

## Floyd County School Districts Petition Rate Vote

### Vote May 18 At South Plains, Dougherty, L'view, Providence

The Governor signed House Bill 577 on April 30, allowing common school districts in counties of populations between 12,300 and 12,400 to petition their commissioner's court to submit a vote to the people in those districts on whether or not to increase school taxes to a maximum of \$2.50 per \$100 valuation.

Promptly after the signing Floyd county's four common school districts submitted petitions asking the Commissioner's Court to authorize the vote. The Court has set the date of Saturday, May 18.

### This Paper Smells!

That's right, this issue of the Hesperian does smell! Hold it to your nose and smell the sweet fragrance of cologne from Arwine Drug in Floydada.

The folks at Arwines are suggesting that you buy Mother perfume for Mother's Day . . . and just to make sure that there's no doubt, the Hesperian poured some cologne in the printing ink of this issue . . . for you to sample!

### Local Band Wins First In Marching In Enid Festival

Floydada High School Band came home Saturday night weary but jubilant over the winning of a first place in the division of half-time marching at the Enid, Oklahoma Musical Festival.

Other bands winning first in the same division were Tulsa, Pawnee, Okla., Clinton, Miss., Lindsey, Okla., and Phillips.

In Sight Reading Tulsa won first and Phillips second. No other band placed in this event.

In Concert the seven schools previously mentioned participated and also Alva, Okla., and Electra, Tex. Phillips, Clinton and Tulsa won first in that division and Floydada second. No other band placed.

Lindsey, Okla., Phillips and Tulsa won first, second and third respectively in the Street Parade.

Floydada made a good showing in Solos and Ensembles bringing back 11 medals. Winning in the first division was the Brass Sextet consisting of Kenneth Smith, Ronnie Gotcher, Dennis Deavenport, James Elza, Jan Stansell and Kenneth Huckabee. First in the French Foreign Quartet were Sue Johnson, Waylene Mankins, Shirley Johnson and Dan Hale. Dennis Deavenport won a first in a French Horn Solo.

**Band Banquet**

The annual Band Banquet for the Floydada bands will be held tomorrow night (Friday) in the

### SATURDAY AND SUNDAY: SOME HAIL

## Parts Of County Get Rain

Hard lashing rain and some hail came to the Floydada area Saturday and Sunday afternoons. An inch and a quarter was registered here Saturday afternoon and a quarter of an inch came on Sunday afternoon.

Small hail was mingled in with the large drops of rain, but very little damage was reported.

While the Lubbock area flooded in five inches of rainfall at noon Sunday — the clouds lost their punch by the time they reached Floyd County and some areas received only a sprinkle.

The Fairview community reported from .60 to 1.5 on both days. The Shirley Irwin farm in that area received about 25 per cent hail damage.

The Harmony community received a bountiful rain of 1.3 and J. S. Hale in the Starkey community reported an inch.

North of Floydada into Lockney reported from a quarter to a half an inch.

Ned Bradley of Dougherty said that he received 4 on Sunday afternoon. He said dryland wheat was hurting for moisture in that area, but it would all still make a fairly good yield.

Lawrence Davis, who lives just across the canyon south of Floydada reported a half inch of rain. Farmers faced the rains with mixed emotions — some had

## Baseball Tryouts Will Start On Monday For Boys Leagues

Wayne Brown, president of the Floydada Teen Age Baseball Association, announced this week that tryouts for the local leagues will begin on Monday afternoon, May 13.

On that date all prospective T-Shirt League members will turn out at the Andrews Ward School grounds between the hours of 5:30 and 6:30. The tryouts will continue through Tuesday and Wednesday afternoons on the same hour.

The Freshman League will hold forth on the same afternoons and during the same hours at the Junior High School grounds. Only new members of this league will be required to try out. Hold over team members from last season will play on the same teams as last year and need not be present.

No tryouts have been called for the Junior League as late as Wednesday morning.

The Floydada team that will enter the new Caprock Senior League started tryouts on yesterday. Some 150 boys have already indicated an interest in the league.

Ted Vermontes is local representative in the circuit as well as team coach. The league will have teams from Matador, Silverton, Lockney and Floydada.

**Matador Wins Playoff**

The Matador High School Baseball Team won a regional playoff game in Floydada Tuesday when they downed McAdoo 12 - 8.

The two teams had split earlier matches and played the rubber game on a neutral field in Floydada. Most of the Matador boys here for the game will be playing in either the Junior or Senior Leagues this summer.

More than 150 boys turned out for the sign up campaign last Friday night that kicked off the league activity for the season. Officials are looking for about 100 more as a number of entry slips have been passed out in the schools and will be turned in this week.

Registration fees of \$1.00 per boy were charged, but this is not nearly enough to carry on the program.

Tommy Assiter and the finance committee have the job of raising about \$10 per boy to assure a good season of play. Many citizens are being contacted to sponsor.

### TRIAL WARNING

## City Tornado Alarm To Blow At Twelve, Noon This Friday

Many persons have been asking about how to know when they should go to a cellar — how to know when a tornado is approaching Floydada and who will give the alarm.

The city of Floydada has installed a tornado (or disaster) alarm on top of the water tower. The sound is similar to the wail of the old blackout signal during World War II.

Since many residents have never heard the tornado siren it will be blown — only as a trial alarm at noon this Friday.

## Two Accidents Reported

The Floydada sheriff's office investigated two area wrecks Sunday. The first involved a Renault auto that turned over several times about five miles east on the Matador highway.

At eight Sunday morning Leslie Harold Welch and his fiancée were travelling east on the Matador highway when the right rear tire blew out and the Renault overturned, slid on its top down another time or two coming to rest on its wheels. Neither occupant was injured.

At 9:30 the same morning an accident involving two vehicles occurred at the Sand Hill intersection west of Floydada. Aurelio Rodriguez and Jose C. Rodriguez crossed the highway going west into the right-of-way of a man by the name of Whitfill who was travelling in a Corvette going south.

Whitfill plowed into the right side of the Rodriguez auto injuring both men. Aurelio, son of Jose was taken to the People's Hospital with minor injuries and Jose was taken to a Lubbock Hospital with a broken elbow.

Whitfill was uninjured as he was strapped into his auto with a seat belt.

**Forgery Arrests**

Two local negroes were arrested by sheriff's officers for forgery over the weekend. Mar Gibson is in the county jail pending bond of \$1,000 and Noah Davis, bond of \$3,000.

## Ellison New Manager At Farmers Coop

Harold Ellison, former assistant manager of the Lockney Co-op Gin and Elevator has been employed as new manager of the Farmers Co-op Gin in Floydada.

Ellison took over the managerial duties of the business this week and will move his family to Floydada as soon as a house can be secured.

He is a former resident of Floydada and a past assistant county agent of Floyd County.

The Ellisons are Methodists and have two daughters and a son.

## Davis Supply Buys Morckel Chemical Co.

Local grain elevator man, Lon Davis, Jr. has announced the purchase of the Morckel Farm Chemical Company in Floydada by Davis Farm Supply Inc. and the business is under new management effective this week.

Louis Bearden of Floydada is manager of the business and former owner Hary Morckel will continue to be associated with the firm.

The new management reports that it will "continue to offer the area farmer the same complete line of quality fertilizers, farm chemicals and lawn and garden supplies. Added features will be the sales of anhydrous ammonia and bulk dry fertilizer along with a full line of applicators and equipment."

The business is located at 517 Houston Street (east Matador Highway).

In a joint announcement to the public, Morckel stated,

"Since 1947 the Morckel Farm Chemical Company has served the farmers of this area and I am happy to recommend the new

## Floydada Livestock Sales Co. Fast Becoming Major Market

"We're selling over 1000 head each week and last Thursday was our biggest day since taking Floydada Livestock Sales over" was the comment of owner-manager Doyle Saul this week in referring to one of Floydada's fastest growing businesses.

The sales company is fast becoming one of the largest cattle sales on the plains and employs approximately 50 people each Thursday. The sale now begins at 11 a. m. and is usually over by 7:30 or 8:00 p. m. according to Saul.

Saul reports that cattle are bringing better prices at the Floydada livestock sale than larger sales at Lubbock and Amarillo because there is an abundance of buyers in comparison with the amount of cattle to be sold each week.

Cattle from Lufkin, Decatur and Palestine were unloaded Tuesday and Wednesday for this week's sale — buyers continue to come in from California, Arizona, Del Rio.

The buyers comprise feedlot representatives, local and area farmers and ranchers and some "jockeys". Saul has taken in ten more acres for pens on the north of the stock yard and four more acres on the west and is currently building more pens as fast as possible.

Many dollars have been spent remodeling auction ring, snack bar, concrete floors and sidewalks inside and out.

Besides selling cattle, the auction occasionally sells sheep and the horse sale which takes place each last Saturday night of the month continues to grow.

Saul, who purchased the business last December, lives in Plainview, has a ranch near Silverton and manages to stay "plenty busy" most of the time. He is a well known horse breeder in the state.

He is a brother to former state representative LeRoy Saul, who is presently state parliamentarian.

This influx of buyers and sellers each Thursday has added business and activity to the Floydada community.

