FOREIGN EXCHANGE STUDENT

Holland Lass Will Live In Howard Gregory Home; Prefers Farm Home, Lots of Sunshine

Miss Marleen Kessels of Cadier en Keer, Holland will be the foreign exchange student to attend Floydada high school this year and will live in the Howard Gregory home.

and two sisters and her father is an independent cultivator of fruit.

She is of Roman Catholic religious faith.

She speaks Dutch, French, German and English.

In her letter she tells much about herself and it is evident that she can write the English language very well. She states that she likes swimming, dancing, modern music, going to school, traveling, speaking foreign languages, does not prefer "long hair" music.

MARLEEN KESSELS

The announcement came Monday when high school principal Charles Tyer received her picture, a letter, and application from the American Field Service.

Marleen should arrive in New York via the ship "Seven Seas" by August 15, could possibly arrive in Floydada by the 18th.

The 17-year-old Holland lass is 5'4" tall and weighs 114 pounds is blond haired and of fair complexion. She has three brothers

GOP Convention Delegate Former Floyd County Man

A former Floyd County man, Dennis Taylor, who also ran against George Mahon two years ago for the U. S. Representative post on the Republican ticket, was named a delegate to the National GOP convention July 13. Taylor was reared in the Lakewood community southeast of Floydada.

Mr. and Mrs. David Battey, Jr. John Farris, and Billy Don Colston were the county delegates to the state convention held June 14, 15, and 16 in the Memorial Auditorium in Dallas.

At the Dallas confab the state delegates cast their votes 100 per cent for Barry Goldwater of Arizona for the Republican Nominee for President of the U. S.

According to Mrs. David Battey, almost all the resolutions passed at the county convention held recently in Floydada were added to the state platform. Included in the county nine points were:

The Civil Rights of all Americans must be maintained and strengthened, regardless of race, creed or color but the rights of the majority must not be sacrificed to appease the demands of the minorities.

Eliminate all foreign aid to Communist countries. Urging more conservatism in the dispensing of foreign aid, and giving aid to only those countries displaying a willingness to help themselves.

The delegates named from the 19th Congressional District were:

Government Offices To Close Friday

The offices in the court house and the agriculture building will be closed Friday (tomorrow) in recognition of Independence Day which is July 4. The offices are normally closed Saturday.

Most of the other places of business downtown will be closed Saturday, July 4. Persons having business downtown are advised to arrange their business accordingly.

Powell And Harris To Open Meat Processing Plant Here

Parnell Powell and Johnny Harris officially announced this week their intentions to open a meat processing plant in east Floydada about the middle of August.

The new business will be located about a block east of the United Transport offices, facing south. Three boxcars for locker area have already been moved to the location. The men are partners in the venture.

Harris will manage the business. At present he is market manager at the Powell Super Market.

The new business will offer the customer complete slaughtering and processing of all types of meat.

In order to determine what the new business shall be named Powell and Harris are staging a

big contest and the person who submits the name that the judges feel is most appropriate for the business will receive a \$25.00 savings bond.

Correction

In last week's Hesperian it was incorrectly stated that Lockney coach Bobby Davis preferred the services of the People's Hospital in Floydada when he was injured in an auto wreck earlier in June.

In order to set the record straight, Davis said that there was no preference on his part because he was unconscious.

He also said that he has no thing but appreciation to his family doctor, Dr. William J. Mangold who visited him while here in the hospital and to Dr. Bayouth who attended him.

High Explosives School In Session At VFW Post

A course on high explosives, how they are loaded and with what, and how to disarm them as safely as possible is now in session at the VFW Post in Floydada. The VFW is furnishing use of the building free of charge.

Two army instructors from Oklahoma City, whose names were not available at press time, are conducting the course which is open to the public.

All members of the Fire Department, Police Department, Sheriff's Office, the Mayor, and all the councilmen that are available have agreed to attend the meeting which could affect anyone at any time.

On display will be a number of

old bombs and shells used during World Wars I and II and some of the newer more dangerous weapons and shells.

Also included in the course will be how to disarm a jet plane that may have crashed. Before groups of people gather around the plane, someone needs to unload it. This can be a very dangerous and tedious job. There are ways to disarm explosives safely and there are ways that a person can get their heads blown off when they don't know how to handle explosives.

Free refreshments will be served at the school that was conducted from 6-10 p.m. last night and will be held from 6-10 p.m. tonight.

Tops '63 Crop Yield By 341,000 Bushels

With wheat harvest complete about a week ago most of the elevators around the county were able to give the Hesperian and the Lockney Beacon a pretty good idea about the number of bushels harvested in the county this year.

On about 100,000 acres of wheat, the total bushels harvested and received by elevators was 2,096,909. This is a little above the total number of bushels harvested last year when 1,756,085 bushels were cut, and represents \$3 million income to Floyd County farmers.

Actually there were about 116,000 acres of wheat planted in the county, but when the new wheat program was enacted late last spring about 13,000 to 14,000 acres of wheat were plowed up. Also several acres of dryland wheat was plowed under.

Number Of Vehicles Up

According to T. T. Hamilton, Floyd County Tax Assessor-Collector more vehicles have been registered through June 30 of this year than through the same period of 1963.

June 30, 1963, the tax office had registered 7,831 new vehicles as compared with 7,901 at the same time this year.

Also the Floyd County Water Board reports that more irrigations wells have been asked for at this time than there were last year.

June 30, 1963, deposits for the drilling of 140 irrigation wells had been issued. Through Monday afternoon 142 permits had been issued and deposits paid on such applications.

This is just one example showing that in spite of the lowering water table which directly affects the economy of this county the farmers are attempting to keep the same amount of water flowing by getting more wells.

The number of vehicles can indicate that either the county is prospering as it has in the past or that more people are arriving in the county and registering their vehicles here, which too, indicates a county of well-being that continues to bring more people to it.

The irrigated wheat in the county turned out above normal, according to the Texas Employment Commission, but the dryland, suffering from lack of winter and spring moisture didn't come up to the usual standard. Yields on dryland acreage ranged from 15-16 bushels all the way down to 2-3.

