Unified In Humble Spirit

John F. Kennedy may well have given his life to the restoration of a unified America. His untimely death came as the nation had begun to discuss politics with an extreme bitterness.

All America has been brought to its knees. We all have experienced a humbleness in the bereavement of this great American who gave his life in the service of his country.

Americans have experienced a renewal of faith in God. This was evident as they stopped their automobiles on public roads to pray for the country, for the loved ones of the fallen leader, for the one who would fill the beloved leader's place at the head of the nation... and even the assassin.

It was natural for many to wind their way to a neighborhood church to seek meditation and prayer.

The atheist who has continually petitioned the Supreme Court for deletion of prayer in American school should hold no doubt that a belief in God is the uppermost faith of Americans. The sadness of our fallen leader's death was reflected all over the world... perhaps a stronger tie of brotherly love and another step toward world peace has been realized.

The new President, Lyndon B. Johnson, said on his return to Washington following the tragic murder, "I will do my best... I need the help of everyone... I need the help of God."

And let us not overlook the sacrifice of police officer Tippets... who gave his life in attempting to capture the President's assassin. He too left a wife and children... he paid the supreme price in giving his life in the line of duty as a dedicated officer of the law.

We trust that these men have not died in vain. We can only hope and pray that they have given their lives for the cause of a unified America and world.

The hidden gunman who assassinated President Kennedy killed an American dream. It was no wonder people cried in the streets.

Each could find in him some part of his own dream of what is good, or rewarding, or to

Juvenile Held For Burglary

A 16-year-old juvenile who confessed to the break-in of an oil company at Lone Star is being held for burglary, according to Sheriff Hollams. The burglary occurred November 12 and is still under investigation. The suspect was taken into custody at Lamesa last Saturday night.

According to local officials, a few of the items reported missing are: 1 radio, 1 handle for socket sets, 6 deep socket sets, 12 pocket knives, 1-3 ton jack, 1-5 ton jack, 5 boxes of 22 shells, some 200 feet tapes, 4 boxes of spark plugs, 1 hack saw, \$16 in pennies and dimes, 1 set of boos- ever, the radio, 5 ton jack, hack ever, the radio, 5 ton jack, hack saw and gloves have been returned.

A break-in was also reported by Neff's Grocery in Floydada that occurred Friday night, November 22.

Someone kicked the plywood off the back door that goes into a hallway in the store. Then they tried on the door that enters the main part of the store until they pulled the screws off a bolt lock and then went in.

According to the Sheriff's Department the burglar took about 60 or 70 cartons of cigarettes and some change out of the cash register, totalling \$3-86. Tracks were found around the back door of the store, but the recent rain washed them away, thus removing that part of the evidence.

Activities Throughout The County Come To Standstill

It was a normal autumn day in Floydada, people were just returning to their jobs from the lunch break, then—350 miles away a shot rang out, a man became a martyr and the entire nation virtually came to a standstill.

As the afternoon wore on people began to move about, but very slowly. Wherever one could overhear a radio or view television, he would pause momentarily, or linger for several minutes. Throughout the town and the nation there was shock, horror, disbelief and wonderment.

Flags throughout the area were lowered to half-staff; many additional flags were put out onto the streets, but they went only half way up the staffs.

Saturday morning people were still stunned at the thought of our President being killed in our own state. Sunday morning services at many churches were devoted to a memorial service for the late Chief Executive.

Most of the businesses in Floydada closed until 1:00 p.m. Monday in memory of John F. Kennedy, and all State, Federal, and City offices were closed throughout the entire day. Public schools in the Floyd County area also were closed Monday.

The reaction of most people to the news was very much the same. A few of the personal reactions are given later in this story.

The Bill McNeills, M. J. McNeill V. L. McNeill and B. A. Robertsons were in Dallas last Friday to attend the funeral of a cousin of the McNeills, Mrs. Crockett McNeill Mrs. M. J. McNeill gave a personal account of what they hear, saw, and experienced during the hectic afternoon.

Here is what she said: "When we went to Dallas to the funeral we were staying just off the expressway. We were waiting until time to go to the Chapel at the Funeral Home when the phone rang. A son-in-law of the deceased answered. He just stood there for a while with an odd look on his face and only said 'oh, no!'"

"He came back over to the group and sat down without saying a thing. In a few minutes he told them that he had planned to keep it quiet, but he couldn't. He said that his mother worked at Parkland Hospital and she had called to tell him that they had just brought President Kennedy in and that he had been shot. It was rumored that he was dead at that time but no one seemed to know for sure."

"About that time we heard the most horrible blast of sirens from a group of police cars that I have ever heard, out on the expressway."

"A few minutes later, the limousine came for us to take the family to the Chapel. On the way to the Funeral Home, they had to take the expressway and go by the Trade Mart where they thought that the President was dead."

"The Funeral Home was very close to Jefferson street so the driver took the family to the back of the place instead of to the main entrance. As we came in the back door, we could see a mob of people out front almost in a panic."

"We found out that the policeman that was killed was shot a few feet away from the main entrance to the Funeral Home."

"We arrived at the Chapel about 15 minutes too early, and"

Referendum Vote Slated December 10

Floyd County Farmers and ranchers should circle the date December 10. This is the date set aside in the nation for those involved in the production of cotton to go to the polls and approve or disapprove of the proposed marketing quotas program for 1964.

Floyd County voters did not approve the program for 1963 when they voted last year. Although the majority of the voters favored the referendum 209 for to 151 against, this was not the 2-3 majority needed for the proposition to be approved. The nation passed the referendum by an overwhelming majority.

The Secretary of Agriculture will not be able to lower allotments in 1964 for the 1963 acreage was the minimum allowed under the law. The 1963 acreage is 9 percent less than that of the year before, however, 1963 crops will yield almost as much total production as the record crop of 1962. Some say that better land management accounted for the increased production per acre. The national production per acre is around a bale to the acre.

Polls will be open from 8:00 a.m. until 6 p.m. Tuesday, December 10. The County polling places are: Community A, at the Providence School; Community B, South Plains, at Phillip's 66 Service Station; Community C, Aiken, Shamrock Service Station; Community D, Lockney, Lockney Beacon Office; Community E, Cedar Hill, Wylie Grain Company; Community F, Harmony, Harmony Community Center; Community G, Floydada, ASCS Office; Community H, McCoy, McCoy Grain Company; and Community I, Dougherty, Dougherty Grain Company.

Firemen Kept Busy By Three Fires Friday

Three fires, all occurring in less than two and one half hours kept the local firemen on their toes last Friday afternoon.

The first call came at 12:45 p.m. when the cookstove in a trailer house on East Tennessee caught fire. It was caused by the accumulation of grease in the stove and was extinguished immediately.

At 2:50 another call came to the department concerning a fire again on East Tennessee. That time it was a small sheet iron building that W. R. Goss was using as his living quarters. Goss at first said that he didn't know what caused the fire.

After a few questions however, it was learned that he had been cleaning his gun using a pan of gasoline. He was intending to go hunting later. Goss said that he left for a while and when he came back and opened the door, the inside of the house blew up.

Four Injured At Lockney In Train-Car Collision

Four persons were hospitalized when the car in which they were riding was struck about 12:55 p.m. Sat. by a Santa Fe freight train at a crossing on Highway 10 just inside the city limits.

The injured are Mrs. Thomas Arguello, about 40, and her two children, Thomas, Jr., 6, and Lucy, 5, all in Methodist Hospital

in Lubbock; and Mrs. Refugia Valdez, 67, of Lockney, in Memorial hospital here. The Arguello family lives on the Glenn Cooper farm east of Lockney.