## Lighthouse Lets Contract On Dougherty Sub-station

The board of directors of Lighthouse Electric Co-op in Floydada made the following announcement in regard to a new sub-station near Dougherty following their meeting Tuesday night:

"Effective May 8 a contract was let to Cummings Supply Company of Amarillo for \$46,013 to cover the cost of material to build a 5,000 KVA sub-station near Dougherty. Negotiations for site are already underway and we hope to let contract for labor to construct the sub-station and build necessary connecting lines as soon as possible. Every effort possible will be made to complete enough of the project to give Dougherty area people relief before winter load starts." The statement was given to the

## ASC Sponsors Wheat Meet

County ASC head Tom Hutchins reports that two informational meetings on the May 21 wheat referendum will be held Wednesday, May 15.

No tryouts have been called for the Junior League as late as Wednesday morning.

## Lockney Man Shot

Johnny Race of Lockney was found dead about 2 o'clock yesterday afternoon by his father and wife in a grainery about 200 yards from an empty farm house, three miles east and one-half mile north of Lockney. Justice of the Peace at Lockney, Hugh Counts, ruled the death self inflicted by gun shot. Mr. Race had suffered a mental condition for the past several months. He was hospitalized about 10 months ago for head wounds suffered at that time also by self inflicted gun shot.

Counts said the father related that Mrs. Race became concerned when her husband had not returned home about an hour after

## Now . . . if we can only get these "cotton pickin" beets thinned out!

FLOYD FARMERS DIDN'T HAVE ANY TROUBLE GETTING A GOOD STAND OF SUGAR BEETS . . . but the problem of getting them thinned out has been very perplexing. Here Billy Staniforth and Kenneth Bean look at thinning machine that does a "fair job".

HOE HANDS follow machine thinner in Don Marble beet patch, also located near South Plains community. The beets should be spaced approximately five inches apart for the best production results.

### Sweaters Given Honor Students At Della Plains

Highlight of the Friday assembly program at Della Plains school was the presentation of awards which included school sweaters given to the top two senior students and the top two junior students. The presentation was made by Mrs. Sammy Hale, president of the 1960 Study Club, Mrs. Doyle Moore and Mrs. Ralph Rucker in behalf of the club.

Receiving the sweaters of blue with white lettering were seniors Johnny Bonner with a four year grade average of 89.30 and Juanita Ivory, with an average of 82 for four years. Junior award winners were T. J. Davis, Jr., and Lillie Carr.

Certificates were also presented by the school by respective teachers to those winning during the year for their Inter-Scholastic league events.

Theme for the program was "Let There Be Song". The Choral prelude was by an Octet and the invocation given by Robert Contee. Several numbers were presented by the chorus group, the Dazian Dance group, The Emeralds, and The Chippers. Randolph Stripling sang "Water Boy" and Wilmer Bonner, "You'll Never Walk Alone."

The choral postlude "The Lord Bless You and Keep You" concluded the program.

**WEARING SWEATERS OF THEIR SCHOOL . . .** of Della Plains are scholastic students selected for four year average last week in Floydada. The sweaters, of the school's color and emblem, were presented to the students by Mrs. Sammy Hale, Mrs. Doyle Moore and Mrs. Ralph Rucker, in behalf of the Della Plains Study Club. One of the club's projects is to contribute to the betterment of the negro community. Mrs. Hale is president of the club. The student on the left is Lillie Carr, a junior; Juanita Ivory, senior with a grade average of 82 for four years; Johnny B. Bonner, senior, grade average of 89.30; and T. J. Davis, Jr., a junior.

Glenda Morgan

## Glenda Morgan Named Pledge Captain At HS

Glenda Morgan, daughter of Mr. and Mrs. E. D. Morgan, has recently been named Pledge Captain of Beta Gamma Epsilon, a social club at Hardin-Simmons University. Miss Morgan will hold this office for the school term of 1963-64.

The Floydada graduate will be in charge of all rush parties and pledging activities during her term. Glenda is a sophomore Education major and an active member in Cowgirls, which is a service organization and drill team at HSU.

Last week during the annual Hardin-Simmons Rodeo activities Miss Morgan was named runner-up for Rodeo Queen and was chosen as one of the sheriff's deputies.

Fair fishing was reported on Saturday at Stamford Lake but on Sunday by 2 o'clock Floydada fishermen there found it rough going, so packed up and headed home before the brunt of the storm struck. Making the trip were Charles Tyer, Henry Barber, Kerwin Baxter, Bob Copeland, Kelly Chadwick, Fred Cardina, A. W. Coltharp, Billy Stanforth, and a brother of Mr. Barber's from Plainview.

## McGrew Family Honored On Departure To Amarillo

The Revis McGrew family were honored last night with a reception in the parlor of the First Baptist Church in a farewell tribute from their many friends.

Mr. and Mrs. McGrew, their children, Judy, Marjorie Dan, will depart for Amarillo to make a 1500 mile educational tour. Mr. McGrew will be Educational Director of the Texas Baptist Church. The church is also old with approximately 100 members.

Mr. McGrew has a local church since last year his wife was organized and Judy, assistant pastor.

Mr. and Mrs. McGrew are presently in Amarillo. They arrived in a plane Tuesday, May 7, and will be weighed six pounds by the R.W.H.W. Fullingim, Roy Hale of Floydada and Mrs. John King of Grand Lodge of Texas from Odes, will begin at 8:00 p. m. All Mrs. Will Steel and Mrs. J. S. Hale Sr. are urged to attend.

## Past Masters of Floydada Lodge Will Be Honored

The A.F. & A.M. Lodge No. 712 of Floydada will be host on Saturday evening, May 11, at a dinner and program honoring all Past Masters of the local Lodge. The dinner will be served at 6:30 p. m. and the program, a lecture by the R.W.H.W. Fullingim, Roy Hale of Floydada and Mrs. John King of Grand Lodge of Texas from Odes, will begin at 8:00 p. m. All Mrs. Will Steel and Mrs. J. S. Hale Sr. are urged to attend.

## Lewis - Johnson Vows To Be Read Here On June 1

Mr. and Mrs. David C. Lewis of Floydada, announce the engagement and approaching marriage of their daughter, Linda Lockhart Lewis, to Don Creed Johnson, son of Mr. and Mrs. A. W. Johnson of Estallene.

The couple will be married June 1 in the Chapel of the First Methodist Church in Floydada. (Story re-run from last week due to misprint)

## Lockney Club Sponsors Show

The Lockney Garden Club will hold their Spring Flower Show at the Rebekah Lodge, 120 S. Main in Lockney on Friday, May 17th from 1 o'clock until 5 p. m. The affair will be free and is open to the public.

Anyone wishing to enter flowers should do so from 8 a. m. until 10:00 a. m. May 17th. A schedule appears in this week's Lockney Beacon.

## Susan McPeak Suffers Burns

Susan McPeak, four year old daughter of Mr. and Mrs. Clifton (Popeye) McPeak, is home and reported improving after being painfully burned at the family home Monday about noon.

Susan was in the kitchen with her mother as she prepared lunch. When Mrs. McPeak turned away from the stove, the little girl was thought to have reached for the handle of a skillet and pulled it off the burner, spilling the hot contents on her.

She was burned over the stomach and legs and is wrapped from the waist down until her burns heal. She was given treatment at Peoples Hospital and dismissed Tuesday.

HARMONY NEWS by Mrs. Mather Carr

Harmony Group Goes Fishing At Brownwood

HARMONY, MAY 6 - Mr. and Mrs. R. B. Gary started to Tennessee Wednesday and Mr. Gary became ill and they came on back home from Lubbock. They were going by way of the train. Mr. Gary isn't seriously ill, but not well enough to make the trip. Mrs. Joyce Davis who is in California with her father who is ill has called Mrs. Marvin Smith several times and she said her father was better but not well. He had another stroke and it affected his speech and mind. He can talk a little but you can't understand him. Mrs. Davis doesn't know when she will be home. Mr. Davis came in Thursday. Jeanne is staying with the Marvin Smiths.

I am writing some of the news Saturday. It is 5:30 and it is raining and hailing a little. Hope it doesn't hail much. I t hailed about 20 minutes, the largest about the size of a medium marble. Had a nice shower. The grass was pretty well covered with hail but not much wind. Well this Monday morning I can say we had 1.3 inches of rain on Saturday and Sunday.

Funeral will be Tuesday in Methodist Church in Lockney. Mr. and Mrs. Allan Gross and girls were dinner guests Sunday in the Fred Gross home in Sand Hill. Allan is still not feeling well and will go back to Lubbock this Monday to see his doctor. Those going from here to Enid, Okla., with the band Thursday were Mr. and Mrs. Marion Tucker, Dan and Harry Hale, Bill Carr, Barbara Schulz, Ronnie Tucker and Don Ray Ramsey. They returned home Saturday night.

Assembly Of God Revival May 14 - 19

The Floydada Assembly of God Church will be in a revival from May 14 to May 19. Rev. J. J. Stone, evangelist from Lockney will be the revival preacher. Services begin nightly at 7:45.

Virgle Shaw Hospitalized

Word was received here this week by friends that Virgle Shaw has been placed in a Houston hospital for the purpose of building him up before he undertakes a series of tests at the Clinic. Mary Shaw took her husband to Houston last week and the trip left him very exhausted. It was not known just when Mr. Shaw would be able to leave the hospital. Mrs. Shaw is staying at the Brasswood Motel, 2116 Holcomb Blvd. in Houston, but was anticipating moving to another place in cards to her friends here.

