-pulling" operations to replace worn bearings are eliminated.

Choose either electric drive, gear drive, Vee-belt drive or belt drive.

Annual Grain Sorghum Ass. Meeting Today In Courtroom

The annual meeting of the Hutchins of the Floyd County Grain Sorghum Producers Association will be held in the Courtroom of the County Courthouse at 2 o'clock. This promises to be a very interesting and informative meeting for all grain and sorghum producers in the county as well as several capable speakers who will be on the program. Among them will be Sam Thomas of Amarillo, Nolan Chandler of Amarillo and Tom

nationality of the boy or girl student. The booklet "How To Sponsor A Foreign Student" gives these interesting pointers on "The Selection Of The U. S. Family: A heart large enough to share a portion with another child from another land for a year..... and probably forever. A mind open to the different life and culture the student will bring with him, open to accepting him for his differences and not for his similarities. And—a share of laughter and gaiety to shrink the problems that may come up and to strengthen the bonds of communication.

I DON'T know much about golfing—but enough to get quite a kick out of the following story: This fellow was paired in a tournament, and the match was a close one. Approaching the final green, his opponent drove his ball off the fairway into some tall grass and lost it. The two golfers searched for the ball, but since there was a 5-minute time limit on lost balls, the first golfer said he was going ahead with his approach shot and his opponent could look some more. He did and was on the green when he heard a cry of "Fore"; and a ball dropped on the green near his feet and rolled toward the cup. His opponent announced joyously that he had found his lost ball after all, and this was his approach shot. This presented the first golfer with a real knotty problem in ethics—such as what he should do with his opponent's lost ball which he had in his pocket!

I'M DOING my best to get acquainted—to remember names and faces—and to be able to put the two together. Hope I haven't embarrassed many of you in calling you the wrong name—or not recognizing you when we've already been introduced. Think I've got school superintendent A. E. Baker mixed up with the auto industry. Believe I've been calling him Edsel instead of Estle. Perhaps I better stay with the "A. E."

MY GOOD BUDDY Jack McIntosh helped me cover the Soil Fertility meeting in Lockney Tuesday. I made the morning session and of course stayed for the good barbecue lunch. Jack says I just went to eat—which is partly the truth. Thanks, Jack for helping out.

CECIL HAGOOD would do anything to get a program for Rotary. His last big effort was a very good talk by Presbyterian pastor Houston Dixon. It seems that Cecil took his pastor on a good fishing trip in order to get him to be on the Rotary program. You other preachers can take a tip from Rev. Dixon—he takes his collection plates on fishing trips—however, he said

he didn't have to use them this last trip.

WHILE WE'RE on the subject of fishing (and it's a good subject) John Kimbell wants an airplane picture of the White River Dam project—so he'll know where the good fishing holes are before the water gets in the lake and covers them.

Soil Fertility

(Continued From Page One)

instead of deep furrow—it's warmer up on top. 6. Rotate crop to different areas of farm to get away from last year's disease. 7. Break up crust with crust-buster or rotary hoe to stop wind damage and disease possibilities. Gunter said the above rules would also apply to blight and leaf spot.

Dr. Dan Phannetiel, assistant director of agriculture extension service of A & M substituted for John E. Hutchison, who was unable to attend. Dr. Phannetiel explained the many services the extension service had to offer the farmer. The group enjoyed a barbecue dinner at noon.

Afternoon chairman Kenneth Probasco of the Irick Community introduced D. W. Lewter of the Lewter cattle feeding yards in Lubbock who said that cattle feeding went along with soil fertility. "130 days of feeding means one ton of manure per steer," he added.

Lewter said the disadvantages of cattle feeding included the great capital outlay and the regularity of a seven day job. He cautioned the group about proper procurement of cattle by using a professional buyer, the advantages of utilizing regular farm labor, and the need to use technical advice.

Lewter said that the feeding operation best suited a making money for the smaller operator should include 200 to 500 head. His ration for feeding was half and half of roughage and grain. Lewter said the best way to make money in the cattle feeding business is on a long term basis—not in and out of the business, trying to raise cattle only in the high market price years.

Highlight of the entire program was possibly the talk of W. H. Newton, assistant extension entomologist, Texas A & M who spoke on "Boll Weevil Control and Sorghum Midge Control".

The Hesperian will publish a complete wording of Newton's report in next week's paper as it is very lengthy and informational. Other speakers on the program included a talk by Alfred Harrison, head of the Floyd and Motley Counties FHA. He told about the Rural Area Development program which is designed to keep people on the farm and explain-

ed the current soil and water loans available through FHA.

Ed Dean of the Plains Cotton Growers Association reported on the future rip or textile mills to be conducted February 28-29. The group will leave Lubbock the morning of the 28th. Cost is approximately \$130 per person.

School Board

(Continued From Page One)

extensive research showed the necessity of building more grade school building and facilities which will require more money than is available now through present tax evaluations.

In other business the board voted to purchase three new 66 passenger school buses and accepted the resignation of bus driver James McCurley on grounds of disability. Charles Bumgardner was hired to replace him. Superintendent A. E. Baker announced that the local schools would observe Public School Week, March 4-8 with a special open house on March 7. School will be dismissed that day at 2 p. m.

President of the board Ralph Johnston presided at the meeting which was attended by Baker, Greer Christian, Howard Gregory, Lawrence Davis, L. D. Simpson, and Mrs. Lorin Leibfried.

Farm Bureau

(Continued From Page One)

will be held in Lubbock, Dallas, and San Antonio on Monday, Feb. 4, kicking off Texas Farm Bureau's 1963 membership drive. TFB President C. H. DeVaney will fly by chartered plane to each of the meetings to address the volunteer membership workers from the surrounding areas. The meetings will be held at the Holiday Inn, East, in Lubbock beginning at 10 a. m.; at the Adolphus Hotel in Dallas, beginning at 2 p. m.; and at the Gunter Hotel in San Antonio, beginning at 2 p. m. County Farm Bureau presidents and membership growth committee chairmen will attend and will hear addresses by state and national Farm Bureau leaders.

In his proclamation, Gov. Connally pointed out that about 40 per cent of all Texans receive their livelihood either directly or indirectly from agriculture and that the increasing efficiency of the agricultural industry helps assure our citizens of the highest standard of living in the world.

C. M. Lyles announces the Second Sunday Singing this Sunday starting at 2 o'clock and continuing until 4 p. m. Everybody is invited to attend the good fellowship and singing at the Nazarene Church.

Rainwater Relatives Killed In Plane Crash

Wayne Rainwater of Dougherty, his parents, Mr. and Mrs. A. J. Rainwater of Ralls and a sister, Mrs. Louise King of Lorenzo returned home Saturday from Kansas City, Mo., where they attended funeral rites on Friday for Mrs. Elmer Russell, 70, and her son, Richard Russell, 32, both of Kansas City.

Mrs. Russell was an aunt of Wayne's and a sister of A. J. Rainwater. She and her son were killed on Wednesday of last week when a 4-engine prop-jet Continental Airlines aircraft on which they were passengers, crashed into a dike at the Kansas City Municipal Airport.

The aircraft's five passengers and three crew members died in the burning wreckage. It was said the plane had been cleared to land on the south end of the 7,000 foot runway. Witnesses said the aircraft flared out twice as if to set down but never touched ground until it smashed into the dike, a few feet from the Missouri River.

Rev. Elmer Russell, husband and father of two of the victims, was at the airport but knew nothing of the fatal crash until a son and daughter-in-law, also of Kansas City, met him. The couple had rushed to the airport when they heard of the accident over the radio.

