Council Adopts Civil Defense Emergency Plan At Meeting

HILL BURTON STUDY SAYS

This Five County Area Of West Texas Needs 159 More Hospital Beds

AUSTIN — Inadequacy of general hospital facilities in the Plainview area is reflected in the newly revised State Plan for reconstruction of hospitals and other medical facilities under the Federal Hill-Burton Act.

COUNTY CONVENTIONS

Republicans For Goldwater; Democrats For Johnson

As was expected the Floyd county Republican and Democrat conventions approved resolutions Saturday for Senator Barry Goldwater and President Lyndon B. Johnson, respectively for president in the November election and state conventions in June.

HELP!

The Girl Scout troops need some sort of building in which to meet. They will maintain the building and beautify the yard around it. . . will pay utility bills.

Must be big enough for two seven foot tables and other equipment. If you have a vacant garage or building, please call Mrs. L. W. Crabtree, YU 3-3416.

Eastern City Limits Move Also Approved

At its regular meeting in the City Hall last Tuesday night, the City Council approved appointed members to the city's Civil Defense Committee, adopted the Civil Defense Emergency Plan and adopted an ordinance known as the Municipal Defense and Disaster Ordinance.

Also at the meeting, the city approved the moving of the city limits in the northeastern part of town, back west. This had been considered in the past, and incentive was added by the request by a number of people around that particular area.

Freshman And T-Shirt Team Tryouts Slated

The tryouts for the Freshman and T-Shirt Leagues will be held this Saturday from 4 until 6 p.m. at the Baseball Fields across the street from the high school.

Ted Viramonte president of the Baseball Association said that the group is just short on three things. These are funds, boys between the ages of 13 and 15, and managers.

Viramonte said that the first of the games will be held on June 1, and it will be a Freshman game. When the season gets into full swing, there will be about four games every night for four nights a week.

KFLD radio will announce one game a week beginning June 1. Viramonte said that the City Recreation Department has installed water at the fields and has been a great assistance.

At the recent work days held at the fields, 6 people came, but all the infields were worked over by those attending.

The adoption of the civil defense plan came as a result of a recent meeting held by the city officials recently in the First National Bank where they, and several representatives of the Light-House Electric, the radio station, the sheriff's department, the Department of Public Safety, and others who would be needed in case a disaster struck the city.

The plans at the meeting were outlined mainly to determine some definite action to be taken should a tornado hit the town, and it was extended to include any other disaster as well.

A number of committees were set up at the meeting and were approved Tuesday night.

The members and their committees follow: Civil Defense Supervisor - Mayor S. W. Ross; Director of Civil Defense - City Manager, Olen Pettie; Deputy Supervisor and Director - Mayor Pro-Tem - Aldine Williams; Communications - Melvin Henry; Emergency Aid (Rescue and First Aid) - Sam Fowler, John Fowler; Public Welfare (Emergency Hospital and Morgue) - John Reese; Red Cross and Ambulance Control - Ralph Mardis; Education Control and Emergency Transportation - (See COUNCIL, Page 2)

School Board Approves Calendar; Considers Buying Old Church

In its regular monthly meeting in the Floydada school business offices Monday night the school board approved the 1964-65 calendar and discussed the need for five more new grade school rooms for the next school term.

Highlights of next year's school calendar include: August 31, school opens; Sept. 7, Labor Day holidays; Nov. 26-27, Thanksgiving Holidays; Dec. 22, turn out for Christmas holidays (2:30); Jan 4 take up after Christmas holidays; March 5, teacher's meeting in Lubbock; April 16-19, Easter holiday.

Baccalaureate will be May 16 and commencement May 21.

The last day of school this year will be May 28 (Old Settler's Day) and school will begin at 8 a.m. and dismiss at 12 noon. This will allow school children to see the big parade in downtown Floydada.

Although an \$800,000 bond has been voted to build a new grade school, the school board's hands are tied by a suit which will not allow the sale of the bonds. With this problem the board went into lengthy discussion about how to provide an additional five needed classrooms for next year.

The old Calvary Baptist church has been offered for sale to the board and a committee was appointed to inspect the building this week and determine the cost of moving it near some other temporary classrooms on the west side of the grade school.

Walter Nicholson was employed to take care of the school grounds for the summer and Mr. and Mrs. Kenneth Hill were employed. Mr. Hill will be a Junior High School coach and teach science. Mrs. Hill will teach physical education and health.

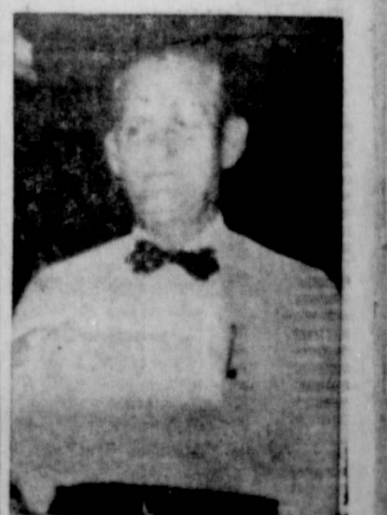

In other business the board approved the reading of last month's meeting minutes and the current bills. School secretary Mrs. Lorin Leibfried reported that 94.8% of the 1963 school taxes have been paid.

All board members were in attendance also school superintendent A. E. Baker and tax assessor-collector - business manager manager David Eaton.

Military Honors Bestowed To Hayes O'Neal

Full military honors were bestowed Hayes O'Neal, 56 year old Floydada pharmacist, Sunday afternoon at funeral rites conducted in the First Methodist Church. Mr. O'Neal died at Peoples Hospital Friday afternoon shortly after 5 o'clock. He suffered a heart attack while on duty at his business firm, Floydada Drug, and lived only a brief time after being rushed to the hospital by Moore ambulance.

Rev. Charles Lutrick, pastor of the church, officiated. Burial was in Floydada cemetery under the direction of Moore Funeral Home. Taps were sounded by Bruce Horton. Those in the color (See MILITARY, Page 2)

Farmers Have Through Friday To Sign For Wheat Program

Farmers have only until Friday afternoon (tomorrow) at 5:00 p.m. to sign up for participation in the 1964 wheat program, ASCS Manager Tom Hutchins warned Wednesday.

To late about 800 county wheat growers have signed their intention to participate in the program, while there are possibly 200 additional growers who have not signed. A number of these, however, do not intend to take part in the program. Some have lost their wheat crops already.

Farmers are reminded that there are a number of steps to be taken before they are eligible to participate and those must be taken soon.

ability are as follows:

- 1. Sign an intention to participate at the ASCS Office by May 15, 1964.
2. Stay within your 1964 wheat allotment.
3. Divert to an approved conservation use an acreage equal to 11.11 per cent of your 1964 wheat allotment. This is the difference between the 1963 and the 1964 wheat allotments.
4. Comply with the 1964 wheat allotments on all other farms in which you have an interest.
5. Keep within your farm allotments for any other crop. Feed grains are not allotment crops.
6. Maintain the normal conserving acres for your farm.
If you voluntarily comply with

the above conditions you will qualify for diverted acre payments, certificates (redeemable for cash at the ASCS Office) and price support on the wheat you produce on your complying farm.

1964 Cotton Program Cotton producers will have three allotment choices for 1964.
1. Present effective allotment —Producers choosing this allotment will be eligible for loan at the basic level of 30¢ per pound for Middling 1 inch.

2. Domestic allotment, which is normally 67% of the effective allotment — Producers choosing this allotment will be eligible for the loan rate mentioned above, and in addition, payments will (See WHEAT, Page 2)

here. It took the Democrats about ten minutes to elect delegates draft a short resolution and go home.

On the other hand the Republican convention developed into a very interesting discussion as each resolution was drafted and adopted.

I was particularly impressed by one resolution that ended up with the statement "but the rights of the majority must not be sacrificed to appease the demands of the minorities."

This particular statement has a lot of depth if you really take it in and consider its meaning . . . and there's no doubt in my mind that it would be wonderful if such a resolution could be carried out in two or three very crucial situations in this community.

**Ten Commandments of Business**  
Love your work—it pays.  
Handle the hardest job first each day.

Do not be afraid of criticism—size yourself often.

Be glad and rejoice in the other fellow's success—study his methods.

Do not be misled by dislikes. Acid ruins the finest fabrics.

Be enthusiastic—it is contagious.

Be fair and do at least one decent act every day in the year.

Honor the chief. There must be a head to everything.

Have confidence in yourself, and make yourself fit.

Harmonize your work. Let sunshine radiate and penetrate.

WE PUBLISHED a "rate your town" chart in last week's issue of the Hesperian . . . and although we didn't ask for a response several were cut out, checked, and

sent to the newspaper or the chamber of commerce. All of them indicated "yes" to the statement, "newcomers quickly feel they're a part of town." This, I can certainly agree with.

Most of them said that the town needed a good hospital, more doctors, more and better schools, better teacher salaries, more houses, more jobs for graduates, zoning to protect the residential areas, recreation center for young people.

Well, we wouldn't want everything perfect . . . there'd be no challenges . . . so, looks like we have plenty for which to work.

held at the Republican convention where a lengthy discussion revolved around a resolution on civil rights. About 25 were in attendance.

John Farris called the meeting to order. David Battey Jr., was elected as permanent chairman of the convention and Mrs. Carmel Eastham, permanent secretary. Buddy Hodges, Republican field representative for the 30th District was the keynote speaker.

David Battey, Jr., Mrs. Battey, and Billy Don Colston were elected delegates to the state convention which will be June 15 in Dallas and September 15 in Austin. Don Probasco, Mrs. Probasco and John Farris were elected as alternate delegates.

Floyd county's Republicans have three votes at the state convention.

The Floyd County Republican Party adopted these words as their official motto. "All that is necessary for evil to prevail is for good men to do nothing".

Resolutions were passed concerning the following:

1. The delegation is bound by the unit rule and instructed to vote conservatively on all matters.
2. Pledging solid support to Senator Goldwater in his bid for the Republican nomination for President.
3. Urging the State organization to use its influence in obtaining a position for Mrs. Katherine McDaniel of Berger on the platform committee of the Republican Na-

ional Convention.

4. Eliminate all foreign aid to Communist countries. Urging more conservatism in the dispensing of foreign aid, and giving aid to only those countries displaying a willingness to help themselves.

5. Withdrawal of the United States from the United Nations and the removal of the U. N. Headquarters from the United States.

6. Strong enforcement of the Monroe Doctrine as it was originally stated.

7. Combat the Communist influences on the campuses of our colleges and universities and that communist propaganda literature be restricted from the United States mail.

8. To retain the religious heritage of our country and that the name of God not be deleted from the Pledge of Allegiance or on our currency.

9. The Civil Rights of all Americans must be maintained and strengthened, regardless of race, creed or color but the rights of the majority must not be sacrificed to appease the demands of minorities.

guard were Edward Looney, L. C. Ferguson Jr., James A. Maricle and A. J. Jester. Pallbearers were J. A. Arwine, Gene Arwine, Dr. Jack Jordan, Bill Baker, Charlie Nevis, Newell Burk, Lyndal Roberts and Grady Walker.