Mrs. Arguello received back and leg injuries; Thomas Jr., a broken leg; Lucy, chest and arm injuries; and Mrs. Valdez, chest and back injuries.

The car was eastbound when it was struck by the freight train consisting of a diesel locomotive, five cars, and a caboose. The engineer was G. P. Patterson of Slaton.

The car was struck on the left side and was toppled down a six-foot embankment. It ended up on all four wheels and apparently never overturned.

Investigating the accident were highway patrolman Car Mullins, Floyd County Deputy Cap Carthel and Lockney city policeman Abel Anzaldua.

Nancy Watson of Floydada was among 33 students named to represent West Texas State University in the 1963-64 edition of "Who's Who Among Students in American Universities and Colleges."

Addressing the local Rotary club today, J. M. (Jimmy) Willson, Jr., Rotary governor of this area linked 49 Floydada Rotarians with more than a half million other business and professional men who belong to Rotary clubs in communities around the world.

"Rotary clubs are functioning in more than 11,500 communities in 129 countries," he said, "and despite the diversity of their languages, customs, and political and religious beliefs, they are working toward such mutually desired goals as community betterment, the promotion of high standards in business, and the advancement of world understanding."

Mr. Willson, a building supply merchant here was making his official visit to the local Rotary club one of the 45 in his district Referring to the program of Carl P. Miller, president of Rotary International for 1963-64, Mr. Willson said, "This district has been 'matched' with district 135 located in Sweden as a means of furthering understanding and friendlier relations between Rotarians of the two countries. All Rotary districts have been similarly matched. Our contacts with our 'sister' districts are taking shape in a manner which will promote understanding on a person to person-club to club and district to district basis."

In the field of youth, Mr. Willson spoke of the new club for boys that is now a part of the Rotary program. Called INTERACT, it is for boys in the upper

THANKSGIVING DAY

By Isla Paschal Richardson To God we lift our grateful hearts In gratitude today... May we be worthy of His gifts, For this we humbly pray. Our eyes His blessings fail to see, By selfish aims grown dim. Our minds, beclouded by our fears Forget to turn to Him. Now from the strain of toil and care, We live our thoughts above, Acknowledging His gracious gifts Of life and truth and love. And may we ever strive to see In all mankind the good That He creates, and nationwide Find closer brotherhood. Not only on Thanksgiving Day But every day that ends, May we remember to give thanks For blessings that God sends.

Hospital Board Reviews Projects Preliminary Plan

Called meeting last week hospital board members reviewed preliminary plans for proposed new hospital to be built in Floydada.

The plans were submitted by representatives of Wyatt C. Hedrick architects, who have been selected for the job.

Also meeting with the board was a representative of the Texas Department of Health, Division of Hospital Services, who was very optimistic about Hill-Burton funds to build the new hospital here.

It is the board's plan to finance half of the cost of the hospital with a bond election and rely upon Hill-Burton funds to pay for the other half.

Basically, the new hospital will have 40 beds and the board instructed the architects to rework some of the patient rooms in order to provide more private rooms.

Polk Goen, chairman of the board said that two four bed wards were also in the plans for persons who could not afford a private room.

All board members were present for the meeting: Goen, A. H. Kreis, L. T. Wood, Hollis Bond and M. S. Robertson.

Santa Claus Coming Here December 6

According to Chamber of Commerce manager, John Reue, the jolly plump fellow from the North Pole is due in Floydada, Friday, December 6. Mr. Reue said that Santa will be found on the street around 1:00 p.m. to pick off Floydada's Christmas Festival.

Santa will be riding on a fire truck. (See SANTA CLAUS Page 5)

Lockney's Louise Jones And Steve Belt Are Named Gold Star Winners At 4-H Banquet

Louise Jones and Steve Belt, both of the Lockney 4-H Club, were named the winners of the Gold Star Awards that were presented at the annual 4-H Banquet Saturday night at the Floydada High School Cafeteria.

A buffet style meal was first on the agenda at the banquet at which Bob Kropp served as Master of Ceremonies. After the meal Janice Miller led the group in prayer. Louise Jones led the 4-H Motto and Pledge.

Mary Starkey led the group in singing, followed by the recognition of Leaders by David Mitchell. The accomplishment awards to the Community Leaders presented club members in their area and Tom Davison installed the Floyd County 4-H Club Council Officers. The group was dismissed with the 4-H prayer led by Steve Belt.

The Gold Star Award is the highest and most coveted county award presented to any 4-H Club member. Each year each county awards its most outstanding boy and girl with the best 4-H Club record.

Louise Jones, daughter of Mr. and Mrs. Sam Jones of Lockney, has been in 4-H club work nine years and has been a valuable member. Some of her projects in which she has done outstanding work include Jr. leadership, electricity, foods, food preservation, clothing and recreation.

In the past, Louise has won a number of honors with these projects and others.

Steve Belt, son of Mr. and Mrs. J. R. Belt also of Lockney, has done very well in 4-H Club work. He has carried a steer feeding program, cow calf production, recreation leadership, crops, and electricity in his project program. For the work Steve, as done in these projects and others, he was selected the outstanding 4-H boy.

For the past several years the 4-H Council has been making an award to the first year Jr. boy and girls with the most outstanding records. This year the two young people named for the award were Lu Ann Lovell, daughter of Mr. and Mrs. James

Lovell of Floydada, and Lee Snider, son of Mr. and Mrs. Curtis Snider, also of Floydada. This award is presented on the basis of the project program, broadness and accomplishment, and the assembly of the records of these projects.

Each year a six person Leadership Team from each district is selected to attend the State 4-H Leadership Laboratory. The

NOT SINCE 1945—According to one official, Friday, Nov. 22, was the first time since the death of Franklin D. Roosevelt that the county courthouse flag has been flown at half-staff. This scene is typical of those seen throughout the county and nation from Friday until late Monday in remembrance of the late President John F. Kennedy. Many businesses and all Federal and State offices were closed all day Monday to mourn the late President. (Staff Photo)

Rites Scheduled For J. C. Powell

Funeral rites for J. C. Powell, 50, former Floyd County resident, will be held Thursday morning at 10 o'clock in the First Methodist Church in Plainview. Burial is to be in Plainview cemetery.

Rev. Tommie Ewing, pastor of the Liberty Methodist Church will officiate, assisted by Rev. James Cortier of Lockney and Rev. Kinard of Finney Switch.

Powell died shortly after 6 o'clock Tuesday morning in Plainview Hospital from injuries suffered in a pick-up collision near Plainview on Lockney highway Saturday afternoon about 3 p.m. Relatives said Powell's pick-up struck another pick-up from the rear as the driver made a turn. The man driving the other pick-up involved was uninjured.

Powell was born in Grayson County on June 3, 1913. He moved to Floyd County with his parents Mr. and Mrs. R. L. Powell, at the age of 12. The family resided in the Campbell community before moving to Aiken. Powell farmed his parents place in Aiken but made his home in Plainview.

He served in the army during World War II and is married to the former Maurine King of Plainview. The family resides at 1109 Fresno.

Survivors in addition to his parents and wife are two daughters, Tommie Sue of the home and Sandra, who is a student at Texas Tech; two brothers, Avon Powell of Pamona, Calif., and Garth Powell of Sells, Ariz.

