Collection Plan For Boll Weevil Fund Given

Plans for collection of the \$1 million High Plains boll weevil eradication fund through area compresses were revealed April 1 by John Pugh, Chairman of the Area-wide Boll Weevil Committee, when he reported to the Directors of Plains Cotton Growers, Inc. Pugh, acting leader, Roy Turner, and directors, Wilson Bond and Don Cheek.

George Pfeifferberger, Executive Vice President of Plains Cotton Growers, Inc. told directors that matching funds from the Federal Government and complete cooperation are virtually assured as soon as the High Plains is able to produce concrete evidence of the ability and willingness to furnish its half. He emphasized the need for having this evidence in hand, in the form of signed contracts with compresses, at the earliest possible time so it can be presented to the House Committee on Appropriations in Washington during public hearings to be held during the week of April 5.

Church Attendance Lag

CEDAR HILL, April 6.—Church attendance was fair at both churches Sunday. Several absences were listed because of illness.

Rev. Godfrey and family spent Friday night with his parents, the E. V. Godfreys in Plainview.

Mrs. Grace Lemons of Lockney and Mr. and Mrs. Carmel Eastman of Dougherty were Monday visitors in the Bob Durham home.

Mr. and Mrs. Elton Brian are citizens of Wichita Falls, and resided in the recent tornado district of the city. Their home was completely demolished with exception of one room. When their baby sister became aware of the approaching storm she took the little children in this room and began praying to God for their preservation. And this room and contents were spared, unharmed.

Mr. Brian is the grand daughter of Mr. and Mrs. Syd Brown of Floydada, Texas.

His grandmother is on the sick list with severe cold and cough. Cedar Hill population on the increase. A little boy baby was born to the Eldon Fortenberry's Friday April the third in the Plainview Hospital. Little David and his mother are still in Plainview.

The Bob Durhams are parents of a little girl born in Lubbock Hospital March 27th. Mrs. Durham and little daughter, Debrae, came home Tuesday.

We welcome these family additions, more responsibilities for these parents to raise these little crabs up in the nurture and admonition of our Lord and when they are old they will not depart from it.

Mr. and Mrs. E. V. Godfrey of Plainview were visitors in the Lory Godfrey home Sunday evening, and attended the musical recital in which their little grand daughters, Annette and Freida, were participants.

Mr. and Mrs. Ross Ford of Lockney were visitors of the Bob Durhams Sunday night.

Mr. and Mrs. Cephus Fortenberry and Mr. and Mrs. Roy Durham of Lockney, visited their daughter and husband, Rev. Wayne Jarnagin in Jayton Sunday.

The Needle Club met Wednesday in the home of Mrs. Lee Pepperson. Present were Mrs. Mary Lee Dillard, Marie McGaud, Minnie Whitehead and Gaudie Yennie.

Mr. and Mrs. E. E. Wells visited last Thursday afternoon in the home of Mr. and Mrs. Tom McLain in Floydada. Also visiting in the McLain home were his three sisters, Mrs. Myrtle Williams of Dimmitt, Mrs. Montez Wiggins of Ft. Worth and Miss Wimmie McLain of Dallas, a niece of Mr. McLain, Mrs. Ethel Hogue of Albuquerque, New Mexico.

Mr. and Mrs. Floyd Lyles of Lone Star community were guests of her parents Sunday, the Weldon McCormack's. The grand daughters Naomi and Rhonda spent Sunday night with their grand parents. Their parents went on to Lubbock to visit Mr. and Mrs. Latta, who were injured in a car wreck Saturday in Floydada. Mr. Latta succumbed at six o'clock Sunday eve.

Mrs. Mamie Yearly visited Monday afternoon with Mrs. Esley Yearly.

The Frank Floyds enjoyed a brief visit of their son, Don Floyd and his brother-in-law of Lamesa, Saturday.

Several School Activities Set The local high school—the students, teachers and other officials—will have its hands full for the few weeks left between now and the time school turns out for the summer.

The district One Act Play will start a series of events that will keep all people concerned busy. This event is set for tomorrow, April 10 in the high school auditorium. Abernathy Tulla, Canyon and Floydada are entered. The schedule and plays are Canyon at 5:00 presenting Orpheo, Floydada at 6:00, all My Sons, Abernathy at 7:00 The Valiant and Tulla at 8:00 Antigone.

The district track meet is slated Saturday, April 11 at Canyon. These participants who place either first or second in any event will then be eligible to enter the regional meet at Lubbock 24 and 25.

Next Monday is the district Tennis and Gold meet at Tulla and Tuesday is the district Volleyball meet in Tulla.

Saturday, the 18th of April, the district Literary events will be held here, at Floydada, and the same day will feature the second round of the Tournament of Knowledge at 10:00 in the morning.

The Powell Super Market Toppers Bowling Team made a great comeback effort last week and knocked Clinie out of first place bowling circuit at Floyd Lanes last Monday evening. It is now one game at the Patzer team with more games to go (later game is completed).

Local Residents Tour Caverns At Carlsbad, N. M.

Mr. and Mrs. Monroe Schulz and family, Rt. 1, Box 146, Floydada, Texas, went more than 750 feet underground on the guided tour at Carlsbad Caverns National Park in southeastern New Mexico to see one of the world's most outstanding natural wonders.

Carlsbad Caverns has amazed visitors ever since cowboy-explorer Jim White, lowered the first visitor into the deep recesses of the subterranean wonderland more than 50 years ago.

The visitors found the impact of the millions of years old Carlsbad Caverns a stirring experience as they toured the huge network of chambers and corridors decorated with an incredibly beautiful array of ornate limestone formations.

The national park is easily accessible. During the winter schedule, four complete walks in tours, five partial tours, a camera tour, and a special tour to the four lower level scenic rooms offered daily.

Soil is disintegrated rock plus organic matter.

Gama Iota Has Meeting In City

The Gamma Iota Chapter of Delta Kappa Gamma Society met in Floydada in the high school cafeteria, Saturday, April 4. The president, presiding. Because of the many absences of members the installation of officers was postponed until the May meeting.

After the business session, a luncheon was served with the Floydada members as hostesses. The table was beautifully decorated with spring flowers in vases which were made by the students in the class of Mary Pearl Covant. The other Floydada members are Margaret Springer, chairman; Edna Phillips, Kathleen Stewart, and Vera Meredith.

The program "Trends in the Changing Family Pattern" was introduced by the program chairman, Gladys Holly of Plainview. It was presented as a symposium the leader being, Dr. Beryl Hixson, Wayland College, Plainview. Other members on the program were Leval Porter and Minerva Stovall, both of Plainview.

Leval Porter discussed the problems of children's growing up today in comparison to their parents' teen-age days. Mrs. Stovall prepared, displayed, and discussed a poster concerning the pressures on our youth today; social, emotional, and intellectual. The leader then discussed the changing family patterns. Families are moving to the cities, thus, the city services are taking over the things that once were done by the family. She stated that we can do more in small groups. She quoted from Albert Schweitzer: "We must keep the private home and make it better." Pamphlets concerning the program were attractively displayed for examination.

The miraculous incident of their discovery, the unusual circumstances under which the speaker saw the findings at the National Museum of Archaeology in Jerusalem, her visit to the original site of discovery and her evaluation of the meaning of the Scrolls for future generations formed an enlightening and thought-provoking theme for her remarks.

Mrs. Walker Speaks At 1929 Club's Annual Guest Day

Mrs. J. W. Walker, past State president of the Texas Federation of Women's Clubs, was guest speaker on Thursday of last week at a meeting of the 1929 Study Club, annual guest day in the First Baptist Church.

Mrs. Kinder Farris was leader and hostesses were Mrs. Jack Jordan, Mrs. Jewel Norman and Mrs. Verne Gaunt.

Mrs. Walker introduced her address with personal observations and stories of incidents that illustrated vividly, and sometimes amusingly the differences in Jordan, its people, their procedures and reactions, and Americans when they visit that country.

