### Experts Forecast 90,000 Bales Of Floyd Cotton

### Earliest Sorghum Production In Floyd County's History

### Almost Bale Per Acre

Floyd County's big money crop — fluffy white cotton continues to grow and gain on its fall destiny with the first killing freeze. The Lubbock Cotton Exchange and The Plains Cotton Growers Inc. have come up with an estimate of 90,000 bales for the county — if the crop gets an average freeze date.

This compares with the bumper 1962 crop of 113,000.

Last year's crop beat a bale to the acre across the county with a total acreage allotment of 102,450 acres.

County ASC head Tom Hutchins reports that the 90,000 estimated bales for the county is almost a bale per acre as he estimates over 93,000 acres of cotton have been planted and is growing in the county. The county's 1963 cotton allotment is 96,864 acres. An exact acre by acre measurement will be reported by the ASC office in about a week.

The official cotton forecast from Lubbock estimates that 1,842,000 bales valued at \$13 million dollars is off quite a bit from last year's 2,326,293 bales for the 20 county South Plains area.

It should be noted that Floyd County's production estimate is not off from last year appreciably, while some counties will be down by over one half from last year.

Late spring rains and hail have harassed the entire south plains area, some farmers planted as many as six times before holding a growing stand. Much of the early cotton suffered from damp weather and fungus disease.

The southern half of Floyd County is in very good condition cotton crop wise, while most of the northern part consists of middle June planted cotton. The southern part of the county out produced the northern part in cotton last year.

County-by-county estimates in 50-pound bale equivalents compared with ginnings in 1962 follow:

### Floyd Cardinals Win State Tournament

The area Freshman League tournament was held in Floydada this year with Claude Estes director. Fans had a chance to enjoy some real thrilling baseball games and the champion Cardinals had to come from behind and do the giant killing job of taking two victories in a single evening before they could eliminate the rugged team from Earth.

In first round games Roaring Springs won over Abernathy 20-3; and Floydada downed Silvertown 15-2. Silvertown then knocked Abernathy from the contenders winning 4-2.

Earth won over Roaring Springs 11-4 and Roaring Springs then eliminated Silvertown winning 18-10. Earth took a 9-7 decision over the Cardinals from Floydada and the Cards then had to go to the losers bracket where they disposed of Roaring Springs 13-5.

On the final night of play the Cards had to hand the Earth team a pair of defeats and this they did posting an 8-2 score after coming from behind in the opener they went on getting stronger as the game progressed and swept to a 9-4 victory in the final outing.

### Floyd County Budget Hearing August 19

The Floyd county commissioner's court will meet at 10 a.m. August 19, 1963, at which time the 1964 Floyd County budget as prepared by the county judge and the county auditor will be considered by the commissioner's court.

Any tax payer of Floyd County shall have the right to be present and participate in the hearing.

### P. D. Helms Seeks Office Of Commissioner

P. D. Helms, farmer in the McCoy community this week announced his intention to run for commissioner of Precinct 1 in Floyd County.

Helms has been a resident of the McCoy community since 1940. The Hesperian will publish a picture of this candidate and his qualifications for the office when he officially announces January 1, 1963.

"MR. FLOYD FIRST IN FLOYD" ... the first 1963 load of grain sorghum to be marketed in Floyd County was produced by Frank Floyd of the Cedar Hill Community last Saturday. He is pictured at right, with Harlie Vick employee of the Cedar Hill Grain Company where it was handled.

### Goen Drug To Expand

Possibly Floyd County's earliest grain sorghum harvest has begun with several loads arriving at Floydada and area elevators.

The August 3 grain sorghum of Frank Floyd (Floyd's first in Floyd) which was marketed at Cedar Hill Grain appears to be the first to be marketed in the county.

A load of sorghum was marketed at Mount Blanco just over in Crosby county early last week by Joe Robertson Appling.

Floydada's first grain sorghum was marketed at Producer's Coop Elevator about 4 p. m. Monday, August 5. Producer was Lindell Carey of the Center Community. Shortly before this, Doyle Sandefur, Center community farmer began harvest of 160 acres of dryland sorghum which he is marketing at Muncy elevator.

Sandefur's crop is making around 2,000 pounds per acre and was planted April 15th.

Floyd's two loads tested 16 and 18 percent moisture.

This year's early crop is credited to the fact that most farmers planted their grain sorghum early in order to escape the threat of midge. So far, very little midge have been found in the county and it appears that this year's grain sorghum crop will exceed last year's.

Dryland grain sorghum in the southeast area of the county will be off in production due to the lack of rain in that area.

The county government loan price is \$1.60 per hundred pounds. Moisture content must be 14 percent or less to go in the loan.

The county's government acreage allotment is 161,183 acres. Farmers received base yield diverted acreage payments on 47,987 acres.

Bud Goen announced this week that Goen Drug is in the process of expanding since he has leased the building next to the present location of the store.

The building next to Goen Drug on the east was formerly occupied by Wanda's Stork Shop and the addition of this area will more than double the present size of the drug store.

Goen reports that the all new drug store should be completely remodelled and finished by next month. He also said that he was considering adding a pharmacy to the business and that refreshment booth area would be expanded to serve 40 persons.

Cosmetic, sundries and gift lines will also be enlarged, according to Goen.

Goen has been in the drug business in the present location for the past 11 years.

Remodeling plans include a new floor and ceiling as well as new color scheme and store fixtures.

## State Engineer To Visit County; Inspect Possible Dam Location

At a meeting of the Floyd County Soil Conservation Board Tuesday in Floydada discussion continued on how to get some water conservation dams for the county and after several courses of action were explored it was decided to call Bud Norton, state engineer about possibilities of dams for the county.

Norton replied that he would try to visit Floyd County the last of this month or the first of next month and would advise the group on where best dam sites were according to good engineering principles and offer suggestions as to how they might be secured for the county.

## Speed Limits Will Be 70 MPH On Floyd Highways

Seventy mile per hour speed limits will be posted on all paved highways in Floyd County when the new maximum speed limits go into effect throughout the state on the morning of August 23.

According to local highway maintenance personnel the new signs are here and will be posted on the morning of the 23rd. That will be a busy Friday for highway maintenance crews all over the state, since the new speed limit signs can't be put up before that time and need to be in place as soon as possible after the new laws go into effect.

Of course highways curves and other danger points will have less than 70 MPH signs, warning the motorist when the maximum speed is too fast.

More than two-thirds of the Texas highway system will come under the new 70-miles-per-hour daytime maximum speed for passenger cars which becomes effective August 23, the Texas Highway Commission revealed today.