Some of the grain was cut mainly to keep the volunteer seed from coming up in a row crop that was to be put on the same acreage.

The farmers have mixed feelings about the wheat harvest. Although the irrigated wheat was good, overall average was down.

Also the price, at first glance, looks to be down considerably from what it was last year. The open market price of wheat sold in the county this year ranged from \$1.40 up to \$1.55 per bushel for good wheat. Last year the price was around \$1.80 per bushel.

However, included in the new wheat program was Payment-In-Kind Certificates which allows a person to get an additional 45c

Clean-up Week Termed Enormous Success By Chamber of Commerce

The annual Clean-up, Fix-up, Paint-up Campaign held last week in Floydada was termed "enormous success" by the local chamber of commerce officials after its completion last Saturday afternoon.

Friday and Saturday of last week were the days the volunteers met at the City Hall and then were dispatched to the various places to pick up the trash, brush piles, old stoves, trees, or whatever the person wanted hauled off during the week.

About 25 people helped with the actual clean-up part, mostly people from the flats. Those furnishing trucks for the campaign were commended by clean-up officials. They included two county commissioners, John Fowler of Precinct 1 and Carl Plamlee of Precinct 3, Wayne Bennett, Clem McDonald and the City of Floydada.

In addition to the trucks, the commissioners also furnished personnel to operate the trucks, as did the city.

Actually the pick-up part of the campaign is not over yet, and the city has put on one extra employee to help finish the job, which should be completed this week.

Hereafter, the city will have a truck in the alley's of the town

at least two days a week. This day afternoon, that just about cleared the pile away. However, the next morning another truck was dispatched to the same place and the stack was back just as large as the one the day before.

Workers were from all sections of town, when hand labor was needed, particularly in the Flats. Some of those helping from the Della Plains area were Raythell Chatman, Alexander Wallis, Reginald Bonner, Robert Porter, Roy Lee Porter, Eling Jones, Franklin Fields, Randy Chatman, Floyd Farrell, Leon Campbell, Albert J. Harris, Robert Contee, L. V. Jones, and Terry Watson.

A special word of appreciation is due Dr. Tom Theoford who is chairman of the Chamber of Commerce Health and Safety Committee; Wayne Bennett who was chairman of the Clean-Up Campaign and the heads of all the other committees that helped organize and execute such a successful clean-up campaign.

Wayne Bennett and Don Cheek were responsible for finding enough trucks, Bill Feuerbacher was in charge of dispatching, and Ronnie Ogle and Jedd Blessing were in charge of publicity.

Between 75-100 loads were hauled to the dump grounds during the clean-up days.

The event was sponsored this year by the Floydada Rodeo Association and the Floydada Band Boosters Club.

Winners in the event that closed Saturday night were: Bareback—Ed Harlan, Texoma, Okla., first; Jimmy Jones, Lubbock, second.

Call roping—Bob Miller, Lubbock, first.

Participation Good In Rodeo

According to one of the Rodeo Officials, the Rodeo held in Floydada last weekend was very successful with good participation on the part of the performers but a little light on the spectator side a couple of nights. However, Friday night both sides of the Rodeo stands were full.

The event was sponsored this year by the Floydada Rodeo Association and the Floydada Band Boosters Club.

Winners in the event that closed Saturday night were:

Former Lockney Family Loses Sons In Wreck

Double tragedy has struck twice in the L. G. Solomon family in six years.

Two sons were killed in a two-vehicle collision Wednesday night of last week three miles from the Solomon home in Sunnyray.

The family formerly resided in Lockney.

Survivors are the wife, Mrs. E. A. Swidenborg, 3302 30th St., and two step-daughters.

The men installed one of the Jeticomic water heaters at the Palace Theatre and invited those interested to come by and check the new apparatus.

Services for W. Ray Johnson, 67, of Lubbock, were held Monday in Broadway Church of Christ officiating was Dr. F. W. Mattox.

Reed was named as an Area Director of the Texas Automobile Dealers Association.

Copeland said that a number of times the foursome had entered his station to have a tire repaired and while he was working on it the group would pick up a number of items they could carry out in their pockets.

Copeland said that he didn't want any of their kind of business. One of them started cursing him and Copeland started toward him, at which time the one who did the cursing pulled a .22 caliber revolver on him.

Copeland shouted to his wife to call the Sheriff, at which time the trio fled. "By the way, their car started immediately so they didn't need a battery charged," Copeland said.

The foursome was picked up later in Plainview.

Heart Condition Claims Life Of Susie Anderson

Susie Anderson, 57 year old negro woman and a resident of Floydada for a number of years, died Friday in Peoples Hospital of a heart condition.

Mrs. Anderson had been employed in numerous homes here doing domestic work.

Funeral services are planned for Friday in the Negro Baptist Church at 2:30. The pastor, Rev. L. W. Campbell will officiate.

Burial will be in Floydada cemetery under the arrangement of Moore Funeral Home.

Survivors include his wife; two sons, James and Pinkney Chatman of Floydada; one daughter, Mattie Bell Chatman, Floydada and one brother, Wade of Floydada.

Services were held Tuesday in Flomot Baptist Church for 1-month-old Teresa Gail Martin, daughter of Mr. and Mrs. Joe

Winners Named In Bowling Tourney Here

The winners were named recently in the Floydada Bowling Tournament held last weekend in the Floyd County Lanes.

Tulia walked off with the honors winning both the team championship and the singles, and Olton was the winner of the doubles.

The all events Scratch went to Jerry White of Plainview with a score totaling 1619.

The team champions were the Traveling Five from Tulia with a score of 2953.

Mike Hought, also of Tulia, won the singles with 692.

The doubles championship won by Mitchell and Stamps of Olton by racking up 12771 points.

