

# Floyd County Banks Report Deposit Increases

County's two First National banks continue to make deposits of money on deposit in a September call. Bank statements show a total gain of \$2,776,035.17 over a similar date bank call of 1962. Gene Collins reported that the Lockney bank was up \$1,346,552.02 over last year. He reported \$5,393,598.65 in deposits for September 30, 1963. At bank call last year he reported \$4,543,646.63. Collins said that the loans of the bank were up because of the many late plantings in that area, which raised farmers' financial needs. Clay Henry reported that the Floydada bank showed deposits of \$9,040,341.34 this year in comparison with last year's \$7,611,228.19. Loans are up about a million dollars at the Floydada bank. Henry said this was due to grain crop financing of local and area elevators who have been paying cash for the current grain sorghum crop, early spring weather conditions, capital investments and a larger area of service by the bank. Nearby Hale County banks reported a countywide gain of over 12 per cent. Hale County now has six banks showing a total deposit of \$36,569,294.00. An early grain sorghum harvest has helped area banks to show deposit increases, according to one local banker. Record deposits were reported from Dallas, Houston, Midland, Orange County, Amarillo, Fort Worth, Denton and others. (Fall record).

## Salvation Army Drive Announced

The Salvation Army in Floydada has been planning a drive for October 22. The local board members include John Weldon, Harold H. Bradford, Loren Leibfried, Walter Collins, J. C. Wester, James Ward, Homer Steen, J. M. Wilson, Sr., Jimmie Willson, Harry Morchel, Don Pemberton and Tommy Assiter.

## Toastmasters To Reorganize

A re-organizational meeting of the Floydada Toastmasters is scheduled for tonight (Thursday) October 10, at 7:30 in the PCA room. All members are urged to be present for this important session.

A special invitation is extended to all interested men over the age of 21.

## Beloved Local Woman Dies

A beloved woman of Floydada, a devoted church worker and long-time resident of this city succumbed last Thursday afternoon in Peoples Hospital where she had been hospitalized for three weeks after suffering a stroke.

She was Mrs. Adoline Matilde Thagard, 84, better known to her best of friends as "Addie". Mrs. Thagard had been active up until her stroke.

Funeral rites were conducted Saturday morning in the First Methodist Church, Rev. Charles Luttrell, pastor, officiated. Burial was in Floydada Cemetery under the direction of Harmon Funeral Home.

Burial services were Thomas Flynn Thagard, Warren Irvin Allen, Layton Harold, Dorrell Grandsons and Glenn Jarnagin, Gary Glenn Jarnagin and Truman Dunaway.

Mrs. Thagard was born in Johnson County, Texas on January 2, 1879. She and the late Crumby W. Thagard were married on August 31, 1896 in Mangum, Okla. They moved to Floyd County in 1905 and Mr. Thagard farmed and was county treasurer prior to his death on March 23, 1913. At that time Mrs. Thagard succeeded her husband as county treasurer and served in that capacity for six years.

She had been a member of the Methodist Church since the age of 12. Since moving her letter to the local church she

CARL ROCK COTTON GOES IN THE TRAILER — this Latin American empties a sack of fluffy white cotton in the trailer. The picture was taken on the Carl Brock farm north of Floydada. One of the county's earliest cotton harvests is beginning.

## Shortage Of Cotton Pullers; Per Acre Yields Very Good

One of the earliest Floyd County cotton harvests has begun and hand cotton pullers are in big demand at Floydada gins.

Most of the cotton was planted in April and early May. Samples returned from the Lubbock classing office are mostly strict middling and middling. Prices are averaging over 31c per pound.

According to the Texas Employment Commission in Plainview, Floyd County leads other area counties in bales ginned. According to a count made by the commission last Friday 1435 bales have been ginned in Floyd.

## 16 Newcomer Families In September

The Floydada chamber of commerce in cooperation with the city's utility companies report the following newcomers to the city in the month of September:

- Bethel Mayo, 224 W. Virginia;
- W. W. Bradshaw, 418 1/2 W. California;
- Joe Lupe Garza, N. 11th;
- Willie McGee, 407 E. Lee;
- Norman Niederbach, 706 W. Ross;
- Lula F. Marsh, 824 W. Grover;
- Robert Lee Price, 1120 1/2 S. Main;
- George Ray Powell, 605 N. 1st;
- W. B. Cates, 902 S. Wall;
- Jack Chadwick, 410 1/2 S. 4th;
- Leon Himes, 208 E. Marivena;
- Orville Fowler, 422 W. Kentucky;
- Jim Hinojosa, 107 S. 11th;
- Frank Taylor, 304 E. Tennessee;
- and Higinio Vivareal, 601 E. California.

Other county gin totals include: Hale, 159; Briscoe, 96; and Swisher, 30.

With plenty of good hot dry weather over the area this week, this Friday's bale count should show a tremendous increase.

Cotton forecast experts have a total of 95,000 bales down for the 1963 crop in Floyd. This would compare with the 1962 crop of 113,000 bales.

Cotton acreage was cut this year, and if the county makes the forecast, it will average over a bale per acre.

GRAIN SORGHUM  
Possibly one of the biggest grain sorghum crops is 90 per cent in the county's grain elevators.

The Hesperian will join with the Lockney Beacon and bring a complete story on the amount of grain purchased by all the county's elevators in next week's edition.

BOLL WEEVILS  
Extension specialists continue to study and plan how to stop the boll weevil from getting a foothold in Floyd county and the South Plains.

Besides the weevils reported in the Dougherty area, weevils have been found between Sand Hill and Lockney, 1 1/2 miles east of Lockney, according to county agent Tom Davidson.

Most of the weevils have migrated into the area from below the caprock. Very few were able to winter last year's cold winter.

Davidson said about 70 traps of weevils will be observed this winter in order to see how they

## Local Truck Driver Killed Near Guthrie

A three-truck collision in the heart of Guthrie Tuesday night killed two men and 20 head of cattle.

The crash involved two large tractor type trucks loaded with a combined total of 100 head of cattle and a third tractor type truck with a cargo of grain.

Killed were 33-year-old William D. Stubblefield of Ludder's Feed Lot in Lubbock and 45-year-old John Morris Cunningham of Floydada and Lockney, both truck drivers.

Highway patrolmen said a truck driven by Cunningham and loaded with milo grain crashed into a cattle truck driven by

Stubblefield. A second cattle truck following the first one, both going west, piled into the wreckage.

Sheriff Dub Hollar, who lives near the accident scene, said 20 head of cattle were killed outright and many more injured. He said at least five head of cattle had to be shot at the scene because of their injuries. The cattle not injured roamed around over the small ranch town of Guthrie.

Later they were rounded up by cowboys from the 6666-S (CQ) Ranch, which has its headquarters in Guthrie.

## School Suit Hearing Set For 10 a. m. In District Court Here Saturday

Although the patrons of the Floydada school district have approved an \$800,000 bond for a new grade school, cafeterias and remodeling of all schools, the bonds cannot be sold until a suit is settled or released against the school board, school equalization board and school secretary.

The suit entitled J. M. Willson, Et Al vs Ralph C. Johnston Et Al alleges that the school's taxing officials have not properly assessed taxes on personal property.

A hearing set for 10 a. m. Saturday in district court here will determine whether or not a restraining order will be continued on the tax roll.

In the meantime the taxpayers have been asked to render

personal property for taxation. Much disagreement has been displayed by the school's taxpayers over the personal property reporting which has been brought about by the plaintiff's suit against the school. Many have discussed the pros and cons of rendering money in the bank.

County attorney Kenneth Bain received a ruling from the State's assistant attorney general this week citing the case of Great Southern Life Insurance Co. vs. The City of Austin in which it was ruled that money in all banks must be reported as personal property.

One local attorney explained it this way, "you wouldn't be exempt from rendering your furniture for taxation by hauling it out of the district, if you continued to live in the particular district that required personal property rendition — likewise moving personal property, like money, to another bank will not relieve the tax payer of taxing requirements."

## Farm Bureau Convention In Lockney This Saturday

Nominations for new directors have been made and the election will take place during the annual Floyd County Farm Bureau convention at Lockney Saturday.

Nominations for Howard Gregory are Louis Pyle and Tom Porter; for H. P. Bertrand Ray Lloyd and Kenneth Poole; for Jack Yeary E. P. Pritchett and Weldon Smith; and for J. R. Turner Virgil Brasher. Another

nomination for Turner will be made before Saturday according to the Farm Bureau office. Gregory, Turner, Yeary and Bertrand are retiring directors.