Under the speed control law passed by the Legislature this spring, all highways not zoned down by the Commission will automatically go to the new 70-mph speed August 23. This means that some 41,500 miles of the state-maintained highway system will be allowed to come under the higher maximum speed.

The Commission today passed a Minute Order which zoned some 18,640 miles of the highway system at a maximum of 60 miles per hour daytime and 55 miles per hour at night for passenger cars, effective August 23. These highways will be restricted to the lower speed limit because engineering studies indicate they are inadequate to accommodate a 70-miles-per-hour maximum.

The Commission's action followed a series of engineering traffic studies conducted throughout the state by the Highway Department. (See Speed Limits, Page 8)

### FHS Mentors Attend Texas Coaching School

The Floydada High School Whirlwind coaching staff is in Houston this week attending the annual Texas Coaching School. Activities were due to get underway there Tuesday morning and continue through Friday night.

Outstanding national figures are on the speaking panel to cover topics concerning football and boys basketball.

The all-star basketball game is set for Thursday night and the football game for Friday night. Attending from Floydada are Bill Curry, Bill Carmack, Bob Shields and Perry Lockett.

The coaches are due back home this weekend and then have only a little over a week to get ready for football practice which starts August 19. First game this fall is set for September 6.

## Blue Skies Dump Good Rains Over Downtown Floydada

From out of the blue skies came rain over downtown Floydada Monday afternoon, and people who were caught stranded began to think the storm was the tail end of Hurricane Carla before all was quiet again.

The surprise thunderstorm hit about 3:45 p.m. but no one could determine just exactly what cloud the rain was falling from. The sun was shining one minute and another minute a person couldn't see for sheets of water falling for blocks.

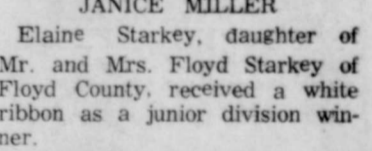

Tree limbs were snapped off, one tree on Houston street uprooted, windows blown out and fruit whipped off the trees.

J. E. Green, who lives in northeast Floydada reported every (See Blue Skies, Page 8)

### Janice Miller Wins District Dress Revue

Miss Janice Miller, daughter of Mr. and Mrs. Lynn Miller of Floyd County, was named among four South Plains girls as winners of the 1963 4-H Club District Dress Revue held Tuesday in Lubbock.

The four winners and two alternates will represent the district in the State Revue at Dallas in October. The winner there will receive an all expense paid trip to the National Club Congress in Chicago.

JANICE MILLER

Elaine Starkey, daughter of Mr. and Mrs. Floyd Starkey of Floyd County, received a white ribbon as a junior division winner.

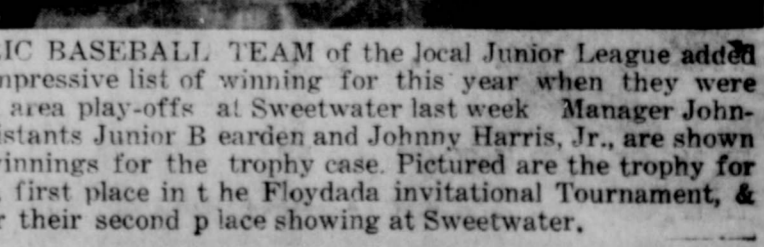

### Lighthouse Team Places Second At Area Meet

The Lighthouse Electric baseball team brought home the second place trophy from the area wide tournament held in Sweetwater last week.

Lighthouse went to the tourney carrying the colors of the local league of which they were the champions. (See Lighthouse Team, Page 8)

### Heart Victim Pete Kendrick Buried Monday

Funeral rites were conducted Sunday in the First Baptist Church here for R. L. (Pete) Kendrick, longtime trucker and farmer of Floyd County. Mr. Kendrick died at 12:30 a. m. Saturday in Peoples Hospital after suffering a heart attack at the age of 58. (See Heart Victim, Page 8)

LIGHTHOUSE ELECTRIC BASEBALL TEAM of the local Junior League added another trophy to their impressive list of winning for this year when they were named runners-up in the area play-offs at Sweetwater last week. Manager Johnny Harris (left), and assistants Junior Barden and Johnny Harris, Jr., are shown with the teams season winnings for the trophy case. Pictured are the trophy for the league championship, first place in the Floydada Invitational Tournament, & the runner-up trophy for their second place showing at Sweetwater.

Republicans Want New Wheat Bill

WASHINGTON —Nineteen House Republicans have written to President Kennedy urging a bipartisan effort to enact a new wheat bill for the 1964 crop year. The administration has said it does not intend to propose a substitute for the strict planting controls which were rejected by wheat growers in May. The Republicans told Kennedy in a letter which they made public Saturday, that in that referendum "The wheat farmers of America were denied the opportunity of choosing between reasonable alternatives."

Horse Short Course At Texas A&M

The Third Annual Horse Short Course to be held at Texas A. & M. University is scheduled for August 23 - 24 states county agent H. T. Davison. The program for the short course is varied and should be of interest to youngsters also. The activities begin on Friday the 23rd, with registration from 8 a. m. - 12 noon.

The course will cover all phases of horse production, management, showing and training. The sessions will be led by many known personalities to the horse industry. If you are interested in attending, you may contact Davison for additional information.

Homecoming At Harmony Set

The Harmony Community Homecoming will be August 15 at 6:00 p. m. at the Community Center. Ice cream and cake will be served. Everyone bring either ice cream or cake. Organ music will highlight the evening. Most people forgive poor conduct on the part of wealthy friends.

Sandra Smith and Sharon Evans presided at the punch bowl where Hawaiian punch, pineapple fried pies and tidbits were served to guests from a table decorated in Hawaiian style, with orchids pinned on each guest. Mrs. Robt. Smith and Carla and Ann Smith along with Susan Sanders and Sharon Evans of Amarillo assisted with hospitalities. Mrs. J. P. Taylor presided at the business meeting and it was voted to have no meeting in August. The September meeting will be held at Mrs. J. P. Taylor's, and time is set at 2 p. m. Movies and slides of Hawaii were shown the group and enjoyed by Mrs. J. C. Scott, Roy Burks, Bryan Karr, Grigsby Milton, H. L. Marble, Seaty Smith, Hollis Shewmake, M. M. Julian, George Beedy, Lotie Stewart, Billy Stanforth, H. P. Hartman, E. J. Kinslow, Roy Bledsoe, Fred Fortenberry, J. P. Taylor, Skeet Thornton, Carl Huckaby, Frank McClure, Otho Sanders, Robt. Smith, Carla, Sandra, Ann Smith, Sharon Evans, Susan Sanders of Amarillo and the hostess, Mrs. Weast.