Postmaster Signals Start Of 1963 Yule Mail Rush

December 1 marks the start of one of the biggest and toughest races in town — the annual race against time at the FLOYDADA POST OFFICE as its Christmas mail rush goes into high gear. Postmaster Wester noted today.

New reports from Postmaster General John A. Gronouski in Washington to Mr. Wester indicate an anticipated nationwide record mail volume for this Christmas season of nearly 12 billion pieces during December.

Locally, Postmaster Wester said another "heavy" mail volume is anticipated.

"Shopping and mailing early benefits everyone," the postmaster observed. "Customers who buy early get the pick of the Christmas stocks; the local economy is aided by the business activity thus created, and everyone—including the postal service—is happy about the additional time that early mailing allows."

"Early mailing also gives us time to get gifts and cards in the hands of addressees in good condition with less chance of damage or delay due to human error."

Veterans Ask

Why should veterans, physicians or others always have the veteran's number ready when writing or making a long distance call to the VA on behalf of a veteran?
—There are many, many veterans with the same or similar names in the list of more than 22,000,000 veterans serviced by VA. With no information available except the name, it is difficult or impossible to identify the proper record or to locate the record in the files.
—Can a war orphan who has his entrance into training delayed or interrupted by military service have his completion date extended?
—Yes. He has five years from the date of his first release or discharge from military service in which to complete his training.
—Which State has the most living veterans and which has the least?
—As of July 1, 1963, California with 2,305,000 living veterans had the largest veteran population of the 50 states. Alaska with 24,000 had the smallest.

Planned Waterway Won't Interfere With Farming

By Truman Gregory
A grassed waterway is a means of conducting runoff water to a safe point of release. A waterway properly designed takes into consideration the slope of the land and the volume of runoff water. They are designed to handle rains that might be expected over any ten year period.
A lot of thought and planning should be given to the location of a waterway. It is desirable in most instances to use a natural watercourse since this will usually require the least amount of earth moving. We should keep in mind also, that man-made structures always function best when built in natural depressions rather than to try to change their natural course. However, in some instances a structure might be more conveniently located where it will not interfere with farming operations. There is no need for a well planned waterway to interfere with tillage or irrigation.
After the location is selected, minor shaping and grading is usually required. The job is now ready for seedbed preparation and the addition of a mulch cover before seeding to an adapted perennial native grass.
Some cooperators in the Floyd County Soil Conservation District who have constructed grassed waterways on their farms are: Homer Guffee, Walter Taack, J. D. McBrien, Bryan Karr, G. F. West, Thomas Warren, Mack Hickerson, Bill McNeill, Paul Hiback, Gene Bloys, Jack Johnson, Leon Ferguson, W. A. Cox, and Hershel Hammonds.
If you have erosion problems on your farm the Soil Conservation Service has qualified technicians to assist in working them out.

Mrs. Humphrey To Speak At Women's Day Program

The First Christian Church will mark its annual observance of Woman's Day on Sunday, December 1st, by bringing to Floydada Mrs. Mary Grace Humphrey of Lubbock as guest speaker. Mrs. Humphrey is a member of First Christian Church in that city and serves in many capacities there.

She is superintendent of the Primary Department, member of the choir, serves in the education department, is chairman of the committee to find out about and present possibilities for a lay training center where laymen can receive "in-depth" study, teach of a Bible group of the Business Women's Group. Her church work is in addition to her being a parent to her 11 year old daughter, and working as an accountant for an automobile firm.

A native of Oklahoma, Mary Grace Humphrey grew up in Norman and took her undergraduate work at the University of Oklahoma.

WINN'S RESTAURANT

Woman's Day is a time looked forward to by all the Christian Churches in the Brotherhood. It is a time in the local church sponsored by the Christian Women's Fellowship, in which the women of the church participate and conduct the service plans.

Assisting Mrs. Humphrey in the 11:00 A.M. service Sunday will be Mrs. Bob Dyson, President of the CWF, Mrs. Harry Morekel, Mrs. Earl Pierce, Mrs. Kinder Farris, Mrs. J. C. Wester, Hazel Bradley, Mrs. Arnold Schuppert and Burnah Probasco. The women will compose the choir under the direction of Mrs. Ed Wester, with Mrs. Lon Davis at the organ and Mrs. J. T. Hodges at the piano. Guest soloist for the morning worship will be Mrs. Wendell Tooley.

Following the morning service, a fellowship dinner will be held in Fellowship Hall. All families of the church are urged to bring "potluck" lunches and eat together at noon. Bread and drink will be provided. Hostesses for this occasion are Mrs. Claud Price, Mrs. Don Barrow, Mrs. Woodrow Hill, Mrs. B. J. Wolford.

Mrs. Roy Turner, wife of the local pastor, will be guest speaker at Paducah, Texas for their Woman's Day service.

Gift Bazaar Held By Garden Club

Floydada Garden Club held a bazaar Friday morning in Lighthouse Electric. Many nice useful gifts were contributed by the members. Funds from the sale will be used for Garden Club projects.

The next regular meeting of the club will be their Christmas party to be held December 13 with Mrs. J. M. Willson as hostess, assisted by Mrs. S. D. Hunter.

The children of Mr. and Mrs. M. W. Merrell of Quitaque will honor their parents on Sunday, December 8, 1963, from 2:30 until 5:30 p.m. with Open House at the Merrell home, located in Floyd County about 8 miles south of Quitaque, in honor of their 50th Wedding Anniversary.

Mr. and Mrs. Merrell, who is the former Jennie V. McGowen, in the home of her parents, Mr. and Mrs. L. H. McGowen at Flomont.

Mr. and Mrs. Merrell made their home with his mother, Mrs. Mary Frances Merrell at the site of their present home. They lived for a few years in the Cedar Hill community and at Haylake, between Quitaque and Silverton, but moved back to their present home in 1953 and have resided there since that time.

All of their children, along with their families, plan to be present to make the celebration a most happy one for Mr. and Mrs. Merrell. Their children are Mrs. J. P. Taylor of South Plains; Mrs. Wayne Pigg of Kress; Jake Merrell, Quitaque; Bob Merrell, Lone Star; Truman Merrell, Quitaque; and Mrs. Jack Douglas, Albuquerque, N. M. Two sons, Frank and Bill are deceased.

Death Of Kennedy Follows 20-Year Jinx Begun In 1840

Editor's Note: The ironies of the death of the late President Kennedy are innumerable. The following is one of those ironies. It is an article that was taken from the Lubbock Morning Avalanche, and dated Wednesday, December 5, 1956. It was brought into the Hesperian office last Saturday morning by Mrs. Travis Jones.

WASHINGTON, Dec. 4 (UP)—The man who wins the Presidential election in 1960 will be defying the strangest jinx in American political history.

This, of course, is not expected to deter those bitten by the Presidential bug.

Beginning with 1840 the Presidential election every 20th year has State Hospital. The motion was made and carried.

The group enjoyed the presence of Miss Sherry Mullins, home demonstration agent. She spoke on the selection of lingerie and in the absence of Mrs. Ned Bradley, Miss Mullins gave a five minute demonstration on the care of lingerie.

The devotional from 100 Psalms was given by the hostess, followed by the singing of "Love's Old Sweet Song."

Members answered roll call with "something to thank our parents for."

After the reading of the minutes Mrs. Ross gave the Council report and announced the Council Christmas party would be December 6. Each member is invited to attend and bring a gift not to exceed the value of \$1.50. It is to be handmade.