A big free barbecue is the beginning event of the convention at 5 p. m. This will be followed by a discussion of future policies and the director election. Hub King, Farm Bureau man from Brownfield will speak and a musical group, "The Starliners" will entertain during the barbecue.

Students who attended the Huntsville seminar will also be on the program.

## Lions Club Sponsors Carnival

The Floydada Lions Club will sponsor a Lions "Fun-O-Rama" Carnival for one big week in Floydada, beginning Monday, October 14, each night opening at 6:45. It will be located at First Christian Church intersection.

The many thrilling carnival rides include ferris wheel, octopus, roller coaster and many other exciting rides. The Lone Star Amusement Company from Amarillo will bring the carnival to town under the Lions' sponsorship.

Proceeds of the carnival will go to pay off indebtedness on but that is currently being used by the city's scouting program.

Weldon Harris and Louis Anderson are in charge of the concession stand, Fred Thaxton and Aldine Williams are in charge of ticket sales.

## Floydada Second In Class AA

With the defeat of Post 15-0 last week the Floydada Whirlwinds have jumped into third place in Class AA.

The Whirlwinds have a 4-1 record — losing a heartbreaker to Childress by one point in the last minute of the game.

Tomorrow night the Whirlwinds face the Dimmitt Bobcats here at 8 p. m. Dimmitt is in eighth place and lost to Tulin 33-0 last week. Dimmitt's record is 1-4.

Denver City with a 4-1 record is in first place, Tulin with a 5-0 record is in second place. Denver City defeated Class AAA Littlefield last week by one point, and has lost to another AAA team, Levelland.

## Formal Opening Educational Building At City Park

The City Park Church of Christ announces the formal opening of its new educational building on October 13, at 2:30 p. m. The chorus from Lubbock Christian College will sing at that time.

The church's new classroom building consists of a preacher's study, library, 11 class rooms, and two rest rooms. It consists of 4,800 square feet of floor space, which expands the City Park Church plant to approximately 11,000 square feet in floor space.

Regular services will be conducted Sunday morning, with Bible classes at 9:30 and worship at 10:20. After the morning worship an old-fashioned "dinner on the ground" will be spread under the trees east of the church plant.

## Retail Group Makes Xmas Plans Today

President of the Retail Trades Committee of the Floydada Chamber of Commerce, Ralph Mardis has called a meeting of the committee to be held at 2:30 p. m. today in the community room of the First National Bank.

Mardis said the purpose of the meeting is to organize this year's Christmas program of merchandising and entertainment.

He urges every retail merchant in the city to attend the meeting.

NEW MINISTER'S OFFICE AT CITY PARK CHURCH OF CHRIST WAS JUST completed when the above picture was taken. Herman Alexander, minister, and Mrs. Grady Walker, part time secretary, are pictured above. Completion of the new addition to the church is expected before the weekend.

**NEW PANHANDLE COMPRESS MANAGER**—Henry Watson and family have moved to Floydada from Plainview and he has taken over management of Panhandle Compress. The Watsons are Baptists, have a 13-month old daughter, Tammy Lee. Watson and his wife, Janell, are natives of Quanah. Watson has been with Panhandle since 1955 and was in the Plainview office since 1961.

BLOSSOMS IN OCTOBER—a very unusual oddity of nature above: Mary Leslie, left, and her sister Sara Lesa display blossoms from a ten-year-old cherry tree in their yard at Lockney. The cherries from this tree bloom in the warm October weather and bloom again this year. The girls are daughters of Mr. and Mrs. Lesa Degge.

# Recipe Of The Week

We are sure housewives have a favorite recipe, one that is quick, appetizing, a fancy dish, a new dessert. Share it with your friends and neighbors. We would like to know about it and so would our readers, so we've begun this column to give you the opportunity to exchange recipes with your friends and neighbors. Each Thursday we will carry a favorite recipe and a picture of the housewife submitting it. Call Peggy Medley at the Hesperian or mail your recipes to Box 848, City. We'll pick one each week, it may be yours. This week we are sharing with you a recipe out of the kitchen of Mrs. Vesta Savage.

# Club To Assist In Statue Of Liberty Beautification

Members of the 1922 Study Club met Thursday with Mrs. Glad Snodgrass for a program in Venezuela. Mrs. Kenneth Bain was program director and gave the devotional. Members received roll call with a fact about Venezuela.

A talk on Venezuela was given by Mrs. P. W. Bell. During business, presided over by Mrs. Wilson Kimble, president, club agreed to assist in beautifying and erecting a park around the Statue of Liberty. The Federated Clubs in the US have made this one of their main projects. The funds donated by the members will be matched by the Federal Government for the project.

Each member of the 22 club at each meeting, if they so desire, may donate 10 cents. It is hoped to have the park completed in time for the World's Fair.

Prior to the meeting Mrs. Snodgrass was assisted in serving by Mrs. W. H. Henderson on October 17.

## Thomas Rites At Baptist Church Today

Funeral service for Thomas J. Thomas, 76, a resident here since 1937 will be at 10 a.m. today (Thursday) in the First Baptist Church with Jimmy McGuire; Sand Hill community, and the Rev. Floyd C. Bradley, pastor of the First Baptist Church officiating. Mr. Thomas died at 6:15 p.m. Tuesday in Peoples Hospital where he had been hospitalized four months. Burial will be in Floydada Cemetery under the direction of Harmon Funeral Home.

## Mrs. Higgins Is Speaker For Christian Group

Speaking on the "Promotion of Christian Education", Mrs. E. R. Higgins of Lubbock Christian College was the guest speaker at the monthly meeting of the Floydada Chapter of the Lubbock Christian College Associates Tuesday night, October 8.

Mrs. Higgins, who is director of the college's Testing and Counseling and the faculty representative for the Associates, emphasized the role of women in Christian Education. The speaker has helped found three Christian colleges — Florida Christian College, Oklahoma Christian College, and Lubbock Christian College; she has served as Death of Women at each of these institutions.

Meeting in the new educational building of the City Park church of Christ, the ladies and their guests enjoyed a Salad Supper, after which Mrs. Higgins spoke. Among the visitors at the meeting Tuesday night were nine ladies from Lockney: Mrs. Keith Stansell, Mrs. Hamilton Gammage, Miss Linda Gammage, Mrs. O. C. Allison, Mrs. L. M. Hones, Mrs. Fred Drake, Mrs. F. L. Montandon Jr., Mrs. Tommy Montandon, and Mrs. Debby Glover. Other guests included Mrs. Carl Minor, Mrs. Francis Wallace, and Mrs. Nancy Miller. Mrs. Acie Johnson became a member of the local chapter of the Associates at the Tuesday night meeting.

## Demonstration Given 56 Club

The regular meeting of the 1956 Study Club was called to order with twenty-four members in attendance Tuesday night. The meeting was held at the Lighthouse Electric building with Mrs. Harry Morckel as guest speaker and Mrs. Lewis Reddy as hostess.

Mrs. Morckel gave a demonstration on the art of candle-making and its history. Candles, previously made by Mrs. Morckel, were displayed and novelty items for Christmas shown.

During business, the resignation of Mrs. Herman Galloway and Mrs. Chuck Holmes were accepted with regret. Mrs. Jackie Younger and Mrs. Ed Baycuth were voted in as new members.

Attending the meeting were

Mmes. Nathan Abbott, Eugene Hooley, Keith Buhman, Gary Carthel, Jimmy Collins, Bill Curry, Max Dyess, Carmel Eastham, Ronald Evans, Gordon Hambricht, Bill Hardin, Fred Marble, Norman Marney, Glad Norman, Bernie Parkey, Thomas Parks, Roger Poage, A. C. Pratt, Don Probasco, Lewis Reddy, Charles Reid, George Spears, Charles Tyer and Mrs. Bob Vickers.

The next meeting will be a joint session of all Floydada Federated Study Clubs, which is planned for Oct. 22 at 7:30 p.m. in the High School cafeteria. Mrs. Bill David, president of the Caprock District, will be guest speaker. All district and state officers will be recognized.

1st Lt. and Mrs. Jack Miller and son, David, of the air force base in New Jersey, are here visiting this week with his uncle, Q. D. Williams and family.

## HAPPY WITH PARKS GIFT

Land Commissioner Jerry Sadler applauded the gift of 3,000 acres of lake property in Jefferson County to the State Parks and Wildlife Department. Gift was from the J. L. C. McFaddin Estate. He withdrew an old request to the Attorney General to push a State claim to the acreage. Sadler predicted the wa-

tered Governor Connally might define the item. Board approved additional bids for new high speed data processing equipment for the State Highway Department and a study to determine future needs of all agencies for such equipment.