Tomboy And The Champ Featured At Palace Friday

Tomboy and The Champ scheduled to run Friday and Saturday of this week at Palace Theatre in Floydada is drawing much interest from the school aged youngsters. The show is built around the story of a 4-H boy and his calf and their adventures as the youngster competes for stock show prizes.

A school matinee has been arranged for the film and regular showings will also be held on Friday night, Saturday afternoon and night at which times a second feature "Mermaids of Tiburon" will be shown.

Tomboy and The Champ is recommended as good entertainment for the entire family and is especially recommended for children, says Mrs. Jack Deakins at Palace Theatre.

LOUIS BEARDEN AND HARRY MORCKEL

Announcing the purchase of MORCKEL FARM SUPPLY by DAVIS FARM SUPPLY, INC. Effective this week Davis Farm Supply Inc. will take over management of Morckel Farm Chemical Co., following the purchase of the company by Davis Farm Supply, Inc. The business will continue to offer the area farmer the same complete line of quality fertilizers, farm chemicals and lawn and garden supplies. Added features will be the sales of anhydrous ammonia and bulk dry fertilizer along with a full line of applicators and equipment. We are happy to announce that Louis Bearden, who is well known in the Floydada trade area will assume managership of Davis Farm Supply. Harry Morckel will continue his association with the firm and we feel that during his 15 years experience in this business he has accrued a technical and practical knowledge which will be a great asset to the continued operation of the firm. New Ph. No. YU 3-2233 517 E. Houston St. Floydada, Texas

Thanks Folks! Effective this week I have sold the Morckel Farm Chemical Company to Davis Farm Chemical Incorporated. Since 1947 the Morckel Farm Chemical Company has served the farmers of this area and I am happy to recommend the new owner to continue to offer the best materials and service to both old and new customers of the business. My sincere thanks to everyone who has made the past 15 years very enjoyable ones for me in business in Floydada and I trust that we may continue our friendships as I will remain a resident here and be associated with Davis Farm Chemical, Inc. **Fine Arts Program Given At Study Club Meeting**

"A man should hear little music, read a little poetry and see a fine picture every day of his life in order that worldly cares may not obliterate the sense of the beautiful which God has implanted in the human soul," by Goethe. This led to the topic of "Pan-American Day Program Fine Arts" for the meeting Tuesday night of the 1963 Study Club.

The meeting was held in the PCA room with Mrs. John Stapleton serving as pro-tem hostess in the absence of Mrs. Virgie Shaw. Prayer led by Mrs. Ralph Johnston opened the meeting. Roll call was answered with an example of culture of Latin American

(Continued From Page One)

dade folks are truly friendly! REMEMBER, "FRIENDLY FOLKS USUALLY FIND FRIENDLY FOLKS".

WHILE watching a movie heroine's pitiful struggle to find true love, a husband became more and more annoyed with his wife's sniffles. Finally, he demanded "Why is it you cry over the teeth as Hitler's

imaginary woes of people you never met?"

"For the same reason," his wife snapped back. "that you yell and scream when a man you don't know hits a ball over the fence."

"WHAT has your department to report on our economy campaign?" the boss asked the office manager.

"Well," the manager said brightly, "besides cutting our lighting and heating expenses in two, we've dismissed that 38-year-old steno and replaced her with one that's 19."

I'VE ALWAYS wondered if Hitler were really dead — I've heard several rumors in the years since the end of World War II that he had escaped to Spain or Argentina.

Now comes word from the Russians — after 18 years of silence that they recovered Adolf's burned body when they smashed into Berlin.

The Russians report that they secretly disposed of the body. They relate:

"A charred body, presumably Hitler's was found in the bunker wrapped in a blanket. A bullet had blown in the right temple and knocked out some of the teeth. The Russians flushed out the Fuehrer's dentists who, on the basis of their records, identified 'Why is it you cry over the teeth as Hitler's

It was indicated the body was not burned completely beyond recognition."

The Russians also claim to have in their possession Hitler's last will. In it Hitler says that he married his friend Eva Braun. Eva had been Hitler's mistress for many years and apparently Hitler decided to marry her just before both committed suicide.

I FIGURE that our bookkeeper spends about half of her time bookkeeping for the state and national governments — just wonder when they'll come through with their half of the bookkeeping costs.

Much of the time is spent in withholding taxes — getting the money to the Internal Revenue Service for each individual employee.

We've been told several industries have used an interesting pay system, to make employees realize what big teeth our government has with which to gobble big mouthfuls of our earnings.

Here's the way it works. Pay the employees their full salary, with no deductions, the first three paydays of each month. On the last payday make your entire payroll deductions from each paycheck. This will leave them gasping.

A married man earning \$100 a week, with no children, will get something under \$25 for his fourth week of work that month. A single man will get about \$15. In other words, a man earning \$100 a week is working for Uncle at least 2 1/2 months of the year. At least Uncle is getting that much pay from him.

A sure sign you're getting older is when the kids come home from school and tell you about their history lessons, and you realize that when you went to school the same items were called "current events."

WE MAY NOT have the best paper in the country, but we've certainly got the best smelling one anywhere. After running a gallon of Arwine's cologne through the press Wednesday we have a scent that was really ultra ultra — or something.

If you've ever referred to the Hesperian as that "stinking newspaper" — you won't be far from wrong on this edition.

The Dallas Morning News was one of the first newspapers to perfume its ink. The story is told of the young office executive who bought the perfumed paper from a newsstand on his way home. His wife came to greet him with a kiss as he entered the front door with the newspaper tucked under his arm.

As she came near him and smelled the perfume — she asked no questions, but immediately grabbed the paper from under his arm and began to hit him with it about the head — she smelled it wasn't her perfume she knew!

HARRY MORCKEL has a most interesting trunk or huge box in his warehouse. I believe he said a great great grandmother brought it from Germany in the 1880's with all of her earthly belongings in it — by sail boat to America.

When I get a little time, I want to hear more about it. It was Harry's birthday when I visited him Tuesday morning, so we didn't discuss the trunk very long — Harry had a lot of reminiscing to do about his age and the years he operated the farm chemical company he has sold.

I won't divulge his age, but I'd say he'll enjoy many more happy years with his customers and friends in the Floydada area.

## JUNIOR GI

(TITLE 38, U.S. CODE, CHAPTER 35)

Floyd County veteran's service officer D. G. Ayers has announced the following "Junior G. I." Bill to provide educational opportunities for approximately 160,000 children of Veterans who died in or as the result of service in the Armed Forces of the U.S.A.

**EXCEPTIONS:**

- The period will be where (1) Student death falls in the term, in which case he is permitted to re-enter on the military service.

**ELIGIBILITY:**

- (1) Students whose parents died from disease or injury incurred or aggravated in the Armed Forces during the Spanish-American War, World War I, World War II, or the Korean Campaign.
- (2) As of September 14, 1960, benefits were extended to children of Veterans who died from disability incurred under conditions of extra hazardous service or as a result of the performance of duty during the following periods:
  - (A) Beginning SEPTEMBER 16, 1940 and ending DECEMBER 6, 1941;
  - (B) Beginning JANUARY 1, 1947 and ending JUNE 26, 1950; and
  - (C) While Selective Service is in operation from the end of the Korean Service (January 31, 1955).
- (3) Assistance is available to eligible students, during the period which begins on date of 18th birthday, or successful completion of High School, whichever occurs first, and ends on date of his 23rd birthday.

**AVAILABILITY OF TRAINING:**

In approved public and private, vocational, business schools, and other educational institutions.

**SPECIAL TRAINING:**

The law provides for restorative training to restore or improve individual's ability with physical or mental handicap which a student would not be able to pursue normally.

**APPLICATION:** Must be a parent or guardian of the child.

**FURTHER INFORMATION:** Can be obtained from the County Counselor or American Legion Post.

## A Mother's Reward

I do not ask that you repay  
The hours of toil and pain.  
The sacrifice of youth and strength  
Shall not have been in vain.  
I do not ask for gratitude  
But only this my child,  
That you shall live your life so well  
My gifts be not defiled.  
The nights I watched beside your  
crib,  
The years of love and care  
Will amply be repaid if once  
I see you standing there . . .  
An upright and an honest soul  
On whom success has smiled,  
That I may say with humble pride  
"THAT" is my child!"

# Plainview's Pioneer Round-up Set For Saturday, May 11th

Plans have been completed for the 35th Pioneer Round-Up to be held Saturday, May 11th, stated Mrs. Verne Shields, president of the sponsoring organization, the Plainview Business and Professional Women's Club.

