Early Harvest

Floyd County continues to lead area counties in the current cotton harvest.

This compares with 2,785 ginned this time last year.

General showers in the area did very little to slow the harvest this past weekend.

Many farmers report record crops, some report a first hand pulling of over a bale to the acre.

Over Eleven Million Dollar Crop In Floyd Elevators

Floyd County's 27 elevators are winding up one of the highest grain sorghum buying seasons this month as farmers put the finishing touches on harvest of a bumper crop.

In order to determine the amount of grain produced and its value, Lockney editor Edgar Hays and Hesperian editor Wendell Tooley called every elevator operator in the county for each elevator's purchases of this year's crop.

Railroad Answers Suit

Attorneys representing the Fort Worth & Denver Railroad have filed an answer to a suit of \$620,927.90 for damages suffered by the death of Karl W. Vinson, traveling salesman from Lubbock who was killed in an auto-train collision in South Plains on May 28, 1963.

The answer was filed in district court by Evans Pharr, Trout and Jones of Lubbock. No date for trial has been set.

The suit was filed by Nelson, McCleskey & Harriger, Lubbock attorneys, representing Janelle Vinson, wife of the deceased, her four children and the deceased parents, Mr. and Mrs. William Arthur Vinson.

The plaintiff alleges that "the defendant, its agents, servants and employees were negligent in failing to have and maintain any warning bell, flashing light, moving object, proper sign or any other adequate warning device or signal at said crossing of such a nature as to sufficiently and timely warn automobile traffic generally, and the said Karl Vinson in particular, of such dangerous intersection, or of the fact that a train was approaching said intersection."

Hospital Insurance For Persons 65 Years Or Older

Hospital Insurance - 1-14 H. Lewis Rietz, president of the Texas 65 Health Insurance Association, reports that applications for the over-65 health insurance are now arriving in the Association's Dallas office at the rapid clip of 550 per day.

"The first two weeks of our initial enrollment period have been most encouraging. We have processed almost 6,000 applications," Rietz stated.

Rietz reminded Texas senior citizens however, that they have only two more weeks in which to make application for Texas 65 during the first enrollment period. The initial enrollment ends October 31 and he does not expect an additional enrollment period to be scheduled for several months.

During October any resident of Texas who is 65 years of age and over may purchase basic health and major medical insurance under Texas 65 regardless of past or present health status. It is available from any insurance agent licensed to sell health insurance in the state.

Fifty-six insurance companies doing business in Texas have agreed to underwrite the benefits of Texas 65 in accordance with special legislation passed by the 53rd Texas Legislature and signed by Governor John Connally.

what's it COST

Women, who before buying their electric ranges, thought it cost too much to cook electrically, have been pleasantly surprised at the bargain they bought. Some have noticed no difference in their electric bills. Composite figures compiled by engineers, however, show that the average is about 7¢ a day which includes breakfast, lunch and dinner for an average family - truly the kind of family bargain you've come to expect from modern electric service.

Whirlwinds Blow Down Antelopes, 33 to 6

By Gordon Hambricht

Abernathy won the toss, they chose to receive. Floydada kicked and defended the south goal. Don Rainer kicked to the 5. Pat Hale returned the kick to the 20, on the next play there was a 15 yard penalty which put the Antelopes back to the 11. Hale carried twice for only short yardage. One pass incompleting. Antelopes punted to the Winds 38. There was no run back. Moore then took the hand off hitting right guard for a nine yard gain. Campbell took it over for the first down. With two more first downs Moore, Campbell, and Bradford carried for good yardage. Bradford then took the ball out, throwing a pass to Tucker which covered 27 yards, for the Winds first touchdown. McNeill kicked the extra point. It was good. The Antelopes weren't to be denied. Hale took the ball on the eight and ran it back to the 47. Then Knight with full power of strength and good blocking went all the way for the T.D. The point after touchdown failed, with 4:42 left in the first quarter, score read Floydada 7 Abernathy 6. Antelopes kicked off with an "on side kick" going to the Winds 43 yard line. Winds trying to move the ball failed to pick up a first down, kicked on fourth down with 3 yards to go. Campbell kicked to the 8, there was no return. The Antelopes on third down fumbled the ball on Abernathy's 11 yard line. Moore carried to the 8. Teeple look it to the 4, with two carries. Campbell took it in for the T.D., extra point was no good. So with 8 seconds left in the first quarter Winds 13, Antelopes 6. Floydada kicked to the 15 where Hale brought it back to the 40. The Antelopes found the Winds defense too strong to go through so on fourth down they kicked to

Holding the Antelopes with a short gain, they kicked on fourth down to the Winds 44. The Winds got up steam with six plays, two first downs, crossed over with Moore carrying from four yards out, the extra point was no good. With 8:45 in the fourth quarter the score was Winds 26, Abernathy 6. The Winds kicked to the 8, where Hale picked it up carrying it back to the 25. The Winds held again only letting the Antelopes gain six yards in three tries. With fourth down, Antelopes went back into punt formation. Max Wilson and Monroe Schutz blocked the punt and recovered on the Antelope 26 yard line. Watts carried for four yards, then Osborne with four carries broke the T.D. line after four minutes after their last touchdown, the extra point was good making the score Winds 33-Antelopes 6. The Winds kicked to the Antelopes 4, Hale again ran the kick back to his 33 yard line. The Antelopes having trouble all night trying to go through the tough Winds defense, got started on this drive, with two penalties against the Winds, putting the ball on the Winds 45. Tannehill hit Paxton with a pass, picking up twenty yards. Hale carried three times carrying the ball to the four yard line. On the fourth try Robertson drove in to Catch Tannehill before he could do anything with the ball, a loss on the play of two yards. The Winds took over with only seconds to go ran the clock out.

We would like to give credit to the fine work of the defense team performed. Some of these Whirlwind defense that went through the line to catch the Antelopes for losses were Robertson, Campbell, Lutrick, Potts and Tucker. There was also some outstanding Antelopes which could not be over looked, Hale, Knight, Paxton, Tannehill, and Preston. With one win in conference games we have a very hard road to travel. This week we will meet our rivals Lockney Longhorns. They played Canyon a very close ball game. Friday nights that is apt to be the hardest played game for the county championship as well as conference game.

Lakeview News

By Jevce Williams
LAKEVIEW, October 21 — Mrs. Cecil Lewis and family of Rule were weekend hosts to Mr. and Mrs. Earl Edwards, Mr. Marilyn and Bill.
Mr. and Mrs. Milton Harrison and daughters went to the Abernathy game Friday with Mr. and Mrs. L. R. Rainbolt.
Mr. and Mrs. Alvin Battey and Mr. and Mrs. Clifford Helms and children also attended the football game.

Monte Williams went to Truscott Tuesday with his grandparents, Mr. and Mrs. Edgar Jones. Mr. Jones had gone to Plainview to have his stomach frozen but since he finished harvesting his cotton his health improved, and the operation was not necessary.

Mr. and Mrs. W. Earl Edwards took their granddaughters, Cynthia and Jamie, to Kress for the weekend. They visited the Margie McKnight family.
Mrs. Howard Bishop is keeping books at the Lakeview gin.
Mr. and Mrs. A. L. Winegar of Crosbyton visited Douglas Rainbolt Friday night.

The knitting club met Thursday in the home of Mrs. W. Earl Edwards. Mrs. Earl Edwards is knitting a Barbie Doll wardrobe. Sweaters are being knit by Mrs. Warner Johnson and Mrs. Carl Beck. Two new knitters were Mrs. Duane Robertson and Mrs. Wayne Flemings of Mt. Blanco.