O'Neal was born April 14, 1906 in Streetman, Tex. Due to the death of his mother he was reared by an aunt, Mrs. Floyd Callan of Dallas. He came to Floydada in 1927 and was married to the former Dola Maddox in 1930. O'Neal served as a pharmacist mate with the Navy during World War II aboard the USS Repose and at Great Lakes, Ill.

The deceased returned to Floydada and operated the O'Neal Furniture and Hardware until suffering a heart attack in 1949. He sold the business and moved to Lamessa where he worked for Clerk Drug until returning to Floydada when he purchased the Floydada Drug in 1951. O'Neal had been operating the drug firm from his wheel chair since undergoing a leg amputation last year.

He was a member of the Methodist Church.

Survivors include his wife; a daughter, Vicki; a son, Royace Hayes. O'Neal all of the family home and his aunt, Mrs. Callan of Dallas.

Relatives attending the funeral from out of town included Mr. and Mrs. Floyd Callan, Dallas; Mr. and Mrs. C. L. Maddox, Orange, Calif.; Mr. and Mrs. Norman Hamilton, Tulsa and Mr. and Mrs. Paul Wright of Amarillo.

Friends attending the funeral from out of town included Mrs. Kathleen Hill, Amarillo; Mr. and Mrs. P. T. Gentry, Slaton; Mr. and Mrs. Tommy Pierce, Canyon; Mrs. Marguerite Glassmeyer, Painesville; and Larry Glassmeyer of Dimmitt.

More information about the day will be given on this page in the next two issues of the Hesperian.

### Council

(Continued From Page 1)

tation - A. E. Baker.

The operations center will be the City Hall with the Sheriff Office in the Courthouse as the alternate.

All residents are reminded that the signal for an approaching tornado is: A. One solid blast for 45 seconds, B. Wait one minute, C. Repeat three times, D. Wait five minutes, E. Repeat entire cycle until danger is over, F. All clear signal will be one 60-second blast.

The council learned that by adopting a civil defense plan, the city is eligible to buy some equipment that would be needed in an emergency through army surplus, which they couldn't do in the past.

**CITY LIMITS**

The council decided at the meeting to move the city limits in the northeastern part of the city from its present boundaries, west to 14th street, north of Virginia, and to 13th street, south of Virginia.

The city officials could see no good the city could get from the area now or in the immediate future.

**OTHER BUSINESS**

A number of other items on the agenda were discussed by the council. One of them was the possibility of establishing an irrigation rate for the summer months, to help reduce the residents water bill. This request was denied, for it was felt people will normally use only the water they need, whatever the cost, as long as it is a reasonable rate. It was also mentioned that this could encourage waste of a most valuable possession.

A request for a 4-way stop at the corner of Tennessee and Fifth Streets was denied. There are only about two hours a week that this is a busy intersection, the rest of the week, the traffic is very light.

## Tommy Moore Sets New State 440 Dash Record

When people in Floyd County set their minds to breaking records, they are not particular about the season.

For example, last fall, the sug-

gar beet harvest of Floyd County put the old growers in Colorado to shame.

Then, not to be out done, Tommy Moore, of Lockney, a long-

legged senior, circled the track at the State Track Meet last Saturday in Austin in 48.6 seconds to set a new Class AA state track record. The previous record was held by Tommy Davis of Granbury set in 1956. Moore's time was .5 of a second less than Davis'.

Tommy Moore is the Lockney ace who stood out so well in the district track meet held in Canyon April 11.

In amassing 50 points by himself, he guided his Loughorn colleagues to third place in the district with 98.6 points.

To do this, Moore won blue ribbons in the 440-yard dash, high jump, broad jump, high hurdles and low hurdles. Moore's time in the district meet in the 440-yard dash was 49.8.

During the regional meet, held on the Texas Tech track at Lubbock, Moore walked away with the honors in the quarter without being hard pushed by any other contestant.

At the Red Raider Relays, Moore once again won the event uncontested, although he met some of his stiffest competition

Chief Taylor said, "We don't intend to have more strict enforcement to hurt the boys on the scooters, it is to protect them. In case of an accident, they are the ones who are hurt and must suffer."

**Ladders In Alleys**

It has also been noted by the local law officials that a large number of ladders are left in or near the alleys in the business portion of town, particularly.

Leaving the ladders harms no one, but it gives a potential burglar good access if he wishes to climb onto the top of a building and enter by that means.

Recently one place of business, that is no longer active, was entered by this source. As far as those caring for the store can tell, nothing is missing, however, no inventory has been taken. The place entered was the Rainer Shoe Shop.

Therefore, anyone using a ladder outside is advised to put it inside before closing the business for the day.

at this meet, from 48.6 to 48.1 seconds. In the state finals, Moore led and ran with most of the event, pulled out in the field and beat the competition by six or seven seconds. Second place winner was Bergstrom of Edinburg in 48.2 quarter.

Moore performed in nine state events at the two-day state meet, Dallas Sherman national mile relay, a clocking of 2:14.4, previously held this year.

Moore's time in the 440-yard dash was 49.8.

During the regional meet, held on the Texas Tech track at Lubbock, Moore walked away with the honors in the quarter without being hard pushed by any other contestant.

NATIONAL COTTON WEEK MAY 10 - 16

cotton has style

Cotton is a natural pacesetter—out front in the fashion parade. Don't love cotton. Its complete flexibility and versatility make cotton the one they turn to for expressing their best ideas. Style is a look, and no fabric assumes so many different looks. In both decorator and apparel fabrics, it stands for casual good taste and a way of life that is today. There is nothing it—nothing looks like cotton, does like cotton, is like cotton. It's made by itself.

COTTON . . . the miracle fiber only Nature could have created

Among the newer appliances Mrs. Bivens used were the party grill, the electric carving knife and the Carousel broiler. Punch was made in an old appliance, the percolator.

Five visitors were present along with the members. They were Mmes. Darrell Mayo, F. A. McKinnis, Carl Turner, Gene Bloys and the agent, Miss Sherry Mullins.

Members present were Mmes. Ceger Carmack, R. L. Bullock, James Jeffress, Arlon Miller, Lynn Miller, Orba Miller, Tom Pierce and Mrs. Bill Stringer.

**Church Honors Mrs. T. McLain Sunday**

Sunday morning at the Church of the Nazarene a "This Is Your Life" program was given in celebration of Mother's Day. The church selected Mrs. Tom McLain as their mother to honor.

Mrs. Katie McLain and her husband were seated under an archway of roses as sketches of their lives were read by Velma Smor.

The couple's eldest daughter, Audrey Tyler and her family were present from Amarillo. Johnny Tyler, one of the 14 grandchildren of Mr. and Mrs. McLain, sang "He Never Has Failed Me Yet" favorite song of Mrs. McLain. A granddaughter and sister of Johnny, Betty Jean, accompanied him at the piano.

Greetings were sent Mrs. McLain from her three other daughters of Woodand Hills, Calif., Lorraine Wallace, Clea Brown and Ovelene Atchison, who were unable to be here.

The youngest son, Hollis and his family were present for the celebration. Marilyn McLain gave her grandmother's favorite scripture and Alison McLain presented a poem in her grandmother's honor.

The church presented Mrs. McLain with a lovely potted plant.

Wherever the Greeks went, they Mrs. Kay Bivens of Plainview, planted vineyards.

 Q—Is it permissible to report, for income tax purposes, the gain in value of my E Bonds each year rather than waiting until they finally mature and reporting it in one lump sum?  
 A—Yes, if this serves your need. In the case of a parent buying bonds in the name of his child to provide an education fund, some advantage might be gained.

**District Three Leads Savings Bond Sales**

According to J. M. Wilson, Sr.,

District three, which covers Floyd county, leads in this area in percentage of savings bond sales per year. District three has a total of 38% of quantity leads all counties for the year's quarter.

**AMERICAN LAUGHTER**  
 By Kenneth Allan Robinson

Oh the men who laughed the American laugh  
 Whittled their jokes from the tough laugh  
 They were tall men, sharpened before and  
 They studied the sky for the weather  
 They tilted their hats and they smoked  
 Their laughter was laded in Westerns flags  
 And poured down throats that were  
 for more  
 This was the laughter of democrat wagons  
 And homely men at the crossroads  
 —It tickled the shawl that a lawyer wore  
 It hurt the ears of the dainty and pretty  
 But they laughed the louder and louder  
 A laughter made for Virginia City,  
 Springfield, and Natchez-under-the-Hill  
 And the river that flows past Hannibal  
 American laughter was lucky laughter,  
 A coonskin tune by a homespun bard,  
 It tasted of hams from the smokehouse  
 And locust trees in the courthouse  
 And Petroleum Nasby and Artemus Ward  
 They laughed at the Mormons and Mike  
 daughter  
 And the corn cob tale of Sut. Lovins  
 Till the ague fled from the fever-water  
 and the damps deserted the tree-stump  
 —They laughed at the tale of the jumping  
 They laughed at the British, they laughed  
 At Horace Greely, and stovepipe hats  
 They split their fences and ploughed their  
 And treed their troubles like mountain  
 —They laughed calamity out of the flat  
 Now the Boston man, according to rumor  
 Said, as he turned in his high-backed  
 "This doesn't conform to my rules for  
 And he settled his nightcap over his  
 —But it shook the earth like the buffaloes  
 And the corn grew tall and the fields grew  
 And the land grew sleek with the  
 sowed.  
 They laughed the fat meat unto the spider  
 They laughed the blues from the Wilkes  
 They crossed hard times to the Comstock

**"IT'S NATIONAL COTTON WEEK"**

100% durable

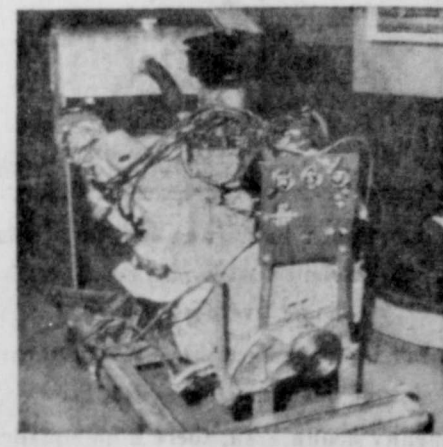

When the going gets tough, cotton has a ruggedness no other fiber can match. Cotton work clothes stay right on the job with you—all the time. Cotton never becomes clammy or sticky because it "breathes"; absorbs and evaporates moisture. Wash it in the hottest water, cotton comes out truly clean. Dry it any way you please and iron it without worry. Even after repeated launderings cotton bounces back looking fresh and new without dinginess or odor buildup. When you buy work clothes, buy 100% comfort and durability. Insist on 100% cotton.

Double ring wedding vows were read for Mrs. Jean McClure and G. W. Carlton at 4 p.m. Thursday, April 23, in the chapel of the First Baptist Church in Plainview. Rev. Tim Trammell officiated.

Parents of the bride are Mr. and Mrs. Frank McClure of South Plains. Mr. Carlton's mother resides in Amarillo.

The bride was attired in an aqua suit with blue accessories. She wore an Emme Boutique Sleet straw cooler, a single strand of pearls and an orchid corsage.

Mrs. Jim Pegram and Wilson McEachern were the couple's attendants.

Mr. and Mrs. Carlton left following the wedding for a trip to Arkansas, Missouri, Kansas and Oklahoma.

Upon their return they will live in Plainview where Mr. Carlton owns and operates the Carlton Trim Shop.