Mrs. J. R. Spivey of Truscott visited here with her daughter, Mrs. Sylvie Kinnibrugh most of last week, and Thursday they went to Truscott while Sylvie and father J. A. Kinnibrugh went up into Oklahoma over the weekend. Marlyn and Beth spent the week down in Odessa with their aunt, Mrs. W. H. Smith. All were home Sunday night.

Mr. and Mrs. Fred Marble and Mr. and Mrs. Marvin Wells spent from Friday to this Monday evening over at Ruidoso, N. Mex. on a little vacation.

Mrs. Eugene Beedy entertained this Monday afternoon, August 5, with a birthday party for her little son, Mark, two years old. His grandmothers, Mrs. E. M. Jackson of McCoy and Lynn and Mrs. Bill Beedy of Claude were present, and others present were Mrs. Keith Marble and Dwayne, Mrs. Don Marble and Donette and Kyle Beedy, son of the Bradford Beedys. Mrs. Beedy served homemade ice cream, birthday cake and lemonade to the guests.

Mr. and Mrs. Bob Hartman and boys of Lubbock were here over Saturday and Sunday visiting with his parents, the Harry Hartmans and other members of the family.

Mr. and Mrs. Don Marble left last Sunday and came home on Wednesday after spending a leisurely vacation out at Ruidoso, N. Mex. Mrs. R. L. Holland and Mrs. H. L. Marble kept the children while they were gone.

A church fellowship at the South Plains Baptist Church will be held on August 18, with ladies bringing lunches to spread at the dining room after church, and then at 2:00 p. m. there will be a singing held at the church with everyone welcome to attend. Revival services are scheduled for August 25-Sept. 1 at the Baptist Church.

Mrs. F. M. McCuiston of Ralls fell and broke her arm Sunday, and this Monday Mrs. Sylvie Kinnibrugh went down to see how she is getting along. Mrs. McCuiston is Sylvie's grandmother.

There will be a bridal shower honoring Mrs. James Hartman at the home of Mrs. Don Marble Friday morning, August 9, from 9:30 until 11:30.

## County Agent Reports On Late Planted Cotton

Managers to get maximum income over expenses from the 1963 cotton crop is going to be a problem to many Floyd County farmers, says H. T. Davison, County Agricultural Agent. Due to adverse weather, much of our cotton crop was planted after June 10. This late planting can still give net income, but the skill normally required in getting this new income is greater than cotton planted in earlier June, April or May says County Agent.

## Kinard - Baker Vows Planned For August 10

Mrs. La Vader Kinard announces the engagement and approaching marriage of her daughter, Linda Gayle, to Stanley Baker, son of Mr. and Mrs. C. M. Baker of Vernon.

The wedding will be performed at the Bible Baptist Church in Floydada Saturday night, August 10, at 8 o'clock.

Sixty-two percent of our present cropland needs conservation. Erosion control is needed on 161 million acres, 60 million are unfeder excess water, unfavorable soils exist on 36 million, and the shell and the home is an adverse climate is a problem on 4 million acres.

Cotton planting studies at Lubbock Experiment Station indicate an average of 739 pounds of lint was received from June 10 plantings, 499 pounds of lint from June 21 planting, and 247 pounds of lint received from June 30 planting.

Faced with this yield potential, our cotton producers must keep close tabs on dollars spent to produce late-planted cotton.

Under irrigation conditions, a small return above expenses can be received from June 21 and June 30 planting if and only if constant watch is maintained on timing of cultural practices.

General rules to follow in late-planting June 20 cotton planting are:

1. Don't irrigate cotton during the growing season more than one time. It may not require any additional irrigation water!
2. Keep a constant record of expenses in the crop. Don't let dollars spent get so high where you can't possibly break even.
3. Plan your crop to be mature around the first part of November. Our odds are that we will have a killing frost every other year between November 2 and

## Starkey Club Members Tour Atomitat Home

Starkey Home Demonstration Club members had a lovely day of fellowship and interesting tour last Thursday when the group met in Plainview for lunch at the Pioneer Steak House and then had a guided tour of the Atomitat home.

This is the nation's first underground home and is designed in accordance with all fallout shelter requirements. The Atomitat is a contraction of the words 'atomic habitat'. The luxurious four bedroom three bath home is constructed inside a concrete shell for complete protection from fallout.

A special feature is an equipment room which includes an auxiliary power unit which will supply the necessary voltage to maintain the home in any emergency. The home also has its own water well with submersible pump, a sewage lift and a wood-burning fireplace which is used to enable the gravity circulating air system to operate.

The Atomitat features also a living room, den, kitchen, utility room. A patio is located off the den and was designed as a recreation room with shuffleboard, ping pong and dart board. Other conveniences includes televisions with perfect reception, an extension stereo speaker system with two speakers in each room. Real flowers and plants are growing in stone planters around the house with special violet lighting enabling the plants to thrive. The interior decoration is beautiful and much to be desired.

Scenic murals are on the roomer walls outside the windows are unfaded and the home is an 18 inch space which enables a counter flow air system to oper-

ate when windows are raised and authentic breeze blows in. The following from the club enjoying the tour included Mrs. S. L. Holmes, J. R. Holmes, L. T. Dycus, Turner Hunter, J. T. McCain, Raymond Shipley, O. L. Lowrance, Sid Waier, Loretta Denning, Mrs. Tom Porter, Kim Lowrance, Sunnydale, Calif., granddaughter of Mrs. Lowrance, Mrs. Gene Lowrance of Plainview and Tom Dycus.

Part of the group visited the convalescent home where Mrs. Sadie Merchant and Mrs. H. E. Waller are patients.

Neil Mitchell, committee chairman, was the guest of Mrs. Dada, Recreation, Sandhill, Bob and Louise Jones.

Mrs. Alene was the guest of Mrs. Dada, Recreation, Sandhill, Bob and Louise Jones.

## Yarborough Newsletter

Dear Fellow Texan: The nuclear test ban treaty initiated by the United States, the United Kingdom, and the Soviet Union must be viewed with cautious optimism at this time, but may well go down as one of the most significant acts of benefit to mankind in the history of the human race.