Euel and Mary Daniel, managers of Floyd County Lanes, wish to express their appreciation to the following firms for making the tournament possible:

Light-House Electric, Southwestern Public Service, Hale's Department Store, Barwise, Floydada Water, light and Power, Leonard's Cafe, Fieldan Motel, Betty's House of Styles, Al Green at Palace Barber Shop, J. W. Gilbreath Service, City Auto, Oden Chevrolet and Floyd County Lanes.

Reed Appointed Area Directors Auto Dealers

Ray Reed of Reed Ford Sales has been honored with appointment as an Area Director of the Texas Automobile Dealers Association.

His appointment was announced by Cecil H. Elder of Midland. Elder is president of TADA, a statewide organization with a membership of more than 1,400 franchised new car and truck dealers.

As an Area Director, he will advise with the TADA Officers and Board of Directors on legislation, highway safety, and research designed for the benefit and protection of the motor vehicle buyers of Texas.

"These are important areas of our activity as an association," Elder pointed out. "We are fortunate to have men of this caliber working in our organization to strengthen laws affecting Texas motorists, and to help us provide maximum service and security for the motoring public."

Reed will serve as an Area Director of TADA until the Association's 1965 convention next May.

Local Boy In West Texas Baseball Camp

Steve Hendrix of Floydada is currently enrolled in the second session of the West Texas Baseball Camp at Lubbock Christian College under the direction of Monterey High School's Bobby Moegle.

"We're quite pleased with the second session turnout," he explained. We had 46 for the first session and have approximately 41 for this one."

All phases of baseball instruction are being covered in the two-day workouts. Players are divided by position for the morning work and then work by age groups in the afternoon.

Assisting Moegle with the baseball instruction are Kal Segrist, former New York Yankee, Earl Parker, head baseball coach at Lubbock High; Bill Dean, local Coll League coach for nine seasons; and Doug Gibbins, freshman baseball coach at Texas Tech.

Over-all camp director is Dr. Herman Segrest, who supervises recreational activities in the huge LCC Fieldhouse. Inside the fieldhouse boys may participate in ping pong, badminton, tennis, volleyball, basketball, track and trampoline work.

A tournament by age groups is conducted in each of these sports with the winners being awarded trophies.

had any cloud bursts this year, because there just isn't any water in the lakes.

Ordinarily, one of the interesting sights from the air is the huge patchwork of lakes that dot the square section lines and neat farming.

Well . . . here's hoping that these lakes will soon be full . . . the moisture is certainly needed and many an area farmer has a lake pump standing idle.

FRANK HILL, publisher of the Lynn County news takes a crack at television coverage of the news and went to the trouble to do a little "clocking" last week.

"One night recently, just for fun, we clocked a 30 minute so-called news period on a Lubbock TV station which claims to give "all the news—in motion." We found the station spent 11 minutes and 35 seconds with commercials and announcements, 8 minutes and 25 seconds on news.

"All the news" consisted of nine events, about which the Avon-lanche-Journal told just about as much in nine headlines. In the weather news, the announcer told about the weather in Maine and Oregon, a shower in Wichita Falls a wind storm in Midland, the high and low temperatures. Closer to home, he told about a sprinkle at Lubbock, a shower at Crosbyton,

and another at Slaton, and nary a word about a storm which crossed Lynn county destroying many crops."

THE FLOYDADA BAND boosters and Rodeo Association sponsored a very outstanding rodeo again this year. We enjoyed every minute of Friday night's events and believe that the persons who did not attend the rodeo missed a lot of excitement.

These two organizations will need your support next year with your attendance . . . and if they are to continue to bring this type rodeo to Floydada, everyone will have to work harder to get out a "full house" every night.

We can very well remember when we struggled along with a rodeo at Plainview back in the early 50's . . . that lost money every year. Now the Bar None Rodeo is a big money maker and the stands are full each night.

FLOYD DATA

Mrs. Leroy Burns and daughters and Mrs. V. D. Turner are visiting this week in Oklahoma City with relatives. They will be accompanied home by Mrs. John Burns who has been in Oklahoma visiting the past several weeks.

"We Welcome You Sigurd"
"Welcome back to your Floydada home, Sigurd."
This word of welcome is being extended to Sigurd Waage, the Foreign Exchange Student of Floydada during the 1962-63 school year, during the citizens of Floydada, particularly from those who knew him so well, and those who helped finance his visit here.

During the school term, Sigurd, stayed with the Charles Lutrick family. He was so much a part of the family that the Lutricks earlier in the year considered going to New York to see him when he came to visit members of his family in Long Island, N. Y.

The Lutrick family later decided they could bring him home to Floydada easier than going to see him.

There was one problem. When the American Field Service selects a student for the Foreign Exchange Program, the student must sign a statement saying he will not attempt to return to the U. S. for a period of two years after he returns home. The Lutricks thought they would try, for all the AFS could say would be no, if they refused to let him come back.

"This concerns only those intending to take up permanent residence in the U. S.," Sigurd said. When asked his plans for the next few years Sigurd said, "I definitely am going to a university . . . in Sweden, Norway, Germany, Switzerland, or somewhere else. I know I'm going, I just don't know where."

He arrived in Floydada last week and plans to be here until the last of July, during which time the students he knew here plan to have a number of get-togethers in his honor.

When the Lutricks knew Sigurd was coming, they mentioned it to a number of their friends. When finances were mentioned a number of people who knew him before wanted to chip in and help pay his way.

Though he will be here only a month, the people of Floydada say, "Welcome back to your Floydada home . . . we hope you enjoy your visit."

to scrape and rinse the dishes before loading. If the dishwasher has a minimum cycle — only a wash and two or three rinses — dishes probably should be scraped and rinsed. This extra work can be eliminated, however, if the user stops the machine after the wash and first rinse, adds a second measure of washing compound, and resets the control for the complete cycle.

A single person — or very small family — can use a dishwasher efficiently by accumulating dishes for more than one meal, rinsing and storing them in the dishwasher until they make up a full load. For this purpose, some dishwashers include a "rinse and hold" setting cycle which eliminates the need to hand rinse dishes before loading. The dishes can be rinsed in a machine without a rinse-hold setting, however, by manually setting the control of the regular rinses.