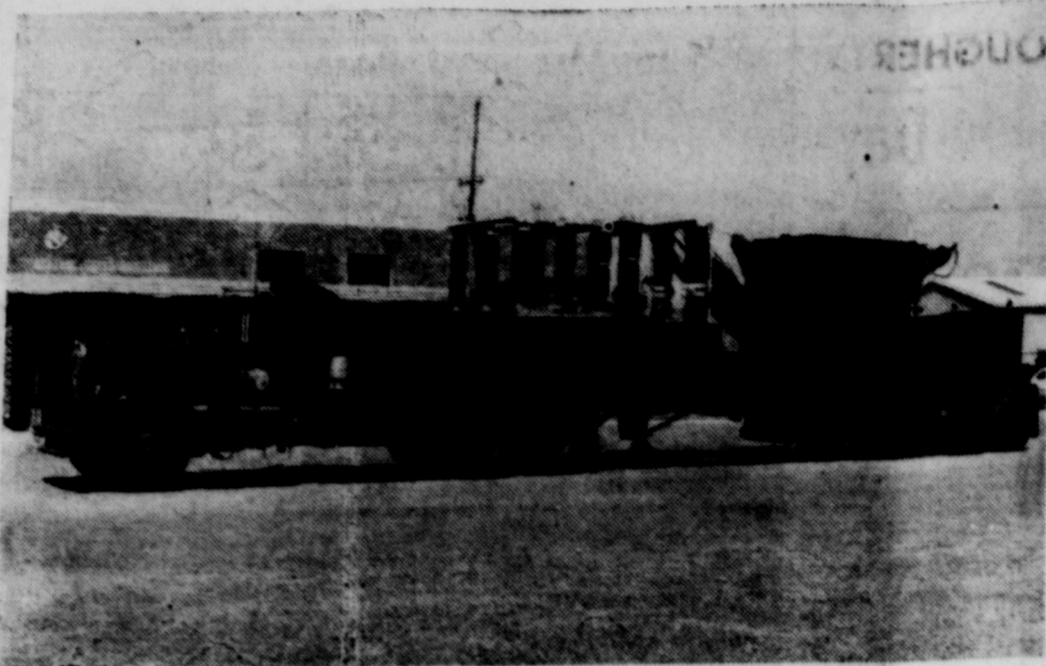

The reception beginning at 10:00 a.m. at the Reddy Room of Southwestern Public Service Company, 306 West 4th Street, is a big feature and is a time when the real "old timers" get together to reminisce and exchange stories of the past. Mrs. Adella Drew, chairman of this committee and her assistants are expecting many pioneers from near and afar to make their appearance soon after 10:00.

One of the few remaining parades in Plainview will be staged at 2:30 p.m. at the Santa Fe Depot. Mr. O. B. Jackson will be the parade marshal. The color guard will also head the parade and the Plainview bands will march. Several floats have already been entered and Miss Doris Hoke, chairman of the parade committee, stated additional floats are welcomed on that date.

The antique car section promises to be one of the main attractions. Riding clubs and the Hale County Sheriff's Posse plus miscellaneous riders will give the western flavor to the event. Winners in the parade will be announced at the night program.

The evening program will be held in the Plainview High School Auditorium. From 6:00 to 8:00 p.m. the chuck wagon supper will be served, consisting of a hot-a-gun, barbecue, sour dough biscuits and all the trimmings. Mrs. Ellen Ash, chairman of the foods committee, stated that the annual bean rocking would be done Friday evening by the members of the Plainview B. & P. W. Club.

Theme for this year's Round-Up is "From Dugouts to Atom-bombs", and those persons who have lived in dugouts will be recognized at the night program as well as the person who traveled the farthest distance to attend the Round-Up and the oldest person in attendance.

This is Southwestern Public Service Company's traveling transformer. The new unit, built to special specifications by General Electric, is designed to replace almost any transformer in the company's system in case of scheduled repair work or emergency. The transformer can be connected to any one of three voltages on the "high", or transmission line, side, or any one of five voltages on the "low", or distribution, side. The cost of the unit? \$1.50 a pound, and it weighs 82,000 pounds.

Mrs. A. B. Cox, chairman of the program committee, said there would be various musical numbers on the program which is planned to be of interest to young and old alike. A short fashion show will be staged showing fashions of yesteryear in comparison with the styles of today. Exhibition square dances will be performed by members of the Plainview Square Dance Club.

An outstanding feature of the program will be honoring the "Pioneer Woman of the Plains".

## CEDAR HILL NEWS by Joe Fortenberry

### Mrs. Mamie Yeary Hostess To Cedar Hill Sewing Club

CEDAR HILL, May 8 — Our community was saddened Thursday morning at the passing of J. V. Gilly who was a long time resident of our community. Mr. Gilly's condition had been grave for some time. Our heartfelt sympathy goes out to the family in this hour of sorrow.

Mrs. Jack Yeary underwent emergency surgery Monday at the Medical Center Hospital in Plainview. Her condition is some improved. We hope she will soon be well again.

Eldon Fortenberry went to Roaring Springs Friday where he helped to get the Assembly of God Youth Camp grounds ready for their spring sessions.

Mrs. Raymond Love and Tressa visited with Mrs. T. F. Love, Marvin and girls Sunday evening.

Mr. and Mrs. Garland Tucker spent Friday night with his parents, Mr. and Mrs. J. W. Tucker in Lubbock Saturday. They went to El Paso where they visited with Rev. and Mrs. R. P. Barnard until Wednesday. Sunday afternoon they visited Mrs. Stella Sevier, a cousin of Mrs. Tucker's who also lives in El Paso. Monday they went to Juarez, Mex. Tuesday they visited the White Sands returning home Wednesday. They report a good trip.

Rev. and Mrs. Wayne Jarnagin spent Thursday night with her parents, Mr. and Mrs. Cephus Fortenberry, Melba Jean and Phyllis.

Mr. and Mrs. Wallace Slayton and family, of Plainview, visited Sunday with Mr. and Mrs. J. A. Welch and Connie.

Mrs. George Mize and Mrs. Albert Mize spent Friday night in the home of Mr. and Mrs. Bobbed Carter in Amarillo. Mrs. Carter is recuperating nicely from her late illness.

Mrs. Tom Fortenberry spent Friday night in Childress with Mr. and Mrs. O. R. Beard.

Albert Mize visited Friday night with Andrew Jetton and Mrs. Mamie Yeary.

Mr. and Mrs. Lindsey Lackey and girls ate Sunday dinner with Mr. and Mrs. W. E. Lackey.

Mr. and Mrs. W. E. Lackey visited his sister Mrs. J. C. Fortenberry Sunday night.

Any club or individual may nominate a lady for this if they will contact Mrs. Edna Looper, a member of the program committee. Previous winners have been Mrs. Sallie LeMond and Mrs. Frank Norfleet, both of Hale Center and Mrs. Lillian Fortenberry of Edmondson.

### Can Cotton Be Produced On The Plains With Less Water?

Laboratory and greenhouse experiments currently underway may disclose the possibility of securing the same yield and a better quality of cotton with a much shorter stem and a thicker leaf. A hormone, used in floriculture, was applied to cotton and Carley by Dr. Gohlke in a greenhouse at Michigan State University in 1962. He was then engaged in post-Doctorate research there. A continuation of this experiment is currently underway at the High Plains Research Foundation at Halfway, Texas.

Cotton plants treated with the hormone with one of several methods produce plants with shorter thicker stems and thicker dark green leaves. Even though the treated plants undergo a great morphological change, the hormone does not appear to influence the normal growth and reproductive cycle. Laboratory and greenhouse experiments indicate that small grains and cotton treated with this hormone will produce normal crop yields with only one-fourth to one-half the water required by untreated plants. The application of the hormone in sufficient amounts shortens the internode distance between leaves on the stem. This produces a short, dry weatherable of producing from one to two bales per acre with less irrigation water needed. The experiments currently being conducted in the laboratory and greenhouse will be continued in the field this year.

Dr. Gohlke's ultimate goal is to produce a highly productive cotton plant with short stalk and heavy leaf that could survive a growing season on 8 to 12 inches of moisture, considerably less than the 15 to 18 inches of rainfall that is normally recorded on the High Plains. Early winds and sand damage will be considerably decreased by the shorter, thicker stalk and leaf. Even though early experiments indicate that this hormone may be invaluable in the future of High Plains agriculture, Dr. Gohlke points out that this hormone is an experimental compound and is not approved or available for commercial use.

Dr. Earl Collister, Director of the Foundation, said in commenting on this new research project "We hope that this research project will provide information that will enable our farmers to produce a better quality of cotton with less water."

## Veteran's Ask

**QUESTIONS AND ANSWERS**

Q — A friend of mine - no relative - died without funds or family recently. Due to our long association, I arranged a funeral and picked up the tab. The deceased had served in the army from 1931 to 1935. Will the VA pay a burial allowance in this case?

A — Not unless the deceased had been in receipt of service-connected compensation at the time of death or had been discharged or retired for disability incurred in the line of duty. Neither service-connected nor disability discharge would be necessary had the deceased been a

wartime or Korean Conflict veteran.

Q — What is the procedure for getting a veteran into a VA hospital in a medical emergency?

A — Patients requiring emergency medical treatment may be taken directly to the nearest VA hospital, but if possible the veteran or someone acting for him should communicate with the VA by telephone or telegraph beforehand.

Q — Can a widow of a veteran live with another man as his wife but continue to draw a VA pension as long as she does not actually marry the man?

A — No. The law governing widow's pensions was amended in 1962 to declare such a person not eligible for pension.

# Thoughts on a City Without Newspapers

We can now see, more clearly than ever before, how much we depend on the newspapers for mental sustenance, peace of mind and conversation, in addition to news.

The experience of New York City during the long weeks of the strike shows that it wasn't merely the inconvenience that hurt; it went much deeper than that.

Something had been taken from the established pattern of life and left darkness in its stead.

For years the newspaper had been right there when it was wanted, as welcome as a cup of coffee and as faithful as the risings and settings of the sun. Somehow you always expected it would be like that, no matter what the problems of news gathering or the weather.

Then suddenly one day it wasn't there.

**No Paper on the Step**

You opened the door at home and it wasn't on the step. Nor at your favorite stand on the corner or at the station. Nor waiting on a handy pile for a quick grab on the way home.