Mrs. Russell and her son had boarded the plane at Lubbock where they had been to attend the funeral of Mrs. Russell's brother, G. H. Rainwater.

New Owners Of Floyd Tractor To Reside Here

Mr. and Mrs. G. W. Lehenbauer, who recently purchased the Floyd Tractor and Supply from C. O. Byarns, are planning to move to Floydada as soon as housing facilities can be acquired.

The couple were here over the weekend and returned Monday to their ranch home near Holly, Colo., with plans to move in about two weeks. The ranch of Mr. and Mrs. Lehenbauer was sold to Mr. Byarns in the transaction of business said she and her husband would be moving to Floydada permanently and would like to find a nice rent-house for the two. The couple's five children are grown and married. Four children reside in Kansas and one in Missouri.

Mrs. Lehenbauer is a member of the Methodist Church and Mr. Lehenbauer is a member of the Lutheran Church.

City Officials Attend Meet In Lubbock

City officials attended a special municipal league meeting in Lubbock last night and heard C. C. Crutchfield, field consultant Texas Municipal League tell about current and future state legislative actions that affect Texas cities.

Attending from Floydada were: J. D. Parks, Bill Feuerbacher, Mayor S. W. Ross, Charles Horton, Aldine Williams and Clem McDonald.

Band Boosters Supper Meeting Tuesday Night

All band parents are invited and urged to attend a Band Boosters Club supper next Tuesday night at the Floydada High School Cafeteria. After the covered dish supper there will be a business meeting at which time plans for future meetings will be discussed.

Marion Tucker, president of the club, urges all Band Boosters to be present. Meeting time is a 6:30.

Local Members Attend Farm Bureau Rally

The State-wide Farm Bureau Membership rally was held at the Holiday Inn at Lubbock Monday night. Those attending from Floydada included J. R. Turner, Marvin Wells, Wilbur Lee Adams, Don Probasco and Jack Yearly.

C. H. DeVaney, president of the Farm Bureau, was speaker at the rally. Also attending from the Waco office were Millard Shivers and Bill Hoover and from the American Farm Bureau, Warren Newberry.

News from the local office is that Mrs. A. C. Pratt of Floydada, has been appointed to the State Young Peoples Committee to replace R. V. Alcorn of Lamb County.

G. W. Smith was brought home Monday from Methodist Hospital where he underwent surgery on Saturday. Mr. Smith is reported doing nicely at this time.

Mrs. J. A. Kincheloe returned home the latter part of last week from Lockney General Hospital where she was under medical treatment for pneumonia.

Floyd County Beef By Mass Production Method At Blanco Feed Lots

ACTIVITY IN FEEDING CATTLE . . . Richard Patterson takes a look into feed truck as special rations are being loaded into feed bin. Basic elements of feed include milo, cotton seed hulls and protein supplement.

Expanding County Economy

Richard Patterson and Kelton Shaw have gone into cattle feeding in a big way, since building concrete feedlots on the Sand Hill highway west of Floydada.

The new cattle feeding business is now in operation with over 400 head of mixed breed cattle fattening for the beef market.

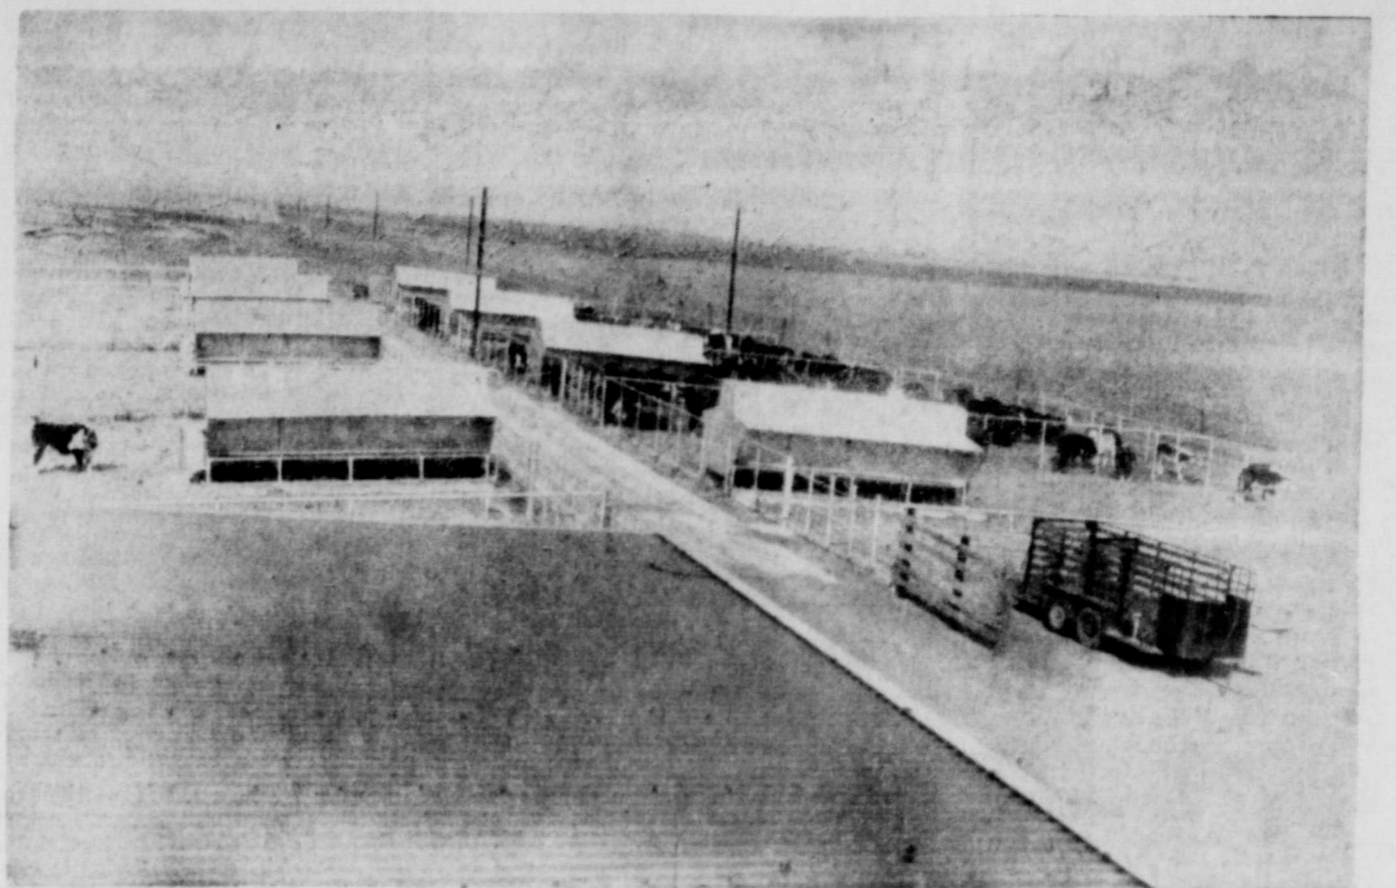

The feed lot construction is one of the most modern in this area of West Texas with concrete flooring in each pen and sturdy steel fences and steel feed bins in each pen.

The feed mill is of the latest design and huge truck type scales facilitate the recording of both cattle and feed weights.

Bulk of the feed is milo grain and cotton seed hulls, combined with a protein supplement.