The home equipment specialists list these three "musts":

- Be sure the water is at least 140° F at the source.
- Load the dishwasher in such a way that the cleaning solution can reach the soiled surface of all items in the machine.
- Never use a dishwashing detergent or laundry detergent in a mechanical dishwasher.

The speed of the washing mechanism will create a volume of suds which may cause flooding or even damage to the machine.

The researchers suggest trying several of the special dishwashing compounds to determine the one best suited to local water conditions. Store the washing compound in a tightly closed container. Dishwashing compounds are especially susceptible to moisture and will deteriorate rapidly unless the container is air tight.

Before operating a new automatic dishwasher, each user should read the instruction booklet and follow the directions carefully.

Mr. and Mrs. Norval Bedell, Blake, Blair and Karla Paige, of El Paso, Texas, came last week to visit her parents, Mr. and Mrs. John Buchanan, and other relatives.

Mrs. Henry Scarborough was a co-op visitor one afternoon last week.

THE OTHER ONE — Three-year-old Linda watched her aunt unpack with much excitement, waiting for her present. At last two bean bags were produced — one red and one blue. "Which one would you like, Linda?" asked the visitor. "One is for you and the other is for Skippy."

Without hesitation, Linda replied: "I want Skippy's."

SOMETHING TO THINK ABOUT — "There would be fewer pedestrian fatalities if there were more patient pedestrians."

Starkey Club Members Meet In Hunter Home

Starkey Home Demonstration club met June 18 in the home of Mrs. Turner Hunter. After the meeting was called to order by Mrs. S. L. Holmes, Sr., Mrs. Hunter gave the devotional taken from Mark 1:17. Mrs. Hunter led the song, "What A Friend We Have In Jesus". Twelve members and two visitors answered roll call by giving their birthplace.

Mrs. Cora Lee Shipley was elected as the club's nominee for delegate to the State Meeting to be held in Houston in September. The program on "Money Saving Guide to Beef Buying", was given by Mrs. J. K. Holmes.

Mrs. H. S. Waller gave a demonstration on "How To Select A Pattern". Mrs. Waller also gave a few pointers on how to measure for altering a pattern.

The club's recreation was led by Mrs. O. E. Lowrance which was thoroughly enjoyed by all. Afterwards the group participated in drawing numbers for the grab bag held quarterly. Mrs. Leon Ferguson received the hostess gift.

Refreshments were served by Mrs. Hunter to Meses. Cora Lee Shipley, H. S. Waller, Leon Ferguson, O. L. Lowrance, W. F. Ferguson, George Smith, J. K. Holmes, Tom Porter, I. T. Dycus, S. L. Holmes, Sr., and Mrs. Clinton Denny, also to visitors, Misses Tomi Dycus and Joyce Holmes of Amarillo and Mrs. Aubrey McCormick of Lockney.

The next meeting is on July 2.

Kindergarten Started By Methodists

The First Methodist Church in Floydada are now taking applications for registrations in the Public Kindergarten and will until July 15, according to the pastor, Rev. Charles Latrick.

Age groups are from one and two years from public school. Their aim is to help children, to apply Bible truths in every day life, to practice Christian principles in relationship with others, to prepare the child for activities and relationship in public school.

The Kindergarten starts on September 8 from 8:45 a.m. until 11:15 a.m. Attendance is optional. The cost for five days Monday through Friday is \$20 per month; three days per week, Monday, Wednesday and Friday, \$14 per month and two days a week, Tuesday and Thursday \$10 per month.

Those interested are asked to call YU 3-3707.

Lighthouse Electric Cooperative, Inc. Nancy Morkel, Home Economist Alton Higginbotham, Power Unit Advisor

Wylie Rogers, Line Superintendent Lighthouse Electric Cooperative, Inc., attended the 18th Annual Job Training and Safety Conference, held June 24-28 at the Texas Hotel in Fort Worth, by the Engineering Extension Service Texas A&M University in cooperation with Texas Job Training and Safety Committee and Texas Education Agency. The Conference theme: "PHASING IN FOR PROGRESS". The Objective: "MOTIVATING INDIVIDUAL INITIATIVE FOR SELF-IMPROVEMENT, SAFETY AND LEADERSHIP".

Wylie reports an excellent meeting. Among the outstanding speakers were:

- J. R. Cobb, General Manager, Texas Electric Cooperative, Inc., Austin, Texas;
- H. D. Bearden, Director of Engineering Extension Service, Texas A&M University, College Station, Texas;
- Marv Nelson, Safety Section R.E.A. Washington, D.C.;
- R. A. Yarbrough, Manager, Gate City Electric Cooperative, Childress; and many, many others. A number of the wives attended and were honored with a program and tours.

Mr. and Mrs. Tom Hutchins and Dale spent the week-end in Amarillo with Mr. and Mrs. J. H. Courtney. Mrs. Courtney is Mrs. Hutchins sister.

Automatic dishwashers can save labor and do an excellent job of dishwashing, but whether it lives up to the expectations of the owner depends on the way the machine is used.

Household equipment specialists at USDA's Agricultural Research Service have made several recommendations, based on performance tests, for more efficient automatic dishwashings.

If the machine's cycle provides two separate washes and several rinses, usually there is no need

MISS PATTY MOORE

Miss Moore And Price Pritchett To Wed July 17

Mr. and Mrs. E. M. Moore of Seminole announce the engagement and approaching marriage of their daughter, Patty, to Price Pritchett, son of Mr. and Mrs. E. P. Pritchett of South Plains. Miss Moore is a senior at West Texas State and Mr. Pritchett graduated from West Texas with a degree in business administration.

The couple plan their wedding vows for July 17 in the First Baptist Church at Canyon.

Mrs. Mankins Hostess For Homebuilders

Homebuilders Home Demonstration Club met on the 23rd in the PCA room with Mrs. Albert Mankins as hostess. Mrs. Leslie Fawver, club president, presided and the devotional was brought by Mrs. Mankins. Members answered roll call by giving their birthplace which was enjoyed by all.