Candlelight Wedding Unites Miss Rainbolt - Zan Erwin

In a candlelight ceremony read at 8 o'clock Saturday night, May 9, Miss Marie Ann Rainbolt became the bride of Zan Erwin. The double ring vows were read in the First Baptist Church in Crosbyton by the Rev. Otis Testerman.

Parents of the couple are Mr. and Mrs. L. R. Rainbolt of near Floydada and Mrs. Jacob J. Erwin of Fort Worth.

The bride was given in marriage by her father. She wore a white satin floor gown styled with a Sweetheart neckline and long tapered sleeves. The back was complemented with a large bow falling from a cumberbund into a chapel length train. Her veil of silk illusion was caught to a tiara of seed pearls. She carried a bouquet of white gardenias and white rosebuds.

Miss Janice Bell of Fort Worth and Janice Rainbolt, sister of the bride, were bridesmaids. They were attired in pale yellow street length dresses fashioned as the

brides, with matching hats. They carried bouquets of yellow and white carnations.

The groom's attendants were Leon Richardson of Fort Worth, brother-in-law of the groom and Douglas Rainbolt, brother of the bride. Ushers were Sberal Rainbolt of Fort Worth and Tommy Thornhill of Crosbyton, cousins of the bride.

Miss Ann Ivy was at the organ and accompanied Mrs. Bonnie Wall and Miss Judy Helms as they sang "Always" and "The Lord's Prayer."

A reception immediately followed the wedding in Fellowship Hall. Mrs. Sberal Rainbolt of Fort Worth, presided at the register. Guests attended from Fort Worth, Sen Saba, Ballinger, Lubbock, San Antonio, Floydada, Crosbyton and Arlington.

After a wedding trip the couple will reside at 1032 Bluebonnet Drive in Fort Worth.

Starkey Club Meets In W. F. Ferguson Home

The Starkey Home Demonstration Club met Tuesday of last week in the home of Mrs. W. F. Ferguson. The president, Mrs. S. L. Holmes Jr., was in charge of the meeting. Mrs. Ferguson gave the devotional, taken from Matthew 12:37. The group sang "Heavenly Sunlight," led by Mrs. Tom Porter.

Ten members and one visitor, Mrs. Burl Ferguson, answered the roll call. "A beauty of nature I enjoy." Some of the things mentioned were Palo Duro State Park, the beautiful mirages we are privileged to see early on clear mornings, the canyon north of Silverton, the sunset and the sunrises.

Mrs. J. K. Holmes gave the council report. She announced the Homemakers Day at the South Plains Electric Cooperative at Lubbock on May 14. Plans were made to go in a group to the meeting.

Mrs. S. L. Holmes reported on the District meeting held here on April 30 and announced that Mrs. Tom Porter and Mrs. Leon Ferguson would give the interesting highlights on the convention, at the next club meeting May 21 in the home of Mrs. Bill Hendrix.

Mrs. J. T. McCain resigned as reporter for the club and Mrs. Clinton Denning was elected to complete her term.

The county Home Demonstration agent, Miss Sherry Mullins, gave a most interesting program on "Meals from the Freezer."

Pointers on home frozen cream pie were given and recipes for these as well as complete meals from the freezer were distributed to those present. Miss Mullins also

Sue Blythe Is Initiated Into Silver Key

Sue Blythe of Floydada, was initiated into the Silver Key honorary scholastic society at Eastern New Mexico University.

The occasion was an annual banquet Friday night, May 8, when 55 students were initiated into the membership of the organization.

Members are elected from the upper 10 per cent of the regular graduate students, the upper 15 per cent of the senior class, the upper five per cent of the junior class, and the upper five per cent of the sophomore class on the basis of grades earned in three semesters immediately preceding election.

Speaker for the banquet was Dr. Hamlin Hill of the English department of the University of New Mexico. Dr. Hill is a recognized author in English literature, having published several books, articles, and book reviews.

So told of the different methods of freezing eggs while they are in a plentiful supply.

She earlier prepared a casserole, "easy chicken divine and a frozen strawberry cream pie," which she served in addition to cream cheese filled crackers and other crackers and tea, coffee and mints furnished by the hostesses.

The delicacy was served to Mrs. Burl Ferguson, S. L. Holmes Sr., Tom Porter, Leon Ferguson, J. K. Holmes, Bill Hendrix, Cora Lee Shipley, O. L. Lovrance, H. S. Waller and Mrs. Clinton Denning.

The meeting was adjourned after drawing for the hostess gift which was won by Mrs. Denning.

Young Homemakers Meet

On Thursday, May 7, Floydada Chapter of Young Homemakers met at high school with chapter advisors, Mrs. A. E. Baker and Mrs. James Bachus.

Present for the meeting were Mrs. Patsy Brock, Jo Dunavart, Loene Nelson, Jamie Barton and Jean Hale.

Business consisted of committee reports on the Ladies Day program for the Floyd County Fair and discussions of various projects and also dates for area and state conventions.

The area convention will be held in conjunction with Area I Young Farmers September 12, 1964 at Hereford. The State Convention of Young Homemakers and Young Farmers is January 8 and 9 at the Baker Hotel in Dallas.

The group voted to send Patsy Brock as delegate to Homemakers College to be held in June at Texas Tech.

J. Dunavart gave a very interesting program on using dried fruits and then served refreshments of baked goods with dried fruits.

The next regular meeting will be Thursday, May 21.

**1922 Club Meets  
In Barnard Home**

The J. H. Barnard home was the setting last Thursday for the final meeting this term for mem-

bers of the 1922 Study Club. Mrs. P. D. Helms assisted Mrs. Barnard in serving fresh fruit and warm coffee cake to members. The table was lovely arranged with a centerpiece of individual nylon net and flowers in a large bowl. Each member was present-

ed one as a plate favor. Mrs. Emma Lou Whitaker brought the devotional from Psalms 123, giving it with sincere spirituality. Members answered roll call with something they plan to do during vacation. Mrs. Wilson Kimble, retiring

president, gave remarks of the past club year. The program committee of which Mrs. Pearl Egan is chairman, outlined their three subjects for the next term, this being Famous Women and their mark in the modern world. Mrs. Whitaker and Mrs. Helms are also on the program committee.

During business the resignation of Mrs. E. J. Morehead was regrettably accepted.

In the absence of Mrs. J. M. Willson Sr., Mrs. Willson Jr. had charge of the installation of new officers. She used a very appropriate installation ceremony which was cleverly answered by Mrs. R. L. Nichols, incoming president. Others installed included Mrs. P. D. Helms, second vice president; Mrs. W. H. Henderson, third vice president; Mrs. Emma Lou Whitaker, recording secretary; Mrs. P. W. Bell, corresponding secretary; Mrs. Harry Koenner, treasurer; Mrs. W. O. Tye, reporter and Mrs. E. F. Stovall, parliamentarian.

After a happy adjournment club members are eagerly awaiting the new term in September to renew old friendship.

Present for the meeting were Misses J. H. Barnard, D. S. Batty, P. W. Bell, P. D. Helms, W. H. Henderson, Wilson Kimble, Harry Koenner, R. L. Nichols, Lon V. Smith, Glad Snodgrass, W. O. Tye, Emma Lou Whitaker and guest Mrs. J. M. Willson Jr.

**Former Resident  
Ray Bennett Dies**

Ray Bennett, 62 year old former resident of Floydada, and longtime resident of Castro County, died in the Plainview Hospital and Clinic Thursday after a four months illness.

Funeral rites were conducted Saturday in the Methodist Church in Hart with burial in Hart Cemetery.

Mr. Bennett was born in Bell County and married to the former Alia Compton in 1923. They moved to Floydada the following year and resided here until 1937 when they moved to Hart.

Survivors include his wife; three sons, Ed and Bob both of Hart and Byron of Plainview; one daughter, Mrs. L. C. McLain of Hart; 11 grandchildren; five brothers; one sister and his step-mother.

**School Transfer  
Month In May**

May is transfer month for school students, according to Clarence Guffee, superintendent of schools for Floyd County. This is for students whose grades are not taught in their home district. Mr. Guffee said there is no such thing as an automatic transfer thus students must fill out a transfer application blank in his office at the court hose before June 1.

**Cancer Crusade  
Short In Goal**

The Floyd County Unit of the Cancer Society met Monday morning in the Community Room of the bank for their session until September. It was announced at the meeting that the Cancer Crusade was progressing very slowly with the county short some \$1200 under last year's total.

Anyone who might have been missed during the drive may still donate to the Crusade. Contributions may be left at the Radio Station in Floydada and deposited at the bank here and in Lockney.

Officers for next year were also elected during the meeting. Mrs. I. H. Parks was named president; Mrs. Kathleen Thornton, vice president; Mrs. Clay Henry, secretary; Joe Corgill, treasurer; Mrs. H. H. Hines, education chairman; Alma Holmes, radio publicity; Peggy Medley, Hesperian publicity; Edgar Hays, Carrick Snodgrass, service chairman; Mrs. Lane Decker, memorial chairman for Floydada and Mrs. Barry Barker for Lockney. The group feels quite fortunate in having their first medical advisor for the Floyd County Unit. That being Dr. Ed Bayouth, who accepted the position graciously.

Annual reports were filled in at the meeting. Don Lambert of Lubbock, field representative met with the group. The Society meets in Lockney in September at which time they will select a Crusade chairman from the Lockney area.

Parnell Powell, who has had his grocery store under construction for sometime, announced Monday that his building is finished and as soon as the stock was placed he would be ready for the grand opening Saturday, May 13.

Light rains better the outlook in Floyd County for spring planting.

Mrs. A. H. Kreis was named regional Queen of Soil Conservation for Region 1 by the Fort Worth Press last week. She lives in Dougherty.

A cotton gin is being erected at McCoy.

Dr. Pitts and his wife are enjoying a tour of the European countries.

Winds last Thursday night of a freshish nature did some damage on the Johnny Lackey farm at Cedar Hill.

Mrs. Maud L. Powell, postmaster at Dougherty, has been named a director of the Texas Society Council.

**FLOYD DATA**

Guests Sunday in the home of Mr. and Mrs. Doyle Moore for Mother's Day included Mrs. Moore's mother, Mrs. Olive Jordan of Floydada; her three brothers and their families, Wayne of White Deer; Wendell of Idalou and Max of Lockney; their father, Mark Jordan of Fowler, Kan., and their 96 year old grandmother Mrs. Annie Jordan of Lubbock.

**FLOYD DATA**

Mr. and Mrs. Charley Berry spent Sunday with Mrs. W. I. Hightower in Lockney.

**FLOYD DATA**

Mrs. Lindsey Warren of Floydada is hospitalized at Mercy Hospital in Oklahoma City where she is under treatment for colon trouble. Mrs. Warren and her daughter, Ruth, were visiting a daughter and sister, Mrs. Herman Nelson, when Mrs. Warren became ill. She is reported to be resting well at last report. Mrs. Warren is in room 232 for those who wish to send cards.

**FLOYD DATA**

Mrs. Tom Stiles of Arlington and Mrs. Dr. Angie Stiles Hamilton of Philadelphia, Pa., visited Wednesday and Wednesday night of last week in the homes of Mr. and Mrs. R. H. Ashton and Mrs. Geo. Stiles.