Mrs. G. W. Smith, chairman of the committee of three to decide on where to send the club's gifts for their Christmas project, asked that gifts be sent to the Abilene

Mr. and Mrs. Arch McDaniel of Plainview were dinner guests Sunday in the Marvin Smith home. The group drove over to Floydada in the afternoon and visited with an aunt, Mrs. Claude Payne and Mr. Payne.

Linda Castleberry of Petersburg visited Judy Smith Sunday. Mr. and Mrs. Holt Bishop of Lakeview visited in the Bruce Davis home Sunday.

Mr. and Mrs. L. A. Williams of Amarillo visited the Chloia Williams Monday.

Mr. and Mrs. Everett Miller visited Sunday in Lubbock with Mr. Harry Miller.

Our District Conference will meet December 4 in Sudan. Allan Gross is the delegate and Mrs. Joyce Davis is the alternate.

Mr. and Mrs. Alvert Clubb of Lubbock and Mr. and Mrs. Dutch Hagl of Petersburg were dinner guests Sunday in the Floyd Trowbridge home.

Junior Schultz attended the football game at Borger between Phillips and Littlefield and on to Dalhart Friday to see the game between Tulia and Dalhart. He came home Saturday.

Mr. and Mrs. Monroe Schulz, Barbara, Donna and Patsy attended the 4th Banquet Saturday night in Floydada. Donna won second place for gardening, Barbara won third place for junior leadership.

Mrs. Elmer Williams of Crosbyton visited Thursday in the R. B. Gary home.

Fires

(Continued from Page 1) knocking Goss down and scattering his possessions around the yard. It seems he lit a cigarette just as he entered the fume filled room which caused the fires to ignite.

The latest victim was FDR. He won his third term in 1940 but died at Warm Springs, Ga., April 12, 1945, shortly after beginning his fourth.

The only other president to die in office was Zachary Taylor. He expired July 9, 1850, after little more than a year in office, the only non-jinx victim.

Though the jinx has been working without fail for more than a century, it survives only to be broken. Perhaps 1960 will put the jinx on the jinx.

Refreshments of coffee, punch, cake and cookies were served to Mrs. C. A. Caffee, a visitor, and Mmes. R. H. Crawford, W. J. Ross, G. W. Smith, Howe Hines, Wayland Jones, Carmel Eastham, Claude Ring, and the agent, Miss Mullins, two children, Julia Jones and Jodie Eastham.

The next meeting will be the club's Christmas party on December 3rd in the home of Mrs. W. J. Ross. Members are to be there by 12:30 for lunch.

Floyd Philosopher Envy's Congress' Ability To Go Above Debt Ceiling Without Raising It

Editor's Note: The Floyd Philosopher on his Johnson grass firm admits a feat of Congress, his letter this week reveals.

Dear Editor:

Trying to live within your budget is a problem I guess 95 percent of the people struggle with; it doesn't make any difference how much money a man makes his family or his government always think of some place to put it. In fact, I know a man who has several sources of income and a neighbor was asking his situation and said "Man, you've got it made you've got money coming in from three or four directions," and he answered, "Yeah, and for every place it's coming in, there are two places where it's going out."

I got to thinking about this when I read an article in a newspaper last night saying Congress has raised the national debt ceiling again, and I have often wondered why I can't arrange such a system myself.

Here's the way it works: actually, the debt ceiling is 285 bil-

lion dollars. When we get that far, we can't go any further. But every year along about this time the government runs out of money and Congress has to raise the ceiling so it can pay its bills. Well, it doesn't actually raise it, what it does is say, look, let's raise it a little. Over the last 15 years the ceiling has been raised up to where it's now 307 billion, but the other day they had to add on another 6 billion, to bring it up to 315 billion.

You might say, if it's going to take a 315 billion dollar ceiling, why not just vote to put it there and you don't understand. Everybody runs for office on a platform of economy, and no economy-minded Congressman is going to vote to increase the national debt even though they do every session. This may sound like Congress' trying to vote that some movie actress' age shall cause you don't understand national finance.

I'm not saying the ceiling is too high, I don't know how high the nation can stand for it to go.

It's a pretty wealthy country, although I think maybe we could cut down some where, except the cut ought to be in some other part of the country, not around here. Any right-thinking person knows the other way to cut national debt is in New Mexico, not in Texas.

At any rate, I wouldn't mind living within my budget permanently if I could just find some way to raise it temporarily every few months for the next 15 or 20 years.

Yours faithfully,
J. A.

will be an accident every 87 seconds. A person will be injured every three and one half minutes and there will be a traffic death within the next three hours and thirty-seven minutes.

Your bill for traffic accidents will be mounting at the rate of \$78 per minute.

What's the answer. An out-of-control population sickened by this useless slaughter and pledged to do something about it. This business of traffic accidents is not one of those things that happen to someone else. It is our responsibility to defend our lives and property with as much determination as if we were being attacked by a foreign nation.

We have already killed more men, women and children with our automobiles than have been killed in all the wars that have ever been fought by our country since the Revolutionary War.

"How can I help," you ask? Stand behind your public officials devoted to traffic safety. Practice safe driving procedures before your neighbors and children. Take the safe way rather than the right-of-way. Dedicate yourself to the saving of lives by caring. Don't get caught in the web of carelessness.

Accidents are caused occurrences. Don't let one happen to you.

Mrs. Walton Hale, who is a director of a newly organized duplicate Bridge Club, reported this week the club would meet each Monday afternoon at 1:30 in Rogers Restaurant.

Officers are Barbara Bernard, president; Mrs. Charlie Lewis, secretary and Mrs. Henry Edwards, treasurer.

Those of the rules committee are Mrs. Wilson Edwards, Floyd and Mrs. Wanda Baker, Lockney.

On the board of directors with Mrs. Hale are Mrs. Bernice Mil-

Do You Want To Write To Santa Claus?

The Post Office Department is getting together with Santa Claus this year to make sure that children who write to the North Pole get an answer from the best-known citizen up there. Postmaster said today.

Part of the Post Office efforts to encourage a wider use of zip-coded addresses assures children that they will receive a message from Santa Claus if they write to him by December 15, at North Pole 96701, and use their own zip codes in their return addresses," Mr. Wester explained.

The enlistment of Mr. Zip and Santa Claus' newest helper will become a familiar fact to children.

Mr. and Mrs. Wayne Dotley, Route 2, Floydada, will receive two free tickets to the Capota Drive In Theatre Thursday or Friday night where "Call Me Bwana" with Bob Hope is showing.

Mr. Lockney and Mrs. Jubert Clements of Plainview.

People of Floydada and surrounding areas are invited to attend, according to Mrs. Hale.

Awards

Recently submitted a team on a rather last minute situation, and after some time discovered they had been selected to attend the trip. The team members were Neil Mitchell, Doris Fawver, Bob Kropp, Mary Starkey and Beverly Pierce. The trip was sponsored by the United Gas Co. of Louisiana.

Just prior to the Benediction Tom Davison installed the new Council Officers. The new officers: Mitchell of the Lockney Club. Two Vice Council Chairmen were named and are, Doris Fawver of the Floydada Club and David Mitchell of the Lockney Club. Secretary for the coming year is Jackie Yearly of Cedar Hill, Floydada Club and Treasurer is Steve Yers are headed by Chairman Neil Belt of the Lockney Club.

And kids... the Hesperian has made an arrangement with Santa to send us those letters after he's through with them and they'll be printed in The Hesperian.

Some 35 Scouts and Explorers obtained the coveted rank of Eagle, in the South Plains Council this past year.