Patterson reports that most of the cattle on feed were bought in East Texas and that it is quite possible that 1,000 head will soon be occupying the feeder lots.

Patterson said that the cattle feeding operation was a "natural" combination for their grain buying business located in Lockney.

PENS BEGIN TO FILL . . . 400 head of cattle are being fed currently . . . but the number is gradually increasing. The above cattle came from East Texas.

THE FLOYD COUNTY HESPERIAN

Floyd County Hesperian, Floydada, Texas, Thursday, Feb. 7, 1963

Scout Week To Mark 53rd Anniversary Boy Scouts Of America; February 7 - 13

In addition to Cub Scouts, Boy Scouts themselves to the Scout Oath on Friday, February 8, the actual birthday of the movement in America, will observe the anniversary.

Scout Week will be observed nationally by over 130,000 Scout units in every city and town and in thousands of villages and hamlets as well including 300 in the South Plains Council.

"This year the Scout Week observance will be conducted at the unit level," says Dr. J. Davis Armistead, Council Commissioner, of Lubbock. "In this way we believe a boy's membership in the movement is more meaningful and colorful to him. We also like to have every member invite another boy of his own age to attend the Scout Week meeting so that he may share the excitement of the program."

The Council's 300 Units and 9,000 members will conduct various meetings in observance of Scout Week. Packs and members will conduct "Blue and Gold Open Houses", with prospective members and their parents as guests. Parents nights meetings will be held by nearly all of the Scout Troops. Displays of Scout

hobbies will be shown and those who have progressed in rank will be honored at formal Courts of Honor. Emergency preparedness skills will be demonstrated and patrol stunts, songs, and games will precede a closing ceremony. Explorers will address boy and adult groups at high school assemblies, service clubs, church groups, P.T.A.'s and Scout Troops.

Members of the 300 Scout Units in the South Plains Council, which serves 20 counties in the Plains area, will celebrate the 53rd anniversary of the movement beginning Thursday, February 7 and continuing through February 13.

Observing the birthday under the theme, "Strengthen America—Be Prepared, Be Fit," the members will hold open house meetings with their parents, prospective members and their folks, and families of their adult leaders.

"By holding these open house meetings," said Charles K. Alexander, Council President of Lubbock, "we hope all our guests and the boys themselves will get

a greater understanding of the aims and objectives of the Boy Scout movement while they have a lot of fun.

"Scout Week is the grand occasion when members show their accomplishments in an exciting and dramatic way", Alexander added. "Parents, we find take a greater interest in their son's development when they meet his volunteer adult leaders and the boys with whom he associates."

A rededication to the ideals of Scouting—the Cub Scout promise, the Boy Scout oath, and the Explorer code—is planned for February 8th.

Scouts are being encouraged to attend in uniform at their own church or synagogue on Scout Sabbath, February 9, or Scout Sunday, February 10.

The Scouting units will emphasize fitness recognition at their special meetings in connection with the "Fit for Tomorrow" program of the Boy Scouts of America.

Center News

(By Mrs. J. E. Green)

CENTER, February 4 We had over a hundred in Sunday School Sunday at Calvary Baptist and such good sermons by Brother Threadgill. Next Sunday we are to have a Brother Scott to fill our pulpit.

Mrs. Herbert Meredith spent Tuesday night with Mr. and Mrs. Leo Frizzell. Mrs. Ross also visited with Mrs. Frizzell and Mrs. Meredith Tuesday evening, while Mr. Frizzell and Mr. Ross attended a gin meeting in town.

Mrs. H. B. Mankins and Mrs. Grady McAda visited in the Frizzell home Tuesday afternoon. Mrs. Meredith and Mrs. McAda returned to Amarillo Wednesday, accompanied by Mrs. W. M. Jackson.

Mrs. Jackson returned to Floydada Saturday and dined Sunday with the Frizzells.

Mr. and Mrs. Mankins dined Sunday with Mr. and Mrs. R. C. Ross. In the afternoon all visited the C. W. Denisons.

The Charles Hortons visited Sunday, January 27, in Hereford with relatives.

Mr. and Mrs. Don Finkler of Lubbock, visited Sunday afternoon with her parents. Mr. and Mrs. Charles Fulkerson.

Roger and JoAnn Gooch and Clairmon Booth were Sunday dinner guests of the J. D. Welborns. Roger and JoAnn visited Sunday evening in town with his parents and grandparents.

Mrs. Doyle Sandifur and her sister, Mrs. Frank Loftin, of Tulsa reached home Sunday from Phoenix, Ariz. where they visited for a week with their other sisters, Mrs. Doyle Tunnel and Mrs. Ollie Young.

Mr. and Mrs. W. R. Coggin and Mary, of Borger, had a brief visit with the J. E. Greens Wednesday afternoon. They were on their way home from Idalou where they visited their son, Dwain's wife and children and attended dedication services Tuesday evening at the High School gymnasium. The gym was named Dwain Coggin Gymnasium, a memorial to Dwain, Idalou basketball coach who was killed in a highway accident October 3.

Mr. and Mrs. Thomas Warren, accompanied by Mrs. Charley Battey and Mrs. Joe Evers, left Sunday for San Antonio and San Angelo. The Warrens will attend a meeting in San Antonio and Mrs. Battey and Mrs. Evers will visit in San Angelo with their brother and wife, Mr. and Mrs. Clarence Watson.

Guests in the J. E. Green home Friday evening were Mrs. Charley Battey, Mrs. Evers and Mr. and Mrs. Fred Battey.

Mrs. Ola Warren, Mrs. Fred

\$150,000 Potential

A recent survey by the Floydada Chamber of Commerce of the above feedlot plus the cattle feeding operations of Brock Bros., Hubert Frizzell, C. L. Henderson, L. N. Johnson, Johnny Miller, Paymaster Farms, and Green Acres Farms indicates a potential of 8500 cattle at an average price of \$175 would mean \$1,500,000 worth of extra business for the county.

This survey does not include the small cattle feeding operations of many county farmers and ranchers, nor sheep and hog feeding business.

Patterson said that the cattle feeding operation was a "natural" combination for their grain buying business located in Lockney.

Henry O. Self Assigned To Philippines

KEESLER AFB, Miss. — Airman Second Henry O. Self of Floydada, Tex., is being reassigned to the Philippine Islands following his graduation from the United States Air Force technical training course for aircraft navigation equipment repairmen here.

Airman Self was trained to operate, repair, and test electronic and radio navigation equipment and to use related test equipment.

The airman, a 1960 graduate of Floydada High School, is the son of Mr. and Mrs. Oran Self of 307 W. Marivena, Floydada. Airman Self attended West Texas State College.

Roy E. Ewing Serving On Carrier, Ranger

USS RANGER (FHTNC) — Roy E. Ewing, seaman, USN, son of B. L. Ewing of 309 West Mississippi St., Floydada, Tex., is serving aboard the attack aircraft carrier USS Ranger, which recently visited Cebu Point, Republic of the Philippines.

The Ranger visited the Naval Air Station, Jan. 8, during her current Far Eastern cruise as part of the Seventh Fleet. This is the super-carrier's fourth tour of duty in the Western Pacific.

Earlier in her current cruise, the Ranger visited Yokosuka, Japan.

Business that has been "ruined" for the past twenty years, is making bigger profits than ever before.

Battey, Mrs. Grady McAda and Mrs. Mankins visited Mrs. Frank Dunn awhile Tuesday afternoon.

Mr. and Mrs. Mankins and Mrs. C. E. Finley visited Sunday afternoon with Mr. and Mrs. Thomas.