The differences are sharply marked in many ways as the people are Arabs for the most part, who speak the Arabic language, and practice the Moslem religion. There is much we can learn from them, indeed the speaker pointed that a tourist is likely to learn much even though that was not the intent of the trip originally. Unless a visitor goes with an open mind he likely will be disappointed, even disturbed by what he finds in Jordan.

Finding the Dead Sea Scrolls, according to the speaker, may be recorded as a major event of the 20th Century by future historians.

JODY CAMPBELL Wins State Degree

Jody Campbell To Receive TFHA Degree

Jody Campbell learned this week that she had been selected as one of 65 Area Future Homemakers that would receive State Degrees at the State FHA meeting in Austin May 2nd.

The girls were selected at a meeting of the Area 1 State Homemakers Degree Evaluation Committee Saturday at the Home Economics Department of Texas Tech.

Jody has been working on her material for the application for State degree all this school year, with the help and encouragement from her Home Economics teacher, Mrs. Alice Baker and other teachers. She received Junior Degree in '62, and her Chapter Degree in '63.

The application, when completed, equalled in content to a college thesis, with long hours of work and typing at home. High scholastic requirements, 85 overall average and 90 in homemaking, as well as other requirements were necessary to qualify.

Jody is president of FHA this year, was high point girl for two years, and received her Junior degree last year. Sewing is her specialty, and she has made many of her own clothes since in the 8th grade.

This is the first time a student at Floydada has qualified for the State Degree.

Jody is the 16 year old daughter of Mr. and Mrs. Maurice Campbell of the Dougherty community.

Jody plans to enter Texas Tech next summer after graduation from High School, where she plans to be a home economics major.

Mary Jane Thacker of Lockney will also receive the State Degree.

MRS. LARRY WAYNE MANKINS (nee Donna Sammans)

She Vows Unite Donna Sammans, Larry Mankins

The church in the community was the scene of a double ring wedding ceremony Saturday afternoon at 2:30 p.m. when Donna Sammans, daughter of Mr. and Mrs. L. J. Sammans, was united in marriage to Larry Wayne Mankins, son of Mr. and Mrs. L. J. Mankins.

The bride was escorted by her father, and the groom by his brother, Larry Mankins, Jr. The ceremony was officiated by Rev. W. C. Grover.

Mrs. Mankins is secretary for Floyd County Farm Bureau and her husband is employed by the State Highway Dept.

School Panel On Club Program

The March 17th meeting of the 29 Study Club was held in the home of Mrs. David Kirk. The program was on the Educational Department entitled "A Frank Look at One's School".

Mrs. Doyle Moore introduced a panel consisting of Charles Fyler, principal at high school; Ralph Johnston, chairman of the school board; A. E. Baker, superintendent and A. W. Coltharp, principal at Junior High.

A new member, Mrs. Olen Pettit, was introduced by Mrs. Sammie Hale.

The minutes of the last meeting were read by Mrs. Bobby Rainer and a report on the finance committee concerning the Style Show was given by Mrs. Ralph Rucker.

Mrs. David Kirk was named chairman of the Scholarship committee. A letter of thanks was read by Mrs. Charles Craig from Mrs. Wesley Carr, school nurse, relating to tooth brushes donated to her for the school.

Mrs. Hale showed slides of the World's Fair at New York prior to adjournment. Nineteen members were present.

The Regular Second Sunday singing will be held April 12 from 2 until 4 p.m. in the Victory Baptist church, located a block west of Highway 70.

A number of county and out of town singers are expected. Those who enjoy good gospel singing and music are invited to attend.

C. M. Lykes, president, said they were pleased that attendance for the singing has more than doubled since the first of the year.

Attending the meeting were Moses, Louis Anderson, Tommy Assiter, Don Cheek, Bob Copeland, Charles Craig, Tom Davis, Earl Edwards Jr., Herman Graham, Sammy Hale, Clifford Helms, David Kirk, Doyle Moore, Thurman Perry, Bobby Rainer, Tom Theford, Willie Bradshaw, J. C. Martin, Jimmy Seay, the hostess, Mrs. Bishop and guest, Miss Capocéfalo.

College Dean To Speak At Study Club Meeting

Jack W. Bates, vice-president and Dean of Lubbock Christian College, will be in Floydada on April 16 to speak to members of the 1929 Study Club. Mrs. Kinder Farris will be hostess for the meeting in her home. All members of the club are urged to attend.

Mr. Bates was born into a family of physicians near Waco. His grandfather was Dr. David Bates, pioneer doctor who practiced in Hill County for many years.

The speaker received his BA degree from Abilene Christian College and his MA and educational teaching certificates from the University of the Pacific at Stockton, Calif. He received his PhD in history and education from the University of Southern California in 1952.

Mr. Bates served as army chaplain during World War II, spending one and one-half years in North Africa and Italy with the 81st Infantry Division. Returning to the states he then served with the 42nd Airborne Division. While in Europe he spent several months along the Yugo-Slav border with troops in Gorizia and Trieste. He has since been active in the Reserve and National Guard, holding the rank of Lieutenant Colonel.

Mr. Bates has lived in Lubbock since 1957 to establish Lubbock Christian College. He has been active in Texas educational affairs serving as vice-president and president of the Texas Junior College Association. In 1957-58 he was on the Materials Committee and Speaker's Bureau for "Project Eleet" in Lubbock, the first grass-roots program in the nation to present the dangers of communism to a community. He is one of the speakers at Lubbock Christian College for the Department of Public Services which presents the "Heritage Lectures" to schools and community agencies, emphasizing the meanings of Americanism and presenting the dangers of encroaching socialism and communism.

Hospital Auxiliary Meets At Bank

The Floydada Hospital Auxiliary met Tuesday morning in the community room of the First National Bank. Mrs. Kinder Farris presiding in the absence of Mrs. Jimmy Willson Jr.

Mrs. Jack McIntosh was appointed chairman of the Blood Donor Committee. Mrs. McIntosh suggested that the auxiliary make a list of available volunteers who would be subject to call when their-type blood is needed.

Mrs. Harold Ellison reported on the supplies at the hospital and proposed that the auxiliary subscribe to two daily papers for a month for the patients in the hospital. The group voted to do this. Mrs. Ellison distributed and sold uniforms to the group.

Mrs. Ed Wester, telephone chairman, made a report commending the group for calling the qualified voters to take part in the school board and hospital board vote.

A gift committee was appointed to receive and distribute clothing that comes to the hospital from the churches and individuals. Members are Mrs. Carl Youkam, Mrs. Newell Burke, Mrs. Travis Jones, Mrs. C. E. Carmack, and Mrs. Mae Gallagher.

The next meeting of the auxiliary will be May 5 in the community room.

Lectures By P. C. Key Will Start Here On April 17

P. C. Key, former teacher of English at A&M College for some 25 years, will deliver a series of lectures at the West Side Church of Christ April 17 through April 25 on the "Book of Revelation." Mr. Key has given many years of study to this book of prophecy. He has published a book, "Sixteen Discourses on the Book of Revelation," which was copyrighted in 1959.

In the foreword of the book he states, "Believing we have reached a period in world history in which knowledge of the Book of Revelation is especially important, I present this discussion." In a recent letter to his niece, Mrs. Dorris Jones of this city, he said, "It is looking as if the crisis is closer than I had been thinking. I had thought the world crises likely would not come in my day, but it is beginning to seem closer."

The church urges the public who are interested to visit with them during Dr. Key's lectures. Time of services may be found in the church ad.

Stalcup Rites Held In Lockney

Services for John R. Stalcup, 65 year old Floyd County resident, were held in Lockney yesterday afternoon in the Methodist Church of Christ. Fred Browns Home After Round The World Trip

(By R. Fred Brown) My wife and I recently returned from a trip around the world. We left on our trip with some 30 other persons. We left the west coast but returned by the east coast. We were in 14 different countries besides Hawaii and Puerto Rico.

