## Floyd County Produces 1,756,085 Bushels Of Wheat

### Average Year Yield

The average yield of the county's wheat crop this year is 25 bushels per acre, according to the government. The balance of the county's wheat crop is given to the open market. The total gross value of the county's wheat crop is approximately \$1.75 million dollars. The crop is lower than usual in the northern part of the county and other isolated areas due to poor rainfall made

"LIGHT THE FIRECRACKER JULIE . . . WE'RE READY! . . ." these Floydada youngsters enjoy the Fourth of July with fireworks and pose with this giant "no pop" firecracker Julie Poage is ready to light the fuse, her sister Jill prepares for the "shock" with fingers in ears as do neighbors Dan and Sherry Roberts at right. ### Aldine Williams New Fire Chief

Aldine Williams was elected as new fire chief of the Floydada volunteer fire department at a meeting Monday night.

Johnny Bryant is the new first assistant chief, Elvis Warren second assistant chief.

Robert Giles continues as secretary of the department.

Three firemen will attend the Fireman Training School at Texas A & M July 21 - 27. They are Billy Joe Baker, Giles and Jerry Galloway. Attendance at this annual school helps lower the fire insurance rate for residents of Floydada.

Tom Daniel, treasurer. Board of directors include: Lon Davis, Henry, Hollis Bond, Dr. Andrew McCulley, Clem McDonald, Sam Fowler, Rev. Charles Lutrick, and Wayne Brown.

### Tenth Birthday Celebrated At County Library

Approximately 75 persons registered during open house Tuesday at the 10th anniversary of the Floyd County Library. Members of the Library Board assisted with hospitalities.

Speaker for the occasion was Miss Peggy West, Librarian at Lubbock Christian College. Miss West spoke on the history of the library and needs of public libraries. She was introduced by Weldon Harris, president of the Floyd County Library Board.

In conjunction with the open house, art work by Ted Bell, rural Floydada mail carrier, was on display in the Council Room, and later moved to the First National Bank for additional viewing. For those failing to see the artistic work in water colors they may do so Friday, July 5 in the final showing.

Courtesy is gradually appearing among those who drive automobiles on the highways.

Engineers, Quentin Colwell and Jim Wentworth of Lubbock; and Ted Bloss for REA.; Melvin Henry, Manager; Ben Ayres, Attorney; various suppliers, contractors and others interested in this project.

### day of glory

A proud nation was born on July 4, 1776-for on that day the Continental Congress adopted the Declaration of Independence. It is the greatest holiday celebrated by Americans wherever they may be. It is the day to reaffirm our belief in freedom and liberty.

John Adams said that it should be celebrated with pomp, parades and bells. Ringing of bells has been revived for this Fourth. All over America, at the time the Liberty Bell in Philadelphia is given a ceremonial tap, bells in churches, schools and public buildings will ring out a message of liberty and independence.

It is not our frowning battlements, our bustling seacoast our army and our navy. Our reliance is in the love of liberty which God has planted in us. Our defense is in the spirit which prizes liberty as the heritage of all men in all lands everywhere.

Destroy this spirit, and we have planted the seeds of despotism at our own doors. —Abraham Lincoln.

### Vote July 13; In 3 Precincts

According to records at the county clerk's office absentee voting is slow on the vote to form the Caprock Hospital district in precincts 1, 3 and 4 in Floyd County.

Only six absentee ballots had been marked at noon Wednesday. The deadline for absentee voting is Tuesday, July 9. The vote is scheduled for Saturday, July 13.

A simple majority vote is required to form the hospital district. Should the voters of the three precincts approve formation of the district the county commissioner's court will appoint a five man hospital board to go to work with an architect on plans for a new hospital to be built in Floydada.

This board will decide on the size of the hospital, its design, location, and financing of construction — as well as employment of a manager and operation of the hospital once it is built.

### Shop Rite Foods Stores Observe 10 Anniversary

A big 10th anniversary sale of Shop Rite Food Stores started Monday, July 1st and will continue through the month of July. The local Piggy Wiggly store under the management of Gerald Elder, has bargains galore for the thrifty shopper. Everyone is cordially invited to come into the store and sign up, nothing to buy, for a number of worthwhile gifts which include five Impala sports coupes, five color television sets; 30 sides of beef, 10 mink stoles and five million S&H Green stamps. Winners of these items will be selected names revealed a few days after July 31.

On Friday and Saturday Piggy Wiggly is offering free of charge, Dr. Peppers, Borden's ice cream, and movies for the kids on Saturday.

### Small Business Administration To Be in Floydada Wednesday

Chamber of commerce manager John Reue reports that R. H. Cobb of the Dallas office of the Small Business Administration will meet with all interested persons in the First National Bank at 2 p. m. next Wednesday.

Purpose of the meeting is to acquaint anyone with the benefits of the Small Business Administration. It affords many financial advantages for individuals who want to enter business — it helps many towns to secure new business and industry through long term low interest loans.

### Hesperian Free Of Sales Tax

Beginning this week all future subscriptions to The Hesperian will be free of sales taxes, in accordance with a ruling received this week from the office of the Comptroller of Public Accounts. Of course office supplies, pictures and commercial printing will still carry the sales tax at Stewart's Printing at The Hesperian and in the Hesperian office supply department.

### THE WEATHER

More hot dry weather . . . no rain expected. No rainfall in the month of July yet recorded . . . total for the year to date 7.65 inches.

They are also visiting the Buddy Watts family who have returned to Floydada to make their home. Airman Watts has been in service 11 years and is planning on a career in the airforce.