Mr. and Mrs. Clifford Helms, Mark and Judy visited Mr. and Mrs. Don Walls in Broadway Sunday.
Tom Taylor visited James Williams Saturday. Mr. and Mrs. Dennis Taylor are in Cincinnati, Ohio where Dennis is conducting a revival.

Rex Harrison visited Randy Bertrand Friday night for an evening of rabbit hunting. Rex has a greyhound he is training.
Miss Betty Sue Harrison attended the Crosbyton football game with Teddy Givens of Crosbyton.

Mr. and Mrs. W. R. Bradshaw

and J. Royce of Floydada visited Mr. and Mrs. V. W. Bradshaw Sunday.

About 1/2 inch of rain was received in the community over the weekend.
The mothers of Lakeview school students met Thursday to plan the Halloween Carnival for October 31. Sandwiches, pie, coffee and hot chocolate will be sold. The festivities begin at 6:30.

Cedar Hill News

By Joe Fortenberry
CEDAR HILL, October 21 — We received about 1/2 inch of moisture over the weekend which the wheat was badly in need of. Cotton is opening fast. Cotton harvest is coming along good. Quite a few hands. Some have defoliated so within two weeks the machines will be gathering it if weather conditions permit.

Mr. and Mrs. A. S. Mize, her two nieces, Mr. and Mrs. Alton Clifford, and Mr. and Mrs. Ernest Hankle of Weslaco spent Thursday with Mrs. W. B. Wilson of Floydada.
Mrs. Olin Koester from Plainview, Mr. and Mrs. Junior Taylor and family were Sunday guests of Mrs. M. H. Taylor.

Rev. and Mrs. V. L. Love of Lubbock visited Sunday night with his sister Mr. and Mrs. Weldon McCormick.
Mr. and Mrs. J. G. Tucker, accompanied by her mother, Mrs. J. C. Fortenberry, left Wednesday for Norman, Okla., where they visited with her sister and daughter and family, Mr. and Mrs. Dick Breckinridge. They report a very pleasant trip and beautiful scenery as the trees were in their autumn colors. They returned home Tuesday.

Mr. D. A. Welch of Medicine Mound had dinner with Mr. and Mrs. Darel Fortenberry Tuesday. Mical Fortenberry was on the sick list this week. He had to miss Thursday and Friday of school but is ready for school this morning.
Mr. O. R. Beard suffered a stroke in his home Tuesday evening. He was rushed to Methodist Hospital in Lubbock where he is receiving medical care.

Sunday his condition might have improved some but still listed in critical condition. Several from our community have visited the Beard family there. We do hope he will recover soon.

Mrs. Bell; Lenora visited with Mrs. M. H. Taylor Friday night. Mrs. Taylor is able to be up and around with her injured knee.
Mr. and Mrs. Floyd Lykes and girls of Lone Star visited Sunday with her parents, Mr. and Mrs. Weldon McCormick.
Mrs. J. R. Kelley and Mrs. J. A. Welch and Connie spent Friday night in Lubbock, Saturday they visited the Beards at the hospital.

Mr. and Mrs. C. S. Hutton from Waterloo, Iowa have been visiting in the home of Eugene Gillys. Mrs. Hutton is an aunt of Genes. Last Sunday the Gilly children and grandchildren of the late J. V. Gilly and Huttons had a family gathering and enjoyed the day at Palo Duro Canyon.

Mr. and Mrs. Walter Brannon attended the funeral of Jessie Hill at Silverton Sunday.
Mr. and Mrs. J. W. Brannon of Silverton, and Mr. and Mrs. Walter Brannon were Sunday supper guests of Mr. and Mrs. Morris Deagan of Turkey.
Kathy Gilly has been staying in the home of the Jack Stansells and the Eugene Gillys since her folks have been at the bedside of her grandfather, Beard.

We are glad to report that Mrs. Bishop Wigginton was much improved last Wednesday and Sunday when her family visited her. Her sister, Mrs. Ralph Hanson of Honduras, Central America arrived in Lubbock Friday night by plane to spend some time with her sister.

So. Plains News

By Mrs. Murray Julian
SOUTH PLAINS, Oct. 21 — South Plains Baptist Church had 77 present for morning services with more coming in for church. Visitors noted were Mrs. Starkey, Mrs. Reeves, Dwight and Randy with the John Kinnibrughs, Mrs. J. R. Spivey and Ronnie Simmons of Truscott with Marilyn Kinnibrugh. The EW attendance was in direct contrast to the 135 which attended last Sunday, but muddy rural roads kept many from attending, and some members are off on a hunting trip.

Mr. and Mrs. Shelby Calahan and their oldest son, Johnny left after Sunday School Sunday for Dallas, where this Monday morning Johnny will have an appointment with a specialist concerning his headaches and other trouble he has been suffering.

J. D. Webb, who formerly lived here, left Friday with Grigsby Milton, Kenneth Bean, J. B. Bishop, Rex Smitherman and I. H. Parks for Miller, South Dakota, in private planes for pheasant hunting. They encountered some bad weather which held them up a while on Friday, and they plan to be gone about a week.
Mrs. Jack Calahan of Lockney visited here Tuesday with Mrs. Bryan Karr, her sister-in-law. This Sunday visitors with the Bryan Karrs were their son, Mr. and Mrs. Elton Karr of Plainview.

Mrs. John Key West and Johnny West accompanied Mrs. Kenneth Bean to Amarillo Sunday as they took Dian Bean back to her school studies there. Dian had been home for the week end with her parents and Carla.
The Murray Julians and Mrs. Bryant Higginbotham went to Lubbock to the Methodist Hospital Tuesday night where O. R. Beard, uncle of Mrs. Higginbotham was taken that day by ambulance after suffering a stroke. All of the Beard's daughters and families have been at their father's bedside all week with Mrs. Beard. His condition still remains critical, according to members of the family.

Mr. and Mrs. Esley Yeary went to Truth or Consequences, New Mexico, last Tuesday to visit with friends, Mr. and Mrs. Lee Pearson who have been there taking the health baths for two weeks, and are still there. The Yearys went on in New Mexico to the mountains and other parts of the state, and arrived back home on Friday.

Rain fall amounts were from one half to three fourth inch all over our community Saturday, and the nice, soft rainfall brought the first moisture we have had in a long time, and was especially welcomed by ranch owners and those with wheat acreage.

W.M.U. members met at the Baptist Church Tuesday afternoon for Royal Service with "The Year of Jubilee" as topic for study. Present were Mmes. L. T. Wood, L. D. Love, Arby Mulder, Sealy Smith, Hollis Showmake, Murray Julian, L. N. Johnston, Grigsby Milton and Mrs. Tillman Powell.

Mr. and Mrs. George West left Tuesday for Tyler, Tex., where they attended the Annual Rose Festival, and then went on to Dallas where they visited friends and relatives, and were home Saturday night.

Mrs. Bryant Higginbotham is with relatives in South Dakota this week, and they are visiting her sister, Mrs. Ruth Morrison and family. Mrs. Arby Mulder is driving her school bus while she is gone.