The most interesting countries to us were South East Africa and India. We spent four days in cars and buses in the wild game country seeing elephants, rhinoceros, hippopotamuses, giraffes, lions, zebras, Llamas and many other animals and strange birds. The giraffes and Zebras were most colorful. We flushed several lions from the brush and they trotted off seeming not bothered too much. We saw one lion on a tree limb. He would hardly watch us while pictures were being taken. When I yelled at him he turned his head toward us and a lady on the bus gave me an icy stare. When we left he resumed his rest.

There were many Aborigines along the roadside. The women wore peculiar head dresses and large ear rings. The men wore their faces painted red and carried spears. They were friendly but we didn't know what they were saying.

Nairobi is a glistening modern city with people from most everywhere. India is a mysterious country with superstition and an unfathomable religion and religious rites. Their land is impoverished and for many very primitive. In Calcutta the sacred cattle roam the streets, stop traffic and lay on sidewalks. I think we ate part of a sacred cow at a meal.

The dung of these Brahma cows is picked up by women, patted on the walls and when dry is put in a rack to sell for fuel. Calcutta is a seething mass of white robed people apparently doing nothing, just walking to and fro. I was afraid to walk down the street alone.

We saw the tomb of Tajmahal, said to be the most perfect building in the world. While in Agra we saw a mongoose kill a very dangerous snake. While an Indian was playing an oriental tune they turned the mongoose loose. He almost instantly chewed the snakes head to a pulp.

In contrast to the general squalor of India New Delhi is a magnificent city with fine new buildings, apartment houses, colleges, schools, wide avenues, parks and delightfully landscaped.

In Bombay there is a sect of the Zoroastrian faith who have a strange way of disposing of their dead. There Parsees take the bodies to a huge stone tower, "The Tower of Silence" and then call the vultures that pick the flesh in a short time. The bones are then dropped through a grating into a pit. No pictures are allowed of the ceremony. We saw the vultures in the trees waiting. The Parsees are quite respectful and intellectual. Some of their religious beliefs are similar to the Christian.

James Zgabay, Christy Brown Win In Contest

Joe Miller, Floydada negro, is still being interrogated by Sheriff Walter Hollums about the theft of numerous irrigation well equipment in Floydada.

Miller is serving a six month term in the county jail on charges of theft. He was also fined \$100.

Hollums said Miller confessed to the theft charges which resulted in the clearing up of seven irrigation well thefts. Of the seven batteries taken from the wells five have been recovered Hollums said.

Farmers hit by the thefts have been Watson Jones Neil Bertrand, Clyde Hodges, J. M. Pierce and W. L. Davis. Four of the five batteries belonged to these farmers.

Hollums said he had one battery taken from a well which has not been claimed. Its identity as a White's Auto.

The questioning of Miller is being continued said Hollums, "because we are pretty sure he knows more than he is telling."

Most Report Dollar Day As Favorable

As a result of a spot check on the merchants who participated in Dollar Day last Monday, almost all of them report the day was most favorable. While the day broke no records, most feel it was a step in the right direction to re-establishing that big day each month.

Some of the merchants contacted did not participate in the circular, for various reasons, published by the Hesperian, but felt the effect of it.

One variety store manager said, "we are bucking against Easter week of last year and it's pretty hard to match. However, our district manager is pleased with the progress this store is making to overcome that, particularly, when compared with other stores in our chain."

A retail sales meeting is scheduled this morning at 10:00 to see when the Retail Merchants Association wishes to push the next big Dollar Day and to make some plans for the Old Fashioned Settlers Days that are scheduled for May 28-29.

Presently most of the merchants are planning to be closed May 30 Memorial Day.

Farmers Union Pres. Visits Floyd County

Jay Naman president of the Texas Farmers Union spoke at a luncheon in Rogers restaurant Tuesday and several people from all over the county gathered for his visit.

Naman was introduced by Walter Reeves, president of the County Farmers Union Group.

Naman devoted most of his talk to the forthcoming vote by congress on the farm bill on wheat and cotton. He said if the bill did not pass it could cost Floyd wheat farmers a million dollars.

He said it did not pass the American farmer would be subsidizing the retailer, baker, and milling industry about 70c per bushel.

He said that although farmers Union did not advocate voting down the last wheat referendum they weren't the type of organization to say "I Told You So" in regard to the falling wheat prices.

He urged those present to call congressman Mahon and ask for passage of the farm bill which

3-AA District Track Meet Slated At Canyon Saturday

With five rugged track meets behind them, in which they placed 3rd in four, and fell down as far as 6th place in one, the Floydada High School Track team will travel to Canyon Saturday for the true test of the track season, that is, the district competition.

The winning team will officially represent the district in the regional meet held each year on the Texas Tech track. Each participant in the district meet that places either 1st or 2nd in any event will be eligible to take part in the regional meet.

The regional meet will be held this year April 24-25.

At the Kress track meet, held last Saturday, the locals placed 1st once again. Floydada amassed a total of 94 points but were edged by Olton with 96 and Canyon with 100.

There were seven records broken of the 14 events run at the meet. Sammy Watts and Bill Potts were both double winners in the meet. Watts won both the hurdle races and Potts won the hot put and discus events. Watts was named high point individual

Junior High PTSA Meet Monday Night

The regular Junior-High PTSA meeting is scheduled for Monday night in the Junior High School Auditorium.

The purpose of the meeting will be to discuss complete re-organization.

It is the proposal of the executive committee which met in the Fred Martin home Tuesday night that the group should withdraw from the PTA as such and limit its meetings to twice a school year.

In order to do this, formal approval of the majority of the members is necessary. All members are urged to attend this very important meeting. The meeting will not last long.

Owens Releases Campaign Song

State headquarters for Judge Jesse Owens, candidate for Place 1, Texas Railroad Commission, released the text of the Owens campaign ballad which is being sung, enthusiastically at numerous rallies being held on behalf of the Vernon jurist.

Owens' spokesmen state that a spirit similar to that engendered by the campaigns of former Governor W. Lee O'Daniel has been noted for Owens "across the length and breadth of Texas."

Lyrics of the ballad, sung to the tune of "Deep In the Heart of Texas," are as follows:

"To set things right
Stand Up and Fight
And Vote for Jesse Owens
We must arrange
To make a change
So vote for Jesse Owens.

"The little man
Needs a helping hand
That hand is Jesse Owens
So if you have been wishin'
For a good Railroad Commission
Just elect Jesse Owens.

"If allowables are raised
We won't be so crazed,
So says our Jesse Owens
'Nc taxes on our food
And other things as good'
Hurray for Jesse Owens.

"Without a doubt
We brag about
Where our great state is goin'
A man who will know
How things should go
It must be Jesse Owens!"

Elections

(Continued from Page One)

When one of the incumbents in the Floydada School Board was being congratulated he replied, "I really didn't receive that vote. The entire board got a vote of confidence, which was the real issue in the race."

Election judges noted a number of odd ballots being returned during the election. Some were marked, some had all four names stricken from the ballot and some voted for those on the ballot and wrote in the same names in the space provided for write-in candidates.

HOSPITAL BOARD In the Hospital Board election Helma Bond received the most votes with 562. He was followed by M. S. Robertson with 548 and L. T. Wood with 528. Chase behind were Paul Goss and Travis Jones who each received 528 votes. F. M. Marquis tallied 212. Jones is the only new addition to the board.

CITY COUNCIL In one of the heaviest turnouts ever recorded in a city council race, 422 voters, two incumbents were re-elected and one new man was elected to the council.

W. H. Quisner Simpson is the new man and replaced Henry Willis. Clem McDonald and Roe Jones are the two incumbents who stayed on the council.

Clem McDonald received the most votes of any of the seven candidates vying for the three positions with 288. Roe Jones was next with 238 followed by Junior Simpson with 227. Others in the race tallied as follows: Henry Willis, 187, M. J. McNeill, 183; Leonard Smith, 130; and C. M. Lykes, 77.