### State Citation Art Exhibition For September

Women of the Democratic Party in Texas will sponsor a State Citation Art Exhibition September 14 and 15 and will give scholarship and merit awards to the outstanding entries.

The exhibition will be held at the JAL Ranch in Alvarado and taken there and at its close a \$300 scholarship award to be used for advanced study in any of the visual arts will be presented by Governor John Connally on behalf of the women of Texas Democratic Party.

Elimination contests will be held during June, July and August in each of the 31 senatorial districts in Texas under the direction of the State Democratic committee women representing the districts.

The purpose of this competition is to encourage young people to become more aware of the tradition of the great heritage of Texas. The women of the Democratic Party of Texas are sponsoring this exhibit and competition in accordance with Governor Connally's emphasis on "excellence in education," said Mrs. Alfred Negley, vice-chairman of the S.D.C.

At this time the Democratic women are emphasizing a program to give credit and help to one of our most valuable resources — talent, which is, and will be an asset to our state and nation.

All entries must have been executed within the past two years and must be accompanied by a sketch evidencing ability in subjective delineation. Work done under supervision is not eligible.

Media to be considered are oils, pastels, tempera, casein, water color, drawings in pen and ink, pencil or charcoal, and mixed media.

The scholarship division of the judging is open to high school students from the ninth through the twelfth grades, including 1963 graduates.

Each district may submit its four top entries to be judged in the Scholarship award division and its top two entries for judging in the merit division at the state level. The state jury will consist of three recognized critics of the visual arts.

There are many in Floyd County who are talented in this field and they are urged to enter the exhibition.

Mrs. M. J. McNeill, local county leader, has asked that those who wish to enter may contact her for additional information and for entry blanks.

Those entering may use their work done in the past two years Mrs. McNeill said.

### Noted Baptists Speakers Will Address Group

Baptists will gather today (Thursday) for an all day meeting at the South Plains Baptist Encampment, south of Floydada. Registration starts this morning at 10 o'clock followed by a song service led by Lex Roby.

Mrs. Woodrow Armes, leading woman speaker of Texas, will give a morning and afternoon address as will Dr. Hugh Burnpas, who is past president of the Oklahoma Baptist Convention.

Dr. Roy McClung will be in charge of the morning session and Mrs. Lon V. Smith in charge of the afternoon session.

A noon luncheon will be enjoyed and in the afternoon a recreation period will be held with supper to be served at 5:30 before evening services.

### Burning Wheat Straw Is Burning Profits

Crop residues from the harvest of wheat are a valuable possession to hold onto and return to the land. The utilization of residues are beneficial in maintaining and increasing the organic matter level in the soils of this area. However, the management in the handling of these residues is the key to the benefits to be derived.

Good management of these residues help to improve the soil structure, however this is a continuing process and not a one time operation. With the predominately tight soils of this area the increased intake of water is badly needed.

As the organic level increases a better utilization of plant nutrients can be expected including the applications of commercial fertilizers.

Also with the increase in the organic level, less rainfall and irrigation water will be needed during the process of growing the next crop. A good cover of residues left on the land will protect the land from erosion by wind and water.

Burning of wheat straw is like burning up profits from the following crops.

### CAW At First Methodist

C A W stands for Christian Adventure Week and five full mornings of activity for the Junior High youth of First Methodist Church; this includes youth who have just completed the 7th and 8th grades.

Christian Adventure Week is July 8 through 12.

The program begins daily with breakfast at 7 a. m. Breakfast is followed with a time for study, groups, service projects, worship and recreation. The activities end at 10 a. m.

Randy Dyson is president of the Junior High group and has serving with him on the planning committee Joe Christian, Britt Gregory, and Marjion Wylie.

The Study committee is headed by Terri Dyson with Mrs. Charles Lutrick as adult advisor. The studies will be focused in four areas: "dating," "drinking," "drinking," and Christian decisions. Each day a filmstrip will serve to initiate the study and discussion.

The Service Projects committee is headed by Nancy Fowler with Mrs. Gerald Thompson as advisor. This committee will direct such projects as washing windows of class rooms.

The Publicity Committee is headed by Linda Willson and cards and posters, and messages to the youth have been prepared.

The recreation plans are made by a committee led by Linda Williams, Micki Gregory and Mrs. David Battey, Jr., will assist the group with the music.

Monday through Thursday mornings will find the group deep in study, work, and worship. Then on Friday the group will go on a picnic. Junior High youth are invited to share with the Methodist youth in C A W.

### Baptist Brotherhood District Nine Meets

Over 1,000 Baptist men were in attendance at the District 9 Brotherhood Camp which met Monday night, July 1, at Plains Baptist Assembly. The camp is an annual affair which attracts men from all over the district and which features outstanding speakers from over the state.

The session began for the local Brotherhood presidents and the associational presidents with a conference at 6:00 with A. C. Wimpee, the Associate Secretary of Brotherhood, Baptist General Convention of Texas, presiding.

Another of the featured person was Horton Howell, Lockwood, the district Brotherhood president.

At 7:00 a big barbecue supper was served to well over 800 men. Following this meal was a worship service under the tabernacle.

The music for this service was directed by Beryle Lovelace of First Baptist Church, Littlefield. A 75-voice choir, composed entirely of men, was featured.

Following the song service was a message by Dr. Robert Calvin (Cal) Guy, Professor of Missions, Southwestern Baptist Theological Seminary, Ft. Worth. Dr. Guy spoke on the moral decadence of our churches today and pointed out the spiritual climate of our mission program.

Human progress is often impeded by the anxiety of human beings to get credit for themselves.

The people of this country will find that freedom, like peace, has its price and it cannot be paid in coin of the realm.

If you have something to do "ones of these days," you might as well get busy and do it or you won't have time to do it.

