

# Ray Reed, Arthur Wylie Announce Major Business Developments

Development was made this week in Floydada by Ray Reed and Arthur Wylie. Both plan new buildings to be located on two highways which enter the downtown area.

The location is about two blocks southwest from the Wye on the Ralls Highway. Reed said the display room would be 50 x 28, four offices would be located just back of the auto display room and 2300 square feet would be devoted near the offices for the parts department. The spacious service department will be 70 x 80 feet and have 11 "repair stalls" . . . this includes washing and greasing departments. Reed said all equipment would be the most efficient and modern possible to install. A big front service entrance

will face the highway, as will the display rooms, the service entrance will be located to the east of the display room. Used cars will be displayed on the paved area east of the building. Total floor area of the entire plant is approximately 11,600 feet. The basic construction of the building will be colored steel with a brick and glass fronting. Reed said that bids are now being received for construction of the building.

The modern new restaurant will seat 45 and has an area of 1600 square feet. The shop area for serving both automobiles and trucks is 2250 square feet and will accommodate all sizes of trucks and will be equipped with the latest service equipment. Modern restrooms and a lounge will be included in the new building . . . offices upstairs will accommodate the traveler who has business to handle while in Floydada.

Entrance to the restaurant is available to the east where paved parking is planned or through the service station which opens to the north. Eight pumps will be installed under a huge 30 x 48 canopy over the front of the service station area. All Shamrock products and accessories, all fuels including LPG and diesel will be available to the local and out-of-town customer. Wylie said that a tan and white (See BUSINESS Page 5)

## Shift In A Number Of Businesses Slated

In addition to the announcement by A. L. Wylie and Ray Reed of their intended business expansions and new business locations, a number of downtown businesses are preparing for a re-shuffling. In fact, by March 1st, the

chain reaction may begin. It is to be set off by the moving of the Goen and Goen Insurance offices from the Stovall building to a building located at 104 East California, next door to Arwine Drug. The past few weeks has been

consumed by a work crew doing a number of alterations in the building preparing it for the business vacant for more than two years prior to Goen's purchase of the property. The second transposition in the reaction will be the moving of Floyd County Abstract Co. This move will be a much shorter one than its predecessor. It will only be next door. The Abstract Co. is moving to the office presently occupied by Goen and Goen. Mrs. Stewart, manager of the

Abstract Firm, said, "I'm ready to move now, I'm having to dodge too many carpenters". She plans no remodeling in the former Goen insurance firm. The building has and Goen offices, but Dr. Jack Jordan will be moving into the Stovall Building where the Abstract firm is as soon as the remodeling is for the benefit of the Doctor. These moves to better locations, and the new businesses seem to indicate that Floydada, a town with growing pains, is beginning to run over at the brim.

## Father-Son Banquet Draws 125 Thursday

In spite of the snowstorm that tied up traffic all over the South Plains and made it impossible for the expected guest speaker to reach Floydada, the annual FFA Father-Son Banquet held Thursday night in the high school cafeteria drew 125 members, fathers, and special guests. Mark Harbin, of Levelland, the

## Pickle Shed To Be Open In Floydada

At a called meeting held in the Lighthouse Electric building last Monday night, enough acres were committed by farmers to the Best Maid Pickle Company to warrant a cucumber shed in Floydada. The food company wanted at around 300 acres of the cukes to be grown before they would bother with a shed. At the meeting, out of 24 present, there were 115 acres committed. This amount with what had previously been verbally committed, brought the total to 200 acres. Mr. Otis Campsey, of the company, said that they can operate a shed more efficiently with 300 acres, but it would pay them to go ahead with only 200 acres planted in the county. At the meeting, Mr. Campsey told briefly the procedure used in producing and harvesting the

## New Electrical Superintendent Named For City

H. H. Roberts, a former Levelland resident has been named as the city's new Electrical Superintendent in Charge of Electrical distribution. Mr. Roberts recently moved here and assumed his duties this last week at the position. Roberts is well experienced in his position. He has spent 25 years working with electric companies. He is a veteran of World War II. He and his wife Hazel, have two girls, Thelm Ann who is 8 years of age and Marsha Gale age 12. All members of the family are active in the Church of Christ. They are presently residing at 618 West Jackson.

## Hospital Board Election April 4 In Courthouse

The first hospital board election for the Caprock Hospital District has been set for the first Saturday in April according to the law under which the district was formed. Voters in the district will vote at one polling place which will be the county courthouse. According to the law all interested persons desiring to seek election to the board should submit a petition signed by 25 resident qualified voters to the secretary of the present board 25 days before the election date. This makes the deadline for seeking election to the board March 9. Qualifications for candidates include the requirements of being a resident of the district, and owner of land subject to taxation in the district and he or she must be 21 years of age. Absentee balloting will begin on March 16th. Five board members will be

# Caprock Hospital Bond Issue Approved In 988-677 Vote

## Legal Formation Of Caprock Hospital District Questioned

Was the Caprock Hospital District legally formed? This question was brought to mind last week just prior to the voting on the \$395,000 hospital bond. Since the bond did pass 988-677 and was the simple majority required, the Plaintiffs of a suit, listed below, want some legal questions answered before the issuance of bonds will be allowed. The situation and question is this: The Texas Constitution states that hospital board may be formed by the approval of the majority of qualified voters in any given area. Last July 13 the creation of the Caprock Hospital District was approved by the qualified voters by a vote of 551-256. This vote would normally have been acceptable to all concerned, except for the fact there are 1750 qualified voters in the District. Even though the creation of the district was approved by a majority of those VOTING, the Plaintiffs claim there are an additional 843 people qualified to vote on the issue, so the 551 voting for

## Plans Finalized For Methodist Revival Services

Final plans for the Methodist Revival beginning Monday, March 2 include a number of features. The first service will be Monday night, March 2, at 7:30. Dr. Thomas Carruth of Atlanta, Ga., is the preacher and the Rev. Bruce Parks, pastor of Lorenzo Methodist Church is the song leader. Daily program includes a breakfast each day from 6:30 to 7:00 in the Fellowship Hall. The morning worship service is at 7:15 and closes at 7:50, making possible the attendance of those who report to work at 8:00 a.m. Child care is being provided for pre-school children for the morning. (See REVIVAL, Page 5)

## Most Of The Eligible Voters Go To Polls

Floyd County residents in the Caprock Hospital District (precincts 1 3 and 4) approved a \$395,000 bond issue for a new hospital by a vote of 988 for to 677 against last Friday. Of the 2104 eligible voters, 1,665 participated. The hospital will cost \$790,000, including \$150,000 for equipment. The Caprock Hospital Board will apply for a Hill-Burton government grant in April at the state offices to match the bond issue money.

## YFA Meeting Set Tonight

The Floydada Chapter of the Young Farmers of America will hold its regular meeting tonight at 7:30 p.m. in the high school agriculture building. The feature on the program will be a representative from Plains Coop Oil Mill in Lubbock to give further information about the feasibility of growing soybeans and Castor beans in Floyd County and the surrounding area. Also, from the Halfway Experiment Station will be Lloyd Langford to give an idea to the group of the problems involved and advantages and disadvantages of growing the crops. Each member that attended the last meeting is expected to bring two "buddies" with him to the meeting tonight. If enough Young Farmers attend the meeting, the group may finalize plans to affiliate with the state group tonight. All persons interested in know-

Preparation Saturday, February 22 was a busy day for many 4-H Lamb owners in Floydada and the Harmony, Baker and Cedar Hill communities in preparation for the show. The Stock Show barn was opened at 8:00 A.M. and 4-Hers, Lambs, blocking equipment, and moms and dads poured in to ready Lambs for the rapidly approaching Floyd County Junior Fat Stock Show, March 24. The wool flew as the 4-Hers went to work and county agents Davidson and Darrell Smith were on hand to advise and help trim out the rough spots. Mrs. Bill McNeill of Dougherty kept everyone's appetite quenched with plenty of coffee and cookies. There were the following 4-Hers present: Harmony 4-H, Larry Scott and Ilene Daniel; Cedar Hill 4-H, Craig DuBois and Donnie Fortenberry; Dougherty, James McNeill; Baker, Lee and Will Snor, Floydada 4-H; Stanley and Steve Pierce also Floydada 4-H.

SEE THE CIRCLED PART OF THE PUZZLE, MARCH 9 — that's the date of the annual Floydada Style Show sponsored by the 1964 Study Club. Pointing out the date are heads of departments, from left to right, Mrs. Earl Edwards Jr., theme chairman; Mrs. Tom Davison, publicity; Mrs. Tommy Assisier, Style Show chairman; Mrs. Doyle Moore, script chair; and Mrs. Chas. Craig, entertainment.

### Style Show To Also Present Latest In Hair Trends

The completion of a giant "big saw puzzle" will be a pretty picture for the public to enjoy as the fourteenth annual 1960 Study Club Style Show is presented Monday night, March 9, at 7:30 P.M. at the high school auditorium. The Style Show committees are busy working out their individual parts and are co-ordinating the "puzzle" under the co-chairmanship of Mrs. Tommy Assisier and Mrs. Herman Gishman.