Director Vernon McGee warned of an approaching revenue problem. He said several studies of smoking results might drastically cut tobacco tax income.

## EDUCATION FUNDS NEEDED

The Committee of Governing Boards of State Colleges and Universities estimated \$15,000,000 more will be needed by Texas' 20 tax-supported colleges and universities this fiscal period to keep up with the national pattern of teaching salaries, libraries and research.

Committee will work with the Governor's study committee and the Texas Commission on Higher Education to blueprint educational growth. Governor Connally told the college board members they should take a searching look at their own schools to see if all programs are necessary.

AUSTIN — President John F. Kennedy is coming to Texas around November 22 to help lift the 1964 Democratic presidential campaign off the launching pad in this state.

As early as he is, the President appears to be somewhat behind the political timetable of Texas.

Gov. John Connally, who announced the President's visit, called in nearly 50 of his top supporters to begin getting his own campaign organization in shape.

Republicans also summoned key local leaders to Austin for a "leadership conference." They pow-wowed over finances, talked up their talent scouting for candidates and began organizing a drive to register 600,000 new members of the GOP.

The Republicans picked up another candidate for the U. S. Senate, Dr. Milton V. Davis, Dallas chest surgeon. George H. W. Bush of Houston announced last month.

## SHELL - DREDGING WRANGLE

A coastal region crisis is being claimed by the state's four largest shell-dredging firms. Firms are Parker Brothers, Inc., W. H. Haden Company, Horton and Horton, and Bay Dredging Company.

State Parks and Wildlife Commission took under advisement their application to expand dredging activities in Galveston and Trinity bays.

Applicants claimed \$1,000,000 worth of industry and 10,000 jobs are threatened by an acute shortage of oyster shell in authorized areas. Dredgers supply shell to roadbuilding and concrete industries, as well as chemical, paper and other manufacturing firms in the state.

Oyster fishermen, sports fishermen and conservationists also were on hand during the two-day hearing. They claim that they would face a crisis if shell-dredging areas are expanded in the two bays. Commercial fishermen, who produced 64 per cent of the 1962 oyster crop in Galveston Bay, claimed they would be run out of business. Sportsmen said destruction of live oyster reefs, or reefs which can be revitalized, would destroy every natural attraction in the bays.

Both sides feel that the application fight is a life-or-death situation — either for the shell dredgers or for the oyster men and the vast sporting industry on the upper Gulf Coast.

## CATTLE KILLER

Agriculture Commissioner John White warned Texas farmers against the "deadly danger" of letting livestock graze in fields which have been defoliated by the use of certain cotton chemicals. Warning came after a Breckenridge farmer lost more than half his herd of cattle from the effects of arsenic poison.

White urged farmers to seek full information on the effects of any chemical before applying it to their fields.

## OIL INDUSTRY WOES

The Texas oil industry is in a three-way bind. Governor Connally told the Texas Independent Producers and Royalty Owners Association. Stabilization of foreign imports would strengthen the troubled industry, he said, but Texas oil also is losing markets to other states and to natural gas. TIPRO-backed legislation to require pooling of small tract oil and gas leases for operational purposes Connally went to Washington to ask Secretary of Interior Stewart Udall for more imports controls.

## OLD-AGE HEALTH PLAN UNDERWAY

Fifty-three insurance companies have joined the statewide coop, authorized to write health insurance for citizens over age 65. Among the first senior citizens to sign up for insurance were Gov. John Connally's mother and father-in-law, Mrs. J. B. Connally of Floresville and Arno Brill of Austin.

The voluntary health insurance plan is available to all those 65 and older, regardless of their health condition. Plan was authorized by the 58th Legislature.

## BUDGETMAKERS BALK

Legislative Budget Board declined to give its immediate consent to a new \$1,000,000 conference center building at the University of Texas. Members said they

will be developed into a "sportsman's paradise."

## COURTS SPEAK

Vending machine operators selling items which cost less than 25 cents each have to pay the state sales tax on their take, the Supreme Court ruled. However, the Legislature now has adopted amendments to exempt vending machines, newspapers and merchants with a majority of sales less than 25 cents.

The Supreme Court ordered the state to pay back to four utility companies in Houston, Corpus Christi, Shreveport and Abilene \$355,000 plus interest in franchise taxes. It found the corporations were exempt from paying the tax on sums kept in reserve to pay deferred federal income taxes.

The high court heard new arguments over constitutionality of the 1961 dedicated reserve gas tax.

## HUNTING LEASE LOTTERY

Sportsmen will cast lots for the right to hunt game on six State preserves. Applications, available from State Parks and Wildlife Department, must be returned before October 31. Winners of the drawing will be notified a few days thereafter.

Preserves open for the hunt include Kerr Wildlife Management Area; Sierra Diablo area in Culberson County; Gene Howe area in Hemphill County; Angelina area in Sabine and Cherokee Counties; Black Gap area in Brewster County; and Encelina area in Anderson County.

## TRUCK DRIVERS COMPLIMENTED

R. L. Atwell Jr., Bureau of Business Research statisticians are conducting a detailed study of seasonally-adjusted indexes of Texas business activity, with an eye to determining whether the 30-month upward climb on the business barometer has run its course.

The Railroad Commission ordered oil field brine pits in Stephens, Shackelford, Eastland and Callahan counties be abandoned by March 1.

Lee Thomas was promoted to general counsel of Texas Employment Commission to succeed C. M. Turlington of Marshall, who resigned.

Texas Aeronautics Commission's 14th annual "Fly-A-Thon"

## "Atomic World" Coming To Local High School

A demonstration lecture program, titled "This Atomic World," will be presented in an assembly program at Floydada High School on Oct. 25.

The program, sponsored by the United States Atomic Energy Commission, is presented by the Oak Ridge Institute of Nuclear Studies, Oak Ridge, Tenn.

The Institute is a nonprofit, educational corporation of 39 Southern universities and colleges, operating under contract with the Atomic Energy Commission. The traveling exhibits units, which visit hundreds of high schools throughout the United States each year, are designed to provide the public with a better understanding of atomic energy.

James W. Bibb, an exhibits manager who has received special training in nuclear science, will present the program. Mr. Bibb holds a bachelor of science degree in naval and electrical engineering from the United States Naval Academy at Annapolis, Maryland.

The demonstrations and lectures are designed specifically to acquaint high school students with the basic principles and uses of atomic energy and to stimulate their interest in science.

### VISITING SCIENTIST PROGRAM PLANNED

Texas junior and senior high school students and their teachers will get the benefit of up-to-date scientific knowledge during the coming academic year under a program which "has" its headquarters at The University of Texas. It is the visiting Scientist Program of the Texas Academy of Science. The program will enable some 120 scientists from colleges, universities and industrial organizations in the state to visit in the schools. The scientists will act as lecturers and consultants. Their visits will be made at no cost to the schools.

The largest group from a participating organization have been chosen for this year's program.

## Scout Leaders Needed Badly

By Mrs. Gene Arwine

Are you looking for something? Do you want a chance to use creative ability working with an organization that helps girls grow into happy useful citizens? Would you like a job that's stimulating and fun? Maybe you are a teacher who wants to get around more. It could be you're a housewife with a college degree and a yen to use it. You might be a high school graduate with a brand new diploma, lots of enthusiasm, and a love of people.

Qualified women are needed now to be Scout Leaders, Assistant Leaders, Program aides, Council Delegates, Committee chairmen and a host of other jobs. The pay is lousy, but the rewards are great.

Are you a woman in her mature years who has a hobby you'd like to share? Can you knit, crochet or embroider? Is cooking your first love? Are you a bird watcher, a star gazer, a camper, a garden expert. Do you know about the Indians who used to live here? Can you sing? Are you an artist, a librarian, a speech teacher, a nurse, a photographer? Do you like to make handicrafts? Can you skate? Ride a bicycle? Swim? Are you a good listener?

Do you have a philosophy of life you would like to share with young, impressionable minds? Would you like to encourage a group of girls to be gentle and patient, loving and kind, honest and thrifty, self sufficient and hard working? Would you like to touch the real meaning of loyalty to God, country and parents? We Need You!!!

Did you know there are girls on waiting lists? They can't be Girl Scouts because we can't find a grown-up to lead them. Floydada has five troops with leaders but six troops without one. Could you be that person we are looking for?

You'd like to help, but you

**Compact families, if you've grown larger... Dart's for you**

Something new in compacts! Family-size room. Family-size fun. Dart is a fresh new compact in the large economy size.