PAT GINN

### Pat Ginn To Preach Here Sunday Eve

Pat Ginn, son of Mr. and Mrs. Guy Ginn, 129 W. Crockett, will be the preacher for the evening worship service at the First Methodist Church on Sunday evening.

Pat will be leaving next week for the second semester of summer school at McMurry College where he will be a Junior Student this fall.

Pat is a local preacher in the Methodist Church and a pre-ministerial student with plans to complete his undergraduate work at McMurry College and then enter seminary for his theological training.

During the month of June, Pat was employed as Youth Worker in the Petersburg Methodist Church.

### Heavy Losses Suffered By Firms In Burglaries

Prote Botane in Floydada sustained a heavy loss on June 23rd when their place of business was broken into and a safe containing money, checks, deeds, titles, insurance papers, and other important papers were taken. Two nights later the firm was broken into again this time losing change in the coke machine.

Mrs. J. R. Foster, bookkeeper for her father, George Stephen son, owner and manager, said the front door glass was broken to gain entrance. The 500 pound safe was slid across the floor to the side door where it was loaded into a vehicle. Entry into the safe was tried inside the building. A length of pipe was found buried and the dial knob was broken and left in the building.

Mrs. Foster said approximately \$200 in cash was in the safe, a number of checks, receipts from courtesy cards which the firm was always reimbursed, deeds to the business, insurance papers and titles to the butane vehicles. Also several hot checks which had not been collected, Mrs. Foster said.

The following Tuesday night after the Sunday night business was shut, the door was battered in and change taken, nothing else apparently was missing.

Mrs. Foster said she felt like the safe may have been abandoned in tall grass somewhere near Floydada. If anyone happens to find any papers or any items which may belong to the firm, they are asked to please return them or notify the business or sheriff's office.

Another Floydada business was recently burglarized that being the Dairy Mart on the Ralls highway. Forty or fifty dollars was taken there and at its close a \$300 scholarship award to be used for advanced study in any of the visual arts will be presented by Governor John Connally on behalf of the women of Texas Democratic Party.

Elimination contests will be held during June, July and August in each of the 31 senatorial districts in Texas under the direction of the State Democratic committee women representing the districts.

# Attend Church This Week - Your Church Needs You!

## drowsy afternoon

It is good to lie down on the grass and look up into the sky. Your mind starts to wander — the way it always does when you take the time really to look at it. The heaven is so immense that you can't find a word big enough for it. Those thunderheads, building up in the west — they are so huge that they dwarf the work of man into total insignificance.

The stars are still up there too. We can't see them in the daytime and always this seems strange. But they are just as much there as they are at night — and you don't have to see them to know it.

You don't have to see God either, to know that He's there — though some people seem to feel it's something that has to be proved. They couldn't be more wrong. God's evidence is everywhere. Just walk into a church on Sunday and sit down and listen awhile, and then you will know for sure.

### THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Smith - Davis Wedding Vows Read June 18

Miss Freda Sue Smith, daughter of Mrs. Roy Smith, 200 W. Jackson in Floydada, exchanged wedding vows with Thomas Warren Davis, son of Mr. and Mrs. Hubert Davis of Lockney, on Tuesday morning, June 18.

The ceremony was read by J. B. Stapleton, minister of the Idaho Church of Christ, in the home of the bride's sister and her husband, Mr. and Mrs. Bobby Pool at Idalou. Members of the immediate family were present for the wedding.

For her wedding the bride wore a blue street length suit with white accessories and a corsage of white carnations. Her pillbox type hat was complimented by a brief veil.

After a wedding trip to Carlsbad, N. Mex., the couple are at home in Lockney at 706 South-west Second Street.

Mrs. Davis is a graduate of Floydada High School with two first place class of 1962. She is employed

as a clerk at Floydada City Hall. Her husband is a graduate of Lockney High School, served four years in the Navy and is now employed at Consumers Fuel in Lockney.

## 63 Miss Matador Title Presented Suzanne Collier

Holding the title of "Miss Buffalo Lakes of 1963", Floydada's Suzanne Collier was also crowned "Miss Matador", sweetheart of 1963 of the Lubbock Matador Corps., Thursday at their annual banquet held in Lubbock.

Miss Collier was presented a trophy after the crowning ceremonies. The winner is selected through secret ballot.

She is one of 18 in the corps who at present are working to raise money so the corps can make their trip to Wisconsin to enter National competition. The corps won state last month. Fifteen girls in the corps averaged better than two first place wins each in statewide competi-

tion at Andrews Open National Twirling contest held in Andrews Saturday. The girls received 36 first place honors in the event plus 50 medals for second through fifth places. They won both individual and team honors at the event.

## Vickie Jarboe Entry In Hale Center Contest

Vickie Jarboe, daughter of Mr. and Mrs. Malvin Jarboe of Floydada is among contestants vying for the title of Miss Firecracker of 1963, to be selected during Thursday's, July 4 Homecoming Celebration and All-American Fiddlers Contest at Hale Center.

The affair will be held in the city park at Hale Center. Contestants will be judged in a talent contest and in a bathing beauty contest held respectively at 2 p. m. and 5 p. m.

First place winner will receive a \$700 savings bond, second place \$500 bond, third and fourth, \$250 bond.

## Beedy Reunion Held At Claud

Seventy-five were present for the Beedy Family reunion held in the ranch home of Mr. and Mrs. Bill Beedy at Claude on Sunday June 23rd.

A basket lunch was served from lawn tables and those attending also enjoyed a jeep tour to "Look Off Hill" into Palo Duro Canyon State Park and the scenic dams on the ranch.