PROGRESS THROUGH SERVICE

A CENTURY OF COMMERCIAL BANKING

FROM A LOG CABIN TO PRESIDENT

It was in 1863 that President Lincoln signed the National Currency Act. The Act provided for the issuing of a national currency and for the establishment of a system of Federally chartered banks to take their place alongside the already established system of state-chartered banks.

It didn't make big headlines at the time; but, ever since, it has had far-reaching consequences for the American economy—in other words, your pocketbook.

During the century between 1863 and 1963, this effective dual system of banking has contributed immeasurably to America's growth; and its role in the Nation's life has been constantly advancing. Our bank is proud of expanding its service to meet the growing needs of its neighbors; proud to contribute thus to progress, for America and for you; proud to share in the observance of a significant American centennial—the theme of which, appropriately, is "Progress through service."

Put Up . . . Or Shut Up

When chamber manager John Reue invited us to attend the meeting of the Floyd County Sugar Beet Association we thought "well, what for . . . to cry about Hereford getting the sugar beet plant?"

When we got to the meeting, however, we soon found out that Floyd county's farmers weren't going to give up the fight that easily. We learned that the Great Western sugar beet company of Colorado was ready to test our area farmers . . . to see just how willing and ready they are to raise sugar beets.

The group listened to a letter from Mr. Kemp, top man at Great Western which said in a nutshell, "put up . . . or shut up". The letter asked very specifically, "how many of you will raise beets this year for shipment to our plant in Colorado?"

We were impressed when the men in the group agreed to commit themselves for a minimum of 500 acres . . . they were ready to risk their capital and sweat on a crop that they had never raised . . . yet, they were progressive enough to meet the challenge.

Like Mr. Kemp we are impressed with the farmers of this area. It is interesting to note that the average farmer in the four county area that may raise beets for Great Western is 37 years of age and has an average of two years in college.

We like what we see as we become better acquainted with our area farmers . . . we like their ambitious attitude, their willingness to try new crops . . . and better methods of farming.

We like to live in a community such as this . . . surrounded by a wonderful farming economy that is progressing through the endeavors of young farmers who want to improve their way of life . . . their land and its capabilities.

Individual Responsibility

We enjoyed the talk made by John McKee of Dallas at the Scottish Rite dinner here in Floydada last week. His topic of "Individual Responsibility" touched many areas of life that we take for granted . . . especially the things that we should be doing in the interest of being a more responsible citizen in our community and land.

Mr. McKee expounded on the need of individual responsibility as it concerns a community's churches . . . and the advancement of the Christian way of life.

Mr. McKee is president of the Dallas Crime Commission and he cited the instance when 30 juveniles were interviewed. One particular phase of their life pointed to the one big reason that they were brought before a judge. None of the 30 had ever attended church, none had ever been invited to attend church by a neighbor or friend.

This example points up the individual's responsibility as far as churches are concerned. True some of the best people we know never darken the church door, but they register no responsibility whatever for the church.

Floydada is a town with many beautiful churches. These churches are true evidence of many individual's responsibility . . . and Christian faith.

You wouldn't want to live in a town where there were no churches . . . nor would I — and there wouldn't be any churches if we all depended upon our children to do the church going — or the wife.

Churches just don't happen . . . we have churches and we have increasing numbers who attend church as we all take the responsibility of being loyal to a particular church . . . as we invite others to attend its services.

Mr. McKee ended his talk with a very pungent question: "Will your grandchildren be able to worship as they please when they reach the age of 21?"

The answer to that question is dependent upon how we face our individual responsibilities today.

Scouting In America's Future

The Boy Scouts of America observes its 53rd anniversary during Scout Week, February 7 to 13. Since 1910, more than 36 million Americans have been identified with its work. There is scarcely an American family that has not felt its influence.

In 1916 Congress recognized that Scouting's development and promise of usefulness to the future of the country warranted federal protection. The Federal Charter it granted gave a legal foundation for Scouting and stated that its purpose "shall be to promote, through organization and cooperation with other agencies, the ability of boys to do things for themselves and others, to train them in Scoutcraft, and to teach them patriotism, courage, self-reliance, and kindred virtues."

How well Scouting has measured up to the expectations of Congress may be seen in some comments of President Kennedy's and America's first Astronauts. President Kennedy, himself a former Boy Scout, said: "Training and associations of Boy Scout life are invaluable to the individual development of young men and to the quality of young men and to the quality of community life. It has been a most valuable influence in our nation's life, and I know that future generations of the Boy Scouts will add even more to the vigor and strength of our nation."

Five of the seven astronauts were Boy Scouts and the sixth was an adult leader. "One thing Scouting can do to help boys the most in the future says Astronaut Alan B. Shepard, Jr., "is build up confidence. Boys can get this confidence by joining Cub Scout Packs and Boy Scout Troops, by earning merit badges, by learning to live indoors and outdoors, and by accomplishing things themselves."

"Participating in Scouting taught me to rely on myself and to handle small situations early, to take care of all small problems while I was young and learning, before the big ones came along," said Astronaut Neil A. Armstrong. "I know what a force for America a Scout-trained man really is. In a few short years the young men now in our homes, our schools, and our outposts will be taking our places, and the legacy we pass on to them will determine whether America as a nation will live or die."

"Sure Scouting is fun and in tune with the times, teaches many skills — all in preparation for that skill — the skill of living."

Astronaut John H. Glenn, Jr., an Advisor to an Explorer Post, feels "We must have even finer people show us the way and to be the leaders of tomorrow. Mental, moral, and physical aspects of our lives in Scouting has given you I hope never leaves you as you grow up. I hope you will carry on these high standards into your adult lives. Along with this if you

keep in your lives a spiritual center which gives you a direction and purpose, we certainly need look no further for the leaders of tomorrow."

In this area we have 12,500 boys and leaders in the South Plains Council of Boy Scouts of America who find that Scouting is a game, but that it is also preparation for adulthood and participating citizenship. We wish the Boy Scouts a happy 53rd anniversary.

Yarborough Newsletter —

Dear Fellow Texan:

On January 14, the first day for the introduction of bills in the U. S. Senate in this 88th Session, I introduced the GI Bill for veterans of the so-called Cold War. But, fellow Texans, this is no Cold War to the many American Servicemen who risk injury and death around the clock. Some never come back from the sacrifices they make to contain Communism around the world.

This is the third session of Congress in which I have introduced the Cold War GI Bill. Although the legislative barricades have been hard to pass, the popularity and the justice of this bill are greater than ever, and knowledge of it grows at home and in the Congress.

The Cold War GI Bill would allow one and one half days of education to veterans for each day of military service for the time between January 31, 1955, and July 1, 1963. This is the period between the end of the Korean Conflict GI Bill and the termination of the present draft law.

The bill would provide a single veteran up to \$110 a month for a married veteran with two children \$165 a month . . . to get a start on his education. Each veteran would be entitled to a maximum of 36 months of readjustment assistance.

My Cold War GI Bill was first introduced in the 86th Congress, where it passed the Senate 57 to 31 but failed to get out of Committee in the House. In the 87th Congress, I re-introduced the bill with 36 other Senators co-sponsoring it and succeeded in getting it reported out of the Senate Labor and Public Welfare Committee, but the legislative snarl-up was so bad last year that we were not able to get it passed.

Each year, thousands of our finest young Americans enter military service for two, three or four years. They make up 46 per cent of their age group. Meanwhile, 54 per cent stay behind and get a head start in civilian life—in an on-the-job training, in education, in all ways.