The "puzzle pieces" will be the attractive models the four local stores, Beall Department Store, Hugood's Department Store, Hale's Department Store, and Ladies Three are offering in Easter and spring fashions from head to toe. To add to the intrigue, seven local beauty shops will select models showing hair styles fashioned by their members. Mr. Craig Edwards will hold the "puzzle" together as he plays background organ music and Mrs. Jesse Martin narrates the story behind the picture.

A new attraction this year will depict the latest in hair colors, coiffures, and the newest trends, wags. Betty's House of Styles, the Colonial Beauty Salon, Helm's House of Beauty, Freda's Beauty Box, Irene's Beauty Shoppe, Lany Fair Beauty Shop, and Lavette's Beauty Shop will put the crowning touch on the Style Show.

Chairmen of committees are: Theme committee, Mrs. Earl Edwards Jr.; Ticket committee, Mrs. Claude Estes; Publicity committee, Mrs. Tom Davison; Ramp committee, Mrs. Lane Decker; Model committee, Mrs. Adrian Helms; Entertainment committee, Mrs. Charles Craig; and the Script committee, Mrs. Doyle Moore.

Advance ticket sales will be held at Piggly Wiggly and Powell Super Market on Wednesday, March 4, and Saturday, March 7.

### Lockney Couples Son Injured In Car Collision

Merl Landrum, 21 of Plainview, and son of Mrs. and Mrs. Reginald Landrum of Lockney, was injured in an automobile collision late Friday afternoon near O'Donnell, which took the lives of three persons and also injured another.

The accident occurred at the intersection of U. S. 81 and FM 263 as a car driven by Edwin J. Goddard, 50, pulled onto the highway in front of a vehicle driven by Landrum. Goddard, his wife and his mother were killed. Injured were Landrum and Doyle Therman of Amarillo.

Landrum, who is employed by Green Machinery in Plainview, was transferred to Lockney General Hospital Monday where he is reported doing fairly well. He is suffering from a laceration of the forehead and chin and bruises on the chest.

Therman received a badly cut head.

Landrum was driving the automobile owned by Therman at the time of the accident.

### Mrs. McAllister Settles In Suit Against Santa Fe

After two days of testimony the case of Willie Steen McAllister et al vs Santa Fe Railroad came to a close about noon Thursday. The case was settled in the amount of \$9,200.50 awarded to Mrs. McAllister.

The case was tried in 110th District Court presided over by Judge L. D. Ratliff. Attorneys for the plaintiff were Stovall and Stovall and for the defendants, McWhorter, Cobb, Johnson and Cobb of Lubbock.

Mrs. Holmes said "We feel there is a real need in Floydada for a book store and we hope to serve not only readers in Floydada but all over the Caprock."

### Open House Set At Book Shop

The Radio Record and Book Shop at 124 West California Street located in the KFLD building, is holding open house Saturday, Feb. 29 from 10 a.m. until 12 noon, according to Mrs. Alma Holmes, manager.

Greeting guests will be Mrs. Holmes and Mrs. Estelle Carruth Work of Lubbock, who will be on hand to autograph her latest, "Three Sides To The River."

The book was published in November and is one of warmth, understanding, sensitivity, and honesty. Mrs. Holmes related, The book describes the "third" side of the Rio Grande... the racial prejudice separating the Mexicans and Anglos.

Mrs. Work brings a great deal of authority to her descriptions having devoted her life to teaching. Two years of teaching in the border town of Laredo and two years in the Latin American School in Omaha provided much of the background for her material in the book.

The Book Shop in Floydada now offers citizens a complete selection of good reading material. Best Sellers, Bibles, Religious books, and many many children's books. They will also be happy to order special books for you.

Mrs. Holmes invites the public to the open house and to especially meet Mrs. Work.

### Teachers Invited To Hear Ray Barber At Dinner Meet

All teachers, their husband or wife, as the case may be, are invited to a dinner and program Friday, Feb. 28, 1964, as guests of the Masons of Floydada Masonic Lodge No. 712 A.F. & A.M. Dinner will begin at 6:45 P.M.; program, at 8:00 P.M. Brother Ray Barber, Superintendent of the Masonic Home and School, will present the program with the aid of some of his students. Ray is the brother of our Henry Barber.

Public School Week, which is March 2 through March 6, is sponsored and observed by all Masons; therefore, as recognition of the importance of devoted teachers in the educational program, the Masons urge each of you to attend this event given in your honor.

The invitation is extended to those of the faculty at Floydada High and Junior High, Andrews Ward, Lakeview, Dougherty and South Plains schools, according to

reth Robertson, V. V. Scott, Richard Ward and Mrs. Robert Ward. Those attending included the honoree, and Mmes. W. J. Ross, Kenneth Poole, Lon Emert, Claude Ring, Clarence Ashton, J. T. Poole, Russell Crawford, Roy Crawford, Weims Norman, Vickers, Milt Covington, Eastham, and Mrs. A. T. There are 631 local Boy Scouts in the United States, serve boyhood through great land of ours.

### Miss Rita Colley Initiated Into Phi Theta Kappa

LEVELLAND (Special) — New members of Phi Theta Kappa were initiated Feb. 10 with members Vondal Rinne, Wilson; Kenneth Welch, Loveland; and Rita Taylor, Seagraves, officiating. Also assisting with the ceremony were other members Angel Hernandez, Seagraves; Mrs. Wynell Smith, Whiteface; and Carolyn Gunn, Roseville.

Those initiated were: Chon Hernandez, Pettit; Mrs. Gwen Chappel, Loveland; Marcheta Ownbey, Loveland; Mrs. Nellie Patterson, Loveland; Don Jennings, Loveland; Rita Colley, Floydada; Sandra Shugart, Loveland; Curtis Dickson, Whiteface; C. H. Underwood, O'Brien; Gail Williams, Loveland; Linda Brown and Mrs. Lutha Grigsby, Loveland; and Joe Matura, Knox City, were not present for the initiation.

Academic Dean Nathan Tubbs spoke to the honor group on "Phi Theta Kappa's Place in College." He said this group represents the best in college.

In order for a student to be eligible for membership in the National Honor Society, Phi Theta Kappa, he must make a 3.25 grade point average the first semester and then maintain a 3 average the succeeding three semesters.

### Former Della Plains Student At Convention

Alvertis Williams, a freshman student at Bishop College in Dallas, and who is majoring in law, is expected to attend a convention for Ministry which is to be held in Boston, Mass., from February 28 through March 1 of this year.

Alvertis is the son of Mr. and Mrs. Langston Williams of Floydada. He was a student at Della Plains and while attending he participated in basketball, field and track events.

Through the recommendation of Della Plains High School he secured the National Defense Student Loan which aided him to attend Bishop College.

### Mrs. Switzer Hostess For 34 Study Club Meet

The 1934 Study met the night of February 18 in the speech room at High School with Mrs. G. W. Switzer as hostess. Mrs. Dennis Dempsey, president, called the meeting to order. Roll call was taken of each assigned artist.

Mrs. W. H. Bunch and Mrs. H. G. Barber were in charge of the program. Mrs. Bunch's subject was "Techniques: Fresco" and Mrs. Barber gave a narration on "Composition: Arrangement as Expression." Mrs. J. P. Moss showed artist's pictures.

Due to a conflict the Texas Day Program, previously scheduled March 3, has been changed to March 17. Therefore the next club meeting will be held March 3 in the speech room at high school with Mrs. John Stapleton as hostess and Mrs. M. J. McNeill in charge of the program.

Members attending the past meeting were Mmes. H. G. Barber, Allen Bingham, W. H. Bunch, A. W. Coltharp, Dennis Dempsey, E. G. Dunlap, J. S. Hale Jr., Ralph Johnston, Charles Lutrick, Joe March, M. J. ### Della Plains Wins District Office At Meeting

The members of the Della Plains Chapter of the New Homemakers of America attended the West Texas District Meeting Saturday, February 15, 1964 in Abilene, Texas.

The title of the conference was "Preparedness — Our Contract for Leadership." The District Fourth Vice President, Linda Lewis of Floydada was impressive as she introduced the guest. The very down to earth speech by Mrs. Allen Andrus of Arson, Texas stressed "Stay-In-School."

The house of delegates were called to order with the president Alma Jean Levey presiding. After roll call and the seating of the voting delegates, each candidate spoke for about two minutes.

Vera Simon a candidate for president spoke on the topic "Reasons for Being a President." Vera stated, "The NHA is a club that would help prepare young girls for a more enriched way of life." Evon Carr, parliamentarian candidate was dynamic in the "Dropout" problem. After the canvassing of the ballots, Vera Simon daughter of Mr. and Mrs. Joy Simon was elected West Texas District NHA President. Evon Carr was elected Parliamentarian for the West Texas District New Homemakers of America organization. She is the daughter of Mr. and Mrs. L. C. Carr.