Attending from this area were Mr. and Mrs. Garvin Beedy and family of Lockney; Mrs. J. H. Whitehead, Jane and Tony and Mr. and Mrs. Bill Walker all of Ralls; Mrs. Wayne Rainwater and sons, Dougherty; and Mr. and Mrs. Eugene Beedy of South Plains.

Also attending were relatives from Lubbock, Tulla, Clarendon, Dodge City, Kan., Whiteface, Lorenzo, Pampa, Amarillo, Stinnett, Spearman, Fort Worth, Waco and Plainview.

Among these were Mr. and Mrs. R. C. Henry and Charlotte of Waco. Mr. Henry is the son of Mrs. R. E. Fry of Floydada and Mr. and Mrs. Glen Amburn of Tulla. Mr. Amburn is the son of Mr. and Mrs. Foster Amburn of Floydada.

MRS. WILLIAM PERRY GAUT  
(nee Snow) Drop Dunn

## Miss Dunn - Lt. Gaut Wed In Candlelight Ceremony

Miss Snow Drop Dunn, daughter of Mr. and Mrs. Joe Dunn of Floydada, became the bride of Lt. William Perry Gaut, son of Mrs. Perry Gaut and the late Perry O. Gaut of Pampa, in double ring vows read Sunday, June 29 in the First Baptist Church in Floydada.

Dr. E. Douglas Carver, minister of the First Baptist Church in Pampa, performed the wedding before a tree candelabra bearing 35 lighted tapers in crystal votive cups. Flanking the arrangement were side candelabra holding crystal votive lights which illuminated the candlelight ceremony.

Elevated white wrought iron baskets and floor baskets also of white wrought iron held arrangements of white gladioli and emerald foliage with the rostrum covered in large palms of emerald foliage. White bridal cloth was spread prior to the entrance of the wedding party into the chapel by Lt. Benard Gann and Mr. Mark White. The center aisle of the chapel was lit in side pew candelabra holding lighted canopies in votive crystal cups and lemon foliage.

Miss Beverly Hunter, Dallas furnished music during the reception and wedding. Vocalists were Mrs. Gerald Fugit, Odessa, and Mrs. Jack Hunter, Dallas.

The father gave his daughter in marriage. She chose a gown fashioned from pure silk designed with a fitted bodice complemented by a yoke of handrun alencon carried in a crystal votive cup

lace which formed a scalloped neckline and brief sleeves. Matching wide lace encircled the bodice at the waistline. Her belled skirt was emphasized in the back with a peacock train of chapel length. Short white kid gloves complimented her gown.

From a headpiece of alencon lace encrusted with pearls and highlighted with natural lilies of the valley, flowed a chapel length three tiered veil of imported English silk illusion. The bride carried a small white prayer book showered with a large white callalya orchid surrounded with lily of the valley tips. A small cluster of lily of the valley was caught in the off center of her hair piece. For her going away corsage the bride chose the white orchid and lily of the valley from the center of her bridal bouquet.

Mrs. J. Patrick Hughes of Honolulu, Hawaii, sister of the bride, was maid of honor. Mrs. Travis Harrell of Friona and Mrs. James Cobb of Irving were bridesmaids. Miss Nanette Alt of Greeley, Colo., and Miss Delorah Susan Fugit of Odessa were flower girls.

Bridal attendants wore street length dresses of flamingo pure silk, designed with fitted bodices and belled skirts, enhanced in the back with a wattleau floating panel. The matron of honor and bridesmaid each carried a cascade bouquet of Tropicana rose buds surrounding a lighted candle by a yoke of handrun alencon carried in a crystal votive cup.

The flower girls carried small baskets of bridal net filled with Tropicana rose buds and wore small clusters of Tropicana roses in their hair.

The bride's mother wore a light beige silk pesante with matching silk chiffon bodice and matching accessories. The bridegroom's mother wore a sheath dress of mint green chiffon with matching flower hat. Both wore corsages of green cymbidium orchids.

Mr. Robert Belew of Vernon attended the bridegroom as best man. Ushers were Mr. Mark White, Houston, Lt. Benard Gann, Center, Mr. Paul McClinton, Waco and Mr. Meradith Meaker of Pampa.

Following the wedding a reception was held in the home of the bride's parents at 838 W. Mississippi. Members of the houseparty included Mrs. Travis Jones of Floydada, Mrs. Al Pfeiffer, Corpus Christi and Miss Jeanette Hunter of Dallas.

The reception table was covered in organdy and at each end were five branch crystal candelabra holding tall upright arrangements of white twisted candles and shower arrangements of Tropicana rose buds. Fresh smilax strings and Tropicana rose buds fell in long garlands around the bride's table. Tropicana rose buds also adorned the register table.

Misses Linda and Laura Fowler of Davenport, Iowa, nieces of the bride, distributed bags of rice during the reception.

For a wedding trip to New Orleans, La., the bride selected an imported knit suit of shrimp color with black accessories.

The couple will be at home in Newport News, Virginia, where the bridegroom is stationed at Langley Field as personnel officer with the US Air Force. Mrs. Gaut will be with Hampton Roads Speech Clinic in Newport News as a speech therapist.

She is a 1962 graduate of Baylor University with a B. A. in Speech and Hearing Therapy. She was a member of Alpha Omega social club at Baylor. Prior to her marriage Mrs. Gaut was with Spartanburg Speech and Hearing Clinic in Spartanburg, S. C.

Her husband is also a graduate of Baylor University with the class of 1962 where he was a member of the Tryon Coteries men's social club.