"Oh, well," you said, "the strike will be over in a day or two. I'll make out by getting the news somehow."

But it wasn't over in a day or two.

Then you began to realize that the news did not seem quite the same over TV and radio, helpful as they tried to be. And you just couldn't get interested in that out-of-town paper. What you missed was the kinship of your own.

**A Stranger to the News**

More and more you had the feeling of being out of touch and alone. Things were going on, lots of things, big and little things, but you had so little part in them.

Where once the whole world was right there in a bundle in your hand, there was now a void.

Carry that far enough and psychologists will tell you that you could wind up biting the dust.

It was bad enough to be shut out from the news and the financial pages and the columnists. But how could the many loyal addicts live a full and happy life, and maintain good humor, without the comics?

All of this emphasizes the importance of the newspaper in the lives of the people.

There is something much more. A city without newspapers is an uninformed city without the means to combat those, from within and without, who might do us harm. We need a free, constant and unmanaged press for a free America.

Figures on the cost of the strike shows what happens when newspapers are shut down and there is a blackout of purchasing power as well as news.

The cost to newspapers in lost revenues and to employees in lost wages was over \$100,000,000.

Losses to retail stores were staggering that they defy any exact figure. Estimates of the total over-all economic loss which extended to almost every type of activity in the city, range from \$200,000,000 to as much as \$400,000,000.

**The Shopper Feels the Pinch**

The loss through the absence of advertising is not only to the merchants — and the manufacturers — but to the public.

For the newspaper is the buying guide that points the way to the best values and where they can be had. Countless readers look to it and depend on it regularly for their shopping information.

Each day the most desirable items in the stores are placed before you on the printed pages, the well-known and the just-out, the standard and the unique, the glamorous and that new panacea in the kitchen, and the bargains to be had.

Something important is lost when they are not there to see.

They failed to get in the finals and will have to be content with regional title. The Lamb County. He and the former Jennie Pauline Chowning have one other son, Curry Lamar, age six. Grandparents are Mrs. A. W. Chowning of Floydada and Mr. and Mrs. L. D. Aten Sr. of Clarendon.

trio consisted of Dorothy Bishop, Barry Rosson and Bradford Beedy. For the second time in six months natural gas serving into Floydada was interrupted for a period of 15 hours, when lightning in Friday night's storm struck the combination intermediate and low pressure regulator of the West Texas Gas Company in northwest Floydada. The station was burned to the ground when the bolt of lightning hit at 9:40 and service into town was interrupted when the gas main was closed north of the station at 9:55. Service however was restored about 10:40 Saturday and crews of the company started turning meters back on about noon. Mrs. Maud E. Hollums, owner and manager of Duncan Abstract, is hospitalized this week but reported doing nicely. She went to Peoples Hospital for treatment and observation Thursday and anticipates that she may be released this weekend. A tire rim Tuesday afternoon blew off a county maintainer and struck Dewey Hatley, which resulted in his having six stitches taken in his jaw. He was doing fine yesterday and back to normal. The beautiful church home of the First Baptist congregation of Floydada to be dedicated Sunday morning is the result of more than 20 years of effort culminating in its completion early in this year. It represents a value of \$125,000. Birth of a daughter, born posthumously to Joe R. Robertson Jr., was announced this week by Mrs. Robertson, the former Aris Myrick. The baby was born May 7 in Peoples Hospital and has been named Jolene Roberta. The baby, whose father died on Feb. 14 of this year, is the granddaughter of Mr. and Mrs. Joe Robertson and Mr. and Mrs. H. D. Myrick. Mr. and Mrs. R. L. (Pete) Kendrick have a son named Roy Dale, who was born on May 6. Over parts of Floyd County starting last mid-week and up to Saturday night, some three to five inches of rain was reported over the area.

## DOUGHERTY NEWS by Mrs. W. J. Ross

# STATE CAPITAL Highlights AND Sidelights by Vern Sanford

**AUSTIN, Tex.** —If the 58th Legislature's final version of a loan shark law is that which passed the house, folks who do business with the money men still would pay charges up to 500 per cent on the smallest, shortest-term loans.

Small-small loans - those under \$100 - would be regulated by an amendment to Corpus Christi Sen. Bruce Reagan's bill which provides that on loans from \$19 to \$35, the lender could collect a flat 10 per cent charge plus a \$3 handling charge for each month of the loan, up to no more than two months.

In addition to this, lenders also could collect \$3.30 per month up to four months on loans between \$35 and \$70, and \$4 per month for up to six months on loans from \$70 to \$100.

The over-\$100 clause sets these rates per year per \$100: \$19 up

to \$100, 16, from 100 to \$200, \$13 per 100 between 200 and \$300. This is scaled to the rate of 7 per \$10 on loans between \$1,000 and \$1,500.

Rep. Joe Cannon of Mexia called the House-passed bill "a Robin Hood in reverse bill - it robs the poor and gives it to the rich."

A work-out on the measure which carries 19 Senate amendments and 23 by the House is expected in a Senate-House conference committee, but it won't take long if Gov. John Connally and Speaker Byron Tunnell have their way. Both want a loan bill passed this session, and neither wants an extended - or a special - session.

**COLLEGE BILLS** —Governor Connally, Speaker Tunnell and Lt. Gov. Preston Smith all are anxious to see the Pan American and San Angelo college bills passed. Bills finally were pulled out of the House State Affairs Committee, chaired by reluctant Rep. John Allen of Longview.

Allen threatened to resign over the pressure (committee men kept him from doing so) because he couldn't see the money in sight to support the 26 colleges already in the state family.

**NO TUITION HIKE IN SIGHT** —Dolls Reps. Ben Atwell and Dick Morgan's college tuition increase bills may never come out of the House Tax and Revenue Committee. This even though Atwell is chairman and Morgan is a member of the committee.

Atwell proposed a doubling of state college tuition, as endorsed by the Commission on Higher

## Cigarettes And Cancer

The American Cancer Society suggests that everyone know the facts about lung cancer before deciding. About 40,000 men and women in the United States will die of lung cancer this year, if present rates continue.

About 30,000 of these deaths would not occur if the victims had not been cigarette smokers, according to Dr. Charles G. Lewis, vice president of local Cancer Society. Abstaining from cigarettes, he said, would also save the lives of additional thousands who will die this year of various types of cancer related to smoking, such as cancer of the lip, mouth, tongue, larynx and esophagus.

"There are about as many cancer deaths caused by cigarette smoking as there are deaths caused by automobile accidents," Dr. Lewis said.

For this reason, the American Cancer Society during its April educational and fund-raising Crusade is stressing the health hazards of cigarette smoking.

"If about 30,000 lives in the United States can be saved from lung cancer by not smoking cigarettes, it is the responsibility of the American Cancer Society to so inform the public," Dr. Lewis said.

"The public should know that cigarette smoking is also responsible for many of the lives lost each year to cancer of the mouth, tongue, lip, larynx, and esophagus."

Dr. Lewis pointed out that the American Cancer Society's main concern was to set the facts to the public about the hazards involved in cigarette smoking "so that the individual can make a realistic decision of whether to smoke or not to smoke."

The Society, he said, is particularly active in its efforts to reach physicians and teen-agers. He cited a recent study which showed that at least one out of four physicians had given up cigarette smoking since 1954. "Today," he added, "three out of five physicians in the United States do not smoke cigarettes."

In its educational effort among teen-agers, Dr. Lewis said, the

Society seeks to make clear to them the hazards in starting to smoke and the difficulties in breaking the smoking habit once it had been established.

Already the Society has reached more than half of the secondary schools in the country with the facts about smoking; its goal is to reach them all.

Dr. Lewis said that non-smoking men at the age of 35 have only a 23 per cent chance of dying before the age of 65. But with cigarette smokers, if you smoke one to two packs a day, you have a 38 per cent chance of dying before age 65. If you smoke two or more packs a day, it is a 41 per cent chance.

"The facts," said Dr. Lewis "add up to the conclusion that lung cancer is a preventable disease which could almost be eliminated as a cause of death. The Society believes it has a responsibility to do everything possible to reduce the alarming death rate from lung cancer which has increased over 900 per cent since 1932. Cigarettes are the major cause of this increase."

FRANK NIXON

Education. Morsan offered a compromise of a 50-per-cent increase.

But word already had come "from above" that there will be no tuition hike this year. That virtually ended it.

**NO MONUMENT FOR THE 49TH** —A Senate resolution to place a monument honoring the 49th Armored Division of the Texas National Guard on the State Capitol grounds was all but killed by the House State Affairs Committee, after Alpine Rep. Gene Hendryx called it "a disgrace to every veteran who ever served overseas in every way that Texas ever participated in."

The former Marine said, "The greatest battle this organization ever fought was the battle of the canteen at Fort Polk, Louisiana."

Seguin Rep. John Traeger defended the 49th, but the resolution was defeated by a vote of eight to seven.

However, a spark of life remains, since Rep. Ben Atwell used a device by which the resolution may be called up for another vote.

**RAILROAD COMMISSION CHANGE PROPOSED** —A plan to take the railroads and trucks away from the Railroad Commission has been proposed by Rep. Henry Grover of Houston, who told the House.

"Recent developments indicate that the Railroad Commission is overworked, and has more to do than it can handle."

Grover inferred that these indications are the slant-hole oil well scandals and the conflict-of-interest resignation of former Commissioner William J. Murray Jr.