There have been more than 25,000 merit badges presented to boys during the past 25 years.

In 1910 there were only 348,008 employees in the U. S. Civil Service.

DP Wins One, Loses Two To Snyder Teams

The A team boys from Dell Plains were the only local victors in team of three that played host to Snyder last Thursday night. The Boys B team fell to the Snyder team 24-23 in a real heartbreaker. Tommy Jacks led the locals in the scoring column with 8 points followed by Ernest Richardson with 5 and Jimmy Bean who had 4. C. Clay had 7 points to lead the visitors and was followed by Carlis with 6 and Bonds with 3.

Teh Snyder girls walked over teh Della Plains Hornets by an impressive 42-25 score. Ruby Storey was the offensive leader for DP with 11 points. Cel Ivory and Shirely Minner followed with 7 points and 5 points respectively. Louise Davis and Clarice Owens were the defensive leaders for the locals. Mary Goody went wild with 20 points for the Snyder team followed by Pearlie Scott who had 10.

The Hornets took a victory over their opponents 96-61. The game was "nip and tuck" most of teh way with either team in position to win. Otha Jackson sank 20 counters for the DP team, followed by his brother Hozie who had 15. Robert Conte was close behind with 14 points to his credit. Linwood Durst racked up 25 points for the losers to lead their offensive charge. This leaves the boys with a 4-4 record and the girls with 6-2.

Operation Carelessness

The scream of tires on pavement can be heard at any hour of the day or night in our town or town. This is the saint at which most people believe an accident begins. The crash of automobiles slamming into one another is punctuated by the screech of crumpling metal and the ringing of car parts bouncing away from a mass of wreckage. A momentary silence is broken by the cries of the injured or the strangled gasp for the last breath by a person killed by the most lethal weapon ever placed in the hands of the civilian population.

Is this the end of this accident? Far from it. The job of clearing the wreckage only removes from public view the results of carelessness. The accident is never over. The person killed may have been the breadwinner for a large family. Their grief and hardship is only beginning. The injured may spend many months in a hospital bed never again to regain the health that was sacrificed in an instant.

You and I will be paying for the accident damage for many years through increased insurance rates.

This scene was repeated with varying degrees of seriousness over 350,000 times in the State of Texas during the year 1962. There were 2421 persons killed and 144,943 persons injured, while you are reading this, there

ELECTRIC CO-OPS ARE BUILDING A BRIGHTER TOMORROW

Ask the family what The Lighthouse Electric Cooperative means to them.

Mom will vote for running water and an all electric kitchen.

Dad might say air conditioning and refrigeration.

Brother probably lists television and his radio.

Sister likely will choose her hair dryer and as much, as she hates to use it, the vacuum cleaner.

These, plus many other appliances and work saving devices were made possible by their own member-owned Lighthouse Electric Cooperative. The members of this cooperative will spend \$1,579,000 this year for such appliances. They borrowed money to build their own electric systems and they are proud that their efficient, low cost electric service is Building A Brighter Tomorrow.

In the time we were waiting in there we learned that Oswald's coat had been found on the back of the Ford in the Funeral Home. One man, the blast of the sirens started, like I have never heard before.

"We realized what had happened but felt that it just couldn't be real. We felt like we were sitting on top of a Big firecracker with a long fuse. People we saw shed no tears, but just stood around stunned.

"We decided to come on back home after the funeral, rather than wait until the next day. By the time the funeral was over and we could start home, the airplane that was carrying Johnson, the body of Kennedy and the others had already landed in Washington."

Mrs. B. A. Robertson, who was also in Dallas to attend the funeral: "As we were on the way home from the Chapel we saw the crowd gathered around the theatre where Oswald was captured, even though we were a block away from the theatre itself. It just amazed me to think of the speed at which everything was done."

Mrs. Fred Zimmerman, Jr.: "I was at the grocery store and heard the news of the shooting over the radio. My first reaction was 'what a terrible tragedy for the United States and the world.' My husband was enroute to Lubbock and heard the news by car radio. Our daughter, Kit, student at SMU, was at Love Field in Dallas awaiting her plane to bring her home for the holidays. She was aboard her plane, which was still on the ground, when Lyndon Johnson took his oath of office aboard the Presidential plane at Love Field."

Joe Thurston: "Like most, I heard it over the radio, as I was driving along in my pickup. It was hard to believe and was a great shock."

Preston Watson: "I was standing on the sidewalk in downtown Floydada when Sam Hale, Jr. told me he had just heard the news over the radio. I'm still in a state of disbelief that this could happen. I suppose it is something that Texans will have to live down, although I guess it could have happened anywhere."

Mrs. Henry Willis: "My daughter, Mrs. Nolan Turner called me and said she had just heard of the shooting over television. I immediately turned my set on and after hearing the news officially could not believe it had really happened. I think the man (Oswald) must have been a crack pot and commie. I believe if the shooting hadn't taken place in Texas, then he would have done it some place else. It's a terrible tragedy."

I. C. Surginer: "I heard the news over TV and was naturally sorry to hear of it. I think 'guilty or not' he (Oswald) should have had a chance for a trial."

Dr. T. R. Theford: "The first news of the shooting reached me when I went into the house for lunch. My wife had just returned from town where she heard of the incident. I couldn't believe it, I didn't think anything such as this could take place in America. After lunch I had a call to doctor an animal in Crosbyton and my radio on my car is where the news of the President's death reached me. My reaction to the whole situation was why? Many people certainly disagreed to some things that the President did politically including myself. But he was the most intelligent American in several generations. I feel its a tremendous and great loss to the nation. I have personally been depressed since the tragedy. About the shooting of Oswald, I feel it was the most stupid thing that could happen. What has it accomplished? With Oswald's death, many things go unanswered and a lot has been lost in being unable to bring him to trial. If there is or was a connection between Oswald and Ruby will it ever be known? I see nothing that has been accomplished by Oswald's death."

THE GRASS always looks greener on the other side of the fence and from the looks of the new contract demands of the Transport Workers Union . . . "I'm certainly in the wrong" business. Here's what they seek: 52 guaranteed paychecks a year for all TWU members. Full protection against automation.

A 32-hour, 4-day week without loss in take-home pay.

A 15 per cent wage increase.

Paid vacations of 27 working days after one year's service.

12 annual paid holidays, one of which will be the employee's birthday.

Retirement at half pay after 20 years of service.

In addition there are 57 working conditions set forth in the document which the union tossed on the negotiating table last month.

To a fellow who has been averaging 60 hours per week newspapering and some weeks when there are a lot of night meetings as much as 70 . . . the above proposition looks mighty good. It's enough to make you want to become a truck driver.

WE GET pretty concerned about overseas mission work in our church, but the more I observe the problem that we face right here at home . . . especially with our Latin Americans. I get the feeling that here is a good starting place as far as "missionary work" goes. Three or four of our churches have made a big step in setting up mission churches in Floydada . . . and our farmers continue to better their living conditions, yet there's one big problem to this type of mission work . . . it's a language barrier.

A friend of ours watched a little Latin American baby die in his father's arms here in Floydada last week. She was trying desperately to find out what she could do to help save the baby's life . . . and of course language barrier was a big problem.

In the book, "The Ugly American" it portrays what a dumb bunch of diplomats we have who go to a foreign country to be a "good neighbor" yet can't even speak the language there. How effective can he be . . . how effective can we be as diplomats and missionaries right here if we don't know how to speak Spanish.