In his stirring address to the nation, President Kennedy said: "A war today or tomorrow, if it led to nuclear war, would not be like any war in history. A full-scale nuclear exchange, lasting less than sixty minutes, with the weapons now in existence, could wipe out more than 300 million Americans, Europeans, and Russians, as well as untold numbers elsewhere. And the survivors, as Chairman Khrushchev warned the Communist Chinese, would inherit a world so devastated by the explosions and poison and fire that today we cannot even conceive of all of its horrors. So let us make the most of this opportunity, and every opportunity, to reduce tension, to slow down the perilous arm race, and to check the world's slide to final annihilation." With nuclear tests we have polluted the air we breathe, the water we drink, the food we eat, so that we are reaping malignancies, leukemia, malformations of children yet unborn, and other deadly effects from this whirlwind.

I realize there are great dangers in a treaty with the Soviet Union which has a record of breaking treaties. But today we have means of detecting the tests covered by this treaty. This treaty covers tests in the air, underwater, and in space. It is a neat pastime to read underwaters each side free to continue underground tests where they how foolish the editor can be.

are hard to detect anyway, but where they can be made without polluting the air, the soil and the water. The President has expressed a sense of urgency. A sense of urgency is also felt in the heart of every mother who realizes that more and more poisons are being spewed into the air by nuclear explosions. Clearly this treaty must also be viewed and acted upon with equal urgency.

In a world of 2.3 Billion people where almost two-thirds do not get enough to eat, containing areas where education or even the barest of decent living conditions are virtually unknown, where there is hardship, poverty, disease and death, this treaty is a step toward realization of a society at peace which may fulfill the prayers of mankind.

Think what could be done for mankind if we could divert at some future date the great amounts of money, manpower and leadership going into the development of nuclear weapons and turn them instead to peaceful uses, one of which might be to offset the great expense in the exploration of space.

This treaty is but a small step. Its importance must not now be over-rated, but it is a golden opportunity that must not be allowed to pass. As THE BEAUFORT ENTERPRISE wrote in an editorial, "The world looks brighter today." Fellow Texans, we have within our grasp the opportunity for a brighter tomorrow.

Mr. and Mrs. Violet Egan visited in Chico last weekend with Mrs. Smith's and Mrs. Senn's niece, Mrs. Roy Marra and children. Visiting this week with the Smith family is a grandson, Bobby Wilis, of Petersburg.

Several from Floydada were in Lubbock Saturday night to attend the surprise birthday party honoring Dorrian Turner. Attending from here were Mr. and Mrs. V. D. Turner, Mr. and Mrs. Leroy Burns and family, Mr. and Mrs. Dove Turner and family, Mr. and Mrs. Glad Norman, Mr. and Mrs. Bud Turner and children, Mr. and Mrs. Travis Young and family, Mr. and Mrs. Elton Turner, Mr. and Mrs. Keith Buhman and Mr. and Mrs. Robert O. Turner.

## West - Towry Reunion Held

The West-Towry reunion was held in the Club house at the City Park in Plainview Sunday. There are six of the West children living but only three daughters were able to be present. They were Mrs. Emma Towry of Odell, Mrs. Grace Hart, Amarillo and Mrs. Claude Fawver, Floydada.

Only two of the Towry children are living and that is Mrs. L. Y. Woolsey and Mrs. Abigail Elza of Floydada, both of whom were present. Others attending were Mr. and Mrs. S. L. West, Sulphur, Okla., Mr. and Mrs. R. B. McCravy

# Quality Printing Fast Service Reasonably Price

That's a hard-to-beat combination for your stationery, envelopes, statements, business cards, and business forms.

Remember, Mr. Merchant, everything you mail to a customer reflects your "store image."

Quality printing leaves a good impression—and really costs so little more than a rubber stamped envelope or unprinted billhead. Proper forms also save you time—a great deal of time—in your bookwork.

We'll help you design and style what you want at no additional charge and will secure any special paper you desire for the job.

We like some time, but when hours or days count—you can count on us. Next time call

ers in Austin. However, Mr. Nicholson is still in charge at Andrews Ward, as Mr. Copeland will be understudy of the position and will have another very important assignment. That of attendance officer for all the schools.

Superintendent A. E. Baker thought this should be explained. He also added that the huge enrollment increase in the grade school required the work of two men. One of the men will of course take over the new grade school when it is built.

C. J. Payne dropped by the office and said that he was born and raised in Floyd County and has been with Consumer's here in Floydada since 1956. I think our story about his announcement of intention to seek election to the county tax assessor-collector office last week incorrectly said he lived here since 1956. He did spend three years in the armed services, otherwise has lived the rest of his 27 years in the county.

The Hesperian will run a picture of Mr. Payne and his full qualifications for the office when he formally announces around the first of the year. . . and the other candidates for county, district and state offices.

Some are concerned about the story last week that told of the McMories and Company's evaluation of best irrigated land from \$35 to \$350. No doubt about it, school taxes will be raised in order to build a new grade school and remodel other school buildings, but the increase will not be in proportion to the above evaluation increase.

The board has already said in its discussion (which we stated in last week's story) that percentage on evaluations would be down as well as an adjustment down considerably of the now \$1.85 per \$100 valuation tax rate. The Hesperian will announce the full facts on the new evaluation of property and how much taxes will be increased just as soon as the board officially votes on the measure. In the meantime the board must have the final tabulation of farm land from McMories & Company and a factual estimate of building and remodeling costs, before it can declare how much money is needed.

I THOUGHT we'd have another "first" at The Hesperian this month and we could announce two European reporters were writing for us — but alas, we've still received no word from either of them.

Phil Wylie and Mac Wilson promised faithfully to send us a

story each week while on their trip to Athens, Greece to the Scout Jamboree. They have about two more weeks to start reporting before they'll be home. The last word I received of them was that they might be visiting our next year's foreign exchange student (a girl) who lives in Rome. They must have liked her looks.

A NEW bank opened in Plainview last week and we erroneously said that Clay Muney was a member of the board of directors. However, the last name is correct — it was a Muney, but it was Bob instead of Clay.

A dignified-looking, middle-aged gentleman decided to take advantage of a special sale and buy his wife a pair of moccasins. After waiting about an hour on the fringe of a screaming, pushing mob of women, he plunged towards the counter with both arms flying. Suddenly a shrill voice boomed out, "Can't you act like a gentleman?"

"I've been acting like a gentleman for over an hour and it got me nowhere," he replied, still plowing toward the counter. "Now I'm going to act like a lady!"

IF I HAD my choice of all the sections of farm land in the county, believe I would choose the town section. About a month and a half ago, it clouded up and rained an inch and a half at noon one day — most of the rain right over the city of Floydada. The same thing happened Monday afternoon — it rained and rained — but only over the city. My business neighbor Mark Martin says it doesn't hail as much over the town section either.