### CARD OF THANKS

I want to thank everyone who was so kind and thoughtful while I was sick and since, for every visit, call, card, fruit, flowers and food and last but not least for your prayers. I want to say thank you to the nurses and Dr. Jordan for their wonderful care. May God bless every one of you.

**Recipe Of The Week**

We are sure housewives have a favorite recipe, one that is quick, appetizing, a fancy dish, a new dessert. Share it with your friends and neighbors. We would like to know about it and so would our readers, so we've begun this column to give you the opportunity to exchange recipes with your friends and neighbors. Each Thursday we will carry a favorite recipe and a picture of the housewife submitting it. Call Peggy Medley at the Hesperian or mail your recipes to Box 848, City. We'll pick one each week, it may be yours. This week we are sharing with you a recipe out of the kitchen of Mrs. L. T. Wood.

For a quick dessert without heating your kitchen try this delicious fruit recipe:

FRUIT SUNDAES

Partially thaw unopened package of frozen mixed fruits and pint of lemon sherbet. Stir fruit with juice, into sherbet. Refreeze in shallow pan or ice cube tray. Meanwhile, defrost can of frozen fruit punch. Spoon fruited sherbet into sherbet glasses and spoon undiluted frozen punch over top as a sauce. Top with whipped cream and chopped nuts. Make 6 servings.

 Inc. and the Power Use Department has a new film available for showing to 4-H clubs. The film entitled, "Man Enough for The Job" depicts the life of a 4-h'er from the time he first starts in the club through several eventful years and a climax with a trip to Washington D. C. The film has been shown 15 times in Floyd and Moley counties and was well received by all the 4-H youth. Lighthouse Electric also has the film "By the People. For the People," a film about the history of rural electric cooperatives, how they came into being, their effect on rural economy, and the additional income not only to the rural people, but to appliance dealers and manufacturers everywhere. These films may be borrowed or a member of the power use department will be glad to arrange for a showing for your organization.

**CORN MUFFINS:** Mrs. Virginia McDonald, Owner McDonald's Tea Room, Gallatin, Missouri (Lighthouse Cook Book No. 2 page 38)  
 2 cups corn meal  
 4 teaspoons baking powder  
 2 cups boiling water (1 say boiling and it must be)  
 1 cup milk  
 1 tablespoon melted butter  
 1 teaspoon salt  
 2 eggs  
 Sift corn meal and salt together and seal with the boiling water. Add cold milk to this mixture quickly to keep the meal from lumping. Add the eggs and beat well. Just before putting into the oven add the baking powder and last, the melted butter. Pour into individual molds that have been greased and then flaked with flour. Bake to a golden brown at 475 degrees. Split each muffin and put in a pat of butter - they literally melt in your mouth.

**YARBOROUGH NEWSLETTER**  
 (The Newsletter this week is a transcription of a radio interview with Senator YARBOROUGH, Texas, by Senator Frank Church, Idaho.)

**SENATOR YARBOROUGH:** This week I have as my special guest the senior senator from the state of Idaho, Senator Frank Church. I know that many of you in Texas heard him on radio and saw him on television as he made that great speech at the Democratic National Convention in Los Angeles in 1960. He made the keynote speech.

**SENATOR CHURCH:** Senator Church introduced a bill just this week to cut some of the excess fat out of foreign aid. I am happy to co-sponsor it with him. Senator Church, the people of Texas know you. I know they will be happy to know of this measure. Would you explain to them what your bill does?

**SENATOR YARBOROUGH:** Thank you, Senator Church, for helping cut this excess fat out of foreign aid.

**SENATOR YARBOROUGH:** Frank, the European countries in West Europe and in the Common Market spending as high a percentage of their income for their own military defense as we are for the military defense of Western Europe?

**SENATOR CHURCH:** Well, Ralph, the answer is no. You see the high level of prosperity and their ability to pay their own way - they are actually devoting about half as much of their budget to national defense in terms of their own gross national product as we are devoting in terms of our wealth. They are making about half the effort we are, and we are still giving them subsidy.

**SENATOR YARBOROUGH:** Well, I agree with you that it is remarkable that we are giving aid to these rich countries in Western Europe and to Japan, all of which are booming and have the highest level of prosperity ever known and we are bearing the tax burden. Your bill would cut that off from the rich nations but would still allow help for the poor and the nations with people in a state of starvation.

**SENATOR CHURCH:** Right, the undeveloped nations of the world that is the object of the foreign aid program. It is not to subsidize the rich, and the administrators of the program have shown an inability to turn off any of these spigots once they get turned on. That is why I think Congress should take action.

**SENATOR YARBOROUGH:** Frank, I fully support you. I think it takes the leadership of someone on the Foreign Relations Committee like you if we are ever to get this job done, and I think there are many in the Senate who appreciate this leadership you are giving. By the way, the European Common Market has placed a high tariff on American poultry and is cutting our products out of their market while we are giving them foreign aid, are they not?

**SENATOR CHURCH:** That's right, and that's just another reason why we should insist that they stand on their own two feet. SENATOR YARBOROUGH: Thank you, Senator Church, for helping cut this excess fat out of foreign aid.