Others visiting in the Ashton home during this time were M. L. Stiles of Lubbock, Marvin and Mrs. George Stiles, Mr. and Mrs. Milton Ashton and Mr. and Mrs. Clarence Ashton. Visiting Thursday morning were Mrs. S. E. Stiles, Beth Ann and Mary Sue Stiles, daughters of Mr. and Mrs. M. L. Stiles.

Mrs. Tom Stiles and Mrs. S. E. Stiles are sisters of Mr. Ashton and Mrs. Dr. Hamilton, former resident of Floydada is a niece.

Of course they were all surprised to meet in New York. Mrs. Willson also visited the fair, but on a different day.

Mr. Willson had gone on to the Fair after leaving the Methodist General Conference in Pittsburgh, Pa.

He also visited the United Nations, The Guggenheimer Museum and the Methodist Office Building.

Jimmy Willson, Jr. was an alternate delegate and sat in on the Methodist conference with his father last week. Also attending the conference from Floydada was The Rev. and Mrs. Charles Lutrick.

"Expectations were to find these men appearing much as Abraham Lincoln might have looked at 80," VA doctors reported, "but instead they turned out to appear more like Churchill and Hoover."

**Sorghum Seed  
FOR SALE**

Want some Texas 660 sorghum planting seed? It blooms and harvests at about the same time as Tx 660; an outstanding yielder for its maturity. A few inches shorter than 660; very stiff-stalked. It has the ability to wait for moisture or produce a good yield with adequate moisture. 846 does a consistently good job at 2000 or 8000-pound yield levels. 846 has a semi-open head type, a very satisfactory head exertion for easy and clean combining, fairly uniform in height. 846 ranked 4th in the test at the Research Foundation for the 1962-63 seasons, Hale County.

### Two Locals To Attend UT Science Symposium June 7

Sammy Watts, Floydada High School Junior, and his science instructor, Bill Curry, have been invited to attend the Fourth Texas Nuclear Science Symposium at the University of Texas from June 7th to 10th, under the sponsorship of the Southwestern Public Service Company.

500 selected Texas high school students and teachers will attend the symposium, which is sponsored by the University of Texas and the Texas Atomic Energy Research Foundation, of which Southwestern Public Service Company is a member.

Watts was selected to be one of the students on the basis of his ability and aptitude for science and his future plans to pursue an engineering course in college.

The nation's leading nuclear scientists will lecture and lead discussions at the symposium on nuclear physics and nuclear reactors, the wave nature of matter, cyclotrons and X-ray, and other subjects related to thermonuclear research. In addition, the students and instructors will have an opportunity to visit the laboratory facilities of the University of Texas.

### 4-H Members

Junior Division Phil Kinslow of South Plains.

Both the first and second place winners in any event in the junior division now have an opportunity to compete on a statewide basis at the Texas 4-H Club Roundup held each year on the campus of Texas A & M University.

The event is scheduled for the first week in June and eight Floyd County members will attend the Roundup.

### Rotarians

(Continued From Page 1)  
before disbursement of the groups.

At 3:00, a primary Session will be held followed by the selection of the 1964-65 host city. At 3:10 a "Question and Answer" session will be held followed by the adjournment at 3:30 p.m.

The meeting is designed mainly for the Presidents-Elect and the Secretaries-Elect for the coming year, but a number of directors are expected to attend.

The host club committee chairmen are as follows: Assembly Chairman, A. L. Wylie, Jr.; Transportation, Conner Oden; Hospitality and Meeting Room, Guy Ginn; Registration and Treasurer, Bill Hardin and Tom Daniel; Publicity, Wendell Tooley.

### Five County

(Continued From Page 1)  
cities are eligible.

Right now Texas has 27 projects in planning stages, 30 under construction and 16 completed and either under audit or awaiting audit by the State. Total cost of these 73 projects is \$130,700,116, of which \$448,006.596 is Federal money.

Since the federal program began in 1946, Texas has had 329 projects. Costs through June 30, 1963, totaled \$340,756,300, including \$123,446,791 from the Federal government.

The Federal share of the "matching grant" projects varies from state to state ranging from one to two-thirds of the cost of construction and equipment for general, chronic, mental and tuberculosis hospitals, nursing homes, diagnostic and treatment centers, rehabilitation facilities and public health centers.

The potato blight of 1845-51 brought a famine in Ireland which caused the death of 1,500,000 Irish and the immigration of another million.

### Firemen Will Attend Meeting At Hale Center

The local fire department will be represented this coming Saturday at Hale Center when the Panhandle Firemen's Association holds its 60th annual meeting.

The Hale Center Fire Department will sponsor the meeting there and representatives from all departments in the district will attend.

Highlights of the day will be a "Pump Race" where the various teams will see who can pull up to the scene of a fire and begin putting water on the blaze, by connecting to a fire hydrant, first. The local department is entered in this race.

Thursday morning (today) the fire department will present a lecture on fire safety and prevention to 150 Junior High students at 8:45 a.m.

**Fire Activity**  
The firemen had a relatively quiet week, but Fire Marshall Baker said, "If it doesn't rain soon we're going to have a lot of grass fires."

Sunday morning the department was called to the scene of a fire where a mattress was on fire. It was learned that the owner was smoking in bed, when he fell asleep, and the cigarette caused the fire.

Another fire that could have caused damage, but was caught in time, was a can of gasoline that caught fire in the back of a pickup at 325 West Tennessee. Cause of the fire was not determined.

# "Diapause" Not Eradication Program, FYF's Told

back as far east as the Gulf of Mexico and as far west as the Rocky Mountains, according to Johnson. "This being the case, it is expected to be after the middle of September and possibly even the first of October before any of the spraying will be done."

From what PCG can estimate, there are about 300,000 acres of infested acres that will be affected by the spraying program. Some of the land will be sprayed three times, and some will require four applications.

"You must remember that this is not an eradication program, but a program designed for the prevention of migration to the high plains area."

"If we can catch the weevil between the time he goes into hibernation and frost, we should be able to greatly reduce the number going into hibernation. If we can do this, then, of course, we reduce the number of active boll weevils that live through the winter and emerge the next spring."

When questioned about the survival of boll weevils on the Caprock, he said, "There's no doubt that the pest can survive the winter on the High Plains."

"Last fall the Texas Extension Service put out 150 cages containing boll weevils in most likely hibernation spots and coverage, both below and above the Caprock."

"As of last Tuesday, there had been 6 boll weevils found, in their traps above the cages, that had overwintered on the Caprock."

"One of the unusual, or surprising things that the weevil does, is that he will pass up soil bank land, and look for the shinnery

fund is to be matched by federal funds, if the "Diapause" program is acceptable to all committees that have to approve it in Washington.

ent on to say that the program, that was designed three years ago by the Extension Service as Extension Service PCG last October to fight the Boll weevil, goes into hibernation and trying to get rid of his active season.

The Chairman of four committees, were named at a charity coordination group meeting held in the fellowship hall of the First Methodist Church last Friday with Ralph Mardis presiding.

Mardis named the chairmen at the meeting and instructed those persons that anyone they desired to ask and enlist them.

Those named were: Application form — Charles Luttrell; receiving and handling — Floyd Bradley; housing — Olin Watson; and publicity — Jedd Blessing.

Another meeting of the group has been set for June 26, at which time something more concrete will be known about the program to be followed, housing, etc.

The purpose of the group and its meetings the past few months has been to coordinate the charity of the Floydada community.

By selecting a central distribution point of the charities of the community, it is felt that there will be less duplication, and, too, a number of people can be reached that wouldn't be otherwise.

The group feels that by the time school begins next fall, the center will be operational.

The various churches, local organizations, and retired people will be contacted to see what volunteer help can be available. It is presently planned for the center to be open only about two or three days a week.

Mr. Ball Weevil is going into diapause stage, and the weevil goes through a definite structural change into the diapause stage. There is no external appearance of the

lockey Band Boosters program. He has found most of them think it is a pretty cheap insurance program. They had rather fight to keep him off the Caprock than to fight to get rid of him.

However, when someone takes clothing to any charity, they should remember that the organization can accept, or reject, those items not needed. For example, seldom does a charity use a necktie, or a pair of open toe shoes.

Too, it was mentioned that the group would not refuse any money once it was established, for there will be utilities, and possibly rent on the building that houses the clothing.

Until the time when the center officially opens, those who have clothing, or need to pick up clothing, should continue doing it at the same places as has been done in the past.

Mr. and Mrs. D. W. Burke are in Missouri and Arkansas and other points in that area visiting relatives.

The next year's officer will be presented at the banquet.

### STEWARDSHIP WEEK

### Kinslow Speaks To Floydada Rotary Club On "Soil Our Heritage"

John Kinslow, son of Mr. and Mrs. J. Kinslow of South Texas, spoke to the Floydada Rotary Club on "Soil Our Heritage" last week on "Soil Our Heritage". The subject was soil conservation. The week and also the day are known as National Soil Stewardship Week. Mr. Phil gave at Lubbock Saturday in the district competition.

Stewardship week of May 15-21 is the eighth consecutive year. The National Association of Soil Conservation Districts throughout America are urging all people to seriously consider their responsibilities of stewardship of those resources so bountifully supplied by God for man's use.

To help direct attention to the value of responsible stewardship, the National Association of Soil Conservation Districts has created soil stewardship materials for consideration and possible use by churches of all faiths. The materials include booklets, church programs, bulletin inserts, and posters. All are prepared in cooperation with an Advisory Committee currently consisting of the Rev. E. W. Mueller, D. D. National Lutheran Council, Chicago; the Right Rev. John George Weber, National Catholic Rural Life Conference, Des Moines; the Rev. Harold Huff, National Council of the Churches of Christ in the U.S.A., Philadelphia; the Rev. Henry A. McCanna, D.R.E. National Council of Churches of Christ in the U.S.A., New York City; and the Rev. Lewis Newman, Southern Baptist Convention, Atlanta.

### Lighting Will Be Feature At Annual Spring Concert

"The way we handle the lights will be the real feature of the concert". This is what Dan Whitaker said about the Annual Spring Concert to be held in the high school auditorium this Friday night at 8:00 p.m.

### Floyd Data

The High School Concert Band will play selections from "The King and I", and during the numbers slides and scenes from the Orient will be shown. This will be about an eleven minute feature.

### SAVINGS BOND QUIZ

Q—Don't a lot of people cash in their Savings Bonds as soon as possible after buying them?  
A—Some people do because of unforeseen emergencies, but the average dollar invested in Savings Bonds remains there for seven years. More than \$20.4 billion in Series E and H Bonds outstanding have passed their original maturity date and are being held into extended periods.

### IT'S NATIONAL COTTON WEEK

# Cotton IS STRONG

Cotton is a *natural* muscleman—strong as steel. Its fiber strength is 100,000 pounds per square inch—even stronger when wet. In the washing machine, in the rain, or soaked with perspiration, when extra strength is needed, cotton really flexes its muscles. Its toughness laughs at abrasion, as rugged Army field tests have shown, and you won't find cotton coming apart at the seams. There is no denying it—nothing looks like cotton, does like cotton, is like cotton. It's in a class by itself.

"Lucia" To Be Presented By First Baptist Church

The new Billy Graham feature length sound-color motion picture, "LUCIA" will be shown 8 p.m. May 16th at First Baptist Church.