Mr. and Mrs. H. M. Reed and Mrs. Lillie Luttrell of Floydada, Mr. and Mrs. Clay Anderson of Hart, and Mr. and Mrs. Gene Gilley and children of Cedar Hill were all guests of Mr. and Mrs. Leighton Temple on Sunday, and part were dinner guests at the noon meal.
Robert Reeves and daughter, Jeanette and Raymond Reeves went to Memphis to the Sim Reeves Ranch this Monday and they plan to be there until Tuesday night to work with the cattle.
Mr. and Mrs. Garvin Beedy were hosts at Sunday dinner to the Baptist Singer, Mr. and Mrs. Toby Druin, Christy and D'Anna.

Mrs. Leighton Temple is in the Plainview Medical Center Hospital this Monday with her sister, Mrs. H. M. Reed of Floydada who is to undergo surgery.
Mr. and Mrs. John Wilson spent Saturday night and Sunday down in Crosbyton with their son, Mr. and Mrs. Johnny Wilson and Loran, who are in charge of the Fieldham Motel there.
Mr. and Mrs. Philip Smitherman and Monty are spending this Monday in Amarillo where they were to visit his brother, Mr. and Mrs. Larry Smitherman.

Mr. and Mrs. L. N. Johnson and Mr. and Mrs. Roy Burke drove up to Canyon Saturday afternoon where they attended the football game between Canyon and Memphis State. Rain during the game got the sightseers rather wet.
Mr. and Mrs. H. L. Marble left Thursday for a vacation trip through Arkansas, and when they called home over the week end they were staying at Hot Springs.

Mr. and Mrs. Don Marble and children visited Sunday afternoon at the hospital in Brownfield where L. A. Quisenberry is recuperating from a serious operation. He is doing fine now and hopes to be able to come to his home in South Plains about Wednesday.

We are sorry to report the death of the infant daughter of Mr. and Mrs. Wendie Johnson on Sunday morning, October 20, at the Crosbyton Hospital. Grave-side rites were said for the little one who was named Tina Johnson, and Rev. Sealy Smith conducted services at the Floydada cemetery where the baby was laid to rest at Babyland Sunday afternoon. We offer our sympathy to the parents and family.

Mrs. Phillip Smitherman Mark and Monty entertained at a birthday supper in their home Friday night for Philip with guests his mother, Mrs. Ernest Smitherman of Floydada, and Mr. and Mrs. Raymond Reeves and girls. The group enjoyed supper culminated with a birthday cake.
Congratulations to Mr. and Mrs. Tommy Respondek on the birth of a daughter, their first child, at the Plainview Hospital on Thursday, Oct. 17, at 12 noon. She weighed around six pounds and has been named Mary Melissa. Grandparents here are Mr. and Mrs. Tom Respondek, Mrs. Respondek was the former Jimmy Beth Vann Meter from

Quitman.
Children of Granbury spent this Monday night here with Mr. and Mrs. Philip Smitherman and children. He is here to get hay and feed to take back to Granbury, and reports they have had no rain the whole season there.
NOTICE: Members of Hobby Club please note that meeting place for the next club party will be at the home of Mrs. Mildred Thornton, and it will be Wednesday afternoon at 3 p.m. on October 30, with guest speaker Mrs. G. C. Applewhite, of Lockney. Everybody will want to be on hand.

Mr. and Mrs. Larry Smitherman of Amarillo drove down Sunday to visit their folks, the Ernest Smithermans, and other visitors here with them Sunday afternoon were the Tommy Edwards family of White Flat.

Mr. and Mrs. Rene Yeary accompanied by Mr. and Mrs. Bud McGowan went up into the Colorado mountains near Rifle last Friday where the men are deer hunting. They are expected home this Tuesday.

Mrs. Murray Julian and Mrs. Bryant Higginbotham visited with Mrs. Carrie (Bostick) Whited in Methodist Hospital at Lubbock Tuesday night. She has been there about three weeks and is very ill with a rare disease. We all wish for her a speedy recovery.

Mr. and Mrs. Sylvin Kinnibrugh were hosts Sunday at dinner to her mother, Mrs. J. R. Spivey, Mr. and Mrs. Paul Horn, Paul and Teddy Horn, and Mr. and Mrs. W. H. Simmons and Ronnie of Truscott, and Mr. and Mrs. Ray Dillard of Lockney.

Week end guests with the John Kinnibrughs, Beverly and John Mark in South Plains were her sister, Mr. and Mrs. Arnold Reed, Randy, Dwight and Lyndel of Truscott.

The John Kinnibrughs and the

Sylvin Kinnibrugh visited this Monday in Ralls with the mens' grandparents, Mr. and Mrs. F. M. McCuston, and they went on to Crosbyton also to visit Mrs. Wendie Johnson who is in the hospital there.

Kitchen And Field News

From Nancy Marckel and Alton Higginbotham, Lighthouse Electric Cooperative, Inc.

"TO HOT TO COOK? LET AN ELECTRIC RANGE DO IT THE COOL WAY — If it is too hot to cook don't! Let an automatic electric range do it for you while you get out of the kitchen. You can prepare a complete oven meal — meat, vegetables, and dessert — put it in the electric oven, set the automatic controls, and leave. The oven will go on at the set time, cook at the set temperature, and turn off automatically after the set length of time.

And you will find that when you come home the kitchen won't be sweltering from escaped oven heat. Electric ovens are thoroughly insulated at top, bottom, and sides to keep heat inside where it belongs — cooking the food, not the family.

Surface cooking units of the new automatic electric ranges also help keep the kitchen cool. Since the electric element is in contact with the pot or pan, heat is transferred directly into the food, not out at the sides to heat the kitchen.

In addition, some electric elements can be adjusted at the push of a button to one of three different-sized areas of heat to fit small, medium or large pans. When a small pan is used, only the section of coil directly under it is heated, so there's no wasted heat warming the kitchen.

In an accompanying letter, FEIC National Mgr. John Luft pointed out that 1963 crop sales of 4,279 cotton, wheat and grain sorghum contracts in Matthews' 18-county High Plains district, including 4 southeast New Mexico counties, represent an 85 percent over that of the 1962 crop year.

"Your district has the enviable position of leading all other districts in the nation by \$160,000 in crop insurance," Luft said. Luft called attention to Matthews' work and planning, and his cooperation with the many private and public agencies and institutions which encourage the progress of Federal Crop Insurance.

Dougherty Club Meets In Home Of Mrs. Bradley
Dougherty Home Demonstration club met Thursday, Oct. 10 in the home of Mrs. Ned Bradley. The president, Mrs. W. J. Ross was in charge.

The devotion was given by Mrs. Bradley and members answered roll call by telling the name of their favorite comedian and sang their song for the day, "Put On Your Old Gray Bonnet".

Mrs. Ross gave the presidents report and other annual reports were also heard.

New officers for the coming year were elected with Mrs. Ross being re-elected as president; Mrs. R. H. Crawford, vice president; Mrs. Carmel Eastham, secretary and treasurer; Mrs. A. H. Kreis, Council Delegate.

Program chairman, Mrs. R. H. Crawford, then took charge and presented Mrs. Claude Ring in giving "What determines the Price of a Permanent" and Mrs. Johnnie Cates who gave interesting pointers on make-up, posture, weight, exercises and dieting and stressed that these were what gave us good complexions.

Mrs. Eastham gave a five minute demonstration on pointers for baby sitters. She said the child and the sitter should have time to get acquainted before the parents leave them, they should acquire a sitter who has had children and understands them, the sitter should have references and the parent should always leave a phone number with the sitter where the mother might be reached.