ACCORDING TO Mrs. Fred Lambert that Tulsa rainmaker came through Floydada Monday afternoon. She said she couldn't actually point out which passenger was the rainmaker, but she knows he was on that particular bus, because it rained cats and dogs (just in Floydada) until the bus pulled out.

It's too bad all the days of the year couldn't be like the Christmas holidays.

The President, we suspect, is embarking on his toughest campaign to date.

The glad-greater who always meets you with a compliment is sucking for something.

The most rapidly expanding segment of American agriculture is the family farm. It has average annual sales of \$10,000 or more.

In their first outing at Sweetwater they defeated Eastland 16-13 and led throughout the contest. John Smith of Matador was winning pitcher going six innings and Waldo West pitched in the final frame. The locals had as much as a 12-1 lead at one point.

Joe Christin belted out a home run with two on about midway in the contest.

In the final game with Big Spring, the Lighthouse boys went down 0-5. The locals had 12 players to reach base safely, but all were lost before reaching home.

Twice the bases were loaded but no one could score a run. Making the trip and seeing action for Floydada were Steve Marler, Waldo West, Ronnie Eubanks, Ronnie Gaston, Kerry Bearden, Joe Christian, Johnny Cantrell, David Grant, David Parr, Danny Medley, John Smith, Larry Lawson, John DeLeon. Managers of the team are Johnny Harris, Junior Bearden, and Johnny Harris Jr. Ronald Brown served as bat boy at the tournament.

Pallbearers were Jerry Finley, Mike Carver, Don Kendrick, Shafe Weaver, Truman Dobbins, David C. Lewis, John T. Lewis, and Marvin Harris.

Kendrick was born August 26 in 1910. He came to Floyd County in 1917 where he married the former Lila Mae Finley. The couple had made their home here since. Mr. Kendrick held farming interest and had been in the trucking business for a number of years. He was a member of the First Baptist Church.

# Hospital Group Visits More New Hospitals

(Continued From Page One)

The Caprock Hospital District board visited the Graham hospital Monday and chairman of the ten million dollar hospital at Scott and White in Temple Tuesday.

Goen also inspected the new home for senior citizens at Jayton Wednesday which was built by an architect the group is considering.

Goen said that he thought the board would be selecting an architect very soon to go to work on plans for Floydada's new hospital.

# Knowles Car Lot Expands

Announcement was made this week that Jack, Jimmy and Neil Knowles have purchased the service station off the northeast corner of the square in Floydada and will expand their used car lot which is located just east of the station.

The service station was bought from Fred Brown. Workmen are tearing down the service station and storage building next to it. A modern new used car office building will be remodeled from the hulls of the station and used car inventory will be increased.

The Knowles group also announced that an auction sale would be started on the south side of the present service station facing west. Announcement will be made later on concerning plans for an auction each week, and it is hoped that the auction and expanded car lot operation will be in business by next month.

Mrs. Clinton Keys and children of Hollis, Okla., have been here this week visiting her parents, Mr. and Mrs. Andy Owens and other relatives.

# July Rainfall Above Ave.

According to the rainfall gauge at the ASC office in Floydada, July was just a little wetter than average. A total of 3.33 inches were recorded during the month.

The average rainfall for July is 2.54 inches. The heaviest rainfall of 8.50 was recorded in July of 1936. No rainfall was recorded for July in the years of 1934, 1947, 1954.

Hull and McBrien Grocery Store received window damages as well as Cline and Rainer store. Merchants with stores facing the south and some west were busy keeping water from blowing under their doors. Water was running curb deep but drained quickly after the rain stopped.

Where all did it rain??? Just in the city of Floydada. Weathermen are still pondering where the moisture came from. Radar near enough to pickup anything in the way of weather, reported nothing according to other news sources.

How much did it rain???? On the Ralls highway some reported 3 tenths and in the business district an inch or more with conflicting figures. After the rain dissipated it didn't take long for the temperature to rise again, steaming hot. Close to the 100 degree mark has held on for several weeks here with a 98 reading reported Tuesday by KFLD at mid-afternoon and 93 at the ASC office.

# Give To The Street Marker Fund

Residents of Floydada are urged to send their money to Sammy Hale, chairman of the city's street marker fund. Over \$300 has been raised to date on the project and a door to door campaign to raise the money is planned next month.

In the meantime everyone is urged to bring or send money to the project, so that bids may be accepted for the new signs.

The city council has approved a street marker plan for the city and will install the signs. Hale's committee from the chamber of commerce is seeking money to purchase the signs.

#### A Step In The Right Direction

The Commissioner's Court of Floyd county made a decision last week to go to work on securing a dam somewhere in the Running Water Draw Watershed Project.

We believe that this is a step in the right direction and hope that we aren't too late to be included in the Running Water Draw Watershed Project.

Although this proposed dam will not be large enough to supply municipal water for Floydada, Pottersburg and Lockney it would be important from a standpoint of conservation of water and soil, it would protect the Baptist Encampment from flood stage waters, and make a large recreational facility for the people in this area.

The Commissioner's Court has made the important decision to do something... now it will be up to the Soil Conservation Service, its board of advisors and a special county committee at large to go to work on the project.

#### Paint Church Intersections

We witnessed an auto accident at the City Park Church of Christ intersection Sunday morning that could well have been prevented had the city painted red (no parking) strips on the curbing of the intersection. Church goers had parked their autos into the intersection and it was impossible for one of the persons involved in the accident to see oncoming traffic.

Leaving this intersection I walked a block north and saw the same situation at the intersection of the Methodist church.

I haven't checked the school's intersections... perhaps they have "no parking" red strips.

And while we're on the intersection subject... there are many dangerous intersections in Floydada... dangerous because the motorist's view is obstructed by all sorts of shrubbery.

No where are beautiful trees and landscaping appreciated more than in West Texas, but there's a place for it... not on the corners of intersections.

While the city paints the intersections it should also clearout some of this obstructing shrubbery.

#### Religion Her Next Target

The John Birch Society, which always seems to be after something that doesn't need anyone or anything after it, should focus its sights on a Baltimore woman—the same woman who successfully challenged Bible reading and recitation of the Lord's Prayer in public schools.

Flushed with success, this woman, whose name is Mrs. Marilyn Murray, says she will now devote her life to promoting materialism.

Mrs. Murray, a Baltimore housewife, announced she is forming an atheist corporation which will have headquarters in rural Kansas.

According to the articles of incorporation, "The objectives and purposes of this corporation shall be to promote and advance the philosophy of materialism by whatever means the board of directors may determine."

She filed incorporation papers July 1, setting up an organization called "Other Americans, Inc."

Mrs. Murray told newsmen that the group has acquired about 160 acres of land near Stockton, Kans.