This is the story of "Lucia" coming to the motion picture screen with all the pathos and poignancy that transcends its Latin setting, to embrace the spiritual needs that are common to every culture and clime around the world.

"LUCIA" was made in its entirety in Buenos Aires, directed by World Wide Pictures' President, Dick Ross. The fire and excitement of gaucho folk music South America's unmatched scenic grandeur and the excitement that belongs to one of the world's largest cities, are all enriched by full color and authentic sound.

But the real impact of "LUCIA" is to be found in its intimate, utterly honest treatment of an individual's emptiness and frustration apart from the filling of the "God-shaped vacuum" with which all mankind is born. With this newest of the Billy Graham films, "LUCIA" enters into the arena of domestic discord and the romantic triangle — and what the Bible has to say in resolving the emotional problems that are the hallmark of 20th Century living.

"Lucia" with a message of hope and faith by BILLY GRAHAM

Shrine Circus In Lubbock June 13, 14

The South Plains Shrine Association will present the famous Polack Brothers Circus at its Second Annual Shrine Circus at the Lubbock Municipal Coliseum for four performances, on Saturday, June 13th at 10:00 a.m., 2:30 p.m. and 8:00 p.m. and Sunday June 14th for one matinee performance at 2:30 p.m.

The Circus will benefit the Shrine Activities Fund. The Circus, which operates practically the year around, showing almost entirely under Shrine auspices, will bring circus acts from all parts of the globe never before seen in the South Plains, including performing lions, elephants, seals, performing dogs, bareback riding artists, acrobats, trapeze stars, aerialists and many funny clowns. Another outstanding feature of this year's Shrine Circus in Lubbock will be Klausser's famous performing bears.

John McKinzie, general chairman for this year's South Plains Shrine Circus, said that "neither expense, effort or time has been spared in bringing to the circus lovers of the South Plains the finest show of its type ever to appear here!"

The Circus headquarters has been opened at 1402 Broadway in Lubbock and Sam T. Polack is in the city acting as business manager for the forthcoming event.

and humidity set in will be ahead on several counts: They will be able to get the exact unit they want and they can have it installed at their convenience. It will be ready to provide quick comfort when the first hot day arrives.

An electric room air conditioner should be chosen with care because it is a fine rugged appliance that provides a good solution to the problem of summer comfort.

There's such a great variety of room air conditioners on the market today — with a wide range of cooling capacities and special features — that a family will have no problem meeting their particular needs if they give the time and study to the proper selection.

Mrs. Gail Brewer, Home Service Adviser, South Plains Electric, served as Moderator; Delbert Smith, Power Use Adviser, South Plains Electric gave the Introduction and W. G. Newton, Manager, South Plains Electric gave the Welcome.

Dr. C. Melvin Rathel, Pastor, Trinity Baptist Church, Lubbock, gave an interesting talk on the subject "IS FAITH IMPORTANT TO YOUR FAMILY RELATIONS?" and R. B. McAllister, President McAllister Broadcasting Co., Lubbock, gave a devotional.

Lunch was served to the group (one hundred thirty-five reservations were received, but some few were unable to make it because of illness or illness in their family), by the two cooperatives.

After lunch a group of girls and their sponsor, The Roosevelt Treasures, of Roosevelt High School gave a most enjoyable program. Mrs. Anita Bass, Christian Homemaker and Lecturer, Lubbock, gave the afternoon address. Her subject was "REDEDICATION TO FAMILY LIVING". Her superb remarks certainly gave everyone there some "Food for Thought."

The Business Session was conducted by Mrs. David Brumley, Area President of Hereford. Sixteen Chapters were represented at this meeting.

Now is a good time to defrost and to clean your freezer, and here's a tip on how to get rid of all the accumulation of ice and frost in the freezer — use your vacuum cleaner. In no time at all the warm exhaust air will melt the frost and ice.

While you are in the process, keep frozen foods frozen by placing it in cardboard boxes—and covering with a wool blanket helps. If you're one of the fortunate ones . . . and have a "frost-free" freezer you will not have this problem; however it is still a good time to get your freezer cleaned out and in readiness for fresh vegetables and fruits.

to protect with noise (their only weapon) when the last minute is finished and the adult packs them off to bed at night. Boys are found everywhere — on top of, underneath, inside of, climbing on, swinging from, running around, or jumping to. Mothers love them, little girls hate them, older sisters and brothers tolerate them, adults ignore them, and Heaven protects them. A boy is Truth with dirt on its face. Beauty with a cut on its finger. Wisdom with bubble gum in its hair, and the Hope of the future with a frog in its pocket.

When you are busy, a boy is an inconsiderate, bothersome, intruding jungle of noise. Good when you want him to make a good impression, his brain turns to jelly or else he becomes a savage, sadistic, jungle creature bent on destroying the world and himself with it.

A boy is a composite—he has the appetite of a horse, the digestion of a sword swallower, the energy of a pocket-size atomic bomb, the curiosity of a cat, the lungs of a dictator, the imagination of a Paul Bunyan, the shyness of a violet, the audacity of a fire cracker, and when he makes something he has five thumbs on each hand. He likes ice cream, knives, saws, Christmas, comic books, the boy across the street, wood, water (in its natural habitat), large animals, Dad, trains, Saturday mornings and fire engines. He is not much for Sunday School, company, schools, books without pictures, music lessons, neckties, barbers, girls, overcoats, adults or bedtime.

Nobody else it so early to rise, or so late to supper. Nobody else gets so much fun out of trees, logs and breezes. Nobody else can cram into one pocket a rusty knife, a half-eaten apple, three feet of string, an empty Bull Durham sack, two gumdrops, six cents, a sling shot, a chunk of un-frozen substance and a genuine super-sonic ring with a secret compartment.

A boy is a magical creature—you can lock him out of your workshop, but you can't lock him out of your heart. You can get him out of your study, but you can't get him out of your mind. Might as well give up—he is your copier, your jailer, your boss and your Master — a freckled-face.

## Retiring Lockney Teachers Honored

Three Lockney teachers who will retire at the end of the school term of 1964, were honored recently at a meeting of the Lockney Classroom Teachers Association chapter. The teachers are Miss Nellie Brown and G. C. Applewhite, elementary school teachers, and Mrs. R. S. Zeigler, high school faculty member. They were awarded plaques during the program and covered dish dinner. Miss Brown has been teaching for 37 years, Mrs. Zeigler, 31 year and Mr. Applewhite, 17 years.

**SALUTES NATIONAL COTTON WEEK MAY 10 - 16**

**100% cool**

When the temperature soars, 100% cotton's the coolest. That's because cotton "breathes," absorbs and evaporates moisture, helps keep your body temperature down. Cotton never clings. It's never clammy. It's the most comfortable way to go through summer. And cotton is so easy to care for. Wash it in the hottest water (cotton comes out truly clean). Dry it in any way you please (cotton isn't fussy). Iron it without worry (cotton won't melt, discolor or pull at the seams). Even after repeated launderings, cotton things bounce back looking fresh and new, without dinginess or odor buildup. When you shop for clothing, play it cool. Insist on 100% cotton.

## "Profit With Price"

Soil temperature at 61 degrees on the ten o'clock time for the farmers to get busy. If the soil is moist to plant on . . . get those seeds sown! The most undesirable combination of several days, there has been extra high humidity and extra amount of static when it's all summed up, a very poor year. Cotton has already been quite a bit of cotton and planted due to the above dry conditions late as it is in the year I believe I would route, go ahead and plant, than if I were late, I would give it a quick drink by fast soaking, but as quick as you can run another setting, or if you are short of water, just water every other row. Propazine on your maize land and if you have a good control the manufacturer advises dry conditions for you to give a quick setting. This will put the Propazine down in the soil normally, if we had received any rain it would have washed it down into the root zone. . . . this is one of those difficult situations. When planning on planting Castor beans, soy beans, or other crops, make sure you use the normal varieties for they still have plenty of time. A piece of literature, there is a new all-weather suit on the market. It is non-wrinkle and in-trouser crease won't give way to extent. So, men let's all wear the new suits . . . and help ourselves to sell them, not just this week, which is National Suit Week, but every week of the year.

SOUTH PLAINS NEWS by Mrs. Murray Julian

# Many Visiting On Mother's Day

SOUTH PLAINS, May 13—Sunday, Mother's Day, found many families scattered here and there as they visited mothers over Sunday. Attendance was down to around 90 at the Baptist Church here with visitors noted, Mrs. James Teague and boys of Lubbock, Dee Julian of Roscoe, and parents of Rev. Sealy Smith, Mr. and Mrs. V. D. Smith, of Lubbock and his sister, Mrs. Johnny Lynch, Mrs. J. R. Spivey, and Mrs. W. H. Simmons of Truscott and Mrs. Ray Dillard of Lockney. Albert and Gilbert Bean took their sister, Mrs. Leola McLanahan of Dallas back to her home Saturday after several weeks visit here, and Mrs. Gilbert Bean spent Saturday and Sunday in Winters with their son, the Billie Bean family, then returned home with her husband Sunday night.

Members of the South Plains Baptist Church will be hosts this Tuesday night to the Associational meeting at the church here, with members serving the evening meal to all present. An executive meeting will begin at 5:30, and at the same time a WMU meeting will be held, then supper will be served at 7:30 with a worship service held at 7:30. Supper will be served at Fellowship Hall.

Mr. and Mrs. Eugene Beedy, Mark and Todd visited her parents, Mr. and Mrs. E. M. Jackson, of McCoy Sunday afternoon, and that night they were guests of the Alton Higginbothams, Bryant and Kelly.

The Hobby Club will meet at the home of Mrs. Shelby Calahan with co-hostesses, Mrs. Bryant Higginbotham and Mrs. Carl

Huckabee, and the time is on Wednesday afternoon, May 20. Mr. and Mrs. Sylvan Kinniburgh Marilyn and Beth were hosts at a Mother's day gathering in their home with guests her mother, Mrs. J. R. Shipley, who had spent the past week here with them, Mr. and Mrs. W. H. Simmons also of Truscott, as is Mrs. Spivey, Mr. and Mrs. Ray Dillard of Lockney, and Mr. and Mrs. John Kinniburgh, John Mark and Beverly.

Mr. and Mrs. Frank McClure are announcing the marriage of their daughter, Mrs. Jean McClure of Plainview to G. W. Carlton, on April 30, at 4 p.m. in the chapel of the First Baptist Church with Rev. Tim Trammel officiating. Mrs. McClure wore an aqua suit, with an orchid corsage and carried white accessories. Attendants were Mrs. James Pogram and Wilson McEachean both of Plainview.

The couple left on a wedding trip to Arkansas, Missouri, Kansas and Oklahoma where they spent a week. They are now at home in Plainview at 1608 Utica Street, where Mr. Carlton is owner and manager of the Carlton Trim Shop.

Mr. and Mrs. Murray Julian spent Thursday and Friday in Roscoe, with Mr. and Mrs. Terry Julian, Dee and Dickie, and Dee returned home with them for a weeks stay. There was a nice rain in Roscoe Friday night, with many points along the way showing a heavy fall, especially around Snyder and Colorado City.

Mr. and Mrs. Leighton Teeple, Dwight and Rhonda visited their Mother, Mrs. Lillie Luttrell Sunday afternoon in Floydada.