The Dougherty Home Demonstration Club met June 27th at 2 p.m. in the home of Mrs. Johnnie Cates with nine members present.  
Mrs. W. J. Ross opened the meeting with the hosts giving the devotional from Ecclesiastes 11:1-2.  
Cast thy bread upon the waters; for thou shalt find it after many days, and Give a portion to seven, and also to eight; for thou knowest not what evil shall be upon the earth.  
Roll call was answered with a superstition, most of us being a little superstitious.  
"Wagon Wheels", the song for the meeting, was led by Mrs. A. H. Kreis.  
The minutes were read and approved and the treasurer's report given. Mrs. Earl Edwards gave the Council report.  
Mrs. Johnnie Cates and Mrs. W. J. Ross helped the women from other clubs paint the rooms in the old ASC building where council will meet from now on and it will be the new office for the Home Demonstration agent.  
The new agent, Miss Sherry Mullins will take office July 1 and there will be a tea for her July 9 from 3-5 with Mrs. G. W. Smith, Mrs. Earl Edwards and Mrs. Johnnie Cates serving as the refreshment committee.  
Mrs. W. J. Ross was elected as delegate to the THDA State Meeting from our club to be voted on at Council.  
Mrs. A. H. Kreis gave a 5 minute demonstration which will be helpful in our summer canning and freezing of corn.  
She used the slogan "An hour from the garden to the can or freezer."  
Blanch corn on the cob 11 minutes. Cool at once in ice water and when cool, wrap air tight for freezing and freeze small quantities at a time.  
Mrs. Ned Bradley gave the program on "Care free driving" and "Safety belts".  
She gave pointers such as "Do not drive while angry. Anger is just one letter short of danger. Ejection from the car multiplies 5 times the danger of getting killed or seriously hurt. Padded dash boards and safety belts have saved many lives".

## Philosopher Says Unrest In The Law Running Far Deeper Than Realized

The Floyd Philosopher says that if there was any right imbedded in the American system which was completely beyond challenge and incapable of ever being changed, it would be the right of a lawyer to never be ready when court opens. I had thought that the Constitution itself set forth the fundamental principle of law that the more jurors and the more witnesses called on a given case and the more time the lawyers had to prepare, the more likely some lawyer is to argue he's not quite ready and the case should be held over till the next term of court or till next Monday at least, or if he can't do any better till 2:30 this afternoon in lieu of 9 this morning. But for a judge to fly in the face of history and fine a lawyer \$100 for being 15 minutes late in arriving at what likely could

be a postponement anyway, only indicates how deep-running the feeling of revolt and overthrow of customs has become. Enforced in all the courts of the land, it could help reduce the national debt. I tell you, if President Kennedy hears of this, he'll be back at his desk after his European trip realizing this country is seething with more change than he had suspected. You can fine a prospective juror if he's not sitting in court and sitting and sitting when the time comes to start a case, but the idea that all lawyers should be ready is so un-heard-of and so contrary to tradition that it's practically preposterous. Believe me, I'll be glad when this summer is over and things can level off. Yours faithfully J. A.

## Plains Cotton Growers Discuss Fertilizer For Late Cotton

LUBBOCK — With almost half or approximately one million acres of this year's High Plains cotton crop being planted in June, good management decisions and proper production practices could well mean the difference between a cotton crop or no crop at all for many farmers this fall. One of the major decisions which must be made at this time is whether or not to fertilize and if so when and how much. Realizing the importance of this problem, the Plains Cotton Growers, Inc. contacted the Extension Service, The Texas Experiment Station, Lubbock, and the High Plains Research Foundation. Under the adult division, stone craft pictures, bead pictures, picture frames, handmade greeting cards, felt products, jewelry items, pictorial embroidery, plastic film articles, mosaic tile articles, pom pom toys and other craft items have been added. In the holiday parade class added are these: Christmas stockings, Christmas tree skirts, hand-made Christmas tree canopies, and candle arrangements. In the sewing machine class added are dress sewing machine trim, apron, quilt quilted by sewing machine, pillow cases. New divisions in the craft department include one adult textile painting and these items include scarf, pillow cases, towel, bath towel set, lunch cloth and napkins, blouse or skirt, curtains, apron, pictures. The same articles are listed in the youth class for textile painting. Under the hobby division, are salt and pepper shakers, match covers, vases, cups and saucers, plates, dolls, animal species pitchers, bottles, guns and others. The Fair catalogue, giving a complete list of all classes, will be delivered in July. Mrs. Fay Williams of Fort Worth and her brother, Alpha Wiggins of Puerto Rico, visited Saturday with their uncle, J. T. McLain and Mrs. McLain. Mr. Wiggins is in Texas to visit his mother, Mrs. Montez Wiggins at Fort Worth and also in West Texas and New Mexico to visit other relatives. There are approximately six million veterans of the Korean Conflict in civil life, according to the Veterans Administration.

## Brother of Bill Curry Buried

Hoyt Curry Jr., 36 year old brother of Bill Curry of Floydada, was buried Saturday in Plainview Cemetery following rites there in the First Methodist Church. Mr. Curry was found dead Thursday afternoon in his home by his wife. The body was laying in the kitchen-den doorway and a 31 automatic pistol was at his feet. Officers said three cartridges had been fired from the clip. Two bullets had gone into the floor and one bullet entered Curry's temple on the right side emerging on the left. Death was ruled self inflicted. Curry was born and reared in Plainview. He was a graduate of Plainview High School and served in the Navy during World War II. Curry was also a member of several civic organizations in Plainview. Survivors include his wife; his parents, Mr. and Mrs. Hoyt Curry Sr.; three brothers, Bill of Floydada, Frank of Plainview and Capt Glenn Curry of the U.S. Air Force in El Paso. Langford noted the effects of Nitrogen on cotton quality and pointed out that although under favorable growing conditions Nitrogen could improve quality, the reverse would be true under unfavorable growing conditions. He also felt that response from the use of Phosphorus would be highly unlikely at this time. In summary, the ultimate decision regarding the use of fertilizer must be based upon individual circumstances and conditions. Previous crop history, soil nutrient level, available moisture, stage of growth and condition of the plant, and other factors must be considered. In view of the present crop situation, the importance of this production practice cannot be over emphasized and every farmer is urged to use all the information available along with his own good judgement in arriving at the proper course to follow for the production of a good quality crop. Additional information may be obtained through your local county agent or the Plains Cotton Growers, Inc.