The corporation, she said, will establish a university, an information center, a radio station, a printing press and a home for the aged. "We have 500 members right now, but we are just beginning," she said.

"Atheists have never had a voice in society," she said.

One of the first projects of the Kansas Center, she said, will be to launch a series of legal attacks against property tax exemption now given churches. Suits will be filed in "about fifteen" states next fall, she explained.

What is our prediction for this new center? About as much success and not near as much notice as the average nudist colony.

#### Getting Something For Nothing

At about the same time the governor of New Hampshire was signing a bill legalizing a state lottery, the governor of Maryland was in process of notting his name on legislation which outlawed slot machines.

The one-armed bandits have been legal in four Maryland counties since 1941, put in as a means to boost local tax coffers by taking money out of many pockets and putting it into the hands of a few.

Estimates were that 14.5 million a year was wagered on slot machines in the Maryland counties and yet prosperity is not visible. To the contrary, local and county governments have had hard times making ends meet and legal gambling created no business boom in retail stores.

What Maryland learned in 20 years New Hampshire might learn in time as it becomes the second state in the union to legalize open gambling.

Prosperity from gambling is illusory at best, and in its wake comes a multitude of other problems, including crime, corruption, poverty and a lot of other social ills.

States, like individuals, must learn that you don't get something for nothing.

Bass Hollow Lodge at Possum Kingdom Lake was the scene for the annual Switzer family reunion, held during the weekend. Attending the gathering were Mr. and Mrs. W. F. Cutpepper and Mrs. Pearl Tatum of Floydada; Mr. and Mrs. Alvie McCraw and family of Lovington, N. Mex.; Mr. and Mrs. Charles Mullins, Mr. and Mrs. Vernon Jones and family and Mr. and Mrs. Bill Switzer of Ralls;

Mr. and Mrs. Eddie Lewis of Plainview; Mr. and Mrs. M. R. Switzer and daughter and Mr. and Mrs. Steve Patterson of Cone; Mr. and Mrs. A. L. Chambles and family of Iowa Park; Mr. and Mrs. Earl Switzer of Mankins; Mr. and Mrs. R. B. Kaiser and daughters and Mr. and Mrs. Bill Kaiser of Dallas.

The difference between operating a mechanical cotton picker improperly and handling one skillfully may be as much as 15.50 per bale or more, points out B. G. Reeves, extension ginning and mechanization specialist. Driving the picker off-center on a row, for example, often results in skinning off pieces of bark from the cotton plants and this can result in the loss of a grade. Bark is hard to remove from the cotton at the gin and a "barky" sample will be downgraded, Reeves says.

#### Quanah Grad Home From Tour

Judy Jackson, a 1963 graduate of Quanah High School and granddaughter of Mrs. W. M. Jackson of Floydada, will return this week from a trip around the world.

Judy's globe trotting climaxed last week at the Baptist Youth World conference in Beirut, Lebanon.

Judy received the trip as a graduation gift from her parents, Mr. and Mrs. J. Q. Jackson of Quanah. During the two-months trek she and 14 other young Texans visited Hawaii, Japan, Pakistan, Israel and Jordan before arriving at Beirut for the conference.

This week Judy's tour included a look at Egypt, Greece then to Italy, France and England before flying back to the United States this week end. The tour was conducted by Dr. Elwin L. Skiles, pastor of the First Baptist Church of Abilene.

Judy will enroll as a freshman at Texas Tech in September. She will join a host of Quanah students at Tech, including two members of the Tech football team, Danny Scarborough, top quarterback who was sidelined with a leg injury this summer, and Danny Shelton, outstanding Quannah fullback who will attend Tech this fall on a football scholarship.

While at Quanah high school, Judy was a cheerleader for the Quannah Indians for three years and was selected the senior class favorite.

#### Letters To The Editor

Waco, Tex. Dear Sir:

We have moved to 2015 McFerrin Ave. Please send the paper to this new address. We really enjoy having the paper and keep up with our friends and what is happening in and around Floydada.

Thanking you very much, Sincerely yours,

Mrs. Nola Abelman, Waco, Tex. 76708

#### Floyd County 14 Years Ago

(Issue dated August 11, 1949)

As mid-August approaches and first date when football practice in Interscholastic League Circles may begin (August 15) school officials of District 3A began brushing off gear that was put away last fall.

Three new directors have been named to fill the term of three who have been serving Peoples Hospital. They are Walter Collins, Bill McNeill and Roy Hale.

Mrs. Mary Shaw, secretary to County Superintendent Clarence Guffee, has shown marked improvement this week after battling with pneumonia. She returned home Friday from a ten day stay in Pitts Hospital.

Mr. and Mrs. M. H. Martin left Sunday for their home in and their son, Fred and Mr. and Mrs. L. F. Martin are in Clovis stay with his grandparents until this midweek where they are at the home of a brother, W. D.

#### Value Of Farm And Ranch Products Exceeded Only by Oil

College Station, July. The value of the final consumer in the production of Texas' farm and ranch products exceeded only by oil and the total of construction awards annually adds to the state's economy.

McHane, agriculture adds much more to our total economy than just income from the sale of products. Business firms which assemble, process, distribute, transport wholesale and retail the products of Texas' farms and ranches employ about 20 per cent of the labor force of the state and add about 3.9 billion dollars to the agricultural products strong competitive position.

#### Mrs. Ruth Dutton Is Club Hostess

Miladies Club met last Thursday in the home of Mrs. Ruth Dutton. Members answered roll call by telling a parlor joke. Gifts were also brought to be put in a "shut-in box."

Those present included Mrs. Beulah Baker, Hettie Bennett, Gladys Cross, Maggie Lovell, Peppie Leatherman, Vida Wozniak, Mrs. Ronnie Birchfield, and guests, Mary Helen Blakeley and Gail of Tyler and Pearl Rusk. Mrs. Blakeley is the daughter of Mrs. Birchfield and Mrs. Rusk is a sister of Mrs. Baker.

The next meeting which has been changed back to the original time of 2:30 p. m. will be with Mrs. Baker. Roll call will be answered with a current event. Members are asked to bring gifts for a woman shut-in.

It's strange how the ignorant refuse to study and how the intelligent never stop.

Are You Prepared To Take Advantage Of The Many Seasonal Food BARGAINS Now Being Offered

See your electric appliance dealer in Floydada and find out how you can put a home freezer (a real super market) right in your kitchen.

There are a variety of makes and models of electric home freezers to choose from... and there is at least one that is just made for your family.