Mr. and Mrs. Early Pritchett and Stevie had Sunday dinner and Mothers Day in Floydada with Mr. and Mrs. Robt. O. Turner and children. Jimmy and Price of WT at Canyon were home part of the week end with their parents.

Mr. and Mrs. Ernest Newton and Mrs. Leonard Moore, Debra and Donna went to Stanton over Mothers Day to visit with the Newtons their daughter, Mr. and Mrs. Eugene Byrd, Ernest and Lee, and that afternoon Mrs. Newton went to Midland to see her brother, W. B. Holland and family. They all attended services at the First Baptist Church in Stanton Sunday morning.

Mr. and Mrs. Fred Fortenberry went to Tulia after church Sunday to surprise her mother, Mrs. N. C. McCain, and have dinner with her. Others who came were Mrs. Fortenberry's brothers, Larnee, John and Clifton, with their families who all carried dishes

to have at the surprise dinner. Sunday afternoon Mr. and Mrs. Elmo Fortenberry and children of Clarendon came to have supper and visit with the Fred Fortenberrys.

Mr. and Mrs. Frank McClure kept their grandchildren in Plainview all last week while the parents were away. Thursday night they went back again to attend their granddaughter Donna's band concert.

Miss Linnie Milton of Amarillo is visiting here with her brother, Mr. and Mrs. Grigsby Milton and family, and other Mothers day guests with them were Mr. and Mrs. Artis Powell and three children of Lubbock.

Mrs. Tillman Powell has been confined to her home with illness all the past week.

Mothers Day visitors with Mr. and Mrs. George Weast were their daughters and families, the E. T. Evans of Amarillo and the Robt. Lee Smiths of Sterley. Monday night supper guests with them were Mr. and Mrs. Frank McClure.

Miss Marie Frances Blair of Lubbock and Jimmy Respondek were united in marriage at 7 p.m. Saturday, May 10, at a simple ceremony in Christ the King Catholic Church in Lubbock. Chantu Blair of Lubbock and Johnny Respondek of Idalou were attendants of the couple. Parents of the bride are Mr. and Mrs. J. D. Blair of Lubbock and parents of the groom are Mr. and Mrs. Tom Respondek of South Plains.

A wedding supper for members of the bridal party and relatives followed the ceremony. Those from here who attended were Mr. and Mrs. Tom Respondek, Mary, Johnny, Frances and Janet, and from Petersburg, Mr. and Mrs. Tommy Respondek and Mary. The groom is employed at Tractor Supply Company in Lubbock, and attends Draughtons Business College two days a week. They will be at home at 2702-44 Street in Lubbock.

Mrs. Leighton Teeple was hostess at a Tupper Ware party in her home Tuesday morning at 9:30 with guests: Mmes. Bryant Higginbotham, Rubin Sessums, Roy Eukus, Alvin Nichols, E. J. Kinshaw, Hollis Showmake, and the demonstrator, Mrs. Ruby Long of Plainview. Mrs. Teeple served coffee, cookies and pound cake after the demonstration.

Members of the 1964 graduating class in Floydada High School attended their annual Junior-Senior Banquet on Saturday night in Floydada at the High School cafeteria, with Dwight Teeple, president of the senior class as master of ceremonies. Seniors attending from here were Barbara Milton, Dwight Teeple, Johnny Calahan, Jimmy Upton, Jay Frank Parks, Marilyn Kinniburgh Carolyn Sessums, and Dale West.

Mrs. Fred Marble was hostess in their home for members of the family at a Mothers Day dinner and get-together Sunday. Present with them were Mr. and Mrs. H. L. Marble, Mr. and Mrs. Don Marble, Donette and Brett, Mrs. Marvin Wells, Kim and Marlinda, Mr. and Mrs. Keith Marble, D'Lee and Dwayne, Mr. and Mrs. E. E. Wells of Cedar Hill, Mr. and Mrs. R. L. Holland and Robert Holland of Lockney and Mr. and Mrs. Henry Robertson of Plainview, and Fred Marble, Kelly and Mike.

Mr. and Mrs. Jim Hayes of

Brownfield, parents of Mrs. Bob Reeves, and Mr. and Mrs. Sim Reeves of Memphis were visiting the Bob Reeves here on Wednesday and Wednesday nights here with their children.

Mr. and Mrs. Bill Thomas and Mrs. Maud Brister spent Friday in Olney where they visited his sister and Mrs. Brister's sister Mrs. E. D. Riggins and family.

Mr. and Mrs. Alvin Nichols went to Haskell Saturday and Sunday to visit over Mothers Day with Mr. and Mrs. Glen Whitfill, Judy and Cindy. They reported 3 1/2 inches of rain Friday night at Haskell, and around 1-8 inches around Rule, where fields were flooded, and furrows laid flat by the storm.

Loran Field is spending this week with his grandparents, Mr. and Mrs. John Wilson. He is the son of the Johnny Wilsons of Crosbyton.

Rev. Hollis Showmake has announced there will be a singing at his Negro Church in the Baptist Mission Building in South Plains on Sunday afternoon, May 17, from 1 to 4 p.m.

There will be an end of school picnic for all the South Plains school children and their parents on Saturday, May 23, and everyone is to meet with their basket lunch at the schoolhouse by mid-morning on Saturday, where they will go to Plainview to the park where the picnic will be held. The South Plains PTA is sponsoring the picnic.

Mr. and Mrs. Sim Reeves of Memphis held a branding of their calves on Saturday of last week, and Mr. and Mrs. Bob Reeves, Sandy, Sean, Jeanette and Mark, Mr. and Mrs. Raymond Reeves and girls from here all went for the day. Others there for the big day and a turkey dinner were the Ted Bells of Floydada, and Mrs. Walton Wilson, and daughter, Mr. and Mrs. Harvey Allen and boys of Floydada.

Mr. and Mrs. John Wilson spent

the week end in Portales and Clovis, New Mexico. On Friday, at 10 a.m. they attended an Awards Assembly at the ENMU in Portales, and that night attended the Silver Key banquet which was held at the Student Union ballroom, where Mr. and Mrs. Tom Lynch were both initiated into the Honor Society. They spent Saturday and that night with their children, and Sunday they all went to Clovis to the home of John's sister, Mrs. E. C. Armstrong, where all the sisters and brothers of the Wilson family, except Raloh who is in California, were gathered to pay homage to Mrs. Ollie Wilson. She lives at the Retirement Ranch near Clovis, where she has since last fall. All the children presented her a lovely rug for her room.

Mrs. Bryant Higginbotham went to Plainview Sunday night to the Medical Arts Hospital and this Monday morning underwent major surgery for gall bladder. She came through the operation fine,

and this Tuesday she is getting along as well as possible. Mrs. Sealy Smith has been with Mrs. Higginbotham since surgery, and will be there several days with her. We all wish a speedy recovery for Mrs. Higginbotham.

# New Breakthrough In Mens And Boys Slacks Released

WACO (Spl) — A remarkable research breakthrough in the 100% cotton mens and boys pants market was announced at the quarterly meeting of the Texas Farm Bureau board of directors recently in Waco by TFB leaders who are members of the Founder's Committee of the Cotton Producers Institute.

TFB President C. H. DeVaney of Waco and Directors H. L. King of Brownfield and J. H. West of Bishop told the board of developments through the grower-financed research program that led to the new process which eliminates ironing.

The commercial application of the new process that retains a permanent crease while shedding wrinkles has been made by a California firm and licensed to one of the nation's leading pants manufacturers, Levi Strauss Company.

The manufacturer guarantees them to have permanent creases and to require no ironing.

Leading department stores in Texas are currently receiving shipments and several already have the STA-PREST slacks on sale. Outstanding consumer acceptance and record sales are being reported.

A leading Lubbock department store executive stated, "The new development is a major advance over competing wash and wear fabrics now on the market and we are highly pleased on both the sales potential of these trousers as well as its significance to our cotton based economy. In our own quality tests before purchasing these slacks, we were unable to remove the crease, even by holding it under a steam press."

H. L. King, Chairman of TFB Field Crops Committee said "The men and boys pants market is cotton's largest in volume. Yet it has been under severe threat from synthetic fibers and losses have occurred in recent years. This gives us a new competitive advantage and means that we will be producing and selling many bales of cotton that would not have been possible otherwise."

The research project which led to the new development was financed by cotton growers who voluntarily invested \$1.00 per bale in the self-help program, and was conducted at the Harris Research Laboratory in Washington. According to J. H. West, Corpus Area Chairman of the Institute, projects along this line are being continued in order to further im-

prove the process and apply it to the 230,000 bales men's dress suit market.

A total of \$800,000.00 is being invested by cotton producers in twenty-one institute research projects. Warm cotton fabrics suitable for the winter clothing market and fabrics with improved luster for the women's dress, drapery and upholstery markets, all large cotton market potentials are also targets of CPI research.

An additional \$1,000,000.00 from the 2.6 million dollar program, now in its second year, is being invested in nation-wide advertising for cotton.

President DeVaney emphasized that the breakthrough in the trouser market is just one example of what growers can do to help themselves through their own research and promotion efforts.

**Sister Of Mrs. Warren Passes**  
Mrs. R. L. Glenn, former Floydada resident and sister of Mrs. Wade Warren, passed away Saturday, May 2 at her home in Amarillo. She was 65 at the time of her death. A heart attack was the cause of her death.

She was taken to Sulphur Springs Texas for funeral services and burial.

Mrs. Glenn had lived here for a number of years at which time she taught school at Center, Baker and Mount Blanco.

She is survived by her husband, Mr. R. L. Glenn of Amarillo, one daughter, Mrs. Lyndell Mae Price of Amarillo and four grandchildren.

One measurement of the Veterans Administration's assistance to senior citizens is that 85 percent of the veterans on the VA pension rolls are 65 years of age or older.

**WYOMING** — Mrs. Nellie (Shaw) Floydada, died at her home in Buena Park, California. The infant and young son were in Buena Park. Mrs. Floydada had been in Buena Park for some time, having been contacted by relatives and the father last Saturday to bring Sunday to her home and was hospitalized. Her death was the result of complications of a cold and measles.

Jack Knowles, father in Floydada area, maternal grandpa was working in the time of the baby's California for the rites held last Sunday.

The baby was born in 1933 in Lockney.

Survivors include one sister, Mrs. Joe Packer, Mr. and Mrs. J. H. Floydada and Mrs. J. H. Floydada.

**100% comfort**

100% cotton sits, stretches, bends, jumps, romps, relaxes, gives-and-takes when you do. It "breathes," absorbs moisture, helps you stay calm and confident. It always feels good next to your skin. It never becomes clammy or sticky. And though cotton pampers you, you never have to pamper cotton. Wash it in the hottest water (cotton comes out really clean). Dry it any way you please (cotton isn't fussy). Iron it without worry (cotton won't melt, discolor or pull at the seams). Even after repeated launderings, cotton things bounce back looking fresh and new, without dingy buildup or leftover odors. For unbeatable comfort and easy care, ask for 100% cotton.

Bell Telephone Names New Manager

Bill Condra, a staff assistant with the Southwestern Bell Telephone Company in Abilene, has been named manager here succeeding Dave Burchett who has been promoted to unit manager for the company in Abilene. Announcement of the change was made by district manager Clyde Dickerson of Lubbock. Burchett has been manager here since August of last year when he transferred from Lubbock.