Vera Simon will attend the State, National and Leadership Conference meetings at West Texas District representative. According to her advisor, Mrs. Mary J. Wilson, Vera is well qualified to hold the position. Georgia McGee placed third in the Miss NHA pageant in Abilene.

New Homemakers of America chapters from Lubbock, Abilene, Amarillo, San Angelo, Slaton, Plainview, Hamlin, Midland, Colorado City and Vernon were present at the meeting.

### Senior Citizens Have Meeting

Senior Citizens met in the Methodist Church for a covered dish luncheon Tuesday with the devotional brought by Rev. Perry Throddill.

The business meeting was conducted by Mrs. C. B. Lyles, president.

Following the luncheon J. T. McLein gave a talk on the early days of Floyd County which was very interesting.

Any Senior Citizens of Floydada is invited to attend the meetings, the next which is to be held March 10 at 11 a.m. at the Methodist Church. A luncheon will also be held.

### Dear Friends,

Effective March 1, 1964, we will be located in our new quarters at 102 E. California St., next door to Arwine Drug, and we cordially invite you to drop by to visit us in our new home.

It is our hope that the more central location and larger offices will enable us to provide you with even better service in the future. Please feel free to drop by any time to discuss your insurance problems with no obligation.

Sincerely yours,

### DP Loses To Buffalo In State Playoffs

The Della Plains Hornets slipped on their first game in the state playoffs this last weekend, and fell to a team from Buffalo 68-64 to be put out of the running for the state championship.

The irony of the situation is that Buffalo advanced to the finals in the tourney and was defeated by Paducah, who Della Plains had beaten earlier in the season.

Jewell Story was the mainstay in the Della Plains offense by racking up 25 points. Willie Simon added 17 and Wilbur Bonner 11.

Coach Johnson said, "I believe our trouble was in the fact that our scoring wasn't well balanced like it has been in the past." Usually there are 5 or 6 of the boys scoring in double figures, but there were only 3 against Buffalo.

Leading scorers for Buffalo were Willie Crowder with 17, Bobby Oliver with 17, Dennis Allen 14, and James Amos 13.

When asked what prospects for a good team next year are, Coach Johnson said, "We have the same boys coming back next year as we did this year. We don't lose a starting player."

### FLOYD DATA

### Five Contestants Entered In Mrs. Floydada Pageant

Five contestants have entered the Mrs. Floydada Pageant which is planned for Saturday night, February 29, at 7:30 in the High School auditorium. Gifts will be presented all contestants, as well as trophies and prizes to all winners. In addition to her trophy and gift certificate, Mrs. Floydada will also receive a wardrobe presented by local merchants. Mrs. Floydada will be chosen on her basis of homemaking ability, personality and character, appearance, talent, activity in the community and church and her citizenship standing. Judges will base their decisions on the following: Homemaking ability, 30 per cent; Personality and Character, 25 per cent; Activity in Church and Community affairs, 20 per cent; Appearance, 15 per cent; and Talent, 10 per cent.

### Dr. C. L. Kay To Speak In Floydada On March 9

Floydada Chapter of Lubbock Christian College Associates are sponsoring a talk by Dr. C. L. Kay, vice-president of Public Services of Lubbock Christian College on Monday night, March 2 at 8 o'clock. The program will be held in the Educational Building of the City Park Church of Christ, according to Mrs. J. A. Arwine, president of the local chapter. Citizens of Floydada and the surrounding area are cordially invited to attend and hear Dr. Kay speak on "The Challenge of 1964". Dr. Kay is a well known speaker throughout this area. He will be accompanied to Floydada by Mrs. Kay.

DR. C. L. KAY

Dr. Kay attended East Technical High School in Cleveland, Ohio and received his diploma from Freed-Hardeman College in Henderson, Tenn. He received his BA from Eastern New Mexico University and his M.A. degree from the same University in 1952. Dr. Kay did additional graduate work at the University of Colorado, Texas Technological College and Fee School of Political Economy in New York.

The speaker has held positions as head of the Department of Religion at West Texas State University; Professor of History and Government, Dean of Students, Dean of Student Life and at present, Vice president for Public Service at Lubbock Christian College.

He is an active member of the Chamber of Commerce and serves on The National Affairs and Education committees. Dr. Kay was author for two years of a weekly column entitled "The Spirit of America," directed a weekly radio program, "Awakening to Freedom," and has made over 350 addresses in 1963 before numerous organizations.

The speaker has received over thirty citations and awards among which were "The George Washington Medal of Honor" presented by Freedoms Foundation at Valley Forge in 1961 for his speech, "The Battle Ahead" and

### Eastern Star To Hold Hat Party

Floydada Eastern Star is sponsoring a "Hat Party" to be held Saturday afternoon, February 29, between the hours of 2 p.m. and 5 p.m. The party will be held in the PCA room in Floydada. One hundred lovely hats, the latest in spring fashions, will be available. Mrs. E. M. Jackson, chairman of the finance committee, said a lot of fun is being promised and refreshments will be served. Everyone is invited to attend.

### Foreign Exchange Student Speaks At Club Meeting

A regular meeting of the 1962 Jr. Study Club was held in the party room of the First National Bank Tuesday night with Mrs. Frank Harmon III and Mrs. Bobby Welborn as hostesses. The president called the meeting to order and club members voiced the club collect together. Mrs. Leon Williams read the quote for the day and members answered roll call by introducing their guests. Mrs. Ted Anderson gave a report on her department of work. Council of International Clubs. The program was then turned over to Mrs. Leon Williams, who introduced a special guest speaker, Maria Capocceffo, foreign exchange student from Italy.

Members and guests present included Mmes. Harvey Allen, Kate Crabtree, Ted Anderson, Doug Galloway, Frank Harmon III, Max Harrison, Milton Harrison, F. M. Marquis, James Hartline, Alton Higginbotham, Ronnie Dalton, Roy Hodges, Jimmy Knowles, Nelvis Knowles, Keith Reeves, Johnny Bill Sue, Ronald Evans, Bobby Welborn, Nolan Arney, Elmer Dean Williams, Jerry Bullock, Leon Williams and Miss Capocceffo.

### Bob White Is On Honor Roll

Weatherford (Okla.) — Bob W. White, Floydada, is one of 40 Southwestern (Oklahoma) State College students to earn 4.0 grade averages (straight A) for the first semester which ended Jan. 17. He is listed on the President's Honor Roll for this outstanding academic achievement. He is a senior in medical technology at Southwestern State. His father is W. U. March 4 Last Sign-up Day For Reapportioned Acres

Floyd County cotton growers interested in securing more acres or releasing all or part of their 1964 allotment should contact the ASCS office prior to March 4, 1964. According to the Plains Cotton Growers in Lubbock, the High Plains area, comprised of 23 counties, received an additional Reapportioning of the acres will take place on March 25 in the High Plains area.

Under this program farmers who do not wish to plant all of their cotton acreage can release the unwanted portion to their county ASCS Committee for apportionment to farmers who request additional acres. After reapportionment within the county, excess acres are turned to the State Committee for distribution within the zone in which the acres were released.

Most of the changes in the 1964 program deal with limitations placed on the number of acres a county or individual farm is eligible to receive under the program. It is expected that the revisions in the regulations governing the reapportionment of released cotton acreage will provide for a more equitable distribution over the entire state, allow greater utilization of the state allotment.

LCC Associates Have Meeting The Lubbock Christian College Associates met Monday, Feb. 17 in the Educational Building of the City Park Church of Christ. The meeting was called to order by Mrs. J. A. Arwine at 7:30 p.m. Mrs. Herman Alexander led opening prayer.

After a short business meeting guests and a new member, Mrs. Mal Jarboe, were introduced. Nancy Holmes then introduced guest speaker, Maria Capoccealo, Rome, Italy, and foreign exchange student in Floydada.

Members present included Mrs. Grady Walker, J. A. Arwine, Frank Harmon Sr., Pike Hanna, J. T. Myrick Jr., F. A. McKinnis, Leland Pinkerton, Troy Stansell, L. L. Sawyer, Roy Hodges, Wayne Brown, Gene Reed, Tom Porter and Mrs. Lewis Blum.

Hostesses were Sawyer, Mrs. Harmon, Mrs. Hanna, Mrs. Joe March and Mrs. McKinnis. They served punch and cookies from a table appointed with milk glass. A valentine theme was used in decoration.

The next regular meeting is March 2 in the City Park Church of Christ. It cleared the Senate Agriculture Committee last week and a drive was underway to try to get floor debate on the bill started Saturday.

The object of this was to get the farm bill out of the way before a lengthy debate on civil rights begins this week in the Senate. The civil rights, with filibustering, could last as long as the Jack Ruby trial jury selection.

Plans are underway in Lockney to open a new city park and to have it well on the way by the time summer arrives. The Lockney American Legion Post 141 is sponsoring the project.