## Rebekah PNG Are Honored

In a garden setting at Floydada Rebekah Lodge on Tuesday night of last week, Ruby Davis, Noble Grand, honored the Past Noble Grand, the Past Noble Grand of the Lodge. Through an arch gateway covered with roses and vines the Past Noble Grand was escorted by Gwen King and Correne Gallager to the station of the Noble Grand, where Mrs. Davis read a tribute to each and presented them with a flower which was then placed in the garden. The Lodge Hall was decorated throughout with vases of garden flowers carrying out the Noble Grand's theme of "Friendships Garden".

## Supervisory Management of a Thoroughgoing Hospital is Just Out of the Question, Much Less Inviting, to the Vast Majority of Doctors

It is a rare community that possesses an M. D. who finds any satisfaction in hospital management. These many individuals who have been associated in some way with direct efforts to improve our hospital facilities in Floydada in recent years, know the numerous instances of prospective doctors coming to Floydada, recognizing the need for their services here, and being attracted by the community itself but unhappily turning us down "because of inadequate hospital facilities." But as I said earlier in this letter, we all know these things too well. I agree with you that it is now time to build a fine, modern hospital in Floydada, second to none in our area, and be thoroughly happy and satisfied that we have made a relatively small sacrifice for ours and our children's well-being. Sincerely yours, Andrew G. McCulley D.D.S.

## Crafts - Textile Classes Added In County Fair

Many additional classes in textiles and crafts are being added to the women's department at the Floyd County Fair this year. This is an effort to build up the women's department and attract more entries than in previous years, Mrs. Tinsley said. In the embroidery class the buffet sets, vanity sets and chair sets have been put in three separate classes instead of being grouped as in previous years. In the crochet class, added items included centerpieces, doil-

# Sunflowers May Be A New Crop For High Plains Of Texas Within Three Years

HALFWAY — Sunflowers may be a new crop for the High Plains of Texas within the next three years. Research at the High Plains Research Foundation indicates that a profitable variety will soon be available for commercial production.

Seven hundred and twenty strains from seed selected in the breeding program in 1962 are growing at the Foundation Farm

These strains were planted on April 24 and many of them will be ready for harvest in early August. These plants have stood up under adverse weather conditions of wind, hail and heavy rain. They are resistant to the ravages of the Sunflower Moth which has been the scourge of sunflower development in the area in the past.

The best sunflower strains have 22 percent protein and 30 percent high quality vegetable oil. Sunflower meal or flour contains about 50 percent protein, is usually rich in calcium, an excellent source of thiamine or vitamin B1, and particularly outstanding in its supply of niacin. The meal is also highly digestible.

Barry Love, Assistant Agronomist in charge of sunflower research, is seeking a combine-type variety with desirable chemical qualities.

The market for sunflower seed is for human food, and as a protein feed for cattle, hogs, poultry and birds. It was used for food by the Indians before the white man came, and it is an important crop in Russia, South America and Canada. Sunflowers are subsidized in Canada as an oil seed.

Dr. Earl Collister, Director of the Foundation, who has conducted breeding work with sunflowers in Texas for fourteen years, stated that it offers great potential as another cash crop that can be grown in the diversified farming system on the High Plains.

Several relatives visited in the C. L. Berry home Sunday. Among these were Mrs. W. J. Berry, Mr. and Mrs. Newkirk and son of Silverton, Ruby and Woodrow Surratt of Muleshoe. All are former residents of Floydada.

## New Highway Construction For Floyd

The Texas Highway Commission today approved the expenditure of \$1,250,000.00 for construction of new Farm to Market Road mileage in District Five as part of the 24.1 million 1963 FM Road Program, announced District Engineer Oscar Crain of Lubbock.

The District Engineer said 80.2 miles in this District will be involved. The work will be under the supervision of the Resident Engineer whose name appears on the attached list of projects.

The work authorized for this District is a part of the 1,000 miles of Farm to Market construction program set up by the Highway Commission this year toward completion of the State's Farm to Market Highway System.

In Floyd County five miles of new highway will be built at an estimated cost of \$90,000. The new highway extends from the intersections of farm-market road 2301 and farm-market road 2282 to farm-market road 378. Resident engineer Sam Fowler will be in charge of the highway construction.

Charley Berry attended the Pale Duro Lodge in Amarillo Saturday night. Don Ewing, nephew of the Berrys was installed as Worshipful Master. This was a public installation and attended by some two hundred. Don was a Floyd County boy until a few years ago. H. W. (Bill) Fullingim, R. W. Junior Grand Warden of the Grand Lodge of Texas, was installing officer.

LIQUID FERTILIZER

"The SOLUTION For Your Fertilizer Problem"

Side dressing with SOL-U-PHOS Liquid Fertilizer will give your crops the plant nutrients needed now—at "Dinner Time"—and will carry them on to a fruitful harvest. By side dressing with SOL-U-PHOS, which is a chemical combination of plant nutrients forming a neutral SOLUTION, insures balanced fertility for your crops. Now, when your crop has gotten to the point that you are making your money, increase your crop yield and maintain a high fertility by side dressing with SOL-U-PHOS Liquid Fertilizer.