The use of the electric home freezer in preparing and preserving is a popular one and this method of food preservation is perhaps the easiest and most economical also. Add to this the big advantage of capturing the very flavor peak of in season food and you will soon find that food freezing the electric way is tops, and it is just another way

 The Cottle and King County Reunion will be held at MacKenzie Park on August 11, according to Mrs. George Best of Lubbock. The reunion will last all day.  
 Those planning to attend are asked to bring their picnic lunch and a gift for a white elephant trade.

**Harmony News**  
 By Mrs. Mather Carr  
 HARMONY, July 29 — Mrs. Bob Hopper visited in Lorenzo Tuesday with her mother, Mrs. Maud Scott.  
 Club met Thursday in the Club room at 2 p.m. with Mrs. Carri Snodgrass as hostess. The president, Mrs. Everett Miller called the meeting to order. Roll call was answered by "Something We Had New and Liked."  
 Mrs. Snodgrass gave the Devotional. Following the business Mrs. Allan Gross gave a 5 minute demonstration on "Poisons in the Home."  
 Mrs. Scott Faulkenberry of near Floydada gave a demonstration of the speaking voice. We were happy to have Beth with us and all enjoyed her demonstration as we did Gloria Anne's talk.  
 Mrs. Sherwood Ramsey directed recreation.  
 The hostess served refreshments to 15 members and four guests. The guests were Mrs. M. D. Ramsey, Mrs. Wesley and Mrs. C. M. Carr and Mrs. Beth Faulkenberry, five children, Donna and Paky Schulz, Terri and Christi Gross and Donna Reid.  
 Mr. and Mrs. Sherwood Ramsey visited in Lubbock Thursday with their children.  
 Mr. and Mrs. Everett Miller and Mr. and Mrs. Chloma Williams left Saturday evening for Stamford Lake to try their luck fishing.  
 Mrs. Anne Carr visited with Mrs. Ann Gross Wednesday.  
 Mrs. Allan Gross visited Friday in Floydada with Mrs. James Hartline.  
 Mrs. D. L. Brooks and children of Dallas and Mrs. Fred Gross of Sand Hill visited Friday evening in the Allan Gross home.  
 Mr. and Mrs. Allan Gross and girls were dinner guests Sunday in the Fred Gross home in Sand Hill. They reported Fred as somewhat better.  
 Mr. and Mrs. Horace Carr left Sunday for Abilene to visit with Mrs. Elery Smith and daughter, Viola, mother and sister of Mrs. Carr.  
 We had a nice rain Saturday night and Sunday. One and two tenths. It rained so much Sunday morning that no one went to church except Mr. and Mrs. Horace Carr came out from Floydada. They decided to take a trip as it had rained so they went to Abilene.  
 Barbara Schulz returned home Friday from Scott A-4 H ELEC- tical Camp near Clouderford, N. grown on Pullman soils for grain Mex. The boys who went to the only time of nitrogen application in the county. They were when wheat is to be grazed by Barry and Dan Hale, Junior Schulz of the nitrogen preplant. **Buck Hall Named Vice President of Aircraft Firm**  
 W. N. "Buck" Hall, son of Mrs. R. F. Hall of Floydada, and General Manager of Fairchild Stratos Corporation Aircraft Service Division in St. Augustine, Florida, was recently named vice president of the corporation.  
 Hall will continue to manage the firm's aircraft maintenance and overhaul facility at the plant.  
 The president of the firm made the announcement of Hall's appointment and praised him by saying "Mr. Hall is one of the most capable hardworking and talented persons I know". His promotion came as the results of the fine accomplishments of the division under Mr. Hall.  
 Messages of congratulations to the former Floyd County man poured in from the governor of Florida, the Senators, Congressman and Mayor of St. Augustine. He was born and reared in the Lakeview community here and is a graduate of Floydada High School. In the early 1940's Mr. Hall moved to California and later to Florida.  
 "You'll miss dollars if you miss August 13-15 in Fort Worth," is the word from Exposition officials. The Texas Poultry Improvement Association, Texas Turkey Federation, Texas Broiler Council, Texas Egg Council and 40 commercial exhibitors are working together to make this year's affair the best in its long history of service to the state's poultry industry. Hotel Texas will be Exposition headquarters.

**West Texas "Pistol Pete" Pedro Begins Last Year A Marked Man**  
 Coming up in 1963 is the final term; made the All-Border Conference and participation in normal campus life activities. He is an officer in the "T" Club and works on many other student projects at the Granada Hotel in San Antonio on September 18, 19 and 20th.  
 The nicest thing that can be said about Pete Pedro is that he still wears the same size helmet in 1963 as he did the day he stepped on the WT campus. Pete has earned the respect and admiration of his teammates, the coaching staff, the faculty, and the entire student body.  
 Compliments have been showered upon Pedro by Coach Kerbel, opposing coaches, sports writers, national magazines, and on and on. But the biggest tribute of all is yet to come. We would appreciate you, the members of the communications media, helping to write a fitting end to "Pistol Pete's" final chapter — the "Pistol Pete" final chapter — this Fall, an honor he justly deserves.

**Floyd Philosopher Admits He Is Confused About All The Talk About The Test Ban Treaty**  
 Editor's note: The Floyd Philosopher on his Johnson farm is worrying with the test ban treaty this week, his letter indicates.  
 Dear editor:  
 I don't want to throw cold water on the hopes of man, but this test ban treaty everybody's talking about has me confused. As I understand it, the United States, Russia and England will agree not to test any more nuclear bombs in the atmosphere, underground is all right, and this is a step in the right direction, but compared with the distance we've got to go, I'd say it covers the first two feet on a thousand-mile hike.  
 What I mean is, the United States alone now has, according to an article I read last night enough bombs stored away to destroy every major city in the world 125 times, Russia has enough to do the same thing, and England has whatever number her credit with us will allow.  
 As you can see, that's enough to get not only all the cities but you and me and this Johnson grass farm too.  
 However, for those who're afraid Russia's word won't be any good, the treaty also includes a clause saying the ban can be broken merely by giving three months notice. If some scientist thinks he's invented a new in 1957, Shortly after Mrs. Byars

**Delegates From Here Will Attend State Convention**  
 Several members of the Floyd County Home Demonstration Council are making plans to attend the state convention to be held at the Granada Hotel in San Antonio on September 18, 19 and 20th.  
 Theme for the convention is "In Essentials Unity, Non Essentials Liberty, All Things Characteristic."  
 The Floyd county group will leave Lubbock by bus on the 18th. There will be 16 counties represented and they will make the trip to San Antonio together. Planning to attend from here are Mrs. G. Mayfield, THDA chairman, Mrs. Lynn Miller, Council chairman, Mrs. W. W. Trapp, Mrs. J. D. Watts and Mrs. W. J. Ross.