The Legion members plan to have the grass planted over the park area by April located near the Legion home in the east part of town. A carport has also been leased from the City of Lockney to provide shade for a picnic table in the park.

Film To Be Shown At PTSA A film "The American Road" will be shown at a meeting of the Junior High PTSA meeting in the Junior High school auditorium, Monday night.

Fred Martin will officiate at a short business meeting and he urges everyone to attend the meeting, which will begin at 7:30 p.m. Increase in farm assets, chiefly due to the continued rise in farm land values. Though farm debts also continue to increase, the equities of farmers and other farm property owners are increasing at a faster rate, says McHaney.

The outlook for agricultural exports is about the best ever, he adds. Total exports of farm products for 1963-64 is likely to be near \$6 billion if the proposed grain sales to Soviet bloc countries materialize. The outlook calls for further

Compromise Cotton Proposal Draws Influential Support

The compromise cotton proposal offered by the Johnson administration has generated somewhat of a mixed reaction throughout the industry, but it has drawn some influential support. This is the measure drafted by the newly formed Cotton Producers Legislative Committee, an association representing 17 groups of cotton farmers from California to North Carolina.

It cleared the Senate Agriculture Committee last week and a drive was underway to try to get floor debate on the bill started Saturday. The object of this was to get the farm bill out of the way before a lengthy debate on civil rights begins this week in the Senate.

Shippers would like to see the government loan reduced to the world price level and direct federal price support payments issued to producers to maintain farm income at a pre-determined level. But producer groups all across the nation are uniformly opposed to any such plan, although they recognize the urgent need for a one-price system and are willing to accept somewhat lower prices to achieve it and get more acres.

The American Textile Manufacturers Institute has endorsed the compromise, noting that the bill would give domestic mills and the cotton industry the long-sought one-price system. The actual plan is a modification of the House-passed Cooley bill, worked out by the newly formed Cotton Producers Legislative Committee composed of 17 producer associations stretching from North Carolina to California.

The USDA accepted the producer plan and asked the Senate to pass it. The price support for 1964 would be 30c per lb. (now 32.47c per lb.). Those planting within the domestic allotment would get added support of 15c per cent above regular support, or 45c per lb. in 1964, provided through payments-in-kind. This would reduce CCC stocks. Complant would retain their base history — their present acreage allotments.

Allotments and supports would be three-level. Producers could take one-third reduction in allotment and get an increase in support price. On the other hand, he can plant more acres and get an increase in support price. According to past records, though, the moisture is very much in line with the amount received by this time of year in any given year. For example in 1955 when the county received a year total of 20.42 inches, January, February and March totaled only .13 of an inch. Last year at this time the ASCS office had recorded .40 of an inch.

The bulk of moisture for the county usually comes in May, June, July and August, so this early indication doesn't necessarily indicate a dry year.

Businesses (Can't from Page One) brick and glass front will blend with an overall steel and metal construction. Plains Steel Building of Amarillo has the building contract for the new center.

The service station that is located at the site of the new building of course will be torn down and Wylie said that he planned to open the new center for business about the first of May. A complete staff for the new center will be announced later, Wylie said.

Architects' drawings of both these new business buildings are pictured inside this issue of The Hesperian. OTHER BUSINESS PROGRESS Keith Buhman, manager of a local insurance agency said that he will be moving to a new office, which was formerly the Caprock Cotton office, located next door to Production Credit in Floydada.

Lubbock Woman Will Speak To Scout Leaders

Mrs. Irene Beck of Lubbock will be guest speaker Monday night at 7:30 when the Girl Scout Neighborhood Association meets at the Scout House. Mrs. Beck is the Executive Director of the Caprock Girl Scout Council. Before she became a professional Girl Scout leader, Mrs. Beck taught in the public school system.

Her subject will dwell on Camp Rio Blanco, the Council owned girl's camp five miles east of Crosbyton. Camp brochures will be mailed in March to all girls over ten years of age. Parents are urged to mail the registration blank in April as there may be a waiting list for camp. Scouts may go to camp for one or two weeks during the months of June, July and August. The camp staff will include a director, who is a former school teacher, a registered nurse, a licensed water-front director, cooks and handymen.

All counselors at the camp are college girls who have previously taken a six weeks course in camp management. The camp is run by ACA Camping and Red Cross standards. The camps have high safety records and promote cleanliness and creativity. Meals are planned by a trained dietitian.

Camp Rio Blanco costs \$2.67 a day for room, board and tuition. Frontier stamps may be used in place of cash. Floydada has two grocery stores and a TV repair store that gives away these stamps upon purchases. The camp offers three types of sleeping accommodations; tents, covered wagons and a tree house. Activity areas are the handicrafts cabin, the dining hall and the swimming pool.

An open house will be held at the camp in May in order that parents may inspect the grounds. Parents are also invited to talk to Mrs. Beck during her meeting here today. Any questions concerning the camp will be answered at that time. Mrs. Beck is expected to be accompanied to Floydada by Miss Mary Anderson, Camp Director.

Little Moisture Brought By Snow After receiving two "near blizzard" snowfalls during the month of February, the moisture recorded for the month stands at a mere .51. This brings the years total to .81 for January showed .30 of an inch of moisture. Both the snows in February however, came with high winds, at sometime during the fall, and it is very difficult for precise instruments to measure the true amount of moisture when a large part of it is blowing past.

One of the seemingly wettest snows of the season showed a moisture content of only .04 of an inch. According to past records, though, the moisture is very much in line with the amount received by this time of year in any given year. For example in 1955 when the county received a year total of 20.42 inches, January, February and March totaled only .13 of an inch. Last year at this time the ASCS office had recorded .40 of an inch.

Revival (Can't from Page One) ing hour: Tuesday through Friday from 10-11 a.m. Child care is also available for all children four years and younger for the evening services. Special Features Two special features of the revival this year are some group activities to make possible close contact and conversation between the revival preacher and the people. "Prayer Meals" are being planned for small groups of people sitting down in their homes for fellowship and study-in-conversation with Dr. Carruth leading.

Four noon meals and four evening meals will be planned on this occasion. The emphasis is on "feeding the soul" of participants and not on "feeding the prospector". The Senior High Youth will have a special group and "prayer meal" in Fellowship on Wednesday. On Saturday noon the men and Senior High and older youth (9 boys) will have a special covered fish luncheon. All men and youth are urged to attend this luncheon and meeting.

The entire revival effort this year is being carried forward with the theme of a "fission of love" . . . preaching, teaching, singing, learning of Christian love. The revival will close Sunday morning. The Methodists invite everyone to share in these services.

## Open House Set Here For Texas Public Schools Week

Open House is scheduled at Del La Plains, Andrews Ward, the Junior High School and the High School Thursday, March 5, which will highlight Texas Public Schools Week, March 2-6.

School will turn out at 2:30 p. m. on that day to give the visitors an opportunity to go through the schools. Open house will begin at all but the high school at 2:30, and the high school open house will begin at 5:30 p. m. Also, a band concert will be presented at the high school auditorium at 7:00 Thursday night. Lakeview, South Plains and Dougherty schools will have open house Thursday, also.

People are welcome to visit in the classrooms all during the week. Visitors are invited to eat in any of the school cafeterias if they make the reservation in advance. Price of a meal is 45c. Throughout the state, schools

will be observing Public Schools Week and planning special activities for the week.

In Governor Connally's proclamation he states, "Never before in our history has there been a greater need for educated leadership. As we rush to train young people in science and technology to keep pace with world events, it is also important to remember that our public schools will furnish our leaders tomorrow with the basic human, moral and spiritual foundations necessary for more advanced training and knowledge."

With this in mind all people are urged whether they have children in school or not, to visit a public school sometime during the week of March 2-6 and observe how methods of teaching have changed over the past few years. Also, people will have a chance to observe classroom conditions and a number of problems confronting the local school system.

All school officials urge the citizens of the area to become a part of the school, not just an observer, by taking part in Public Schools Week, March 2-6.

There will be no school in the area schools Friday, March 6. The annual TSTA Region 13 meeting will be held in Lubbock at the Municipal Auditorium or Coliseum that day.

EVER WONDER what kind of church people we have in Congress? H. M. Baggarly of the Tulsa Herald recently had a subscriber write in and ask how many Catholics were in Congress. Here's what H. M. found out:

There are 425 Protestants, 98 Catholics and 11 Jews. Three Representatives are unlisted. By Protestant denominations, there are 102 Methodists, 82 Presbyterians, 64 Baptists, American and Southern; 64 Episcopalians, 24 Congregationalists, 21 who list themselves merely as "Protestants"; 17 Lutherans, 12 Disciples of Christ, 10 Unitarians, 8 Mormons, 4 Church of Christ, 4 Christian Scientists, 2 Evangelical and Reformed, 2 Evangelical Free, 2 Quakers and one each of Apostolic Christian, Brethren in Christ, Cumberland, Evangelical United Brethren, Reformed, Church in America, Schwabfelder, and Universalist. While on the subject, the 50 governors are denominationally inclined as follows: 11 Methodists, 9 Roman Catholics, 8 Baptists, 7 Presbyterians, 7 Episcopalians, 3 Congregationalists, 2 Lutherans and 1 Disciple of Christ.