Grover introduced H. B. 1041, to ease some of the workload by removing the commission's authority over the transportation industry, and leaving it with just oil and gas regulatory authority.

The "Texas Commerce Commission," to regulate railroads, bus lines, truck lines, and so forth, would be made up of three \$15,000-a-year commissioners.

Railroad Commission was set up in 1891 to regulate the railroads. But authority over oil and gas, since 1917, has caused most of its time and attention to turn in that direction.

**CONGRESSIONAL REDISTRICTING** —A crowd of witnesses from the late Speaker Sam Rayburn's 4th Congressional district is due to oppose the Congressional redistricting bill which would abolish the old 4th, and relocate it in South Texas.

Sen. Ralph Hall of Rockwall succeeded in delaying Senate committee action on the measure to May 7, so the opponents can come to Austin.

House passed the bill to the Senate, over protests from Rep. Don Hefton of Sherman. Delay on the hearing may put the redistricting proposal, authored by Rep. Rayford Price of Frankston, in jeopardy.

Governor Connally has said he saw no need for Congressional redistricting this session. He thought it could be handled in 1965.

Meanwhile, U. S. Congressman Ray Roberts, who now represents the old 4th, doesn't seem worried about losing his job. He's looking for a press liaison man for his Washington office.

**AT-LARGE ELECTIONS SUGGESTED** —Eighty Texas counties, in which two county precincts or more, represent a fraction of the total county vote, would be affected if a constitutional amendment by Rep. Lindsey Rodriguez of Hidalgo ever comes to a favorable vote by the public.

Under Rodriguez' plan, if the total number of votes cast in two or more commissioners' precincts amount to less than 20 per cent of the total vote cast in the election of all four commissioners, the commissioners in the small precincts would be required

### TEXAS COTTON GROWERS REPORT:

## Entire Season Control of Thrips, Aphids and Mites...

**Di-Syston**

Untreated plant

**Di-Syston Treated Plants Are Stronger, Straighter... Produce More Squares Earlier**

West Texas and New Mexico cotton growers now have a new way to control thrip damage and early-season stunting... with Di-Syston granular insecticide. Di-Syston is placed in the soil with the seed or side dressed after planting. The chemical is then absorbed by the growing roots and carried to all parts of the plant through the sap stream—as soon as the plant emerges. No part of the plant is unprotected—even tender new growth as it is formed.

The result? With Di-Syston, your early crop grows faster, has stronger, straighter stems, and vigorous foliage. Squares form earlier and plant produces more of them. Many growers in the Lubbock area have reported full season cotton yields because of the good Di-Syston start-up year, get your crop off to a good start with Di-Syston. Complete instructions for use are on the label on every package. Use Di-Syston

Did you ever hold in your hand a rose, a plant, or even a tiny seed and wonder where its beauty comes from? Or did you plant a seed and watch, day by day, and marvel at nature's way? How miraculous are the ways of nature; so beautiful that man can never fashion or create a rival.

Another word for nature, of course, is God. He creates. Beauty in all its forms comes from Him, and to us they are given; nature's bounties, we call them.

When you go to church this Sunday, say another word of "thanks" for all that is good, all that is beautiful; all that you possess!

## AT ROTARY DINNER

# Captain Gilliland To Speak Here And Show Films Of T-38 Aircraft

Captain James E. Gilliland of Reese Air Force Base will speak to the Floydada Rotary Club at its Wednesday luncheon in the Colonial House Wednesday, May 15.

He will speak on T-38 Aircraft and will show a color movie. Captain Gilliland was born in Ottumwa, Iowa and received a Bachelor of Science degree in Business Administration from Drake University in 1954.

While attending Drake University he was honored as the Distinguished Military Graduate of the Reserve Officer Training Corps.

After completing navigator training in 1955 he served three years in Hawaii. In 1960 he was the Distinguished Military Graduate in his Pilot training class. An instructor pilot in the Pilot Training program at Reese, he recently completed a familiarization course in the new T-38 "Talon" aircraft.

Rotarian A. L. Wylie will introduce Captain Gilliland.

Methodist Church of Petersburg, assisted by Rev. Charles Lutrick, of Floydada Methodist Church, Anna moved to Petersburg about 19 years ago from the Harmony Community. She was a charter member of the church here that was organized in 1904 by her father who was a local Methodist preacher. She had been quite ill for some time after suffering a stroke. She died very suddenly Thursday. She has gone to meet her loved ones never more to roam, but how we will miss her.

Anna was 89. She never married. She professed religion at an early age and joined the Methodist Church and was a faithful worker all these years, as long as her health would permit. Allan Gross went to Lubbock Monday to meet his father, Fred Gross, who had been visiting in Dallas. Fred flew to Lubbock, Mrs. Gross remained in Dallas for a longer visit with relatives. Fred spent Monday night with the Allan Gross family. Mrs. Gross took Fred to Floydada Tuesday and his daughter, Mrs. Henry Hinton met them there and took him home with her to spend several days.

Mr. and Mrs. James Hartline, of Floydada, were supper guests Tuesday night in the Allan Gross home.

Christi Gross has been ill. Mrs. Joyce Davis and Mrs. Mather Carr visited Tuesday in Petersburg with Mrs. K. G. Bradshaw.

Club met Thursday with Mrs. Marion Tucker as hostess. Mrs. Roy Hale presided in the absence of the president. Mrs. Emmitt Foster of Hart gave a demonstration on making purses. These were very pretty and durable. There were 17 members present and 8 guests. Guests were Mrs. Foster and Mrs. Cox of Hart, Mrs. Mable Scott, Essie Holt, Clara Gregory, Featherston, Kelley, all of Petersburg and Mrs. Horace Carr of Floydada. Refreshments were served to all by the hostess.

Mr. and Mrs. Everett Miller and Mr. and Mrs. Glenn Pool attended the Rodeo in Lubbock Thursday night. Everett and Glen rode. Harry Miller returned home with the Everetts and Harry and Everett left Friday

morning for Grand Prairie where they will visit with Harry Miller's brother and family and will also visit with Ervin Graham in Dallas. Ervin is still in the hospital suffering from injuries suffered in a plane crash some weeks ago.

Mrs. Joyce Davis received a message from California that her father, Newt McCall, had had another stroke and was unconscious. Mr. and Mrs. Davis left Saturday night for Joshua Tree, Calif. They found Mr. McCall a little better. He was conscious but could not talk but was not paralyzed. Mrs. Davis didn't know when she would be home. Jeanne is staying with Mrs. Marvin Smith.

Those attending the funeral of Miss Anna Carr Saturday were W. L. Haynes and daughter, Gordie Lon, Weatherford, Okla., Mrs. Callie Haynes, Mrs. Frank Rodgers and daughter, Christi, from McLeon, Mr. and Mrs. W. J. Carr, Mr. and Mrs. W. L. Carr, W. H. Carr and Ruth Carr, Oklahoma City, Okla., Mr. and Mrs. L. A. Williams, Amarillo, Mr. and Mrs. Rueben Rutherford, Plainview and Mr. and Mrs. Ollie Reed, Lubbock.

There were many relatives and friends from Floydada, Petersburg, Harmony, and surrounding communities that attended the services. We take this means of thanking all for the beautiful floral offerings.

Mr. and Mrs. W. L. Carr, Mrs. W. J. Carr, of Oklahoma City and Lester Hargis of Floydada were guests Saturday in the home of

Mrs. Mather Carr. Dub Trowbridge of Amarillo spent from Wednesday until Sunday with his parents. Mrs. Trowbridge came down Friday and returned home with her husband.

Fred Gross of Sand Hill is spending several days with the Allan Gross family.

Mr. and Mrs. Oliver Gross of Belview visited Sunday in the Allan Gross home.

Mr. and Mrs. Everett Miller returned home Sunday from Grand Prairie and Dallas. They reported that Ervin Graham was still slowly improving.

Mr. and Mrs. Elmer Dean Williams and Todd of Floydada and Mr. and Mrs. William Smith were guests Sunday evening in the R. B. Gary home.

**IS IRRIGATION "TAILWATER" WORTH SALVAGING?**

"It sure is," says Gilbert Wenner of the Hub Community in Parmer County. The picture at right above was made on Wenner's farm. It shows a large quantity of water emptying into a ditch through aluminum pipe from a lake pump installed on the farm. The irrigation wheel in the background was not operated during part of the pre-plan, irrigation season. Wenner shut it down and irrigated with only "tailwater" that had collected in his lake from surrounding farmland. The weir shown in the photo at right is a measuring device installed in a Parmer County road near High Plains Underground Water Conservation District. It is used to measure the quantity of irrigation "tailwater" that flows from cropland. Many farmers from throughout the High Plains Water District are recognizing the value of "tailwater" and are installing systems on their farms to salvage and put to use.

### I'LL BE WITH YOU SHORTLY

## THE WHEAT VOTE: AT STAKE IS FREEDOM OR TOTAL CONTROL

Qualified wheat growers of Floyd County will go to the polls, May 1963, along with wheat farmers all over the nation to cast their vote on a referendum. The choice on the Ballot will be whether to vote "no" on a multiple price certificate plan for wheat. If two-thirds or more of those voting vote "yes," the proposed plan will go into effect. If less than two-thirds vote "yes," the plan will not.

The real issue is NOT phony claims "\$2.00 versus \$1.00" when the exact amount of acreage that will be cut the first year.