Building

(Continued from Page One)

Anyone interested in building a home should contact Homer Steen or M. A. Barton. Keene said he has a big selection of house plans or he will build houses to suit the individual desire of the buyer.

All speculative houses will be three bedroom, one and two bath, brick construction, central heat, built in garages, attached single or double garages, completely insulated. Keene said a big feature of the type homes he will build is the low maintenance cost, especially on outside painting. The new type of outside trim material and construction and aluminum windows make this possible.

Keene said monthly payments would run from \$80.00 per month up

Highlights From Pioneer Days

Dr. Hank Smith Story

By L. A. (Fisherman) Marshall Carr Surpiper and yours truly first heard the Hank Smith story a few years ago, one Sunday evening when we visited the late Bob Smith at the old two story rock house in the Canyon, just below the Caprock.

This was the beginning of an expedition later which lasted about a month. Our goal was to find uncle Hank Smith's second gold discovery.

Bob said his father planned to go back to the river PI for many years but died. So Bob decided to carry out his father's plans. What they did not know was that this second gold find was 10 miles over in Arizona and had been found by other's years ago, worked out and abandoned.

The town of Clifton, Ariz. now marks the spot of his second gold find.

The result of our visit with Bob was the organization of a search party. We had a Mr. S. H. Wright and his truck. We built up an old fashioned chuck box on the back, the lid of which let down and made a table off of which we ate many hearty meals.

Walking all day seemed to work up an enormous appetite. The party consisted of Bob Smith, with uncle Hank's descriptions, Carr Surpiper, Robinson, Scott, Clyde Walker, Mr. Wright and myself.

When I think back of our enthusiasm, excitement, anticipation and determination, we just know we could not fail, but we did.

Uncle Hank wrote that we would know the river PI because it was fed by springs, beautiful water and was loaded with black sand.

Some might not know what black sand is. It is a metallic substance that is attracted by a magnet and will not rust. It looks like black gun powder. Gold is never found unless black sand is present, either in hard rock matrix or placer mines. But you may find black sand without gold being present. However it means it has been with gold.

Black sand is almost of heavy as gold. It's one of our Creator's arrangements for the gold placer. It stays down in the bottom of the pan and is black in contrast to the small pieces of gold that we seek.

Jim, an old copper colored man, who worked for me 3 years on Bear Creek had a gift for me. He said our Creator knew man would be greedy and try to get all the gold so he scattered it, good and He really did a good job.

These Mexicans I saw cradling gravel in Bear Creek had small nuggets worth 15 and 25 cents. This first sight of virgin gold was to have a far reaching effect on my life for the next 3 years.

So next morning we broke camp on Bear Creek and headed on west heading for the river PI. Our truck loaded with provisions.

Finally our truck was all loaded, picks and shovels, field glasses, guns, provisions. We started for the river PI. We decided to go by Pine Hills, uncle Hank's first gold discovery. Bob wanted to prove his story and to show us his father's first gold discovery.

We went down Bear Creek west from Pine Hills and camped. Three years truly saw the first virgin gold.

Two Mexicans were washing gravel in a dam set up known as a cradle which is about 5 feet long, 12 inches wide and 4 inches deep. The rocks on a cradle end of the cradle are kept on a 2x6 with a spike nail extended from the center of the rocks into a hole in the 2x6. This keeps the rocks in the 2x6.

Flocks of sand and gravel are poured into a hopper at the upper end of the cradle. Water is doped with the water bucket in a brown liquid.

The cradle is moved by a bar about 3 feet long at the head of the cradle. Rifles go across the bar of the cradle about each 4 inches. Over this is placed a wood bucket.

Between a few of the rifles a plunger is placed of quick silver. The upper end of the cradle is 4 inches higher than the other end.

Now if you ever wish to go gold hunting you know how to make a cradle which can handle a hundred times as much gravel as hand panning.

Quick silver is the metallic in the gold business. It will absorb gold but nothing else and it expels rocks and sand but will grab gold and hold it.

After quick silver is loaded with gold it is strained through a chamois cloth in water, you thereby save most of the quick silver which is expensive.

Then the chamois and gold "dred" is heated on a blue torch. The quick silver evaporates and the gold is nice and shiny.

It is then shipped to Uncle Sam's mine at Denver, Colo. They send you a check for it at \$5 per oz. An ounce of gold is nearly a teaspoon full.

So next morning we broke camp on Bear Creek and headed on west heading for the river PI. Our truck loaded with provisions.

Both had a rule every one must clean out his plate and put plates and cups, knives and forks in the dish pan after each meal or you would sure hear from him!

Bob Smith was the life of the party. He kept us all in a laughing mood.

As this was a walking proposition over very rough country, we walked up some enormous appetizer which made Bob's cooking trip.

Bob Smith was a big man with at least that was bigger than big. If we had started working down the river PI instead of up we

who we with enthusiasm. After a few days we arrived at the river PI. This was it. There was the black sand flowing north the bottom like black powder in beautiful clear water.

We worked in pairs. That evening we would return and decide whether to work up the river or down.

Surpiper returned late that evening bringing an old worn out pick. The pick was worn and battered until it was not much more than a hammer. It had a knobby cedar handle and no doubt was very old.

Surpiper found this out in the river, saw the handle and waded out and got it. That settled it. That must be one of uncle Hank's picks so we will go up the river and we did.

After many days we finally acknowledged failure at an Indian Reservation and a town called Rehner.

This rough river country was thoroughly supplied with deer and rabbit tracks. I remember Rabbit S-bit jumped down off about a 2 foot ledge of rock and when he landed a big rattler started striking between him and the hill. Rabbit kept jumping fast which probably saved his life.

Bob Smith was our cook. He had many years experience as a chuck wagon cook. Bob made soup, dough biscuits and they were good. He mixed the soup dough in the cast iron skillet and let it. As we went along, he cooked the biscuits in this skillet, per coals of fire on the lid.

Bob had a rule every one must clean out his plate and put plates and cups, knives and forks in the dish pan after each meal or you would sure hear from him!

Floyd County Cancer Unit To Hold Kick-Off Luncheon

The American Cancer Society Floyd County Unit, will hold their kick-off luncheon on Monday, April 13 at Golden's Restaurant in Lockney. All workers are urged to attend in order to pick-up their work kits.

Lefty Ross of Quenah, who is affiliated with the Cancer Society, will be speaker. Others to speak briefly will be Mrs. Lane Decker, county chairman, Mrs. W. C. Snodgrass, Crusade chairman of District 3, and Mayor O. C. Bailey of Lockney.

Mr. Ross is an outstanding person in overcoming his difficulty in speaking after a laryngectomy. He travels over the district and state teaching others who have also had the operation encouraging them in their progress. Mr. Ross is very dedicated in his teachings.

ments that were made in last week's Hesperian. We quoted a city official who said that no major street lighting had been put up by the city since the mid '50's. It should be correctly reported that the mercury vapor lights on Texas street in west Floydada were installed in 1961.

It should be reported that approximately 50 mercury vapor lights were installed through Floydada on Highway 76 last year.

In another story we incorrectly stated that prior to the employment of David Eaton there had been no permanent tax-assessor-collector for the schools. It should have been stated that Mrs. Loren Liebried has been assessor-collector as well as school secretary.

Of course Mrs. Liebried remains as secretary for the school and Eaton is assessor-collector and business manager.

SIXTEEN interested persons met in downtown Floydada last Thursday afternoon and began study of Floydada's Rent House problem. This effort is sponsored by the Chamber of Commerce and is one of the greatest needs of this city . . . more rent houses and apartments.

The group discussed the possibility of several firms or individuals taking on the responsibility of building one rent house each . . . to be sold or rented to a family.

A 15 unit apartment house was also discussed with a corporation organization and stock or shares being sold to all interested investors.