This problem can be approached two ways . . . like some schools in Texas, we can begin to teach our children to speak a conversational Spanish, likewise we can use Spanish speaking teachers in the first three grades to teach the Latin American child English.

Another answer to the language barrier is that adults must attempt to learn the language. It makes no difference if you are a farmer, businessman or housewife a good course of conversational Spanish would help.

Latin American people have added much to the economy of Plains cities. Farmers appreciate their help on the farm, businessmen appreciate their business when they come to town.

So, we have all brought them to this area of West Texas and it is our responsibility to help them to become better citizens.

The Floydada Young Farmers started sponsorship of a 12 or 13 hour conversational Spanish speaking course last week. The class meets each Monday night at the High School agriculture department at 7:30 p.m. The course is not expensive. Why not call Carl Brock ow and enroll?

OUR NEWS RACK at the Post Office has been robbed again . . . believe this is the seventh time this year. If you've been buying your Hesperian there, I suggest and invite you to purchase it from now on at Goen Drug, Powell's Super Mkt., Leonard's, Piggy Wigly, Rogers or Winn's.

Of course we sell them here at the Hesperian . . . and you'll save money if you come in and subscribe for a year . . . and you know you'll always get a copy every week.

WE'RE encouraged about our street sign campaign . . . the report now is that over \$1500 has been donated to the fund. Have you helped on this very important effort?

The modern minuteman is the one who asks you to hold on there for a minute.

desired, or to be striven for in American life.

In total he was a symbol for many millions of people, representing an ideal as a man and as a President.

He was young, trim, vigorous, rich, good looking, witty, highly intelligent and always informed . . . and he was concerned about people of all walks of life. He was a husband and father devoted to his wife and children, looking to a long and happy life ahead for all of them.

As President, he was dedicated to his job. He worked night and day.

The nation has lost a great man. No matter what our religion, it makes no difference whether we're Democrats, Republicans, Independents . . . today Americans are unified in a humble spirit at this great bereavement.

Dougherty's Lack Of Growth Blamed On The Years Of The Depression

to you visitors from... hand to serve the group with refreshments.

A few of the other statements Mr. Dougherty made concerning this "pride and joy", named after his father were: "Dougherty is a town with a city plan, fire limits and fire protection, sanitary restrictions and building restrictions enforced. A first class waterworks system installed and in operation with 50,000 gallons overhead and 50,000 gallon surface storage.

"Five miles of graded streets with provision for maintaining same and 4,000 feet of curb and gutter.

"A trade territory comprising 350 square miles, containing 10 school districts and 10 active school organizations which indicates the degree of present development.

"Arrangements made for telephone service, local and long distance.

stance, material for which is now on the ground. Light and power and natural gas are arranged for and expected early next year.

"Look us over—your business will be getting acquainted with our business men by this time next year."

This "sales pitch" is not unlike that of so many other developers of prospective towns on the high plains where towns would fail to thrive and grow due to the depression years or, perhaps, for numerous other reasons.

When the train came through Dougherty a temporary depot agent stayed until the Railroad could select a permanent one. O. L. Britton became the first permanent agent after only a few months. Frank Webb was the first section foreman, and had one section hand working under him.

At the time the train came through Dougherty it was a little larger than it is at the present time. It consisted of 2 elevators, a grocery store, cafe, barber shop, drug store, 2 lumber yards, and a gas station. A post office was to be added to the town in the near future and Grace Garner from Spar was to serve as the first postmistress.

The town had a total of 4 telephones, 1 at a grocery store, 1 at the depot and 1 at each of the 2 elevators. State Telephone from Crosbyton who was then serving Dougherty, made the statement that they would put a telephone in every house and install an exchange.

W. D. Newell, then a county commissioner laid out the town site which consisted of over 200 acres. Later he was superintendent of the towns water works, and incidentally, Newell bought the first train ticket sold at Dougherty.

At the peak of its existence, Dougherty had, in addition to the business named, a school newspaper and chamber of commerce.

The school was built in 1929 and employed Floyd Blankenship, Cleo Cowan and Ann Kelly as teachers. Today the school is still in use. The students attend the first 8 grades at Dougherty.

then are sent to Floydada for high school.

The newspaper, appropriately named The Dougherty News, had an office and compiled the paper in Dougherty, but was sent to Roaring Springs for printing.

J. E. Newton was elected the first president of the Dougherty Chamber of Commerce, and O. L. Britton, served as the first secretary of the organization.

According to Mrs. C. A. Caffey, a long-time Dougherty resident, there was a cemetery at one time, but as far as she can remember, there are only two buried there. One was a small baby, and the other is Tommy Owens, a brother to W. H. Owens.

Three denominations were active in Dougherty at one time. The Methodist, Baptist and Church of Christ, all held regular services for a number of years. All church services, Sunday School and Worship Services of all three were held in Woodridge Lumber Yard. The Dougherty Baptist Church is still active.

The Methodist Church was the first to build a place of worship. When the building was completed, they decided to hold a revival to dedicate the building properly. Brother Windgold of the Church of Christ in Floydada was invited and scheduled to be the speaker at the services. However, a few days before the revival began, Bro. Windgold fell ill and couldn't keep the appointment, so Brother Dick O'Brien, pastor of the First Baptist Church in Floydada substituted.

At the first meeting Brother O'Brien said, "Well, here we have a Baptist preacher, holding services for a Methodist congregation, in place of a Church of Christ pastor, now, if we just had a Jewish Rabbi to take up the collection, we would make history."

Mrs. Caffey stated, "This is just typical of the cooperation displayed by the people of all the religious groups."

At that time most of the entertainment consisted of sewing, singing and other types of fellowship.

"The railroad did more for Dougherty than just lay a track

Mrs. Davis Outlines The Differences In Christianity And Communism Philosophy

The Hesperian prints herewith an outline of a talk given by Mrs. Lon Davis at the First Christian Church recently.

A comparison of two basic views (or philosophies) concerning the nature of man.

Questions: Does man have a personality? Does man have intrinsic worth? Is man matter in motion? Is man a mere animal?

Definition of communism: Encyclopedia Americana: "Communism is a system of social theory and organization based upon the vesting of all property in the community, each member working according to his capacity and being rewarded according to his needs."

J. Edgar Hoover: "Communism is more than an economic political, social or philosophical doctrine. It is a way of life; a false, materialist religion."

Ideology of communism: Godless Materialism

a. Demands complete subservience and dominance over every realm of life.

b. Seeks to develop a classless society.

c. Works for destruction of political authority.

d. Promises brotherhood of man.

e. Promises equality of man—no government.

f. Each would produce according to his ability and take according to his needs.

Communism: a religion of promises.

1. The appeal for the underprivileged: The promises made: a. New world without hunger and cold. b. No more wars. c. No exploitation of man by man. d. No racial prejudices. e. World of peace and plenty. f. World of culture and intellect. g. World of brotherhood and justice.

2. The appeal for the wealthy, intellectually superior and idealistic reformers: The promises made: a. A new society will be created. b. Participation in the conquest of the world. c. Participation in the program to change mankind. d. "A religious appeal" that a person's life can be used for the regeneration of all mankind. Communists deny God

1. Atheistic in theory and in practice.

a. Deny moral and absolute standards of truth and righteousness. b. Would destroy civilized code of moral and ethical values. c. Would erect Communist standards.