The real issue is this: "Is government supply management the future way of life for the American farmer? Who will manage our farms—farmers or the federal government?"

The "mastermind" behind the "supply management" or "supply control" theory is Dr. Willard W. Cochrane, Director of Agricultural Economics, U. S. D. A. He has defined his theory this way, according to March 6, 1961, issue of the Wall Street Journal:

"By supply control, I mean the conscious adjustment of supply to demand, commodity by commodity, year after year, to yield prices to the market that have already been determined fair by some regulatory agency."

Last week we misled into thinking that "supply control" would be limited to wheat and feed grains, we find Dr. Cochrane had this to say in the Journal of Farm Economics, November, 1959, pp 714-715:

"It is probably the case, however, that beef producers would be first to accept supply control if producers in the above aggregate of products adopted supply control."

In an interview in the Fall, 1960, issue of Farm Quarterly Magazine Dr. Cochrane was asked:

"After a few commodities adopted supply control do you think the others would be encouraged to follow suit?"

His reply: "It would not be a matter of encouragement; some of them would be forced to."

Further evidence that the proposed wheat plan was conceived in the idea of setting the stage to extend "supply control" to other commodities is found in the same interview:

QUESTION: "What groups would you say are most prepared to adopt control?"

ANSWER: "Wheat producers, manufacturing milk, poultry, in that order seem most interested."

Thus, the real issue is spelled out for the wheat farmers who vote in the coming referendum. More than just wheat is involved. Voters cast their ballots wisely.

Wheat in itself is but a symbol of the real issues at stake in the referendum.

In the words of Benjamin Franklin, "They that can give an essential liberty to obtain a little temporary safety deserve neither liberty nor safety."

**Check Your Air Conditioner**  
With spring just around the corner it is time to think about air conditioners.

Before putting your air conditioner into use for the summer you should take these simple steps:

1. Change the filter.
  2. Remove dust from the coils.
  3. Oil the fan bearings.
- Failure to attend to these details can cause the loss of up to 50 percent of efficiency, whether you have a room air conditioner or a central unit, the Air Conditioning and Refrigeration Institute research department explains.

**Get Yours? If a Green Thumb**  
If your house plants show signs of trouble - and you know what causes it - the plants can very often be revived and made to flourish. And you are credited with a green thumb.

Poor plants sometimes are the result of nothing more serious than improper watering or cold draft. Lack of fertilizer and insect attack are other frequent causes.

Here are some of the symptoms of unhealthy house plants - and some of the causes - as listed in "Selecting and Growing House Plants" a new booklet prepared by scientists of the U. S. Department of Agriculture's Agricultural Research Service.

Loss of leaves may be due to a sudden change of temperature, transplanting shock, change of a strong sunlight to a dark location or from dark to sunlight, or over-watering.

Browning of leaf tips may result from improper watering, exposure to cold drafts, insect attack or excess fertilizer. Loss of normal foliage - color - overwatering, lack of fertilizer, insect attack. Spotted foliage - overwatering, burning from direct sunlight.

If your plants are bothered by insects, USDA has an answer for that too - in another booklet, entitled "Insects and Related Pests of House Plants"

These booklets can be obtained from the County Home Demonstration Agents office.

**Sister - In Law Of Fred Gros Buried**

Funeral rites for Mrs. Mary Margaret Gross, 81, were held in Lockney Tuesday afternoon in the First Methodist Church. Interment was in Lockney Cemetery. The deceased, who died in Lockney, Convalescent Home after a lengthy illness, was the sister-in-law of Fred Gross of the Sand Hill community.

She was born on April 16, 1882 in Mississippi. Her husband died in 1960. She had been an invalid for a number of years.

Survivors include two sons, Vernon of Lockney and Oscar of Dimmitt; one daughter, Mrs. L. F. Griffith, Lockney; one brother; ten grandchildren and eight great grandchildren.

trouble starting my car now, without having to check to see if the wire from the seat belt to the starter is broken. Cars have too many wires anyway, if you ask me. And if it's a five-passenger car, would all five belts have to be fastened before you could start. This sure would require hauling a lot of people around unnecessarily.

The whole idea is a trend that can lead to more and more complications. For example, some smart alec may invent a gadget to keep you from turning on your television set until you've worked 8 hours, or a device to keep you from turning your tractor engine off until you're through plowing, regardless of whether the fish are biting.

If the trend keeps going, and cars get more and more electrical devices, like a radio-controlled system that automatically applies your brakes when a stop light turns red, or a gadget to lock the steering wheel when you try a right turn from the wrong lane, etc., the time may come when you have to go into intensive training for years like an astronaut before you're qualified to drive one.

This might be the answer to the traffic problem, but I doubt it. There are only a handful of astronauts now, but sooner or later if they keep hurtling around one of them is going to collide with another out in space.

Yours faithfully,  
J. A.

**Philosopher Looks With Disfavor On New Invention To Force The Use Of Seat Belts**

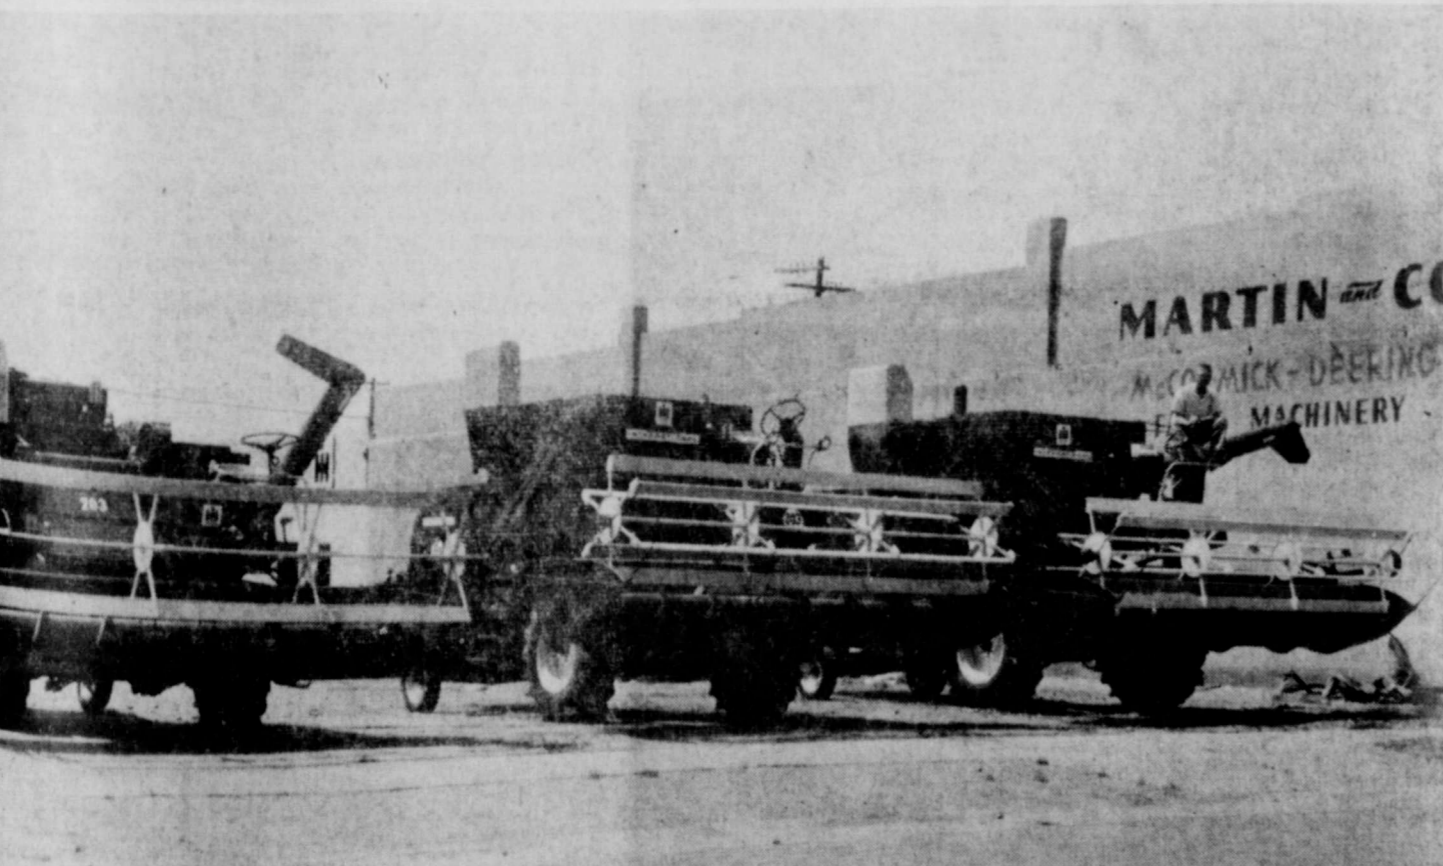

The Floyd Philosopher grass farm like a new invention about some-

time it burns out, it always puzzles me to see people working on non-essential ideas. For example, I read in a newspaper last night about a new invention that's now on the market that made me throw the paper down and turn on television. This new invention is a gadget that keeps you from starting your car until you've gotten your seat belt fastened. An electronic device is connected to the starter and the switch won't work until the seat belt is strapped around you. Now I haven't got anything against seat belts, they save lives if you're going to have a wreck, and if you keep driving you probably are, but if I have't got sense enough to use one, I don't want anybody inventing something to make me. I have enough

## YOU WANT \$2 WHEAT OR

## DO YOU SETTLE FOR \$1 OR LESS?

DO YOU WANT DIVERSION PAYMENTS? OR DO YOU WANT TO TAKE YOUR CHANCES ON A GLUTTED MARKET?