Condra, the new manager, began his telephone company career in Austin as a lineman in 1948. He served there in that capacity until 1951 when he was granted military leave to enter the Air Force.

He returned to Austin following his discharge in 1954 and remained there until 1957 when he was appointed telephone installer for the company at Big Spring.

He transferred to the company's business office operations department in 1959 and was sent to Midland where he served until 1961 when he was appointed staff assistant and sent to Abilene.

He held that position until his recent promotion to manager for the company here.

Burchett has been with the telephone company since 1962 when he was enrolled in the company's staff assistant program following his graduation from North Texas State University.

He served at Dallas and Lubbock prior to his assignment here.

Larry Killian Takes Part In WEST WIND

SCHOFFIELD BARRACKS, HAWAII (AHINCO)—Army Pfc. Larry L. Killian, 21, son of Mrs. Grace E. Killian, Route 1, Poplar, Bluff, Mo., participated as a member of the assault forces in Exercise WEST WIND, a joint Army-Navy-Marine Corps amphibious operation, on the Hawaiian Island of Molokai, April 15-24.

More than 4,000 troops of the 25th Infantry Division were landed on the island's Papohaku Beach from helicopters and landing ships. After establishing a beach head, the men moved inland to conduct jungle warfare and counter-insurgency operations against 2,000 of the division's men who took the part of guerrillas previously established on the island.

A medical specialist in Headquarters and Company A of the division's 25th Medical Battalion regularly stationed at Schoffield Barracks, Hawaii, Killian entered the Army in March 1963, received basic training at Fort Sam Houston, Texas, and arrived at Schoffield Barracks in September 1963.

Killian is a 1960 graduate of Sunnydale Academy, Centralia, Miss., and attended the University of Missouri, Columbia.

Bible School Set For June 1-5

DOUGHERTY, May 11—There were forty-two present for morning services at the local church Sunday and 27 in the evening.

In a business conference the date for the Vacation Bible school was set for June 1 thru 5. Beginning at 7 a.m. continuing till 11 a.m.

The time for the Annual Revival was scheduled for August 16 through August 23.

The Rev. DeWese was granted a leave of absence for the last two Sundays in July and the first two Sundays in August. A supply minister will be present to conduct services on those Sundays.

The Dougherty School is announcing a Field Day for Friday, May 15. The first game between Lakeview and Dougherty is scheduled for 8:30 a.m.

Each participating school will bring members for a program. The Literary Events will begin at 12:30.

Following this program more ball games will be played. Cone, South Plains, Lakeview and Dougherty are the participating schools.

The Providence and Dougherty ball teams played at Floydada Friday with Dougherty winning both games.

Mr. and Mrs. Jerry Finley and sons of Floydada and Bill Daniel were Sunday guests in the home of their mother, Mrs. Ruth Daniel.

Mr. and Mrs. Bob Ross and son visited relatives in Lubbock Sunday.

FLOYDADA 4-H CLUB (By George Finley)

The Floydada 4-H Club attended church at the City Park Church of Christ, Sun., May 4, in observance of Rural Life Sunday. There were 77 members and parents in attendance. Following church services they all went to the park and had a picnic lunch.

Preceding the lunch a short business meeting was held. It was decided the club would not enter a float in the Old Settlers parade due to the fact that the children will still be in school. It was also decided there would be no project meetings in May.

A project on "Good Grooming" will open for the summer. All who wish to enroll may do so at the June meeting.

Joe Jones asked the blessing for the noon meal. After lunch games were played. All reported an enjoyable day.

#### Bobby's Star Fades

In recent days the star of Bobby Kennedy has begun to fade. The most celebrated columnist in the nation, Walter Lippman, recently joined those suggesting the young Attorney General not be the Democratic Vice Presidential nominee.

Bobby Kennedy has never been elected to major public office. If he were to be given the Vice Presidential nomination, as a sentimental gift in memory of his brother, it might be the worst thing that could happen to the Kennedy program and the Kennedy memory, and might well bring him eventually into the White House.

Quite obviously the Attorney General is not the best qualified man to be President of the United States (if qualified at all). When a Vice President is selected, however, this should be the foremost consideration in mind. His brother, Senator Edward Kennedy (D., Mass.) recently said Catholics would not want a man to be nominated just because he was an Irish Catholic.

In addition to all this, President Lyndon Johnson and Bobby do not work smoothly and closely together, and that is another reason the Attorney General's chances are fading. And judging from the popularity polls, the very high rating achieved by Johnson means he will feel secure enough to select the man he wants, as his running mate.

dull though handy pamphlet titled "Your Federal Income Tax." To spruce the thing up, the tax men illustrated it with sketches. All they got for their pains was an angry blast of protest. What lit the fuse was an illustration used to explain the oil, gas and mineral depletion provision. It showed a ranch-style house, with oil derricks in the distant background and a curved swimming pool with bikini-clad beauties out front. If it was intended to take the tired businessman's mind off the pain of the tax bite, it didn't. Protests immediately showered down on Commissioner Mortimer Caplin. The general tenor was that this was just to show that those benefiting from the depletion were the only ones who could afford such affluent living at the expense of less-favored taxpayers. It's a safe bet that next year's booklet will confine itself strictly to instructions with no pictures.

#### GUEST EDITORIAL

### Some Fuzzy Thinking

An example of fuzzy thinking came out of the recent Methodist General Conference, held in Pittsburgh, Pa., last week. Since we are of the Methodist denomination, we feel like we can criticize some of the liberal leaders within our fold because it is our church. The general conference considered one major, thorny problem at its meeting—the problem of disbanding the All-Negro Central Jurisdiction. It was decided to let the integration and assimilation of the Negro churches and conferences be done on a voluntary basis and this solution suited everyone but the group of liberals who wanted to force integration now, like the federal government wants to do.

We think a prime example of fuzzy thinking on the part of liberal leaders came out in the debate on another issue—a report which endorsed civil disobedience within most carefully circumscribed limits.

This report of course was an endorsement of the Negro sit-in demonstrations and other acts of civil disobedience. The liberals sought to have all Methodists agree that this was all right.

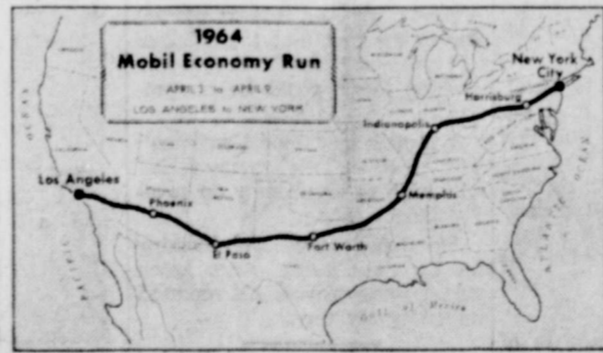

Part of the report said: "Christians have long recognized that after exhausting every reason-"

able, legal means for redress of grievances, the individual is faced with the moral and legal dilemma of whether or not his peculiar circumstances require obedience to God rather than men." The report contended that individuals must make such judgment in certain instances in the current struggle for racial justice. In effect, the committee on Christian and Social Concerns was asking that Methodists endorse civil disobedience and therefore, anarchy. The General Conference did not such thing. The danger in this sort of thinking is that it can be reversed quite easily. Suppose it were not the Negro demonstrators and their sympathizers that felt they had a right to disobey the law. Suppose it were the Ku Klux Klan who believed, and they probably do, that the civil rights laws are not laws of God and therefore they are justified in disobeying them. The church would be in the position of supporting them. The trouble with too many people, even within the church, is that they want their views forced upon others no matter what it takes to force these views. The whole matter of segregation and civil rights is more of a moral matter than a legal one, although there must be legal safeguards to freedom, whether it be in the freedom of a white man or black man. But basically, a person's relationship with his fellow man is a moral one. If he is a true Christian he will regard every man as his brother, we suppose, and thus will not stand for segregation. But the church will have no more luck than the civil authorities in forcing acceptance of another person by merely passing a law. It is man's attitude that must first be changed. And what more logical agency to change them than the church? (Ochiltree County Herald)

You can do it on the way to the grocery store!

Would we drive a Buick with a Super Turbine transmission\* all the way from Pasadena to New York City just to win Class C in the Mobil Economy Run? Of course. And just in case anyone failed to get the message, we did it twice again. And won Class D and Class G. In all, Buick entered 4 classes, and won 3—more than any other make of car. (Remember when people used to think Buicks used a lot of gas?) Did we make our point about the Super

#### Floyd Tops 1964 Bond Sales Quota

Savings Bond sales for the first three months of 1964 in Floyd County totaled \$215,743. Of this amount \$17,063 were purchased in March according to a report released by Mr. Don Pemberton, Chairman of the Floyd County Savings Bond Committee.

Sales in Texas for the first quarter of 1964 amounted to \$16,181,153, which represents 26.6 percent of the state goal of \$150,000,000. Floyd County has already achieved 102.7 percent of its 1964 goal.

On May 1 the new \$75 Series E Savings Bond, bearing a portrait of the late President John F. Kennedy, went on sale. Beneath the portrait of Mr. Kennedy appears the words from his inaugural address, "Ask not what your country can do for you, but ask what you can do for your country."

"This new bond will fill a gap in the lower denomination range of Savings Bonds. The issue date of May 1 is also the twenty-third anniversary of the issuance of the first Series E Bond," Chairman Pemberton reported.

#### Veteran's Ask

Several years ago I received a widow's pension under the "old" law. Later, I started to work and my income exceeded the limitations allowed. I plan to retire soon and will reapply for benefits. Will I still be entitled to them under the "old" law?

If you were receiving the pension on or before July 1, 1960, and are otherwise eligible, you will resume payments under the "old" law automatically, unless you elect the current pension system.

Is there a special provision on eligibility for VA hospitalization for mental illness?

For purposes of hospitalization, veterans with service during World War II or the Korean Conflict, who developed an active psychosis within two years from the date of their separation from such active service, and before July 26, 1949, in the case of a veteran of World War II, or February 1, 1957, in the case of a veteran of the Korean Conflict, are deemed to have incurred this disability in active service and hence are admitted to VA hospitals under the first priority group.

Since the Civil War is now 100 years ago and all the veterans on both sides are dead, how come more than 1,000 widows are still alive to collect pensions?

Many of these old veterans married women many years their junior.

## Philosopher Has New System For Making Things Hum Faster With Time Payments

Editor's note: The Floyd Philosopher on his Johnson grass farm takes a look at the economy this week. We're not sure what he sees. Dear editor: I have often heard that economists break out in a cold sweat at the thought of everybody's suddenly becoming thrifty, that if people adopted the old-fashioned methods of paying cash or doing

without, the wheels of industry would grind to a halt, on account of the whole system of manufacturing and selling is geared to installment buying, from washbats to roller skates, dishwashers to fishing tackle, automobiles to summer vacations. But I have a notion they're worrying over nothing. People are going to start paying cash about the same time Washington does, which leaves

the future unlimited. Modern man does everything from fighting wars to getting married, if there's any difference, on credit.

What got me to thinking about this was an advertisement I read in a newspaper last night announcing the price of a new car which is generally admitted to be a few notches ahead of the two more popular brands in power and status. This car, the ad said cost just \$77 a month more than the low-priced cars. That's all the price it gave, no mention of

the total.