The veteran who returns finds his civilian counterpart with a distinct advantage in the battle of life. A GI Bill would help to offset what is an outright injustice to our veterans.

Today's serviceman can find himself under threat of gunfire in many different areas of the world — trouble spots like South Vietnam, Berlin, Cuba. The risk is great but what is the reward? The reward is a penalty to the veteran when he returns to civilian life—a penalty for his service. We need to remove his penalty and give the veteran who served his country a chance to advance himself, to become a better, more valuable American citizen.

The veterans of World War III and the Korean Conflict have shown they can make good when given a chance. They are more than repaying their country for the comparatively small cost of a GI Bill, by paying back more money in taxes to their country — taxes from higher earnings made possible by a better education.

I intend to work harder than ever before to get this bill for GI justice passed. I intend to attack the forces of indifference, of greed, of selfishness and of avarice—the Four Horsemen who for four long years have trampled underfoot the opportunities to these guardians of our nation's freedom.

Fellow Texans, it took four years and four months to pass the Padre Island National Seashore Bill under forces of opposition. I've just begun to fight for these veterans of the Cold War, these guardians of the hopes of free men everywhere.

Recently in my weekly newsletter to you, I discussed the diplomatic victory the United States won by firm action in the Cuba crisis.

In placing a quarantine in effect around Cuba, the United States had geographical and military advantage, which forced the Soviet Cuban Communist conspirators to back down.

Today with the 88th Congress moving further into its session, I want to talk about another world danger spot — Berlin.

We enjoy no military advantages in Berlin. On the contrary, we are almost as exposed there as were the Russian ships that turned back from Cuba when they faced the massed might of the American Navy with its ships, submarines and planes. Although we have very powerful means for responding to any Soviet threat, still we must bear in mind the truth of our exposed position.

Last fall after the 87th Congress completed its work, I spent two weeks on active military duty in the Army Reserves, since I have a total of 21 years in the Army and Active Army Reserves and maintain reserve status now while in the Senate.

On active duty last fall in West

Germany, I saw the cruel Berlin Wall. I went into East Berlin as well as West Berlin and observed this wall built to keep the Germans in bondage, to keep them from escaping to freedom and a better life in West Berlin. I went on field maneuvers in West Germany with the 24th Infantry Division and saw its powerful new weapons and combat-ready troops. As our first line of defense in Europe, they are in a high state of morale and combat readiness.

Berlin is also a test for the Communist powers in their burning ambition to gain new ground. Because of all this, we live in an age of trouble, reaching out for peace, but finding it, like the will-of-the-wisp, or the fox-fire — as it was called in the Nueces River bottom where I grew up in East Texas — always just a little farther on.

The world is watching as the Communist powers continue to gun down the freedom-seeking East Germans trying to cross the Berlin Wall. This is a Communist showpiece of shame, and now that the Communists have built it, they have to live with it. However, the outcry of protest against this Wall is going to ring out so loud around the world that the Soviets will be sorry for the day it was built.

We look for the day when we can plan and work for peace with all the energy we now devote to defense against the nuclear war. But we are in no place of refuge safe from the needs and troubles of other nations. Every nation is now a neighbor of every other nation on this earth. We face a challenge on a global scale — a challenge that must be met with strength and reason.

John Tower

Newsletter

Senator John Tower (R. Texas) today made the following statement on the oil depletion allowance section in President Kennedy's tax revision message to Congress:

"The President's tax proposals applying to the petroleum industry are totally incompatible with his avowed intention to prevent our tax system from siphoning off risk and investment capital. His proposals would choke off exploration and development in an industry vital to our national security. The oil and gas industry is a sick industry. Exploration is down 90 percent below 1956. Drilling activity is at a 19 year low. Industry leaders: the men responsible for the continued vigor of the industry, are demoralized. This is not a time to attack the oil and gas business with threats of new taxes.

"Apparently the Administration seeks an additional \$300 million annually in revenue from the petroleum industry. The effect would be to reduce the depletion allowance from its present level of 27½ percent to about 18 percent. The industry could not survive this. I shall oppose the Kennedy recommendations without reservation."

Mr. and Mrs. Delmas McCormick and her mother, Mrs. Arlene Ward returned home last mid-week from Wichita Falls where they spent several days with Mrs. Ward's father, T. S. Pruitt, who suffered a recent heart attack. Mr. Pruitt was said to be doing better at this time. The McCormicks, accompanied by their son, also returned home just prior to their trip to Wichita Falls, from a vacation to Louisiana, Houston, Galveston, Beaumont, San Antonio and other scenic spots on the coast.

NOW AT

FLOYD TRACTOR & SUPPLY

Starting on Monday, February 11, I will be back in the service department at Floyd Tractor & Supply.

I want to invite all of my friends and customers to visit with me there and to bring me their mechanical problems.

We feel we can give you the best repair service that can be found. Give us a try.

J. D. CANTRELL

SCOTTISH RITE SPEAKER John McKee of Dallas is pictured as he spoke to over 150 at a special dinner at the High School Cafeteria Thursday evening. Master of ceremonies was Jimmy Willson of Floydada.

Floyd Philosopher Stabs At Understanding Common Market in Europe, But Misses

Editor's note: The Floyd Philosopher on his Johnson grass farm takes a look at the Common Market this week, but what he sees is hard to say.

In between news of new cold fronts, the papers lately have been filled with articles about England's troubles in getting into the European Common Market, and I have been giving this some thought.

As I understand it, nobody really understands it.

I mean, nobody understands why De Gaulle won't let England in, when all the other countries in on the deal want her in. One magazine took ten pages to explain it, and never did.

The Common Market, it has been explained to me, simply lifts all the border barriers between the countries of Europe — so that potatoes, say, can move from France to Germany like they can from Floyd to Hale, without any tariff charges or red tape.

But De Gaulle is standing firm against England, possibly on the

grounds that he doesn't like English potatoes. It's not that he has anything against Englishmen. For example, during the First World War and also in the Second World War, France was in favor of a common market in soldiers, and welcomed British fighters with open arms. Weren't any tariff charges on them. Why then let Americans in on it.

This is all I know about the Common Market, and to rest my mind from all this international thinking, I would like to get on a domestic subject and ask the weather bureau a question.

Cold fronts have been sweeping over the United States so often this winter it's hard to keep up with them. For example, I'm not sure whether it was four or five fronts we had in January, and what I'd like to ask the weather bureau is why doesn't it name them like it does hurricanes? "Cold Front Khrushchev"?

Yours faithfully,
J. A.

has been sighted in Canada and is due to hit the United States at midnight," the bulletin could read. Or "Blizzard Castro is weakening." If cold fronts are going to make people miserable, calling them by name. Right now, the only cheerful thing about this winter is that Russia is having the same kind.

Laws to protect the public are worthless without machinery for their enforcement.

Propaganda is the art of making other people think as you think, regardless of the reason.

A birthday, once a year, gets through.

LETTERS TO THE EDITOR

Dear Editor: When I turned in the little article about a charge of \$1.00 for publishing a card of thanks I think you privately asked me to write you again.

Don't suppose you expected me to try so soon but here I am. Think I fairly well understand your position. Most papers do this and why not. I noticed that in most every walk of life we try to keep up with or to follow near as we can the proverbial "Jones."

And if given a little space we try to take more as I am now. I suppose that when we turn in a dollar to have a card of thanks in we are limited to a reasonable space or some of us would ramble on and on.