Discipline was given by Mrs. Earl Edwards. She said to set the right example and never dis play temper, be firm and calm and treat the children with respect.

Mr. G. W. Smith gave the program part of Healthy Personality. A child must feel confident and she said a happy marriage, congenial home life can have an effect on a child's personality.

Schools can also be a happy thing or a hinder to their lives, as can teachers, Mrs. Smith

Prowler Victim Is Improving
Mrs. Trudy Hodgins, 55 year old Lockney woman, was reported resting comfortably Tuesday in Lockney General Hospital where she was admitted Sunday night in a state of shock after she said a man attempted to choke her. Several have been questioned about the incident according to Sheriff Walter Hollums.

Mrs. Hodgins, who was staying in the home of her friend, Mrs. F. L. Marble, reported to the sheriff that she was awakened about 11 p.m. and found a man standing over her bed. The prowler started choking her, Mrs. Hodgins said and in the wild struggle Mrs. Marble, who was sleeping in the same room, woke. The man fled after the two women yelled for assistance. A roomer in the same house reached the scene after the man had departed, according to Mrs. Hodgins.

Mrs. Hodgins was unable to give officers a description of the man. She did say however that his arms were hairy and officers found grease and grime on the bed clothing, which evidently had rubbed off of the man's clothing.

Mrs. Horace Ammons of Amarillo visited here Monday and Monday night with Mrs. C. N. Batten. In the afternoon Monday the two women visited in the home of Mr. and Mrs. Thomas Warren, Mr. and Mrs. Bob Aldredge and Mr. and Mrs. O. K. Custer.

Visiting Monday night in the C. N. Batten home with Mrs. Ammons and Mrs. Batten were Mr. and Mrs. Fred Batten and Mrs. J. E. Green.

Mrs. Cates had charge of recreation and lovely refreshments of coffee, tea and pound cake were served to Mmes. W. J. Ross, R. H. Crawford, Carmel Eastham, Johnnie Cates, Leroy Cheaning, G. W. Smith, Earl Edwards, and Mrs. Claude Ring.

The next meeting will be with Mrs. Eastham on Oct. 24 at 2 p.m.

Mr. and Mrs. Guy Ginn attended McMurray Homecoming over the weekend and visited with their son, Pat, who is a student here.

Mrs. Clay Henry is under medical treatment in Plainview Medical Center.

Mrs. Sammy Hale, Mrs. Lane Becker, Mrs. Rex Lackey and Mrs. Lon V. Smith attended the Caprock District Board Meeting of Federated Clubs in Morton last Saturday.

boilers. They are our responsibility as long as they live here and they will never rise above the present level of subsistence, unless the people of the state of Texas do everything in their power to educate them. Every child of school age you see in a cotton field or on the street during school hours represents a possible charity case in the future when mechanization and improved farming techniques gradually absorb the need for unskilled manual labor.

Another reason our school board and school administration wants to enroll these children is because of our state's method of supporting the schools. For every 25 students in average daily attendance the state will pay the salary for one teacher. This support is based upon last year's attendance which causes crowded classroom conditions each year as the enrollment increases. Any absentee hurts the average daily attendance and a small cold epidemic might even cost the state support for a teacher's salary. By enforcing the law on school attendance our schools are overcrowded for a month to six weeks but the increase in enrollment offsets natural absences during the school year. This allows more teachers, fewer students per classroom and as a result a better teaching situation and increased opportunities for your children.

It is an accepted fact that had it not been for the education of the masses, the freedoms of democracy would have long since been taken away. The strength of our nation rests in the arms of free public education.

Temporary receipts on the payments are being issued and any deficiency to be made up or any surplus to be refunded.

The suit is holding the 1963 tax roll under a restraining order and also the selling of \$800,000 worth of bonds that have been approved by the district for a new grade school and other improvements in the school system.

Olton leads the district in points scored with 182. Floydada leads the district defensively, al-

lowing opponents only 24 points this year.

Floydada remains in third place ranking in Class AA behind Denver City and Tulla, Lockney's record for the season is 3-3, Floydada's 5-2.

Fred makes his first freeze forecasts by the color and condition of the leaves on the trees across from the bus station on the north side of the Commercial Hotel.

Farmers who have June cotton I am sure will be pulling for Fred's prediction!

I SUPPOSE a real good cotton picker can pull a 1,000 pounds a day... this is more than Skimmey Winn pulled in a day's time last week. Think he wound up with 303 pounds. Of course Skimmey was sorta out of practice and is capable of pulling much more, but it seems that he only had to beat 300 to show up his other buddies.

Wonder if he received \$1.50 per hundred as well as the \$44 "bonus money"?

WE MAY not have many coon hunters in Floyd County, but we're developing a knack for killing bobcats. Burle Daniel killed a big bobcat over on this side of Blanco Canyon about a month ago. Now Bub Daniel, who lives on the other side of the Canyon, has killed three.

Although these two Daniels are no kin... they could both be tabbed "Dead Eye Daniel."

Mrs. Bill Davis Speaks At Joint Club Meeting

The 1950 Study Club met jointly Tuesday night with other Floydada Federated clubs in the First Methodist Church.

Mrs. Lon V. Smith brought the invocation and the welcome and introduction of club presidents and board members was made by Mrs. Charles Tyer.

Introduction of the guest speaker, Mrs. Bill Davis of O'Donnell, president of the Caprock District, was made by Mrs. Sammy Hale. Mrs. Davis's talk concerned the Federation and the duties of club members in Federation. She also made several comments about the Caprock District.

Refreshments were served in the parlor of the church with hos-

Jim Groves Gets Commendation

As a result of nationwide tests given last spring, Jim Groves, son of Mr. and Mrs. L. E. Groves, Lakeview teachers, has received a letter of commendation from the National Merit Scholarship Corporation.

The letter commended the student for his excellent performance and informed him that he was among the top two percent in the nation's schools.

The commendation will increase the chances of the student of earning scholarships, apart from those awarded under the Merit Scholarship program, NMSC officials said.

Jim is a senior at Lubbock High School.

Fort Worth on July 5, 1917, serving and participating in major operations during World War I at the time of his discharge the latter part of 1918 he held the rank of First Class Sergeant.

Prior to his enlistment he was telephone manager at Alvord. He returned to that position until starting work for the Magnolia Pipeline where he was employed for ten years. He started work as manager of the West Texas Co., in Silverton in 1929 and served in that capacity at Turkey, Plainview, Tahoka, Quitaque and Floydada.

The company, later known as Pioneer Natural Gas Co., awarded Mr. Leslie his retirement in January of 1960 in Floydada after 30 years of continuous service.

Mr. Leslie and the former Demia Parish were married on December 21, 1920 in Bowie, Tex. They moved to Floydada in July of 1944 and have resided here

B Team Takes Kress, 30-0

Floydada "B" met Kress here last Thursday night due to a last minute cancellation by the "B" team from Post.

The Kress "B" team was composed almost entirely of Freshman boys but showed that they came to play with some hard hitting and heads up football.

Floydada's first score came when John DeLeon hit Bob Murry with a 75 yd. scoring pass in the opening moments of the game. Steve Marler ran the extra points making the game 7-0. Kerry Bearden scored the next T.D. with a 53 yd. jaunt around his own right end. The points after failed.

The next addition to the scoreboard was when the home team downed the Kress boys behind their goal line for a safety and 2 points. This made the score 16-0.