I ALWAYS accept an invitation to eat at the Buchanan Colonial House. That woman who cooks over there (Can't think of her nick name) knows how to cook. So, when Sam Puckett invited Mary Tom and me over to a Farm Bureau Insurance dinner I readily accepted. I'd just like to say that these Farm Bureau Insurance people know how to play forty-two . . . so watch out.

IF YOU really want to inform yourself about Floydada schools . . . visit them next week.

## Banquet

(Can't from Page One)

Miss Phyllis Bradley, Chapter Sweetheart, was presented a bracelet by the Chapter. Since there was no further business the meeting was adjourned, and closed by the FFA procedure.

The FFA members who received their Chapter Farmer pins at the banquet are Weldon Emert, Eugene Litch, Zeke Robertson, Randy Bertrand, Clinton Fawver, Gene Martin, Charles Overstreet, Donald Boone Thurman Kirby and Gary Liles.

Also Kraig Edwards and Lon Miller were recognized for the progress they have made toward their Lone Star Degrees.

Mr. Gerald Thompson said, concerning the smoothness of the meeting in the absence of the speaker, "This is one of the reasons the FFA stresses leadership in meetings. If these boys learn to handle themselves in a sudden absence like this, there's no worry about whether they can handle their projects or not."

cukes. Mr. Campsey said that the main drawback was in labor, for during the harvest season it takes about 1½ men to the acre of cukes per day to harvest them. The harvest season lasts about 8 weeks.

Mr. Campsey stressed the fact that there would be a guaranteed price and market for the crop, and that field men would be available to aid in the production.

The shed in Floydada would serve as a shipping point to Ft. Worth and a grading shed. The cucumbers are based on 4 grades, according to the diameter size. The No. 1's are ½ of an inch and bring \$7.50 per cwt.; No. 2's are ¾ inch and, bring \$3.50 per cwt., no. 3's 1¼ inches and bring \$1.60 per cwt., and the No. 4's are 2 inches or more and bring \$6.00 per cwt.

It was noted that Bracero labor would be available for the harvesting through 1964, but under the present law, not in 1965.

If others are interested in growing cucumbers contracts are available at the Chamber of Commerce office.

At the meeting Monday night officers from the four communities were selected to head the organization to complete plans for the future water supply. President is Bill Long of Silverton, vice-president is S. W. Ross of Floydada, secretary is Jim White of Tulia and treasurer is O. C. Bailey of Lockney.

The Mayors of the four cities are to meet in Tulia at 2:00, March 2 to formulate a constitution or by-laws for the group.

G. W. Suggs of Lockney, the Lockney and Floydada city attorney was hired as the attorney for the water group.

Attending the meeting from Floydada was Olen Petty, S. W. Ross, and Judge J. D. McBrien. The next meeting will be in Tulia March 9 at 7:30 p. m.

## Jack Henry, Medical Student, Aims For Lifetime Of Service

Editor's note: the following feature story was clipped from the Houston Chronicle and reprinted here with as it concerns a former Floydada youth.

By BOB WOOD  
Galveston — Jack Henry ate, slept, drank and lived football. When he was told by the team physician that his days on the gridiron were through, Henry was crushed.

Henry, a 6-foot 2-inch, 210-pound center, was attending Texas Tech at Lubbock on an athletic scholarship, when, during 1958 training, he broke his knee, ending his football career.

He was a junior and had another year to go before receiving his degree in chemistry.

Today, Henry says that the broken knee was the best thing that ever happened to him.

That injury opened up a whole new life: Medicine.

### Wasn't Interested

"When they told me I couldn't play football anymore, I didn't know what to do. I wasn't interested in anything, much less medicine."

"I went to my room and got out my horse blanket (list of professions) and marked off things I didn't want to be. There was only one left on the list unmarked—medicine."

When he talked to the pre-med professor at Tech about being a doctor, he was advised to "forget it."

For the first three years at college, Henry had done nothing but "goof off." "I had a 'C' average. I needed a 'B' average to get in medical school so I started studying." He had to work at Methodist Hospital in Lubbock to fi-

nance his way through two years of pre-med. He was accepted in 1960 at the University of Texas Medical Branch in Galveston.

### Heads Student Body

Henry, now 26, is president of the student body at the medical branch and is national regional vice-president of the Student American Medical Assn. He is a senior and will go into internship in June.

What kind of doctor does he want to be when he hangs out his shingle?

Henry said he is torn between being a "good old country doctor like my grandfather or a specialist in orthopedic surgery."

When he came to the medical branch, his heart was set on being a country doctor, but he isn't so sure now. "I truly love people and want to help them, but I also would love the prestige of a specialist."

Henry borrowed enough money from his aunt, Mrs. Joyce Herd of Post, Texas, to go through medical school. He said he will pay her back when he is a doctor

"send another boy through medical school."

### One of First Doctors

Henry's parents, Mr. and Mrs. W. D. Henry, live in Floydada, where his father retired in 1958 after 40 years with the post office. His grandfather, Dr. E. A. Hopkins, was one of the first doctors in that county.

Henry received the Mu Delta award as the outstanding junior last year. He is chairman of graduate training for SAMA and has done research at Columbia. He hasn't decided where he will intern.

## Feed Grain Sign-up Due Before Friday March 28

**1964 FEED GRAIN SIGN UP:** Our office began accepting "Intentions to Participate in the 1964 Feed Grain Program" on Monday, February 10, and will continue to do so through March 27, 1964. Therefore, you may now sign your "Intentions" and if you so desire, receive an advance payment for the intended diverted acreage. The price support payments and final diverted acreage payment will be made next fall, after performance has been determined. All persons who will receive a share of the Feed Grain on a farm must sign the intentions before an advance payment is made to anyone. Again in 1964, as in 1963, the entire intended diverted acreage must be diverted, except for a small tolerance, for the farm to be in compliance. However, you may change your intended diverted acres through March 27, 1964. The minimum participation is 25 per cent of the feed grain base and the maximum amount that can be diverted is 50 per cent of the feed grain base.

Custom beans may be planted on the designated diverted acres and still you will be paid 50 per cent of the smallest feed grain payment rate on the farm for the diversion payment. You will also earn the full price support payment on the farm.

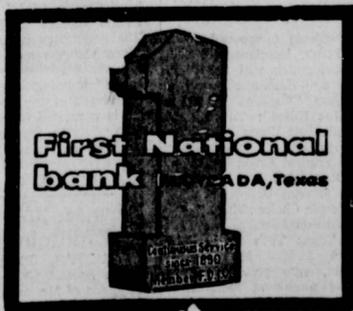

**1964 WHEAT MEASUREMENT:** We have mailed a double post card on all wheat farms requesting information about the planted acres of wheat in 1964. About 3 weeks after sending the cards producers that had not returned the first card were mailed another card as a reminder. If a card is not received on a farm, that farm will be considered overplanted for price support and history purposes.

We are now in the process of measuring the wheat on farms on which cards were returned. We will not measure the wheat unless a card is received in this office in a reasonable length of time. (See MARCH, Page 8)

**PUBLIC SCHOOLS WEEK**  
Visit a public school  
MARCH 2nd thru 6th!

**Hesperian Editorials**

**Visit A Public School . . .  
... A Lot Can Be Learned**

Astronauts, blast-off, time capsule, moon-shot—these words are all part of our space age vocabulary. Our changing times require many different things, most of all the ability to grow with the challenge presented by our awesome scientific development.

Never before in the history of America has our school system been so important! Never has such emphasis been placed on the development of projects which were unheard of ten years ago.

We, as Texans, have always been proud of our public schools.

Today, the public school system is faced with its greatest and most important challenge. For our schools must produce the scientists—the engineers—the physicists—the astronauts who will blast off to chart new courses toward an unbelievable future.

Our Texas public schools can meet the challenge, if they get the interest and support they require and deserve. You can help by visiting a public school during the 14th Annual Texas Public Schools Week, March 2-6. Learn what your school is teaching and how. Find out what their needs are and what goals they are trying to reach.

While you are there pay particular attention to the conditions in the classrooms. Put yourself in the place of the teacher and see if you would like to take care of as many children a day as they are presently responsible for, all day. See if there are any overcrowded conditions, too many children in one classroom.

If you find during your visit to our schools that conditions are such that your children aren't getting the best education possible, ask yourself, what am I doing to help correct that? If more classrooms and facilities are needed, what can I as an individual do to correct that situation?

If you eat in the cafeteria during Public Schools Week and find conditions a little inconvenient, ask yourself who's to blame?

If, when you visit the schools, you find all facilities and classrooms sufficient to handle the challenge of

the schools in the years to come, we suggest you look again.