I have wondered if such might be applied to a free card of thanks. Say give us some ten lines free and if we desired to tell about our ancestors, descendants or some neighbor we have known charge so much per word for the excess. Really I believe this would cut out the long ones.

No Mr. Editor I like you personally. You've very pleasant to meet also like your editorials and the paper in general. And because I do not agree with you on one little thing is no sign that I will not read the paper so long as I live or can see well enough to make it out.

I have no more to say on this subject but something may come up in regard to our town or country that I as in the past may stick my neck out and try to show what side I am on.

An appreciative reader

ATE CAPITAL Highlights AND Sidelights by Vern Sanford

TEXAS PRESS ASSOCIATION

Rep. James Cotton, one of the most prominent members of the 58th Legislature, is examining the flight record of state-owned aircraft. He is concerned about what he calls "irresponsible use of state aircraft," and he has introduced a bill that would prohibit legislators from hitch-hiking rides aboard the planes unless they were on official business.

PARENTAL SUPPORT BILL — A bill which would make relatives responsible for the welfare of the needy old people has been introduced by Rep. J. Collier Adams of Lubbock.

Patterned after the "Montana Method," the bill calls for contributions to the support of citizens on Old Age Assistance rolls and disabled persons receiving state aid.

The "responsible" relatives could be the assistance recipient's parent, aunt, uncle, niece, nephew, spouse, brother, sister, son, daughter or grandparent.

Proposed law would make a person earning \$201 a month and supporting only himself pay \$5 a month toward a relative's care. If he made \$375 a month, he'd have to pay \$20.

"I just believe," Representative Adams said, "that the commandment, 'Honor thy mother and father' should be upheld." He said he also figures that the most needy people could get larger benefit checks if they received semi-support from their families.

BRUCCELLOSIS TESTS — Dr. John L. Wilbur Jr., U. S. Department of Agriculture's animal disease eradication division, reported that public stockyards inspection last month revealed brucellosis infection ratios of 1 to 11 per cent.

High ratio was revealed at the Port City Stockyards in Houston. An infection ratio of only one per cent was found at San Antonio's Stockyards. Fort Worth Stockyards' ratio was 3.7 per cent.

NO EMERGENCY — The man who holds the state purse strings for the House of Representatives said he sees no urgency requiring legislative action to bolster the screwworm eradication program by \$1,400,000.

Chairman Bill Healy of the House Appropriations Committee said his conclusion of a recent screwworm eradication project hearing is that livestock producers have raised enough money to keep the program going until March 1.

Meanwhile, an interim study committee headed by Sen. Culp Krueger of El Campo strongly recommended that the \$1,400,000 be appropriated now, and another \$1,600,000 be appropriated for the year beginning September 1.

This would make up the \$3,000,000, members of the Southwest Animal Health Research Foundation have been seeking from the state.

FIRST APPOINTMENT — Gov. John Connally's first appointment act was to name Judge Louis T. Holland Jr. of Montague as Presiding Judge of the 8th Administrative Judicial District.

Judge Holland will succeed Judge Jack M. Langdon of Fort Worth.

TRADING STAMP TAX — As an alternate to sending "The cream of business profits to out-of-state trading stamp companies," Rep. Jim Segrest of San Antonio proposed a 10 per cent gross receipts tax on trading stamps.

"Trading stamps are the most hated of all competitive weapons by even those who use them so why not tax such an unhealthy item?" Segrest asked.

He said his bill would bring millions to the state treasury as a balance to "some fifty million dollars" taken out of Texas annually by trading stamp companies.

\$18,000,000 PLANT SECURED — Governor Connally, who's been determined to make this state a leader in securing new industry, was greatly pleased with the announcement that the Holly Sugar Corporation of Colorado Springs, Colorado, will establish an \$18,000,000 sugar beet processing plant in Hereford.

Construction will begin soon, and the 1,700-acre plant is expected to be in operation by September 1, 1964.

"Establishment of this refinery is a big step toward providing new job opportunities for the citizens of Texas," Governor Connally wired the sugar firm.

COLLEGE HEARINGS SET — House State Affairs Committee — which has been the referral point of about one-third of 200 bills already introduced by the 58th Legislature — put college upgrading requests first on its agenda.

Bills being heard first are those designed to lend senior status and full state support to San Angelo Junior College and Odessa Junior College, and give full state support to Pan American College at Edinburg.

FUND-RAISING RESTRICTIONS — Sen. Criss Cole of Houston believes the state should keep tabs on all people who raise money for charity.

Many charitable organizations use professional money-raisers to conduct fund campaigns, and Cole proposes that the charities tell Secretary of State Crawford Martin:

1. What sort of deals they've made with their professional money-raisers;

2. What commissions the fund-raisers would get;

3. When solicitations will be held, and what will be done with the money solicited.

Annual reports of licensed organizations would be checked by a certified public accountant. Attorney general would halt the activities of organizations which try to raise cash without registering, unless they are exempt from the act.

FREE FISHING — An easing of fishing license requirements — aimed at helping unemployed persons on the Gulf Coast — has been introduced by Rep. Ed J. Harris of Galveston.

Harris proposed that citizens be allowed to fish with rod and reel in their home counties without paying \$2.15 for a license. He described fishing in one's own county or on one's own property as a "basic, human right."

PURCHASE RAISED PROPOSED — A bill to raise from \$150 to \$500 the amount of "emergency purchases" a county can make without advertising for competitive bids has been drafted by Rep. Vernon Beckham of Denison.

Beckham said a county official can't buy a truckload of gasoline or a typewriter without exceeding the \$150 limitation enacted in 1921.

Beckham introduced another bill which would raise the maximum to be spent by county commissioners on office buildings or jails in cities other than the county seat from \$150,000 to \$200,000.

OIL ALLOWABLE UPPED — Texas Railroad Commission has given oilmen their biggest production raise in many months.

Commission has set the February allowable at 29 per cent of potential.

MEDICAL PRACTICE — Senator Jim Bates of Edinburg has introduced legislation (SB 64) aimed at licensing and regulating non-physician owned and operated clinical laboratories.

"This bill would strengthen the Texas Medical Practice Act," Bates says, "by establishing educational and experience standards as a requirement for licensing by the State Department of Health."

Bill also requires that all tests be performed only upon the request of a doctor.

TOO BIG — Rep. V. E. "Red" Berry of San Antonio wants to divide Texas into two states.

A constitutional amendment proposed by the colorful retired gambler would create the "State of South Texas." Berry envisions it as a tax-free paradise in which horse racing, liquor by the drink and tourist trade would flourish.

"Nearly all counties in 'South Texas' voted for racing last year," he said enthusiastically.

END AD VALOREM TAX — Legislation to abolish the state ad valorem tax in 1968 has been introduced in the House of Representatives.

Two constitutional amendments and a bill to do the job are being sponsored by Reps. Ben Atwell of Dallas and Charles N. Wilson of Trinity.

EXECUTION STAYED — Carolyn Lima, convicted murderess, still is scheduled to become the first woman in Texas to be executed.

Currently she is living on borrowed time, since Governor Connally has granted her the customary 30-day constitutional stay of execution.

Her "partner in murder," Leslie Douglas Ashley, also has been granted a "stay" which has set the new execution date for March 30.

Miss Lima and Ashley were convicted of murder in the slaying of Fred Tones, Houston real estate dealer. Texas Court of Criminal Appeals twice has upheld the conviction and death sentence.

Steps in his apartment to dispose Small could not get down the of a weapon without aid.

VOTER REGISTRATION — Annual voter registration has been proposed in the Texas Senate by Sen. Tom Creighton of Mineral Wells.