Dart's a little bigger outside, a lot roomier and more comfortable inside. A bigger engine under the hood, a lot more fun on the open road. And bringing up the rear? A whopping trunk with more usable luggage space than many full-size cars.

Yet Dart is a compact. You can tell by the great gas mileage. By the way it slips into skippy parking spaces. And by its small compact price. In short, few compacts cost less than Dart. Not one gives you so much for the money. So head for your Dodge dealer and try Dart on your family for size. Three series, nine new models. With each, you get a 5-year/50,000-mile warranty.

Neither Mrs. Fortenberry, her husband, or the other truck driver was seriously hurt.

**B-String Team Is Undeatable**  
The B-string football team of Floydada High School are still carrying an undefeated banner for the year and will be battling the Oton B-string team tonight to see if they can come up with a five win and to lose streak.  
Coach Bob Shields and assistant Perry Lockett said their team had been making good offense and defense plays in all games played.  
The team beat Springlake 20-0 with Steve Marier carrying the ball over for two touchdowns. They beat Post 20-12, which proved to be the hardest game thus far in the season. Finlay Bearden made two of the touchdowns for Floydada and offense and defense both shined up well, according to Shields.  
Floydada beat Lockney by only two points, Floydada B-string, 8 and Lockney B string, 6. The second game between Floydada and Springlake had the Floydada team on top again with a score in this game of 8 to 0. Harry Bearden carried the ball over for four touchdowns for Floydada. Steve Marier made one as did Darrel Murdy and Gary Lyles. Other outstanding plays in the game were made by Phil Green, Charles Overstreet, Jimmy Tye and Dennis Gettner.  
Johnny Cantrell, former member of the B-string, was moved up to carry last week and John DeLeon replaced him on the B-team.  
Kick-off time tonight at Oton will be at 8 o'clock. Spectators are urged to follow their team to the game for "what is predicted a "close one".

**City Park Church of Christ Gospel Meeting October 13-20**  
Mr. Paul E. Rogers, of Sweetwater, will do the preaching in a gospel meeting scheduled by the City Park Church of Christ for October 13-20.  
Mr. Rogers will be speaking at 7:00 a. m. and at 7:30 p. m. Monday through Saturday, and at 10:30 a. m. and 6:00 p. m. on Sunday October 20. He will also speak over KFLD each morning at 9:15-9:30, Monday through Friday.  
Presently serving the Fourth and Elm Streets Church of Christ in Sweetwater, the guest evangelist formerly was the local minister of the City Park Church in Floydada. He is a graduate of Abilene Christian College and has served churches in Okema, Oklahoma, Stillwater, Oklahoma, Trieste, Italy, and Merkel, Texas City, Odessa and Haskell in Texas.  
"A warm, friendly invitation is extended to our friends to attend our gospel meeting and hear Mr. Rogers," states Herman C. Alexander, minister of the City Park Church.

**Movie, Spencers Mountain To Show At Palace**  
Warner Brothers turns to a wholesome and heart-warming tale of modern-day Americana for a picture of sure-fire family appeal, with Henry Fonda and Maureen O'Hara topping the cast to play the parents of nine youngsters.  
Spencer's Mountain is filmed amidst the scenic wonders of the snowcapped Grand Tetons of Wyoming. The family includes the veteran Donald Crisp, excellent as the pioneer grandfather, and James MacArthur, as a grandson.  
The breath-taking technicolor-Panavision photography is an asset and will place this picture beside other Delmar Davis pictures, "Parrish" and "A Summer Place."

**Local Youths At FFA Convention**  
Len Miller, secretary of Plainview District Future Farmers of America, and son of Mr. and Mrs. Arlon Miller of Sand Hill, John Calahan, president of the Floydada Chapter, and son of Mr. and Mrs. Shelby Calahan of South Plains, and Billy Wheeler, son of Mr. and Mrs. Paul Wheeler of Cone, left Monday afternoon from Plainview by way of Santa Fe for Kansas City, Mo., to attend the National FFA Convention.  
The boys will be in Kansas City until Friday night when they will make their return trip arriving in Plainview about noon Saturday. They will give their report of the convention at the first regular meeting of the local chapter.  
**Daltis Rea Is Tea Honoree**  
Miss Daltis Rea, school teacher in Floydada from 1918 until 1944, was honored with an informal tea on Wednesday afternoon of last week during her visit in Floydada.  
The affair was held in the home of Mrs. John Stapleton between the hours of 3 until 5:30 p. m. Approximately 60 former students and friends called.  
Assisting Mrs. Stapleton with hostess duties were Mrs. Ralph Johnston, Mrs. John Key West, Mrs. J. F. Dobbs and Mrs. Billy Gandy.  
During her stay in Floydada Miss Rea was a houseguest of Mrs. Maud Merrick. She also visited a number of other friends here and in Lubbock before returning to her home Thursday in Fort Worth.  
**SECOND SUNDAY SINGING**  
C. M. Lyles announces there will be a Second Sunday Singing October 13 at the Victory Baptist Church from 2 until 4 p. m. All singers and lovers of Gospel music are invited.

### Wayland Play Proceeds To Retarded

"The Flavor of the Week", a comedy, written by two Wayland professors, Dr. Gene Jones and Dr. Henry Eason will be presented by the Pioneer Players of Wayland in the Plainview High auditorium Thursday and Friday nights Oct. 17 - 18.

Tickets are \$1.00 and 50c. Proceeds go to the High Plains Council for retarded children and is used by the Council to pay for the YMCA summer program for all retarded children in this area.

Tickets are available at The Hesperian Office or contact Mrs. Connie Reed, YU3-3303 after five.

### Cotton

(Continued from Page 1) are able to stand the cold weather if they can.

**COTTON DEFOLIATION**  
When 90 percent or more of the cotton bolls are open, it is safe for most defoliants to be applied, states Floyd County Agent Davison.

When desiccants are applied, 90 per cent of the boll under dryland irrigation should be open and 80 per cent when the cotton is irrigated. Plants are considered mature if the youngest boll cannot be dented by pressure between the thumb and forefinger or cut through easily with a knife.

The question is often asked said Davison, "what difference does it make when you defoliate or desiccate." Disregarding these recommendations and applying to early results in (1) reduced yields per acre (2) lower micronaire reading and (3) weaker fiber. Quality is lowest causing the cotton to suffer at the market.

Guides showing proved chemical and recommendations can be obtained at the county agent's office.

### PTSA Meets At Junior High

Attendance was good at the first PTSA meeting at Junior High school Monday night. This was the first of four scheduled meetings of the organization for the school year.

**Junior High Principal A. W. Coltharp** introduced co-presidents Mr. and Mrs. Fred Martin. Ray Reed gave the invocation.

A better safety program was discussed by the group. They adopted plans to have a committee of three to investigate the possibility of getting a one-way street going south during school hours. Mrs. A. L. Wylie, Fred Cardinal and Kyle Glover were appointed to serve on the committee.

Program chairman, Ray Reed gave a report on the coming events of the year.

Principal Coltharp introduced the teachers to the group and the teachers and students were hostesses serving refreshments following the meeting.

**Pay Taxes**  
Ralph C. Johnston, President of the Board of Trustees of Floydada Independent School District, announced that, in view of a flood of requests from taxpayer, concerned with the financial situation of the District, and of the prospect that pending litigation involving the taxroll of the District would apparently be prolonged, any taxpayer who desired to do so would be permitted to pay a sum equal to his 1962 school taxes as a credit upon his 1963 taxes when determined, any surplus to be refunded, and any deficiency to be made up, when 1963 taxes are finally determined. Temporary receipts will be issued for such payments, which will commence when the receipts are ready.

City and county officials here arrested five Latin American men Tuesday in a cotton field near Floydada, after they were tracked by three officers to their residences. The men were jailed and are under questioning for numerous burglaries in Floydada.

Hollums said several of the break-ins had been cleared with the city, other than Builders Mart, who had their 1961 Chevrolet pick-up stolen over the weekend.

Missing at Whites are two .22 pellet pistols, one 22 pellet rifle, two transistor radios, two hunting knives, two watches, one Winchester 30-30, one box of 30-30 shells. A 22 rifle has been recovered, Hollums said.

Other businesses hit included Willson Lumber Yard, money taken from coke machine; Dempsey Grain, \$55 cutting torch missing; Higginbotham - Bartlett, change taken from cash register and two spoons bob-wire missing; Bell's Milk Co., warehouse, ice cream taken; Kirk and Son Hardware; and Norrell Tractor Parts.