The song "What A Friend" was sung after which the minutes of the last meeting were read by Mrs. Floyd Fuqua.

Mrs. Fawver will be Homebuilders nominee to council for THDA election on July 17. There will be three delegates and three alternates elected in the meeting following council.

Mrs. Charles Horton and Mr. John Walker will go to the leader training and upholstery shop on June 26 then bring a demonstration back to club on July 28.

Mrs. Raymond Evans gave a brief program on family life, future facing drop out.

"A Money Saving Guide" title of the program was given by Mrs. Fuqua. It concerned the buying of different cuts of meat.

It was reported that Mrs. C. C. Burns was still ill and is being missed by the club, and Mrs. Shirley Race is in Oklahoma visiting.

Those present were Meses. Albert Mankins, Floyd Fuqua, Raymond Evans, Charles Horton, Elmer Norrell, John Walker, L. L. Sawyer, Earnie Widener, J. T. Hucabee, Leslie Fawver and Mrs. O. G. Mayfield.

California Residents Visiting J. T. McLains

Mrs. Lorene Wallace and daughter, Roxann, and Mrs. Clea Brown and daughter, Jo Dean of Woodland Hills, California are guests in the home of the J. T. McLains. The group arrived last Wednesday and plans to stay through this weekend.

While they are here they will visit with the Hollis McLain family of Sanhill and others. Both Mr. Brown and Mr. Wallace are still working in California.

Double Ring Vows Read For Miss Hammonds, J. Hunton

Miss Lynda Gale Hammonds, daughter of Mr. and Mrs. Herschel Hammonds and James McCanna Hunton, son of Rev. and Mrs. Virgil E. Hunton Sr., were married at 7:30 p.m. Saturday in the chapel of the First Baptist Church.

Rev. Virgil E. Hunton, Sr., father of the bridegroom, officiated at a double ring ceremony.

Given in marriage by her father, the bride wore a formal gown of white organza over taffeta with a scoop neckline and long pointed sleeves. The straight skirt was accented with an overskirt outlined in lace and seed pearls which swept to a full court train. The bride's veil of imported silk illusion cascaded from a queen's crown of pearls. She carried a bouquet of orchids and stephanotis atop a white Bible.

Miss Joan Chambliss of Seattle, Washington, was maid of honor. She wore a ballerina length dress of blue taffeta and carried a bouquet of white and blue carnations.

Donald Brashear of Carlsbad, N. Mex., was best man. Guests were seated by Paul and Dean Newberry, cousins of the bride.

Candies were lighted by Jimmy Sims and Bruce Newberry. Flower girls were Tammy Newberry and Carol Ann Hunton. Danny Newberry, cousin of the bride, carried the rings.

Mrs. Bill Hardin, organist, played traditional wedding music and accompanied Mr. and Mrs. Virgil E. Hunton, Jr., soloists.

A reception in the parlor of the chapel followed the ceremony. Mrs. J. M. Sims, aunt of the bride, registered the guests. Mrs. H. I. Gossage and Mrs. Jimmy Spears, cousins of the bride presided at the reception table.

For travel the bride wore a blue two-piece linen suit with white accessories and added a corsage from the bridal bouquet.

The couple will reside at 816

GRANDDAUGHTER OF EARLY DAY POST MISTRESS VISITS HERE

Mr. and Mrs. Donald Patterson of Spokane, Washington were visitors in Floydada Tuesday looking over the town. Mrs. Patterson is the granddaughter of the late Mrs. James (Emma) Henderson, early day post mistress in Floydada some 70 years ago. Mrs. Patterson said her grandmother also did sewing for Gov. Hoage and his family while making her home here.

Mrs. Patterson was interested in seeing where the old Post Office used to be and other places mentioned in her childhood by her grandmother.

The Washington visitor said she had an old Hepporian dated 70 years ago and promised to send us a picture of it held by her which we plan to use in our anniversary issue in 1965.

this world. It is a pity that I see it only a few months every year." She is appreciative of the opportunity to visit America: "when I will have left school I hope to go to the United States... but I don't believe I'll ever see America. I don't know why, but I still have the idea that someone made a mistake by giving me the chance to receive a scholarship offered by and through the American Field Service."

"America is the country I have been dreaming of since I visited high school," she continues in her letter.

She prefers farm life... and popular music... she says, "living in a farm is wonderful, especially in summer... and then there is still something else: modern light, teenage music. Every day I must hear some 'top hits'."

And it is evident that Marleen has heard of Texas: "If someone would ask me where would you like to be in America?... then my answer would be: in a little town, in a family with four or five children, somewhere where there is sun and somewhere where there are happy people. To live in Texas in a large farm would be fantastic!"

She closes her letter with: "I hope you will understand this dream, dreamt by"... Marleen Kessels.

per bushel on the first half of a producers crop. If they make 90 per cent of his normal yield, and he receives an additional 25c per bushel on the other half. Therefore, wheat selling for \$1.40 cents can possibly bring the farmer as much as \$2.10 per bushel. Also he must plant at least 90 per cent of his allotment to be eligible for the certificates.

The value of the certificates in Floyd County will be around \$1 1/2 million. No certificates have been issued and won't be until all grain crop allotments are checked out in the country. This will make the crop worth about \$4 1/2 million.

Early Morning Wreck Injures School Teacher

A Post school teacher, Jackie Alexander, son of Mr. and Mrs. Ross Alexander, Floydada is resting well in Peoples Hospital where he was taken shortly after 3 o'clock Sunday morning suffering from injuries sustained in a one car turn over a mile southwest of Floydada on Highway 62.

Jackie, who is studying this summer at Tech on his masters degree, was enroute home at the time of the mishap.

He said the car ran off the pavement when he evidently dozed at the wheel. He lost control of the vehicle and it turned over three or four times coming to rest on its wheels. The car which was totaled out, tore down five highway post before coming to a stop, according to reports from the sheriff's office.

On Monday morning about 7:45 a one car wreck was reported a mile south of the Sandhill store.