At a time when the members of the local school board and the majority of the voters in the Floydada School District are trying to do everything in their power to relieve some of the pressure now on most of the teachers and overcrowded classroom conditions give them a morale boost by observing firsthand, the conditions that need to be corrected.

Talk to the teachers while there and see what suggestions they have for improving your schools. Are conditions in our schools those that will invite the best teachers available, to train the future citizens of our community.

Help do your part by visiting a public school during the week of March 2-6. You'll find it is an education for you and a vitally important contribution to our community and to our children's future.

**GUEST EDITORIAL**

**Halls In Washington Can  
Tire An Individual Quickly**

A thorough job was done in Washington in the past several days by representatives of the High Plains Sugar Beets Growers, Inc.

There they filed formal application, which if granted, would permit construction of a sugar beet mill in this area.

They are hopeful, but none of course, can offer any assurance that they will succeed "this time" in getting the allocation.

When it was apparent that some of those who have linked their fortunes with the High Plains growers—Swisher, Briscoe, Castro county farmers—had been assumed to be taken care of by the allocation at Hesperford, these folks got in the saddle and hurried on to Washington. Their presentation was illuminating, and the Congressman from Amarillo is heeding their request. It had been felt that he was working for the Dumas sugar deal, to the detriment of some of his southern constituents.

Those who have never been on junkets such as our people have returned from can never know how weary one can get padding the halls of the office buildings of the Capitol, seeking and carrying out appointments and interviews. With all the wearying work and the brain-fagging concentration, there is the suspense and uncertainty, which at times is discouraging.

This group was energetic, well organized, and tenacious.

Further more, they were activated by a sense of duty and responsibility—a responsibility for a community project. Few ever put in more effort, thought or out-of-pocket expense money on their own individual deals, than these have on this community project.

Hats off to the man with vision, and with the zeal and energy that compel him to work for the community welfare.

He exists in every live West Texas town, and abounds in the countryside.

He seldom gets expression of appreciation commensurate with his effort.

That's one reason why it's "Hats off now to the returned High Plains' army of the Potomac!"

**Veteran's Ask**

Q—A friend of mine—a world War II veteran—pays his GI insurance premiums once a year and saves money. Can I do the same with my Korean GI term policy?

A—Yes. Holders of all forms of GI insurance—whether World War II World War II or Korea veterans—can pay premiums on a yearly, rather than a monthly or quarterly basis. Notify the VA office to which you send your insurance premiums of your intention.

Q—I have just paid off my GI loan in full. Will this automatically entitle me to another GI loan?

A—No. Repayments in full does not entitle you to another GI loan.

Q—I am moving and I don't want a mix-up in receipt of my VA compensation check. I plan to tell the VA but they may have mailed my check before they receive my notice. Is there anything I can do to avoid a mix-up?

A—Notify the VA but also notify the Post Office, giving your old and new addresses. This will insure the forwarding of any check that is placed in the mails before VA can correct your address after your change-of-address is received.

Editor's note: The Floyd Philosopher on his Johnson grass farm starts out on one subject and winds up on another this week.

Dear Editor: A while back I read an article about a farmer who discovered one of his cows was violating the rules of nature, she was having two calves a year instead of one, or twins, but a calf every six months.

A neighbor of mine said he was very interested in this, if he could raise twice as many calves a year with the same amount of feed and cows, he could clean up. He hoped some of the stock would be available soon.

I'm afraid it won't work out that way. I mean, while it's true for example that man has perfected hybrid grain where he can grow two ears of corn where one grew before, what this has resulted in is not richer corn growers but two government storage warehouses where one stood before.

It might be possible to develop a breed of cow that'd produce two calves a year, but she'd be doing a mighty lot of extra work for nothing, because the two would not bring any more than the one, after all the ranchers got switched over to the new type.

It's sometimes hard to figure out what progress is. I was reading just last night about an expert who was trying to explain to some idealists that it's impossible for new nations in Africa to leap suddenly from tribal conditions to twentieth-century governments

**Federal Bank  
Pays Dividends**

and economics." It's going to take time, he explained.

I guess what he means by this is that new nations which are now accustomed to fighting tribal wars every month or so will have to grow up and learn that modern man now saves up his wars and puts them all together in one major one about every 20 years. It's neater that way and makes history more compact.

I didn't really mean to get started in this direction this week, but here are times when progress seems to consist of getting up in the morning and seeing how many problems you can ignore. I was under the weather for a week and during that time discovered there aren't half as many problems as I imagined, which is a good thing, because now that I'm back on my feet I've discovered there aren't half as many answers to the problems that remain.

**Area Enjoys February Weather**

CENTER, FEBRUARY 17 — We are still enjoying the uncertainty of February weather. Cold and hazy with occasional sunshine.

We still had some absentees from Calvary Baptist Church Sunday due to illness. But we had 129 in Sunday School and many more came for church. The Young People's class still has the attendance banner.

We want everybody to remember the Revival that begins at Calvary on the first Sunday in March. Come and bring somebody with you.

Mr. and Mrs. Leo Frizzell, accompanied by Mr. and Mrs. A. E. Frizzell, and also Mr. and Mrs. Fred Cone of Wichita Falls, made a trip to Winoca, Oklahoma last week to be at the bedside of their brother, Elam Carpenter, who had suffered a heart attack. He was improved when they left.

On the return trip, the Frizbells and Cones spent the night with another brother and wife, Mr. and Mrs. Claude Carpenter, former Center residents, now

of Altus, Oklahoma.

Mrs. Dunn ate supper with Mr. and Mrs. J. D. Welborn Friday.

Mr. and Mrs. Harry Reeves visited the Doyle Sandifurs the first of last week.

Mr. and Mrs. Charles Horton and boys Bruce and Phil, dined Sunday with her parents, Mr. and Mrs. Walter Sims.

Phil Horton spent Friday night with Gene Smith.

Guests Thursday evening in the Horton home were Mr. and Mrs. E. R. Melton and Mr. and Mrs. Weldon Cumbie, former Center residents, now of Lone Star.

Mrs. H. B. Mankins visited Mrs. Green Thursday and Mrs. Finley Saturday afternoon.

Mr. and Mrs. Ross visited the Mankins last Monday.

The Rosses were in Plainview Thursday and came back by to see her brother, Bob Guffee and

wife near Hale Center.

Mr. and Mrs. Hal Thomas and Sue were in Plainview Saturday and visited Mr. and Mrs. Olin Miller.

Mr. and Mrs. Thomas Warren and family, also Mrs. Charley Batey, dined with the Bob Alidredge family Sunday.

The Thomas Warrens and the Bob Alidredges visited Friday evening with Mr. and Mrs. Olin Watson, Jr., and daughter.

The Sweetheart Banquet at the First Baptist and the Valentine Party at Calvary Baptist were great successes, according to participants.

Mrs. Green visited Mrs. Looney Friday afternoon.

Mrs. Ross, Mrs. Sims and Mrs. Mankins are on the ailing list this Monday.

Friends who visited Mrs. Vinson Thursday were: Mrs. Oliver Allen, Mrs. Jess Richardson, Mrs. Eda Hicks and Miss Ethel Gilbert.

Mrs. Vinson was in the home of her son, Jerrold Vinson of (See CENTER NEWS, Page 8)

**Revival Stated March 1-8 At Calvary Baptist**

LeRoy Patterson of Rosenberg, Texas, will be the evangelist and will conduct the revival stated at the Calvary Baptist Church in Floydada, March 1-8. Morning services are set for 9:30 and evening services will be at 7:30. A nursery will be provided for all the services. Broadcasts of the services may be heard each morning over KFLD at 11:00.

## Residents Attend Meeks Rites

FAIRVIEW, Feb. 24—Several  
dozen our community attended  
funeral services Friday morning  
for Mrs. Sarah Meek held at the  
First Methodist Church in Floyd-  
ada. Mrs. Meek was a former  
resident of Fairview having lived  
there for many years with her  
family. We wish to express our  
sorrow.

Mrs. Bill Tye returned home  
Wednesday from Methodist hospi-  
tal in Lubbock where she had  
been a patient for 18 days fol-  
lowing a car accident. Her sister  
Mrs. Bill Seely of Claude came  
down and remained in the Tye  
home from Wednesday until Sat-  
urday. Members of the family  
are taking turns staying with  
Mrs. Tye while she is recover-  
ing.

The report today (Monday) is  
that Mrs. Tye is doing fine but  
will have to be confined to her  
home for some time yet.

Saturday night visitors in the  
Tye home were Mr. and Mrs.  
Odel Stappert of Plainview, Mr.  
and Mrs. George Mine of Floy-  
ada and Mr. and Mrs. Walton  
Wilson of Fairview.

Let's go back to school . . . if only for a day. Do you remember the smell of chalk  
dust when the blackboards were erased? . . . or the mixture of odors coming out of the  
chemistry laboratory? . . . the sound of marching feet on the way out to recess? . . . the  
sing periods? . . . and the flag raising ceremonies on occasions?