Steve Marler tacked on another six points with a 68 yd. punt return with the help from Phil Green. Big Daddy Barrow who threw key blocks in the run back.

The points after were scored by Steve Marler. This made the score 23-0.

The last T.D. came on a 35 yd. pass play from De Leon to Mac Baker and the point after was good to make the score 30-0 which was the final count.

The coaches had an opportunity to play every boy on the squad and these boys did quite a nice job in hitting the opposition.

The "B" team travels to Lockney tonight to test the Longhorns of the night before the big Floyd County contest between the AA teams from the respective towns.

PTA Will Sponsor Annual Carnival

October 31

The annual Halloween Carnival at Andrews Ward, which is sponsored by the Parent-Teachers Association, has planned a wonderful evening of entertainment for the entire family on the night of October 31, next Thursday night at the school.

Visitors will not find many rooms in the school vacant for there will be 21 booths set up along with the costume contest and other events planned.

Families are asked to go early, eat at the cafeteria and remain for the fun and frolic.

The fun booth will consist of Apple Dart, Wilches Hat, Dart Board, Penny Toss, Hungry Jumbo, Fortune Telling, Wheel of Fortune, Wishing Well, Turkey Shoot, Ring the Clown's Nose, Ring the Bottle, Ping Pong Toss, Candle Shoot, Ring the Turkey and Turkey Raffle, Weight Guessing, Spook Room, Cake Walk, Football Throw, Horseshoe Pitching, Country Store and many, many more.

The Costume Contest will have three divisions with prizes offered in each. Grade School students are asked to dress their ugliest, their prettiest, their scariest or what have you and enter the contest.

Committee women for the Carnival this year include Mrs. Emory Roberson and Mrs. Porter Finley, cafeteria; Mrs. Ray Reed and Mrs. Elmer Biggs, games; Mrs. Buster Simpson and Mrs. Booth, Carnival Booths; Mrs. Lon Davis Jr. and Mrs. Jack Jordan, Costume Contest; Mrs. Milton Evans and Mrs. Fred Hickerson, prizes; Mrs. David Kirk, clowns and Mrs. Cleo White, publicity.

All proceeds from the Carnival over expenses will go into the PTA fund and be used for Andrews Ward School. Thus far from the results of the Carnival the PTA has been able to purchase for the school a tape recorder, record player with 15 records, projector and visual aids, gym mats, playground equipment, library books and shelves, teaching aid and supplies, duplicator machine, cafeteria supplies and magazines.

Proceeds last year amounted to \$1,053.31 from the Carnival. Of that amount \$157 was used for PTA expenses; \$611 for the school needs, and \$54.33 Carnival expense, leaving a balance last year of \$285.31.

Citizens of the county have made these things possible for

the school and PTA, committee women said. Your help is appreciated in making this year's Carnival another success.

Homemakers Club Organizes

A meeting to organize the New Homemakers Club of Floydada, was held Oct. 15 in the FHS homemaking dept. Two delegates from the Lockney club presented facts and information concerning the organization.

During discussion it was decided any under 36 years of age and out of high school may join. Each meeting will be held on the first and third Thursdays at 3 o'clock in the FHS homemaking dept. Dues were set at \$2.00 per year beginning Sept. and ending in May.

The club will have a baby sitter on hand at each meeting for those with small children. A call meeting will be held Oct. 24 at 3 o'clock at the school.

Following the past meeting cookies and coffee were served by the club advisors Mrs. A. E. Baker and Mrs. James Bachus.

If you are interested in this organization you are urged to attend the meeting Oct. 24.

Methodist Church Planning Senior Citizen Program

The Commission on Social Concern of the First Methodist Church announces plans to sponsor a program for senior citizens of the church and community.

First meeting and program has been set for November 26 at 10:30 a.m. in Fellowship Hall of the church.

This is the beginning of a series of programs to create more interest to the citizens of the area.

Additional information will be made public at a later date, according to Rev. Charles Lutrick, pastor of the church.

Missionary To Speak In Local Church Sunday

H. Vincent Seeley and family, who have been working in Bolivia for the last four years, representing the Church of the Nazarene, are on a furlough in the United States, doing deputation work among churches of the denomination and will be in the Floydada Church Sunday Oct.

27, at 7:30 p.m.

Mr. Seeley, a native of Wyan-dotte, Mich., has been director of the Nazarene day schools in Bolivia and superintendent of construction on the church district there. The denomination now has 19 schools with about 800 pupils in Bolivia.

In his addresses, Mr. Seeley will describe the cultural life of Bolivia and its people. He will tell about the day schools and Bible schools that the church has established.

Mr. Seeley and family have been living at La Paz since they were assigned abroad in April, 1959, by the Department of Foreign Missions.

Mr. Seeley is a graduate of Northwest Nazarene College, Nampa, Idaho. He taught in public schools for three years prior to going abroad.

Mr. and Mrs. Seeley have four children, two sons and two daughters.

Farmers Grin, Frown At Rain

Floyd county farmers in general appreciated from a half to three quarters of an inch rainfall that came to the area Saturday and Sunday.

Wheat farmers and ranchers greeted the general drizzle with smiles. Cotton farmers frowned on the moisture.

However, hand pullers were back in the fields by noon Monday and the cotton harvest resumed.

Irrigation farmers are watering new wheat day and night... the moisture settled the dust everywhere. Floydada received .63. This is the only measurable rainfall received this month.

A very bad drought continues down state.

MRS. ROY FAWVER is pictured with a cotton crop that may make three bales per acre. It is April planted Lankart and the hand pulling began last week. The Fawvers live near Lakeview.

Three Bale Per Acre Cotton ?

The Roy Fawvers out Lakeview way and their neighbors have been counting bolls of cotton on one particular patch which looks like it will make as much as three bales per acre. Fawver says this is Lankart 57, was planted the 2th of April. It was pre-watered one time and three times after planting. Fertilizer on the cotton included 140 pounds per acre of 0-40-6-4 and 100 pounds of anhydrous to the acre. The stand is very good and the cotton is waist high . . . heavily loaded with both open and closed bolls. Fawver said he planted some of his cotton as early as the 18th of April this year and is now pulling from another field that is producing 1 1/2 bales per acre on the first pulling. Fawver reports this will be his best cotton crop . . . if nothing happens!

Floyd Philosopher Amazed To Discover The Experts Think That Part-Time Farming Is New

Editor's note: The Floyd Philosopher on his Johnson grass farm disagrees with the experts on a modern trend in farming, his letter indicates. Dear Editor: Sometimes you'll find that an expert is somebody who has just discovered and announced what a lot of people have known for years. For example, I was reading a magazine last night which a salesman left out here during the afternoon, well he didn't actually leave it, he dropped it while he was trying to beat my dog to his car, and in it I discovered an article on the changing trends in agriculture. In case you're wondering, the salesman won. At any rate, according to this article, some experts have discovered that the modern trend in agriculture is toward part-time farming. The trend toward part-time farming set in on this Johnson grass farm the minute I started farming it and expect it to stay that way. I could name you some more who share the same view. Part-time farming's not something new; what's new is that some farmers are now working in town too. Understand, farming is a full-time job, there's always something to do. But that's not to say all us farmers are always doing it. Why right now I've got jobs staring me in the face which should have been done 10 years ago, but they've never stared so hard I felt like I ought to take a job in town to dodge them. Of course, there are some young farmers who work in town and still seem to get more done on their farms than I do on mine, but this is a trend which I don't care to call attention to. The fact remains though that part-time farming set in thousands of years ago, or whenever it was man discovered you couldn't plow when it was wet or hoe when the fish were biting, and as far as I can tell the trend is still underway. Yours faithfully, J. A.