The chain on the gate to the yard of Builders Mart was broken.

Wayne Russells Honored Sunday

Mr. and Mrs. Wayne Russell were honored Sunday with a reception in their home honoring them on their Silver Wedding anniversary. Hosting the affair were the couple's daughter and her husband, Mr. and Mrs. Virgil Booth of Clovis, N. Mex. Dorma and Trina Booth, granddaughters of the honored couple, registered guests. Ronda Posey, niece of Mrs. Russell,

showed guests to the gift room.

At the table were Mrs. T. W. San of Amarillo, sister of Mrs. Russell, who presided at the silver service, and Mrs. C. D. McCandless of Lockney, served cake.

A white linen imported cloth on the table was complemented by an arrangement of white mums in a silver bowl, a gift to the couple from Mrs. San. The silver service, candle holders bearing white tapers accented by silver wedding bells, completed the table setting.

One hundred and fifteen guests registered from Floydada, Lubbock, Roaring Springs, Matador, Lockney, Petersburg, Hale Center, and Amarillo.

### Negro Jailed On Attempted Rape Charges

A 23 year old negro, Willie Price, was apprehended at noon Tuesday by local officials after an attempted rape on a 20 year old Latin American woman.

Walter Hollums, Floyd County sheriff, said that Price admitted the incident, was jailed and locked on assault with intent to kill.

Hollums said he was told the negro saw the girl enter the woman's rest room at the court house during the noon hour Tuesday, followed her in and made advances. The young woman was able to break loose and seek assistance.

Monday was another big Dollar Day in Floydada - shoppers came early and stayed late. The big Knowles auction on the east side of the square was well attended. There were bargains galore! - all over town.

Local relatives include Claud, Roy and Gilbert Fawver, Emmitt, Henry and Clifford Willis, Mrs. Mable Epperson and Mrs. Mary Corley, all nephews and nieces of the deceased.

Mr. and Mrs. Dave Eaton visited their parents this past weekend. Mr. Eaton's parents live at Decatur. Mrs. Eaton's parents live at Denton. They found Mr. Eaton's mother recovering from a heart ailment.

While at Decatur, Mr. Eaton's sister from Memphis, Tennessee and Rock Springs, Texas arrived with their families.

I received answer to a letter I wrote the state water commission a few weeks ago - and they say "It's the first come - first served" on water that could

ke, officials said and the pick-up driven out. License number of the vehicle is 1 H-473.

Two Mexicans were also apprehended over the weekend and one charged with unauthorized use of a motor vehicle. Joe Ramirez, driver of the car was jailed and a juvenile in the car was released.

Other crime reports included a Mexican minor in possession of liquor; two Mexicans charged with contributing to the delinquency of a minor, and a negro, Tip Younger, who was jailed for aggravated assault after knifing his wife.

So, at this point if we want to save this last means of municipal dam water, it's time we start filling an "intent to dam application."

THE WHIRLWINDS have been in on some good feeds the last week or two. The Methodist Men organization at The First Methodist Church entertained them for breakfast a week or two ago and the Rotarians fed them at their luncheon last Wednesday.

Now, if we don't get them too fat, hamper their running ability - they should have plenty of hitting power!

### Fawver Funeral Conducted Here

Funeral rites for L. B. Fawver, 77 year old former resident of Floyd County, were held Monday morning in the First Christian Church in Floydada. Roy M. Turner, minister of the church, officiated. Burial was in Floydada cemetery under the arrangement of Harmon Funeral Home.

Mr. Fawver died in a Fort Worth Hospital Saturday where he had been taken the previous Tuesday with a heart condition. He was a native of Missouri and came to Floyd County in 1901. He resided here until moving to Fort Worth in 1951. Mrs. Fawver died Oct. 30, 1949 in Floydada.

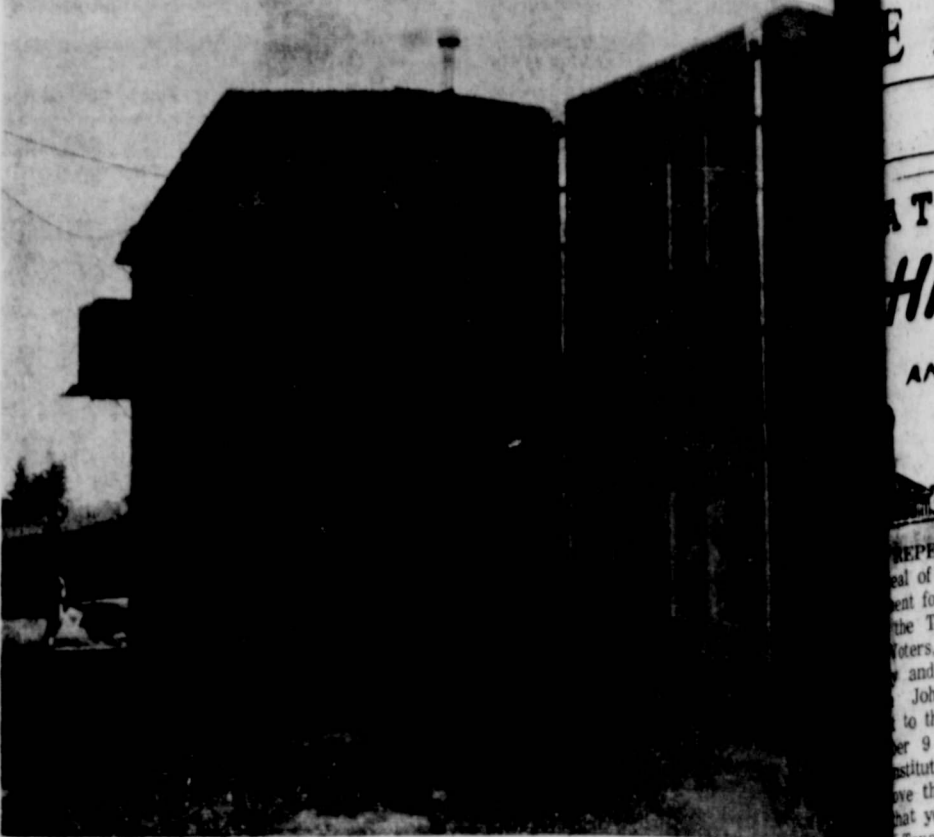

The deceased was the brother of the late George J. Fawver and Mrs. B. C. Willis of Floydada.

Survivors include two sons, Aubrey of Hurst and L. B. Jr., of Fort Worth; two sisters, Mrs. F. F. Johnson of Vernon and Mrs. Ada Pruitt of Farmington, N. Mex.; both former Floydada residents; three grandchildren and six great grandchildren.

Local relatives include Claud, Roy and Gilbert Fawver, Emmitt, Henry and Clifford Willis, Mrs. Mable Epperson and Mrs. Mary Corley, all nephews and nieces of the deceased.

## STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

**APPEAL** — Campaign of the poll tax for voting was the Texas League of Women's Clubs, with Gov. and Vice President Johnson giving to the movement.

9 Texans will be the 60-year-old Texas voting will shadow of a constitutional amendment on the issue. Legislatures have ratified and when two it will go into effect.

Legislature provided to yourself first the Texas Constitution in November 9 election no chance for amendment to go into effect that date.

— Texas' first for-attraction tourists will be set in August on circulation of "talking books."

These are the albums of phonograph records distributed by the State Library under a federal-state program to aid the blind. Current magazines and popular books are read onto records and distributed free to the blind persons.