Bill was filed in anticipation of poll tax repeal this year or next. Senator Creighton is chairman of the interim Committee on Texas Election Law Study. His bill is said to reflect the committee's recommendations.

TEXAS CRUDE USE — Texas refineries may have to buy three-fourths of their crude oil within the state.

Rep. Charles N. Wilson of Trinity has introduced a bill declaring about "75 per cent of the total stock of crude petroleum and nat-

People who gamble, should be prepared, and able, to lose most of stock of crude petroleum and nat-

REDISTRICTING PROPOSED — Dallas County will get Texas' 23rd Congressional seat if the 9-man Dallas House delegation has its way.

All three Democrat and six Republican House members have joined in introducing a bill to redistrict the state.

Their proposal would split the county into two congressional districts along the north-south line which now divides county commissioner precincts.

CONSTITUTION REVISION — Rep. Carl Parker of Port Arthur says he will handle in the House a measure creating a 40-man commission to study revision of the Texas Constitution.

A similar measure, SB 31, has been introduced in the Senate by Sen. A. R. Schwartz of Galveston.

BAR OBSCENE FILMS — A bill to prevent showing of obscene movie films in Texas has won the approval of the Senate State Affairs Committee.

Measure, sponsored by Sen. George Parkhouse of Dallas, would place censorship restrictions on foreign films and films traveling across state lines, two film types now unrestricted.

GOVERNOR HIRES 55 — Governor Connally has so far employed 55 persons.

They range from key staff personnel to domestic help at the mansion.

A staff aide said the present total of full and part-time workers is less than the previous administration's.

He also noted that the office is "not yet fully staffed."

There are new faces at nearly all desks but most have worked in and around the capitol in the past.

SENTENCE THROWN OUT — Court of Criminal Appeals in Austin has reversed a 25-year sentence for murder.

A Harris County district court had found Hoover Small, a legless Houston resident, guilty of murder with malice in the shooting death of his wife.

The murder weapon could not be found.

Appeals court's opinion said

LARRY GOLDEN OF AIKEN, TEXAS, right, showed both the champion and reserve champion Angus heifers of the junior division at the 1963 Southwestern Exposition and Fat Stock Show in Fort Worth. Both Golden's Lady and Golden's Miss Eileenmere were produced in the herd of his father, Oscar Golden, left. A total of 64 Angus heifers were shown by more than 50 Texas farm and ranch youngsters at the show. Photo by American Angus Association.

ural gas refined, reclaimed, treated or processed by any person or company shall be from wells in Texas"

PARKING GARAGE URGED — A House legislative committee has recommended that the state go into the parking-garage business and urged endorsement of such a measure by March 1.

If passed, the Texas Employment Commission can use \$300,000 from an unemployment fund to construct the garage.

NO CLOSED MEETINGS — Rep. John Alaniz of San Antonio would prohibit closed meetings of state, city or county agencies.

Alaniz has introduced a bill in the House providing a \$100 to \$1,000 fine for public officials who participate in closed meetings.

Two other representatives, Chester Brooks of Houston and Bill Rapp of Raymondville have introduced similar legislation. Alaniz is an attorney. Brooks and Rapp are newspapermen.

The letter read in part, "The Supreme Court over-ruled the motion for a rehearing January 16 and the case was declared over"

Floyd County Court records show the damage suit resulted from a highway accident in 1960 in which injured Mary Starkey while she was a passenger in a vehicle

Floyd County Hesperian, Floydada, Texas, Thursday, Feb. 7, 1963

Leatherman - Starkey Case Is Closed

C. E. Leatherman of Floydada received a letter last week from his lawyer, Albert Smith Lubbock Attorney at Law, informing him that the Supreme Court at Austin had over-ruled the motion for a rehearing in the damage suit of Jesse Starkey, individually and next friend, Mary Starkey, a minor, vs. C. E. Leatherman and Kenneth O'Neal.

Car Buyers' Bulletin

What do they have to compete with our middleweight Fairlane?

not a thing!

Fairlane is in a class by itself. It gives you the winning combination of big-car room, ride, performance — yet it handles and costs more like the compacts!

To illustrate, let's compare the middleweight Fairlane with the compact Chevy II which some people mistakenly feel is in the same class. Fairlane is almost 15 inches longer. It has more leg room, front and rear — and 3½ cubic feet more trunk space! Choice of two spanking V-8's or a spunky Six!

Next, compare the middleweight Fairlane with the big Chevy. Fairlane is a foot shorter, far easier to park and handle. Yet, amazingly, Fairlane has more effective front leg room... about the same effective head room... practically the same trunk space! Plus Ford's exclusive money-saving twice-a-year or 6,000-mile maintenance! Yet Fairlane is priced hundreds lower — even lower than some compacts! Come see your Ford Dealer... compare for yourself!

CEDAR HILL NEWS by Joe Fortenberry

Cedar Hill Sewing Club Honors Mary Lee Dillard With Surprise Birthday Party

CEDAR HILL, February 4 — Mary Lee Dillard, 40, of Floydada, has spent a portion of this week in the home of her son, Rev. and Mrs. Larry Godfrey Sunday.

Mrs. Larry Godfrey, Anita and Freda, spent Thursday night in the home of her mother, Mrs. M. S. Keller at Canyon.

Sheila Taylor and Apaula Boone were Sunday dinner guests of Anita Godfrey.

Mrs. T. F. Lane and Marvin spent Saturday in the home of her daughter, Mr. and Mrs. Cephus Fortenberry.

Mr. and Mrs. Garland Tucker and little Stephen Fortenberry visited in the home of his father, Mr. and Mrs. G. W. Tucker in Lubbock Sunday.

James Lemons visited his grandmother, Mrs. C. V. Lemons Sunday afternoon.

Mr. and Mrs. Robin Fortenberry visited his mother, Mrs. J. C. Fortenberry Sunday afternoon.

Mr. and Mrs. Garland Tucker, Mrs. J. C. Fortenberry visited M. J. O'Neal in Silverton Tuesday.

Mrs. Mary Lee Dillard and Mrs. E. J. Womack visited in the home of Mr. and Mrs. Joe Fortenberry Sunday afternoon.

Mrs. Robin Fortenberry visited with her mother, Mrs. T. J. Gill in Lockney Friday.

Mr. and Mrs. E. E. Wells were in Plainview last Thursday and stopped in Lockney to visit in the home of Mr. and Mrs. France Carthel and Chester. The Carthels are former residents of the Prairie Chapel community.