Deputy Foster Amburn said a 15 year old boy, Edward Suenz Jr., was driving the vehicle. The accelerator became stuck and in the confusion the boy lost control. The car made a circle went into a ditch on one side then crossed the road again and went into the other ditch hitting a three foot high bank.

A passenger in the car, Edna Suenz, 14, was treated at Peoples Hospital and released.

The Spirit of '76 Lives On

Their rallying cry was the stirring ultimatum of Patrick Henry: "Give me liberty or give me death!"... their signal, "the shot heard 'round the world." They were the spirit of 1776, a spirit that has since transcended the times that nurtured it, and the nation that gave it birth. It is a spirit that is timeless and universal, the essence of man's need to be free and the master of his destiny. This spirit of 1776 won independence for the American colonies and forged them into a great Nation it lives on in 1964, in the hearts of all men who love freedom, everywhere.

Poor Lights!

One of my pet peeves always has been rooms that are poorly lighted. I admit I'm not famous for being economical, and perhaps that's the reason why I always sneered at people who go around cutting off lights (like President Johnson) and who use 40 and 50-watt bulbs because they figure burning larger ones will cost too much.
It always irritates me to try to read something in a room which is lighted like a bowery rest-room. If you want to play cards or dominoes, or piano, or practically anything other than parlor snooching (for the younger ones), a good light is preferred.
The way some people light their living rooms, you'd figure they can't stand to look at each other. I have a couple of faintly glimmering fluorescents in my own living room which I constantly threaten to replace with a jar full of fireflies.
So far as the cost angle is concerned, consider this: if you burn

a 75-watt bulb in a ceiling fixture for 6 hours a night, it will cost you about 3¢ of one cent. If you replace this with a 150-watt bulb which is much better, I think, it would cost twice as much for six hours, or about 1.8 cents. This is less than a penny's difference per day, and could even skyrocket to 25 cents a month more for good lighting.
Even if you did this in four rooms, your extra cost would be about a dollar a month. Personally, I'd be more than willing to pay that much extra just to see what's going on, especially if you're playing 74 with someone who is inclined to cheat on the scoreboard, just because you can't tell what they're writing down.
We even have a 150-watt bulb in one of our closets, and I can truthfully say its costs us no more than a 75 or 100-watt bulb would in a month's time. It's burned out.

Such Pride We Got

We all claim we are proud to be Americans.
But we turn around and...
Fail to take an active interest in the running of our government by not even voting.
Fail to take advantage of the freedom of religion by not going to church.
Fail to use our right of free speech by not voicing our opinions on important issues.
Fail to appropriately honor those who have died throughout the years protecting our claim to freedom.
Fail to teach our children that pride in our flag and country is of vital importance.
Fail to abide by God's law of conduct and almost completely ignore the many laws of man.
Fail to maintain a family unit which is so vital to any way of life.
Fail to participate in many of the projects which make our children grow into better men and women.
Fail to fully support our schools so that our future generations can be better educated.
Fail to be tolerant of the other fellow's beliefs, religion, race or color.
Fail to assume the responsibility of leadership in our churches, communities, state and nation.
Fail to honor our ancestors who have made this country the greatest nation it is.
Fail utterly to follow through

on our claim that...
We are PROUD to be Americans.

Rural Poverty Discussed At FHA Meeting In Dallas

The measures proposed by President Johnson to eliminate rural poverty was discussed at a three-day regional meeting of the Farmers Home Administration held in Dallas, June 2-4. L. J. Cappelman, Texas state director for the federal agricultural credit agency announced today.
At the meeting the federal officials will also discuss steps being taken to help young farmers take over the farms of retiring elders, progress made in developing rural community water systems, and the housing assistance given senior citizens in rural areas.
During the past three years under a vastly expanded program the agency has advanced \$2 billion for the strengthening of family farms and rural communities. The \$613 million loaned in the first 10 months of fiscal 1964 was nearly 100 percent greater than the amount loaned during fiscal 1960.
Washington officials attending the meeting were Howard Bertsch, FHA Administrator, and Division Staff Members.

Veterans Ask

Q—I receive a widow's pension. I was not working when I began receiving the pension, but I have now secured employment. Is it necessary to report this to VA, or may I wait until I receive an income questionnaire at the end of the year?
A—You should inform the VA at once so that your continued entitlement may be checked. This could prevent the creation of an overpayment which would later have to be repaid to the VA.
Q—When I move next month, how should I tell the VA so that I will get my pension check at the new address? Should I notify the Treasury in Chicago?
A—No, do not advise the Treasury. Notify the VA Regional Office where your records are located and they will advise the Treasury. Give your Claim Number along with your old and new address. Also, be sure to tell your Post Office of the change.
Q—I have a rather large dividend accumulation on deposit with the Insurance Service. May I withdraw only a part of the total amount?
A—Yes. You may withdraw all or any part of the accumulated dividends.

Floyd Philosopher Claims To Have World-Scoop On Resignation Of Nikita Khrushchev

Editor's note: The Floyd Philosopher on his Johnson grass farm claims to have some inside information this week.

Dear editor:
I never was much for trying to be first with the news. I figure yesterday's newspaper is as full of news as today's if you look for that matter, but since editors seem to go for such things, I have not seen it yet, or last week's am pleased to enable the Hesperian to break the news world-wide that Premier Khrushchev of Russia is going to resign.
I won't know why all the wire services and radio and television commentators missed this, too busy reporting bathing suits I guess, but it's a fact, Mr. Khrushchev is going to resign.
Speaking in Denmark last week, he said: "If Russia's farm problems aren't solved in the next seven or eight years, I will resign."
This makes it definite. No country's farm problem was ever solved in seven or eight years, and as far as I can tell, not in seven or eight centuries either. I've never seen a farm problem that couldn't outlast any man or any country.
No farm problem is ever really solved permanently. Most of the time you just plow around it or move to town and take up bar-baring or open a law office.
However, I will say this for Mr. Khrushchev. You notice he didn't say fifteen of twenty years ago he'd resign from his party if it didn't solve the farm problem in seven or eight years. He waited till he was seventy years old, and in eight more years he'll be 78

and it'll be time to resign anyway.
The trouble with the farm problem is that its main ingredients, land and weather, aren't members of any organized system of government.
If Mr. Khrushchev plans to resign in despair, let him. I intend to stay right here on Johnson grass farm and solve my own problems. I've got it as a man puts his name on his farm as it is to be his. Yours truly, Floyd Philosopher