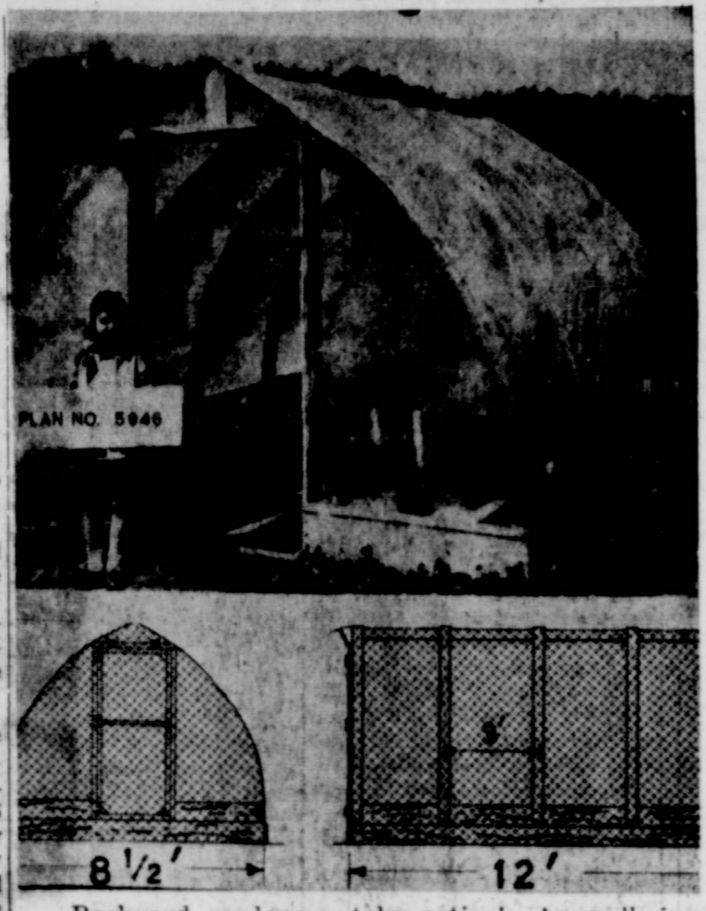

During August a total of 6,374 albums of records were distributed.

State Library also distributes books in Braille as a part of this service.

**GAS** — Natural gas continues to be one of the major cash crops of Texas.

Texas Railroad Commission reports that in June, 21,044 gas wells and 125,169 oil wells produced 573 trillion cubic feet of gas. The lion's share, 406 trillion, went into transmission lines.

Of all the gas produced, 29.83 per cent was exported to other states, and 30.99 per cent was carried by pipelines for use in Texas.

Backyard gardeners, take notice! A small, inexpensive easily-built greenhouse with a pleasing appearance to blend with your home has recently been designed by Agricultural Engineers of the Department of Agriculture and State Extension Service, says County Agent H. T. Davison.

This plastic-covered greenhouse (Plan No. 5946) is 8 feet 6 inches wide and can be built in multiples of 3 feet in length. Strips of 1/4 inch plywood form the arches.

Tests at the Agricultural Research Center, Beltsville Md., showed no snow loading heavy enough to cause breaks in the plastic cover. With treated foundation boards and stakes, galvanized or brass screws, and other anti-corrosion measures, the frame should last for several years. The plastic cover may have to be replaced annually.

Working drawings of Plan No. 5946 may be obtained at no cost from the County Extension Office.

**I. B. Isom Found Dead**

Services for H. B. Isom, 75, were conducted Thursday in the Aiken Baptist Church. Burial was in Idalou Cemetery under the direction of Carter Funeral Home.

Isom was found dead early Wednesday at his home in the Aiken community. He was a native of Idalou and had lived in the Floyd County area for a number of years. He farmed until his retirement in 1956.

Survivors include his wife, two sons, M. T. Isom of Aiken, and Bernard of Lubbock; three daughters, Mrs. Laney Wideman, Lubbock, Mrs. Calvin Strickland, San Angelo, and rs. D. E. Wideman, San Pedro, Calif.; a brother, J. L. Isom of Idalou; two sisters, rs. arietta Springer, Lubbock, and rs. Inerva article of Idalou; one half brother, six half-sisters and several grandchildren.

## Veteran's Ask

Q — Are veterans of World War I entitled to a pension? If they are, is there a required age and do they have to be retired?

A — A pension may be payable to a wartime veteran, regardless of age, if he is totally and permanently disabled not as a result of his military service. The veteran must be unable to pursue a gainful occupation by reason of such disability and his income from all sources must be under certain statutory limits. Details to fit an individual case are available at any VA office.

Q — I have been told that anyone entitled to use the word "G. I." is entitled to veterans' benefits. Is this right and what does "G. I." mean?

A — The term "G. I." might be defined as "government issue" and referred to varied supplies, equipment, clothing, etc., issued to individuals or units in the service. In time it became a slang term referring to the servicemen themselves. It has no standing as an entitlement to Federal benefits.

Q — Why are widows of World War II or of Korean Conflict veterans unable to get pensions from the Government on the same grounds that World War I widows can?

A — That is no longer true. Since July 1, 1960, widows of World War II or of Korean Conflict veterans have been eligible to receive pensions on the same basis as World War I widows.

In brief, the deceased husband had to have at least 90 days of service of which part was during wartime, he had been discharged under conditions other than dishonorable and the widow's annual income is within statutory limits. Individual details may be received at any VA office.

DRIVER UNINJURED! . . . Sam Papanis of Dallas was uninjured in this auto-truck crash three miles north of Floydada on U. S. Highway 70 last week. He was uninjured because he had his safety belt fastened.

## Roy L. Sparks Named To Agates

PLAINVIEW, Special—Named to the AGATES, a select group of sophomores at Wayland Baptist College, is Roy L. Sparks, son of Mr. and Mrs. A. L. Sparks, Floydada.

As one of a group of 21 students chosen by WBC President Roy C. McClung, Sparks, a 1962 graduate of Floydada High School, serves as a student counselor and guide for a group of freshmen students. The "AGATES" meaning "appointed guides to aid and temporarily encourage," were selected on basis of leadership, cooperation and academic standing.

Couples in the Plainview community are sponsors for the groups and invite them to their homes for informal social occasions as part of President McClung's plan to make orientation on and off the campus more pleasant for new students.

Sparks served as a guide for his freshman group on a recent tour of Plainview and will help plan a talent show in which AGATE groups will compete against each other. AGATES will stage a Field Day on the afternoon of Oct. 25, and the final planned program is Nov. 25 when the groups will again be guests of their community sponsors.

## Reed Ford In Floydada Sponsors Football Cantest

The area grade school football skills against other boys through the third annual Pass & Kick Competition will culminate with a trip to Dearborn, Michigan, for the four National winners.

Ray Reed, owner of Reed Ford Sales, is sponsoring the competition. Registration will be open from September 3 through October 18, he said.

In 1962, the second year of the PP&K Program, 41,821 boys entered the competition. Reed said, "and President Kennedy said 'Programs of this type will enable our youth to build the energy and strength that is their American heritage.'"

Mr. Reed said entrants will be judged on the distance and accuracy of their punting, passing and kicking (using kicking tee) with points awarded for each foot of distance the ball travels on the fly and subtracted for each foot the ball lands to the right or left of a center line.

Place of local competition and date will be announced later.

Any ties in the Floydada competition will be played off on the day of competition, and ties for top spot in the state and area standings will be played off at special contests. State winners will receive trophies, and area winners will receive complete junior-type football uniforms of the NFL team in their region, and the uniforms worn when the winners compete during NFL half-time ceremonies to determine the Divisional champions.

## Milo Residue Management Is Important

The residue from a crop of milo or corn is valuable in the maintenance of productivity and should be considered as an asset instead of a liability, declares County Agent H. T. Davison.

The approximate 6000 lbs. of residue from a 5000 lb. milo crop contains about 85 lbs. of total nitrogen, 25 lbs. of phosphorus (P2O5) and 125 lbs. of potassium (20%). With good management these nutrients can contribute substantially to the requirements of the next crop.

Perhaps of greater importance is the effect of the residue on the maintenance or improvement of the physical structure of the soil as reflected in better water intake and retention and better tilth.

Many farmers follow the desirable practice of shredding stalks immediately after harvest and the question of whether or not to apply nitrogen to speed up decomposition often arises. It is evident that for maximum protection against erosion much of the residue should remain on the surface. Surface applied nitrogen on exposed residue cannot be expected to greatly speed up the decaying process and a portion of the nitrogen can be lost to the atmosphere if left on the surface. Nitrogen applied to the residue should be worked into the soil at least partially if the organisms are to be active.

Another factor to consider is that decomposition slows down as soil temperatures drop, and it proceeds fastest when soil temperature is ideal for plant growth. Davison continues by stating if the residue is likely to be a problem in next years cropping operation, nitrogen applied ahead of land cultivation can speed up residue breakdown. On the heavier soils it may be practical to apply all of the nitrogen needed for next years crop provided the nitrogen is not left exposed on the surface.

The practice of applying sufficient fertilizer to take care of residue decomposition while the next crop is growing is quite satisfactory if you remember to use enough to take care of both the residue and crop requirement.

## Prison Rodeo This Month

HUNTSVILLE — The addition of two new inmate contests to the 32nd Annual Texas Prison Rodeo each Sunday in October promises to make the 1963 series one of the most thrilling in the history of these events, prison officials predict.

One of the events, called "Hard Money," highlights a group of inmate riders attempting to retrieve a sack containing \$50 in cash from the horn of a wild Brahman bull. The cowboy who is successful in completing this hair-raising feat, gets to keep the money.