Henderson Conducted

Services were held at the Church of Christ Friday morning in Peoples Hospital for the late Mrs. G. (Sima) Henderson, who died Tuesday morning after a long illness. The services were held at the home of her parents, Mr. and Mrs. L. W. Henderson, on West Grover.

F. M. Price Home Burns

The home of the late Mr. and Mrs. F. M. Price, 618 N. 12th in Floydada, burned Saturday, Oct. 12, apparently from faulty wiring. Mrs. Marquitta Davis, daughter of Mr. and Mrs. Claud Price and granddaughter of the F. M. Prices, and her family were residing in the home at the time of the fire. Mrs. Davis and her family were away from home at the time as were the Claude Prices who reside next door. Mrs. Davis was at the grocery store and when she returned found the home and its belongings in ashes. Floydada firemen fought the blaze.

4-H Council Has Meeting

The Floyd County 4-H Council met Oct. 7 with chairman, Ebb Kropp in charge. Jackie Yeary called the roll and read the minutes of the last meeting. The 4-H motto was led by David Mitchell and guests introduced. Two club presidents gave reports on their club activities. Neil Mitchell reported on the State Leadership camp at Lake Brownwood of which several from Floyd County attended. Tom Davison stated that a number of year books went to district and two went to state. Mr. Davison also recommended that we see about having the three day recreation school led by someone from College Station. Date for the County 4-H Achievement has been set for Nov. 2 at a place to be set later in Floydada. The committee for this will have a called meeting in the near future. The next 4-H council meeting is November 4.

BUSTER MCINTOSH ON STATE VISIT

B. F. (Buster) McIntosh, Jr., who has just returned from two years spent in Kuwait, Arabia, is visiting in Floydada with his brothers, Jack and Tommy McIntosh and their families and a sister, Mrs. Hope Norman, and parents, Mr. and Mrs. B. F. McIntosh in Lubbock. Buster is with Southeastern Drilling Co. He is on two months leave. His plans are to return to Dallas in the purchasing section of the firm.

The Salvation Army "invaded" the United States in 1880. The Salvation Army is on call 24 hours a day to serve at fires, floods and other disasters. A fleet of mobile disaster canteens is strategically stationed throughout Texas to rush to any disaster at a moment's notice.

CHRISTMAS IN OCTOBER?

Seem unreasonably early, but we are urging to come in now and pose for Christmas portraits. It's one gift you cannot rush out and purchase at minute, because good professional portraits are hurried. And because they do take time and special care, few gift choices for Christmas are as hearted and loving and truly welcome as today for an appointment.

The First National Bank Salutes Area Agriculture

EARLY COTTON STRIPPER—Billy Joe Hambricht is pictured stripping cotton just north of the Lakeview. The cotton was first hand pulled and was defoliated for fast maturity.

Modern, efficient farm equipment is a must for the highly mechanized farming operation of this day and time. Better production, better farming methods are derived from the utilization of good equipment. If you are interested in buying better farming equipment, trucks, pickups or automobiles, see the folks at the First National in Floydada for convenient low-cost financing.

Field Day At Spur Set

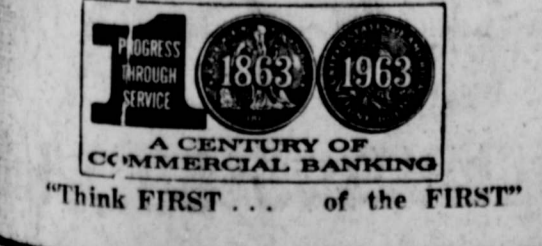

Paul T. Marlon's "cowateria" will highlight the Rolling Plains Experiment Station's annual Field Day at Spur, Texas on Friday, October 25, Floyd County Agent H. T. Davison announced today. Marlon is superintendent of the Spur Substation and personally directs all beef cattle research activities there. His project features a feedlot breeding herd that has never been on pasture. Visitors will see these cows and their 4th calf crop at weaning time, Davison said. Other items of special interest to area ranchmen will include reports on brush control research, water conservation practices and cow and calf operations on native pastures. The Field Day program will get under way with a tour of the station from 9 to 12 a.m., followed by a "dutch treat" chuck wagon lunch. Afternoon speakers will include E. D. Robinson, station range scientist, W. J. Waldrip, superintendent, Texas Experimental

Douglas White On Honor Guard

OLMSTED AFB, Pa.—Airman Third Class Douglas G. White of Floydada, Tex., is one of the selected volunteers now serving as a member of the Olmsted Force Base Honor Guard. As a member of the official ceremonial unit, Airman White participates in various military ceremonies including retirement parades, formal arrival functions for dignitaries and funerals for deceased servicemen in the Olmsted area. He took part in the official greeting for the King and Queen of Afghanistan at Olmsted during their recent visit to the U. S. The airman, a data processing machine operator, is the son of Mr. and Mrs. John R. White of 203 W. Jackson St., Floydada. He is a graduate of Floydada High School. Ranch: Dr. Morris Bloodworth, head of A&M's Soil and Crop Science Department; J. K. Riggs, animal husbandry professor; and H. O. Kunkel, associate director, Texas Agricultural Experiment Station.

Rockefeller's Comeback

More liberal Republicans have been encouraged of late to speak of Governor Nelson Rockefeller's comeback. They point to a recent Gallup Poll which shows that the New York Governor has picked up two or three points on Senator Barry Goldwater of Arizona. They also are cheered by the fact that, among both Democrats and Republicans, Rockefeller is running about even with Goldwater.

Comeback talk makes for interesting political speculation. But it should be remembered that the main factor for Republican candidates to consider is their popularity within their own party. They must win the nomination from Republicans.

And while it is important for Republicans to think the nominee can win, it is also true that the opinion of most Democratic voters is relatively unimportant, for they are not going to vote Republican, in any degree, except perhaps in the South. And there Goldwater is the overwhelming favorite.

Those who are trying to explain Rockefeller's comeback say that his private life is now dropping into the past.

Nevertheless, perhaps this will drop into the background. Then the only issue which Republicans would be faced with would be one of following a candidate who was very much like the Democrats in his liberalism, or a conservative. That is the basic issue, and not the personal life of either candidate. It should be the basic issue.

"Mister Boll Weevil" ...

Mister Boll Weevil and family have set up housekeeping in Lynn County, and now the cotton farmer has another "friend" with which to contend. One farmer from Down East says, "The only way to kill the boll weevil is to pick him off the cotton plant, put him on a brick, and hit him with a hammer - but he has already left a passel of eggs behind."

Lubbock is elated over receiving the Litton plant. We hope our big city friends are putting out the same effort to save cotton. Without cotton, our Plains country will be reduced to livestock, oil, and minor agricultural production. One big cotton mill in South Carolina converting from cotton to synthetics may be worth more to Lubbock and Tahoka in the long run than some big manufacturing plant. (Lynn County News)

Anti-Smoking Class

Ever since there has been a school system, there have been boys who slipped out behind the barn or behind the privy or in some other secluded spot to smoke a cigarette.

And always the schools have taken a dim view of smoking, with most schools prohibiting it on the campus and doing what they can to discourage it elsewhere.

It used to be that smoking was discouraged on the grounds that it "stunted the growth." It was "naughty," it was "expensive," and nothing good would come of it.