"Operation Motorcade" Set For July 4 Weekend

While the drivers of Texas are making plans for the 4th of July trips, the Texas Department of Public Safety is getting ready for "Operation Motorcade", a three day vigil of tabulating all traffic deaths in the State. Major Harry Hutchinson, Regional Commander of this area for the D. P. S., reported today the State is approaching the mid-point in the year amid definite indications that traffic deaths will hit an all time high again in 1964.
"If we continue to take lives at the present rate, 1964 will become the most deadly year in Texas history for traffic fatalities," he said. "Motorcides" as this time are over 150 more than at the same time last year, and considering the trend of increased accidents and casualties, we have every reason to expect that traffic deaths will exceed the previous all time high in Texas of 2,729 in 1963.
"Only 271 more deaths in 1964 than in 1963 will make a total of 3,000 lives lost on our streets and highways in one year, an increase for the year of ten per cent over 1963." Deaths in traffic this year have consistently been in excess of fifteen per cent over 1963, an indication that the 3,000 mark will be surpassed.
Hutchinson said that "Operation Motorcade" will be placed in effect from 12:01 AM Friday, July 3rd and continue through 11:59 P.M. Sunday, July 5th, 1964. In order to focus attention upon the city can keep up with the job and provide the service that the citizens deserve.
The job of removing trash was a large and tiring one and the men who served gave their time. Certainly men such as these are an asset to any community.
Hats off to the volunteers whose goal is to provide a more beautiful place to live, work, and play.
Sincerely,
OLEN R. PETTY
City Manager

added dangers of holiday travel when traffic is at a peak and as an integral part of the operation, which calls for maximum enforcement, additional personnel from other uniformed services of the D. P. S. will augment the regular Highway Patrol force. These patrolmen have been instructed to be extra alert for and direct their enforcement efforts towards those violations that are most often caused factors in traffic accidents. In addition every effort will be made to remove drinking drivers from the highway.

Graves At Lockney Need To Be Identified

by Mrs. Max Marble
Identifying unmarked graves in the Lockney Cemetery is the present community-wide project of many interested individuals.
Mrs. L. M. Honea, secretary-treasurer of Lockney Cemetery Association, states that many graves dating to the city's pioneer days, as well as later interments, are devoid of markers. Any identification which may have been placed originally on the graves has been destroyed by time and weather.
In some cases, small temporary head markers remain intact but are so faded to be legible.
"Many of these families have moved away, and the task of determining to whom the plots belong and tracing the families is very difficult," Mrs. Honea explained.
According to records secured by Mrs. Henry Bollman, a number of persons are buried in the cemetery with locations unknown. She states that cooperation is needed from persons having relatives or friends buried there.
Mrs. Bollman is in the process of contacting individuals who have the same last names as those on her list.
Free Monuments
Prior to Memorial Day, a red flag was placed at the head of each unmarked grave, in hope that visitors to the cemetery would recognize one of them and produce proper identification.
Mrs. Bollman advised that free monuments can be secured from the government for any war veteran. She stated that she is available for further information, or Darnell Ayers, Floydada, may be contacted.

Mrs. Honea, herself a pioneer, remembers the days when Lockney's present cemetery consisted of four graves in a corner of what then was a pasture.
Early Burials
"The cemetery has always been a community project," recalled Mrs. Honea. "In the beginning, a Mr. Kojer donated the land. At the time of the donation, nine babies, including Kojer's own infants, had been buried in the corner of the pasture. When a Mr. Roberts was killed, Kojer offered his land as a burial site. So in 1892 the Lockney Cemetery began — even before the town was marked off."

Since these first burials in the corner plot of the Kojer land, cemetery received proper care. Mrs. Kate Collier of Floydada, took an active interest back in the early 1930's. At the same time, Mrs. A. J. Sams and Mrs. R. C. Bennett, now both deceased, marked all graves; but those markers have rotted away.

Association Formed
The late Dr. N. E. Greer was the first to suggest forming an association. In the early 1940's, a small group met in the basement of the Methodist Church and formed the association, with E. Guthrie as secretary.
Dr. J. M. Floyd, now deceased, was among the first presidents. Guthrie started a burial file, but files occurred and the file was burned. All known information was destroyed.

At the association's beginning, the group charged each family \$1 for a burial plot.
Today care and improvement of the cemetery are goals of the (See GRAVES, Page 8)

of that particular sample. Fine fibers permit less air to pass through. Thus, the finer the fibers, the lower the reading. Fineness and maturity affect the spinnability and value of the cotton.

About six weeks ago, USDA announced that Mike readings will be required for all upland cotton that goes under price support loan.

Included in the announcement was a schedule of premiums and discounts, based on Mike readings. If the reading is between 3.7 and 4.8, a premium of 13 points per pound will be allowed when the cotton is placed under the loan. No premium or discount will be allowed if the Mike reading is 4.9 through 5.1, or between 3.3 through 3.6. Also, cotton having a Mike reading of 3.0 to 3.2 will be discounted 50 points, 2.7 to 2.9 150 points, and 2.6 and below 300 points.

Mr. Palmer says all ginners in the Lubbock territory have been provided with a new Question and Answer pamphlet that explains the new Mike reading service.

4-H Offers Scholarships To Agri-Science Students

SPECIAL — College graduates with degrees in the agricultural sciences are being sought by agribusiness. One West coast firm is launching a recruiting program to entice young people into following agri-science careers.

This company also encourages students to major in agronomy, botany, plant pathology, horticulture and related courses by annually offering two scholarships of \$800 each to college sophomores. They cover the areas of crop production and protection.