2. Feel they must conquer the world: a. Destroy capitalism. b. Destroy government. c. Destroy the church (a result of the capitalistic society)

The compatibility of the Communist in theory and the Communist in practice; (the practice: one of bloodshed, deceit and inhumanity)

1. Is a justification for the eventual goals. a. Would have to put to death adults of the established capitalist environment; the ones who would not fall in line with the Communist power. b. Children would have to be taken from the adults of the capitalist environment. c. They cannot regenerate mankind until they have destroyed the capitalist system. d. They cannot destroy the capitalist system until they have conquered the world. e. The theory of communism destroys every basic moral value on which Christian civilization is built.

2. The great evil of communism: a. Rejects God. b. Materializes man. c. Denies dignity and value of human personality and individuality. d. Is out to destroy the civilized, moral, ethical and spiritual values of man. Communist's attitude toward a religion of God: 1. Marx called religion "the opium of the people."

Believe that religious belief is a result of the imperfect state of human knowledge of world man and society.

Believe that religion is a product of capitalistic society signed to keep the oppressed content with their lot, looking forward to happiness in the next world, rather than demanding justice on this earth.

Believe that as knowledge (as Communism know it) increases that religious superstition will die out.

Believe that churches will die out: a. They do not prosecute religious leaders directly. 1. Realize the propaganda value of martyrdom. 2. Make charges of lawbreaking, rather than religious faith. b. Use the church as a servant of the totalitarian state.

1. Do not close the churches, as they count on the Christians to do that for them. 2. Communist indoctrination and the Christian's tolerance of Communism will result in the destruction of the church. Destruction of outstanding church leaders who refuse to go along with the Communist line: a. Make the charges of lawbreaking. b. Arrests usually in the middle of the night. 1. Keep prisoner isolated from outside contact. 2. No reading material or anything that might take his mind from himself. 3. Subjected to endless hours of questioning. 4. When man is tired and confused, then a "grafting of ideas" from the Communists. 5. Man finally confesses to crimes he is said to have committed. 6. Man emerges from prison broken in spirit and mind. The recruiting of the student intellectual: 1. Ideological pride a. Sees opportunity to mold man and create history. 2. Religious nature a. Sees human regeneration of mankind as a religious refuge for a Godless heart. The superb organization of Communism: a. We need a spiritual ap-

Discipline, dedication, intelligent and organized few to conquer the selfish, undisciplined, disorganized masses. 2. Convert a few, conquer the many.

How can the free world combat the ideology of Communism? 1. Recruit the student mind. a. The educational system, the legislative system, the family, the religion, and all cultural influences should be so tuned so that they build a mind and character with an understanding of the American heritage and moral values. b. Belief in God, family, country, Constitution, liberty under law and pride in their heritage. 2. The perversion of institutions such as loyalty to government and the principles of Constitution used by Communists. a. The invoking of the Fifth Amendment. 3. The perversion of methods employed to try to destroy the moral and spiritual foundations (Refer to Charlie Guy's editorial) 4. Educational field and spiritual field: a. Communism should be taught with moral directive, not as an alternative economic system.

What is to be done throughout the world? 1. Communism is advancing at rapid speeds through a. Internal deception, confusion, misrepresentation. b. Believe that with internal confusion and degeneracy in combination with external threat, the final act of conquering can be done without war: World conquest without war: peaceful co-existence! 2. Our methods used: a. Trying to defeat communism on a materialistic plane. 1. We profess ourselves to be a spiritual and idealistic people, yet we employ material measures. 2. Communists profess themselves to be materialists, yet employ the ideological plane to win students. 3. We should realize that materialistic measures do not control the hearts and minds of a people. a. We need a spiritual ap-

proach, a direct approach to the hearts and minds to mobilize against communism.

Use our material advantage to bring an ideological offensive.

Send more Evangelical Christians forth to every area of the earth's surface.

The Communists claim victory is certain for the following reasons: They say it is inevitable, because we are product of our own environment which has created us so intellectually dishonest; so unwilling to face the evidence, so selfish, so greedy, and so intoxicated with entertainment that we will never have the honesty, the intelligence, the courage or the dedication necessary to do what must be done if we are to survive.

1. In order to survive, we must realize the danger of our situation. 2. We must build a strong base of freedom-loving people faithful in their love of God, love of home, love of law and love of country. rally the spiritual forces in the near or man. 3. We must put Christ first and realize that freedom is God-given.

through the town, for the first native of the city was born in a railroad boxcar," said Mrs. Caffey.

Dougherty saw its day of growth in the days of the depression. Like so many other towns, it grew until that time, and never did recover from the effects.

As transportation modes bring far away places closer together, and as the trend to the urban areas continues, Dougherty and other towns who have the same situation, will probably never pick up their boot straps and grow into progressive cities.

Thanksgiving Thoughts

By Kathleen Haley

I'm thankful for each separate day
For every moment in it,
The chance to work, to learn, to play,
To set a goal and win it.
I'm thankful for the common things
We often take for granted,
The sun, the rain, the birds, the trees,
Each flower that is planted.
I'm thankful for the wintertime, Spring, summer and fall;
And for the wise and generous God
Who watches over all.
And for this land, America.
Wherein free men are living,
With right to worship as they please,
I tender my thanksgiving.

No. And who else gives you 15-inch wheels, finned aluminum front brakes, extra cushioning for middle-seat travelers, separate heat ducts and controls for the rear seat? Right again: Nobody in LeSabre's field but LeSabre. If all this makes you think a LeSabre would look awfully good in your garage, you should see how nicely it fits a budget. NOVEMBER brings us another holiday that is America's own: THANKSGIVING — first celebrated by the Pilgrims, still honored in the same traditions of hospitality and feasting as signs of gratitude for the year's blessings.

THANKSGIVING Give thanks today for blessings sent From dawn until day's end, Wait not with your thanksgiving lest

Tomorrow's hours will spend themselves like those of yesterday With no time for the Lord, Make every day Thanksgiving Day By thought and act and word. **A Bleak November Day** It was a bleak, dreary day in November, 1620. A group of one hundred and two Pilgrims stood on the barren, wind-swept shores of New England watching the sinking hearts the departing Mayflower slowly but surely disappear below the horizon of Cape Cod Bay. Undoubtedly they had anticipated, and even planned for, certain hardship to be met and endured during their period of becoming acclimated to a new and completely different country. But the severe winter months found them ill-prepared by way of suitable clothing, sufficient

food, or proper shelter. They bravely built two rows of huts which, though crude and inadequate, provided homes for the nineteen families that composed the first colony. But history records the sad fact that during the first year they were obliged to die seven times as many graves for the dead as they had living ones left. Now it was 1621, at the end of their first harvest season. The starvation and privation of the first winter was but a memory. God had been good to the colonists. He had blessed them with a plentiful harvest. The woods offered an abundance of berries and game. Yes, they felt they had much to be thankful for so much that Governor William Bradford proclaimed a special day of thanksgiving and feasting.