And yet whole generations of Americans have taken up the habit and smoked merrily along, building the cigarette industry into a billion dollar giant.

Medical findings of recent years, however, have given parents and school officials a new weapon in their campaign against cigarette smoking. It is simple.

It is contained in the fact that cigarettes kill people.

The Houston Independent School District is right now launching an all-out campaign to reduce the number of teen-age smokers in secondary schools. Houston school officials are disturbed by the fact that smoking as a habit has descended downward from high school into junior high and there are instances where cigarette smoking has become a habit as early as the sixth grade.

So in Houston there will be a vigorous campaign to at least let the students know what they are in for when they take up the cigarette habit.

The American Cancer Society is helping in this anti-smoking campaign. Evidence linking cigarette smoking with lung cancer and heart disease is presented through films and lectures. Some of it is said to be "shocking."

So much the better. It will have to be shocking to stop smoking on any level, grade school on up.

COTTON DEFOLIATION

Mr. and Mrs. Allen Watts returned home from the eastern states where they enjoyed a sight seeing tour and visited with a son, Sgt. Allen Wayne Watts at Goldsboro, N. C., who is making a career in the Air Force.

The Floydada couple left September 29th on the sight seeing tour and returned home on the 13th of October. Mr. Watts, who suffered a stroke on July 2, 1962, was not able to view too closely some of the scenic spots as he is not able to walk normally.

Mrs. Watts did the driving of the family car and traveled over 15 states covering 4,102 miles.

They visited a sister in Monroe, La., and went through the Smokey Mountains. Mrs. Watts said they have never been to the mountains and she enjoyed them thoroughly.

Because of her low blood pressure, Mrs. Watts said she felt better while there, but her husband who suffers from high blood pressure was quite uncomfortable so they had to leave the mountain areas.

Mrs. Watts said they found the people of every race in the east all very nice. But of all the states they saw they still prefer Texas and its beauty.

Mrs. Watts said Alabama has all kinds of law you can think of and you break every one of them driving there. But she said the highway patrol were very nice and would assist you in any way. She said she also found the Rangers nice.

They came back by way of Niche Trail in Mississippi where no trucks are allowed on the 100 mile strip.

Mrs. Watts said her two sons, Eugene who works for Wyly Grocery, and Wayne, wanted them to make the trip in order to see if Mr. Watts might be able to live in the Eastern states. We believe he could anywhere but in the mountains, Mrs. Watts said.

Where you find cotton fields and wheat is this area. Mrs. Watts said in North and South Carolina you found tobacco fields. She said tobacco owners clear \$2,000 per acre. Cigarettes are \$1.75 a carton there Mr. Watts said.

Boll Weevils Hit Lynn

(from Lynn County News)

The boll weevil, most dreaded of all cotton insects and the hardest to control, has invaded the eastern edge of Lynn County.

County Agent Bill Griffin last week found the first evidence of boll weevils ever reported in this county in a cotton field east of Redwine.

Tuesday, in company with Don Rummell, area entomologist of the Extension Service, the Lynn county crops committee, and a group of other farmers made spot inspections in eastern Lynn and found boll weevil infestation in eight separate locations, principally adjacent to the caprock and the Double-U pasture.

Signs were found in the Grassland, Redwine, and Draw areas. Boll weevils or weevil punctured bolls were found in the Carl Williams, D. W. Gagnat, Billy Loren Thomas, Jeff Huddleston, "Shorty" Williams, and Leroy Davis fields, and also in two fields a mile south and a mile east of Grassland. Boll weevils had previously been reported found at Close City over in Garza county.

Other men in the party making inspections were Carl Sanders, Robert Warren, Joe Lambright, and Bertice Askew of the county crops committee; Weldon Martin, O'Donnell ginner; Loyd McCormick, president of the Farm Bureau; Dan Cook, Wilson banker; Elmer Rash, and some of the other men on whose places the weevils were found.

Large areas of the South have been forced out of cotton production because of the boll weevil. Until recently, agriculturalists believed the winter weather on the Plains would prevent boll weevils from ever migrating to this territory.

But two years ago, a few were found in eastern Floyd county. Then, last year, extensive weevil damage was reported in eastern Floyd and Crosby counties.

This year, weevils have been found all along the caprock country and as far interior as ten miles or more from Briscoe county down through Floyd, Crosby, Garza, and Lynn as far south as Draw.

Weevils feed almost exclusively on cotton, and fly as far as 35 miles, Mr. Griffin says.

Farmers in some of these counties, particularly Floyd and Crosby, where infestation has been damaging, organized a six-county Boll Weevil Committee, headed by Don Anderson, Crosbyton farmer, and means of fighting the boll weevil migration are being studied.

Last Friday, 65 key area agricultural leaders and boll weevil researchers and specialists met in Lubbock to discuss the alarming migration of weevils, the growing threat to the vast Plains cotton industry, and methods of halting the spread.

Attending the meeting were boll weevil specialists from Washington, D. C., Beltsville, Md., Gulfport, Miss., Arizona, Texas A&M College, and from several agricultural agencies.

Fighting the insect is an expensive proposition, sometimes as much as \$50 an acre, and certainly not less than \$15.00 an acre. Cotton men say the weevil must be controlled, regardless of cost.

Even establishment of a buffer zone along the caprock, The News is informed, might cost up to \$10 million.

Son-In-Law Of Teeple Injured

Rufus Wood, of Andrews, son-in-law of Mr. and Mrs. Gaines Teeple, is showing a slight improvement in the Cogdell Memorial Hospital in Snyder where he was rushed Saturday after being seriously injured at Lake Thomas.

The Teeples and Woods family were at Lake Thomas and Mr. Teeple and Woods had jacked up their trailer house in order to box it in for the winter.

The family said the trailer house fell from the jack on Woods, across his chest and shoulders. His lungs, shoulder and ribs all sustained grave injuries and just how serious was not determined this mid-week. Mr. Woods is still under oxygen in the hospital.

Mr. and Mrs. Teeple have been at the bedside of their son-in-law since the accident.

Mr. and Mrs. W. O. Tye are visiting relatives in Dallas and getting in some fishing while gone.

eradicating screwworm flies, have not been too successful so far.

Following is a brief history of the boll weevil published by The Cotton Gin and Oil Mill Press of Dallas:

Boll weevils pass the winter as adults in weeds, grass, woods, trash, or protected places near cotton fields. They leave winter quarters and return to cotton fields in the spring when the weather is warm enough for cotton to grow, and they remain there until frost. Boll weevils prefer to feed on and to lay their eggs in squares, but they also attack bolls. Eggs are laid singly in deep punctures made within the squares or bolls, and after 3 to 5 days they hatch into white larvae, or grubs. The grubs feed for 7 to 14 days and then change into pupae within the squares or bolls. The adults emerge from the pupae in 3 to 5 days and cut their way out. After feeding on blooms, squares, or bolls for 3 to 4 days, the females are ready to lay eggs. The complete life cycle from egg to adult weevil requires about 3 weeks when temperatures are high and there may be seven or eight generations a season.

The leaflike bracts at the base of the punctured squares open up, or flare, and the square turns yellow and dies. Most of the punctured squares and small bolls are shed, but some remain hanging to the plant. Large punctured bolls are not shed, but the lock in which a grub feeds fails to develop properly, and the lint is cut, stained brown, and decayed. When several weevil grubs develop within a boll, as often occurs, the entire boll is ruined.