I believe this meeting is a step in the right direction and I join the chamber of commerce in your invitation to the next meeting on the problem which is scheduled for Thursday afternoon April 16 in the community room of the First National Bank.

WE RAN a story last week about the population increase in Floydada . . . and it looks good. However you just don't realize how many homes there are here until you have to deliver a Dollar Day circular in each screen door.

I got together about eight boys and we started delivering Dollar Day circulars . . . thought we never would get them all out. And we know now what these candidates have been saying about dogs is true. In fact there are three or four homes that didn't get a Dollar Day circular simply because their dogs wouldn't let us get anywhere near the house.

There's another fellow or two who can tell you that Floydada is getting pretty big. City Manager Glen Petty and Charles Horton, Supt. of Water Department took over the city's trash pickup truck about quitting time last Friday afternoon and worked until 9 that night finishing up a job that had got way behind as the city assumed operation of garbage pickup service.

A LADY from the McCoy community, Mrs. E. M. Jackson was by our office this week and made the following statements: "Mr. Jackson had a severe heart attack, was unable to get to Lubbock, so Dr. Bayouth came after him in an ambulance . . . advised him that he couldn't stand the trip to Lubbock."

To head the Cancer drive in the county this year for the City of Lockney is Joe Cargill and for Floydada, Mrs. Bill Hale. Their workers will be named at a later date.

Rural chairmen are Mrs. John A. Dorman Pleasant Valley; Mrs. Duard Reeves Sterley; Mrs. B. Brandes Providence; Mrs. Doyle Harrison, Prairie Chapel; Mrs. Leane Henderson, Lone Star; Mrs. Gene Collins, Aiken; Mrs. Royce Latimer, Ireck; Mrs. Roland Watson, Muncy and Mrs. Herman Thornton, South Plains.

Also Mrs. Bill Allmon, Allmon; Mrs. Hal Hines, Dougherty; Mrs. W. B. Wilson, Fairview; Mrs. Kenneth Willis, Baker; Mrs. Q. D. Williams, Lakeview; Mrs. P. D. Helms, McCoy; Mrs. D. M. Coddell, Cedar Hill; Mrs. Max Dyess, Starkey (west); Mrs. J. S. and farmers to awaken to the extreme importance of a hospital capable of handling such emergencies as may arise in Floyd County. "Such emergencies make each of us realize how desperately this area needs a modern medical facility."

"Dr. Bayouth stayed with and very closely observed Mr. Jackson all through the problems of shortage of equipment nurses and doctors . . . and we realize that he did the best he could with what he had to work with."

"Floyd County is a rich prosperous county and even though we have a number of welfare patients, this county is most capable of caring for these persons without outside help. A number of these patients are brought in to work in seasonal conditions harvesting weeding planting etc. If it were not for these laborers, the county perhaps would not be in the fine position it is today."

We appreciate these statements from Mrs. Jackson who realizes the dangers of trying to save our people's lives or relieve their suffering with the poor facilities that we must keep going until the new hospital is ready to be of service. Like Mrs. Jackson, we have only praise for our three doctors who continue to work around the clock with what inadequate facilities they now have.

We can only say that our very efficient and hard-working hospital board is doing its best to build the hospital as soon as possible although persons have brought suits against them.

What Mrs. Jackson is also saying is . . . "If we don't take care of our people, who will?"

This is similar to a statement made by a group of citizens from Silverton who were over here visiting a week or two ago . . . trying to map out plans to create a hospital district for Briscoe County. One made the statement: "Well, we bring our jail prisoners to Floydada to keep. Tulla takes care of our sick people . . . but we sorta feel like we should take care of our own."

At the time of the accident, three local ambulances were put to use. Two were needed for the Lattas and one for the Overstreets. During the time these three were in Lubbock, another had to be summoned.

This fourth ambulance was called from Lockney to carry Sam Wauson, of Lubbock, to a hospital. He was working on the new City Power and Light building constructing a scaffold when he fell 20 feet and broke his ankle. He was first taken to Peoples hospital and then transferred on to Lubbock.

Springtime is here again—or so everything is beginning to sing, the "first of the season" flowers are out in their beautiful colors. With warmer days and more daylight hours the children seem to enjoy fun and frolic until darkness drives them inside for the night.

Riding a bicycle seems to be one of the very favorites—which reminds us of the safety rules suggested by the Bicycle Institute of America.

Riding a bicycle is an excellent way to keep physically fit, according to doctors. They say, as an exercise, cycling affects the large muscles—legs, arms, abdomen, chest, shoulders, back and neck. These are the major muscles and it's important to exercise them frequently. Cycling, they say, is one of the few activities that allows you to exercise them all at the same time. Wherever and whenever you ride, the Bicycle Institute of America suggests these safety rules be followed:

1. Stop, look and listen at all corners.
2. Always make appropriate hand signals.
3. Ride on the right facing traffic.
4. Never ride double or three abreast in light traffic.
5. Watch out for parked cars pulling out into traffic.
6. Sound horn when approaching a blind corner.

7. Never hitch a ride on a truck.
8. Walk your bike through heavy traffic.
9. Make sure your handle grips are on tight.
10. Have your bike inspected at least once each year.
All bikes should be equipped with basic safety accessories, such as a horn and a tail light and, for convenience, a luggage rack or a bar basket.

We are told that nearly 18 million people in the United States are 65 years of age or older. Who are these senior citizens?

A report from the President's Council on Aging shows that — Nearly 1 1/2 million live on farms. Almost 2 million work full time. Over 2.3 million are war veterans. Over 12 1/2 million get social security benefits. More than 3 million came originally from Europe.

More than 10,000 people are over 100 years old.
Last Tuesday afternoon Miss Sherry Mullin, Floyd County Home Demonstration Agent gave a demonstration in the Lighthouse Kitchen on "Using Dried Fruits in Our Menus". Representatives from the Floyd County Home Demonstration Clubs attended this meeting and will give this demonstration to their respective clubs, at later dates.

Among the delicious recipes Miss Mullin used was:

- PRUNE BREAD**
- 1/2 cup shortening
 - 1/2 cup sugar
 - 1 egg
 - 1 cup prunes (washed, drained)
 - 2 cups flour
 - 1/2 cup nuts
 - 2 teaspoons baking powder
 - 1/2 teaspoon salt
 - 1/4 cup liquid (prune juice and milk)
 - 2 teaspoons grated lemon rind
 - 1/2 cup cream shortening and sugar to

together. Blend in beaten eggs and fruit. Stir in dry ingredients alternately with liquid. Add nuts. Pour batter into greased loaf pan (8" x 4"). Bake 55 to 60 minutes in moderate oven at 350 degrees F.

BE SURE TO REMEMBER! ! !

Saturday, April 11th is ANNUAL MEETING DAY for the Lighthouse Electric Cooperative, Inc. It will be held at the High School Auditorium, Senior High School, in Floydada. Registration starts 9:00 a.m. Meeting will be called to order at 10:00 a.m. A good program and a "full day" of activities has been planned by the ANNUAL MEETING PLANNING COMMITTEE. BILL PRICE

Introducing Bill Price, Specialist Of Our Flame Cultivation And Fertilizer Depts.

For the past year or two we have been studying Flame Cultivation and now we are convinced that this is the answer to the farmer's weed problems. In order to be of service to the area farmer we have employed Bill Price, who is a specialist in flame cultivation and we have taken on the Flame-Trac Flame Cultivation Equipment. We in-

vite you to come in and visit with Bill and we have available demonstration equipment to show how flame cultivation is the answer to your weed problems in cotton, Milo, and all of the Onion, Potato pepper, tomato and other "truck" crops.