This seems to me to be the perfect answer to the claim to be staying worrying about the

## Effective Boll Weevil Control Program Vital

Whether you farm above the Caprock or below the Caprock, the boll weevil control program and how it will be operated is of vital concern to you says Floyd County Agent H. T. Davison.

An aggressive, seasonal control program is being put into action below the Caprock, centered primarily in Dickens, Motley and Garza counties, Don Rummel, Area Extension Entomologist, says there are three major reasons for this.

First, the goal is to suppress weevil populations in early season. Not only will this ultimately assist above the Caprock cotton farmers but will also reduce damage to cotton producers in the counties in infested areas.

Second, the program is intended to prevent large-scale weevil migration onto the High Plains. And last—but not least—efforts to control the weevil in the infested areas below the Caprock should increase the chances of success for a diapause weevil control program in that area this coming fall.

Rummel, in elaborating on the program, said it is broken down into four steps, as follows.

1. Treatment for overwintered boll weevils below the Caprock. This practice has been recommended in the Texas Agricultural Extension Service state guide for

a number of years and has proven effective in many infested areas. This step will involve an application of a recommended insecticide just before first squares are one-third grown, where weevils are found. This will prevent egg laying, reduce the size and slow down development of the first generation. However, care must be taken in treatment for overwintered weevils. Spraying too late might help create an early bollworm problem. Recommendations on overwintered weevil control are listed in the 1964 guide, available in the county agent's office.

2. Late-season control below the Caprock. This step will consist of normal seasonal control based on infestation count. Control should begin when the punctured square count reaches 10 percent. This step is also outlined in the guide except that in order to hold weevil populations to a minimum, Extension specialists recommend starting control at the 10 percent level instead of the 15 to 25 percent.

3. Spot treatment on the High Plains. Any weevils found above the Caprock during the season should be controlled at once, regardless of size of infestation.

4. Diapause control program. The diapause control program will be carried out below the Caprock since weevils are known to overwinter in this area. How much acreage above the Caprock might require treatment will be determined by present research and surveys during the summer. The use of the diapause control program below the Caprock will not only provide protection for the Plains but should be of real benefit to farmers in the treated areas by reducing the next year's weevil population, adds the Extension Entomologist.

## New Prometryne herbicide works wonders for Texas cotton

Prometryne® 80W brings a new dimension to cotton weed control in the South Plains. It offers a one-herbicide program that will take care of most weeds from planting to picking. Apply Prometryne preemergence or postemergence or at layby, or at all three times if weed conditions so dictate. Gets tough weeds...including carelessweed.

Three years of research by State and Federal researchers in Texas proved the effectiveness of Prometryne in controlling most annual broadleaf weeds and grasses in cotton. It does an outstanding job, for example, in handling carelessweed (pigweed).

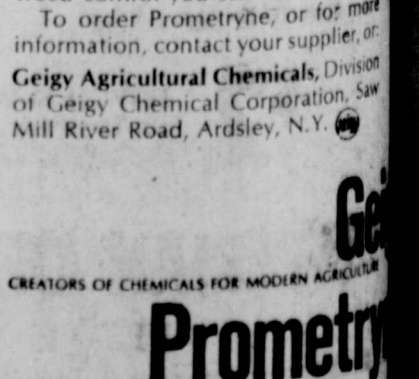

**Versatility of application**  
Prometryne is extremely versatile. You can use it as preemergence spray at planting. You can use it as a directed postemergence spray after both weeds and cotton are up. You can spray it at layby to control weeds through the rest of the season. Use it once, twice, three times...whatever weed conditions dictate.

**How Prometryne works**  
Applied preemergence, Prometryne is carried into the soil by rainfall or overhead irrigation. It is absorbed by germinating weed roots and soon after weeds break ground, they die. No need to work Prometryne into soil. Applied after weeds are up, Prometryne kills by direct action on weed foliage and through roots.

**Safe to use**  
Prometryne is safe to cotton when used according to label directions. It leaves no residues in cotton seed. It is safe to handle and non-irritating to humans and animals. A fall seeded crop should not be planted in the same year following the application of Prometryne 80W.

**Available this spring**  
Since this is the introductory year for Prometryne, only limited quantities are available. Plan to make a preemergence application to at least a portion of your acreage at planting. Then follow through with postemergence and/or layby treatments if necessary. See what outstanding, economical weed control you can have.

To order Prometryne, or for more information, contact your supplier, or Geigy Agricultural Chemicals, Division of Geigy Chemical Corporation, Saw Mill River Road, Ardsley, N.Y.

# STRONG CHURCHES

# Make STRONG COMMUNITIES

## NO Pictures?

Don't be sad, sweethearts. The book has no pictures, but it's a wonderful story . . . the most wonderful story in the world! You'll hear about it in Sunday School, and when you're older you'll be able to read it for yourself.

Her eager young mind is ready to learn, and she'll find it easy to understand the glorious truths of the Bible if they are presented to her in pictures, stories and songs. The happy hours she spends in Sunday School could be the beginning of an unshakable Christian faith that will sustain her all her life.

You feel that your children deserve the best. Give them an early introduction to the beauty of the Christian religion . . . give them the security of a loving Christian home . . . and know that these are the greatest gifts you could provide.

### THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

### Continued Inspections Can Curb Screwworm Outbreak

AUSTIN, May 13—The Southwest could experience a serious explosion of screwworm cases this year. That is, unless farmers and ranchers diligently inspect their livestock and report infestations so that emergency eradication action can be taken, the board of trustees of the Southwest Animal Health Research Foundation recently warned.

The board noted that during 1962 and 1963, when screwworm populations were reduced by more than 90 percent, temperature and moisture conditions were less favorable than normal for screwworm development. Ideal weather conditions could cause serious outbreaks by the insect anywhere in the state.

Some eradication program officials fear that livestockmen are relying too heavily on sterile screwworm flies to keep their animals free of infestation, and are not using good management practices such as treating wounds and spraying livestock after they have been worked.

"Our success in keeping the number of screwworm infestations to less than 5,000 cases last year was due only partially to the action of sterile flies," the board was told. "The most important

factor was that producers used snares and sprays to prevent infestations and reported cases to us early enough so we could institute emergency measures."

The trustees also expressed concern that too many stockmen were trying to diagnose their own cases. U. S. Department of Agriculture officials said that various species of blowfly larvae look so much alike that only trained technicians using high-power microscopes can definitely ascertain whether a sample contains screwworms or not.

In other action, the board commended Marvin J. Bridges, who has served as executive director for the Foundation for the past two years, for his contributions to the eradication program. Bridges, who is returning to his livestock business in Buffalo, was originally slated to stay with the program until the sterile screwworm fly production plant was completed at Mission, but has remained on to assist in coordinating activities of livestockmen and producer group with eradication workers. He has resumed the position as Foundation trustee, which he resigned when he became executive director.

### More Farm To Market Road Expenditures Are Approved

The Texas Highway Commission today approved the expenditure of \$1,220,000.00 for construction of new Farm to Market Road mileage in District Five as part of the 1964 FM Road Program, announced District Engineer Oscar L. Crain of Lubbock.

The District Engineer said 90 miles in this District will be involved. The attached list of program items shows the mileage and amount of money for each county, together with the engineer in charge of the work for each project.

The work authorized for this county is part of the new \$2.9 million FM Road Construction Program just announced by the Texas Highway Commission.

The annual Farm to Market Program this year will build more than 1,000 miles of Farm and Ranch to Market Roads in 159 Texas counties. The Commission authorized a total package of 277 projects financed for construction by the action. Construction on a total of 1,022 miles of Farm to Market Roads is involved.

The Farm to Market Program is an annual roadbuilding undertaking by the Texas Highway Department under legislation authorizing a yearly budget for new FM construction.

The Farm to Market Road grid in Texas now stands at 37,143 miles of designated roads. "Designated" includes both roads already built and those financed to be built in the near future.

With addition of new FM miles authorized by the Highway Commission, the Texas highway network exceeds 65,000 miles for the first time. New total for highways of all types in Texas: 65,778.

Of this designated mileage, 3,031 miles represent Interstate Highways and 25,904 mile are U. S. and State-numbered highways of the "Primary" system. The remaining mileage is Farm to Market Roads.

Of the new farm roads to be added to the Texas Highway System under the 1964 program announced today, 69 per cent are school bus routes and 67 per cent are mail routes. The remaining

per cent are generally new routes that when improved will also be utilized as school bus and mail routes.

Today's sprawling Farm to Market Road system in Texas traces its genesis to a 6-mile stretch built in 1936 between the communities of Mount Enterprise and Shiloh in Rusk County. From this Farm to Market Road the Texas Highway Department has been pointing toward an ultimate system of 50,000 miles of such roads. Biggest expansion of the system has occurred since 1949.

### Eagles Down Lorenzo 36-13

The Eagles Baseball Team continues to improve by beating Lorenzo here Sunday 36 to 13.

Lorenzo scored the first run of the game, but was unable to hold the counter-attack of the Eagles.

"We did not expect to beat them so bad, because they have always been good competition," said manager Clyde Mitchell.

The club has now won four games with no defeats.

They will be playing host to Childress Sunday, May 17, at 1:30 at Eagle Field here in Floydada.

Everyone is invited to come out and be a part of the game.

### Powell's Wins Bowling Crown Monday Night

Powell's Bowling Team downed Patzer's Chiropractic Clinic in a roll-off at the Floyd County Lanes last Monday night, in a contest that lasted until 7:00 a.m. Tuesday morning.

Powell's had come from behind Patzer's a few weeks ago to tie the league.

Monday night, also, the high series award was given to Ted Viramonte, the high singles award went to Kenneth Bain, and the high average went to Bill Yandell. All three are members of the City Auto team that finished third in the league.

This event concluded the Monday night league.

### Floyd Data

Mr. and Mrs. Roy N. Tyler, Betty Jean and Johnny of Amarillo, visited Saturday night with Mrs. Tyler's parents, Mr. and Mrs. J. T. McLain. Mr. and Mrs. Hollis McLain, Marilyn and Allison also spent Sunday in the J. T. McLain home and attended the Nazarene Church where Mrs. J. T. McLain was chosen Mother of the Year.

Of the 30 called 10 are from Swisher County, two from Motley one from Floyd and 17 from Hale.

### 4-H Club News

**4-H COUNCIL NEWS**  
(By Billy Finley)

The Floyd County 4-H Council met Monday night, May 4, in the council room.

The meeting was called to order by Chairman, Neil Mitchell. Beverly Pierce led the motto and pledge. Jan Stansell led roll call and read the minutes of the previous meeting, in the absence of the secretary.

Jackie Yeary, Steve Belt gave the treasurers' report and David Mitchell introduced the guests.

An announcement was made that Floyd County would not attend Electric Camp this year.

A committee consisting of Beverly Pierce, Mrs. Paul Kropp, Mrs. L. N. Johnson, Frank Breed, Jane Thacker and Jackie Yeary, Chr., were appointed to plan for County Camps in August. Bob Kropp and Jan Stansell were appointed as recreation committee for camp.

Refreshments of punch and cookies were served by Billy Finley and Doris Fawver. Then the Council adjourned to meet again the first Monday night in June.