These are Your problems. These are problems you can help settle this Spring when you vote in the Wheat Referendum

Remember that only wise planning brings order and stability.

What are your choices in the 1963 Wheat Referendum? You will vote either Yes — for the 1964 Wheat Program — or No — which would be, in effect, a vote for no program at all.

- When you vote Yes, you vote for:
  - A \$2 a bushel support price on an estimated 80 per cent of your production, \$1.30 on the rest. Certificates on the 80 per cent will act as valuable crop insurance in case of crop failure.
  - A mandatory diversion of 10 per cent of your base wheat acres to other uses, with a payment of 30 per cent of the support rate on your average yield.
  - A voluntary diversion over that and up to 20 per cent with a payment of 50 per cent of the support on your average yield.
  - Planting of wheat on acres allotted to feed grains when Congress passes the feed grain program.

If you vote No, you vote against the above program.

And if the No votes are more than a third of the total you are on your own with no protection. You have another choice; you can comply with the reduced 1964 acreage allotment for your farm and get a 50 per cent support price, but few farmers are likely to do that.

Will there be a new wheat program if farmers vote the present 1964 Wheat Program down in the Wheat Referendum? It's one of the major claims of an organized effort to defeat the Wheat Program.

The answer is that there is a slight chance of there being any other program for 1964 if this one is defeated. This is based on what the President and Republican and Democratic leaders of the Senate and House have said recently. They have stated bluntly that it will be this program or none at all, at least for now.

The most reliable forecast for 1964, if the program is defeated, is a national wheat acreage of 65 million. That would mean anarchy in the market places. It would mean disaster to thousands of wheat growers. To say nothing of the attendant effect on the nation.

### Cotton Carnival In Plainview May 16-17-18

The seventh annual Hi-Plains Cotton Carnival is slated for May 16, 17 and 18, three weeks later than the six previous shows. The show will be held again this year at the Plainview Co-op Complex, 2 1/2 miles east on the Lockney Highway. Between 25,000 and 30,000 spectators are expected to view merchants wares and special events of the three night show. Over 30,000 persons attended the 1962 exhibition which was a four night show, and a record breaking crowd.

The Hi-light of the three day event will be the "Queen Cotton" contest which will be held on Thursday, May 16th. Deadline for the Queen Cotton Entries is Wednesday, May 8th. All girls entered in this contest must be between the ages of 14 and 17 years. Each girl must come from a cotton producing family. The second night show will be the Prince Bolls and Princess Blossom Contest. Pre-school age children are eligible for this contest and also must come from cotton producing families. The final show on Saturday night will be a Style Show put on by merchants participating in the Cotton Carnival.

Booth space will open each night at 6:30 with the entertainment beginning at 7:45 p. m. Everyone is invited to attend and bring their family for fun and entertainment. This is a free show sponsored by the Plainview Chamber of Commerce.

### Broken Elbow On Camp Trip Breaks Record

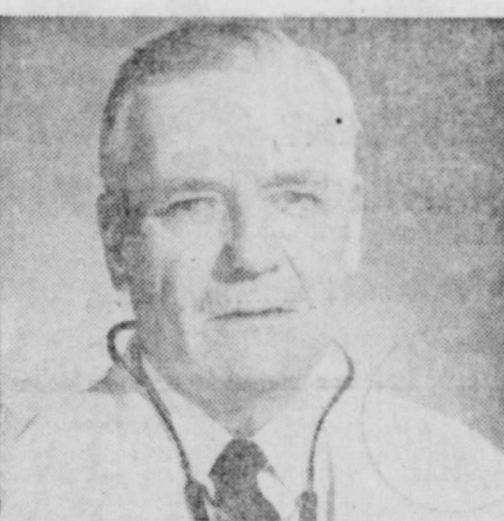

Tommy Wylie, Junior High school student, and son of Mr. and Mrs. A. L. Wylie, was brought home Friday from Methodist Hospital where he underwent surgery Tuesday morning to repair a broken right elbow. Young Wylie sustained the break on Saturday week ago at Haynes Boy Scout Camp. He was brought to Silverton for x-rays, then on to Floydada, then sent to Lubbock.

His physician there said the break was uncommon as it knocked the ball bone (funny bone) of his elbow up into the arm. The surgery was necessary to wire the bone back in place. The break also injured the nerve in the arm.

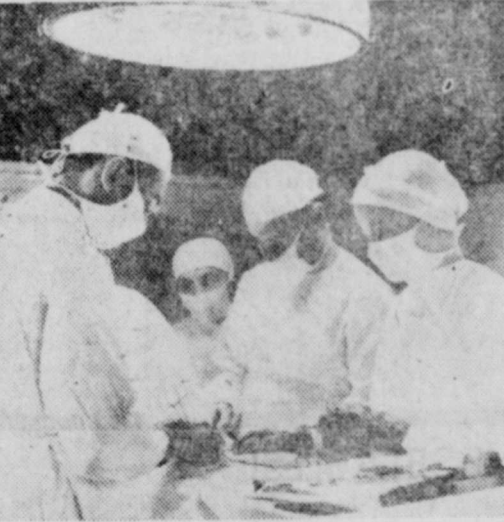

Tommy accidentally stumbled while at Camp Haynes and fell striking his arm on a rock. The unfortunate accident would have happened anywhere and Tommy wished it had, any place but Camp Haynes, for the mishap broke a ten year record for Floydada Scouts with no injuries while on trips.

Tommy was able to resume school Monday.

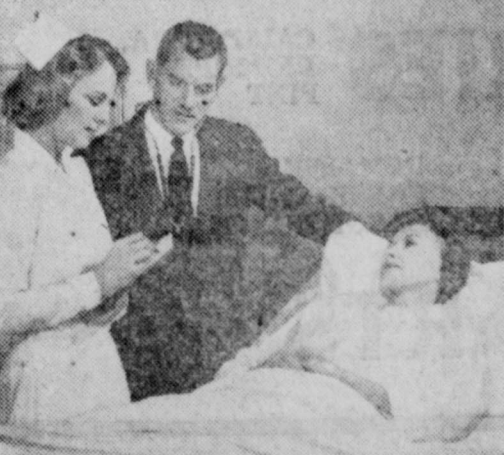

Mrs. H. R. Stanley, who fell recently and sustained a broken limb reports she is able to use her chair more each day but will be unable to put any weight on her left leg for at least four months. She is recuperating at the home of relatives in Pampa,

DOCTOR BILLS often are a big part of the expense connected with a sickness or accident. An American Republic Plan can help pay these bills for you in time of need.

SURGEONS' BILLS, TOO, can wreck a family budget. An American Republic Plan can help pay the costs of operations. Look for the man who can explain these plans to you.

HOSPITAL EXPENSES have been going up at the rate of nearly 1% a month since 1950. An American Republic Plan can help pay these bills when you need money most.

## LEARN THE FACTS ABOUT The Secret of Buying Hospital Insurance that PAYS

On its record of paying claims—the most important way to judge any insurance company—American Republic ranks Number One among the "Top 40" firms in its field. The few minutes it takes you to learn about American Republic "Tailored" Protection may be worth hundreds of dollars to you—at a time when you may need every cent you can lay your hands on!

Today, eight out of ten families have some kind of hospital, surgical or medical insurance. But the need for this type of protection is greater than ever. Hospital and medical care costs have been going up nearly 1% each month since 1950. If your present policy is two years old or older, and was adequate when you bought it, the chances are good that you need more coverage right now.

With over 900 companies writing individual accident and health insurance, how can you choose the company that's best for you? Experts say the best way is to ask: What is the company's record for paying claims?

According to the latest available issue of the Statistical Edition and Argus Chart of the National Underwriter Company, publishers of official insurance statistics since 1897:

Of the top 40 companies writing individual accident and health insurance, American Republic Insurance Company of Des Moines, Iowa, ranks FIRST in percent of premium dollars paid to policyholders in claim benefits.

American Republic policyholders also enjoy the important benefits of TAILORED Protection. This feature makes it possible for qualified people OF ALL AGES to have up-to-date health insurance protection—and, at the same time, avoid buying coverage they may not want or need.

## FREE FILM SHOWING IN YOUR OWN HOME

Fully-qualified, specially-trained American Republic Representatives are pledged to show an educational and informative color film to all residents of this county. The American Republic TAILORED Protection Plans will be fully explained and will be available to all who qualify.

**3,081 Cattle Tested In County**

Three thousand and eighty one (3081) head of cattle have been tested as of May 4 representing one hundred and twenty-six (126) herds reports Bob Boyd, Brucellosis Lab Supervisor, in Floyd County.

According to Boyd only ten infected herds have been found and represent only a small percentage compared to those which tested negative. Nearly all of the cattlemen with infected herds had previously suspected that the animals were infected.

Tom Ward, "testing lineup man" states that testing work is running smoothly and close cooperation is being shared by breeders and cattlemen. For the week ending May 4 the lab compiled a weekly total of sixty-one (61) herds tested, comprising one thousand four hundred and forty three (1443) head of cattle. Fifty-three (53) calves between the ages of 4 and 12 months were also vaccinated free of charge.