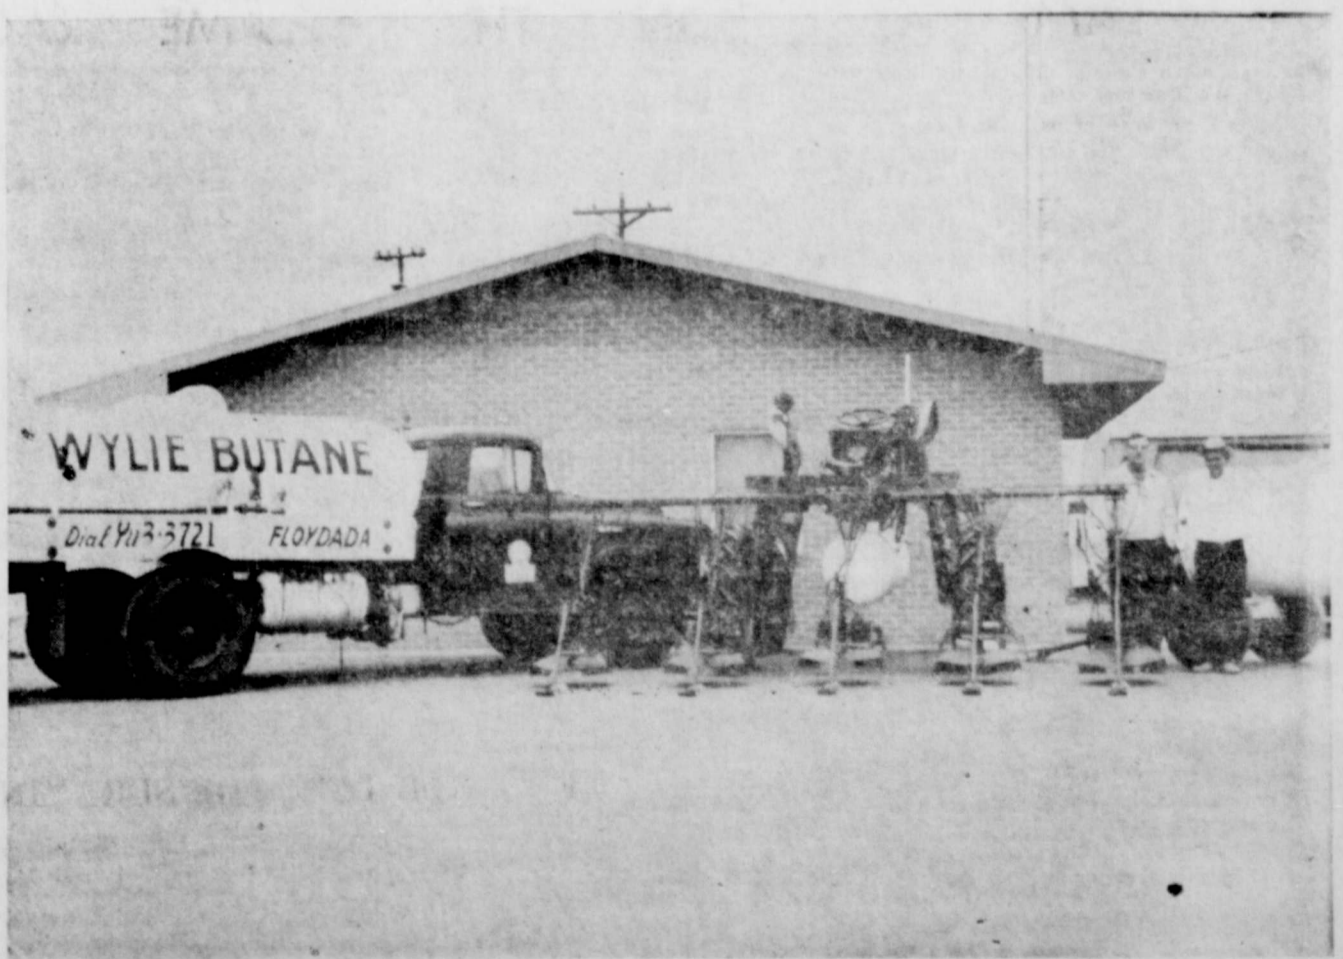

FLAME CULTIVATION WITH THE FLAME - TRAC

1. Economy over hand labor reduces the farmer's cost and raises his profit.
 2. In some crops, such as corn and grain sorghum, yields have been increased because the root system of the plants were not disturbed by conventional cultivation.
 3. Continued use of flame cultivation will reduce weed and grass populations as deeply buried seeds are not plowed to the surface where they will germinate, and the present weed crop is killed before it can produce new seeds.
 4. In certain crops such as young cotton, there is evidence of a reduction in the insect population. (Flame cultivation is not a complete insect control measure).
 5. In castor beans, there has been noted a reduction in Alternaria leaf spot disease after flaming.
 6. When a cash crop and weeds come up together and are the same size, crops such as grain sorghum and corn may, at the proper time, before the terminal bud (growing point) emerges above the soil surface, be "flamed off" with all surface vegetation killed. The cash crop will renew growth within four to six days, but most weeds will not. This saves replanting costs, soil moisture, and gains valuable growing time.
 7. Flaming equipment can be taken into a field after a rain much quicker than conventional cultivators can operate.
 8. It is safe to use because it does not poison crops or contaminate water supplies. There are no harmful residual effects to the soil by using flame cultivation on crops.
 9. Service and maintenance of flame cultivators is very simple if clean fuel is used.
- It is an aid to mechanical harvesting:
- (A) Lower leaves of the mature cotton plant are destroyed, thereby yielding a cleaner, higher grade cotton.
 - (B) Destruction of above-ground foliage on below-ground producing crops, such as potatoes, at harvest time makes harvesting of the crops much easier and cleaner.
 - (C) Tests on field drying of grain sorghum have shown promise of earlier harvesting of grain, especially on dry land sorghum.
 - (D) Field drying of grain sorghum dehydrates the leaves and it can be combined at a faster speed.
 - (E) Dehydration of grain sorghum leaves helps prevent grain from rickling through the combine. (Farmer experience indicates an increase in yield up to 500 pounds per acre.

Texas Library Week Slated April 12 - 18

The Annual Texas Library Week as proclaimed by Governor John Connally, is set for April 12 through April 18. And, as if coincidental, the Floyd County Library recently received an additional 1,000 books on loan from the Texas Library in Austin. The loan is indefinite. Included in the books are all types of books for young adults and younger people. There is also a limited amount of fiction and non-fiction for adults.

Mrs. A. T. Hall, the Floyd County Library, reminds all residents: "This is your library, use it to your will."

IRRIGATED MIDLAND BERMU-DA GRASS PASTURE—The above picture taken on the Jack Frizzell's farm north of Lone Star, last August. Mr. Frizzell uses temporary fences to separate his stock from grassland (such as is shown on the left) while letting this area rest and dry after fertilizing and irrigating. Good management practices are a key to a successful irrigated grass, especially Midland Bermuda. An early fertilization and irrigation is a good step to get started on immediately if you have such an irrigated pasture.

Variety Of Activities Recorded

CENTER, April 16—Such a hectic week was last week! A revival, sickness, and then the tragic highway accidents!

The revival at First Baptist church was attended by huge crowds. Sermons and music were so wonderful. Services Sunday at Calvary were good as usual, only there were those who were out on account of illness.

Mrs. W. C. Plumlee is back in a Lockney hospital with a virus. Mrs. Frank Dunn returned home last Tuesday from Lubbock where she had spent over the Easter weekend visiting her children. She visited Mrs. H. B. Mankins Friday afternoon, and spent Saturday night with Mrs. W. M. Jackson and both attended services of the revival during the weekend and Sunday.

Mr. and Mrs. Leo Frizzell visited the Oscar Warrens Sunday afternoon. So did Mrs. Jackson and Mrs. Dunn. Mrs. Warren has been ill.

Space Ships And Bathtubs

There's more than a faint touch of irony in the present plight of John Glenn, the astronaut turned politician.

Just a bit over two years ago, Colonel Glenn was spiraling the earth in his Friendship 7 as America's first bona-fide space man.