Everywhere you look more farmers are going "modern"—They are switching to SOL-U-PHOS Liquid Fertilizer . . . Why? The meter pictured above makes sure that your dealer—Livingston Storage delivers to you the exact gallonage of SOL-U-PHOS. Then by use of pumps the handling of SOL-U-PHOS is a "filling station" type of operation. There is no heavy lifting, you get the correct analysis of plant nutrients without having to buy unwanted quantities of other nutrients. SOL-U-PHOS doesn't require you to have a field full of farm labor to get the job done. One man can easily side dress and cultivate 50 acres or more per day and you pay only for the plant nutrients delivered by your dealer. That's why we say—

New Telephone Directories To Be Mailed 1st

Copies of the 1963 Floydada telephone directory will be mailed to customers on Monday, July 1, according to Kenneth Garrett, manager for the Southwest Bell Telephone Company. Garrett said the new directory has 2,800 pages of listings and is printed in black ink. Almost 3,650 copies of the new directory have been printed. It has sixteen white or alphabetical and 36 yellow or classified pages.

Old directories should be thrown away when the new ones are received. Customers are cautioned to check the old telephone books carefully before they are discarded. Garrett said other times, customers keep out town telephone numbers and address lists in them and then throw the books away without removing the lists.

Mrs. Peggy Medley and daughter Debra Ann left last Thursday for Anamaroo where they work as guests of Mrs. Medley's mother, Mrs. Frank King and Mr. King. A family gathering will be held over the weekend with the arrival of Mrs. Medley's sister and her family, Mr. and Mrs. Bill Morgan and two children from Hawaii. The Morgans have been stationed there for the past three years. Mr. Medley and son joined the group Saturday.

Cadet Early P. Pritchett, son of Mr. and Mrs. Early P. Pritchett, Rt. Lockney, Tex. and Cadet Gerry L. Sawyer, son of Mr. and Mrs. Leo L. Sawyer and husband of Mrs. Lois Sawyer, Rt. 1, Floydada, Tex., attending West Texas State College, are two of 1891 Reserve Officer Training Corps cadets attending the General Military Science ROTC Camp at Fort Sill, Okla., to become future army officers.

Records were checked, physical examinations taken, clothing and equipment issued to cadets upon their arrival at Ft. Sill on 14 and 15 June.

The cadets began their intensive training Monday, June 17th and for the next six weeks will learn how to become an expert rifleman with the M1 (Army) Rifle on the Trainfire Range at Ft. Sill.

The cadets will learn how to set up, load and fire 81 mm mortars, 3.5 Rocket Launchers, operate radios, function as radio operators in communication Nets as used under combat conditions. They will become efficient in the technique of mine warfare. The training is carried out by the cadets utilizing the actual equipment used under combat and personally doing the work as practice makes perfect. Physical training is intensive, the cadets are able to take advantage of the many athletic and recreational facilities in the Lawton and Ft. Sill area.

Maj. Gen. L. S. Griffing, Post Commander, began the first week cycle of training at Post Field, Fort Sill. He welcomed the cadets to Fort Sill. He told the cadets "a great deal has already been done for you, to provide for your welfare but the biggest part is in your hands that of learning about being an army officer. This is the first entire General Military Science camp training at Ft. Sill. This experience should be exciting and rewarding." He further stated, "Here you will be tried and tested to see whether you have it in you to become a good army officer." After the opening ceremony, the general reviewed the troops.

The ROTC Program in college is designed to permit progressive evaluation of college students and to insure selection of those best qualified for commissions. It produces nearly 15,000 officers annually and is the primary source of officers for the active army and its components of reserve and national guard. The camp is scheduled to close July 26, and 123 of these cadets who have already completed their four year college military science studies, will be commissioned as second lieutenants in the army.

the SHERICK Memorial Home

SHERICK MEMORIAL HOME is a modern, comfortable, refreshing residence for single retired women who, having reached the age of sixty-five, desire to live in congenial association with others of similar interests. It is not a nursing home. Those who live at the Sherick enjoy it as their own home, entertaining friends and family when they choose.

The Sherick, planned and constructed for its singular purpose, provides a colorful and homelike atmosphere where mature women can find more happiness through varied activities and stimulating friendships. The home combines the warmth of family living and the convenience and service of the most modern hotel.

Located in Bobalet Heights residential section in west Lubbock, the home is a beautiful one level fireproof structure on five landscaped acres.

Besides individual bedrooms, there is a spacious living room, large sun room with music corner, a hobby room, dining room, a quiet library containing a variety of reading material, and a beautiful patio.

The entire building is centrally heated and air conditioned, with individual room controls. Each of the 25 bedrooms is fully carpeted and furnished for comfort and beauty. Bathrooms are conveniently located between bedrooms. Telephones are available to every room.

The Sherick furnishes transportation for church, shopping, beauty appointments, concerts, civic activities and other functions.

Administration of the home is guided by a board of directors composed of Lubbock women who are genuinely interested in the welfare of the residents. Daily administration is in the charge of a resident director and her staff, constantly on duty to be called instantly to the side of any resident who may need assistance.

1953 JULY IS SHOP RITE'S 10th ANNIVERSARY CELEBRATION FROM 1 TO 73 STORES IN 10 YEARS 1963

In ten short years, Shop Rite Foods, Inc. has grown from one to 73 Piggly Wiggly Stores in 31 towns and 3 states. Starting with one store in July, 1953 in Albuquerque, New Mexico, by October the company had acquired seven stores operating under the Piggly Wiggly name. These stores were located in Albuquerque and Santa Fe, New Mexico.

This rapid progress reflects a supreme loyalty and efficiency on the part of Piggly Wiggly employees in offering our customers the finest foods at the lowest prices in clear, bright stores, with courteous, fast service at all times. Won't you help us celebrate our 10th Anniversary by enjoying the low low prices, and registering for these valuable prizes? You need not be present to win. Drawings will be held on July 31, 1963.