Well, you can experience all of this again during Public Schools week . . . you will  
be most welcome. So let's make a date now to go back to school . . . if only for a day.  
Remember the dates, March 2 through 6, 1964.

# Winds Lose District Off Game To Canyon

Friday night Floydada Eagles lost the district championship to Canyon 21-14 in the gymnasium. The game was a close one, with Canyon leading 17-16 at the end of the first quarter. However, they were not able to hold this lead for long and the Eagles were in command going into the final stanza 45-42. The last quarter rally by Canyon sewed up the victory and the district championship. The final score was Canyon 66, Floydada 55.

Don Raine was the top scorer in the scoring department for the locals with 11 points. Bobby Evans and Don Brieling led the charge for Canyon with 17 points each.

## Mrs. Mueller Passes In Wichita Kansas Home, At Age Of 90 Years

DOUGHERTY, Feb. 24—Miss Alberta Mueller, owner of a large estate in the Dougherty community, passed away at her home in Wichita, Kansas Feb. 17. She was 90 years of age in August, 1963. She was well known in this area as for many years she made an annual trip to Floyd County during wheat harvest and was the house guest of Mr. and Mrs. Orland Howard who have farmed the Mueller estate for many years. Several years ago she discontinued her trips because of infirmities of age.

Miss Mueller is survived by an older sister, Mrs. Clark of Wichita, Kansas and a nephew, Henry Mueller of New York City.

Mr. and Mrs. Walter Miller of Sentinel, Oklahoma were house guests of Mr. and Mrs. Orland Howard over the weekend. Saturday Mr. and Mrs. Alton Birchfield of Amarillo were dinner guests and Lee Howard joined the group for a visit in the evening.

Mr. and Mrs. Bob Ashton and son, Mark, of Lubbock were Sunday guests in the home of his parents, Mr. and Mrs. Clarence Ashton.

Mrs. Lydia Warren, mother of Mrs. R. D. Holly, is hospitalized at Matarador with a severe case of erysipelas. The disease is responding to treatment and she will probably return to her home in Roaring Springs by mid week.

Mrs. J. C. Martin is working with the Script Committee and will narrate the style show sponsored by the 1950 Study Club at Floydada H.S. March. This is the club's only money making project for the year. The proceeds will be used in worthy enterprises.

The Women's Hospital Auxiliary is now in operation. Women of the community are urged to consider joining the organization as it offers a wonderful opportunity for service. The next meeting is scheduled for 10 a.m. March 3 at the Community Room of First National Bank.

Mr. and Mrs. Virgil Scott and Caman were Sunday dinner guests in the home of Mr. and Mrs. V. V. Scott.

Mr. and Mrs. Floyd Emert of Lockney were Sunday afternoon visitors in the home of his grandmother, Mrs. A. T. Emert.

Mr. and Mrs. B. F. McIntosh Sr. of Lubbock are staying with their grandchildren, Linda and Billy Max Norman, while the parents, Mr. and Mrs. Weems Norman are attending an Aerial Insecticide Spray Convention at A&M College. They flew to A&M Saturday and are expected to return Tuesday.

Mrs. J. E. Newton had an appointment with her doctor at Lubbock Thursday.

R. D. Holly is scheduled for

### Collectors Are Wanting A Coin Club Organized

A coin collecting club in Floydada is a possibility if enough people can get together to organize collectors say. Several are interested but someone just needs to lay the ground work. One is being started in Plainview after a meeting last week of numismatists which proved enough were interested in organizing.

Dallas Ramsey of Floydada and his seven year old son, Mike, are coin collectors and belonged to a club in Lawton, Okla., before moving to Floydada. Ramsey said they were in the collecting stage and not in the selling stage. He and his son have coins worth one cent up to \$50.

Ramsey said dues were 50 cents a year in the club at Lawton and he would be interested in getting one going here or joining one.

We have learned that there are approximately 50 persons in the City of Floydada who are coin collectors. Among them are Gordon Hambright, Ed Wester, Kyle Glover, Tommy McIntosh, Tommy Asstiter, Jewel Norman, Mrs. Jack Deakins, Dallas and Mike Ramsey and Bob Allredge.

Speaking of coins we hear from other news sources that the silver dollar may become a top collector's item. Its doomed, says U. S. Mint director Eva Adams. She doubts that any more will even be minted.

The reason? Its because of the shortage of raw silver, the expense of manufacturing it and the serious shortage of smaller coins caused by free vending machines, the director said.

Silver dollars have not been minted since 1935 and stockpile is now down to 26 million. The final word on whether the silver dollar will become a collector's item will be known in April or early May when a congressional committee which has been considering further manufacture will make its decision.

Some 759,870 training certificates and awards were issued to adult volunteers during the past year.

Seven Districts make up the South Plains Council and each district has a full time District Scout Executive to work with boys and volunteers.

I haven't had a full night's sleep since the Lighthouse Electric Cooperative was organized. These henhouse lights come on early and stay on late and all we have time for is eating and laying eggs. Of course, the young chickens are growing faster and fatter than the schedule.

I'll admit it's warmer in the winter, but I have running water and yard lights that scare away the varmints, but a lady needs her sleep. As for the people in the big house even with TV, Hi-Fi and electric workshop they get more sleep than I do. I used to be able to sneak 40 winks when the power failed at service is so good I don't get that any more.

Personally I'm against the Lighthouse Electric Cooperative, Inc. Their service is great for people but I'm chicken. I'd rather have my shut eye.

# Cottage Prayer Meetings Precede Week of Revival

CENTER, Feb. 24—This week, which precedes the Festival at Calvary Baptist Church, will have night take-ups with cottage prayer meetings. Come and have a part. The first one is Monday, 8:30 p.m. in the home of Mr. and Mrs. J. W. Smith, Mrs. and Mrs. Perry Throgmolt.

Mr. and Mrs. Les Fritzel spent last Wednesday in the home of their daughter and family, the Corvins, 2001 S. 10th St., Lubbock. Mr. and Mrs. Eddie Prunka of Lubbock visited Sunday with her mother, Mrs. Frank Dunn.

We sympathize with Mrs. Dean in the passing of an aunt, who died early this week of her home town of Blackwell, Oklahoma. Mr. and Mrs. J. W. Smith, who live in one of the houses on the Dime - Montgomery farm, had Lubbock relatives visit them Sunday.

Mr. and Mrs. D. Burke visited Sunday evening after church with Mr. and Mrs. H. E. Manada. Mrs. Manada and Mrs. C. E. Frazier visited Wednesday afternoon with Mrs. W. A. Thomas.

Mrs. W. L. Hartline is in El Paso with a son and family, the Dab Hartlines. The daughter-in-law had surgery one day last week. Mrs. Edna Hartline, wife of Mr. Charles Page in People's Hospital Monday morning. Mr. Page seems improving.

Last Monday evening the Highway 44 Club met at the Burd Haddock home. Those present besides the hosts were Mr. and Mrs. Oliver Allen, the R. E. Walters and Mr. and Mrs. O. C. Vinton.

Mrs. Minnie Woods, city, spent

Friday night in Canyon with July Wilson. July was her room-mate when she was attending college. Bruce Hartson of W.T.U. spent the weekend at home.

Mr. and Mrs. Wayne Garner of Abilene and Mr. and Mrs. Jerry Boardman of Lubbock, were dinner guests in the Pete Hickerston home on Saturday.

Mr. and Mrs. Pete Hickerston went to Clovis last Saturday afternoon and spent the night with Pete's sister, Mrs. F. L. Hickerston, and his sister, Mrs. Elmer Lacey and her family.

Mrs. Claude Westendorf attended an announcement in First Sunday afternoon for Miss Jay Cantelberry and Bob Evans. Their wedding is planned for March 14th.

Harry Mordick and I and my mother, Mrs. J. H. Buchanan were dinner guests Sunday in the home of Mr. and Mrs. Horace Brothel in Crosby County.

It was a real treat last Tuesday being a guest of the Lone Star Club at the home of Mrs. Melvin Brock for their lovely French luncheon. A large number of members and guests were present for this luncheon and program given by Sherry Mullin, Home Demonstration Agent and by several of the club members. SAY CHEESE PLEASE.

Are you a label reader? If so, you've probably noticed the many different terms applied to cheese and cheese products. According to the U. S. Department of Agriculture, these terms are your clue to how the cheese is made and what's in it. Here's how you can identify them.

**Natural Cheese**—cheese in the original sense of the word—Cheddar, Swiss, Muenster, Edam, and so forth—made by curdling or aging.

**Pasteurized Process Cheese**—a blend or combination of natural cheeses, which have been blended by heating and melting.

**Pasteurized process cheese food**—A product prepared to meet the same manner as process cheese except that it contains less cheese and has salted dry milk whey solids and water added. It may also contain pimento, fruits, vegetables or meats.