Glenn was equal to the emergency posed by the failure of his automatic controls and literally hand-guided the vehicle through the most hazardous phase of the trip. A single miscalculation could have spelled total disaster to both the pilot and the spacecraft in its fiery descent.

After such an episode, he scarcely appeared the type to slip on a bathroom rug and bump his noggin on the tub—the sort of thing that sometimes happens to us earthbound mortals.

But that's what happened. A man who traveled over 75,000 miles in orbit without a scratch ends up in the hospital from a freak mishap in his own home.

From his standpoint, the resulting headache is not the most painful part of the episode. As a result of the accident and his inability to campaign, Glenn has announced from his hospital bed that he has withdrawn from the Ohio Senate race against Senator Stephen Young.

An Investment Boom?

The \$11 billion tax cut should provide impetus to our expanding economy but it may not result in an investment boom as some are blithely predicting.

Commerce Department figures dispel that optimistic forecast though the overall picture is not gloomy by any means.

What is surprising is that many analysts are pinning American expansion and production on hopes entirely on the tax reduction.

A look at Department figures shows capital expenditures in 1964 estimated at \$43.2 billion, a solid gain of 10 percent over the 1963 level, but pallid when compared to the 22 per cent increase of 1956-7 which resulted in a real investment boom.

Capital outlays of \$43.2 billion are not high when compared to a Gross National Product that may exceed \$625 billion this year, nor are they high when related to the nearly \$37 billion of expenditures in 1957, a level which was not exceeded until last year.

Perhaps an investment boom will materialize. But stock prices are already high and such a boom seems unlikely.

Junior High Teams Place 1st And 2nd At Abernathy

The Floydada 7th and 8th grade tracksters placed 1st and 2nd respectively in their divisions at the Abernathy Junior High Track Meet held last Thursday at Abernathy. The 7th grade gathered 99 points in their victory and the 8th amassed 117 points.

The 7th grade team won both the 440-yard relay and the 880-yard relay to help on their points. For usually the winner of the relay gets more points than the winner in an individual participation event.

The 440-yard relay team, comprised of Parr, Emert, Williams, and Christian won 1st in the event with a time of 50.9, and the 880-yard relay team comprised of Bertrand, Emert, Parr and Jester, placed 2nd with a time of 1:30.8.

In the field events: Christian was 3rd in the shot-put with a toss of 29'2". Martine gave the discus a 109'1" fling to place third and Bertrand was 4th with a toss of 92'8". Barbee won the pole vault with 7'9". Chowning was third in the high jump and Emert 4th with leaps of 5'0" and 4'7" respectively.

Coch Perry Lockett accompanied the teams to Abernathy.

Other events in which the team placed were: 50-yard dash—Wesley won fifth with a time of 7:1; 100-yard dash—Perez placed third with a time of 12:5; 160 yard high hurdles—Bearden was 2nd with 10:1; 100-yard low hurdles—Hutchins was 2nd with 14.0 and Bearden 4th with 14.2.

In the field events: James was 6th in the shot with a toss of 32'"; Polevault — Bearden was 2nd with a leap of 7'0"; and in the high jump—Bearden was 3rd with a leap of 4'6".

The 8th grade racked up five 1st place banners, two 2nd place, and three 3rd place ribbons in the track events but failed to place more than one above 3rd once in the 5 field events. That first place winner in the field events was Barbee with a pole vault of 7'9".

In the track events: Christian and Parr placed 1st and 4th respectively in the 50-yard dash with times of 6:3 and 6:5. Christian also won the 100-yard dash with a time of 11:1 and Williams was 5th in the event. Jester was 2nd in the 440-yard dash with

Murray also placed 2nd in the Pole Vault and 4th in the discus. Other winners in the event were: Baker who was 3rd in the 100, Rodney Bunch who was 4th in the 100, 5th in the low hurdles and 4th in the high jump, and Mark Goen who was 6th in the shot and 3rd in the discus.

Marler, Martin, Munday, and Baker comprise the 440-yard relay team while the 880-yard relay team is made up of Marler, Murtin, Munday and Murray.

Freshmen Win First In Meet At Abernathy

At a track meet held at Abernathy last Thursday, the local freshmen racked up 144 points to be named champions of the event. Abernathy was second with 121 and Hale Center 97.

Almost two weeks before, the local team traveled to Crosbyton for a freshman track meet and virtually rewrote the record book. However, due to the weather conditions at Abernathy, the records stayed mostly the same, in spite of the fine showing by the locals.

The local relay teams won first place in the 440-yard relay with a time of 48.3 and the 880-yard relay, with a time of 1:40.5. Steve Marler won first in the 50-yard dash with a time of 6.9, and Mac Baker placed 2nd in the event. Other first place winners were: Marler in the Broad Jump, Rodney Bunch in the 60-yard high hurdles with a time of 9.5; Darrell Munday in the 440-yard dash with a time of 56.4; Bob Murray in the shot put with a distance of 40.6.

February Savings Bond Sales in Floyd County totaled \$34,262, which is considerably less than January Sales of \$164,418. This announcement was made recently by Mr. Don Pemberton, Chairman of the Floyd County Savings Bonds Committee. Sales for the first two months of 1964 were \$196,680 which represents 94.6 percent of the 1964 sales goal.

Bond sales in Texas for the first two months of 1964 were \$28,293,967 and 18.8 percent of the 1964 sales goal of \$150,000,000 has been achieved.

This year's Savings Bond Campaign has been appropriately named OPERATION SECURITY since the purchase of Savings Bonds will strengthen the security of both the individual and the Nation. This campaign will be highlighted during the months of May and June. We are confident the citizens of our county will respond to OPERATION SECURITY and purchase extra Savings bonds during the drive." Chairman Pemberton reported.

Camp Chairman Selected Friday

It was announced by John Rose, chairman of the Salvation Army Service Unit Committee of Floydada, that Mrs. Wesley Carr will be camp chairman for Floydada for this year.

Mrs. Carr will be looking for and selecting six boys to attend the Salvation Army Camp at Hoblittelle, Midlothian, Texas. The boys will attend the camp June 28, through July 5.

The boys will be selected from underprivileged families in Floydada, or surrounding area, in the age range of 8-13. About 220 boys from the Parkdale-South Plains area attended the camp last year.

Mrs. Carr will begin selection of the boys immediately. Those who are selected will get full information concerning the camp from her.

The local Service Unit pays the expenses to the camp and back, plus whatever else may be needed in the way of clothing or other necessities.

The camp will be June 28-July 5, one full week, check full of vigorous physical and spiritual training.

Mary Jewel Word On Concert Tour

KINGSVILLE — Mary Jewel Word, a soprano history major from Floydada studying at Texas A&I College here, was on tour with the college Concert Band during its annual visit to South Texas high schools recently.

Miss Word also played with the group at its annual spring concert this month in Jones Auditorium. She is the daughter of James H. Word, 725 W. Tennessee, Floydada.

Joseph L. Bellemah, a professor of music, is director of the Concert Band.

Boy Scouts of America was founded in 1910 and was granted a Federal Charter from the Congress of the United States in 1916.

in other words, why the farmer gets less and the housewife still pays more, why beef on the hoof can drop \$6 a hundred and still rise 2 cents a pound when it gets in the supermarket display counter.

In fact, he has asked Congress to appoint a 15-man committee to investigate.

I am in favor of this, and while I wouldn't have time to serve on the committee, I think I can explain part of the trouble.

The trouble lies with the farmer. He has never succeeded in growing beans in cellophane bags.

The farmer still uses the old-fashioned way of growing beans, just like they've always been grown, on a vine inside a shell.

The supermarkets caught on long ago that beans in a shell or just beans in bulk have no eye appeal. No impulse-buyer pushing a shopping cart down an aisle is going to stop to scoop up a sack-full of loose beans. They've got to be sealed in cellophane with a brand name and a price tag marked 2 CENTS OFF because a housewife will respond.