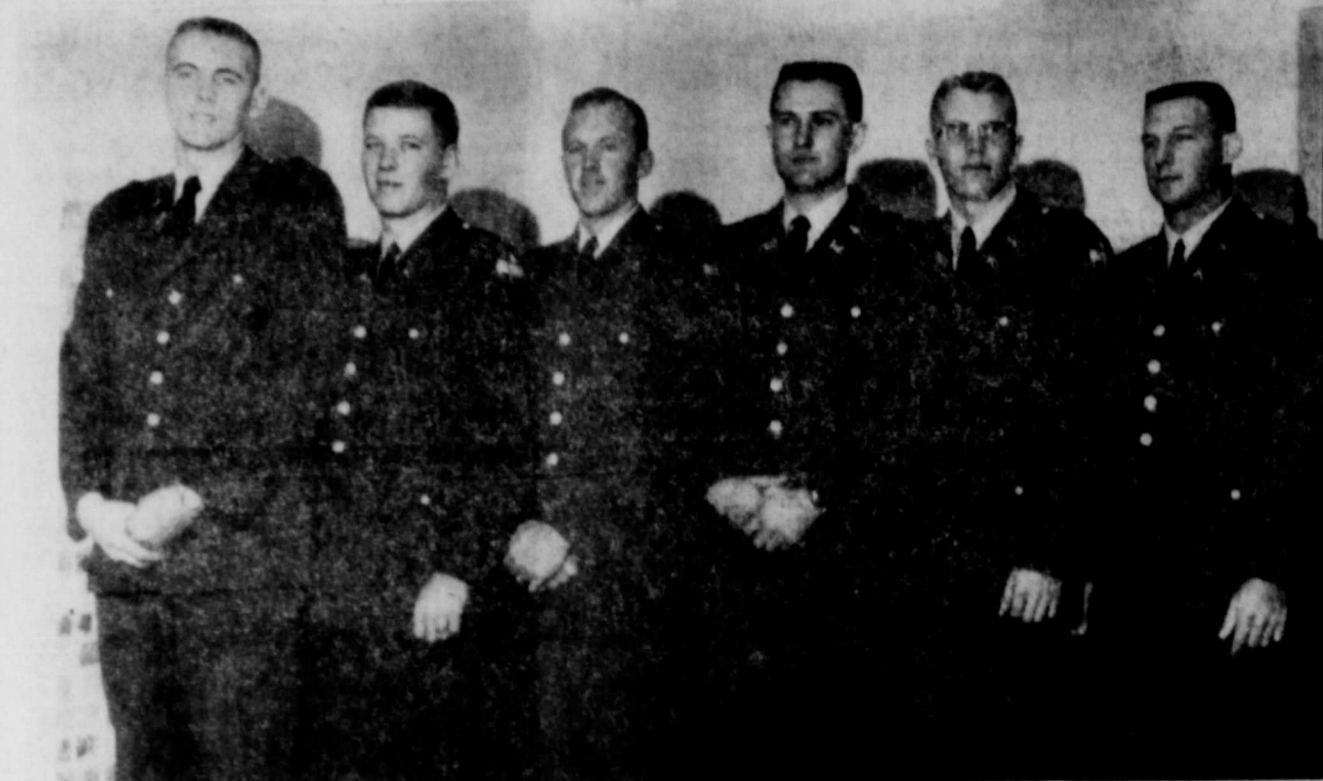

Kimberly Wells spent Saturday night in the home of Mr. and Mrs. E. E. Wells, while her parents Mr. and Mrs. Marvin Wells attended the young farmers banquet in Lockney.

Mr. and Mrs. Gene Gilley and family, Mr. and Mrs. Jack Yeary and family, Mr. and Mrs. Leighton Teepie and family attended the Fat Stock Show at Fort Worth Friday, Saturday and Sunday. Teepie and her boy friend from Waxahachie met them in Fort Worth. They returned home Sunday.

Brother Goree Applewhite preached at the Cedar Hill Baptist Church in the absence of Brother Bert Glasscock Sunday. Attendance was low due to the fact so many were gone. There were 25 present for morning service and two visitors were with us.

The Assembly of God Church had 48 present for Sunday School and two visitors. Some of our folks were out of the community.

Opal Rogers, who is employed by Consumers Fuel in Floydada is home from Lockney General Hospital and is said to be doing better. Miss Rogers was under medical treatment for several days at Lockney.

RECEIVING COMMISSIONS AS SECOND LIEUTENANTS in the Army are six of the ROTC graduates who participated in the ceremony Monday afternoon at the Texas Tech Student Union. Left to right are Gary E. Welch, Bryan J. Williams III, Robert N. Harris, John P. Schacht, Lourie W. Johnson and Ronald H. Morebe. Not pictured is Lawrence G. Schmidt, who received his commission in absentia.

DOUGHERTY NEWS by Mrs. W. J. Ross

J. E. Newton Honored On 75th Birthday With Covered Dish Luncheon At Home

DOUGHERTY, February 4 — Parents absence.

Mrs. R. H. Crawford accompanied her sister, Mrs. Merrill Harlan and Mr. Harlan to Ballinger to visit an elderly uncle who is quite ill and other relatives. They will visit their sister, Beatrice, at DeLeon before returning home.

Mr. and Mrs. Kenneth Poole and son attended the Fat Stock Show at Ft. Worth and relatives at Sunday dinner guests in the Virgil Scott home were Mr. and Mrs. Leroy Scott and Tammie Sue, of Lubbock, Mr. and Mrs. Corky Marshall, Kenneth and Peanie, Springs and Mr. and Mrs. V. V. Scott and daughter.

The Rev. DeWese and family were entertained in the F. M. Covington home Sunday.

Mr. and Mrs. Travis Jones and Mr. and Mrs. Ray Lloyd are spending a few days in San Antonio.

Donna Cates accompanied her Sunday School Class from the First Methodist Church in Floydada on a visit to several churches in Lubbock Saturday.

Billy Don Colston, of Tech, visited his parents over the weekend.

The home of Mr. and Mrs. J. E. Newton was the scene of a festive covered dish luncheon January 30. The occasion was in celebration of Mr. Newton's 75th birthday. Attending were his sister, Mrs. Binny Shook, two nieces, Lena and Dorothy Hoopie, of Lorenzo area and two brothers and their wives, Mr. and Mrs. Virgil Newton, of Petersburg, and Mr. and Mrs. Orville Newton, of Lubbock. Newton has been a leading citizen since the beginning of the village of Dougherty. He owned and operated the local gin until recent years. He retains interest in the ginning industry and annually attends the Texas Ginners Convention. He also has extensive farm operations and remains active in various activities for the betterment of our country.

Mr. and Mrs. McClure, of M. Blanco, visited in the home of Mr. and Mrs. Wayland Jones Sunday and attended services at the local church in the evening.

Mr. and Mrs. Weims Norman have returned home after attending the California State Aerial Applicators Convention at San Francisco. They made the trip by commercial plane.

Mrs. Wriggles, of Floydada, stayed in the Norman home and cared for Linda and Max in their

Mr. and Mrs. Watt Holly, of Dickens, were overnight guests in the home of their son, R. D., Sunday.

Robert Overstreet attended the Stock Show at Ft. Worth last week. Monday he attended the agricultural meeting at Plainview.

Lockney School Building Plan Is Recommended

LOCKNEY, Feb. 1 — A \$722,000 building program for Lockney Independent School District has been recommended by an educational consultant for the Amarillo architectural firm of Rittenberry and Rittenberry.

Dr. Floyd Giden, after studying the local system for several weeks has presented this three-point plan to the school board:

(1) Build a 24-class room grade school structure on grounds owned by the school in the western edge of Lockney. This building would be a single story, designed to house grades one through six. Cost is estimated at \$490,000. Transferring the sixth grade to this building would afford more space in junior high.

(2) Convert the present high school auditorium to a gymnasium (for physical education classes) and build a new auditorium of 12,000 square feet on the grounds just west of the junior high building. Estimated cost: \$159,000.

(3) Remodel the present high school building, installing new doors, windows, floor at a cost of about \$100,000. An architect's fee for the total cost approx 600.

Barring unusual circumstances the building program will fill needs of the district at least 10 years, after World War II.

The board has recommended a committee from the Texas Agency to visit the Amarillo building recommendations and make a decision is adopted.

Mr. and Mrs. Max Lubbock were Sunday visitors with Rev. and Mrs. Wilson. The couple are time friends.