LINDA LOPEZ

Girl Sets Fast Pace To Reach Her Destination

You have to set a fast pace to even run eight miles an hour, but one young Latin-American girl said she walked approximately 30 miles, or the distance from Turkey, Tex., to Floydada early last Thursday morning. News makes a story and this was news when the Gesperian was tipped off that the girl was at the bus

station waiting for the bus that would take her to Hale Center to her mother.

This reporter interviewed one Linda Lopez, who is 15. She said she covered the distance from about 3 a.m. Thursday morning reaching the bus station about 9-20. She said she only had one ride and that being about a mile out of Floydada. She said she was used to walking and was not afraid of the dark or what it might hold for her.

Linda said the reason for her trip was that her mother had given birth to a new baby, and she was headed for Hale Center

to care for her. She said she had been in Turkey pulling cotton with her father and he was unable to take her to Hale Center as the truck he used was kept busy in the harvest.

The girl said she used to walk from Littlefield to Hale Center all the time when the family was working there, likewise when she said her family were from they worked anywhere Eldorado, Okla., and that her parents were Mr. and Mrs. Manuel Lopez. She is one of three girls and two boys of the family.

And we found her very charming and pretty but not one who could walk that distance that fast, but then we are quoting her words.

REX JONES' ARE NEW PARENTS

Mr. and Mrs. Rex Jones are parents of a new son who was born October 4 in West Texas Hospital. The baby weighed five pounds and 12 ounces and named Dary Von.

Grandparents are Mr. and Mrs. Orville Newberry, Floydada and Mrs. Madge Jones of Lockney. Great grandparents include Mr. and Mrs. A. M. Batley, Floydada; Mrs. Adcock, Lockney; and Mrs. Ferguson of Floydada.

DR. R. EARL ALLEN

Former Pastor Honored Here

Dr. R. Earl Allen, former pastor of the First Baptist Church, was given a reception in the church chapel on Tuesday night, at 7:30 p.m. Dr. Allen is now pastor of the Rosen Heights Baptist Church in Fort Worth.

The occasion coincides with the release of Dr. Allen's first book, entitled "Bible Paradoxes". The publication has been given wide publicity and high acclaim by the publisher and book distributors all over the country.

Crawford In Play Cast At Wayland

PLAINVIEW, Special — David Cary Crawford, son of Mr. and Mrs. R. H. Crawford, Floydada, has been selected for the cast of "Flavor of the Week," first production of the 1963-64 drama season at Wayland Baptist College, Plainview.

Setting for the three-act comedy, written by two Wayland professors, Dr. Henry Eason and Dr. Eugene Jones, is on a college campus, where a rejected lover's attempts to win back his belle keep the campus in an uproar and even cause international implications.

Crawford plays the role of a collegian in the comedy. The benefit play will be presented Oct. 17 and 18 in the Plainview High School Auditorium with the proceeds going to the High Plains Council for Mentally Retarded Children.

This is the second year the benefit performance has been arranged. The Wayland playwrights have collaborated on three previous plays. "Flavor of the Week" is their first comedy attempt but promises to meet with the same enthusiastic response which their previous joint efforts have met.

GATES SENATOR OF FRESHMAN CLASS

PLAINVIEW, Special — David B. Gates, son of Mr. and Mrs. W. B. Gates, Floydada, was recently elected Senator of the freshman class at Wayland Baptist College, Plainview.

Gates is a 1963 graduate of Lockney High School. Plans for the Senate this year were made at the recent Senate Retreat at Plains Baptist Assembly, Floydada. Last year the Senate ratified a new constitution, established Senate Day and awarded pins to the representatives.

Methodist Women Study Christian Perfection

The study "Teachings Toward Christian Perfection" led by Mrs. Wendell Tooley, began Wednesday, Oct. 9 in the First Methodist Church.

Sharing the leadership for the Womens Society of Christian Service were Mrs. J. H. Barnard and Mrs. David Batley Jr.

Mrs. Barnard presented a biography of Evelyn Underhill, an English woman who lived from 1875 until 1941. Miss Underhill presented in a simple and natural manner, the spiritual life. She also conducted retreats and did much individual spiritual counseling. Her appeal to men, including ministers, was remarkable.

Mrs. Batley reviewed Miss Underhill's "Spiritual Life". It contained many guides for today's perplexities and for each individual eager for greater satisfaction of the spirit.

Mrs. Tooley opened the meeting with a short devotional from one of Dr. E. Stanley Jones' books and closed the meeting with a summary.

On Wednesday, Oct. 16, the second spiritual "Great" was presented by Mrs. Mac Fowler. Mrs. J. P. Moss was hostess. The studies will conclude Oct. 30.

About 70 women including those of other local churches were present for the first meeting and 43 for the second.

This study will appeal to every woman and all visitors are welcome.

Floyd Philosopher Doubts Public Opinion Poll Showing 68% Satisfied With Income

Editor's Note: The Floyd Philosopher on his Johnson grass farm takes issue with a public opinion poll this week.

I have long felt that a public opinion poll is like a sports writer's guess on next week's football scores. When he's right he's an expert, and when he's wrong, he doesn't know any more about it than the rest of us.

But people like to read such things, and it's a good thing. If they didn't, if they liked to read only things which are 100 percent right and infallibly wise you and me would be hard up for readers, especially me.

What got me started on this was a national public opinion poll the other day which reported that 68 percent of the white people in this country are satisfied with their income.

I don't know who all the poll-takers interviewed, but they didn't get around to me.

In fact, come to think of it, I don't know who they interviewed.

Mrs. Frank Dunn spent last Monday night in Plainview the guest of Mr. and Mrs. C. W. McCarty. She went on to Lubbock Tuesday and spent the night with a daughter and husband, Mr. and Mrs. Eddie Parks. Wednesday Mrs. Dunn returned home accompanied by another daughter, and family. Mr. and Mrs. Tony Balios and baby son, Joe Lee Dunn of Texas Tech was home for the weekend. Jimmy Dunn of Lubbock was in the parental home Sunday.

Mr. and Mrs. Mankins spent Thursday with Mr. and Mrs. R. C. Ross. Afternoon callers in the Ross home Thursday were Mrs. Frank Dunn and Margaret (Mrs. Tony Balios) and baby.

The Calvary Baptist W.M.U. met Tuesday evening in Mission Study — the book being studied is "Annie Armstrong." All the women are to attend each Tuesday evening at the church.

Richard Mayo preached his first sermon Wednesday evening at Calvary Baptist Church. He recently surrendered for the Ministry.

Plaque Given To AF Division Of Capt. Looney

An engraved plaque will be retained permanently by Columbus Air Force Base at Columbus, Miss., which was won by the Accounting and Finance Division of the base recently. Gen. Thomas S. Power SAC commander in chief, presented the plaque to Col. Orin O. Schurter, wing commander and Capt. Erwin P. Looney, base accounting and finance chief, and son of Mr. and Mrs. J. P. Looney of Floydada.

The Quality Achievement Award is the first to be presented by the Strategic Air Command. One in similarity will be given annually to the accounting and finance division displaying the highest degree on timeliness and accuracy in financial products during the fiscal year.

Capt. Looney stated that he was extremely proud of the base's accounting and finance workers whose efforts meant winning the award.

The award was presented recently in ceremonies at Offutt AFB, Nebraska.

Capt. Looney spent overnight Sunday with his parents in Floydada enroute to Dever, Colo., on air force business.