One of the qualifications for this grant is that the young man or woman must have been a 4-H Club member for at least three years. The scholarship donor is California Chemical Company, Orinda Division of San Francisco.

"Talented young people will be needed in increasing numbers," said Dr. M. H. McVickar, California Chemical's manager of agronomy, "so we may continue to enjoy the prosperity which starts with economic food production."

An East coast manufacturer is equally interested in attracting young people to agricultural careers. Homelite, a Division of Textron Inc., Port Chester, New York offers four scholarships of \$1,600 each to former 4-H'ers who will major or minor in forestry. These scholarships are available to college freshmen.

In pointing up the need for

continuing to develop agricultural sciences, Dr. Daniel G. Aldrich, internationally known agriculturist and educator at the University of California, said:

"If this well fed continent were called on to support its people with the tools of a century ago, we could very well rival India and China in poverty and human suffering."

He pointed out that Americans have the best food available at bargain prices. Russian and Japanese families spend about 50% of income on food compared to an average of about 25% in the United States.

Population in this country is expected to double by the year 2,000. Education, science and industry will have to surpass its present efficiency to feed, clothe and house the 400 million men, women and children, say the scientists. It is predicted that the size of our agricultural land will shrink to about 1.5 acres per capita.

The national 4-H scholarship program is administered by the Cooperative Extension Service and the National 4-H Service Committee. More information can be obtained from the State 4-H Club office or from the county extension office.

Sterley Paston To Teach In Floydada JHS

Rev. Melvin R. Mathis has assumed duties as pastor of the Methodist Church at Sterley. He is to have charge of services each Sunday morning at 10:30, following Sunday School, which begins at 8:30.

Mathis is 43, having been reared in the Crews community east of Winters in Runnels County, graduating from high school in 1938. He received a B.S. degree from McMurry College in 1946 and a M. Ed. from Hardin-Simmons University in 1950. He also attended the Perkins School of Theology at SMU in Dallas in the summer of 1944.

He holds lifetime certificates in administration, secondary and elementary fields and will teach a fifth grade in Floydada schools this year. His major academic fields have been history, English and education.

He has a total experience in the field of education of eight years: five as a principal. His pastoral work to date totals 15 years, 13 of which have been spent as a member of the North-west Texas Annual Conference.

His major interest outside the pastorate has been in journalism, having served five years as a district reporter for The Texas Methodist as well as being for two years a regional correspondent for the Amarillo Globe-News. About a dozen of his book reviews have been published, both in the secular and religious press; the last being in May of this year, when Christian Advocate, a national publication for Methodist pastors and lay leaders, used his review of five books in the field of prayer, liturgy and the church year. While in college he was editor of the War Whoop, student newspaper, and the Galleon, literary magazine.

Hobbies include bike riding, collection of short stories and essay, "just keeping up with people."

On May 31, 1944, he married Eunice Robinson in Wellington, Tex. They have three daughters: Jean Marie, a McMurry sophomore; Brenda Kay, seventh grader; and Mary Shirlene, a third grader.

Mrs. Mathis and the daughters joined the Floydada Methodist Church recently.

The Mathises are living at 415 W. Virginia St., Floydada.

When I watch the stone mason at his trade . . . then I'm sure I can shape a stone. *If . . . I had the right tools! If . . . I could apply just the right driving force!*

But my stone always splinters, shatters.

It should be easier to shape the future. Tomorrow seems so formless, so pliable.

Yet there are so many tools. Which to use? So many kinds of force, of power. Which will shape, not destroy, my hopes?

I am realizing fast that the vital tools must be *spiritual*. My Church is training me to understand, to use them.

And centuries of Christian heritage convince me that the driving force ought to be spiritual. A Power that flows from God . . . is grasped by faith . . . and in the reverent hands of dedicated men will shape—rather than shatter—tomorrow.

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

HOW I QUIT SMOKING

I've been a heavy smoker now for the past three years. Smoked so much everyone near me noticed it. Almost to the point of being a "junkie." Then I met a cute little hardtop who told me about this place where she received special treatment. She suggested I do the same thing. Well, I did, and I never felt better. Since my ring job and valve job at HASLEY MOORE. I've quit smoking and perform so well, my own boss is going to keep me. Call Alvis if you can't kick the habit.

CENTER NEWS by Mrs. J. E. Green

Cotton Weather Felt By County

CENTER, June 29 — Nights are still cool — 61 degrees early today. But afternoons are feeling like summer.

We enjoyed the usual warm fellowship in Sunday School Sunday, and the refreshing sermons by our pastor, Bro. Threshgill.

People are taking vacations now (Some half a dozen families of our congregation were cut) before the days get too hot. Thus reducing the number of blowouts, etc. on the hot pavements later.

Sunday dinner guests at the Leo Frizzel home were Mrs. W. M. Jackson, city, and Mr. and Mrs. Fred Cone of Wichita Falls. The A. E. Frizzells came in the afternoon. Mr. and Mrs. Cone left this Monday morning for their summer home at Red River, N. Mex.

Mrs. Danny Harris of Corpus Christi came to visit the O. C. Vinsons for the weekend of June 19 to 21st. Then went on to Boger to visit more relatives.

Sunday the Vinson's daughter and husband from Harlingen came by, and accompanied by the Vinsons, went on to Denver, Colorado to visit the daughter and granddaughter and family, the Tom Hansons. All enjoyed the visit and the sight-seeing. Estes

family of Roswell, N. M., a telephone visited Mrs. Frank Dunn last week. Genetta, one of the girls remained for a longer visit.

Mr. and Mrs. G. R. Nixon and four children from San Diego, California, who have been here visiting her brother and family, the James Lovells and her parents, Mr. and Mrs. W. A. Lovell have moved on to Sweetwater, Texas to make their home.

Visiting in the home of Mr. and Mrs. Fred Battey Saturday evening were Mrs. Charley Battey, Mrs. Ola Warren and the J. E. Greens.

Sunday dinner guests of the Greens were Mr. and Mrs. R. C. Ross and Mrs. H. B. Mankins.