Clearly, the fault lies with the farmer, or more accurately with the agricultural experiment stations and possibly the Department of Agriculture. Instead of figuring out ways to grow twice as many beans on the same stalk,

the agricultural scientists ought to be working on a variety that'll come up inside a plastic bag already sealed with scotch tape.

Or take cattle. A rancher can get a steer to market for a certain price, but when the processors get hold of it, that's when the cost mounts up, and by the time the steaks get to the meat counter wrapped in cellophane, there's no connection between

what the rancher and housewife pays. The rancher is getting the housewife is paying. Something ought to be done about this, but you try to see how far you get. I get one wrapped steak in cellophane.

The job is exposed to working days, according to Crain.

Asphalt concrete pavement and seal coat from Floydada to the Hale County line is expected to take 100 working days, according to O. L. Crain, District Highway Engineer at Lubbock.

Bryan and Hoffman submitted the low bid of \$208,000 for a project consisting of 1,000 acres, base and surface, on FM 1787 from FM 1787 to FM 1787 from FM 2901 to FM 1787, west 2 miles.

The job is expected to take 100 working days, according to Crain.

THE DEPENDABLES: SUCCESS CARS OF '64

We have designs to get you in our power

Our engineers are a wily group of guys who spend most of their time dreaming up ways to win your approval. Take the Dodge Polara 500. You'd be hard-pressed to find a car that's got more going for you. Deeply-padded, contour-formed bucket seats. All-vinyl upholstery. Silt-to-silt carpeting. Padded dash. Center console. And lots of other trimmings. But that's only the half of it. Perhaps our approach to power will further illustrate the point.

With the Polara 500 you aren't baked in on a certain engine. You can choose from a standard 318 cu. in. V8 up to a street-version of our wallowing, all-out 426 cu. in. Ramcharger V8. Compromise? Nope. We just feel that a freedom of choice is the surest road to your approval. That's our way of doing business—giving you lots of car and lots of satisfaction at a price that's hard to quarrel with. Your Dodge Dealer will be glad to demonstrate the point.

STRONG CHURCHES Make STRONG COMMUNITIES

A BIGGER World

THE CHURCH FOR ALL - ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

There comes a time, even in a chick's life, when the way must open to a greatly expanded world. When his confining shell no longer allows proper growth, he makes a point of throwing off his shackles and steps out into a big, strange world.

This comparatively simple phenomenon is paralleled in human existence as each child grows toward adulthood, and reaches out for the wider horizon. What he finds there will depend in great part on what he has been taught.

For this reason the early and continued guidance of Christian home and church are all-important. From these things the foundation of faith is built. Through faith and understanding the shackles of fear and bondage are dispelled, and your child grows spiritually strong to meet the ever-widening horizons and challenges of a modern world.

Denominational Treasurer To Speak To Local Church

John L. Stockton, a layman, has made a notable contribution to the Church of the Nazarene. Since 1942, he has been general church treasurer with offices at denominational headquarters in Kansas City, Mo. In that capacity, he has supervised the handling of millions of dollars in the general funds of the church including the home and foreign missions budgets. Stockton will speak at the local church of the Nazarene on April 12.

JOHN L. STOCKTON

Stockton also has served on key committees of the church. These include the finance committee of the General Board, the general stewardship committee, the relocation commission and the pension board.

He was chairman of the headquarters building committee which supervised the \$400,000 international headquarters structure at 8401 The Paseo, Kansas City, Mo., occupied in December, 1955.

Stockton came to the church post after twenty years in banking. In Oklahoma City, he was with the Southwest National and First National banks. From 1924 to 1934, he was cashier and manager of the Farmers' State Bank in Bethany, Okla.

He was assistant to the Oklahoma state bank commissioner two years. In Enid, Okla., while

secretary-treasurer and manager of the Production Credit association the organization doubled in size.

Mr. Stockton was business manager of Bethany Nazarene College, Bethany, in 1941-45. The college conferred an honorary doctoral degree upon him in 1952.

He spent many years in West Texas at Lelah and McLean, where he joined the church in 1934.

McLendon Voices Opposition To Pending Civil Rights Bill

Gordon McLendon gave special attention to civil rights and other domestic issues this week in his fast-moving campaign for the Democratic U. S. Senatorial nomination in the May 2 Primary.

The Dallas Radio executive emphasized his support of equal voting and educational rights for all, but elaborated on his opposition to provisions of the pending civil rights bill which he contends would deprive members of all ethnic groups of the rights of trial by jury, private property and civil liberties.

"In its present form the so-called civil rights bill poses the greatest threat to our constitutional liberties since the Supreme Court overthrew an almost identical act in 1883," McLendon declared.

He asserted that increased job opportunities, a problem which figures in both the civil rights debate and the administration's

"war on poverty," can be assured only by freeing business from bureaucratic restraints to promote business expansion.

McLendon said Texas has found a satisfactory solution to the problem of medical care for the aged by implementing the Kerr-Mills law and the Texas-65 program, both based on the principle of voluntary health insurance.

Reiterating his opposition to federal aid to and control over schools, McLendon advocated encouragement of a "realistic tax exemption for families supporting students in higher education." McLendon pointed out that his opponent, incumbent Senator Ralph Yarborough, helped defeat an amendment which would have written a \$120 college exemption into the new tax bill.

Walker Funeral Held In Lockney

Funeral rites were conducted yesterday in the First Methodist Church in Lockney for Bob Walker, 35, who was found dead by his mother Sunday morning of a heart attack.

The deceased made his home with his mother Mrs. Solon Walker in the Providence community.

Walker was a native of Haskell and moved to Floyd County in 1945. He was a farmer a veteran of World War II and a member of the American Legion and VFW of Lockney.

Survivors include his mother; three sisters, Mrs. O. D. Tarpley of Lockney, Mrs. Julia Garrett, San Francisco and Miss Erma Walker of Hereford; two brothers, John and Collins of Lordsburg, N. Mex.

Many Attend Farmer Rites

Relatives and friends from out of town attended last rites for Mrs. J. E. Farmer included Mrs. Lattie Jopling, Mrs. Leslie Dutton, Mrs. Wesley Trout and Alvin Farmer of Bellevue, Tex.; Mr. and Mrs. Earl Smith of Fort Sasser, N. Mex.

Mrs. M. Hester and Mrs. L. G. Tinsell of Post and Mrs. Robert Moxie of Slaton; Mrs. Bonnie Bothea, Caddo Mills; Horace Webb, Greenville; Mr. and Mrs. E. B. Johnson, Mineral Wells; Mr. and Mrs. E. L. Judy and Wilma Jean, Lubbock; Mr. and Mrs. M. L. Stiles and daughters and Miss Billie Ruth Stiles all of Lubbock.

Seventy per cent of all Annapolis graduates were Boy Scouts.

at the home of Mrs. George Griffin. Mrs. Floyd Hill of Crosbyville came and gave a hat making demonstration for the group, which was very interesting. Mrs. Griffin served delicious refreshments to the members and several guests.

Wiley Rogers visited Arch Muncy and Tom Ogden, Sunday afternoon, both patients in the Methodist Hospital in Lubbock.

Mr. and Mrs. Tom Hutchins and Dale spent the weekend in Amarillo with Mr. and Mrs. J. H. Courtney. Mr. and Mrs. Bill Willard and baby of Garland were also guests in the Courtney home.

Mr. and Mrs. Pete Hickerson spent Friday night and Saturday in Coahuila visiting Pete's mother, Mrs. F. L. Hickerson and his sister, Mrs. Elmer Dazzy and her family.

Congratulations and Best Wishes to Gaynel Henry, daughter of Mr. and Mrs. Melvin Henry, and John Gline of Plainview, who were married Friday night at 7:30 in the Chapel of the First Methodist Church in Floydada.

SOMETHING TO THINK ABOUT
There is an old Chinese fable about the two tears floating down the river of time.

The first one said, "I am the tear of a woman who lost her man to another." "Do not grieve," answered the second, "I am the tear of the woman who got him."