Albert Moore, veteran prison rodeo director, is of the opinion that the event will prove to be a great crowd-pleaser. However, great crowd-pleaser. However, knowing the nature of an untrained Brahman, Moore's greatest concern is that when the time event is over, he may need a new crop of riders to compete in the other exciting rodeo contests.

On the other hand, although inmate cowboys agree that the "Hard Money" contest poses several problems, they are positive they will come away from the bruising contest ready for anything Director Moore has to offer.

As if this isn't enough for one afternoon, rodeo officials will offer a second new event, a calf scramble, featuring 12 Brahman calves, plus 24 inmates from the Ferguson Unit, north of Huntsville.

These young cowboys will be paired in teams with prizes going to the three winning teams.

Moore envisions this event as something "out of this world," where 26 "animals" are all over the huge arena, hitting the tan bark for all it's worth.

If the cowboys survive, they'll pit their talents against tough prison-produced rodeo stock in bronc riding, bull riding, the wild horse race, the mad scramble and the chariot race.

Other inmate specialties will include musical and entertainment groups, clowns, and the Gooey Girls from the woman's prison.

To round out the well-balanced two hour show, which begins at 2 p.m. in the prison stadium, rodeo officials have booked five of the nation's best known entertainment celebrities.

On Sunday, October 6, the special attraction will be the personal appearance of Minnie Pearl of Grand Ole Opry fame, and Eddie Anderson, Jack Benny's "Rochester." Minnie Pearl will return to the rodeo for the October 20th performance.

Also Terry Wilson, who portrays the role of Bill Hawks on the weekly Wagon Train television series, on October 13, and Dizzy Dean, TV Sportscenter on October 27.

Linda Loftis of Fort Worth, Miss Texas of 1961-62, a noted vocalist, will sing during each performance in October.

The rodeo will again feature a number of "free world" events, such as Girls' Barrel Race, rick rolling, and mouned quadrilles from various parts of the sea.

The rodeo management states that there are plenty of tickets available for each performance. Reserved seat tickets, at \$2.40, \$2.75 and \$4.40, tax included, may be obtained by writing Rodeo Ticket Office, Huntsville, Texas, enclosing check or money order.

Prison Rodeo fans are reminded that net proceeds from ticket sales make it possible for nearly 13,000 inmates of the Texas Department of Corrections, to receive spiritual, educational, recreational and medical service not furnished by the state.

## FHA Offers Water Loans

Modern water systems will be serving 40,000 rural Americans for the first time soon.

These people are residents of 135 rural communities in 28 States where the U. S. Department of Agriculture's Farmers Home Administration approved \$15 million in loan during fiscal year 1963 to finance community water systems.

In making the announcement, Secretary Orville L. Freeman pointed out that the loan program to finance rural water systems has been greatly expanded during the past three years.

He said the number of water system loans had increased ninefold during this period and that the volume of loans had increased from less than \$1 million to the present \$15 million level.

This FHA program makes possible low cost, long-term loans to rural communities, water districts and other nonprofit sponsoring groups in rural areas for equipment and construction work necessary to provide piped-in water for homes, farms, businesses, schools, churches and other community enterprises. These loans are repaid over periods up to 40 years, and carry a maximum interest rate of 5 percent.

Farmers Home Administration rural water system loans have a direct, immediate impact on a community's overall development," Secretary Freeman said. "They not only provide a fundamental resource—ample, clean water supplies—to encourage rural businesses and industries, but also help bring a higher level of family living.

Farmers Home Administration water association loans are among the best investments we can make in the development of rural America," the Secretary said.

Largest number of community water system loans was made in Texas—32 totaling \$3,217,060. The next largest number of loans, 19, was made in Kansas for a total of \$1,179,070. The third largest number of water supply loans was closed by the Colorado Farmers Home Administration office with 14 valued at \$2,250,300.

## Historical Area Committee Regional Meet

Mr. and Mrs. Homer Steen, Mrs. Maed Hollums and W. D. Newell of Floydada, Mr. and Mrs. Edgar Hays and Mrs. Lester Honer of Lockney attended a Historical Survey committee meeting in Lubbock Sunday afternoon.

The Regional meeting, which consists of 28 counties, was held in the West Texas Museum auditorium on the campus of Texas Tech.

Mrs. L. E. Dudley of Abilene presided.

Governor Preston Smith discussed the New Historical Legislation. Members also heard Dr. W. C. Holden, Director of the West Texas Museum speak on the "Responsibility of the Regional Museum and Research Center in the Preservation of History." Other speakers were Mrs. Deolace Parmelee, Director of Research for the TSHSC in Austin and Jenkins Garrett of Fort Worth, TSHSC member.

Each County Historical Survey committee gave a report on the work in recording and marking Civil War graves, purchasing and erecting official Texas Historical markers and other plans for 1964.

Mr. Steen gave the report of the Floyd County situation at present.

Others on the local committee include Mrs. A. P. Barker, rs. Henry Hodel, Lockney; Mrs. Ralph S. Johnston, J. T. McLain, Miss Ann Swepton and Doyle Walls of Floydada.

RIGHT GUARD BILL POTTS (No. 62) is knocked out of play as back Conley Bradford is swamped by Post Antelopes. Floydada won the game 15-0.

## Whirlwinds Take Post To The Tune Of 15-0

The Floydada Whirlwinds, fresh from a heart breaking loss at the hands of Childress one week ago, used power, clutch passing, and a second half air-tight defense to sound the previously undefeated Post Antelopes 15-0 Friday night. The power was supplied by Vernie Moore and Ken Campbell. Moore, returning to the offensive line-up led all ground gainers with 96 yards and Campbell, playing his best game of the season, cracked the Post line for 72 more. The clutch passing was launched from the arm of Conley Bradford to James McNeill for gains of 21 and 35 yards to set up both Whirlwind tallies. The entire defensive unit threw up a wall in the second half and allowed the Antelopes only 12 yards rushing and refused the Post crew a first down. The first half was a nip and tuck battle with Floydada gaining 6 first downs and Post 5. McNeill was the only man on the field able to move the zeros off the score board when he booted a 30 yard field goal with 57 seconds left in the half.

Floydada won the coin toss and elected to receive the opening kick. Jack Osborne took the boot at the Whirlwind 21 yard line and returned to the 36. In the first series of play the Whirlwinds stuck to the ground and gained mid-field before Post held and forced the kick. Post took over and drove to the Floydada 46 yard line in just 6 plays. The Whirlwinds held at this point and Post's Pat Cornell punted to the Floydada 2 yard line. The

night, McNeill's conversion failed and Floydada led 9-0 at the end of the 3rd stanza. In just a few minutes lightning struck again. The Whirlwinds put together a 71 yard march capped off by Campbell.

Again, it was McNeill who set up the score with a catch from Bradford for 35 yards to the Post 9 yard line. Campbell, showing his best attack of the year, hit for 3 yards, then 2 yards, and then cracked the line for the score. The conversion was short and the scoring was over with Floydada out in front 15-0.

Post took the kick and failed on three pass attempts and the Whirlwinds took over at their own 23 yard line. The Whirlwinds were held but a roughing the kicker penalty gave them the automatic first down at the 36. The Antelopes again threw up a stout defense and got their chance to exercise their side of the score board. On the fourth down Floydada went into punt formation with Mac Willson back to kick. The snap from center went over Wilson's head and Post took over at the 20 yard line. Rising to the occasion, the Whirlwinds recovered an Antelope fumble on the next play and took over to run out the clock to hand the Antelopes their first loss of the 1963 season.

The Whirlwind defense allowed Post only 12 yards rushing in the second half and the Antelopes failed to chalk up a first down. Speaking of defense, here are the tackle credits: Bill Potts 11, Vernie Moore - 5, Monroe Schultz - 5, Mac Willson - 5, David Lutrick - 6, James Golightly 5, and Ken Campbell - 4. For the Post Antelopes Charlie Brown - 10, Benny Owen - 9, Danny Odom - 9, Butch Cross - 8, and Pat Cornell - 5.

In the ball carrying department Vernie Moore led all backs with 96 yards in 15 tries for a 6.4 average. Ken Campbell cracked for 72 yards for a 3.4 average. Conley Bradford hit for 32 yards in 7 tries and Sammy Watts added 8 more. Benny Owen was Post's big gun for 65 yards in 15 trips for a 4.5 yard average. Butch Cross added 16 yards in 8 tries.