A Heartfelt Thanksgiving Long tables were spread in the open which were laden with fruits of the harvest and adorned with wild turkeys roasted to golden brown. Then suddenly the stately, bronze form of Massachusetts, the Indian Chief, was sighted making his way noiselessly through the forest toward the group. Behind him, in Indian fashion, trailed ninety of his braves, carrying among them five deer as their contribution to the feast which lasted three days. Yes, the first Thanksgiving celebration was a heartfelt one. A season of real thankfulness. A period of giving sincere thanks to God for His goodness and His great love. The Pilgrims were at peace with their God. They were at peace with their fellowmen even though they differed in color and customs. And so they were at peace with themselves. Perhaps it is more difficult for us to sense the feeling of thanksgiving as completely as did the Pilgrims, for our blessings outweigh theirs so many times. The old saying, "If adversity has killed his thousands, prosperity has killed his ten thousands" could be applied to Thanksgiving. It would seem for every person who fails to give thanks because he has so little to be thankful for, there are

Lockney Council Ups Utility Rate

The Lockney City Council voted recently to increase the rate for both water and sewer usage. The water service increase will effect only the minimum rates which will now be \$3. An increase of \$1 will be added to all sewer service patrons. According to Mayor O. C. Bailey, the rates are still lower than those of some neighboring towns. Mayor Bailey explained that the increase was necessary to finance the replacement of feeder lines before a paving project started. He also said that there was need for a new fire truck and water well repair.

Floyd County 14 Years Ago

(From the Files of The Floyd County Hesperian, issue Dated Nov. 24, 1949) Of the 15 plants which opened up last week campaign to gin the areas record breaking cotton crop, there were 14 left Saturday night after a fast moving fire destroyed the McCoy Gini Friday morning. The gin was burned by friction created fire as it cut in the fleece of the 17,168th bale of the season. Loss to the owners is estimated at a figure of \$80,000.

J. M. Willson, Floydada lumber dealer, since 1911, who also is interested in a half dozen enterprises in the West Texas area, is now president of the West Texas Chamber of Commerce. Willson was installed Tuesday and is taking leadership in the campaign for water dams in West Texas.

The Spur Bulldogs took district 3-A championship Friday night when they won over the Floydada Whirlwinds with a score of 45 to 13.

Graveside rites for Annette Robinson, six weeks old daughter of Mr. and Mrs. W. B. Robinson, were conducted Saturday in Floydada Cemetery. Grandparents of the infant are Mr. and Mrs. L. A. Marshall of Floydada and Mr. and Mrs. J. W. Robinson of McCreese.

A tea given in the home of Mrs. Mamie Smart Saturday afternoon was to announce the engagement and forthcoming marriage of her daughter, Hughtetta, to William Fred Martin, son of Mr. and Mrs. Mark Martin. The couple have set December 21 as their wedding date.

THANKS FOLKS!

We believe this Thanksgiving season is a good time to express our sincere thanks to our many customers and friends for the continued loyalty that has made our business a success in this area.

About 24 years ago we opened for business in Floydada in the gasoline and oil business. In 1944 we expanded our services to include butane fuel. In 1951 we entered the fertilizer business and have just recently expanded this area of service to include liquid fertilizer.

We have been able to grow as friends and customers have shown their approval of our products and services. We pledge our best efforts to continue to grow with this prosperous area of West Texas — and serve you even better.

Again, thanks a million!

Carr Slated To Be Here February 7

State Attorney General, Waggener Carr, has accepted an invitation to be the principal speaker at the Annual Chamber of Commerce Banquet which is scheduled for February 7 at the High School Cafeteria and Gymnasium. Those who attend will pick up their plates of Turkey, dressing and all the trimmings and move into the High School gymnasium to eat and hear the meeting and program.

Ralph Maridis is in charge of ticket sales which will begin some time early in January, 1964. Price of the tickets have been set at \$2.50.

The meetings in the past have been held in the cafeteria, but attendance at the annual banquet has forced those in charge of the program to seek a site with a larger seating capacity.

About 400 are expected at the meeting in February. Last year's attendance was 400.

October Bond Sales Reported

October Savings Bond sales in Floyd County totaled \$3,525. This announcement was made recently by Mr. Don Pemberton, chairman of the Floyd County Savings Bonds Committee.

Total sales in this county during the first 10 months of 1963 were \$165,413 which represented 75.2 percent of the 1963 sales goal.

Texas Bond sales to date amounted to \$122,667,337 or 81.4 percent of the yearly sales goal.

"According to information received from the Treasury Department, 1963 Bond sales are hitting new penicetime highs. During the first 10 months of the year Bond sales nationally have increased 11 percent over the same period in 1962. While sales have shown a fine increase, it is also noted that Bond redemptions have decreased 2.7 percent during the same period," Chairman Pemberton reported.

The "Tar Pits" of California And Disneyland Top Tourist Attractions

By L. A. (Fisherman) Marshall
"Just remember this one little thing, if California doesn't get your money, you just don't have any."

I would like to tell you of some of the interesting spots I have visited while on a recent trip to California, in the Los Angeles and adjacent areas.

By far the most interesting and most popular tourist attraction is Disneyland. This 600 acre plot attracts tourists from 30 states and many foreign countries.

Most of the most impressive animals, now extinct all over the world, was the Sabre Toothed Tiger. They have found skeletons of over 300 of the Tigers of which the Walrus style tusks.

On a table in the Museum there are some 100 Sabre teeth from these tigers that have been found. There were some 18 inches long and sharp edged and pointed as good as when they were in use.

They had many of the skeletons of the animals and birds found in these pits, all bones black as tar.

Some of the other animals on exhibition were Mastodons, Elephants, Camels, Buffalo, zebras, Rhinoceros, Sloth Bear, Tigers, Mountain Lions, the Great Condor, Bald Eagles, Turkeys, Wading Birds, including the Stork, Horses, Tapirs, Peccary, a great wolf or Hyena, Short Faced Bear, Antelope, Burro and many other small animals.

If one can imagine the tragedy these pages of history tell us. One animal would get stuck in the tar and would scream or roar which would call its own kind. The mate in turn would go to help and get stuck, also. This attracted the flesh eating animals who would also be in the same tar.

The greatest prize, the prehistoric man, was not found, meaning that man was probably not on that part of the earth at that time or not on the earth at all.

They found only one human skeleton, that of a very small man which it dated at least 10,000 years ago. Man would have to get into the pits had he been there.

Many of the bones showed tooth marks, meaning that the flesh eaters were eating on the trapped.

One of the largest of these tar pits is named Rancho Le Bera and contained many of the prehistoric bones.

Most all of the smaller animals found are in the upper or late animal classes and can be found alive now. Skunks, coyotes, bobcats, weasels, and badgers. Almost everything except Mr. Coon, who was the only one smart enough to keep his feet out of the sticky stuff.

These pits are still putting out this sticky stuff and still trap the above small animals, including chipmunks, rabbits, etc.

Canyon Museum has a Sabre Tooth Tiger on exhibition from the tar pits. Go by and see it, right here close to home.

When you visit Los Angeles, be sure to take a day and visit the museum, Disneyland, Knotts Berry Farm, Marineland, the Tar Pits and the Flower Garden.

In the Garden the flowers (roses) are tested three years before they are put on the market. The park people care for these roses. Each grower furnishes one hundred plants or bushes and they are tested free. The garden covers several acres and are there close to the museum. Beautiful, indeed!

DP Named Grand Champion Runner-Up In Snyder Tourney

The Della Plains Hornets won victories over Crane 62-47, Breckenridge 64-46, and received a forfeit from Muncey to claim the Grand Champion Title at Snyder last Saturday, while the Hornets were victorious over Crane 27-26, Olton 26-16 and lost to Snyder 39-36 to claim second place in the tournament.

In the girls game against Crane, with 15 seconds left to play in the game, Cleo Ivory was fouled. The Hornets were trailing 26-25 at this point. Cleo Ivory shot both to put DP ahead 27-26. The score did not change from this until the end of the game. Ruby Storey and Cleo Ivory held the scoring in the contest.