# Dr. E. Stanley Jones To Speak In Floydada First Methodist August 29

The Rev. Charles Lutrick, pastor of First Methodist in Floydada announced this week that Dr. E. Stanley Jones is scheduled to speak here on the night of August 29.

Stanley Jones was born in Baltimore, Maryland, January 3, 1894. He was graduated from Asbury College in Wilmore, Kentucky, and while continuing as a teacher there, he received a letter from the Methodist Board asking him to go to India. In seeking the answer, he placed his reliance on the guidance he sought from God through prayer. He rose from his knees completely sure that he was meant to go to India as a missionary. He believed "that the only kind of a world worth having was a world patterned after the mind and spirit of Jesus." He was therefore "making a drive upon the world as it is, in behalf of the world as it ought to be." He set sail in 1907.

Over a half century later he was to be honored as a "missionary extraordinary" and a distinguished Bishop was to call him "the greatest Christian missionary since St. Paul."

In the early years his work was among the outcasts and low castes. But Stanley Jones did not attack non-Christian faiths. His message, the message of Christ standing in His own right as the Universal Son of Man, disentangled from Western culture and Western forms of Christianity, marked a new approach in missions. The high castes, the student and educated groups, the people interested in his presentation.

He inaugurated Round Table Conferences where Christians and non-Christians sat down together to study the core of book "The Christ of the Indian Religions." His public "Road", brought his name to the attention of the world. The twenty

instances his listeners brought in their first laws, Mohammedan Hindu or Moslem, to try to refute the gospel. He won the esteem of India. They call him "Rishi" (a saint).

He was a friend of Mahatma Gandhi. Dr. Jones reports that when he asked the Mahatma the best way to naturalize Christianity in India he answered: "Christian missionaries should live their faith, not dilute it. They should also study the non-Christian faiths more sympathetically." He spent two months in the Ashram, the House of Peace, as a teacher, free to speak about Christ to the men and women of all faiths gathered there to examine each other's beliefs.

Dr. Jones' interpretation of Christ was sought in an ever widening area and his influence spread throughout India, Burma, Ceylon, Japan, China, Malaya, Singapore, and the Philippines.

With foresight and great-heartedness the Board of Missions of his own church offered him the wide ranging role of "Evangelist-at-large to India" and wherever else he might feel led to go. Since 1919 the Christian missions that developed from his early work in Lucknow and Sitapur have taken him to six continents and to almost every country on the globe. Since World War II he has spent six months in America and six months overseas each year. He goes to India every year and around the world every other year. According to Stanley Jones, "All men stand equally in need of Christ." His emphasis is on "full surrender."

The books, articles and countless circular letters that Dr. Jones has written serve a unique purpose as an unlimited extension of his ministry. His first equals to study the core of book "The Christ of the Indian Religions." His public "Road", brought his name to the attention of the world. The twenty

# South Plains Reunion Set For Same Date Next Year

The South Plains Reunion is scheduled for the same date next year and several attended this year's reunion from afar.

Two former school teachers, Mrs. B. C. Pheagley of Denver City and Mrs. Jess Fowler of Colorado Springs, Colorado; Mrs. Oona McFarland and daughter, Janet of Riverside, California; Willie Merle McDonald of Colorado Springs, Phillips Fowler of Colorado Springs, Mrs. Vera Armstrong of Clovis, New Mexico; Tom Blythe of Fort Sumner, New Mexico, Mr. and Mrs. George Bentley of Tracy, California were in attendance.

Lee Pearson of the community who attended the Old Sunset school in 1901 was also there. Hammonds Sheet Metal furnished air conditioners for the event.

# Outlook For Plains Cotton Crop Appears To Be Good

LUBBOCK (UP) — Despite hail and high water, the South Plains of Texas is likely to make an average or above average cotton crop this year, a survey showed Thursday.

Rains up to three inches last week put smiles on the faces of cotton farmers over the 23-county South Plains cotton producing area. The 23 counties make the world's largest cotton crop.

Rains in June - up to 10 inches at some points - plus hail forced farmers to replant a million acres in some cases as many as six times. Last week's rain fell gently enough to do the growing cotton nothing but good.

"I'm predicting an above average crop," farmer Delwin Jones of Lubbock said, noting the benefits of hot weather and the recent rain.

"About a month ago, it looked like we were in for one of the well-below average crop years due to too much water and too much hail. It almost demolished the cotton crop."

The record crop in the 23 plains counties was 2,344,000 bales, grown in 1961. An average crop would be about 2,000,000 bales. If the worst happens, the South Plains ought to harvest 1,000,000 bales.

Three things according to farmers could keep them from making an average or above average crop: (1) more damaging hail (2) an early frost, and (3)

at Nurmanzil, that psychiatry should be introduced into India on a Christian basis.

A friend asked him how he was able in his incessant travels and to keep the sense of God's direction in his speaking. He replied that always before speaking he kept an hour, not to think of what he had to say, but to make sure that his mind was open to God, that God could direct him.

Stanley Jones' life is the story of one man's world-wide labors to bring the message of Jesus to Everyman.

# Rites For John Biggs Conducted

Funeral rites were held Tuesday in the First Baptist Church here for John Franklin Biggs, 86 year old longtime resident of Floyd County. Mr. Biggs died Sunday in a Wichita Falls Hospital where he had been a patient for the past 12 days. He had been ill several months and hospitalized at Lockney for some time.

Rev. Floyd C. Bradley officiated at rites. Burial was in Floyd County Memorial Park under the direction of Harmon Funeral Home.

Palbearers were Jake Watson, Doyle Walls, Aldine Williams, Walter Hollums, Doyle Moore and Floyd Boren.

Mr. Biggs was born in Drew, Ark. and came to Floyd County a year after his marriage on June 17, 1915, in Ardmore, Okla. His wife is the former Lucy Smalley. The couple made their home six miles northwest of Floydada. He was a retired farmer, and a member of the Baptist Church.

Survivors include his wife; one son, Eimer Biggs, Lockney; two daughters, Mrs. Glen (Ella) White and Mrs. Val Stephens both of

with her daughter, Mrs. Carl Nelson and family in Floydada.

Mrs. E. W. Walls visited Monday morning at Lockney Memorial Hospital with Mrs. Fred Jones who is a patient there.

Mr. and Mrs. Edell DuBois went to Lubbock Tuesday to take Mr. and Mrs. Bud DuBois and other children.

We received a nice rain here in town this afternoon (Monday) so far no rain has fallen in Fairview community.