Time To Speak Out

EVERYONE admires a person who has moral courage—the one who dares to take a stand on current issues which, although unpopular at the moment, nevertheless represents his convictions.

But sometimes, one is led to suspect that expressions of admiration actually are prompted by the feeling that the courageous person, vicariously, is expressing the convictions of the one who admires his frankness. "He has the courage of my convictions" is a term sometimes used by those who watch some nonconformist friend express his personal opinions.

In today's world, most people are conformists. In thought and actions, they are inclined to go with the crowd. Which makes this all the more a time to admire the person of conviction and courage.

The Bible is full of stories of men who had the moral courage to speak out against the sin and corruption prevalent in their day. Most paid heavily for challenging those in high places. All were persecuted, some were martyred; but they stand today as symbols of a living faith which did not permit compromise with evil. "And the modern world holds their names in reverence, because, at the testing time, they dared taken an unpopular stand instead of conforming to the mores of their times.

THE PERIOD in which we live unquestionably is one in which there is vast need for a show of moral courage. Again and again, one hears it said that Americans, in high places and low, have become too timid to speak up for their convictions and exist in what they think is a safe no-man's land.

The critics claim that men fear if they speak up for what they see as reasonable positions in politics, business, education or whatever, that they may endanger their jobs, their status in the community, the future of their children.

The accusation may not be altogether true, but certainly it has elements of truth in it. We live in a time marked by incredible complexity. Everything about us seems to exist in shades of gray. Yet the average per-

son likes certainty, a clear voice, a call to action he can understand.

SPEAKING editorially, the Abilene Reporter-News, the other day called attention to the moral decay in this country, which it called "alarming." The Abilene paper described the erosion of morals which has destroyed great civilizations of the past, and in this century, has all but wrecked the once-mighty British Empire. "And there is frightening evidence that we are traveling the same road to national oblivion, with precious few persons discerning the signs of the times," says the Reporter-News. "We are wallowing in a more of excesses."

The paper mentions the concentration of power in Washington; the soaring national debt; the practice of using Federal spending to influence National, State and local elections; the tacit sanctioning by President Kennedy and his Attorney General brother of civil rights demonstrations which are nothing more than mass defiance of local laws and ordinances. The editorial also takes note of the alarming growth of crime and of the rise in the divorce rate, as the stability and sanctity of the home are compromised.

"In the light of all this, what is the state of the nation?" it asks. "Where are we heading?"

"We are racing to disaster unless America, from the White House on down to Main Street, recognizes the imminent peril and moves collectively to avert it."

But the point is will the nation do so? Will Americans rise up in protest against the drift of things, from Washington on down to the local community, or have they been narcotized into acceptance of things as they are for fear of going against the crowd?

If a great wave of moral indignation should sweep this country, it might save us from the fate nations of the past have suffered. But will such a wave occur?

Unfortunately, despite warnings by some of our more serious thinkers, there are few signs of it at present. (Lubbock Avalanche)

GUEST EDITORIAL

School Bonds

SCHOOL BOARDS probably have more financial trouble than most other governing bodies and the Lockney Board is no exception. After the District has voted a \$700,000 bond issue for building improvements with a minimum of opposition, we find that the amount isn't enough to carry out the building plans as outlined by the board and that something must be cut out. Blaming the architect, the engineer or the board for underestimating buildings costs is of little value now. Looks like the experts should have been more informed on building costs but that is water under the bridge and the problem of what to do about the remainder of the building pro-

gram is one for the entire district to face. In our opinion the buildings and improvements originally outlined by the board are all needed. Especially urgent, of course, is the addition to Junior High School, but the practice gym and the remodeling work at High School are also needed badly and here we are \$100,000 short of having the money to complete all of these needs. Probably an unpopular solution would be to vote the additional \$100,000 in bonds. The alternative to this is to cut either the practice gym or the improvement at high school or both. This is the problem we face at this time. (Lockney Beacon)

Hesperian Editorials

Newspaper Week

National Newspaper Week will be observed this year, between October 13th and October 19th. The plan for the week was developed in 1940, with the original object of answering attacks and criticisms aimed at weakening the prestige and influence of newspapers.

Year after year, the place of a free press in a free society has been emphasized. It is just as well because people very easily take for granted the existence of independence that the journalists of America enjoy.

It is not expected that everybody will recognize the contribution that great newspapers make to areas in which they circulate. Nor is it even certain that newspaper men themselves will agree upon the virtues of any particular newspaper. Nevertheless, the overall usefulness of newspaper-making has rebounded greatly to the development of intelligent citizens and to the promotion of their just ambitions.

Many of the great citizens of this nation look back upon the years of service as carrier boys. The business experience, the training and the contact with human beings proved valuable to them in later life.

Foundation

Grant To 4-H's

4-H volunteer adult leaders and 4-H club members in every county of Texas will benefit from a recent \$25,000 grant made by the board of directors of the Moody Foundation to the Texas 4-H Youth Development Foundation.

Calvin T. Johnson of Dallas, Chairman of the Texas 4-H Youth Development, stated on receipt of the grant, "We believe this investment in 4-H approved by the Directors of the Moody Foundation, is representative of a growing awareness and appreciation on the part of individuals, firms, and foundations in the 4-H club youth movement. No other youth organization, in my opinion, provided boys and girls greater opportunity to experience first hand principals of our agri-business economic system and to gain an understanding of individual citizen rights inherent in our U. S. Constitution."

The Texas 4-H Youth Development Foundation was organized

by Texas leaders of agriculture, business and the professions in October of 1962. The Foundation's mission is to seek and disburse funds from private sources to underwrite 4-H club activities for which no prior funds were available. Individuals, firms, and non-profit foundations are given opportunity to place with the Texas 4-H Youth Development Foundation a contribution, grant, bequest or through its program will Texas 4-H Club youth money or property.

The Moody Foundation grant is the largest single contribution to the Texas 4-H Youth Development Foundation during its first year of operation. The grant will be invested in 4-H club volunteer adult and youth leadership training workshops. Fourteen training workshops are to be held across the state. 4-H club volunteer leaders in each county will have opportunity to attend at least one training workshop. H. T. Davison, Darrell Smith and Miss Sherry Mullin, county Extension Agents, give supporting direction and supervision to the local area 4-H club program.

(From issue dated Oct. 6, 1949)

Wm. Dewitt Burke, 29, operator of Aerial Farming with headquarters here since 1946, was killed instantly Wednesday morning at ten minutes before seven on the Roy Hale farm a mile east of Harmony school house, when the landing gear strut of the plane he was piloting failed a high line. The plane nosed downward almost vertically and flipped on its back. Witnesses to the accident were Mrs. Hale, who saw the tragedy from her house, and Joe T. Smith, a flagman for the pilot, who was standing at the other end of a graduate of Floydada High School in 1942 and in June of the same year he enlisted in the Marine Air Corp. As a flyer he served in the Pacific War theater and participated in 50 bombings and strafing raids a-ded two air medals and received his discharge in April of 1946 as a first lieutenant. Survivors are his parents, Mr. and Mrs. D. W. Burke; two brothers and three sisters.

Mrs. L. N. Abbott, mother of N. S. Abbott, co-ordinator of Floyd County Vocational school died in Abilene Friday afternoon after a lengthy illness.

S. B. M. Chesley, 64, one time Floyd County Sheriff and one of the early 1820 pioneers, is still confined to bed in Floydada Hospital, since a fall two months ago which broke his hip.

Members of the staff at Baylor Hospital are still making X-rays and following other scientific efforts attempting to determine why Eddie Jarrett, Floyd County youth, remains unconscious. Eddie was critically injured when his gasoline truck overturned and burned on August 21.

The Walker brothers, Raso and Grady, last a sister in September and recently returned from attending the funeral in Vernon. Mrs. J. M. Carvajal, 42, of Dallas, died Sept. 22 after an extended illness.

Michael Rae, two year old son of Mr. and Mrs. Rae Thornton of Lockney died Wednesday afternoon shortly after being admitted to West Texas Polio Center in Plainview. He was the grandson of Mr. and Mrs. J. Walker of Floydada and Mr. and Mrs. W. W. Thornton of Lockney.

IRVINS HAVE NEW SON

Mr. and Mrs. Hurbert Irwin of Lubbock are parents of a new son, Robert Charles, who was born on October 2 in West Texas Hospital. The couple have one other child, also a boy, Mack, age four. Mrs. Irwin is the former Sue Durham, daughter of Mr. and Mrs. E. I. Durham of Floydada. The parental grandparents are both deceased. Mr. Irwin is co-owner of O. K. Rubber Welders in Lubbock.