**Pasteurized process cheese spread**—A product containing more water than cheese food. Its milk fat content is also lower, and very often flavoring materials are added.

**Club cheese**—A blend or mixture of natural cheese which has been thoroughly mixed without heating. Flavoring ingredients and spices may also be used.

**DONNEE-IN-A-SKILLET**—is a nice supper dish for a cold winter evening.

4 shoulder pork chops  
2 tablespoons chopped onion  
1 green pepper sliced in rings  
1 no. 1 can tomatoes (2 1/2 cups)  
1/3 cup rice  
1 teaspoon salt  
1/2 teaspoon pepper  
Brown chops in hot fat (pour off and save excess fat) add onion, green pepper, and tomatoes. Sprinkle rice around chops. Cover and cook over low heat Season with salt and pepper. Cover and cook over low heat until chops are tender, about 1 hour.

Remove chops and arrange on warm platter. Fill center with rice mixture. Serves six.

**SOMETHING TO THINK ABOUT**  
"If you wish to travel far and fast — travel light.  
Take off all your envies, jealousies, unforgiveness, selfishness and fears."

The South Plains Council maintains two long term camps, Camp Tres Ritos in New Mexico and Camp Post and also maintains a short term camp, Camp Haynes.

Lighthouse Electric continues to back the youth organizations in this area. Again this year Lighthouse Electric will sponsor the Farm Mechanic's Contest for FFA. Last year a precedent was set when Lighthouse sponsored the first contest of this type in the state. It included ten schools in our service area.

This year the contest will be under the auspices of Walter Lacey, Area I FFA Supervisor and will include 17 schools in the Plainview FFA District. Two other FFA Districts will also hold Farm Mechanics Contest this year.

The skills included are welding, wiring, plumbing and tool identification.

Lighthouse will also sponsor a lamp contest for 4H Clubs in Floyd and adjoining counties, in conjunction with the Floyd County Fair.

There will be three divisions: outdoor, study, and decorative. Each of these divisions will be broken into Junior and Senior divisions for 4H Club members.

**THE ANNUAL MEETING PLANNING COMMITTEE** met last Friday afternoon at the Lighthouse for their second meeting. Plans seem to be going along nicely for the annual meeting on Saturday, April 11, which is the annual membership meeting for members and their families. It will be held again this year at the Floydada Senior High School.

A good program is being planned and there will be lots of nice prizes. So you be sure you start making your plans right now to attend this—your meeting, it is your responsibility—it is your duty as a Lighthouse member.

Mr. and Mrs. Ed Neff and girls spent the weekend in Amarillo visiting Edd's brother Bud and his family.

Gloria Sparks, General Office Clerk at the Lighthouse, spent

week moved into their new home.

Mr. and Mrs. Henry Brewer of Lubbock visited awhile Wednesday afternoon with the J. E. Greens.

## Two Wisconsin Men Injured In Wreck Thursday

An auto pickup 15 miles east of Floydada on Highway 79 resulted in the injury of two Wisconsin men enroute to see station.

The men are Harold P. Aguilard of Milwaukee, Wis. and Larry Grover of Okemah, Okla. The car was bearing a Wisconsin license plate.

The car left the road about 8:15 Thursday morning, skidded a concrete barrier at a curve, and possibly overturned, judging from the condition of the lap part of the car.

Almost all the glass was knocked out of the car. The lap was bent down, all tires were flat or injured from the rut, the steering wheel and seat was torn loose, and the motor was knocked from the car. When the personnel from the Sheriff's department arrived, the motor was out of the car, resting with the front fender on the ground leaning against one of the front fenders. Only one of the hinges of the hood was still in position. The men were taken first to People's Hospital and then transferred to Lubbock.

Field And Kitchen News

United States Department of Agriculture, Washington, D. C., February 27, 1964 reports: "Production of power by electric systems sponsored by the Rural Electrification Administration pumped \$173 million into the Nation's economic stream during the 12 months ended June 30, 1963."

Energy purchased by the rural electric systems amounted to 17.4 billion kilowatt-hours, exceeding purchases for the previous 12 months by 4 billion kw-h. Their 1963 input was four times greater than the annual electric power requirements for the City of Los Angeles, REA officials said.

Since 1949, the first year such needs were maintained, new high in energy purchased by REA borrowers have occurred in each successive year.

The "1963 Annual Report of Energy Purchased by REA Borrowers" soon to be released by REA, shows that 92.3 percent of the electricity was purchased from commercial suppliers.

REA borrowers bought more than \$105 million worth from commercial power companies, making rural systems their largest single wholesale customer. Since 1949, these power purchases have amounted to more than a billion dollars.

Purchases of power from Federal Agencies accounted for 27.3 percent of the total from REA-financed sources, 17.6 percent of the total, and from municipalities and other local public agencies, 15.9 percent.

Lighthouse Electric continues to back the youth organizations in this area. Again this year Lighthouse Electric will sponsor the Farm Mechanic's Contest for FFA. Last year a precedent was set when Lighthouse sponsored the first contest of this type in the state. It included ten schools in our service area.

This year the contest will be under the auspices of Walter Lacey, Area I FFA Supervisor and will include 17 schools in the Plainview FFA District. Two other FFA Districts will also hold Farm Mechanics Contest this year.

The skills included are welding, wiring, plumbing and tool identification.

Lighthouse will also sponsor a lamp contest for 4H Clubs in Floyd and adjoining counties, in conjunction with the Floyd County Fair.

There will be three divisions: outdoor, study, and decorative. Each of these divisions will be broken into Junior and Senior divisions for 4H Club members.

**THE ANNUAL MEETING PLANNING COMMITTEE** met last Friday afternoon at the Lighthouse for their second meeting. Plans seem to be going along nicely for the annual meeting on Saturday, April 11, which is the annual membership meeting for members and their families. It will be held again this year at the Floydada Senior High School.

A good program is being planned and there will be lots of nice prizes. So you be sure you start making your plans right now to attend this—your meeting, it is your responsibility—it is your duty as a Lighthouse member.

## County Officials Attend Texas A&M Conference

College Station, Feb. 25 — (Sp) County Judges and commissioners from 115 Texas counties attended and participated in the sixth annual County Judges' and Commissioners' Conference which was held at the Texas A&M campus, February 25-28.

Attending from Floyd County was Judge J. D. McFrien and Commissioner Bob Jarrett.

As in past years, the program was developed around problems of current concern to the county officials. The primary purpose of the conference is to give the participants a better understanding of the many problems which county officials must handle in discharging their responsibilities.

The three-day conference was sponsored by the County Judges' and Commissioners' Association of Texas and the Texas Agricultural Extension Service.

There should be a variety of men's clothing made from the new all-cotton stretch fabrics by fall. The fabrics, developed by U. S. Department of Agriculture utilization research, were used initially for women's and children's wear, says Eibeles Merle Boyles, Extension clothing specialist.

The stretch-cotton knosion of the men's wear field is just beginning, however, leaders say. Two companies will market dress shirts made of cotton and stretch fabric this spring, and a third manufacturer will market men's slacks in cotton stretch fabric.

Donets of other forms are testing fabrics for use in men's sport jackets, as well as shirts and slacks, hunting jackets and socks.

## THE DEPENDABLES: SUCCESS CARS OF '64

Get something off your chest. Your knees, for instance!

Imagine, unwinding and relaxing in a compact. Now you can! And that goes for backseat passengers as well as travelers up front. Because Dart is a compact in the large economy size. Lots of room for hips, heads, feet and knees. Family-size room all-round.

And what goes for Dart in the comfort department goes ditto in the performance department. Standard engine is the famous Slant 6'll outlast the extra-cost engines in most other compacts. For even more action, there's an optional new Dart that takes no sass from any size car.

But don't let the comfort and sizzle fool you. Dart is a compact. Witness its low price, easy upkeep, great gas mileage, and superb parkability, and you'll know what we mean. If you're tired, cramped, underpowered compacts, talk to the man who can tell something about it—your Dependable Dodge Dealer.

## March

(Continued From Page 1)

**RELEASE AND REAPPORTIONED COTTON ACREAGE:** You are again reminded that March 4, 1964 is the final date to release any of your farm cotton allotment that will not be planted this year. We need such acreage to reapportion to other farms and you will preserve your cotton history by so doing. A good many producers have not filed a request for reapportioned cotton acreage from acreage released or reapportioned to the county and this is a final reminder that March 4, 1964 is also deadline date for making such request.

**APPLICATIONS FOR PRE-MEASUREMENT** of cotton and other acreages are being taken. The applicants pay the cost of this service and the rates are as low and reasonable as possible. It will save you money in the long run.

**MATURITY 1963 GRAIN LOANS:** All wheat and grain sorghum loans will mature March 31, 1964. If you wish to redeem your grain it must be done by this time.

**COTTON LOANS:** Deadline to place 1963 cotton in the loan is April 30, 1964.

Very truly yours,  
Thomas J. Hutchins,  
Office Manager  
Floyd County ASCS
